U.S. Citizen Killed by Chinese Snipers Near Shanghai

CHINESE FACTIONISTS KILL U.S. CITIZEN IN SHANGHAI ZONE AND WOUND WOMAN

First Casualties Among Westerners in Disturbed Area of China Reported; Missionaries Ask Consulates to Have Warcraft Remove 600 Persons Menaced at Kiu-Kiang.

Shanghai, June 15.—W. W. Mackenzie was shot and killed and his companion, Miss Mary B. Duncan, was slightly wounded by roadside snipers late to-night as they were driving near the American-Columbian Country Club on the Great Western Road.

Following outbreaks at Kiu Kiang, where the British Concession was invaded, the British and Japanese consulates attacked and other buildings, including the Branch Bank of Taiwan, were looted and burned by striking mobs, messages received here to-day said 600 persons residing at the famous missionary at Mount Kuling, overlooking Kiu Kiang, were menaced.

The mission bodies have made representations to the consulates on the necessity of dispatching warcraft of sufficient strength to send landing parties to guard the removal of the Kuling people. Two United States destroyers dispatched from Hankow for Kiu Kiang have arrived supplementing Japanese gunboats now there. Trans-Pacific liners arriving here are experiencing difficulty in loading.

Kiu Kiang is situated on the Yangtze Kiang, about 142 miles from Hankow. It has a population of 60,000.

PEKING DEMAND

Peking, June 15.—Chinese students, merchants, shopkeepers and workmen in the largest demonstration made here during the present troubles, to-day went to the Foreign Office, and demanded that the Chinese Government sever relations with Great Britain and instruct the Governor of Hankow forcibly to take possession of the British concession there.

This move followed the sending by the British legation of a lengthy reply to the Chinese not of dissent over the shooting of a number of Chinese last week during an attack on the British concession in Hankow. The reply declares the Chinese impression that the laws of humanity were disregarded by the British is completely erroneous.

BOLSHEVIKI BUSY

London, June 15.—A Reuter dispatch from Peking says foreigners generally regard the note sent by the Chinese Government to the British legation Saturday, protesting against the killing and wounding of Chinese at Hankow, as the greatest sign of weakness the Government has yet shown. The note is declared to indicate that the Chinese are demanding that China deal with Great Britain alone. The dispatch adds that Gen. Feng Yuh-Siang, whose Bolsheviki leanings are well known, in an interview published in the vernacular newspaper Ching Pao declared in case of hostilities against Great Britain he would be the first in the field. He added that China need not fear Britain, which had a big navy but only a small army.

COUNCIL APPEALS TO RATEPAYERS FOR PASSAGE OF BY-LAW

Outlines in Public Letter Reasons For Adoption of Measure To-morrow

The City Council has issued the following urgent appeal to the ratepayers of Victoria to strongly support the adoption of the Parshalle Estate Land Purchase By-law at the poll to be taken to-morrow at the Market Building:

"The Parshalle Estate Land Purchase By-law, which on June 16, is to be voted upon by the ratepayers, has been carefully considered and unanimously endorsed by the City Council.

"The matter is somewhat intricate, but, briefly, the passing of the by-law will result in the following: 1. Will avoid Provincial succession-tax complications, costly to the city, such as exist in connection with other estates. 2. The by-law calls for no actual expenditure of money. 3. \$8,700 will immediately be paid to the city otherwise would not be received until some year later."

BOLSHEVIST PROPAGANDA BEHIND SHANGHAI STRIKE

That Bolshevist money and propaganda is behind the Chinese trouble at Shanghai, and that this fact has been established in police raids on premises occupied by the strike leaders, was the statement made to-day by passengers arriving on the liner Empress of Russia from Shanghai.

It was further established, they state, that the Russians are using the Chinese students as tools to carry on their efforts to extend the Moscow programme. The strikers are resorting to the old-time Chinese method of threatening the lives of the families of those workers who remain loyal to foreign employers.

EARL OF GOSFORD IN CITY TO-DAY FROM FAR EAST

Notable Passenger on Liner Empress-of-Russia Bound to England.

A distinguished passenger arriving in Victoria to-day from the Far East on board the liner Empress of Russia was the Earl of Gosford, traveling incognito under the family name of Acheson.

The Earl of Gosford, who declined to be interviewed, is returning to England by way of Canada after making an interesting tour of China and Japan.

He passed through this city last fall on his way to the Orient.

Name Presbyterian To Be Kept By Continuing Body

Toronto, June 15.—The General Assembly of the Continuing Presbyterian Church this morning adopted unanimously the motion of a special committee that the name "Presbyterian-Church in Canada" be retained. The delegates also decided to protect themselves against legal proceedings by the provision of a special committee, with all the powers of Assembly to take any action deemed necessary in cases of litigation. Opposition was expressed to this motion, several commissioners stating they looked like asking for litigation, a thing the church must endeavor to avoid.

The matter of a church newspaper is receiving lengthy consideration, with a great variety of opinions being expressed. The special committee recommended this morning that the Presbyterian Record be continued as a larger paper in its present monthly form. Some delegates expressed a desire for a weekly church newspaper, and an amendment was moved that the Record be issued twice a month. Decision on the amendment will be made this afternoon.

The committee recommended that the Moderator, Rev. Dr. Ephraim Scott, be continued as editor.

PREMIER TRIMS BEARD

BEARD OF PREMIER WILL GROW AGAIN

The sun shone on the Parliament Buildings again to-day after the dark gloom of the week. The roses, which had been drooping dejectedly, revived. The robins chirped merrily on the lawns.

Smiles expanded the countenances of Cabinet Ministers who had not smiled for forty-eight hours. The world of politics was back to normal, following the violent eruptions that shook it from pinnacle to foundation on Saturday.

And no wonder! Premier Oliver has started to grow again the beard so unceremoniously shaved off last week after thirty years' faithful service as an ornament, an inspiration to cartoonists, a landmark and a political institution.

News that the Premier had repented of the reckless impulse which caused him to order the sudden removal of his life-long facial adornment was received here with unbounded joy. Mr. Oliver had not got any further than Vancouver on his way to Ottawa Saturday than he was forced to admit that he didn't like his looks any more. When he stepped off the boat he could not grow too quickly to suit him.

Not only were politicians complaining about the Premier's loss of millions, but the Premier confessed—were threatening to make his life miserable.

And so when the Premier arrives back here again at the end of the month he will look as he used to look before he got into a life-and-death struggle with a razor.

PERSIA LEAVES CONFERENCE ON ARMS CONTROL

Geneva, June 15.—Persia to-day withdrew from the Conference for Control of the Traffic in Arms, because of the conference decision that Persian ships in the Gulf of Persia could be searched if suspected of engaging in forbidden arms traffic.

MONEY CHEQUES NOW TELEGRAPHED

New York, June 15.—Experiments are being made by several New York banks in the telegraphing of cheques by means of an instrument which photographs the cheque in one town and reproduces it in another. It was learned to-day that the innovation, it is hoped, will result in a great facilitation of banking business.

Cheques have been successfully telegraphed from New York to Chicago. The officials of the Federal Reserve Bank of New York, which handles a large number of out-of-town cheques, are said to be watching the experiment.

ROTARIANS MEET IN CLEVELAND

Cleveland, June 15.—Thousands of Rotarians are here for the sixteenth annual convention of Rotary International. Twenty-five of the thirty nations where there are Rotary Clubs are represented in what officials predict will be the organization's largest convention. Judging by the registration to-day, more than 12,000 delegates will be on hand, officials predicted, when the convention gets under way to-night with a banquet.

Business sessions will begin Tuesday. Nineteen Blackfeet Indians from the Glacier National Park Reserve are guests of the convention. They pitched their tipis in the public square.

FIREMAN IN SAN FRANCISCO LOST HIS LIFE

Overcome by Smoke and Drowned in Basement During Big Blaze

Loss in Two Fires \$3,000,000; Thousands of Cattle in Streets

San Francisco, June 15.—Two fires among the worst that have been experienced since this city was partly destroyed by flames in 1906, last night claimed the life of Lieut. J. C. Hierly of the fire department and caused damage estimated at approximately \$3,000,000. In addition to the fatality three firemen were injured.

The largest fire burned away three of the principal packing houses in the Islais Creek section and thousands of cattle ready for slaughter were sent roaming through the streets when they were freed from their pens by firemen.

Lieut. Hierly was overcome by smoke and drowned in five feet of water in a basement in the first fire, which destroyed two buildings in Clay Street in the downtown district.

The Islais Creek fire, which continued burning after daybreak, did damage estimated at \$1,000,000. A street car stalled in the path of the flames was burned to the trucks.

In the packing-house district numerous trucks owned by the Mohawk and Continental Oil plants, which threatened to explode from intense heat and sparks.

TRADE WITH INDIA SHOWING STEADY GAIN

H. H. Chisholm, Canadian Trade Commissioner at Calcutta, Here To-day

"Trade between Canada and India is developing steadily with an increasing market offering for timber and machinery," said H. H. Chisholm, Canadian Trade Commissioner at Calcutta, who reached here to-day on board the liner Empress of Russia. India, stated the trade commissioner, is a conservative country in trade, but with her teeming population, presents a big field in the development of trade between the British Empire and India.

There is a good market in India for railway ties, cotton machinery and automobiles and notable strides have been made in this direction by Canadian industrial firms.

Since Mr. Chisholm went to India three years ago he has carried on a great deal of missionary work that is bound to benefit Canadian trade in the future. He has established numerous trade agencies at all principal points in India.

RAILWAY TIES

Mr. Chisholm states that one of the Canadian firms to invade the Indian field with a keen perception of its possibilities, was the H. R. MacMillan Company of Vancouver, which concern had shipped large consignments of railway ties to Bombay and Calcutta.

ARCTIC AVIATORS READY TO START SEARCH FOR AMUNDSEN

Advent Bay, Spitzbergen, June 15.—The two seaplanes of the Norwegian Government's expedition to search for the Amundsen-Ellsworth North Pole party of explorers have made trial flights here. The expedition arrived Saturday on the steamer Ingre.

A veteran pilot of the Arctic Sea, Ole Olson, navigated the Ingre through the numerous floes at the mouth of the fjord into the clear waters of Advent Bay, where one of Amundsen's auxiliary ships, the Fram, was anchored. It was thought the relief expedition would continue quickly on its way, but changes in the arrangements intervened. It was several hours before the Ingre moored to a little wooden jetty and began unloading the planes and spare parts, and a cargo of dynamite she had brought for use on Spitz-

IS EXPECTED TO PAY VISIT TO THIS CITY; EARL HAIG

VICTORIA TO GIVE WELCOME TO EARL HAIG

Field-Marshal is Expected to Come to City in First Half of July

Plans Following Empire Service League Convention in Ottawa Changed

Field-Marshal Earl Haig is to make a brief visit to the British Columbia coast during the first half of July, following the convention of the British Empire Service League in Ottawa. Receipt of this news from Ottawa created great interest among the veterans of the Great War in Victoria, as they expect to have an opportunity of welcoming the war-time Commander-in-Chief of the British armies in France to this city.

Direct word that Earl Haig, who some time ago was invited by the veterans to visit Victoria, will cross from Vancouver, has not been received as yet, but information to that effect is now confidently awaited.

STROMKINS RELEASED WHEN CROWN OFFERS NO EVIDENCE ON BERYL G. MURDER CHARGE

Will Appear as Witness Against Sowash and Baker. True Bill Was Returned Against Stromkins by Jury.

The murder charge against Paul Stromkins in connection with the Beryl G. case was wiped out this afternoon. A jury was empanelled to try him and a true bill against him was returned.

A. M. Johnson said the Crown had no evidence to offer against him. Mr. Justice Morrison thereupon discharged the jury and ordered the release of the star witness for the Crown. The murder charge against Stromkins thus becomes wiped out. He will appear as witness against Owen Baker and Harry Sowash, the other two men left to answer a murder charge arising out of the Beryl G. tragedy.

The Crown witnesses would assert that Baker, Sowash and Morris took part in the actual killings. That Captain Gillis was shot down on the deck of his own boat and his liquor cargo stolen. That his son William was followed from behind and struck down to his death, and that both bodies were hauled together and thrown over the side with weights around them to keep them down. The finding of the bloodstained Beryl G. adrift and abandoned was recounted and the subsequent events of the arrest of Baker in New York, Morris in Seattle, Sowash in New Orleans and Stromkins in this city. This is the story that Stromkins told at the preliminary hearing against Baker and Sowash and the basis of the Crown's case.

Witnesses in the city for the trial include Peter Marinoff, Tacoma witness who accused Baker at the preliminary hearing with hi-jacking him at Tacoma, and many witnesses from the United States following an investigation there by Deputy Prosecutors H. C. Ross and T. H. Patterson, and Inspector Cruikshank for the Provincial police.

LOWE FOR DEFENCE

R. C. Lowe appears for the defence of Baker, and the defence is intimidated will turn in part against Sowash and Stromkins, sparing neither. Sowash is undefended but in the event of a trial would have counsel appointed for him. Stuart Henderson appears for Stromkins, who frankly faces Baker and Sowash and accuses them of the crime in which he says he took no part other than that of a boatman compelled to attend the scene.

While awaiting trial in this city Baker, Sowash and Stromkins are lodged in separate cells, Stromkins at the City police station and the other accused at the Provincial police barracks.

Ten plain clothes officers of the Provincial police attended the opening session, and this guard is reinforced by details from the city police. One of the details present for the consideration of the grand jury to-day included: Rex vs. Joe Bailey, receiving stolen goods; Rex vs. Frank B. Brooks, Rex vs. Brahm Singh, procuring; and Rex vs. Harvey McAdam, statutory offense.

GLACE BAY POLICE DRIVE BACK MEN OUT TO LOOT WAREHOUSE

Sydney, N.S., June 15.—An attempt early this morning to loot the warehouse of the British Empire Steel Corporation at Glace Bay was frustrated by the town police assisted by the special constables recruited from the ranks of the United Mine Workers of America. An entrance had been effected and about thirty men were engaged in looting when the police arrived, according to Chief of Police George Costey.

The raiders were ordered out and they left without resisting. The night's activities also included the ransacking of three privately-owned stores in the Caledonia district. A small coal pocket, near No. 2 bankhead, was on fire early this morning, but the blaze was extinguished without much damage being done.

