Socialists Fear Plot to Restore German Monarchy

Berlin Newspaper Features Sensational Communication of Impending Pan-German "Putsch;" Ministry of Defence and Police Said to Be Implicated.

Berlin, June 16.—The independent Socialist newspaper, Die Freiheit today features a sensational communication "from a well-informed source" announcing that a Pan-German "putsch" is impending.

The writer says that various military parades which have been going on throughout Germany recently were not merely displays but serious preparations for a monarchist coup d'etat, which he says is to be preceded by a sort of St. Bartholomew's night in which all persons whose names are entered on a special blacklist will be given "short shrift."

Resolutions warning against probable demonstrations against the republic, set for June 28, were adopted yesterday by the directorate of the Majority Socialist Society, the Socialist Vorwaerts announces. The resolutions say the Nationalist associations, with German officers and ex-soldiers, are reported as intending to hold demonstrations throughout the country on June 28, the anniversary of the signing of the Treaty of Versailles.

Staneland Refuses to Support Mayor's Move to Challenge Decision

Police Board Will Not Act; Staneland Surprised by Mayor's Announcement

Mayor William Marchant's telegraphed announcement yesterday that the recent dismissal of charges under the Lord's Day Act here must be challenged apparently has caused a complete break between His Worship and Commissioner W. E. Staneland on the Sunday closing policy.

Mr. Staneland was frankly surprised at the Mayor's announcement that dismissal of Sunday closing charges must be challenged in the interest of law enforcement generally.

Mr. Staneland to-day received a wire from the Mayor, who says that his attitude on the Sunday closing situation was fully expressed in his telegram to the Times yesterday.

Irish Electors Voting To-day on New Parliament

People of Southern Ireland Registering Ballots to Elect New Government Under Terms of Treaty; Irish Press Is Favorable to New Constitution.

Dublin, June 16.—Professor John F. McNeill, Speaker of the Dail Eireann, who is in favor of the Anglo-Irish Treaty, led in the voting for Dublin University candidates by a substantial majority when the first election results were announced to-night.

Professor Macneil Hayes, Minister of Education in the Dail Eireann Cabinet and one of the pro-treaty panel candidates, also has been elected.

Dublin, June 16.—The voters of Southern Ireland went to the polls to-day to elect an Irish Parliament as provided under the terms of the Anglo-Irish Treaty. Under the recent agreement between the factions favoring and opposing the Treaty, a coalition panel of candidates was presented to the people, apportioning representation in the Parliament at approximately the same ratio as obtained in past tests of strength in the Dail Eireann.

A number of independents, however, have entered the field in an attempt to overturn the panel on the Treaty issue, and it was on this phase of the struggle that interest centred as the polling estimates were that at least fifteen of the independents would be successful.

Publication last night of the terms of the draft of the Irish constitution on which the new Parliament must pass was not to influence the vote.

The comment of the Dublin morning newspapers to-day is mostly favorable to the constitution. The Freeman's Journal says: "The draft of the constitution declares that all political power in Ireland is derived from the people. Let the people prove to-day by the fearless, conscientious and prudent exercise of their franchise that they are worthy repositories of that supreme power."

Articles Embraced in Irish Constitution

London, June 16.—The complete draft of the new Irish constitution, containing seventy-seven articles, follows:

Article 1—The Irish Free State (Saorstate Eireann) is a co-equal member of the Community of Nations forming the British Commonwealth of Nations.

Article 2—All the powers of the Government and all authority, legislative, executive and judicial, are derived from the people, and the same shall be exercised in the Irish Free State through organizations established by this constitution.

Article 3—Citizens of the state shall be all persons domiciled in Ireland at the time the constitution comes into operation who were born in Ireland or either of whose parents were born in Ireland or who have been domiciled in the Free State for seven years.

Article 4—The national language will be the Irish language, but English will be equally recognized as the official language. Parliament make special provisions for areas in which only one language is in use.

Article 5—No title or honor shall be conferred except on the advice of the Executive Council of the State.

Article 6—Protects liberty of persons by a process similar to a habeas corpus writ.

Article 7—Declares dwellings inviolable; these cannot be forcibly entered except in accordance with the law.

Article 8—Declares freedom of conscience and free practice of religion inviolable rights.

Article 9—Guarantees free expression of opinion and assembly without arms and the formation of associations not opposed to public morality.

Article 10—Provides that all citizens shall have the right to free elementary education.

Article 11—Confers the right of suffrage on all citizens age of 21 of both sexes, all those of the age of 20 may vote for the Senate; those of the age of 21 for the deputies.

Article 12—Provides that the Parliament will hold at least one session each year.

Article 13—Provides that the sitting shall be public, but that in cases of emergency the Executive Council may order otherwise.

Girl Claims Held Captive Six Months on Fishing Vessel

Bremerton, Wash., June 16.—That she was held captive six months on a fishing boat is the story told by a girl who was taken yesterday by her father and police agents from the craft of Elmer Weber, aged 55, a fisherman.

Weber was arrested on a statutory charge. The girl disappeared from her home December 24. Her story, police authorities say, is that Weber seized her on the beach near Bremerton, took her aboard his boat, forced her to do his bidding and to cut her hair.

Weber is married and has eight children. Passerby on the beach recognized the girl on Weber's boat, anchored nearby, and reported the fact to her father, police authorities say.

HUGH SILVER TIP BEAR KILLED AFTER FIGHT NEAR TERRACE

Prince Rupert, B.C., June 16.—One of the biggest silver tip bears ever shot in this district was killed on White Creek near Terrace, B.C., after an exciting battle, by Edward Forsyth and J. Kennedy, prospectors. Kennedy, who had climbed to the top of a windfall, saw the bear emerge from the bushes fifty yards away. The moment the grizzly saw him it charged at Kennedy, who fired four shots from a .203 rifle, all of them taking effect. This, however, did not stop the animal, which continued toward the prospector. Kennedy was in such a position by this time that he could not escape from the infuriated beast. He yelled to his partner, who was 100 feet away, to shoot. This Forsyth did, the bullet passing through the animal's heart. The shot was fired just in time, as the grizzly fell but two feet away from Kennedy as he was endeavoring to extricate himself from the brush. The height of the bear standing erect was fifteen feet. It weighed 2,500 pounds, the skin alone weighing 100 pounds and measuring twelve feet long by nine across. Its footprint was eighteen inches by nine inches.

AUSTRALIAN WORKERS WANT PROTECTION FOR STEEL INDUSTRY

London, June 16 (Canadian Press Cable)—Replying to deputations representing the Australian Workers' Union and the Newcastle Chamber of Commerce, which urged the granting of a protection order to enable the steel works to reopen, says a Reuter dispatch from Sydney. Premier Hughes advised them to place all the facts and figures immediately before the Tariff Board, without whose recommendation the Government could not act. The steel works at Broken Hill, New South Wales, closed several months ago owing to the refusal of the union to accept a wage reduction, the claim of the owners being that manufacturing costs were too high to permit successful competition with foreign manufacturers.

THE ST. LAWRENCE PLAN.

In view of the tenor of the Canadian Prime Minister's reply to the United States Secretary of State it is obvious that whatever personal views Mr. King may have in connection with the St. Lawrence waterway scheme he appreciates the fact that the tremendous financial obligations which this country will be called upon to discharge in the near future preclude the possibility of accepting any large additional responsibilities just now.

DOMINION STATUS.

When The London Daily News says that "nobody who is honestly willing to see autonomy for Ireland can quarrel with the terms of the constitution" it reflects the opinion of every reasonable individual. The provisions of the document made public yesterday give Southern Ireland a status largely identical with that enjoyed by this country and place responsibility for the development of nationhood fairly upon the shoulders of the people concerned.

HEALTHY VICTORIA.

Victoria's Medical Health Officer has given this city a clean bill for the month of May and takes natural pride in the fact that the locality in general is just about as healthy a spot as could be desired.

JOHN BULL'S EXPORTS.

Various industrial disputes during the last three years, as well as the general readjustment that had to come before the country could hope to regain its normal economic condition, caused British shipping interests to wonder whether the Motherland's export trade would ever again demand anything like the bottom space that it did before the war.

count we shall repeat our advice of last year and suggest to the City Council that it cooperate with the Provincial Department of Labor and issue a suitable warning to the rest of the Province, as well as to the country as a whole, that any surplus labor unloaded on Vancouver Island from the Mainland must shift for itself.

It owes this elementary precaution to those citizens of this locality who may not be able to put in a full Winter's work. If all the Municipal Councils throughout the Province will take time by the forelock, and get an organization into working order well in advance of the period in which farm labor from the Prairies will be demobilized, the annual influx will be effectively curtailed and the unavoidable problem considerably simplified.

GOOD PROGRESS.

According to the assistant director of agriculture for the Soldier Settlement Board about two hundred soldier settlers in Central British Columbia are valiantly achieving the pioneer's victory over Nature. He announces that they have cleared a great deal of their land, that many of them have their houses and barns built and are making real progress, that by this year or next most of them will have reached the stage where they can begin deriving revenue from their efforts.

