GREATER VICTORIA APPROACHES THREE MILLION-DOLLAR MARK

Loan Total Last Night \$2,798,356; Big Investors Now Lining Up Behind Drive; Seven Up-Island Centres Reach Objectives

Making an investment of \$216,000 yesterday, a sum \$40,000 greater than the subscription on a corresponding day last year, Greater Victoria last night neared the three million dollar mark in her Victory Loan drive.

It was stated at loan headquarters this morning that the rich men of the community, during the last forty-eight hours, have lined themselves up solidly behind the loan.

That the "A" list will be larger this year than during the 1918 drive and so far the subscriptions of the "A" list men have shown an increase over their last year's investment.

"We have got the two big wings of the drive behind a button," Brigadier-General Clark, Island Loan chairman, observed to-day.

Seven Centres Now "Over." With all up-island centres racing for their quotas, and hoping to reach them by Saturday night, Alberni went "over the top" yesterday with a subscription of \$33,000, \$1,000 more than her quota.

While Gordon Waldron seems to be the favorite in the guessing as likely to be the next Attorney-General of Ontario, The Mail and Empire in an editorial note to-day puts its guess on Mr. Waldron as the next Minister of Education.

Walter Rolfe, member-elect for West Hamilton and leader of the Labor group in the new Legislature, has decided to call a Labor conference next Monday in Toronto.

Dr. W. D. Cowan, M. P. Regina, Asked by Veterans to Resign

Regina, Nov. 7.—Dr. W. D. Cowan, M. P. for Regina, is being asked to resign his seat in the Commons by the Regina branch of the Great War Veterans' Association.

London, Nov. 7.—The employment of airships as sanatoria for the treatment of tuberculosis and other diseases is advocated by a doctor who was attached to the Royal Air Force during the war, according to The Globe.

The big airships built by Great Britain for war purposes, the doctor says, can be fitted up as sanatoria for patients suffering from consumption, anaemia, neurasthenia and other ills, and except in very bad weather, can cruise about for weeks at a time.

ENGLISH WOMEN WEARING MONOCLES

London, Nov. 7.—English women are beginning to wear monocles. Not only are they adopting them for home wear, but are appearing on the streets adorned with them.

Ottawa, Nov. 7.—Immigration into Canada from all countries increased in September of this year by 288 per cent. in comparison with the corresponding period last year.

Nearly all the new arrivals this year have come from the United States and the United Kingdom, as has been the case since the outbreak of the war.

CANADIAN SUGAR SENT TO NEW YORK

St. Lawrence Refinery Puts 2,520,000 Pounds on Market There

Recently Sold Large Quantity to a New York Manufacturer

New York, Nov. 7.—R. H. McLean, secretary and treasurer of the St. Lawrence Sugar Refinery, of Canada, which a few days ago offered for sale at an excessive price 2,520,000 pounds of sugar on ships in the harbor, called upon Food Administrator Arthur Williams yesterday and expressed his regret at the complications caused by his firm's offer, according to The New York World.

"Big Sale." The St. Lawrence Refinery recently sold a large quantity of sugar to a local manufacturer at a price in excess of the Equalization Board's quotations, Mr. Williams said.

Death Result of Wounds Inflicted by Austrian Who Shot Him

Berlin, Nov. 7.—Hugo Haase, president of the Independent Socialist Party of Germany, died this morning from wounds received October 8, when he was shot three times while entering the Reichstag building.

Labor Trouble in New York Hastening Inventions, Publishers Say

New York, Nov. 7.—Perfection of a process to take the place of printing and engraving was predicted to-day as a direct result of labor differences in the publishing business here, by Roger W. Allen, former president of the New York Business Publishers' Association, while John Adams Thayer, secretary of the Periodical Publishers' Association, predicted that new machinery soon would do away with all type composition.

GOVERNMENT OF U. S. WANTS COURT ORDER TO END BIG STRIKE

Will Ask Court to Issue Mandatory Order Requiring Coal Miners' Leaders to Call Off Strike; Cabinet Discusses Situation

Indianapolis, Ind., Nov. 7.—Government officials, headed by C. B. Ames, Assistant Attorney-General, arrived here this morning from Washington and prepared to argue to-morrow on the Government's petition asking that the restraining order directed against the officials of the United Mine Workers of America be made a temporary restraining order.

Washington, Nov. 7.—The strike of bituminous coal miners and the industrial situation in general were discussed by President Wilson's Cabinet to-day at a special meeting called by Secretary Lansing, of the State Department.

Before the Cabinet assembled administration spokesmen reiterated that the Government was unalterably opposed to the proposal of Samuel Gompers, president of the American Federation of Labor, that the industrial strike against the United Mine Workers of America be withdrawn as a preliminary to negotiations of a new agreement between the miners and operators.

Officers said that the Government's offer to arbitrate the controversy was open, and that unless it was accepted and the strike ended there was no course except to press the injunction suit.

Plans Not Changed. Before Attorney-General Palmer went to the Cabinet meeting, Samuel Gompers, president of the American Federation of Labor, Matthew Wolf, vice-president, and Frank Morrison, secretary, called on him and were informed that the Government had not altered its decision to press the injunction proceedings unless the strike order was withdrawn.

Mr. Gompers expressed the opinion that a settlement of the strike could not be reached if the Government enforced legal measures against the strike. He also again called attention to what he said would be the effect of government by injunction upon organized labor generally.

Resolutions. The "fight the Famine Council," attended by German, Austrian and English delegates interested in bringing about better internal conditions in Germany, concluded its sessions yesterday.

London, Nov. 7.—"The fight the Famine Council," attended by German, Austrian and English delegates interested in bringing about better internal conditions in Germany, concluded its sessions yesterday.

ALLIES SHOW BUT SLIGHT CHANGES IN BULGAR PACT

Paris, Nov. 6.—In the covering letter of the reply of the Allies to the Bulgarian delegation's representations regarding the peace terms presented to Bulgaria, it is pointed out that the Bulgarian people can not be freed from responsibility and therefore the decisions of the Peace Conference which have been made upon mature reflection can not be materially changed.

The conditions of peace as they were handed to the Bulgarian delegation, the letter sets forth, were not inspired by any idea of vengeance and the Allies do not intend to make Bulgaria pay for all her past mistakes. They wish only, it is declared, to establish a peace just, lasting and fertile, and they remind Bulgaria in this connection that they guarantee her an outlet to the Aegean Sea.

**RETAILERS SAY NO PROFITEERING**  
 Contend Lowering of Prices Arbitrarily Would Make Matters Worse

Ottawa, Nov. 7.—Representatives of the Retail Merchants' Association of Canada who met the Board of Commerce this morning held that there was no profiteering among the retailers; that they were prepared to do all in their power to assist the Board in their effort to relieve present conditions and that in their opinion the lowering of prices arbitrarily would not help, but make matters worse.

K. M. Townen, secretary of the Dominion Executives of Retail Merchants, said the retailers no longer wanted to be branded as thieves and scoundrels. It was no good, he insisted, on fooling the public longer about a reduction in the cost of living. Prices would only come down in the natural order. The retailers had been trying to get the Board of Commerce to allow that great unrest in the public mind. He held that ninety per cent of the people did not know what they were talking about when they insisted that prices should be arbitrarily lowered.

The two vital things affecting the cost of living were supply and demand. The Board of Commerce could not pull down prices, they would have to come down in the natural order.

He considered it the duty of the Board and also of the merchants to protect the public from camouflage of this kind.

Judge Robson assured the deputation that they would be consulted on any points affecting their business.

**HALF MILLION MORE BARRELS OF FLOUR TO EUROPE FROM CANADA**  
 Montreal, Nov. 7.—Contracts for a further 500,000 barrels of flour have been given by the milling companies to be divided proportionately.

The orders were given by the Canada Wheat Board on behalf of Great Britain and European countries. This, with the previous contract for 1,200,000 barrels, makes a total for the year to date of 1,700,000 barrels. The contracts are for spring wheat milling, and quotations are at \$10.65 per barrel in June basis, delivered at the seaboard up to December 15.

The new business handed out to the millers amounts, according to the figures given, to \$5,325,000.

**BRIEF SILENCE TO COMMEMORATE DAY**  
 King Requests Suspension of Industry For Two Minutes

London, Nov. 7.—The King in a proclamation to his subjects yesterday appealed to them to help him in celebrating the anniversary of the armistice, November 11, by a suspension at 11 o'clock of all normal activities for the brief space of two minutes. The event, which staved the carnage and marked the victory of right and freedom, should thus be commemorated so that "the thoughts of everyone may be concentrated upon reverent remembrance of the glorious dead."

His Majesty expressed the belief that all will gladly unite in this simple service of silence and remembrance.

**Message to Canada.**  
 Ottawa, Nov. 7.—The following message was read in the House of Commons last night by Sir George Foster, acting Prime Minister:

"London, Nov. 6, 1919.—I am commanded by His Majesty the King to send you for immediate publication the following message, which is addressed to all the peoples of the Empire:

"To All My People:

"Tuesday, November 11, is the anniversary of the armistice which stayed the world-wide carnage of the four preceding years and marked the victory of right and freedom. I believe that my people in every part of the Empire fervently wish to perpetuate the memory of that great day of deliverance and of those who laid down their lives to achieve it.

"To afford an opportunity for the universal expression of this feeling, it is my desire and hope that at the hour when the armistice came into force—the 11th hour of the 11th day of the 11th month—there may be for the brief space of two minutes a complete suspension of all our normal activities. During that time, except in the rare cases where this might be impossible, all work, all sound and all locomotion should cease, so that in perfect stillness the thoughts of everyone may be concentrated on reverent remembrance of the glorious dead.

"No elaborate organization appears to be necessary. At a given signal, which can easily be arranged to suit the circumstances of each locality, I believe that we shall all gladly interrupt our business and pleasure, whatever it may be, and enter this simple service of silence and remembrance.

"Arrangements are being made for the general observance of the two minutes' silence at 11 o'clock next Tuesday. Trains will be stopped on the railways, traffic on the streets, ships as far as possible at sea, and every effort will be made to get work suspended everywhere, in schools, shops, mines and factories and to ensure complete silence.

"His Majesty hopes that your Ministers may be willing to arrange for a similar observance.

"It is, of course, impracticable owing to distance, that the ceremony should synchronize throughout the Empire. It is, therefore, suggested that 11 a.m. local time, should be adopted everywhere.

"A similar message is being sent to India and to every Dominion and Colony in the Empire.

"MILNER."

"Pat, my boy, we must all of us die once." The sick man turned over in a disgusted frame of mind, and replied: "That's just what bothers me. If we could only die half a dozen times I wouldn't worry about this."

**DARKEN GRAY HAIR LOOK YOUNG, PRETTY**  
 Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

**HAMILTON IS AGAIN MAYOR OF MOOSE JAW**  
 Moose Jaw, Nov. 7.—S. A. Hamilton was returned as mayor by acclamation at the civic bye-election nomination held here yesterday. Mr. Hamilton resigned August 1 following an offer with City Commissioner Mackie, and declared at that time his return to office would be the dismissal of City Commissioner Mackie.

**RUSSIAN PROBLEM UP IN COMMONS**  
 British Intervention Policy Criticized by Labor Members

London, Nov. 7.—The House of Commons devoted the entire evening last night to a discussion of the Russian problem without, however, throwing any new light on the subject. Labor members strongly criticized the Government's intervention policy and the cost thereof, and a statement that the Bolsheviki were ready to negotiate peace with the Entente Governments upon reasonable terms was made by Lieut.-Colonel Lestrang Malone, one of the Liberal members.

Winston Churchill, Minister of War, made a long reply, defending the Government policy which, he contended, was not solely a British policy, but one carried out in full co-operation with the Allies who are equally responsible.

He made no reference to the statement by Colonel Malone.

Colonel John Ward, the Laborite member of Parliament known as the "merry member" on account of his participation in the unionization of laborers upon railway and canal work, who was ordered to Russia in January, 1918, joined in the debate. He received a rousing welcome. Members crowded into the House to listen to the absorbing tale of his experiences in European Russia and in Siberia and to his reflections on the revolution.

"When revolution starts," he said, "you go back to the jungle, whether you like it or not."

There has been massacre and murder on both sides and "you would have exactly the same thing here if a revolution occurred."

Colonel Ward drew a terrible picture of life in Moscow during the revolution. Every day bodies were tumbled into the streets without inquests and without punishments.

A draft of the conditions upon which the leaders of the Soviet Government in Russia are willing to discuss peace with the Allied and associated governments is in possession of Lieut.-Colonel Lestrang Malone, the Liberal member of Parliament, who recently returned from a trip to Russia, according to the statement which Colonel Malone made in the House of Commons.

Colonel Malone said that he believed that it would be possible to call a Peace Conference on the basis that all existing defacto governments in the various parts of Russia should remain in full control of the territory they are now occupying, subject to adjustment of the removal of the economic blockade of Bolshevik Russia, which would also be a condition.

Colonel Malone said that he was not enamored of Bolshevism but that he had been impressed nevertheless with the work of national reconstruction being performed by the Soviet Government.

**COL. GERALD WHITE APPOINTED TO SENATE**  
 Ottawa, Nov. 7.—Colonel Gerald White, who for a number of years was Conservative member of the North Renfrew riding, was yesterday afternoon, appointed to the Senate and last evening took the oath and signed the roll. The new Senator served as commander of a forestry battalion overseas and was not a candidate for re-election at the general elections of 1917.

He takes the place made vacant in the Upper House by the death of the late Senator George Taylor.

It is understood that William Proudfoot, former Liberal leader in the Ontario Legislature, has been named for the Senate or that he will be within the next day or two.

## RESTORATION OF MINES HUGE TASK

Work in France For German Unemployed For Next Eight Years

Berlin, Nov. 6. Via London, Nov. 7.—Work for all the unemployed in Germany for the next eight years will be provided in restoring the ruined mines of Northern France, says the Vorwaerts. This opinion is based on the report of the German mining commission sent to France recently to ascertain the extent of the damage and which has just made public its findings.

"The task," says the newspaper, "is so great that it is sufficient to furnish work for every idle man in Europe and for every one else engaged in superfluous labor. The report shows the fallacy of the theory that emigration of 10,000,000 to 15,000,000 persons from Germany is an economic necessity."

"Terrible." The commission, in its report, said that the work of reconstruction would have to be done from "the ground up." The destruction was pronounced "terrible." Most of the mines were "drowned." It was said, and in rebuilding new shafts they would have to be protected against the inward pressure of water. The Germans declared it was not easy to fix responsibility for the destruction, because it was done by numerous groups of troops and the records showing where each military unit was located and at what period were neither complete nor available.

The commission, in its report, said that the work of reconstruction would have to be done from "the ground up." The destruction was pronounced "terrible." Most of the mines were "drowned." It was said, and in rebuilding new shafts they would have to be protected against the inward pressure of water. The Germans declared it was not easy to fix responsibility for the destruction, because it was done by numerous groups of troops and the records showing where each military unit was located and at what period were neither complete nor available.

## LEADERSHIP OF MANITOBA TORIES RESTS BETWEEN TWO

Winnipeg, Nov. 7.—Either R. G. Willis, Boissevain, or Major F. G. Taylor, of Portage la Prairie, will be the next leader of the Conservative party, which met here yesterday in convention for the purpose of making a final decision.

There was the greatest gathering of Conservatives at the Royal Alexandra Hotel yesterday that has been seen in this city since the days of the Roblin regime. Five delegates from each of Manitoba's forty-nine ridings were in attendance, and in addition many non-voting delegates were present. The question of leadership alone will not cause all the excitement.

Rural delegates openly discussed the advisability of putting through a resolution giving the party an "absolutely clean sheet." It being held essential to victory is to be won at the next election. The organization committee adopted this morning several platform planks, most important of which are:

Advocating the establishment of a Provincial Ministry of Labor and abolition of the Municipal Commission Levy. The convention will terminate to-night with a banquet to which all delegates and visitors have been invited.

## Like a Tidal Wave Heart Disease and Nerve Troubles Sweep The Country

Probably at no period in the world's history have heart and nerve troubles been so prevalent as they are to-day. The heart can't stand the stress and strain of this busy, bustling age, and the care and worry, the anxiety and activity of business life constitute a serious drain on the nervous system.

The business of this work-a-day world goes with such a rush that the stoutest hearts and strongest nerves break down under the strain.

On the first approach of any breakdown of the system Milburn's Heart and Nerve Pills should be taken. The reconstructive power of these pills on the heart and nerve system is simply marvellous.

Mr. W. A. Wright, Hopewell Ave., Ottawa, Ont., writes: "After suffering for some time with my heart, I consulted a number of doctors, but got no relief. However, I read what Milburn's Heart and Nerve Pills had done for others, who had the same symptoms and thought I would give them a trial. Believe me, six boxes cured me completely. I am feeling fine now, and can attend to my work every day. I can recommend your pills to any one suffering as I did."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## ENGINEER IS OUT WITH THE FACTS ABOUT TROUBLE

Could Hardly Breathe at Times; Is Feeling Fine Now

"Tanlac has not only overcome a bad case of stomach trouble for me, but it has put me in as good health as I ever was in my life," said G. H. Harding, of Burnaby, B. C., in an interview recently. Mr. Harding is steam engineer for the municipality of Burnaby, but his post office address is McKay, B. C.

"It was about a year and a half ago that my stomach began to give me trouble," continued Mr. Harding, "and ever since that time my condition has been getting worse. My appetite was so poor that half the time I didn't care to even sit down to the table, and many a time when I would go to the table, even the smell or sight of food would turn my stomach. After I had eaten a little something, gas would form and blow me up so tight I would have to let out my belt and unbutton my vest, and the gas pressed against my heart so bad I could hardly breathe. I had a chronic case of constipation, and often I would get so dizzy I would have to quit work till I could get back to myself again, and I also suffered from headaches at times. My back ached just about all the time, and I got to where it felt like my back was breaking for me to stoop over. I slept very well, but when I got up of mornings I didn't feel at all rested, but was all tired out, in fact, I felt worse than when I went to bed the night before."

"It was one time after I began taking Tanlac before I was feeling better, and that encouraged me so much that I kept right on taking it. When I finished my sixth bottle of Tanlac I simply quit taking it, and now it has been some time since I took my last dose, but I feel just as fine to-day as I did then. My stomach is in such fine shape that I can eat anything I want, and I don't have any bad effects in the least. I am no longer constipated, and I never have a headache or dizzy spell, and the pain in my back has disappeared entirely. I am getting a good night's sleep and rest every night and when morning comes I just feel like I can do a day's work in a few hours. My wife suffered from stomach trouble, and it had been pulling her down so long that she was in just about as bad a fix as I was. So she commenced taking Tanlac, too, and, sir, she improved just like I did and to-day she eats anything she pleases, and like me, she never feels a pain afterwards. Tanlac has certainly been a blessing to us, and my wife joins heartily with me in speaking a good word for it."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Adv.

## STILL 15,000 PAGAN INDIANS IN CANADA

Toronto, Nov. 7.—That there are 15,000 pagan Indians in the Dominion of Canada, was a statement made by Rev. Arthur Barner, Superintendent of the Methodist Indian Missions, in the course of an interview here yesterday.

Mr. Barner is making a tour of the Indian reserves of Canada. He stated that there were 100,000 Indians and sixty Indian missions between Montreal and Queen Charlotte Islands, in the Pacific.

## THREE BURNED TO DEATH AT ATLANTA

Atlanta, Ga., Nov. 7.—Three persons were burned to death and nearly a score injured, several seriously, in a fire in the Wilson Hotel here early this morning. Damage to the building was confined to the interior. Scores of men and women were rescued by firemen. One of the dead was a woman who leaped to the fire before the firemen arrived. Fire Chief Cody said he feared more bodies might be found in the building.

## ACTION DISMISSED.

Vancouver, Nov. 7.—Mr. Justice Morrison yesterday delivered judgment in the case of Eastern Townships Investment Company vs. Dr. P. A. McLennan, dismissing the action. The evidence turned on the alleged signature of the defendant to a note. Dr. McLennan said it was a forgery. Photographic enlargements of handwriting enabled the court to decide that the signature was not genuine. The suit was an action to recover the sum of \$13,988.20 alleged to be due on a note for \$3,866 with interest at twenty per cent dated January 2, 1915 which sum it was alleged was the balance of one for \$10,000.

## MESSENGER STOLE \$40,000 IN CURRENCY

Helena, Mont., Nov. 7.—Charles Stevens, eighteen year-old messenger for the Union Bank & Trust Company, of Helena, confessed early to-day, the authorities announced, that he, with two companions, stole about \$40,000 from a registered package of currency he was conveying from the post office to the bank Wednesday. According to Stevens, his companions bound and gagged him to make it appear he had been held up and robbed.

James Ford and George Blodgett, who were arrested Wednesday and later released, were rearrested and are being held for alleged complicity in the affair. The money had not been recovered.

