NEW CONCRETE ROAD PLANS PROGRESSING

May Start Work October 1

The formal agreement between the Borough Council and the State Highway Department for the rebuilding of Wynnewood avenue and making it a concrete road was signed last Thursday by President of Council Narrigan and Burgess Henry and immediately forwarded to Harrisburg.

The next step is the advertising for bids. This will be done immediately and after twenty-one days, as required by the law, the bids for doing the work will be opened and contracts awarded to the lowest bidder.

By the first of October it is expected that all these preliminaries will have been completed, and everything be ready for beginning the actual work of rebuilding the road.

In preparing the article announcing this new and important improvement, Our Town overlooked one very important feature. Under the law governing such work as is to be done on Wynnewood avenue, the State Highway Department is permitted to pay only one-half the cost of building a 16-foot road. But the Narberth Borough Council, realizing that 16 feet would not be wide enough for such an important highway, has arranged to have the new roadway made 21 feet wide, and the borough will pay for all footage in excess of 8 feet—the share borne by the State.

This matter is clearly explained in the following communication received from Councilman Redifer:

Roadway To Be 21 Feet.

Editors "Our Town:"

The article in last week's issue of Our Town in reference to the rebuilding of Wynnewood avenue was incorrect in one important particular, and, as this article was widely read and was copied by the Philadelphia papers, an explanation of the distribution of the cost of the work is in order.

You state that "the cost will be approximately \$5200, to be divided evenly between the Borough of Narberth and the State of Pennsylvania." The fact is that on State aid roads (that is, roads built jointly by the State and municipality) the State pays one-half the expense of building and maintaining a sixteen-foot roadway. The Borough Council considered that a sixteen-foot road would be too narrow to accommodate the travel on Wynnewood avenue and decided to add five feet, making a concrete roadway twenty-one feet wide. The three-foot gutter on the Narberth side of the road will make twenty-four feet of good roadway.

Of this the State and borough will each pay one-half the cost of sixteen feet and the borough all the cost of the additional five feet, making the State's share 8.21 and the borough's share 13.21 of the total cost.

Yours truly,
A. P. Redifer.

MANAGERS TO ARRANGE FOR NARBERTH-DREXEL HILL GAMES

Arrangements for the series of games between Narberth and Drexel Hill will be made this Thursday evening at a meeting of the managers to be held at the Narberth Y. M. C. A. Building. In all probability the games will start on Saturday, September 18. A coin will be tossed to decide whether the first game will be played in Narberth or at Drexel Hill. One game will be played on each team's home grounds, and if a third game is necessary it will be played on a neutral ground or on the grounds of the team winning the toss of a coin.

CIVIC HONOR

You will confer the greatest benefits on your city, not by raising its roofs, but by exalting its souls. For it is better that great souls should live in small habitations, than that abject slaves should burrow in great houses.—Epictetus.

TENNIS TOURNAMENT NOW IN FULL SWING

Good Matches Over Week-End

Many exciting contests, and plenty of good, sharp playing marked the opening of the twelfth annual tournament of the Narberth Tennis Association, at the courts at Essex and Elmwood avenues last Saturday and Labor Day.

In the singles Charles Nevin has worked through to the final. Warner has reached the semi-finals and will meet the winner of the Kirkpatrick-Staples match—which is scheduled for this Thursday afternoon—to determine who will face Nevin in the finals for the club championship.

In the men's doubles four teams are up to the semi-finals—Carmint and Nevin, Staples and Warwick, Kirkpatrick and Town, and Kitchell and Snyder.

In the singles contests Kirkpatrick and Kitchell put up a particularly lively match, the former winning the first set 7-5, the latter winning the second set by the same score, and Kirkpatrick winning the third set 6-1. The Town-Grugan match was also well contested.

In the doubles Warwick and Staples played a strong game, defeating the Justice-Warner championship combination of former years, in two straight sets.

Narberth to Meet Old Rivals Next Saturday

Next Saturday afternoon the champion Narberth team will play the strong Gladwynne nine, of the Twin County League, on the Narberth grounds. These two teams are old rivals, and fans may be sure of seeing a good game.

