SESSIONAL PAPER No. 1

Ship Channel: \$140 paid twice.

AUDIT OFFICE, OTTAWA, June 24, 1903.

SIR,—Let me call your attention to the fact that section 33 of the Audit Act does not seem to be understood clearly at Sorel. Mr. Alfred Roy, the accountant, is certifying 'goods received' for items which must be outside of his personal knowledge.

An instance of this is voucher 31247 for \$140, for 50 tons of coal delivered to the steamer 'Lord Stanley' at Amherstburg; the proper certifier would be the officer who received the coal and checked the measurement.

Had this requirement been observed, it is not likely that the same 50 tons would have been certified again on voucher 39009, necessitating a subsequent refund.

Please explain to Mr. Roy that he should certify no facts outside of his own observation.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, July 10, 1903.

SIR,—Referring to your letter of the 24th ultimo, in regard to the voucher 31247 for \$140 for 50 tons of coal supplied to SS. 'Lord Stanley' at Amherstburg, certified to by Mr. Roy, of Sorel, I beg to inform you that the different certifying officers of the department have received further instructions to govern the certifying of accounts in the sense of your suggestion.

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, *Secy.*

Ship Channel: \$393.75 paid twice.

AUDIT OFFICE, OTTAWA, Oct. 5, 1903.

SIR,—Let me call your attention to vouchers 45223 and 47201 of 1902-3 in favour of The Edward Cavanagh Co., both charged to 'New Dredging Plant: dredge "Fielding"'. The bills are as follows:—

45223 : Dec. 3, 1902—Acct. 468, Order No. 1242 : 150 bars	
Sun iron, $\frac{1}{2}$ x $2\frac{3}{4}$ in., 10,500 lbs. at \$3.75.....	\$393 75
47201 : Dec. 3, 1902—Acct. 468, Order 1242 : 150 bars	
Sun iron, $\frac{1}{2}$ x $2\frac{3}{4}$ in., 10,500 lbs. at \$3.75.....	393 75

It will be observed that the particulars are exactly the same in the two accounts.

Please see whether this may not be a duplicate payment for the same lot of iron. If so, there should be explanations from the certifying officers to show how it came to pass.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

SOREL, Oct. 8, 1903.

SIR,—I am in receipt of your letter of the 7th, drawing my attention to the fact that in our list of accounts chargeable to 'Maritime Provinces, New Dredging Plant,'

dated 18th December, 1902, account No. 6, in favour of The Edward Cavanagh Co., for \$393.75, is a duplicate of account No. 3 in our return of the 21st January, 1902.

This is clearly an error, and, as you state, the amount has been paid twice. I regret very much that such an error should have occurred. Since that date our system of checking accounts has been changed, and under our present system it would be difficult for such a duplicate account to pass.

I am, sir, your obedient servant,

The Accountant, Public Works Dept. G. J. DESBARATS, *Director of Shipyard.*

Montreal : Plumbing Contract not advertised.

AUDIT OFFICE, OTTAWA, Nov. 26, 1902.

SIR,—Let me acknowledge receipt to-day, from your department, of two applications for cheques, as follows :—

209 : E. Rousseau : Montreal Ex. W. H., plumbing.....	\$400
212 : C. J. B. Simmons : Marysville post office.....	640

Please inform me as to the manner of advertising these works and awarding the contracts therefor.

I am, sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Feb. 17, 1903.

SIR,—On the 26th November last you wrote this department asking for information concerning the plumbing work done by Mr. E. Rousseau at the examining warehouse, Montreal.

Your letter also referred to Mr. Simmons' contract for the Marysville post office.

You desired to be informed as to the manner of advertising the work in question and the awarding of the contracts.

In the Simmens' case, which was for constructing a public building, public tenders were called and the lowest accepted. You were so informed.

As regards the examining warehouse at Montreal, it would appear that the information was not sent to you.

I may tell you, however, that in the Rousseau case no public tenders were called. Private tenders were asked and the lowest was accepted.

As a contract was entered into with Mr. Rousseau, and the faith of the department was pledged to him for payment, I believe the cheque should now be issued.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, *D.M.*

AUDIT OFFICE, OTTAWA, Feb. 19, 1903.

SIR,—Let me acknowledge receipt of your letter of February 17 (in answer to mine of November 26), stating that private tenders were asked for the plumbing work at Montreal examining warehouse.

In all cases where this method of publicity was chosen for securing competition, the list of persons invited to tender should be sent to the Audit Office.

SESSIONAL PAPER No. 1

Please supply this information as soon as possible in the present instance, as Mr. Rousseau must be anxious to get his money.

I assume that (under the interpretation of section 13 of the Public Works Act, recently given to you by the Justice Department) unrestricted competition will be invited by public advertisement for all such future contracts, except under circumstances of certified urgency.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Feb. 26, 1903.

SIR,—I have the honour to acknowledge the receipt of your letter of the 19th instant, and to state in reply that the following are the persons who were invited to tender for the plumbing work at the Montreal examining warehouse, viz.: Francis Brunet, P. Leclere fils, and E. Rousseau. I may add that a tender was received from each of these parties, and that Mr. Rousseau's price was the lowest.

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, *Secy.*

AUDIT OFFICE, OTTAWA, March 2, 1903.

SIR,—Let me acknowledge receipt of your 136088 of February 26, stating that three persons were invited to tender for the plumbing at Montreal Examining Warehouse, and that Mr. Rousseau's tender (the lowest) was accepted.

As tenders were not called for by public advertisement, there should be a certificate that the price of \$925 is 'fair and just.' The estimate is returned herewith for completion in that direction.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, March 7, 1903.

SIR,—I beg to return to you herewith the estimate in favour of Mr. E. Rousseau, for plumbing work done at the Examining Warehouse, Montreal, the same being duly certified 'price fair and just,' as you desire.

I am, sir, your obedient servant,

The Auditor General.

Depot Harbour Breakwater: Estimate No. 1.

(Discussion continued from page V-377 of 1901-02.)

DEPT. OF PUBLIC WORKS, OTTAWA, February 17, 1903.

SIR,—In fyle 252549, herewith inclosed, the Auditor General states he would like to be informed whether the price of \$2.50 per cubic yard, which by agreement is being paid Messrs. Davis, Hancy & Miller for stone being used as a foundation of the

breakwater at Depot Harbour, is a fair and just price for the difference between rip-rap and eribwork foundation.

The Auditor General may not have been apprised of the fact that the foundation in question does not take the place of cribwork, and that according to the contract it is only intended to come up to the bottom of the eribwork, as shown on the original contract plans.

To explain further, I may state that the bottom of the harbour for a certain distance along the site of the proposed breakwater was found to be so soft, that in order to prevent undue settlement it was deemed advisable to fill it up with stone on a width of 80 feet and up to the level of the bottom timbers of the cribwork shown on plans, and no higher. For reasons stated in former reports, of which the Auditor General, I understand, has copies, the price is deemed fair and reasonable.

The Deputy Minister Public Works Dept.

E. D. LAFLEUR, A.C.E.

AUDIT OFFICE, OTTAWA, March 17, 1903.

SIR,—Chief Engineer Lafleur's letter of February 17 on the subject of Depot Harbour breakwater does not meet the objection raised in my letters of December 24 and February 11. This correspondence will be found at page V-375 of my Report for 1901-02 just issued.

Extracts from Wharf Specification of September 29, 1900.

Section 4: Ground.—'Contractors must particularly examine the bottom, the surface of which is of a soft nature, on the site of the proposed works, and satisfy themselves as to the amount of sinkage that is likely to take place, as no claim for extras will be entertained on account of increased sinkage not shown on plan. The soundings, shown on general plan, have been carefully taken, and are supposed to be correct, but contractors are required to test their accuracy, and take any other soundings they may deem necessary.'

Under section 8, the bulk sum tendered is to include 'all extra work which may be required for the proper execution of the work.'

The evident intent of the specification-sections of which these are extracts (and to my mind these sections have been drawn up with unusual clearness) is, that the preliminary soundings by the government engineers, as shown on the plans, were merely approximate data to facilitate the preparation of a tentative design; but that each contractor, before tendering, had to take soundings on the spot, and satisfy himself as to the amount of sinkage likely to occur,—and then base his tender on his own soundings, and not on those made by the government engineers.

Order in Council of April 15, 1902, based on Memo. of July 31, 1901.

Extract from Order in Council: 'In the specification and on the plans prepared for the execution of the work, it was shown that, in accordance with the preliminary surveys made, the soft nature of the bottom would cause a probable sinkage of the cribwork (to be constructed under the contract) of about four feet, and the specifications and plans provided for that probable sinkage, and no more. However, the contractors having examined the ground carefully, hesitated to enter into contract before the sinkage in question would have been definitely ascertained by more minute and careful borings being made; and after the same had been taken along the proposed line of the work, it was ascertained that the average settlement would be in twelve feet instead of the four feet first estimated.'

In the extract above quoted, there are two points to be particularly noticed:—

(1.) The statement that 'the specifications and plans provided for four feet probable sinkage, and no more,' was likely made while writing in haste from memory. Four-foot sinkage may have been shown on the plans, but it was not mentioned in the specification; and the latter document provides most carefully and explicitly that the soundings shown on the plans are not to be a basis for any subsequent claim by the contractor, who was to tender on his own soundings altogether.

(2.) 'The contractors having examined the ground carefully, hesitated to enter into contract.....' If Mr. Davis' examination of the ground was made before tendering, the final result thereof was his bid of \$157,500. If his examination of the ground was not made until after February 22, 1901 (the date of opening tenders), our forfeiture of his accepted cheque for \$25,000 was the inducement provided by contract routine, if he showed reluctance to proceed under his tender.

Chief Engineer's Argument.

I understand Mr. Lafleur to hold that the marking of only four feet sinkage upon the original plans was a guarantee to the contractor that his cribs would sink only four feet before finding a permanent bottom.

The plans might perhaps have had that force, if there had been no specification, or a different one.

The specification, however, is explicit in declaring that the government plans are not to be a basis for claims, but that the contractor must take his own soundings. If the actual probable sinkage is twelve feet instead of four the contractor should have found it out.

Any reasoning, therefore, must fail, which is based on the finality of the government plans for soundings, since the specification says that the plans are not final under this head.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, April 3, 1903.

SIR,—With reference to file No. 253700, being a letter from the Auditor General raising further objections to the payment of the stone foundation of the breakwater at Depot Harbour, I have the honour to call your attention to the fact that the Auditor General treats the arrangement made with the contractors for the supplying of stone at the rate of \$2.50 per cubic yard as a claim, while it was a matter pre-arranged before the contract was signed, and was made part and portion of the contract after it was sanctioned by Order in Council.

The Auditor General's contention that the specification is explicit in declaring that the government plans are not to be basis for claims, but that the contractor must take his own soundings, would be well taken if, after the signing of the contract, the contractors would have put in a claim for extra sinkage within reason, over and above that shown on the plan. But in this special case, the department recognized that instead of four feet of settlement as shown on plan, the probable average sinkage would have been 12 feet, and before the contract was signed an agreement was entered which was made part and portion of the contract for the building of an artificial foundation to be brought up to such a level that the contractors still have to build the work of such height that the four feet sinkage shown on plans would be provided for. Therefore, the work which the contractors, according to the plan, were obliged to give, they will still be held to. But I do not think that the Auditor General can contend that, in jus-

tice, under any contract, the department could oblige the contractors to build an additional height of eight feet to any work without extra remuneration, notwithstanding the clause of the specification which states that contractors will have to take their own soundings, &c.

I must again repeat that the sum of \$37,500, which has been granted the contractors for 15,000 cubic yards of stone at \$2.50 is not the result of a claim on the part of the contractors, but is based upon an agreement entered into with them at the same time they signed the contract for the work shown on plans and described in the specification. I therefore fail to see how payment can be withheld.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept. EUGENE D. LAFLEUR, *A.C.E.*

PUBLIC WORKS DEPT., OTTAWA, April 14, 1903.

SIR,—On the 5th December last this department issued a certificate for \$3,140 in favour of Messrs. Davis, Haney & Miller, for work at Depot Harbour, and I am directed to ask when a cheque may issue for the certificate in question, or, if there are any objections, a statement as to their nature, in order that payment may be made without delay.

I am, sir, your obedient servant,

The Auditor General. A. GOBEIL, *D.M.*

AUDIT OFFICE, OTTAWA, April 15, 1903.

SIR,—I have your letter of yesterday with reference to your certificate, \$3,140, in favour of Messrs. Davis, Haney & Miller.

You are fully aware, I think, of the correspondence which has been in progress between your department and this office regarding the whole contract and involving objections, therefore, to this estimate.

We had no other objections to the estimate, and there therefore was no occasion to treat this estimate separately. Now, however, I have come to the conclusion that my objections, notwithstanding the positive words of your specification that the tenderers will be responsible for their tenders, even if there is sinkage not shown on the plan, were not well taken.

The sections in the specification were drawn up with clearness, but the soundings or borings for sinkage likely to take place must have been made with excessive carelessness. The statements of the soundings must have been considered to have meant something. It seems to me that it is much wiser in the end to have this work of testing done reliably by the government, when the tenderer will know accurately what he is expected to do, and will not require to put in a margin for doubts.

No public servant who has the good of his country at heart will endeavour to get from the individual contractor any more work than the latter expects to have to do for a particular amount of money. He who would endeavour to do so would establish in the minds of contractors a feeling that the public servants are willing to take unfair advantage, where it can be done, for the government, and would therefore foster a feeling in the contractors that there is every justification, where it can be done, to take what would be viewed by itself alone as an unfair advantage of the government, the balance between the two sets of transactions to end surely to the great disadvantage of the government.

I write this in explanation only.

SESSIONAL PAPER No. 1

To come to the point in this particular case, I believe the Chief Engineer has already certified that the price of the stone foundation is fair and just. I should like to get a similar certificate with reference to the main contract. It would be unsafe to treat any part of the work as being based on the depth mentioned in the specification. The tenderers may have based their tenders on a lower depth than that mentioned in the specification, because they were notified that they would have to calculate on the actual depth and not on what was named in the specification, which, if they were prudent, they would have done to the full extent of their knowledge.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, April 15, 1903.

SIR,—I beg to acknowledge receipt of your letter of 15th instat.

The last paragraph of that letter is really the one which has the closest bearing upon the case in point, and it is therefore the only one to which I will refer.

You appear to be satisfied with the certificate already given by the Chief Engineer, to the effect that the price agreed upon for stone foundation of the work to be erected by Messrs. Davis, Haney & Miller at Depot Harbour, is fair and just, but you desire to have a similar statement with regard to the original amount of the contract. You appear to ignore entirely the fact that, while the question of the stone foundation was one which was arranged upon the report of the Chief Engineer, and to the fairness of which he could therefore certify, the figure of the main contract was one with the arrangements of which he had nothing at all to do.

The sum in question is that of the lowest tender made by the parties above named, and which tender was accepted by the department entirely irrespective of the fact as to whether it was a fair and just consideration for the work which had to be executed.

Very often, if not every time, the lowest tender accepted is either above or below the Chief Engineer's or the Chief Architect's estimate, but those officers are never called upon, except when there is a lack of responsibility on the part of the tenderers or too great a difference between the tender and the estimate, to report upon the price offered.

This is one of the disadvantages of the system of accepting the lowest tender, but so long as the principle is followed, so long will the disadvantage have to be endured.

To ask the Chief Engineer to give a certificate in a question of tender, after public advertisement, would be subversive of the system of public tendering itself, and would lead to the substitution of the Chief Engineer's estimate for the offer made by the lowest tenderer. Not that, in the opinion of many, this system would not be the best, but at present the other appears to be the one which parliament most favours.

I have therefore to say that, under the present circumstances, the Chief Engineer should not be called upon to give any certificate of the kind you ask, inasmuch as, in justice to himself as well as to the department, he has never, either before or after the award of the contract, been placed in such a position as would have made it advisable or necessary for him to make the statement in question.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D.M.

AUDIT OFFICE, OTTAWA, April 21, 1903.

SIR,—Let me acknowledge receipt of your communication of April 15, about the contract of Messrs. Davis, Haney & Miller, for Parry Sound breakwater.

I quite agree with the whole of your argument, that the Chief Engineer need not certify 'prices fair and just' to a contract which has been awarded as the direct result of unrestricted public competition,—that is, of course, when the advertised specification is not changed, and the lowest tender accepted.

So far as Mr. J. T. Davis' individual connection with this work is concerned, I have assumed that he was responsible for the completion of the work to the actual depth of the solid bottom, there being really 12 feet instead of 4 as stated of soft material below the water. If this view is correct, while it would appear to be unfair to make a firm having Mr. Davis as one of its members, and composed of two other members, responsible for the obligations for which, as I say, it appears to me that Mr. Davis made himself liable, they have no claim to anything except what any other contractor in the country might be entitled to, and therefore the Chief Engineer controls the case by being able to say that the prices are fair and just, or not.

Is it the plan which governs under the contract or the words in the specification as shown in the sub-sections of 4 ?

I would like that you should obtain the opinion of the Department of Justice on this point.

In my previous letter I have explained my objections to the method of calling for tenders as adopted by your department.