NOTE AND COMMENT.

"General" Riley seems to be working full time at marching to Ottawa and marching back again. It is estimated that British Columbia has made three million dollars of profit from its liquor business during the operation of the Liquor Control Act in its first year.

DR. MORGAN'S ADDRESS TO-MORROW.

Rev. G. Campbell Morgan, D. D., will only visit Victoria for a few hours to-morrow. During his short sojourn here he will give an address at St. Andrew's Presbyterian Church at 1 o'clock.

DEMONSTRATIONS OF SOFT FRUIT PICKING TO-DAY.

Strawberry picking demonstrations, like those held on the Saanich Peninsula this morning, were first organized in 1921 by W. H. Robertson, Provincial Horticulturist, with the object of assisting new growers to put their fruit up in the most satisfactory manner and to spread knowledge on the workings of the Dominion Fruit Marks Act.

months of 1921. Great Britain supplied 13,390,020 tons of coal to European countries in the January-April period of 1922, compared to 4,448,338 tons in this period of 1921. Shipments to France, Belgium and The Netherlands exceeded the tonnage exported to these countries in the first four months of 1913.

Germany took 1,331,538 tons whereas in the first four months of 1921 her imports of British coal were only 139,734 tons. The foregoing figures furnish an interesting commentary upon the predictions of Empire disintegration in which the apostles of gloom are persistently indulging. They indicate that the firm of John Bull and Company, unlimited, is still an economic force to be reckoned with in the rejuvenated world of commerce.

ARRANGE WORK.

The land which will be turned into a cemetery before the end of the year lies on the East Saanich Road, nearly six miles from the City Hall. The eighty-four acres which the Joint Cemetery Board is obtaining from Henry Mycock is ideally suited to cemetery purposes, according to experts familiar with essential and desirable features of such public services.

TELLS OF GREAT ROTARY ASSEMBLY.

The new international Rotary constitution, adopted at the international Rotary convention in Los Angeles last week, British and other overseas Rotary Clubs will have their own central organization matters of a national character, P. B. Scurrah, President of the Victoria Rotary Club, explained when he returned here yesterday afternoon after attending the Los Angeles assembly.

bands, patrols and chanters of Islam temple of San Francisco and Al Malakiah Temple of Los Angeles will sail for Honolulu on board the steamship H. F. Alexander, formerly the Great Northern and the Matsonia.

The party of Shriners numbering several hundred will disembark at Hilo and ascend the volcano of Kilauea. Then they will proceed to Honolulu for a stay of several days on the Island of Oahu.

Before adjournment of the Imperial Council, Imperial Potentate McCandless, known generally as "Sunny Jim," was presented by a group of people of San Francisco with a gold plate commemorative of the forthcoming visit of the Islam band, patrol and chanters to Honolulu.

The annual increase in membership, he said, is between 50,000 and 75,000. The total now is more than 5,000,000.

A committee appointed last year to prevent unauthorized use of the Shrine name and emblems will continue its work, McCandless stated. He said an energetic effort was being made to prevent negro organizations from posing as part of the Shrine.

ROYAL VICTORIA

A big double bill is being presented at the Royal Victoria Theatre this week when Peter B. Kyne's great story from the Saturday Evening Post entitled "The Ten Dollar Raise" is shown, the other being a new side-splitting comedy featuring Buster Keaton in "Cops." This is one of the best bills that have been shown at this theatre for some time, and should be the medium of attracting good audiences at every performance.

Lugham's initial production for Associated Producers, to be shown at the Royal Victoria Theatre again today, to meet the average taste for unusual adventure and the seeming public craze for excitement. There's San Francisco's Chinatown as only a San Franciscan knows it but there are the problems and incidents of everyday life as you know them and meet them or fall before them.

DOMINION

Clarence Burton was seen striding out of the Lasky studio a few days ago with a bag of golf clubs swung over his shoulder.
"How come?" inquired a friend, casting an eye at the "lot" clock which registered early afternoon.
"I died at 2:10," blithely explained Burton. "So I'm through for the rest of the day!"
All of which is germane to the fact that Mr. Burton is a central figure in a dramatic scene of "The Ordeal," a new Agnes Ayres Paramount picture which will be the feature at the Dominion Theatre all this week. Conrad Nagel is leading man.

It is safe to say that you have never witnessed the last word in the art of love-making until you see the romance that is most delightfully enacted by Gloria Swanson and Rodolph Valentino, star and leading man.

man, respectively in "Beyond the Rocks," a new Paramount picture, showing at the Capitol Theatre this week.
The story was prepared by Elinor Glyn, and it is based on one of her successful novels. Notables in the cast include Robert Bolder, Alec B. Francis, Mabel Van Buren, Gertrude Astor, Edythe Chapman, and June Elvidge. All acquitted themselves with eminently satisfactory results. The picture scored decisively.

COLUMBIA

So great was the interest aroused by descriptions of a certain magnificent gown worn by Pearl White in her latest, William Fox production, "The Broadway Peacock," at the Columbia Theatre to-day, that several requests came to the Fox offices from New York society women for permission to see the picture before it was given to the public. One of the women frankly explained that she wanted to "steal a march" on her friends by ordering a gown like Miss White's.

COMING TO CAPITOL

Foremost among the novels which have brought Booth Tarkington lasting fame, is undoubtedly "The Man from Home," which has now been translated to the screen and which will be showing at the Capitol Theatre next week. With the action laid mostly in Italy, and several scenes in England and America, the story is a thrilling one and in its transference to the screen it has lost none of its intensity. Produced by George Fitzmaurice for Paramount it has been invested with the customary fire and vigor expected from this virile director. One of the chief details in the excellent cast, which comprises such favorites as James Kirkwood, Anna Q. Nilsson, Norman Kerry, Dorothy Cuming and John Milner.

COMING TO DOMINION

Arizona isn't such a dry state as it is reputed to be, according to Thomas Meighan, Paramount star, who, together with his director, Alfred Green, and other members of the cast went to the desert state to film scenes for his new Paramount picture, "The Bachelor Daddy," showing at the Dominion Theatre next week. Mr. Meighan, however, just happened to hit the state right in the middle of a rainy spell.
"We had just one clear day," said the star. "It's a great country, but the living conditions in the town

So there was nary a jaunt. It more nearly resembled the magnificent entry of the prize outlaw at a rodeo. Everybody on the set gave 'em room, and the work was fast for a few

The cast of Corinne Griffith's new production, "Divorce - Coupons," might really be labeled all-star. Grace Sturtevant, who was seen on Broadway a few years ago as the star of "Maytime," assumes the role of the mother in this piece. GORGE PARK ATTRACTIVE

No effort is being spared to make the Gorge Park the most popular civic playground this year. The management has arranged for free motion pictures every night in the week on our Saturday and Sunday evenings the 16th Canadian Scottish Band will play select concerts, which are also free to the public. The 16th Band is a splendid organization of soldier musicians under the leadership of Bandmaster J. M. Miller, and their concerts in the Capitol Theatre last Winter will be remembered as being of a very high order. The band deserves the support of every citizen, as it is only in this way that a permanent and high class organization can be maintained. The lessee of the park is to be commended for engaging this band to give the public free music during the Summer months. Saturday night there is a one-hour concert, after which the band will play for dancing at the pavilion for

thirteenth annual convention of the International Rotary to the world over the radio. As a result of the co-operation of Secretary Deaky and the United States Navy together with that of newspapers all over the country, Doug's verbal reports have been relayed by various broadcasting stations so they have extended from the Pacific coast to the Atlantic seaboard and from the Gulf of Mexico to Medicine Hat, and thence to many foreign lands.

Fairbanks is one of the most actively interested of all men in both the affairs of the Rotary and the development of the radiophone. He has long supported the Rotarian movement and he was among the first of the large film producers to make practical use of the radiophone at his studios. This is the first time, however, he has ever essayed the real role of reporter; and, he says he enjoyed the thrills coincident to sending his voice so many miles via the air-wave route.

"The radiophone is a great invention and I am glad it has served such a great organization as the Rotary," he declares.

Do you know that a falcon in captivity will not live if it is not given at least one bath a week, and that it should be thoroughly bathed twice a week? No? Well, no one else knew it around the Pickford-Fairbanks Studios at Hollywood until one of these birds was imported from England to play a part in the Douglas Fairbanks screen version of "Robin Hood." Among the instructions sent from the old country with this falcon was one marked, "especially important." This referred to the necessity for cleanliness in the care of the feathered creature.

It would be hard to imagine Tully Marshall, who made such a hit in the Vitagraph comedy, "Too Much Business," in a heavy role. Nevertheless, Marshall made his reputation on the stage playing character heavies, and in the new six-reel comedy, "The Ladder Jinx," he makes a compromise by appearing in a comedy-heavy role.