In the Northern area, a mob of upwards of 1,000 raided Campbell Brothers' grocery store and cleaned it out. An attempt to raid the warehouse of the Mutual Warehouse Company was frustrated by the police. A troop train from St. Johns, Que., is reported to be due here this afternoon.

LISBON GUARDS WERE WOUNDED

Lisbon, June 15.—Two policemen were seriously injured last night by a powerful bomb that was hurled at them. Revellers returning from a dance found the two wounded policemen lying in the street.

NUMEROUS RUMORS
London, June 15.—A dispatch to the Exchange Telegraph says numerous disquieting reports are reaching Shanghai alleging widespread anti-foreign risings throughout the country. There has been a determined effort to prevent the publication of foreign newspapers in Shanghai and all Chinese employees on these papers have ceased to work. Foreign staffs and volunteers up to the present have been able to get out the editions.

other. They soared in the brilliant midnight sunshine, the Norwegian colors, a blue and white cross on a red field, painted on the planes, glistering in the light. This spectacle gave delight to the patriotic Norwegians, who form a majority of the local population.
MACHINES ARE READY
The machines behaved excellently during about two hours of trial flights. It was 2 o'clock in the morning when they descended, but the sun was shining and the fascinated crowd which watched them from the shore had no thought of bedtime.
MACMILLAN EXPEDITION
Boston, June 15.—Commander Donald R. MacMillan declared that "Frid Amundsen first" would be the slogan of the coming Arctic expedition when he imparted his final instructions to his crew at the Ingram Club in the Charlestown Navy Yard Saturday night.
The explorer showed his crew 8,000 feet of film depicting his last

dash into the Arctic, saying the coming expedition would follow the old route. He said he had selected Dr. Leo Davidson of the Peter Bent Brigham Hospital staff as medical official, and Rufus Sewell of Wisconsin as steward on the ship Peary.
Asked if he had found it difficult to get a crew for the Peary, Commander MacMillan replied that his real trouble was keeping aspirating Arctic explorers away.
"Only to-day," he said, "a boy of sixteen arrived from Maine, after walking all the way to join my crew. This morning four Harvard students begged for jobs on the Peary, anything from washing dishes to acting as a machinist. Even women seemed anxious to go. Several volunteered to act as nurses and cooks aboard the Peary."
TAKING REFRIGERATORS
Commander MacMillan said both of his ships had been equipped with electric refrigerators.
"We shall have our own weather until after we get north of Labrador and all of our fresh supplies would rot before we were a few days out if we did not have them," he said.
He also pointed out that in an emergency the ship Bowdoin could literally harpoon its oil supply. Equipped with a sixty-five horsepower engine, the schooner could easily ram a whale dead if the fuel supplies ran low, he explained.

HAIG TO VISIT CITY
(Continued from page 1)
VANCOUVER INFORMED
Vancouver, June 15.—Field Marshal Earl Haig will visit Vancouver next month, according to official word received here from headquarters of the Great War Veterans' Association in Ottawa. Earl Haig had previously announced it would be impossible for him to come west of Winnipeg. He will leave Winnipeg for Vancouver July 4, but is expected to make some stops en route to the coast.
OTTAWA MEN INFORMED
Ottawa, June 15.—A cable received by C. G. McNeil, Dominion secretary-treasurer of the Great War Veterans' Association, last night from the headquarters in London of the British Empire Service League intimates Field Marshal Earl Haig and his party will visit British Columbia while in Canada.
Earl Haig had up to now declined invitations to go to that province, but last night's cable indicates a change in his plans while in Canada.

Introducing VALETERIA
A NEW SERVICE FOR THE WELL-GROOMED

VALETERIA—a new word, but a word that you'll welcome when you learn what it means.
It means "valet service"—not the kind of service you've known in the past, but a new service that shapes your clothes while it presses them—just as was done when they were made.
We can say most in fewest words by telling you that this is the remarkable new service that's now being advertised in The Saturday Evening Post.

NOVA SCOTIA STRIKE
(Continued from page 1)
FROM OTTAWA
Ottawa, June 15.—Hon. James Murdock, Minister of Labor, left for the Cape Breton strike area yesterday afternoon. He will endeavor to mediate in the dispute between the coal miners and the employers which resulted some months ago in a strike which has not been settled.
The Department of National Defence is reticent. It is understood troops are being held in readiness to go to the strike area when provincial authorities consider it necessary to demand their assistance in keeping order.
A dispatch from Sydney yesterday said that in telegraphing he was about to leave Ottawa for the Nova Scotia coal strike area to use his good offices to bring about a settlement, Hon. James Murdock, Federal Minister of Labor, urged that all improper activities in the strike zone cease pending his arrival. The Minister's action was viewed with undisguised satisfaction by the members of the executive of District 26 of the United Mine Workers of America.

### MEN ARE ABLE NOW TO SEE BY RADIO

Invention Reported to Have  
Been Tested Successfully  
in Washington

Washington, June 15.—An apparatus by which persons may see moving objects miles away by radio was successfully demonstrated at a private test here Saturday of an invention by C. Francis Jenkins, Washington scientist.

Secretary Wilbur, Dr. George M. Burgess, director of the Bureau of Standards, and other high Government officials witnessed the test. The apparatus was set up in the laboratory of the inventor in downtown Washington. On a small screen the officials were able to see a small cross revolving in a beam of light flashed across a light-sensitive cell installed at a naval radio station several miles away. The object, while not perfectly clear, was distinguishable, witness said.

The invention was tried out successfully two years ago, but the action pictures were recorded only in an adjoining room to that in which the "radio eye," a revolving disc, said to be the secret of the invention, was placed.

### MANY FLASHES

The "radio eye," consisting of a polished mirror of gradual thickness and a number of smaller mirrors, in its revolution breaks up the image of the picture into thousands of flashes, reflecting them into a photo-electric cell. The flashes take a number of "stills" of the moving object, and in reproducing them on the screen, give continuity of action similar to a motion picture.

"I suppose we'll be sitting up at our desks, during the next war and watching the battle in progress," said Secretary Wilbur as he watched.

### FIVE MEN DROWNED WHEN YACHT SANK

Survivors Brought to Shore  
at Newport Beach, Cal., by  
Kahanamoku and Others

Newport Beach, Cal., June 15.—Five men of a fishing party of seventeen aboard the yacht Thelma were drowned at the end of the break-water here Sunday when the craft sank in heavy seas. Those who lived were W. W. Squiers, L. A. Farnsworth, Jack Morris, Edgar Morris and E. E. McClain, all of Riverside. The survivors were brought to shore by a rescue party on surf boards, headed by Duke Kahanamoku, the Hawaiian swimmer. The bodies of the victims were recovered.

### MEXICO REPLIES TO U.S. DECLARATION

President Calles Says Kellogg's Criticism of Government is Unwarranted

Mexico City, June 15.—A formal statement by President Calles was given out to the press in Mexico City Saturday by the Foreign Secretary, General Aaron Seenz, dealing with the recent statement of Frank B. Kellogg, United States Secretary of State, respecting relations between the United States and Mexico. Secretary Kellogg declared the government of Mexico was now on trial before the world, and that the United States Government would continue to support the Mexican Government only so long as it protected the lives and rights of United States citizens in Mexico, and complied with its international obligations.

To this, the Mexican statement replies: "If the Government of Mexico, as affirmed, is now on trial before the world, such is the case with the United States Government, as well as those of other countries. But if it is to be understood Mexico is on trial in the case of defendant, my Government absolutely rejects with energy such imputation, which, in essence, would mean only an insult."

### NEW SOUTH WALES DIVISION OPPOSED

Special to The Times

Sydney, Australia, June 15.—For some years there has been an agitation for the formation of a new state in northern New South Wales, whose inhabitants think they do not get sufficient attention from the state parliament. A Royal Commission was accordingly appointed, and after hearing hundreds of witnesses for and against, it has just reported against the proposal. The commission favors, however, a policy of decentralization, which could be brought about by granting increased powers to local government bodies. It also approves of the creation of county councils for carrying out hydro-electric and other development schemes.

### WALKER FAILED

Toronto, June 15.—Alexander Firmingham, a middle-aged native of Bathurst, N.B., having in his possession deeds of land valued at several thousand dollars made out in his own name, was picked up here charged with vagrancy. He stated he had walked from Montreal and had intended walking to the Pacific Coast, but when he got here he found it too hot. He was fined \$5 and costs.

### CODE AMENDMENT

London, June 15.—Much interest has been aroused here by the proposed amendment to the Criminal Code before the Canadian House of Commons regarding the unauthorized use of the word "royal." Such use here is jealously watched by the Society of Royal Warrant Holders, which takes care that only holders of the royal warrant declare themselves possessors to the King. Even the expression "By special appointment" is not permitted.

### Keating News

Special to The Times

Keating, June 15.—Miss Evelyn Nimmo was hostess at her home on Prosser Road to the Junior Institute Club at the monthly meeting on Thursday evening. The president, Miss I. Lawrie, was in the chair and the club was pleased to welcome a new member and two visitors. Most of the evening was spent in arranging for the annual club picnic, which is to be held at Equimait Lagoon, July 4. The committee reported having purchased a mirror for the ladies' room at the hall. At the close of the meeting dainty refreshments were served by the hostess.

### SUMMER DANCES

The first of the series of the Summer dances to be held in the Temperance Hall proved very successful and enjoyable on Friday evening, the gaily decorated hall being packed with dancers from the surrounding districts and Victoria. Ozard's three-piece orchestra supplied excellent music and a delicious supper was served at midnight. Another of these popular affairs will be held next Friday evening.

### STRAWBERRY CROP

The judging in the strawberry crop competition, which is held yearly by the South Saanich Farmers' Institute, was completed last week and the successful competitors announced. Competition was very keen, first prize being awarded to J. N. Wood with Mr. Miller a close second and W. Holloway third. Mr. White of the Department of Agriculture and George Robinson of Elk Lake were the judges and the prizes

will be presented at the Farmers' Institute meeting Thursday, when Professor Straight of the Experimental Farm will address the gathering.

### WOMEN'S INSTITUTE

The monthly meeting of the South Saanich Women's Institute will be held on Thursday evening, Mrs. H. Lawrie will give a paper on Institute work and methods after which the ladies will join the men's meeting to hear Professor Straight and for a social evening.

### YOUNG PEOPLE'S CLUB

The Young People's Club of the Union Church will meet in the church parlor on Monday evening, June 15, at 8 o'clock. After the business it concluded a social evening in charge of the convener, Miss Blanch Sherring, will be held and if the weather permits this will take the form of a bonfire party at Island View Beach.

Another of the regular fortnightly card parties held by the South Saanich Women's Institute will take place in the Temperance Hall on Saturday, June 20, the hostesses for the evening being Mrs. Tanner, Mrs. Wood, Mrs. Robinson and Mrs. Gale.

Miss Edna Butler is spending a

holiday in Duncan as the guest of her aunt, Mrs. Moran.

Mrs. E. Waller of Victoria spent Thursday at the home of Mrs. H. Lawrie.

Misses Bianche and Janet Sherring visited relatives in Port Angeles over the week-end.

Miss Gwen Smith of Courtenay is the guest of Mr. and Mrs. E. F. Johnston for the summer vacation.

Mrs. R. Winter of Victoria was a visitor at the home of Mrs. E. T. Lawrie, Giles Road, recently.

"STATE INTERFERENCE WITH INDUSTRY"

AFTER DISCUSSING THE report of the shipping subsidy committee the morning paper has reached the conclusion that it may be taken for granted "that this latest attempt at state interference with industry will be dropped."

State interference with industry! Any suggestion of it sends a cold shiver down the back of special privilege. How dare the people through their Parliament attempt to interfere with a monopoly which is charging them three or four times more to carry them and their goods across the Atlantic than it did a comparatively few years ago? How dare Canadian industry utter a word against ocean freight rates that are gradually reducing the opportunities which the Canadian manufacturer once enjoyed in United Kingdom and foreign fields? Why should the King Government consider it its business to see if it would not be possible to get more British people into Canada at a quicker rate than the present passenger fares across the Atlantic permit? Why should it desire to bring about a more speedy development of the Empire for which the Conservative opponents of the subsidy plan manifest such concern when they imagine political capital may be made out of such manifestation? What does it matter if the North Atlantic Conference charges another five dollars a head to carry Canadian steers to Great Britain? What has the morning paper to say about a course of "state interference with industry" which had aimed to reduce the price of carrying our cattle to the United Kingdom to something near the figure which would give the stockraisers a margin of profit? To do these things would amount to a disturbance of a monopoly which is preventing the expansion of Canada's export trade and thinning the stream of migrants which would flow to this country from Great Britain and continental Europe if passenger fares were more reasonable.

But it is "state interference with industry" to tell the shipping companies that they are operating too many ships for the business which is offering at the present rates. It is "state interference with industry" to suggest that if these rates were to be cut, more people would travel and still insure the dividends which Conference lines are now earning. It is infra dig. to suggest that if the manufacturer over-equips he has to put up with the loss himself and has no chance of unloading the cost of his folly upon the public. It is a colossal blunder to show that ships on the Atlantic are leaving ports on both sides within an hour of one another on several days of the week with half loads of passengers and freight—and very often less than half loads. The Petersen plan may not have been the right plan. But the truth is the Canadian people have now learned that this Dominion's progress is being hindered by the present schedule of rates on the Atlantic. And although Sir Robert Borden and Mr. Meighen are on record in favor of breaking the monopoly which exists, the present leader of the Opposition in the House of Commons and the morning paper, purely for political reasons, would do nothing to disturb its operations.

ALL LOPHOLES SHOULD BE CLOSED

NEWS FROM OTTAWA On Saturday did not make it quite clear as to whether the legislation which Hon. Ernest Lapointe will introduce in the House of Commons this week will prevent both the private individual and the export warehouse from importing liquor into British Columbia, or whether the latter will be allowed to remain in business, but subject to suppression at the request of the provincial authorities. The dispatch suggests that if the warehouses now importing alcoholic liquors for export, but whose activities long ago have led to the belief that much of the imported pro-

duct is being distributed in the Province—against the law—and not shipped out, the Conservative majority will again reject the Government's bill on the ground that cancellation of export warehouse licenses would be determined by political considerations, the inference being that the British Columbia Government would leave the "plums" in the hands of their Liberal friends.