You say that the soundings have been carefully taken, when they evidently have not. I hope that your department will think it well to explain how the great discrepancy took place, when it was stated in connection with a business involving so much money, that the elements of cost were carefully determined.

Is the person who made the borings and took the depths a man who did this kind of work for your department for the first time ? If he did it for the first time the Chief Engineer had reason to expect care, and no doubt explained fully and minutely what was expected of him and how much depended on his results. Is the person who did the work still in the department, and what explanation does he give ?

I hope that you will not think that I am unduly interfering in this connection with your department's special functions, when you see how unpleasant my duty has been in scrutinizing your application for payment.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, January 5, 1904.

SIR,—Let me call your attention to my letter of April 21, 1903, concerning the inaccurate information furnished with specifications for Depot Harbour breakwater, whereby the contractors were misled as to the probable sinkage, which turned out to be twelve feet instead of four.

Please answer the questions on the second page of that letter, about the qualifications of the officer who made the borings and took the depths.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

Depot Harbour Breakwater : Estimates Nos. 2 and 3.

AUDIT OFFICE, OTTAWA, July 27, 1903.

SIR,—Let me acknowledge receipt of your application No. 469 for \$8,240, in favour of Davis, Haney & Miller, being Estimate No. 2 to June 15, 1903, for Depot Harbour breakwater.

SESSIONAL PAPER No. 1

The engineer in charge, Mr. J. W. Fraser, has returned the extra work for 'artificial foundation' on the same sheet with the work on the main contract. It would be better to have them kept separate, as is usually done.

As explained in my letter of April 15, 1903, the change or modification in the specification (by giving a definite instead of an indefinite line for the sinkage) will necessitate a certificate from the Chief Engineer that the lump sum of \$157,500 is a 'fair and just' price for the main work as now contemplated.

I am passing the present application, as it has been held here for some days; but I shall require to have the new certificate (as above described) forwarded as soon as possible, to avoid any delay to subsequent estimates. It should have been sent in reply to my letter of April 15, instead of waiting until now.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, August 5, 1903.

SIR,—I beg to acknowledge receipt of your letter of July 31, inclosing a copy of Chief Engineer Lafleur's recommendation for a radical change in the specification at Depot Harbour.

Mr. Lafleur's calculations are based on a comparison with the original work as modified by the \$37,500 stone foundation; and he figures out \$2,352 for the increase in yard-cost of the new structure as compared with the old. But he offsets this by remarking: 'Of course the landing pier would be more easily built than the breakwater,' thus leaving the \$2,352 nugatory.

However, the new specification is so far changed from the one advertised that the certificate 'prices according to contract' is not now applicable, and we must ask the Chief Engineer to certify 'prices fair and just.' Please have this done at an early date. You will please also recollect that my argument for considering that the old contract did not hold without the certificate of the Acting Chief Engineer that the prices were fair and just, has not been answered.

I should like to have a copy of the contract as amended.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, August 8, 1903.

SIR,—Let me acknowledge receipt of your application No. 554 for \$18,160 in favour of Davis, Haney & Miller, being Estimate No. 3 for Depot Harbour breakwater.

You will remember that Estimate No. 2 is still unpaid, and that there is at present in your department a letter of mine not yet answered.

If the course indicated therein is taken as regards Estimate No. 2, it is probable that No. 3 will be released as well.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, August 25, 1903.

SIR,—Let me call your attention to two of my letters which are unanswered, both of which deal with Messrs, Davis, Haney & Miller's work on 'Depot Harbour Breakwater.'

My first letter, dated July 27, 1903, was called forth by your application for \$8,240 to pay Estimate No. 2. My letter of August 8 was in reply to the application for \$18,160 to pay Estimate No. 3.

What is wanted is a certificate from the Chief Engineer that the lump sum of \$157,500 is a 'fair and just' price for the work as now contemplated. This certificate should be either given or refused explicitly at the earliest possible date,—so that no unnecessary inconvenience may be caused to the contractors.

I write again because I do not want to appear indifferent to the needs of the contractors as to prompt payment.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, August 26, 1903.

SIR,—With reference to your letter of the 25th instant, let me call your attention to the fact that you appear to have entirely forgotten to mention that I did write to you a letter in reference to the work now being performed by Messrs. Davis, Haney & Miller, in which I inclosed copies of the report made by the Acting Chief Engineer and of the Order in Council which approved of that report. In the report in question the Acting Chief Engineer informed the Minister that for the contract price for the work originally to be performed the department was really obtaining more than the contractors had agreed to do by the first contract.

When Estimate No. 3 was sent it was certified by the engineer in charge: 'Price is fair and just.' The cheque for Estimate No. 2 has been received and forwarded.

I believe it would have been fairer to me if your letter of the 25th had referred to mine in which I inclosed the Acting Chief Engineer's report, as it would show that I had taken some steps in order to forward the payments to the contractors.

Be it as it may, however, and considering the fact that Estimate No. 3, which, after all, includes in its return of the gross amount the total of the estimates rendered to date, and has the engineer's certificate to the effect that the price is fair and just, it seems to me that nothing more is required. If each of the progress estimates stood by itself for a separate part of the work, I would understand that, at the present moment, you would require the past estimates to be certified anew. But as each successive progress estimate contains in its gross amount all the previous ones, and if that estimate is certified as to prices being fair and just, it seems to me that your responsibility, as well as mine, is fully covered when, to that certificate, have been added the original report of the Acting Chief Engineer and the Order in Council approving of the same.

I am, sir, your obedient servant,

The Auditor General.

AUDIT OFFICE, OTTAWA, Aug. 31, 1903.

SIR,—In further discussion of the Depot Harbour breakwater and Messrs. Davis, Haney & Miller's contract therefor :

What is needed is the certificate of Acting Chief Engineer Lafleur that the price is fair and just for the work as now arranged.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

Note by Auditor General.—Chief Engineer Lafleur placed the following certificate on Estimate No. 3 : 'The price of \$195,000 for the work of building the breakwater and landing-pier, as now arranged, is fair and reasonable. EUGÈNE D. LAFLEUR, Actg. Chief Engineer.'

PUBLIC WORKS DEPT., OTTAWA, April 2, 1903.

SIR,—In reply to your letter of the 27th ultimo, I have the honour to inform you that no written contract was entered into between this department and Messrs. L. Cohen & Son for dredging at Hawkesbury, Ont.

I am, sir, your obedient servant,

The Auditor General, Ottawa.

FRED. GELINAS, *Secy.***Pictou Foundry : Delay in completing Contract.**

AUDIT OFFICE, OTTAWA, March 31, 1903.

SIR,—Let me acknowledge receipt of your application No. 348 for \$832 in favour of the Pictou Foundry and Machine Co., being Estimate No. 1 on their \$1,872 contract for renewing 36 dredge buckets, at \$52 each, on the dredge *St. Lawrence*.

The specification is marked : 'The contractors were the lowest tenderers, private tender.' Please let me have the list of those who were invited to compete.

One section of the specification reads : 'As the services of this dredge are of much importance, and as the time allowed (six weeks from signing of specification, plans and agreement) is ample and sufficient for the completion of the said buckets as stated, it is clearly to be understood that in the event of failure on the part of the contractor to complete on or before the time contracted for, the cheque for \$300 shall be and become forfeited to the hon. Minister of Public Works, and the amount will be deducted from the moneys in the hands of the hon. minister which may be remaining on the contract.'

The contract was signed February 3, 1903 ; six weeks later would be March 17 ; the progress estimate for 16 out of the 36 buckets is dated March 26. Does not the forfeiture clause come into effect, for the remaining 20 buckets at least ?

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 23, 1903.

SIR,—Let me acknowledge receipt of your application No. 439 for \$1,040, in favour of the Pictou Foundry and Machine Co., being their final estimate to March 28, 1903, for 36 dredge buckets at \$52, for dredge *St. Lawrence*.

In a letter dated March 31, 1903, written when the first estimate was received (for 16 buckets), I asked whether the security-deposit of \$300 was not forfeited by the non-completion of the contract of March 17.

No answer has been received to that letter. Please rectify the omission, and explain why it happened.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, June 30, 1903.

SIR,—Referring to your letter of the 23rd instant, in regard to our application No. 439, for \$1,040 in favour of the Pictou Foundry and Machine Company, being their final estimate to March 28, 1903, for the dredge buckets for the dredge *St. Lawrence*, I beg to inclose herewith a copy of a telegram received from the superintendent of dredging at St. John, N.B., by which you will see that the delay in supplying the buckets was due to circumstances over which the contractors had no control, and the department, therefore, does not consider the forfeiture of the security cheque justifiable.

I am, sir, your obedient servant,

The Auditor General, Ottawa.

FRED. GELINAS, *Secy.*

ST. JOHN, N.B., May 9, 1903.

In reply to your telegram just received, delay of eleven days in completing buckets for *St. Lawrence* was caused by delay of steel works in furnishing plates, over which Pictou Foundry Company held no control, and not by their neglect. They worked their plant at night as soon as they received the plates to make up lost time, if possible. Ice in harbour detained the dredge from getting to work earlier, not want of buckets.

The Chief Engineer, Ottawa.

W. J. McCORDOCK, *Supt.*

AUDIT OFFICE, OTTAWA, July 14, 1903.

SIR,—In further discussion of the Pictou Foundry Company's contract for new dredge buckets for the dredge *St. Lawrence* :

After reading Mr. McCordock's telegram of May 9, I withdraw my objection to the repayment of the company's security deposit of \$300. Why was that telegram not sent to me in answer to my letter of March 31 instead of holding it till June 30 ?

Another difficulty, however, appears in the fact that it is proposed to charge the payment for the buckets to 'New Dredging Plant' instead of to 'Dredge Vessels, Repairs.' The latter would seem to be the correct vote. Please amend the application.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDougall, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, July 16, 1903.

DEAR MR. McDougall,—I have your letter of the 24th July concerning an application made for a payment of \$1,040 to the Pictou Foundry and Machine Company for new dredge buckets for the dredge *St. Lawrence*. In reply to the second paragraph of your letter, might I not suggest that Mr. McCordock's telegram of the 9th May could hardly have been sent to you before that date, and in reply to your letter of the 31st March. It appears to have been sent as soon as it was realized that you would not pay without some statement such as that telegram contains.

As regards the appropriation to which the application in question should be charged, will you allow me to differ with you?

The supply of new buckets for a dredge is in no sense a work of repair. If any part of the old buckets were allowed to remain and only some new material partly introduced within the work, then the work might be styled one of repair. In this case it is an absolute renewal, replacing the old buckets by entirely new ones.

SESSIONAL PAPER No. 1

In the past, the practice has always been to call new sections of any of our dredging plant new work, such as buckets, engines, boilers, new hulls, and I think you will kindly assume that, in the present instance, the supply of an entirely new set of machinery is one which can properly be called New Dredging Plant.

I am, sir, your obedient servant,

The Auditor General.

Gold Run Creek Road : Contractors dissatisfied with their Tender.

PUBLIC WORKS DEPT., OTTAWA, March 2, 1903.

(Discussion continued from Page V—384 of 1901-2.)

SIR,—I have been directed by the hon. the Minister of Public Works to inclose you herewith, *re* claim of Palmer Brothers for the construction of roadway in the Yukon district, copies of the following documents, the originals of which have been filed in the records of this department, and were forwarded to the Hon. the Minister by Messrs. McGiverin & Hayden, attorneys for Palmer Brothers in this case :—

'1st. Copy of declaration of James Hartney, the superintendent on construction of roadway.

'2nd. Copy of declaration of B. T. Kirkhouse, government inspector on construction of this roadway.

'3rd. Copy of list of extras referred to in the said declarations.

'4th. Copies of two letters from B. T. Kirkhouse to Messrs. Palmer Brothers, dated the 16th and the 18th October, 1900.'

AUDIT OFFICE, OTTAWA, March 3, 1903.

SIR,—Let me acknowledge receipt of your 136171 of March 2, covering a declaration from James Hartney, superintendent of construction for Palmer Bros. ; and a declaration from B. T. Kirkhouse, government inspector on construction by Palmer Bros. of the Gold Run Creek Road.

Mr. Kirkhouse in his declaration refers to his report on the road, dated Oct. 19, 1900. Please let me see this report. It should have accompanied the original application for payment.

AUDIT OFFICE, OTTAWA, March 9, 1903.

SIR,—In further discussion of the claim of Palmer Bros. for construction of Gold Run Creek Road :

In the declaration of Inspector Kirkhouse (section 17), reference is made to two specifications, one which was placed before him at the time of signing his report of October 19, 1900, and another under which the road was constructed.

These two specifications should be procured; and there should be an explanation of the reason for any specification being in existence except that under which the work was done.

I have not yet received Mr. Kirkhouse's report of October 19, 1900, asked for in my letter of March 3.

AUDIT OFFICE, OTTAWA, March 16, 1903.

SIR,—In further discussion of the claim of Palmer Bros. for \$19,689.25 for balance on construction of Gold Run Creek Road :

After interviews with Mr. Palmer and his solicitor, I am now able to offer the following additional remarks, pending the receipt of papers asked for in my letters of March 3 and March 9.

Statement of Claim.

Deductions from main contract (page V-383) :	
Road 11 feet wide instead of 16 feet—	
7½ m. × \$1,350 × 5-16.	\$3,165 00
8 m. × \$1,400 × 5-16.	3,500 00
Corduroy not properly built—	
1½ m. × \$3,000—\$1,805 done.	2,695 00
Culverts not properly built—	
14 × \$25 — \$100 timber.	250 00
Over-deducted in error.	
	9 00
Extras outside of main contract (page V-381)—	
65 extra culverts (210 lin. ft.) at \$25 each.	1,625 00
Building 9 bridges (206 ft.) instead of culverts—	
Timber contained : 9,460 lin. ft. at 15c.	1,419 00
Extra corduroy : 4,015 lin. ft. at \$1.75.	7,026 25
	<hr/>
	\$19,689 25

Road 11 feet wide instead of 16 feet.

The part of the specification which bears on this subject appears to be section 2 :
 'The road to be grubbed and moss removed except when otherwise (directed ?) for a

SESSIONAL PAPER No. 1

width of 16 feet.' Mr. Palmer holds that when the road was only 16 feet wide at the bottom, it could not be more than 11 or 12 feet at the top, and that his work thus filled the specification. Apparently the inspector has demanded 16 feet across the top, and calculated the deduction on that basis.

Being purely a question of interpretation,, it would be better perhaps for you to obtain an opinion from the Justice Department before the payment is further pressed.

Corduroy not properly built.

This is a question of fact, which cannot be discussed conclusively until the arrival of the inspector's reports. The item is mentioned only in Mr. Thibaudeau's memorandum of January 26, 1901; and there is no statement of the deficiency having been subsequently brought up to specification standard.

It will be noticed that Mr. Thibaudeau estimates good corduroy at \$3,000 a mile, which is equivalent to 57 cents a lineal foot, while he values the corduroy built by Palmer Bros. at \$1,805 for 1½ miles, or 23 cents a lineal foot. These figures will be used below.

Culverts not properly built.

Also a question of fact, to be cleared up by a comparison of the inspector's reports. Mr. Thibaudeau says the culverts were rebuilt; Mr. Palmer says they were not.

Sixty-five extra culverts, \$1,625.

Two sections of the specification appear germane to this subject: 'The contractor shall build the road according to specification, plan and profile; the engineer having the right during the construction to change any part of this specification, plan or profile. For any such change the contractor shall not be entitled to any damage or extra.' '6. Ditches and culverts (when not otherwise stated) wherever required are to be built of such dimensions and at such places as ordered by the engineer.'

I would infer from this that the specification was recognized by all parties to be, not rigidly final, but only tentatively so; as near to the description of a good road along that line as it was possible to specify, before the close examination of minor points which could be developed only in the course of actual construction. The tenderers were assumed to have sufficient familiarity with the region to be able to calculate a safe margin which would not be exceeded by the engineer's demands for necessary ameliorations.

I take this to be the meaning of the words: 'For any such change the contractor shall not be entitled to any damage or extra.'

The subject, however, is again one of interpretation; and I prefer that you would obtain a ruling from the Justice Department before the discussion proceeds further.

Building nine Bridges instead of Culverts.

This would perhaps come under the first paragraph of the specification (just quoted for culverts), as not entitling the contractor to damage or extra. Section 6 does not mention bridges along with 'ditches and culverts.'

As a question of interpretation, this would make another item for the Department of Justice.

Extra Corduroy: 4,015 feet at \$1.75, or \$7,026.25.

There should be a calculation showing how the length of 4,015 feet was arrived at. The average cost of the 15½ miles of road is 26 cents a lineal foot; and corduroy

was estimated by Mr. Thibaudeau at 57 cents a lineal foot for good work, and at 23 cents a lineal foot as built by Palmer Bros. Why is \$1.75 taken as a price for the extra length?

Section 4 reads: 'On muskeg where corduroy is required, &c.' This might be construed as implying that corduroy was required on all muskeg, which would shut out the claim for extra payment.

Please submit this item also to the Department of Justice.

General Proviso.