Earle Williams, debonair Vitagraph star, picked up a new thrill last week. And so did Genevieve, one of the two Vitagraph burros. Williams, in his new South American

VICTORIA WILL WELCOME CHIEF CONSTABLES HERE

Delegation of 200 Expected to Arrive Prior to June 27, Chief Fry States

In the neighborhood of 200 delegates will attend the annual convention of the Chief Constables Association of Canada, to open in this city on June 28, lasting for three days. The delegates will be accompanied by their families, who will make the stay in this city a brief holiday.

President D. T. Thompson, Chief Constable of Windsor, Ontario; First Vice-president Belanger, Chief of Police at Montreal; Second Vice-President Newton, head of the Winnipeg Police; and Secretary Charles Slavin, of Brantford, and an executive of eight comprise the officials of the association, most of whom it is expected will be attending the convention here. As the only member of the executive in B. C., Chief of Police Fry has been busy in making what arrangements can be accomplished at this date.

The convention will assemble in the ballroom of the Empress Hotel at 7:30 on the morning of the opening day, the executive to meet the evening before. The party is to be welcomed by Mayor Marchant, as Chief Magistrate of the city, and a fitting public reception is planned. Magistrate George Jay will read a paper to the convention during the course of its sitting here, dealing with police matters. As far as the police department here is concerned no stone is being left unturned that would lead to the making of the police chiefs' convention one of the greatest successes of a busy convention year.

Roy Del Ruth has completed his story and continuity and has everything in readiness to begin immediately with the production of the next Mack Sennett comedy for First National release.

Under the supervision of the Comedy King, Del Ruth has already produced half the series of two-reel special comedies, featuring Billy Bevan and Mildred June, which were contracted for by First National, in schedule time. In the opinion of critics and fans, this series of Billy Bevan-Mildred June comedies are all that is to be desired in this form of screen entertainment. The latest of the series, "Oh! Daddy!" has just recently been titled and shipped East for distribution.

FOR CHILDREN THE SANDMAN STORY FOR TONIGHT

MR. WOLF CALLS ON REDDY FOX

At one side of the hill Reddy had noticed the day before that the big trees had dripped when the sun was shining and from the top of the hill to the bottom was a path of glare.

Reddy had looked at this and thought it would be unlucky for him if he happened to walk that way and slip, and he determined to keep away from that part of the hill. But now as he moved backwards step by step he was slowly leading Mr. Wolf to this very spot. "It is a little path I have for my own private use," Reddy said to Mr. Wolf when they reached the glare place.

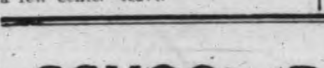

Reddy Fox knew that Mr. Wolf would at once think he wanted to get to the farm ahead of him and that might spoil his chances if Mr. Dog or Mr. Man happened to see him. "O, no, Mr. Fox, you can't turn that trick," said Mr. Wolf. "I see your game. You want to be certain you get your breakfast and if you happened to be seen, Mr. Man will be on the watch all day and so will Mr. Dog. No, Mr. Fox, will go first and you push me off."

run a long way for my breakfast this morning but that is much better than not being able to run. Mr. Wolf called on me for the purpose of making me his breakfast and if it had not been for my wit he would have succeeded.

"Well, it is too late for him to wish he had, I think, but I guess I better start running and keep on for a while, too," and down the other side of the hill went Reddy with leaps and bounds, thankful he was alive even if he was hungry.

Mc Wolf sliding like the wind.

Reddy Fox would at once think he wanted to get to the farm ahead of him and that might spoil his chances if Mr. Dog or Mr. Man happened to see him. "O, no, Mr. Fox, you can't turn that trick," said Mr. Wolf. "I see your game. You want to be certain you get your breakfast and if you happened to be seen, Mr. Man will be on the watch all day and so will Mr. Dog. No, Mr. Fox, will go first and you push me off."

The One Unwanted

By RUBY M. AYRES
INSTALMENT No. 18

Mrs. Alberry was alone in the kitchen. She had had her breakfast she told me, and was keeping some hot for me. Poor old soul! She avoided looking at me, and at last, in sheer, wretched desperation, I said: "Mr. Anderson has been here, hasn't he?" She colored in distress as she answered: "Yes, Miss Sally. He came to ask if you were all right. He said he saw you out in the rain last night, and was afraid you might have taken a chill."

"How kind of him!" I said. With a reckless hand I put six lumps of sugar into the tea which I knew she had already sweetened. How dared he come and ask I was all right? "I burned with shame to think how fatally I had given myself away last night, how I had begged him not to leave me. How much I had let him see I cared. "I've got some news for you, Mrs. Alberry," I said presently, when I had choked down a mouthful of toast. She looked up, and her eyes were full of kindly anxiety. "I'm not engaged any more," I went on with hard recklessness. "It was a mistake, as you told me, so last night I told Mr. Anderson I would not marry him after all."

"I rushed through the lie anyhow. Did he tell you when he was here just now?" I asked fiercely. She shook her head. Her lips were trembling. "I'm sure I don't know what to say, Miss Sally," she answered. "In spite of what I've said in the past, in my heart I was glad to think that you and him was going to be so happy. Such a nice gentleman as he is. . . . "Oh, so you think he is, do you?" "I've always thought so," she insisted earnestly. "But, all the same, I knew he was not a husband for a young lady like you, and if as you have really come to see it from the same point of view, I'm sure I hope 'll be for your happiness, miss; that I'll be sure 'll be sure 'll go cruel hard for him."

day—that all feeling for him had gone. It was a lie, of course! But, for the next two days I tried so hard to cheat myself into the belief that it was true, that there was never any other thought in my mind. I just lived for an answer from her, and it came on the third day—the kindest letter I had ever had from her. She said she was pleased I had asked to be allowed to return and that she would be glad to welcome me.

"I shall soon be losing one of my girls," she wrote. "So come home and try to make it up to me, Sally." I wondered if she was thinking of Lionel Champion when she wrote that! And I laughed as I thought of a strange proposal to me. Well, he would never be asked to wipe off the mortgage on Mark's farm on our wedding day! The stupid tears rushed to my eyes at that thought, but I brushed them angrily away. "I would marry a rich man. Perhaps even, if Mr. Champion asked me again, I would say yes!"

"I used to be so weak I could hardly get about, my appetite was so poor I just had to force down every mouthful, and even the little I ate fermented almost at once, with intense cramping pains. Gas pressed on my heart until it felt like a dreadfully heavy weight. I suffered from such severe headaches and got so dizzy it was all I could do to stand up. I couldn't get a good night's sleep, and was routed so with constipation I had to be always taking laxatives. "But Tanlac completely rid me of all my pains, my appetite is fine, and I eat anything I want. My husband, who also suffered from a very stubborn form of stomach trouble, has gotten the same good results from Tanlac that I did, and we both recommend it every chance we get. Tanlac is sold by all good druggists.

Boys Naval Brigade—The Ladies' Auxiliary of the Boys' Naval Brigade will hold a 500 party to-night at 415 in the Foresters' Hall, Broad Street. The proceeds will be used to help defray the expenses of the annual summer camp.

In Police Court—In a short session of the city police court to-day A. C. Burdick was fined \$20 for exceeding the speed limit. W. P. Make Service Easier—The Saanich Council last night changed a long standing regulation providing that water service extensions needing the laying of more than 200 feet of new pipe per connection will not be made at municipal cost. Free services will now be given if not more than 200 feet of pipe per connection is necessary, this dating back to the commencement of the year.

Mustard Memorial Avenue—Because tardy hoe experts have allowed mustard week to flourish on Shelbourne Street, and in view of the discomfort incident to organizing volunteer working parties under the auspices of the Chamber of Commerce, the Saanich Council has been offered \$20 wherewith to hire exterminators and last night accepted the grant, work to stop when the Chamber's fund is exhausted.

NEWS IN BRIEF

Money All Spent—The Saanich Council was last night informed by the Provincial Government that no further funds can be allotted Saanich under the Better Housing Act, as the allotment made this Province has been exhausted.

Saanich Police Clerk—The Victoria Council having objected to city police court clerk, Hallam doing court work for Saanich, the Municipal Council last night appointed H. Langley to the post, provided that the nomination meets with the approval of Magistrate George Jay.

Interest in City—Considerable interest in Victoria and the surrounding district is being displayed by residents of the Far East who have received some of the publicity literature put out by the Publicity Bureau. The Bureau is in receipt of a considerable quantity of correspondence from people interested in coming to the Island.

Reports Many Visitors—The Victoria and Island Publicity Bureau reports that a very large number of visitors are now calling at the Bureau offices to make inquiries about land settlement and various other matters, including tourist and resort information. From now on it is believed there will be a steadily increasing number of visitors, and the Bureau is hoping that it will be possible to interest a good proportion of the callers in the district sufficiently to make permanent settlers of them.

Road Grant Made—The Provincial Public Works Department last night notified the Saanich Council that \$2,825 will be contributed towards the cost of rocking Gorge Road as a primary highway, and \$2,100 towards rockings and flush coating Quadra Street and the West Saanich Road as secondary highways. The latter is on a basis of 40 per cent of cost, and was accepted by the Council under protest, as being allotted to a fifty per cent contribution. The reduction will have to be made good from ward funds.

