# NEW SENSATIONS IN OIL PROBE!

## Sleuths Stage Spectacular Man Hunt Here

### HIST! ALSO HA! SEARCH FOR BOLD BANDIT

Four Cops, Heavily Armed, Close in on Suspect and Then—Wow!

A spectacular raid by deputies from the office of Sheriff William Traeger of Los Angeles came within an inch of landing B. O. Cole, Jr., in the clutches of the law last night. The role he was almost forced to assume was that of the hero, who, though innocent, is arrested through the connivance of others, which is so popular with movie producers. In fact, the whole episode reads like a movie scenario.

The plot may be said to have been started when Rev. Clifford A. Cole, pastor of the Central Christian church, a brother of the unwilling hero, traded in a 1922 Chevrolet to the Packer automobile company on a new Studebaker. On February 2, B. O. Cole, Jr., his brother, traded a 1919 Chevrolet to the Packer Auto company for the car which his brother had previously traded in. The second car, which was registered in the name of the boys' father, B. O. Cole, Sr., was subsequently sold to Los Angeles parties. Meanwhile Studebakers and Chevrolets functioned, merrily in the Cole family.

**Gets Car's Number**  
During the recent epidemic of bank robberies in Los Angeles, an eye-witness of one of the "jobs" managed to get the bandit's car number, which was that of the 1919 Chevrolet traded in by Cole No. 2. The name of the registered and legal owner was obtained from the motor vehicle division at Sacramento by the sheriff.

### HOUSE TAKES UP MELLON TAX BILL

Passage of Measure Is Expected But Mutilation By Foes Is Certain  
WASHINGTON, Feb. 14.—Tax reduction started its hazardous way through the House today. The measure which engaged consideration was the modified Mellon bill, with normal tax rates reduced to 3 and 6 per cent and the maximum surtax fixed at 25 per cent. In the background lurks the Democratic plan, providing for smaller cuts on small incomes and a maximum surtax of 44 per cent.

### Hey, Judge! Give One of Them Life And Kiss the Other!

LOS ANGELES, Feb. 14.—"Nice looking car," remarked Massee Mack Spizer to Officer G. E. Bolton as he stood admiring a new car.  
"I only bought it yesterday and I lost the key already," said Spizer as he lifted the hood and connected the wires.  
He waved his hand at the officer and started to drive away. Bolton leaped onto the running board and ordered him to stop.  
Today, in Justice Russell's court, Spizer found that the automobile belonged to the officer. Spizer was held to answer a grand larceny charge.

### FEDERALS BREAK MEXICAN REVOLT

Clean-up of Rebel Bands By Obregon Forces Starts in Oil Regions

APIZACO, Mex., Feb. 14.—Secretary of War Francisco Serrano, speaking for the national government, formally declared today that organized rebellion in Mexico is ended. He pointed out, however, that the country must expect guerilla warfare for some time to come, during which the federals will be engaged in "clean-up" operations, chasing and capturing bands of marauding rebels.

**Foes Annihilated**  
The war secretary dictated the following resume of the national situation:  
"The rebellion which got under way in the first fortnight of December, may be considered practically over. From the start it was purely a military uprising. Forces of the major military chiefs—General Guadalupe Sanchez General Enrique Estrada and General Fortuna Maycotte—have been annihilated by loyal troops. Adolfo de la Huerta proved too weak for the military leaders."  
Officials declare that the government is fully capable of taking care of the situation, although admitting that "little" outbreaks will occur from time to time.

### LATEST NEWS

#### RUSSIA TO REFUSE U. S. CONCESSIONS

MOSCOW, Feb. 14.—Deputy Foreign Commissar Maxim Litvinoff told International News Service today that Soviet Russia would not sign any more commercial treaties without de jure recognition by the government with which the treaties were negotiated. He intimated that neither France nor the United States should expect any further concessions from Russia. There is much rejoicing among soviet officials over the recognition of Russia by four important European powers—Great Britain, Italy, Germany and Norway.

#### UNITED STATES WANTS MONEY FROM EUROPE

WASHINGTON, Feb. 14.—A meeting of the American debt funding commission, at which it probably will be decided to send a "dunning" letter to the nations that owe the United States some \$7,000,000,000 in unpaid war debts, was called today for next Monday. France, owing \$4,000,000,000, and Italy, owing more than \$2,000,000,000, are the chief debtors.

#### ENGRAVING BUREAU DIRECTOR RESIGNS

WASHINGTON, Feb. 14.—At the direction of President Coolidge, Secretary of the Treasury Mellon today accepted the resignation of Louis A. Hill as director of the bureau of engraving and printing, and named Major Wallace W. Kirby of the army engineer corps, as acting director. At the same time both the president and Secretary Mellon issued statements relating to the "scandal" in the engraving bureau which led to the dismissal of Director James A. Wilmeth and eight employees during the Harding administration.

### FATAL CRASH OCCURS IN FRONT OF SCHOOL

Ramona Aney, Age 8, Victim of Auto; Authorities Conduct Inquiry

Shrieking brakes followed by a piercing childish scream at 3:45 o'clock yesterday afternoon, outside the Central avenue school in Casa Verdugo, told the grim story of a fatal accident that cost the life of Ramona Aney, aged 8, daughter of Mr. and Mrs. I. T. Aney of 315 Fairview avenue. The child was rushed to the Glendale Sanitarium and Hospital but died almost immediately after her arrival. Dr. G. Kaemmerling, city health officer, who attended her, stated that death was due to concussion of the brain.

### Skids for 55 Feet

The driver of the death car, a medium weight delivery truck, was William H. Benton of 111 South Beaudry street, Los Angeles. He is employed by the Reiman Electric company of 224 East Third street, Los Angeles, owners of the truck.  
Witnesses state that Mr. Benton applied his brakes as he struck the child, skidding unevenly to a stop. Measurements of the skid marks taken soon after the accident by Lieutenants W. H. Royle and Lewis Nunn, with Officers J. J. Claxton and R. Baugh, of the Glendale police department, indicate that the machine skidded a total of fifty-five feet from the point of impact to the spot where it was brought to a stop.  
Buttons and pieces of dress on the pavement for a distance of twenty-two feet indicate that the child was dragged that far under the wheel. Inasmuch as only one skid mark showed it appears that but one brake functioned on the death-dealing truck.

**Postpone Program**  
A program that was to have been given at the Central avenue school this afternoon, under auspices of the Parent-Teachers' association, has been postponed until next Thursday afternoon, February 21, owing to the fact that (Continued on Page 4)

### DENOUNCE O'RYAN AS FOE OF BONUS

Legion Charges Attempt to Boost Mellon Plan at Soldiers' Expense

WASHINGTON, Feb. 14.—Major-General John O'Ryan, chief counsel for the Senate committee that investigated the Veterans Bureau scandal, was charged today by the American legion of doctors and lawyers throughout the country who voluntarily aided him in the Forbes investigation, urging them to form committees in their districts to support the Mellon plan.

**Boosts Mellon Plan**  
The letters in question were written by O'Ryan in his capacity as chairman of the Citizens' National committee in support of the Mellon tax reduction program. The O'Ryan letter outlined the Mellon plan, calling attention to its desirable features and then continues:

"If you feel as I do towards the Mellon plan, you would undertake, either directly or in cooperation with others, to help organize a committee in your state or section of the state, to aid our national committee in furtherance of the Mellon plan."

### DAUGHTER IS BORN

LONDON, Feb. 14.—A daughter was born today to Lady Louis Mountbatten, wife of Lord Mountbatten, a lieutenant in the royal navy.

### POPE RECEIVES VISITORS

ROME, Feb. 14.—Pope Pius XI received visitors as usual during the morning, completely refuting the report published by the newspaper Epoca that he was ill.

### NATIONS MEET TO PLAN ARMS CUT

Navy Experts Try to Extend Disarmament Treaties to Other Powers

ROME, Feb. 14.—Naval experts from fifteen nations met here today under the auspices of the League of Nations to discuss naval armaments. If an accord can be reached, a general conference will be convoked to extend the naval disarmament pacts of the Washington conference to the soviet government and Washington.

**Soviet Russia is represented by Admiral Thaon, of the Italian navy, presided at the preliminary meeting. Premier Mussolini is not expected to take an active part.**  
Soviet Russia is represented by Admiral Behrens. This is the first disarmament conference in which Russia has taken part since the soviet government was established at Moscow.  
Turkey refused to join the conference because the Lausanne treaty has not yet been officially ratified by the powers.  
Germany and the United States are not represented. Germany has no navy and the United States is already bound by the original agreements reached at Washington. Several South American countries have delegates here. The sessions will be secret.

### VOW OF VENGEANCE

ALVARADO, Texas, Feb. 14.—A vow of vengeance of unceasing search for the murderer of his "golden butterfly" sister—was sworn over the body of Louise Lawson here by Norman Lawson, Dallas attorney, as he looked for a last time on the slain girl's features just before the funeral services.  
"The murderer of Louise Lawson shall pay. We shall strive unceasingly to that end."  
This was his statement—and the pledge of a life time for the Normans and Lawsons, pioneers of Texas, had been made.

### WARREN OFFERED AMBASSADORSHIP

Coolidge Urges Former Envoy to Japan to Accept Mexico City Post

WASHINGTON, Feb. 14.—Charles Beecher Warren of Detroit, former American ambassador to Japan and member of the commission that negotiated recognition with Mexico last fall, will be appointed ambassador to Mexico—if President Coolidge can persuade him to forego his previously announced intention of retiring permanently from public life.  
The president, it was learned today, is bringing every possible pressure to bear on Warren to accept the ambassadorship which will complete full diplomatic relations with Mexico and place an American envoy in that country for the first time in years.

Whether Mr. Coolidge will be able to again press Warren into service is problematical. He resigned from the Tokio post to return to his law practice because of the tremendous burden on his pocketbook that an American ambassadorship involved. At that time, Warren announced, he would not return to the government service.

### FUNDS OVERSUBSCRIBED

CHICAGO, Feb. 14.—Funds for the new \$10,000,000 farm relief corporation organized at a conference with President Coolidge February 4 were heavily subscribed when bankers met with Secretary of Commerce Hoover here today.

### RELEASED ON BOND

NEW YORK, Feb. 14.—Claude F. Bossie, deposed city clerk of Omaha, Neb., today secured his release from custody on \$2,500 bond pending hearing of charges filed in Kansas City accusing him of violation of the Mann act.

## VANDERLIP, N. Y. FINANCIER, DOES NOT GET CHANCE TO PRESENT TESTIMONY TODAY

Banker Ready to Go On Stand But Committee Hears Other Evidence; Newspaper Owner Tells About 'Deal' Over Teapot Dome

WASHINGTON, Feb. 14.—Sensation followed sensation in the oil lease investigation today. Interest centered in the report that a million dollar slush fund had been sent to the national capital by Sinclair oil interests for the purpose of "influencing" persons in high standing in the council of both major political parties.  
Frank A. Vanderlip, New York financier, who made sensational insinuations concerning the sale of the Marion Star by the late President Harding, did not get a chance today to tell the Senate oil investigating committee what lay behind his veiled charges.

Vanderlip sat all day in the committee room, listening to sensational testimony offered by John C. Shaffer, western newspaper owner; E. C. Finney, assistant secretary of the interior under Fall, and others, and then was informed by the committee it would be impossible to hear him until tomorrow. He was instructed to stay in Washington.  
**Did Not Remember**  
Shaffer, under questioning, said he did not remember what had been the policy of his newspaper on the lease.  
Assistant Secretary of Interior E. C. Finney, to whom Shaffer wrote in April, 1922, that "Mr. Fall had arranged with Sinclair for some acreage in Teapot Dome, for me personally," was called to the stand following Shaffer's testimony.

Finney confirmed testimony by Shaffer that application had been made for Teapot land under conditions as stipulated by the publisher.  
Finney admitted he had held conferences with Oscar Sutro, counsel for the Standard Oil company of California, about the validity of the Pear Harbor lease.  
"I disagreed with him and thought the contract would be null and void under the authority of the naval appropriation act of June 4, 1920," Finney said, "and I still think so."

### Mrs. Ralph Pulitzer Brings Divorce Action

PARIS, Feb. 14.—Mrs. Ralph Pulitzer, wife of the millionaire publisher of the New York Morning and Evening World, has filed suit for divorce in the Seine tribunal, it was learned this afternoon from an authorized source. Presumably it had been understood that a joint petition had been filed for mutual divorce.  
Under the French laws, divorce actions are kept secret upon the request of counsel representing the interested parties.

Pulitzer who is a son of the late Joseph Pulitzer of New York and St. Louis, was married to Miss Frederica Vanderbilt Webb of New York, in New York on October 14, 1905.  
At the offices of the New York World it was announced that Pulitzer is now in Paris and in his absence there is no one to discuss his personal affairs.

### Wife Is Found Slain, Police Hunt Husband

KELSO, Wash., Feb. 14.—The police are today searching for Elden Hutchinson, 25, a laborer, who has been missing since February 4, following the discovery last night of the nude body of his pretty 20-year-old wife, Olive, lying on a bed in their small home, brutally murdered.  
The murdered woman was found lying on the bed, her throat plainly showing the finger prints of the hand that had taken her life. An eight-penny nail had been driven into her head, and one wrist was slashed to the bone. No evidence of a struggle was to be seen. Several notes, written by Hutchinson were found in the room.

### OBJECTIONS IGNORED

WASHINGTON, Feb. 14.—Chairman Johnson of the House immigration committee, announced today that the objections of Secretary of State Hughes to the new selective immigration bill will cause no change in the determination of the committee to pass the legislation through Congress.  
"If you got \$92,500 for one-eighth interest in Pioneer, what became of the other \$260,000? Eight times \$92,500 is \$740,000 (Continued on page 7)"

### GRAFTED GLANDS WITHOUT LICENSE

Police and Medical Board in Probe of 'Specialists' Past History

SAN FRANCISCO, Feb. 14.—Charged with practicing medicine without a license, Francis Eugene Elmer was under arrest here while police and agents of the State Medical Board investigated his alleged career here as a "goat and monkey gland specialist," catering exclusively to women.

According to police, society women of the bay district paid Elmer as high as \$5,000 for rejuvenation operations. Women sleuths who secured elaborately engraved invitations they said, visited his luxurious apartments and obtained damaging evidence on which the specialist was arrested.  
The State Medical Board said a license was denied Elmer because of suspicions they held regarding his diploma from a Baltimore school and license from a Florida state board.

**SOCIAL EVENTS**

**Tells Betrothal**  
Miss Odell Cunningham was hostess today at an announcement party and luncheon at the home of her parents, Mr. and Mrs. E. W. Cunningham of 1333 North Louise street, when the engagement of Miss Harriett Cook, daughter of Mr. and Mrs. B. F. Cook of 639 North Orange street, and Hal Weeks of Los Angeles was formally announced.