It is of course understood that the references to the Justice Department are only for the purpose of strengthening or modifying your presentation of the creditor's claim. Since the Minister of Justice is not the legal adviser of the Audit Office, as he is of the executive departments, I am not justified in accepting his views if I do not agree with them,—although they will certainly carry great weight.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

Over-payment to Jas. W. Woods in 1901-2.

(Discussion continued from page V-393 of 1901-2.)

February 26, 1903.

SIR,—In my letter of the 14th instant, regarding the over-payment to Mr. J. W. Woods, I said that no doubt you had deposited to the credit of the Receiver General the cheque of \$2,059.56, received from Mr. Woods. So far as I can now ascertain, this has not yet been done. Let me point out that the depositing of the cheque would not in any way interfere with the consideration of the claim which Mr. Woods has made.

Your Minister was here on Monday last, and, in speaking about affairs in the Public Works Department, I remarked about not getting information, and mentioned to him that we had had a correspondence on rather an important matter, adding that, if it had not been already submitted to him, I supposed you were probably affected by the notion that it should be dealt with, so far as he was concerned, when the correspondence was finished. I am now referring to the correspondence about the Accountant's Branch, of which I am just preparing a copy to send to the Minister.

In connection with this matter, I shall expect to hear from you before any application is made for a credit.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 10, 1903.

DEAR MR. GOBEL,—Mr. J. W. Woods has been discussing with me a point in connection with the \$5,000 overpaid to him in May last, which he had previously discussed with you. He sold goods in the fall of 1901 to the Government of Canada to the net amount of \$11,000, having allowed certain deductions on the face value of the goods—bunting to celebrate the visit to Canada of His Royal Highness the Prince of Wales. His payments were to have been cash; but the payment to him in October, 1901, instead of being \$11,000, was \$5,000, leaving \$6,000, which was paid in

SESSIONAL PAPER No. 1

May, 1902. At the same time he was overpaid \$5,000. The reason that \$5,000 net was paid was that the similar amount paid in October, 1901, was overlooked in your Accountant's Branch.

Now Mr. Woods argues that he ought not to be called upon to repay the \$5,000, on the ground that he was not paid the \$6,000 in October, 1901, but only in May, 1902; in other words, that he was kept out of this money from October till May.

I do not want to encumber this account with any other accounts which Mr. Woods had against the government. They were settled on their respective merits. I do not understand that Mr. Woods complains of selling his goods at a loss to the Government of Canada, except so far as this account is concerned. I find that \$2,940 of this overpaid money was out from May until the end of December, and that \$2,059 was out from May until February: that is, the \$5,000 was out on an average eight months. \$5,000 for eight months is almost identical with \$6,000 for seven months. So, to my mind, the question is fully and successfully answered by the fact that the money which Mr. Woods owed the government was as long, considering the amount, in his hands as the \$6,000 which the government owed him was held back. Therefore the amount in your hands should be at once credited to the Receiver General, and the account should be considered closed.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

Proposed examination of Accounting System.

(Discussion continued from page V-389-393 of 1901-2.)

AUDIT OFFICE, OTTAWA, April 23, 1903.

SIR,—Your long absence from your department last year, and the great increase in the expenditure of the Public Works Department, had probably much to do with permitting the serious irregularities in the department, to which frequent reference has been made in the correspondence which has lately passed between us.

If you read carefully Section 30 of the Audit Act you will, I am sure, conclude that while the Letter-of-Credit system adds much to the convenience of departments which have numerous payments to make, and at the same time to a greater extent to those who have dealings with the department, the responsibility is clearly thrown on the Audit Office that the credit system does not continue in a department where frequent and considerable irregularities have occurred in the making of payments, until there is good ground for believing that changes in the book-keeping and in the personnel of the staff have been made to prevent the likelihood of the recurrence of the irregularities.

I have been informed that the over-payments arose to a great extent from the neglect of Mr. J. B. St. Laurent to examine closely the personal ledger of your department, and that the ledger is still considerably in arrear. Can there be any successful means of preventing duplicate payment which does not involve the keeping of that ledger closely up to date, and a careful examination of it by those who have the making out of cheques?

Surely you can confide to me not only that your methods, &c., are so changed that the irregularities will not recur, but why they will not recur.

Please show this letter to the Minister of Public Works, and ask him to say when he will have a moment to give to this subject, so as to discuss it with you and me. I shall endeavour to call on him when it may suit him to go into the subject.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 27, 1903.

DEAR MR. GOBEIL,—It has occurred to me, in view of the discussions which have been in progress between you and me regarding the account-keeping of your department, both as to the books and the personnel of the Accountant's Branch, that it would probably be advantageous, in coming to a conclusion, to have an examination of your system made by representatives of this office. I therefore propose to entrust Mr. Gorman and Mr. Hayter with the duty whenever it will be convenient for your work that they should visit the Accountant's Branch during the current week.

You will find, by looking at the 45th section of the Audit Act, that this work has been anticipated. In the press of other business this duty of ours has been rather neglected; but I look forward with some degree of hope to the benefit which will result both to the departments and to this office from making that work more general. It appears probable that a visit to all the departments may take place before the end of the fiscal year.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, April 29, 1903.

SIR,—I was desirous of laying your letter of the 27th April before the Minister, which explains the reason why I did not reply immediately upon its receipt.

I have explained to Hon. Mr. Sutherland that we had always in this department offered the greatest possible assistance to the officers of the Auditor General's branch in connection with all and any examination of our books and vouchers required to carry out the purposes of the Auditor General, and I also assured him—and it appears almost unnecessary for me to assure you—that we will in future, as we have done in the past, do all that is in our power to ensure a complete and satisfactory audit of our accounts.

May I, however, ask you whether there is not a distinction to be drawn between the examination of books and vouchers, as provided by Section 45 of the Audit Act, and an investigation into the methods and the personnel (especially the latter) of the department, the latter being to my mind one of the prerogatives of the executive. It is, if I am not mistaken, in consonance with the exercise of that prerogative that our department was visited some weeks ago by a commission, composed of Messrs. Geo. Burn, J. M. Courtney and E. Kent, commission appointed for the investigation to which I refer.

As I am given to understand, this commission has not yet issued its report.

Again I wish to assure you, although I think it unnecessary, of our entire preparation and willingness to aid your branch of the service in carrying out the duties imposed upon it by the law.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D.M.P.W.

PUBLIC WORKS DEPT., OTTAWA, May 7, 1903.

SIR,—That there has been a misunderstanding as to the meaning of my letter to you, of the 29th April, was made apparent by the visit paid to the department on Monday last by two gentlemen from your office, and by the further fact that, when informed that while they could investigate any special account or any class of accounts under clause 45 of the Audit Act, they would not be permitted to make inquiries into the

SESSIONAL PAPER No. 1

methods of book-keeping in vogue in the department nor in the personnel, they declined to proceed with their work and left to return when a further agreement on the matter would be arrived at.

I am sorry that this has happened, as I had tried to make my letter as clear as possible.

I will, however, now beg to remark that while adhering to the statements of my letter of the 29th ultimo, to the effect that your officers have always been and will always be given the fullest opportunity of inquiring into any particular account or class of accounts, for the purposes of your audit, I am unable nevertheless to agree to any other investigation, which is entirely beyond the scope of your constitutional authority.

The choice and appointment of the personnel of the department is a matter which rests entirely with the executive, and, so far as I can read the Audit Act, one in which you are given no control whatever.

The method of book-keeping appears to me, by section 11 of the Act constituting the Department of Finance, to be also a matter reserved for the action of the executive.

I hope that I make my position in this matter perfectly clear, and that it will not be necessary for me to reiterate the disposition of the department to submit with pleasure to the audit of our accounts, so long as it is carried within the constitutional authority given to you by the Act under which those duties are to be performed by your office.

Should you not agree with me on this point, I submit that the proper authority to decide between our respective contentions, is the Department of Justice, the duties of which, as defined by its constitution, are to see that the administration of public affairs is in accordance with law.

I venture to offer the suggestions in order that you may, if you deem it advisable submit your view of the matter to that department, by the decision of which, I need not say, this department will abide with the greatest respect.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D.M.

AUDIT OFFICE, OTTAWA, May 22, 1903.

SIR,—I beg to acknowledge the receipt of your letter of the 7th instant regarding the purposed visit of employees of this office to your department under section 45 of the Audit Act.

I should have answered earlier but for the intention of your Minister and yourself to discuss the matter with me as soon as your Minister could find leisure to do so, as I understood from your telephonic message.

I am satisfied that a few words of explanation from me will likely remove any doubts from your mind.

I make no contention that, should you offer no objections to my assistants seeing your book-keeping in all its details, or getting every means of determining what each of the accountant's staff does in connection with the books, I would thereby have any ground to claim that my right to amend in any way your book-keeping or to affect the position of any of your staff would be admitted.

I certainly would get possession of information which Parliament evidently thought I should have, and which an auditor into any business should have in his possession.

I shall make use of every reasonable means to discharge this duty which Parliament has assigned to me. If I have the honour to make another report to Parliament, while I shall excuse myself for not having done this very necessary work before, on the ground of pressure of other work, I shall put the responsibility for the future where it should rest.

So far as leaving this question to the Department of Justice, as you suggest, I have not interpreted the Audit Act as justifying me in taking such a course with reference to any of my actions.

If the Department of Justice should give you an opinion that I have no right to inspect fully your books, I shall be much pleased to get a copy of the opinion and shall consider it fully, just as I shall give the most careful attention to anything additional which you may advance on the subject. I shall then get additional advice, if it should seem important, and take such course as my duty seems to mark out for me.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, September 24, 1903.

SIR,—I am anxious to examine (as provided by the Audit Act) the account books of your department. Mr. Kingston makes certain stipulations before allowing my assistants to have access thereto.

I understood the Minister of Public Works and yourself to make no such stipulations. You pointed out that I had no authority to amend your system, or to take steps for its amendment. I did not understand that you objected to myself or my assistants finding out all about the system.

However, what I want to mainly point out now is that it is for you to make all necessary discussions on the subject with Mr. Kingston, or any of your assistants. You will, I trust, not understand that there is any intention on my part to convey any want of respect for Mr. Kingston.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

Dredge 'Nithsdale': No Contract furnished.

AUDIT OFFICE, OTTAWA, May 5, 1903.

SIR,—Please let me have a copy of the contract, or other arrangement, between your department and Mr. J. D. Cameron, of Quebec, for hire of the dredge *Nithsdale*.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, May 9, 1903.

SIR,—I have the honour to acknowledge the receipt of your letter of the 5th instant, asking for a copy of the contract, or other arrangement, between this department and Mr. J. D. Cameron, of Quebec, for hire of the dredge *Nithsdale*.

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, *Secretary*.

AUDIT OFFICE, OTTAWA, January 5, 1904.

SIR,—Let me call your attention to my letter of May 5, 1903, asking for a copy of the contract, or other arrangement, between your department and Mr. J. D. Cameron, of Quebec, for hire of the dredge 'Nithsdale.'

SESSIONAL PAPER No. 1

My letter was acknowledged by the secretary under date of May, 1903, but no further notice has been taken of it.

An early answer would oblige, as our report is now going to press. Unless a reply is received before the report is printed it will so appear.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDUGALL, A.G.

Balance due by J. B. Charleson.

AUDIT OFFICE, OTTAWA, June 1, 1903.

SIR,—Let me call your attention to Mr. J. B. Charleson's account, shown at page V—356 of my report for 1901-2.

It there appears that a balance is due to the government by Mr. Charleson, amounting to \$1,535.79, on transactions up to June 30, 1902.

This fact was notified to the late Minister September 16, 1902, and to the secretary October 24, 1902: copies of both letters now inclosed for your information. Also a copy of Mr. Charleson's letter of November 3, 1902, asking that action be deferred until the return of Mr. Rochester, who kept his accounts.

Since Mr. Rochester left for the Yukon in October, 1902, and is now permanently employed there, we cannot wait any longer for his return.

Please take early steps to have this matter closed. Your letters-of credit should not be used in the meantime to make payments to Mr. Charleson.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDUGALL, A.G.

AUDIT OFFICE, OTTAWA, February 4, 1904.

SIR,—Let me call attention to my letters of September 16, 1902, October 24, 1902, and June 1, 1903, with reference to J. B. Charleson's account for \$1,535.79, balance due to the Government, as shown at page V—356 of my report for 1901-2.

It will be absolutely necessary to have this account settled at an early date.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDUGALL, A.G.

Balance due by J. Y. Rochester.

AUDIT OFFICE, OTTAWA, February 3, 1904.

SIR,—Let me call your attention to the following advances made to J. Y. Rochester in 1902-3, and for which no vouchers have been received:—

Oct. 21, 1902—Cheque No. 37,736, on account disbursements...	\$1,000 00
Nov. 6, 1902—Cheque No. 39,781, to pay men.	900 00
Nov. 11, 1902—Cheque No. 40,083, on account disbursements..	2,000 00
Nov. 20, 1902—Cheque No. 41,012, to pay men	2,500 00
Dec. 12, 1902—Cheque No. 43715, to pay men	3,500 00

\$9,900 00

These advances were all made over a year ago. Please explain why the accounts have not been settled.

I am, sir, your obedient servant,
 The Deputy Minister, Public Works. J. L. McDougall, A.G.

Balance due by J. C. Taché.

AUDIT OFFICE, OTTAWA, April 4, 1903.

SIR,—Let me call your attention to the following statement of sums paid to Engineer J. C. Taché on Yukon account, for which no vouchers have been received at this office. The references are to pages of my report of 1901-2:

V-284: Advance on account of salary	\$1,030 00
V-284: Balance of \$300 advance for travel	13 10
V-284: Advance on account of travel	900 00
V-285: Balance from 1900-1	41 60
	\$1,984 70

Please obtain from Mr. Taché a statement of his expenditure from these funds, and a deposit of the unused balance to credit of the Receiver General.

As Mr. Taché returned from the Yukon in November, 1901, this account should have been closed long ago. An early reply is requested.

I am, sir, your obedient servant,
 The Secretary, Public Works Dept. J. L. McDougall, A.G.

AUDIT OFFICE, OTTAWA, February 3, 1904.

SIR,—Let me call your attention to my letter of April 4, 1903, concerning advances amounting to \$1,984.70 apparently unaccounted for by Mr. J. C. Taché. That letter contained the statement.

Please let me know if Mr. Taché has yet rendered a statement of his expenditure from these funds. Please take notice that it is expected that no further advance will be made to Mr. Taché from your credit until this matter has been closed, and until this office has seen the particulars.

I am, sir, your obedient servant,
 The Deputy Minister, Public Works Dept. J. L. McDougall, A.G.

NOTE.—A deposit of \$839.19 was made on this account under date of September 25, 1903; leaving \$1,145.51 as the sum apparently due by Mr. Taché.

Balance due by Paul E. Mercier.

AUDIT OFFICE, OTTAWA, February 4, 1904.

SIR,—Let me call your attention to Paul E. Mercier's Yukon expenditure, as follows:—

Balance of advances 1901-2, page V-81, not accounted for.	\$403 75
August 31, 1902, cheque No. 822, \$100, voucher No. 822 received \$83, balance not accounted for	17 00
September 30, 1902, cheque No. 845, \$200, voucher No. 845 received \$160.50, balance not accounted for	39 50
November 3, 1902, cheque No. 873, \$500, voucher No. 873 received \$295.60, balance not accounted for	204 40
	\$664 65

SESSIONAL PAPER No. 1

Please ask Mr. Mercier to deposit this amount to the credit of the Receiver General.

Let me know if a refund was made of \$405, as requested in my letter of February 10, 1903. (See Report of 1901-2, page V-387.)

There has been a further payment of \$40.50 for this service between October 14 and 31, 1902, against which the same objections hold.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

Balance due by S. A. D. Bertrand.

AUDIT OFFICE, OTTAWA, February 4, 1904.

SIR,—Let me call your attention to \$441.01, balance of advances unaccounted for by S. A. D. Bertrand, as shown at page V-81 of my report for 1901-2, expenditure in connection with Yukon Trails, Roads, &c.

Please ask Mr. Bertrand to deposit this amount to the credit of the Receiver General without delay.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

Letters not Answered.

AUDIT OFFICE, OTTAWA, March 1, 1904.

SIR.—Let me acknowledge receipt to-day of application No. 397 for a Letter-of-Credit for \$200,000 in favour of yourself and the Accountant.

There are some subjects under protracted discussion which you have not sufficiently advanced: such as the departmental examination of the bank statements, and the cash not accounted for by Messrs. Charleson, Rochester, Bertrand, Mercier and Taché. I do not, therefore, feel at liberty to renew your Letter-of-Credit for the large sum now asked for.

Please reduce the application to (say) \$50,000.

By pressing the consideration for the questions referred to you I hope to have them them cleared up before this credit is exhausted.

The Deputy Minister, Public Works Dept.

Re Wharfs and Piers : Revenue.

AUDIT OFFICE, OTTAWA, April 18, 1903.

SIR,—In your letter of December 6 last you stated that you were having a statement prepared of all wharfs and piers owned by your department, distinguishing those that had been transferred, in order that you might lay the matter before the Minister ; adding that as soon as the matter is disposed of you would hasten to again communicate with me. I have not yet had any communication from you on the subject. I shall be glad to have a copy of the statement you spoke of having prepared.