Children's Aid—The Committee of the Children's Aid Society wish to express their grateful appreciation for the following gifts: Christ Church Cathedral Parish Guild, cakes; Agnes Deans Cameron Chapter, chocolates; Native Sons, cakes and sandwiches; Victoria Basketball team, cakes and sandwiches; Mrs. McPherson, Saanich, vegetables; Joe North, treat, May 24, and picture show, June 10; Mrs. W. L. Clay, doll's-house and toys. The committee would much appreciate the loan of tents for the children for the camping season.

Esquimalt Hygiene Council—The monthly meeting of the Esquimalt Child Hygiene Council was held last evening at the home of Mrs. Thomas Watson, Esquimalt Road, with Mrs. W. H. Booth, the president, in the chair. Final arrangements were made for the mothers' welcome to be held this afternoon at St. Paul's parish room, when Dr. Foynt, dentist of Esquimalt, will give an illustrated lecture on the care of the teeth. A grant of \$5 was voted to the fund of the Esquimalt camp committee. The meeting adjourned until next Thursday.

Entertained Chinese Trapshot—Dr. S. F. Lee, F.R.C.S., formerly a forces at Hongkong during the war, was a guest of the Esquimalt Club on Wednesday evening, when he made a neat record for himself by breaking 90 per cent of the pigeons loosed for his gun. The visitor is a finished trap shot and one of the "chinese" medical men who had attained the coveted distinction of F.R.C.S. within his thirty-eight year. Dr. Lee broke a twenty-five months' tour of the world by a short stay here, en route for Hongkong. He sailed on the Empress of Asia yesterday.

Hardware Men's Outing—The hardware dealers of Victoria and Vancouver held an outing here yesterday, following the arrival of about thirty people from Vancouver on the afternoon boat, a party of about eighty, including the hardware men, their wives and lady friends, went to Deep Cove in private cars. Dinner was served for them at the Chalet there. During the evening they drove to the Observatory where they heard an astronomical lecture by Dr. R. K. Young, and then returned to the city at 11 o'clock. The Victoria hardware men go to Vancouver once a year, while each summer the Mainlanders visit Victoria.

Cymrodorion Society—At the monthly meeting of the Cymrodorion Society held in the A. O. F. Hall on Wednesday evening, the attendance was one of the largest of the year, including up-Island visitors and visitors from Los Angeles. After the routine business, a hearty vote of thanks was passed to all who had assisted with the Society's float which won second prize in the May 24 celebrations. MORTGAGOR APPEALS FORECLOSURE ORDER

Corporation of North Vancouver Is Respondent in Appeal Court Hearing

An appeal from an order absolute of foreclosure, the hearing of the Corporation of North Vancouver to respondent versus William Carlisle (appellant) opened in the Appeal Court here this morning, with H. R. Bray for the defendant appellant, and W. E. Burns for the plaintiff-respondent. The appeal is one from a judgment made by Mr. Justice Macdonald in the Supreme Court at Vancouver on May 4 last, which granted an order absolute and a certificate of title to the plaintiff corporation. The plaintiff corporation had brought suit for principal, interest, and other moneys alleged to be due the Corporation of North Vancouver as mortgagee on land described as lot 5, block 2, District lot 2928, Group "New West End," which the defendant William Carlisle had mortgaged.

H. R. Bray for the defendant appellant urged that the order absolute had been made with notice to his client, and that the matter, through irregularities contended, was not before the courts at that date, in that notice had not been served. The notice of motion had not been endorsed as to service, he continued, which was a direct failure to comply with order 12 of the provisions of the Act. Counsel explained that an appearance had been entered on the application for order nisi, when the defendant was permitted to remain a tenant of the land in question at a rental fixed by the court. From this stage to the point where he was acquitted of the order absolute, and notices to vacate the defendant had no appraisal of what was intended, and sought a reversal.

W. E. Burns, for the plaintiff-respondent urged that the point as to non-endorsement of the notice of motion had not been raised in the lower courts, and that he as counsel was not prepared to meet it. The hearing is proceeding.

W. D. Carter, K. C., Deputy Attorney-General, obtained leave to-day on motion to set down the hearings of Rex versus Thompson; Rex versus Reader; and Rex versus Johnson, three appeals from the Grand Forks district for hearing at the present sitting of the court. In a case where the Crown is appellant, held the court, leave was unnecessary.

In the afternoon session of the Court of Appeal Ltd., yesterday Mr. Justice Gallihier took exception to the remarks of Mr. Justice McPhillips, who had referred to certain proceedings as "scandalous." Mr. Justice McPhillips, explained that he had intended to apply that term to proceedings in the lower court, apologized.

The appeal was one taken by the appellant Donovan from an order of Judge Swanson in an interpleader issue in the County Court of Kamloops, whereby certain parties were permitted to join in the issue to support their claims.

It was held that the order was made with the consent of the appellants, and that no appeal would lie. A. D. McIntyre with W. H. S. Dixon appeared for the appellant; and F. J. Fulton, K. C., with R. M. Macdonald for the respondents.

Apology Given.

At the close of the hearing of Olds vs. The World Ltd., yesterday Mr. Justice Gallihier took exception to the remarks of Mr. Justice McPhillips, who had referred to certain proceedings as "scandalous." Mr. Justice McPhillips, explained that he had intended to apply that term to proceedings in the lower court, apologized.

The appeal was dismissed with a variation made in the order which was the basis of appeal. Mr. Justice McPhillips and Mr. Justice Eberts were in dissent, being in favor of allowing the appeal.

Criticizes Press.

In the course of his summing up of the proceedings, Mr. Justice McPhillips made a criticism of the Press. It was incredible to him, held Mr. Justice McPhillips, that a reporter could be sent down to a police station, could examine the files there, and then write a report in a careless, reckless way.

Mr. Justice McPhillips dealt at some length with the functions of the press, having particular reference to the press report in question, a report in The Daily World having reference to the police trial of the appellant for certain charges.

The fact that the report had been given less prominence than a later report, featuring the appellant's acquittal, was advanced to his lordship by counsel who explained that the acquittal had been given every prominence, and was in larger type, showing that malice had not been intended.

In reply Mr. Justice McPhillips replied that if the press was to be protected it could only be to the extent permitted in the legislature, for if the courts were to extend protection beyond that limit the courts would be making legislation.

The peremptory list includes: North Vancouver vs. Carlisle (at bar); Grant vs. Mutsabayashi, and Monka vs. Blackburn.

PROTEST AGAINST NEW MARKET SCALE

But City Refuses to Abandon Plan to Equalize Rentals

Agitated over the City's new scale of rentals in the Public Market, the owners in the Market waited upon the Civic Public Utilities Committee yesterday afternoon and declared that in some cases they could not afford to pay the new rates. The Committee, however, refused to be turned from its plans and decided to put the new scale into operation.

The new market rental scale, the Committee explained, was not intended as a general increase. On the contrary, it was to be brought into effect simply to equalize the present rates. Under present conditions the rentals for stalls adjoining one another and equally valuable are different, it was stated. Under the new scale stalls which are considered equally valuable will carry similar rentals.

The revision to equalize rentals, however, is in every case upward. That is, the lower rentals have been

VICTORIANS WILL VISIT ANACORTES

Chamber of Commerce to Hold Excursion Wednesday

Victorians to the number of about 200 will visit Anacortes on Wednesday next, when the Victoria Chamber of Commerce will hold a return excursion to the American terminus of the Victoria-Anacortes motor car ferry.

The new route is proving increasingly popular, and a number of the delegates to the Canadian Good Roads Association convention were induced by Secretary George J. Warren to make the trip over the ferry route on their way back East yesterday.

The Anacortes Chamber of Commerce extended an invitation to the Victoria Chamber to pay Anacortes a visit next Wednesday, and the visitors will be able to spend about four hours in that city.

The public is invited to attend, and tickets for the trip may be secured at the offices of the Chamber of Commerce, temporarily located in the Publicity Bureau, Belmont Building.

The steamer will leave Sidney at 9 o'clock daylight saving time, and those wishing to take the trip who find it necessary to take the ferry should be on hand at the Sidney bus office, Yates Street opposite the Dominion Hotel, in time to catch the cars leaving at 8 o'clock. Motorists who wish to travel to Sidney in their own cars will find convenience in paying their fares at Sidney while they take the ferry trip. In order that as many Victorians as possible may participate in the excursion, accommodation for only a limited number of cars will be provided on the ferry. The steamer will leave Anacortes for the return voyage at 4 o'clock, standard time.

SUBSIDIES WOULD HIT GRAIN EXPORTS

Rate Discrimination Would Banish Foreign Ships from Seasonal Trade

Washington, June 16.—(Canadian Press)—A new phase of the ship subsidy bill has been raised by grain growers and shippers. They hold that the bill would operate to make it impracticable to ship grain abroad in any but United States ships working in conjunction with the United States Railroad lines. Because especially low export rates would thus be arranged.