ELECTRICS ENTER BROAD ST.

Railroad Sets No Date for Start of Service and Announces It Will Be Introduced Gradually.

The first electric train to enter Broad Street Station slid into the big shed one day last week, having come over the Pennsy's Main Line from Paoli, the other terminal of the suburban electric branch.

This was merely a "test train," made up of three cars. There were no railroad officials aboard, but the construction engineers made the trip to note how the new system worked between West Philadelphia and Broad street. It was said that everything was satisfactory.

Although trial electric trains once more are running, no definite date has been fixed for the opening of the regular electrified service.

It has been announced, however, that the new feature of the suburban traffic will be incorporated gradually, one train to be used at first to make several runs daily and finally a second, third and fourth train until each of the steam trains is replaced with one operated by electric power.

FISHING CLUB MEMBERS ENJOY TRIP TO FORTESCUE.

L. B. Southerland, Robert Savill, Henry Rose, William Claghorn and Charles Verna, of Narberth, and a number of Philadelphia friends motored to Fortescue on Friday evening and enjoyed some fine fishing on Saturday.

Three of the party arrived earlier than the others, having left Philadelphia several hours ahead of schedule. These enthusiasts engaged a motorboat, and, armed with one dozen shedder crabs, sailed five miles off shore and cast their lines at 5:30 P. M.

They were rewarded by capturing more than fifty fish before dark, and returned to a late supper with baskets full.

Samuel P. Bowman, of Elmwood avenue, arrived at dusk with a party of seven, and the various visitors from Narberth discussed fish and fishing until bedtime.

The club members brought home weakfish, bluefish, kingfish, founders, La Vayettis, salt water sunfish (known as pigfish in Southern waters) and a few croakers.

William Claghorn insisted on bringing home a two-foot shark to show the children on Chestnut avenue.

The largest edible fish caught was a weakfish weighing five and three-quarter pounds, landed by Samuel P. Bowman.

The organization of the Main Line Fishing Club has shown that Narberth has a full quota of fishermen. J. B. Morgan, Carl Metzger, Fred Rose, Edgar Taylor, William E. Yost, A. B. Eyre, William H. Cohic, John Ketcham, Fletcher Stites, W. G. Cummer, Charles Humphreys and many others can testify to the pleasant days on the water and to the pleasurable pull of a taut line, with a big guess as to what the winding line will bring from the deep.

Some of our readers enjoy music, literature or art; others appreciate base ball, golf or tennis.

The man who fishes for pleasure makes no excuse for his hobby, but enjoys his hours with hook and line.

Second Round—
Shaw defeated Pattison, 6-4, 6-2.

S. English defeated G. English, 6-6, 6-3, 6-3.

Town defeated Redifer, 6-0, 6-0.

CHAMPION NARBERTH TEAM WINS LAST THREE GAMES OF LEAGUE SEASON

Now For Gladwynne and Drexel Hill

Hail the champions!
Narberth wound up the Main Line League season in brass band style.

Over the Labor Day week-end our boys won three games:

Saturday—Narberth, 9; Overbrook, 0.

Labor Day, A. M.—Narberth, 4; Wayne, 3.

Labor Day, P. M.—Narberth 6; Paoli, 5.

Some finish!
Record for the season: Twenty games won, four games lost, percentage .833.

Nearest competitor Dun & Co. with this record: Fourteen games won, nine games lost, percentage .609.

Narberth wins the championship by 24 points.

Only one thing marred the wind-up of the season. The veteran "Flick" Stites sustained a broken arm in the game with Overbrook on Saturday. He was struck on the left arm, just above the wrist by a pitched ball, in the eighth inning. He knew he was hit, all right, but it wasn't until he had an X-ray examination made the next day that he knew the bone was broken.

At midnight the following statement was issued:

"Mr. Stites is resting comfortably and wishes it distinctly understood that the rumor that he has abandoned base ball and will take up golf is without foundation.

(*) And any other M. D., who may have moved into town recently without the knowledge of the editors; this by way of assurance to our readers that we have no intention of slighting anyone.