There should be no necessity to regard this latter suggestion with any seriousness; but the specious arguments advanced by Conservative senators on former occasions when the measure in question was before them demand that careful note shall be taken by this Province of the threat contained in the dispatch to which we refer. As we have already said, however, there should be no question about the future of the export warehouse. It is an unnecessary institution and its activities in the past have undoubtedly made it extremely difficult for the law officers of the Crown to enforce the Liquor Control Act. Much of its stuff gets into the hands of the small bootlegger who dilutes it and sells it to his clients at a big profit. In addition to this it is well-known to the authorities that liquor is being exported to the United States from warehouses operating under Dominion license. What route is taken to get it there is immaterial. It gets there and adds to the difficulties of a friendly nation. Only the Government of this Province should be allowed to import liquor into British Columbia.

THE MINING INDUSTRY

FIGURES JUST ISSUED by the Dominion Bureau of Statistics indicate that more than \$600,000,000 of cash is invested in the mining industry of Canada. In this total Canadian investment is represented by fifty-four per cent., American by thirty-one per cent., and residents of Great Britain by thirteen per cent., leaving two per cent. in the hands of residents of other countries.

Two significant points in this statement should be of particular concern to the investing public of Canada and Great Britain. The one is the growth of United States financial interest in the resources of this country and the other is the comparatively insignificant amount of Old Country capital invested in this form of Empire wealth. Our neighbor's interest at least furnishes evidence of her confidence in this Dominion and its future.

Many suggestions have been made as to the best method of drawing the attention of visitors and capitalists to the British Empire Exhibition to the mineral exhibit from this Province. One of our contemporaries seems to imagine that it might be possible to organize a sort of stock-selling campaign in the Canadian Pavilion. Nothing would turn away the Old Country investor quicker than any attempt at showman tactics. He bolts from noise and bluster.

Now that the pound sterling is practically on a par with our dollar, however, it ought to be good business for the Province to send a really capable mining man to Britain to talk to business people in a way which they understand and appreciate. If such a course were to be followed, it seems to us that the present thirteen per cent. investment in Canadian mines would be quickly doubled.

PROOF OF SUCCESSFUL CANADIANIZING

THOSE PEOPLE WHO would completely bar the foreigner from admission to Canada might well ponder over the fact that the Strathcona Schoolboy Choir which sang itself to victory at the recent British Columbia musical festival was composed of Canadian-born youngsters of parents representing no less than eight nations outside the British family.

This is a notable achievement in itself and it can also be regarded as a successful feat of Canadianization. It may be that dormant in the offspring of the foreigner is the germ of prejudice and ignorance which would react under intensive development. But as long as these children are regarded as the future citizens of the country which their parents adopted, and given an opportunity to imbibe the Canadian spirit, their own intelligence will direct them along the paths of progress and good citizenship.

It is an unfortunate circumstance that the foreigner is anathema even to many people in this country who seldom stop to think that the Canadian is just as much the foreigner to the Dane or the Scandinavian as the Dane or the Scandinavian are foreigners to the Can-

dian. It is not to say that this Dominion is anxious for a population of such a polyglot character as that of the United States. But one does not have to go any farther than the telephone directory in any large city of the neighboring republic to find names which represent both sturdy American citizenship and triumph in the realms of industry and finance. Many of these are sons and grandsons of poor emigrants who were foreigners to the people of the United States years ago.

To argue that Canada should reject any white man or woman who is both mentally and physically sound, because of any fear for the future of the country, is to confess an inability to Canadianize and to ignore the testimony which is represented by the musical victory of the Strathcona Schoolboy Choir at the recent musical festival.

DR. FRANK CRANE Analyzing the Emotions

ELINOR GLYN recently said that when we analyze hate we find that most of it is composed of fear. We fear those persons we hate. If we do not fear we are not hating. It is really unwarranted, when one stops to consider that the stockholders of this city have, for the most part, been so kind to do the necessary business to warrant them putting in a good general stock dividend of the most-up-to-date styles and allow our residents to keep pace with the times of larger cities.

In your issue of Saturday evening there was a good suggestion brought forward that the stores during the Summer months start at 8.30 and continue till 8 for five days and Saturday till 7. This is a much better plan than at present, as it would allow the tourist an opportunity to buy every afternoon. Think of the short hours that we have to put up with to have to work less than ten years ago, when the shops were open from 7 till 7, till 9 Friday and 10 Saturday. Can we let other people make them happy, or can we let them be happy in their own way?

A good deal of love, if analyzed, will be found to be mere selfishness. In fact selfishness is the basic ingredient that enters into and corrupts most of our passions. Very few of our emotions and purposes are purely unselfish. Elinor Glyn's statement that hate is mostly composed of fear is correct. If the nations did not fear one another they would scarcely bother to hate one another. In the crisis of war it is essential that hate should be worked up, and this hate is usually based upon the damage to one's own interests.

Much envy and jealousy and anger are also mingled with the inferiority complex. Some men hate people who can tell a good story or be at ease in society because they cannot themselves. For others to display qualities which they do not possess makes them angry. The inferiority complex is very hard in the human race. It is the explanation to a very great extent of why people do not like millionaires or successful men. We resent anything that seems to make a person superior to ourselves. We enjoy giving charity to other people, but we do not like to receive charity from people. It imparts to us a feeling of inferiority, at least more successful than we. In a recent book called "Inspiration and Ideals" by Grenville Kleiser, exhorting us to see things as they are, he says: "Sin is ignorance; noise is inefficiency; anger is weakness; selfishness is selfishness; pride is littleness; sloth is weakness; prejudice is narrowness; envy is meanness; simplicity is greatness; righteousness is wisdom; truth is reality; holiness is wholeness; love is unselfishness."

WORDS OF WISE MEN

To run the world back to its first original, and view nature in its cradle, to trace the outgoing of the ancient days in the first instance of his creative power, is a research too great for mortal inquiry.

Crimes are the actions of physical beings with an evil intention, abusing their physical powers against justice and to the detriment of society.

When we desire anything, our mind runs along the good circumstances of it; when it is obtained, our minds run wholly on the bad ones.

Though we travel the world over to find the beautiful, we must carry it with us, or we find it not.

WHO'S WHO IN HISTORY TO-DAY

MONDAY, JUNE 15

WAT TYLER English leader of a peasants' revolt, was killed at Smithfield on June 15, 1381. He is said to have been a tax-collector who insulted his daughter, and with Jack Straw, to have led the peasants of Kent and Essex to London. While treating Richard II, he was killed by Lord Mayor Watworth.

PHILIP THE GOOD (Duke of Burgundy) regent of France during part of the reign of Charles VI, died on June 15, 1467. He signed the treaty of Troyes by which Henry V of England was to become king of France on the death of Charles, and was allied with the English against Charles VII. He holds the unenviable reputation in history of selling Joan of Arc to his English allies.

GRIEG (Edward) noted Norwegian composer and conductor, was born at Bergen, Norway, on June 15, 1843. His best known compositions are the "Peer Gynt" suite, "Humoresken," and "Norwegian Folk-Songs."

A DENIAL

To the Editor:—In your issue of Thursday last you said that "the case of F. Simpson, a Saanich, charged with driving to the common danger is adjourned, etc." I do not know of any other in Saanich with that name, and as I have been driving an auto ever since July, 1911, and never yet been charged with any breach of the law in that respect, will you kindly state the above statement in your next issue. F. SIMPSON, 2933 Albina Street, WEDNESDAY HALF-HOLIDAY

To the Editor:—I have read with great interest your article in regard to the Wednesday half-holiday, and in every case it seems that the people of this city do not consider it a serious loss of their time, particularly during the Summer months, and it is really unwarranted, when one stops to consider that the stockholders of this city have, for the most part, been so kind to do the necessary business to warrant them putting in a good general stock dividend of the most-up-to-date styles and allow our residents to keep pace with the times of larger cities.

PEACE ESSAY COMPETITION

To the Editor:—As a member of the Peace Essay Committee I have been asked by its chairman, Mr. Charlesworth, to make an omission inadvertently made at Friday night's meeting. Votes of thanks to all those responsible for its success had been arranged, accompanied in a printed programme, and as the chairman himself would naturally have been included in such votes of thanks, the omission which we sincerely regret may be the better understood, and we trust, pardoned.

To His Honor the Lieut.-Governor, therefore, we put our sincere appreciation of the honor he conferred by his gracious presentation of the medals, to S. J. Hillis, Superintendent of Education, also for officiating as chairman and for his kind words of appreciative interest and approval; to the gentlemen associated with them on the platform, the Special Inspector, the members of the Board of School Trustees, the special inspectors, the press, and indeed to all those who contributed in any way to its success.

Special thanks are due to the judges of the essay, Rev. R. Connell, Rev. McEmin and Mr. Pierce for their arduous labors. By adherence to the plan, which calls for six essays only to be submitted by each school, this labor will be greatly lessened for the judges to be appointed next December.

We desire also to thank you, Mr. Editor, and your colleagues, Dean Quason, for your most kind and efficient service in judging the eloquence of the audience, was afforded by Miss Ada Wise and Miss Jessie Carter, artists of exceptional ability and endowments, accompanied in a most-than-usually inspired and musically manner by the veteran organist, well beloved of Victoria audiences, G. Jennings Burnett. The committee join in congratulating Miss Wise upon the further distinction she has won—the silver cup as best soloist of the Music Festival.

In conclusion, we would like to congratulate the contestants, not only those who won, but all who entered the competition, and also their teachers. In laying the foundation for future world citizenship, they are building perhaps better than they know. It is no small matter of congratulation, and augurs well for the future of this coast, the Province, that the Lieut.-Governor, Superintendent of Education, editors, teachers, ministers, leaders of its political, educational and religious thought, can join hands in such a movement as had here its beginning. In following such leaders we follow no blind guides. I would like also to congratulate the Victoria Board of School Trustees who have in this taken a pioneer place. Prizes have been offered under differing auspices for essays on various peace topics, but no local board is going to be the first in the world to have authorized, and put into operation in the public schools an essay and oratorical competition which calls for systematic teaching every week in the school year, of current history in such a way as to promote international goodwill, I trust that special mention of this right to the local board is going to be made in the World Federation of Educational Associations which

A REAL EXPERT'S ESTIMATE.

To the Editor:—I notice you are gravely concerned that 1,500 Shriners should not have had adequate facilities for the purchase of goods and services other than those obtainable at bakeries, barber shops, cigar stands, drug stores, newspaper stands, restaurants, fruit stands, dairies, flower stores, confectionery shops and other similar premises, all "permitted" by the action of the Weekly Half-holiday Act. To this list you would add the wares of "General merchandising establishments," which would presumably include jewelry and fancy goods, fish fertilizer, panes of glass and other tourist requisites. I further notice that your estimate of the loss sustained by the general merchandise establishments amounts to \$30,000.

It would be unwise to underestimate the spending power of 1,500 Shriners, and you are therefore to be commended for the exquisite care with which you have avoided the folly of underestimation. It would be interesting to be in possession of your expert estimate of the amount actually spent at the general merchandise establishments in order to arrive at the total spending capacity of our honored guests. Presumably the amount actually spent on curios, meals, taxis, fruit, hotels, etc., would not be less than the amount remaining to be spent at the general merchandising establishments. This would give a grand total of \$60,000 or \$40 per person, which will join me in the wish that these Shriners may long be spared to spend \$40 daily in addition to their home and traveling expenses, so long as they earn their money, and are not neglect the universal obligation to practice thrift, frugality and carefulness in administering their substance.

It is possible, of course that in avoiding the Charlydis of underestimation you have failed to avoid the Scylla of overestimation. Be that as it may, it is possible to arrive at the probable amount lost by the general merchandising establishments using your estimate as the basis for calculation? The profits on \$30,000 may be taken at say 20 per cent., although I am not unmindful of "slaughter" sales and "sacrifice" prices were less than that percentage would be welcome. At fifteen per cent. the profits would be \$4,500. From this must be deducted the remuneration of the 2,000 merchants and clerks who would work a total of 8,000 hours extra time on Wednesday afternoon. Posing this at fifty cents per hour, we have \$4,000 to be deducted from the gross profit of \$4,500. Other items of overhead, such as light, heat, power, gasoline, etc., would probably amount to the other \$500, and leaving nothing by way of profit to the merchant from the visit of a company of 1,500 lavish spenders. I am of course assuming that it is head proposed to work the clerks four hours extra without making proper payment for their services, and I am also assuming that the clerks are being paid a living wage.

HEALTH & DISEASE

Appendicitis

Appendicitis is the term applied to the inflammation of the appendix. The appendix is the seed end of the large bowel, varying in size from a date seed to the size of a sausage. It lies in the lower part of the abdomen below and to the right of the navel. The cause is not always evident and may vary from a hard mass of faeces in the appendix to influenza, typhoid fever or pneumonia. It will often be noticed several members of one family are affected. It occurs with equal frequency in males and in females. There are two common varieties, one in which there is a slight swelling and redness, which subsides in a few hours, another that goes on to gangrene and rupture. A number of symptoms are usually present, as pain in the lower part of the abdomen, nausea or vomiting and fever. There may be constipation or diarrhoea. Almost all surgeons are agreed that castor oil or salts should not be given in cases suspected of being appendicitis on account of not knowing whether the appendix is going to get better or burst. There is only one treatment, and that is to remove the offending organ as soon as the

LOCAL OPTION IS DEBATED

Berlin, June 15.—Local option as a means of checking the excessive dispensation of alcoholic drinks was demanded by the Berlin Federation of Welfare Workers at the end of a week of propaganda meetings. For moral, cultural and economic reasons it was believed the communes must be given the right to determine whether or not, and how many licenses, for the dispensation of liquor should be granted.

In the course of the debates upon this resolution it was pointed out that in one year jail terms aggregating 45,000 years had been imposed by the courts for drunkenness, Alcohol consumption it was stated, had increased alarmingly since the World War, and the jails and insane asylums were filled in consequence.

The Federation of Welfare Workers is an inter-denominational body, in which all creeds are represented.

GIRL WOUNDED

Saskatoon, June 15.—Severely wounded by the discharge of a shotgun in the hands of her father, who mistook his partly-hidden daughter for a jack rabbit near Humboldt Saturday afternoon, Mary Horki, four years old, is in the hospital in Humboldt. The pellets struck the girl in the neck and left side.

