TREMENDOUS CROWDS HEAR PREMIER KING

CLARVOYANT'S STORY BASIS OF ARTICLE, COWPER SAYS IN ANSWER TO LIBEL CHARGE

Barbara Orford, Who Supplied Material to Tribune Editor, Disappears; Mrs. F. L. Baker, Employer of Janet Smith, Gives Evidence for Crown.

Vancouver, Oct. 2.—In his defence to a charge of criminal libel, J. S. Cowper, editor of The Saturday Tribune, told the jury at the assize court this morning that he had been led to publish the article relative to the death of Janet Smith which is the basis of the charge, by the indifference of the authorities in acting on a statement made by Barbara Orford, a young woman who claimed clairvoyant powers.

In his evidence Cowper told a story of mystery and adventure, at times bordering on the sensational. He scored the provincial police for not acting on the statement of the young woman; related how different detectives had been employed to attempt entrance to the home on Oster Avenue where Janet Smith had met her death, and asserted that at the time of the first kidnapping of Wong Poon Sing, which he asserted had been done by a private detective agency for the provincial police, Oscar Robinson, a detective, told him the Chinaman had broken down and made an important statement.

CLAIRVOYANT DISAPPEARS
Barbara Orford has disappeared, and the assertion of Gordon Wismer, defence counsel, that the prosecution had been searching for her for weeks was denied to such an extent that evidence was called in refutation.

G. L. Fraser, solicitor in the prosecution, denied in the witness box that he had been seeking the missing woman for weeks, but had within the past week asked a reporter if he knew where she was. The incident arose when E. P. Davis, K.C., who, with the assistance of R. L. Maitland, is conducting the prosecution, demanded on the opening of the court, "where is Barbara Orford?"

Mr. Wismer in opening his case declared that such a demand seems only a by-play, as the prosecution had been searching for weeks for the woman and knew she was not to be found.

BRITAIN MAKES PLANS IN CASE OF UPHEAVAL

London, Oct. 2 (Canadian Press Cable)—That the so-called organization recently formed for the maintenance of supplies, foodstuffs, etc., in the event of a general strike developing from the present industrial troubles in Great Britain, has been officially sanctioned, is revealed in a letter written by Sir William Jowanson-Hicks, Home Secretary, to a correspondent stating that if an emergency arose the Government would discharge its responsibility, but he said it would be of great assistance to receive from this or any other body of well-disposed citizens a classified list of the whole country who would serve the Government in a crisis. The Home Secretary told his correspondent that he and others were performing a patriotic duty by joining this organization or some similar body.

FORESEES GREAT GROWTH OF CITY IN FUTURE YEARS

Ald. H. F. Price, Visitor From Kingston, Ont., Impressed With Victoria

"The highway, now in the stages of completion, which will stretch across Canada from Halifax to Vancouver, and which will terminate with the ferry trip to Vancouver Island, will do more than anything else, in my opinion, to open the eyes of the East to the possibilities and the vastness of the West," declared Alderman H. F. Price of Kingston, Ont. At present, he asserted, the East was very ignorant of conditions in the West, and especially on this side of the Rockies.

Mr. Price is on a tour of the West and has joined Mrs. Price, who has been attending a Vancouver convention of church workers and has spent a month or more on the mainland and the island.

"I have seen Vancouver and I have seen Victoria, and there is no place like this," said Mr. Price.

Mr. Price is optimistic as to Victoria's future. What he has seen of the city has pleased him.

Edmonton, Oct. 2.—Fingerprint evidence is expected to play a large part in the attempt to convict John Zanon and Lionel Guerin, sentenced in Calgary to nine months' imprisonment for illegal possession of dynamite and caps, for breaking open the safe at the Western Canada Flour Mills, Edmonton, South, last week, when over \$2,000 in cheques and cash was taken.

A magistrate's order will be secured to have the two suspects brought to Edmonton for trial on the safebreaking charge.

Madrid, Oct. 2.—Spanish troops entered Adzir, capital of Abd-El-Krim, the Riffian leader, at 11.30 o'clock this morning, according to official advices from Morocco.

News of the victory was received here with great rejoicing. Flags were flown from most of the houses in Madrid and King Alfonso appeared at a window of the palace to receive an ovation from a great crowd which gathered there.

The King and the Military Directorate sent telegrams of congratulation to General Primo de Rivera, head of the directorate, who had personally been directing the Moroccan campaign.

NIGHT FIRE WRECKS COURTNEY MILL

Special to The Times
Courtney, B.C., Oct. 2.—Gwilt's mill on the Lake trail, three miles out of Courtney, was completely destroyed by fire last night. Rome, Oct. 2.—A statement issued by the Minister of Marine says it is learned the Italian submarine Sebastiano Veniero, sunk off the Sicilian coast in August, was rammed by the steamer Capesa, belonging to the Rome Navigation Company and intimates that investigation may prove this collision was the cause of the loss of the submarine.

COAL COMPANY OFFICIAL FACES CHARGES OF FRAUD ON DOMINION GOVERNMENT

Follows Lengthy Investigation by Royal Commission on Coal Supplied to Winnipeg Barracks; Sales Manager Committed for Trial; Other Charges Outstanding.

Winnipeg, Oct. 2.—Fred De Sieyes, manager of the Canadian Coal Sales Company Limited, was committed for trial on a charge of fraud in connection with supplying of coal to local military barracks, by Magistrate R. M. Noble, in provincial police court here this morning. De Sieyes was released on bail of \$50,000 to appear at the next session of the assize court.

The charge followed a lengthy investigation by a Royal Commission appointed by the Federal Government. The specific charge is that he defrauded the Dominion Government out of large sums of money by neglecting to supply coal charged to and paid for by the Government, also of substituting other coal than that called for under his contract, which was for the season of 1922-23.

A further charge of fraud in connection with a 1920-21 contract has yet to be heard, and the preliminary hearing will commence October 5.

LIBERAL POLICY TO LOWER LIVING COSTS BY REDUCING TAXATION ON IMPLEMENTS

Party Stands More United To-day Than It Has for Ten or Fifteen Years, Says Leader to Electors Who Jammed Every Aisle of Calgary Building; Pleads Earnestly for Canadian Unity

Field, B.C., Oct. 2 (Canadian Press).—At the foot of Mount Stephen, in the heart of the Canadian Rockies, Premier King this morning, before a large crowd, spoke of the great diversified interests of Canada and of the necessity of all policies being imbued with the idea of serving Canada as a whole.

With the exception of the open-air demonstration in Quebec East, Premier King last night faced the greatest crowd of his campaign. It packed the hall in which he spoke, jamming every aisle of approach outside. The police were turning away a crowd almost equally large.

W. M. Davidson, Liberal candidate for East Calgary, said that no city in Canada more than in Calgary was the tariff brought home. He had yet to find any in Calgary who profited by a high tariff.

Mr. Davidson declared his belief in a low and still lower tariff.

ARGUMENT ON WESTERN GRAIN RATE CLOSES

Decision on Crow's Nest Order Now Rests With Commission

Ottawa, Oct. 2.—Decision as to whether or not the recent order by the C. C. Commission H. A. McKeown, calling on the railways to put into effect similar rates on grain and flour moving Westward as those in effect on the railways, is now with the Railway Commission.

After three days of argument for and against the order, counsel for the various interested parties concluded yesterday.

The final day of the hearing was occupied almost exclusively by counsel for the provinces of Saskatchewan and Alberta (S. E. Woods, K.C.), in strenuous support of the order.

Ontario Application

POISON WRITER IS SHED FOR \$250,000

Millionaire Seeks Defamation Damage From Divorced Wife

New York, Oct. 2.—Indicted for sending a poison pen letter through the mails to Arthur H. Marks, millionaire tire and organ manufacturer, Mrs. Lydia Locke Dornblaser, singer, is being sued for \$250,000 for defamation of character by Mrs. Marks.

Mrs. Dornblaser has been married four times. Marks was her third husband. The text of the letter is withheld.

Marks settled \$400,000 on Mrs. Dornblaser when they were divorced last Fall, \$100,000 of which was put in trust on condition that she would not annoy him for five years.

The good behavior fund was cut in half as a result of the paternity charge. Marks' lawyers say, and has now been cancelled entirely.

Counsel for Mrs. Dornblaser said the poison pen charges were an attempt by Marks to get out of fulfilling the trust fund agreement.

A great deal of routine business was satisfactorily dealt with and the reports of the secretary, Mrs. Sayer, and the treasurer, Mrs. Gordon Smith, were approved. The date for the rummage sale was decided upon and the sale will be held on October 19 in a place to be announced later. Mrs. Gordon Smith arranging all details. For the observance of Trafalgar Day, October 21, always set aside by the Connaught Guild for special recognition, a ball will be held in Alexandra House under the co-operation of Mrs. Sayer and Mrs. Gordon Smith. Promptly at 3 p.m. yesterday the Victoria city jail discharged the last of its involuntary guests. Now thirty-six cells stand idle while a deserted appearance invests the place where usually minor offenders are placed to serve short terms. RUSSIA BECOMES POLAND'S FRIEND

Sees in Security Pact Plan to Create United Front Against Soviet Union

Moscow, Oct. 1.—In view of the prospect that Germany will negotiate a security pact with the Allies and enter the League of Nations, Soviet Russia's relations with Poland, which in the past have been marked by lack of cordiality and even acrimony, have lately assumed a strikingly friendly character. This has been forcibly emphasized by the warmth of the reception accorded M. Tchitcherin, Russian Foreign Minister, at Warsaw. The Soviet press interprets his Warsaw reception as the beginning of a definite rapprochement between Poland and Russia. Russian official circles profess to see in the proposed security pact the move by the western powers to create a united front of all Europe against the Soviet union, and they appear anxious to have at least the friendship and goodwill of Russia's nearest large neighbor, Poland, to offset the blow.

SHANGHAI ABANDONS MILITARY MEASURE

Powers Say Everything Has Been Done to Preserve Peace

London, Oct. 2.—The powers have addressed a note to the Chinese Government bearing on the disorders at Shanghai on May 28 in their latest note the powers declare their desire to settle the Shanghai incident—the shooting of several Chinese by the police of the international settlement in the city during a strike demonstration—which they always considered regrettable. They assert that everything possible has been done to improve the atmosphere at Shanghai. All military measures have been abolished, naval detachments cancelled, emergency measures cancelled, those arrested given their liberty and the schools reopened. They express the desire to continue the exchange of views respecting responsibility for various incidents which demand careful study.

German Potash Trade Thriving

Berlin, Oct. 2.—Potash concerns are among the very few German industries that have not suffered materially as a result of the post-war financial and industrial crises. They not only have not suffered but have succeeded in tripling their business. During the first six months of the year 1925 the amount of potash sold by the German industries amounted to 730,000 tons, which is almost three times the amount disposed of during the same period of the preceding year and also represents a vast increase over the total of 520,000 tons of the pre-war record year, 1913. Every ounce of the stock left over from last winter has been sold, and all the concerns to-day are working at full blast.

This showing of the German potash business is regarded as quite remarkable in view of the fact that Germany's world monopoly of the business suddenly was broken by the loss of the Alsatian mines in France, followed by the discovery of promising potash deposits in Texas, Spain, Galicia, the Balkans, Mexico and elsewhere. As to the competitive menace likely to emanate from the newly discovered deposits in other parts of the world, opinions in German potash circles are divided. The heads of one group ridicule the idea of these new potash finds proving competitive in the near future, since, in consequence of the extraordinary potash demand, the reopening of abandoned pits is being considered. On the other hand, the heads of the other group, represented by Director Rosenberg of the powerful Winterhall concern, are inclined to view this prospective foreign competition with some uneasiness. To counteract such a danger, perhaps, the Winterhall concern has started the chemical refining of potash on a large scale at Kattowice on the Werra, a chloride of potassium factory is being erected at the cost of several million dollars which promises to become one of the largest chemical enterprises in Germany.

