PART 323—MINIMUM PRICE SCHEDULE, DISTRICT NO. 3

ORDER AMENDING ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF DATED NOVEMBER 28, 1941, IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 3 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 3, PURSUANT TO SECTION 4 II (D) OF THE BITUMINOUS COAL ACT OF 1937

In an Order, dated November 28, 1941, 6 F.R. 6636, Granting Temporary Relief and Conditionally Providing for Final Relief in the above-entitled matter, price classifications and minimum prices were established for the coals of certain mines in District No. 3, including the Sims Mine (Mine Index No. 1224) of M. District Board No. 8 subsequently filed an original petition in Docket No. A-1196 requesting the establishment of price classifications and minimum prices for the coals of certain mines in District No. 8, including therein the Sims Mine of M. H. Sims, and by a letter dated December 18, 1941, District Board No. 3 has indicated that a subsequent investigation discloses that this mine is located in District No. 8.

In an Order Granting Temporary Relief and Conditionally Providing for Final Relief Issued in Docket No. A-1196, on January 15, 1942, price classifications and minimum prices are established for the coals of certain mines in District No. 8, including the Sims Mine (Mine Index No. 1224) and it thus appears that the said Order of November 28, 1941, in the

above-entitled matter should be revoked, as to Mine Index No. 1224.

Now, therefore, it is ordered, That the prices established in Supplement T, § 323.23 (General prices), by the said Order of November 28, 1941, in the above-entitled matter for the coals of the Sims Mine (Mine Index No. 1224) for truck shipments be, and they hereby are, revoked.

And it is further ordered, That in all other respects the said Order of November 28, 1941, in the above-entitled matter be, and it hereby is, continued in full force and effect, unless otherwise ordered.

Dated: January 21, 1942.

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 7

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 7; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 327.11 (Low volatile coals: Alphabetical list of code members) is amended by adding thereto Supplement R, and § 327.34 (General prices in cents per net ton for shipment

into any market area) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations

Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 10, 1942.

Acting Director.

sion by the above-named party, requesting the establishment, both temporary and permanent, of price classifications, minimum prices, and additional shipping points for the coals of certain mines in District No. 9 for all shipments except truck.

A petition of intervention has been filed December 18, 1941, by District Board No. 10 alleging that the establishment of more than one shipping point as requested for the coals of certain of these mines would affect the fair competitive opportunities of code members in District No. 10. The petition of intervention does not, however, appear to oppose the establishment of the price classifications and minimum prices proposed for the coals of those mines for which only one shipping point is proposed, nor does it appear to oppose the establishment of price classifications and minimum prices for the coals of the remaining mines: Provided, That only one shipping point be established for each of them.

It appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth, and that the following action is necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 329.5 (Alphabetical list of code members) is amended by adding thereto Supplement R, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

No relief is granted herein for the coals of Mine Index Nos. 579, and 831 for the reasons appearing in the Order separating that portion of Docket No. A-1204 which relates to these coals from the remainder of the Docket, designating such portion as Docket No. A-1204 Part II and scheduling Docket No. A-1204 Part II for hearing.

Dated: January 10, 1942.

PART 343—MINIMUM PRICE SCHEDULE, DISTRICT NO. 23

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 23 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS PRODUCED AT THE HYDE MINE OF HYDE MINES, INC., A CODE MEMBER IN DISTRICT NO. 23

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals produced at the Hyde Mine of Hyde Mines, Inc., a code member in District No. 23; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 343.4 (Code member price index) is amended by adding thereto Supplement R-I, § 343.5 (General prices; minimum prices for shipment via rail transportation) is amended by adding thereto Supplement R-II, and § 343.21 (General prices) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

The original petition identifies the mine as to which relief is sought by the name "Hyde Mine" and as being located in the same field and adjacent to the Hyde Mine (Mine Index #148), presently operated by Hyde Mines, Inc., and the coals of which, for shipment by truck, were heretofore classified and priced as reflected in Supplement No. 2 of the

Schedule of Effective Minimum Prices for District No. 23. In order to distinguish between the two mines, the mine as to which relief is sought in this proceeding is identified as Hyde Mine #2 in the attached schedule.

The original petition alleges that the coals of the Hyde Mine #2 are superior in quality to the coals of the Hyde Mine presently being operated and should be classified in Sub-District "E" in District No. 23 for the reason that their marketing factors are similar to those of the coals presently produced in that sub-district. Since it appears, however, that the Hyde Mine #2 is actually located in the producing field which has been designated as Sub-district "G" in District No. 23, this Order classifies it in the latter sub-district although the price classifications and minimum prices established hereby for its coals are similar to those which have been heretofore established for the other mines producing coals in Sub-district "E".