But there is other news—real news of the three last games, so we lead you on to the writings of our co-worker, Earl Fletcher Smith, official scorer for the Narberth team, and the one to whom the readers of Our Town are indebted for the complete, accurate and interesting accounts of the twenty-four games that have been played since the beginning of the season. Gentlemen, Mr. Smith:

Saturday's Game.

Contesting every inch of ground from the time the game opened until Hermes fled out to Barker for the last out of a very feverish battle, Pat O'Brien's Overbrook Colts sought vainly to win the final game of the season with the Narberth champions.

For seven innings the game was fairly close, Narberth having the lead with two runs. But in the eighth inning, the proteges of Constable Walzer had a batting feast and before Overbrook finally stopped them, the home team had scored seven more runs.

For our sake, we would much rather have gone out "one-two-three" order, for Rhoads hit Flick Stites, one of our best and most faithful players on the wrist, with one of his so-called "spitters." We would rather have lost the game than had this happen, for everyone knows what he is to the team.

Pat O'Brien's so-called "Colts" thought they would put one over on us, but they were much surprised when they left, for they only gathered two hits off of our star artist Bob Gilmore. The only Overbrook man able to connect with Bob's shoots was Levan, who tallied both of Overbrook's hits.

Narberth, full of ambition to take the game, started hitting Pitcher Rhoads in lively fashion in the first inning. But after two were out, Captain Fleck sent out a screaming double, only to be left on second.

In the second inning Manager Walzer sent out a nice Texas leaguer, but was caught at second on Barker's drive which became a fielder's choice. Meanwhile Overbrook could not connect safely with Gilmore's shoots, especially in the third inning, when Bob fanned the side, much to the delight of the Narberth rooters, and very much to the disgust of O'Brien.

In the fourth inning Captain Fleck

led off with a single—his second hit of the day; promptly stole second, making what you would call a beautiful hook slide. Stites then singled, while Vernon held third. Our old reliable first baseman Eugene Davis, who is always there with a hit in the pinch, cracked out a screaming single, which scored Captain Fleck with the first run of the game. Tip Turner then poled out a long single which scored Stites and Davis would have scored with ease had he not fallen between third and home.

There was very little doing after that until the eighth inning when twelve men faced Rhoads. It was a terrible shock to Pat. He as much as said: "Narberth can certainly hit that old ball on the noodle."

Koons started off with a single. Rhoads then uncorked a wild pitch, which poked Fleck in the back. Stites, the next man up, was also hit. This filled the bases, with none out. Rhoads then forced in a run by walking Gene Davis. Tip Turner then got his third hit of the day, a single. Manager Walzer then "dittoed" his second hit of the day. Barker fanned for the first out. Gilmore, just to show the folks that pitchers can hit, sent out his second infield single, which put the Overbrook team away up in the air; more so when Rhoads threw wild to first base on Humphries' grounder.

Up to this time the whole team had batted around, and Koons started on his second trip. Rhoads couldn't locate the plate and "Nig" walked to first. Captain Fleck then fled to Pulch for the second out. Eddie Ensinger then batted for Stites and was out via pitcher to first. That ended the inning, and sure was "some innings"—seven runs scored, four singles, two bases on balls, two batters hit by pitched balls, and an error for Overbrook. And there you have the whole story of the visitors.

When it comes to the features of the day, we have plenty of names to speak of. Manager Walzer made a one-hand catch in right field, right off the fence, and believe me it was one of those plays that you see only once in a very great while. Then comes Wolfson who made three fine catches in the center garden for O'Brien. The catch of Barker's "intended" home run drive was one that most fielders wouldn't have even tried for, let alone caught. Gene Davis "was there," on first base, getting them with one hand as well as with two; moreover he's "been there" all season, with his 170 pounds. The hitting honors of the day were carried off by our old friend Tip Turner, who had three hits out of four trips to the plate. Tip certainly does like left-handed pitchers. Captain Fleck, Gilmore and Walzer also shared in the batting, each having two hits. It certainly is surprising to see a man go into the game as Gilmore did and still not be satisfied, but come up to the plate and bang out two hits.