Miss Cunningham had arranged the decorations for the occasion in a particularly attractive manner carrying out the Valentine motif. Arrangements of pink sweetpeas and carnations were artistically placed in the living room and the dining room had been transformed into a bower of pink loveliness. The luncheon table decorations were in pink with a low bowl of pink sweetpeas forming the centerpiece. The pink place cards were heart shaped with tiny cupid drawings in cream lace placed in the center of each. Pink satin ribbon streamers extended from the place cards to the centerpiece in which were hidden tiny hearts bearing the announcement of the engagement. At the end of the ribbon fastened to Miss Cook's place card was tied her engagement ring. The date for the wedding was announced but will take place some time in June.

Miss Cunningham presented each guest with a dainty heart shaped corsage bouquet of pink sweetpeas. At this time Miss Cook was presented with a lovely corsage bouquet of pink roses and sweetpeas from Mr. Weeks.

Covers were laid for Misses Helen Beach, Pearl Pollock, Marion Jones, Dorothy Haig, Marie Glenn, Mesdames Jack Jenkins, Francis Gordon, George Heaney, Raymond Harold, E. W. Cunningham, B. F. Cook, and the guest of honor, Miss Harriett Cook and Miss Odell Cunningham.

Miss Cook is a well known Glendale and a popular member of the younger social set. Mr. and Mrs. Cook were the former proprietors of Cook's Cafe on South Brand boulevard.

Mr. Weeks is a former resident of Rochelle, Ill. and now makes his home in Los Angeles. He is the son of Mrs. S. W. Weeks of Rochelle, Ill.

**Receives P. E. O.**  
The meeting of Chapter L. P. E. O., yesterday at the hospitable home of Mrs. Ed M. Lee, 345 North Belmont, was marked by the large attendance and a number of interesting features. Assisting hostesses were Mesdames William Ramsey, Gartfield Jones and Emma Burkett.

A large amount of business was disposed of during the morning session under the direction of the president of the chapter, Mrs. H. D. Goss.

Following luncheon, the program, in charge of Mrs. H. E. Bartlett, chairman of the year book committee, was opened by vocal numbers, "Do Not Go, My Love" (Hageman) and "On Wings of Night" (Watts) by Miss Isabel Isrig of Chapter L, accompanied with most sympathetic understanding by Mrs. Alice Ripley of chapter BA.

The members responded to roll call with topics assigned to them in the year book, covering the latest in current events, art, music, science and other topics of general interest.

The second group of songs, including "Wings With Wings" (Hahan), "The Year at the Spring" (Black) and "Ave Maria" (Schubert), by Miss Isrig, accompanied by Mrs. Ripley, was followed by a most clever account of her experience as the wife of an assemblyman by Mrs. Frank C. Weller.

The chapter was very glad to greet Mrs. A. C. Brown and Mrs. W. H. Dow, who have been absent a number of meetings on account of illness.

Guests of the chapter were Mrs. W. Beach, president, and Mrs. John A. Logan and Mrs. Hal Davenport, of Chapter AH; Mrs. Howard Lennox, Chapter AN; Mrs. B. D. Snudden, of South Pasadena chapter, and Mrs. Wilbur E. Lee.

**Bridge Luncheon**  
Miss Eva Brehme of 806 South Maryland avenue, was hostess yesterday at a daintily appointed Valentine luncheon entertaining the members of the Wednesday Afternoon club.

The rooms of the Brehme home were attractively decorated with Valentine motifs, carrying out a red and white color scheme. The table decorations were also carried out in the same tints. A large red crepe paper rose with a tall red candle in the center formed the centerpiece for the luncheon table. Red bon bon baskets and place cards bearing tiny Valentines marked the guest places.

The two course luncheon was served at 1 o'clock, followed by an afternoon of bridge. Mrs. H. G. Wendt was awarded first prize, Mrs. Kimball second, and Mrs. H. E. McCarty consolation. Mrs. Ray Engle assisted Miss Brehme in serving.

Those present included Mesdames G. H. Wendt, F. Clark, Kimball, L. C. Wolfe, C. Young, R. L. Young, J. A. Endicott, McClellan, T. J. Kelleher, H. E. McCarty, Ray Engle, A. G. Munn, and Miss Eva Brehme.

**Present Program**  
A program of unusual interest was presented Tuesday night at the studio of the Emerson School of Self-Expression by the students of the adult and junior departments of expression and also from the piano departments. Each number presented showed training had been adapted to conserve the individuality of each student.

The following program was presented: by Edmund Sawyer, impersario; "Little Study" (Schuman); Harriet Striker; "What Do You See When the Flag Goes By?" (Williams); Jean Elizabeth Haight; "Evening Bells" (Moore); "The Secret of the Brother's Secret," Kathryn Farnham; piano solo; "Merry Mood" (Moter); Eileen Gridley; "The Janitor's Child" Bernice Gardner; piano solo; "Jovial Gypsy" (Dutton); Frances Mactoliff; "The New Automobile" Vera Mercer; "The Bald-Headed Man," Charles Sawyer; "Minniet" (Bach) Thomas Sawyer; "Ah, Gee Whizz" (Guest); Helen Moorhead; "The Town of Don't You Worry," Margaret Lou Cory; "Happy Farmer" (Schuman); Edmund Sawyer; "It Couldn't Be Done" (Guest); Beth Moorish; Lincoln's address at Gettysburg, Mrs. Rhodes; "The Morning Call" Miss Walsh; "You Cook Better When You Smile," Mr. Leatherman.

Invitations have been issued to the students of the junior departments of the school to attend a St. Valentine's party to be given on Saturday afternoon, February 16.

**Elect Officers**  
At the meeting Tuesday night of the Rhoads club of the Glendale Presbyterian church, at the church officers were elected. The election followed the 6:30 o'clock supper.

Ramona French was elected president; Marie Krins, vice-president; Helen Stout, secretary; Annie Collingsworth, treasurer; Louise Daugherty, reporter.

Beginning Monday, February 18th, collect garbage Monday and Tuesday north of Kenneth road and west of Pacific twice a week.

**WHAT DOES THIS MEAN?**  
Jimmy Horne, well known Glendale film director, resident of Valley View road, produced "Blow Your Own Horn," playing today at the Glendale theatre. Now we wonder if there's anything in a name?

**Select Play**  
Selection of a play to be presented in the spring will be made tomorrow at the meeting of the Drama department of the Tuesday Afternoon club at the clubhouse. The meeting will be held at 2 o'clock in the tea room with Mrs. Max Lynn Green, curator, in charge.

Granville Sturgess, who has been engaged as coach, will be present and will review a collection of modern plays from which the club women are to select one for production.

Mrs. A. M. Hunt and Mrs. Roy Kent will be hostesses at the meeting.

**Masked Ball**  
There were seventy-five couples in attendance Tuesday night at the masked ball given by the Montecito club at the community center in Sparr Heights. Countless unique and colorful costumes, fine dance music and entertainment were features of this brilliant affair.

Two prizes were awarded for clever costumes, one going to a sweet, old-fashioned miss, gowned in the style of long ago, and another to Mr. Hicks, portraying George Washington.

**Speaks Friday**  
The Women's Foreign Missionary society will meet Friday night at Casa Verdugo Methodist church with Miss Helen Gilliland as speaker of the evening. She will show a series of pictures illustrative of her work in South America, where she spent several years under the board of missions.

Mrs. E. E. Masters, president, will be in charge.

**Church Dinner**  
In order to swell the treasury of the Broadway Methodist church, South, the church women are serving a supper tonight at 6:30 o'clock at the church. The affair has been arranged by the missionary society and reservations for the dinner are being taken by Mrs. G. R. Trueman at Glendale 1361-W.

**Women's Law Club**  
Glendale women interested in parliamentary procedure are invited to attend the Women's Parliamentary Law club meeting tomorrow morning, from 10 till 12 o'clock in the juvenile room at the public library. Mrs. Harry Greenwalt will be in charge and study and drill on subjects of interest will be given.

**Pythian Sisters**  
The regular meeting of the Pythian Sisters will be held tomorrow night, Friday, February 15, at the K. P. Hall, Park avenue and Brand boulevard. Mrs. Mabel King, most excellent chief, urges all members to be present, as the district deputy grand chief will be present.

**With Mrs. Moore**  
The aid society of the Central Avenue Methodist church were the guests of Mrs. Harry Moore on Tuesday at her home, 900 East Maple street. Mrs. Moore was assisted by Mrs. C. G. Sahlman. During the social hour refreshments were served by the hostesses in keeping with the patriotic season.

**EXPERT TEACHES**  
**ART OF COOKERY**  
All Glendale Women Invited to Demonstration at Russell-Pierce Co.

All doubt as to there being real art in cookery is banished when one has attended one of the classes being conducted in the home economics laboratory at the Russell-Pierce Furniture store, 1529-31 San Fernando road, by Miss Katherine Rathbone.

Miss Rathbone, who is an expert household economist of wide experience, is offering Glendale women a real opportunity in her classes, during which she combines discussion of cooking problems, demonstration of the preparation of all kinds of foods, and demonstration of the Dangler stove, manufactured by the American Stove company, and equipped with the Lorain heat meter.

All Women Invited  
The class meeting on Friday (tomorrow) in the afternoon from 2 till 4:30 o'clock will be devoted to the making of hot orange biscuits and peanut butter rolls. Miss Rathbone will talk on the recipes and then demonstrate how they are made.

All Glendale women are invited to attend these popular classes, and those attending are urged to bring note books, in which they may jot down the valuable hints on cookery given during the lecture and demonstration.

**Bakes White Cake**  
This afternoon Miss Rathbone demonstrated making white nut loaf cake. She gave the following recipe: One and one-half cups sugar, one-half cup shortening, three-fourths cup cold water, two and one-half cups flour measured after sifting, four egg whites, four level teaspoons baking powder, one-half teaspoon vanilla, 1 cup chopped walnuts.

Cream sugar and shortening, add water and half of flour alternately, then nuts flour, add remainder of flour sifted with baking powder and last egg whites beaten stiff. Bake in loaf tin in Lorain regulated oven for one hour, starting at 300 degrees and gradually increasing to 350 degrees.

Frost with orange frosting made as follows: One egg white unwhipped, one and one-half cups powdered sugar, four teaspoons melted butter, one teaspoon grated orange rind, two teaspoons orange juice. Note: Start cake with low oven.

**PHILANTHROPIST DEAD**  
SANTA BARBARA, Feb. 14.—Ending a life devoted to charitable enterprises in the city in which he lived, Clarence A. Black, well known philanthropist, nationally known through his connection with the Cadillac company, and financially prominent in Seattle, Detroit and other cities, died at his home here.

Mr. Black established his residence here several years ago. His huge donations to charity and his prominence soon made him one of the leading lights in the public eye. Through money contributed by Mr. Black the city of Santa Barbara mission here was restored and saved from ruin, it was said.

**Honor Lincoln**  
The program presented yesterday afternoon at the meeting of the American citizenship and legislation department of the Tuesday Afternoon club was given in memory of Abraham Lincoln, the anniversary of whose birth was February 12.

Compliments have been showered upon Mrs. L. B. Beach and Mrs. L. E. Richardson, who arranged the program which proved to be so interesting. Mrs. Richardson gave a review of the book, "Abraham Lincoln," by B. Whitlock, which gives a sketch of Lincoln's life. His Gettysburg address was also read, and his favorite poem, "O, Why Should the Spirit of Mortals Be Proud?"

Mrs. Beach gave several selections from "A Perfect Tribute," which also was greatly enjoyed.

The rest of the afternoon was devoted to reading clippings from newspapers and other periodicals of recent date along the lines of legislation. The orator, Miss Ida D. Myers, distributed these among the members, who in turn read them aloud. This was not only an interesting part of the program but very instructive.

MADRID, Feb. 14.—Friends of the Cuban writer, Constantine Suarez, are preparing to give him a banquet in honor of his investiture with the cross of naval merit.

**Residence Partially Destroyed By Fire**  
Fire, the cause of which is as yet undetermined, partially destroyed the residence of B. L. Shaw, 321 North Kenwood street, shortly after 7 o'clock last night. When the fire department arrived they found the fire scattered throughout the house, requiring strenuous efforts to control it and save the structure. The water loss is exceptionally heavy on this account. The roof was destroyed, although the furniture and other contents were saved. The loss is estimated by Albert C. Oliver, 628 East Broadway, the owner, at approximately \$500.

**Madame Josepe Kudlecka Is Speaker at Gathering of Travel Section**

"A New View Point of a New Old Country" was charmingly given yesterday morning before the travel department of the Tuesday Afternoon club at the clubhouse, by Madame Josepe Kudlecka, an American of Polish birth, who is known internationally for her service in her native country with the Red Cross and Young Women's Christian Association.

Mrs. Mabel Franklin Ocker, curator of the department, was most happy to present Madame Kudlecka to the club women and the following report has been given of her talk by one of those attending:

"Mrs. Josepe Kudlecka in a very pleasing, forceful manner carried her audience through the depths of the poverty and suffering during the war. Through it all, one glimpsed the sacrifices of the mothers for their undernourished children, the Christian spirit shown even for the Polish captors by the Polish soldiers, that has set a high mark for the Christians throughout the world, be it Catholic or Protestant.

**Noted for Artists**  
"For Poland, the old, but new country, that so far back as the thirteenth and fourteenth centuries, was a federated state with equal laws in religion and politics—liberty for all its people. We owe to Poland many foremost artists.

"Warsaw Mrs. Josepe Kudlecka found a duplicate of Paris (if not so great) in its cosmopolitan people. Learning so desired that all classes are hungry for knowledge and people all conditions crowded the book stores. Krakow, a city of Poland with its castles and cathedrals stored with the finest works of art, silver and wood were inspired by Wils Waszy in the fifteenth century.

"The speaker dwelt upon the patriots of Poland, T. Kascinjka and C. Pulaski, whom America honors for their brotherhood in the days of Washington.

**Children Poite**  
"Mrs. Kudlecka visited Zokopane, where the beautiful landscape called "Marska" (eyes of the sea) nestles near the sky and is never frozen over.

"She made special mention of the politeness of the Polish children.

"Love, music and art is the Polish people's theme. Copernicus was our Polish Chopin. Paderewski gave to Krakow a wonderful monument of Jagiell in honor of victory for the honors won by the Pole in 1610. Paderewski is looked upon by his country as a wonderful artist, sensitive and loving to his people."

**SHOWS BASIS FOR ACCOMPLISHMENT**  
Evangelist Says God Respects Man's Personality In Deciding Course

Rev. W. H. Kerr, evangelist, delivered the sermon last night at the revival service which was conducted at the First Methodist church. The meeting was opened with a song service when the Kerr brothers gave another of their duet numbers.

The topic for the sermon chosen by Rev. Kerr was, "Think on These Things." He said, "Some things God does for us, other things we must do for ourselves, if they are ever done. Also there are some things that we ought to do for our fellowmen. The church would be better, and the community would be better if we would all be better if we acted on the principle that no man liveth to himself alone. For the scripture hath said, 'As we have opportunity let us do good unto all men especially those of the household of faith.' One good thing that God does for us is to let us live and serve. Every good and perfect gift cometh down from the Father of Light with whom there is no variableness or shadowing of turning."

