ARMAMENT LIMITATION CONFERENCE

Mr. Lloyd George Is To Meet de Valera On Thursday Next

Date of Conference in London Is Announced; Details Being Arranged; Truce in Ireland Went Into Effect At Noon To-day, Says Dublin Dispatch.

Dublin, July 11.—(Associated Press)—The truce in Ireland agreed upon by Government officials and "republican" leaders pending negotiations went into effect at noon to-day.

In Dublin the complete disappearance from the streets of the military police lorries and armored cars marked the official beginning of the truce.

London, July 11.—Eamonn de Valera will come to London on Thursday of this week for his conference with Premier Lloyd George to discuss the basis of a settlement of the Irish problem.

Official announcement to this effect was issued this afternoon. Mr. Lloyd George, who spent the week-end at Chequers Court with the Prime Ministers of the Dominions, returned to London this morning to arrange final details for his meeting with de Valera, which may mark an epoch in the relations of Ireland and Great Britain.

The truce between the Crown forces and the "Irish Republican Army" became effective at noon, but there were apprehensions that extremists on both sides of the bitter controversy in Ireland would be hard to control.

Yesterday's rioting in Belfast, during which at least sixteen persons were killed and nearly 100 injured, aroused grave fears over incidents which might happen to-morrow, the anniversary of the Battle of the Boyne.

Abandoned. It appeared that conversations between de Valera and Premier Lloyd George would revolve around the granting of Dominion status to Ireland upon conditions that the Sinn Fein demand for the establishment of an Irish republic would be abandoned.

Other serious questions are to be debated, however, one being the boycott of Ulster by Southern Ireland. (Concluded on page 4.)

CHINESE WANT AMERICAN TRADE

Cheap Labor of Orient Will Be Increasing Economic Factor

"The future of China lies in its labor situation," said James A. Thomas, Vice-President of the Chinese American Bank of Commerce, at Peking, who arrived last evening on the Empress of Russia.

Mr. Thomas has had many years experience in the financial world in the Orient, and he pointed out to "The Times" that the Chinese do not experience the same relation between political unrest and commercial depression as is the case with western nations.

While the political uncertainty remained, he pointed out, the Chinese are ready to do business as largely as ever with America, and the main problem which has kept back development during the last few months has been the northern famine. However Mr. Thomas explained that the prospects for the "Fall crops are good, and by late Autumn the situation should be well in hand."

Regarding his remark referring to the Chinese labor situation, he pointed out that western nations did not appreciate how hard a worker the Chinaman was, that he was only too ready to be employed and did not know the limits of hours. Under these circumstances the opportunities for development were such that western countries would need to look to their laurels.

Mr. Thomas, whose bank was largely created for the purpose of financing trade with the Chinese, says there is ample scope for Canadian business to progress, and although the number of Canadians resident in Peking is small, there are a number of commodities which could be exchanged to advantage. China for instance having a heavy demand for paper and pulp.

Population of Larger Cities to Be Known Soon

Ottawa, July 11.—(Canadian Press)—In about another six weeks officials of the Census and Statistics Branches expect to be able to begin announcing the population of the larger cities of Canada. Returns from several of the larger centres are coming in well and while it will be about Fall before it is possible to make any announcement as to the total population of Canada, or by provinces, the Census Branch here is well satisfied with progress thus far.

One of the features of the census will be the comparative growth of Quebec's population with that of Ontario. This will be watched with particular interest, in view of the nearness of the general election following redistribution. Under the British North American Act, Quebec with 65 members is the

LEIPZIG MISSION RETURNS TO PARIS

Paris, July 11.—The French mission which was in Leipzig attending the trials there of German officers charged with acts of violation of the rules of civilized warfare has returned to Paris.

It was announced by the French Government a few days ago that it had informed its allies of the withdrawal of the Leipzig mission. A dispatch said General von Schack and General von Kruska had been acquitted Saturday by the German supreme court which has been trying persons accused by the Allies of war crimes. They were charged with having caused either deliberately or through negligence an epidemic of typhus among war prisoners in the camp at Miederwehren, near Cassel. Three thousand French prisoners are said to have died from the disease or from the effects of ill-treatment.

NEW AUSTRALIAN TARIFF SCHEDULE

London, July 11.—(Canadian Associated Press)—The general effect of the new Australian tariff which will be considered by the Commonwealth Senate next week, will be to increase substantially the customs duties on all goods which can be manufactured in Australia, but to give a distinct preference for products from Great Britain, according to cable reports received here.

MEWBURN WILL STAY IN CANADA

Hamilton, Ont., July 11.—"Somebody must have got a hot wave. I don't know anything about it," said Major-General S. C. Mewburn in reply to a question as to whether he would be replaced by Sir George Perley as High Commissioner for Canada in London.

Seventeen leading writers of insurance are included in the party, which is accompanied by George H. Hunt, Superintendent of Agencies, and J. G. Parker, Actuary, these representing the Toronto head office of the company.

The party left Toronto on July 4 by the Canadian Pacific Railway in a special car, the delegates from points further east first meeting at Toronto and the other members of the party being picked up as the car came west.

E. J. L'Esperance, of Montreal, president of the club, was unable to make the journey, but the other members of the party are J. A. McKenzie, St. John, Newfoundland; J. G. Fitzpatrick, I. N. L'Esperance and J. C. Coy, of Montreal; W. G. Wood, W. A. Pearce and C. Platt, of Toronto; Israel Taylor, F. C. Morrow and George A. Nichol, of London, Ont.; W. H. Seymour, of Hamilton; P. O'Gorman, of Sudbury; J. E. Ryan, of Port Arthur; William Ardern and W. A. Fleming, of Calgary; F. E. Tilly, of Penticton, and Stanley Henderson, of Vancouver. H. Superintendent of Agencies George H. Hunt and Actuary J. G. Parker represent the head office of the company.

There will be no business sessions during the stay of the party, the whole intention of the tour being to provide the insurance men with a well-earned holiday and at the same time familiarize them with present conditions.

BOARD SPLIT ON SCHOOL TROUBLE

Some Trustees Want High School Reform; Others Oppose Dismissals

With a strong following among the Trustees determined to carry through drastic reforms at the High School, another group equally determined that no teacher or student shall be dismissed, the City School Board will meet to-night to decide what action it will take on the report of D. L. MacLennan and A. Ferguson, special investigators who have just completed an investigation of conditions at the High School.

The Trustees who favor a drastic policy of reform will be faced with peculiar difficulties when they meet to-night. It is difficult for trustees to order dismissals at the school for several reasons. In the first place, the School Act stands in their way. Unless found guilty of gross misconduct no teacher can be dismissed until the end of the Fall term, the Trustees understand. Most important is the fact that the special investigators have specifically recommended in their report that no dismissals be made at present.

This recommendation by the investigators in fact has put the Trustees in a serious dilemma. If the investigators had confined themselves to describing conditions at the school, the Trustees might have had a remedy. The duty of the Board, these Trustees claim, would be quite plain. To make dismissals now, however, would mean disregarding the recommendation of the investigators.

Oppose Dismissals. In spite of this fact there are members of the Board who are determined on radical action. Whether they form a majority remains to be seen. Last Friday's abortive Board meeting showed plainly, however, that at least two Trustees are flatly opposed to any drastic decision. They claim that the report of the investigators shows that no such action is needed. As Trustees are already declared Friday, nobody will be "hurt" as a result of the present trouble.

The failure of Friday's meeting to get anywhere in the High School question has only served to make the Trustees who want the school reformed more determined than ever. They were prevented by a persistent minority of the Board from getting further information on the question from the special investigators and now they plan to go ahead on the information already secured—no matter who is hurt, as Trustees J. L. Beckwith put it at the Friday meeting.

Meeting Public. To-night's meeting of the Board will be public, it was stated at the School Board offices to-day. When the school report was first received the Board was privately to consider it and then convened in public session merely to pass upon the decision reached behind closed doors. The exact state of affairs in this regard, however, will not be known for some months.

unit of representation, and since the population of Quebec has increased probably more in the last ten years than has that of Ontario, the final counting up may result in Ontario having fewer members in the next parliament than in the present. The exact state of affairs in this regard, however, will not be known for some months.

Empire Supports New Plan for World Peace

HOPE EXPRESSED BY MR. MEIGHEN

Regards Disarmament Conference With Confidence Says Pacific Agreement Can Be Arranged

London, July 11.—(Canadian Press)—Premier Meighen, who spent the week-end at Chequers Court with Premier Lloyd George, returned to London this morning, plainly pleased with the situation regarding the proposed conference on limitation of armaments.

To the Canadian Press Limited, he expressed the belief that the chance of achieving a great advance toward disarmament and a more permanent world peace was exceedingly bright, and he believed that in respect to the Pacific, an agreement could be made which would obviate the necessity of any special alliance with Japan.

End of Treaty. Notice of the termination of the treaty has not yet been given but there is reason for believing that such a step is nearer than most people here suppose.

BRITISH VIEW IS ACCEPTED BY JAPAN

Statement in Tokio Concerning British Pact

Tokyo, July 11.—(Associated Press)—After a special meeting of the Privy Council to-day under the chairmanship of Premier Hara, the semi-official agency of the Imperial household issued a statement saying that Premier Hara and Foreign Minister Uchida had revealed to the Council the proceedings of the negotiations concerning the Anglo-Japanese Alliance. The Privy Council, the statement said, agreed to accept the proposal of the British Minister Uchida, had revealed to the Council the proceedings of the negotiations concerning the Anglo-Japanese Alliance. The Privy Council, the statement said, agreed to accept the proposal of the British Minister Uchida, had revealed to the Council the proceedings of the negotiations concerning the Anglo-Japanese Alliance.

There has been no public knowledge of any specific proposal made by Great Britain to Japan regarding the renewal of the alliance. The most official disclosure on the subject was embodied in the opinion of Lord Birkenhead, the Lord High Chancellor, that the alliance would continue automatically for another year.

To Council. The result of to-day's meeting will be submitted to the Diplomatic Advisory Council to-morrow, after which an official statement explaining the situation is expected to be made public.

FIRE DESTROYS CARIBOO TOWN

Buildings of Williams Lake Consumed by Flames

Ashcroft, B. C., July 11.—Williams Lake, a divisional point on the P. G. E., in the Cariboo district, is burning down. The fire broke out at 7.30 p. m. Sunday night in the upstairs part of Fraser McKenzie's store and spread rapidly. The fire is still raging, and the damage is estimated at \$100,000.

Buildings completely destroyed are Fraser McKenzie's store, Elliott's butcher shop, the Chinese hotel, Spencer's dance hall, the telegraph office and the postoffice.

Williams Lake celebrated its thirtieth anniversary and race meet on July 1, and is one of the most thriving towns in the Cariboo. It has rapidly progressed from a small settlement to a prosperous town, as a result of the coming of the P. G. E. The fire is believed to have been started by an overheated oil stove.

Torrential Rains Do Great Damage in Ontario

Toronto, July 11.—Damage running into tens of thousands of dollars was done Sunday in various sections of Ontario by torrential rains, which, in some cases, resembled cloudbursts.

Middlesex County, in Western Ontario, probably fared the worst, the downpours in that district flattening whole fields of growing grain and last night they were wide wastes of water. Barns and farm houses stand out like islands on the waters, which, at some of the lower points, reach a depth of eight feet.

Bad washouts were experienced by all the railways in the territory affected. As soon as the storm abated, maintenance men hurried out and many armies of track men started to repair the damage.

London. London, Ont., July 11.—Not since the big flood of July 11, 1882, and fourteen persons were drowned and

hundreds of thousands of dollars' worth of property destroyed, has London sustained such damage as during a storm which raged from 2 o'clock Sunday morning until nearly 2 o'clock Sunday afternoon. In that time 2.15 inches of rain fell, lightning was most incessant and terrific damage running into thousands of dollars was caused by

Harding Suggests Washington As Scene of Great Conference

President Harding's invitation to the British Empire, France, Italy and Japan to take part in a conference in Washington on limitation of armaments and the problems of the Pacific was officially announced in both Washington and London last night. In Washington the following statement was given out by the Department of State:

"The President, in view of the far-reaching importance of the question of limitation of armaments, has approached, with informal but definite inquiries, the group of powers heretofore known as the Principal Allied and Associated Powers, Great Britain, France, Italy and Japan—to ascertain whether it would be agreeable to them to take part in a conference on this subject to be held in Washington at a time to be mutually agreed upon. If the proposal is found to be acceptable, formal invitations for such a conference will be issued."

"It is manifest that the question of limitation of armaments has a close relation to Pacific and Far Eastern problems and the President has suggested that the powers especially interested in these problems should undertake, in connection with this (Concluded on page 4.)