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 9, 1942.

§ 691.12 *Clothing.* (a) No uniforms for assignees are prescribed.

(b) The camp director will see that every assignee is provided with sufficient and proper clothing to perform his duties. The project superintendent of the technical agency will refuse to take men for work who are not properly protected against the weather and the hazards of the work. Unsatisfactory conditions as to clothing will be reported by the project superintendent of the technical agency through his official channel to the Director of Selective Service.*

§ 691.13 *Medical care and hospitalization.* (a) In each camp, a physician will be provided by the religious organization operating the camp who will be responsible for the health and medical care of the assignees. There must also be an arrangement with the nearest suitable local hospital where assignees will be sent on order of the camp physician.

(b) All assignees will be inoculated against typhoid and vaccinated against smallpox within 48 hours after reporting to camp. These inoculations and vaccinations will be given by the camp physician. Upon completion, proper notations will be placed in the assignee's record at the camp headquarters. The standards of vaccination and inoculation shall be those prescribed by the Medical Department of the United States Army.

(c) The camp director, with the camp physician present, shall be responsible for holding the daily sick call, and the camp physician shall be available for emergency calls at all times. The camp director is responsible for the preparation, accuracy, and submission of such medical reports relating to the illness or injury of assignees as may be required from time to time by the Director of Selective Service. The camp director, with the advice of the camp physician, shall be responsible for camp sanitation, and the camp shall be subject to inspections from time to time by representatives of the United States Public Health Service or of the Director of Selective Service. The minimum standards of camp sanitation shall be the same as are applicable to camps operated under the direction of the Civilian Conservation Corps.*

§ 691.14 *Welfare and recreation.* The welfare and recreation of assignees is the direct responsibility of the camp director. Motor vehicles assigned to the camp, if available, may be used to provide transportation of the assignees for educational, recreational, or religious purposes.*

§ 691.15 *Education.* The educational program for assignees will be the re-

sponsibility of the camp director. He may avail himself of such volunteer services as may be provided by members of the technical agency staff attached to the camp. On-the-job training will be a definite responsibility of the project superintendent of the technical agency.*

§ 691.16 *Furloughs and liberty.* (a) The camp director, with the concurrence of the project superintendent of the technical agency, may grant furloughs to an assignee at such times as he may be spared from his duties. No assignee may receive a furlough or furloughs in excess of a total of 30 days in any one year, including furloughs for special religious holidays and periods of convalescence following illness or injury. Such furloughs shall include week ends and holidays falling within the period of furlough. The camp director may temporarily restrict or suspend the granting of furloughs to any or all men assigned to a project whenever in his opinion circumstances render such restrictions or suspensions desirable. The number of assignees on furlough at any one time will in no event exceed 15 percent of the total number of assignees in such camps.

(b) Liberty or leave regulations covering the hours outside of work hours may be issued from time to time by the camp director who may prescribe hours assignees may be away from the camp and how far they may go from camp. Weekend leave must be confined between noon on Saturday and 6 a. m., Monday. A sufficient number of assignees will be maintained at the camp to provide for watchmen service and fire protection at all times.*

§ 691.17 *Discipline.* (a) An assignee who fails to perform the duties outlined in § 653.42 or whose conduct amounts to a violation of local, State, or Federal criminal statutes, or to violation of the rules and regulations herein set forth, will be subject to such fines, restriction of privileges, extra duty, additional service, reclassification under the Selective Service Regulations, or prosecution under the Selective Training and Service Act of 1940, as amended, as the case may warrant.

(b) If an assignee is sought by local, State, or Federal criminal statutes, he will be delivered to the appropriate authority upon proper warrant for his arrest being exhibited to the camp director. The camp director will make a full and immediate report to the Director of Selective Service through regular channels on all such arrests and the disposition thereof. Upon receipt of the full facts concerning such arrests and disposition thereof, the Director of Selective Service will determine whether to submit such information to the assignee's local board with a request that the assignee's case be reopened and his classification considered anew under the Selective Service Regulations.