## PILES

Do not suffer for another day with itching, bleeding, protruding or protruding hemorrhoids. Dr. Chamberlain's Pile Remedy will relieve you at once and as certain cure you, etc. a box; all dealers, or Edman, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 5c stamp to pay postage.

## THE AISNE OFFENSIVE.

In the French Chamber of Deputies recently M. Painleve, Minister of War in 1917, explained at length the circumstances attending the Aisne offensive launched by General Nivelle, then commander-in-chief of the French army, in the spring of that year. Nivelle, to whom had been given the direction of all the military operations on the West Front, planned to break through the German positions on the Craonne plateau in eight hours, to be in Laon next morning and to push forward rapidly through the breach. The British in the meantime were to smash through the Arras-Vimy positions and the Germans, caught in a trap, would be forced to capitulate or would be destroyed.

The enemy, however, had obtained possession of the plans of the offensive and Nivelle was aware of this, but, nevertheless, persisted in his intention. The offensive collapsed, after being continued for ten days, during which, M. Painleve says, the French lost 34,000 killed, although General Nivelle gave the total killed as 25,000. Complaints were received from the front against the way in which the offensive had been prepared, and the Government required the resignation of the French commander-in-chief.

In connection with this discussion French newspapers have published complaints alleged to have been made by General Nivelle against Sir Douglas Haig in effect that the British commander-in-chief showed a tendency to evade the French general's instructions. It is stated that Haig contended that the retreat of the Germans to the Hindenburg Line, which had occurred after the Nivelle offensive had been decided upon, had changed the whole military situation and made new plans necessary. As to this Major-General Sir F. Maurice, who undoubtedly writes with authority, gives a clear account of what happened. General Maurice says that at a conference, held at Calais in February, 1917, of the French and British Governments, the British Army was placed under the general direction of Nivelle as regards the execution of the plan of campaign for the spring offensive. Sir Henry Wilson was appointed shortly after as representative of the British Army at Nivelle's headquarters to assist in obtaining unity of action.

Nivelle's plan, General Maurice says, was upset by Ludendorff's retreat to the Hindenburg Line, but despite this Nivelle persisted in it. In accordance with Nivelle's plan, Haig fought the battle of Arras-Vimy on April 8, with Allenby's Third Army and the Canadians, under Byng, of Hornes First Army.

The British, General Maurice points out, more than carried out the part allotted to them by Nivelle, but Nivelle's own offensive on the Aisne, which followed, broke down with the heaviest loss, and Haig was compelled to continue the battle of Arras in order to take the pressure off the French.

After Arras, General Maurice concludes, Haig resumed his independent direction of the British Army, and fought the battle of Messines and the Flanders offensive, which ended at Passchendaele, in order to help the French recover from the disastrous results of Nivelle's failure.

From the explanation of Major-General Maurice it is apparent that the failure of Nivelle's ambitious plans brought about such a situation in France that Haig, whose forces had achieved all that they were expected to do according to plan, was forced to institute the subsequent campaign in Flanders, which began with the blasting of the Germans off the Messines Ridge and ended with the capture of Passchendaele by the Canadians, to redeem it. It was this situation, resulting from Nivelle's failure and a formidable defeatist conspiracy which was flourishing at the same time and which was dangerous to the cause of the Allies in the extreme, that prompted President Poincaré to call to the Premiership the strongest man in France, M. Clemenceau. In the light of these disclosures it is clear that the British Flanders campaign of 1917 was more a moral than an actual military measure, and that as such it was vitally necessary.

## DR. OLDFIELD'S PRESCRIPTION.

No doubt a great many people will adopt the longevity prescription of Dr. Josiah Oldfield, a celebrated London physician, who declares that a daily diet of dandelion leaves, fowls' eggs, grapes, lettuce, cow's milk, water cress, honey and uncooked salads will keep old age at bay. And many will be grievously disappointed. They will discover that as they and their ancestors from time immemorial have habituated themselves to other kinds of diet, their systems will demand certain variations to which they are accustomed, and failing to obtain them will go on strike. Per-

chance, if this generation confined itself to the diet outlined by Dr. Oldfield, regardless of consequences, the next generation would inherit not only an adaptability but an actual craving for it, and this tendency, transmitted to the third generation, would produce a longer-lived race.

The perfection of diet, like the perfection of everything else, must be evolutionary. The physical change must be accompanied by a change in the mental state. If the mind is thinking of roast beef while the stomach is struggling with dandelion leaves the inco-ordination of purpose between the two might be demoralizing. However, it will take more than dietary reform to restore the age of the patriarchs, some of whom, by the way, were tolerably large meat eaters, indulged rather freely in intoxicants and did many other things they should not have done, and yet lived six or seven hundred years, according to the Scriptures. The late Horace Fletcher, we recall, died at 59 years of age, notwithstanding his dietetic erudition and practice. The truth is the human race is as far from the standard of living which insures longevity in many other respects as it is in respect of its diet.

## BILL ADAMS-OUTDONE!

General Ludendorff declares in his memoirs that he staked his manhood at Liège and it is interesting to observe his version of how the great coal city of Belgium fell into German hands during the fateful days of August more than five years ago. Page 37 of the vanquished commander's book would make Bill Adams's exploit at Waterloo look like a wooden-sworded battle on the village common. Says Ludendorff: "Thinking that Colonel Von Oven was in possession of the citadel, I went there with the Brigade Adjuvant in a Belgian car which I had commandeered. When I arrived no German soldier was to be seen, and the citadel was still in the hands of the enemy! I banged on the gates, which were locked. They were opened from the inside. The few hundred Belgians who were there surrendered at my summons!" Think of the lives Ludendorff could have saved if he had only walked across Belgium and France banging on doors and getting the key of entrance! What an oversight!

## JOHNSON STREET BRIDGE.

There are no indications that the Canadian Pacific Railway Company intends to retreat from its attitude towards the Johnson Street Bridge project. It demands a clause in the agreement to prevent freight cars other than its own from crossing the bridge. If the city does not care to commit itself to that extent the C. P. R. will not contribute its promised \$100,000 towards the cost. On the other hand, acquiescence on the part of the city in the railway company's terms would not be tolerated by the Province because no member of the Cabinet could defend the action of a Government which contributed \$200,000 of the people's money towards the monopoly usage of a public thoroughfare by any company.

There is, however, an alternative. No obstacle exists to prevent the city from preparing its own plans for a separate structure to span the harbor at the precise spot planned for the proposed joint bridge. These could be deposited with the proper authorities at Ottawa and approval asked for. Obviously the railway company would promptly object on the ground that occupancy by the city of the originally intended location would interfere with any plans of its own for a swing bridge. Conflict of interests would precipitate action at once; but the development would place the case on its merits and force a decision one way or the other. At least the city would have the satisfaction of having taken a business-like attitude to protect its interests.

It should be remembered also that the terms of the Order-in-Council of 1887 entitle the city to vehicular and pedestrian accommodation on a joint bridge to be provided by the railway company. After twenty years it got a side-walk at the edge of the present structure, now totally inadequate to the city's needs. Moreover, mindful of the attitude of Lord Shaughnessy towards the validity of the Order-in-Council, and his suggestion that the city was entitled to the Dunsmuir bridge, we are of the opinion that if the council will take the bit in its teeth the city either will get the site or the joint bridge. In other words, if the 1887 Order is deemed still valid the C. P. R. will have to fill a thirty-year overdue contract. There would then be an opportunity for the C. N. R. and the B. C. E. R. to share in its benefits, provided they pay for it.

## THE WOODEN HOUSE.

Canadians resident in England are taking up the case of the wooden house in earnest. A Nova Scotian appears to scout the suggestion of a London daily that the "Colonial bungalow" is destined for no more than a twenty-year life. To prove the merit of his argument that the average Canadian wooden house is capable of doing full duty for at least the allotted span of human existence, he has supplied The London Daily Chronicle with a photograph of the house in which he was born and points out that it was built in Nova Scotia by his grandfather in the latter part of the eighteenth century. He goes farther, however, and declares that there are many houses in the same neighborhood very considerably older than the one in question.

It is not difficult to point to the moral. If a wooden house is capable of standing the rigors of a Nova Scotian winter for nearly a century it ought to be possible for the British Government to make way for the "Colonial bungalow" as the remedy for one of the most acute domestic problems the people of the Old Land are called upon to face at the present time. It has been shown that it would take many years to produce sufficient bricks to meet the existing deficiency in England alone, and for that reason it should be good business for the administrators of the various housing schemes to take full stock of the possibilities offered by the Canadian wooden house. British Columbia, moreover, ought to be able to share to a very large extent in the business that would ensue.

## GREATER VICTORIA APPROACHES THREE MILLION DOLLAR MARK

(Continued from page 1.)

day, also has won an Honor Flag by investing \$15,000, \$1,000 more than her quota.

F. M. McGregor, island organizer, this morning dispatched to all up-Island centres a message urging them to reach their quotas by to-morrow night in order that they may have all next week to roll up their objectives. As seven out of the fifteen up-Island centres have won Honor Flags, the Loan organization is confident that the remainder, by putting on a sprint to-day and to-morrow, also will "go over."

**In Saanich To-day.**  
 The selling organization of the drive brought the big guns of the Loan to bear upon the districts of Saanich and Gordon Head this morning, four teams meanwhile "cleaning up" the business section of the city. The canvass of the residential district, doubtless has not brought the Loan to the attention of numerous householders who were not at home when canvassers called. If people whose loan business has not received attention would telephone Loan Headquarters—No. 6357—a great deal of trouble would be avoided.

**Will Celebrate Armistice Day.**  
 A unique "stunt" is being arranged for next Tuesday, the first anniversary of the signing of the Armistice. The Loan organizations all over Canada are endeavoring to make the anniversary the big day of the drive, and Victoria does not intend to be left behind. The organization does not wish to make public its plans as yet, but undoubtedly they will result in a big investment in Bonds on that day.

**The Loan Button.**  
 Five hundred signs bearing the Loan motto, "Every Man Behind a Button," were plastered about the city this morning by the Loan Publicity Committee, which is anxious that all Bond investors wear the little badge to which investment entitles them. It is hoped that before the end of the drive the button will become a rule rather than an exception on the streets of the city.

**Shows Full Confidence.**  
 Toronto, Nov. 7.—With only \$70,000 on hand, the superannuation fund of the Methodist Church in Canada to-day subscribed for \$250,000 of the Victory Loan.

"For the balance, the church, in confidence that in the Methodist national congress next February, the membership will contribute much more than the amount required," said Rev. J. D. Simpson, secretary-treasurer of the fund, announcing the subscription, which is the largest ever made by a department of any church for any Government bonds.

**Kingston's Quota.**  
 Kingston, Ont., Nov. 7.—It was announced to-day from the headquarters of the Victory Loan committee here that the Canadian Locomotive Company and Queen's University had each subscribed for half a million Victory Bonds. This subscription puts Kingston over the million and a half mark.

## NEW ZEALAND'S HOUR OF ARRIVAL UNKNOWN

(Continued from page 1.)

Tor Tuesday evening two other functions have been arranged. Admiral Jellicoe has accepted the invitation of the Canadian Club to speak at the Empress Hotel, and his address will be looked forward to with keen interest as he may make some reference to the future of Esquimaux as a naval base.

The Knights of Columbia are arranging to entertain 400 joyfully to Tuesday night. A club programme of music and entertainment is now being drafted. The boys who help to drive the Klons back to the protection of the Kiel Canal are assured of a most enjoyable time while they are visitors to this city.

While visiting the country Admiral Jellicoe will not accept any day engagements. His time will be fully occupied in carrying out the very important work which has been assigned him by the British Admiralty.

The official governmental visit to H. M. S. New Zealand will take place on Monday morning.

## GOVERNMENT OF U. S. WANTS COURT ORDER TO END BIG STRIKE

(Continued from page 1.)

**Long Fight.**  
 Officials in direct touch with the strike situation apparently were preparing for a prolonged shut-down of the mines. While the Railroad Administration's central committee would not divulge details of its work, members admitted that arrangements were being made for full conservation of fuel should the strike become a "bitter end" fight.

In some quarters the belief prevailed that the strike on the edges of the solid union districts was losing its force. The opinion was expressed that the walkout in such areas was largely one of sympathy and a gradual defection of those miners from the union ranks was predicted.

**Service Cut Down.**  
 Chicago, Nov. 7.—Curtailment of passenger train service, discontinuance of bunkering of foreign-owned vessels at American ports, restrictions in the use of public utilities and appeals for coal from various cities as the strike of bituminous coal miners to-day rounded out its first week gave national indications of the threatened distress.

To the States already reported suffering from a coal shortage, Kansas, Nebraska, Alabama and Iowa, to-day

If you're going to economize, the coal bin is just as good a place as any to start, and the best way to practice coal economy is to buy the best coal possible—a coal that is long in life—free from waste matter and rich in energy—that's

was added Oklahoma. "Follow the first law of nature, which is self-preservation, and take any coal you get your hands on," was the reply of Governor Robertson, of Oklahoma, to one county's appeal for aid.

**Trains Cancelled.**  
 While it officially was announced by the Director-General of Railroads that no general curtailment of train service was contemplated, sixty-six trains to-day had been annulled in the central west. Regional directors had orders to eliminate service where absolutely necessary in the public interest.

**No Seizure.**  
 Spokane, Nov. 7.—Formal orders by which the United States Railroad Administration waives jurisdiction over Canadian coal entering the United States and placing British Columbia and Alberta coal beyond danger of seizure by the railways, were received by James S. Ramage, president of two large local fuel companies, yesterday. Because of the proximity of Canadian mines, Spokane is in good shape as regards coal, Mr. Ramage said.

## CHILDREN BURNED.

Trenton, Ont., Nov. 7.—Two small children of Benjamin Hatfield, Murray Township, were burned to death in a fire which destroyed the farm house.

 GOVERNMENT STREET OPPOSITE POST OFFICE

## THOUGHT ALLIES KNEW THEIR CODE

(Continued from page 1.)

from Britain's experience with a volunteer army, that the United States could not raise many troops in six months, and it was thought that by the time they were trained the war would be over.

**Inevitable.**  
 What had been the impression regarding the entry of the United States into the war was then discussed by the committee. Von Bethmann-Hollweg declared that any man who read the Lusitania and Sussex notes of the United States Government would have known this was inevitable.

Dr. Zimmerman was asked whether he had said at a general party meeting regarding the entry of the United States into the war, that American aid militarily would amount to "zero, zero, zero." The former Foreign Minister evaded the answer.

## Grand Duchess of Luxemburg Married to Prince Felix To-day

Luxemburg, Nov. 6.—The marriage of Grand Duchess Charlotta and Prince Felix of Bourbon-Parma was celebrated at the cathedral here to-day in the presence of members of the Chamber and the State Council.

Prince Felix is a Luxemburg citizen, as citizenship was conferred by the Chamber on Tuesday last by a vote of 25 to 21, as preliminary to his marriage to Grand Duchess Charlotta. Prince Felix is a brother of Prince Sixtus, who fought in the Belgian army. Prince Felix was in Austria when the war broke out and served as a captain in the Austrian army, declaring at the beginning of hostilities, however, that he would not fight against France.

## LADY ASTOR HAS TWO OPPONENTS FOR THE COMMONS

Plymouth, Eng., Nov. 7.—The official nomination of the candidates for the House of Commons in the by-election for a successor to Viscount Astor, who lost his seat when elevated to the peerage on the death of his father, were filed to-day. The nominees, as previously known unofficially, are Lady Astor, the American wife of the Viscount, whose lively campaign for her husband's place in the Commons, has been under way for several days, nominated by the Unionists; Isaac Foot, named by the Liberals, and W. T. Gay, by the Labor party.

## MINEOLA-CHICAGO FLIGHT POSTPONED

Mineola, N. Y., Nov. 7.—The projected non-stop flight of the giant British Handley-Page bombing plane to Chicago with a cargo of explosives was again postponed to-day on telegraphic reports that the landing field at Chicago was a "quagmire." The plane weighs fourteen tons and the managers of the flight decided it would be too risky for it to attempt to land on a muddy field.

## GERMAN MARK AT LOWEST LEVEL YET IN SWITZERLAND

Berne, Nov. 6.—Via London, Nov. 7.—The German mark touched an unprecedented low record to-day, fourteen and one-half francs selling for 100 marks.

Austrian crowns were stationary, 100 crowns selling at between five and six francs.

## CASE OF SADOUL BEGINS AT PARIS

Paris, Nov. 7.—Court-martial proceedings against Captain Jacques Sadoul, of the French army, are in progress here, having been opened yesterday afternoon. He is charged with desertion abroad, having intelligence with the enemy and with seducing soldiers to aid the enemy.

Advocate Flauche, on behalf of Mme. Sadoul, asked that he be allowed to act, even when the proceedings are held in camera. The president of the court refused.

Captain Sadoul, who is at present in Russia, has written to his friends of his intention to return to Paris to present himself as a Socialist candidate for the Chamber of Deputies.

## CAMPAIGN IN AUSTRALIA.

Melbourne, Nov. 7.—Frank Tudor, leader of the Labor Party, opening the Labor campaign against fortunes made through the war, monopolies and large estates, said the heavy

## NOT GUILTY.

Montreal, Nov. 7.—John James Quinn, who shot and mortally wounded Roch Samson here on August 25 was found not guilty yesterday by a jury and a few minutes later walked from the courtroom a free man.

Samson pressed his attentions on Mrs. Quinn and when she got her husband to remonstrate, Samson threatened to shoot Quinn.

The shooting took place on the street and Samson was in a car. He appeared to be searching in the pocket of the car for a revolver, so Quinn shot him.

### SHIP'S OFFICERS AT JELlicoe BALL

Staff of "New Zealand" to Attend Monday's Function

Accompanying Admiral of the Fleet Lord Jellicoe, at the grand Navy League ball to be held at the Empress Hotel Monday evening next, will be some sixty or seventy naval officers whose presence will help to make the function a most interesting one. Victorians, always renowned for their hospitality, will have ample opportunity on this occasion to display their accomplishments as hosts and a royal welcome is indeed in store for the distinguished visitors.

Final arrangements are being completed and with the committee's plans for everyone's enjoyment maturing, a wonderful evening's entertainment is assured. The demand for tickets is daily increasing and in order to help the ticket committee in the work, anyone who purposes attending is requested to make application for same at once, either at the Navy League Headquarters, 222 Pemberton Building, or to H. H. Rowley, Manager of the Union Bank of Canada.

Civil servants and others employed in the Parliament Buildings who have not yet got their tickets for this ball on Monday next, at the Empress Hotel, can obtain them from D. B. McLaren, Lands Department, and also at the Navy League office.

### FORTY ADDITIONS MADE TO HUNDRED PER CENT. RECORD

Loan Emblem Competition Makes Spurt as Drive Nears End of Second Lap

"The names have certainly been rolling in to-day, and the big bulletin boards on the wall at Victory Loan headquarters are being filled up very rapidly," George Bushby, who is trying to make the Honor Emblem Competition a huge success declared today in announcing that over forty new names had been added to the 100 per cent list since yesterday. "R. A. Playfair, local manager of the Beeg Motor Co., is doing very well by his employees, for he is arranging that every member of the staff is to buy a Victory Bond, the Company giving the first payment of 10 per cent, as at present, to the employees. Of course the Beeg Motor Company will be in the 100 per cent. class, and which will be the next garage to qualify?"

"A grand effort is to be made to-day and Saturday for the Victory Bond salesmen are determined not to sleep on Saturday night unless Victoria has reached the point where she can win the Honor Flag, and only \$700,000 is required to do the trick."

"The Honor Emblem is going to put the great drive well to the front, for the proper pride of Victoria is being aroused and all hands are taking an interest in the game."

"The Columbia Paper Company, as usual, is to the fore with an Honor Emblem, 100 per cent., and the local branch is arranging for a share of the company's subscription to be applied for in Victoria."

Following are the additions made to the Senior List since noon yesterday:

R. Hetherington, contractor, 1153 Burdett Avenue; Gladys A. So, 2672 Shelbourne Street; Mon Hing Company, Vancouver; Superior Lumber Company, Nanose; Canton Rooming House, Johnson Street; Hafer Machine Co., Wharf Street; O'Connell's, Ltd., 1117 Government Street; Charlie Hope, tailor, 1434 Government Street; Wu San, Vancouver; Brown's Victoria Nurseries Staff, 618 View Street; F. A. Gowen, Clothiers, and Staff, Government Street; Hall's Drug Store, Yates and Douglas; Columbia Paper Co. and Staff, Broad Street; James Zafro, 611 Johnson Street; Revercombe Motor Co., Staff and Gas Station, 923 Yates Street; R. J. Rowe, Central Fish Market, 613 Johnson Street; Pacific Coast Coal Mines, Office Staff, Government Street; Dunfords, Ltd., 1234 Government Street.