PRESIDENT HARDING

First Disarmament Move Made by Canada

London, July 11.—(By Grattan O'Leary, Staff Correspondent of the Canadian Press)—President Harding's invitation for a conference of the principal Allied and Associated Powers on disarmament and Pacific problems was accepted here as a decisive triumph for the conference of Prime Ministers. Put forward by Canada in a communication to the British Government as early as last February and advocated at the Empire congress by Premier Meighen, the result ought to be particularly gratifying to Canada indeed, and it is admitted here that without the great impetus given by the Dominion Prime Ministers, President Harding would not have been in a position to risk such a declaration as he has made.

URGES CAUTIOUS PREPARATION

London Times Deals With Disarmament Conference

London, July 11.—In an editorial this morning on the disarmament question, the London Times says: "There can be no doubt that President Harding's conference proposal will be gladly and promptly accepted by the British Government with the full concurrence of the Dominions in the same spirit in which it has been made."

But paper urges caution in the preparation of the agenda for the conference, and, in the preliminary negotiations, of agreed solutions to every principal point on the agenda, declaring:

"Only when such solutions have been found, should a conference be formally convened, as otherwise it may fail, and its failure might well be a disaster. Not even the prudence and careful respect for legitimate susceptibilities, given an entire subordination of personalities and personal ambitions to the great object in view, it may, and should succeed to the great benefit of humanity at large."

U.S. Representative In Paris Talks of Disarmament Plan

Paris, July 11.—Sheldon Whitehouse, Counselor of the United States Embassy, called at the French Foreign Office just before noon to-day and talked with M. de Peretti de Rocca, Director of Political Affairs, on the possibility of holding a conference on disarmament.

Mr. Whitehouse delivered no document in this connection, merely engaging in a tentative conversation on the subject.

Europe Discussing New Plan for Future Peace

London, July 11.—President Harding's proposal for a conference in Washington on limitation of armaments was the one topic of conversation in diplomatic quarters here to-day. Expressions of satisfaction were general.

Some of the Dominion Prime Ministers called at Premier Lloyd George's official residence this morning and later the Empire conference met and considered President Harding's message. This morning the subject is understood to have been discussed by the British Cabinet.

Big Step Forward In Move to Bring About Disarmament

Lloyd George Declares President Harding's Invitation to Hold Conference in Washington Finds the Empire Ready to Share In Discussion.

London, July 11.—(Associated Press)—President Harding's message looking to the calling of an international conference on limitation of armaments has been received with the utmost pleasure by the British Government, Premier Lloyd George declared in the House of Commons to-day. Speaking on the subject of the American communication, the Prime Minister said:

"I need not say that we welcome with the utmost pleasure President Harding's wise and courteous initiative. The House cheered this statement, and the Prime Minister added:

"In saying that I speak for the Empire as a whole." The Prime Minister said China would be treated as an independent nation in the conference on Pacific affairs.

"The world has been looking to the United States for such a lead." Mr. Lloyd George declared in referring to President Harding's message. "I am confident that the House will esteem it as an act of far-seeing statesmanship and will wholeheartedly wish it success. No effort will be lacking to make it so on the part of the British Empire, which shares to the full the liberal and progressive spirit inspiring it."

HARVEY TALKED WITH LORD CURZON

Discussion Preliminary to Disarmament Invitation

London, July 11.—The preliminary which led up to President Harding's invitation for a conference in Washington on limitation of armaments is understood here to have involved a long conversation between American Ambassador Harvey and Lord Curzon at the Foreign Office last Thursday, at which the whole question was discussed. As a result of this, the Ambassador was able to inform the United States Government, it appears, that the time was ripe for a formal declaration on the part of the United States.

Made Public. President Harding's statement relative to the proposed conference between the great powers was made public in London last night by the United States Embassy.

The announcement from the Embassy was made too late for general comment by the London papers, but the President's statement, together with semi-official announcement which preceded the Embassy's communication, was given great prominence as news of the highest importance.

MOST IMPORTANT OF WORLD EVENTS

London Mail So Describes Disarmament Move

London, July 11.—While most of the morning papers did not have time to write editorials on President Harding's statement, owing to the lateness of the hour it was given out, all of them displayed it conspicuously, several having recast their second editions in order to give it greater prominence, and added a few appreciative words in introductory notes.

The Mail declared President Harding's message surpassed in importance all other current doings, of whatever moment, and described it as "practically an appeal to the human race to have done with wars." (Concluded on page 13.)

Voice of Canada Will Be Heard at Great Conference

London, July 11.—(Canadian Press)—When the conference on the Pacific problem proposed by President Harding is held, Canada in the role of interpreter of United States sentiment to Great Britain and with vital interests in the Pacific, will be an important if not one of the dominant factors in any decision reached.

CHARGE AGAINST TRAIN FIREMAN
El Paso, Texas, July 11.—Charles F. Robinson, a fireman on the Southern Pacific line, was arrested at Marfa, Texas, and lodged in the Precinct County Jail in connection with the death of Engineer William F. Bohman.
The arrest followed an investigation of the reported murder of Engineer Bohman and the explosion of the boiler of the locomotive of a Southern Pacific freight train near Palano, Texas, Friday. The body of the engineer, a bullet hole through the head, was found among the wreckage of the locomotive.
A flagman sent back from the wreck found Robinson lying unconscious four miles east of the scene of the wreck.
The investigation was conducted by officials of the railroad, assisted by Texas Rangers and the local authorities, who declined to make any statement beyond that the arrest of the fireman had been ordered.

MAN AND HOME
MOVED ON SCOW
Unusual Spectacle Seen in Nova Scotia
Parrsboro, N. S., July 9.—When J. Goldstein, of Advocate, decided to move himself and all his worldly possessions to Joggins Mines, a distance of some seventy miles, he took a leaf out of the Arabian Nights and called in the genie in the person of John Canning, of Port Greville. The genie, assisted by a number of Nova Scotians, boosted J. Goldstein and his three-story house of no small dimensions to a lumber-scow and, towed by Captain G. Mills in the Parrsboro tug "Almanac" away they all sailed for Joggins Mines with the gramophone playing "Rule Britannia" and the Goldstein hens promenading up and down the deck. People on passing vessels rubbed their eyes and stared to see the prodigious houseboat, while their nostrils dilated, filled with the savory odor of a real country dinner cooking in the seagoing kitchen. Debarcation took place without mishap and the genie firmly established the house at Joggins Mines, where J. Goldstein and some, if not all of the hens are living.

PRESENT TENDENCIES ARE OPPOSED
Christian Endeavor Workers Hear Leader in New York
New York, July 11.—An appeal to Christian Endeavorers throughout the world to oppose Sabbath desecration, indecent dress, sensuous and promiscuous dancing and suggestive moving pictures was made by Rev. Francis E. Clark, president, at the Sixth World's Christian Endeavor convention here.
In outlining proposed activities for the coming year he said: "I should like to see a league of Endeavorers set themselves against indecent dress, sensuous, promiscuous dancing and sensual and suggestive moving pictures, all of which are destroying the modesty and raising out the souls of millions of young people. Let not Christian Endeavor be tainted by practices that lead to conformity with the world, the flesh and the devil."
"The home is also our sphere of action. We are all children or parents or brothers or sisters. We belong to homes. Why should not the family Christian Endeavor be a vital part of our programme for the years to come? Many of us may establish or help sustain family prayers at least breakfast-table prayers, even in these busy days."
"Decline of Religion.
"The decline of family religion is a terrible menace to the Christianity of the future. The men and women of generations yet unborn will have reason to blame you if you stem the tide of worldliness in the home and establish there an altar to our God."
"We cannot escape our relation to the community and the nation. Christian Endeavor must be patriotic but not partisan. It must take its place against the desecration of the Sabbath and of every high and holy thing. It must stand for temperance and purity. In other words, it must stand everywhere and always for Christian citizenship."
"The speaker suggested as goals for the society for the coming two years four aims—First, a better grading of societies so that wherever possible there will be junior, intermediate and senior societies and alumni councils; second, closer and more vital relations with pastor, church and denomination, with increased emphasis on attendance on church services; by co-operation in denominational and local church plans and by efforts to obtain recruits for Christian services; third, more emphasis upon religion in the home to help make the home an agency of constructive Christian training; and fourth, more emphasis on "personal stewardship" in duties to community and country as well as to God."
"Sixty of the World's Christian Endeavor Union from one society to more than 100,000 in the past forty years and present of more than 10,000,000 distributed the world over was pointed out by the speaker."

SIX KILLED BY AN AEROPLANE
Fifty Injured in Accident in United States
Moundville, W. Va., July 11.—Six persons were killed and approximately fifty injured at Langley Field late yesterday, when a Martin bombing plane crashed into a group of spectators parked on the grounds. An explosion followed, setting fire to the machines. Those killed were all spectators, Lieut. O. R. Melve, pilot, and Lieut. T. H. Dunham, assistant pilot, were rescued.
Sixteen automobiles were burned, and the victims, in most instances, were trapped in the machines.

An account of the early Mic Mac Indians recently written for the "Rainbow Club" of the Halifax Herald by Miss Mary Toney, a modern representative of the tribe, was exactly as follows:
"Indian children some three hundred years ago, those that were same age, were same size and they looked all alike, they were very young when they learned to walk and talk; and healthy there was nothing to keep otherwise like whooping cough, chicken pox measles, they wore best of fur like black fox silver gray which is very expensive today, they were fed with the very best of food like plenty of meat and wild potatoes salmon and fish of all kind was free to Indians they preserved their fish and meat by smoking and their berries by drying them there bread was nuts they drank wild for tea and it was sweetened with wild sugar this is not so today then days the Rainbow told them something about the weather but I am a Rainbow and I am trying to tell the rest of the Rainbows something about the Indians."

PRIZES WON AT BISLEY RANGES
Liverpool Man Took Conan Doyle Statuette
Bisley Camp, England, July 10.—(Canadian Associated Press)—Bisley skies were as brazen as ever on Saturday and the wind dust were troublesome. There were 281 entries in the competition for the Conan Doyle Challenge Statuette, open only to members of rifle clubs affiliated with the National Rifle Association for the year 1921. The match was seven shots each at 200 and 500 yards, and the winner was Sergeant Barratt, Liverpool, who made 34 at 200 and a possible of 35 at 500. Sergeant W. A. Hawkins, of the 48th Highlanders, Toronto, was second with a score of 32 and 35. Drew, of Manchester, was third with 32 and 35.
In the Halford Memorial, 13 shots each at 1,000 and 1,100 yards, Jones, of London, led with 132; McWilliam, Cambridge, 131, and Lord Cotlesse, 131.
In the Birmingham Small Arms Competition, Private Seal, of London; Captain Maxwell, of Suffolk, and Burwell, of Eastbourne, were the leaders. Major Northover, of Winnipeg, was again a winner in the sweepstakes.
The team shooting this year is likely to be affected by the absence, barring Canadians, of selected bodies of overseas competitors.
Few individual Dominion shots have so far reached camp, except one prominent New Zealand marksman and a South African captain, a member of last year's team, who finished fourteenth in the King's Prize competition.
The recent Olympic sports have probably adversely affected attendance from overseas, but this fact is singular seeing that the King's Prize has been carried overseas three times in the last four meetings.

BERMUDIANS STOP WHISKY SMUGGLING
Law Against Secret Shipments to United States
Hamilton, Bermuda, July 10.—The Colonial Parliament has just passed a special law to prevent liquor smuggling, continuing through the United States. Anyone found guilty of putting intoxicants aboard a vessel bound to America will incur a fine of \$25, and the penalty for a second offence will be \$50. Local dealers who are found to be in connivance with the law-breakers will be penalized and may be deprived of their licenses.
This law, which is now in effect, was brought about thanks to the reckless manner of carrying on illicit operations during the past year. Not only were hiding places for a critical in all parts of the ships utilized, but smugglers went so far as to open up buckets of potatoes in the hold and insert whisky bottles.
Discovery of this practice led to an outcry from local produce shippers who feared interference with their deliveries entailing delay and money losses. The Bermudians were concerned over the possibility of having the lines held up at New York by Federal agents to the peril of legitimate trade and the interruption of tourist traffic, on which local prosperity so largely depends.
The recent capture of the Carolina coast of a schooner with 45 barrels of whisky loaded at St. Georges also had its effect in hastening legislation.