The effect would be to cut off entirely or curtail exports in foreign ships. What is alarming grain men is not the prospect of low export rates, but the apprehension less there will be not enough United States boats to handle the grain and consequently there will be a serious congestion of export shipments.

Jasper Park, Alta., June 15.—The Canadian National Railway Company opened to-day a Summer hotel, to be known as the Jasper Park Hotel, in the heart of the Jasper Park Reserve. The hotel is situated at Lac Beauvert, and the main rooms of the building face on the lake.

The lodge will be in charge of Mr. and Mrs. A. E. Darnell, of Vancouver. W. E. Duperow, General Passenger Agent at Winnipeg, and formerly ticket agent at Victoria, addressed the railway men, and press representatives present and told of the pains which the Canadian National Railway had taken to enable everyone to visit in comfort and convenience one of the finest of the Dominion's landscapes. The Union Jack was run up the flagpole, which stands before the big lounge hall of the chalet.

W. P. DUPEROW

chalet by Mrs. H. C. Fleming, an American visitor from San Francisco—A. S. McLean, Superintendent of the Canadian National Railway hotels for the western division, under whose direction the lodge was constructed, spoke briefly.

A banquet was tendered this evening by the Canadian National Railway to the visiting journalists and tourists at the lodge. Osborne Scott, Vancouver, presided, and speeches and toasts were included on the evening's programme. All were delighted with the day's ceremonies and all were loud in praise of the scenic and convenient arrangements of the Canadian National Railway staff.

The hotelery will be open until September 15. There are four cabins, each of which contains four bedrooms, with electric light and other modern furnishings, exhibiting the accommodation of about 75 guests at one time. Without doubt the Lodge will receive liberal patronage this Summer.

Liquor Sales on American Ships Stir U. S. Authorities

Washington, June 16.—Without a record vote the House Merchant Marine Committee to-day rejected the Bankhead amendment to the Ship Subsidy Bill providing that no Government aid should be allowed on ships on which liquor was sold.

Washington, June 16.—Indications multiplied rapidly yesterday that prohibition proponents in Congress would move through the pending merchant marine bill to stop the sale of liquor on American ships. The first definite step to end the conditions complained of by Anheuser-Busch, Inc., of St. Louis, came through presentation by Representative Bankhead, Democrat, Alabama, to the house merchant marine committee of an amendment to the merchant marine bill, which would deny Government aid to any American ship on which liquor is stored, sold or otherwise disposed of. The committee did not act on the amendment at to-day's session and later Republican Committee members hastily called together to receive another proposal framed by Representative Edmonds, Republican, Pennsylvania, and designed as a substitute for the Bankhead amendment.

The Edmonds amendment would have the effect of putting American ships on a parity with those of nations which do not have prohibition. It would provide a fine of \$10,000 on any ship of any registry on which liquor is sold during a voyage starting or ending at an American port, and after a second offence would prohibit the entrance of the ship to American ports. The proposal was taken under consideration by the majority committee members with the belief being evinced in some quarters that it ran directly counter to the policy of the nation's commercial treaties.

Action yesterday was not entirely confined to Congress, for as on Wednesday executive officials discussed the matter it was indicated at the treasury that Attorney-General Daugherty might be asked soon for a ruling on the legality of liquor sales on American ships. Mr. Daugherty, when asked about the possibility of a new ruling or rather a re-interpretation of the ruling made by the Department during the Wilson administration to the effect that prohibition follows the flag, said that although no such request had been made, he would be glad to give an opinion as soon as possible if made by the internal revenue bureau, which asked for the previous ruling.

Legislation on American ships was discussed in both the houses and the Senate, Representative Cooper, Republican, Ohio, desiring that no one would deny that the law-breaker and bootlegger in our land will be encouraged to carry on his work by reason of the policy of the Shipping Board.

Japanese Boats Seized on the West Coast

Fifteen gasoline fishing boats owned and operated by Japanese fishermen were seized by Royal Canadian Mounted Police officers recently, more than thirty others escaping. The charge laid against the owners is sailing in territorial waters on unlicensed boats, trial being expected to open on Monday next at Alberni, the boats being tied up at that port.

AMERICAN MASTER HEAVILY FINED ON FISHERY CHARGE

A. Jensen, Master of Schooner Clarion, Ordered to Pay \$500 and \$50 Costs

Charged with using an unlicensed boat in the purchase of fresh fish within the territorial waters of Canada, A. Jensen, master of the schooner Clarion, of Victoria, was fined \$500 and \$50 costs or four months' imprisonment in the Provincial Police Court here to-day.

A second charge, that of attempting to smuggle articles into the country, when such were subject to duty, was remanded until to-morrow for hearing. Jensen, in addition, may be called upon to face additional charges, two informations being sworn out in this connection, one alleging that he failed to stop when called on in the King's name, and the other that of attempting to defraud the Revenue by non-payment of duty on certain articles, including gasoline. The charges are in the nature of a test case brought by the Fishery Department regarding foreign vessels alleged to be operating in these waters. Jensen, in the Clarion, was overhauled and seized by the fishery protection cruiser Thetis, Captain Harry Adlem, off Look Out Island in April. M. B. Jackson, K. C., appeared for the Crown, and R. C. Lowe for the accused.

COST TOO MUCH TO RAISE LUSITANIA

Expert Wreck Raiser Doubts Proposed American Scheme

London, June 16.—The statement cabled from New York that an American salvage company was going to try to raise the Lusitania has aroused keen interest here. But most of those who speak with authority about lifting ships from the bottom of the sea are skeptical as to the Lusitania ever being floated.

Sir Frederick Young is strongly of the opinion that it will never be done. He had charge of the Admiralty salvage section during the war, and brought into port nearly 500 ships that had become war casualties. Many of them had been torpedoed, and a considerable number had been sunk. No one knows more about raising sunken ships.

To an interviewer, Sir Frederick has said it is very improbable, though not absolutely impossible, that the Lusitania could be raised. The cost would be out of all proportion to her value. After lying seven years at the bottom of the sea it would cost as much to restate her as to build a new vessel.

To build a floating chamber 900 feet long and 100 feet wide and to attempt to raise the wreck by means of steel cables, would involve, Sir Frederick pointed out, an expenditure so considerable as to make the undertaking by that means quite impossible on any commercial basis. The alternative method of raising the vessel by pumping in compressed air hardly seems feasible. Before that could be done she would have to be made airtight by closing all openings. It is impossible for divers to work at a depth of 250 feet, and they would have to go that far under water to get at the Lusitania. The greatest depth at which divers now work successfully is 150 feet.

RAILROAD STRIKE IS NOW THREATENED

Labor Federation Convention Endorses Coal Strike

Cincinnati, Ohio, June 16.—By the vote of every delegate the American Federation of Labor Convention here endorsed the nation-wide coal strike that since April 1, has kept a half million miners from work and also indicated, by a demonstration of approval of the threatened walk-out of more than 1,000,000 railroad work-

There were loud cheers from all parts of the convention hall when B. M. Jewell, president of the Railway Employees' Department of the Federation, told the convention that the Rail Union Chief would not interfere to stop a strike.

In Fight to Finish. The endorsement of the miners' strike was given by a rising vote, cast by the delegates amid their own cheers and afterward Wm. Green, secretary-treasurer of the Miners' Union, declared the miners were in the fight to the finish, and he said it might be necessary to ask other unions for financial assistance.

The "One Big Union" plan, advocated by Wm. Z. Foster, was rejected by the convention, and the plan for unionizing unorganized workers were laid by the convention, which in addition adopted a resolution declaring in favor of an "intensive organization to combat the open shop."

The railroad strike threat came before the convention by an impromptu speech of Mr. Jewell, who said that the rail employees were "convinced that certain sinister interests" had been endeavoring for more than two years to manoeuvre the men into a position "where there might be a hope of crushing the organizations."

He added that officers of the unions believe the time had arrived to determine "whether organized labor can be crushed without killing every individual member."

"We hold that it cannot be done," he concluded. The "One Big Union" plan met its death without debate, coming unexpectedly in a report of the organization committee recommending rejection of the resolution introduced by E. H. Fitzgerald and others representing the railway workers. The resolution declared in favor of the amalgamation of the unions into single organizations, each covering an industry. The committee recommended the resolution adversely, according to its report, because the plan was said to be already in effect through various departments of the American Federation of Labor.

The plan laid down for organization work, included a drive by central labor councils in all cities aiding in forming local organizations of janitors and others engaged in building service work, and for similar aid in promoting organization of ladies' garment workers. Special organizers, it was decided, should be used to get the union affiliation of office workers.

COULD HARDLY STAND AT TIMES

Hips, Back and Legs would Have That Tired Ache

Everett, Washington.—"For several years I had trouble with the lowest part of my back and my hips and my legs would ache with that tired ache. I could hardly stand on my feet at times. I was always able to do my work although I did not feel good."