Additional to the Junior List were as follows:  
Mrs. Sarah Kermod and family, 1684 Yates Street; Captain Mathison and Family, Victor Street; F. H. Willis, 1002 Caledonia Street; J. J. Cochran and Family, 933 View Street; Mrs. McRae and Family, 1214 Quadra Street; Alfred E. Greenwood and Family, 1138 Hilda Street; D. W. Campbell and Family, 341 Arnold Avenue; Wong Hai Lung, Yat Sun Co., Vancouver, B. C.; Hip Wo On, Vancouver, B. C.; Wo Lee, Douglas Street; Island Development Association, Belmont Building; Mrs. Walker and Family, 783 Fernwood Road; E. Stancombe and Family, 777 Lyall Street; Lou Dunne, Pool, 738 Discovery Street; Wo Lee, 2600 Douglas Street; James Ferguson and Family, Maddox Street; Capt. M. B. Cockshott, 146 Rockland Avenue; W. Ridsdale, 123 Queen's Avenue; J. Parker Ribben and Family, Gorge Road; Mrs. E. U. D. Bridgen and Family, 655 Constance Avenue; G. S. Quigley and Family, 451 Constance Avenue; R. K. Shimizu and Family, 1625 Stone Street; B. D. Stephens and Family, 1165 Old Reginald Road; Mr. and Mrs. Walton, 828 Ellery Street; W. T. Edwards and Family, Gordon Head; I. O. Dunford and Family, 1845 Fern Street.

## A BEDTIME STORY

UNCLE WIGGLY AND THE LEAVES  
Copyright, 1919, by McClure Newspaper Syndicate.  
(By Howard R. Garis.)

"Dear me!" exclaimed Nurse Jane Fussy-Wuzzie, the muskrat lady housekeeper for Uncle Wiggly Longears, as she came from the kitchen of the hollow stump bungalow one morning.

"What's the matter now?" asked the bunny rabbit. "Has Jack Frost been freezing and stopping up some of the water pipes?"

"Oh, no, not that," answered Miss Fussy Wuzzie. "But the molasses jug is empty!"

"That is too bad," said Mr. Longears. "I suppose that means I'll have nothing to eat on my carrot pancakes to-morrow morning."

"Not only that," spoke Nurse Jane, but I was going to make a ginger cake, and I can't unless I have some molasses."

"Then molasses you shall have," spoke Uncle Wiggly, positive-like and confident. "I'll take the jug myself and hop to the seven-and-eight-cent store. I'll get you all the molasses you want."

"That will be very nice," said Nurse Jane. "And while you are gone I'll get ready to make the ginger cake. But be careful as you go through the woods. I heard Dr. Possum say yesterday that the old blue-nosed baboon was around again."

"I shall be very careful," promised the bunny.

Taking the molasses jug on one paw, and with his red, white and blue striped barber pole rheumatism crutch under the other, Uncle Wiggly hopped over the fields and through the woods on his way to the thirteen-cent store.

On the way Mr. Longears looked for some of the animal boys or girls whom he liked so well, but they were all in school studying their lessons, so he had to travel on by himself.

"Are you going to make molasses popcorn?" asked the old bear gentleman who kept the thirteen-cent grocery store, as he filled Uncle Wiggly's jug.

"No, Nurse Jane is only going to make a ginger cake," answered the

# IN WOMAN'S DOMAIN

## Social Personal

Col. and Mrs. J. A. Moore, of Fort Worden, are guests at the Empress Hotel.

Mrs. Herbert Pendray has returned home from Southern California, where she was called some weeks ago by the illness of a near relative.

Mrs. Alfred E. Bull, of Burnaby Street, Vancouver, entertained at the tea hour on Tuesday afternoon in honor of Mrs. Colin Chisholm, of Saanich, who has been visiting her daughter, Mrs. E. J. McVeely, in Vancouver, for some weeks past.

Mrs. E. O. Raymer and Mrs. W. D. Livingstone, of Winnipeg, are the guests of Mrs. W. J. S. Waugh, Holland Avenue, Victoria, formerly of Winnipeg. Mrs. Livingstone returns to the prairie city at the end of this month and Mrs. Raymer intends remaining in Victoria for the winter and will be with Mrs. Waugh.

Sir James Atkins, Lieutenant-Governor of Manitoba and president of the Canadian Bar Association; General Sir Arthur Currie, the Judges of the Supreme and County Courts and Attorney-General Harris were the guests last evening at the dinner given by the Victoria Bar Association. The function was a most successful affair and was largely attended by members of the legal profession here.

The residence of Mrs. I. W. Spouse, 339 Pandora Avenue, was invaded by a merry party of members of the Next-of-Kin Association last evening, the visitors honoring Miss Spouse, whose marriage to Mr. Williamson is to take place shortly. A collection of beautiful and useful gifts showered upon the bride-elect was formally presented to the surprised recipient by Mrs. R. S. Day, president of the Next-of-Kin Association, on behalf of the members of the organization, of which Mrs. and Miss Spouse have long been devoted workers. The fathers of the prospective bride and groom thanked the donors on behalf of the recipients. The remainder of the time was passed with games and music, delicious refreshments being served.

bunny. "Would you like a piece?" "Indeed, I would!" answered the bear gentleman, as he let a little ant lady slip off a few drops of molasses on the queen of the jug. The gentleman grocer was very kind that way.

"I'll bring you a slice," promised the bunny, as he hopped on his way home. His path lay through the woods, and, as it was now almost winter, all the leaves had fallen from the trees. The ground was covered with the dried leaves, and Uncle Wiggly's paws made a scuffling sound as he scurried through them.

The rabbit gentleman was thinking how good the molasses ginger cake would taste, when, all of a sudden, as he looked ahead, he saw sitting on a log in the middle of the path, the bad old blue-nosed baboon.

"Dear me! There he is!" whispered Uncle Wiggly to himself. "Right in my way, too! I'll have to hop past him to get home, or else go many miles out of my path. And then, if I do that, it will be too late for Nurse Jane to make the molasses cake. Dear me! What shall I do?"

As yet the baboon had not looked up to see the bunny. The bad chap was sort of talking to himself as he twiddled his fingers and toes.

"Uncle Wiggly ought to be along pretty soon now," said the baboon, talking out loud to himself. "When he comes along I'll grab him and take him off to my den!"

"Dear me! That may be all right for you, but not for me" thought Uncle Wiggly. "I wonder how I can get past that bad chap without him seeing me I wonder?"

Uncle Wiggly looked at the molasses jug in his paw and he knew how sticky the sweet stuff was. Then the bunny looked at the loose, dried leaves all about him under the trees.

"I think I know what to do!" softly said Mr. Longears.

Carefully he took the cork out of the molasses jug. He poured some of the sticky stuff on the leaves. Then he slyly stuck the leaves all over himself, from the top of his silk hat to the bottom of his shoes, which he wore on his paws in winter.

"Now I don't believe he'll knock me," said the bunny, as he stuck more leaves on the outside of the molasses jug. "I must look like a pile of leaves, all ready for a bon fire." And so the bunny did.

Covered as he was by the sticky leaves, so that not even his pink, twinkling nose showed, Uncle Wiggly boldly walked right past the baboon. The bad chap hardly looked up.

"That's a big bunch of leaves the wind is blowing," he said. "I wish Uncle Wiggly would hurry!" Uncle Wiggly safely hidden inside the leaves, wanted to laugh, but didn't dare. Soon he was safely at home, having fooled the baboon with the molasses. Nurse Jane helped wash the sticky stuff off the bunny and then she made the molasses ginger cake, and the bear grocer said it was just dandy. And the baboon didn't have any cake, or sauce or anything. But if the penny whistle doesn't blow the pin wheel off the roller skate when it's sliding down the ironing board, I'll tell you next about Uncle Wiggly and Woody Chuck.

## AT THE CHILD WELFARE CLINIC

## VICTORIA'S FREE CLINIC DOING A SPLENDID WORK

Many Babies Taken to Dr. Price For Examination and Advice  
AIRY QUARTERS AT CITY HALL

A bright airy room, whose cheerful yellow walls seem to radiate sunshine even on the dreariest day; snowy white woodwork and white enamel equipment which proclaims to the world its high sanitary standard; spotless white cot with dainty fittings; gleaming show-case containing an infant's layette and baby-basket—such is the first impression gained by the visitor to the new Child Welfare Clinic recently opened at the Board of Health offices at the City Hall.

To Prevent Human Wastage.  
The awful wastage of human life during the recent great war focussed the attention of the world upon the drastic need for conservation of the coming generation. A great movement sprang up simultaneously in all the civilized countries, having for its aim the care of the child with a view to correcting as far as possible the conditions brought to light during the period of enlistment for army service, when an incredibly large percentage of men were found to be suffering from defects which could have been easily corrected in infancy. This movement is slowly spreading through Canada, and Dr. A. G. Price, Victoria's City Medical Officer, has been one of its most ardent advocates in this city.

Airy Quarters.  
For the past two years he has been conducting a child welfare clinic on a small scale, but his efforts were hampered by the inadequacy of the quarters formerly occupied by the Board of Health. With the recent removal to the present larger quarters Dr. Price hopes to popularize the movement here and to encourage young mothers to bring their babies to the city clinic for examination and advice.

Purely Advisory.  
To a Times representative yesterday, the City Health Officer explained the aims and workings of the clinic which is held every Wednesday. Its function is purely advisory, treatment being given, only in indigent cases. Any young mother may take her baby to the clinic for examination. Every precaution is taken to safeguard the children brought to the clinic, so that there is no possibility of contamination with a child suffering from infectious disease.

The procedure is as follows: On arrival the particulars of the child's parentage, age, place of birth and any physical characteristics are entered on a special form kept for the purpose. The child is then undressed by the assisting nurse (the room of course is thoroughly warm) and carefully examined by Dr. Price, who acquaints the mother of any physical defect and gives advice as to treatment if necessary. The baby is weighed and measured, these particulars being included on the register.

Hints to Mothers.  
In addition to giving advice on

treatment, Dr. Price talks to the young mother and where necessary advises on the subject of feeding, the best kind of feeding-bottle to use, essential clothing and other points which, small in themselves, are often stumbling-blocks to young and inexperienced mothers. Frequently a baby whose health is causing the mother much concern is brought to the clinic and examination reveals that some trivial mistake in the clothing, such as the using of a binder too tightly, may be causing the infant's suffering. In other cases the trouble may be due to a minor physical defect easily corrected in childhood by a small operation, but which if left may be a serious handicap in adult life.

Perfect Babies.  
Nor is the clinic intended only for babies who are not quite up to the physical standard, for many mothers whose babies are in the best of health take them to Dr. Price for examination, and come away preening themselves in the knowledge that their offspring is even more perfect than his or her doting parents had hitherto imagined. There is satisfaction to be derived from the knowledge that a critical medical examination has revealed that a baby is in perfect health, and if more parents would submit their kiddies to this free examination at the clinic there would be a considerable reduction in the heritage of suffering which falls to the lot of many a child in later life.

While the public clinic is held on Wednesdays, Dr. Price is always ready and willing to examine a child at the welfare bureau at any time by appointment. His aim is to see Victoria the home of perfect babies—or as near perfection as is compatible with proper care. In this effort, Dr. Price is indebted to the following firms for the loan of equipment at the Child Welfare Clinic: David Spencer, Ltd., for layette and fitted baby-basket; Smith & Champion for white enamelled cot and furnishings, and W. S. Terry for loan of samples of infant foods, feeding-bottles and accessories for baby's toilette.

**BIG MASQUERADE DANCE TO-NIGHT**  
Valuable Prizes For Costumes and Dancing at the Alexandra Club

Very tempting prizes have been offered in connection with the masquerade ball which is to be held at the Alexandra Club this evening. Fourteen prizes amounting to no less than \$125 will be awarded, including four special prizes of \$5 each for graceful dancing. An impartial committee including Mrs. George Simpson, Miss Bruce of the Colonist and Mrs. H. P. Hodges of The Times will act as judges. The grand march is scheduled to take place shortly after 10 o'clock.

Professor Heaton's orchestra has been engaged to furnish the music for the dancing, and there is every indication that the affair will be one of the most successful and enjoyable masquerades ever held in the city.

## OWNERS FIGHT TO SAVE BUILDINGS

Aldermen Order Most Condemned Structures Destroyed Despite Protests

How a leper was discovered one day amongst the rubbish in a Chinese building, 547-549 Herald Street, on lot No. 962, was told the aldermen at their meeting to-day by Dr. A. G. Price, medical health officer. The aldermen sat as a court of revision on condemned buildings.

"This place is open to the public for bad uses," said Dr. Price. "It was in this house that we found the leper amongst all the rubbish. I don't like a house in this condition."

"The building is in a bad condition," said W. G. Gaunce, appearing for the owner, who is at present on the prairies. "If the city thinks it best to take this down, we will take it down. No consideration is due me in this matter. I am here to have carried out what you want."

After hearing what Dr. Price and Mr. Gaunce said the aldermen ordered the building destroyed.

No Order Required.

Tom Morris, appearing for James Maynard, told the aldermen that the Chinese building at 417 Herald Street, used as a storehouse, had been put into proper shape. The aldermen therefore cancelled the order for destruction.

Destroyed by Hoodlums.

A number of empty houses on 1202-1210 Vancouver Street belonging to Lee Dan were condemned by Dr. Price, who said that they were dirty and open to the public and used by the public.

Mayor Porter said that the foundations have gone.

A. P. Luxton, K. C., appearing for the owners, said they wanted a chance to repair them, say until next summer, as it was hard to get money for the work now and difficult to get it done during the winter. "No one such as the police seems to look after the deprecations of the hoodlums in these buildings," he said.

It was decided that Mr. Luxton be given sixty days to remove or repair the buildings.

Worst House in District.

F. W. Blankenbach said that his building at 767 King's Road, was too good to be destroyed and that he should be allowed to board up the house until he was in a position to repair it next month.

"When I went out there I was surprised to find the windows were broken and the plumbing all gone," he said. "I am paying taxes on that property and I claim that I should have some consideration from the city. I should not have to camp there to prevent it being depreciated. Don't you think the police should have notified me that these things were going on?"

"The woodwork is rotten all around the bottom," said Mayor Porter.

"It is very damp and rotten and unsanitary at present," said Dr. Price.

Building Inspector James Barf said the supports were all gone.

"I am told that it is one of the worst houses in the district," said Alderman Cameron. "Water is standing all around this house and it is really a very bad case."

"It is out-of-date," said Alderman Dinsdale.

"The house is below the ground level and very bad," said Sanitary Inspector Lancaster.

Mr. Blankenbach strongly appealed to be given more time to repair the building, but when he admitted that it had been there for five years, the aldermen ordered it removed within thirty days.

No Police Protection.

Charles Adams, appearing for his brothers, declared it would be a burden to have to remove the charred remains of the old mill on David Street, which was burned down three or four years ago.

Alderman Patrick said the Council, when it visited the place, were unanimous that it was unsightly. Mr. Barf corroborated this, saying that it would cost only \$40 to clean it up. The buildings must be removed within sixty days.

Better Without House.

B. S. Heisterman testified that he had appealed to the police for protection for the house of Henry R. Savage at 292 Rock Bay, but the police only replied that they would do something if the owners brought in the culprits. All the plumbing and fittings have been stolen.

"The property would sell better without the house," said the Mayor. Dr. Price declared the chief objection was the shed at the rear of the house which was open to the view of all.

As Dr. Price did not say that the house was insanitary Mr. Heisterman was given thirty days in which to remove the objectionable shed, and sixty days to repair the house.

"Well, all that I can say is that we need a better police force," said Mr. Heisterman. "That house was dismantled through the inaction of the police. I hounded them for the protection, but they only told me to find the man and then they would attend to him."

Halts Meeting Over Shed.

"I rented my garage shed at Hillside and Graham Street to an old man and he went and tore up the floor," said Joshua Smithers. "I have repaired it right along and whitewashed it every year. The man next door says he can't see over the shed to get a view of Hillside Avenue, and that he would have the city take it down. The neighbors have had their kids on top pulling off the shingles and trying to wreck it."

Dr. Price said that the shed was

Experienced mothers say Zam-Buk is best for children's injuries and skin troubles, because:

It is herbal—no poisonous mineral coloring.

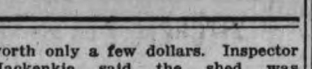

It is antiseptic—prevents cuts and burns taking the wrong way.

It is soothing—ends pain quickly.

It heals every time.

Just as good for grown-ups.

Sold at all stores and druggists.

worth only a few dollars. Inspector Mackenzie said the shed was twisted out of shape and was bent over the next lot.

Mr. Smithers continued to protest until the Mayor had said, "Keep quiet, don't make so much noise and give someone else a chance."

When the aldermen ordered that the shed be repaired within thirty days, Mr. Smithers denounced the aldermen and officials. Finally Mr. Smithers slammed the door and went out.

Also Blames Police.

"Who has put this property in this condition?" asked Jesse Hodgson, when his empty store at Belton Avenue, Victoria West, came up. "I haven't done it."

He blamed the police for not giving the property protection.

S. D. Burrows living next door, appeared and testified that the place was unsightly and he asked that Mr. Hodgson be compelled to do something about it.

The aldermen gave Mr. Hodgson thirty days to make the improvements.

Lee Dye, jr., appeared for the frame dwelling at 863 Pandora Street. When it was learned that the structure had been repaired the place was withdrawn from the complaint list.

Must Destroy Old Cabins.

The Mayor said that all the old papers and mattresses lying around the small buildings at 501-511 Chatham Street, were a disgrace. Dr. Price was sworn and said that "it is the dirtiest place I have ever walked into in the city." He swore that the houses were being used as conveniences by men in that part of the city.

Knox Courtney appearing for Mr. Quagliotti asked for consideration, but the aldermen would grant nothing beyond thirty days for the destruction of the buildings.

The old church on Catherine Street, Victoria West, owned by Walter Whitman, must be removed within sixty days.

Saw Lumber Disappearing.

"I allow that this building is all that it is said to be in the way of being dilapidated," said Henry G. Waterson, with reference to the condemned building at 1034 Johnson Street. "If you tear down that building I would have to camp there to save anything worth saving. Give me all the time you possibly can and my boys and I will take up the question of building there."

As Dr. Price said the property was in bad condition and Mr. Barf that it was all out of shape, the aldermen gave Mr. Waterson sixty days to repair or remove the building.

Stripped House.

"I want to speak to you about the house at 712 Humboldt Street," said W. McCully. "The house is owned by two men living in Saskatchewan. He said he would have liked to have bought and repaired the building, but people came along and took away the windows and other vital parts."

Mayor Porter said that he had noticed people pulling lumber down from this building and taking it away, but he did not know that they had no authority to do so. The building must be removed within thirty days.

Doings in Old Hospital.

Hugh McDonald protested about what was going on at night in the empty hospital building at 1247 Pandora Avenue, owned by Charles A. Forsythe. Mr. McDonald said the place has been vacant for seven or eight years and objectionable people haunt it at all hours of the night, disturbing the neighbors. The aldermen decided to take up this case at a later session, as there was no defence.

E. M. Johnson Appears.

"The letter that I got from the city says that the building is so dilapidated and uncleanly as to be offensive to the community," said E. M. Johnson, representing the Sisters of St. Ann, owners of an empty store on Store Street next to the E. & N. Railway station.

"I don't know what that means," Mr. Johnson went on.

"You would know if you went down there," said Mayor Porter.

BUY VICTORY BONDS

CASTORIA, For Infants and Children. In Use For Over 30 Years.

Bears the Signature of J. C. Hartman

It is not what you eat—

but what you assimilate that does you good.

Bovril has the wonderful power of making other foods more nourishing. This was proved by Professor Thompson, of Dublin, in independent experiments carried out at the request of a Government Department.

BOVRIL STANDS ALONE.

Standard for Over 60 Years

We began knitting underwear in Canada over 60 years ago. Quality has been our slogan all these years.

To us it means more than a phrase.

It is a symbol of all that is best in underwear. It expresses the mission of this business—the standards of manufacture.

Correct styling, correct fit, correct finish, we must have at all times.

But QUALITY stands out pre-eminent and dominates the field of underwear.

So QUALITY then is a prime factor in every garment that comes from the Turnbull mills. Always look for Turnbull's trade mark when you buy underwear.

REMARKABLE RECORD IN MUNICIPAL LIFE

Mr. Gough's New Civic Position at Nanaimo Recalls History

Samuel Gough, who now relinquishes the post as city clerk, says the Nanaimo Free Press, is a veteran civic employee having been in all thirty-eight years in the employ of the city. That is a most remarkable term of office for Canada. Such records are fairly frequent in the Old Country, but are rarely heard of here. Mr. Gough first joined the staff on June 26, 1880, and he carried on, without break until 1897 when he was out of employ of the corporation for the space of about one year. He rejoined the staff in 1898, and his record of service to date has been unbroken, and although from 1915 to 1918 he did not act as clerk, he was always in the office.