SIXTEEN KILLED IN BELFAST RIOTS
Nearly 100 Were Injured; Quiet Now Prevails
Belfast, July 11.—Quiet was reported to prevail in all districts of Belfast this morning, following yesterday's disorders and bloodshed when at least sixteen persons were killed and nearly 100 injured.
Inquiries at hospitals showed that the wounded persons were as a whole progressing satisfactorily, although a few were believed to be in a critical condition. About sixty persons are still in the hospitals.
The rioting broke out Saturday night and, continuing through Sunday, became so serious Sunday afternoon that the military had to be summoned to restore order.
According to police accounts firing at snipers by the Orangemen precipitated the outbreak. From then the shooting was almost continuous in the Falls district. At dawn Sunday the tide of battle extended down the Falls Road until it reached Townsend Street, which became the centre of sharp rioting with the Unionists in flames. At North Street the occupants tumbled out, and lying flat on the pavement, opened fire. Orangemen from Shank Hill Road, which is a continuation of North Street, lined up with the policemen and began shooting from that side on "republicans" in Millfield, who found themselves between two fires.
Early Sunday morning several fires were discovered in the affected areas in one street five houses were found in flames. At North Street the occupants tumbled out, and lying flat on the pavement, opened fire. Orangemen from Shank Hill Road, which is a continuation of North Street, lined up with the policemen and began shooting from that side on "republicans" in Millfield, who found themselves between two fires.
Late Sunday afternoon cars thundered along the avenue, cheered by Unionists. At North Street the occupants tumbled out, and lying flat on the pavement, opened fire. Orangemen from Shank Hill Road, which is a continuation of North Street, lined up with the policemen and began shooting from that side on "republicans" in Millfield, who found themselves between two fires.

IRISH MOVE IS BASIS OF HOPE
Favorable Conditions Surround Effort at Settlement
London, July 11.—It is suggested as a compromise on the question of a chairman for the forthcoming London conference on Irish affairs that Premier Lloyd George be chairman and Premier Smuts deputy chairman, in which case General Smuts would preside over the earlier meetings.
The Government has ceased recruiting in Great Britain for the Irish Constabulary.
Differences.
The Irish question has been a long history of battles, otherwise the present situation would be full of promise for a final peaceful settlement. But while history does not afford food for over-confidence, a point emphasized in the way of warning by De Valera himself in a manifesto to his Irish followers is that there are some aspects which differ entirely from any previous peace effort.
First, the whole British nation now is practically willing to grant Ireland Dominion status if Ireland is willing to drop the demand for a republic.
Second, the Dominion Prime Ministers now in London are ready to support, according to all indications, Ireland's claim for Dominion status with fiscal autonomy and a voice in foreign affairs, the latter being an important aspiration of the Dominions themselves. Such help from the outside as that afforded by a statesman of the calibre of General Smuts, the South African Prime Minister, is an asset which Ireland has never before enjoyed.
No Conditions.
Third, this is the first time that Mr. Lloyd George in any peace negotiations has imposed no conditions whatever. His telegram to De Valera characteristically expressed in the harshest terms, permits the Irish "republican" leader to bring any colleagues he chooses.
Finally, a truce has been arranged for an indefinite period. No date has been fixed or hint of any notice required to denounce it.
The whole surrounding circumstances of this latest peace effort would seem to prove that both sides are deeply in earnest in desiring success.
Extremists.
On the other side of the picture is the attitude of the extremists among both the Sinn Feiners and Orangemen, who doubtless are expressed as to how far they can be controlled by the leaders. There is also what has, up to the present, been the irreconcilable attitude of De Valera and his colleagues against the partition of Ireland and the apparently equal determination in Ulster that the present status of the six counties under the Home Rule Act shall not be disturbed.

EARL OF CRAVEN DROWNED AT THE ISLE OF WIGHT
Coves, Isle of Wight, July 11.—The Earl of Craven was drowned in the waters of the Solent Saturday night or early Sunday. He disappeared mysteriously from his yacht during Saturday night, and at 3 o'clock Sunday afternoon his body was found on rocks two miles from Coves.
The body was taken to Coves to await an inquest.
The Earl of Craven in 1893 married Miss Cornelia Martin, daughter of the late Bradley Martin of New York.

USED PARACHUTE TO ATTEND MEETING
A night watchman at the Government airship hangar at Cardington near Bedford, England, got the surprise of his life when he saw a parachute dropping from the sky early in the morning a short time ago.
"Can I get a bed here?" asked a calm voice.
The parachutist was Air Commodore E. N. Maitland, on his way home to the Howden air station from Epsom aboard the dirigible R-25, which had acted as official traffic controller and wireless station at the Derby races.
Commodore Maitland explained that he had suddenly remembered that he had to attend an important meeting at the Cardington station in the early morning. "The only way to get there in time was to jump right off," he said.
NOT GUILTY.
Tulsa, Okla., July 11.—"Goldie" Gordon and Mrs. Jessie James, nurses, were found not guilty of the murder of Judge John Devereaux, Tulsa jurist, by a jury in district court here. The jury was out two hours and six minutes.

#### MOTORISTS MEET BRUIN

Dr. S. B. Rittner and his brother  
Herbert, of Regina, accompanied by  
Lee H. Damage of Seattle, arrived at  
Cranbrook recently, and after get-  
ting attention at Dezell's garage de-  
parted for Regina and Edmonton. The  
party reports the roads to the south  
in poor condition, especially around  
Sand Point, Idaho. En route here

from Moyle they encountered a huge  
black bear, bruin appearing deter-  
mined to block the roadway until the  
auto exhaust and other danger signals  
were sounded. When the animal "be-  
it" into the woods. When the auto  
approached, bruin seemed quite ang-  
ry and rose on his hind feet and  
started towards the car, seemingly  
being bent on doing battle with the  
autoists until frightened away.

## Many Picnics Held In Warm Weather Saturday

Peak of Season's Gatherings Reached, When Beaches  
and Beauty Places Thronged With Merry Parties

Reaching the peak of the picnic season, Saturday saw the  
beaches and island beauty places alive with merry-makers who cele-  
brated the glorious weather in a series of outings that occupied  
nearly every place of scenic beauty with the laughs of merry  
adults and children. Many of the outings were those deferred by  
bad weather in the previous month, and several were in the nature  
of annual picnics with sports and music added to the programme.  
The weather was beyond reproach, and all parties returned to  
town after bumper outings with everybody satisfied with the enter-  
tainments of the day.

**Victoria West Brotherhood.**  
On Saturday afternoon last 150  
members and ladies of the Victoria  
West Brotherhood journeyed to  
Mount Douglas Park for the annual  
picnic. A fine programme of sports  
was held for the children and ladies,  
and games indulged in by all. The  
children took keen delight in the  
events staged for their amusement.  
The single ladies defeated the mar-  
ried members in a tug-of-war con-  
test, and some fifty members of the  
party made the climb to the top of  
the hill, among the climbers being  
two members of the Brotherhood over  
72 years of age. A treasure hunt and  
community sing was held in the evening,  
the party returning to town in tallies  
at 9 p. m. The success of the outing  
was due to a committee composed of  
President H. Campbell, W. Armstrong,  
W. Rose, H. Kroeger, H. Gard and  
others appointed to make the necessary  
arrangements.

**Hampshire Road Methodist S. S.**  
The weather conditions being ideal  
a very pleasant time was spent near  
Willows Beach by the young people  
of the Hampshire Road Sunday  
school on Saturday last. During the  
afternoon the races were ages  
ranged from 4 to 14 took place.  
Luncheon was served at 6.30 o'clock,  
after which the balance of the pro-  
gramme was participated in.  
Great credit is due the committee,  
which was composed of J. Collett,  
chairman; T. Stott, T. R. R. Oliver,  
Rev. W. C. Frank, pastor of the church,  
and Dr. Daly. The ladies of the church  
served refreshment and presented prizes  
to the winners of the different races.  
At 9 o'clock the party re-  
turned to beach where a fire was built  
and boating was indulged in.  
The programme was as follows:  
25 yards, girls and boys, 4 to 6  
years—1, John Latta; 2, Ross Fer-  
guson; 3, Herbert Stark.

also provided transportation and do-  
nated the prizes. After tea had been  
dispensed games were indulged in,  
the day's outing closed at 9 p. m., every-  
one voting Court Liberty's third picnic  
a success.

**Postal Employees.**  
Members of the postal staff and  
their friends and relatives spent a  
highly enjoyable day at the Experi-  
mental Farm, Basan-Bay, on Satur-  
day, when the annual picnic attracted  
more than two hundred people to the  
beautiful grounds.  
The long programme of sports was  
started shortly after the arrival of  
the picnicers, being concluded be-  
fore the refreshments were served.  
In the afternoon a baseball match  
between the clerks and carriers re-  
sulted in a 10-8 win for the clerks.  
The arrangements for the outing  
proved highly successful in every re-  
spect, the committee being composed  
of H. Silsby, R. Knight, P. Walker, W.  
Hislop, P. Dawson and C. Sivertz.  
The party returned to the city at  
7.45 o'clock, the Interurban Railway  
providing special facilities for the  
party.

ty's Lagoon, Metchosin on Saturday  
afternoon last. The party was con-  
veyed to the scene of the outing on  
six tallies, leaving from in front of  
the Parliament Buildings. A picnic  
was found among the party, and a  
merry dance was held later in the  
day. The party returned to town in  
the evening after a thoroughly en-  
joyable day. An excellent series of

**Naval Brigade Band.**  
The members of the Boys' Naval  
Brigade Band were guests of P. A.  
Rayner, secretary of the local branch  
of the Navy League of Canada, at an  
outing held last Saturday at Cordova  
Bay. Mr. and Mrs. W. H. Langley,  
Brd.-Gen. and Miss Clark, G. H.  
Busby, Mr. and Mrs. E. J. Down, and  
Mr. and Mrs. P. W. Tribe, were  
among those present as guests of the  
successful programme of sports  
was held, featuring a baseball game  
between the members of the band  
and the Cordova Bay boys, which was  
won by the home team by a margin  
of 20-5. E. J. Down refereed the  
game, and was warmly appreciated  
by both sides for his decisions. A  
return match is likely.  
Double ended dinghy races between  
the band and a picked team from the  
brigade were won by the latter by a  
narrow margin after much keen com-  
petition. An excellent supper was  
tendered to all, after which W. H.  
Langley, chairman of the Navy  
League presented prizes won by the  
boys in the dinghy races at Brent-  
wood. The meeting closed with  
cheers for the host, P. A. Rayner, who  
had staged such a successful outing  
for the boys. The band gave two  
concerts in the beach, which were  
much appreciated by the bathing  
parties and residents. The boys re-  
turned to town in cars provided by  
Messrs. David Speer and W.  
Wick, after a thoroughly enjoyable  
outing.

**Teachers' Picnic.**  
Fifty teachers attending the  
Teachers' Summer School were pre-  
sent at a picnic held on Saturday af-  
ternoon at Fowl Bay, arranged as the  
first of a series of social events to  
take place during the continuance of  
the school.  
The affair was a great success,  
baseball and a treasure hunt occupied  
a considerable portion of the after-  
noon, with bathing and boating as  
the sports in vogue after tea had  
been served. The evening closed  
with a community sing around a  
great beach bonfire.  
As guests of honor Cadets from  
Macaulay Camp were present at the  
picnic, while among the teachers  
present were many from Manitoba  
and one from England. The ar-  
rangements were under the care of  
John Kyle, head of the social com-  
mittee of the school.

**Shriners Picnic.**  
An outing at Deep Cove was held  
by 150 members of the Shriners Club  
on Saturday last, when an excellent  
programme of sports was staged.  
Keen competition found its reward in  
many excellent prizes offered. The  
success of the outing was largely due  
to the committee composed of Messrs.  
S. Sea, N. T. Lee, E. Leeson, M.  
Cousener and J. Richards, who ar-  
ranged the affair. Many ladies took  
advantage of an excellent series of  
sports arranged in their honor.  
**Photographic Society.**  
The Victoria Photographic Society  
held a very enjoyable jaunt on Sat-  
urday last to Prospect Lake. The  
party left at 1.30 p. m. Interurban  
trains. Owing to the lake shore being  
private property, great difficulty was  
found to reach the water. After tea  
members took the trail through the  
woods to the Spanish Observatory, here  
the members were joined by  
more of the members and Dr.  
Plaskett kindly showed them over the  
observatory, and explained the work-  
ings of the telescope.

**When Moslems Mourn**  
The orthodox Turk of the Moslem  
religion wears no mourning, nor do  
the Osmanli tribes observe periods of  
seclusion after the death of a relative.  
Women friends pay visits of con-  
dolence to the bereaved, but the in-  
mates, after thanking their guests  
for their formal expression of sym-  
pathy and good wishes for the fu-  
ture freedom from bereavement,  
speak calmly and resignedly of the  
deceased.  
If a child has died the mother and  
her relatives even rejoice before their  
friends. It is considered sinful to  
mourn over the death of a child.  
On the other hand, it is consid-  
ered an act of filial duty to mourn  
constantly for lost parents, and to  
pray incessantly for their forgive-  
ness and acceptance by Allah.  
On the occasion of the death of a  
person in good circumstances, gifts  
are made to the poor from among  
his or her personal effects, and

DISARMAMENT.