(c) If an assignee who has reported to his local board for work of national importance pursuant to an Order to Report for Work of National Importance (Form 50) and has been furnished with the necessary instructions and transportation to the camp fails to report to the

camp at the time and place designated, he will be carried as absent without leave for 10 days and, unless there is a change in status, will be deemed to be a deserter on the 11th day. Such failure to report to camp will constitute a violation of these regulations and may subject the assignee to prosecution under the Selective Training and Service Act of 1940, as amended. The Director of Selective Service will be notified of such failure to report to camp through regular channels on the 11th day and may take the necessary action to report the assignee to the proper United States attorney as a violator of the Selective Training and Service Act of 1940, as amended.

(d) If, after reporting to the camp, an assignee is absent without leave for a continuous period of 10 days, he will be deemed to be a deserter. On the 11th day the Director of Selective Service will be notified through regular channels and may take the necessary steps to report the assignee to the proper United States attorney as a violator of the Selective Training and Service Act of 1940, as amended.

(e) Refusal to work or perform other assigned duties, inciting others to refuse to work or perform assigned duties, or failure to abide by the rules and regulations promulgated by the camp director, will constitute a violation of these rules and regulations.

A full and immediate report of such violation of these rules and regulations will be made to the Director of Selective Service through regular channels. If the reported conduct indicates that the assignee may have been improperly classified, the Director of Selective Service may take the necessary steps to submit the information to the assignee's local board with a request that the assignee's case be reopened and his classification considered anew under the Selective Service Regulations. The Director of Selective Service may also report the assignee to the proper United States attorney as a violator of the Selective Training and Service Act of 1940, as amended.

(f) Loss of time over 24 hours because of the assignee's absence without leave, sickness or injury due to his own misconduct, confinement by civil authorities following conviction, or wilful failure to perform duties, must be made up: *Provided*, That no assignee may be retained in camp longer than his maximum period of service as prescribed by law.

(g) The camp director may make and enforce such rules as he may deem appropriate for the operation of his camp and the carrying out of these regulations, and he has wide latitude in imposing such disciplinary action as he may deem necessary.

(h) Representatives of the technical agency having difficulties with assignees will refer all such cases to the camp director for appropriate action as provided in this section.*

WORK PROGRAM

§ 691.21 *Allowable project work.* An assignee at a camp may be employed on

any authorized work of the technical agency involved in the work program of the camp. Work priority shall be determined by such technical agency.*

§ 691.22 *Hours of work.* The hours of work on the project will be determined by the technical agency. No limitation is set on the number of hours that an assignee may be required to work in any given day or week. Forty-four hours per week shall be the minimum that any assignee shall work. Travel time shall not be included in computing the 44-hour minimum, except the portion thereof which exceeds 1 hour in any one day. In case the camp director of a camp does not agree as to the hours of work on the project, all facts in the case will be reported through the National Service Board for Religious Objectors to the Director of Selective Service for final decision. Assignees will be subject to emergency calls by the project superintendent of the technical agency on any day or night at any hour for the purpose of fighting forest fires or other emergencies affecting life or property.*

§ 691.23 *Assignees in supervisory positions.* The designation of not to exceed one assignee foreman or assignees occupying key positions for every 25 assignees is authorized. Should particular projects demand additional assignee foremen or assignees in key positions, they may be appointed after agreement between the project superintendent of the technical agency and the camp director. These men will be carefully selected from the assignees, will be exempt from any rotation of duty system, will be trained to act as supervisors of other assignees, and will be responsible for carrying out the orders of the project superintendent of the technical agency. The project superintendent of the technical agency has the responsibility of requiring that all assignee foremen and assignees in key positions perform their duties and, upon his filing a written statement of his reason therefor, he may require the camp director to replace any such assignee foreman or assignee in a key position.*

§ 691.24 *Records and reports.* The project superintendent of the technical agency will prepare a monthly Work Report (Form 52) and send it to the Director of Selective Service, through the technical agency concerned. His report shall be prepared so as to enable the Director of Selective Service to have available a record of work accomplishments. The instructions issued by the Civilian Conservation Corps covering the method of reporting work on its Work Progress Report (Form 7) will be followed.*

§ 691.25 *Safety program and accident reports.* The applicable provisions of the Safety Manual now in use by the Civilian Conservation Corps with such modifications and additions as the Director of Selective Service may prescribe, will be adopted for use as a safety program within the camp. A safety committee shall be organized as soon as a camp has been placed in operation. This committee shall consist of the camp director, the project superintendent of the technical agency or his representative, and a member of the assignee group selected by

them. The safety committee will hold meetings at stated intervals and will be responsible for the safety program.

