

# The biggest science photography & imagery competition

# Wiki Science Competition 2019

**Categories:**  
Non-photographic media  
Microscopy images  
People in Science  
Wildlife & Nature  
General category  
Image sets

## Who can participate

Everyone can get involved - Amateurs, professionals, people of all ages!

## How to participate

Any science-related image: from archeology to volcanology, from zoology to chemistry...

If it could illustrate a scientific article, encyclopedia or newspaper, then it's suitable for this competition.

Don't forget to include a good scientific description!

Images can be submitted by the author of the image, or their institution.

Images will be freely licensed (e.g. CC-BY) and become part of Wikimedia Commons, Wikipedia's multimedia database.

## Time schedule

Check the dates of your national competition (November or December): <http://www.wikisciencecompetition.org/participate/>