In all as city clerk, Mr. Gough has served thirty-four years and if pensions were granted by the corporation it would certainly seem that he deserved one. Mr. Gough is not leaving the civic staff. He will continue in the various roles of collector, treasurer, assessor and comptroller which will still keep him very much employed. He is not as young and vigorous as he was formerly and the relief from the clerkship will ease the heavy burden he has been cheerfully supporting lately. His record of services in years will rank among the highest in Western Canada. The city has developed about him and he is very intimately associated with its history.

South Wellington Waterworks. South Wellington is going forward in the waterworks scheme. The South Wellington Development District is advertising according to the Act that it will apply for a license to take and use twelve cubic feet and to store 5,000 cubic feet of water from a spring that runs easterly into the Nanaimo River near the E. & N. Railway bridge. The water will be diverted to a covered reservoir of 10,000 cubic feet capacity.

Harbor Improvements. Dominion Government Engineer Mitchell was in Nanaimo last evening conferring with the Harbor Committee of the Nanaimo Board of Trade regarding contemplated improvements of the local harbor.

Telephone Prescriptions. J. B. Hodgins, Limited, druggists of Nanaimo, were to-day fined \$1,000 in the city police court on the charge of selling liquor in the city of Nanaimo in contravention of the Prohibition Act. Magistrate Heveor Potts presided. An appeal was entered against the judgment at once. The case arose out of a license of liquor by a clerk in Hodgins, Limited, store on a telephoned prescription. J. B. Hodgins admitted in the witness box that he had been in the habit of taking prescription orders by telephone. One of the features of the case is that three of the crown witnesses have left town since the proceedings commenced, October 3.

Wants Isolation Hospital. A movement which may result in the establishment of an isolation hospital for Nanaimo and district was initiated at the Council meeting Monday evening following the reading of a report by the Medical Health officer, Dr. Drysdale, in respect to the disposition of a case of contagious disease which occurred quite recently. In this case it had been necessary to isolate the patient in an empty house. The patient had made very satisfactory progress and will probably be released from quarantine in a few days. The measures taken by the City to prevent contagion in this case were comprehensive and prompt and evidently have been most effective.

After the report had been read Alderman Matthews said the report indicated the need of an isolation hospital. Alderman McGuckie and the Mayor agreed with the idea while Alderman

LOOK!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial?

Peps is the discovery! Peps are little tablets, containing certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are at once breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs. In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing.

FREE TRIAL Cut out this article, write and mail it (with 1c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box

Peps

Rowan put forward the suggestion that the isolation hospital might be shared with the people outside the City and be situated outside the City limits.

Alderman McGuckie then moved that the clerk write the Provincial Health Officer indicating the necessity for preparedness in respect to an isolation hospital, and asking for his views and recommendations on the subject particularly in respect to an institution for joint occupancy. The motion was carried unanimously. The Council took this action while sitting as a Board of Health.

ST. JOSEPH'S PLAN TAG DAY TO-MORROW

Public Appeal to Meet Cost of New Children's Ward

St. Joseph's Hospital will appeal to the public to-morrow for the first time in its history by means of a tag day. The object of the collection will be to enable the institution to meet the additional expense incurred by the recent opening of a children's ward. As this new ward will be in the nature of a direct benefit to the public, it is hoped that Victorians will meet the taggers with customary generosity. The expense entailed in the opening of the new ward was very heavy, the diet kitchen alone costing between \$3,000 and \$4,000.

The tag which will be used to-morrow represents the beautiful and original design made especially for the occasion by Sister Mary O'Sullivan, and it will form an interesting souvenir.

Tag Stations. The following are the Tag Stations for to-morrow, together with the names of those in charge of each:

C. F. R. Wharf, Causeway and Belmont Block, Graduate Nurses and Nurses of St. Joseph's Hospital; Post Office, in charge of Navy League ladies; Williams' Drug Store, in charge of Muggins; Weller's, in charge of Campbell Patriotic Club; Bank of Commerce, Bank of Montreal, Union Bank, and Times Building, convener, Mrs. Osborn; Yates and Government, Mrs. Gordon Smith; Market, Miss Betty Gray; corner of Broad and Yates Streets, Agnes Dean Cameron Chapter, I. O. D. E.; Yates and Douglas, Nurse Sehl and Graduate Nurses; Teakettle

SHOT ATTEMPTING ARREST OF BURGLAR

Policeman, Believed to Be Mortally Wounded at Toronto

Toronto, Nov. 7.—Police Constable William Milton was shot twice above the heart while attempting to arrest a burglar in the rear of a Yonge Street store early this morning. J. Clymer, of 61 Bolton Avenue, returning from a party shortly before 1 a. m. heard moans proceeding from the lane and on investigation discovered the constable, who was lying on his face, his tunic being soaked in blood.

When found Milton had his baton in his right hand, indicating that he had been engaged in a struggle with the burglar. A revolver containing two discharged cartridges was found near the wounded man, but the constable's pistol was missing. The wounded policeman was removed to the hospital in an unconscious condition and but little hope is entertained for his recovery. The burglar has not yet been located.

Residents in the neighborhood report having heard the shots.

PRETTY GIRL'S DEFINITION.

Said the professor: "A kiss is a noun, but is it proper or common, Miss Lee?" With cheeks like roses and eyes cast down, "I think it is both," answered she.

The Family Plate for Seventy Years

Select it with confidence

You have seen 1847 Rogers Bros. Silverware advertised so often; your friends have mentioned it so frequently that you instinctively think of the name when you buy. You feel as if you already knew how good it is. This is exactly why this brand of silverplate has been first choice for seventy years. Everyone has confidence in it. And these are days when you want to be absolutely sure of quality. Remember to ask for it by FULL name, 1847 Rogers Bros. Ask your dealer.

THRIFT FAMILY TO DO OWN SHOPPING

Mr. Thrift's Loan Campaign Achieving Splendid Results in Schools

The Thrift Family, among whom Mr. Thrift is waging the Victory Loan campaign at present, intends to do its own shopping for Thrift Stamps from now on. The members of the family have promised Mr. Thrift that they will no longer buy their Thrift Stamps from the teachers, but will buy them from the stores and shops where they purchase all the small supplies so dear to the hearts of children.

This is a fair and friendly notice to those who cater to the family that they should at once take steps to lay in a stock of Thrift Stamps in order to render service to the members of the family. The children may also buy their Thrift Stamps at number 6 wicket in the City Post Office.

Mr. Thrift has almost completed his tour of all public schools in aid of the Victory Loan. To-morrow he will visit the three high schools in Greater Victoria. So far the response of the Thrift Family has been extraordinary, and indeed the enthusiasm displayed by the children during his visit here literally astounded Sir Henry L. Drayton, Federal Minister of Finance. Mr. Thrift has conducted his campaign so well that the teachers report that soon every child in Victoria will be the owner of a Thrift Stamp.

Assisting Mr. Thrift in his drive

among the school children is Sergeant Ives, a returned man and the father of a returned man. Sergeant Ives claims to be a living example of the good Canada's previous Victory Loans have done and the good the present issue will do. In plain terms, the veteran and his son have taken up a ranch in the Cariboo country and are being financed in their project by the Soldier Settlement Board to the extent of \$10,000. Needless to say the Sergeant and his son are enthusiastic over their prospects and over the results of the former Loans.

COAL SUBSTITUTE. Paris, Nov. 7.—A Government appeal to large users of fuel such as public utility plants, to use "mazut," the heavy oil residue remaining after gasoline and kerosene have been distilled from crude petroleum, as a substitute fuel during the increasing coal shortage, is published prominently in the newspapers. The Government pledges itself to deliver for a certain period this heavy oil to big concerns who will convert their boilers to burn oil in place of coal. Experiments are said to have demonstrated that the higher price of the mazut will be balanced by its greater fuel value and the economy of its use.

Representatives of the Metropolitan subway and other extensive users of coal declared that it would take months to adapt the boilers to the new fuel, but a group of American engineers, it is reported, guaranteed to make the complete change in six weeks.

The supply of electricity has of late frequently failed temporarily owing to the coal shortage, and the subway has had several breakdowns.

## MR. SHANKS IS OUT; WANTS BRIDGE BUILT

Will Run As Supporter of Mayor Porter For Second Term

J. A. Shanks, of the Five Points, announced himself as definitely in the field as an aldermanic candidate for the coming municipal election. Mr. Shanks is the second aldermanic candidate to announce himself. J. Ivan Seabrook did so more than a week ago, coming out on an industrial platform.

Mr. Shanks announces himself as a supporter of Mayor Porter, declaring that he believes the Mayor should have another term. He says he is opposed to aldermen using popular cries of reduced taxation just to get elected.

The Johnson Street Bridge question is the chief plank in Mr. Shanks' platform. He declares that he has been investigating the matter for some time. Dealing with the bridge question his platform contains only two words, followed by an exclamation mark—"Build it!"

Mr. Shanks in his platform has come out openly against the scheme of Alderman John Harvey to raise more revenue for the city and reduce taxation by starting an industry here for the tanning of the hides of stray dogs and preserving their bodies for fertilizer and converting them into a species of food for other carnivorous animals.

"This scheme would mean a danger to every dog owner in the city," is Mr. Shanks' campaign declaration. "It would mean that all dogs with good

coats of fur would be continually in danger of being seized to have their hides converted into the trimmings for some lady's dress. There would soon be a regular epidemic of bums stealing good dogs to get money for them in this way."

## S.P.C.A. TO OPPOSE DOG TANNING SCHEME

Officials Say It Will Lead to Abuse; Protest Park Treatment

Officers of the S. P. C. A. announced today that they were preparing to take action at their next meeting on the new industry Aldermen John Harvey and Patrick have been proposing to establish here, that of tanning hides of dogs to bring down the price of leather and fur and to reduce taxes by adding another source of revenue.

A. H. Pease, who is secretary, and Miss Doris Kirtto, said that the society was determined to stand up for the protection of the dogs against municipal maltreatment. Already twice this year protests have been made against the treatment of dogs in the city pound.

Dealing with the latest scheme for raising the dwindling revenue of the pound, the officials say that the aldermen were some time ago warned that this condition would come about because so many dogs were being unnecessarily killed off.

On the ground that it leaves the way open for a great deal of abuse, the society is to oppose the scheme for the tanning of the hides of dogs of the city and converting the better canine coats into fur for ladies, because it will create a temptation for persons to steal good dogs and work for the maltreatment of them all. The society is also opposed to the proposal of a civic elected official to convert the bodies of dogs into fertilizer and a species of dried meat food for carnivorous animals instead of destroying the animals by burning in the city's garbage incinerator.

"At the same time the society is to take up again the treatment of animals in Beacon Hill Park. The society has had F. Burton, a naturalist and a noted sportsman, investigating the condition of the animals in the cages there, and he has just completed his report.

"The majority of people who visit the park are disgusted at the way the animals are being treated there, and refuse to walk past the cages," said Mr. Pease today in commenting on the report. "There is not one animal kept in a natural condition. Most of them are actually kept on sawdust, which is most unsuitable for animals. The only people who take pleasure from the animals in the park are the small boys who poke and throw things at them. The treatment of the captive coon is a disgrace to the city. Mr. Burton reports that the coon should have special treatment, as it is a very playful animal. In a state of nature it is very clean, and is always near water, in which it plays and washes its food. In our park this animal has no pond of water and is not furnished with the best thing to play with. It is not even allowed to climb a tree."

## LIQUOR COMMISSION

Sittings to Hear Compensation Claims Begin at Vancouver on Monday.

To investigate the whole question of what compensation, if any, shall be paid to parties who suffer loss through the enforcement of the B. C. Prohibition Act, put into effect on October 31, 1917, the Commission recently appointed by the Provincial Government will hold its first session in Vancouver on Monday morning. The sitting will be held at the Provincial Court House, and will commence at 11 o'clock.

Notice of the sittings is given in the current number of The Provincial Gazette by Mr. Justice Clement, who will sit as Commissioner. Subse-

# LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

## TO ENTERTAIN VISITORS.

To the Editor:—Now that the winter season is again here there may be confidently expected in Victoria a large influx as usual of people from the prairies, who desire to escape from the extreme rigors of climatic conditions which exist there at this period of the year.

Unfortunately the City Fathers and Victorians in general make little effort to equip their city as a fitting place for tourists and visitors, leaving all to our fine moderate climate and the numerous beauties of natural surroundings. It does seem a logical time for some effort to be made to remedy such defects, which applies all the year round. Suggestions appear from time to time in the press, but linger in embryo such as the laying out of a municipal golf course, which would be universally appreciated by both citizens and visitors.

Bowling greens would be another feature to afford clean healthy recreation where not only business, but also working people could participate in that enjoyable game.

Incidentally it may be stated that one bowling green is maintained in Beacon Hill Park by private subscription and visitors are always invited by members to join in the play and many accept and appreciate the privilege. The council, however, have failed to assist the club in any way, and do not even grant the free use of water for the green through tons of it are daily going to waste.

Public salt water baths are also in abeyance—a prime necessity for a city of Victoria's population, and so conducive to health and cleanliness in a community. Prairie people would be ready patrons of those baths, and undoubtedly ere long they would become a source of revenue to the city.

Could there not also be during the winter month a weekly or fortnightly free entertainment of music and lectures on popular subjects open to the public generally. A special invitation could be given to all visitors and in a sense made to feel they were the guests of the city. Accommodation is another vital question, and as it obtains in preventing many from coming who have the desire to do so, would it

not be practical to open up the Scott Block, and other buildings to supply the dire need?

For all these propositions the serious question of finance arises, but there are some considerable thousands of dollars spent each year in trying to get people to come to Victoria, which if applied to furnish needed requisites pleased and contented visitors would constitute the best and most economic method of advertisement.

There is in the city one humble organization seeking in a direct way to welcome and entertain the prairie visitors, viz.: The Prairie Club, which has for a few years been doing something with partial success. Its aims and objects are to further association of prairie residents and to extend a welcome to visitors. The rooms of the club are situated in Union Bank Building, and are open day and evening when provision is made for social and friendly intercourse and with educational and recreational facilities.

Reorganizing for the winter's work a larger membership is earnestly desired. Prairie residents and citizens in general are solicited for support and encouragement. All of the above is submitted with the belief that Victoria will eventually become the queen residential city of Canada, noted also for industry and commerce. Let all seek to lay well new foundations for material and ethical success.

WM. LOTHIAN,  
20 Bushby Street.

## INADVERTENTLY OMITTED.

To the Editor:—In the application recently made to the City Council by the Retail Clerks' Union for a by-law to effect the closing of retail stores at 6 p.m. on Saturdays, the names of merchants already voluntarily closing their stores at this hour was given.

On behalf of the above union I should be glad if you would allow me through your columns as a small act of justice to express regret that Kent's Edison Store was inadvertently omitted from the list given, and which list was subsequently reproduced in your paper.

Our regret is the more sincere because we appreciate the fact that it was largely due to Mr. Kent's initiative and efforts that the Music Houses of the City lined themselves up on this matter.

HARRY H. HOLLINS,  
Local Box, Retail Clerks, November 5, 1919.

## THEIR TAG-DAY.

To the Editor:—As early as April the Daughters of Pity asked the Council for a tag-day in aid of the Children's Ward Jubilee Hospital.

A reply was received in writing granting the earliest possible day, which was November 15. By some misunderstanding the Council granted

Adds Zest To Food

The Original Worcestershire Sauce

of the St. Joseph's Hospital the same day.

As it was impossible for the Daughters of Pity to take any other day the Council granted a special day to the taggers on November 5.

The Daughters of Pity tag-day still remains November 15.

E. CESSFORD,  
Secretary, Daughters of Pity.

## THE TAXPAYERS' BURDEN.

To the Editor:—I have just received notice of our annual rates and taxes from which it would appear that we are going from bad to worse.

My taxes, including sewer rental, pavements and other frills, come to about five per cent of the assessed value of my land, and ten per cent of the saleable value, if, indeed, there is such a thing, and yet, as the date of the civic election approaches, we hear of works which will surely, if carried out, mean heavy additional taxation without a corresponding increase in property values or any real benefit to the general public.

The Johnson Street Bridge, hitherto a complete muddle, is again becoming a lively issue. Can you tell me, Mr. Editor, what industries, looking to increased production, this bridge will develop if constructed?

Victoria has now fairly good communication with Esquimalt, and there does not seem to be any probability of industrial development in the intervening territory by the construction of a new bridge across the harbor.

It is evident the C. E. R. strongly objects, even on its own terms, to enter into partnership with the city, and it would be well if Victoria in this

bridge matter could act independently of that grasping corporation.

But the time for action is not propitious, and the city corporation should not be given authority to place upon the shoulders of the already overtaxed property owners and rate-payers an additional burden, not less than half a million dollars, for a work which is not, at present, a necessity, and which can be postponed, without injurious effects, till more prosperous times.

It might be just as well to conclude this letter by suggesting that any candidate for mayor or alderman who lays down the Johnson Street Bridge as a plank in his platform shall be promptly turned down. RILEY.

## TENANTS AND THE VOTE.

To the Editor:—Some days ago I submitted to the Editor of The Colonist a group, which I and several friends thought a perfectly justifiable one, and which was duly published in the Correspondence Column of the morning paper.

To our surprise and disappointment, it had apparently roused no interest at all, and it has been suggested (I know not why) that the tenantry and I have heard them styled, even in Canada, "That class of people" have no time to read the morning paper.

The question was apropos of a complaint voiced that Chinese were refused a vote in the recent by-election.

Tenants are constantly having their rent raised because, according to the owners and their agents, they must be made to pay enough to cover interest "and taxes." Yet we are not allowed a municipal vote because we are not tax-payers. The result is class government in its worst form.

We have a voice in the affairs of the Dominion, hence, indirectly through the League of Nations, in the Government of the world, but we are not deemed to have enough interest in our own municipality to entitle us to vote.

It is no argument to say that we may buy a vote by paying a tax which we are evidently not bound to pay. C. V. M.

## AGAINST THE OPEN SHOP.

To the Editor:—I read with considerable surprise in the report of the meeting recently held with the Minister of Finance, and the business men of this city regarding the future in Victoria, a statement made by C. W. Winkel, advocating the open shop. As he is a government servant he is no doubt trying to make his own position secure, for no doubt he can see the signs of the times.

The Union Government advised that men be allowed to organize and also recognized collective bargaining. No doubt the reply Mr. Winkel received from Sir Henry Drayton will make him think before speaking on a subject he is utterly unacquainted with.

When shipbuilding was at its height here the Trades Unions of this city put out their hands to the returned men. In several cases I know where they found mechanics tools to go to work with. Again I would ask Mr. Winkel what service organization he represented and what credentials he carried? Furthermore I believe he does not even know the meaning of the words "Trades Unionism."

For thirty years I have served under the White Ensign, four years of this during the Great War in the navy and submarine service and on securing my discharge, the local unions were the only ones to offer me the glad hand. It is such statements as that made by Mr. Winkel that causes dissension in the ranks of returned citizens. If Mr. Winkel would care to look at these records of the unions he would find the majority of members are ex-service men. They at all times know that in unity their is strength.

WILLIAM PORTEOUS,  
163 Admirals Road, Esquimalt, Nov. 5, 1919.

## THE PRICE OF WHEAT.

To the Editor:—In The Times of Monday last you give a statement by Mr. W. J. Gilliland regarding the prices paid for wheat in Canada and the United States. Your report says: "Farmers of the central west are sending their high grade wheat south across the line into the United States, and there selling it for \$2.70 a bushel, instead of taking the Canadian fixed price, which scales down to \$2.30 to about \$2.15 a bushel."

There appears to be need of some explanation of this statement for the cash prices paid by the Canada Wheat Board are a long way below the figures you give. If Mr. Gilliland has been correctly reported, he must be adding to the cash prices received by the farmers a very liberal estimate of the amount to come to the farmers from the participation certificates.

The highest price paid by the Wheat Board is \$2.15 for No. 1 wheat at Fort William. There is very little No. 1 wheat in Canada this year, most of it grading No. 2 or 3 or lower. The prices for these grades are so much below the \$2.15 according to grade. At the present time my son is handling wheat on the prairie. His wheat is grading No. 1 and the Wheat Board are paying him \$1.95, this being the \$2.15 less 18 cents elevator and freight charges to Fort William. Anyone further west than he is will have so much greater deduction for freight charges.

The farmers also receive a participation certificate, which entitles them to a dividend at the end of the season—if there is any of the money left.

These certificates represent the most humiliating conditions ever imposed on any class in a civilized country.

The Wheat Board takes the wheat that the farmers have raised, and

# RALPH CONNOR

## On "The New Canada and Its Needs"

RALPH CONNOR, the famous Canadian novelist, who served for several years at the front and saw the war from many angles, is convinced that Canada must be prepared to make important changes if she is to profit by the lessons of the war. He has written a series of articles embodying his views and calling vigorously on patriotic Canadians to awake to the needs of the hour. The articles, which deal with economic, social and Imperial topics, were written for MACLEAN'S MAGAZINE and the first appears in the November issue, under the title: "The New Canada and Its Needs."