Judging from the statement recently made in the House by the Hon. Minister of Public Works, when estimates for proposed wharfs and piers were under discussion, he is under the impression that as soon as a wharf is finished, it is transferred to the Department of Marine and Fisheries in order that tolls be collected.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 9, 1903.

SIR.—In connection with a vote for a wharf at Big Harbour (Port Bevis), you are reported as saying in the House that when the work is completed it is transferred to the Department of Marine and Fisheries, which collects the revenue.

I have to inform you that there are quite a number of wharfs which have been completed for some time and are not yet, so far as I have been advised, transferred to the Department of Marine and Fisheries. In this connection, I might refer you to my letters to the Deputy Minister of December 5, 1902, and April 18, 1903.

I am, sir, your obedient servant,

Hon. James Sutherland, Minister Public Works.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 9, 1903.

SIR,—I am sending you herewith a copy of a letter to the Hon. the Minister of Public Works, in reference to the wharfs constructed by your department and not transferred to the Department of Marine and Fisheries.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Oct. 22, 1903.

SIR,—I have the honour to acknowledge the receipt of your letter, dated the 9th instant, transmitting copy of your communication of the same date to the Hon. the Minister of Public Works in reference to the wharfs constructed by this department and not transferred to the Department of Marine and Fisheries.

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, Secy.

Re Telegraph Revenue : Yukon Lines.

AUDIT OFFICE, OTTAWA, March 14, 1903.

SIR,—I am without any reply to my letter of December 31, 1902, in which I gave a memo. showing that \$13,862.53 of the revenue accrued to June 30 last had not been brought to account.

In your letter of May 23, 1902, you stated that in future the returns for each month would be in my hands not later than the beginning of the second month following during the summer, and 15 days or three weeks later during the winter ; and that a deposit would be made daily at the principal points where there is a bank, if the bank authorities will agree to that course.

According to these regulations the returns for November should have reached this office by the end of January; and a considerable portion of the revenue for November should have been deposited during that month and the balance in December.

The November return for the Atlin-Dawson district only reached this office on March 5, and the deposits in acquittance were as follows :—

December 24 at Dawson.....	\$2,892 78
January 14 "	872 39
January 20 "	1,496 29
February 14 at White Horse.....	616 24
February 19 "	28 33
	\$5,906 03

The December return for this district has not yet been received, and the only deposits to hand are as follows :—

December 31 at White Horse.....	\$ 157 15
January 24 at Dawson.....	1,544 42
February 2 at White Horse.....	289 13

Evidently your instructions are not being observed, especially with reference to the daily deposit of the receipts ; and it would seem to call for your immediate attention. I will be glad to learn what action you are taking in the matter.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, March 20, 1903.

SIR,—In reply to your letter of the 14th March, concerning the Yukon telegraph line revenue, I may say that upon receipt of that letter, and desirous of being able to convey to you definite information, I placed myself in communication with the two district superintendents of that line, Mr. Phelan for the southern section, and Mr. Clegg for the northern one.

Mr. Phelan informed me on the 17th instant that the traffic returns and deposit receipts for January had been sent in by him to Vancouver about a month ago.

In his turn, Mr. Clegg telegraphed me on the 18th that complete returns for December and January were mailed by him to Vancouver on the 11th and 12th instant.

I have at once telegraphed to the superintendent at Vancouver to forward those returns immediately, reminding him at the same time of the instructions given for the prompt despatch of those statements. I expect that within about six or seven days the complete returns to 1st February will be in your hands.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEL, D.M., P.W.

SESSIONAL PAPER No. 1

PUBLIC WORKS DEPT., OTTAWA, March 21, 1903.

SIR,—In further reference to my letter of the 20th concerning the forwarding of the traffic returns for the Yukon line, I beg to inform you that I am just in receipt of a telegraphic message from the acting superintendent at Vancouver, in which I am informed that those returns were forwarded to Ottawa by him on the 19th instant, they including the period to the 1st February ultimo.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, *D.M., P.W.*

Re Telegraph Revenue : Yukon Lines : Shortage in Accounts, 1901-2.

AUDIT OFFICE, OTTAWA, Oct. 5, 1903.

SIR,—In your letter of November 7, 1902, in reply to mine of the 5th, you stated that the appropriation having run short, a portion of the revenue was utilized by the superintendents to pay salaries, but the additional vote granted in the supplementary estimates for maintenance was not obtained in time to immediately remedy that state of things, but you intimated that a transfer would shortly be made to cause the discrepancy to disappear entirely.

In my letter of December 31, 1902, a memo. is given showing the shortage to be \$13,862.53.

I referred again to this shortage in my letter of March 14, 1903.

Nevertheless, no transfer has been made, and the shortage still exists.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, *A.G.*

Re Telegraph Revenue : Yukon Lines : Refund to 'Yukon Sun.'

AUDIT OFFICE, OTTAWA, Oct. 5, 1903.

SIR,—To make up the revenues accrued in July, 1902, credit is taken by the superintendent for \$383.56 refunded to Yukon Sun for tolls overpaid on press despatches at Dawson from October 1 to October 10, 1901.

The voucher furnished gives no particulars, and is signed by M. W. Crean under the printed words, 'Certified prices fair and just.'

How much did the tolls that were paid amount to, and for what reason and on whose authority was the refund made ?

In any case, the refund should not have been made out of revenue. The Act expressly states that the gross revenue shall be deposited. If it was considered proper to make the refund it should have been made through your letter-of-credit or by direct application to this office.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, *A.G.*

Re Telegraph Revenue : Yukon Lines : Ashcroft and Telegraph Creek.

AUDIT OFFICE, OTTAWA, Oct. 5, 1903.

SIR,—In the return for August, 1902, the superintendent of the Ashcroft-Telegraph Creek division takes credit for a deposit No. 1116 of \$1,121.65.

In the return for September he takes credit for a deposit No. 1116 of \$555.82.

Deposit receipt No. 1116 is for \$1,587.25, which is \$90.22 less than the sum of the amounts claimed.

Mr. Kceley's attention was called to this discrepancy on March 6 last, but I do not find that it has since come to account.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

Re Telegraph Revenue : Cariboo-Lillooet Line.

AUDIT OFFICE, OTTAWA, Oct. 6, 1903.

SIR,—In my letter of January 2 last I called attention to the Cariboo-Lillooet line. The revenue accrued during six months ended October, 1901, was \$4,352.65, of which only \$3,875.22 came to account, leaving a balance of \$477.43.

In your reply, dated January 5, you stated that the reason why no deposits had been received from that line since the end of 1901, was that it was incorporated into the general Yukon system. You did not say anything about the balance unaccounted for—\$477.43.

I do not find that this balance has since come to account.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

NOTE.—This amount was deposited at Ottawa, October 14, 1903.

Re Telegraph Revenue.

AUDIT OFFICE, OTTAWA, Oct. 6, 1903.

SIR,—The return for May is the last received from the following telegraph lines:—

Alberni and Cape Beale.

Alberni and Clayoquot.

Cape Beale.

Golden and Windermere.

Kamloops and Nicola.

Returns have been received, but no deposits, from the following lines:—

Gaspé local, June.	\$ 9 12
Bay of Fundy, May and June.	29 05
Cape Beale, May.	35 11
Cheticamp, June.	60 98
Meat Cove, June.	43 22

SESSIONAL PAPER No. 1

With the exception of a balance of \$14.80 at Cape Beale, the revenue from these lines was accounted for in the accounts of 1901-2 up to June 30. Why are they behind this year?

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

NOTE.—No reply was received to this letter, but the returns were subsequently forwarded and all the deposits made.

Re Telegraph Revenue : Magdalen Islands.

AUDIT OFFICE, OTTAWA, Oct. 6, 1903.

SIR,—The telegraph revenue of the Magdalen Islands, accrued during the twelve months ended June 30 last, amounted to \$1,011.65.

The deposits that have come to account are as follows :—

February 2, 1903.	\$100 00
March 17, 1903.	140 14
July 16, 1903.	214 96
	\$455 10

The balance still unaccounted for is \$556.55.

I have to inquire what action has been taken to remedy such an unsatisfactory accounting of the revenue, and one so contrary to the treasury regulations.

I am, sir, your obedient servant,

Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

NOTE.—No reply received. The balance of \$556.55 was subsequently deposited.

Re Telegraph Revenue : Anticosti.

AUDIT OFFICE, OTTAWA, Oct. 7, 1903.

SIR,—The statements received show that the telegraph revenue collected at the several offices on Anticosti Island during June, July, August and September amounted to \$664.70, for which no deposits have come to account.

The revenue collected from October, 1902, to April, 1903, amounted to \$650.05, for which a deposit was made on July 16, 1903.

The returns for May last amounted to \$145.54, for which no deposit appears.

Is there any reason why the revenue of Anticosti cannot be brought to account more promptly? In the meantime, I have to ask why the revenue accrued during the four months ended September 30, 1902, has not yet been accounted for.

Your early attention is requested.

I am, sir, your obedient servant,

Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

NOTE.—No reply received. Deposits were subsequently made for all revenue to June 30.

Re Telegraph Revenue : East Bersimis.

AUDIT OFFICE, OTTAWA, Oct. 7, 1903.

SIR,—The last returns to hand from the following offices east of Bersimis are as follows :—Aguanus, May; Belle Isle, April; Bonne Esperance, May; English Point, May; Harrington, April; Mutton Bay, May; Pigou, May; Piastre Bay, April; Point à Marier, May; St. Augustine, May; Wolf Bay, May.

The balance of the revenue entered in the accounts of 1901-2, unaccounted for, was \$119.22; the revenue accrued for which statements have been furnished amounted to \$3,321.43; the amount of deposits brought to account amounted to \$2,879.19; the balance still unaccounted for, \$561.46.

The larger balances to make up this amount are due by the following offices: Bonne Esperance, \$60.01; Pentecost, \$22.55; Piastre Bay, \$37.03; Romaine, \$31.40; Seven Islands, \$60.02; St. Augustine, \$79.06; Esquimalt Point, \$19.48; Long Point, \$19.83.

I was under the impression that the greater number, if not the whole, of these offices on the north shore of the St. Lawrence, used the revenue to pay salaries and expenses of the offices. Has the expenditure in connection with these offices to June 30 been charged up to the accounts of 1902-3? If it has, how is this large shortage in the revenue accounted for? If it has not please explain why. The present condition of the revenue accounts from these offices is far from satisfactory.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

NOTE.—No reply received. The following amounts have since been deposited:—Pentecost, \$22.55; Romaine, \$31.40; Seven Islands, \$60.02; St. Augustine, \$53.99; Esquimalt Point, \$19.48; and Long Point, \$19.83.

SESSIONAL PAPER No. 1

Railways and Canals: Contracts will be Advertised.

AUDIT OFFICE, OTTAWA, Feb. 19, 1903.

SIR,—Let me acknowledge receipt of your application, No. 364, for \$237.37 in favour of Joseph Coté, being estimate No. 1 on his contract for constructing stone walls around head of Ste. Thérèse island on the Chambly Canal.

Your 127356 of January 29 mentions that tenders for this work were invited by circular letter.

In all cases where this method of invitation was chosen, please give me lists of the persons to whom circulars were sent.

I assume that (under the interpretation of section 13 of the Public Works Act recently given to you by the Justice Department), unrestricted competition will be invited by public advertisement, for all such future contracts, except under circumstances of certified urgency.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Feb. 21, 1903.

SIR,—I have the honour to acknowledge the receipt of your communication of the 19th instant, relative to the application made to you for the issue of a cheque in favour of Mr. Joseph Coté for the sum of \$237.37, being in payment of estimate No. 1 in respect of work, &c., executed under his contract for the construction of stone walls around the head of Ste. Thérèse island, Chambly Canal, whereby you ask for a list of the persons to whom circulars calling for tenders for the work were sent.

In reply, I have to say that such circulars were sent to the undermentioned parties, viz.:—1. Mr. J. E. Mailloux; 2. Mr. Joseph Coté; 3. Mr. J. E. Hebert; 4. Mr. N. Trahan; 5. Mr. J. Audette.

With regard to your further request for information as to whether, under the interpretation of section 13 of the Public Works Act recently given to the department by the Department of Justice, unrestricted competition will be invited by public advertisement for all such future contracts, except under cases of certified urgency, I have to state that it is the intention of this department that, in the future, except in cases where circulars will cover the trade, tenders for the execution of works under its control will be invited either by public advertisements in the press or by poster advertisements.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M., R. & C.

Intercolonial Railway: Persons invited to Tender.

AUDIT OFFICE, OTTAWA, June 11, 1903.

SIR,—Some time ago, as I understood from you, all persons who were in trade in such a place as made it possible for them to supply the articles of their trade to you and desired to have their names put on your lists, had their requests granted; and further that, when any considerable quantity of anything in which they dealt was required for the Intercolonial they were notified; and that of the tenders received the one which gave the best value to the government was invariably accepted. Does the same rule

still hold good with you? If it does not, will you be good enough to describe the modifications.

I am, sir, your obedient servant,

The General Manager Govt. Rys.,
Moncton, N.B.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Jan. 5, 1904.

SIR,—Please let me have an answer (at an early date) to my letter of June 11, 1903, which asked for information as to your manner of making up lists of persons to whom circulars are sent, inviting them to tender for supplies to be purchased by the Government Railways.

I am, sir, your obedient servant,

The General Manager Govt. Rys.,
Moncton, N.B.

Intercolonial Railway: Printing Time-Folders.

AUDIT OFFICE, OTTAWA, March 12, 1903.

SIR,—Let me acknowledge receipt of an account taxed by you at \$212.77, for printing done in December by the St. John *Telegraph* for the Interecolonial Railway.

I notice an item of 'Time-folders, 8,050 at \$25.50, total \$205.27.' This is certified by you as 'Charges fair and just, according to contract.'

Please let me have an explanation of your reasons for attaching the phrase 'According to contract.' Why is your usual certificate inapplicable: 'Prices same as would be charged at Printing Bureau'?

I am, sir, your obedient servant,

The King's Printer.

J. L. McDOUGALL, A.G.

PRINTING AND STATIONERY DEPT., March 13, 1903.

SIR,—I return the Railway account inclosed in your letter of the 12th. The reason of varying the certificate is to state the facts. The folder in question is done under a contract with the *Telegraph* Publishing Company, which was submitted to me, and the price was settled upon as fair and just, which it is. Before that price can be changed notice should be given to the *Telegraph* for a reasonable time. The company laid in a large stock of type for this special job, and they had also a quantity of paper specially made, which it would be unjust to leave upon their hands, as it is not suitable, either in size or quality, for anything else.

I am, sir, your obedient servant,

The Auditor General.

S. E. DAWSON, K.P. & C.S.

AUDIT OFFICE, OTTAWA, June 1, 1903.

SIR,—Inclosed please find a copy of a letter dated April 29 from the Department of Railways and Canals, stating that the allowance of \$25.50 a thousand to the St. John *Telegraph* for printing time-folders is made under an authority to do the printing at a figure to be fixed by the King's Printer.

The only price recognized by 56 Vic., cap. 15, is 'a cost not exceeding that which would be be charged for such printing' at the Government Printing Bureau. And the Justice Department agreed with this office in interpreting this to mean that the King's Printer should so certify. See Mr. Newcombe's letter of Jan. 19, 1903, shown at page W-382 of my report for 1901-2.

The modified certificate now proposed by you to meet the special circumstances of the case, namely, 'Charges fair and just, according to contract,' without reference to the cost at the Printing Bureau, would render inoperative this salutary provision of the Act, and I am, therefore, unable to accept it as satisfying the statute.

The accounts for time-folders as listed beneath are returned for your taxation and certificate as described in 56 Vic., cap. 15:—

	Folders.	Items paid.	Total.
August, 1902	\$775 19	\$150 00	\$925 19
September, 1902	127 50	74 00	201 50
November, 1902	591 52	591 52
December, 1902	205 27	7 50	212 77
January, 1903.	25 50	25 50
February, 1903	510 00	510 00
March, 1903	303 45	303 45

The action described above should have been taken by this office immediately upon receipt of the Railway Department's letter of April 29, 1903, which stated that the contract was 'merely an authority to do the printing at a figure to be fixed by the King's Printer'; but it was not then noticed that that letter shut out the transaction so completely from those allowed by 56 Vic., cap. 15, and a copy of the full instrument was asked for, in the hope of removing all obstacles. It is now seen that the latter document could not be legal, whatever its contents.

I am, sir, your obedient servant,

The King's Printer.

J. L. McDOUGALL, A.G.

PRINTING AND STATIONERY DEPT., OTTAWA, June 3, 1903.

SIR,—I have received your letter of June 1, containing accounts held back from August last to the present time. They are due to the *Telegraph* Publishing Company, of St. John, for work fairly and honestly done, and fairly and honestly charged for. Such work as this never has been done at the Bureau. From its very nature it is not possible to do it there. The time-tables must be kept standing, and corrected and put out at a few hours' notice; and if the work had to be sent to Ottawa to be done it would be impossible to make changes in the running tables to meet the exigencies of current business. The trains would be disorganized, and there would be heavy loss. I shall hold the accounts, and have written to the *Telegraph* office that they had better obtain advances upon them from some bank in the interim, until a remedy can be obtained from Parliament against such obstruction of public business.