TO-MORROW'S HOROSCOPE

By Genevieve Kemble

TUESDAY, JUNE 16

The sidereal operations for this day are significant of things moving in the ordinary grooves. The impulse to change should be suppressed and affairs kept in routine lines. The mind may be fanciful or disposed to take chances. New projects should be postponed until greater practicality in mental outlook be restored. Sign all writings with precaution.

Those whose birthday it is are under a rather unimportant but auspicious influence. The prospect of affairs moving in routine channels for the year. It would be wise to postpone change and the lure of new projects, as the mind may be in a fanciful or optimistic frame. A child born on this day may have a rather venturesome nature, disposed to take many chances, or risks that might prove hazardous. Otherwise it may look for a rather quiet career.

For A.O.F. Fund.—A progressive five hundred party will be held at the home of Mrs. Smith, 216 Rudlin Street, on Wednesday, June 17, at 8.45 p.m. The proceeds will be used for the A.O.F. building fund. Prizes will be given.

MISS LACE TERRY AGAIN TO HEAD NATIVE DAUGHTERS

Local Post at Annual Meeting Reviews Commendable Year's Work

The Native Daughters of British Columbia, Post No. 3, held their annual meeting on Wednesday evening at the Victoria Club, electing the following officers: Chief factor, Miss Lace Terry; past chief factor, Mrs. P. R. Brown; vice factor, Mrs. H. A. Beckwith; chaplain, Mrs. Stapleton; historian, Mrs. Dods; honorary treasurer, Miss Florence McMillan; recording secretary, Miss "Boo" Wilson; assistant secretary, Miss Elsie Menkus; inner sentinel, Miss Hetta Nettie; outer sentinel, Miss May McCorkill; auditor, Miss Allison Chrow; guide, Miss Lillian Smithurst; trustees, Mrs. Carter and Mrs. A. H. Cook; Mr. I. McDonald.

In her annual report, the secretary reviewed the gratifying progress made during the year under the leadership of Chief Factor Miss Lace Terry.

PRESTIGE TRADITIONS
The Post showed its keen interest in public affairs and a protective interest in historic landmarks by joining with other public spirited organizations; in the first place by a resolution urging the Department of Indian Affairs to look into conditions existing on the Saanich Indian Reserve. It is pleasing to note that this important matter has received the necessary attention.

Secondly, a resolution regarding the change of one of the historic geographical names was protested against, and we have every reason to believe that this change being effected. At our last meeting we decided to cooperate with the Historical Association in the preservation of the Craigflower School as a historic landmark, stated the report.

PHILANTHROPIC WORK
The local work consisted chiefly of support and personal interest in the Children's Aid and the Protestant Orphans' Homes, while at Christmas gifts of money were given to the Friendly Help and Salvation Army. Although interest in the Y.W.C.A. had in no way lessened, no opportunity occasion had presented itself for gifts or donations during the year. The Post also completed the furnishing of its room at the Jubilee Hospital.

The finances of the Post have been augmented from time to time by silver teas, and home cooking sales, in all of which the members co-operated wholeheartedly. While our Post has by no means added riches in a monetary way to its treasury, it has held high the sacred ideals for which it stands. It has ever remembered that we are handed together to uphold and preserve the principals and truths which our fathers laid down in the founding and building of our beloved Province, and make them ever to be revered by all citizens.

Scottish Garden Fete.—The Esquimalt Scottish Daughters' League will hold a garden fete on June 20, from 3 to 6 p.m., at "Auchmountain," 1411 Esquimalt Road, the residence of Mrs. James Nicol, Reeve B. P. Matheson will perform the opening ceremony. A musical programme will be given by the Victoria juvenile pipe band. There will be various booths for the sale of home-cooking, candies, ice cream, Boston cream, flowers, vegetables, fancy work and miscellaneous skill. Other attractions include the reading of fortunes, made up and a lucky dip. Tea will be served with characteristic Scottish fare, including green peas in vinegar and hot meat. No charge will be made for admission.

MRS. W.C. NICHOL TO CHRISTEN BOAT FOR SEA GUIDES

"Vindictive" to be Launched Friday at Gorge; Fine Programme Arranged

Mrs. W. C. Nichol, Provincial Commissioner of Guides for B.C., has kindly consented to perform the naming ceremony of the First Vancouver Island Sea Guides' new boat, Vindictive, on the occasion of its formal launching at the Gorge-boat house, Gorge Road, on Friday at 2.30 p.m.

This interesting function will be followed by a varied programme of boat and canoe racing, tug-of-war, free port entries as well as boating on this most lovely part of the Gorge for those less competitively inclined, by the courtesy of Mr. Rodd, who has placed his house and grounds and all his boats, numbering about 100, at the disposal of visitors for the afternoon.

The Vindictive, a fourteen-foot rowing boat, of beautiful lines, has been built and completed entirely at Mr. Rodd's boat house, and no trouble has been spared as to finish and detail, making a boat of which the Sea Guides are just proud. They have been actively engaged in raising the money for this boat for some time past. Mrs. Rodd has generously given a substantial donation towards the company's funds.

The first of a number of clock races was held at the home of Mrs. D. McKillop, Martigold, when she entertained the members of the Pas-a-Pas Bible Class of the First Presbyterian Church. The evening's event was held followed by a social hour. Amongst those present were: Mrs. Wilfred Macgregor and the Misses Christina Wilson, May Wainman, May Murray, Alexa Martin, Margaret Wilson, Isabelle Jackson, Carol and Jean Menzies, Edith Dorothy Ham, Dallas Cameron, Dorothy Morley, Marjorie Hastings and Ethel Brown.

Miss Jessie Stewart, whose wedding will take place shortly, was the surprised recipient of a delightful miscellaneous shower at the home of the hostess, Mrs. James H. Lemmon, 21 Hillside Avenue, last Thursday evening. The numerous gifts were concealed in a large basket beautifully decorated in shades of pale pink and green. Miss Stewart added greatly to the pleasure of the evening after which supper was served. The rooms were prettily decorated with fragrant roses, sweet peas and ferns, while a miniature bride and groom added to the effectiveness of the table. The following guests were present: Mrs. J. Turnbull, Mrs. A. M. D. Lemmon and Mrs. James H. Lemmon, the Misses A. Murray, M. Murray and C. Murray, Jessie Stewart, Agnes Stewart, Margaret Stewart, Etta Wallace, Nora Edwards, Lois Peasey, Thelma Schroeder, Grace Adams, Olga Hossie, Ruth Kipling and Victoria Lemmon.

Miss Thyra Runnalls, a Vancouver bride-elect, who is a frequent and popular visitor to Victoria, was accompanied at a personal shower given by Mrs. Dwight Ostroesser in Kitiloid Friday evening. Bright-hued roses and lily-of-the-valley decorations for the reception and dining-rooms. The tea-table was centred with a low bowl of delicate pink roses embedded in the same shade of tulle, white mistletoe and greenery, and a spray of cream rosebuds. The tea was presided over by the mother of the honored guest, Mrs. W. Upton Runnalls, Miss Thyra Runnalls, Mrs. A. E. Black, Mrs. A. L. Whalen, Mrs. S. G. R. Snider, Mrs. N. PAINTING IN SYDNEY STUDIED BY EXPERTS

Claim Made Work of Art in Australia is a Rubens

Special to The Times. Sydney, Australia, June 15.—In the charge of the director of the Sydney Art Gallery is a picture which may be the original "Holy Family" of Rubens, though it has hitherto been believed that the original painting was in the Antwerp Gallery. The one now in Sydney was purchased in an auction room in Goulburn, an inland town, recently for two shillings six pence.

being questioned he said that whatever opinion he had expressed had been given privately. Until an expert opinion is obtained, the owner cannot say whether he is the possessor of a Rubens worth probably thousands of pounds or a copy for which he paid a bad price.

An anonymous writer in a Sydney paper states this city contains one of the only two oil paintings of Robert Louis Stevenson in existence. The famous sargent portrait is in the United States. The other, painted by an Italian named Nerli, who like Stevenson lived in Sydney for some time, and said by competent judges to be a truer picture of the great writer is owned by a Sydney bookseller, and is at present under offer to a millionaire in the United States.

VIENNA AMATEUR ACTORS ARE CURBED

Vienna, June 15.—Amateur acting has become so popular in Vienna, and some of the amateur actors do so well, that the professional stage, considering itself threatened, has found an effective remedy. A committee of professionals watches every announcement from any one of the 100 amateur acting clubs in Vienna that charge admissions. Any play the rights of which are protected may not be given by amateurs, and if an attempt is made to evade this regulation, the police are notified by the professional actors and act accordingly.

MAPS OF MANITOBA MADE BY AIRMEN

Winnipeg, June 15.—The remarkable air flights will be undertaken in the season of 1925, by members of the Canadian air force from their base at Victoria Beach, Manitoba.

First an attempt will be made to fly down the Hudson Bay Railway line to the bay, then north to Fort Churchill, then return to the base by a wide sweep inland. On the second flight, the country east of Reindeer Lake and extending to a point where it has been photographed on the return trip from Fort Churchill, will be surveyed.

On all flights this season the country will be mapped, and at the end of the 1925 season the Federal Government will for the first time be in possession of reliable maps of all the territory north of Manitoba and Saskatchewan, from Hudson Bay to the source of the Churchill River. The flights in 1924 completed the western section of this undertaking.

GERMANS EXPECTING BIG CROPS IN 1925

Berlin, June 15.—Germany is expecting a record harvest this year, according to expert forecasts. Official reports in Prussia, as well as throughout Germany, assert the prospects are as favorable as they were in 1913. For many decades, experts say, the crop outlook has not been better than it is for 1925.

10-Day Tube FREE Mail the Coupon It's the film on your teeth that makes them ugly

Run your tongue across your teeth and you can feel it. Make those cloudy teeth glisten. Begin today this new way.

EVERYWHERE are whiter teeth, teeth that gleam and sparkle. This offers you free a 10-day test of the way that brings them. Simply mail the coupon.

What you find will surprise you. Your teeth are covered with a dingy film that ordinary methods do not combat successfully. Under it are the prettier, whiter teeth that you envy.

The great enemy of teeth. Film is the great enemy of tooth beauty. And a chief cause, according to world's dental authorities, of most tooth troubles. It clings to teeth, gets into crevices and stays. Germs by the millions breed in it. They, with tartar, are the chief cause of pyorrhea.

You can't have prettier, whiter teeth; you can't have healthier teeth unless you combat that film.

Mail the coupon. Or ask your druggist for Pepsodent. Don't expect the same results from old time dentifrices. Start beautifying your teeth to-day.

EMPRESS OF RUSSIA HERE WITH VALUABLE CARGO AND NEW COMMANDER ON BOARD

Capt. A. J. Holland, Veteran of Pacific Service, Relieving Vessel's Regular Captain for Summer Months; Huge Liner Brought Nearly 800 Tons of Silk; 1,500 Bags of Mail Left Here.

"Never before in my experience, during the nineteen years service I have seen on the Pacific, have I enjoyed a more pleasant round trip than the one just passed," said Captain A. J. Holland, R.N.R., of the Empress of Russia, who is relieving Capt. Hosken, away on a few months leave of absence, when he brought his great ship into port here at about 7:15 o'clock this morning.

"All the way to the Orient from Victoria we enjoyed perfect weather," he said, "and the voyage westward was perfection, the sea smooth all the way and the weather warm and comfortable. Eastbound we experienced the same sort of water, sunshine and breeze. On the sea was scarcely a ripple. And this continued to the end of the voyage. We did not even have any fog."

It is very unusual, Capt. Holland stated, to have two trips such as this with fine weather prevailing all the while, even at this, the quiet period of the year.

SHANGHAI TENSE There was a tense spirit pervading Shanghai when the Empress of Russia was there said Capt. Holland, but while the big ship was in port there were no disturbances of a serious nature.

"We arrived in Shanghai just after the first outbreak there, when the students were fired upon by police officers, and several were killed. But things were quieted down by the time we arrived. Still there was a feeling in the air, it is difficult to explain, but people seemed to think something was due to happen."

HEAVY SILK CARGO The Empress brought a heavy consignment of raw silk from Orient ports, loaded in Yokohama, which totalled 780 tons in all, and is to be transhipped from Vancouver to Eastern and European centres. The bulked product of the Orient will be loaded into cars waiting in Vancouver to-day, and there will be other refreshments will be served.

Lake Hill Dances. The first of a series of summer dances will be held Wednesday evening, June 17, from 8 till 1 o'clock at the Lake Hill Community Centre. Holt's orchestra will furnish the music, and ice cream and other refreshments will be served.

Earthquake Was Felt in Jamaica Kingston, Jamaica, June 15.—A sharp earthquake shock was felt here shortly before one o'clock this morning. Some excitement was caused, especially in the residential district.

Sally, who is very thin, called to see Bob's new dog, which seemed to take quite a fancy to her. It followed her all round the garden. This flattered her, and she remarked proudly: "Bob, your dog likes me better than he does you."

"Don't you know why?" said Bob. "He thinks you're a bonaf."

New Transatlantic Radio Plans Made

Berlin, June 15.—Upon the speed of German broadcasting plants in perfecting their technical equipment will depend the prospects of listeners in North America being able to pick up German Christmas carols in December. Arrangements were concluded here Saturday between the Radio Corporation of America and the Government for the regular exchange of radio programmes.

The United States corporation will broadcast from its new plant now in the course of erection in New Jersey, while the reciprocating station in Germany will either be in Nauen or at Koosgenwusterhausen, in the outskirts of Berlin.

POLICE FIRE TO BREAK MOB ATTACKING STATION DURING SHANGHAI RIOTS

First Story of Trouble in Far Eastern City Told Here To-day by Business Man Who Says China Not Safe for Foreigners Now; Brings Wife and Children From Scenes of Disorder; Commends Police.

The first eye-witness to recount scenes of the trouble in Shanghai on this side of the ocean arrived here this morning on the Empress of Russia, in the person of R. M. Ross.

"China is getting too hot for a man with a family," said Mr. Ross, who with his wife and two chubby children stepped ashore here to-day. "Ten years ago when I first went to China, it was different. But now I have something else to think of besides myself."

Shanghai is seething, he said. "The student masses are in a ferment. Trouble is brewing. It has broken loose once and there was bloodshed, and it will break again. Education and the foreigner in China are to blame."

ALLEGED ILL TREATMENT According to reports, the whole trouble in China began with the circulation of stories of ill treatment of Chinese workers in Japanese concessions. But there was something beneath all this, Mr. Ross said.