Every Mother Who Lost a Son at the Front will read with deepest feeling Nellie McClung's wonderful story, "Men and Money," which also appears in November MACLEAN'S. Mrs. McClung wrote this story with a purpose—to show the ease with which the world forgets the contribution these mothers made. But it is also a very fine story—real, human and gripping.

## "The Idle Hands at Ottawa"

By J. K. Munro

The recent session of the Dominion House was in many respects an idle one. There was not a great deal done, so the members had a lot of time to stir up things, and the result was some hugely interesting political situations. All of which J. K. Munro tells about in his usual unsparing and tersely humorous way.

## Remarkable Features of a Remarkable Number

The November MACLEAN'S is crammed full of other big features—famous writers on vital subjects and everything Canadian. Look over this list:

- Baroness Orczy** The author of "The Scarlet Pimpernel," best seller of best sellers, is represented by a serial story, "His Majesty's Well Beloved."
- Janey Canuck** An article on Mrs. Murphy's experiences as the first woman magistrate in the whole of Canada.
- Camilla Kenyon** A new novelist who promises to become a great favorite, tells a humorous story of adventure, and treasure, "Spanish Doubloons."
- Stephen Leacock** A humorous sketch entitled, "My Memories and Miscellany as a School Master."
- "The Rainbow Death"** By Midge Mackay. An intensely interesting detective story.
- "The Search for Missing Men"** By Gertrude Arnold. An article on hospital experiences at the front by a young Canadian Y.A.D.

## MACLEAN'S will be Twice-A-Month

starting February 1st, next year. An important point to remember. If you want to keep up with things nationally Canadian, you'll have to get the MACLEAN'S Twice-A-Month habit.

MRS. WILLIAMS, Prop.

Government takes hard facts. The British Government has at no time considered this question of gratuities, and the Canadian Government has taken no action other than to file half a dozen petitions.

The Imperial and Canadian Governments did take up the matter of treatment and training of ex-Imperial soldiers in Canada, regardless of their affiliations, showing that he is broad minded. He has the endorsement of the Air Service Associations of British Columbia, Alberta, Saskatchewan, Manitoba, Ontario and the Aeronautical Association of Montreal, a total of about 10,000 members. The Aerial League of Canada has

a membership in British Columbia alone of about 700 members that ends there, as they are not organized in any other Province. They have a civilian membership and gratuities are non-effective to civilians.

The grant is not a proposal; it is a recommendation of the Government's Select Committee on Soldiers' Civil Re-establishment, and will be settled this session, not next session.

If the writer, "Ex-R. A. F. Pilot," will sign his name to his next effusion we shall then reply to his personal remarks.

Our president will be glad to debate the question of gratuities or any other question of Soldiers' Civil Re-establishment with "Ex-R. A. F. Pilot" on the public platform.

AIR SERVICE ASS'N. OF B. C.  
E. Penn, Secretary,  
November 5, 1919.

GASTORIA For Infants and Children. In Use For Over 30 Years

Bears the Signature of

the farmers have no say regarding the price to be paid for the wheat. The Wheat Board has to render no account to the farmers in regard to when the wheat is sold, whom it is sold to, or what price it is sold for. And an account would be no use to the farmers anyway, for the amount of the dividend does not depend on the price the wheat is sold at, it depends altogether on what money the Wheat Board have left after they have played with it for nine months. Was there ever such chance for graft in Canada before? Can anyone wonder that the farmers have combined together?

And this price fixing, instead of bringing down the price of wheat to the consumers, is raising the price sky high. Wheat costs more to the consumers to-day than ever before. This week I bought a 100 pound sack of wheat in Victoria for chicken feed, and it is only fit for chicken feed, it cost me \$4.75. For the highest grade wheat the Wheat Board are paying the farmers \$1.97 a bushel, while the consumers are paying \$2.85 a bushel for chicken feed. This is what price fixing has brought us to.

The farmers will remember this when the time comes for the general election, and the consumers should remember it, too.

As Mr. Gilliland says the farmers can get the market value of their wheat by taking it across the line into the United States. But this is only for those who live near to the boundary line, as all the wheat taken over the line must be taken in wagon. All wheat put into elevator or on cars in Canada belongs to the Wheat Board.

Thousands of farmers are poor

men whose crops this year have gone from three to five bushels to the acre. These men need every cent their wheat can make in order to meet their obligations. And they are hauling their wheat long journeys through the snow, in below zero weather, to get it across the line into another country where they can get the market value of their wheat. Their own government will not allow them to ship it in cars. In May last in a letter to The Times I ventured the statement that if the Government should take from the farmers this year the right to sell in the open market the farmers would take particular care that it did not happen again.

Since the recent elections in different parts of Canada I take it that we are all satisfied that the farmers are taking a hand in the game as farmers.

Government by Liberals or Conservatives has failed, and as dead as Queen Anne. When the general election comes we shall have the funeral.

GEORGE DOBSON,  
Oak Bay, Nov. 6, 1919.

## REPLY TO EX-R. A. F. PILOT.

To the Editor:—Would you please grant me space in your paper to reply to "Ex-R. A. F. Pilot," who wrote an open letter published in your columns of November 3, 1919, and just brought to my notice? Mr. Greig gets his "idea" from the fact that he was the only delegate at Ottawa representing ex-members of the R. A. F. and from the personal thanks of the Parliamentary Committee, published in Hansard. Mr. Greig never jumps at conclu-

**COMPENSATION MEN TO MEET NEXT MONTH**

Officials of Provincial Bodies Will Exchange Ideas in Vancouver

E. S. H. Winn, Chairman of the British Columbia Workmen's Compensation Board, and Parker Williams, a member of the Board, called upon Premier Oliver at the Parliament Buildings this morning in reference to a number of matters connected with the Board's activities. Chairman Winn reminded the Premier that on December 1 next a conference of representatives of all the Workmen's Compensation Boards of the Dominion will convene in Vancouver for the purpose of discussing a number of salient features associated with the administration of compensation law in this country. The convention will also have in mind the value of an interchange of ideas in relation to such an administration.

trative function as that assumed by a Workmen's Compensation Board. Messrs. Winn and Williams are dealing with a number of claims under the Act in the city to-day, and expect to cross to the Mainland this evening.

**ALL VICTIMS OF ECZEMA'S ITCH NEED POSLAM**

It is Poslam's mission to relieve itching eczema's cruel distress and to restore disordered skin to health and beauty. Comfort comes as soon as it is applied to the sore places. Its concentrated healing power quickly shows. Each day should mark distinct improvement. So effective is Poslam for eczema, rashes, pimples, scalp-lice, that just a little of it goes far, does much, and lasts long. It's quality that counts. Sold everywhere. For free sample write to Emergency Laboratories, 248 West 47th Street, New York City. Urge your skin to become fresher, clearer, better, by the daily use of Poslam Soap, medicated with Poslam.

**RECEIVER SUPPLIES DETAILED ESTIMATE**

Premier Will Re-open Negotiations for C.N.R.'s Purchase of V. and S.

In accordance with his promise, the Receiver of the Victoria & Sidney Railway Company has supplied to Premier Oliver a detailed price list showing how he arrived at his estimate of the value of that section of the V. & S. system stretching from the C. N. R. intersection into the town of Sidney itself.

It is computed that there are 12,888 feet of main and side track and in this particular both Chief Engineer Proctor and the V. & S. engineer reached the same figure and placed the value at \$10,500. The plates are not taken into account by the Government engineer, although the V. & S. engineer puts a value on them of \$300. There is a difference in respect of ties. Mr. Proctor gives \$1,300 as the value in the first place as against the non-operating company's estimate of \$3,120, a figure in which Mr. Proctor concurs after a second inspection.

In reference to the station, engine shed, fences and cattle guards, there is agreement between both engineers. The right-of-way Mr. Proctor estimates at a value of \$2,400 as against the V. & S. figure of \$2,820. Waterfront lots (10), ferry slip and water tank and turn table are not taken into account by the Government's engineer, although the Receiver for the company sets a value on them of \$7,500.

Summed up, Mr. Proctor's revised estimate is given at \$25,020; the Receiver's estimate, \$36,240, while the Canadian placed a price upon the requisite equipment, incident to the maintenance of a service, of \$18,057. The Receiver, however, is prepared to negotiate the sale on the basis of the \$30,000 price.

In possession of the detailed estimate Mr. Oliver has agreed to re-open the question with the President of the Canadian National Railways. In this particular he has enlisted the assistance of the Hon. S. F. Tolmie, Minister of Agriculture, who has promised to discuss the question with Mr. Hanna in an effort to bring about a settlement at an early date.

**"SYRUP OF FIGS" CHILD'S LAXATIVE**

Look at Tongue! Remove Poisons From Stomach, Liver and Bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

**CANADIAN CLUB TO ENTERTAIN ADMIRAL**

Viscount Jellicoe Will Be Guest at Supper on Tuesday

A wireless message from Admiral Jellicoe aboard H. M. S. New Zealand and this morning accepted the invitation extended by the Canadian Club of this city to a supper arranged in his honor at the Empress Hotel on Tuesday evening next at 6.30 o'clock. The President of the Canadian Club, has been endeavoring for some months to secure the Admiral's acceptance of the club's hospitality during his approaching visit to Victoria and a definite acceptance included in a message to the Canadian authorities, was received this morning.

Advice cards to members of the Women's Canadian Club to the number of 200 will be on sale at Fletcher's Music Store, Government Street on Monday afternoon next at 2 o'clock.

**SAYS THE POLICE SHOULD PROTECT VACANT PROPERTY**

Alderman Protests Against Undisturbed Daylight Vandalism

Protests against what he terms the failure of the police to protect vacant property from being robbed and destroyed by boys, hoodlums and persons who are carrying on that sort of work as a regular business, were made to Mayor Porter, chairman of the Board of Police Commissioners, to-day by Alderman Dinsdale. The alderman declared that there is scarcely an uninhabited house in the city that has not been raided and everything from windows and doors carried off and sold. Some times the windows are not stolen, but simply destroyed and broken just for sport. In some cases people go as far as to partly dismantle the framework of the house and carry off the boards—

in daylight. Alderman Dinsdale in his protest declared that property paying heavy taxes should have some protection by the police against these practices, even although the property be unoccupied. He said the matter has been brought to his attention by numbers of property owners who have been victimized in this way. He said he also knows personally of many such cases.

"It should not be necessary, and a man is not called on to camp on his vacant property to prevent it being smashed up or taken away," said Alderman Dinsdale. "What have we our police for if it is not to provide protection against this sort of thing?"

Something has to be arranged in this city so that property will be protected. Several property owners made similar protests to-day before the Court of Revision on condemned buildings.

**ALDERMEN SANCTION LOAN STREET DANCE**

Function to Be Held on Yates Street Under Police Supervision

Victorians, who do not feel too tired to dance after the Jellicoe ball, Monday night, and all others will be expected to participate in a street dance on Yates Street Tuesday night to help to make the Victory Loan known as widely as possible. The City Council in its session this morning granted permission for the dance to be held on the street. Application for the functioning was made by Ernest J. Down, of the publicity committee of the Loan organization. He informed the aldermen that the dance, in addition to providing an enjoyable evening for the citizens in the open air would do much good from a publicity point of view for the Victory Loan.

Alderman Patrick said that it was not known yet whether the sailors from the New Zealand would be allowed ashore that night and thus be able to take part in the dance. Alderman Cameron pointed out that a special committee was looking after the entertainment of the sailors.

The aldermen voted \$50 to cover expenses in connection with preparing the streets for the dance. This will be done under the supervision of City Engineer Prestoff. Mayor Porter is arranging for a cordon of police to supervise the actions of the crowd and the styles of dancing.

Less than 1 Minute

to make a cup of OXO with an OXO cube—nourishing—easily digested and delightfully flavoured. OXO gives freshness and vigour to mind and body—counteracts the effect of fatigue, and makes good the wear and tear of everyday life.

### PICKING 'EM UP AROUND THE SPORT CAMPS

Yarrows have lost a couple of good soccer players in Young and Shearer but they do not look like suffering. Whittaker, their left winger who scored three goals last Saturday, is a dead shot. A couple of other good men are in line.

The Amateur Swimming Association of Australia, has invited Nor-

man Ross to take part in the South Wales championship races.

The following team has been selected to represent the Great War Veterans in their soccer game on Saturday against the Foundation at the Jubilee Hospital ground, kick-off at 2.45: Davis; Salt and Allen; Ackroyd; Charman and Robb; Bartholomew, McGimpsey, Walters, Kerr and Rough. Reserves: Dowell and Kroeger.

The Army and Navy Intermediates team to play Victoria Wests Intermediates on Saturday will be: Miller,

Walls and Webster, Doble, H. Moulton, and Sim Sharcott, Christian, Dows, Quainton and Cull.

### CECIL HAY MAKES RECORD IN THREE COLLEGIATE EVENTS

Cecil Hay, Dallas Road, a Victorian studying medicine at McGill University, who is well-known as a runner here, has been adding to his record at the recent inter-collegiate meet in Montreal. His most spectacular feat

was the winning of the relay race for McGill and in addition he got second place in the 100 yards and second in the two-hundred dash. Hay ran the last quarter of the relay race for McGill and not only overcame the lead of sixty yards which Toronto University entered on it but won the race. His quarter was not clocked, but according to several who saw it it is believed to have been the fastest quarter ever run in inter-collegiate sport.

## Victoria Golf Club Sets Dominion Record in the Number of Visitors

Oak Bay Club, Which Celebrates Its Twenty-Sixth Anniversary To-day, Is Popular With Tourists

"One of the greatest arguments that can be advanced for municipal golf links," a Victoria golfer points out, is the success of the Victoria Golf Club. It is just twenty-six years ago to-day, November 7, 1893, that fourteen golf enthusiasts met at the Temple Building and formed the Victoria Golf Club, and the small club founded at that date has grown to the present flourishing club, which has set a record in the attraction of visitors. The fourteen men, most of whom are still members of the club, must look back with pride on their efforts. When the foundation was laid of the present club at that meeting in the Temple Building there were present R. J. Musgrave, F. G. Vernon, Geo. Gillespie, A. P. Luxton, G. A. Kirk, J. W. Anderson, W. Ridgway-Wilson, B. H. Tyrwhitt-Drake, W. H. Langley, Hewitt Bostock, C. W. Ward, Lionel H. Webber, W. A. Ward, O. H. Van Millingen.

Success attended their efforts to such an extent that the main difficulty with the club at present is to make room for the many golfers who would become members. After playing on the beautiful links on the Oak Bay sea front there are many golfers who learn with regret that the membership is full and that there name must go on an already long waiting list.

Last year the Victoria Golf Club set a record in the number of visitors to the links. For the first half of this year the figures are in excess of the preceding year, so another record is almost certain.

**The Visitors.** Colin R. McKenzie, the popular secretary of the Victoria Club, in an article in The Canadian Golfer for October, writes:

"We broke all records last August with a total of 927 visitors, exclusive of monthly ticket holders. During that month we had visitors from the following places, besides many others in Canada and the United States: Hongkong, Hakow, Shanghai, Amoy, Japan, Yokohama, Los Angeles, New York, Detroit, Chicago, Boston, New Jersey, Philadelphia, Idaho, Kansas City, San Diego, El Paso, Pensacola, Fla.; Sumpter, S.C.; Havana, Cuba; Chile, Calcutta, Bombay, Colombo, Bangkok, Federated Malay States; Australia, Honolulu, London, England; Edinburgh, Liverpool, Aberdeen and Berwick.

"I should think this is a record list for one month," Mr. McKenzie continues, "and should like to hear of any other club in Canada that can beat it. H.R.H. the Prince of Wales paid two visits to the links during his stay in Victoria, and told me he was very much impressed with both the glorious situation and the wonderful condition of the course. He came out one morning and took a lesson for an hour with our professional, H. W. Eve, having heard of his reputation as an instructor in the game and presented him with a handsome stickpin before leaving. His Royal Highness signed his name in the visitors' book."

According to the editor of The Canadian Golfer, Mr. McKenzie is quite right in claiming a record for the Victoria Golf Club in regard to the visitors playing the course. "There is no club in the Dominion that can show figures anything like those submitted," he says, "whilst the diversity of countries represented in the list is also unique."

An idea of the number of visitors that have played over the Oak Bay course can be gathered from the fact that the visitors' fees last year amounted to \$5,259, and that this record will be beaten this year is probable in view of the fact that the visitors' fees for the first six months have amounted to \$3,490.

**Yearly Visitors.**

Visitors from the Orient have been numerous. "We have had players from China," said Mr. McKenzie, "who have told us that two years ago they did not know there was such a place as Victoria. Since their visit they have made a point of visiting the links for their holidays each year, and have spread the good news among their friends on their return. The result has been an increasing number of visitors from China every year. They appear to be delighted with the city and with the unique and delightful situation of the Oak Bay links. The general claim of the members that it would be impossible to find a more picturesque playing course is unanimously endorsed by the visitors from the Orient. "I think some money spent in advertising Victoria's attractions in Hongkong, or Shanghai would be well spent," remarked Mr. McKenzie.

**Proposed New Clubhouse.**

At the last annual meeting of the club, considerable enthusiasm was shown over the plans for a handsome new clubhouse. There were many of the members who were desirous of a club house worthy of the reputation of the links.

It is claimed there is no better known club of course in the Dominion than the Victoria Golf Club with its famous greens at Oak Bay at the southern end of Vancouver Island. Many of the holes skirt the shore of the Straits of Juan de Fuca, the view from the third short hole across the Straits to the snow clad

Olympic range of mountains in Washington is magnificent. The course has a length of 5,454 yards and boasts many feature holes. The turf conditions throughout are almost beyond criticism.

The plans submitted at the annual meeting called for a handsome building overlooking the Olympics, a miniature crystal palace. It was to be surrounded by glass verandahs, and the estimated cost was placed at \$30,000. The money was soon promised, but the committee had only been authorized to go ahead on the \$30,000 estimate. It was found, however, that considerable more than that amount would be required. Although no difficulty in securing the extra money necessary was anticipated, it was decided to postpone action until the next annual meeting which will be held in March.

Whether the plan will go ahead remains to be seen, but there are some among the members who prefer that alterations should be made to the present club house. No claim to magnificence can be made for the present building. It is merely the extension of the first shack which was erected when the club was formed, additions having been made from time to time. Some of the members point, however, that it is the informality of the present building that has appealed to many of the visitors. After the magnificent club houses they have been accustomed to on other links they enjoy the rustic atmosphere of the Oak Bay club house.

### INTER-CLUB GOLF GAMES ARRANGED

A series of inter-club golf matches have been arranged, the first one of which will be staged on the Colwood Links, November 16. H. G. Garrett, of the Victoria Golf Club, who has charge of the arrangements, reports that three games will be played between the United Service Club and the Victoria Club. The first game will be played at Colwood, the next at Oak Bay, and the third game on the United Service Club's links at Esquimalt.

The games will be twelve men sides, and the captains of the respective clubs will choose their teams.

The Esquimalt Club will be holding the first tournament along these lines since the opening of their new club house, and the improvement in the links. The course has been made much more sporting. A change has been made in the new second tee by moving it to the right of the rocks making a really sporting hole. A lot of pains has also been spent in improving the turf and the Esquimalt members have every reason to be proud of their present course. Monthly Medal at Oak Bay. The monthly medal competition will be held at Oak Bay to-morrow.

### Get Your Boots and Skates at Hockey Headquarters

Get them here this week, for in these days of uncertain deliveries it pays to make selection while our stock is large enough to meet every demand.

- Men's Automobile Tube Skates ..... \$6.00

## HIGH SCHOOL LEAD OAK BAY ATHLETICS

### Monterey Are Running Them Close For Honors; October Games

Following are the results of October matches in the above Association's schedule:  
High School A.—Beat St. Michael's; drew High School B; drew Monterey; drew Willows; played 4 pts. 5.  
Monterey.—Beat Willows; drew St. Michael's; drew High School B; played 3 pts. 4.  
St. Michael's.—Beat High School B; drew Monterey; lost High School A; played 3 pts. 1.  
High School B.—beat Willows; drew High School A; lost St. Michael's; played 3 pts. 3.  
Willows.—Drew High School A; lost High School B; lost Monterey; played 2 pts. 1.  
The following schedule has been arranged for November:  
Friday, November 7—  
St. Michael's vs. Willows.  
High School B vs. Monterey.  
Friday, November 14—  
Monterey vs. High School A.  
High School B vs. Willows.  
Friday, November 21—  
High School A vs. St. Michael's.  
Willows vs. Monterey.  
Friday, November 28—  
St. Michael's vs. Monterey.  
High School B vs. High School A.  
Rugby.

The High School XV. have played their first match and the form shown is very encouraging to their supporters, who consist of the whole of the Oak Bay School population. Although beaten by both the University school and Victoria High School, the Oak Bay boys, many of whom are beginners in the rugby game, will with practice develop into the equal of any boys' team in the district.