Without entering upon a further discussion of the matter, I beg to protest most earnestly against such a strained interpretation of the public statutes, and against what seems to me a profound misconception of the object of the powers granted to you

SESSIONAL PAPER No. 1

under the Audit Act. Interpretations so narrow as these are fortunately very uncommon, for they would render all government impossible. They would tie up the hands of every officer from carrying on the business of the government, and would lead to loss and detriment to the public service. The audit of printing accounts is by statute assigned to this department, and you are assuming functions not covered by your commission.

I am, sir, your obedient servant,

The Auditor General.

Intercolonial Railway: Printing Generally.

MONCTON, N.B., July 20, 1903.

SIR,—Herewith I inclose you the following vouchers, in duplicate, for printing, received back from the King's Printer:—

695. Perrault Printing Co.	\$247 34
696. Geo. A. Knodell.	278 41
475. <i>Telegraph</i> Publishing Co., St. John	303 45
476. do do do	510 00
128. do do do	591 52
299. do do do	25 50
697. J. & A. McMillan, St. John	113 00

He has put upon them a certificate in accordance, I understand, with the new Act which was passed recently. He certifies them: 'Customary and fair commercial rates.'

Please let me know whether you wish to continue the certifying of the printing accounts for payment, if you wish them sent to you for that purpose now that they are being certified in this manner by the King's Printer.

I am, sir, your obedient servant,

The Auditor General, Ottawa.

D. POTTINGER, *Gen. Mgr.*

AUDIT OFFICE, OTTAWA, July 27, 1903.

SIR,—Inclosed please find, for completion, the following Intercolonial Railway accounts for printing:—

St. John *Telegraph*: \$591.52, \$25.50, \$510.00, \$303.45.

Montreal, Perrault & Co.: \$247.34.

St. John, G. A. Knodell: \$278.41.

St. John, J. & A. McMillan: \$113.

Halifax, Blackadar Bros.: \$81.57.

The new Act (assented to July 10, 1903) allows 'Customary and fair commercial rates' for stationery and printing which 'may be more conveniently procured elsewhere than at the Government Printing Bureau.'

It would appear necessary, therefore, that this latter fact be certified explicitly on each voucher, by yourself or some other officer responsible for giving out the printing.

I am, sir, your obedient servant,

OTTAWA, August 5, 1903.

DEAR SIR,—I have your letter dated July 27, with reference to the certifying of the printing and stationery accounts, that the articles could be more conveniently procured elsewhere than at the Government Printing Bureau.

Will you please give me the form that you think would be most convenient for this certificate.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *Gen. Mgr.*

AUDIT OFFICE, OTTAWA, August 7, 1903.

SIR,—Let me acknowledge receipt of your letter of August 5, concerning the certificate to be placed on accounts for printing for the Intercolonial Railway.

The closest possible approach to the language of the new Act would satisfy me, say: 'More conveniently procured thus than at the Government Printing Bureau.'

I am, sir, your obedient servant,

D. POTTINGER, Esq., Gen. Mgr. Govt. Rys.

P.E.I. Railway : Stamped Certificate Used.

AUDIT OFFICE, OTTAWA, Nov. 30, 1903.

SIR,—Inclosed please find, not yet approved, three vouchers for Prince Edward Island Railway printing, as follows:—

John Coombs	\$72 86
Haszard & Moore	72 75
Barnes & Co.	8 60

The certificate 'More conveniently procured thus than at the Government Printing Bureau,' is signed by a stamped signature of Supt. G. A. Sharp, instead of a written one.

There is no evidence that Mr. Sharp himself is cognizant of the transaction.

Please explain to Mr. Sharp that all certificates should carry the written signature of the certifying officer.

Soulanges Canal: Contract Requirements Waived.

Order-in-Council, August 28, 1903.

Railways and Canals:—

On a memorandum dated August 26, 1903, from the Acting Minister of Railways and Canals, representing that the Chief Engineer of the Department of Railways and Canals has advised, with regard to 'extra work' executed on various sections of the

SESSIONAL PAPER No. 1

Soulanges Canal, to the effect that he is unable to find from the books of the late Superintending Engineer, Mr. Monro, that orders for such work were given 'in writing,' as called for by the several contracts, or that claims made by the contractor in respect of work have been presented and *repeated in writing every month*, as is called for by their contracts. He, however, states that the work has been executed, and that he has no doubt that orders were given for it.

The Minister further represents that the absence of evidence of such orders and repeated claims is adduced by the Auditor General as an obstacle to his approval of estimates certified to by the Chief Engineer.

The Minister recommends, under the circumstances, and in order to facilitate settlement of just claims, that any technical hindrance that might arise as to fair and proper settlement through the neglect or absence of these two requirements, be removed by the waiver of the said requirements expressed in Clauses Nos. 5, 26 and 27 of the contracts which have been entered into for the construction or completion of the Soulanges Canal, in all cases where the certificate of the Chief Engineer of the Department of Railways and Canals has been or is hereafter affixed to an estimate given in by him under such contracts.

The Committee submit the same for approval.

Welland Canal: Extension of Contract for Gas-lighting.

RAILWAYS AND CANALS DEPT., OTTAWA, April 2, 1903.

SIR,—I have to acknowledge the receipt of your communication of the 31st ultimo, with further reference to the offer made to you by the President of the St. Catharines and Welland Canal Gas Light Company, to light the canal during the forthcoming season of navigation on the same terms as those of their old contract, dated July 7, 1882.

In reply, I am directed to inform you that the president of the said company has been written to, to the effect that his offer is accepted for the season of, say, eight months, subject to termination at any time during that period, on notification; the gas to be paid for *pro rata* at the contract price up to the date of notification to discontinue the supply, namely, at the rate of \$1,250 a month.

I am, sir, your obedient servant,

J. L. WELLER, Esq., Suptg. Engr., Welland Canal,
St. Catharines.

Midland Railway of Nova Scotia: Different Calculations of Total Value.

AUDIT OFFICE, OTTAWA, March 21, 1903.

SIR,—Let me acknowledge receipt of three applications for payment of railway subsidy to the Midland Railway of Nova Scotia, as follows:—

410: On account	\$ 5,000
411: On account	50,000
412: Balance on 57'37 m.	140,154
	—————
	\$195,154

The calculation is as follows:—

Windsor to Truro: 57'37 m. at \$6,400	\$367,168	
Work remaining to be done	\$ 1,750

Add drawback	<u>116,769 16</u>	1,250,665 92
Value calculated by Engineer Johnson		\$1,193,127 72

Error in extending 57'37 miles at \$6,400.

Mr. Shannon points out that the first calculation of 57'37 times \$6,400 was erroneously made \$1,127,718, instead of \$1,227,718, or a difference of \$100,000. This was not noticed when the Order in Council of August 1, 1902, was passed; and it was supposed that both Mr. Johnson's valuation of \$1,193,127.72 and Mr. Shannon's calculation of \$1,113,896.76 were in excess of \$1,127,718, the minimum limit required.

The rectification of the \$100,000 error, however, makes Mr. Johnson's valuation lower than the corrected minimum. Mr. Shannon left out the drawback, and mentioned it in a foot-note; it may fairly be included, and would bring his total up to \$1,250,-665.92 (based on the company's books), or slightly over the minimum limit.

Notes on Mr. Shannon's Items.

The progress estimate presented with the accounts is for work to Oct. 1, 1901. Perhaps the company has by this time a final estimate, which will eliminate three ad-

SESSIONAL PAPER No. 1

justing items: the overpayment of \$4,170.70, the \$13,680.27 deducted for deficient work, and the \$9,196.27 discrepancy between the Accountant's figures and those of the company.

The \$3,500 for legal expenses will need to be detailed, to show that it includes no expenses for obtaining charters or legislation.

For \$24,654.88 right of way, there should be a statement of the items, and proof that nothing is included for right of way in incorporated towns.

Sundry vouchers, \$16,992.75. This should be sufficiently expanded to show that it contains no charges for equipment.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 23, 1903.

SIR,—In further discussion of the subsidy to the Midland Railway of Nova Scotia:

The correction of the \$100,000 error in the calculation of 57'37 miles at \$6,400 should be attached to the documents officially, with a statement of whatever effect it has on your own action.

For my part, I do not see how I can recognize a payment in excess of Engineer Johnson's report. The correction of \$1,127,718 to \$1,227,718 makes the following difference in subsidy earned, according to the Engineer's calculation:—

57'37 miles at \$21,400	\$1,227,718 00
Engineer's valuation of 57'37 miles	1,193,127 72
Net shortage in value	34,590 28
Half of net shortage in value	17,295 14

which sum would need to be deducted by Mr. Johnson from his final certificate.

The reports are all returned herewith for amendment by foot-note or otherwise.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, March 26, 1903.

Re Midland Railway Subsidy.

SIR,—I have to acknowledge the receipt of your two communications of the 21st and 23rd instant, in the above matter, as to which you request further information than is afforded by the reports of the Inspecting Engineer and the Accountant of the department sent you, and which you return for that purpose.

I inclose a copy of a further memorandum from the Accountant, Mr. Shannon, dated the 24th instant, accordingly.

I would observe as follows:—

Mr. Shannon, in reporting the cost of the road, included only the actual payments made by the company, duly established by vouchers shown him, and, in his opinion, admissible—

The total being	\$1,133,896 76
To which (as you also note) there should be added the amount of the 10 p.c. drawback due the contractor, unpaid	105,112 53
	<hr/>
Making a total	\$1,239,009 29
	<hr/>

a sum sufficient to draw the \$6,400 per mile subsidy.

The Inspecting Engineer, Mr. Johnson, in reporting his estimate of cost at	\$1,193,127 72
left in blank the cost of the right of way, not being in a position to estimate it. This amount, as found by the Accountant to have been paid, is	24,654 88
	<hr/>
	\$1,217,782 60

The difference between the two totals is inconsiderable.

Turning to certain specific points raised by you, it is explained by the Accountant in his present memorandum that the item of \$3,500 for legal expenses is comprised in two cheques in favour of Drysdale & McInnis, and were for professional services. He observes that he always disallows expenses for obtaining charters, or for legislation, and that the accounts in question did not, to the best of his recollection, at the time of his inspection in May last, include any such expenses.

With regard to the item of \$24,654.88 for right of way, nothing is included for right of way in incorporated towns, there being no incorporated towns on the route, and the terminals were not taken into consideration as the Intercolonial Railway lands and facilities are used at both ends of the road.

The Accountant's memoranda merely show the amounts paid in this connection.

With regard to the question you raise as to the possible inclusion of equipment in the item 'sundry vouchers,' the Accountant observes that this item is made up of a large number of accounts, every one of which he examined, and that he is prepared to state that no charge for equipment is included in this item.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M. R. & C.

RAILWAYS AND CANALS DEPT., OTTAWA, March 24, 1903.

Re MIDLAND RAILWAY SUBSIDY—MEMORANDUM FOR DEPUTY MINISTER.

The estimate purporting to be a final, rendered in favour of the contractor, was attached to my statement merely to show how the drawback was arrived at, and it would therefore appear to be unimportant, as in my statement of cost the payments made to the contractor are only considered.

The Auditor desires an explanation of the discrepancy between the company's figures of cash payments to the contractor of \$924,846.54 and mine of \$915,650.37.

SESSIONAL PAPER No. 1

I have nothing to do with any payment other than those produced for my inspection; all that was shown me aggregate the sum I have placed in my statement.

The details of legal expenses asked for, consist of two cheques in favour of Drysdale & McInnes, for \$2,500 and \$1,000 respectively. These accounts were for professional services and to the best of my recollection, dealing with an inspection made last May, do not include any expenses for obtaining charters or legislation. I have always disallowed such charges.

If the details of right of way, \$24,654.88, are to be provided for the Auditor, they will have to be obtained again from the company. My memoranda only shows amounts. There are no incorporated towns between Windsor and Truro, and terminals are not taken into consideration in my amount of right of way.

Item for sundry vouchers, \$16,992.75, is made up of a large number of accounts aggregating the above total. As I examined every account, I am prepared to state that no charge for equipment is included.

LEONARD SHANNON, *Accountant.*

AUDIT OFFICE, OTTAWA, March 30, 1903.

SIR,—The only difficulty now left in the subsidy account of the Midland Railway of Nova Scotia is the fact that Engineer Johnson's estimate, when supplemented with the cost of right of way, is \$9,935.40 short of the cost required to earn the full subsidy (\$1,227,718 — \$1,217,782.60).

Please replace application No. 412 for \$140,154 by two others, for \$4,967.70 and \$135,186.30 respectively. This will enable further discussion on the difference, while releasing the greater part of the subsidy.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, May 19, 1903.

SIR,—I regret that your communication of March 30 last, with further reference to the Midland Railway subsidy, should have been overlooked, and I hasten to reply to it.

I gather that you are basing your objection to pass in full the three applications of the department, sent to you on the 18th of that month, for payment, aggregating \$195,154, on the fact that the *estimate* of cost, made by the Inspecting Engineer, is somewhat less than the amount found by the Accountant of the department, on personal examination, and after his elimination of all expenditures not regarded as properly chargeable, to have been *actually paid out* by the company.

In compliance with the request contained in your letter, one of the three applications in question was amended by dividing it into two, one for \$135,186.30, which you passed and the cheque for it was issued, and the other for the difference, \$4,967.70, which you are still holding for, as you say, 'further discussion.'

I must confess myself unable to follow the course of your reasoning in the matter: the actual legitimate cost has been ascertained, the amount being, in my opinion, a reasonable one, and this you ignore in favour of one which is conjectural.

I do not see how I can, on such a basis, assist you in forming a conclusion as to the action you will take. I may, however, observe that the company have again written, urging attention to the matter, and it would perhaps be only fair to them that it should be settled one way or another.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M., R. & C.*

AUDIT OFFICE, OTTAWA, May 27, 1903.

SIR,—In reply to your letter of the 19th instant, regarding the Midland Railway subsidy, I beg to state that I have anything but confidence in the accounts for subsidies sent in by the railway companies. I have more than once referred to this subject in the annual reports of this office. It seems to me that reliance can be placed much more safely on the estimated cost made by the Inspecting Engineer.

It does appear to me that before payment of all the subsidy, the Inspecting Engineer should be shown the accounts as furnished by the company, after having been audited by your Accountant, and should be requested to give his report on them and to indicate how his estimate of cost has been modified by the statement of the company.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, May 29, 1903.

SIR,—I have the honour to acknowledge the receipt of your communication of the 27th instant, whereby, in connection with the subsidy granted to the Midland Railway Company, you state that you have anything but confidence in the accounts for subsidies sent in by railway companies, and that it appears to you that before payment of the whole of the subsidy granted to a company the Inspecting Engineer should be shown the accounts as furnished by such company, after having been audited by the Accountant of the department, and should be requested to give his report on them, and to indicate how his estimate of cost has been modified by the statement of the company.

In reply, I have to say that while the estimate of the Inspecting Engineer will, it is thought, be very close to the cost of the road, yet it is not, and does not pretend to be, the actual cost, whereas the books of a company, together with their vouchers, show, presumably, the actual cost of constructing the railway.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M., R. & C.

AUDIT OFFICE, OTTAWA, June 5, 1903.

SIR,—I have your letter of the 29th ultimo, with regard to the subsidy granted to the Midland Railway Company.

I cannot see my way to passing the balance without a comparison made by the Inspecting Engineer of the cost as shown by the accounts of the company and the Inspecting Engineer's estimate of value, accounting approximately for the difference.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, June 11, 1903.

SIR,—I have the honour to acknowledge the receipt of your communication of the 9th instant, with further reference to the subsidy granted to the Midland Railway Company, whereby you state that you cannot see your way to passing the application for payment of the balance of the subsidy due to the company without a comparison made by the Inspecting Engineer of the cost as shown by the accounts of the

SESSIONAL PAPER No. 1

company, and his own estimate of value; accounting approximately for the difference.

In reply, I inclose herewith a copy of a report made by the said Inspecting Engineer to the Chief Engineer of the department under date the 9th instant, which will, it is hoped, give you the information you desire.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M., R. & C.

RAILWAYS AND CANALS DEPT., OTTAWA, June 9, 1903.

SIR,—Referring to the Auditor General's letter of the 5th instant, *re* Midland Railway subsidy, I have to say that in preparing my estimate of the total cost of the road, I adopted prices for the different works which, in my opinion, represented their reasonable cost.

In comparing my estimate with the company's final estimate, which forms part of Mr. Shannon's statement, I find the following as the principal differences:—

1. First-class masonry for a portion of this work: the company appears to have paid \$19.50 per yard; my estimate shows \$11 per yard throughout.

1. Hard pine timber: Company's estimate, \$40 per M.; my estimate, \$35.

3. Concrete: Company's price for the greater part of this is \$11 per yard; mine is \$8.

4. Company's price for extra hard, 1½c. per yard; my estimate, 1c. per yard.

The reduced amounts in these items are as follows, viz.:—

1. First-class masonry	\$ 370 00
2. Hard pine timber.	726 00
3. Concrete	2,611 00
4. Extra hard.	598 00
Total	\$4,305 00

In addition to the foregoing, there appears in the company's estimate the sum of \$19,443.17 for 'wages with 10 per cent added.' This is not included in my estimate, though I presume it is a fair charge.