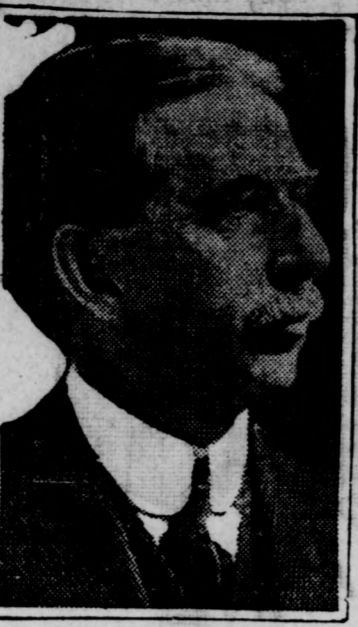

"God does not think for us, act for us, choose for us or decide for us. We each have a personality that God respects and will not intrude upon. No great work has ever been accomplished without thought. Cyrus W. Field thought and the great Atlantic cable was laid. James Watt thought, and the power of steam was brought into use. Edison thought, and the electric light shone forth. The Wright brothers thought, and the flying machine circled the sky. Great artists first conceived the thought and then transferred it to the canvas.

"We are given power to think but the apostle exhorts us to have uplifting thoughts. 'Finally, brethren, whatsoever things are true, whatsoever things are lovely, whatsoever things are of good report, if there be any virtue and if there be any praise, think on these things.'"

The topic of the sermon to be delivered at the church tonight will be "The Greatest Worker in the World." The service attending the service tonight is sure to receive a special benefit from the sermon. A song service and special musical numbers will be given during the first part of the service.

**P. T. A. PLANS FOR BIRTHDAY PARTY**

**Anniversary Celebration to Be Staged Friday in Old High School**

Glendale will be the scene tomorrow night of a birthday party of national-wide significance. It will be a local celebration of the twenty-seventh anniversary of the founding of the National Congress of Mothers and Parent-Teachers' Association, and will be held at the Harvard Street High school at 8 o'clock.

Honored speakers at this founders' day celebration will be Judge Ira F. Thompson of Los Angeles, whose subject will be: "Some Things That Constitute True Patriotism;" and Mrs. A. A. Barton, member of the Glendale city board of education and past chairman of the Glendale Mutual Benefit Reading Circle, whose subject is announced as "Founders' Day and the Aims of the P. T. A."

**Candles on Cake**  
Mrs. H. V. Henry, program chairman of the Glendale Federation of Parent-Teachers' associations, has arranged the birthday party, and she announces that one of the features will be the lighting of twenty-seven candles on a huge cake. Richardson D. White, superintendent of Glendale schools, and George U. Moyses, principal of the Glendale Union High school, will light the candles and make a wish for Parent-Teachers' association work.

Past presidents of the Glendale Federation will be honored guests and presidents of the various associations will act as hostesses. There will be no admission fee, but a silver offering will be taken for the extension fund. All persons interested in child welfare, and all members of the Parent-Teachers' association are invited to attend.

**BAPTISTS START ATWATER CHURCH**

**New Congregation Formed at Organization Meeting Held Last Night**

Glendale church people, particularly the Baptists, will be interested in the report of the completed organization last night of the new Atwater Park Baptist church, located at the corner of Tyburn and Perilla streets.

There were 100 people, who live in Atwater Park district, in attendance at the meeting last night in the new church building. Over fifty names were secured last night to form the charter membership of the church.

The meeting was in charge of Rev. Ernest A. Main, representing the Los Angeles Baptist City Mission society, while the superintendent, Dr. J. B. Fox, is absent in Chicago. Rev. Ernest E. Ford of the First Baptist church in Glendale and Rev. C. R. Carter of Los Angeles were also present and spoke.

**Large Bible Class**  
One unit of the new church organization that is growing rapidly is the Bible school, which has 200 persons enrolled.

Rev. Main is in charge of the work at the church. He has wide experience in organization, having helped to organize five other churches. He comes from St. Louis, Mo., where he was pastor of a large church for many years. Recently he has been in Burbank in church work.

**IDENTIFIED AS BANDITS**  
LETHBRIDGE, Alberta, Feb. 14.—J. J. Reid and Jimmy Wilson, in jail at Great Falls, Mont., have been identified here, following receipt of photographs and Bertillon measurements, as two of the bandit gang who robbed the Alberta branch of the Union bank here last August. The gang escaped with \$123,000. Extradition proceedings are under way.

**STUDENTS STAND HIGH IN GRADES**

**Oxy Faculty Praise Pupils for Marked Advance in Scholarship**

The annual scholarship assembly was held at Occidental college yesterday morning during the chapel hour. Bishop Stevens gave the address of the occasion. He spoke on the subject, "Whether Educational Process of Reasoning Is Being Sufficiently Aimed at Some Particular Goal."

At this assembly, Dean Thomas G. Burt, dean of men, announced the scholarship statistics for the first semester of the present college year. The report showed a great advance in the scholarship of the students. All students who make an average of 1.3 for the entire course receive first honors. Those who average 1.6 or better are awarded second honors. Last year but one student made a satisfactory average entitling him to first honors, while this year twenty-five students qualified for scholarship standing in this group.

Two boys, Philip Ellsworth, a senior, and Robert Stevenson, a Junior, won distinction for having made the highest grade possible in every one of their subjects. Each made reports of "one" in all courses for the past semester. Dean Burt read the list of honor students before the student body. He commended the students for their high scholarship average. The highest students made grades of 1 in all subjects but one, which is a greater reward than first honors. Last year only two students were on this list.

**Five Are Honored**  
Every semester four seniors are elected to become members of the Occidental College Honor society. As there was a tie between two candidates for the fourth membership it was decided to admit five students this term. They are chosen for their scholarship in the Halls of Education. The five new members of the Honor society are Kathryn Meese, Isabel Corbet, Edward Jones, Thurston Harshman and Philip Ellsworth. Of the last three named, the first is forensic manager, the second is editor-in-chief of the "Occidental" student publication and the third is captain of the varsity track team; showing that students can take an active part in student activities and still do excellent class work.

At the scholarship assembly each year, the valedictorian and salutatorian are announced. This year Edward Jones is to be the valedictorian for the senior class of 1924 and Miss Kathryn Meese is to be salutatorian. These two students have been chosen by Dean Burt after very careful consideration of their scholarship record for the entire four years.

The Occidental college scholarship standards are very high. The marked improvement over the last reports is evidence of the increase in the standards of the institution. These reports show the work of the students themselves and their relative standing compared with that of their associates. Competition becomes keen and each student does his best to beat his friends, and so obtain distinction.

**List of Honors**  
Following is the list of honors awarded the first semester: All 1's, Robert Stevenson, Phil Ellsworth. All 1's but one, Herbert Doran, Ernest Galarza, Guy Wadsworth, Neva Allison, Ruth Gustafson, Marchant King, Alva McClain, Mary K. Moore, Isabel Corbet, Ernest Giffen, Bernice Jones, Edward Jones, Kathryn Meese. Those who received first honors are Dorothy Bevis, Marian Blasingham, Annette Chapman, Jean Crawford, Herbert Doran, Ernest Galarza, Francis Henshaw, Ruby McDonald, Shizona Tanaka, Guy Wadsworth, Neva Allison, Ruth Gustafson, Marchant King, Mary K. McInnis, Alva McClain, Mary K. Moore, Robert Stevenson, Mildred Zellhoefer, Isabel Corbet, M. Crawford, Phil Ellsworth, Ernest Giffen, Bernice Jones, Edward Jones, Kathryn Meese.

Those who received second honors are Allen Mitchell, Edward Baech, Ewing Bone, Earl Cady, Evelyn Clarke, Stanley Evans, David Folts, George Fontaine, Cyril Gloyn, Margaret Glunz, Beatrice Kizer, Elizabeth Lesh, Lorraine Phillips, Louise Pritchett, Ethel Ritchie, Fred Whipple, Edwin Chandler, Lorraine Fuller, Hazel Garrison, Lucy Lowman Elinore Lytle, Annie McCunn, Mrs. Sutherland, Margaret Wallace, Lauretta Wheat, H. Bohland Elms Pinnell, Harriett Gunn Helen Hodges, Charles Homan, Ethel Hunt, Virginia Kile, Mary Lindsey, Mary Sharp, Oella Lowman, Beth Dean, Doris Fowler, Thurston Harshman, M. MacPherson, Helen Pier, Ruby Robinson, Lois Tracy, Lillian Zellhoefer.

New members of the Occidental Honor society are Edward Jones, Kathryn Meese, Philip Ellsworth, Isabel Corbet, Thurston Harshman.

Valedictorian, Edward Jones; salutatorian, Kathryn Meese. Special students, all 1's, William Bonelli, Maude Oakes; all 1's but one, Cloyde Dalzell; first honors, William Bonelli, Cloyde Dalzell, Maude Oakes, Hazel Wright; second honors, Ruti Meier, Richard Reigart.

**Federal Troops Beat Sanchez Rebel Army**

MEXICO CITY, Feb. 14.—General Guadalupe Sanchez, with the remnants of his southern rebel army, numbering about 1,000 men, attacked Santa Lucrecia in the Isthmus of Tehuantepec but met with decisive defeat, says a dispatch from that front to War Secretary Francisco Serrano. The fighting began Tuesday afternoon, the federal garrison withstanding five assaults. A counter attack drove the rebels into disorderly flight.

**Council Will Confer With Local Banks Regarding Issuance Of Sewer Bonds**

The manager of each banking institution in Glendale will be asked to send a representative to confer and advise with the City Council at a meeting to be held at the City Hall, Wednesday, February 20, at 10 o'clock, relative to the issuance and sale of the sewer bonds voted at the election January 8.

The ordinance, which was offered recently by Councilman Sam Davis, was discussed this morning in committee of the whole, and the members of the council were of the opinion that the recommendations of these financial experts should be received before it was finally brought before them for adoption.

Such matters as the rate of interest to be specified, whether the bonds be issued in a series or in one block, and the dates of redemption will be gone into thoroughly with the bankers before the final draft of the ordinance is made by Ray L. Morrow, city attorney.

**Fairfield Resigns**  
Another chapter in the recent fire department investigation was written when the council accepted the resignation of Captain E. C. Fairfield from the force. In his letter of resignation he says: "Without going into the details of the recent unpleasantness in the fire department, feeling that you are familiar with all the conditions leading up to the same, and since I have not been discharged or been asked for my resignation by the chief of the fire department, and further feeling that my continuation in the department in any capacity under the present conditions would be unsatisfactory and very unpleasant for myself, I therefore tender my resignation to take effect the 21st day of February.

"I feel, in justice to myself, that this is the time to state emphatically that I do not feel that I was given an opportunity to present all the evidence in my defense, and I quit, feeling that I have been treated unfairly.

"Yours very truly,  
"E. C. FAIRFIELD."  
The resignation was accepted unanimously and without comment.

**More Traffic Officers**  
The council authorized the chief of police, John D. Fraser, to purchase four new motorcycles and the city attorney was instructed to draft an ordinance creating positions for four new motorcycle officers on the local force. The new men will be added at once, as the rapidly increasing population of the city demands more police protection constantly.

T. W. Watson, chairman of the committee appointed by the Chamber of Commerce to make recommendations to the council regarding the creation of a city planning commission as covered by the city charter, addressed the council strongly recommending that this step be taken. He suggested that there be five members appointed with power to vote, but that an auxiliary advisory committee of fifteen or twenty-one members also be appointed to make suggestions and co-ordinate the work being done in all sections of the city. The report was signed by V. B. Stone, T. W. Watson, Herman Nelson, D. J. Hanna and Arthur E. Hoare.

The council accepted his recommendations and instructed Ray L. Morrow, city attorney, to prepare the necessary ordinance.

**Order Street Lights**  
Ben S. Dupuy, engineer, was instructed to place street lights along the front of the Glendale avenue and Cerritos avenue schools on Glendale avenue and assess the cost of the same to the property owners, which is the city board of education. There has been some difficulty in the past in getting this work done, and the method was adopted by the council to make Glendale avenue uniform in its lighting from one end to the other.

Twenty-two residents in the northern part of the city presented a petition to the council protesting against the Glendale Laundry dumping waste water along the south side of the P. E. tracks. The matter was referred to V. B. Stone, city manager, and Ben S. Dupuy, city engineer, with power to act in adjusting the differences.

If the weather would just settle down one way or the other for a few days we might reach an amicable understanding with the furnace.—Rockford Republic.

## FRENCH AGE SPEED CLASSIC

### Antoine Mourre Training for Beverly Hills Event Over 250 Miles

In preparation for the February 24 Beverly Hills 250-mile speedway race, Antoine Mourre, French automobile manufacturer and speed demon, has begun to train for the classic. Daily Mourre works out in the gymnasium of the Los Angeles Athletic Club.

Mourre realizes it would be necessary for him to be in perfect condition for the grueling 250-mile grind, many laps of which will be turned at 120 miles an hour, or better. In commenting on his program the Frenchman said:

"During the years I have been associated with the automobile racing sport I found that often it is the man in the best physical condition who wins. On that account I intend to be in shape. I believe by training up until two or three days before the race I will be able to drive the entire distance without tiring."

### All-Round Athlete

Mourre is quite a record both as a French soldier and an athlete. He is a pole vaulter, broad jumper and high hurdler as well as a star rugby player, according to records received here from Paris.

He holds the French high hurdle record, negotiating the 120-yard "high" in 15 4-5 seconds. He has pole vaulted 3 meters and 65 centimeters. His broad jumping mark is 6 meters and 90 centimeters, 40 centimeters under the French record. He played half-back on the French All-Army rugby fifteen which met the American All-Army aggregation at the United States troops were stationed on the other side of the Atlantic.

### Fought In Air Force

Mourre holds a cavalry officer's commission, being a graduate of the French cavalry school of Saumur. He was one of the best horsemen in France, carrying the insignia of "Ecuyer," which corresponds to the "ace" of the air force.

On account of his knowledge of mechanics, shortly after the opening of the World War in 1914 he was transferred to the air forces, winning his wings. He was a combat pilot, having several "planes" to his credit.

Mourre expects to have his car out on the speedway early next week. It is being rushed to completion at Harry A. Miller's on Long Beach boulevard, and Miller promises to have it ready very shortly.

### Oxy Track Men Ready for Relay Carnival

The final tryouts for the A. A. U. relay carnival to be held at the Los Angeles Coliseum Saturday afternoon, February 23, will be held this Friday, February 15. All entries are now in the hands of the University of Southern California, who are managing the big meet. It is necessary for all contestants to be at the stadium on this date as no other tryouts will take place before the day of the affair.

Occidental college will send a crackback relay team over to vie for honors in the one-mile four-man relay event. Pinal has not definitely picked the team but the men he has in mind are probably Spangler, Captain Ellsworth, Pursel, Morey, Powers, Buxton.

All the conference colleges will take part, as well as University of Southern California and the Los Angeles Athletic club.

### Whittier Basketeers Swamp Oxy Athletes

Whittier college swamped the Occidental varsity basketball team 38 to 10 in a one-sided game. The weak Oxy boys have not recovered from their strenuous northern trip. The score stood 23 to 1 at the half. Eckles, Poet forward, made 23 points all alone, with Johns and Ranzona out of the game because of illness.

In the preliminary contest the Tiger peacocks defeated the Post Babes 21 to 17, with Captain Archer doing his stuff. The winning streak of the frosh continues and they look like conference winners.