Any death or serious personal injury and any serious damage to either public or private property shall, within 24 hours of its occurrence, be reported by telegram to the Director of Selective Service, Selective Service System, Washington, D. C. This report will be made by the person charged with the duty of investigating and reporting the incident. The project superintendent of the technical agency is charged with the duty of investigating and reporting all such incidents involving assignees while under his supervision, and all other such incidents connected with the work project or Government-owned vehicles. The camp director is charged with the duty of reporting all other such incidents.*

CARE, WELFARE, AND DISCIPLINE OF ASSIGNEES

§ 692.11 *Subsistence.* Food will be provided without cost to the assignee. Basically, the ration will be the Army ration and its allowable substitutes as prescribed in AR 30-2210 (March 15, 1940) with such modifications as the Director of Selective Service may prescribe. Standard specifications for food as supplied to the Army or Navy will be applicable to such modifications. Ration-savings privileges may be allowed, the value of the ration being determined monthly by the Director of Selective Service. The mess is the responsibility of the camp director, who will operate the mess under such instructions as to balance, variety, and preparation as the Director of Selective Service may prescribe.

Representatives of the technical agency and of the Director of Selective Service using the camp mess will be charged for meals but not to exceed the value of the camp ration on a monthly basis or more than 25 cents for a single meal.*

§ 692.12 *Clothing.* (a) No uniforms for assignees are prescribed.

(b) Each assignee will be provided with such sufficient and proper clothing to perform his duties as the Director of Selective Service may determine.*

§ 692.13 *Medical care and hospitalization.* (a) The camp director is responsible for the health and medical care of the assignees. The agency operating such camp will provide a physician on a contract basis, whose duties will be to make health and sanitary inspections of men and camp, to make recommendations for correcting the deficiencies found, to give surgical and medical treatment to assignees, and to make such records and reports as may be required. The technical agency will also make arrangements for the hospitalization of assignees.

(b) All assignees will be inoculated against typhoid and vaccinated against smallpox within 48 hours after reporting to camp. These inoculations and vaccinations will be given by the camp physician. Upon completion, proper notations will be placed in the assignee's record at the camp headquarters. The standards of vaccination and inocula-

tion shall be those prescribed by the Medical Department of the United States Army.*

§ 692.14 *Welfare and recreation.* The welfare and recreation of assignees is the direct responsibility of the camp director. Recreation at the camp in the form of athletics, entertainments, and similar activities is preferred to outside forms of amusement, but a reasonable amount of the latter should also be provided.

Ministers or other recognized representatives of religious organizations having members at the camp, as well as friends and relatives of assignees, should be allowed to visit freely, subject only to such restrictions as the proper operation of the camp or work project may require.

A Chaplain or educational advisor, selected and financed through the National Service Board for Religious Objectors and approved by the Director of Selective Service, is authorized to live at the camp and to assist and supplement the educational, welfare, and recreational program. He may be provided with quarters and subsistence at no greater cost than that paid by the administrative personnel attached to the camp. His activities must have the approval of the camp director, and he must conform to the general rules for the conduct of the camp.

Motor vehicles assigned to the camp may be used to provide transportation of the assignees for educational, recreational, or religious purposes under such rules as the technical agency operating the camp and the Director of Selective Service may prescribe.*

§ 692.15 *Education.* The camp director, under such instructions as the technical agency operating the camp and the Director of Selective Service may prescribe, will be responsible for training in first-aid, health and sanitation, safety, disaster and rescue work, and job training. All technical-agency personnel will be available for use in connection with the educational program. All assignees will be required to take part, and the services of qualified assignees may be used.

In addition to the above, the camp director should assist and encourage the formation of volunteer classes according to the needs and desires of the assignees.*

§ 692.16 *Furloughs and liberty.* (a) The camp director may grant furloughs to an assignee at such times as he may be spared from his duties. No assignee may receive a furlough or furloughs in excess of a total of 30 days in any one year, including furloughs for special religious holidays and periods of convalescence following illness or injury. Such furloughs shall include week ends and holidays falling within the period of furlough. The camp director may temporarily restrict or suspend the granting of furloughs to any or all men

assigned to a project whenever in his opinion circumstances render such restrictions or suspensions desirable. The number of assignees on furlough at any one time will in no event exceed 15 percent of the total number of assignees in such camps.