A NARROW ESCAPE The British police in Shanghai are mostly British subjects, Mr. Ross explained. "The greater number of them were stalwart men from India, under strict military discipline, and they were fine soldiers. Then there were Chinese police, loyal to the force and trusted. And the higher officials were white or brown, but all good men."

### NEWS IN BRIEF

In the recent B.C. Musical Festival held in Vancouver the first place in the boys' elocution contest, carrying with it the silver medal, was won by Master Kenneth Webster, a pupil of Miss Belle Eijlers.

The Victoria British Israel Association will meet Tuesday evening in the Victoria clubroom, Campbell Building, at 8 o'clock, when an address will be given by the Rev. C. M. Tate in honor of the memory of the late departed brother H. W. Davies.

A deputation of upper Yates Street property owners and residents is being organized to wait upon the City Council this evening in protest against the permission issued last Friday for conversion of the Pither mansion to mortuary parlor purposes. Aldermen will ask the council to reconsider the approval already granted for the undertaking.

The annual exhibition of drawing, painting, manual work, manual training and domestic science will be held in Esquimaux school, Lamson Street, Wednesday afternoon and evening, June 17. The exhibits will also be on exhibition Thursday, Friday and Saturday afternoons of the same week. Parents of children attending the school and all others interested in children's annual exercises are cordially invited to visit the school.

The beaches and parks committee of the City Council has lost patience with humorists who throw park benches into Goodacre Lake at Beacon Hill Park and over the cliff into the sea. Strict police supervision of the park has been requested, and prosecutions will be undertaken.

Programmes for the annual provincial exhibition at the Willoughby are now available, and show that the awards of many classes of entries have been greatly strengthened. The exhibition will this year be held from August 17 to 22 inclusive.

Lodge Primrose No. 32 of the Daughters and Maids of England and its regular meeting in the Harmony Hall Friday evening, the worthy president, Sister Joyce in the chair. There was a good attendance and two new members were initiated. It was decided to send a donation to the Oriental Exclusion League, the report of the delegates convincing almost every member of the vital importance of the Oriental problem. A motion was passed to hold only one meeting a month during July and August. After the meeting the members spent a social time together over a cup of tea.

Remarkable circles surrounding the sun, one of small diameter, the other very large, with bright patches of light visible where they crossed surprised observers at 8 o'clock this morning. The rings or halos were caused by the reflection of light shining through minute ice crystals which form the cloud seen at a great height. Napier Denison of the Gonzales Observatory says. The bright spots are called sun dogs or mock suns. These and the smaller circle are sometimes seen here, but the large circle or halo is very rare at this latitude, though more often seen in the far north or even in the prairie provinces. The technical name for this phenomenon is "Parhelia." It does not portend anything except it indicates the presence of this special form of cloud called "Cirrus Stratus."

### OBITUARY

The funeral of the late Herbert Wynne Davies will take place on Wednesday at 2 p.m. from the Sands Funeral Chapel, proceeding to James Bay Methodist Church for services. Rev. W. L. Best and Rev. C. M. Tate will officiate. Interment will be made in the family plot in Ross Bay Cemetery.

Edward Nelson Wood, son of Mr. and Mrs. Thos. E. Wood of 1128 Caledonia Avenue, passed away early this morning at the Jubilee Hospital. He was born in Victoria eighteen years ago and leaves his parents and two brothers to mourn his loss. Private funeral services will be held from the B.C. Funeral Chapel on Wednesday at 2.30, after which interment will be made in the family plot in Ross Bay Cemetery.

The funeral of John Charles Finch, who was accidentally killed at Saanichton on Thursday, will take place at 2 p.m. to which point the body was forwarded. The funeral will be on Wednesday at 8 o'clock. There will be interment for nine months and was the son of Mr. and Mrs. Ernest Finch.

### GROWERS COMING HERE TO DISCUSS REQUEST FOR LOAN

Mainland Producers to Meet Cabinet To-morrow to Ask For Marketing Aid

Mainland berry growers will come here to-morrow to ask the Cabinet to extend them a loan of \$130,000 to assist in packing and marketing their present crop. The growers will interview the Cabinet personally and after this interview the Cabinet will meet in special session to decide whether a loan should be authorized or not. A final decision on the matter will be made to-morrow so that the growers may know exactly where they stand.

Arrangements for an interview between the Cabinet and the growers follow strong protests against the present loan from the private canning interests of the mainland. The canners assert that the growers' cooperative organization has been cutting prices in such a way as to damage the canning business. The growers deny that they have acted unfairly in any way, and assert that the success of the cooperative movement depends to a great extent upon assistance from the Government now.

James Bay Social.—The James Bay United Church will hold an ice-cream and strawberry social on Wednesday evening at 8 o'clock. There will be a fine concert, with the boys' orchestra in attendance.

### B.C. ESCAPES BIG FOREST FIRE LOSS

British Columbia has been able to avoid comparatively heavy loss from forest fires so far this year, according to reports given out by the provincial forestry service to-day. These reports show that the fire situation throughout the Province is generally satisfactory. All districts report high humidity, which decreases the fire hazard.

So far this year only 470 forest fires have been reported as against 751 at this time last year. The greatest loss was in the Vancouver district comes next with 112, which have been 19 forest fires in Vancouver Island, 61 in Prince George, 40 in Cariboo and 24 in Kamloops. All these districts are reported to-day as being "normal."

### NAME RETAINED

(Continued from page 1)

The Moderator gave notice of motion that the people are the church and that the ministers are simply members of the church with no special class privileges. The resolution disapproves the title, "Very Reverend" and "Reverend," sometimes given to moderators.

This morning several commissioners objected to the report that the Assembly was unanimous in its approval of the resolution reaffirming faith in the Westminster Confession. However, there was no discussion beyond that of a few of the members who did not support the motion passed Saturday.

ORGANIZER THANKED

Rev. Dr. Clay, Victoria, B.C., moved a vote of thanks to Rev. W. F. McConnell, organizer of the Continuation Church. Dr. Clay said the present success was due to a great extent to Mr. McConnell.

C. S. Macdonald, Brampton, Ontario, thought irregular to single out one man when so many had given similar service.

Dr. Clay pointed out that Mr. McConnell was going back to Manitoba to-day and he wanted him encouraged.

The resolution was passed unanimously.

Mr. McConnell, replying, said that such a resolution was unnecessary, and gave all the credit to other men for the success of the campaign throughout Canada.

MacLEAN ACTS IN OLIVER'S PLACE

Hon. J. D. MacLean, Minister of Finance and Education, will be acting Premier while Premier Oliver is in Ottawa watching developments in the freight rate situation there. The Cabinet is re-assembling here after its members had scattered for a time to all parts of the Province. Hon. A. M. Manson, Attorney-General, is the latest arrival at the Parliament Buildings after his trip to Prince Rupert, where he prosecuted in the Assiniboia.

### EAGLES SET FAST PACE IN GROWTH

#### Membership Surges Upward Under Impetus of Competition

#### Prominent Citizens of Washington Attend Convention

The following officers of the Grand Aeris, Fraternal Order of Eagles, are attending the convention of the Washington State and British Columbia Aeris, being held at the Chamber of Commerce Auditorium: Henry Beck, Seattle, chairman of the Board of Insurance Directors; L. V. Westerman, Seattle, grand trustee; Capt. E. C. Collier, Seattle, representative of Grand Westby-Frederick Otto P. De Laine, of Indianapolis, Ind.; A. W. Reddick, of Snohomish, Wash., deputy grand auditor for the district; Jess L. Havens, Hoquiam, Wash., state president; Frank Bowd, Seattle, state secretary. Past State Presidents A. W. Greenwalt, Bremerton; Crawford E. White, Seattle; Thomas J. Johnson, Everett; H. C. Byram, Tacoma; S. A. Girard, Hoquiam, were also in attendance.

POWERFUL ORDER

Secretary Frank Dowd this morning reported at the first business session of the convention, that the membership of the aeris represented was at June 1 last, 46,298 in the State of Washington, with an affiliated British Columbia membership of 1,214, making a total membership of 47,512 represented at the convention.

RAPIDLY GROWING

The growth during the past year has been 4,127 members, and the Seattle Aeris No. 1 will therefore purchase a resplendent banner for use at future state conventions.

In a competition in force during the past year, Seattle competed against the combined recruitments of all the other Aeris, and was defeated by 166 members, the Seattle Aeris No. 1 enlisting 1,214 members in the year. According to Secretary Frank Dowd's report, Seattle was defeated by the institution of two new aeris during the year, at Pasco and Shelton respectively, these new aeris swaying the total of the combined aeris to above that of the veteran Seattle aeris.

### QUESTIONS ON CAPE BRETON SITUATION

Questions Put to Government on Strike To-day

Troops Bring Measure of Federal Authority

Ottawa, June 15.—For half an hour at the opening of the House of Commons this afternoon, the Government was subject to questions, from Conservative and Progressive benches regarding the situation in Cape Breton.

Hon. E. M. Macdonald, Minister of National Defence, in answering questions, stated no permanent force troops had been sent to the strike area from Winnipeg or the West.

Hon. G. P. Graham stated the calling out of the troops had brought in a measure of Federal authority into the area. On Saturday the Minister of Labor had been asked to act as mediator and he had given his consent for the Minister to leave for Nova Scotia.

Thomas Church, Conservative, Toronto, asked if the national emergency clause of the Industrial Disputes Act, which had been given royal assent on Friday, could not be put into effect and the Government act as mediator. Mr. Graham replied that the machinery had not been given a chance to get off.

### MODEL FARMS ARE SEEN BY STUDENTS

#### High School Party Pays Visit to Glamorgan and Experimental Station

Ninety students of the Victoria-High School senior and junior agricultural classes received valuable first hand experience in farming Saturday when they visited the Sidney Experimental Station and the dairy farm of J. S. H. Matson, Glamorgan Farm, North Saanich. Automobiles conveyed the students to the farms.

At the Sidney Experimental Farm the pupils of Mr. H. O. English were received by officers of the farm, divided into three groups of about thirty each, and in turn received instruction in poultry raising, beekeeping, and the horticultural activities of the station.

Mr. Matson and Dr. A. Knight, Livestock Commissioner, addressed the students at Glamorgan Farm, where they were conducted over the model paddocks and buildings and given an opportunity to inspect the famous Jersey herd, one of which has only one rival in the world as a producer of butter fat. Four fine animals were brought into the judging ring and described by Dr. Knight. The party, which included G. H. Deane, B. C. Nicholas and J. R. Perry, were entertained at lunch. A cordial vote of thanks was extended to Mr. Matson, accompanied by the singing of "For He's a Jolly Good Fellow" by the appreciative students.

### SEVEN HUNDRED WERE IN CANTON FIGHT

New York, June 15.—A dispatch to The Evening Post from Hongkong to-day said more than 700 Yunnanese were slaughtered in Canton by the victorious Cantonese army which recaptured that city Saturday.

The Yunnanese were brought by mobs, beaten into insensibility, thrown into the harbor and held down by poles until they were drowned, the dispatch said.

The wholesale slaughter was finally halted by intervention of British and United States sailors, it was said.

## NORDHEIMER

### Unquestionably Canada's Greatest Piano

THE supremacy of the Nordheimer Piano in beauty of tone, dependability of action, evenness of scale and responsiveness to the touch is unquestioned. **CONSTANCE TALMADGE IN  
REAL COMEDY PICTURE  
AT CAPITOL TO-NIGHT**

Star in Latest First National Film Says Hollywood is Short of Girls to Take the Part of Comediennes in Advice to Those Seeking Fame on the Silver Screen.

More comediennes! Constance Talmadge declares that there aren't enough girls making fun films in Hollywood.

"Most girls prefer to become stars in the dramatic branch of motion pictures," says Constance. "As a result the men have the comedy field almost to themselves. The list of male comedians is a long one."

"Up at the top among the men there are Buster Keaton, Harold Lloyd and Charlie Chaplin, the big three among the comedians. Charles Ray, Douglas MacLean and Will Rogers have their own delightful styles of screen fun-making. Then there's Ben Turpin, Lloyd Hamilton, Al St. John, Larry Semon and half a dozen others. Now, where can we girls in comedy match those men?"

"There's a real opportunity in Hollywood for girls who have genuine talent as comediennes, but it must be that women don't like to be laughed at. For the opportunity is going to waste."

"Constance's latest First National comedy, 'Her Night of Romance,' was written by Hans Kraly, author of 'Passion,' 'Deception' and other photoplays. Opening at the Capitol Theatre to-night.

Constance's leading man is Roland Colman, who also played in 'The White Sister.'

Auckland, New Zealand, June 15.—While the last stand of the Chief Rewia episode of the Maori War was being staged for a film drama the mimic battle was fought so realistically that several casualties occurred. Some of the actors received injuries, none, however, very serious, in the bayonet charges, and one or two of the "Maori warriors" had their faces singed through getting too close to their opponents' rifles. Another actor had his hands burned through the premature bursting of bombs, and another when an old-fashioned rifle exploded, charge and all.

"Another Man's Wife" Features James Kirkwood and Lila Lee

Lovers of the sea will find a realm of real enchantment in "Another Man's Wife," which will be shown at the Columbia Theatre for three days beginning to-day. The opening scenes aboard the steamship Alexandria, the collision in the fog with a barge-towing tug and the closing scenes aboard the rum-running barge are calculated to stir the pulses that beat in rhythm with the restless sweep of the sea. And then there is the rescue by the submarine S-38 that is a "knockout" in film realism. James Kirkwood, Lila Lee, Wallace Beery and Matt Moore have the principal roles.

Coliseum To-night**

To-night at the Coliseum Theatre will open another week's run of Gilbert and Sullivan's wonderful comic opera. Reginald Hincks has chosen for this week probably the most popular of all the works of these great collaborators, "The Mikado," which is supposed to contain more beautiful music than any other opera in existence. A point of interest in connection with this presentation is that Miss Eva Hart, who is taking the lead girl part of Yum Yum some years ago played the identical part with the D'Oyly Carte Company at the Savoy Theatre, London, and re-

ceived therefor some extremely flattering criticisms from the London press. Only the most delightful number and Gilbert's best dialogue is being used in the tabloid form.

pointed United States consul at Corinto, Nicaragua, in 1905, after serving as consul in Puerto Cabello, Venezuela, since 1906. In 1920 he made an investigation of the United States rule in Haiti, publishing charges of misrule in the nation, which are said to have led to a congressional investigation.