FORKE THINKS MEIGHEN WILL BE DEFEATED

Predicts Victory For Progressive in Portage Constituency

Conservative Policy Would Wreck C.N.R. System, He Says

Portage la Prairie, Man., Oct. 2.—(Canadian Press Staff Correspondent)—Robert Forke, Progressive leader, predicted a victory for Harry Leader over Right Hon. Arthur Meighen in the constituency of Portage, in a speech here Wednesday night. "I know he is going to win and it will be the finest victory in this election for the Progressive Party," Mr. Forke said. Mr. Forke denied bluntly the alleged failure of the Progressive group. "Perhaps we went to Ottawa too humbly, but I think after four years' association with the more hardened politicians we can assert ourselves with any one."

NATIONAL POLICY
"The Progressives have not been a failure at Ottawa. I do not think that since Confederation there has been any Parliament in which all phases of Canadian life were represented as well as in the last. The try to fasten the label of class politics on us. I want to repudiate that charge. We are all in the same boat and the policy we advocate is a national policy."

"I have been a little disappointed in the speeches of Mr. King and Mr. Meighen since they came West," said Mr. Forke. "The West has expected something bigger. It's nothing but the same old talk." The transportation problem was the greatest of Canada's difficulties to-day. With the National system increasing Canada's indebtedness by \$100,000,000 the situation was becoming increasingly desperate. **WOULD BE MONOPOLY**
"I have not noticed Premier King or Mr. Meighen giving us any solution," he said. Mr. Meighen would cut out all capital expenditures, but that would mean the deterioration of the system. As a last resort Mr. Meighen would amalgamate the two systems, but Mr. Forke thought the Conservative leader's amalgamation was probably similar to the Senate scheme, which would be a monopoly with the C.P.R. in control. The solution for the transportation difficulty was an increase in population.

FARM AS SOLUTION
"If we had 20,000,000 people, most of our problems would be solved. I am farming two and a half sections, and I am satisfied that five families could make a good living from that land as I am," he declared.

"Count Ponzi" Sought in Winnipeg on Check Fraud Charge

Los Angeles, Oct. 2.—The Los Angeles Examiner says detectives here have telegraphed the chief of police at Winnipeg to request for the arrest of William V. Ponisowsky, known in exclusive social and motion picture circles here as "Count Ponzi." Police allege Ponisowsky left Southern California about a month ago in a stolen automobile and well supplied with funds obtained through the sale of spurious cheques. "Police records reveal, 'Count Ponzi' served time in a New York penitentiary for cashing two worthless cheques during a brilliant society career on Fifth Avenue."

Sooke
Sooke, Oct. 2.—Notices are being distributed in the Sooke district to the effect that T. B. Booth, the Liberal candidate for the Nanaimo riding, will address a public meeting at the Sooke Hall on Saturday evening, October 3, at 8 p.m.

Other speakers will be C. H. O'Halloran and W. MacIntyre, two well-known workers in the Liberal cause. A very successful sale of work and dance was held on Friday evening by the ladies of Holy Trinity Church. Almost all articles on the home-cooking, needlework and superfluous stall were sold out. The ice cream stand did a thriving business, and the dance was well patronized. A satisfaction survey was realized, part of which will be devoted to freeing the recently erected vestry from debt.

Harvest Thanksgiving will be held at Holy Trinity Church on Sunday, October 4, at 3 p.m.

Guests at the Paradise Inn include Mr. and Mrs. C. J. E. Crawford, who spent the week-end with Capt. and Mrs. Coley, Victoria; Miss L. A. McCloy, Victoria; E. G. Taylor, Fishery Commissioner, Victoria; Reeve and Mrs. Gaby (president-elect of B.C. municipalities); Mr. and Mrs. T. Morrison Boyd, U.S.A.

Mr. Boyd, who is road scout of the American Auto Club, proved a very interesting visitor. He gave a description of his 3,700-mile trip of inspection, much to the entertainment of the other guests.

At the meeting of the Farmers' Institute, called for Monday, October 5, at Royal Oak, a discussion will take place on the water situation as it affects Saanich.

GOVERNMENT FAIR TO HOME BANK, SAYS DR. KING

Has Been as Generous to Depositors as Within Their Power, He Says

Fernie, B.C., Oct. 2.—Speaking to the Fernie electorate last night Hon. J. H. King, Minister of Public Works, said he regretted that his opponents in East Kootenay were making a political football of the Home Bank matter. The Government, he declared, in its consideration of the depositors had endeavored to deal as fairly and as generously as was possible, and was now providing 35 per cent. to all depositors without discrimination. That was as fair a measure of relief as the Government had power to grant. The final outcome, continued the minister, admittedly was not satisfactory, as the Senate in bringing about an amendment had made class legislation when distinguishing the various groups and degree of benefit or otherwise to be allowed. Hon. Dr. King defined the Government's tariff and fiscal policies, and made particular reference to Canada's phenomenal progress as a manufacturer of paper, which he said would surpass any country in the world within a year.

Answering interrogators as to his activities in endeavoring to secure Government relief in their behalf following the Home Bank disaster, Dr. King reminded the Fernie electors that within four months following the bank's failure he had visited Fernie, heard the details and notwithstanding lack of any legal means of obtaining Government relief he had carried their message to Ottawa. With the result that the Government eventually championed the measure for relief to depositors. Capt. Ian MacKenzie, Vancouver, also spoke in behalf of Dr. King.

Mine Workers Ready For Long Struggle

Coaldale, Pa., Oct. 2.—The anthracite mine suspension which has been in effect a month to-day, remains unchanged from the standpoint of the mine workers, said J. L. Lewis, president of the United Mine Workers of America, in an address here yesterday. "The mine workers are prepared for a struggle of indefinite duration, if such a course is necessary to secure consideration of their just demands," said Mr. Lewis.

Child Welfare Conference Has Ambitious Programme; Child Labor Recommendations

Ottawa, Oct. 2.—An ambitious and advanced programme for the benefit of the child was adopted at the closing business session of the Child Welfare conference here yesterday. Resolutions adopted asked for the better enforcement of laws against family desertion, for adult night supervision of the dormitories of neglected, dependent and delinquent children, and for separate dormitories for these classes. It was decided to employ a full time executive secretary and it is understood that position is being offered to Miss Charlotte Whitton, now general secretary, who has not yet decided upon it. The Child Welfare Council's health programme calls for support for the establishment of a Federal ministry of health to assume responsibility for

LOWER TAXATION COMING

PUBLICATION OF THE

fact that taxation in this city is about to be considerably reduced is a fine advertisement for Victoria. Mayor Pendray's announcement that nearly \$4,000,000 has been slashed from assessments on land and improvements for the year 1926 brings this desired objective within early reach.

Herein you see the reason why Mr. Mackenzie King's ideas of Canadian autonomy—which happen to be the ideas of Sir Wilfrid Laurier and Sir John A. Macdonald—are no longer under fire.

FOR THE CHILDREN

THE CAUSE OF THE children is one very close to every heart and to-morrow's appeal by the Dr. O. M. Jones Chapter, I.O.D.E., on behalf of its milk fund is worthy of the most generous support.

A CHANGE OF FRONT

THE SOFT PEDAL HAS been securely clamped down on one phase of the campaign against the King Government which a short time ago was vigorously featured in the Conservative press.

The answer is Mr. Patenaude's candidature in Montreal. A tactical blunder was made by Dr. Tolmie's organization and Tory journals outside of Quebec when they welcomed Mr. Patenaude's entry into Federal politics so enthusiastically and acclaimed him as a real simon-pure true-blue Tory.

papers outside of Quebec welcoming Mr. Patenaude with open arms after that statement? Then Mr. Patenaude gave a version of imperialism as it affected Canada which must have been a shock to the well-regulated Tory mind.

But the worst is yet to come. "I am not ready to admit," continues Mr. Patenaude, "that when England makes war Canada should necessarily be considered above all."

Herein you see the reason why Mr. Mackenzie King's ideas of Canadian autonomy—which happen to be the ideas of Sir Wilfrid Laurier and Sir John A. Macdonald—are no longer under fire.

ALL FOR PEACE

IF THE DELEGATES FROM the thirty-eight nations represented at the opening session of the Interparliamentary Union at Washington yesterday do nothing more than discuss ways and means of preserving world peace, and put themselves on record in favor of general armament reduction, they will have contributed something practical towards the end to which the eyes of mankind in general are turned.

The address of welcome from Mr. Kellogg, as the representative of the host country, breathed the spirit of peace and goodwill and contained fitting references to our neighbor's desire for international amity on all counts.

OUR FIRE BILL

BEFORE THE LEGISLATURE commences its session in November the Forest Branch of the Department of Lands will know how much timber has been destroyed by fire this year and what it has cost to patrol the forest areas and fight the many blazes.

This bill for the loss of valuable timber and property, to say nothing of the additional cost to the Department, should be considered by

the House as a whole. It is obvious that the Minister of Lands should be furnished with such funds as he may require to introduce a more effective system of forest patrol than he is permitted to employ at the present time.

SPIRIT PREDICTIONS

SOME TIME AGO SIR ARTHUR Conan Doyle warned the world that a catastrophe was hanging over it. He said that this disclosure had been made to him by the spirits and the truth of the assertion could not be doubted.

Weight is lent to the suggestion of a possible early clash between Labor and Fascism by a cable from London yesterday which announced the fact that a force is now organizing to "uphold the constitution and insure the safety of the Crown."

Woman County Councillor Of London Tells of Her Work

Miss Cazalet, Visitor to City, Is Youngest Member of Civic Body; Has Post on Education and Parks Committees.

Since the advent of women into the political field of Great Britain, many august bodies hitherto considered invulnerable to the gentler sex have succumbed to the popular demand and now include women representatives on their roster. To Miss Cazalet, who is in Victoria for a few days in the course of a Dominion-wide tour in the company of her brother, Capt. V. A. C. Cazalet, M.P., and Lord Gage, belongs the distinction of being the youngest member of the London County Council, the authority which controls the destiny of London's schools, parks, public health, housing, tramways, street improvements, fire brigade, sanitation, and other public services.

TWENTY-ONE WOMEN COUNCILLORS

Election to the London County Council is for a three-year term, and Miss Cazalet's appointment dates from October last. She was one of twenty-one women elected to the council out of sixty women candidates. Her success in this campaign marked a step forward in a career of public service which began with the parish council at her home in Kent, progressed through her election to the Urban District Council and the London County Council, and which she hopes will culminate ultimately with a seat in the House of Commons.

A period of service on the London County Council furnishes most excellent training for parliamentary honours, including Miss Cazalet. She frankly confesses to parliamentary ambitions and finds tremendous interest in public life, a confession which, coming from one so young and charming, is refreshing, and speaks well for the public-spiritedness of the women of Great Britain.

POSITION NO SINECURE

The position of councillor is no sinecure. The council is divided into a number of committees, Miss Cazalet being a member of the education and parks committee. Each committee is divided into sections or sub-committees to undertake various duties, and these committees report their findings and recommendations to the general meeting of the council, which is held every Tuesday. The tremendous amount of business dealt with at these meetings may be gauged by the fact that at a recent meeting held before she left, the council, including Miss Cazalet, opened their deliberations through, without a break, until mid-day the next day—a strenuous session.

£12,000—A STRENUOUS SESSION

Miss Cazalet's duties on the education committee include the interviewing, with five other councillors, of every applicant for the position of headmistress in the elementary schools of London—a task of considerable magnitude. Then she has to make periodic inspection of the schools as well as take a close interest in a school for deaf girls, in the open-air school, which have recently been established for the education of weakly children, and in other special institutions. The immensity of the work of the education committee alone is suggested by the appropriation of £12,000,000, which represents the sum London expended in its public schools last year alone.