EDITORIAL NOTES

"THE LAST CALL"

OUR TOWN will gladly print any news item about any subject that is of interest to Narberth folks, but in order to meet the printing schedule, all "copy" manuscripts—must reach the editors by 6 P. M. Monday each week.

Hail! The 1915 champions.

Home looks pretty good, doesn't it, Mr. Vacationist?

Mr. Narberth Kicker will please note that his request has been granted—the garden at the station has been weeded.

Watch for the new waste cans—and please use them when they are put in position.

Attention, P. R. R. officials! How about that daily express train for Narberth—between 5.15 and 6 P. M.?

When do we get our new post office—and free delivery?

THE CHILDREN.

It is easy these days for those about town to notice that Narberth is rapidly assuming its normal condition. It has not been so for some weeks, due to the absence of so many of the children.

Now they are coming home, and those of us who have not had extended vacations are glad to see the happy, sun-burned face again.

When they all get back, then our town will have returned to its normal condition, and let us hope that every one who belongs to Narberth may get back safely.

NEW ROADWAY PRAISED BY THE EVENING TELEGRAPH.

Narberth is paid a high compliment by the Philadelphia Evening Telegraph in the following editorial, which appeared in a recent issue of that paper:

FINE FOR AUTOISTS.

Narberth's success in getting the State to co-operate immediately in the reconstruction of the Wynnewood avenue roadbed is a victory that will gratify all automobile owners in and about Philadelphia. This stretch of road is on the principal no-toll route between Philadelphia and Main Line points. Autoists have dreaded it for years, and citizens of Narberth had grown weary of apologizing for its wretched condition.

The new roadbed will be of concrete, the most durable and economic type, in the operation of State Commissioner Cunningham and Fletcher W. Stites, Narberth's solicitor. It will cost \$5200, the State and borough dividing the expense. Before the advent of freezing weather Narberth hopes to have transformed Wynnewood avenue, between Rockland avenue and the railroad tunnel into a model highway.

THANKS FOR THE NEW ROAD.

Editor Our Town:

I wish, through the medium of our community paper, to offer my high appreciation and sincere thanks to our Borough Council for the action they have taken in regard to making Wynnewood avenue the finest road in the State. It is splendid, and speaks well for the future of Narberth, and is an example that other communities would do well to follow. The spirit of real progress is surely in our midst, and as a citizen of Narberth I take great pride in this fact.

Eugene H. Blackall.

A PLEA.

Editor of Our Town:

Why cannot the people on Chestnut avenue, near Essex, stop using the lot on the south side to throw rubbish? Haven't they any pride when they sit on their porches and face all that dirt?

Better keep it in their cellars and the ash collectors will take it away; they take mine, and they will take theirs, and then the people who are compelled to pass this lot every day will not be ashamed of the neighborhood.

(Signed) E. C. Kirkpatrick.

Y. M. C. A. NOTES

LIBRARY.

Our free library has certainly been appreciated this summer. Several of our summer residents have expressed this thought when they returned their last books. It may be possible that you are not using our library—but the fact that follows will assure you that many of the Narberth residents are:

During the months of June, July and August more than 600 books were borrowed from our library. This speaks for itself.

TENNIS NEWS.

The Y. M. C. A. court was the scene of much activity along social and physical lines on Labor Day. A group of our young men and their friends spent the day in a most delightful manner, combining the sport with the picnic idea.

The Y. M. C. A. tennis court is growing in popularity and is about to close a most successful year. We believe that the loyal adherents of this game will start tennis off with a "hurrah" next year. Two tennis courts are already a subject of discussion.

ELECTRIC SIGN.

For several years past we have been confronted with the question, Why don't you put out a sign that can be seen? Well, here's your chance. Certainly you are interested, for a better Narberth.

We can't show the design in these columns, but you can see the drawing posted on our bulletin board. The sign is to be a triangular shape seven feet long and eighteen inches wide. The cost of this sign will be forty-two dollars.

Here is the proposition: If we secure twenty-four men to give \$1 each, thirty men to give 50 cents each and twenty-five boys to give 25 cents each, the sign will be paid for. We have already secured \$7 in this manner. How about you?