This gorgeous spectacle, titled "Omar the Tentmaker," with Guy Bates Post, considered one of the world's greatest character actors in his original role of "Omar," has been booked for current showing at the Playhouse, where it will be seen all week in conjunction with Frank Morton's newest musical comedy success, "Ship Ahoy," a bright breezy melody play redolent in its atmosphere of the briny. Inasmuch as "Omar the Tentmaker" has usually been shown at advanced admission prices, the Playhouse management announces that the usual Playhouse prices will prevail.

Men in Grey of the U.S. Service Are Glorified in The Mailman

With the authorization of sea post service on board the S.S. Leviathan, the ultimate step in the organization of a vast mail system was realized. Step by step, from the time that the dove carried the first known message back to the ark, the method of communication has steadily improved, in spite of tremendous obstacles and natural impediments. When Emory Johnson, eminent motion picture director, produced "The Mailman," showing at the Coliseum Theatre, he clearly saw the possibilities of weaving around the romantic history of the mail service, a highly entertaining, dramatic story, which would, at the same time, set forth the men who made that service possible in a better light before the people. ## "THE SPORTING VENUS," NEILAN'S LATEST, HAS EUROPEAN ATMOSPHERE

Exteriors of Big Film Now Showing at Dominion Theatre Were Screened in England, Scotland and France.

The real atmosphere of Scotland, London, Deauville and Paris is contained in Marshall Neilan's picturization of "The Sporting Venus," which shows at the Dominion Theatre all this week.

At least it is as real as Neilan could make it, for he packed up his company, cameramen, actors and all, and went to those very spots to film scenes for his production.

A real castle in Scotland—Craigloch, by name—the races at Epsom Downs, the smart resort of Deauville, and various street scenes in London and Paris were transferred to celluloid on Neilan's "longest location trip."

Neilan and the executives of Metro-Goldwyn-Mayer decided to take advantage of the fact that the director was forced to go to London for an operation by a noted surgeon there and so was able to film the exteriors for his picture right on the spot.

So accompanying him on the trip were his wife, Blanche Sweet, who plays the titular character of the "sporting venus"; Lew Cody, who plays a serio-comic "heavy," several other players, and Neilan's own cameraman.

The story of "The Sporting Venus" is an odd mixture of light comedy

## \$200,000 FIRE IN TOWN IN ONTARIO

Business Section of Hagersville Destroyed; Brigade Lacked Equipment

Hamilton, Ont., June 15.—Fire early this morning razed almost the entire business section of Hagersville, Ontario, causing a loss estimated at \$200,000. The blaze broke out shortly after midnight in a Chinese laundry and rapidly spread to the important buildings of the town. The local brigade vainly sought to halt the course of the fire, but equipment was limited to a single chemical engine. There was no loss of life.

## CALIFORNIA MURDER CONFESSION IS MADE

Los Angeles, June 15.—The district attorney's office here announced that Dr. Thomas Young, a dentist, had confessed he had killed his wife, Mrs. Grace Young, a wealthy society matron, missing since February, and told the authorities where he secreted the body, which has not been recovered.

## DAWSON CITIZEN LOST HIS MEMORY

E. Martin, Who Wandered About For Three Weeks, Found in Mountains

Dawson, Y.T., June 15.—Amazed when told he had evidently been wandering in the woods for nearly three weeks, Emil Martin, who disappeared in broad daylight at 1:30 o'clock on the morning of May 25 from the Westminster Hotel here, of which he is part owner, was found Saturday morning in the mountains about thirty-five miles from Dawson. Martin, for whom searching parties had been on the lookout ever since he was reported missing, was discovered at the Slate Creek Camp of the Yukon Gold Company. He appeared to be tired and worn, but quite rational. His mind was a complete blank, he stated, as to the circumstances of his disappearance.

On the salary receipts of a certain bank is printed a legend something like this:—

"Your salary is your personal business—a confidential matter—and should not be disclosed to anybody else."

## ROBERT GRAHAM DIED IN TORONTO

One of Canada's Foremost Livestock Men; Judge at Many Shows

Toronto, June 15.—Robert Graham, one of Canada's foremost livestock men and one of the best judges on the continent, died here last night, aged sixty-five.

With a special reputation as a breeder of Clydesdale horses and shorthorn cattle, Mr. Graham was ranked among the leaders of Canadian cattlemen and his services were constantly in demand as a show ring judge in all parts of Canada and many places in the United States.

## NEW UNITED CHURCH SERVICES WERE HELD

Toronto, June 15.—In almost 9,000 churches throughout Canada yesterday congregations which met one week ago as Methodists, Congregationalists or Presbyterians gathered as members of the United Church of Canada. The historic consummation of union during last week was the subject of special services everywhere, and ministers emphasized the significance of the event from the national viewpoint and its probable effect on all branches of church work. About 190 delegates to the first General Council of the new

church preached in Toronto pulpits and throughout Ontario.

Rev. Dr. W. M. MacGregor of Glasgow preached in the Metropolitan Church here in the morning, and Rev. Dr. G. C. Pidgeon of Toronto in the evening.

## LABOR PROTEST IS PLANNED IN AUSTRALIA

Special to The Times Melbourne, Australia, June 15.—The Trades Hall Council has resolved to recommend unionists to refrain from accepting invitations to luncheons in connection with the visit of the United States fleet to Australia. This action has been taken in an effort to obtain the release of Americans imprisoned for civil offences during the Great War, and also because of Labor's peace policy.

"Possibly we shall fraternize with the rank and file more than anyone else," said the secretary of the council, "but how could we partake in the celebrations, and at the same time send a delegation to the Pan-Pacific Conference?"

## Montreal Man Was Killed by U.S. Guards in Vermont

Newport, Vermont, June 15.—Eugene Lamotte of Montreal was shot by United States immigration patrolmen last night at Westfield, near the Canadian border, and died in a hospital here a few hours later. ## APOLOGY DEMANDED OF AFGHANISTAN

Rome, June 15.—The Italian Government has officially demanded that the Afghanistan Government make a public apology and pay an indemnity of £7,000 for the execution June 2 of a young Italian engineer, Dario Piperno, who was convicted of killing an Afghan soldier July 27, 1924.

Azimullah Khan, the Afghan Minister in Rome, when interviewed yesterday regarding Piperno's execution, expressed regret that the Italian engineer was put to death.

Explaining the "secret execution" which has been reported, the Afghan Minister said he was sure the laws of his country had been carried out properly. In Afghanistan, he said, death sentences always were carried out inside the prison.

Azimullah Khan said it would take forty days for a messenger to reach Rome from Kabul, and not before that time would he be able to issue an official statement regarding the incident.

Meanwhile, he said, all of his efforts would be directed to prevent the disturbance of the relations between Italy and Afghanistan, which so far have been excellent.

## PHYSICIAN SUSPENDED

Regina, June 15.—Suspension from the Saskatchewan College of Physicians and Surgeons until the next meeting of the council, with the recommendation that his name be erased from the medical register by the council, is the judgment pronounced on Dr. E. M. Carefoot of Regina for "unprofessional, unbecoming and improper conduct" in connection with his use of the Abrams machine. The judgment was declared by the discipline committee of the college.

# Parshalle Estate Land Purchase By-law

## TO THE RATEPAYERS OF VICTORIA:

The Parshalle Estate Land Purchase By-law, which, on June 16 is to be voted upon by the ratepayers, has been carefully considered and unanimously endorsed by the City Council.

The matter is somewhat intricate, but, briefly, the passing of the by-law will result in the following:

1. Will avoid Provincial succession tax complications, costly to the city, such as exist in connection with other estates.
2. The by-law calls for no actual expenditure of money.
3. \$6,700 will immediately be paid to the city that otherwise would not be received until some very indefinite future date, if ever, and the estate will probably be able to continue paying taxes instead of falling to do so as has been the case with other similarly circumstanced properties.
4. Two pieces of property, with titles absolutely unencumbered, will be turned over to the City, namely:
  - (a) The Royal Athletic Park, of approximately five acres.
  - (b) A piece of property of nearly four acres, fronting on the Gorge Road, and with railway frontage on the western boundary, suited for either industrial or park purposes, and which can be retained or disposed of later as circumstances warrant.

The members of the City Council unanimously recommended the ratepayers to pass the By-law.

## A BY-LAW

To authorize the Corporation of the City of Victoria to acquire from Rupert Leslie Cox, Official Administrator, Administrator of the estate of Grace M. M. Parshalle, deceased, Suburban Lot Eleven and Lot Eleven, part of Section Four, Plan Seventy-six, in the City of Victoria, for general purposes of the Corporation.

WHEREAS it is deemed advisable that Suburban Lot Eleven (11) and Lot Eleven (11), part of Section Four, Plan Seventy-six (76), having an area of five (5) acres more or less, in the City of Victoria, commonly known as the Parshalle Estate, and Lot Number Eleven (11), part of Section Four (4), Plan Seventy-six (76), having an area of three and six-tenths (3.6) acres, more or less, situated in the City of Victoria and bounded by Gorge Road, Eastbeach Street and Selkirk Water, should be acquired by the Corporation and made available for general purposes of the Corporation.

AND WHEREAS Rupert Leslie Cox, Official Administrator of the estate of Grace M. M. Parshalle, deceased, and in consideration of the sum of Thirty Thousand Four Hundred and Ninety Dollars (\$30,490.00) hereinafter referred to as the purchase price of the said lands, has agreed to convey the said lands to the Corporation and make a concession duty and other encumbrances.

AND WHEREAS the said Administrator has agreed to accept the amount of the said purchase price shall be retained and applied by the Corporation and unpaid on the remaining parcels of the said Estate, the same to be applied as follows, namely:—

Seventy-One Dollars (\$71.00) in payment of all taxes and tax charges owing and unpaid on the said parcels described, and the balance of Seventeen Thousand Four Hundred and Ninety Dollars (\$17,419.00) to be applied on the payment of taxes and tax charges owing and unpaid on the said parcels of land of the said Estate in the City of Victoria, and credited to all of the said remaining parcels in proportion to the amounts of taxes and tax charges, including principal sum, owing and unpaid at the passing of Mrs. Parshalle, on the respective remaining parcels.

AND WHEREAS as a further condition of the said purchase price, the said Administrator has agreed to pay to the Corporation a sum of Six Thousand Seven Hundred Dollars (\$6,700.00) on the said parcels described, and to be credited to the said parcels which will provide for sinking fund requirements in respect of the said parcels of land of the said Estate under this By-law.

AND WHEREAS the said Administrator has agreed that the cost of submitting this By-law to the ratepayers of the Municipality shall be borne by the said Estate.

THEREFORE the Municipal Council of the Corporation of the City of Victoria, enacts as follows:

1. It shall be lawful for the Corporation to acquire from Rupert Leslie Cox, Official Administrator, Administrator of the Estate of Grace M. M. Parshalle, deceased, for general purposes of the Corporation, the following described properties within the City of Victoria, namely:—

Suburban Lot Eleven (11), and Lot Eleven (11), part of Section Four (4), Plan Seventy-six (76) and to pay therefor out of general revenue of the Corporation the sum of Thirty Thousand Four Hundred and Ninety Dollars (\$30,490.00).

SUBJECT, HOWEVER, to the disposition of the said purchase price and to the other undertakings of the Administrator of the said Estate in accordance with the recitals of this By-law.

2. This By-law shall, before final passing thereof, receive the assent of the ratepayers of the said Corporation, in the manner provided for in the "Municipal Act."

3. This By-law may be cited as the "Parshalle Estate Land Purchase By-law, 1925."

Passed by the Municipal Council the 29th day of May, A. D. 1925.

TAKE NOTICE that the above is a true copy of the proposed By-law upon which the vote of the Municipality will be taken at the Building known as the "Public Market," Bunting Street, on Tuesday, the 16th day of June, 1925, and that the polls will be kept open between the hours of 9 o'clock in the forenoon and 7 o'clock in the afternoon.

Clerk of the Municipal Council, City Clerk's Office, Victoria, June 4, 1925.

## BEDTIME STORY

### Uncle Wiggily and the Jolly Rooster

(By Howard R. Garis)  
 Copyright, 1925, by McClure Newspaper Syndicate

Not many years ago there lived in a chicken coop, a short distance from Uncle Wiggily's hollow stump bungalow, a jolly rooster. This rooster was so jolly that he was always flapping his wings and crowing to let every one know how happy he was.

When the sun rose in the morning the rooster crowed and awakened all the hens and every one else within the sound of his call. Even if the sun didn't shine and the rain was falling, still the rooster crowed loudly.

"For," he said, "perhaps when the sun, behind the clouds, hears my good voice, he will shine." Well, sometimes the sun came out and again he didn't.

And if a hen laid an egg the rooster crowed as if he had done it himself, and when little chickens were hatched out of the eggs—my-my! You should have heard the jolly rooster then! He clapped his wings, flew to the topmost rail of the fence and crowed so loudly that he rattled the tin pans in Nurse Jane Fuzzy Wuzzy's kitchen.

"What is going on out there?" asked Uncle Wiggily, who was just twinking his pink nose at his new wife to bid her good-bye, as he was about to hop away to seek an adventure. "Who knocked the dishes about, Nurse Jane?"

"It was the loud crow of the jolly rooster," answered the muskrat lady housekeeper.

"I must speak to him about making me much fuss," said Uncle Wiggily. "It is all very well to be jolly, but others may not like it. I'll tell him to go off in the woods when he wants to crow so loudly."

But, as it happened, Uncle Wiggily didn't meet the rooster as soon as he expected to. Soon after crowing so hard as to rattle Nurse Jane's

pan, the rooster heard about a hen lady living in a coop some distance away, who had a lot of new little chickens. So he hurried there to crow over them.

Thus it wasn't until he was on his way home, quite late that night, after having searched for an hour finding an adventure, that Uncle Wiggily met the jolly rooster, who also was on his way home.

"Hello, Uncle Wiggily! How are you?" asked the rooster. "How's Mrs. Wiggily and the little wiggles? That's fine! Glad to hear it!"

Though, as yet, he hadn't heard anything from Uncle Wiggily, the rooster had a chance to say a word. But, remembering that he wanted to tell the rooster not to crow so loudly as to rattle Nurse Jane's pans, the jolly rooster was going to say something. But the rooster didn't give him a chance.