Lydia E. Pinkham's Vegetable Compound advertised and having heard several praise it I decided to try it. I feel first-rate at the present time. It has done wonders for me and I keep it in the house right along. I always recommend it to others who are sick and ailing."

—Mrs. J. M. SIBBERT, 4022 High St., Everett, Washington. To do any kind of work, or to play for that matter, is next to impossible if you are suffering from some form of female trouble. It may cause your back or your legs to ache, it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of the trouble and then these annoying pains, aches and "no good" feelings disappear.

SOOKE WILL HAVE CIRCULATING LIBRARY

The Sooke Harbor district is to have a circulating library, which will open for the first time next Saturday. Realizing what an acquisition to many people living in the country, as well as to those who may be spending a vacation, it is to have interesting up-to-date novels to read as well as biographies and books of reference. Mrs. Miller Higgs has inaugurated this library in connection with her home close to the Sooke Post Office, from 10 a. m. to 3.30 p. m., and 7 p. m. to 9 p. m. Over two hundred novels have been procured with many others of the way, besides a good selection of miscellaneous works upon various subjects. It is felt that this lending library will prove a boon to many people in the district.

Last Tuesday evening the Sooke Harbor Athletic Association held their whist drive and dance which proved an usual most enjoyable entertainment. The first ladies' prize was won by Mrs. Miller Higgs whilst the first prize to men went to Bert Acreman. Two booby prizes were given being secured by Miss Edith Maycock, of Victoria, and George McIntosh of Sooke respectively. The music for the dancing was supplied by Miss Florence Muir and George McIntosh.

Next Wednesday, June 21, is looked forward to locally with a good deal of interest as upon that evening Tom Beattie is coming to Sooke with his well-known and splendid orchestra from Victoria and is putting on a first class dance at the Sooke Hall, from 8 p. m. to 12 o'clock, standard time. This will be a picked six-piece orchestra and it will feature Captain (Bill) Kettle, the comedy drummer; Sliding Ridge (Vinall), Charles Wylie, cornet virtuoso; Dan Higham, violinist; Bill Sheriff, the piano jazz baby, and Tom Beattie himself with his saxophone.

DOLLAR DAY BARGAINS READY

Customers To-morrow Will Have Attractive Offerings

It will be Dollar Day, to-morrow, and the town is expected to be crowded with busy buyers who will attend the semi-annual bargain day.

This Dollar Day plan was inaugurated in 1914 as a semi-annual and since then it has been promoted by the Retailers' Branch of the Chamber of Commerce as a method of promoting Victoria's business. Wide advertising campaigns are used to draw the attention of the people to the particularly good shopping bargains that are on display on this day. Grocers, drygoods, hardware, shoe stores and every branch of the retail trade have joined hands in the one aim to give the customer twice a year the commodities they want at an extraordinary low price. A novel scheme adopted this year is the streamer attached to the street cars proclaiming the fact.

GEORGE WARD DIES AFTER LONG SERVICE AS CABLE EXPERT

George G. Ward, general manager of the Commercial Cable Co., of New York is dead, according to a telegram received last night by Capt. B. C. Combe, of the cable ship Restorer, now berthed at Esquimalt. To-day the Restorer flies her ensign at half-mast, while the officers and crew, through Capt. Combe, have forwarded their regrets to the New York head office of the company and asked that a wreath be placed on the coffin on their behalf. Mr. Ward has been associated with the cable company for more than forty years, rising to the vice-presidency from a minor position. He had many visits to Victoria, the last being in 1913, and was well acquainted with Coast shipping men.

TO HAVE NO HAND IN GREATER VICTORIA EXTENSION SCHEME

Saanich will officially have nothing whatever to do with Greater Victoria proposals, until the committee advancing the plan has appeared and explained the scheme, the Municipal Council last evening decided, when an invitation from the Greater Victoria Committee to appoint delegates was tabled.

WILL OF MR. JUSTICE CLEMENT PROBATED

Vancouver, June 16.—Petition for probate of the will of the late Mr. Justice Clement was filed in Supreme Court yesterday by J. N. Ellis, R. C. acting for Mrs. Clement, the executrix and chief beneficiary. The estate is valued at \$8,500, consisting chiefly of his Gambler Island Summer home and his law library, valued at \$2,500. There is also a considerable sum of life insurance which is not included in the estate because Mrs. Clement is named in the policies as the sole beneficiary.

The will was drawn in 1910 in the Justice's own handwriting. The document bequeaths all his real and personal property to Mrs. Clement, subject to an annuity of \$250 to his sister, Miss Mary Clement.

FIRST GOLD COINS MINTED UNEARTHED

New York, June 16.—Thirty gold coins belonging to the first series of gold coins ever minted have been unearthed by United States archaeologists who are working in the buried ruins of Sardis, the ancient Lydian capital in Asia Minor. News of the discovery was brought here by Dr. T. Leslie Shear, of Columbia University, who is one of the members of the expedition, who was present when the coins were discovered. The coins were minted some time between 540 and 560 B. C., when Croesus ascended the throne of Lydia, and 544, when he was captured by Cyrus, the Persian King.

Oldest Golf Club Changes Its Name

United Services Club, Sixth Oldest Club in Dominion, Will Be Known as Uplands Golf Club in Future, and Will Open Its New Links on July 1—Fees Are Raised

Victoria's oldest golf club has seen fit to change its name. In future the United Services Golf Club, which has operated a nine-hole course at Macaulay Plains for many years, will be known as the Uplands Golf Club and on July 1 will take possession of its beautiful new 18-hole course at the Uplands.

At a special meeting of the United Services Club held last evening in the Sprott-Shaw School to consider changes in the constitution and by-laws it was decided to change the name of the organization. It was pointed out by advocates of the new title that the appellation "Uplands" would always be associated with the course and therefore it would be just as well to have the name adopted now. The motion to change the name was unanimously carried.

Club Was Started in 1889.

The United Services Golf Club was established at Esquimalt 33 years ago and is the sixth oldest club in Canada. In 1889 the officers of the naval squadron stationed at Esquimalt and of the regular garrison at Work Point looked around for a place in which they could devote some of their spare time to the royal and ancient pastime. They secured the right to construct links on Macaulay Plains and set about putting nine holes into shape.

A Full Membership.

The Uplands Club will start off with a membership of 400. The waiting list has practically been eaten up and there are vacancies for 21 more members. It is expected that the roll will be filled by July 1, when the club will fling the gates and stage its formal opening.

Fees Take a Jump.

Membership in the Uplands Club will cost \$30 a year after July 1, while the admission fee for either sex will be \$100. These rates were struck at last evening's special meeting.

BEAVERS WIN IN A WALK.

Tacoma, Wash., June 15.—Cooper held Tacoma to six hits while Vancouver collected 19 off three Tacoma pitchers in the fifth game of the yesterday. The series stands three games for Vancouver and two for Tacoma.

V.I.A.A. SHOW FORM AND BEAT TOMMIES

Youngsters and Veterans Made Fine Team and Defeated Garrison, 9-2

Look out for the V. I. A. A. That is the warning that is going the rounds to-day in the Victoria and District Lacrosse League as a result of the sparkling win recorded by Alex. Stevens' proteges at Work Point last night at the expense of the Garrison. The V. I. A. A. came through winners by a 9-2 score.

Will Come Along.

The Garrison team gave a splendid account of itself. It was the first time most of their players had figured in a league fixture and they will come along well before the end of the season.

The Teams were as follows:

V. I. A. A.—Ted Dunn, Billy Fairall, Maurice Broadbent, J. H. Gregor, Brown, Billy Huxtable, Ed. Popham, Mel. Hicks, Vincent Hicks, Homer Alexander, Joe Hancock, Carl Griffiths, E. McCallum and Boots McClure.

Penalties.

First quarter—V. I. A. A., Popham, 3 minutes.

C.P.R. TO TACKLE LEADERS TO-MORROW

Tail-enders Will Turn Out in Force to Try and Trim Victorious Elks

The Elks' present leaders in the amateur baseball league will meet the C. P. R. club at the Stadium to-morrow afternoon, the game starting at 2 o'clock. Should the C. P. R. be fortunate enough to have all players available the game will be a good one as the railroaders have proven themselves a dangerous aggregation when at full strength, and clearly demonstrated this fact in their recent battles with the Knights of Columbus.

FATHER BEAT SON FOR TORONTO GOLF TITLE

Toronto, June 16.—George S. Lyons retained his Toronto and district title when he defeated his son, Seymour Lyons, in the playoff of their tie at the Lambton course yesterday. Mr. Lyons, Sr., led all the way and finished with a score of 77. Seymour's score was 79 at the seventeenth hole.

MAIN CUP BATTLE AGAIN TO-MORROW

Vancouver Will Be Over for a Game in Evening; Local Team Will Be Strong

With the count standing three to one against them the Mann cup holders are going out to-morrow evening to shorten up things and put a second win down to their credit. They will take on the Vancouver stick-handlers at the Stadium at 7 o'clock.

Joe Will Be Out.