### Stanford Cage Squad Heads Coast Tossers

LOS ANGELES, Feb. 14.—Stanford's basketball five were back to the lead in the Pacific Coast conference today with a score of three wins and two defeats, following their victory last night over the University of southern California.

Last night's game ended the series here between Stanford and U. S. C. The score was 31 to 23.

### ST. MARY'S BEATEN

OAKLAND, Feb. 14.—The record of the St. Mary's college nine was marred here when CIF Ireland's Independents took them in a 21-10 victory yesterday.

## WILD GOOSE CHASE LURED SPRINTER TO FAME

### Fleet Footed Olympic Athlete Raced For New Shoes

MUSKOGEE, Okla., Feb. 14.—Chasing a goose revealed, if it did not develop, the sprinting abilities of Loren Murchison, famous dash man, who next to Charles Paddock, the California flash, is considered the best entrant America has for the Olympic games at Paris this summer.

The story of how Murchison, then a lad of 13, first became famed for his sprinting ability, is being told around here by former schoolmates of the lad who remember him as he went to Sequoyah ward school here in 1912 and 1913.

It seems that in those days Murchison's father was a salesman for a "Blue Goose" make of shoe, which featured the well-known red-topped boots which formerly were the pride and joy of all tow-headed youngsters. And the favorite advertising stunt of the old man was to tie a blue ribbon around a goose's neck, turn him loose in front of a flock of kids and give the one who caught him a pair of the aforesaid red-topped shoes.

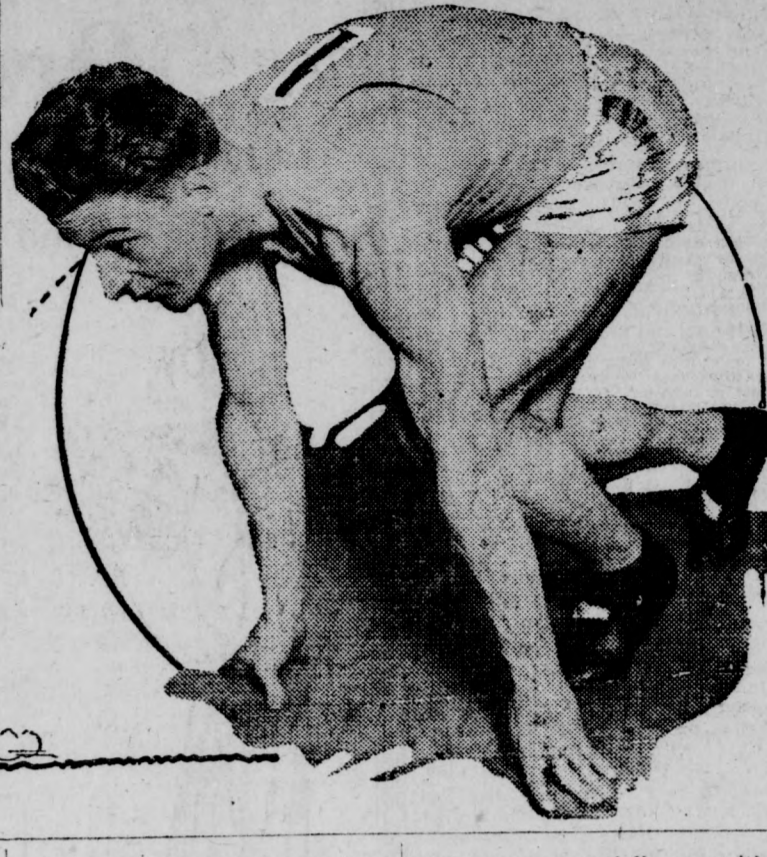

The goose chases were famous throughout the city, and became the biggest sporting event on regularly every Friday afternoon and the youngsters would shed their stockings and shoes and prepare to chase the goose.

It was not known whether or not Murchison, pere, found out his schoolmates of the lad who remember him as he went to Sequoyah ward school here in 1912 and 1913.

CHASE ME, KID I'M A PAIR OF SHOES

ened goose—especially one with a long running gear, and especially trained for his racing abilities, as was the one possessed by Murchison, Sr. While the noble bird had his wings clipped so he couldn't leave the ground, the gait which he moved could not by any stretch of imagination be called a waddle.

After leaving here, Murchison went to St. Louis and later to Chicago, and his latent sprinting ability was developed in athletic club competition there. Then for several years he was not heard from until the last Olympic games, when he was on the American team.

Recently word has been received by Fred Murchison, his cousin here, that Loren is to receive a large sum for a series of articles telling how he developed into a great runner and dope stories on the Olympics. But local friends of the fleet young man are betting he doesn't include the episode of the goose.

## BERLENBACH STAR AS MIDDLEWEIGHT

### Former Wrestler Retrieves Popularity of 'Near Heavy' Division

By MAX KASE For International News Service. NEW YORK, Feb. 14.—A pugilistic Moses, to lead the middleweight division out of the state of mediocrity and unpopularity of the regimes of Al McCoy, Mike O'Dowd, Johnny Wilson and Harry Greb, back into those favored days when Stanley Ketchel was cool of the roost, has been unearthed.

All fight fans revere a hitter, just as all the world loves a lover. And the destructiveness of his wallop accounts for the rise of young Paul Berlenbach, former Olympic wrestler, in one of the newest of pugilistic shining lights. Turning a wrestler into a fighter is not a new stunt. Frank Gotch tried it, and so did Doc Roller. For years the wise men of pugilism dolefully stroking their gray beards and shaking their thatches, have funereally pronounced such things could not be done. A wrestler, they would say, is muscle-bound. He has strength enough to hit, but cannot hit a moving object. Everything is against him. Look at Roller; look at Gotch. Every cloud has its lining; every statement has its exception. Berlenbach is the exception.

Scores 23 Knockouts Young Paul has twenty-three knockouts to his credit. That is enough to attest to his knockout power. However, twenty-two of the knockouts—consecutive, by the way—were just pulverized. Every harmless Kid Goofus and Benning Sap was utilized to give the lad experience. But the twenty-third knockout—that was the real tipoff as to the merits of the latest sensation.

Frank Carbone was selected as the twenty-third opponent of Mr. Berlenbach. Carbone is a boxer nor a Jack Dempsey as a hitter. But solid smashes have slid off his jaw in his honorable ring career of some one hundred and fifty fights with the same facility and grace that water is supposed to shed from a duck's back. In all of his bouts he had not been knocked out, despite the fact that he had met some of the hardest hitters in the middleweight division. Five middleweight champions—George Chip, Al McCoy, Mike O'Dowd, Johnny Wilson and Harry Greb—were included in the lot who attempted to make Frank gaze at them from a reclining position. But Carbone traded leather unmindful of punches and was always on his feet—until the Berlenbach joust. Paul put him away in six rounds.

Berlenbach displays a natural aptitude for hitting, just as a miller shows himself at home in the water. In socking he is not unlike Dempsey; once they are hit they are hurt. But whether he can take it, and then come back for more, is the moot question. Thus far he has not been called on to take it. Punching power is not supposed to be a drawback, and practically all of Berlenbach's victories have been over that variety of batter.

Another fly in the ointment, Berlenbach, only 23, and not yet having attained full growth, is adding weight daily. At present he is a heavy middleweight, and a light heavyweight. Making the middleweight limit is a hardship for Berlenbach, but he can make it if necessary.

"The only man Paul will make weight for is Harry Greb and then for the middleweight championship," Dan Hickey, Berlenbach's mentor, says.

## CHICAGO U NEEDS ATHLETIC TALENT

### So Does Northwestern, It Would Appear After Reading Reports

By KENNETH HARRIS, For International News Service. CHICAGO, Feb. 14.—With only a small portion of their student body grouped in the stellar caliber class, neither Chicago nor Northwestern universities are expected to shatter any athletic records in Big Ten circles during 1924, in the opinion of those familiar with sporting events in scholastic circles hereabouts. In fact, coaches of the various groups which will vie for highest honors upon the track, gridiron, diamond, basketball court and those who compete in other sporting activities are anything but optimistic when conversation veers toward the outlook of their proteges this year.

Although many Northwestern youths have responded to Coach Hickey's call for volunteers for track work he is of the opinion that as most of them were just beginning to become really interested in athletics Northwestern would be more than fortunate if they broke even in middle-distance running, the relay events, the shot, pole vaulting, and other track-and-field events, as several of the conference schools will have some very formidable entrants.

Top Notch Vaulteur R. G. Bouschor, a southern Illinois lad, has shown quite a bit of promise of developing into a top-notch pole vaulter. On several occasions since Christmas he has cleared the bar at 12 feet. Bouschor, however, suffered an attack of a gripe recently and has slumped somewhat.

M. A. Kemp, who has been whipping the Purple basketball team into shape, attributed their poor showing in recent clashes to the smallness of stature of his youngsters. They are rounding out to form now, however, and Coach Kemp believes they will be far from the cellar position when the season is concluded.

Going to Kansas Coach Hill said that a large contingent of the Purple athletes probably will be sent to the Kansas relays billed for April 17 and 18 and that it had been definitely decided Northwestern would participate in the Drake relays at Des Moines, Ia., April 25 and 26.

From the quarters of A. A. Stagg, Chicago University's veteran athletic coach, come rumors to the effect that Dr. Monlaur, a recent acquisition to the Midway School's coaching ranks, has injected heaps of pep into the track men. The sprint men, middle-distance runners, pole vaulters and the weight heavers are practicing with unusual vim and, in the opinion of the experts, are on edge for the toughest competition the Big Ten can offer.

## GLENDALIAN AIDS SPEEDWAY KINGS

### De Palma's Victories Laid to Winfield Carburetor, Local Product

The numerous and clear-cut victories of Ralph De Palma, the speed king, at the Ascot track last Sunday, have been attributed by his opponents not to his superior driving ability, but to a new carburetor which Eddie Winfield of Glendale installed on his racing car.

The Winfield carburetor, a purely Glendale product, is installed on many of America's high-powered racing cars, and many drivers are clamoring for the expert services of the Glendale man.

Winfield, an ex-driver himself, brought the first-hand knowledge he gained on the racing tracks into the manufacturing end of the business, and his factory at 114 South Maryland street is working overtime.

## CHOPPERS CROWD H. S. WEBB STORE

### Advertises Exclusively With Glendale Evening News, Gets Big Results

The H. S. Webb store on North Brand boulevard, near Wilson avenue, had an excellent opportunity today to demonstrate by the various attractive "Dollar Day" offerings that the Webb advertisements appearing exclusively in The Glendale Evening News are genuine in their announcements. Nearly 300 people were in front of the store awaiting its opening.

The fact proven by the number of Glendalians who crowded the store upon opening this morning, is that Glendale people read The Glendale Evening News, Glendale's own newspaper.

In last night's edition of The Glendale Evening News there appeared an exclusive advertisement telling of the many "Dollar Day" offerings in the various departments of the Webb store for today.

This advertisement brought out hundreds of shoppers at an early hour this morning, and by 9 o'clock, the time for the opening of the store, the entrance and sidewalk were thronged with men and women eager to take advantage of the sales features within.

The doors opened, the crowd hurried within, upstairs and down to find just the wanted things at special prices.

It was particularly gratifying to those who had responded to the Webb advertisement in last night's issue of The Glendale Evening News that the various articles were just as advertised and that what one got for one dollar was really a "Dollar Day" feature.

## JAIL CAR DRIVER IN GIRL'S DEATH

### Man Being Held Pending Complete Investigation of Fatal Crash

(Continued from page 1) The children who were to have taken part are too upset by the tragic death of their playmate to perform reports Mrs. R. L. Young, president of the association. There will be a brief meeting at 2 o'clock this afternoon in the schoolhouse of the executive board, she states.

A coroner's inquest will be held over the body of little Ramona Aney at 9:30 o'clock tomorrow morning, Friday, February 15, in the L. G. Seavern Undertaking parlors with Coroner Frank A. Manze in charge and a jury of local residents picked by the Glendale police department.

The sheriff's office reports that Benton is being held on suspicion of manslaughter and will not be given bail until after the coroner's jury has made known its findings.

Driver Breaks Down Taken to Glendale police headquarters following the accident, interrogation disclosed that William H. Benton is an orphan 20 years old. He broke down and was unable to answer questions. As the accident occurred in Casa Verdugo, which is in Los Angeles county, but outside the Glendale city limits, he was turned over to the county sheriff and the county coroner notified.

The body is now at the L. G. Seavern undertaking parlors, where it will be held pending a probable coroner's inquest. It was reported this morning that no funeral arrangements have yet been made, the family being too prostrated with grief by the sudden tragedy to make any move.

## NO RACE WITH U. S.

MONTREAL, Feb. 14.—Captain Joseph Bernier, who is in London completing arrangements for a polar expedition for the Canadian government, was quoted in cables from London as denying his expedition is designed to forestall the United States expedition with the dirigible ZR-1.

## CAR PLANT BURNS

SEATTLE, Feb. 14.—Fire late yesterday swept the plant of the American Car company with a loss of \$25,000. Jess Norris, a foreman, was seriously burned and rushed to a hospital.

## Sport Sparks

By LES CONKLIN For International News Service. Big league star is suffering from water on the knee. His wife makes him get down on the kitchen floor every morning and scrub.

French boxers have abandoned practice of kissing, but it is expected that English champs will continue to smack the resin.

## High School Tossers Will Battle Covina

Battling for a chance for the Central League pennant, the Glendale 130-pound basketball team sweeps into action against the Covina five this afternoon on the latter's court. In case the locals win, they will be tied for first place in the league with Alhambra and South Pasadena.

Although the Covina middleweights have no mention on our standing showing so far, they have a smooth working team, and one that will keep the Red and Black quintet on the jump every moment. The line-up will probably be: Lovell and Stearnman (forwards); Neel, center; Muff (captain) and Alvord, guards.

The 100-pound teams of both schools will clash in between the halves of the midget fracas. The probable line-up: Smith and Steele, forwards; Mitchell, center; Harris and Apsit, guards.

## Classmates Mourn

Ramona Aney was a pupil in the third grade at the Central avenue school and her death has spread a pall of gloom over her classmates and teachers alike, while residents of the district are shocked and indignant that such an accident should occur right in front of the schoolhouse, where unusual caution is expected of all drivers. They claim the operator of the truck, was driving the vehicle at excessive speed.

Benton, on the other hand, maintains he was not driving excessively fast. He was going north on Central avenue at the time, he told the officers, and immediately in front of the schoolhouse saw a group of children standing together on the sidewalk. He declares that without warning the Aney child dashed into the street. It was impossible, he declares, for him to avoid hitting her.

Ira T. Aney, father of Ramona Aney, is employed by the Pacific Electric Railway company as head switchman of the Glendale line.

## ACCUSED BY GIRL

LOS ANGELES, Feb. 14.—A formal complaint was to be sworn to at the district attorney's office by police officers against Earle Reading 22, a salesman, arrested after it is alleged, he attempted to attack a 16 year old school girl, it was announced at central police station.

Following his arrest, Reading, it is alleged by the police officers was positively identified by the girl and another witness as the man who the girl declared attempted to attack her near City Terrace.