(b) Liberty or leave regulations covering the hours outside of work hours may be issued from time to time by the camp director, who may prescribe hours assignees may be away from the camp and how far they may go from camp. Week-end leave must be confined between noon on Saturday and 6 a. m., Monday. A sufficient number of assignees will be maintained at the camp to provide for watchman service and fire protection at all times.*

§ 692.17 *Discipline.* (a) An assignee who fails to perform the duties outlined in § 653.42 or whose conduct amounts to a violation of local, State, or Federal criminal statutes or to a violation of the rules and regulations herein set forth, will be subject to such fines, restriction of privileges, extra duty, additional service, reclassification under the Selective Service Regulations, or prosecution under the Selective Training and Service Act of 1940, as amended, as the case may warrant.

(b) If an assignee is sought by local, State, or Federal criminal statutes, he will be delivered to the appropriate authority upon proper warrant for his arrest being exhibited to the camp director. The camp director will make a full and immediate report to the Director of Selective Service through regular channels on all such arrests and the disposition thereof. Upon receipt of the full facts concerning such arrests and disposition thereof, the Director of Selective Service will determine whether to submit such information to the assignee's local board with a request that the assignee's case be reopened and his classification considered anew under the Selective Service Regulations.

(c) If an assignee who has reported to his local board for work of national importance pursuant to an Order to Report for Work of National Importance (Form 50) and has been furnished with the necessary instructions and transportation to the camp fails to report to the camp at the time and place designated, he will be carried as absent without leave for 10 days and, unless there is a change in status, will be deemed to be a deserter on the 11th day. Such failure to report to camp will constitute a violation of these regulations and may subject the assignee to prosecution under the Selective Training and Service Act of 1940, as amended. The Director of Selective Service will be notified of such failure to report to camp through regular channels on the 11th day and may take the necessary action to report the assignee to the proper United States attorney as a violator of the Selective Training and Service Act of 1940, as amended.

(d) If, after reporting to the camp, an assignee is absent without leave for a continuous period of 10 days, he will be deemed to be a deserter. On the 11th day the Director of Selective Service will be notified through regular channels and may take the necessary steps to report the assignee to the proper United States attorney as a violator of the Selective Training and Service Act of 1940, as amended.

(e) Refusal to work or perform other assigned duties, inciting others to refuse to work or perform assigned duties, or failure to abide by the rules and regulations promulgated by the camp director, will constitute a violation of these rules and regulations. A full and immediate report of such violation of these rules and regulations will be made to the Director of Selective Service through regular channels. If the reported conduct indicates that the assignee may have been improperly classified, the Director of Selective Service may take the necessary steps to submit the information to the assignee's local board with a request that the assignee's case be reopened and his classification considered anew under the Selective Service Regulations. The Director of Selective Service may also report the assignee to the proper United States attorney as a violator of the Selective Training and Service Act of 1940, as amended.

(f) Loss of time over 24 hours because of the assignee's absence without leave, sickness or injury due to his own misconduct, confinement by civil authorities followed by conviction, or willful failure to perform duties, must be made up, provided that no assignee may be retained in camp longer than the maximum period of service as prescribed by law.

SUBCHAPTER B—PRIORITIES DIVISION

PART 933—COPPER

*Supplementary Conservation Order
M-9-c-1*

Whereas national defense requirements have created a shortage of Copper for the combined needs of defense, private account, and export; action has already been taken to increase and conserve the supply and to direct the distribution of Copper to insure deliveries for defense and essential civilian requirements; and the supply of Copper now is and will be insufficient for defense and

* 16 F.R. 6611, 6643.

essential civilian requirements unless the use of Copper in the manufacture of many products where such use is not absolutely necessary for the defense or essential civilian requirements is curtailed or prohibited;

Now, therefore, it is hereby ordered, That:

§ 933.6 *Supplementary Conservation Order M-9-c-1*—(a) *Curtailment of manufacture.* During the period between January 1 and March 31, 1942, no Manufacturer of Shoe Findings may manufacture a greater number of such Findings containing any Copper than that number which, when added to stocks on hand, in process and in transit on the effective date hereof, will fill all purchase orders from customers calling for deliveries before April 1, 1942.

(b) *Curtailment of use of copper.* In addition to the limitation contained in paragraph (a) hereof, during the period between January 1 and March 31, 1942, no Manufacturer may use in the manufacture of all Shoe Findings more Copper than the greatest of the following three limits:

(1) 50% of the total amount of copper used by him in the manufacture of all Shoe Findings during the last three months of 1940, or

(2) 12½% of the total amount of Copper used by him in the manufacture of all Shoe Findings during the year 1940, or

(3) 35% of the total amount of Copper used by him in the manufacture of all Shoe Findings during the period between July 1 and September 30, 1941;

plus, in each such case, as much Copper as is used by him in the manufacture of however many Shoe Findings as are being produced pursuant to paragraph (f) hereof.