"I'll strut along home with you," said the rooster, "I want to tell you about Mrs. Wiggily and her chickens." And all the way home the jolly rooster talked so much and so fast and so loudly that Uncle Wiggily couldn't get a chance to say a word. "Cock-a-doodle-do!" like it here! "Hurray, everybody!"

"Hush! Not so loud, please! My wife is asleep, and so is Nurse Jane!" whispered the jolly rooster. But the rooster kept on crowing until Mrs. Wiggily called down from upstairs:

"Wiggy, what in the world is the matter? Is the place on fire?"

"Oh, hello, Mrs. Wiggily! Are you up? Happy New Year! Come down and have a talk!" cried the jolly rooster, and he made so much noise that Jingle and Jangle and Tooter you all together and all the little bunbunners were awakened out of their sleep.

"Dear me!" loudly whispered Mrs. Wiggily to Nurse Jane. "Is it all very well to be jolly, but there is such a thing as being too much so." However, she was too polite to tell the rooster to go home to bed, and he stayed quiet a while, talking loudly and keeping every one awake by singing funny songs. However, after all, it was a good thing the rooster went home with Uncle Wiggily.

For the Fuzzy Fox had followed the jolly rooster and intended to break in during the night to nibble his ears. But the rooster stayed so late that the Fox didn't have a chance. And when the rooster finally hurried home, he saw the Fox beside the road and nipped the hap chap so hard on the nose with his beak, the jolly rooster did, that the Fox howled and ran off to his den. And if the postage stamp doesn't crawl out of the mail box and go roller skating with the string behind it, I'll tell you next about Uncle Wiggily and the green apples.

## WOMEN IN NEWS OF THE DAY

Mrs. Harry Lee Rust of the Wakefield National Memorial Association, is shown with the gavel she presented to President Coolidge. The wood in the gavel was taken from a cherry tree grown on the grounds of Wakefield, the birthplace of George Washington.

Gota Ljungberg, a Swedish opera singer, has won such favorable notice in her operatic singing in Stockholm, that she has been signed for an engagement at Covent Gardens, London, where she will appear this summer.

Mrs. H. Winsor Wade, wife of the chief physician in charge of the 5,600 lepers on the island of Culion in the Philippines, is in New York to aid in raising \$1,000,000 for the colony. She has spent the last three years in the colony.

Mme. Alexandra Kollontai is the minister plenipotentiary of Soviet Russia to Norway. She is now in London at a conference of the Norwegian and Russian Navigation Co. considering trade relations of the two countries.

Mrs. Janet Roper of the Seaman's Church Institute of New York is known wherever seamen gather. She has charge of the missing men's department of the institute, aids relatives and friends in locating missing sailors. To hundreds of seamen Mrs. Roper is known as "Mother."

## AUSTRALIA TAKING DEFENCE MEASURES

Special to The Times  
 Melbourne, Australia, June 15.—The Government of Australia, having taken the first step towards putting the country's defences in something like order by placing contracts for two 10,000-ton cruisers, is continuing by ordering a submarine or two, and it has decided to go ahead with a floating dock and seaplane carrier. The Minister of Defence is impressed by the inadequacy of the equipment of the air force, and flying boats of the Seagull type are strongly advocated by leading officers.

Coastal defences, too, is to be improved by supplying the existing forts with heavier fixed guns and also with mobile artillery.

The air force as at present consisting of 150 aircraft, the permanent personnel, and citizen force units are included in the arrangements for the army co-operation squadron.

143 MURDERS  
 Acapulco, Guerrero, Mexico, June 15.—Statistics compiled by the office of the chief of military operations in this state show that 143 persons took the law into their own hands and executed death sentences upon their enemies during the month of April.

# The Man Who Tried Hanging His Watch on a Fly

He thought it was a nail and it was a fly. Of course you can't hang your watch on a fly without it falling, can you? You know what I mean; you can't hang your watch on something if it's not. It wasn't dark, he wasn't doused—the fly fled and he didn't watch his watch. Crazy wasn't he? And yet, how many people hang their dollars on something that is not? How many people flounder about, THINKING they are buying right? Have you ever seen the crowds at the GENERAL WAREHOUSE? Has it ever struck you we are always busy? Say, people, just look through these prices, figure it out for yourself. You don't know what you're missing.

"Gee!" he exclaimed, "You are always busy down here; you must do a big business; you ought to think yourselves lucky." "Lucky"—Ye Gods, he said "Lucky." Is it gall or ignorance that makes some men talk like this? Does not hard work, enterprise, ability and worry count for anything? The time to work is now; the time to think is always kicking and waiting for something to turn up is usually turned down. # VICTORIA WELCOMES VISITING EAGLES

## VICTORIA AERIE FORMED IN KLONDIKE RUSH DAYS HAS NEARLY 600 MEMBERS

Charter Birds Who Joined Twenty-six Years Ago Watch Organization Climb Back to the Place it Occupied Before War Took its Toll.

Victoria, the convention city, has won the admiration of all the visiting Eagles. Although the convention did not start until Sunday hundreds of them were here Saturday and more arrived Sunday morning. Between that time and the first scheduled item on the programme, Sunday night, they toured the city and its environs. Victoria's famous harbor created a great impression on the visitors with the Parliament Buildings, the Empress Hotel, the Crystal Garden, and the other magnificent buildings in this section immediately striking the eye of those who arrived by boat. Beacon Hill Park now looking at its best formed an ideal venue for the opening exercises including the official welcome by Mayor J. Carl Pendray for the citizens of Victoria. Including citizens and visitors there were 10,000 persons gathered around the bandstand and typical Victoria Summer weather smiled upon the great crowd. This morning the Eagles saw more of Victoria. Crowded trolleybuses conveyed the ladies' auxiliary lodges and delegates' wives through the city, gayly decorated in honor of the visitors. Tomorrow the ladies will go to the wonderful and unique Butchart's Gardens at Brentwood, known throughout the continent as one of the outstanding beauty spots in this part of the world.

With some of the best known men in the city members then and members now the Victoria Aerie No. 12 Fraternal Order of Eagles was organized over a quarter of a century ago. The exact date was April 9, 1899 during the Klondike rush. It was organized in what is now the Salvation Army Citadel. In five years the membership reached 500. That was the peak. Then the war came along and hit the Eagles as it hit every other organization and the membership a year ago the membership dropped to 287, but lately a big drive has been staged to bring the Eagles back to their former strength in this city.

When President Frank LeRoy initiated twenty more members Sunday the roll stood at 562. The drive continues until October and by that time it is confidently anticipated the 600 mark will be reached again.

### CHARTER MEMBERS

Going back twenty-six years to the time when Victoria was feeling the excitement of the rush to the goldfields and hardy enterprising men

were making this city their headquarters, active among the original members at that time were E. E. Leeson, the late Dr. Frank Hall, J. M. Hughes, J. C. Voss, A. W. Von Rhein, A. H. Tyson, G. B. Harrison, F. Lorenz, Dr. A. A. Hunter, Dr. T. Barnhart, the late T. A. Bantley, H. Sierbaum, Frank LeRoy, now president, P. M. Crombie, Bert Adams and G. B. Howard. These were the sixteen to whom a charter was issued to start an aerie in Victoria.

In its early infancy the local aerie was greatly assisted by the late Sir Richard McBride, then Premier of British Columbia and an enthusiastic member of the New Westminster Aerie No. 26.

Among those who stood at the helm and successfully guided the destinies of the local aerie during times of stress before and during the war can be mentioned the following: some of whom are now in the Grand Aerie of the Great Beyond: George W. Woods, Joe J. Wachter, Peter Shandley, H. F. W. Behnson, the

### ON THE MAP

At the very next gathering of the Washington body held at Yakima in June of last year, Victoria decided that the time was ripe to mark this city the next convention place and in the face of almost insurmountable opposition and with little hope of success Victoria's three delegates, Frank LeRoy, J. Ballinger and J.

### TEN THOUSAND HEAR MAYOR GIVE VISITING EAGLES WELCOME TO VICTORIA

Nearly ten thousand persons, including thousands of Eagles, lady visitors and citizens last night at Beacon Hill Park heard Mayor Pendray officially welcome the Washington State Convention of the Fraternal Order of Eagles to Victoria, and witnessed the formal proceedings opening the convention of the State Aerie.

### Vast Crowd at Beacon Hill Park for Opening Event of Fraternal Order's Three-day Convention in Victoria

The band of Seattle Aerie No. 1 opened with a number of brilliantly rendered selections. Rev. Dr. Clem Davies pronounced the invocation and President Frank LeRoy of Victoria welcomed the delegates and visiting brethren on behalf of the Victoria Eagles.

### HEARTY WELCOME

"I am sure I voice the sentiment of the people of Victoria when I say 'We are glad to have you as our guests. We hope your visit to our fair city will be both profitable and pleasant, that it will not be long before you will again visit us, and that many of you will make your permanent home in Victoria,'" said the Mayor.

### MANY SIGHTS

The Mayor outlined the many points of interest to be visited by the delegates, such as Butchart's Gardens, the Observatory and the new Crydocke. He pointed out that the Crystal Garden is an amusement palace which would be erected in any city many times the size of Victoria. "Last, but not least, there is our famous little white bear, the only one of its kind in captivity, and you can find him wandering around his cage a few hundred feet from here. This little white bear, I can truthfully say, has caused the City Fathers more trouble than all the wild eagles in the world put together."

### CITY KEY PRESENTED

The Mayor appealed to the citizens of Victoria to give the city's guests a royal entertainment and closed by presenting a bejeweled, giant golden key to State President Jesse L. Havens, remarking "The gates of the city are wide open to our friends and we number the Eagles among our best. Worshippful President, I have much pleasure in officially handing over the key of the city of Victoria. This key will unlock the doors to pleasure, prosperity and a return trip to Victoria."

### VICTORIA PRESIDENT POINTS WITH PRIDE TO RECORD OF ORDER OF EAGLES

"I am proud of the fraternal order of Eagles, proud of my home Aerie, especially proud of the Washington State Aerie with whom we are affiliated, and particularly proud of my home city, Victoria, and I know that I speak now not only for the Eagles but for the whole 60,000 inhabitants of this Island City," said Frank LeRoy, president, in welcoming Washington Eagles to Victoria.

### EAGLES ON WAY TO MILLION MILESTONE

Membership 750,000; Assets Total Over \$20,000,000

Here are some pertinent points about the Fraternal Order of Eagles with a membership of 750,000, that are concisely set out by the organization department. It owns real estate valued at \$11,491,928. It has invested funds amounting to \$5,766,795. It has \$2,526,481 in bank deposits. Its wage fittings are valued at \$2,817,912. The total of these assets is \$22,603,114.

### EAGLE EQUAL PARTNERS

The humblest and the highest, the richest and the poorest, whatever their relations in the whole of society, are all equal sharers in the protection afforded by this rich Order. Though the funds and the property of each subordinate Aerie may represent the accumulation and economics of years, the new member, within six months of his initiation, becomes entitled to its benefits in the same degree as the oldest member. No just sick or death benefit claim ever has been defaulted. No insurance policy ever has been delayed in payment. The Order has paid in sick benefits a sum amounting to \$28,929,351. It has paid for medical service to its members \$7,765,510. It has paid out funeral benefits amounting to \$4,902,769. The total of these benefits paid to members is \$38,798,610. Joan (aged ten): "I should like to marry an engineer." Eva: "Would you? A civil engineer?" "Oh, that wouldn't matter much. I'd soon make him civil."

### SEATTLE AERIE IS MOTHER OF THE 1,700 EAGLE LODGES IN UNITED STATES AND CANADA

Handful of Good Fellows Banded Together to Help Comrade and Great Fraternal Order of Eagles Was the Outcome.

In view of the fact that the convention now proceeding in Victoria is that of the Washington State Aerie Convention, with which British Columbia is affiliated, it is fitting to recall that a history of how the Fraternal Order of Eagles was founded, shows that Seattle instituted the first Eagles' Aerie—a term meaning eagles' nest.

### A RICH ORDER

The Fraternal Order of Eagles is one of the richest orders in the world. Its funds are divided into two classes: those belonging to the Grand Aerie, and those belonging to the subordinate Aeries. The funds of the Grand Aerie arise from a fixed semi-annual per capita assessment collected from the subordinate Aeries, to which is added such interest as accrues on investments of that fund. The total assets of the Grand Aerie were shown in the 1924 audit to be about \$26,000,000. The special fund in each Aerie from which the sick and funeral benefits are paid is sacred. It can be used for no purpose other than the payment of sick and funeral benefits. When a man joins the Fraternal Order of Eagles, he enters into a contract to pay these benefits to him or to his dependents in case of sickness or his death. The laws stipulate that a specified percentage of dues must go into the Benefit Fund to protect the claims of the membership. The producer who produces the fund can be used, as stated, for no purpose other than the payment of sick and death benefits, except if he invests in securities that can quickly be converted into full cash value. In the years 1918-19 the Nation passed through the greatest epidemic in the history of the country. The Fraternal Order of Eagles lost thousands of members by influenza, and had upon its Aerie sick lists tens of thousands of men.

### BEHIND "BENEFITS"

Now, the Aeries are thriving business organizations. They have surplus over the legal requirements for the Benefit Fund, and the costs of administration, and they are jolly good fellows. Eagle Aeries take part and lend their support generously to any charitable movement or enterprise for the good of a city. In Springfield, Ohio, Champion Aerie No. 397 has placed its excellent medical staff at the service of the poor of the community as a baby clinic, and a free milk distributing centre. It also has a shoe fund from which shoes are supplied free to all destitute children sent to the Eagles' "shoe shop" by the school officers. The Salvation Army, the United Charities, the Red Cross, and many other less conspicuous social welfare agencies have all been aided loyally by the local Aeries. These Aeries have taken the lead in organizing community observances of special holidays, as Fourth, Armistice Day, and Mothers' Day. At Christmas and Thanksgiving time, distributions of food, clothing and coal are made, and wonderful parties held for "poor kids."

In view of the fact that the convention now proceeding in Victoria is that of the Washington State Aerie Convention, with which British Columbia is affiliated, it is fitting to recall that a history of how the Fraternal Order of Eagles was founded, shows that Seattle instituted the first Eagles' Aerie—a term meaning eagles' nest.