The attempted attack is said to have taken place last Friday after Reading is claimed to have induced the girl to enter his automobile.

## GERMANY SENDS REGRET

NEW YORK, Feb. 14.—Assurances of the regret of the German people over the failure of the German embassy at Washington to half mast its flag upon receiving word of the death of former President Wilson, is contained in a cablegram from President Ebert to Major-General Henry T. Allen, chairman of the American committee for the relief of German children, made public late yesterday.

## POSSE IN SEARCH HERE FOR BANDIT

### Officers Expect to Gain Fame in Glendale By Capturing Robber

(Continued from page 1) The Coles had moved to 131 South Jackson. On with the chase.

Dinner Is Interrupted Arriving at the Jackson street address, they surrounded the house, drew their guns, and assaulted the stronghold of the bandits.

It happens that B. O. Cole and his brother Lawrence, who are both bachelors, live with their parents, who, at the time, however, were visiting in Chico. Imagine B. O.'s surprise as he was eating dinner alone to see four heavily-armed men step through the doors and command him to "Throw up your hands." He complied immediately.

He became so excited that he could hardly answer any of the officers' questions. He was particularly confused as to his whereabouts on the day of the bank robbery in question. The officers were about to place the handcuffs on him and take him to the county jail when his younger brother, Lawrence, drove up, as they also do in the movies, and saved the day.

Produce 'The Papers' The other brother, John D. Cole, desk sergeant at local police headquarters, was communicated with, and together with the fact that the bill of sale for his brother's car was dated three days' previous to the bank robbery all the Coles were allowed to finish their evening meal.

Unfortunately the reporter must give facts as they are, otherwise a very interesting feminine element might be incorporated in the tale. The principals in the affair were the first to have the matter given much publicity, but figured that, as the neighbors had seen the deputies surrounding the house with guns in their hands and knives clinched between their teeth, ready for a battle to the death, some sort of an explanation was due them.

## Scioti Will Join in Orange Show Program

Advices that have been received from officials of the National Orange Show that opens at San Bernardino tomorrow, February 15, state that the Scioti will be present at the show on Saturday, February 23, which has been set aside as Glendale Day.

The Glendale Pyramid, it is stated, is planning to take along the prize-winning band, and that organization, as well as the crowd of Glendalians who are planning to attend on Saturday, will advise this city before all the visitors at the show.

A delegation from the Chamber of Commerce will also attend the Orange Show that day, their cars being decorated with banners boasting Glendale.

## Will Attend Meet of Commerce Secretaries

Secretary E. F. Sanders of the Glendale Chamber of Commerce will attend the monthly meeting of the Association of Southern Commercial Secretaries which is to be held at San Bernardino on Saturday. Following the sessions of the association the secretaries will visit the National Orange Show which is scheduled to deliver an address.

## BRIDGE COLLAPSES

VANCOUVER, B. C., Feb. 14.—Collapsing after the engine and tender of Canadian National Transcontinental train No. 2, which left Vancouver at 9:25 Monday night, had passed safely over a bridge over a swollen creek near Chilliwack, B. C., gave way and precipitated the baggage and express cars and first colonist car of the train into the raging torrent below.

More or less serious injury was sustained by eighteen employes and five passengers. The more seriously injured are Thomas Scott of Hope, Conductor Hartford, Thomas King and Alex Coultter, all of Vancouver.

## MEMORIAL TO HARDING

WASHINGTON, Feb. 14.—The memorial resolution dedicated to Warren C. Harding adopted by the great council of California of the Improved Order of Red Men, at its annual convention at Nevada City, will be presented to Mrs. Harding at 5 p. m. next Friday. Senator Shortridge of California will bear the resolution to Mrs. Harding. He will be accompanied by an honor committee composed of Senator Hiram W. Johnson and Congressman Julius Kahn, Clarence F. Lea and Harry E. Barbour, all of California.

## TONG LEADERS TO MEET

FRESNO, Feb. 14.—With the object of stilling forever the intense rivalry and hatred among Chinese tongmen, resulting in bitter tong wars, 200 tong leaders from eighty-one cities in the United States will meet in Fresno the latter part of March. Yick Fun, secretary of a Chinese society here, said today.

EAGLE ROCK PLAIN TO INSTALL TELEPHONE CABLE

Many New Subscriptions for Instruments Received from Residents

Motorists and pedestrians who have seen along Colorado boulevard the giant spools of the Pacific Telephone and Telegraph company are right in their surmise that the long-awaited cable additions are to be laid.

The cable contains 300 lines and is to be strung from the Garfield station. It will provide for approximately 1000 additional phones in this district, officials of the company state.

Many residents of Eagle Rock are visiting the downtown office, prepared to spend the day necessary to get a phone and it appears that the "Hello" girls of the Garfield exchange will have more plugging in to do in the near future.

Begin Registration In view of the fact that the new city charter will be presented to the people of Los Angeles at the polls on May 6, it is urged by civic organizations throughout the city that there be a heavy registration.

Mrs. J. C. Retter, acting as registrar of voters at the local City Hall on Colorado boulevard, reports that registrations are not coming in as fast as they should if a 100 per cent showing is to be had in this community.

This registration includes all who desire to vote, at the polls, calling attention to the fact that whereas Eagle Rock formerly had but five precincts, it now has nine, according to a map in her office, which all prospective voters would do well to examine.

Registrations opened Monday, February 11, at the local City Hall, and are being conducted daily by Mrs. Retter, from 8:30 until 5 o'clock, except Saturdays, when the office closes at 12 o'clock. Special registration will be conducted later, for working people, it is stated.

Pleasing Program Today Mrs. J. C. Urquhart, president of the California Federation of Women's clubs, spoke this afternoon at the Women's Twentieth Century club meeting on "Seeking Our Heart's Desire," proving herself a fascinating speaker and delivering a message that left a lasting impression.

At the 1 o'clock luncheon Mrs. J. C. Kraus rendered several charming vocal selections, accompanied by Mrs. A. R. Rose, who was in charge of the program. Mrs. Kraus is a pupil of Earl Houk, the blind baritone, who makes his home in Eagle Rock.

The fire which last Tuesday caused the destruction of Mrs. Georgia N. Henthorne's garage and automobile at 5287 North College View avenue, resulting in damage amounting to \$2000, appears to have been caused by defective wiring, Mrs. Henthorne reports that she carried insurance only in the sum of \$100.

Plan to Carry Fight Clear to Washington FRESNO, Feb. 14.—Steps are being taken here to carry the fight to Washington, D. C., the fight of San Joaquin valley irrigators to have Kings river watershed excluded from proposed enlargement of Sequoia national park.

Friday afternoon at a meeting of the Pine Plains water conservation district executive committee, the representative would result in bringing millions of acres of land in agriculture productivity and add to the wealth of seven states.

ACCUSED BY BISHOPS NEW YORK, Feb. 14.—Rumors of a new war in the Protestant Episcopal church were seen in the filing of heresy charges against the Aight Rev. William Montgomery Brown of Galion, Ohio, former bishop of Arkansas and member of the house of bishops of the church. The charges, it was revealed, were made by Bishops A. C. A. Hall of Vermont, Joseph M. Francis of Indianapolis, and William L. Gravatt, of West Virginia. Bishop Francis is now in Los Angeles.

Theodore Schroeder, writer of books of religious topics, gave out an announcement of the charges against Bishop Brown, who said the charges were based on views expressed by the bishop in a book on "Communism and Christianity."

CAR AND TRUCK CRASH LOS ANGELES, Feb. 14.—Four persons, two men and two women, received serious injuries when a one-man street car crashed into a 24,000 pound loaded truck at Sixteenth street and Griffith avenue. The street car was completely wrecked. The injured persons were removed to the receiving hospital.

P.-T. A. Federation Favors Junior High, Increase For Library, More Postal Pay

By KATHERINE V. SINKS Of The Evening News Staff. Glendale Federation of Parent-Teachers' Associations went on record at the meeting yesterday afternoon in the Chamber of Commerce offices, as favoring a junior high school system for Glendale, as favoring an increase in the library facilities of Glendale, and as favoring an increase in the salaries of postal employes.

Mrs. E. B. Moore, president, presided over the meeting, attended by over thirty representatives from the various associations throughout the city and by a group of special guests and speakers.

These three matters upon which favorable action was unanimous were not discussed at length. However, it was decided that Mrs. A. H. Brown and Mrs. E. S. McKee draw up a resolution favoring the junior high school, to be presented tonight at the meeting of the High School Board of Trustees.

Talks on Legislation Early in the meeting Dr. Jessie A. Russell, past president of the federation, spoke on legislation of interest to the P.-T. A. members, stressing legislation against child labor; legislation providing for a department of education in the national government; and legislation providing compensation for disabled war veterans.

Dr. Russell spoke in her usual enthusiastic manner and was heartily applauded by her hearers. Mrs. C. H. Whitney, who was appointed at the last meeting as chairman of a committee to investigate possible candidates for election to the High School board, called attention to the fact that H. V. Brown, whose term is to expire, and George H. Bentley are the present candidates.

During the meeting Mrs. H. V. Henry was elected a member of the district nominating committee. Mrs. A. H. Brown was selected as alternate.

Tells of Boy Scouts Richardson D. White, superintendent of schools, was introduced by Mrs. Moore and after the Royal endorsement of Glendale Boy Scout activities, he presented Harvey R. Cheesman, local Scout executive, who told of plans for enlarging the Glendale Scout council. He told of the training institute to be held in March, a full account of which is found in another part of this issue of The Glendale Evening News.

C. R. Retter, secretary of the Broadway School Fathers' Auxiliary was also one of the speakers of the afternoon. He told of the activities of the Broadway school fathers and announced the big benefit affair to be given Tuesday night, March 4 by the organization.

Mrs. McKee reported that the federation realized \$41 from the benefit performances given by the Royal Stock company. She was authorized by the Federation to pay \$5 of this amount for a prize for the Colorado Street school, which sold the most tickets for the two performances.

Announcement was made that the Federation is to arrange a program to be given Thursday night, March 20, for Community Service. Mrs. H. V. Henry, program chairman, is in charge of the affair, and the program is to be made up of various features furnished by the Parent-Teachers associations.

Plan Founders' Night Mrs. Henry also announced the "Founders' Night" for Friday night of this week in the Harvard High school auditorium. The program will begin at 8 o'clock and Judge Iral Thompson of Los Angeles will be the honored guest and speaker. His subject will be "Some Things That Constitute True Patriotism."

Mrs. A. A. Barton, member of the Glendale city board of education, will be another speaker. Past presidents of the federation will be specially honored and there will be a big birthday cake bearing twenty-seven candles, one for each year of the existence of the Congress of Mothers.

Mrs. Anna Torrey, president of the Acacia Avenue Association, announced the luncheon Thursday February 28 honoring Mrs. Shelton Bissell, president of the first district. The luncheon will be at the Acacia Avenue club, and will be followed by an afternoon meeting from 2 till 4 o'clock at the Glendale Avenue Intermediate school.

Three Youths Admit Series of Robberies LOS ANGELES, Feb. 14.—Confessing to a series of holdups, two youths, both seventeen years old, were arrested yesterday by juvenile authorities. Another sixteen year old boy is said to have taken part in one hold-up. It was revealed, were made by Bishops A. C. A. Hall of Vermont, Joseph M. Francis of Indianapolis, and William L. Gravatt, of West Virginia. Bishop Francis is now in Los Angeles.

Theodore Schroeder, writer of books of religious topics, gave out an announcement of the charges against Bishop Brown, who said the charges were based on views expressed by the bishop in a book on "Communism and Christianity."

CAR AND TRUCK CRASH LOS ANGELES, Feb. 14.—Four persons, two men and two women, received serious injuries when a one-man street car crashed into a 24,000 pound loaded truck at Sixteenth street and Griffith avenue. The street car was completely wrecked. The injured persons were removed to the receiving hospital.

ACCUSED BY BISHOPS NEW YORK, Feb. 14.—Rumors of a new war in the Protestant Episcopal church were seen in the filing of heresy charges against the Aight Rev. William Montgomery Brown of Galion, Ohio, former bishop of Arkansas and member of the house of bishops of the church. The charges, it was revealed, were made by Bishops A. C. A. Hall of Vermont, Joseph M. Francis of Indianapolis, and William L. Gravatt, of West Virginia. Bishop Francis is now in Los Angeles.

BURBANK PRESERVATION OF TREES IS URGED

Fund to Acquire Library is Planned by Members of Women's Club

A program of tree preservation and acquisition of a public library for Burbank, launched some time back by the Business and Professional Women's club, is gaining headway. The club recently took advantage of an opportunity offered by the Chamber of Commerce to make suggestions for work that body should undertake, naming the tree and library projects.

It is believed that tree preservation and incidentally planting, can be accomplished by these two bodies co-operating with the City Trustees, while a public library fund could easily be started at a mass meeting called for the purpose.

Tonight the B. and P. Women's club will give a "Children's Party," as a Valentine day affair. The party has been postponed from January and is expected to prove a big success.

Big Shrine Affair Scores of Ancient Arabic Order Nobles of the Mystic Shrine gathered on Tuesday night at the Masonic hall on San Fernando boulevard, as guests of the Burbank Shrine club, which was organized on January 7 of this year and is affiliated with Al Malaikah temple of Los Angeles.

President W. G. Schmelzel presided. The next meeting will be held the second Tuesday in March. The general committee named by the Civic Betterment association comprises George A. Wals-ton, William Coryell and P. J. Moran. The association meets tonight, when it is expected that nomination, membership and publicity committees will be announced.

Increase S. P. Service Another fast train is now stopping at Burbank, states Arthur J. Richard, traveling passenger agent of the company. It is the "Sacramento," one of the crack trains of the service. Says Mr. Rehbold:

"Train No. 60, 'The Sacramento' will stop at Burbank to let off passengers from Stockton, Sacramento, and other northern points. This train carries through sleepers from Portland and Seattle. It arrives at Burbank at 7:27 a. m.

"Train No. 59, which is the northbound 'Sacramento' also stops at Burbank to take on passengers for Stockton, Sacramento, and other northern points. The northbound train has been stopping at Burbank for several months and passes here at 6:44 p. m."

Mojae Desert to Bloom SANTA BERNARDINO, Feb. 14.—The arid Mojae desert is to bloom like the rose, the California bond certification commission having approved issuance of \$2,150,000 of the \$5,000,000 of the Mojave River Irrigation District. Finances from sale of the bonds will be inured to construct a dam on the west fork of the river, nine miles east of Victorville, supplying irrigation water for 27,000 acres of land. Scores of homesteaders will be made wealthy by this project, which will transform a vast area into a Garden of Paradise, engineers say.

Urges Promotion of International Amity WASHINGTON, Feb. 14.—A new international conference was proposed in the senate yesterday afternoon by Senator King, Democrat, Utah.

King offered a resolution which would direct President Coolidge to invite the nations without exception to convene in a world conference here for the purpose of formulating a convention which shall promote international amity, reduce and restrict offensive armaments on land, on sea and in the air, and to "arrange for the settlement, pay and funding of international debts."