INTERESTED IN IMMIGRATION

Perhaps as a result of her close association with the schools of London and her insight into the conditions existing in the great metropolis, Miss Cazalet is deeply interested in immigration in Canada. In fact, the present tour of the party of which she is a member, has been made primarily in the purpose of looking into the question in the Dominion.

PARTY FOR MOTHERS AND BABIES HELD

In response to the invitation of the Executive of the Child Hygiene Council, eighty-five mothers attended the opening social of the season yesterday afternoon at St. Paul's Church House.

The mothers there arrived a veritable army of babies and children, a hundred and thirty-five, strong, all of whom met with a cordial reception. The president, Mrs. Booth, and Mrs. Sanders, acting secretary, who received guests.

The children were entertained with games under the superintendence of Mrs. J. Nicol and Mrs. Appleby. Had plenty of fun playing "Musical Chairs" and "Pinning the Donkey's Tail," the winners receiving prizes and the others being consoled with candies and ice cream. A sumptuous set-down tea was provided to which ample justice was done.

A musical programme was given by the Esquimalt Brownie Pack. Piano solos by Peggy McDonald and Muriel MacIntosh, recitation by Peggy White and Lilian Elston were much enjoyed and were followed by songs in which the whole pack took part. The tea arrangements were in charge of Mrs. Brooker, assisted by the ladies of the executive.

HOSPITAL ASSISTED BY JUBILEE W.A.

The regularly monthly meeting of the Women's Auxiliary of the Provincial Jubilee Hospital, was held in the nurses' home on Wednesday afternoon with the vice-president, Mrs. Green, occupying the chair. Membership fees amounting to \$27 were acknowledged from the following members: Mrs. S. J. Drake, Mrs. W. F. Burton, Mrs. T. S. Gore, Mrs. Ross Sutherland, Mrs. Beison, Mrs. Strangeman, Mrs. H. C. Wilson, Mrs. J. W. Church, Mrs. Cator, Mrs. E. S. Heisterman, Mrs. B. J. Angus.

Mrs. Drysdale kindly accepted the chairmanship of the sewing committee, which meets at the nurses' home on the first and second Wednesday of each month. Various accounts to the amount of \$268.92 were passed for payment by the meeting, and on the request of the hospital board the auxiliary passed the recommendation agreeing to provide linoleum for the floor of the laboratory at a cost of \$213. The action of the president and executive in furnishing and decorating the nurses' social hall at a cost of \$77 was endorsed by the meeting.

A standing vote of thanks was accorded to Mrs. Herbert Pendray, who successfully convened the annual tag day in August, which on this occasion netted the auxiliary \$704.11. A report was received from the junior women's auxiliary, together with the sum of \$19.50, to be added to the funds.

At the conclusion of business the ladies adjourned for tea at the invitation of the superintendent, Miss MacKenzie. The next meeting will be held on Wednesday, October 28, at 2:30 p.m., to which all members of the auxiliary are invited.

PARIS AGOG OVER RUMORED ROMANCE

Paris, Oct. 2.—A possible romance, linking the names of Mrs. Woodrow Wilson and Dr. Sterling Ruffin of Washington, D.C., lately has been the subject of much speculation in Geneva and Paris.

Mrs. Wilson is visiting friends here, but Dr. Ruffin was a passenger on the liner Majestic which sailed for New York, September 22. Rumors of the impending engagement of Dr. Ruffin and Mrs. Wilson evoked the following statement to-day from a close companion of Mrs. Wilson: "Mrs. Wilson adheres to the policy she has followed since she was in the White House and refuses to comment or deny any newspaper reports concerning her."

TO-MORROW'S HOROSCOPE

By Genevieve Kemble

SATURDAY, OCTOBER 3

Although the astrological forecast for this day is a generally quiet one, yet it will not be without its surprises or sudden visitations. It is possible that there will be an opportunity for change or travel or a consideration of new projects or adventures. But the mind may be slow to see the advantage of such propositions, since on this day it is rendered slow and conservative by the studious Saturn vibrations. "Make haste slowly" would be the day's slogan.

Those whose birthday it is have the forecast of a rather quiet year, but one in which there may be opportunity for change, travel and new enterprises. But these may not be eagerly embraced since the mind will be studious and quiet. A child born on this day may be inclined to be studious and introspective, with possibly a mind turned to the occult or mystical. It should make its best success in the employment of others.

St. Mark's Social.—The first of St. Mark's parish socials this season will be held in the hall on Wednesday, October 7, at 8 p.m. Mrs. Hopkins's orchestra will play. Refreshments will be provided.

"STOP THIEF" WINS CORDIAL APPROVAL OF COLISEUM PATRONS

Once again requests for a repeat performance of "Stop Thief" testify to the success of the stage offering at the Coliseum this week. The popular players present one of Percy Hutchinson's successes and the audiences have more than found it to their liking. It is as full of laughs as a politician is of promises. There is a good plot, too, which adds to the interest and it deals with a wedding, a burglar and kleptomaniacs. On top of that there are several of those fine musical numbers without which

screen, is described as a story rich in humor of the sort that carries a heart-tinging with it.
Lois Wilson, Warner Baxter and Luke Cosgrave, the old rheumatic in "Hollywood," are featured in the principal roles of the picture, adapted for the screen by Walter Woods and F. McGrew Willis from a Broadway stage play by Edna Ferber and George S. Kaufman.
Abounding in support of the leading players are such well known names as Ben Hendricks, Margaret Morris, Josephine Crowell, Adele Watson and others.
Everyone recalls the heart-interest and genuine appeal Cruise crammed into "The Goose Hangs High." Here's one that's just twice as human—twice as real.

LANDON OF MUSICAL COMEDY FAME IN PLAYHOUSE PICTURE

The musical comedy stage has long been a school for players who have gained considerable success in motion pictures. Douglas Fairbanks, Conway Tearle, Jack Mulhall and many others are among those who have risen to the heights of cinema fame and who were all musical comedy favorites at one time.
The latest recruit to the silent drama by way of the musical comedy field is Burton Landon, whose performance in John Murray An-

erson's recent musical show, "Jack and Jill" proved one of the best efforts of the last season.
In Garrick Pictures' Production of "Born Rich" at the Playhouse, Landon is seen as one of the high social set who, because they are born rich and have never had to struggle or fight for what this world gives, while away the hours at teas and dances and sports. It is a side of life, the films seldom mirror. Landon gives an excellent portrayal of his part. It is being shown at the Playhouse.

PERCY MARMONT IN NEW ENGLISH ROLE IN "FINE CLOTHES"

Percy Marmont is an Englishman and usually is called upon to portray the part of one of his own countrymen on the screen.
His latest role is that of Peter Hungerford in John M. Stahl's production of "Fine Clothes," which Louis B. Meyer will present through First National at the Capitol Theatre to-day.
Peter is a mild, sweet-tempered man who owns a little haberdashery shop in the heart of London and emerges from his basement establishment, a down-trodden individual.
Since the time Marmont played Mark Sabre in "If Winter Comes," he has been definitely established as an Englishman on the screen. Contrary to usual custom, which generally makes a Latin an American and vice versa, he really is an Englishman, born in London.
He is featured in "Fine Clothes" with Lewis S. Stone, Alma Rubens, Eileen Percy, Raymond Griffith and William V. Wong.

BEAUTIFUL BLONDE APPEARS THIS WEEK IN DOMINION FILM

Justine Johnston, several years ago a member of the Ziegfeld "Follies," and more recently known for her work on the dramatic stage in this country and abroad, plays one of the principal roles in "Never the Twain Shall Meet," the Cosmopolitan-Metro-Goldwyn production of Peter B. Kyne's popular story of the South Sea Islands, this week at the Dominion Theatre.
Miss Johnston recently returned from London, where she played for several years and where she is known to playgoers as "America's Beautiful Blonde." She recently appeared there in the leading role of "Polly Preferred." In "Never the Twain Shall Meet" Miss Johnston has the role of a young American girl and wears a dazzling array of beautiful gowns, furs and jewels, her wardrobe for the production amounting to more than \$100,000.

"BANDIT'S BABY" AT COLUMBIA THEATRE IS FULL OF LAUGHS

If laughter is healthy, as the doctors contend, then "The Bandit's Baby," Fred Thomson's latest starring production for F. O. B., is the most wholesome and healthy picture of recent memory.
It was shown for the first locally at the Columbia Theatre yesterday, and if ever a movie deserved the appellation, "a howling success," this one does.
The audience roared, rocked, howled, belloved, guffawed and chuckled from start to finish; such time as they were not thrilled with the melodramatic rides, rescues and stunts of the inimitable Thomson. Silver King also has a big part in both the comedy and the thrills.
"The Bandit's Baby" revolves largely in its unusual plot around the situation of an outlaw who is granted an amnesty of one day to ride in a rodeo for the honor of his old home town. A baby show, which is scheduled for the day of the rodeo, needs a judge badly—largely because the proud fathers whose offspring are to compete believe in the rule of the six-shooter, even where judges are concerned.
Each man is a hero and an oracle to somebody, and to that person whatever he says has an enhanced value.

Belasco Turns Back To David Warfield Manner in New Play

New York, Oct. 2.—David Belasco turns back to his David Warfield manner in "Canary Dutch." There are tears in abundance for those who like to weep in the theatre, and the sophisticated ones may stay away.
Willard Mack wrote the play and acts the Warfield role. He handles it with great appeal and builds up a high momentum of honest sweetness and anxiety.
"Canary Dutch" tells the story of an old engraver who served a long prison term for being entangled with a bunch of counterfeiters but who is determined no word of his shame ever shall reach his daughter.

Each man is a hero and an oracle to somebody, and to that person whatever he says has an enhanced value.

Honors Accorded Newspaper Men

Shortly before proceedings opened, a body of newspaper correspondents lighting their way through the crowd, entered the hall. Under the impression that they were the Prime Minister's party, the band struck up "O Canada," and the crowd stood in response.
It was not till later that the Prime Minister arrived.

Calgary, Oct. 2.—The packed hall at Premier King's meeting here last night was responsible for an amusing episode.

The sense of honor is of so fine and delicate a nature that it is only to be met with in minds which are naturally noble, or in such as have been cultivated by great examples, or a refined education.

BONES OF B.C. "SEA SERPENT" RECEIVED HERE Remains Fished up in Okanagan Lake; Experts Pronounce Them Whale Bones

Officials of the Provincial Museum found themselves faced to-day with what appeared to be the bones of the first real sea serpent. These remains were hauled out of Okanagan Lake by those who assert that the inland waters of British Columbia are the home of extraordinary creatures with heads like sheep, and long tails and bad-tempered dispositions.

How a whale could get into Okanagan Lake was a problem which made Mr. Kermode and fishery experts whom he called into consultation scratch their heads in wonderment. No well-behaved whale ever goes into fresh water, and even if he did the job of getting as far inland as Okanagan Lake would be more than several tons of blubber could easily accomplish.

BRITISH DELEGATION OFF TO PEKING FOR TARIFF CONFERENCE

Off to Peking to attend the customs tariff conference called into being by the nine-power treaty and to open its deliberations on October 26, Sir Ronald Macleay and Colonel the Hon. Sydney Peel, sailed last night on the Empress of Canada.

An interesting sidelight on the conference was thrown by Charles Dalley, staff correspondent of The Chicago Tribune, who arrived last week from the Orient after many years' residence there. Mr. Dalley foresaw great difficulty ahead of the powers attending the conference in China other than that of friendliness.