What had been hoped and expected of President Harding will take the form of actual fact. He has assimilated the mood of the world by giving his undertaking to call the nations together for the purpose of discussing the whole question of disarmament.

TRUCE IN EFFECT.

For the first time in many months Ireland is more or less at peace with herself and the rest of the world. At noon to-day the outward evidences of an armed camp were removed from the public gaze.

IRRIGATION MEANS A WHITE B. C.

Do the people of this Province realize that "a white British Columbia" may be procured by irrigation quicker than by legislation? Whether they do or not the suggestion is by no means as fantastic as it may appear at first glance.

and cultivated by the Oriental. Under present conditions it can scarcely be otherwise. Those who demand the introduction of legislation excluding the yellow man would profit more were they to take the trouble of contrasting the conditions under which he tills the soil.

Happily there are many large tracts where the natural supply of moisture is all that is needed, where that intensive treatment demanded by an arid atmosphere is unnecessary.

What has happened at Kamloops? What are the conditions at Ashcroft? The Oriental is gradually transforming these gigantic stretches into thriving emerald patches.

ANOTHER FIASCO.

Less than one hundred words sufficed to inform the outside world that the German generals who were held responsible for the death of three thousand French soldiers from an outbreak of typhus in one of the large detention camps near Casle had been acquitted.

NOTE AND COMMENT

One of the early commentators upon President Harding's invi-

ation to a conference upon disarmament suggests that the gathering in question would be comparable in importance only to the Peace Conference. He is woefully wide of the mark.

If the Irish question should be settled as a result of the forthcoming conference Canada may have a rival Dominion Day celebrant next year.

If the disarmament conference gets as much publicity as the recent "boxing" match in New Jersey most people will get an idea of what is going on from day to day.

It is fitting that attention should be drawn to the mountain tops of British Columbia as an attraction to the tourist. The trouble at present is that many "go up in the air" and refuse to get out of the "valleys" to see anything.

Lord Derby argues in favor of giving Ireland almost as many concessions as she demands short of her independence if peace may be guaranteed by so doing.

Russian advices which seek to inform the world that revolution in other lands is merely a matter of time need not be taken seriously.

HOROSCOPE

This is not a lucky day, according to astrology. Saturn, Mercury and Mars are all in malefic aspect. Neptune is friendly early in the morning.

ANGLICAN SUMMER SCHOOL OPENING

Up to noon to-day there were 114 registrations, exclusive of Victorians, who are attending for the Anglican Summer School, which will open to-night in the lecture room of the St. George's School, Rockland Avenue.

SEALS ON INCREASE, SAYS COAST TRADER

Skins Valued at \$20,000 Brought in From Tofino

With seven hundred seal furs purchased from the Indians of the West Coast, James G. Sloman of Tofino reached Victoria last week on the Princess Maquinna on his thirteen annual trip.

To Comply With Treaty

To accord with the regulations of the Pelagic Treaty between Great Britain, the United States, Russia and Japan which bans the shooting of seals, Mr. Sloman had his skins inspected at the Customs and all were passed as O.K.

Fishing Not Good

Although the fur seal season has been satisfactory, Mr. Sloman, who has been a general merchant at Tofino for the last thirteen years, and is well posted on West Coast conditions, states that fishing has not been nearly so good as in previous years.

Hustling Little City

Mr. Sloman has worked hard in developing the hustling little West Coast village. When he first opened up there by buying out a Chinaman who ran the store, there was no school and just a few Norwegians living in indifferent surroundings.

WANT HUNTERS WATCHING COUGARS

Ferocious Animals Falling in All Parts of B. C. Before Onslaught

The cougar was launched some time ago by the B. C. Game Conservation Board, in order to rid the woods of these carnivorous monsters which have been destroying wild game and livestock in the Province.

CRITICIZES TEACHER.

To the Editor—Will you please publish the following letter of which a copy has been forwarded to the Board of School Trustees, so that this phase of dissatisfaction with conditions in the High School may be drawn to their attention.

THE HIGH SCHOOL.

To the Editor—Truly our Board of School Trustees is a fearful and wonderful aggregation. They make a big noise, but when it comes to money run to cover like a lot of rats.

WANT HUNTERS WATCHING COUGARS

The drive recently launched against the cougars in the Kootenay country has resulted in one of the hunters bringing in 19 already, Dr. Baker said.

Make Big Money.

The Game Board, Dr. Baker explained, in some cases pays good cougar hunters a salary to go out after them. In other cases the hunters, particularly if they are fast workers, prefer to work on the bounties.

WANT BETTER MEANS OF TRANSPORTATION FOR AUTO TOURISTS. Chamber of Commerce Sends Resolution to Island Convention.

A resolution demanding improvements in the means of transporting automobiles from Vancouver to Nanaimo and from Victoria to Port Angeles, and advertising this fact, was approved by the directors of the Chamber of Commerce at the Dominion Hotel this afternoon, and will be presented for endorsement to the annual convention of the Associated Boards of Trade of Vancouver Island when that body meets at Port Alberni on July 22.

The resolution was explained by Joshua Kingham as being aimed to secure for Vancouver Island a greater percentage of the automobile tourist traffic. Although the present services are probably commensurate with the existing demand for transportation, it was believed that if it were generally understood among tourists that ferry facilities would accommodate the largest cars, in unlimited numbers, without previous booking of accommodation, the increase in traffic would more than pay for the increased cost of the improvements needed.

### They Knew She Would Not Think of Beginning Housekeeping Without an Electric Sweeper Vac

The Electric Sweeper Vac is as essential to the careful housekeeper as her kitchen range. It will keep your carpets in the pink of condition; the deepest seated dust or bothersome lint cannot resist its powerful action, while the pile of your rugs when the sweeper has been used presents an appearance of freshness so much desired. The action of the Electric Sweeper Vac is as effective when used upon upholstered furniture or draperies as upon carpet. It has an electric motor-driven brush, not muscle-driven, that is correctly speeded to insure the greatest efficiency, while the suction is created by a specially designed fan and motor.

All this week the Electric Sweeper Vac will be practically demonstrated on our lower main floor. Call and inspect it. When you see it operated you will want it.

## COUNTRY DANCES AND RURAL SETTING AT ENGLISH WEDDING

In the pine woods at Weston, near Letchworth, Herts, England, a picturesque wedding took place recently. The contracting parties were Miss Winifred How and Mr. Wilfred N. Edwards, of Letchworth Garden City. Being members of a local group of folk dancers, they decided on having the ceremony in the woods. Only members of the two families were present, and the celebration was conducted by W. J. Jupp, of Letchworth, a friend of the couple.

A short address by Mr. Jupp was followed by a recitation from Shelley, and a reading from Edward Carpenter. Then the couple were invited to place a ring each on the other's finger. Readings from Shakespeare, George Eliot, Browning, William Morris, Tagore, and other poets concerning marriage followed. A bridal song was recited, and roses were scattered at the feet of the bride.

The joyfulness of the occasion was expressed by two Old English country dances, "Hey, Boys!" and "Upon a Summer's Day," the dancers singing the tune to words composed by the bridegroom. The bride is described as having been attired "in a green woodland frock."

Saanich Health Centre—The regular monthly meeting of the Women's Auxiliary to the Saanich Health Centre, will be held to-morrow, at 2:30 p.m., at the Nurses' Home, 3217 Douglas Street.

**GEORGIANA.**  
Georgiana is a modernism which has quite a bit of interesting history behind it. It means "husbandman" and dates back to the allegorical saints of the Greek Church, one of whom was called by a Greek name which meant "worker of the earth."

The name of St. George and the dragon carried the masculine name to extraordinary heights of popularity. From it various feminine names were formed with a distinct idea of honoring the saint. It was not a slow growth, but a deliberate manufacture. The first English lady bearing a name akin to George was god-child of Anne of Denmark, who had her christened Georgia Anna in commemoration of herself and the popular saint. Later the two names were run together and Georgiana is the result.

Georgiana is now regarded as a contraction of Georgiana, although it has the right to separate existence. Georgine and Georgia are French versions which have also acquired popularity in this country.

The herald is Georgiana's talismanic gem. It is believed to guard her from unfortunate love affairs by giving her extraordinary keenness in judgment. Wednesday is her lucky day and 8 her lucky number.

**SUCCESSFUL GARDEN PARTY**  
A most successful garden party in aid of the Strawberry Vale Women's Institute Building Fund was held on Friday evening in the beautiful grounds of Mr. and Mrs. Layritz on Wilkinson Road. As a result of the whole-hearted support of the ladies committee a sum of \$93 will augment the Building Fund.

The various attractions were as follows:  
Ice cream and soft drinks—Mesdames Morton and Watkins.  
Candy—Mrs. Hall.  
Home Cooking—Mrs. Heady and Mrs. Williams.  
Orange Tree—Mrs. Cochrane.  
Guessing Competition—Mrs. Semple.  
Rifle Range and Aunt Sally—Mr. Giles.  
Councillor Kingswell had charge of the gate.

The hat-trimming contest for men only, organized by Mrs. Layritz and Mrs. W. Foster, caused a great deal of merriment, the men proving themselves expert milliners, thus making a difficult task for the judges—Mrs. Todd—to award the prize. Mr. Hoult proved the lucky winner, with a "real model."

Egg and spoon and various other races helped the time pass all too quickly. Mrs. Todd contributed various songs which were much applauded and the delightful evening was brought to a close with a community sing with Mrs. Watkins at the piano.

Earle Williams's new Vitagraph production is "Bring Him In," a red-blooded story of the Royal Canadian Northwest Mounted Police by H. H. Van Loan. Mr. Williams is best known for his work in society dramas, but in Eugene Walters' "The Wolf" and in his recent picture, "The Silver Car," he demonstrated that he is equally at home in the stalwart and rugged type of role. Fritz Ridgeway is his new leading woman.

## EXAMINE ENTRIES FOR BABY SHOW

Three-day Clinic at V. O. N. Preliminary to Wednesday's Fete

Eighty of the chubbiest babies, varying in age from the tiny infant of a few months to the child of two or three years, underwent a rigid examination on Saturday at the hands of five doctors, in preparation for the baby show to be held at "Gonzales" on Wednesday afternoon. The clinic was held at the Victorian Order of Nurses headquarters, 1145 Rockland Avenue, where to-day and to-morrow the balance of the three hundred odd entries will be examined to determine the prize-winners for the various cups and trophies.

The three days' clinic will culminate in the baby show in the lovely gardens of "Gonzales" on Wednesday afternoon, under the auspices of the Gonzales Chapter, I. O. D. E., when some hundreds of Victoria's loveliest kiddies will blossom like flowers in the beautiful old gardens. As the affair is being carried out in the interests of child welfare, the mothers will be admitted to the garden fete free of charge. Realizing that the day is a gala one for the kiddies, the committee in charge have offered prizes for the best decorated buggies; the best affair should develop into a wonderful pageantry of beautiful, healthy childhood.

The clinic is in charge of the Victorian Order of Nurses with the examining doctors as follows: For the eyes, ears, nose, throat and teeth, Dr. Keyes; for skin, hair, nails, bones, muscles and general condition, Dr. Bailey; measuring and weighing, Dr. Price; abdomen, chest, heart, and lungs, Drs. Holden and Thomas; and temperament, Drs. Thomas and Holden.

The nurses attending at the clinic are as follows: For the Victorian Order, Miss McNair and Miss Beaumont; from the Jubilee Hospital, Miss Ringrose, Miss Ryan and Miss Jones; and Miss Herbert, the City School Nurse.

## FOR CHILDREN THE SANDMAN STORY FOR TONIGHT

**THE VEILED PRINCESS**  
Part I  
Once there lived in a castle a Princess, and every day, on her favorite pony, she rode over the hills and through the valleys, but always she wore a veil covering her face, so that no one could even get a glimpse at her features.

The people in the country around courted her as their Princess passed, but always they whistled together about the veil and what could be the cause of wearing it. Many princes came to ask for the Princess's hand, but to none would she listen and to none did she show her face.

"At last there came a Prince, who was very poor, and wanted to marry the Princess, but her money to repair his castle, and instead of pretending that he loved her he told the Princess the truth.

"I know there is some secret reason for wearing the veil," he said. "Either you are very beautiful, and wish to hide your beauty until you are sure you are loved for your good qualities, or some terrible misfortune has befallen you, which has made you wish to hide it from all eyes.

"But what ever it is, I will marry you and never ask to behold your face if you are willing to help me restore my estate, and I will promise to be a good husband and protect you always."

Now the Princess had always listened to her other suitors, and she told her that she loved her, even though they did not see her face, and she knew quite well they were all fortune hunters. But here was a Prince who boldly told her the truth, and she decided to accept him, since she needed some one to help her rule when she became queen.