Unless the whole British mercantile fleet comes sailing into port to-morrow evening Joe Dakers will be back on the defense. Joe is an important man at the outer docks and when the boats are trooping he has to be on the job. Two weeks ago Joe was already to proceed to the stadium to play when a couple of whistles blew and announced the coming of some ships.

VICTORIA AGAIN TO MEET LEADING TEAM

Will Have Five C's "A" as Opponents in To-morrow's Cricket; Other Games

Unless Victoria produces the unexpected to-morrow afternoon there is not likely to be any change in the line-up of the leading teams in the Victoria and District Cricket League. Victoria is drawn against the Five C's "A," which is at present running the league.

RELIABLE JOHNNY WILL BE ON JOB

John Johnson, the sterling defence player of the Main Cup holders will be in to-morrow night's line-up against Vancouver.

Ray Is Oddest Driver In Golf World To-day

Edward Ray is a wonderful golfer. Watch him hurt himself at the ball and jump off his feet at the finish of the swing, and you would be justified in thinking him a very unorthodox player. But look again, and you will see that it had been through the air as if it had been shot out of a gun. However ungainly Ray may appear, there is no doubt about the magnificent of his results he achieves.

When in Trouble.

Like most long hitters, Ray occasionally departs from the straight line, and when this happens he is usually in serious trouble. But when you see him walk into the jungle, nicker in hand, there is seldom any doubt that he will emerge triumphantly. He once took nine to a hole, but whether it be weather or long grass he usually rides rough-shod over all obstacles.

Great Misfortune.

During the war, when he worked through the night making munitions, Ray suffered a great misfortune. One morning he returned home and found his shop in ruins. It had been burnt down during the night, and his own precious clubs were among the ashes. Of these clubs there were two of priceless value. One was his niblick, and the other an old driver that had become so frail in its old age that it was only used on special occasions.

For the Ordinary Shots from the Tee he used another club; but whenever a full second shot was needed, he took to his niblick, and it was never known to fail.

GOOD ROADS MEET IS CONCLUDED HERE
Social Features Terminate Four-day Convention

The ninth annual convention of the Canadian Good Roads Association came to a close last night, when the visitors were treated to a social evening and dance at the Empress Hotel. During the afternoon the party took a drive to Butchart's gardens, where the wonderful garden display was greatly admired. In appreciation of their hospitality, the association made Mr. R. P. Butchart an honorary member of the organization, the first case in the records of the association.

At Benvenuto, J. A. Duchastel, of Montreal, moved, G. S. Henry, former Ontario Minister of Agriculture, seconded the vote, which Premier Oliver rendered to Mr. Butchart. About sixty attended, headed by the Lieutenant-Governor, Hon. W. C. Nichol.

Most of the delegates left for the mainland en route East last night and others will leave to-day after having visited some of the local points of interest.

There were about 225 delegates at the convention, about 150 of whom were from points outside of British Columbia. The delegates from the East were particularly impressed with the charming scenery of British Columbia and many expressed their satisfaction at the convention being held in Victoria this year, thus affording them an opportunity to learn more about roads and other conditions in the West.

Season Late, But Gardens Can Be Hurried

Flower and vegetable gardens are way behind on account of the cold weather early in the season. Last time can be made up, and more, and plants made to jump along, producing more abundant crops, better, bigger flowers and vegetables, by the use of a remarkable tablet of highly concentrated fertilizer called Stim-U-plant.

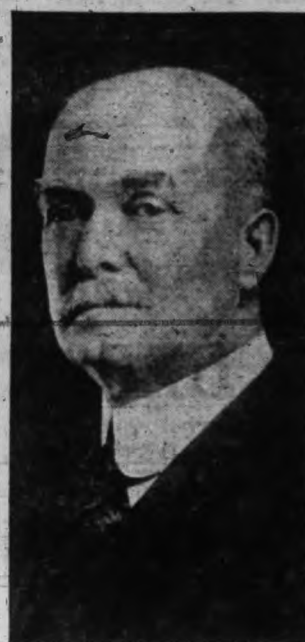

These tablets of rich plant food are odorless and stainless. They are just the right size, and are simply pushed in the soil around the plants. Complete directions in each package.

By their use flowers may be had more abundantly, larger, of deeper color and richer fragrance. Vegetables will be larger, better color, more tender and of delicious flavor. The same is true of fruits. Shrubs and trees are greatly benefited by their use. Lawns are quickly improved by feeding with Stim-U-plant in liquid form, according to simple directions.

Be sure to get the big tablets in the wax wrapper; there is no substitute. Price, delivered, 25 cts., \$1.00, \$4.25. Order of your seed dealer or Stim-U-plant, or from United Distributing Co., 328 Pemberton Bldg., Victoria, B.C.

Remember the B. C. Protestant Orphanage will hold Tag Day on the 17th June.

IS HONORED BY THE CONVENTION

J. L. BECKWITH

PUBLICITY PROVOKES TEACUP STORM AT SAANICH COUNCIL.

Health Centre Affairs to Be Debated at Joint Meeting Next Week

"Apparently someone has been guilty of a breach of faith, I understand that this Health Centre report was to have been confidential," said Reeve Watson last night, when the Saanich Council had before it a special meeting, accompanied by copies of reports as to the feasibility of handling maternity cases at the Health Centre, as published in yesterday's Times.

"And I have great pleasure in stating that I am guilty of the breach, if such a term can be applied to my action," said Councillor Dooley.

"There has been too much mis-handling of this matter, on which the public is entitled to all information," he said.

A warm discussion arose over publication of the reports. Councillor Macleod asserting the matter to be outside Council purview, and solely for attention of the Victorian Order.

Reserves All Rights.

"All this discussion is out of order," he protested. "You cannot stop me from publishing anything that goes on at this Council, if I think it is in the public interest, and I have not given my word to refrain," declared Councillor Macleod and was heartily supported by Councillor Dooley.

Councillor McWilliam suggesting that the past be ignored, the reports were tabled, and the Council decided to call a joint meeting with the School Board and Victorian Order, on June 20, at 8 o'clock.

ASK COUNCIL TO ALLOW RACING

Amputation Association Points to Work Which Meetings Would Provide

The Amputation Association last night urged the City Council to allow race meetings here this year. This letter will be sent by the Association to the Council: "Your Worship and Gentlemen: At a general meeting of the Amputation Association the advisability of allowing horse race meetings in Victoria was discussed, and the following resolution was passed, which, we trust, will be given favorable consideration by you: "Whereas the City Council, at its last meeting, saw fit not to give a decided decision regarding race meetings, therefore be it resolved that the Amputation Association of the Great West respectfully request that as there is such a bad case of unemployment in British Columbia, and as the holding of two race meetings here would enable the British Columbia Agricultural Association to provide work for a large number of ex-service men, that the Council meet at its earliest convenience and grant the Agricultural Association permission for such meetings this year."

The Association instructed the secretary to write to Jack Rithet, of the Colwood Golf Club, to thank him for the employment of Association members at the recent Pacific Northwest Golf Tournament here.

RED TAPE AROUSES WRATH IN SAANICH

Motor Tax Share Out of Reach Until Census Bureau Wakes Up

Warmly supporting Reeve Watson in expressions of indignation, the Saanich Council last night condemned census officials at Ottawa as red tape spinners after receiving, through C. H. Dickie, M.P., circumlocutory statements from Chief Statistician Coates which Reeve Watson summarized as "These people admit in these letters they have population information by electoral polling districts, yet we cannot get it."

Councillor Dooley asked "Just why do we need this data?" and was informed that, until populations are announced, the Province is withholding from municipalities their share of a \$2,000,000 motor license fund now accumulated in the hands of the Provincial Finance Minister.

The Council decided to telegraph C. H. Dickie, M.P., an emphatic summary of opinions expressed and ask him to transmit the sentiments in his most vigorous style to the census department.

"If the higher-ups would permit the Nanaimo census chief to break a ridiculous secrecy, we could get this data in twenty-four hours," the Council was informed.

SAANICH GARNERS FINE REPUTATION

Sells Bonds on Unusually Profitable Basis

By selling \$35,000 worth of waterworks bonds on almost a 5 1/2 per cent. basis, Saanich has established an enviable financial position.

The Saanich Council last night authorized a conversion scheme whereby a block of 5 1/2 per cent. bonds, recently sold to Pemberton & Son on a 5.30 basis at above 105, were replaced by an issue bearing 5 1/2 per cent. and sold at par less 1 per cent. commission.

The deal saves Saanich \$3.50 per \$1,000 yearly in interest for the twenty-eight years expiring 1951, and handsomely recoups the elimination of the premium originally earned.

The exchange was proposed to Saanich after marketing efforts had proven that financial institutions and private buyers alike balked at the heavy premium required to offset the 6 1/2 per cent. interest rate.

The Council bought in \$8,500 bonds for sinking fund, these being of various issues and netting from 5.80 to 5.95 per cent. on the price paid.

The VANCOUVER DRUG CO.