Twenty-one appeals to the court of revision on the assessment of lands in Victoria were heard yesterday, but the percentage of cuts was not high. At the luncheon meeting of the Tourist Trade Group of the Chamber of Commerce to-day, it was reported that Mr. B. S. Jackson, K.C., of the Game Board, had announced that rice seed would be planted on the shores of the lake to make the district more suitable as a bird sanctuary. Two lots of 100 birds each will shortly be placed on this sanctuary, the group was told.

The hearing of Zelnitsky vs. Rant, a claim for unstated damages alleged to have been caused in a motor accident recently when the plaintiff, Mrs. Zelnitsky is said to have been knocked down by a car owned by the defendant, opened before Mr. Justice Murphy in the Supreme Court to-day. H. W. Davey appears for plaintiff and F. C. Elliott for the defendant. Hearing proceeding this afternoon.

It was suggested at the luncheon meeting of the Tourist Trade Group of the Chamber of Commerce to-day, that the management of the Crystal Garden be approached with a view to securing a part of this Winter playground as a place for the entertainment of visitors in this city. Last year the Chamber of Commerce auditorium sufficed, but it was thought that the Crystal Garden would be more suited for musical and social entertainments of the sort planned under the Chamber of Commerce's auspices.

ALDERMAN BLAIR WILL INVESTIGATE INDUSTRIAL SITES

Few Good Mill Locations Remain on Waterfront, Chamber Directors Learn

Comparatively few suitable waterfront mill sites are now available within the city limits and the question of taking care of future industrial expansion was brought before the Chamber of Commerce directors to-day. Alderman M. P. Blair, president of the industrial group of the Chamber of Commerce, was asked to look into the question of industrial sites and report back to the directors.

There were only about three mill sites suitable in Esquimalt and two or three more good waterfront sites in the City of Victoria limits, it was stated.

WEST COAST FREIGHT

The question of shipping of salt herring from West coast points of Vancouver Island to Mainland ports, was discussed by the directors. The fact that salt herring, many hundreds of tons of which are shipped South and freighted across the Pacific from Vancouver, caused comment. It was felt that Victoria should receive this freight for transshipment to the Orient. The question of facilities for the shipment of this coast product was discussed. American ships call at coast customs ports and take freight direct to Seattle. Japanese tramp vessels also made direct connections with the herring salting centers. A committee will be appointed to examine the situation.

CLAIM DISCRIMINATION

A communication from the Nootka Packing Company Limited, urging the Victoria Chamber to intervene in what was considered a discrimination against Vancouver Island owing to the fact that it was not lawful to use herring for the manufacture of oil and fish meal, was read at the directors' meeting.

The use of herring in reduction will not diminish the supply of this prolific fish, the chamber claim.

WANT A TELEPHONE

A letter from C. J. Mathews, Robson Island, Quatsino Sound, asking for the assistance of the Chamber in securing telephone communication for this part of the coast, was read and approved. The Chamber will work on behalf of the Quatsino Sound residents.

BROODY HEN CAUSED ALL THE FUSS, SAYS CITY STALL HOLDER

Rotten Eggs and Pullet Extras Subject of Court Airing To-day

A broody hen, sitting on useless eggs in the middle of a thriving chicken ranch, where 1,500 hens contribute a total of fifteen dozen eggs a day, caused all the trouble, said a defendant charged in City Police Court to-day with exposing for sale eggs that were not fresh.

"Four of the eggs were rotten," was the way Dominion Egg Inspector Hagger put it tersely for the fifth time during the police court hearing this morning.

"What have you to say to that—four of the eggs were bad, he says?" queried Magistrate Jay.

"They could not be rotten, Sir, a hen does not lay rotten eggs and those eggs were collected fresh from the hen, Sir," was the reply of the defendant, Alfred Charles Wakeman, a stallholder at the public market.

The Egg Inspector amplified his remarks by telling how he tested fifteen dozen eggs in the stall of defendant on September 5. Thirteen dozen were in order, something over a dozen were smaller than grade, and four were added, he stated.

Defendant told how he, accompanied by his son, had gone to a Colwood farm the night before. There the eggs had been lifted straight out of the nests and into the container in which they came to market. They would have been tested later in the day but the Egg Inspector arrived before the stallholder got down to business, said the defendant.

It was Mr. Hagger himself who threw the most light on the tangle, when he stated that the eggs had the appearance of having been hatched for some time by a broody hen.

Defendant paid a fine of fifteen dollars on a technical charge of exposing for sale eggs that were unfit for human consumption, and a further fine of five dollars on a charge of exposing eggs improperly graded. Similar charges against Mrs. Alice Darnell, another stallholder, were dismissed when defendant told the court the dozen eggs which she placed on the counter were for her own use and were not for sale. The dozen, testified the Egg Inspector, five were rotten, six were second grade, and the last was a pullet extra.

Whittaker and McIvor appeared for the prosecution and P. J. Walls for Mrs. Darnell. Mr. Wakeman was not represented by counsel.

Dr. Arthur G. Price, Medical Health Officer for the City, was called in to testify that he had seen the eggs from the stall of Mrs. Darnell. His evidence was unnecessary, however, when Mrs. Darnell assured the court that her stall was a fruit and poultry one, and eggs were not for sale there. During the course of the prosecution, which engendered considerable heat at phases of the evidence, Mr. Hagger explained the difficulty of his mission, an educative one with the object of instructing the public to insist on fresh eggs and the producers to handle no others.

"Centennial United choir will render Maunder's sacred cantata, "Song of Thanksgiving," on Sunday evening next. The choir has been working hard on this production, and the solo parts will be taken by Madama Edson, Erik, Hilpa and Tupman, and Messrs. Thomas and Almond. In addition one or two anthems will be sung, making it an entirely musical service. Mrs. M. F. Matthews will be at the organ with Frank Tupman conductor.

Mr. and Mrs. J. R. MacAdam of Duncan are in Victoria for a short stay. They are at the Dominion Hotel.

Marquis Wheat Inventor Here

Dr. Charles E. Saunders, originator of the famous Marquis wheat, which has increased the grain yield of the Canadian prairies, has arrived in Victoria from California on his way home to Ottawa. Mrs. Saunders accompanied him on his tour.

Dr. Saunders was Dominion cerealist until he retired recently and resided in the Dominion Government having made one of the great discoveries of the age and of the greatest material benefit to the human race.

By selection and cross-breeding, he worked out a new variety of wheat especially adapted to growing conditions on the Canadian prairies. After the new grain was produced at the Ottawa research station, and it was grown at Brandon and Indian Head stations for distribution as seed.

OBITUARY

The funeral of the late William J. Richardson took place on Thursday afternoon from McCall Bro's Funeral Home. A large number of friends attended the service, which was conducted by Rev. J. S. Bastin, rector of St. Stephen's Church, Mt. Newton. There was a profusion of beautiful flowers, showing the esteem in which the late Mr. Richardson was held by his many friends. The hymns "Lead Me Kindly Light" and "Abide With Me" were sung during the service, after which interment was made in St. Stephen's churchyard with the following friends as pallbearers: Brothers Greenhalgh, Jewes and Greenwell of the Sons of St. George, and Messrs. A. Rey, J. Bull and J. Thompson. Services were taken at the graveside by the Sons of St. George and the Saanich Lodge of Loyal Orange Association.

The death occurred last evening of John Leonard Young, aged forty-seven years, of West Road, Royal Oak. He was born in Saanich, son of the late Henry Young, a well-known pioneer, and is survived by his widow and one daughter at home; one sister, Mrs. Edward Monk of Victoria; three brothers, Henry Young, California; William Young, Victoria, and Fred Young of Stewart, B.C. The funeral will be held from Hayward's B.C. Funeral Chapel on Monday at 2 o'clock, Rev. F. A. P. Chadwick officiating.

May Build Big Soap Works on Reserve Here

At a meeting of the directors of the Chamber of Commerce to-day it was stated by Fred Stegogor that there was a possibility that Lever Bros. soap manufacturers of Toronto, might seek a site on the industrial Reserve here. The fact that this company turned out a soap product and that it was found that they could not store sufficient quantities to keep up with orders leads to the belief that they may locate in Victoria. The Chamber is looking into the matter with a view to encouraging the location of this industry here.

Greenshirts To Meet Dockers In Feature Battle

Keen Match Expected When Clubs Clash in First Division; Two Other Games

James Island Will Make Debut on Local Grounds Against Englishmen at Central Park

Great interest is being taken in the First Division soccer game scheduled at the Royal Athletic Park to-morrow between the Victoria Wests and the Equimault. These teams have been rivals in local soccer since the Dockers made their appearance into the Saturday league and the Wests are looking for a heated argument in their initial meeting of the season.

To-morrow's matches will be as follows: Victoria Wests vs. Equimault, Royal Athletic Park. Referee: Alcock. Sons of England vs. James Island, Central Park. Referee: Fyfe. United Services vs. Victoria United, Beacon Hill. Referee: Stokes.

All games will commence at 3 o'clock. At the start of the season when the Wests were undecided as to whether or not to enter the First Division the majority of the fans looked for the passing of one of the oldest soccer clubs in this city. However, the greenshirts came back once again and when they made their appearance last Saturday, they upset the hope by downing the fast Sons of England eleven.

The Equimault have practically the same team as last year. They have added Johnny Roe, formerly of the Veterans, with both fielding formidable team a fast match is anticipated.

ISLANDERS TO APPEAR

The James Island team will make their first appearance on a Victoria ground when they stack up against the Sons of England at the Central Park. Last week they put up a hard fight against the Wests but were forced to acknowledge defeat. The Englishmen lost a tough match to the Wests in their opening game of the season but they have a strong club and are not worrying over last week's defeat.

A good match should be seen at Beacon Hill between the United Services and Victoria United. With a victory chalked up to their credit last Saturday, the United are looking for their best performance in the formidable eleven. The Services fell by the wayside last week at the hands of Equimault but are confident of breaking into the win column to-morrow.

The Sons of England team will be selected from the following: Luckwell, Hodge, Arthur, Harwood, Shanks, Dryborough, Swan, Connor, Williams, Cull, Quainton, Thomas and Brown.

The Victoria Wests lineup will be: Whyte, Baker, Copas, Wright, Peden, Popham, Sherratt, Mulcahy, Pasmore, Butler and Waddington. Equimault will field the following team: Nicol, Watt, Mesher, Roe, Edwards, Hay, Stewart, John Watt, Tommy Watt, Warren and McColl, reserve, Hooper.

Much interest is being taken in the game, the Saanich Thistles and the Veterans Juniors. The Vets have taken over the job of Saanich last year's team and filled the vacancies with other good players. They are also receiving strong support from the Veterans of France.

The Vets are so confident in defeating the Thistles that they have aroused much interest among the fans, and a good crowd of spectators is expected. The kick-off will be 3 p.m. sharp at Beacon Hill.

The Saanich Thistles team will be as follows: Rose, Kennedy, Fricton, Crowe, D'Arcy, Whykers, Minnis, Burns, Ivings and Ewing.

The Victoria United team will be as follows: Downs, Newland, J. Taylor, W. E. Taylor, and the following: Cole, Saville, Euser, Dunn and Allan. Players are requested to meet at the Metropolis Billiard Parlors at 2:15 o'clock.

Good Card Backs up Main Event; Fielding and Teifer Meet in Semi-wind-up

With every bout on the card a good one the Victoria Boxing Club offers a show to-night that will compare with anything presented in any of the Coast towns. A lot of fans had counted on seeing Billy Mascot in action against Danny Edwards, and although the Edwards-Newman round, round, battle which takes its place should prove just as interesting, they are strong club and are not worrying over last week's defeat.

A good match should be seen at Beacon Hill between the United Services and Victoria United. With a victory chalked up to their credit last Saturday, the United are looking for their best performance in the formidable eleven. The Services fell by the wayside last week at the hands of Equimault but are confident of breaking into the win column to-morrow.