Just drop in to see the drawing and tell Secretary Hampton to put you down for one dollar. If this amount is subscribed in the next two weeks we will have the sign out on the corner of Forrest and Haverford avenues before October. Now is the time.

CORN ROAST (BIG TIME).

Our annual corn roast and watermelon feed is scheduled for Friday night of this week. We do not need to enlarge on the features of this event as it already has a reputation. Mr. Stretch has kindly given us the privilege of using his woods, and with corn right off the farm a good time is assured. Twenty-five cents will be the charge. Leave the Y. M. C. A. at 6.30 P. M. All aboard! See Compton or Ward for details.

UNCLAIMED LETTERS.

Letters addressed to the following named persons remain unclaimed in the Narberth post office:

Mrs. Ellen Brown, Mrs. T. R. Corn-drom, Mr. John Hoyer, Mr. William E. Schoffstall, Mrs. E. J. Sallada, Mr. F. P. Nish, Mrs. Abigail Powell.
Edward S. Haws, Postmaster.

ROSE LIVINGSTON TO SPEAK AT SUFFRAGE MEETING IN ARDMORE.

Narberth folks who are interested in the votes for women campaign will be interested in the meeting, scheduled to be held on Tuesday evening, September 14, in Williamson Hall, Ardmore. The speaker will be Rose Livingston, of New York. The meeting will be held under the auspices of the Woman Suffrage Party, of Montgomery County.

Miss Livingston calls herself a "social worker," but in New York she is better known as "The Angel of Chinatown," because of the splendid work she has been doing for the past seven years in reclaiming the unfortunate victims of commercialized vice. Speaking of Miss Livingston and her work, Mrs. J. Howard Brown, chairman of the Suffrage Party of Montgomery County, says:

"The story Miss Livingston tells has been thoroughly investigated and is vouched for by prominent New York people. The girl who disappears is not a myth, and Rose Livingston has accumulated proof of that fact during her work in the New York underworld.

"Her work is made possible by a woman's society of a Brooklyn church, which makes itself responsible for her personal maintenance.

"Two years ago Miss Livingston became convinced that commercialized vice would never be demolished until women have the vote. Since then she has spoken for woman suffrage whenever and wherever she had a chance. She is particularly interested in the Pennsylvania campaign, and is giving a month to speaking and working in this State"

Tickets for Miss Livingston's talk may be had free, upon application at Fiedler's Drug Store.

WAS HE A FRIEND OF YOUR BOYHOOD DAYS?

We may all be grown up and very mature and dignified, but there was a time when Harry Castleman, author of innumerable boys' books was our idea of a great man. For that reason Our Town is reprinting the following:

"HARRY CASTLEMAN" DEAD.

Author of Many Stories of Adventure for Boys.

Buffalo, N. Y., Aug. 22.—Charles Austin Fosdick, 73 years old, died at the home of his son in Hamburg, N. Y., to-day. Mr. Fosdick, under the name of "Harry Castleman," wrote many books of adventure for boys.

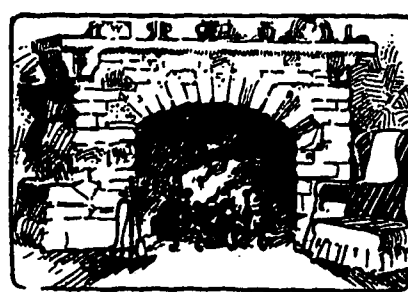

He was born in Randolph, N. Y., and received his education at the Central High School in Buffalo. When the Civil War began he enlisted as a landsman in the Mississippi Squadron, and passed through the various grades until he was a Receiver and Coal Superintendent for the squadron when the war ended. Mr. Fosdick obtained the material for many of his books while serving in the navy, and his series concerning the adventures of "Frank," such as "Frank Before Vicksburg," &c., are all his own experiences during the Civil War. He wrote a number of other series all centering about the same character, and his books were very popular among boys for many years. His last book was "Carl the Trailer."

Mr. and Mrs. L. G. Robbins have returned to Narberth after spending an extended vacation at Worcester, N. Y., but expect to move, shortly, to New York State, where Mr. Robbins' business now takes him.