The Association Committee is very pleased with the way everything is going with a swing this year. The interest in the boys' games is growing all the time, and it is felt that there is a very strong feeling developing in the way of school patriotism and true sportsmanship. The games are marked by the rare use of the whistle and duty play is a thing unknown, while knowledge of the rules is increasing among the young players.

## ONLY TWO LOCAL MEN RE-INSTATED

### Athletic Union Will Allow Them to Return to Amateur Ranks

Only two of six Victoria sportsmen whose applications were in for amateur cards got their wish at the meeting of the British Columbia branch of the Amateur Athletic Union held last night at Vancouver. Boss Johnson and Scotty McKay are the two who were re-instated, and Boss will probably show his feeling on the matter by jumping into the James Bay squad to victory.

There is one other application that has not been definitely passed upon. That is Cotton Brynjolfsen's. Cotton, who coached the Foundation lacrosse team to the world's championship in the best of a professional stick-handler, but has been playing soccer with the amateurs during the time he has been in uniform. The Union was lenient in allowing him to play amateur while he was in khaki, as according to the union rules amateur and professional sportsmen in uniform may only mix at army and navy tournaments.

Pete Muldoon sent the Victoria man an offer to play professional lacrosse this year, but he turned the offer down. Cotton's supporters declare that he did so because he did not want to enter the pro ranks again and not for the reason that the offer was not good enough. If Bryn can prove this claim there is little doubt that he will get back his card.

The case of Boss Johnson went through without opposition. Boss has been four years overseas, and incidentally has refused to try out again in the professional ranks since he returned. Scotty McKay had only been guilty of a technical breach of the amateur rules, and was given the necessary piece of pasteboard which will enable him to enter the padded circle in the three-round bouts if he chooses. Scotty, however, will probably celebrate his return to the amateur ranks by helping the Postal Service team improve standing in the soccer league.

Del Thomas, Al Davies and Billy Davies drew a blank. The meeting refused to apply the katsoime to either of the three sportsmen.

Among the Vancouver men who obtained a card was George Box, a former back-chaser for Lester Patrick. George was wounded overseas and is unable to travel with first class company.

It was decided that special consideration should be given to men discharged from the army in category "B" list.

The next batch of applications received will be dealt with in the early part of January and applications must be in by the end of December. They may be sent direct to the provincial body.

Arthur Manson, president, was in the chair. A. C. Hill and Dan O'Sullivan represented the Victoria local board. Other delegates present were J. W. Dilworth and Jack O'Brien, representing the newly formed Provincial Baseball Association; George Stott and E. C. Hands, representing the Canadian Amateur Swimming Association; Dave Leith and D. McKenzie, representing the Vancouver local board; Wm. Burnip, Nanaimo, representing the B. C. F. A.; W. Scragg and R. C. McDonald, New Westminster.

Presenting a report on the A. A. U. meeting at Ottawa, Dave Leith, vice-president of the A. A. U. of Canada, instanced one of the most satisfactory resolutions passed as that which gave equal representation of the provinces. In future, he said, British Columbia will be represented by six delegates.

## LAST NIGHT'S PLAY ON THE GREEN CLOTH

Matches played in the third round of the Empress billiard handicap tournament last night resulted as follows:  
Milligan (o 25) beat Vincent (r 75) by three points.  
Olson (r 75) beat Humber (r 50) by 108 points.

The best breaks of the evening were made by Milligan who made 99, 26 and 22 (twice).

In the Two Jacks billiard league last night Frost's team won from Hinson's team by 1134 to 1063, the full scores being as follows:  
Frost, 250; B. J. Perry, 216; White, 168; Wilson, 250; Edwards, 250. Total, 1134.  
Hinson, 139; E. Petch, 250; McIlmoy, 250; Norton, 213; Lamb, 211. Total, 1063.

This evening a handicap match between Hall and Crendon will start at 8 o'clock. These two players start from the same mark of "receive 50" and are expected to put up a fine close struggle.

**At Board Street Hall.**  
The first game in the Board Street Hill billiard league, was played last night, when Buckett's team beat Orchard's team, 989 points to 933.

To-night Owen's team, plays B. Newman's team at 8 p. m., when a good game is assured.

## WANT GOLF COURSE IN COMOX VALLEY

Hope to Get Started This Year; Meeting Is Called

Devotees of the royal and ancient game of golf will have a local habitation and a name in the Comox valley this year it is hoped if the plans now formulated by some ardent supporters of the game are realized, says The Comox Argus.

Mr. A. B. Dundas is an ardent golfer and he has canvassed the possibilities of getting a course and maintaining a club in this district. He has found without much trouble twenty who would probably turn out for a round and he enlisted the sympathies of Archdean Colison and Captain Guthrie and they have prevailed upon Mayor Duncan to allow them the use of one of his fields on the Upper Road, for the purpose. The field embraces about 15 acres and it is proposed to have a green in each corner of the field—it is almost rectangular—and one in the middle and establish a nine-hole course. The field is delightfully situated about 200 yards along the Upper Road of Comox from Sandwick Church. The season for golf is now well advanced but it is hoped to get started this season.

## MEMORIAL FUND FOR HOCKEY PLAYER PLAN

Calgary, Nov. 6.—A movement for a Joe Hall memorial fund is now being started with a committee of trust to be located in Winnipeg for the benefit of the widow and children.

# A NEW KIND OF SALE

## A Stirring Event Featuring NOT Merchandise We Want to Sell, But Goods You Want to Buy

## "Say What's the Matter With IVER SMITHS?"

Every man and woman who sees the store asks the question, and the answer is given without any attempt at evasion—

### THE STORE IS GOING TO QUIT

That's why everything in the store is offered at a fourth to a third less. That's why you can buy the newest, snappiest merchandise at less than asked elsewhere. The plain September morn truth is printed about the sale to-day, and nobody has to read it unless they want to.

Nobody sold his stock at a sacrifice.  
No manufacturer bund himself overstocked.  
Nothing happened—except this:  
Morris & Thompson, who kept the big store at Phoenix, B.C., determined to sell out.  
This they could not do at Phoenix owing to the closing of the Grany Mines. The town is now a deserted village.  
So they decided to move the stock to Victoria and sell it at public retail sale—without any profit.  
So the entire stock is offered for sale underpriced.  
Everything is reduced.  
The finest you ever saw is now on sale.  
The best merchandise is now offered at 1914 prices.

You can buy Hockey Shoes—real honest to goodness quality:  
Men's sizes at \$6.90; ladies sizes, \$5.90;  
Boys' sizes, \$5.40; girls' sizes, \$4.90.  
If you are not quick some store will buy them and then you'll pay more for them.  
You can buy Stetson's \$8.00 hats at \$6.40, and \$5.00 Christy hats for \$3.90, and men's hard hats at just half price.  
Women's skirts, all that's left of 'em, are selling at \$6.90. The serge in these skirts would cost you to-day \$10.00 a yard.  
A few small size ladies' skirts and coats at half price.  
Furs and millinery, all that's left, are going cheap. Better come down and see.  
Store opens until 6 o'clock—Saturday until 9 p.m. We would advise you, however, to come in early.  
We employ only high-grade salespeople.

We don't believe in cheap help. So if you shop here you'll receive the best of treatment. Isn't this what you like?  
All art embroidery silks and real British wool are cheaper than elsewhere.  
This sale will likely end sooner than we expected—not because of the advertisement, but because of the values.  
Children's all-wool toques at \$1.00. No use buying cheap, trashy ones at our price.  
Children's all-wool pull-over sweaters; sizes 24 and 26, \$2.65; sizes 28 and 30, \$2.90. Why some women will buy cheap cotton sweaters at about this price and think it economy we can't understand.  
Buy with confidence. Don't pay full price for anything; it isn't necessary; and bring back anything that goes wrong.  
Don't waste your time coming here for cheap, trashy merchandise. We haven't got it.

Selling Out Morris & Thompson's Entire Stock  
909 Government Street—Opposite Post Office

## THE TIGERS TRAIN HARD FOR BATTLE

Argos Protest Makes the Championship Struggle Doubtful

Hamilton, Ont., Nov. 7.—The Hamilton Tigers have called into action all of their old time football generals to train the Bengals for to-morrow's big battle with Montreal. Ben Sampson, Walli Baron, Ralph Ripley, Jack Counsell and Bob Isbister are working like Trojans with the yellow and black. The Tigers are figuring on trick plays to beat the Montreal team.

The Tigers will have to cope with a little "shag" strategy when they line up against the Montreal fourteen. The McGill coach, Shatighnessy, has been busy with the winged wheelers, assisting Coach Hughes, and he has injected no end of pep into the Montrealers.

The match looks like a close contest with chances favoring the Montreal team, which has a wonderful back division. The Tigers' strength rests in its formidable line.

The Argos protest of the Tiger game at Saturday last makes doubtful whether the championship will be decided to-morrow, but should Montreal win the honors will be conceded to the M.A.A.A.

Billy Hewitt, of Toronto and Silver Quality, of Ottawa, will be the officials.

## CANADIAN CHAMP WINNER AT TORONTO

Rivers in Ten-Round Draw; O'Dowd-King Bout Is Postponed

Toronto, Nov. 7.—Frankie Bull, the Canadian lightweight champion, got the decision over "Young" Ernie of Buffalo, in a ten-round bout here last night at a tournament held under the auspices of the Grand Army of Canada.

Rocky Kansas, of Buffalo, and Ed Dorsey, hooked up for ten rounds, but Dorsey's seconds threw up the sponge in the ninth.

Baker, of Syracuse, who substituted for Joe Thomas, Buffalo, against Dick Atkins, a local boy, fought six rounds and took a beating. Atkins was given the decision.

Calgary, Nov. 7.—At the request of Tommie Gibbons, who wants to remain at St. Paul to train his brother Mike for his bout with O'Dowd, Tenmy's bout with King here has been postponed until the 28th.

Phoenix, Ariz., Nov. 7.—Joe Rivers, of Los Angeles, and Gene Delmont, of Memphis, Tenn., fought a fast ten-round draw here last night.

Tacoma, Nov. 7.—Heinie Schuman, Tacoma lightweight, won a clean-cut decision over Harold Jones, former northwest champion, in six rounds here last night. The bell saved Jones in the first round and in the succeeding periods Schuman's hard punching had Jones in trouble.

(See Also Page 14.)

## TOOKE COLLAR

A NEW STARCHED TOOKE COLLAR For Men and Young Men.

TOOKE BROS. 227-229 Pender Street, Vancouver

UTILIZE TIMES WANT ADS

# 200 feet more per second

—that is what the new Dominion 30-30 means to the sportsman. The component used in these cartridges—a progressive burning powder that gives a flatter trajectory, greater penetration and by far the greatest shocking power known in a 30-30.

The new Dominion 30-30 insures to a greater degree the accuracy that has always characterized Dominion Ammunition, and possesses the usual nitro cellulose qualities of uniformity and stability under all climatic conditions.

Look for the yellow label on the back of the 30-30 box. It guarantees greater speed, accuracy and penetration.

## DOMINION 30-30

should be your selection for deer and other big game. Let the label be your guide.

Dominion Cartridge Co. Limited  
Montreal, Canada

**INCREASED**  
STANDARD SPEED AND VELOCITY  
These cartridges are loaded with special high velocity powder which gives 100 FEET GREATER VELOCITY than ordinary loads and therefore will outshoot ordinary powder higher at 100 yards.  
PLEASE ALLOW FOR THIS WHEN SHOOTING.

### SATURDAY'S SOCCER TEAMS ANNOUNCED

Deduction of Points Won from Fragments. Makes Race Exciting

Soccer games to-morrow will start at 2.45, the time for the kick off having been advanced fifteen minutes. With the withdrawal of the points earned at the expense of the fragments the battle becomes even more keen and a lot of shifting around is probably after to-morrow's battles. Games will be played as follows:

**Senior League.**  
Wests v. Army and Navy at Beacon Hill.  
Harbor Marine v. Yarrow at Royal Athletic.  
Great War Vets v. Foundation at Jubilee.  
North Wards v. Comrades at Central Park.

**Intermediate Games.**  
At Work Point—Wests vs. Army and Navy; referee, Mr. Oliver.  
At Beacon Hill—Metropolis vs. Postal Service; referee, Mr. Stokes.  
At Willows—Yarrows vs. Firemen; referee, Mr. Thornton.  
The following teams have been announced:  
**Army and Navy Veterans.**  
Leeming; Church and Pigott; Dowell; Hatherill and Frankish; Hillier, Grimes, Millmore, Gale and Wilcox.

**Wests.**  
Standley; Whyte and Copas; Sheriff; McKay and Okell; Mulcahy, Peden, James, Sid Sheratt and Toots Plumb.  
**Comrades.**  
Comrades: Lomas, Dannel, Gomm, Green; Pitts, Davis, Harper, Bloom, Walton, Bristow and McIlmoyl. Reserves: Fyvie, Essler and Patterson.  
**Foundation.** T. Bridges, Chester Elliott, Munro, Clegg, Mesher, Gosdy, Atwell, Southern, Spack, and Luyley Reserves: Miller, Allan and Clare. Referee: Locke.  
**Yarrows:** Lasher, T. Ordott, Ro, Mellroy, Roe, Brown, Roberts, McVeyfield, Muld, Prevost and Whitaker. Reserves: Verley and Popham.  
**Intermediate.**  
**Yarrows—Rockets.** W. Tompson, Fanthorpe, Bendall, S. Tompson, Walton, Moxey, Roberts, Watt, Hutchinson, D. Fanthorpe.  
**Postal Service.**  
Sanford, Galger, Gardiner, Walker, Humber, Ralton, Sinclair, Wittingham, Singlehurst, Oliver and Baird. Players are requested to be at Beacon Hill grounds 2.45.  
**Metropolis.**  
The following players are requested to meet at the Metropolis pool rooms at 2 o'clock Saturday afternoon in preparation for the game between the Metropolis and Post Office soccer teams at Beacon Hill. Liddell, Lamphee, Taylor, McGill, Saville, Drybrough, Quinn, Barrie, Motion, Asby and Ackerman. Reserves: White and Donaldson.  
**Seaside lovers.**  
Seaside Rovers will hold a practice game at Central Park to-morrow at 2 o'clock. They are anxious that all players and prospective players be on hand.

### MOST SUCCESSFUL OPENING NIGHT IN HISTORY OF PINK

1,500 Skaters Whirled Around Rink to Lively Band Music

To the tune of the latest popular airs over 1,500 skaters whirled around the great sheet of ice at the Arena last night. After two hours of invigorating exercise the happy crowd wended its way homeward nursing sore ankles and aching shins.

It was the most successful opening night in the history of the rink. Hundreds of returned boys who had not donned the steel blades for three years or more, were on the ice renewing their skill as speed and fancy skaters. The ice was in splendid shape and with Rowlands' band pouring forth such enticing music as "I'm forever blowing bubbles," the great crowd surged around the circle. The speed skaters were not able to enjoy themselves to the utmost as their progress was made slow by the dense mass on the sides. Skating promises to be very popular this winter. Owing to the fact that the rink may not be open for public skating more than four nights each week it is almost certain that the ice will be crowded at each session. If Manager Patrick keeps the ice in the same condition throughout the season as it was last night and Bandmaster Rowlands continues to produce the latest catchy and flighty music the success of the season is assured.

### SECOND LAP IN RUGBY COMPETITION

V. I. A. A. v. James Bay Wanderers v. War Veterans

Rugby players will enter on the second lap of the league competition Saturday with two games at Oak Bay. The Wanderers, who last week beat the James Bay fifteen, will oppose the Great War Veterans. The Island Club players meet the James Bay men. The Island Club have a victory at the expense of the War Veterans to their credit. The V.I.A.A. line-up is announced as follows:  
H. A. Tomalin, D. Staples, C. Cowan, W. Wilson, J. Watson, W. Huxtable, L. Smith and D. Grubb; G. McRae, T. Dunn, J. McRae, L. Clark, S. Honeychurch, A. Lewis, H. Thompson. Reserves: Clark, Riley, Referee, Heb Gillespie.

If it isn't a VICTORY BOND it isn't the best security on Earth.

### NICK BAWLF IS BACK FROM SERVICE OVERSEAS

Kingston, Ont., Nov. 6.—Captain "Nick" Bawlf, one of Ottawa's famous hockeyists of old days, has returned from overseas and secured his discharge from the army. Captain Bawlf had little to say about hockey, but it is probable that he will figure in hockey circles in Ottawa this winter, as he has expressed a wish to bring a veterans' team here from Ottawa for several games.

## Clothes For the Boy As Smart As Dad's

We mean it—the boys' suits and overcoats we sell are just as smartly cut and just as well tailored as the more expensive apparel for men. Furthermore, the materials in this range of boys' wear are specially selected for their wear-resisting qualities and stitching is extra strong in the parts where the strain comes. We look to these features so that you will find it a genuine economy to buy clothes for your boy at this boys' store.

### Suits

A good range of Suits at the medium prices for boys 6 to 12 years is now available. Material is brown and grey tweeds of durable quality. Smart styles. Prices.

DOMINION  
"A Temperamental Wife," starring Constance Talmadge, which will be shown at the Dominion Theatre, is the first of a series of twelve productions to be made by Miss Talmadge and which will be distributed by the First National Exhibitors' Circuit.

The story was written by John Emerson and Anita Loos, well-known for their directing and creative ability for the screen, and is their first effort since their marriage recently. The picture depicts a jealous-natured girl who decides to marry only a man who will neither look at nor speak to any woman other than her self. Her attempts to make her husband jealous only serve to render her situation more difficult for herself and more interesting for the audience.

The sublime creation of the master artist of the screen  
**D.W. GRIFFITH'S**  
**"BROKEN BLOSSOMS"**  
A drama of profound emotion, of exquisite delicacy, of overwhelming force.

**VARIETY THEATRE**

**AMUSEMENTS TO-DAY**  
Princess—R. N. Hincks and company present "Billy's Little Love Affair."  
Royal Victoria—Orpheum Vaudeville.  
Pantages—Vaudeville.  
Variety—Margaret Marsh in "The Eternal Magdalene."  
Dominion—Constance Talmadge in "A Temperamental Wife."  
Columbia—May Allison in "Almost Married," and serial, "The Red Glove," featuring Marie Walcamp.  
Romano—June Elvidge in "Love and the Woman," and Ruth Rolan serial, "The Tiger's Trail."  
Rex, Esquimalt—Vivian Martin, in "Little Miss Optimist."

While there have been, in stage history, big panorama pictures, there has never been one that approaches "The Eternal Magdalene" in novelty and completeness. Things that it was impossible to achieve on the stage when this play was one of the reigning hits in New York, Chicago and Boston, and later in the principal cities of the country, have been achieved by the all-seeing camera.

**PRINCESS**  
To-night and to-morrow night will witness the last two performances of that delightful comedy, "Billy's Little Love Affair," which is being so successfully presented at the above theatre. A play with a decided plot running throughout, cleverly written and splendidly produced, nothing more enjoyable could be desired by lovers of good clean entertainment of

Osaka Line Is Planning New Greyhounds For Pacific Run

Directors Are Watching With Interest Remarkable Development of Trade Between This Coast and Orient—Tourist Travel Expected to Increase

Directors of the Osaka Shosen Kaisha are now watching with interest the remarkable development of trans-Pacific passenger travel and are preparing plans for the construction of new liners of the tonnage of the Empress of Russia, of the C. P. O. S. fleet.

Tremendous developments are expected in the trade between this coast and the Orient within the next few years. The various steamship companies are paying particular attention to the different phases of the development.

The C. P. O. S. is building two new liners for the trans-Pacific trade. The Empress of Canada and her sister ship will be fifty feet longer than the Empress of Russia and will embody all the latest conveniences and a number of innovations especially designed for catering to tourists.

The Nippon Yusen Kaisha has announced that it will construct four new liners of 20,000 tons, and equip them with the speed of the Mauretania. Plans for these ships have been prepared. They will be the greyhounds of the Pacific, crossing to Yokohama in less than eight days.

It is quite evident that the Japanese steamship companies will make a determined effort to obtain commercial mastery of the Pacific. The Osaka directors will watch the success of the new Nippon liners and if the trade reaches the volume that it is confidently expected to, orders will be placed for the construction of these palatial craft.

Within the past three years the trans-Pacific trade has made wonderful strides. The C. P. O. S. find it impossible to handle all the passengers which clamor for accommodation. The Nippon line has placed its four largest passenger ships in this service and yet it is impossible to get a berth on one of the outward ships until next March.

IF THIN AND NERVOUS, TRY PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developers of arms, neck and bust, and replacing yellow hollows and angles by the soft, curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphorus than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by almost all druggists under a guarantee of satisfaction or money back.