(c) *Prohibition of manufacture after March 31, 1942.* Except as provided in paragraph (f) hereof, after March 31, 1942, no Manufacturer may use any Copper in the manufacture of Shoe Findings.

(d) *Prohibition of delivery after March 31, 1942.* Except as provided in paragraph (f) hereof, after March 31, 1942, no manufacturer of Shoe Findings may deliver any such Findings containing Copper, and no Person may accept delivery of Shoe Findings containing any Copper from any Manufacturer of Shoes or of Shoe Findings.

(e) *Prohibition of use after April 30, 1942.* Except as provided in paragraph (f) hereof, after April 30, 1942, no Manufacturer may attach any Shoe Findings containing Copper to any type of Shoes.

(f) *Exceptions.* Where and to the extent that the use of any less scarce material is impracticable, the prohibitions and limitations contained in paragraphs (a), (b), (c), (d), (e) and (h) hereof shall not apply to Shoe Findings being produced for filling contracts or subcontracts for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, and the Coast Guard, or for any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-

Lease Act), if in any such case the use of Copper to the extent employed is required by the specifications of the prime contract.

(g) *Reports.* Each Manufacturer of Shoe Findings containing Copper shall:

(1) Immediately file with the Office for Production Management the information called for on Form PD-259, and

(2) On or before April 15, 1942, file with the Office for Production Management the information called for on Form PD-260.

(h) *Limitation on inventories.* No Manufacturer of Shoes shall receive delivery of any Shoe Findings containing Copper which, when added to such Findings on hand or in transit on the effective date hereof, shall result in its having a greater number of Shoe Findings than that number which it estimates it will attach to Shoes before May 1, 1942.

(i) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(j) *Communications to Office for Production Management.* All reports required to be filed hereunder, and all communications concerning this Order shall, unless otherwise directed, be addressed to: Office for Production Management, Washington, D. C., Ref. M-9-c-1.

(k) *Violations.* Any Person who willfully violates any provision of this Order, or who by an act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(l) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Copper conserved, or that compliance with this Order would impair defense work, may appeal to the Office of Production Management on Form PD-261, Ref. M-9-c-1, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(m) *Effect on other orders.* With respect to the use of Copper and Copper Base Alloy, as defined in Copper Conservation Order M-9-c, in the manufacture of Shoe Findings and with respect to the use of such Findings containing Copper or Copper Base Alloy in the manufacture of Shoes, this Order shall, on and after the effective date hereof, control to the exclusion of all other Orders curtailing or prohibiting such specific use.

Section 976.1 (General Limitation Order L-1-a) as last amended by Amendment No. 2, issued December 31, 1941 is hereby amended to read as follows:

Whereas, the manufacture of medium and heavy motor trucks requires the utilization of large quantities of aluminum, chromium, copper, nickel, nickel steel, rubber, steel, tin, tungsten and other critical materials, and national defense requirements have created a shortage of these materials for the combined needs of defense, private account and export; action has already been taken to conserve the supply and direct the distribution of such materials to insure deliveries for defense and for essential civilian requirements; and the present supply of these materials will be insufficient for defense and essential civilian requirements unless the manufacture of medium and heavy motor trucks is curtailed and the use of critical materials for such manufacture thereby reduced;

The Director of Priorities may thereupon take such action as he deems appropriate.

Amendment No. 1 to General Preference Order No. M-54 To Conserve the Supply and Direct the Distribution of Molasses

Section 1031.1 (General Preference Order No. M-54) is hereby amended to read as follows:

Whereas the national defense requirements have created a shortage of Molasses, as hereinafter defined, for defense, for private account, and for export, and it is necessary in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof:

Now, therefore, it is hereby ordered, That:

§ 1031.1 General Preference Order M-54—(a) Definitions. For the purposes of this Order:

(1) "Molasses" means any molasses, sirup, sugar solution, or any form of fermentative sugar (derived from sugar cane or sugar beets) other than direct-consumption sugar (as defined in General Preference Order No. M-55) or sugar intended for and used for manufacture into direct-consumption sugar. Blackstrap Molasses is any final Molasses produced in the manufacture of sugar from sugar cane or from the refining of raw sugar and includes all beet Molasses produced in the manufacture of sugar from sugar beets. Invert Molasses is any Molasses made from sugar cane without extraction of sugars. For the purpose of this Order one gallon of invert Molasses is to be construed as 1½ gallons of blackstrap Molasses.