Besides, the conference would also be asked to "settle all questions affecting international and commercial relations and the peace of the world."

Eight in One Family Cause School Problem REDDING, Feb. 14.—When it came to creating a new school district on Cottonwood creek the family of A. S. Duncan proved to be the most important asset.

Duncan and his family of ten children, eight of whom are of school age live in the old Excelsior district. The supervisors were nonplused concerning the establishment of a district sufficiently populated to provide enough children of school age.

Finally the county officials shifted the boundaries of the Middle Fork district so as to take in the Duncan residence and the problem was solved.

Plead Not Guilty in Mail Theft Charges LOS ANGELES, Feb. 14.—Pleas of not guilty were entered yesterday by Charles Wheeler, postal clerk and J. P. Abernathy, a prominent churchman and reform worker, when they were arraigned in federal court on a charge of complicity in the \$25,000 robbery of Christmas mail at Anaheim. The trial date will be set on March 30.

FAVORS ALAMEDA BASE WASHINGTON, Feb. 14.—"Better no naval base at all in San Francisco Bay than a base at Mare Island," Rear Admiral Josiah S. McKee, commandant at that yard, declared emphatically yesterday before the House naval affairs committee, which is considering location of a base at Alameda.

"There would be no mistake made in locating the base at Alameda, but a big mistake in selecting Mare Island navy yard for a base," said the admiral.

COMMENT That's All

Checkers Now a Science Who Will Raise Vegetables? Are You Observing? Somebody Pays the Way

By Gil A. Cowan

Hundreds of checker players, particularly those who play at the Glendale Horseshoe club on West Broadway, will read with interest the comment made by the editor of the San Bernardino Sun which follows:

"There is a tragedy impending which the American people should face resolutely. Nothing can be done to avert it. Senatorial investigations, legislative enactments, and even local ordinances will not wash out one word of the tragedy nor lighten the dismal consequences in store for us. The one avenue is open but that of puncture-proof, non-skid resolution stoically to accept the inevitable.

"It seems that after running a course of normalcy for many centuries the honored game of checkers, favorite indoor sport of cracker-box philosophers in village stores, is nearing what is technically called the point of exhaustion. The game goes back almost to the beginning of civilization. The Egyptians, Greeks and Romans held it in high esteem as requiring profound mental efforts.

"But with the cracker-box philosophers came the beginning of the decline of checkers. The intensely analytical powers of the mind of this individual discovered that there is a certain combination of moves which will win the game as inevitably as the right combination opens a bank safe. If your opponent also knows these combinations, the game is almost sure to end in a draw. Thus, when some years ago an American and English champion played fifty games, forty-seven of them ended in draws.

"Now a game of checkers that is bound to end in a draw is no game at all. The real zest and heart have been taken out of it; it is merely a series of moves in which the players know from the start what each of the next two dozen moves is to be. And that's no game.

"Our intensely analytical minds have now reduced this game to a mere matter of mathematical calculation. We have had to make the selection of opening plays compulsory. The spirit of adventure has departed from checkers. We shall soon have to resort to lotto and dominoes for mental exhilaration."

"Who will raise the vegetables?" asks the editor of the Riverside Enterprise, commenting on the fact that the Japanese are leaving the land. He goes on to say:

"This inquiry is one that has puzzled people for a long time. The general reply is something like this: 'A white man will not do the mental sort of grubbing labor that seems to be necessary in growing vegetables. Is there something wrong in our agricultural education that does not prepare Americans for intensive growing of vegetables? Isn't it possible that the slow, plodding, infinite attention to cultural details by hand can be supplanted by scientific machine methods of Americans?'"

"If it is true that bunch vegetable products are rapidly advancing in price, it would appear that here is an excellent opportunity for the development of new vegetable growing industries by industrious men and women in such favored districts as Riverside."

Are you observing? It is St. Valentine's day. Also, it is Boy Scout week. Abraham Lincoln's birthday is just passed. George Washington's is next.

There is something to observe, somewhere, sometime, almost every day in the year. It keeps our memories in trim, if you please. Now, have you forgotten your valentine?

SEARCH FOR SWINDLER LOS ANGELES, Feb. 14.—Police today searched for Leo Koertz, Chicago super-swindler, who obtained \$10,000,000 in a fraudulent promotion scheme, on information that he had been traced here. It was disclosed that Koertz is believed to be somewhere in Southern California by the arrival here of Attorney Maurice Berkson of the Chicago Title & Trust company, receiver of the "Byano River Trust company," which was owned by the fugitive.

According to Attorney Berkson, Koertz will probably be found in a dance hall disguised as a woman.

DOPE BANDITS FOILED LOS ANGELES, Feb. 14.—Edward H. Penman, surgical nurse of the medical service corps at Santa Fe Springs reported to the sheriff's office that two men held him up with the declaration that they were looking for "dope." A woman seated in a nearby automobile, and evidently with the robbers, warned the bandits to be careful, Penman reported. Failing to find any narcotics the bandits took none of Penman's valuables.

The Shell Oil company service station at Fiftieth street and Santa Fe avenue was held up and robbed of \$30 by two negro bandits, it was reported at the Sheriff's office.

Dares President to Ask Nation's Verdict WASHINGTON, Feb. 14.—President Coolidge has been challenged by Senator Robinson, Democratic leader of the Senate, to "carry to the country" his defense of Secretary of the Navy Denby.

Replying to the president's New York address, Robinson declared Mr. Coolidge soon would be forced by public opinion not only to dismiss Denby but other public officials connected with the oil leases. Robinson said the president's power to reject advice from the Senate is undoubted, but warned that the executive's "responsibility is emphasized if he retains officers whose public declarations justify the conclusion they will throw every possible obstacle in the way of the government's success in recovering and safeguarding the property which they have imprudently and recklessly conveyed."

SEEKS ALLEGED CON MAN LOS ANGELES, Feb. 14.—District Attorney Asa Keyes left for Salt Lake City determined to return here Clayton Dorchester, alleged swindler and bunco man. Dorchester, it is said, is under arrest in the Utah city and is fighting extradition. Dorchester was arrested last Thursday after a three years' search, Keyes said, and is wanted here in connection with three cases in which a man and two women were swindled out of their savings. Keyes wired to Salt Lake City yesterday that Dorchester's bail be set at \$100,000.

AIRPLANE MAIL LOSES WASHINGTON, Feb. 14.—An appropriation of \$1,500,000 for development of airplane mail was knocked out of the general appropriations bill on the floor of the House yesterday.

Passenger Ships Are Menace, Says Admiral WASHINGTON, Feb. 14.—Ferry boats and other passenger ships in harbors are the greatest menace to battleships, Rear Admiral Josiah S. McKee, commandant at Mare Island navy yard, yesterday told the House naval affairs committee. "We are forced often to run our ships into wharves and piers or ground them in channels to escape running down passenger craft," said Admiral McKee.

Congressman Vinson, Democrat, of Georgia, who opposed the selection of a naval base at Alameda, San Francisco bay, brought from Admiral McKee an admission that many more ferry boats plied across San Francisco bay between San Francisco, Oakland and Alameda than crossed Carquinez straits to Mare Island, where Vinson thinks the naval base should be located.

SEEK INVESTIGATION WASHINGTON, Feb. 14.—Secretary of the Interior Work and Secretary of Agriculture Wallace asked Congress to conduct an investigation of the acquisition of 3,000,000 acres of government lands in Idaho, Montana and Washington by the Northern Pacific railroad.

It also asked that a resolution be adopted prohibiting the railroad from getting any more land until the inquiry is completed.

OBJECTION BY HUGHES WASHINGTON, Feb. 14.—Secretary of State Hughes in a letter to Chairman Johnson of the House immigration committee registered an objection to features of the new immigration restriction bill which are alleged to discriminate against Italians and Japanese.

Aged Blind Man Takes Four Mile Walk Daily MARYSVILLE, Feb. 14.—Although totally blind and 71 years of age, Joseph Losey, who for many years was keeper of a hotel at Sicards Flat, manages to walk four miles each day for the purpose of preserving his present good health.

A strong wire stretched for a distance of 200 feet into the yard and corrals surrounding the house, to which a loose ring is fitted and which is attached to a rope Losey holds in his hand as he moves forward and backward until he has covered the desired distance, is the means by which the aged man is protected.

Freighter Buckles in Grip of Wild Typhoon VICTORIA, B. C., Feb. 14.—With her back almost broken, plates bulging, and a great crack in her deck, the Japanese freighter Toshin Maru, awaits survey here, after limping into port Tuesday night. The Toshin Maru, en route from Oriental ports to Vancouver, was caught in a typhoon off the Aleutian islands. For four days the vessel was tossed about like a cork and hammered by mountainous seas. It was while suspended on a giant sea, with both her bow and stern out, that the structure buckled.

FEDERALS ON VERA CRUZ, Feb. 14.—Nearly 4,000 federal troops under General Eugenio Martinez, are camping in and around Vera Cruz. The city is quiet. Troops are patrolling the streets and the suburbs. Advice from outlying districts state that the rebels are in headlong flight southward. General Martinez issued a proclamation announcing the end of the southern rebellion.

## 'G' CLUB MEETS AT HIGH SCHOOL

Winners of Letters Discuss Plans for Activities This Semester

The "G" club met at 2:25 o'clock this afternoon at the Broadway High school, to discuss plans for taking over increased responsibilities during the balance of the year. President Dick Ryan presided over the meeting. The club is composed of members of the Glendale Union High school student body who have won their letter in the various athletic or other ways it is bestowed. The meeting was characterized by an eagerness to be of added service in building up the efficiency of the student body.

Two assemblies were held at the Broadway High school this noon, one for the boys at 12:20 o'clock and one for the girls at 12:50 o'clock, when they were told of the French play, "Le Bourgeois Gentilhomme," which is to be presented at 8:15 o'clock tomorrow night, February 15, in the new auditorium, under auspices of Le Cercle Francais.

## Stanford Glee Club Is Coming to Glendale

Glendale will be visited by the glee club of Stanford university during the coming spring vacation.

The songsters will leave the university March 22, and will sing, in addition to Glendale, at various other southern California cities. Three concerts will be given in Los Angeles.

The club specializes in high class music, differing in this respect from the semi-vaudiville offered by other college glee clubs. The programs, as arranged, however, to contain lighter numbers and some entertaining "stunts."

## REALTY LECTURE EXPLAINS RENTS

Jas. W. Pearson Tells Board of Important Phase in Members' Work

The lecture delivered yesterday by Secretary James W. Pearson before the Glendale Realty Board at the regular weekly meeting in the Egyptian Village, as a part of the educational course that is being studied by the members, dealt with "Renting." Mr. Pearson covering his subject in a manner that showed a close study of the question.

Mr. Pearson explained the terms of leases governing the rental of property, stating that the laws of this state governing this phase of real estate business are well defined, affording both landlords and responsible tenants the fullest protection.

The agent's service to the landlord, Mr. Pearson stated, affords protection to the latter in the saving of expense in repairs and upkeep and in relieving the landlord of the detail work in connection with the handling of the property. In the rental of store space Mr. Pearson took up the conditions governing the possibilities of sales as shown by a count of passersby in localities where property is for rent.

**Tomorrow's Home Owner**  
 Declaring that the renter of today is the home owner of tomorrow, Mr. Pearson urged the members of the board to place every facility of their offices at the disposal of the renter, giving him, as well as the property owner, the best possible treatment in every transaction.

The next lecture will be delivered on February 27 by President Peter Hanson, who will speak on "The Selling of Business Property."

A resolution originating with the Chamber of Commerce, dealing with the movement to have the salaries of postal clerks and carriers increased under the provisions of the Kelly bill now before Congress, was endorsed by the Realty Board.

Supervisor E. H. Bean will address the meeting next Wednesday, February 20 on the laying out of highway systems.

A strong delegation from the Glendale board will attend the farm lands conference that is to be held in El Centro on Saturday, February 23.

**Realty Radio Program**  
 President Hanson announced that the Glendale Realty Board will give a program over the radio on the first week in April, at which Glendale will be advertised all over the country. Mayor Spencer Robinson has already been secured as one of the artists who will have a share in the program, and other numbers will be arranged as speedily as possible.

Future meetings of the board will be held at 12:15 p. m., and the luncheon will be preceded by a brief social period.

It is also planned to devote a short part of each session in future to the discussion of properties that any of the realtors may desire to exchange, as it is believed that in this manner many pieces of real estate may change hands.

## Maxwell Home Robbed In Family's Absence

The residence of J. R. Maxwell, 202 West Park, was burglarized yesterday afternoon during the absence of the family. Entrance was gained by forcing a rear window.

Captain W. A. Loving and Detective Sergeant Charles P. Blake were unable to get a complete list of the articles missing, which will be furnished the police department today.

## Patrolman to Enter Trucking Business

Patrolman Walter J. Weese resigned from the local police force yesterday and expects to go into the trucking business. He had been one of the most efficient men on the force, but was lured away from the uniform by the more attractive remuneration promised in his new field, it was stated at the City Hall today.

## Evelyn Hunt Dances On Inglewood Bill

Evelyn Hunt, daughter of Mr. and Mrs. C. Hunt and one of the most talented pupils of Pearl Keller, well-known Glendale dancing teacher, gave a solo dance last night at the Seville Theatre in Inglewood, where Betty Compton is appearing in "Woman to Woman." Miss Hunt will dance at the Seville Theatre tonight also.

## LONG LIST OF CRIMES

LOS ANGELES, Feb. 14.—If Harry J. Dunlap, alleged much-wanted "badge bandit," is ever captured, a tri-city fight is expected to develop over who will try him for murder.

Dunlap is now supposed to be in Ensenada, Mexico, and officers are en route there, where, it is claimed, he is being kept under surveillance. Sacramento, Pasadena and Los Angeles all want the "badge bandit," who is believed to be responsible for 100 robberies, several attacks on women and two known murders.

## Kiwanis Charter Banquet to Be Held Friday Night at Sunland Twin Pines Pavilion

With the Tujunga Kiwanis club successfully launched and completely organized, a charter presentation banquet will be given Friday night, February 15, at Twin Pines pavilion, Sunland. John Steven McGroarty, vice-president of the Tujunga club, will preside as toastmaster and speakers representing every club in Southern California are expected to respond.

Ladies were guests at a recent luncheon meeting and those present joined in learning the songs that will be sung on charter presentation night. Among these songs is one written by W. F. Conant of Tujunga, Kiwanian, which is sung to the tune of Marcheta:

Tujunga, Tujunga, in beautiful Spring,  
 A gem of the hillside you lie,  
 Soft breezes caress you,  
 Beneath the eternal sky  
 The mountain stream woe,  
 Lift heads high above you,  
 All dangers and perils defy,  
 God's sunshine in radiance shed  
 Gently around you,  
 Tujunga, we're here till we die.

## Outline Scout Plans

A committee of Kiwanians has been named to handle Boy Scout work in Tujunga. Roy L. Kent, Mr. Cheesman, district Scout executive, and Mr. Jackson recently held a meeting with the committee to outline future activities. The Tujunga committee, composed of A. C. Stover, P. J. Blake, Earl C. Brunner, Leo Smith, M. F. Glimmer and George Aiken, will be a part of the district Boy Scout organization authorized to look after affairs in the Tujunga-Sunland district.