The Misses Mary and Dorothy Chalfant have returned home after enjoying a delightful trip through the western part of Pennsylvania.

Some of Narberth's young ladies and young men enjoyed a straw ride last Friday evening, chaperoned by Mr. and Mrs. Frederick H. Walzer. During the evening the party stopped off at Woodside Park. Among those in the party were: The Misses Marguerite Mueller, Jean Chalfant, Mildred S. Smith, Corie Yowell, Elva Darlington, Dorothy Brill, Sarah McClain, Elizabeth Speakman and Bertha C. Redifer; and Messrs. Robert A. Mueller, Justice Goetger, Bill Stephens, Leon Darlington, Frank Grosman, Jimmy Valentine, Lloyd Parkinson, Harold Speakman and Earl F. Smith.

Mr. and Mrs. A. C. Warner and daughter Marjorie, of 216 Dudley avenue, have just returned from an extended auto trip of six weeks through New England and Canada.

SCHOOL OPENED TUESDAY WITH AN ENROLLMENT OF 360

School opened Tuesday morning. It seemed good to see the children again, and judging from the cordial smiles and greetings that prevailed at the meeting of teachers and pupils, they were all glad to get back for the fall term. The enrollment was 360.

On Monday afternoon Principal Melchior and the members of his faculty met with President McCarter, of the School Board, and Mr. Ridge, chairman of the Education Committee, and discussed plans for the coming season.

The school building was renovated and thoroughly fumigated from basement to roof during the summer, and everything was in readiness for the opening day.

This week the classes will have one session. Next week the all-day sessions will begin.

The new lunch room will be ready next Monday. The lunches are nutritious and wholesome, and are sold to the pupils at cost. The lunch plan is run by the school, and will, it is believed, prove very much more satisfactory than the old plan of the children eating cold food.

All parents desiring to enter children in the first grade are asked to see Principal Melchior during the next two weeks. Otherwise beginners will not be able to start school until after January 1.

Monday's A. M. Game.

In one of the best played games of the season Narberth defeated Manager Houck's Wayne Colts by the score of 5-4. Eddie Ensinger showed his old time form and held the Colts to eight hits.

Narberth started right off the bat when Humphries, the first man up, doubled and scored on Bill Simpson's single. Narberth did not allow the score to remain at that point long, for in the third inning with one gone, Walter Humphries collected his second hit of the game—a single, and scored on Bill Simpson's triple. Captain Fleck then singled and scored Simpson. Koons then doubled, which scored Fleck, but Fleck collided with Mitchell on the base paths and the umpire called Fleck out for interference.

Narberth scored one more run in the fifth inning on two successive doubles by Simpson and Fleck.

In the meantime, Wayne had scored four runs which made the game very interesting, but Narberth put over the final run of the game in the eighth inning. Simpson made his fourth hit of the day, a single, was advanced to second on Captain Fleck's sacrifice and scored on Koons' triple to right field.

The hitting honors of the game were carried off by Bill Simpson, who had four hits out of four trips to the plate, which gave Bill a clean sheet for the game. Captain Fleck also had a good day with the bat—two hits and two sacrificed hits, out of four trips to the plate. "Nig." Koons and Humphries also tagged the ball hard for Narberth, while Weaver and J. Evans were the leading hitters for Houck's team.

Monday's P. M. Game.

Manager Walzer started to do the mound duty, but the Paoli team found him for four runs in the sixth inning which made the score 5-4 in their favor. Our reliable and star slab artist, Robert Gilmore then went into the box and held Paoli down in the remaining innings.

Narberth collected two runs in the ninth inning which put them in the lead.

Gilmore finished the season by fanning the last two men in the ninth.

The game was nip and tuck all the way through, and with Paoli one run to the good in the beginning of the ninth, things looked bad for Narberth. But Manager Walzer hustled Eddie Ensinger into a suit and sent him in to bat for Kirk. Ed got a base on balls, but Gilmore forced him at second. Walter Humphries then doubled, which made things look somewhat brighter for Narberth. Next our old friend Stewart McClellan, a member of our first championship team, poked one of Magill's shoots for a long single, which scored what proved to be the winning runs of the game.