By feeding the nerves directly and by supplying the body cells with the necessary phosphorus food elements, bitro-phosphate should produce a welcome transformation in the appearance, the increase in weight, frequently being accompanied by an increase in weight also carries with it a general improvement in the health. Nervousness, bloodlessness and lack of energy, which so often accompany excessive thinness, should soon disappear, full eyes ought to brighten and the cheeks glow with the bloom of perfect health.

Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought about a magic transformation with me. I gained ten pounds and never before felt so well."

CAUTION—While Bitro-Phosphate is unexcelled for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

SIERRA WILL NOT RETURN TO PACIFIC

Former Australian Trader to Remain on Atlantic; News From San Francisco

San Francisco, Nov. 7.—The Oceanic steamship Sierra, which was requisitioned by the Government and used as a troop ship at the Atlantic during the war, has been sold at New York and will not come back to the Pacific, according to advices received yesterday from New York. The advices also said that Fred Samuels, general manager here for the Speckles interests, who has been in New York looking after the transfer of the vessel from the Government back to the owners, has arranged for another vessel to be acquired by his company to replace the Sierra on the run to Australia from this port.

The steamer Washington was towed back to port yesterday twenty-four hours after sailing for Europe, on account of a blown out cylinder head. She was picked up by the tank steamer ship W. S. Porter, Capt. Swanson. The Porter was en route from San Pedro for Everett, and after leaving her tow, proceeded to the north. The accident will delay the Washington here for several days, it is expected.

With the arrival yesterday of the Alaska Packers ship Bohemia, Capt. Jensen, in tow of the steamer Nushagak, from Loring, the last of the season's Alaska pack of canned salmon is in port. The steamer brought 10,000 cases and the Bohemia carried 21,813 cases.

Niagara, from Australia, November 27. Burydamus, from Liverpool, November 27.

Fushimi Maru, from Hongkong, November 6. Niagara, for Australia, November 26.

For Vancouver Princess Victoria leaves 2.30 p. m. daily. Princess Adelaide or Princess Roy, leaves 11.45 p. m. daily.

For Seattle Princess Charlotte leaves 4.30 p. m. daily. Sol Duc leaves 10.35 a. m. daily. From Seattle Sol Duc arrives 8.30 a. m. daily. Princess Victoria arrives 1.15 p. m. daily.

For Prince Rupert Prince Rupert and Prince George alternating Sundays and Wednesdays, 10 a. m.

For West Coast Princess Maquinna leaves for Port Alice, 1st, 10th, and 20th of each month.

San Francisco, Nov. 7.—According to advices to the Marine Department of the Chamber of Commerce, the oil-tanker Falls of Clyde, is ashore at Papekaiou, near Hilo. Assistance has been sent. The crew is reported in no danger.

For Marriage Bowers BUY VICTORY BONDS.

AUSTRALIA SUFFERS A PAPER SHORTAGE

Two Steamships Now Loading Cargoes at Coast Paper Mills to Relieve Shortage

Vancouver, Nov. 7.—There is a near famine of paper in Australia. Newspapers of Sydney and Melbourne are on shortened rations and will probably continue to be so until the arrival of two steamers which will start loading this week for Australia. The Waihora will load, outbound at Powell River, and will complete a general cargo at San Francisco. The steamer Waimarino, which has been discharging sugar at a British Columbia refinery, sailed last night for Ocean Falls, to take 3,000 tons of newspaper.

Australian passenger liner sailings are still unsettled following the summer strike. It is expected, however, that the Niagara will get away from Auckland to-morrow, bound for Victoria and Vancouver. She should reach here November 24 and will sail again at the end of the month.

Twenty million pounds of paper and wood pulp were exported from British Columbia to the United States during October, according to figures compiled by the American consul. Out of 30,000,000 feet of logs and lumber exported more than 2,000,000 feet were exported to the United States by rail. Deep-sea vessels took 8,000,000 feet to the United Kingdom.

GIRLS! A MASS OF WAVY, GLEAMY BEAUTIFUL HAIR

Let "Danderine" save and glorify your hair

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the Danderine and draw this through your hair taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous, fluffy and so easy to do up. All dust, dirt and excessive oil is removed. Let Danderine put more life, color, vigor and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair, and help your hair to grow long, thick, strong and beautiful.

MID-PACIFIC STORM DELAYS OSAKA SHIP

Chicago Maru Made Port This Morning; Sixteen Days Out From Yokohama

Bucking a heavy northerly gale and a very high sea the Osaka Shosen Kaisha liner Chicago Maru, Captain Yamane, which docked this morning, had a stormy time in mid-Pacific for three days. The seas swept clean over the ship and she labored very heavily. The progress of the Chicago was considerably impeded by the incessant pounding of the great seas.

Captain Yamane reports good weather for a week after leaving Yokohama and after getting through the gale in mid-Pacific enjoyed favorable weather until the ship dropped anchor off William Head at six o'clock this morning.

The Chicago Maru tied up at the outer docks at 8.30 o'clock and after discharging 150 tons of general merchandise proceeded to Puget Sound docks early this afternoon.

The Chicago Maru has a full cargo including 2,728 bales of silk, valued at \$3,000,000. Eight Japanese passengers disembarked at this port and sixty-six Orientals went on to the Sound.

ARABIA LEAVING TO-DAY

The steamship Arabia Maru, of the Osaka fleet, will leave port this afternoon for the Far East carrying a full passenger and cargo list. She took on about 10,000 tons of steel products and general merchandise while on the Sound.

VESSELS' MOVEMENTS

Tacoma, Nov. 6.—Arrived: Motorship Pedro Christopherson from Christiania via the west coast and San Francisco. Sailed: Power boat Ambassador, for Seattle; steamer Arabia Maru, for Seattle, at 6 p. m. San Francisco, Nov. 6.—Arrived: Steamer Queen, from Seattle, at noon; steamer Artyll, from Seattle; steamer Eastern Breeze, from Kobe; steamer City of Topeka, from Portland; steamer Nushagak and Bohemia, from Loring. Sailed: Steamer Fushimi Maru, for Hongkong via way ports; steamer Jefferson, for Southeastern Alaska; steamer Prince Albert, for British Columbia ports.

SUNRISE AND SUNSET

Table with columns for Day, Sunrise (Hour Min), and Sunset (Hour Min) for the month of November 1919.

Admiral Evans off Prince Rupert at 10.45 a. m., southbound.

TIDE TABLE

Tide table for November, showing time of high and low tides for various locations.

The time used in Pacific standard, for the 12th meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height were distinguished high water level of lower water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning. The height is in feet and tenths of a foot above the average level of lower low water. Seasonal.—To find the depth of water on the sill of the dock at any tide, add 1.95 feet to the height of high water as above given.

TOUGH ON SIS. Mrs. Haggard—"Do you know, my daughter and I are often mistaken for sisters." Mrs. Gray—"Ah, the poor girl must be studying too hard, do you think?"

KILL THAT ANT.

One of the greatest nuisances against which housewives have to contend are ants. Ants will never visit places that have been washed with pain, but the strong odor of the oil renders it undesirable in some positions. A better plan of dealing with the trouble is on the following lines: Dissolve quarter of a pound of alum in about a quart of boiling water. Apply this mixture whilst it is hot to every crack through which the ants have been seen to penetrate.

Naturally it is better, if possible, to destroy the ant's nest. This can usually be discovered by following up the trails of insects. The old plan of pouring boiling water down the holes is not very satisfactory, as only a proportion of the ants are killed, and very few of the eggs or pupae. A far better way is to place an inverted flower-pot over the biggest hole. Cover the opening at the upper part of the pot with a stone. Leave for a week or ten days, at the end of which time the ants will have moved the nest inside the flower-pot. They will do this because the new situation is much warmer and drier than the underground position. Finally, slip a piece of cardboard or a bit of thin wood across the mouth of the pot, holding one finger over the hole. Dip the hole into a bucket of water and leave there until the inhabitants of the nest are all destroyed.—Tit-Bits.

VICTORY BONDS are great trouble shooters.

DIRECT ACTION

The On System in Some Cases. We hear a loud shout "direct action" these days, chiefly relative to labor unionism, and similar matters. We are not prepared to say whether or no we believe in "direct action" in politics, or strikes and things like that, but what comes to ailments of the human body we are all for it. Listen! If you had a fire in the basement of your house, would you expect the fire brigade to tackle it through the fire window? You would like their act to be a little more direct, wouldn't you? Likewise, if you have rheumatism in your joints, or Neuritis in your arm, or sciatica, or lumbago, or neuralgia, why try to cure it with kidney pills, or a liver tonic or a blood medicine? When you are suffering you want "direct action" on that plan. Templeton's Rheumatic Capsules (T.R.C.'s) will give results as no other treatment will. They attack direct the cause of the pain. Tried and proven for fifteen years. If your home paper carries our advertisements some druggist in your town is our agent. If not, write us direct. Our booklet sent free on request. T.R.C.'s mailed anywhere for \$1.64. Templeton's Western Branch, Box 152, Victoria, B.C.

ONE OF THE GIRLS.

The old-age pension officer was questioning the old woman with a zeal worthy of a noble scholar. "And now," he said, "we come to the important questions. Have you ever in receipt of parish relief?" "Never!" answered the old woman. "Folled again, the officer turned to the last question on the list. "Tell me," he snarled, "have you ever been in the hands of the police?" "She hung her head. "Come on—come on!" he growled. "Tell me the truth!" "Well," she said, "I don't see as it's any business of Government; but I don't deny it. Girls will be girls, you know, and in my young days I was a cook; but, still—proudly—"he was a sergeant!"—Tit-Bits.

Open Saturday Evening Until 9 New Fall Footwear

Dependable New Footwear at remarkably low prices. A very unusual achievement with market prices soaring higher and higher. We anticipated our wants and placed our orders last spring at the old price. You Reap the Benefit.

### IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oakaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oakaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

### SAYWARD STILL AWAITS HIGHWAY

J. E. Armishaw Is in City to Urge New Bridge and Highway Extension

"We have the assurance of the Provincial Land Settlement Board that the area to be opened will be in the Sayward district," says J. E. Armishaw, who is in the city to interview officials of the Government, from the Sayward Valley.

"I am in Victoria," Mr. Armishaw said, "as the representative of the residents of sayward to further press our claims on the Government in the matters of the development of our district. As an Agriculture centre we claim that we have at Sayward one of the largest areas of river bottom land on Vancouver Island, and an area which will take some surpassing by any area on the mainland."

"We are supported in this view by the representatives of both the Provincial Land Settlement Board and the Dominion Soldier Settlement Board. Sayward is not the wilderness in the woods which most people imagine, but is a lively, prosperous farming settlement, consisting of many farms, with areas of land in the highest state of cultivation, and stocked with good herds of first-class grade cattle. There are also many small orchards. We have good roads, Rural Mail, telegraph and long distance telephone, schools and stores. In speaking of the growth of Agricultural products, we can certainly say that our district cannot be surpassed both in quantity and quality of products grown."

**Food Supply.**  
"Sayward offers great advantages to the new settler in the way of supplying his family with food. The rivers abound in fish, both trout and salmon. There are plenty of deer, ducks and grouse. Deep sea fish such as halibut and cod can always be obtained at the mouth of the river. These different foods are caught and put up in the various kinds of jars by the settlers for winter use. It is a common sight to go into a settler's larder and see anywhere from 100 to 300 jars so put away. So taking everything as a whole we have no hesitation in recommending our district to settlers."

"Now these are things we are pressing for, that our Provincial Government should construct this winter a bridge, which is sorely needed by the residents of the upper portion of the valley, as there are at the present time some twenty-five settlers, who have no means of getting in and out to their farms. This bridge is needed to replace an old logging railroad bridge, which had been built many years ago and it had arrived at a time when it should have been removed for public safety. However, the river saved the Government the expense of removing it by washing it out. We have pressed our claim upon the Government and they fully realize the need of replacing the bridge, but at the interview I had this week with the Premier, while admitting the urgent need of the bridge, he said that there was no money to be obtained for this work."

**Effect of Delay.**  
"Now this seems very strange, in view of the great amount of new work our Government is undertaking in the way of opening up new areas for settlement in different parts of the province, and in view of the large amount that is being spent in resurfacing already good roads."

"I may say that during the past year good families have moved out of our district on account of this work not being done, and in the face of this our Government says get in more settlers. I may say that I have not been able to see the Minister of Public Works, as after making an appointment with me, he was suddenly called to Vancouver, but I have seen Mr. Barrow, the Minister of Agriculture, who has promised to take up the matter with Dr. King on his return, and has promised to let us know the results."

"I am pleased to say that although we are placed at a great disadvantage in so far as this bridge is concerned and to the fact that we have no road into Sayward by land, our settlement is making rapid progress. During the past six months some twelve families have taken up land at Sayward, and they are all returned soldiers, who have been assisted by loans through the Dominion Soldier Settlement Board to the amount of \$46,000, and more loans are pending. This representative when lately in the valley on a trip of inspection, stated to a meeting of the residents that we had in Sayward the largest continuous tract of river bottom land on Vancouver Island."

**Island Highway Extension.**  
Now I come to the most important matter which we as residents of Sayward are vitally interested in; a matter which is of interest to all the residents of this island, and especially to the business interests of Victoria and those farther up the island. This is the extension of the Island Highway from Campbell River to Sayward. This matter has already been through our efforts taken up by the various Board of Trades and practically all the public bodies on the Island. It is receiving their support. I understand that the Government has had a survey made of the proposed route, and an estimate made of the cost of the work, but this report has not been given out as yet. To press our claim, I have taken up this matter again this trip with the Board of Trade, the Island Automobile Association, and the Victoria and Island

# The Young Man's Opportunity

**"If you want to know if you are a success, ask yourself this question—'Can you save money?' If you can, you are a success. If you can't, drop out."**

That's plain talk, but it's true.  
That's something for the young man of Canada to think over. If you are not saving money—you are not getting anywhere.  
You are lifting your feet and putting them down on the same spot day after day, marking time.  
No man ever succeeded that way.  
Take a grip on yourself and cut out those careless, useless expenditures you make day after day.  
Victory Bonds are your opportunity.  
Buy a "big block" of Victory Bonds.

Buy them on easy terms—under the instalment plan.  
Grit your teeth—and pay for them! You can do it.  
And think what this money saved may mean to you later in life. It may mean an interest in some business; it may mean the making of a home. It will mean that you can avail yourself of some investment opportunity that will ensure your financial or business success. The possession of some "ready money" has often been the foundation of a fortune.  
Begin saving to-day.

## Buy Victory Bonds

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

Development Association and all have promised there further support.

**Useful to Tourists.**  
When one considers that in the valleys of the Salmon, the White and the Imimakey Rivers that it is estimated

by the Government that these valleys contain some 40,000 acres of first-class agricultural lands, and that the agricultural possibilities of these lands have been fully proven, as all kinds of fruits, vegetables and grain do exceedingly well, there being no failure reported during some twenty years. These lands if opened up would provide homes for some 500 families. Then add to all this the great asset these valleys would be to the ever increasing tourist travel on the Island, as the scenery, hunting and fishing cannot be surpassed.

"We suggest that the Federal and Provincial Governments undertake this work under the recently passed Dominion Highway Act. We have the assurance of H. S. Clements, M. P., and the Hon. S. F. Toime, Minister of Agriculture, that their Government will support the building of this road, which if undertaken this winter would employ a large number of men."

**A NEW WESTERN WRITER**  
Robert Watson, who is on the staff of the Hudson's Bay Company at Vernon, B. C., is a Scot who came to Canada some years ago and who last year captured the reading public with his breezy, wholesome novel of the Old Land and the New, "My Brave and Gallant Gentleman." He is continuing in the work of putting the Pacific Provinces into literature

and this fall there appears his "Girl of O.K. Valley," a simon-pure romance full of charm of atmosphere and vigor of action, by an author whose stories of Canadian life are distinguished by refinement of style and sentiment and touched with warm humanity.

After a short time of poignant happiness with the young lover who has welcomed her to Okanagan Valley, the nets of treachery and intrigue are flung over Katie by her avaricious uncle and her jealous cousin Lisbeth. The solution of the mystery and the happy ending mark the author as a master of the Far Northwest adventure story.

As a character study of two girls, one blessed with aristocratic birth and bearing, and of delicate beauty of mind and body; the other a flamboyant, arrogant young belle, this book will arrest the attention of all who admire vigorous, wholesome stories with a bit of mystery attached, and a lucky ending.

**IT ALL DEPENDED.**  
A doctor was attending a dangerous case where a Scottish butler was engaged. On calling in the forenoon, he said to Donald: "I hope your master's temperature is much lower to-day than it was last night."  
"It is no use very sure about that," replied the butler; "for he de'd this morning."

**\$100 VICTORY BOND EARNS \$82.50 WAGES**

Put Money in Your Purse by Transferring Your Savings from Bank to Victory Loan.

Canadians who are depositors in the Savings Bank have had experience of how their \$100 earn wages. They have been gratified to find that they received \$3 in interest at the end of the year. That is to say \$100 will earn \$46 in 15 years.

To-day an opportunity presents itself to Canadians to earn bigger wages for their \$100. By transferring that money from the Savings Bank to the Victory Loan they will receive 5 1/2 per cent. interest on it. That is to say, in 15 years they will receive \$82.50 instead of \$46—nearly double the amount of wages.

The wise Canadian will not miss this opportunity of investigating his savings in the Victory Loan. He has the offer of increased interest amounting to nearly \$40 for the use of his \$100 for 15 years, and he would be neglecting his business if he did not transfer his money to the Victory Loan. Besides, in a case of emergency he can as readily get his money for a Victory Bond as from the Bank.

The workman was disgruntled. The wayfarer of the inquisitive turn of

mind stopped for a moment to look on.

"My man," said the wayfarer at length, "what are you digging for?"

The workman looked up. "Money," he replied.

"Money!" ejaculated the amazed wayfarer. "And when do you expect to strike it?"

"On Saturday," replied the workman, as he resumed operations.

**VERY INTERESTING.**

He—I can't bear that fellow Brown. He always brings up such uninteresting subjects. What was he talking to you about?

She—You.

The trouble with most handsome women is that they think that is all that is necessary.

**Don't Hack and Cough!**  
until you make yourself and everyone near you miserable. It is not necessary when

**NADRUGG Syrup of Tar**  
with Cod Liver Oil Compound

will stop the irritation, heal the inflamed membranes of the throat and soon cure the severest cough. COLDS, SORE THROAT, BRONCHITIS, ASTHMA and WHOOPING COUGH yield to the soothing and healing influence of this wonderful cough medicine.

You owe it to yourself and your friends to always keep a bottle in the house at this season. None genuine unless in a Red Package bearing the trademark Na-Dru-Co.

Manufactured by National Drug and Chemical Company of Canada, Limited.

AUTOMOBILES (Continued)

HERE ARE FOUR GOOD BUYS

CHEVROLET TOURING - Running fine and has been carefully inspected, battery, lights and starter in good shape. A leader at \$495. HUMPHREY - Model 22. One of the popular cars always in great demand, has new top and motor working strong. Will prove a find at \$495. FORD TOURING - Starts, runs and lights from "Boche's" high tension magneto, 4 brand new tires, a 1917 motor. You can't improve on this at \$495. HUMPHREY - Model 20. One of the kind that runs almost as cheaply as a bicycle, but a good car in every way. Has our O. K. at \$495.

FORMAL WELCOME HOME FOR PRINCE
Canadians in London Discuss Proposal His Return Be Marked

London, Nov. 7.—A proposal is under consideration among the Canadian community here to give the Prince of Wales a formal welcome home in recognition of his remarkable tour of the Dominion.

Newspapers give the Prince's Toronto speech considerable prominence. The Manchester Guardian editorially says:

"The habit is growing for speeches by members of the British royal house to reflect accurately and dispassionately the great tendencies, ideals and ambitions of the British peoples. It is a useful function and seldom more appropriately exercised than in the address of the Prince of Wales at Toronto.

The war has changed the whole relationship of the British Dominions to Britain and the whole world. The magnitude of the change has been better realized overseas than here.

The Canadian Prime Minister has successfully asserted the right of his Parliament to debate the peace treaty, the Australian Prime Minister asserts that the developments to which the war has led spell the doom of all plans of Imperial federation.

Possibilities. "If, as is possible, the latter is rejected by his country at the general election, he will be succeeded by a Government of yet more independent Wales at Toronto.

Paris, Nov. 7.—Eternal youth seems to have been accorded in full measure to some microbes. Before the Academy of Sciences yesterday Professor Yves Delage read a paper reporting discoveries by Dr. Gallipe, who is credited with finding in century-old paper organisms still living.

According to this report, these organisms resisted heat of 248 degrees Fahrenheit.

The annual damage to food caused by the ever-increasing army of rats runs amounts to \$20,000,000, as against \$15,000,000 six years ago. The Board of Agriculture's chief rat inspector puts each rat's cost in food in rural areas at 5s. 6d. a year, but when they get into the house among prepared food the damage runs up to £1.