Drawing her veil closer over her features, the Princess told the Prince she would marry him, and that very night she resided in his place, and while the bride wore rich and beautiful robes of silk and velvet, over her face was a wonderful veil of rose point lace, which hid every feature.

But the Princess had won such a good husband that she soon fell in love with him, and one day while she was weeping because she could not show her face to her husband she heard a small voice beside her ask:

"Why do you weep? Tell me your troubles, I may be able to help you."

The Princess saw beside her a funny looking little creature with an oblong body, his feet ending almost in a point, which his head was large, and on it he wore a fussy bonnet which fell feathery-like over his head and face.

"His suit was a shade of reddish yellow, which made the Princess think of a carrot. He blinked and shook and jumped like a jumping jack to keep the green feathery stuff out of his eyes, which made the Princess laugh even through her tears.

To-morrow I will tell you what he told him and how he helped her to take off the veil.

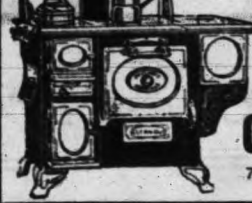

Continued To-morrow

She rode over the hills.

## MENNEN TALCUM POWDERS

Soothing showers of silky powder—the Talcum which brings a smile.

Millions of Babies during the past 40 years have rejoiced in Mennen Borated Talcum.

There is madness in the meeting of the eyebrows, according to the latest medical theory. Various forms of mental derangement show characteristic anomalies of the eyebrow, and these anomalies tend toward the conventional joining eyebrows of the villain.

An Italian doctor has found that in dementia praecox (gradual weakening of the mind) there are nearly always short, bushy hairs meeting in the space between the eyebrows, and a noticeable thinning toward the external side.—*T4-Hits*

Scout Commissioner To Speak.—Dr. J. W. Robertson, Dominion Commissioner of the Boy Scouts, will address a public meeting on scouting matters and their relation to the citizenship of the Dominion to-morrow evening, commencing at 8.15 o'clock at the Sunday School of the Metropolitan Methodist Church. The meeting will be opened with His Honor Walter C. Nichol, the Lieut. Governor, in the chair, and the public is cordially invited.

Reception To-night.—To welcome Miss E. Rosalind Lee and Miss Hilda Hargrove, a reception under the auspices of the Women's Alliance and Laymen's League will be held at the residence of Mrs. Frank Gibbs, at 7.30 o'clock.

### NEWS IN BRIEF

**Will Meet Thursday**—There will be the general monthly meeting of the Army and Navy Veterans' Association in the Assembly Room, Hamley Building, at 8 p.m. on Thursday next.

**Roof Fire Yesterday**—A roof fire on Turner Street at 4.35 o'clock yesterday gave the fire department a quick run to extinguish the blaze. Little damage was done.

**Zenith Carburetor**—An agency for the Zenith Carburetor Company, of Detroit, has been re-established in Victoria by Frank Smedley, Langford Post Office. Mr. Smedley will announce shortly the location of the city agency office.

**Bishop Crige**—Edgar Facett, the local historian, has called the attention of The Times to a mis-statement appearing in these columns a few days ago to the effect that the late Bishop Crige came to Victoria in 1883 on the steamship Robert Lowe. According to Mr. Facett, the late Bishop and Mrs. Crige arrived on the Marquess of Bute on April 1, 1885.

**Three M Society**—On Wednesday evening, the Three M Society of the First Congregational Church will repeat "The Spinners' Convention," at the Rex Theatre, Esquimalt. This was given recently with such success that it was decided to present it in a larger auditorium so that the many who were unable to hear it before will have an opportunity of attending.

**Kiwanis Luncheon**—The regular Tuesday luncheon of the Kiwanis Club will take place at the Dominion Hotel at 12.15, when details in connection with the club's picnic to Deep Cove on Wednesday next will be considered. The entertainment this week is in the hands of Arthur Brindley and a capable committee. No special address has been announced, but it is understood a number of matters of general business are to be under consideration.

**Soliciting at Wharf Questioned**—H. Green, charged in the Police Court to-day with soliciting his car for hire by shouting to passengers disembarking from the boats at the P. R. wharf, was remanded until Friday for hearing. Green had stated that there was an arrangement in force whereby taxi drivers and others were permitted to do this, but C. L. Harrison, city prosecutor, announced to-day that no such arrangement now existed, and that the accused had been infringing. It will be alleged, the city-by-law governing the point.

**Costly Stone Throwing**—Frank French, pleading guilty to breaking an electric light globe on one of the city standards—with a large stone, was fined 10 p.c. in the Police Court to-day. He was also ordered to pay the cost of the globe, an additional \$2.50 in the city police court to-day. Reginald Williams, similarly charged, was dismissed with a warning, and advised to keep off the streets at night. Major Okell, appearing on behalf of the S. C. R., which department was convicted of exceeding the speed limit, in an automobile, was fined \$10.

**Interested in Trade**—Travelling for British interests, H. C. R. Bay-Esquehaye, of London, England, arrived in Victoria on Saturday from Vancouver registering at the Empress Hotel. Trade opportunities with the British West Indies, Mexico and E.C., are among the developments that interested Mr. Engelheart. In an interview the visitor stated that the development of this province, "to his mind, is in the importation of fresh capital, honest hard work, and in expert labor on the agricultural lands of the country. Golden opportunities for trade with the West Indies are among the most stated Mr. Engelheart.

**Outing to Observatory**—The Lady Alderson Chapter, L. O. D. E. has through the kind co-operation of Dr. J. S. Plakett, arranged an outing and picnic at the Astrophysical Observatory, Esquimalt, on Wednesday, July 14, from 10 a.m. to 3 p.m. A full moon will add a charm to this beauty spot from which an unparalleled view of the city and surrounding country may be obtained. It is anticipated that many Victorians will seize the opportunity to visit the Observatory and at the same time help the Chapter in its patriotic work. Tea and light refreshments will be served during the afternoon. For those who have no automobiles, arrangements are now being made for transportation.

**Lecture on Spiritual Healing**—Those who have followed the work of Rev. T. G. Rowe and the Guild of Health in Victoria will be interested to learn that Rev. Henry B. Wilson, rector of St. John's, Bolton, N. J., will be in Victoria on Thursday, July 15, at 8 o'clock, to deliver a lecture on Spiritual Healing in Christ Church Cathedral in the evening at 8 o'clock. Mr. Wilson is founder and director of the Guild of the Nazarene, a guild of healing having branches in all parts of the United States. He is also the author of several books and "The Power to Heal," "The Revival of the Gift of Healing," and "He is making a lecture tour through the United States and is coming to Victoria by special request.

**Victoria Lodge No. 1, I.O.O.F.**—The installation of the officers-elect for the current term will take place at the meeting of the lodge this evening, and the reports of the officers for last term will be submitted. The social committee are making arrangements for a programme and entertainment, and a sociable and enjoyable meeting is anticipated, to which all members are invited. Committees have been appointed by all the lodges in the city to make proper arrangements to welcome and entertain the Grand Master, Judge J. D. Swanson, Kamloops, on his official visit to a joint meeting of the subordinate and Rebekah Lodges on July 25.

### KUMTUKS CLUB LUNCHEON TO-DAY

An appeal to the women, particularly the business women of the city to show an active interest in civic affairs was made before the Kumtuks Club by Mrs. H. P. Hodges at the fortnightly luncheon held at the Dorothy Tea Rooms to-day at noon. There was a large attendance of members, including recent additions to the membership, and many visitors, Miss Lottie Bowron, the president, presiding at the gathering. The speaker urged those women who are not property-holders to avail themselves of the privilege of voting in civic elections as householders through the payment of the \$2 tax and registration before October 31. Local conditions were also briefly reviewed and the attention of the women drawn to possible reforms. Business achieved at the meeting included the passing of a resolution upon "movie" matters to be forwarded with a request for endorsement to the National Federation of Business and Professional Women's Clubs which is to meet in annual convention at Cleveland, Ohio, on July 19. Mrs. Ogilvie and Miss Ringland were chosen the speakers for the next two meetings.

**Support Invitation**—The Chamber of Commerce this afternoon at its luncheon at the Dominion Hotel, supported the Victoria and District Photographers' Association in its efforts to secure for this city the 1922 convention of the Pacific Northwest Photographic Society.

**Would Ease Landing Regulations**—Alderman A. E. Todd this afternoon urged the Chamber of Commerce to appeal to the Immigration Department for relaxation of regulations affecting first class passengers on ocean steamers who desire to come up town while their vessels are tied up at the Outer Wharves. He claimed that when the R. M. S. Niagara was here inbound last week, over one hour of her two and one-half hour stay was required to get shore permits. The directors approved of the suggestion, and will take action to secure an improvement.

### CITY TO DRAW UP RECOMMENDATIONS FOR CONVENTION

To Make Plans For Meeting of Canadian Municipal Delegates

Recommendations to be laid before the Union of Canadian Municipalities at its annual convention in Ottawa at the end of this month will be formulated by the Civic Legislative Committee immediately.

At present the City Council has no definite ideas which it desires pressed at the convention, but it is expected that when the city's representative attends the convention he will go with a definite programme. Victoria's problems, it is explained, come more under the jurisdiction of the Provincial Government than under that of the Federal Government with which the Union of Canadian Municipalities is chiefly concerned.

Some legal points may be taken up by Victoria's delegate. City Solicitor H. S. Pringle is busy now drawing into legal matters with which the convention may be asked to deal.

Alderman A. E. Todd has been chosen by tacit agreement to represent the city, but it is doubtful now that he will be able to make the trip to the Capital. Alderman Todd is interested in various matters which will be discussed by the Vancouver Island Boards of Trade in convention at Alberni July 22, and it is presumed that he will attend this meeting. On this account he may be unable to reach Ottawa by the time the Municipal Union opens its convention July 27. The alderman was out of the city to-day, so that his colleagues were unable to find out whether he will be able to go East.

If Alderman Todd cannot attend the municipal convention the city may send no delegate, it was stated at the City Hall to-day. It is thought that he is the logical man for the honor as he has had long municipal experience, and is the chairman of the civic Legislative Committee.

### DRINKING NOW PROVES EXPENSIVE

Bottle of Saki Unearthed in Spring Cleaning

James Franklin Dixon, charged with being unlawfully under the influence of liquor while in charge of a car, was convicted and fined \$5 in the police court to-day. J. P. Walls appeared for the accused and held that the symptoms were due to shock when the accused broke his collar bone as a Ford roadster in which he and another were driving overturned. The accused admitted taking some drink, but stated he was not under the influence of liquor at any time. Magistrate Jay held that while his condition may not have been all due to liquor, there is no doubt some of it was, and imposed sentence accordingly.

James McLean, charged with being under the influence of liquor unlawfully while in charge of a car, failed to appear and had bail to the extent of \$10000 estreated.

Thomas Owen, charged with being intoxicated, was fined \$50, with the option of one month in jail. The accused told the court that he had obtained the whisky that caused his downfall from the Government vendor in Vancouver some months ago, the permit and bottle costing him \$50.

Suzuki, a Japanese fisherman, pleaded guilty to a similar charge and was fined \$50, with the same option of a thirty-day jail term. The liquor in this case had been Japanese saki, which had lain in his boat for some time and only been unearthed during a Spring cleaning of the fishing craft. J. N. Nagaro acted as interpreter.

### WELL VARIED SPORTS FEATURE OF PICNIC

As an organizer of sports Arthur Manson scored another success at the Civil Servants Picnic at Metcosh Saturday. A well varied programme which gave an opportunity for all who cared to compete was arranged by the veteran sportsmen assisted by an able committee, and added considerably to the success of the picnic. Thanks are extended to the Metcosh farmers who liberally supplied strawberries and milk, and loaned a couple of horses on which the children enjoyed rides. H. P. Johnson, of the United Typewriter Company, donated two boxes of chocolates for the stenographers' races. The rope for the tug-of-war was donated by E. V. Marvin & Co.

**TWO NOTABLE FEATURES SHOWING**

Talented Actress at Dominion in "White and Unmarried"

Jacqueline Logan, the pretty ex-Follies girl who plays the leading feminine role opposite Thomas Meighan in the Paramount picture, "White and Unmarried," which is now at the Dominion Theatre, is rapidly forging to the front as a motion picture actress.

Miss Logan, now eighteen years old, has had a varied career. When she was eight years, she went abroad with her mother, Marian Kelley, formerly a noted singer with the Bostonian Grand Opera Company. At fifteen, she entered Colorado College at Colorado Springs, Colorado, being the youngest Freshman in the school.

Miss Logan went to New York in 1920 to study dancing and was understudy of Margot Kelly in the role of "Angela" in the revival of "Flowers at the Century Theatre." She later assumed the role herself and played it with success. Then she joined the Ziegfeld Follies as a singer and dancer.