ROGERS HORNSBY HAS CHANCE TO EQUAL A RECORD

New York, Oct. 2.—Rogers Hornsby will equal a major league record of long standing if he keeps up his present 400 hitting pace for the last few games of the season. By doing that the great Cardinal manager will equal the mark of hitting 400 or better for the three seasons, 1915, 1916 and 1917, set by the first established by Jess Burkett of the old Cleveland Nationals in 1895, 1896 and 1899 and duplicated by Cobb in 1911, 1912 and 1922.

Dempsey Selects a Lawyer as His New Business Advisor

Chicago, Oct. 2.—Ray Cannon, a Milwaukee attorney, selected by Jack Dempsey as his legal and business adviser, is a graduate of Marquette University, and rates as one of the most aggressive lawyers in Milwaukee. He is thirty-one years of age. Cannon became legal adviser to Dempsey and Jack Kearns when the pair of Jacks first came out of the west and handled their case successfully when John "The Barber" Reiser, of New York, sued Dempsey in Milwaukee on an old contract. The young Milwaukee attorney has been in the sporting public's eye for several years. He handled the case of Joe Jackson and Harry Felsch in their suits against Charlie Comiskey, growing out of the White Sox scandal. The present contract between Kearns and Dempsey was drawn up by Cannon and his new affiliation with the champion indicates that he considers the document as having been broken. In Chicago boxing circles, this move by the champion is looked upon as a blow to Kearns's chances of forcing a settlement with Dempsey.

Ladies of Victoria Golf Club Meeting In Finals For Title

Mrs. Philbrick, Defending Champ, Meeting Club-mate, Mrs. Paterson To-day

Closest Matches of Tournament Played at Colwood Course Yesterday

Once again the ladies' city golf championship is to be captured by a member of the Victoria Golf Club. In the semi-finals yesterday at the Colwood Golf Club, Mrs. Percy Abell, the final hope of the other clubs, went under before the steady play of Mrs. Mrs. Paterson of Victoria. Mrs. Philbrick, the defending champion, eliminated Mrs. Walter Parry, captain of the Oak Bay club, in the first round of the draw and as a result the final to-day are being contested by Mrs. Paterson and Mrs. Philbrick.

Every match played yesterday in the tournament was close in fact they were the closest of the week. Mrs. Paterson only turned back Mrs. Abell at the eighteenth hole by one up, while Mrs. Philbrick eliminated Mrs. Parry by three and two.

A LONG STRUGGLE

The finals in some of the flights were productive of good, even golf. Mrs. Burnes took Mrs. Godfrey to the twentieth hole before finally yielding the crown in the second flight, while Mrs. Barton won the third flight by a margin of one stroke from Mrs. Gore. The fourth flight final terminated on the seventeenth when Mrs. Charlie Wilson defeated Mrs. Walter Hall by two and one.

St. Louis Browns Kept Tigers Out Of Third Place

Position in Major Leagues All Decided; Washington Beaten in Boston

New York, Oct. 2.—The Chicago White Sox to-day had the mathematical chance of figuring in the players' share of the world's series money by tying Detroit for fourth place.

However, the Tigers are finishing fourth, as the best the White Sox do is to tie them for that position. Each team has two games to play, and Detroit has a two-game margin on Chicago.

All hope of the Tigers overtaking the Browns disappeared yesterday when St. Louis won the opener of a series from them 4-2. The Browns may now lose their last two games without reaching the third rung.

George Sisler singled for the first time in twenty-six times at bat. However, the Tigers are finishing fourth, as the best the White Sox do is to tie them for that position.

Philadelphia, Pa., Oct. 2.—Philadelphia gained a third straight victory over Brooklyn yesterday, 6 to 1, and at the same time evened the series for the year at eleven games each.

WORLD SERIES COMPARISONS

Peerless Joe Judge Gets First Call Among Initial Sackers

By Billy Evans

Both Washington and Pittsburg are well fortified at first base. Each has a capable understudy for the regular. As a matter of fact Pittsburg, to a certain extent, has used the shift system with Grantham and McInnis.

I regard Joe Judge of Washington as one of the greatest first basemen of the game. He bats and throws left-handed.

Judge is rather short of stature as first basemen go, nearly four inches shy of six feet. Despite this, he is a brilliant fielder. He reminds one of Hal Chase in his style of play. It would be difficult to pay him a greater compliment.

Judge hasn't a single weakness in the field. At the bat he just dusts on right-handed pitching. While southpaws trouble him, as they do most left-handers, he is far from weak against portside hurling.

Yesterday's results were as follows: Mrs. Paterson, Victoria Golf Club, won from Mrs. Abell, Colwood Golf Club, one up.

Mrs. Philbrick, Victoria Golf Club, won from Mrs. Parry, Victoria Golf Club, three and two.

First Flight: Miss Marion Wilson, Victoria, defeated Miss Isabelle Wilson, one up.

Fourth Flight: Mrs. Barton, Uplands, won from Mrs. Gore, Uplands, one up.

Fifth Flight: Mrs. Chas. Wilson, Victoria, defeated Mrs. W. W. Hall, Colwood, two and one.

Pittsburg Outfield Has Edge On Senators

Pirates' Outer Defence Has Better Speed and Hitting Punch; Washington, However, Has Greatest Defensive Outfield Trio in Baseball; Cuyler Looks Like Outstanding Star, Although Goslin Is Great Man in Pinch

New York, Oct. 2.—Two mighty outfields, strong in every department of baseball, will clash when Washington and Pittsburg meet in the first game of the world's series next Wednesday.

A contest for slugging honors impends between the two heaviest hitters of the rival squads, "Goose" Goslin, Washington's home-run hero of the 1924 series, and Hazen "Kiki" Cuyler, sensational young Pirate outfielder.

The "Goose" has proved his world's series worth. He hit .344 last fall and was always dangerous; he has been a bit erratic this year, trailing his outfield mate, Sam Rice, in the league percentage column, but Goslin has the familiar Washington habit of being at his best in the clutch.

Cuyler, one of the brightest stars to break into the big leagues in a decade, combines with Max Carey and Clyde Barnhart to form an outer battery which seems superior to the Washington trio of Goslin, Rice and East-NeNeely, or Joe Harris, if the comparison of season averages is taken as conclusive.

Pirates are faster. The Pirates have an edge on speed. Carey, long noted base-stealer, has forty-two stolen bases to his credit against thirty-seven for Cuyler. Barnhart has pilfered nine to give Pittsburg a total of eighty-eight. Washington's outfielders have stolen sixty-two bases with Goslin and Rice sharing first honors with twenty-seven each.

Cuyler, according to the averages, is the best hitter on either club, his .360 this season placing him among the first five batsmen in the National League, in addition to which he is the leading run-getter. Carey has batted .340 for the season and Barnhart .327, an outfield average of .342. Rice's mark is .356, Goslin's .340, McNeely's .288 and Joe Harris' .350. With McNeely playing centrefield, the Senators outer works Cleveland to four hits, while Chicago shot them out, 3 to 0, in the first game of the final series here of the season. Carl Yowell held Chicago to seven hits, but his wildness proved costly.

Chicago, Oct. 2.—Ted Blankenship registered his seventeenth victory of the season yesterday by holding Cleveland to four hits, while Chicago shot them out, 3 to 0, in the first game of the final series here of the season. Carl Yowell held Chicago to seven hits, but his wildness proved costly.

Dad Quick's Long Nose Sticks Out And Gains Victory

Close Finish at Colwood Results in Sir Frederick Being Nosed Out

Small Crowd Attends Opening of Three-day Meet and Betting Was Light

Dad Quick may be an aged gelding and not what he used to be as a running horse but his nose is still long enough to win races for him. In the third event at the Colwood track yesterday Dad galloped up the home stretch like a grasshopper late for breakfast. It did not seem possible that his old legs would cut down the lead which Sir Frederick had established. Just before the wire was reached Sir Frederick was still holding out but up went Dad Quick's head and his nose caught the judges' eye and he won the race. Sunset finished third.

This was the closest finish of the afternoon's card, which marked the opening of the final race meet in British Columbia this season. The crowd which attended was not up to expectations and the betting was light. The track officials, however, look for a big day to-morrow.

The biggest betting surprise of the day was furnished in the first race when an aged mare answering in the form books to the name of Kitty Belle took third place and paid \$32.90 as show money. Kitty had little more than her saddle aboard when she went to the post but the few who had confidence in her to at least show, clearly failed when the prices were posted. Hardwood won the race and paid ordinary prices. Micky Hannan, a two-year-old, was second and scored the second highest price of the day. The place tickets on Micky were good for \$10.20.

Other races the prices were low owing to the fact that the first and second choices got down in front. Edwin won the second race in which every horse entered was listed as "aged" on the program. Edwin had the speed of the field of veterans, while Happy Day was second and Kerry third. It was a happy day for some as Happy Day paid \$9.20 to place in the second race.

Age again triumphed in the fourth race when Rainbow came through with a killing drive in the stretch and took the decision by a head. Ashton Lady was second and Peg O. third.

Mary Fuller, an old favorite here, took the fifth event over six furlongs without extending herself, while Hot Muffin captured the place money by coming up fast in the stretch. Callan was third.

Rey Schee, a three-year-old, went all out to win the sixth event, while Chief Clerk, under a heavy impost, finished second and won old money.

The start in the mile race, which closed the day's programme, was not the best. A horse with a name like a college yell, Yallabialli, raced around the track to win as she pleased. Chas. Levkovich was second and Lurman third.

WINNING JOCKEY: Jockey Lomond had a great day in the saddle. He was in the money six times. He won the first two races, was second in the third two races, won the fourth and seventh. He was third in the fifth race.

The results were as follows: First race, the Spencer Purse, for all ages, four and one-half furlongs—1, Harwood (Lomond), \$5.40, \$4.00, \$2.85; 2, Micky (Hannan) (Rose), \$16.35, \$10.20; 3, Kitty Belle (Parmenter), \$12.90, \$7.50, \$5.40. Time, 59. Also ran: Ann S. Salem, Kate Wilson and American Lad.

Second race, the Hudson's Bay Purse, for horses over three and one-half furlongs—1, Edwin (Lomond), \$4.60, \$3.10, \$2.15; 2, Happy Days (McDoe), \$9.20, \$5.40; 3, Kerry (Parmenter), \$4.50. Time, 59. Also ran: Harry Miller, King, Kimberley, Broom, Peddler, Scratched: Chas. Levkovich, Flyaway.

Third race, the Time Purse, for Western and Canadian bred horses, four and one-half furlongs—1, Dad Quick (Lafferty), \$5.80, \$4.20, \$2.90; 2, Hot Muffin (Smith), \$3.00, \$2.35; 3, Sunset (Rose), \$2.50. Time, 58.5. Also ran: Joe Shannon, Scratched: Chas. Levkovich, Flyaway.

Fourth race, the Colonel Purse, for all ages, four furlongs—1, Rainbow (Lomond), \$4.90, \$3.15, \$2.90; 2, Ashton Lady (Munatto), \$5.75, \$4.60; 3, Peg O. (Marshall), \$4.40. Time, 56. Also ran: Southern Gentleman, J. Rufus, Harrigan Maid. Scratched: The Minutes, Flyaway.

Fifth race, the H. O. Kirkham Purse, for all ages, six furlongs—1, Mary Fuller (Lafferty), \$3.05, \$2.55, \$2.45; 2, Hot Muffin (Smith), \$3.00, \$2.75; 3, Callan (Lomond), \$3.15. Time, 1:16.2.5. Also ran: Green Mint, Mcford Boy, Armadora Valley, Scratched: Vic Slimes.