GERMS LIVED IN PAPER A CENTURY
Paris, Nov. 7.—The Cabinet has finally approved the electoral bill for introduction in the Cortes. The bill would give the vote to women over twenty-three years of age, and increase the number of deputies from 400 to 470.

The measure also provides for holding elections on two days, the women to vote the first day and the men the second.

MONTANA PROFESSORS ESTABLISH UNION
Missoula, Mont., Nov. 7.—More than a hundred members of the faculty of the University of Montana here have become members of the new Faculty Union No. 120, affiliated with the American Federation of Labor, and a salary scale is being prepared, according to faculty members to-day.

It is declared that the charter of the union does not carry a strike provision and that unions in many other schools and institutions are being organized.

WOMEN OF SPAIN TO HAVE VOTES SOON
Madrid, Nov. 7.—The Cabinet has finally approved the electoral bill for introduction in the Cortes. The bill would give the vote to women over twenty-three years of age, and increase the number of deputies from 400 to 470.

The measure also provides for holding elections on two days, the women to vote the first day and the men the second.

Friday Afternoon at 4 o'clock, Gypsy Smith, the world-famed evangelist, will speak at a special rally of young people in Metropolitan Methodist Church.

A little boy, waiting to give his mother a present, at last decided on a prayer book. When he had bought it, not knowing what to put on the front page, he looked through some of the books in the library, and then put: "To dear mother, with the author's compliments."

TWO MORE BONDS ARE PRIZES IN SCHOOL LOAN COMPETITION

The School Victory Loan competition now proceeding under the auspices of Mr. Thrift is progressing rapidly. This morning two additional fifty dollar Victory Bonds were added to the prize list, one from Harry Bullen and one from A. C. Burdick.

Mr. Thrift expects to announce the gift of several more Victory Bonds within the next day or two.

PARTY IN HUNGARY STILL WANTS KING

Wireless Messages Received at Berlin Mention Ex-Archduke Otto

Berlin, Nov. 6.—Via London, Nov. 7.—Wireless messages received here from Vienna report that ex-Archduke Otto is about to be proclaimed King of Hungary.

A dispatch from Budapest filed on Wednesday said: "The Monarchist party has issued a statement saying that while it is desirous of re-establishing a kingdom, it does of favor the restoration of the throne to any member of the Hapsburg family. This statement was provoked by reports that seven-year-old ex-Archduke Otto would be placed on the throne.

WINTERGREEN OIL KILLS A YOUTH
Pontiac, Mich., Nov. 7.—Calvin McKinnon, nineteen years old, whose home is said to have been "Spruce, Northwestern Canada," died and three young men are seriously ill to-day as a result of drinking wintergreen oil. They believed they were drinking essence of wintergreen as a substitute for whisky.

THREE KILLED BY FIRE IN GEORGIA
Atlanta, Ga., Nov. 7.—Three men lost their lives, two are dying, and a number were seriously injured as a result of a fire early to-day in the Wilson Hotel in the business district here.

Between twenty and thirty persons, including seven women, were in the building. Many escaped by leaping to the roofs of adjoining structures and firemen rescued others.

None of the women guests are injured.

REAL ESTATE MEN MEET IN BELLINGHAM
Bellingham, Wash., Nov. 7.—Delegates to the executive conference of the Interstate Realty Association, representing Oregon, Washington, British Columbia and Alberta, opened their annual convention here this morning. E. B. Arthaud, of Hoquiam, is president of the Association. A business meeting will be held to-morrow also.

RAILS STRONG

IN WALL STREET WEAK MARKET IN CHICAGO GRAINS
(Burdick Bros. & Brett, Ltd.)
Chicago, Nov. 7.—Burdick news (thick and fast during to-day's trading session in the grain market. The chief news factor was the report that the Washington Government would lower the price of wheat by 15 to 20c per bushel, and this was used to hammer prices down. Corn lost about 3c from the opening range, closing practically at the low point of the day. Sentiment at the close was distinctly bearish.

NEW YORK STOCKS
(Burdick Bros. & Brett, Ltd.)
New York, Nov. 7.—Activity in the stock market was shifted more or less to the railroad group to-day, and these issues, led by Southern Pacific, were quite strong from time to time. The total turnover was somewhat smaller than for the past few days, due to the decreased volume of business in industrial, which have the reputation of being standard.

WINTERGREEN OIL KILLS A YOUTH

Phonics 2236, 2236, 2237, 2238.

734 Broughton St. Victoria, B. C.

Births, Marriages, Deaths

BORN

ROBSON—To Mr. and Mrs. G. L. Robson, of 299 Maddock Avenue, November 5, at St. Joseph's Hospital, a daughter.

DIED

DENISON—On the 4th inst., at the Jubilee Hospital, Robert Denison, aged 73 years, a native of Ottawa, and a resident of Victoria for the past 30 years. He is survived by a brother in Vancouver.

Remains are resting at the Thomson Funeral Home, 1212 Quadra Street. Due notice of funeral will be given.

(Vancouver papers please copy.)

KELWAY—On November 5, 1919, at the residence, 412 Niagara Street, Harry Kelway, a native of Liverpool, England, aged thirty-three years.

The deceased was a member of the Comrades of the Great War. The funeral, which will be military, will take place from the B. C. Funeral Chapel on Saturday, November 8, at 3 p.m., where service will be held. Interment in Ross Bay Cemetery.

IN MEMORIAM

In memory of our beloved son and brother, P. B. C. Wolfe, 1st Battalion Canadian, who died whilst prisoner of war in Germany, November 7, 1918. "Thy will be done."

IN MEMORIAM  
WOLFE—In loving memory of our nephew, Mr. Clarence Wolfe, who died in a German prison camp, November 7, 1918. Aged twenty-three years.

IN MEMORIAM  
MARR—In loving memory of our dear son, George Marr, who died November 7, 1918; aged six years seven months.

As we look on your picture that hangs on the wall,  
The smiles of your boyhood we can't but recall.  
We miss you and mourn you in silence unseen,  
And sacred are the memories of days that have been.

Sweet little flower of heavenly birth;  
He was too fair to bloom on earth;  
And so God came with a speedy hand  
And carried him off to a better land.

So dearly loved—so sadly missed.

Inscribed by his sorrowing mother, father, brothers and sister.

CARD OF THANKS

Mr. Loren McHutt and family, of 733 Admiral's Road, Requitant, desire to extend their hearty thanks to the many friends for their comforting words of sympathy and for the beautiful floral tributes sent during their recent bereavement.

UNION TO CONSIDER INVESTING IN LOAN

The advisability of investing part of its sinking fund or other monies in Victory bonds will be considered by the local Shipyard Laborers' Riggers and Fasteners Union at its next meeting.

Brigadier-General Clark, Island Loan Chairman, recently wrote to the union urging an investment. A reply to his communication was received to-day from P. O'Hara, secretary and business agent who informed the General that the matter would be considered at a meeting on Tuesday. The secretary had no doubt that the proposal would receive the consideration to which the importance of the Victory Loan entitled it.

General Clark, accompanied by J. B. Warnicker and a group of other Victory Loan salesmen, visited Oden Point yesterday, and were enthusiastically received by the workmen.

Hudson's Bay Company's Building—Protestants against an application for a wood yard at the southeast corner of Douglas and Fisgard Streets, Arthur Lineham told the City Council this afternoon that all the contracts for the Hudson's Bay Company's Building had been awarded with the exception of the plastering. He stated that the company appreciated that business in Victoria had developed tremendously, and it would not be anxious to open with a business of this character in the vicinity. He also spoke of the situation as it affected the Fairfield Hotel. The Council deferred action on the application, which was first considered on Monday night.

Supersition Helps Loan—Supersition gave the Victory Loan drive a considerable boost to-day. A very prominent citizen of Victoria, it appears, in making his toilet this morning, put on one of his socks inside out. This, according to his ideas, meant bad luck for the day. Accordingly to offset his evil fortune he journeyed to loan headquarters and started the day by trebling his previous bond investment.

K. of G. Huts—The usual fortnightly military five hundred party and dance for service and ex-service men and their lady friends will be held to-night at 8 o'clock at the K. of G. Hut, Fort Street. Dancing will take place after the finish of the card games, and refreshments will be served in the interval. As usual there will be no charge for admission.

Knights of Pythias Dance—The Knights of Pythias held a very enjoyable dance last night at their hall, North Park Street. There were a large number of guests who danced to a late hour to the music furnished by Ozard's orchestra.

Mrs. Spofford to Speak—Mrs. Spofford will speak at the monthly meeting of the Garden City Women's Institute, which will be held at the home of Mrs. Roy Smith on Wednesday, November 12, at 2 p. m.

Miss Edna McNiven has returned home after a two months' visit to friends in Portland, Oregon.

The Victory Loan Choir, led by J. B. Warnicker, will sing at the Masquerade Ball to-night (Friday) and will render selections at which the gay throng are expected to join in.

Mrs. J. G. Inkster left on this morning's train for Alberni, Cumberland and Ladysmith, where she will speak at the Presbyterian Churches in the interest of the forward movement and of the Women's Missionary Society of the Presbyterian Church. Mrs. Inkster is president of the Victoria Presbyterian of the W. M. S. She expects to return to the city on Thursday next.

ASK OTTAWA TO DEFINE CONTROL OVER B. C. ELECTRIC

ASK OTTAWA TO DEFINE CONTROL OVER B. C. ELECTRIC

Victoria Joins Other Municipalities in Appeal For Remedial Legislation

The Victoria City Council to-day joined the councils of Vancouver, New Westminster, Point Grey, Burnaby, South Vancouver, North Vancouver and the B. C. Electric Railway Company in a petition to Ottawa, asking the Government to amend the Railway Act in respect to legislation that covers the operations of the B. C. Electric in this Province.

The petition asks that to remove the uncertainty in the jurisdiction of the British Columbia Public Utilities Commissioner remedial legislation be passed by Ottawa.

It points out that the charters of the B. C. Electric originated and are within the legislative authority of the Parliament of Canada and that therefore the company comes under the Railway Act of 1919. But on March 29, 1919, the British Columbia Legislature, passed an act providing for the regulation of public utilities and under these powers the Public Utilities Commissioner has been for some months conducting an investigation into the rates and fares of the B. C. Electric Railway.

Now, however, the Commissioner has announced that he is in grave doubt as to his jurisdiction to proceed with the inquiry by reason of the amendments to the Railway Act, which are said to be "inadvertent" leaving the legal situation in doubt because of the conflict between Federal and Provincial Statutes.

"Unless legislation is passed dealing with the matter, a complicated legal situation will arise which may be productive of costly and vexatious litigation," says the petition. "It leaves questions of vital public importance, such as fares on local city street railways and suburban passenger fares in doubt relative to the jurisdiction of the governing body empowered to control them, as well as light and power rates.

"The question of control of local street car fares and local light and power rates would seem to be matters of an essentially local economic nature rather than national questions and could be more conveniently dealt with by a board of local jurisdiction having a knowledge of the local situation.

"The Dominion Railway Act of 1919 would seem to place the question of jurisdiction in doubt, whether it remains with the Provincial Public Utilities Railway Commission, or whether it rests partly with one and partly with the other."

HOUSING QUESTIONNAIRE NOW IN PREPARATION

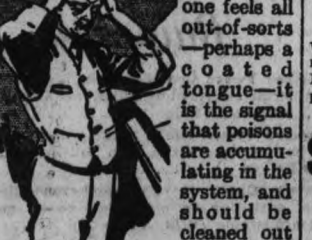

Returned soldiers continued to present themselves at the City Hall to come under the city's housing scheme. Although only sixty men are to be used under the scheme as at present worked out, 110 men already have made application.

Questionnaires on which will be based the committee's choice of men to benefit under the scheme were completed to-day at the City Hall by City Comptroller Raymer. These will not be issued to the applicants until next week as they have to be submitted to the aldermen for approval on Monday.

The details covered in the questionnaire are exhaustive, and the document as at present constituted covers several pages. Those who want to come under the scheme must have their applications turned in to Miss Kathleen O'Rourke, Mayor's secretary, at the City Hall, before the questionnaire is finally approved by the aldermen at the beginning of next week.

VICTORY BONDS are instantly convertible into cash.

MY HEAD!

When the head feels thick or aches, when one feels all out-of-sorts—perhaps a coated tongue—it is the signal that poisons are accumulating in the system, and should be cleaned out at once.

Auto-intoxication can be best ascribed to our own neglect or carelessness. When the organs fail in the discharge of their duties, the putrefactive germs set in and generate toxins—actual poisons, which fill one's own body.

Sleepiness after meals, flushing of the face, extreme lassitude, biliousness, dizziness, sick headache, acidity of the stomach, heartburn, offensive breath, anemia, loss of weight and muscular power, decrease of vitality or lowering of resistance to infectious diseases, disturbance of the eye, dyspepsia, indigestion, gastritis, many forms of catarrh, asthma, ear affections and allied ailments result from auto-intoxication or self-poisoning.

Take castor oil, or procure at the drug store, a pleasant vegetable laxative, called Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes and jalap.

Headaches affect all ages and both sexes alike, but in all cases the treatment should be directed to remove the cause, for with the cause removed the headaches vanish for all time.

What is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all description than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

Mrs. Flora Hall, Dominion N. S. writes: "I have been troubled with sick headaches for the last ten years. I had lost faith in all remedies until recently a friend of mine advised me to try Burdock Blood Bitters. This I did, and found relief in a very short time. I would very much recommend B. B. B. to anyone who is suffering as I did. I only took three bottles, and am never troubled with sick headaches any more."

"B. B. B. has been on the market for over 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

TO SKATE ON STILTS AT RINK TO-NIGHT

Skating on stilts will be a difficult stunt for Muldoon, the manager of the Metropolitan in the Pacific Coast hockey tilt will perform at the rink to-night. The Seattle man is also a clever fancy skater, as he has previously proved in Victoria, but skating on stilts is an accomplishment that must take a lot of practice. George Brian, an artistic skater, whose evolutions on the steel blades have won him a lot of renown in England and the United States, will also give an exhibition. Brian is reported to be one of the cleverest men at the game. The band will also be in attendance.

TEST OF STRENGTH IN U. S. SENATE

House Decides Other Powers Should Accept American Reservations

Washington, Nov. 7.—In the first test of strength on the reservations to the peace treaty proposed by the Foreign Relations Committee, the Senate refused to-day by a vote of forty-eight to forty to strike out the provision which would require acceptance of the reservations by the other powers. Senator McCumber, North Dakota, was the only Republican who voted to strike out. Three Democrats, Reed, Missouri; Walsh, Massachusetts; and Gore, Oklahoma, voted with the majority.

By the same vote and with the same partisan alignment, the Senate rejected another amendment offered by Senator McCumber, to the preamble proposing that acceptance of reservations "might be" effected by exchange of diplomatic notes. The Committee preamble requires such an exchange of notes.

The Senate also rejected a proposal by Senator Borah, Idaho, to require that all four instead of three of the great powers be required to accept the reservations. On this vote the mild reservations group of Senators swung over with the Democrats.

The Senate also rejected a proposal by Senator Borah, Idaho, to require that all four instead of three of the great powers be required to accept the reservations. On this vote the mild reservations group of Senators swung over with the Democrats.

You Cannot Hide Your Fat

Over-fatness is the one misfortune you cannot hide from yourself or from those around you. If too thin, your dressmaker or tailor can supply the deficiencies, but the overfat carry a burden they cannot conceal. There is one sure way to reduce your weight safely and quickly. The harmless Marmola Prescription, which changes the fatty tissues and fat-producing foods to solid flesh and energy, helps the general health and digestion, permits you to eat and live as you like, and leaves the skin clear and smooth.

Description is now condensed into tablet form. Each tablet contains an exact dose of the same harmless ingredients that made the original prescription capable of reducing the overfat body at the rate of two, three or four pounds a week without the slightest ill effects. Take but one tablet after each meal and at bedtime until the normal weight is reached and the bodily health completely restored. Ask your druggist for Marmola Prescription Tablets, or send to the Marmola Co., 364 Woodward Ave., Detroit, Mich., and you will receive for \$1.00 a full case—enough to start you well on your way to slimmness and happiness.

NEW YORK EXCHANGE SEAT FOR \$10,000

New York, Nov. 7.—A new record price for a seat on the New York Stock Exchange was made to-day when a place sold for \$110,000. This is \$10,000 above the previous record price paid less than a week ago.

LETHBRIDGE LOAN

Lethbridge, Nov. 7.—Victory Loan subscriptions of \$57,700 on Thursday brought the city's total to \$437,900. The objective is \$475,000.

NO HOLIDAY

Ottawa, Nov. 7.—No public holiday will be proclaimed by the Government of Canada on Armistice Day, November 11, according to the Department of the Secretary of State.

SICK HEADACHES For Last 10 Years

Headaches affect all ages and both sexes alike, but in all cases the treatment should be directed to remove the cause, for with the cause removed the headaches vanish for all time.

What is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all description than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

**ONE MASTERING SIN KEEPS MEN FROM GOD, DECLARES EVANGELIST**

Gypsy Smith Preaches on Subject Over Which He Struggled 16 Years

The damning power of one enslaving, overpowering and mastering passion formed the theme of Gypsy Smith's powerful sermon at the Armory last night. Taking for his text the sixteenth chapter of Acts, in which is related the freeing of Paul from prison and the conversion of two women and the jailer, Mr. Smith preached, he said, on a subject over which he had been struggling for sixteen years. It was not until he had read all works on the subject he could find, nor until he had pondered long over the chapter in search of the truth that he felt able to give his interpretation of the chapter.

"If Paul were here to-night," the preacher commenced, "and you asked him what you had to do to be saved he would not necessarily say to you as to the jailer 'believe on the Lord Jesus Christ and thou shalt be saved.' No, he would want to know about you, what sin stood in your way.

"While he may have many follies, may commit a variety of sins, I have found," the speaker asserted, "that it is always one enslaving, overpowering and mastering passion that keeps man from God—a thing which, if conquered, means that all other sins slink away, like whipped and cringing curs.

"There is a faith that damns! There is a kind of sentimental semi-belief that is too lazy to look into things, accepts everything but really believes nothing. If I were to ask, you would declare that you believed in Jesus—but it doesn't change your life, it doesn't make you a better husband, a better wife, a better citizen. That is the kind of faith that damns! The kind of faith that saves, makes a man tear the unclean thing from his heart and hold it up and declare that he will rather die than let it pollute him again. It makes the thief stop thieving, the unclean man throw aside his uncleanness and the double dealer stop his double dealing."

Bringing his sermon home to every man and woman in the hall, Mr. Smith went on, "There are wounds you made and you haven't tried to bathe them. Don't talk about your faith in Christ, your Christianity, until you do. Otherwise you are a hypocrite. There is an old mother, whose heart you have broken and whose hair you have turned gray. Don't call yourself a Christian until you have done all in your power to make up for these sins. Remember the jailer who was saved went out and washed the prisoners' stripes—the same hour of the night! You have not to do your stripe washing if you want to be saved."

Lastful thoughts, the preacher declared, amounted to the sin of adultery. Hate, he said, was murder. "Don't think you can bribe God. You cannot shut his eye. You must abandon wrong—at once—cut loose—forever! You can keep on believing as much as you like until doomsday, but you will never feel the joy of salvation until you put your sin aside. You must put it aside at whatever cost. As soon as you turn from sin to God the spirit of Jesus enters your soul—I don't know why, I don't know how; I don't know how it was that the spirit of Christ entered my sinner's soul, found a father and five motherless sons and made preachers of us all."

**COMMISSION COMING ON SOLDIERS' GRAVES.**

The Imperial Graves' Commission will shortly visit Canada with a view to visiting cemeteries where deceased soldiers have been interred to see that all graves of deceased soldiers are marked and maintained.

In order to have complete records of all soldiers' graves of all ranks, information is required as to regimental number, rank, name in full, unit, date of death, cause of death, name and location of cemetery, plot and lot number of grave and address of next of kin of those deceased officers and other ranks who are interred in British Columbia other than those who died whilst in the C.E.F., those on the strength of the Soldiers' Civil Re-establishment and active militia in the district, as information in the latter cases are already on file.

This information is required in respect of:—

(a) All ex-members of the Canadian Expeditionary Force.

(b) Member of the Imperial Forces.

(c) Members of armies of any of the Allied Forces.

The general public is asked to cooperate in this matter and any information in connection with the above will be appreciated if forwarded to the District Record Officer, M.D. 11, Drill Hall, Victoria, B.C.

A Meeting for Women Only will be held in St. Andrew's Presbyterian Church on Saturday afternoon at 3 o'clock. Rev. F. A. Robinson, M.A., of Toronto, who has for several years been Secretary in the Department of Social Service, will speak on Redemptive Work for Girls throughout the Dominion. Dr. Robinson knows the conditions from personal investigation and effort, and will have a stirring and appealing message.

Cassidy (after the parade)—"An' how do I look to ya on the horse, Dinny?" "O'Brien—"Ye're a friend iv mine, Mike, so ye kin thrust me niver 't tell a livin' soul."