Committee heads appointed were: A. C. Stover, chairman; C. C. Buck, vice-chairman; Earl C. Brunner, campaign; Leo Smith, finance; Robert D. Walker, court of honor; P. J. Blake, organization, leadership and training; George Aiken, publicity; Harry Zachau, member-at-large; M. F. Glimmer, district scout committeeman.

## Debate for Realty Men

Plans are being made for a Torrens title debate by the Tujunga Valley Realty Board. The debate will be held at Legion hall in the near future and will be between Mr. Bell of the Torrens Title company of Los Angeles, and Professor Schneider of the University of Southern California, who will present an argument in favor of the old method of recording and certifying titles to property. This debate is part of a campaign launched by the Tujunga Valley Realty Board to educate property owners on the merits of the Torrens title system.

J. H. Lamson of Tujunga is one of the latest to join the ranks of real estate dealers, having recently taken a broker's license.

## Two More Teachers

Twelve teachers from the present staff of the Tujunga grammar school, two additions being made this week. Miss Leone Schneider will teach the first grade and Miss Keatha Russell has been assigned to the B 4 and B 5 classes. Both new members of the staff are graduates of the University of California, Southern Branch.

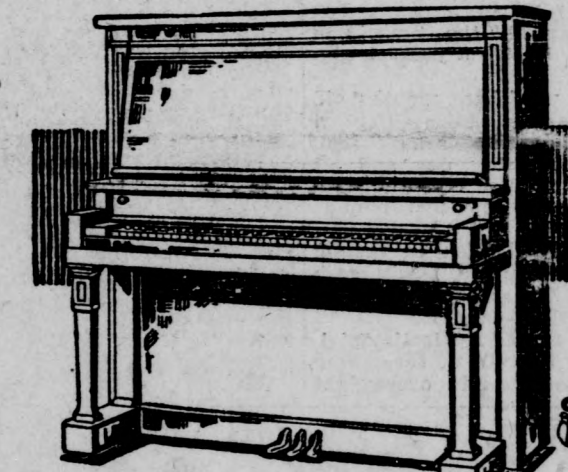

Reports from managers of the new Sam Seelig store in Tujunga indicate a prosperous future for the store. M. Wright, assistant superintendent of the Seelig company and H. R. Barnett, editor of the company's house organ, the Clincher, were in Tujunga for the opening of the store. The Clincher, which covers the activities of the 201 stores operated by the Sam Seelig company in southern California, issued an anniversary number recently, which was profusely illustrated. The half-tones were from photography by J. H. Lamson, Tujunga photographer, and cartoons and art work were by Louis Hymer, also of Tujunga. R. A. Kinney will operate the vegetable market in the store and the meat department will be operated by Barth Markets, a concern having concessions in several other Seelig stores.

## Leap Year Dance

A leap-year dance, box social and program including musical numbers, solo dances and readings are features of an entertainment being planned for February 29 by the American Legion Auxiliary of Post 250, Tujunga. The social will be held at Legion hall, El Centro and Sunset boulevard, Tujunga.

## TAXPAYERS MUST SEND IN RETURNS

Congress Unlikely to Make Any Reduction Before March 15, Claim

Collector of Internal Revenue Rex B. Goodcell yesterday received telegraphic advices from Washington that it was extremely doubtful if Congress would take any definite action regarding tax reduction before March 15, which is the final date for the filing of income returns.

Even should Congress pass the proposed tax bill prior to March 15, it would not affect the filing of returns for 1923 business, Collector Goodcell said. In the event the new revenue bill is made retroactive and provides for a reduction in the tax on 1923 incomes, the amount of the reductions will be rebated by the government, the collector explained.

**Must File Returns**  
 "However, in any event, the returns must be filed at the present rates, and taxpayers who are delaying the filing of their returns in the hope of an immediate tax reduction are storing up a lot of trouble for themselves in the way of inconvenience and loss of time due to the final rush of those who wait until the last hour to file," Collector Goodcell added.

Deputies are now on duty in the various internal revenue offices in the district, to advise taxpayers in preparing their returns. This service will be continued up to the close of the filing period, but, owing to the rush of taxpayers which will begin in earnest February 15, Collector Goodcell urges immediate filing as the force of deputies assigned to this work will be inadequate to handle the crowds of late filers.

## Screen Stars Pay Their Income Tax Early

Bessie Love, internationally known screen star, was the first of the stellar lights of Hollywood to file an income tax return covering 1923 earnings. Miss Love, escorted by her secretary, called at the internal revenue office and not only filed her return but paid her tax, which ran up into five figures, in full.

While Miss Love was the first motion picture celebrity to file an income tax return, she won that distinction by a matter of seconds only. The last thing Mary Pickford and Douglas Fairbanks did, before they boarded a train for the east on Monday, was to sign their income tax returns, and Miss Love's return was filed only a few seconds ahead of theirs. Tom Mix was the first screen star to file a return in 1923, beating Bill Hart by an eyelash.

## Diet and Health

By Lulu Hunt Peters, M.D.  
Author of "Diet and Health, with Keys to the Calories"

### ANSWERS TO CORRESPONDENTS

**S. P.**—You should be under the care of a physician. I believe the dazed and dizzy condition you speak of after your stroke will clear up in time. I note that while you do not say you are overweight you ask for the pamphlet on reducing. That is significant! If you had had that before and had gone by it you might have avoided the stroke. Overweight is one of the chief causes of high blood pressure and degeneration of the arteries; preventing this overweight will prevent these conditions, and if these conditions are prevented "strokes" will also be prevented.

**Mrs. K.**—The fact that your physical examination by competent physicians has shown that your organs are all normal, except that your stomach and colon are rather low, might indicate that your extreme underweight condition is due to chronic starvation. You acknowledge that you eat very sparingly. There is no doubt that your headaches are due to the starvation acidosis which is brought about by your meager diet.

You say your doctors have advised you to increase your allowance of food but that when you do this it is followed by a sick headache, to which you are subject. If you will count calories and systematically add 100 or so to your diet every day until you are getting more than the normal allowance of foods, you will gradually accustom yourself to the increase and finally will have sufficient to store away some fat.

I would advise increasing your milk rather than taking so much cream as you say you do. Take daily two or three egg yolks and a liberal amount of the green leaf vegetables, as they are all high in iron which you will need.

Send for our pamphlet on reducing and gaining. That will give you directions. Will you let us know if you improve?

**"Dear Doctor:**—In January (a year ago) I sent for a pamphlet on reducing, also for your article on diet during pregnancy. I followed your advice and lost fifteen pounds in two months. I was afraid to diet too closely after the fifth month so I left off reducing. I did not have one sick spell during all the time, and neither did I have a painful confinement.

"My baby is three months old now and has not had a sick day. I give you the credit as I read your articles every day and I have full confidence in your advice. I lost thirty-five pounds at confinement and now am normal weight and wish to remain so, but I am afraid I will gain as I eat more than I want to, to produce milk."—Mrs. R.

This is a wonderful testimonial, and I wish that all of those who are pregnant and overweight would realize its value. So many women gain so much during pregnancy that it makes labor more difficult by producing too large a baby and narrowing the birth passage. Sometimes overeating will cause convulsions (eclampsia) or pregnancy. As you see by Mrs. R.'s experience, one can reduce during pregnancy with advantage. The chief thing to remember is to cut down only on the energy foods—fats, starches and sugars—unless, of course, you have been over-eating of the proteins, when you should cut them down to normal. A gain of from fifteen to twenty pounds is enough to cover the natural gain in weight due to pregnancy, but if one is overweight there need be no gain at all, for one can safely reduce twenty pounds, or more during pregnancy. It is best to reduce slowly, and of course take the precautions which I mentioned in the first part of my answer to Mrs. R.

Modern obstetricians are watching the weight of their patients now as closely as they watch the urine, blood pressure and other things.

Mrs. R. took the wise course in reducing the most during the first months. For the first two or three months there is not enough increase in size in the baby to allow for an increase in the diet and therefore in the weight of the mother.

Best watch your weight now, Mrs. R., and do not gain. It is not necessary to eat so much that you gain in weight. The article which you have on diet during pregnancy gives the advice you should follow while you are nursing the baby. In that I have given emphasis to the importance of milk, nuts, green leaf vegetables, whole wheat bread and whole grain cereals and egg yolks.

Thank you ever so much for letting us know your good results, and congratulations on your nice baby.

**Tomorrow:—Confessions of a Baby**

My Dear Followers:—When sending for material which we offer you, please remember to enclose a stamped envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must enclose four cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, not over 200 words, and type or write them legibly with ink. Please sign your name as evidence of good faith—we will not use it in any way. Remember it is impossible for me to diagnose for you or to answer you personally. I appreciate very much the beautiful letters you send me and regret it is impossible to give you individual advice. The questions you ask will be answered in the column as soon as possible, if they are of general interest. Don't forget the s. a. s. e. if you expect me to send you the information I have offered.

## Heart and Home Problems

By MRS. ELIZABETH THOMPSON

**JEALOUSY**  
Dear Mrs. Thompson: I have been going with a boy almost three months and love him dearly. He says he loves me too and wants me to marry him. He doesn't go with any one else and is awfully jealous even of my girl friend. Do you think he loves me? What would you advise me to do?  
**CUTIE.**

Yes, I think the boy loves you. Since you have not told me how old you and he are I am not in a very good position to advise you. Youth is apt to be fickle and the love of youth short lived. Three months is not a very long time for you to test your affection for each other, and therefore I would advise you to wait at least three months longer before you tie yourself to the young man by promising to marry him. The fact that he is jealous is not encouraging, because jealousy causes more unhappiness than you dream of now. It flatters you to have the man you love jealous, but if you marry him it will be most trying to have your husband suspicious and jealous whether or not he has reason to be. Let time solve your problem. If your love is real, it will certainly stand the test of a few months.

**TROUBLED**  
Dear Mrs. Thompson: I am a girl in my upper teens and am very deeply in love with a young man six years my senior. He is constantly making dates with me but when the time comes to keep the date he always stays away and makes a good excuse. He says he loves me and is jealous when I go with any one else. I love him so dearly I feel that I cannot live without him.  
Kindly advise me what to do.  
**CURLY.**

Your pride ought to come to your rescue and make you glad to give up a young man who treats you with so little consideration. You may be sure that if he loved you he would be only too eager to keep his engagements with you. Perhaps you make the mistake of urging the young man to come to see you. Do not seek "dates"; let young men ask for them.

**A RELIABLE COUGH REMEDY**  
Why experiment with unknown remedies for that cough or cold when you can secure FOLEY'S HONEY AND TAR COMPOUND? It is a safe and reliable remedy for the relief of coughs, colds, hoarseness. Equally beneficial for young and old. Mrs. Anna Cornell, Bridgeton, N. J., states: "I bought FOLEY'S HONEY AND TAR COMPOUND for my cold and find it great." Insist upon the genuine. ### THE REVIVAL OF THE PLAIN TAILORED SUIT

With the advent of spring and the laying off of heavy top coats, there will be a refreshing change in the appearance of a number of young looking women. I specify "young looking" women because no woman with a matured figure can possibly wear the severely tailored suit which now promises to be so popular for street wear the coming season. But the young woman with the flat, boyish figure, or the slim woman of any age will be very smart in one of these mannish suits.

Shag hats with the simplest of trimmings, but a perfect in their lines that they suggest an artist's sketch, and the plainest of tailored blouses will be worn with these suits. Most of the coats, while loose, are sufficiently curved in at the seams to suggest the figure, and they come well below the line of the hips.

The skirts of these suits are of medium width except when pleated and when they are so stitched down and pressed so the effect is one of slenderness. Many young women will carry a cane when wearing one of these suits.

Like most plain things, so with these suits—the slightest defect will be noticed. Every line is severe and must be perfect, and the tailoring excellent; otherwise the suit will descend to ordinary plainness. But the woman who can wear this style will do well to get one of these suits even if she must spend for it much of her allowance for spring clothes and economize on dressier clothes.

## IF KIDNEYS ACT BAD TAKE SALTS

**Says Backache Often Means You Have Not Been Drinking Enough Water**

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must remove them, like you remove your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.—Advertisement.

### Simple Home Treatment for Sore Throat

**Raw, Sore, Inflamed Throats Can Be Greatly Relieved by Use of this Vaporizing Salve.**

Here is a simple yet effective method to treat a sore throat. Gargle with warm salt water three times daily. Also swallow slowly every few hours a teaspoonful of Vicks.

At night apply Vicks over the throat and upper chest, rubbing well in. Then spread on thickly and cover with a warm flannel cloth.

The body heat releases the ingredients—Menthol, Camphor, Eucalyptus, Juniper Tar, etc.—in the form of vapors and these vapors, inhaled all night long, go directly to the affected parts.

At the same time Vicks is absorbed thru and stimulates the skin like a liniment or plaster, drawing out the soreness and pain.

Vicks is equally good for hoarseness, tonsillitis, head and chest colds, and for the croupy colds of children.

**BALLAD OF AN ALTRUIST**  
Once there was an altruist who thought that he would show some methods used by swindlers to extract the people's dough.

He went from town to town to talk against the "ad" that lures—

To knock the patent medicines and all the sure-fire cures.

Although he did this wholly with a pure unselfish aim. The more he spoke and worked, the more disheartened he became.

The people laughed and scoffed at him, threw missiles, called him crank; and each time that he started out anew his spirits sank.

One day this altruist reacted in a singular way—

He started manufacturing the things he once did flay.

If you've no hair upon your head and you are worried sick, just use a little NUHAIR and the hair will come in thick.

Why be concerned about your weight? It's shameful and a sin;

My MAGIC FOOD makes thin folks fat and all the fat folks thin.

There's no excuse for hair like sticks in heads and pretty girls.

Use OCEAN WAVES when you retire—next morning you'll have curls.

For twenty years he advertised these products rank for sale, and money by the tens of thousands poured in with each mail.

One day he passed away; in time his will was duly read, and every paper printed it because of what it said:

"I tried to caution people once against the quack and fake, but they just mocked and jeered and hooted me each time I spoke.

"I want the work of manufacturing this junk to stop, employees paid, the books all cleared and closed for my shop.

"Each dollar of the many millions that I leave behind should go (in vain I fear) to teach the credulous and blind."

By FRANK SAVAGE

NEW YORK, Feb. 13.—Even the "Modernists" are getting back to "fundamentals" in the controversy now raging in New York churches.

There appears to be a tendency toward agreement on definitions, without which, of course, all argument is futile. "What is truth?" asks one clergyman, who adds that there are at least fifteen definitions of the word in the English language.

Another maintains it is impossible to be a "Modernist," because the gospel never changes, though it adjusts itself to the needs of man.

In somewhat lighter mood a third preacher attended a presentation of Morris Gest's "The Miracle" and dryly remarked afterward that the only "miracle" he observed was the presence of two or three hundred women on the stage for two hours, not one of whom spoke.

All questions of definition! "In any religion the essential thing to begin with is a kind of feeling," declared Dr. William Norman Guthrie, of St. Mark's-in-the-Boweries, when he observed that the "miracle" of Bishop William T. Manning.