(2) "Producer" means any person engaged in the production of Molasses and includes any person who has Molasses produced for him pursuant to toll agreement.

(3) "Importer" means any person who transports Molasses in any manner into the continental United States. Release from the bonded custody of the United States Bureau of Customs shall be deemed a transportation.

(4) "Distributor" means any person who sells Molasses of which he is not either the Producer or the Importer.

(7) "Class 3 Purchaser" means any person who requires Molasses for foundry purposes.

(8) "Class 4 Purchaser" means any person who requires Molasses in the manufacture of vinegar.

(9) "Calendar Quarter" means the several three month periods of the year commencing January 1, April 1, July 1, and October 1.

(10) "Calendar Quarterly Supply" means a quantity of molasses not in excess of the quantity used by a Purchaser listed above during a corresponding Calendar Quarter in the 12 months' period ended June 30, 1941. Purchasers shall determine a Calendar Quarterly Supply with respect to each use specified in subparagraphs (a) (5) (6) (7) and (8) above. Quantity shall in all cases be computed on a blackstrap Molasses basis.

(11) "15 Day Supply" means a quantity of Molasses not in excess of one-twenty-fourth of the quantity used by a Purchaser listed above during the 12 months' period ended June 30, 1941. Purchasers shall determine a 15 Day Supply with respect to each use specified in subparagraphs (a) (5) (6) (7) and (8) above. Quantity shall in all cases be computed on a blackstrap Molasses basis.

(b) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(c) *Restrictions on deliveries.* Anything in Priorities Regulation No. 1 to the contrary notwithstanding:

(1) No Class 1, Class 2, Class 3 or Class 4 Purchaser shall, during any calendar Quarter, accept deliveries of Molasses in excess of the quantity set forth below less any quantity in excess of a 15 day supply on hand on the first day of the Calendar Quarter in which delivery is to be made:

(2) Prior to delivery of Molasses, within the limitations of subparagraph (c) (1) hereof, the prospective deliverer thereof shall submit to the deliveror a certificate in substantially the following form, properly filled out and manually signed by a duly authorized official:

The delivery of ----- gallons of Molasses (blackstrap Molasses basis), in connection with which this certificate is furnished, will not be, taking into consideration Molasses received and to be received during this Calendar Quarter from all other sources and inventory on hand on the first day of this Calendar Quarter, in excess of ---- per cent of a Calendar Quarterly Supply to which the undersigned as a Class ---- Purchaser is entitled pursuant to General Preference Order No. M-54, with the terms of which Order the undersigned is familiar.

(Duly Authorized Official)

(3) Purchasers specified in paragraph (a) hereof may make application to the Director of Priorities for deliveries of Molasses in addition to those set forth in paragraph (c) hereof if they own, possess or control facilities for the storage of the same.

(4) No person shall knowingly deliver Molasses to any Class 1, 2, 3 or 4 Purchaser in violation of the terms of subparagraphs (c) (1) and (2) hereof.

(5) Producers, Distributors and Importers may, during any Calendar Quarter, make deliveries of Molasses to persons who require the same for ensilage or feed or for sale to persons who require the same for ensilage or feed (the barrel trade) provided such deliveries do not exceed in quantity (on blackstrap Molasses basis) the deliveries made by such Producers, Distributors and Importers, respectively, for such purposes during the corresponding Calendar Quarter of the 12 months' period ended June 30, 1941.

(6) After January 15, 1942, no person shall deliver, use or accept delivery of Molasses for the manufacture of beverage spirits.

(7) On and after January 1, 1942, except with respect to deliveries permitted by subparagraphs (c) (1) (2) and (5) hereof, deliveries originating and completed outside of the continental United States, deliveries to an Importer originating outside of the continental United States, deliveries to a Distributor (deliveries to a Distributor coming within the provisions of subparagraph (c) (5) hereof shall be governed by such subparagraph) and deliveries specifically authorized by the Director of Priorities, no deliveries of Molasses shall be made by any Producer, Distributor or Importer; and no person shall accept delivery of Molasses made in violation of the foregoing clause. At the beginning of each

calendar month the Director of Priorities will issue to all Producers, Distributors and Importers specific directions covering deliveries of Molasses which may be made by such Producers, Distributors and Importers during such month. Such directions will be primarily to insure the satisfaction of all defense requirements and to provide an adequate supply for essential civilian uses, and they may be made at the discretion of the Director of Priorities without regard to any preference rating assigned to particular contracts or Orders.