Sixth race, the Mitchell & Dunne Purse, for all ages, five and one-half furlongs—1, Sches (Smith), \$4.30, \$2.30, \$2.30; 2, Chief Clerk (Lafferty), \$2.35, \$2.55; 3, Donita (Rose), \$2.95. Time, 1:10. Also ran: Jackson Sundown, Billy McPadden, Gen. Pettan.

Seventh race, the Angus Campbell Purse, for all ages, one mile—1, Yallabialli (Lomond), \$2.65, \$2.35, \$2.25; 2, Chas. Levkovich (Marshall), \$2.30, \$2.25; 3, Lurman (Rose), \$2.40. Time, 1:48. Also ran: George Pearson, Long Tom, Dr. Sackett.

WANT TO EQUALIZE TEAMS IN EASTERN HOCKEY THIS YEAR

Ottawa, Oct. 2.—The Crisis this morning says: "A move to equalize the teams that will operate in the National Hockey League the coming season will be made at the annual meeting in Montreal the last of this month. It is understood that four of the clubs at present in the league will be asked to surrender two players each to the weaker clubs. It is the intention to allow the four clubs to each retain three players with any two of the others being open to selection.

If this plan is carried out all the teams operating should be fairly equal in playing strength when play in the regular schedule gets under way early in December."

Brilliant Golf Is Played By Women In U.S. Golf Tourney

Alexa Fraser Victorious in Match With Mary Browne, Former Tennis Star

Glenna Collett Equals Medal Round of Alexa and Wins Match Easily

St. Louis, Mo., Oct. 2.—Brilliant golf yesterday marked the third round matches of the women's National Championship at the St. Louis Country Club, as all four winners scored under eighty and met with such splendid resistance that the lowest score of the losers was an approximate par 81.

As a result of these contests, Mrs. Alexa Stirling Fraser of Ottawa, Canada will meet Louise Foryde of Youngwood, Ohio, and Glenna Collett of Kansas City, 4 and 3. In the semi-finals, Mrs. Fraser will meet Edith Cummings of Chicago in the semi-finals.

Mrs. Fraser, who held the National title five years in succession, had to score three under par for the sixteen holes played to defeat Mary K. Browne of Los Angeles, tennis star, 3 and 2, while Miss Foryde found Mrs. F. C. Letts of Chicago off her game and won handily 7 and 5 by shooting three under par for thirteen holes.

EQALS ALEXA'S MARK: Miss Collett had the best score of the day, equalling the medalist card of 77 made by Mrs. Fraser on Monday, in overcoming Fritzie Stffel of Wheeling, W. Va., 4 and 2, and Miss Cummings was also three better than par for fifteen holes including two successive eagles, in eliminating Mrs. O. S. Hill of the tenth hole.

In the international match between Mrs. Fraser and Miss Browne, the Canadian started at a relentless pace, snatching three birdies on the first half, and playing all other six holes in perfect figures to gain a lead of five up to a 37, although Miss Browne was only two over par with 42. The Californian developed a slice at the start of the round and this all but cost her the first hole and did deprive her of the second and third. She lost the next two to a birdie and a year and was five down at the end of the seven holes when she took four at the short stretch.

LEAD WAS TOO HEAVY: From there on the tennis champion outplayed Mrs. Fraser, but was too great a task to overcome such a lead when the most Mrs. Fraser would concede was to refrain from beating par. They played the next two to a four and Miss Browne got another sub-par hole at the eleventh to be four down. They both went one above par at the twelfth and halved the long thirteenth in perfect sixes. Then Miss Browne got back another hole with a par as Mrs. Fraser got in a trap at the fourteenth and took two to get out.

Three down and only four to go, the Westerner laced out a drive of 200 yards down the center green, but both ran up close and Miss Browne, with the result of the match in the balance, sank a twelve-foot putt for a half in birdie four.

The tennis star alighted to the right of the target, but her ball was 150 yards, while Mrs. Fraser pulled a long iron to the rough at the left. Both made splendid recoveries and Miss Browne, with the result of the match for a par three, but it was no use, for the Canadian got down from four feet, halving the hole and wiping the match.

WON FREE-FOR-ALL PACE

Columbus, O., Oct. 2.—Although losing the last heat, Sir Roch yesterday won the free-for-all pace 2:18.5 feature event on the closing day's card of the Grand Circuit meeting here.

A break cost Sir Roch the final heat which went to Hal Mahone. After his jump which put him several lengths back of the field, Sir Roch paced the same quarter in 2:18 seconds but could do no better than finish fifth.

Cupid's Albingen and Clara Dillon were each heat winners in the Ohio Citizens' Stake for 2:07 trotters, but the former was declared the winner as he won the heat carrying the largest money. The same quarter was true of the Buckeye trotting stake which had only two starters. Trumpet won from Mike Dillon, by virtue largest money.

Ribbon Cane proved better than Starbird and Frank Worthy, the other two starters in the Arch City Stake, and won in straight heats.

ARMY AND NAVY VETERANS ENDORSE UNITY PRINCIPLE

Will Not, However, Sink Identity, Dominion Convention Says

Regina, Oct. 2.—After deliberating for more than six hours, the Amalgamation Committee of the Army and Navy Veterans' Association of Canada, in convention here yesterday submitted a report to the main convention in which it found that the general consensus of opinion of local units in the Dominion favored some form of unity in principle with other soldiers' organizations but that the identity of the Army and Navy Veterans should not be lost or destroyed and that its assets, as far as local units are concerned, should be safeguarded.

Further, the committee recommended that some senior official of the organization attend the conference proposed to be called by delegates from different soldiers' associations in the East during this month and "assure such conference that the principle of unity is agreed to by this organization and press for the inclusion in the constitution of the proposed body the main principles for which this association stands, its qualifications of membership, its hopes for and belief in a high standard of patriotic behavior and leadership and that regard shall be had for resolutions adopted by local units on this question."

The report also set forth that "to the end that no stone be left unturned to promote unity, our executive officers be further instructed to entertain any offer or advance from other bodies of ex-service men in

Canada with a view to discussing terms of union with them and to report thereon at our next Dominion annual or special convention.

Senator Gen. W. A. Griesbach, Edmonton, was yesterday chosen president of the Army and Navy Veterans' Association of Canada. G. W. Gardiner, Victoria, was elected third vice-president, and Canon J. Hinchliffe, Victoria, was named as one of the chaplains.

It was decided to hold the next annual convention at Victoria.

UNIFORM BUILDING CODE IS DESIRED

Would Permit Standardization of Building Materials to Bring Down Costs

Vancouver, Oct. 2.—Action to establish a uniform building code for the Pacific coast was taken by the Pacific Coast Building Officials' conference at Seattle this week, reported Arthur J. Bird, city building inspector on his return to the city Thursday. The uniform building code will permit standardization of building materials which should bring down construction costs.

Information placed before the conference by experts was to the effect that buildings can be erected to withstand earthquake shocks, stated Mr. Bird.

According to the opinion of experts there is not a big building in Vancouver which would withstand a severe quake, the inspector reported.

KING FACES GREAT CROWD

(Continued from page 1)

THE CABINET

Premier King sketched the difficulties he had experienced in forming a cabinet representative of all provinces in the Dominion, and the offer he had made to Progressives to join his Government when it was formed.

"When I made the offer," said Mr. King, "there were those who told me that it was not my part to make overtures, but I thought I had certain responsibility and I made the offer with a view to giving cabinet representation to the Western provinces. Although only six Liberals had been returned between the Great Lakes and the Pacific he had given four Ministers to the Canadian West."

But he had been unable to bring about unity in the House of Commons. There were gaps in the files; and the greatest of the gaps came from Alberta because on the government side of the House there was not one single member from that Province.

THE CAUCUS

Here Mr. King described the workings of a party caucus. "I see," he went on, "that Mr. Forke says he is going to unite other people with his party caucus." But the caucus was only a means of freely exchanging opinions and views. By means of

a caucus, members were made aware of policies before they came before the House of Commons.

Mr. King pictured a party caucus at which the Crow's Nest Pass agreement was discussed. At that caucus Western opinion could not be presented because Progressives were off in another room holding the very thing they were condemning—a party caucus. "I have never uttered one word against Progressives or their motives," declared Mr. King. "I have never expressed myself toward the Progressive Party in any way except as advanced Liberals. I have taken the view that they should be regarded as friends and as allies.

But it is becoming increasingly evident to me that while the motives of Progressives may be all right, while their aims may be all right, while their purposes may be all right, their method is a wrong one when it comes to Federal politics. It is wrong method in regard to getting anything done."

VOICE OF THE WEST

"I appeal to you to fill up the gap in the House of Commons," the Premier proceeded. "Fill it up by sending Liberal representatives who will help to carry on the government for the next five years. I made a special appeal to West-

ern Canada to help this Government to govern this country. We want the voice of the West heard with regard to every move and every policy."

Mr. King said he was glad to see that Liberals in West Calgary had given their support to the independent candidate, J. T. Shaw. "I have said over and over again," added Mr. King, "that what we want is to defeat the common enemy and the common enemy is the Tory."

THE TARIFF

Discussing the tariff, the Premier stressed the need of world markets. There must be a fiscal policy for

Canada as a whole and not for one part of Canada. Because all parts of Canada had to be considered in framing a tariff policy, no extreme view could be permitted to prevail.

Mr. King described the Senate as being full of old Tories. "That's the trouble with it," he asserted. But Providence has been helping to reform the Senate by removing some of the old Tories. "We have in gratitude to Providence filled their places with Liberals pledged to reform of the Senate," Mr. King added.

ACID STOMACH IS DANGEROUS

Suffers From Indigestion or Stomach Trouble CUT THIS OUT

"Stomach trouble," dyspepsia, indigestion, sourness, gas, heartburn, food fermentation, etc., are caused nine times in ten by chronic acid stomach," says a well-known authority.

Burning hydrochloric acid develops in the stomach at an alarming rate. The acid irritates and inflames the delicate stomach lining and often leads to gastritis accompanied by dangerous stomach ulcers. Don't dose an acid stomach with pepsin or artificial digestants that only give temporary relief from pain by driving the sour, fermenting food out of the stomach into the intestines.

Instead, neutralize or sweeten your acid stomach after meals with a little hot water and Bismarck Magnesia and not only will the pain vanish but your meals will digest naturally. There is nothing better than Bismarck Magnesia to sweeten and settle an acid stomach. It soaks up the harmful excess acid much as a sponge or blotting paper might and your stomach acts and feels fine in just a few minutes. Bismarck Magnesia can be obtained from any reliable druggist in either powder or tablet form. It is safe, reliable, easy and pleasant to use, is not a laxative and is not at all expensive.

GYRO CLUB SCORES INSTANT HIT WITH "THE BEAUTY SHOP"

Entertaining and Tuneful Show Warmly Greeted at Royal Victoria

That energetic association of young business men, the Gyro Club, has entered the show business, and the opening performance of its three-day production of "The Beauty Shop" at the Royal Victoria Theatre last evening furnished conclusive evidence that the success of this new venture will be on a par with the many successful and ambitious undertakings in other fields which redound to its credit in the past.

Unusually tuneful, brimful of humor and beautifully costumed and staged, "The Beauty Shop" is one of the most entertaining shows ever produced by local amateurs. The performance last evening suffered from only one drawback, and that a common one to first night amateur productions, in that it dragged a little. But as that will be remedied at the remaining three performances, patrons may be assured of a show which will bear comparison with many stage productions.

First honors must be accorded to Art Kerr, who played the very heavy role of Dr. Budd, purveyor of beauty cream, "impetuous wart buster" and other nostrums, with an ease and spontaneity which contributed in very great measure to the success of the production. Although he was on the stage almost continuously for the three acts, Mr. Kerr's inimitable sense of comedy never failed to sustain interest and a constant ripple of

laughter greeted his sallies. The play is cleverly written and teems with amusing situations and witty dialogue, and Dr. Budd's occasional little fibes at local personalities added spice to the plot.