In November, 1920, she left New York for Los Angeles, and was chosen to play opposite Mr. Meighan in "White and Unmarried." She de-

signs her own gowns and helps dress the settings.

The third chapter of the Shackleton South Pole pictures are also shown. "The Bottom of the World" is the title of these five reels of fascinating pictures which are released by Robertson-Cole. The film tells the complete story of the entire two years during which Shackleton and his intrepid followers made their way through uncharted Southern Seas and over trackless mountains of glistening ice. The expedition started from Buenos Ayres and returned two years later to Valparaiso, having examined the great sea about the South Pole for the purpose of obtaining all the data possible to add to the store of human knowledge.

Animal life, the progress of the expedition, its mishaps and hardships, the wonderful scenery and the scien-

**SCENE FROM "ALF'S BUTTON"**

It's one thing to be able to order everything you want from an obliging genie—anything from beer to a harem; but it's another thing when the harem beauties start introducing Oriental customs. Alf and Bill didn't get to the idea at all, as is evidenced in the screamingly funny British super-feature comedy "Alf's Button" at the Pantages until Wednesday, twice daily.

Inspection which the other explorer was unable to accomplish because of his trip being in the nature of a "dash." Aside from the sterner phase of the expedition numerous sidelights

on the curious and grotesque animal life of the Antarctic regions are shown which enrich the human interest of this fascinating picture. Mrs. Jesse Longfield, the popular singer, will be heard at the evening performance in several tuneful numbers.

**VARIETY THEATRE PRESENTS COMEDIAN**

Neil Black Appears in Change of Songs

An exceptionally good programme has been drawn up by the management of the Variety Theatre during the present week. Those who have heard Neil Black, the Scottish comedian, who has been appearing at the Variety for the past few days and has always been accorded a rousing welcome, will be pleased to hear that he will present an entire change of songs during the present week. Mr. Black, who has a wide repertoire, has a peculiarly attractive manner of delivery, and his action is an effective aid to his voice, which is superior in quality to that of the average comedian. He knows how to swing his kilt and his patter is neither stilted nor vulgar.

To those who found the "Mistress of Shenstone" lacking in excitement there will supply mystery and thrills to satisfy the most biased. "The Virgin of Stamboul" is its title, and the leading role in this \$500,000 production is taken by Miss Priscilla Dean. The picture deals with happenings in Constantinople and with that enough is said to arouse interest in the least inquisitive.

The Ford Educational series deals with yearly round-up and branding ceremony at a large cattle ranch. Here we see real cowboys—not the "movie" type beloved by small boys—but the men who work hard for their living in these days of organized business and have little time for shooting up the town. A comic film will supply the laugh which puts everyone in good humor and taking the programme all-round it should meet with popular approval.

**NOVELTY IN CHARACTERIZATION**

Columbia Presents Constance Binney in "39 East"

John S. Robertson, who directed Constance Binney in "39 East," showing at the Columbia Theatre, came before the public eye as one of the foremost directors of our day as the result of his direction recently of John Barrymore, in "Dr. Jekyll and Mr. Hyde." His work in the Stevenson classic has the production has been classed as one of the really big achievements of motion pictures.

Mr. Robertson, who has not less than fame ever night for his career has been built substantially upon pure successes in the picture world and a series of winners in the spoken drama. For years Mr. Robertson was an actor of merit. He appeared as leading man in "The Man of the Hour," was for two years with Maude Adams in "L'Aiglon," and was leading man for Rose Stahl in "Maggie Pepper" for two years.

Starting his career in motion pictures as an actor, he first played leads for Anita Stewart. He soon showed extraordinary ability, which resulted in his being made a director. Among the successful pictures he has been responsible for are "Here Comes the Bride" and "Test of Honor" with John Barrymore.

**FILM IS RIOT OF TRUE COMEDY**

Everyone Will Wish to See "Alf's Button" at Pantages

It is doubtful if any comedy on the screen since the advent of motion pictures contains more laughter than does "Alf's Button," the latest British picture to be released in Canada, and which is at the Pantages Theatre to-day to Wednesday, twice daily. S. Morgan-Powell, of The Montreal Star said:

"It is a product of the Hepworth firm, and in it there will be found more fun, and more clean, wholesome, irresistible mirth than in 'The Betwee' and 'Chaplin's' best combined. It is, indeed, a model of healthy humor, cleverly sustained, and presented in pictorial form of astonishing variety, all in setting and in photographic resourcefulness."

"Alf's Button" takes the place of Aladdin's wonderful lamp. Whenever Alf needs anything, he just polishes up his tunic button with his sleeve, and up rises the genie, whom Alf dubs Eustace, and who obeys his bidding in every conceivable direction, making some comical errors at times. Imagine the possibilities! They are illimitable. And the genius of Cecil Hepworth has directed them into paths so rich in that kind of fun which makes people laugh until their sides ache and tears roll down their cheeks, that he has created a picture which is destined to mark a new era in the history of the film in Canada, even as it marks the beginning of the introduction into this country of a series of releases from the best British motion picture concerns.

"The photography is admirable. Moreover, the artists have been allowed to think for themselves—the all-significant difference between the English and American method of making motion pictures—and the result is a triumph for the artists and producer alike. 'Alf's Button' should not be missed. Its equal in comedy is likely to be a long time coming along."

Among Vitaphone releases for September and October will be the big special production, "The Son of Walter," written and directed by Lillian and George Randolph Chester, of "Get-Rich-Quick Wallingford" fame; Alice Joyce in "The Inner Chamber"; Corinne Griffith with Catherine Calvert, in "Moral Fibre"; Alice Calhoun in "The Matrimonial Web"; William Dunne in "Here Are Men"; Antonio Moreno in "The Secret of the Hills"; Earle Williams in "Bring Him In"; and two new comedies, "Larry Semon in 'The Bell Hop'" and Jimmy Aubrey in "The Riot."

## White and Unmarried

But Open for Engagements

You see, Billy Kane had given up burgling, and set out for Paris to spend an honest half-million. With his passport pedigree, "white and unmarried," containing all the facts he wanted nice folks to know.

And when he breezed into Gay Paree and got some Yank society bloods mixed up with a band of Apaches—

Come and watch Billy fix things!

Larry Semon initiated himself into "The Bell Hop," his new Vitaphone comedy, by a rather sensational performance. In "The Bell Hop" it is required that Larry stand on top of a barn and be "rescued" by airplane, which, with a dangling rope ladder, sweeps close to the roof. Did Larry grab the ladder? The answer is neither a clean-cut "yes," nor a clean-

cut "no." Those who watch this latest thrill of Vitaphone's comedy king will find the answer sufficiently sensational.  
 The people of Amsterdam have been taught how to behave in public—on which side of the pavement to walk, how to hold sticks and umbrellas, and so on—by means of an official cinematograph film.

yet there are an immense number of details to be arranged for a cast of 125 performers, before that all clockwork movement can be achieved.  
 It is rumored that several members of the original cast dropped out because they believed it would be impossible to stage a good play from the hopeless chaos which existed at the early rehearsals. But that is just where the art of the producer comes in, and it is an art that must be learned in the hard school of previous experience.

The Greek Play was modeled and fashioned from groups of cheerful chattering, irresponsible amateurs, who could only gradually be brought to take the play seriously; and yet, by a skillful handling, the production as it appeared at Gonzales, became an artistic triumph in which every detail was pleasing to the eye.  
 The clever acting of the principal characters was unusually well supported by the realistic actions of the crowd, each member of which appeared to be acting his or her own part with a sincerity quite surprising amongst amateurs.

Capl. W. J. Coots is acting as business manager for Mrs. Brownlee. His well-known organizing ability should prove of great benefit to the authorities, especially if it is decided to take the play to any other city.  
 New souvenir programmes are being prepared for the theatre and these will be sold by a bevy of pretty girls under the leadership of Miss K. MacLure. On the front page are very good photos of the angry King, and Zeus protecting Danae.

**PRINCESS TO HAVE POPULAR FEATURE**  
 Musical Comedy Will Begin on Wednesday; Summer Schedule

"Forty-Five Minutes from Broadway," the musical comedy to hold the boards this week, beginning Wednesday is Geo. M. Cohan's biggest success. Not only is it noted for the catchy musical numbers, but also the clever story which holds a keen interest from the rise of the curtain till the final.  
 Miss Page will be seen in the part of Mary, the faithful servant girl. Mr. Jaxon will appear as Kid Burns, the part that is always so plainly remembered. Mr. Coots as the young millionaire, Miss Berkeley as the domineering mother-in-law, Mr. Elton as the butler, Mr. Campbell the faithful lawyer and friend, while Mr. Padden will be seen as the villain of the play, Miss Kalkbrenner, Miss Doolan and Mr. Thom will all appear to good advantage. If you like a clear story full of life and witty lines intermingled with bright singing and dancing supported by chorus of pretty girls don't miss "45 Minutes from Broadway."

The prize this week will be given to the one guessing the nearest to the correct amount of words spoken by Mr. Coots in his part last week in "A Stubborn Cinderella."  
 During the warm summer weeks there will be no more Monday and Tuesday performances, each play opening Wednesday evening, continuing till Saturday matinee.

**PEGGY'S PIERROTS**  
**CONTINUE TO PLEASE**  
 Able Artists Draw Large Crowds to Gorge Park

Miss Peggy Lewis and her clever little company of pierrots continue to pile up the already unstinted praise of the Victoria public.  
 Their programme was brimful of mirth and merriment, and as a result of their continued co-operation and consistent rehearsal they have at the present time a variety company which could very successfully fill either the Royal Victoria or the Pantages Theatre.  
 Miss Kathleen Macdonald who has quite a reputation as a contralto more than ever endeared herself to us this week, by her rendering of the play, "Uncle Tom's Cabin" (Lemon) being particularly well received.

Dave Dumbleton, who requires no introductory comment scored quite a success with his dance, (especially arranged for a part which is entirely new to him, namely, "an old man") "Uncle Tom's Cabin."  
 The song "Never a Pal Like You" rendered by Mrs. Joe Haig was very enthusiastically received.  
 The Victorian Columbia Reby, Mr. Sydney Crossley who is much in evidence throughout the whole performance, met with a cordial reception on each occasion, and his song "Nobody Noticed Me" was quite one of the hits of this week's programme.

The popular leader Miss Peggy Lewis as usual met with quite an ovation, and her rendering of "Rose of Washington Square" was quite a feature of the performance.  
 This week the pierrots are putting on a specially arranged programme which they are calling "The Oriental Week" with appropriate songs, dances, scenery and dresses and the performance will be entirely different to any of its predecessors.  
 On Thursday night next, a special amateur night is being held, when anybody and everybody is welcome to come on the stage and do some-

**Adler-i-ka Again!**  
 "Adler-i-ka is the only medicine for gas on the stomach. I never had so much relief with any medicine. I would not take \$25.00 for the relief one bottle of Adler-i-ka gave." (Signed) H. L. Hicks.  
 Adler-i-ka acts on BOTH upper and lower bowel, removing foggy matter which poisoned stomach. Brings out all gases, relieves pressure on heart and other organs. EXCELLENT for gas on the stomach or sour stomach. Removes a surprising amount of foul, decaying matter which you never thought was in your system and which nothing else can dislodge. Prevents appendicitis. Adler-i-ka surprises those who use it how it relieves heart, bowel and stomach troubles. Ivel's Pharmacy, corner View and Douglas Streets; Hall & Co., 702 Yates Street. **HEALTH FOR WORKING GIRLS**  
 Those Who Suffer and Are Unable to Work Need Helpful Suggestions

Springfield, Ill.—"I had periodic trouble with weakness, cramps and backache and could not work."  
 A neighbor recommended your medicine and I took four bottles of Lydia E. Pinkham's Vegetable Compound. I am now strong and well, able to work and recommend your medicine to my friends."  
 Anna Rinkus, R. R. No. 8, Springfield, Ill.

Why will girls continue to suffer month in and month out as Miss Rinkus did when case after case is related where Lydia E. Pinkham's Vegetable Compound has removed the cause of the trouble and brought good health. For more than forty years this old-fashioned root and herb medicine has been the standard remedy for such ailments and has the record of having restored more suffering women to health than any other medicine.  
 If there is any complication about your condition you do not understand write Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health. (AdvL.)

thing to entertain the audience, when special money prizes will be given to those whose turns are judged as the best.  
 During the time the kiddies are on their holidays, I can conceive of no better place to spend the afternoon with the little ones than an hour at the Gorge, where mirth and merriment are the predominant feature, and where it is possible to enjoy good, clean, wholesome, up-to-date music under perfectly ideal conditions.  
 Peggy's Pierrot Troupe is showing daily at the Gorge at 3.00 p. m. and 8.30 p. m.