### A RICH ORDER

The Fraternal Order of Eagles is one of the richest orders in the world. Its funds are divided into two classes: those belonging to the Grand Aerie, and those belonging to the subordinate Aeries. The funds of the Grand Aerie arise from a fixed semi-annual per capita assessment collected from the subordinate Aeries, to which is added such interest as accrues on investments of that fund. The total assets of the Grand Aerie were shown in the 1924 audit to be about \$26,000,000. The special fund in each Aerie from which the sick and funeral benefits are paid is sacred. It can be used for no purpose other than the payment of sick and funeral benefits. When a man joins the Fraternal Order of Eagles, he enters into a contract to pay these benefits to him or to his dependents in case of sickness or his death. The laws stipulate that a specified percentage of dues must go into the Benefit Fund to protect the claims of the membership. The producer who produces the fund can be used, as stated, for no purpose other than the payment of sick and death benefits, except if he invests in securities that can quickly be converted into full cash value. In the years 1918-19 the Nation passed through the greatest epidemic in the history of the country. The Fraternal Order of Eagles lost thousands of members by influenza, and had upon its Aerie sick lists tens of thousands of men.

### BEHIND "BENEFITS"

Now, the Aeries are thriving business organizations. They have surplus over the legal requirements for the Benefit Fund, and the costs of administration, and they are jolly good fellows. Eagle Aeries take part and lend their support generously to any charitable movement or enterprise for the good of a city. In Springfield, Ohio, Champion Aerie No. 397 has placed its excellent medical staff at the service of the poor of the community as a baby clinic, and a free milk distributing centre. It also has a shoe fund from which shoes are supplied free to all destitute children sent to the Eagles' "shoe shop" by the school officers. The Salvation Army, the United Charities, the Red Cross, and many other less conspicuous social welfare agencies have all been aided loyally by the local Aeries. These Aeries have taken the lead in organizing community observances of special holidays, as Fourth, Armistice Day, and Mothers' Day. At Christmas and Thanksgiving time, distributions of food, clothing and coal are made, and wonderful parties held for "poor kids."

### "What's the trouble, old fellow?"

Sanderson was making a face like a horse chewing briars. Something seemed to be wrong with his favorite cigar. It tasted terribly. "What's the trouble," his friend asked. "Trouble!" he exploded. "This cigar tastes like a rubber boot. I don't know what's gone wrong with the brand." "Maybe it's not the cigar, old fellow," the other man said. "Maybe it's you. By the way—have you ever tried eating a few Life Savers between smokes? It's wonderful how they freshen your mouth and take away that after taste." ".... Eat a few Life Savers between Smokes. It's a fact: Life Savers, those delicious little candy mints with the hole, easily double your smoke enjoyment. Hodgson, Who Eliminated O'Halloran, Former Champ, Defeated in Four Sets

Hodgson Won First Set But Sapped His Strength and Quayle Took Three in Row

C. H. O'Halloran, who for five years has been champion of the Kingston Street Tennis Club, met defeat in the semi-finals of the annual tourney on Saturday at the hands of Cliff Hodgson. Cliff is a very promising player and will be heard of in the future. He is a good volleyer, has a steady serve, and a very good forehand drive. His work, which was brilliant at times, was largely responsible for his four-set victory over the former titleholder at 6-3, 6-4, 4-6, 6-3.

The Junior Tennis Championships of B.C. got away to a good start on Saturday on the courts of the Victoria Lawn Tennis Club. The entry list, which is a record one for a junior tourney, contains many very promising young players, and judging from the boys' first round matches the standard of play in the junior classes is steadily improving.

Brand of Play Steadily Improving; Brentwood Stars Play Thrilling Match

In the boys under eighteen class two of the best players, both of whom are from Brentwood College, unfortunately in the first round, when A. S. Clist, one of last year's champions, defeated "Larry" Henderson. Then two boys had a great match. They are both pretty players, have nice styles and hit the ball hard. Service seemed to be their only weakness, both boys double-faulting many times. The service is the "opening gun" in tennis and young players should pay attention to this stroke. Clist was the first set 4-3, but "Larry" came back and took the second 7-5 after many exciting rallies. Clist was the steadier of the pair, however, and won the deciding set 6-1.

Channel Swimmer Shattered Record For 150-Yd. Race

New York, June 15.—Miss Gertrude Ederle, who will sail for England on Wednesday to undertake the English Channel swim, Saturday shattered her own world's record for the 150-yard free style swim in a sixty-foot pool at Long Beach, N.Y., covering the distance in 1:41 3/5. The national record for the 220-yard breast stroke swim fell at the same meet.

Colwood "A" Team Defeats Victoria, But Oak Bay "B" Side Squares the Score

Golf teams from the Victoria and Colwood clubs broke even in their matches yesterday. The "A" teams played at the Colwood course and the home club was victorious by a margin of twenty-three points. In the singles in the morning there was only a difference of five points, Colwood scoring 35 1/2 to Victoria's 30 1/2.

## TIMES CROSS-WORD PUZZLE

Here's a crossword puzzle for a warm June day! Don't be discouraged by the group in the upper right corner. To help you with this, the unkeyed letter for 6 horizontal is G, and that for 19 vertical is Q.

1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40	41	42	43	44	45	46	47	48	49	50	51	52	53	54	55	56	57	58	59	60	61	62	63	64	65	66	67	68	69	70	71	72	73	74	75	76	77	78	79	80	81	82	83	84	85	86	87	88	89	90	91	92	93	94	95	96	97	98	99	100

**HOW TO SOLVE THE CROSS-WORD PUZZLE**

Every number in the form represents the beginning of a word, reading either horizontally or vertically. If there is a black square to the left of the number, the word is horizontal; if above it, the word is vertical. The same number may put in a proper place on the horizontal and a vertical. The definitions for the correct words to fill the form are found below, with numbers corresponding to those on the puzzle. Run through the definitions till you find one that you recognize, and put in the letter for each white square. This will furnish several cross-clues to the words inking with it at right angles. Continue in this manner till the form is completely filled. If you have solved the puzzle correctly it should read both horizontally and vertically with words corresponding to the definitions. The correct solution of to-day's puzzle will be printed in the next issue of "The Times".

**HORIZONTAL**

## "The Steadfast Heart"

By Clarence Budington Kelland

Angus made a clumsy motion with the upper part of his body—a sort of automatic, involuntary bow—performed without consciousness. Then he turned his back squarely and abruptly and strode rapidly away.

He had not mentioned her letter, nor that she was the person who had called him back to Rainbow, nor did she. Somehow she did not want the letter mentioned, and he had a vague feeling that any mention of it ought to come from her. As she walked away she wondered why he had not spoken of it and asked himself if it could have been delicacy which held Angus silent, or merely stolidity. This was a question that many asked themselves concerning the conduct of Angus Burke in the days that were to come—and few were wise enough to discover the answer.

**CHAPTER XIV**

Angus paused inside the door of the composing room. It was changed; he could remember every article of furniture, every ray of light which penetrated through the dim windows, the position of every article, even the size and shape of stains upon the wall. It was home, the one spot upon earth for which he had known affection. He hesitated, overcome by the flood of recollections which swelled up within him, recollections which had to do with shelter and kindness, with friendships and with loyalty. These things had been hers into Angus Burke's life in this dingy room. . . . To him it seemed the fountain head of all virtues. . . . At a case stood Bishwhang, older, larger, but unmistakably Bishwhang, bending over a stone, was Jake Schwartz—unaltered it seemed, by the shading of a hair. He looked up, eyeing Angus treacherously. "What's at, what you want?" he growled.

"Angus did not answer, could not answer. Something within him cried

## SCHOOL DAYS By DWIG

once more he cleared his throat of its chronic hoarseness. Bishwhang devoured Angus with his eyes, blubbering the while. . . . It was a welcome genuine past doubt.

"I've come back," Angus said. "I got to help."

"Thank Gawd for that," rumbled Jake.

"He hasn't forgot us, Jake," said Bishwhang, as though discovering some marvelous fact of nature, "and he kept the watch. I wouldn't 'a' believed it, no, sir, not if it had been told me in church. . . . And to think that wunst I knowed more'n him!"

Angus unfolded before them as he could have unfolded before no other created beings. With Dave Wilkins he would have been more repressed, worshipping, for he was not without a certain awe of his benefactor—but Bishwhang—angry, apprehensive, He was neither. He had gone ahead with his task just as steadily, as stolidly, as he would have gone about sweeping out the office as he used to do. It was his task—to be done. There was no difference in degree. He had to do a thing, so he did it. There was no more than that to be said.

"It had been no easy task, particularly the gathering of local news, but Angus mastered that—by a stroke of genius, Craig said. . . ."

But, queerly enough, such strokes came frequently from Angus, unexpected. When some expedient was necessary, he found that expedient, found it stolidly, quickly, effectively. It was not easy to tell if keen intelligence were at work, or only kind chance. This particular stroke consisted in promoting Nellie Ramsay, long in charge of the books of the concern, to a reportorial position. It was not necessary to send Nellie out to gather persons; Angus mined her. She washed out items of news as a rich placer washes out pay dirt. All that was necessary was to set her going, for she was the town's chief repository of gossip and fact. Angus merely allowed her to talk to him, and then sorted out from the mass what it was safe to print in his column of "Notes and Personals." Craig Browning had been unable to preserve a straight face when Angus told him the secret of it. As for Angus, it was impossible to say whether or no he had any appreciation of the humor of the device.

"It's a triumph," Browning told his wife, "it's like Dave half to death when he hears of it."

## British Cabinet Change Approved

London, June 15 (Canadian Press cable)—The London Daily Express referring to the proposed

new Secretary of State for the Dominions, says the change in the Colonial Office "is in accordance with the sentiments of the people of the Dominions in marking out more clearly their special position in the Empire partnership. It will tend to promote that co-operative spirit which has found expression in the Imperial Shipping Committee, which is concerned with the improvement of ocean communications, and the recently-constituted Imperial Economic Commission."

The London Daily Chronicle expresses the opinion that the plan whereby the new secretaryship of state is combined with the colonial secretaryship in the hands of a single minister ought not to be continued long. It might have been better from the point of view of satisfying Dominion sentiment, says the Chronicle, not to have combined them even temporarily.

### U.S. URGED TO KEEP THE CAT POPULATION WITHIN LIMITS

Washington, June 15.—If birds could be protected from the predatory house cat, they would materially reduce the \$1,600,000,000 loss caused annually by insects and grubs which destroy agricultural crops, in the opinion of the United States Biological Survey.

The cat, estimated to be 600,000 strong in this country, is not, however, the only enemy of the wild birds, says the survey. The boy with his air rifle, the man with his gun, squirrels and all are taking their toll. But tabby is said to be particularly attentive to the feathered singers in the spring which is the nesting season.

### STORM DAMAGE IN ILLINOIS \$150,000

Wind Struck Mason City Area Yesterday; Number of Houses Blown Down

Automobiles Lifted From Roads; Persons Hurt by Flying Debris

Springfield, Ill., June 15.—Houses were blown down, telephone and telegraph communication was wrecked and many automobiles lifted from the state highway by a wind storm which hit between Havana and San Jose yesterday, according to reports received here.

A \$150,000 DAMAGE

Peoria, Ill., June 15.—Tourists who arrived in Peoria last night said the storm which hit Mason City yesterday afternoon did damage esti-

ated at \$150,000 to farmhouses, crops, telephone equipment and automobiles.

Many persons were hurt by flying debris. Motorists suffered when their cars were wrecked. One car was blown with its five occupants 150 yards into a cornfield. No one was hurt.

All along the western side of the highway for a distance of several miles barns and farm buildings were unroofed.

London, June 15.—A. J. Cook, secretary of the Miners' Federation of Great Britain, in a speech at Walsall, Saturday said:

"Premier Baldwin and Sir William Joynson-Hicks, the Home Secretary, will wake up some morning and find something they never dreamed about. It is nearly ready: I am in the inner circle and on the big five."

He declared that if the mining industry in Great Britain can not provide a living wage, the miners should close the mines. Then it would be for the Government or the public to say whether the industry would continue, he said.

### PLATINUM FROM RUSSIA

London, June 15.—The London Daily Mail says a shipment of platinum valued at £254,000 (about \$4,607,500) arrived in London Friday, consigned by the Russian Soviet Government to a London bank.

**from fruit to  
Jam or Jelly in  
15 minutes**

**LUSCIOUS ripe fruits! Do them down the Certo way—one-minute boiling, no waste of delicious flavor and juice. Easy, economical—and all in 15 minutes.**

The old, long-boiling process—so uncertain and wasteful—has been supplanted by the Certo way in over 3,000,000 homes. Certo is the concentrated pectin that makes jams and jellies "jell." The Certo one-minute boiling saves 50% of your fruit which, under the old, expensive, long-boiling method, evaporated and was lost.

Do it the Certo way and make success certain.

Remember—you have exactly the same proportion of sugar in a jar of jam or jelly done the Certo way as in a jar done the old way—and you get 50% more jam and jelly.

Follow exactly the complete, simple directions in the Certo Booklet which goes with every bottle.

**What Housewives say of Certo**

From New Scotia: "I used Certo last year with great satisfaction. It makes 50% more jam from the fruit."

From New Brunswick: "I have used Certo for two years and think it's wonderful. It's the only sure way of doing down fruit."

From Quebec: "I have used Certo for quite a time and have always had the greatest success."

From Ontario: "I used Certo for Strawberry Jam last year and was so successful I'm going to use it for all my fruit this year."

From Manitoba: "Between August and the present day I have used six dozen bottles of Certo and wish to tell you that I think it's a wonderful preparation."

From Saskatchewan: "Your Certo is splendid for preserving jams and jellies."

From Alberta: "I have used a lot of Certo in the past and find it all in all respects."

From British Columbia: "I am an ardent beginner in the use of Certo and have been very successful."

# Premier GASOLINE

## Favorite Motor Fuel of B.C. Motorists

If you would have the very finest of motor fuel, use the product of the most modern of plants.

At Vancouver's oil suburb, Ioco, B.C., we can show you one of the finest and most up-to-date refineries in the world. Here we produce Imperial Premier Gasoline, the quickest-starting and most powerful of motor fuels. It rolls up the mileage in a way that spells true economy for all who use it.

Made by British Columbians who know how to produce the gasoline that best suits local climatic conditions. These employees are part owners in this home industry of B.C. Indirectly you, too, are a partner, for your use of Imperial Premier promotes the prosperity of the Province in which you live.