Wages, with 10 per cent added	\$19,443 17
Other items	4,305 00
	\$23,748 17

I am, sir, your obedient servant,

The Chief Engineer, Railways and Canals.

E. V. JOHNSON.

AUDIT OFFICE, OTTAWA, Oct. 14, 1903.

SIR,—In further discussion of the subsidy to the Midland Railway of Nova Scotia, and Mr. Johnson's report of June 9, 1903 (No. 99785):

Mr. Johnson ends his report with the following paragraph:—'In addition to the foregoing, there appears in the company's estimate the sum of \$19,443.17 for wages, with 10 per cent added. This is not included in my estimate, though I presume it is a fair charge.'

If Mr. Johnson has included all the materials at a valuation, how could there be a separate item for wages? Please ask him to explain.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

SESSIONAL PAPER No. 1

Re Dartmouth Station.

AUDIT OFFICE, OTTAWA, April 14, 1903.

SIR,—It has been stated in the papers that the agent at Dartmouth was short in his accounts some \$5,000. Please let me have particulars.

According to his returns, including February, he seems to have deposited regularly enough, but possibly he may not have been depositing as much as he should. Have you any means, other than the audit by the travelling auditor, of determining that an agent is not withholding some receipts.

To what amount was this agent under bond of a guarantee company?

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, A.G.

MONCTON, N.B., April 16, 1903.

DEAR SIR,—I have your letter dated April 14, with reference to the accounts of Dartmouth Station. The matter is before the courts in Halifax at present. Our travelling auditors have gone over the accounts, but we have not yet had advice as to the exact amount of shortage. It is said to be the amount you name, \$5,000. We have no details here in regard to how the agent did this, but it is presumed that it was in connection with earloads of through freight, some of which are several days in transit, and at the end of the month there are always ears of freight which, while they are charged to the station, have not yet arrived and do not arrive until some time in the following month. As soon as I get definite particulars I will let you know.

William Stevens, the agent at Dartmouth, is guaranteed in one of the guarantee companies for \$1,000; this is the total guarantee.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER.

Re Open Freight Accounts.

AUDIT OFFICE, OTTAWA, April 22, 1903.

SIR,—I have to ask for a statement of the open freight accounts current on April 1, showing the balance due on each at the beginning of March, and the debits and credits during the month.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, A.G.

MONCTON, N.B., May 28, 1903.

DEAR SIR,—Your D—85749 of the 26th ult. Attached please find statement of open accounts transferred to general ledger from stations at March 31, showing how same were disposed of.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

Re St. Hyacinthe Freight.

AUDIT OFFICE, OTTAWA, April 22, 1903.

SIR,—Please explain the item of freight in store at St. Hyacinthe, covered by the following entry :—

‘To charges on 136 cars coal, pulpwood, shingles, lumber,
&c., for transfer to Quebec Southern Ry., and held at
Junction \$5,040 20’

How long have these cars been detained? Have the charges yet been paid? If the matter has not been satisfactorily arranged, I would inquire what action you are taking in reference thereto.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, A.G.

MONCTON, N.B., May 13, 1903.

DEAR SIR,—Your D—85750 of the 25th ult., with respect to cars of freight held at St. Hyacinthe for transfer to Quebec Southern Railway. Attached please find statement of the cars thus held, with freight charges aggregating \$5,040.20. The return shows the date on which the cars were transferred to the Quebec Southern Railway on their paying the freight charges on same.

Re Lévis Freight.

AUDIT OFFICE, OTTAWA, April 22, 1903.

SIR,—The February return of the freight agent at Lévis shows the following goods in store :—

Billed in—	\$	cts.
1900	0	10
1901	11	67
February, 1902	45	40
April, 1902	18	00
May, 1902	7	53
June, 1902	2	72
July, 1902	7	06
September, 1902	18	58
October, 1902	456	10

The larger portion of the last item is for freight on flour. It seems to call for explanation that the charges on flour remain unpaid over four months. Was the flour actually in store all that time?

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

MONCTON, N.B., May 9, 1903.

DEAR SIR,—Your D—85775, *re* Lévis freight station outstandings. The following are the items remaining unadjusted at the present time:—

October, 1901—E. Belleau	\$ 2 46
April, 1901—Carrier, Lainé & Co.	18 00
September, 1901—A. Collier	4 30
do N. Hébert	2 68
do A. Burgle	1 25
do Lévis Railway Company	4 67
do do do	3 42
do do do	0 85

These are all under correspondence by the freight claim agent with our connections, and effort is being made to have them closed out. Those not disposed of at once will be called into suspense, and eventually cleared.

With respect to the \$456.10: This is a case of double-billing of cars flour, and the matter has been under correspondence by the freight claim agent to verify, and overcharge vouchers will shortly be issued to clear the station.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

Re St. John City Ticket.

AUDIT OFFICE, OTTAWA, April 22, 1903.

SIR,—Under the heading of 'Outstanding' the following items appear on the February return of the St. John City ticket agent:—

T. Pugsley—\$85.41 election tickets, large refund due Mr. Pugsley.

January—Office expenses, \$29.04—Voucher sent in.

January—Discount, 82c.—Voucher sent in.

February—Office expenses, \$29.74—Voucher sent in.

February—Discount, 91c.—Voucher sent in.

C. A. Lowe—2nd class ticket to Sydney, \$6.

Lapine—Immigrant ticket, \$5.50, issued on authority of A.G.P.A.

The payment of expenses out of receipts is objectionable, as stated in my letter *re* Montreal city ticket office. Explanations are needed for the other items.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, *A.G.*

MONCTON, N.B., May 1, 1903.

DEAR SIR,—Your D—85777 of the 28th ult.; with respect to outstandings at St. John city ticket office, month of February. The vouchers for office expenses and discount on U. S. currency have been paid the agent, and cleared from his balance; as also the amount shown to be owing by T. Pugsley, which was held over pending the General Passenger Agent's instructions with respect to refund for tickets not used. The \$6 for second-class ticket issued to Sydney on authority of the station-master of that place, has also been paid. The matter of the immigrant ticket, \$5.50, issued on

authority of Assistant General Passenger Agent Lambkin, is under correspondence with the General Passenger Agent, and will be disposed of shortly.

With respect to the use of the receipts of the office to pay sundry expenses of cleaning, cartage of advertising matter, &c., this has been the practice right along, and the only way in which it could be obviated is to advance the ticket agents of the city offices sufficient funds to cover about six weeks' expenses, as that amount would be needed before the vouchers could be properly certified and paid.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

T. WILLIAMS, *Chf. Acct. & Treas.*

Re North Sydney Station.

AUDIT OFFICE, OTTAWA, April 25, 1903.

SIR,—In the statement of differences with the North Sydney station for February there are the following debits, which please explain:—

March 6, 1902—U. S. yards charged by C. P. R.	\$150 00
March 6, 1902—U. S. yards charged by C. P. R.	150 00

The agent takes credit for a debit against the Reid-Nfld. Co. of \$16,229.19. Please let me have a statement of this company's account, commencing with the balance on February 1, and giving the debits and credits since.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, *A.G.*

MONCTON, N.B., May 13, 1903.

DEAR SIR,—Your D—85829 of the 29th ult., *re* North Sydney station outstandings:

March 6, 1902—From U.S. stock yards, per C.P.R.	\$150 00
March 6, 1902—From U.S. stock yards, per C.P.R.	150 00 ●

The U.S. yards' waybills should have read 'prepaid,' but were closed 'to collect' in error by the C.P.R. in February, 1903, and in checking North Sydney station's waybills it was found that the C.P.R. had not correctly treated these waybills, and it was only after considerable correspondence that the matter was cleared and the I.C.R. allowed its proportions, and the station cleared.

With respect to the Reid-Newfoundland account for month of February, 1903, the items stand thus :

Period ending February 10—	
Due I. C. R.	\$8,294 29
Due R.-N. Railway	349 20
	\$7,945 09
For which draft was made on February 17.

Re North Sydney Town.

AUDIT OFFICE, OTTAWA, April 27, 1903.

SIR,—The return of ticket agent at North Sydney town for January shows a balance of cash in hand of \$71.45, which was remitted on February 7. The sales during February amounted to \$561.04, and the only remittance made was one of \$300 on the 27th. The balance on hand at the close of the month was not remitted till the 9th. This agent should be required to remit more promptly.

According to the statement of differences prepared at the head office, Moncton, he failed to report a ticket to Boston in January, \$23.70, and two tickets in February amounting to \$89.55. What explanation has been given for these omissions?

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, *A.G.*

MONCTON, N.B., May 4, 1903.

DEAR SIR,—Your D—S5891 of the 30th ult., *re* North Sydney town ticket agent's outstandings. The \$23.70 was for an all-rail ticket issued to Boston in January and not reported, and the agent was debited with the value of same at the close of that month's work.

The amount of \$89.55 was for prepaid tickets from Portland, Ore., and East Dedham—\$77.50 and \$12.05 respectively. These tickets were ordered by Mr. Christie through the General Passenger Agent, and he should have collected the money before the tickets were asked for. He failed to do this in the case of the Oregon ticket, and had to account to the railway for same and take his chance of collecting the amount from the party; and this was only accomplished after considerable correspondence between Mr. Christie, the General Passenger Agent and the Traffic Auditor.

With respect to the delay in remitting on the part of this agent, I have had the subject-up with him several times; and also written the General Passenger Agent on the

subject, and recommended that some other person be put in charge of that agency. Mr. Christie is so favourably situated at North Sydney as regards the opportunity of selling tickets, that the General Passenger Agent is not desirous of making a change, and I think that Mr. Christie will in future remit more promptly than in the past. If he does not, the matter will again be taken up with a view to a change of agents.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

Re Pictou Freight.

AUDIT OFFICE, OTTAWA, April 27, 1903.

SIR,—The return of the Pictou freight agent for February shows the following freight in store:—

June 5, 1902—Morrison & Co., 8 cases granite	\$ 94 03
Nov. 31, 1902—H. Rattenbury, 3 cars coal	189 75
Dec. 12, 1902—H. Rattenbury, 1 car coal	49 50
Dec. 2, 1902—Wm. Leslie, 200 brls. flour	66 00

The January return shows 4 cars flour consigned to H. Rattenbury, and not coal.

What is the explanation of the delay in collecting these charges? Have they been since paid?

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, *A.G.*

MONCTON, N.B., May 4, 1903.

DEAR SIR,—Your D—85890 of the 30th ult., *re* Pictou freight station outstandings.

Eight cases of granite for Messrs. Morrison & Co. still remain undelivered, but they promise to take delivery at once, and the freight claim agent has notified them that if this is not done it will be sold to pay the charges.

H. Rattenbury, 4 cars flour: These have been delivered, and the charges paid; and also 200 brls. flour for Wm. Leslie have been delivered, and the charges paid. The cars of flour were on hand so long on account of the winter steamers being blocked in the ice, and unable to take delivery of the freight which accumulated.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

Re Gloucester Junction.

AUDIT OFFICE, OTTAWA, April 27, 1903.

SIR,—Please explain why there were no receipts from Gloucester Junction for the month of February. The receipts in January amounted to \$1,727.30, and in previous months they were still larger.

SESSIONAL PAPER No. 1

MONCTON, N.B., May 8, 1903.

SIR,—In reply to your letter dated April 27, I send herewith a letter from Mr. Williams, the Treasurer, dated May 4, explaining that the reason there were no receipts from Gloucester Junction for the month of February, was that the Caraquet Railway was blocked with snow during the whole of that month.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *Gen. Man.**Re Rimouski Station.*

AUDIT OFFICE, OTTAWA, April 27, 1903.

SIR,—Among the items charged up under the head of 'differences,' Form 120, in the February adjustment with the agent at Rimouski, is the following:—

Nov. 26—7831, Keewatin, charged up by C.P.R. \$140 63

Please explain when this consignment reached Rimouski, and why it was not accounted for in his January return.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, *A.G.*

MONCTON, N.B., May 6, 1903.

DEAR SIR,—Your D—85926 of the 1st instant, respecting outstandings at Rimouski station. This is a waybill from Keewatin of carload of flour, which was taken to debit by Rimouski agent in December, but was not closed by the C.P.R. until February, this latter making a second debit to the station of the amount. On proof being obtained that this was the fact the second charge was cleared by an overcharge voucher.

I am, sir, your obedient servant,

The Gen. Man. Govt. Rys.

T. WILLIAMS, *Chf. Acct. & Treas.**Re Outstandings at St. Anaclet.*

AUDIT OFFICE, OTTAWA, April 27, 1903.

SIR,—The February return of the agent at St. Anaclet shows \$103.40 as outstandings of freight. This amount was charged up to this station at Moncton, Form 120, in the previous month, and was a waybill, No. 12, dated January 26, charged up by the C.P.R.

Please explain why it is entered at the end of February as outstanding.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, *A.G.*

MONCTON, N.B., May 6, 1903.

DEAR SIR,—Your D—85927 of the 1st instant, respecting outstandings at St. Anaclet. The charge of \$103.40 was a case of double-billing, the agent having charged

himself with the waybill that he had received, which waybill was not charged up by the Canadian Pacific Railway until the following month's accounts. This frequently happens, and in these cases a clearance has to be effected by means of an overcharge voucher, when it has been conclusively proved that the second charge is a duplicate one.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

T. WILLIAMS, *Chf. Acct. & Treas.*

Re Drummondville Station.

AUDIT OFFICE, OTTAWA, April 28, 1903.

SIR,—The monthly return of the agent at Drummondville for February claims credit for a remittance of \$57.67 on the 28th, but no such remittance is acknowledged by the cashier at Moncton. According to this return, there was no cash on hand at the close of the month.

The daily return forwarded directly to this office claims a remittance on February 19 of \$27.60, which is not claimed in the monthly return and is not acknowledged by the cashier. Credit is also taken on this return for a remittance, February 28, of \$75, which is acknowledged by the cashier. This remittance is not entered on the monthly return. The balance on hand at the close of the month is \$19.61.

The differences in these returns call for an explanation.

Seemingly the remittance of \$75, on February 28, was more than the entries on the monthly return call for.

The total receipts and remittances and the balance at the close of the month shown on the daily return should agree with the corresponding amounts on the monthly return.

The daily return is not forwarded every day as it should be. The last received was that for April 6. Is there not a copy sent to Moncton?

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, *A.G.*

MONCTON, N.B., May 4, 1903.

DEAR SIR,—I beg to return your D—85936 herewith (being the Auditor General's letter of the 28th ult., with respect to Drummondville station).

The amount \$57.67 was intended to be remitted by the agent, but was overlooked, and was included in \$75 credited on March 1. An explanation was obtained from the agent, showing that this was the case.

The daily cash return (Form 164) should have been sent in by this agent to the Auditor General, and the agent has been instructed to send the forms in arrears to the Auditor General with an explanation.

The Traffic Auditor checked this station by the daily receipts of cash, and checked balance by periodical statement of account.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

SESSIONAL PAPER No. 1

Re Amherst Ticket.

AUDIT OFFICE, OTTAWA, May 2, 1903.

SIR,—The Amherst ticket agent had a balance of cash on hand at the close of February of \$151.91, of which he deposited \$125 on March 3, and the balance on the 4th. Why was the whole amount not deposited on the 2nd?

The returns for this office (Form No. 164) were not furnished from January 22 to March 2. The balance on February 28, according to this return was \$179.11 instead of \$151.91, as shown on the monthly return. Frequently over \$100 is carried over to the following day. On March 12 the balance was only \$45.95. Is there any reason why it should any day be more?

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, A.G.

MONCTON, N.B., May 16, 1903.

DEAR SIR,—Your D—86016 of the 4th instant, with respect to Amherst ticket agent's balance at the close of February. From the attached correspondence you will see that the agent in balancing up on the last day of the month made an error of \$100 in his trial balance, which he did not discover until his ticket reports and returns were completed on Tuesday, March 3, and then too late to deposit that day, and so had to be included in his deposit of the 4th.

I have taken up with him the failure to send Form No. 164 from January 22 to March 2.

The large balances which this agent has to carry over from one day to another are due to heavy sales for No. 33 train, which passes Amherst at 7 p.m., and which amount has to be carried over until banking hours the day following.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

T. WILLIAMS, *Chf. Acct. & Treas.*

MONCTON, N.B., May 15, 1903.

DEAR SIR,—Regarding the Auditor General's letter of May 2, which, in some unfortunate way, got mixed up with some other papers and was overlooked, I have to say that I had the matter up with the agent, as you will see by letter herewith.

The trouble with his apparently excessive cash balance referred to by the Auditor General would seem to have resulted from an error in his trial balance. Berry, the agent, is all right. We have little or no cause to find fault with him regarding his accounts, but he held rather elastic ideas as to how he should make his deposits covering receipts for the latter part of the month. We shall have no further trouble with him in the future.

I am, sir, your obedient servant,

The Chief Acct. and Treas.

J. R. BRUCE, *Traffic Auditor.**Re Return from Stations.*

AUDIT OFFICE, OTTAWA, May 13, 1903.