Although she did not appear until the second act, laid in Corsica, Miss Vivian Combe made the greatest "hit" of the evening. As the unattractive daughter of a Corsican innkeeper she gave a brilliant though brief performance, showing unusual genius as a comedienne and bringing back memories of those well-known stars, Charlotte Greenwood and Nellie Wallace. Her ungainly antics as Natalie sent the audience into convulsions of laughter and won for her a tremendous outburst of applause.

Miss Betty Hetherington, as "Vivian," the sophisticated stenographer of Dr. Budd, gave a finished performance, acting with convincing pertinence, while the role of her lover was carried by Aubrey Kent, as Daniel Webster Briggs, legal adviser to Dr. Budd. Their joint singing and dancing numbers, particularly "Twas in September," won much applause. As Anna, ward of Dr. Budd, Miss Myrtle Steenson was a charming ingenue, and her scenes with her "sissy" lover, cleverly played by Fred Bartholomew, were especially good.

Other principals were Percy Abell as the aggressive creditor of Dr. Budd, Miss Eva Christie, as Gladys Custodian of the Beauty Shop, and Miss Beth Simpson, Miss Anita Holt and Miss Isabelle Dowell, who each sang charmingly in the Corsican scene, Herbert Kent, who acted convincingly as the Corsican innkeeper, Don Cameron as the dancing chauffeur, and "Bun" Trevett as the lugubrious undertaker.

Winning well-merited applause was the tango, by Violet Powkes and Jay T. Pogson, the apache dance by Anita Holt and J. T. Pogson, and the spirited sailors' hornpipe, by the Misses Dorothy Wilson, Fay Forster, Eleanor Dinadale, Doris and Mona Jewell. Throughout the production the ensemble singing of the chorus was excellent, while the staging and costumes were of an unusually high order.

TO ERECT SHELTER AT OAK BAY PARK

Accommodation For Athletes Will be Provided, Council Decided Last Night

In order to provide shelter for the athletes using the Oak Bay Park this winter the Oak Bay Council last night decided to erect a structure at a cost of \$250.

At the last meeting of the council a proposal to erect a new clubhouse at a cost of approximately \$1,100 was voted down. The subject was brought up again when a letter was read last night from P. F. Curtis asking permission to repair present building and put it into shape for athletic purposes.

The idea was opposed by Councillor Edwards on the grounds that the building in its present situation was detrimental to property owners nearby. Councillor Mearns claimed that some kind of a shelter was necessary and moved that a building be erected at a cost of not more than \$250. Councillor Wilson was against the motion.

Reeve Anson was in favor of some kind of accommodation. Councillor Edwards, in seconding the motion, asked that the old building be removed and a new site chosen.

A deputation of property owners in the Uplands waited on members of the council requesting for better water supply in their district. They were promised immediate action, and Councillors Edwards, Ashe and Hayward were appointed as a committee to investigate the matter and report to the council.

A communication from the Saanich Council was read with regard to the charges of the municipalities for the use of the Isolation Hospital. The letter was laid on the table until a report can be secured from Dr. Walker, the municipal health officer.

FAIL TO LOCATE STARVING FARMERS

According to Charles Wright, honorary secretary and treasurer of the British Passenger Agents' Association, who has been visiting here, some people in England have been saying and believing that farmers in Canada have been starving and newly arrived immigrants having a terrible time.

Now Mr. Wright is returning to England to deny all such stories. To substantiate his evidence, he has been accompanied on his investigation by Robert Dring, a member of the executive of the association. They were sent out by their organization especially for this purpose.

"We failed to find any case of a farmer in Western Canada starving," Mr. Wright said in a statement he issued. "In no district in Canada did I find anything to warrant the stories that have been circulated in Britain about this country. Not only did we visit the farming areas of the West, we also visited large urban centres

Lesson For Lovers—Don't Buy Presents On Instalment Plan

New York October 2.—Last Christmas he was very much in love with her. He was a youth from New England, here to make his way to fame and fortune. She was from the hinterland, and here for the same purpose. They each lived in hall bedrooms, not far from each other in Greenwich Village. And so for a Christmas present he thought nothing would be better than a phonograph with which she could chase the blues from her bare little room.

And so he paid a small sum down and had a fine cabinet phonograph delivered to her and he agreed to pay the rest of the purchase price in monthly installments.

It is still very much in love with her and he is still paying the monthly installments on the phonograph.

Last Minute News on Stocks
and Financial
Affairs

New York, Oct. 2 (By R. P. Clark & Co.)—On a heavy volume of trading, rallies followed the dealings, and the general market was advanced under the stimulus of short covering in many sections of the list. The chief bullish factor and influence most likely was the coming of an announcement that the local discount rate remains unchanged. Steel common was prominent in the advance, and the oil group was conspicuously featured, chiefly stimulated by indications of a lower production programme, attested by the week's production figures.

The Washington news, stating that the conferees did not settle the French debt, was undoubtedly disappointing news to the International Banking element. Other reports that particularly touched on industry, were without special feature.

We may witness more shifting of operations into the oil department at the expense of other sections, and until recent distributive sales have been more thoroughly digested, the forward movement may encounter increased opposition on fresh developments of strength.

New York, Oct. 2 (By R. P. Clark & Co.)—The Wall Street Journal's stock market edition this afternoon says: "Free from worry over the heavy losses in the oil department, the most impressive exhibitions of the current bull market in today's session. Trading was swollen to the heaviest proportions of the year, and rapid advances went ahead in representative issues throughout the industrial list. U. S. Steel headed the day's bullish demonstrations, moving ahead on huge transactions in response to further indications of steady expansion in incoming business. Substantial gains were scored by leaders.

Chicago, Oct. 2 (By R. P. Clark & Co.)—Wheat: Unexpected strength in Liverpool caused a rush of short covering at the outset and prices bulged. Later the market broke badly as pressure was renewed. The close was irregular, at one time there was considerable buying based on reports that Russia had purchased 10,000,000 bushels of Canadian wheat, and that the Orient bought 8,000,000 bushels, besides a good amount of four cents to five cents for wheat. The wheat trend was choppy much of the day and had the majority at a low level.

Strength at Liverpool was explained by the smaller world shipments from countries aside from North America, southwestern markets showed a stubborn undertone to pressure and this attracted renewed covering in the final minutes. There were reports that India had bought wheat in Australia but they had little effect. The market promises to continue erratic for the present and until conditions become more settled continue to advise a trading position.

Corn: Finished higher but at some recession, from the top. Consisting of the irregular market, the leading cereal corn gave a good account of itself. There were scattered rains over the belt which had purchased and regarded as detrimental now that the bulk of the crop is made. The country is selling new and old corn reluctantly at this time and the demand for the offerings on spot is fairly active. Considerable corn has been chartered for shipment East, corn has been showing moderate advance several days and on reasonable occasions regard buying side with favor.

Oats: Closing steady to a trifle firmer, the market averages higher throughout but reacted moderately at the last. Commission house buying of oats was impressive on the dips and the market showed moderate advance and commercial demand is satisfactory.

Rye: Manifested a steady undertone for the day, but closed fractionally lower. Export demand for this grain shows no betterment but pressure is light. There has been some improvement in the demand, past few days.

Chicago, Oct. 2 (By R. P. Clark & Co.)—Wheat: Short covering and commission house buying due in part to the unlooked for strength in Liverpool, covering, however, weakened the technical position of the market and when selling pressure was renewed sharp recession followed. Export demand slow, 250,000 bushels being reported. General confusion reigned to-day again in the wheat pit as a result of trading in the contract market. Quotations were behind the actual market. This made executions look unsatisfactory. Brokers will hold a meeting to-day and try to remedy the situation. There is nothing in the news to warrant the purchase of wheat but we do not expect a sharp advance in this decline.

Chicago Wheat Pit

Must Reform Quickly, Jardine's Warning

Washington, Oct. 2—Failure on the part of the Chicago Board of Trade to take immediate steps toward the adoption of proposed reforms will lead to action with a view to the suspension or revocation of its registration as a contract market.

Recognizing that the wild fluctuations in quotations of May wheat were, in the opinion of the department, due to manipulation, I can not escape the conclusion that it is imperative that the board of trade without delay set up the administrative machinery to prevent recurrence of such a condition.

Secretary Jardine characterized as far-reaching importance recommendations made to the president and board of directors of the Chicago Board of Trade by a so-called members' programme committee.

WINNIEG GRAIN

Winnipeg, Oct. 2.—Early strength which sent prices up more than three cents was not held on the wheat market to-day, and at the close fractional losses ranging from 1/8 to 3/8 were recorded. Prices slumped after a keen buying demand had been satisfied, and when offerings became liberal.

The early advance which sent the October futures up to a high for the day of 12 1/2¢ resulted from stronger cables, a fair volume of export business, estimated at 500,000 bushels at the opening, and reports that Russia was buying 10,000,000 bushels of wheat here. The Russian report was later denied by local traders.

Coarse grain markets continued to follow the trend of wheat, all being higher during the early hours, and easier later.

Winnipeg, Oct. 2 (By R. P. Clark and Company)—Wheat: Liverpool cables came 1/4 higher, which brought about a local crowd and brought about some short covering at the opening, which was at 1 1/4 cents to 2 1/4 cents above the previous close. Later there was a report that Russia was buying 10,000,000 bushels of being only 8,000,000 bushels at the opening, and the October futures still higher. There was a good class of buying by exporters during the early part of the session, it being estimated about 500,000 bushels were worked. After this demand had been satisfied the disturbed shorts evened out, and the Russian story fairly denied by the local market.

The Russian story was construed as propaganda on the part of the Canadian pool to boost prices, and they unloaded some wheat on the advance. The early strength was a showing larger than it had been for some days, but this is not surprising, considering the steady declines, prices being only 8,000 bushels, undoubtedly due to the bad roads.

Thrashing is proceeding rapidly in northern areas, but is still halted by the weather. Wheat is still being threshed, but the returns are not so good as expected. We see nothing bullish in the situation. Export buying must be much larger to hold present levels, and we believe wheat should be sold on all rallies such as we had this morning.

Coarse grains: These markets continue to follow the trend of wheat, close a little lower. There was a fair trade in oats and barley, with shippers and exporters taking the offering. The market for rye was quiet, the rye market was dull and featureless.

Flax: Weak market, with scattered liquidation in evidence. Demand not good, but American crushers bought on the scale down.

Winnipeg, Oct. 2 (By R. P. Clark & Co.)—Wheat: Wheat opened higher in sympathy with strength in Liverpool, meeting with good class buying by houses having foreign and foreign connections. Wheat, however, failed to stand up under heavy offerings by brokers who were credited with selling for the pool, causing market to break towards the latter part of the session. Better inquiry reported in export circles and think advisable to use extreme caution in pressing sales and to be on the alert.

FIGURES FOR MONTH SHOW GRAIN MOVED IN UNUSUAL VOLUME

Canadian National Statistics Indicate September Record Month

Winnipeg, Man., Oct. 2.—Delivery grain to the Lakes by the Canadian National Railways during September just closed exceeded the deliveries in the same period of both 1924 and 1925. The month's grain shipments issued to-day by Canadian National officials show a total of 18,913 cars delivered at the Lake-head, against 4,511 in September, 1924, and 12,455 in September, 1925. The daily average for September was 630 cars, against 322 cars in September 1924, the previous heaviest record.

In other branches of the grain movement as well as in Lake-head deliveries the Canadian National established new records in September. Marketings in Canadian National lines during the month were 567,000 bushels against 18,481,000 in September, 1924 and 39,770,000 in the same month of 1925, the previous record.