**MISS MABEL HICKMAN**  
 As "Princess Danae"  
**DUMBELLS WILL HOLD TOGETHER**

Promise Not to Disband For at Least Two Years  
 New York, July 11.—(Canadian Press)—Members of the "Dumbbells" organization of former Canadian soldiers have reached an agreement whereby no member of the cast is to leave the company for the next two years. New York theatrical producers were quick to note the ability displayed by the veterans in their presentation of "Burr, Bing, Bang" at the Ambassador Theatre and nearly every one of the soldier-actors received an attractive offer to appear on the stage in the United States.  
 To prevent the falling to pieces of the organization the members agreed to remain, although in two instances producers had announced that members of the company would appear in a next season's Broadway production.

As a result of the decision the "Dumbbells" will commence their world tour in Boston next Fall with all the original members in the cast. They plan to appear in Canada and the U. S. during the Winter and later tour the Orient, Australia and Europe.  
 An indication of the success of the entirely Canadian show in New York is seen in the proffered engagements. Ross Hamilton has been offered a season's engagement in Vancouver, B. C., as a female impersonator; "Red" Newman offered a prominent part in the Village Follies; Al Plunkett practically engaged as leading juvenile with the new Al Jolson Winter Garden Show; Jimmie Good approached by minstrel managers; and Alan Murray, Jack Holland and Fred Fenwick given a bid for vaudeville. Alexander Pantages would place the whole show in vaudeville.

Ability of the war veterans in each line has been recognized and Jack McLaren was offered a position with a prominent firm of artistic poster designers. Leonard Young has been offered a long term contract with the Fifth Avenue modiste to design ladies' gowns. Ted Charters has been making phonograph records.

**NEW ATTRACTIONS AT BEACHES DRAW HOLIDAY MAKERS**

Cordova Bay boasts her full share of campers this season, and as usual with this popular resort during the Summer season the holiday makers find it an ideal place for the warm months, or the annual vacation.  
 Swimming and canoeing the popular water sports are supplemented by baseball games, racing and other sports. A line selected from the lads spending the Summer at the Bay has been organized with the object of securing matches and a match with the Naval League is on the schedule. At night time the beach presents an attractive scene. High bonfires illuminate the camping sites and impromptu concerts and dances are enjoyed. One prairie visitor was found in his praises of Cordova Bay, declaring that as a Summer resort it has no equal in the Province, the long shelving sandy bottom which tide is in making bays in conditions ideal and canoeing and bathing perfectly safe. Dancing pavilions have been added to two tea-rooms.

**REQUIRED GRIT TO STAY ON THE JOB**  
 Vancouver Man Was Weak and Miserable; Is Now in the Pink of Condition  
 "Tanlac put me in the pink of condition two years ago and has kept me that way ever since," said Henry White, 117 Seventh Avenue, West, Vancouver, B. C., a valued employee of Simmons, Limited.  
 "My stomach was all out of order and finally my whole system seemed to go wrong. I hardly ate enough to keep a bird alive, and what little I did manage to force down did me more harm than good. I had awful headaches at time, and was so nervous I never knew what it was to get a good night's rest. I felt so weak and miserable it took all the grit I could muster to stick on the job.  
 "I do not believe, however, I could have held out much longer, and I am glad I made up my mind to try Tanlac before it was too late. It suited my case exactly, and I began to eat better, feel better and work better. To make a long story short, Tanlac knocked out all my troubles and made me feel like a new man. Tanlac is in a class by itself. That's what I think of it."  
 Tanlac is sold in Victoria by Duncan E. Campbell. (AdvL.)

**SAY INDIAN WAS SHOT FROM BEHIND**  
 Bullet Wound in Back of Head of Jim McLeod

Bearing out the suspicion of the provincial police that all was not right in connection with the finding of the bloodstained Columbia River boat on Salt Spring Island, the body of Jim McLeod, a Swinomish Indian, was found yesterday morning with the head battered by what appeared to be a bullet wound from a shot fired in the rear. The bullet struck the back of the head in a manner that must have caused instant death, and might have accounted for the traces of blood found on the floor of the Columbia River sloop.  
 Behind the bare facts lies a story of wife desertion on the part of the dead Indian, who was formerly a member of the Swinomish Reserve. Two years ago he left his wife and associated subsequently with a half-breed woman by the name of Mrs. Miller, Indian agent of Washington and British Columbia have been trying to straighten the tangle out, but without avail. The police are now looking for Mrs. Miller, of whom all trace has been lost since she was seen with the late Jim McLeod in the power sloop that was later found wrecked. Provincial Constable Rogers found the body of

McLeod floating off Parker Island yesterday.  
 Dominion Police Officer Tom O'Connell, and Provincial Constable Robert Owens are leaving to-day for the scene of the tragedy to pursue further investigations. There is no doubt that McLeod was murdered, it is stated by the police.

**DO YOUR EARS BUZZ? HAVE YOU HEADACHES?**  
 When your ears ring, your head aches, and you seem slightly hard of hearing, beware of Catarrh. Mr. J. A. Hammill, writing from Greenmount, P. I., was similarly troubled, and writes: "No one could have worse Catarrh than I had for years. It caused partial deafness, bad taste upset my stomach, made me sick all over. 'Catarrhose' cleared my nostrils, stopped the cough and gave me a clear feeling in my breathing organs. I am now absolutely well, thanks to Catarrhose." Nothing so certain as a Catarrhose Inhaler to strengthen a weak throat, to rid you of Bronchitis, to drive out Catarrh, coughs and colds. Sold everywhere 25c, 50c, and one dollar for complete two months treatment. Dealers: The Catarrhose Company, Montreal. (AdvL.)

Corinne Griffith, who recently completed her new Vitaphone production, "Moral Fibre," with Catherine Calvert, has returned from Hot Springs, Va., where she has been enjoying a brief vacation, and has begun a new picture at the Brooklyn studios. Miss Griffith spent ten days at the Southern resort while the script was being finished for her new production, which will be directed by Webster Campbell.

# GENERAL ELECTRIC HEADS ARE HERE

### President and Vice-President Return From Orient

Many prominent American business men were on board the Empress of Russia last evening among them being Gerard Swope, of New York, President of the General Electric Company, and Owen D. Young, Vice-President of the General Electric Co., and Chairman of the Directors of the Radio Corporation.

Both have been on a business trip to investigate conditions, and to plan for extensions and developments in the Orient.

Mr. Young, who is a lawyer by profession, and well known in business circles in New York and Boston for his association with the directorate of a number of financial corporations, stated to The Times that

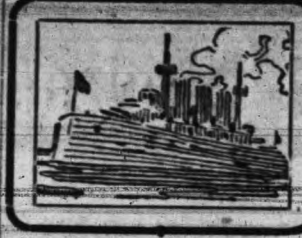

## VICTORIA MAY BUILD TWO RACING YACHTS OF CLASS "R" TYPE

As the outcome of the Pacific International Yachting Association Regatta, Victoria will probably have two racing yachts of the class "R" type, similar to the "Pawnee" and the "Plover," by the time next season's race for the Lipton Cup is staged.

It is understood that two of Victoria's yachtsmen are considering the construction of such a type of racing craft. One has already got into touch with British yacht designers to secure plans, and the other may be designed by Ted Geary.

substantial progress had been made in the Orient, notably in Japan, in those companies which had taken Mr. Swope and himself to the Far East, but owing to the internal disquieting in China electrical development and radio-telegraphy were moving somewhat slowly. In Japan, on the other hand, owing to the Government control it was easier to deal with.

Mr. Young said he found that the large institutions in China were anxious to do business with American capital, and after four months' stay there he came back convinced of the great openings for trade development, which would be beneficial not only to the foreign firms, but in giving stability to the Chinese themselves.

## HAD DECORATION CONFERRED WHILE VISITING JAPAN

### Owen D. Young, Radio Expert, Presented With Fourth Class Order of Rising Sun.

Owen D. Young, of New York, vice-president of the General Electric Company, who, with Gerard Swope, president of the General Electric Company, arrived here last night aboard the liner Empress of Russia, was decorated with the Fourth Class Order of the Rising Sun prior to his departure from Japan, in recognition of his work in radio development.

Mr. Young, who is also chairman of the Board of Directors of the Radio Corporation of America, has been very active in the extension of radio service in many parts of the world, and was conspicuously identified with the establishment of stations giving direct radio between the United States and Japan. It is understood that he contributed largely toward the opening of the wireless station at Taira, Japan, and the establishment of wireless communication with the Hawaiian Islands.

Previously Decorated.

Gerard Swope, president of the General Electric Company, who has been touring the Far East in company with Mr. Young in connection with the extension of the interests of the company in the Orient, returned to Japan in Japan forty years ago. Mr. Swope was also presented with the Fourth Class Order of the Rising Sun by the Japanese Government because of his activity in the extension of the business of his firm in Japan and the services he rendered Japan by so doing.

Messrs. Swope and Young are proceeding East over the Chicago, Milwaukee & St. Paul Railway, and will be accompanied by Fred O. Finn, local agent of the company, as far as Chicago.

Mr. Finn met Messrs. Swope and Young while on his recent tour in the Orient.

SHIPPING NEWS FROM DAY TO DAY

## Liner Empress of Russia Is Still Queen of Pacific

### Failed to Lower Her Own Record By One Hour and Forty Minutes on Trans-Pacific Voyage, But Has Edge on Empress of Asia By 48 Minutes.

R. M. S. Empress of Russia still holds the speed record of the Pacific, although on her voyage completed last night she failed to lower her own best record by one hour and forty minutes. The controversy that has hinged around the respective speeds of the sister liners Empress of Russia and Empress of Asia was definitely settled yesterday when the Empress of Russia completed her eighty-seventh voyage from Japan in the actual steaming time of 8 days 21 hours. This beats the time of 8 days 21 hours 38 minutes credited to the liner Empress of Asia by exactly thirty-eight minutes.

**Record Uncovered.**

But the Empress of Russia is the holder of a speed record which has been stowed away for years under the covers of a musty log-book and which lost much of its lustre by lack of publicity. On May 21, 1914, the Empress of Russia established a trans-Pacific steaming record of 3 days, 19 hours, 50 minutes. This is vouched for by the unimpeachable authority of Chief Engineer W. J. P. Davies, who has been in charge of the engine room of the Empress of Russia for the past seven years. The record was established when "Jock" Adamson was in charge of the Russia below decks, but Chief Engineer Davies has the time in black and white and his authority cannot be disputed.

The credit for the fastest trans-Pacific time has gone to the Empress of Russia, and the news was broadcast, even to the outlying portions of Japan and China, and across the Atlantic to the United Kingdom.

The modesty of the Empress of Russia's complement allowed her to retain the supposed honor for such time as it took to rake out of obscurity the records which gave her the premier place for speed on the Pacific ocean.

## NEW EMPRESS HAD SUCCESSFUL TRIALS

### "Canada" Is Expected to Be Ready for Pacific Trade by September

Two crack liners will be added to the trans-Pacific service of the Canadian Pacific Ocean Services, Ltd., by the coming fall, according to information brought by the liner Empress of Russia from Hongkong.

The palatial new liner Empress of Canada has very successfully run her official trials on the Clyde and from the latest reports in circulation at Hongkong the newest addition to the fleet will be ready for commissioning by September. The completion of the Empress of Canada, together with a number of other large British ships, has been seriously delayed by the strike on the Clyde. It is not improbable that the Empress of Canada will complete her fitting out at one of the ports on the European continent.

The departure from England of the newly-acquired liner Empress of China, ex-Prinz Friedrich Wilhelm, has been hampered, it is understood, by the coal strike. The Empress of China, however, will be on this coast by the fall months and will take her place in the trans-Pacific service.

Capt. S. Robinson, R. N. R., commodore of the C. P. O. S. fleet on the Pacific, returned from the Orient in command of the Empress of Russia with Capt. W. Dixon-Hopcraft, R. N. R., standing by. The latter skipper boarded the Russia at Yokohama.

Capt. Robinson was looking forward to a six-month holiday—the first he has had since before the war—but the length of his vacation will be greatly diminished should the Empress of Canada be completed by September. The Empress of Canada will take over the Empress of Canada and bring her out to this coast from Liverpool.

Chief Engineer Albert, who relieved Chief Engineer Davies, on the Empress of Russia for a period, will come out in the Canada as chief engineer.

Mr. S. F. Tolmie, who is probably the most experienced and ablest of the C. P. O. S. fleet, will be under the command of Capt. W. Dixon-Hopcraft.

### THREE HUNDRED OCCUPIED SALOON SPACE ON RUSSIA

Arriving in port last night from the Orient, the liner Empress of Russia brought in two hundred passengers in the saloon, the list including many interesting people.

A most charming personage aboard was the Comtesse Chabannes de Falco, who is returning to Paris following a tour of the countries of the Orient.