"No one would take issue with Dr. Guthrie on that point," said one layman, "but there are those who might define it in other words—hence the various controversies."

Even the bishop and Dr. Guthrie might get together on "eurythmic" dancing if they could agree on what "eurythmic" dancing is. "Eurythmy," says a standard dictionary, "is just or harmonious proportion or movement."

Dr. Guthrie evidently agrees with the dictionary that it is "just" and "harmonious," while Bishop Manning doubtless thinks otherwise.

In fact, Dr. Guthrie declared in a recent sermon that mankind is the only animal that is afraid of its body, and that if it were not for the ugliness and homeliness of our bodies we would all go about naked.

(The thermometer was hovering around 15 above that day!)

Dr. Guthrie said religion and science both are dogmatic and one no more liberal than the other. After declaring that religion is not for the sake of truth, but for the sake of spirituality, Dr. Guthrie observed:

"It would be strange if thinking and religion should also turn out to be scientific at the same time."

In the course of an attack on the views of Dr. John Roach Straton, of Calvary Baptist church, in a resumption of the "Modernist-Fundamentalist" debate, Rev. Charles Francis Potter, of the West Side Unitarian church, Modernist exponent, took a side-swipe at Dr. Straton's projected "Christian Hotel," where guests would be limited to the Godly and virtuous only.

Dr. Potter suggested that the vague and elusive "Mr. King," famed in the trial of William H. Anderson, of the Anti-Saloon League, be called upon to finance the enterprise.

Dinner Stories

Family tradition, honor and that sort of thing still retain a prominent position in ethical codes of the south.

There was much ado when the prodigal son of a certain Kentucky aristocracy distinguished himself far beyond the bounds of propriety and was subsequently committed to the town jail. The father, hastily summoned from out of town sent word to detain his offspring until his arrival, which would be by the first train.

Early morning found a resentful but not a repentant son. He was outraged—this being held until the pater arrived. Disgusting—huge bore! Immediately following the father's arrival a consultation was witnessed by the family portraits. A speedy trial terminated with the sentence "guilty." Porthwith the miscreant should be entrusted to a sea captain destined during the ensuing months to see various isolated sections of the world.

Shortly thereafter, while the vessel was yet in harbor a scandal was aired. It swept the country from shore to shore and caused sensational newspaper headlines to flare across front pages, for the colonel, father of the shanghaied miscreant, was of no mere average prominence.

Relatives again assembled to take steps toward bolstering the clan honor. There was talk of this and that. In the midst of discussions a telegram from the erstwhile member arrived, addressed to an older brother and unopened. It read: "Set sail today. Hold the old man until I arrive."

Summers in Greece are very dry.

BRIDE'S ROLE FOR MOVIE STAR

Rumor Casts Lillian Gish To Marry 'Boss'

Lillian Gish and (inset) Charles H. Duell

NEW YORK, Feb. 14.—Dame Rumor and Ben Told, the irrefragable pair, are busy circulating the report of the forthcoming marriage of Lillian Gish and Charles H. Duell, president of the company under whose auspices the former Griffith star is now being featured in photoplays.

Mr. Duell's wife recently obtained a divorce in Paris on the charge of desertion. She was formerly an actress. As Lillian Tucker she was starred in "Three Faces East" and other plays before her marriage.

Miss Gish has never been married. Her sister, Dorothy, with whom she was closely associated in her meteoric picture career until recently when she began starring alone, is Mrs. James Rennie, wife of a Broadway idol.

Lillian is now in Italy, appearing in a production of Romola. She is to play Juliet opposite the Romeo of Richard Barthelmess, soon.

Mr. Duell is a Yale man, having been graduated in 1911. Since then he has been practicing law in New York, but in the last few years he has been devoting himself to the film company which is occupied in starring Barthelmess and Miss Gish. He took to law in politics in 1920 and assisted the Leonard Wood drive for the nomination in the Republican national convention.

Uncle Wiggily Bedtime Stories

BY HOWARD R. GARIS

UNCLE WIGGILY'S VALENTINE

"Ting-a-ling-a-ling!" rang the door bell in Uncle Wiggily's hollow stump bungalow.

"I'll go see who it is," offered Nurse Jane Fuzzy Wuzzy. "Be careful it isn't the Woolly Wolf!" warned the bunny rabbit gentleman.

"I'll look through the side window before I open the door," said Nurse Jane. And when she came back from the door Uncle Wiggily asked:

"Who was it?" "No one at all," replied Miss Fuzzy Wuzzy. "I guess the bell must have rung itself."

But soon it tinkled again, the bell did, and Uncle Wiggily said: "I'll go this time. It's probably some of the animal boys or girls playing tricks on us."

Uncle Wiggily looked from the side window, but saw no one on the porch. Then he opened the door. No one was there, but on the mat were some envelopes. Picking them up Uncle Wiggily saw his name, and also that of Nurse Jane Fuzzy Wuzzy, on the envelopes.

"Oh—the mail!" cried the muskrat lady housekeeper when Uncle Wiggily brought them in. "No—valentines!" cried the bunny. "We forget that this is St. Valentine's day. No one will ever be there at the door when the bell rings today, but the valentines will be left."

"That's so," spoke the nurse lady. "I had forgotten about the valentines. We must not know who sends them. Let's look at them, Uncle Wiggily."

There are cabbage valentines, and beet valentines, and cheese valentines and carrot valentines—all kinds that Uncle Wiggily and his muskrat lady housekeeper liked very much. But there was nothing on any of the valentines to tell who had given them—for this is as it should be on Valentine's Day.

"Ha! Ha!" laughed the rabbit gentleman. "Now I am going out and give some valentines myself."

He left the loving tokens at the homes of Sammie and Susie Littletail, the rabbits; at the treehouse of Johnnie and Billy Bushytail, the squirrels; at the kennel-house of Jackie and Peetle Bow Wow, the puppy dogs, and at the tree of Bobbie and Betty Ringtail, the raccoons.

At no place did Uncle Wiggily let himself be seen. For he would slip up, leave the valentine on the steps, ring the bell and run away, just as those did who had left valentines at his hollow stump bungalow.

"Well, I have had a most jolly time," said Uncle Wiggily to himself, as he started to hop back home. "Valentine giving is lots of fun."

"A-hem!" suddenly laughed a loud voice near by. "Who is that?" cried the bunny. "And what did you say?"

"I am the Fuzzy Fox," was the answer, "and I say that it is lots of fun to nibble your ears. Come along with me!"

Before Uncle Wiggily could hop off the Fox caught him and dragged him to a dark and dismal den.

"Here I shall nibble your ears and no one will see me," growled the Fox. "You can't get away, nor can you telephone the Police Dog to come and save you. I'll have you all to myself. Oh, ho! All to myself!"

Uncle Wiggily didn't know what to do. He wished he had a valentine left to give the Fox. For, he thought, this might make him more kind, so he wouldn't do any nibbling. But the rabbit had given away his last valentine to Jillie Longtail, the mouse girl.

However, as Mr. Longears looked at the Fox, getting ready to bite, the bunny thought of a plan.

"Shut your eyes, Mr. Fox," he said. So the Fox shut his eyes. At once Uncle Wiggily tickled the Fox very hard in the ribs.

"Ouch!" cried the Fox. "Ha! That's a valentine for you!" laughed the bunny.

"You did that! You tickled me," howled the Fox.

"How do you know?" asked Uncle Wiggily. "You had your eyes shut and you did not see me. You never know where valentines come from. Now shut your eyes again."

So the Fox did, and this time Uncle Wiggily caught up a stone from the bottom of the dark and dismal den and with the stone

happened next time! Oh, my nose!" And without nibbling the bunny at all, out of his den ran the Fox to go buy some plaster for his sore nose.

"Well, this has been a very jolly Valentine Day for me!" laughed the rabbit as he hopped safely home. And if the egg beater or doesn't pour molasses down the back of the piano to make it play sweet music, I'll tell you next about Uncle Wiggily and the tin pail.

**TEACHERS IN ROW OVER BOBBED HAIR**

**Santa Paula Case Comes Before State Officers for Settlement**

SACRAMENTO, Feb. 14.—To "bob" or not to "bob" is a problem which is agitating the school teachers of the state, following receipt of an order by Charles Jones, district school superintendent at Santa Paula, forbidding teachers in the Santa Paula school to bob their tresses, by the state, department of education. It was made public also that the Santa Paula principal already has notified one of the teachers who has disregarded his ultimatum and appeared in short tresses that her services will not be needed henceforth.

**Gives Her Views**  
Mrs. Grace Stanley, state commissioner of the elementary schools, who recently has become a convert to the cult of bobbed hair, in replying to a letter of protest set forth that bobbed hair had no connection with brain power or ability to teach. Mrs. Stanley even espoused the bobbed hair proponents, stating that "bobbed" teachers are usually the brainiest. However, concluded the commissioner, "if the teacher in question was not serving under permanent appointment, the local school board has the power to dismiss her at the end of the term for which she was employed."

An extract from the letter of protest is as follows:  
"A teacher employed under contract to teach school ten months in this (Santa Paula) school has acted in this capacity for a year. She is considered an A-1 teacher, faithful worker, conscientious and of good character. She chose to bob her hair, and when she did so, the district superintendent called her in the office and told her he would not recommend her at the end of the school year. He simply raved and told her if she had not bobbed her hair he would have recommended her and she would have been re-employed."  
"On applying for and receiving said position nothing was said of bobbed hair. She simply signed the ordinary contract. What has happened to do with brain power?"

**Realtors Will Hear Farm Land Problems Discussed At El Centro Conference**

The third great farm lands conference held under the auspices of the California Real Estate Association will convene at the Hotel Barbara Worth in El Centro next Saturday morning, February 16, at 9 o'clock, and will continue throughout the day, with a luncheon, and in the evening the delegates will be guests of the Associated Chambers of Commerce at a dinner whose menu will be exclusively Imperial products.

On Sunday the visitors will be taken to the Colorado river and shown where the water is diverted from the river to the valley irrigation canals and a luncheon will be served to the delegates by the Imperial Irrigation District. The delegates will be shown the great break in the river of the year 1905, and they will see how the Imperial valley has become the great melon, cotton, grapefruit, and dairy producing center of the southwest.

The program will be of a high standard, and speakers will come from Chicago, Los Angeles, San Francisco, San Diego, Riverside, Santa Ana, Fresno and other cities. President Henry P. Barbour of the California Real Estate Association will address the luncheon of realtors on "The Colorado River Project" and A. M. Shenk, oldest realty dealer in the Imperial valley will tell of its transformation from a desert to a garden of Eden.

**Farming Conditions**  
William E. Harren, field secretary of the National Association of Real Estate Boards will tell of farm land conditions as viewed by him in a tour of 400 national realty boards. Other national speakers will be C. C. Tatum, vice-president of the National Association of Real Estate Boards, and Herman Janss, secretary of the national farm lands division. William S. Fawcett, mayor of El Centro, will tell how the cantaloupe industry was developed. He is the largest individual melon grower in the west. C. L. Seagraves will represent the Santa Fe and speak on "The Tide of Settlers to California," and B. A. McAllister, manager of the Southern Pacific land department, will tell what the Southern Pacific is doing for Imperial land development.

State Vice President Everett A. White who presided at the Riverside conference two months ago, will preside at El Centro, and he will review the farm land meetings among the realty boards. Ray Edgar, president of the El Centro Realty Board will welcome the visitors. State Real Estate Commissioner Edwin T. Kaiser will represent the state of California. E. B. Criddle, vice president and general manager of the Southern Sierras Power company, will tell of the power company's part in farm land settlement. He is also president of the Riverside Chamber of Commerce. Frederick Faulkner of San

**FACTORY DISTRICT NEEDS ARE TOLD**

**L. H. Wilson Foresees Big Profits in San Fernando Road Property**

The advantages of a central manufacturing district are presented by L. H. Wilson, realtor, 1034 South San Fernando road, one of the prime movers for such a project and the man who more than any one other in Glendale has been accredited with bringing San Fernando road to its present progressive state of development. "My aim in presenting the central manufacturing district to investors of this section is to afford them an opportunity to get in with me on the profits that are sure to be made along San Fernando road in the coming months," says Mr. Wilson. "I am receiving daily inquiries from industries who want space in this section. Some of them I am encouraging, because I know they are reliable and will bring to this city a much needed payroll. Others I fail to co-operate with because I believe they would not benefit Glendale."

**Important Highways**  
"Two years ago San Fernando road was a mere lane, compared with what it is today. So numerous are the developments scheduled for the next two years, however, that by 1926 this boulevard will be second to none in Southern California, in importance or value of frontage and surrounding territory."

"A lot of good money is going to be made here in the next few months and shrewd investors are well aware of it and are buying heavily along San Fernando road. In order to keep up with the development I am cutting through three streets in the district. The work has been held up for one or another reason, owing to shortage of labor and materials, but is now being pushed rapidly to completion and will be ready in a few days."

**Coin Collections Hobby of Druggist**

(Continued from page 1)  
has been watching his nickels, as well as other coins. This morning he was displaying the 363rd 1883 nickel which was wrongly worded. "That friend of mine didn't know what he was talking about, did he?" he asked, recollecting that he is \$18.15 to the good as a result of his quest. "No," said Mr. Echols, "I have more than four of those funny 5-cent pieces in my collection." All of which goes to prove that having a hobby sometimes enables a person to save some small change. And that's that.

**Deaths in Rhineland Riots Reach Twenty**

BERLIN, Feb. 14.—Deaths in the rioting throughout the Rhineland Palatinate mounted to twenty yesterday, a building held by separatists at Pirmasens was set afire and many occupants were burned to death. Others were shot or beaten to death as they escaped from the building.

**CAUGHT IN 'SPOOK NEST'**

SAN FRANCISCO, Feb. 14.—Trapped by police at a "seance" in his elaborately furnished "spook nest" at the edge of this city, Francis Cook, alias "Professor Thomas Muzette," society clairvoyant, is in jail here. Cook, who was taken into custody today while he was in the act of "peer- ing into the hidden future," is wanted in Boston, where he posed as a "master mind," according to the authorities. Under the name of Muzette, police here claimed today, Cook had fled from Boston, where he was indicted in 1916 on a grand larceny charge. In Boston, police said, Cook reaped a golden harvest of dollars.

**Committee to Probe Sale of Marion Star**

NEW YORK, Feb. 14.—"The fact that there are well defined rumors concerning the sale of the Marion Star is the only fact in my possession," Frank A. Vanderlip, New York financier, declared late yesterday following receipt of a summons to appear before the senate lands committee investigating the Teapot dome oil scandal. "I shall leave for Washington at once and expect to testify," he said. "I have no knowledge of the facts of the sale price of the Star or its actual value, nor do I know the reasons behind the sale," he said.

**German Envoy Asks Berlin for Recall**

WASHINGTON, Feb. 14.—Dr. Otto Wiedfeldt, German ambassador to the United States, has sent his resignation to Berlin and has asked to be relieved as soon as possible, according to reliable information obtained here in diplomatic quarters. At the German embassy it was stated: "Reports that the ambassador has resigned can neither be confirmed nor denied. There is nothing to say."