Grain in stores at Canadian National points at September 30 was 17,027,000 bushels, as against 6,065,000 bushels and 12,238,000 bushels respectively on the same date of previous years. Despite bad weather over large portions of the prairie provinces on Wednesday loadings continued heavy.

Marketings reached a total of 1,464,000 bushels in 1924 and 1,942,000 bushels loaded against 790 cars and 1,037,000 bushels on the corresponding date of last year. A total of 29,294 cars and 39,038,000 bushels have been loaded since August 1.

"HEARTS ADRIFT" By MILDRED BARBOUR

(Copyright by Metropolitan Newspaper Service)

When they departed, each knew that they would never meet again except by chance. It was that same evening that Madge received a telephone call from Tony Patterson announcing his return to town and asking if he might call. She made herself beautiful and waited, once more the serene, radiant, confident Madge.

THE FINAL RECKONING

Madge waited for Patterson in the little drawing room of her suite. She had turned on just the right number of lights and shaded them carefully so that her beauty, deftly reinforced by artificial aid, was flaming and arresting. He had sent her roses which she had placed in a bowl beside her. She was glad he had not chosen orchids. The sight of an orchid was distasteful to her now. It reminded her too poignantly of her exile and touched a bitter chord of recollection.

He was late arriving and she grew a trifle impatient, knowing that an eager lover is not usually a laggard. But when she saw him, she was ready to forgive him for the slight wound to her vanity.

He had never been more attracting, more gravely courteous. All the love she believed she had for him, all the desire to be his wife, to find peace and happiness in his companionship, and reinstatement in the world which he represented, sprang up anew in her.

He apologized for being late. "But you will be happy to know what detained me," he explained. "I had the good fortune to meet in New York the young chap to whom your sister Tony was engaged. He had just arrived from South America, determined to come back to marry her in spite of his family's opposition. I assume that he came into a bit of inheritance which made him independent of his family and gave him something to offer her. But his case had reached a low ebb toward her and he hardly believed she would receive him. He is very young, you know, and very much in love, and therefore a good bit of a fool," he interjected with a whimsical smile. "But I happened to run across him at the Harvard Club, where no good Yale man should be, incidentally, and I was able to do something towards bolstering up his courage. We came down on the train together to-night. He is with your sister now, and unless I am vastly mistaken, there will be a wedding in your family to-morrow."

"How splendid!" Madge was brightly enthusiastic. "And I am sure it's all due to you that Lila will find happiness. You have been our good angel, Tony. I understand that it was through your influence that Mrs. Cartwright decided to free Stan. It was noble of you to do that for me, but, as it is now, and unless I am vastly mistaken, there will be a wedding in your family to-morrow."

"I'm sorry to hear that, I dare say I am an optimistic fool, but I honestly believed that you and Tony would be happy again together if all obstacles were removed and you were not forced to live the quiet existence you endured at Madame de Marzelle's. Daily contact and a narrow environment will brush the bloom off friendship, not to mention love, which is a far more delicate proposition."

Madge rose with an impatient gesture. "What's the use of talking about it further, Tony? It's all over. There is only the future to look to."

He rose too, as if he knew it were time to go. "I hope yours will be a happy future, Madge."

"And yours?" she questioned softly.

"The greatest happiness that can come to a man has come to me, at last," he answered, "I have found the woman I love and I know now that she loves me."

Youthful, exquisite color flooded Madge's cheeks and throat. Her eyes were starry, her lips were tremulous. But she turned away as he said, "Patricia Fleming has promised to leave since the day I saw her photograph, years ago, but when I met her, there in France, I never dreamed that I could make her care. Isn't she wonderful, Madge. Isn't she an angel on earth?"

The dawn of a Summer morning drove the shadows from the room where Madge lay, trying to sleep. The hours after Tony had left her had dragged endlessly, wearily, torturingly. Her castle of dreams had fallen. Her vanity was stabbed and

little apples. She wouldn't tell me what the apples were for, but I can guess. She's going to do a trick with them.

"Are apples any good to do tricks with?" Jackie wanted to know. "Sure they are!" crowed Charlie. "You know I tried to do a trick yesterday by getting up in a tree like a woodpecker."

"Yes, and—Ha, Ha—you fell out!" laughed Jackie. "I know I did," crowed Charlie not any too well pleased. "And Arabella laughed at me."

"I didn't think Arabella would do that," spoke Jackie. And, as a matter of fact, the little hen girl didn't laugh at her brother's fall. "Well, anyhow, she might have," went on Charlie. "And now she is going to get some apples, and I feel sure she is going to try to do tricks with them like the juggler in the circus. She is going to toss the apples up in the air and catch them on her wings. But she can't do that trick. The apples will fall down and bang her on the beak. Come on! You and I will watch Arabella, and when she can't do the apple trick we'll laugh at her."

"Oh, I don't want to do that," whined Jackie. "I wouldn't like to see Arabella get hurt, and I wouldn't want to laugh at her."

"Well, all I'm going to do," crowed Charlie. "So he hid behind the bushes and followed his sister into the orchard. There she gathered some small baby size apples, for she could not carry the larger ones. "Now I'll watch her juggle the apples and get hit on the beak and I'll laugh!" crowed Charlie. "But instead of juggling the apples, Arabella hurried home with them. "She's going to do the trick where Uncle Wiggly can see her," thought Charlie. "Well, he'll laugh also." Surely enough, when Arabella reached the rabbit gentleman's bungalow, she went inside with the apples, and Charlie followed. "Here, Uncle Wiggly!" cackled Arabella. "I have brought you some apples and I am going to do a trick with them."

"What sort of a trick?" asked the bunny to himself. "Here is where I laugh!" said Charlie to himself. "I am going to turn these apples into a pie like a magician," laughed Arabella, "and you may eat the pie." "Good enough!" cried Uncle Wiggly. Then Arabella went into the kitchen. She made some pie crust

TORIES SEEK TO SPLIT UP NANAIMO VOTE

"Dummy" Candidate Planned to Hurt Government, But Booth Has no Fears

Liberal Candidate Holds Two Rousing Meetings and is Confident

Conservatives of Nanaimo riding are attempting to split the Liberal vote by introducing a "dummy" third candidate into the fight to take some of the labor votes in the northern end of the constituency, T. B. Booth, Liberal candidate, charged in a speech in St. Mary's Hall, Oak Bay last night. He added, however, that he was assured of the solid support of the labor men of his home district and had no fear of the election outcome. All political manoeuvring against him would not succeed, he predicted.

Mr. Booth was greeted with three ringing cheers when he rose to speak last night. The enthusiastic reception accorded him indicated that he will receive strong support not only in the rural parts of Nanaimo riding but also in Oak Bay.

The Liberal candidate declared that the labor men of Nanaimo district would support him solidly. C. H. Dickie, the Conservative nominee, he said, realized that he would have no chance of election in a straight fight and had started manoeuvres to regain the seat. It was reported, continued Mr. Booth, that the person nominated in Nanaimo on Wednesday night was only a "dummy" who would make way later for the real third candidate who would be induced to enter the contest for a consideration which included the promise of Conservative support in the Cowichan-Newcastle district in the next provincial election.

Mr. Booth said that as it may, he has no hesitation in saying that he shall obtain a majority in this riding whether it be a straight or a three-cornered fight.

The reason for his optimism, Mr. Booth said, was the fact that the Liberal Party stand united in this campaign. The Liberal Party presented a solid front, both locally and nationally, he affirmed.

"Compare this with a disunited Conservative Party and the result is a foregone conclusion," he remarked. "Mr. Meighen talks about the migration into the United States, but the Liberal have been in power," he said. "Mr. Booth, but he does not say anything about the migration into the United States when he was in office. Did not one go over the line during that time?"

The chair was taken at the Oak Bay meeting by Percy James.

C. H. O'Halloran, one of the speakers, said the campaign was now on in real earnest with both parties coming before the people with their platform. "Looking over the situation, we are Canada to-day," he said. "You will agree with me that Canada is divided into four district sections by reason of their different problems."

These four sections the speaker designated as the West—the Maritime Provinces, the Prairie Provinces and the West—and said that the four sections were far from being united. At this time, owing to the discrimination between the East and the West in the matter of freight rates, which has resulted in the restriction of our Western commerce.

The speaker also mentioned the great amount of trade done by Victoria merchants with the United States in woolen goods. "If the Conservative policy was put in force," he said, "this trade would be lost to our merchants as the Americans would then be able to buy wools in their own country as cheaply as they could buy in ours."

Carew Martin told the meeting that cuts in the tariff had not caused depression. The result has been increased prosperity. A high protective tariff does not insure prosperity, he said. An increase in the tariff calls for a revision and increase of prices. It means that the manufacturers are going to put up their prices and the people will have to pay them.

The Conservative policy is to protect the big interests, and the people would be making a big mistake to support any policy that will increase the tariff, he warned.

FALSE FIGURES
A. D. MacFarlane of Oak Bay, states of recent misleading statements of opposition speakers regarding United States imports and exports. The speaker quoted from statistics which showed that from June, 1917, to 1923, the United States imports exceeded their exports. Mr. MacFarlane spoke of the pessimism of the Conservative party as being harmful to the development of Canada. There is no need for any pessimistic talks such as Mr. Meighen's.

At Mr. Booth's Royal Oak meeting David Ramsay, in dealing with the arguments advanced by the Conservative party that high protection had benefited the United States and therefore would benefit Canada, said that the United States was in an altogether different position to this country. He pointed out that the United States had both a northern and southern climate, and that it produced within its own boundaries all but some twelve of the necessary commodities of life, and that some of these latter twelve were produced in its island dependencies. He further showed that the constant interchange of produce between the forty-eight states of the United States really constituted the United States the greatest free trade country in the world, within its own boundaries, though it placed a high tariff wall against the products of other countries.

Norman Whittaker, president of the Saanich Liberal Association, made reference to the Australian treaty recently negotiated with the Dominion of Australia, by calling attention to the fact that Hon. S. F. Tolmie, organizer of the Conservative Party, had roundly denounced "his treaty" as being opposed to the best interests of Canada. Mr. Whittaker showed how the treaty was of great benefit to Canada and more one step in the policy of the Liberal Government in affecting better trade relations with the Empire.

PRODUCTION INCREASED
J. B. Clearihue dealt with the increased production in Canada since the Liberals came into power in 1921. He emphasized the fact that this increase was most marked in the cities of Vancouver, and showed how the increase in this particular was due greatly to the Liberal policy of the equalization of railway rates. He pointed out that the wonderful natural resources of British Columbia could only be successfully utilized under the policy adopted by the Liberal Government.

Mr. Clearihue concluded with a stirring appeal for the election of Mr. Booth, emphasizing the fact that conditions now existing were favorable indeed for Mr. Booth's election. "Conditions are very changed since the election of four years ago," said Mr. Clearihue.

The chair was taken at the Royal Oak meeting by Walter Bryden. Saanich Liberal Association referred during the evening by Mrs. Cora Reid of Victoria.

HUSBAND SUSPECTED OF KILLING WIFE

Vinton, Ia., Oct. 2.—Clifford B. Cook, husband of Mrs. Myrtle Under-

wood Cook, W.C.T.U. and klan worker, who was shot and almost instantly killed in her home here on the night of September 7, probably will be arraigned before District Judge J. M. Willett to-morrow on charges of perjury.

M. J. Tobin, junior counsel for Cook, said to-day that "we will probably plead not guilty when arraigned."

L. J. Kirkland, Cook's senior counsel, was out of town, thus preventing Cook's arraignment to-day.

After calling more than forty witnesses and spending nearly \$300 on witness fees and other expenses, the coroner's jury returned a verdict this morning stating that Mrs. Cook was shot by a .42 calibre bullet and recommending that the investigation continue as to the slain woman's husband.