Dr. T. P. See, noted Chinese educationalist, is returning to Washington, D.C., accompanied by his family. Dr. See, who is stationed at Washington, where he is in full charge of the allocation of the Red Cross indemnity fund among Chinese students in the United States. The indemnity levied by the United States against China following the Boxer Rebellion is now being utilized for the education of Chinese students in the States. Dr. See has made various trips across the Pacific and was educated in the States, taking his medical degree at the George Washington University.

C. E. Harvey, vice-president of Frank Waterhouse & Company, and representative of the Waterhouse interests at Kobe, came over on the Russia to confer with his business associates in Seattle.

J. C. Vint, of Seattle, veteran gold miner of Alaska and Siberia, mushed across the Pacific by the Russia.

Several Indian officers and officials were on board the Empress. J. F. Dyer, secretary to the Government of the Central Provinces, who arrived with Mrs. Dyer, stated that the conditions had been somewhat troublesome this Spring, and that several Europeans had been stoned in Nagpur. No white person, however, was seriously injured. He, however, spoke hopefully of conditions in the heart of India.

Lt.-Col. F. K. Puckle, of Bombay, is an officer with considerable experience in Mesopotamia. It is understood, proposes to take up land in British Columbia on his retirement.

Gerard Swope, president of the General Electric Company, and O. D. Young, vice-president of the General Electric Company and chairman of the board of directors of the American Radio Corporation. They have been in the Far East for two months, spending most of the time in China and Japan.

D. Jackson, of the Hongkong and Shanghai Banking Corporation at Kobe, is en route to England on a vacation.

Percy C. Schaefer, proprietor of the firm of Schaefer & Co., Yokohama, who is on a business trip, was routed to Vancouver.

Long in Korea.

Dr. J. Z. Moore, of Pyeung-Yang, Korea, accompanied by Mrs. Moore and family, crossed the Pacific by the Russia on furlough. Dr. Moore, who is connected with the Methodist Episcopal Mission, first went to Korea in 1903.

E. Baumgartner, manager of the firm of Silver & Hegner at Kobe, passed through to Vancouver, where he purposes to spend a vacation.

Miss M. H. London, who is associated with the Foreign Mission Board of the Presbyterian Church, is bound from Tokyo to the United States on a holiday. Miss S. Alexander, also a member of the Foreign Mission Board of the Presbyterian Church, with headquarters at Osaka,

## Had Poor Coal.

When the Empress of Russia cleared from Yokohama on July 2, Chief Engineer Davies had an idea at the back of his cranium that it would be possible to lower the Russia's own record, and thereby set all arguments at naught.

"And we should have done it," declared the Chief, "but for the fact that this trip we had poor coal."

At any rate we have beaten the alleged limit of the Asia.

The Chief said that he acknowledged no speedier ship than his own on the trans-Pacific route.

## Nearly Twenty Knots.

Taking departure from Kannon Zaki, off Yokohama breakwater, at 1:10 p.m. July 2, the Empress of Russia jogged across the intervening 4,185 miles to William Head, at an average speed of 19.85 knots, and from Kannon Zaki to William Head her actual steaming time this voyage was 8 days 21 hours.

The liner stopped her engines off William Head at 3:10 o'clock last night.

## Wagers Laid.

The fastest day's run was on Friday, when the Russia reeled off 466 miles. Excitement was at high pitch among the passengers, who laid wagers

## FIXING CHARTER FOR BARQUENTINE

### S. F. Tolmie Will Have Charter Awaiting Her When Ready to Go on Berth

Charter is about to be closed at a favorable rate for the wooden barquentine Simon F. Tolmie and it is confidently anticipated that the fixture will be announced by the time the vessel is completed for sea.

The vessel will take out a cargo of British Columbia lumber for an off-shore destination, which up to the present time has not been officially disclosed.

Mr. S. F. Tolmie is now lying alongside the plant of the Victoria Machinery Depot, Ltd., where a start has been made in putting the ship in shape.

There is a considerable amount of deck and rigging work to be completed and the vessel will be hauled out for cleaning and painting.

## Plans For Other Ships.

As soon as the S. F. Tolmie has been put into commission and the charter arrangements definitely settled, it is expected that tenders will be called for the completion of the two vessels now lying in an uncompleted state on the ways at the Chober shipyard. The barquentine Sir Henry Drayton is well advanced, having been planked to the turn of the bilge, and the third vessel is in frame.

In all likelihood the completion of these vessels will provide work for a large number of men during the Fall and Winter months.

### Where Bowlers Were Barred

The History and Romance of Bowls.

Bowls has a history more ancient and splendid than that of either cricket or football.

You may see it pictured on old manuscripts, the ink on which was dry when the Great Charter was signed seven centuries ago. So popular had it become in the time of Richard II, that it was forbidden by law because it interfered with the practice of archery, while in Henry VIII's reign it was associated with so much gambling and dissipation that the law stepped in again.

But in spite of such difficulties it flourished through the centuries. Every village had its bowling green, and there was one attached to every country house. The greatest in the land vied with the humblest in their enthusiasm.

Henry VIII, spent hundreds of happy hours in his Whitehall bowling alleys. James I. was "passionately addicted" to the game; and Charles I. had a great love for it.

**Hints to Players**

Shakespeare sang its praises in several of his plays; and it was from a game of bowls on Plymouth Hoe that Drake went to scatter the proud Spanish Armada.

The game is played with heavy bowls on a very smooth green from thirty to fifty yards wide. The bowls, which are of wood, are from six to seven inches in diameter. They are turned more or less oval, with one side a little rounder than the other. This gives a bias to the bowl, which runs in a curved direction instead of straight.

Any number within reason can

play the game; but usually the players are arranged into opposing teams of four each, each man playing two bowls. A small white ball without bias, known as the jack, is thrown to a distance of not less than twenty yards from one end of the green; and the object of each player is to roll his bowl, with an underhand throw, so that it lies as near the jack as possible.

Our eight players follow in turn until all the sixteen bowls are on the green, when a point is counted for every bowl belonging to one side which is nearer the jack than the nearest bowl of the other side. In the next round the player whose bowl was nearest the jack in the previous round leads off from the other end of the green; and so on until one side has scored a game, which may be any number of points mutually agreed on—usually twenty-one or thirty-one.

The great interest in the game consists in either knocking an opponent's bowl away from the jack, or taking the jack away from his bowl and bowling your own as near to it as possible.

In aiming, you have to allow for the curious bias, which makes the bowl curve either from the right or the left.

The next thing to observe is pitch. In regulating this you must study your green, for all greens are by no means "like a billiard table." You must adjust your pitch to the ground you are playing on. As for pace, the player's eye should aid him; and he must vary it according to whether he intends to lie up by the jack or drive away an opponent's bowl.

In placing the players, the least skilful should go second, because he can then do least harm; the third should be able to "rake" or "ride," while the "skip," or captain of the side, should be the most experienced performer. To "ride" is to play with such force as to strike out an opponent's bowl, or send the jack off the edge of the green—a risky game; for, if the object is missed, the bowl is lost or it may displace one of the best bowls of its own side. "Raking," which generally is better than "riding," because its results can be foreseen more clearly, affords more scope for tactics—such as displacing and taking the place of a bowl; driving a short bowl up to the jack; or throwing your opponent's nearest bowl when it is jack-high—TITBITS.

### FROM THE PUBLIC LIBRARY SHELVES

By Edna Marwick  
"Main Street," Sinclair Lewis.  
"Potterism," Rose Macaulay.  
"The Mountebank," W. J. Locke.  
"Silence of Colonel Bramble," Andre Maurois.  
"Back to Methuselah," G. B. Shaw.  
"Abraham Lincoln," John Drinkwater.  
"Right Royal," John Massfield.  
"Outlines of History," H. G. Wells.  
"Now It Can Be Told," Sir Philip Gibbs.

The above books, which are now available at the Public Library, it is hoped, will prove enjoyable reading for vacation time. Persons holidaying in the city, those in search of "summer reading," and teachers at the Summer school, who perhaps have been exiled from books during the winter months, are urged to take this opportunity of keeping in touch with modern thought on all subjects. "Main Street," by Sinclair Lewis, a very popular book at present, is called by some critics a study of democracy, first hand. It is the story of a sordid little town, typical of thousands of sordid little towns and cities, in a rather sordid world. The characters are amazingly human—amazingly, because one is amazed at the discovery in them of so many foibles, prejudices, and much narrow-mindedness which go to make up the characters of ordinary everyday people. "Potterism," by Rose Macaulay, with which it is a very honest and illuminating picture of democracy in the byways of our towns—and cities, the democracy which is not preached about, but to which we cannot blind ourselves.

A book which should be read along with "Main Street" is "Potterism," by Rose Macaulay. The former is an American, the latter an English story of ordinary everyday people. Both books there are persons who revolt against common opinion and prejudice, but in either case they are defeated by the power of the commonplace. The story of the Potter family, and the Potter press is the basis of Miss Macaulay's book. The author, working upon this basis, makes keen and very humorous thrusts at the whole race of "Potterisms," who may be defined as, "individuals who are not to be talked through their hats without knowing, second-hand ignoramuses who accept opinions wholesale." "You can't get away from it, except by keeping quiet, and learning, and wanting truth more than anything else." Clever characterization enhances the value of this enjoyable book.

William J. Locke's good writing, clever character and humor make all his books stand above the level of the rank and file novel. His latest is no exception. "The Mountebank" is the story of a clown, who rises and rises to the rank of general. With the coming of peace, he returns to his old profession, but his heart is gone out of his work. How the general turned clown is rescued from his undignified position is the climax of the story. The book is one of the best this inimitable story-teller has written.

Another war book, but of a vastly different type is "The Silence of Colonel Bramble," by Andre Maurois. During the war the author acted as interpreter with a Scottish division, and his book is a portrayal of British character from a witty Frenchman's point of view. The different characters speak for themselves in a series of delightful mess-room conversations. Critics speak of this as "the wittiest book of comment on warfare and our national prejudices."

A play well worth the reading is Drinkwater's "Abraham Lincoln." The honesty and uprightness, the power to stand alone, the wonderful insight and quick mind of President Lincoln are finely presented. The play covers the period from the time he became President to his death. It shows the man facing the civil war with all the courage of necessity, and the realization of great issues, while hating, on the other hand, the appeal to force, which he says is "the misdeed of an imperfect world."

The latest drama from the pen of George Bernard Shaw is entitled "Back to Methuselah." Like all the plays of this writer it flaunts his own scientific, religious and political creed. The statement of the play is that the time is coming when man will live again to the mature age of Methuselah, and that this will come to pass through the will power of man, who realizes that the span of life is all too inadequate. Shaw's views are, as always, intensely interesting.

Critics have a great deal to say both for and against John Massfield's last narrative poem, "Right Royal." While ordinary readers will agree that it does not equal the previous one, "Reynard the Fox," yet we cannot dismiss the poem unread. It is the story of a horse with great points and virtues for speed and endurance, but who has lost a number of races by going panic-stricken. There is a very vivid description of a horse race in the true Massfield style.

A work which has had its full share of praise and blame is H. G. Wells' "Outlines of Life and Mankind." Whatever its defects, they are undoubtedly outweighed by its merits. The book does not pretend to be specialized; it is a bird's eye view of its subject. As a critic has said, "It is full of vivid historical sketches and of telling raps upon the knuckles and noses of the great. In the larger edition there are excellent illustrations, and it is with this edition that all teachers should become acquainted as the book is one which has made its mark on an educational standpoint."

"Now It Can Be Told," by Sir Philip Gibbs, gives some episodes of the war as this famous journalist observed them. He says: "I have not painted the picture blacker than it was, nor selected gruesome morsels and joined them together to make a 'horror' for ghastly delight. I have tried to set down some aspects of war's psychology, without exaggeration or false emphasis, so that out of their confusion, even out of their contradiction, the real truth of the adventure might be seen as it touched the souls of men." The book is sincere and truthful, written well, with a keen eye for telling detail.

### MEN WHO INHERIT WIVES!

One of the most extraordinary customs in the world is that observed by certain Persian tribes.

When a native woman wishes to display her affection for a friend of her own sex, she proposes that the latter shall become her husband's

wife on equal terms with herself.

"This is the greatest compliment she can bestow," wrote the late Dr. Elizabeth Maclean Ross, who spent some years as a doctor among the tribes of North Persia. She had the hand of many Persian husbands offered to her in this way. "I must say it is somewhat embarrassing," she said, in her reminiscences, "when the gentleman himself happens to be present, and I have sometimes wondered what the effect on the wife would be if her generous offer was accepted."

"When I told them it appeared to me a curious thing that one wife should select another. I was informed that it presented many advantages. It is much better for us to choose

our husband's wife; then we get someone we like and with whom we can agree."

If a husband dies his wives are divided among his brothers, the eldest having first choice and taking all or as many of the women as he fancies.—TIT-BITS.