SIR,—The following stations have ceased sending the return of revenue collected (Form No. 164) to this office:—Alba, Alton, Aulac, Beau Rivage, Belœil, Beresford,

Boundary Creek, Brookville, Calhouns, Chateau Frontenac, Dickie's, Dnucan, George's River, Green Point, Halifax Deep Water Terminus, Hastings, Hilden, Humphreys, Kempt, Laughlan's, Memramcook, Mines Road, Model Farm, Montreal Freight, Nigadoo, North Sydney Town, Petitcodiac, Plumweseep, Point Lévis, Quebec Upper Town, Quebec St. Roch, River du Chêne, River Sauvage, Sayabec, Shenacadie, South River, Spring Hill, St. Hilaire, St. Henri de Montréal, St. Joseph, St. Leonard Jct., St. Monique, Torryburn, Upper Dorchester.

The following stations occasionally omit sending the return:—Bartibogue, Carmel, Oxford, Oxford Jct., Trois Pistoles and Windsor Jct.

J. L. McDOUGALL, A.G.

MONCTON, N.B., May 16, 1903.

DEAR SIR,—I beg to return herewith your D—85316 of the 15th instant, being the Auditor General's letter of the 13th with respect to certain stations having failed to send in Form No. 164 to him.

We have no means of knowing, except from the Auditor General, whether the agents are sending these returns regularly to him. I have taken the matter up with each of these agents, and have instructed them to send this form in regularly to the Auditor General.

Hastings Station is closed, as also St. Roch, Quebec. The tickets have been taken to Dickie's from Laughlan's; and River du Chêne Station changed to DeLotbinière.

SESSIONAL PAPER No. 1

Of the freight in store, \$5.18 is dated in 1900; \$10.93 in 1901; \$21.47 previous to September 30, 1902; \$604.81 in October; \$1,250.32 in November; and \$999.64 in December. The agent should be required to explain the reason why any freight in store over three months is not collected.

Details are given of items 3, 4 and 5, but not of the others. Please explain the nature of these deductions.

What means have you of verifying the cash collected from March 1 to 15, appertaining to previous month's account, as distinguished from the cash of the current month?

INTERCOLONIAL RAILWAY, MONCTON, N.B., January 9, 1904.

DEAR SIR,—Your D 85476, covering the Auditor General's letter of April 11 last, with respect to Halifax freight agent's balance at February 28.

As regards freight in store for a longer period than three months, the matter is one that is dealt with by the Freight Claims Agent. He receives from the station and freight agents at regular periods statements of freight on hand, uncalled for, in dispute, &c. Such articles as are of a perishable nature are sold quickly, and the proceeds passed to credit of 'Indemnification' account in working expenses, after deducting the freight charges. Other articles are sent to 'Unclaimed Freight Store' at Moncton, and once a year an auction sale is held of these, and the net proceeds credited to 'Indemnification,' to which account is charged all claims paid for lost and damaged goods.

With respect to items of Balance Nos. 6, 7, 8, 9, 10 and 11:—

Item No. 6 represents charges collected between 1st and 15th March on freight in store or en route to February 28. These items are recorded separately in the cash books of the cash clerks, and so shown in statement of account. We have no method here of verifying this amount, but the travelling auditors are instructed to test the accuracy of these figures at their audit of stations.

Item No. 7.—Ledger accounts paid between 1st and 15th of following month—shows payments during the period, and is verified by the travelling auditor.

Item No. 8.—Outstanding overcharges cleared before 15th.—Attached is a list of these, showing the nature of the overcharges, &c.

Item No. 9.—Recharges—represents amounts paid out to S.S. Co.'s for their charges on goods delivered to I.C.R. to be forwarded to inland points and not yet waybilled out. These charges are entered on the I.C.R. waybills as 'Expenses' to be collected with the freight charges, and the station thus cleared.

Item No. 10.—Ledger accounts.—Attached is a list of the amounts paid, and the balance owing.

Item No. 11.—Suspense account—represents excess of cash due to payment of freight in advance of receipt of waybill, of overcharges on waybills to be subsequently refunded, &c. The station is allowed to carry these amounts for two months only, when, if unclaimed, they are transferred to suspense account in Audit Office ledger. Each item in the station's suspense account is carried under a progressive number, giving details, and proof of its proper disposition is required if cleared by the station.

I am, sir, your obedient servant,

The Gen. Mgr. Gov't Rys.

T. WILLIAMS, *Chf. Acct. and Treas.*

INTERCOLONIAL RAILWAY, MONCTON, N.B., January 21, 1904.

SIR,—Referring to my letter of the 9th instant, with respect to the audit of Halifax freight station, I might add respecting item 6, that at the larger stations, including Halifax, there has been instituted a 'Freight Charges Book,' in which is entered the details of the cash columns of the way bills. From this book is made a return to the traffic auditor on form 43, at the close of 15th and last day of each month, of the collections, under headings 'Arrears,' '1st to 15th,' and 'Current.' 'Arrears' means everything belonging to previous months at the time the statement is prepared; '1st to 15th' means items collected in current month belonging to month just closed; 'Current' means collections belonging to month then current.

Standard petty cash-books used by the cash clerks at these larger stations have also columns for 'Arrears' and 'Current,' in which they enter their cash as received; and it is from these books that the 'Freight Charges Book' is made up and checked to see that the amounts are entered in the proper columns. The travelling auditor, at his visit, has to check the petty cash-books against the 'Freight Charges Book,' to verify the outstandings; and is further instructed to test the entries then being made and subsequent to his audit, before leaving the station.

Form No. 43, which is sent in to the traffic auditor, is used for the purpose of keeping check on the agent's cash.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

Re St. John Freight.

AUDIT OFFICE, OTTAWA, April 16, 1903.

SIR,—The returns of the freight agent at St. John for January and February are not accompanied by any details of freight in store or outstanding.

The details furnished with the December return indicate that the charges on freight that had been in store over three months amounted to \$3,010.47, some of which had accrued each month back to before the beginning of the year. Of this amount \$1,217.58 is for charges on hay, one car of which was in store since June, 1901, two since January, 1902, ten since February, ten since March, two since April, one since May and two since June. Have the charges on this hay been since paid, and if not, what steps have been taken in reference thereto?

What explanation has the agent furnished why such a large quantity of goods other than hay has remained so long in store?

Please explain the nature of the interchange with the Canadian Pacific Railway for which this agent takes credit.

The January report of the travelling auditors (the last to hand) indicates that Mr. Gerard had commenced auditing St. John freight. Please let me have a copy of his report.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, August 21, 1903.

SIR,—I have a report from Mr. Gorman, who has been at Moncton and St. John lately, which shows that the accounts of outstandings and overcharges at St. John station have been allowed to fall into an unsatisfactory condition—the monthly account

of June showing \$5,680.99 undisposed of that had accrued previous to March last.

The reason assigned by the agent for the accounts getting so much in arrears is, in great part, that additional work is thrown on the station by the export trade.

He hopes to clear off a considerable portion of these arrears this month, but says that he needs assistance to prepare the vouchers in connection with what will remain.

He also states that unless an officer is furnished who is capable of attending to the export trade, when it again commences, the accounts are sure to fall into arrears again.

The travelling auditors seem also to be behind in their work.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, A.G.

INTERCOLONIAL RAILWAY, MONCTON, N.B., January 21, 1904.

SIR,—Your D 85614, with respect to the audit of St. John freight station in January, 1903. Please find attached a copy of the travelling auditors' report on same, and also a copy of travelling auditors Girard and Burns' letter, dated June 26, 1903, the time of the completion of the audit.

On receipt of the report and letter I communicated with General Superintendent Price, and Mr. Tapley was summoned to Moncton and the matter gone into thoroughly with him. It soon appeared that the strictures of the travelling auditors were too severe, and that while Mr. Tapley had been unable to give them the details asked for of the outstanding items of his balance, it was due more to the volume of work that had been thrown upon him and his staff by the inauguration of the winter port business at St. John and to the quality of clerical help that had been furnished (since it had been impossible to obtain men experienced in the handling of shipping accounts at short notice) than to the incompetency or disinclination of the agent to furnish the necessary information. It was arranged that one of the travelling auditors should stay at St. John as long as he could possibly be spared, to assist in checking up the outstanding; and that a clerk from the freight claim agent's office should also assist in the preparation of the vouchers to clear the overcharges, amounting to \$7,718.88, these latter being due largely to freight for shipment by steamers being way-billed locally on St. John instead of at the through rates quoted shippers. Of this \$7,718.88 there had been cleared to December 31, 1903, \$7,239.45, leaving only \$479.43 as still the subject of correspondence on the part of the freight claim agent and traffic auditor.

With respect to the \$2,521.51 of outstanding specially referred to by Messrs. Girard and Burns. These were investigated, the items located, and quickly disposed of as follows:—

June, 1903—Cash collected.	\$ 292 50
“ 1903—Audit Office vouchers for double billing, &c.	774 41
“ 1903—Re-charged on Montreal, &c.	364 82
“ 1903—Ledger accounts collected.	140 81
July, 1903—Cash collected.	293 71
“ 1903—Overcharge vouchers.	501 55
Aug., 1903—Cash collected.	104 08
“ 1903—Overcharge vouchers.	49 63
Total.	\$2,521 51

At the 31st December, 1903, the outstanding items in St. John freight balance were at the lowest point for a number of years, and all are in course of collection and adjustment.

At the visit of the travelling auditors a better system of dealing with the accounts, and particularly the outstandings, was instituted; and a re-arrangement of the duties of the clerks made, so as to obtain the best results from the existing staff.

I might add that the winter port business done by the Canadian Pacific Railway at West St. John is handled entirely by a staff brought from Montreal, which is thoroughly accustomed to that class of work, their services being utilized at the port of Montreal in the summer and at the port of St. John in winter.

Papers inclosed herewith.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

Re Through Freight: Interchange with C.P.R.

AUDIT OFFICE, OTTAWA, April 17, 1903.

SIR,—Referring to previous correspondence in connection with differences between your company and the Canadian Pacific Railway, on west-bound freight delivered to the latter company at Ste. Rosalie, I have to inquire if a settlement has been effected, and if so, the nature of it? If no settlement has been brought about, what action has been taken in reference thereto? Is west-bound freight still delivered to Canadian Pacific Railway at Ste. Rosalie?

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

INTERCOLONIAL RAILWAY, MONCTON, N.B., January 7, 1904.

DEAR SIR,—In answer to your letter dated April 17, 1903, with reference to interchange of through freight with the Canadian Pacific Railway. The Chief Accountant and Treasurer, Mr. Williams, informs me that:—‘The difference in I.C.R. proportions as via St. John and via Ste. Rosalie were made up immediately after receipt of the accounts each month, and the additional amount accruing to I.C.R. was deducted in remitting the balance on through-billed freight due the C. P. Ry. They at first objected to this, but subsequently acquiesced in the arrangement.’

‘The bulk of the west-bound through freight is now delivered to the Canadian Pacific Railway at Ste. Rosalie; but consignments to stations east of Sherbrooke on their railway are sent via St. John, as the I.C.R. earning on same by that route is greater than if carried over I.C.R. and delivered to C.P.R. at Ste. Rosalie Jct.’

I am, sir, your obedient servant,

The Auditor General.

Re Freight in Store at Metapedia.

AUDIT OFFICE, OTTAWA, April 27, 1903.

SIR,—In your letter of January 27, 1903, in reference to the freight charges on 16 cars of piles in store at Metapedia, you stated that having been unable to sell them, the railway was endeavouring to use them in its own work, and had already used 69 of them, and any others fit for use would be used during the coming season.

I do not find that anything has been yet credited to the freight account for the 69 which you stated had been used. Have any more of these piles been used by your railway?

The Gen. Mgr. Govt. Rys.

SESSIONAL PAPER No. 1

INTERCOLONIAL RAILWAY, MONCTON, N.B., January 7, 1904.

DEAR SIR,—In answer to your letter of April 27, in reference to the freight charges on 16 cars of piles at Metapedia. 90 of these piles have been used, and they were credited to the freight account at Metapedia in June last at 5c. per lineal foot, the price named by Mr. MacKenzie, Chief Engineer, as in his opinion a fair one for them. He considered that their original cost was 10c. per lineal foot when new. They were charged out to the following accounts:—

To maintenance:

For repairs to Moncton wharf, 650 lin. ft. at 5c.	\$32 50
“ “ Pollet river, Anagance, Moosehorn and Passekeag bridges—1,222 ft) at 5c.	61 10
“ “ Aulac Aboideau—180 ft. at 5c.	9 00
	\$102 60
Used on Capital Account—‘Increased accommodation at Moncton’—825 lin. ft. at 5c.	41 25
	\$143 85

There are still some of these on hand, and when work begins in the spring we will endeavour to use some more of them.

I am, sir, your obedient servant,

INTERCOLONIAL RAILWAY, MONCTON, N.B., January 8, 1904.

DEAR SIR,—YOUR D 86249 of the 5th instant, with respect to the request of the Auditor General for a statement showing the date on which the stations on the Intercolonial Railway had been audited. Attached please find a list of stations, and the date of last audit.

You will see that with the exception of a few between River du Loup and Lévis, and between Campbellton and River du Loup, the stations have been visited comparatively recently. Those marked with a cross are ticket stations only, and a complete audit of these is had monthly in our own Audit Office from the tickets collected on trains. The three principal stations are at present being audited, viz., Halifax by Mr. Burns, St. John by Mr. Wallace, and Montreal by Mr. Girard. St. John and Montreal are almost completed, and so far as made up the figures indicate these stations to be in much better shape than ever before.

Halifax may occupy some time, but matters there are in good shape, and a very favourable report is anticipated. Although it may appear a long while since an audit was made at Halifax, the freight in store and the outstandings have been verified several times in the meanwhile.

With respect to Sydney,—Mr. Estano, of the Audit Office, was sent there a week before Christmas, and sufficient labour was furnished to enable the freight in store to be all located and verified, and the outstandings established, and the various statements are now being tabulated, with satisfactory results.

The stations were instructed to send in a complete list of all tickets held by them on the 31st ult., and this is being checked against the office register, to ascertain that they are accounting for all the tickets that have been charged against them as supplied.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, January 22, 1904.

SIR,—I have received your letter of the 11th instant, inclosing one from the treasurer, and a list of stations with the date of last audit opposite each.

According to this list fifty-one stations, not counting those which sell only tickets, were not audited during 1903. The last audit of these fifty-one stations was, one in January, 1902, one in March, one in April, thirteen in May, nine in June, twenty in July, four in August and two in September.

The Quebec city ticket (Frontenac) was not audited since December, 1900, St. John city ticket since June, 1901, and North Sydney ticket since March, 1902.

The Canadian Express Co. was not audited since September, 1899, and the Dining Car Service since June, 1902.

There are also outside agencies in Nova Scotia which have not been audited since 1901.

Considering that so much depends on the work of the travelling auditors, do you consider that it is safe to allow their work to fall so much in arrears?

Is it not considered necessary that all stations should be audited twice at least each year?

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, A.G.

Re Stock Account.

AUDIT OFFICE, OTTAWA, June 2, 1903.

SIR,—I have to ask you for a copy of the stock account of I. C. Railway stores, taken on June 30, 1902.

I assume that your stock ledgers are kept in such a manner that there would be no difficulty at any time of the year in determining the quantity of any particular material on hand, and making a test audit of same.

As soon as possible after I hear from you I shall reply to your letter *re* the question of changing the date of stock-taking.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, A.G.

Re Intercolonial Railway Revenue.

AUDIT OFFICE, OTTAWA, December 31, 1903.

SIR,—The balance at credit of Intercolonial Railway revenue for 1902-3 in the books of this office is \$6,324,522.88. The amount shown by your returns is \$6,324,323.72. The difference—\$199.16—is made up as follows:—

Deposit in Bank of Montreal, London, credited in books here to 1902-3; at Moncton to 1903-4	\$379 16
Deposit in Molson's Bank, Fraserville, credited at Moncton to 1902-3, not yet brought to account in books here	180 00
	\$199 16

The cash in hands of cashier on June, 30, 1903, as per his statement, was \$356.87. This should be \$361.87, the difference—\$5—being probably a Bank of Hayte note for that amount entered on statement of October 31, 1902, as transferred to general ledger. No entry for this item seems to have gone through the books here.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, A.G.

INTERCOLONIAL RAILWAY, MONCTON, N.B., January 6, 1904.

DEAR SIR,—I beg to return herewith your D 92655 of the 4th instant, being the Auditor General's letter of the 31st ult., with respect to differences between the I.C.R. returns and the books in his office.

With respect to the difference in I.C.R. revenue on deposit in the Bank of Montreal, London, \$379.16 is credited to through tickets (Allan Brothers & Co., Liverpool) in July, 1903, as the deposit receipt bore date July 15, and it was assumed that it would be included by the department in this present year's figures.

With respect to the deposit in Molson's Bank, Fraserville, \$180.00: This was accounted for in the daily statement of deposits of March 11, 1903, and the triplicate receipt and draft accompanied same. On November 30 last I received a letter from Molson's Bank Head Office, Montreal, stating that the draft for this \$180.00 had not been presented, and I at once notified the accountant of the Department of Railways and Canals, who requested that a duplicate receipt and draft be obtained from Molson's Bank, Fraserville, and sent to him; and this latter was done on the 31st ult.