Make Remarkable Offer To Any Person In Victoria Who Is Weak, Sick, Nervous or Run-Down.

It is Now Possible for You to Come to This Store, Buy a Regular \$1.10 Package of Nuxated Iron for 25 Cents, Use it for Two Weeks, and if at the End of That Time You Have Not Received All the Extra Benefits Than You Expect, Simply Bring the Wrapper Back to Vancouver Drug Co., and We Will Cheerfully Hand You Back Your Money

Victoria people may well ask how we can afford to make this remarkable "Satisfaction or Money Back" offer. Medical examinations by physicians all over the country show that an amazing number of people lack 100% iron in their blood. At a recent conference, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out Door Department) New York, and the Westchester County Hospital, said, "Without iron, the blood becomes weak, thin, pale and watery. In many people this so seriously weakens their vital organs as to lead them to believe that they have heart, stomach, trouble, kidney, disease, nervous exhaustion, anemia, other serious ailments. I have had people come to me thinking they had heart trouble, because they often had pains and palpitation of the heart, sudden dizziness, faintness or spots before the eyes. In a great many of these cases, the moment iron was supplied, all of these symptoms disappeared." We make this offer because Genuine Nuxated Iron contains true organic iron like the iron in your blood. So many people are deficient in iron who would surely be benefited by this remarkable remedy, that we recommend that you come right to the Vancouver Drug Co. and get your bottle of Nuxated Iron. Use it for two weeks, and note the improvement in your own case in strength, energy and endurance. If you are not more than surprised at the results, just bring back the wrapper and we will promptly refund your money without question.

WELL-KNOWN CITY DRUGGIST DEAD

A well-known druggist, Lewis William (Arthur) Hall, of the drug firm of Hall & Co., Yates and Douglas Streets, died last evening at his residence, 282 Linden Avenue, at the age of forty-eight years. SPIRITS STROKE ARM OF SIR ARTHUR AND SING TO VICTROLA

Sir Ernest Shackleton is Brought Back at Toledo Seance

He and Other Ghosts Whistle, Bang Tambourines and Tie Hands

Whole Series of Departed Ones, Including Children, Appear on Table

New York, June 15.—What Sir Arthur Conan Doyle describes as one of the most remarkable seances of his experience was held at Toledo a few nights ago, it was learned to-day when Sir Arthur with Lady Doyle, his secretary, Capt. Widdcombe and Lee Keedick of the New York Lecture Bureau, sat in a circle with Miss Ada M. Besinet and a little group of Toledo investigators.

The spirit form of Katie King, the spirit familiar of Sir William Crooks was "materialized." Doyle has been throwing on the screen the picture of Katie King taken by Crooks many years ago.

The face of Sir Ernest Shackleton Antarctic explorer, was "materialized" for Keedick, who was his lecture manager and intimate friend Keedick is not a spiritualist and was sitting in his first seance. He said "I positively recognized Shackleton I could not be mistaken, his face was within two or three inches of mine."

"Talked" With Dead.
Sir Arthur and Lady Doyle "saw and talked" with their son, Kingsley. Sir Arthur's mother, Lady Doyle's mother and other relatives and friends who are dead. They received personal written messages they assert, which they did not make public.

The writer was a member of the circle because he had for the last two or three years been one of a little Toledo group working for psychic information with Miss Besinet. The sitting was at the home of Miss Besinet in this city. There were six Toledo guests, in addition to the Doyle party. The session began at 7:45 o'clock and ended at 10:15. The visitors were around a large table in the living room. There was no staging and no mystery. Miss Besinet had been the guest of Sir Arthur and Lady Doyle in their English home. The Toledo sitters were her personal friends.

As soon as the lights were turned out the phenomena developed. Light flitted about the room and hovered over the sitters. The medium was still conscious. Two tambourines were snatched from the table and played in harmony with the victrola. The medium was now in a trance.

Sir Arthur's Hand Tied.
Half a dozen different voices accompanied the victrola in vocal selections—harmonic, soprano, alto and treble voices, all clear and distinct above the tones of the instrument.

Vague semi-luminous forms were seen in the centre of the table and a slim form of human shape beside the victrola. A face was "materialized" that only the medium saw, but accompanying light was visible to the other sitters.

Then Sir Arthur announced his hand was being tied to that of the medium.

The lights were turned on and it was found the medium was tied to her chair and her right hand was tied to the left hand of Sir Arthur. The lights were turned off and immediately the tambourine was played vigorously.

Three faces were "materialized" before Sir Arthur and Lady Doyle but were not recognized. The faces were surrounded by a mass of whitish matter, called ectoplasm.

The voice of the control said "Stand up when touched." Sir Arthur was touched and stood up. "Two faces "materialized" and Sir Arthur said he recognized them as those of his son Kingsley and his nephew, killed in the war.

Sir Arthur and Lady Doyle, standing together, assert they saw Sir Arthur's mother and Lady Doyle the face of her mother.

Keedick said he saw several faces which he did not recognize and pleaded for a clearer vision. There came a bright and sustained light and Keedick ejaculated in a startled tone, "Shackleton." The sitters on either side said the face was that of a clean shaven man.

The control ordered all of the sitters to stand. There were several "materializations" in the centre of the table, brilliantly illuminated, and among them the duplication of the

SAYS EVEN CHURCHES BREAKING SABBATH

Laymen's President Also Declares Upper Class Insists on Sunday Golf.

Toronto, June 15.—It is upon the question of the observance of the Lord's Day that the Church must make her fight for existence. Sunday must be maintained as a day of rest and worship. I feel that upon this question we laymen of the Church often do not sufficiently consider the influence of our example. There is too ready a disposition, having discharged our duty by one attendance at church, to look upon the remainder of the day as our own.

This reminder was given by Geo. H. Clark, of Orillia, president of the Laymen's Assn. of the Toronto Conference, in his address.

Must Make Distinction.
"We Christians," he said, "must be prepared to make a distinction

between the use we make of Sunday and that made by the world. In particular we must not countenance by our example such Sunday operations as unnecessarily to deprive fellow Christians of the privilege of rest and worship. It would almost appear at the present time that on this question of Sunday the Church is fighting a losing battle. More and more business is carried on, under the plea of necessity, chiefly for the accommodation of those who make the day one for travel.

"One upper class insists upon its golf, and makes it hard to keep out other more popular and more noisy sport. If there is sacrifice involved in refraining from such indulgence, is it too much to ask of the Church's members that they should make the sacrifice? But as a matter of fact, do not many people suffer from too much recreation rather than too little? Too much sport may produce firm muscles, but is apt to induce moral flabbiness.

Church an Offender.
"Even the Church itself is not free from blame, and we see an in-

creasing amount of church business transacted on Sunday—an example which is being followed by paternal organizations. Surely it is more sinful, and more inconsistent, for the Church to transact its business on Sunday than for the Heathen Chinese."

PITCHER WINS OWN GAME.

Edmonton, June 15.—Pitcher Lefty Douglas won his own game in the ninth by smacking the ball into centre field with Green on second, the final score being 3 to 2. It was a pitcher's battle, with honors fairly even. Douglas got better support than Dodger Lewis, who pitched for Calgary. The Edmonton team played errorless ball, while the Bronks committed three offences, two counting in the scoring of runs.

Score—	R. H. E.
Calgary	2 8 0
Edmonton	3 8 0
D. Lewis and F. Lewis; Douglas and Kenna.

614-616 YATES STREET 125-127 HASTINGS WEST, VANCOUVER

Katie King picture, positively identified by all the sitters.

There followed "materializations" of boys, men and women, most of them draped with the white material which Sir Arthur defined as ectoplasm and under the "arch," which Sir Arthur describes in his illustrated lecture, none was definitely recognized.

Sir Arthur "conversed" with "Fanny," a child control of Miss Besinet, and said that the child placed a little hand in his. They talked of Miss Besinet's recent visit to England.

When Sir Arthur and Lady Doyle "talked with their son, Kingsley, and Lady Doyle's mother, the other sitters could not hear the spirit voice, but only the responses of Sir Arthur and his wife.

Keedick received a written message of a personal nature and a message to be conveyed by him from a "medicine man" to a woman whose initials were given.

The messages were written in darkness by the hand of the medium and given to the recipients.

Frequently during the sitting the hands and faces of the sitters were stroked by warm, soft hands. Several times the arms of Sir Arthur were stroked by invisible hands and the control explained that the forces were getting strength from him.

Lady Doyle says this happens whenever her husband sits with a medium and that the spirit forces seem to be trying to work with him.

Suddenly the control said "I no can do more." A sitter on either side took a hand of the medium and in a few minutes she recovered consciousness, slightly dazed and very tired.

Sir Arthur several times in the latter part of the session asked whether there was not danger of overworking the medium. He said "we have had very marvellous things to-night and we must not risk endangering the medium. She is of too great value in this work to take a chance of that."

"It was perfectly wonderful," said Lady Doyle. "Miss Besinet did a great work in England bringing consolation to the war stricken and we hope to have her here again."