Sturtevant deserved a victory but the home players lost out on their erratic fielding. The victory gives the Dun & Co. team possession of second place in the league standing.

LABOR DAY'S GAMES.

Overbrook Breaks Even.

The R. G. Dun & Co. Travelers won the morning game by the score of 8 to 4 by hitting Packey at opportune times and taking advantage of errors at critical periods.

The Colts had a slugfest in the afternoon session, slaughtering the Gulph Mills Wanderers by the score of 16 to 6, slamming out a total of twenty hits, Packey leading the procession with a triple, double and single. The game was called at the end of the eighth inning on account of rain.

HOME CANNING OF SOUPS.

How to Prepare Stock—Economical Use of Products Which Might Otherwise Be Wasted.

At times it is a great convenience to the housewife to be able to reach to a shelf for a can of soup, open it, heat it, and serve it within a few minutes' time. The Federal Department of Agriculture's specialists in home canning-club instruction point out that the next logical step for the club members after learning to can fruits and vegetables is to transform meat scraps, bones, ligaments and odds and ends of vegetables and cereals into an economical, as well as palatable, soup—something that can be made ready in a few minutes for use as a hot dish.

Directions for Making Soup Stock.

Secure 25 pounds of beef hocks, joints, and bones containing marrow, and strip off the fat and meat, cracking the bones with a hatchet or cleaver. Place the bones within a thin cloth sack and put them into a large kettle containing five gallons of cold water. Simmer, but do not boil, for six or seven hours, then skim off all fat from the liquid. Do not salt while simmering. This should make about five gallons of soup stock. Pack the stock while hot in glass jars, bottles, or enameled or lacquered tin cans, and partially seal the jars; if tin cans are used, cap and tip. If using a hot-water bath outfit, sterilize for forty minutes; if using a water-seal or five pounds of steam pressure outfit, sterilize for thirty minutes, or twenty-five minutes if using pressure cooker outfit.

Vegetable Soup.

A good vegetable soup may be made, according to the department's experts, as follows: Soak one-fourth of a pound of lima beans and one pound of rice in water for twelve hours. Cook one-half pound of barley for two hours. Blanch one pound of carrots, one pound of onions, one medium-sized potato and one red pepper for three minutes in boiling hot water, and then quickly dip into cold water. After this is done, the carrots, onions, potato and pepper should be

cut into small cubes and mixed thoroughly with the lima beans and rice which have been cooked as described above. Fill the glass jars or lacquered or enameled tin cans three-fourths full of the above mixture of vegetables and cereals. The next step is to prepare a smooth paste from one-half pound of wheat flour blended with five gallons of soup stock. Boil this mixture for three minutes and add four ounces of salt. Pour this mixture or stock over the vegetables until the cans are full. Partially seal the jars, or cap and tip the tin cans, and sterilize for ninety minutes if using a hot-water bath outfit; seventy-five minutes if using a water-seal or five pounds of steam pressure outfit; or forty-five minutes if using pressure cooker.

NARBERTH SPORTSMEN AND THE FEDERAL GAME LAWS.

With the approach of the open season for shooting wild fowl the department is warning sportsmen that the Federal regulations as amended October 1, 1914, will be strictly enforced. Some misunderstanding has arisen from the fact that the various State laws do not always conform to the Federal regulations. This is regarded as unfortunate, but in such cases the department must insist upon the observance of the Federal regulations.

The department will consider any recommendations submitted in good faith for amendment of the regulations, but will hold no public hearings thereon, nor will it amend the regulations prior to October 15, 1915. It is the purpose to conform the regulations to the wishes of the majority of sportsmen so far as it can be done and at the same time give wild fowl the necessary protection.

Federal regulations divide the United States into two zones. Zone No. 1, the breeding zone, includes Pennsylvania, New Jersey, Oregon, Idaho, Colorado, Nebraska, Iowa, Illinois, Indiana and Ohio, and all States north of them. Zone No. 2, the wintering zone; includes all States south of those named.

The regulations prescribe seasons as follows in Pennsylvania and nearby States:

Open Seasons for Migratory Birds in 1915 Under Federal Regulations.
