No. 72 OHIO STREET,

CLEVELAND, O.

To Our Patrons.

CLEVELAND, O., FEB. 1890.

WE herewith submit our Price List for 1890. to the Market Gardeners, Farmers and all those needing any thing in the line of Garden, Field or Flower Seeds, Garden Implements, Fertilizers, etc.

We are now able to supply you with choice varieties of every thing in our line.

Knowing from an experience of twenty-five years as a vegetable grower for the Cleveland markets, the importance to the grower of having the best Seeds procurable, we have taken the utmost care in the selection of our stock, and will assure our customers that no seed will be sent out by us that bears the least suspicion of impurity, or lack of germinating qualities; but it must be understood that the very best seed will fail to grow if planted under certain conditions; for instance, very small seed like lettuce or celery, if sown too deep or too shallow, when the soil is too dry or too wet; or when destroyed by insects before or just after coming up.

Corn, Beans and many other varieties if planted too early in Spring, when the ground is very wet and cold, are very liable to rot, and will of course, prove a failure

For the above reasons we wish to state explicitly that while we have used the greatest care in the selection of our stock to have it true to name, pure and reliable, our seeds are sold without any warranty expressed or implied, and without any responsibility in respect to the crop. If our Seeds are not accepted on these terms they must be returned at once.

Respectfully,

A. TILTON,