I do not understand the Auditor General to require the returns of last year to be changed for account of these differences, as they will rectify themselves in the present year.

With respect to the cash balance in the hands of the cashier at June 30, 1903: The cash on hand amounted to \$356.87, 'Cash' having received credit for the \$5.00—uncurrent note—by transfer to the account in general ledger, 'Uncurrent and Failed Bank Notes.' Does the Auditor General wish the account to be reversed, and the \$5.00 carried as in the cashier's balance?

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

T. WILLIAMS, *Chf. Acct. and Treas.*

Re Windsor Branch Railway.

AUDIT OFFICE, OTTAWA, January 7, 1904.

SIR,—I have to call your attention to the correspondence of October and November, 1902, in reference to the trunk line bookings of the Windsor Branch Railway for June, 1902, amounting to \$157.65.

This amount was not deposited till October, and was then credited to the accounts of 1902-3.

The trunk line bookings for September, 1902, amounted to \$217.83, and to make up that, the deposit or \$157.65 for June seems to have been deducted and a deposit of \$60.18 made. The result is that Windsor Branch Railway is still \$157.65 short.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

J. L. McDOUGALL, *A.G.*

INTERCOLONIAL RAILWAY, MONCTON, N.B., January 21, 1904.

SIR,—Your D 81418 of the 13th instant, covering the Auditor General's letter of the 7th instant. When the Dominion Atlantic Railway returns for the month of June, 1902, were received the Intercolonial Railway revenue accounts for the fiscal year had been closed, and to get the amount into the Windsor Branch Railway accounts to complete the twelve months' returns the corresponding account in the Intercolonial Rail-

SESSIONAL PAPER No. 1

way books—'Windsor Branch Traffic'—was credited, and Suspense Account debited, the amount being subsequently brought into the Interecolonial Revenue Accounts in July from Suspense. As it was too late to issue the cheque for the \$157.65 to deposit to credit of Windsor Branch Railway in the past fiscal year, settlement was effected by an adjusting entry within Department of Railways and Canals account in closing the year's accounts, and it may be that the corresponding entry was not made in the department books at Ottawa.

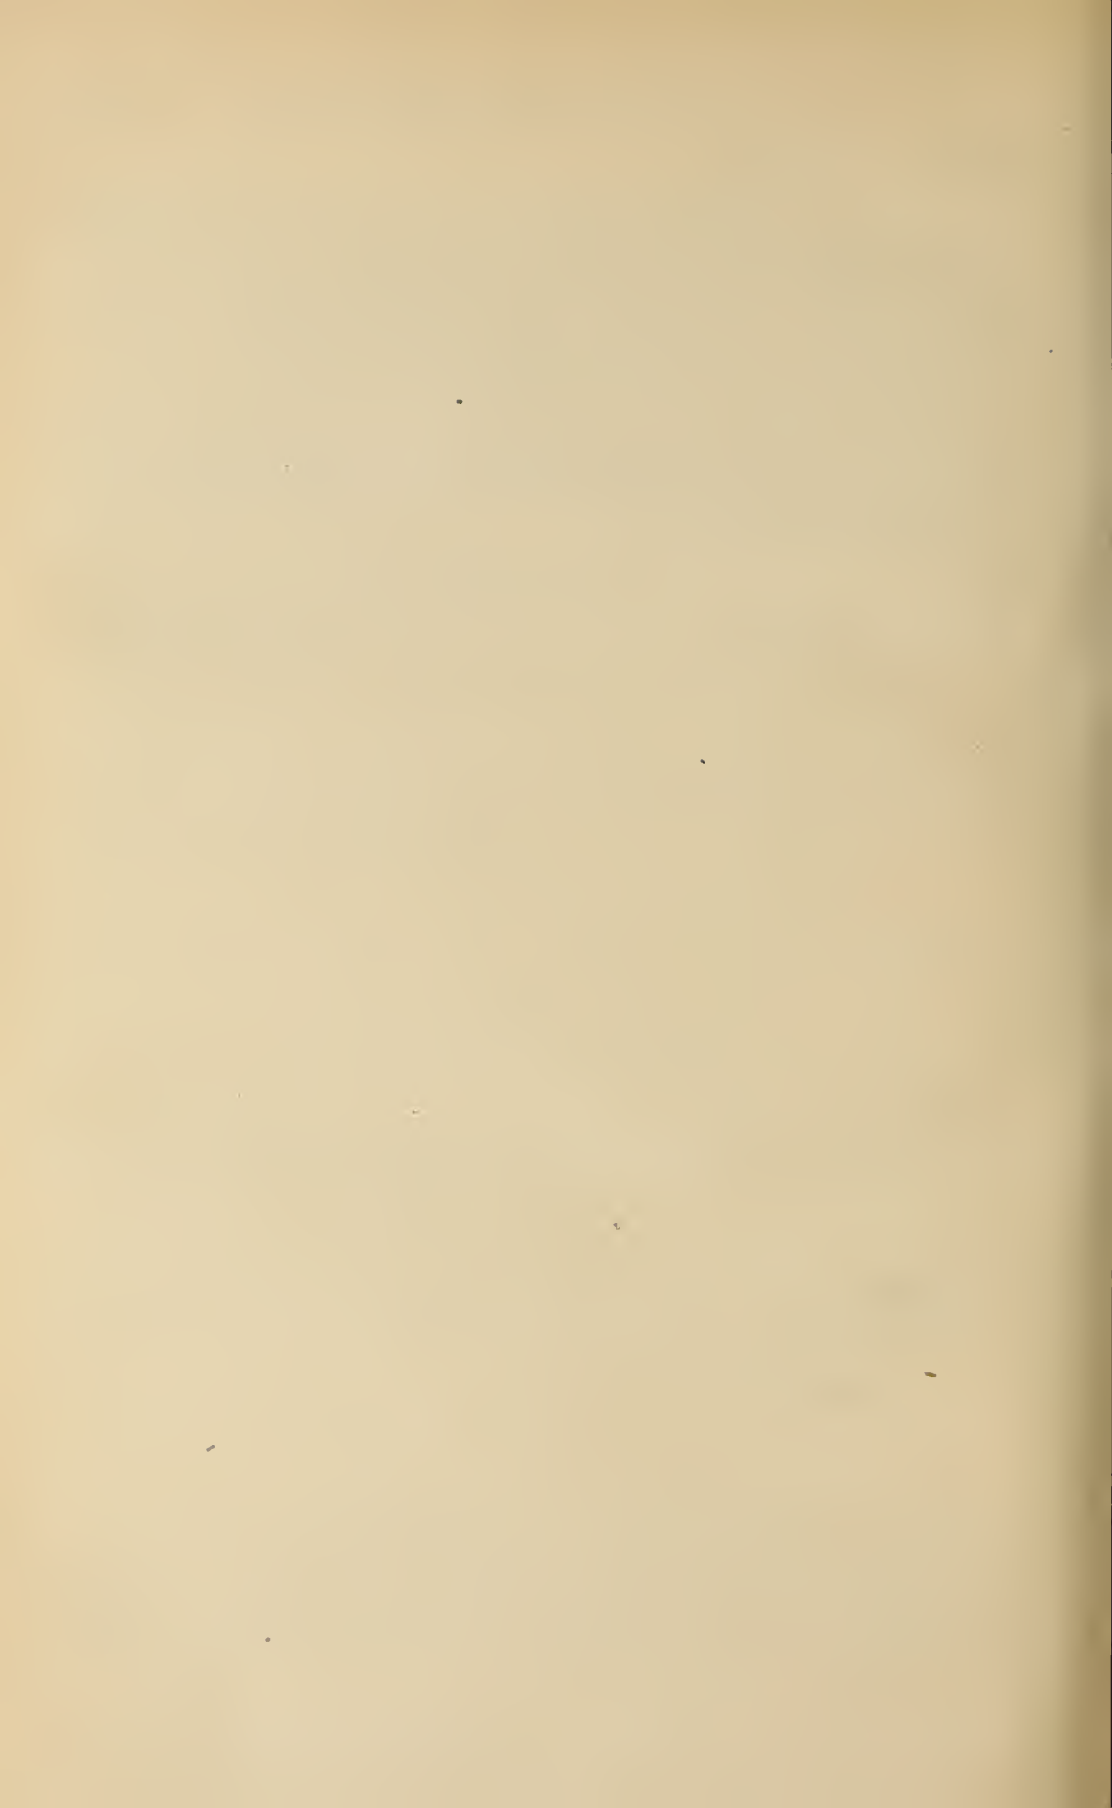

In October, 1902, cheque was issued for the June bookings by the Interecolonial Railway in favour of the Windsor Branch Railway in error, since adjusting entry had been made in June, as stated; and the mistake was rectified by deducting the \$157.65 when settling for September bookings, to which the Auditor General refers in his letter.

Papers returned herewith.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Rys.

SESSIONAL PAPER No. 1

Re Cullers' Fees.

AUDIT OFFICE, OTTAWA, April 7, 1903.

SIR,—Referring to previous correspondence *re* Cullers' returns, I have to remind you that the returns for July last are the only ones received appertaining to the present fiscal year.

I observe that the revenue brought to account up to March 31 last was only \$3,823.47, as compared with \$5,980.68 to the same date last year.

I am, sir, your obedient servant,

The Deputy Minister of Trade and Commerce. J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, April 8, 1903.

SIR,—I beg to acknowledge the receipt of yours of yesterday's date, *re* Cullers' fees. I regret that the Forms M. 3, being statement of cash collected and deposited each month since July last, have not been forwarded to you. I therefore inclose them.

I note you state that the revenue brought to account up to the 31st March last was something over \$2,000 less than for the corresponding period during the previous year. I have only to remind you that this is a matter beyond control of the department, as the amount of fees is entirely accounted for by the quantity of timber offered for inspection; and this is likely to further fall off from year to year, as it has been doing from year to year in the past.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

AUDIT OFFICE, OTTAWA, August 13, 1903.

SIR,—The receipts from Cullers' fees in 1901-2 amounted to \$11,199.55, and in 1902-3 only \$7,273.06.

Please inform me if there is any special explanation of this large reduction.

The returns of the Supervisor for June have not yet been received.

I am, sir, your obedient servant,

The Deputy Minister of Trade and Commerce.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, August 14, 1903.

SIR,—I have yours of yesterday's date, in *re* Cullers' fees; and in reply I beg to state that I have no special explanation of the reduction from the amount collected last year.

As you are, no doubt, well aware, the amount of fees depends upon the amount of square timber made, and that is falling off from year to year. Last year's was much less than the previous year. I hand you herewith the statement of collections during the month of June, which amounted to \$2,101.10.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

Re Inspection of Staples.

AUDIT OFFICE, OTTAWA, May 13, 1903.

SIR,—The sum of \$66,353.97 has been deposited during the present fiscal year on account of fees from inspection of staples. Of this amount, \$13,197.09 was the balance unexpended, over expenses for the year ended June 30, 1902, as per memo. inclosed in a letter from your department dated January 8, 1903. It is stated in the same letter, that from that date (June 30, 1902) vouchers and full details will be given. No vouchers or details have yet reached this office. The returns of the inspectors, which, I assume, are furnished monthly, and contain a detailed statement of the inspections made and the deposits made in acquittance, are needed here.

Your attention is requested.

I am, sir, your obedient servant,

The Deputy Minister of Trade and Commerce.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, May 15, 1903.

SIR,—Referring to yours of the 13th instant, in *re* revenue derived from inspection of staples, and asking for statements, &c.:

Herewith please find the weekly and quarterly reports up to April 30, ultimo, which cover the revenue collected and deposited, as shown by your letter, which agrees with the figures in this department, with the exception of the reports from Toronto for the first three weeks in November, which were given to the Chief Inspector to use in connection with some of the investigations he was making, and which he has not returned. I will write for them and furnish them later.

I would esteem it a great favour if you could, after checking these over, return them at once, as dispossessing the department of its own records places it at a disadvantage, as we have nothing to refer to in case of an inquiry or dispute in connection with the matter.

In so far as the returns from Toronto are concerned, the inspector at that port did not come under the Act until November 1 last. Prior to that time he did the work for the fees of the office.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

AUDIT OFFICE, OTTAWA, May 20, 1903.

SIR,—I have received your letter of the 15th instant inclosing the quarterly reports of the grain inspection district of Manitoba to March 31 last.

These returns include payments of \$7,427.45 in July, August and September, which had accrued previous to June 30, 1902. This amount and \$13,197.09, the balance in the hands of the inspector at that date, form part of the revenue of the current year, of which no audit can be made, as the returns have not been furnished.

The Canadian Northern Railway paid the inspection and weighing fees for July last on September 22—nothing afterwards. The amount due on March 31 was \$8,976.80. Why were these fees allowed to accumulate? Has this amount been since paid?

The returns should be certified by the inspector to the effect that they contain a statement of all the grain inspected during the period.

A copy of the cash book should be furnished; also the counterfoils of the receipts issued.

I am, sir, your obedient servant,

The Deputy Minister of Trade and Commerce.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, May 23, 1903.

SIR,—I have yours of the 20th instant in reply to mine of the 15th, covering returns of revenue derived from grain inspection, and note your statement with reference to the amounts collected in Manitoba.

With reference to the sums accrued during the previous fiscal year that were only brought to account during the current year, you have all the information I can furnish you on the subject, and in fact more, as you now have all the returns received from the Chief Inspector on the subject, this department having dispossessed itself of them at your request. As you are aware, the accounting for these moneys did not come under the jurisdiction of this department until the 1st of July last.

I might explain, however, that there is a difference between amounts accrued and amounts actually collected. The inspectors do not collect the fees at the time of inspection—in fact it would be an absolute impossibility to do so; but there is provision in the Act that inspection fees shall be made chargeable against the railway as 'advance charges.' These 'advance charges' are not payable, are not paid, until the grain leaves the hands of the railway, so that grain that has gone into elevator in the fall does not come out, is not shipped out of the custody of the railway, until navigation opens in the spring, unless it goes forward by rail and is transferred to ocean vessels, when the amount is collected. This accounts for there being accrued balances in the hands of the railway, which are only accounted for as collected by them.

I was well aware of there being a large balance, as stated, against the Northern Railway, and some little time ago called the attention of the Chief Inspector to the fact. As yet I have not received reply. What amount has since been paid I do not know. I note your statement that you think the returns should be certified by the inspector to effect that they contain a statement of all the grain inspected during the period. They do not contain anything of the kind. They simply refer to the amounts collected during the time. The quantity of grain inspected is an entirely different proposition. With reference to the counterfoils of receipts issued that you ask for, there are no receipts issued to my knowledge. And with reference to copy of the cash book, I think you practically have copy in the statement showing the amounts collected, from whom, and when collected.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

AUDIT OFFICE, OTTAWA, December 10, 1903.

SIR,—The General Inspection Act, 1 Edw. VII., Chap. 25, provides for the inspection of the following articles:—

- (a) Flour and meal.
- (b) Wheat and other grain and hay.
- (c) Beef and pork.
- (d) Pot ashes and pearl ashes.
- (e) Pickled fish and fish oil.
- (f) Butter.
- (g) Leather and raw hides.
- (h) Apples.
- (i) Cheese.

It also directs that the inspectors and sub-inspectors may be paid by salary or by fees, as is determined in each case by the Governor in Council.

The inspectors of class (b) at Winnipeg, Toronto and Montreal, and the inspector of hides at Quebec are paid by salary.

The inspector of class (b) at Kingston and Peterboro and the inspectors of all the other articles mentioned above are paid by fees.

Has an Order in Council been passed in each case as provided by the Act? If so, please give me the dates of same.

The inspector of hides at Quebec, though paid a salary, does not deposit any fees.

I am, sir, your obedient servant,

The Deputy Minister of Trade and Commerce. J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, December 23, 1903.

SIR,—I have the honour to acknowledge the receipt of yours of the 10th inst., *re* appointment, inspection, &c., under the General Inspection Act.

Mr. Geo. Roy is the Chief Inspector of Hides for the Dominion, and happens to be stationed at Quebec, and was appointed from July 12, 1897. He does not collect any fees.

There is also an inspector of hides at Quebec who is paid by fees.

For appointment of chief inspector, inspectors and deputy inspectors in Manitoba grain inspection district, see Section 2 of Schedule to Chapter 25, 62-63 Vic.

Chief Inspector Craig, Inspector Labelle and the Montreal deputies were all appointed by Order in Council, August 6, 1891.

Inspector Adamson, Toronto, by Order in Council, October 14, 1902; Deputy Inspector Turner, Toronto, by Order in Council, September 7, 1903; Joseph L. Haycock, inspector binder twine, by Order in Council, June 2, 1903.

All inspectors paid by fees have been appointed by Order in Council, *vide* list herewith.

Deputy inspectors can be appointed by inspectors, *vide* Section 8 of General Inspection Act, as enacted by 1 Edward VII, Chap. 25, Sec. 2.

Hoping that the above will be satisfactory.

I am, sir, your obedient servant,

The Auditor General.

F. C. T. O'HARA, *Acting Deputy Minister*.