(d) *Restrictions on consumption.* Unless otherwise authorized by the Director of Priorities, no Purchaser specified in paragraph (a) hereof shall, during any Calendar Quarter commencing with the month of January 1942, use or consume more Molasses than he would be permitted to receive during such Calendar Quarter (if he had no Molasses on hand) pursuant to the provisions of paragraph (c) hereof.

(e) *Intra-company transactions.* The prohibitions or restrictions contained in this Order with respect to deliveries shall, in the absence of a contrary direction, apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise owned or controlled by the same person.

(f) *Reports.* Reports shall be made at such times, on such forms and with respect to such matters as shall be prescribed by the Chemicals Branch of the Office of Production Management. Persons who have stocks of Molasses on hand which they are forbidden by the terms of this Order to deliver or use shall forthwith report such fact (and the details thereof) in writing to said Chemicals Branch and shall hold the said stocks until further order of the Director of Priorities. In addition, Producers, Distributors and Importers shall forthwith report to said Chemicals Branch the storage facilities (and the location thereof) which they own, possess or control.

(g) *Notification of customers.* Producers, Distributors and Importers shall, as soon as practicable, notify each of their regular customers of the requirements of this Order, but the failure to give such notice shall not excuse any person from the obligation of complying with the terms of this Order.

(h) *Violations or false statements.* Any person who violates this Order or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the mak-

ing of a recommendation for prosecution under Section 35 (A) of the Criminal Code. (18 U.S.C. 80)

(i) *Appeals.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Molasses conserved, or that compliance with this Order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the Office of Production Management, Reference: M-54, attention Chemicals Branch, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(j) *Effective date.* This Order shall take effect immediately and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. PART 1063—MERCURY

Conservation Order No. M-78 Curtailing the Use of Mercury in Certain Items

Whereas, it is found that the present and increasing future demand for mercury in the United States seriously threatens national defense requirements for Mercury, and it is further found that the fulfillment of requirements for the defense of the United States will result in a shortage in the supply of Mercury for defense and private account, and it is further found that this situation imperils the obtaining of priority for deliveries of such materials under present and future Army and Navy contracts and orders and related subcontracts and suborders unless the supply of Mercury is conserved and its use in certain products manufactured for civilian use is curtailed; and it is necessary in the public interest, to promote the defense of the United States, to conserve the supply and direct the distribution thereof:

Now, therefore, it is hereby ordered, That:

(d) *Limitation on other uses of mercury.* Unless otherwise specifically authorized by the Director of Priorities, any person using mercury in any item or in any manufacturing process not covered by paragraph (b), (c), or (e) of this Order shall limit his use of mercury in any such item or in any such manufacturing process between January 15, 1942, and March 31, 1942, and during each calendar quarter thereafter to 80% of his use of mercury in such item or in such manufacturing process in the Base Period.

(e) *General exception.* The prohibitions and restrictions contained in paragraphs (b), (c), and (d) shall not apply to the use of mercury in the manufacture of any item which is being produced

(1) for delivery under a specific contract or subcontract for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development or for any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States," (Lend-Lease Act) if in any such case the use of mercury to the extent employed is required by the specifications of the prime contract; or

(2) to comply with Underwriters Regulations or Safety Regulations issued under Governmental authority, provided that pertinent provisions of such Regulations were, in either case, in effect both on December 1, 1941, and on the date of such use, and specifically and exclusively require the use of mercury to the extent employed; or

(3) with the assistance of a preference rating of A-1-j or higher.

(f) *Prohibitions against sales or deliveries.* No person shall hereafter sell or deliver mercury to any person if he knows, or has reason to believe, such material is to be used in violation of the terms of this Order.

(g) *Limitation of inventories.* No manufacturer shall receive delivery of mercury (including scrap) or products thereof, in the form of raw materials, semi-processed materials, finished parts or sub-assemblies, nor shall he put into process any raw material, in quantities which in either case shall result in an inventory of such raw-semi-processed or finished material in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the production of mercury products by this Order.

(h) *Miscellaneous provisions.*—(1) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(2) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of mercury conserved, or that compliance with this Order would disrupt or impair a program of conversion from non-defense work to defense work, may appeal to the Office for Production Management, Ref:

M-78, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(3) *Applicability of order.* The prohibitions and restrictions contained in this Order shall apply to the use of material in all items hereafter manufactured irrespective of whether such items are manufactured pursuant to a contract made prior or subsequent to the effective date hereof, or pursuant to a contract supported by a preference rating. Insofar as any other Order of the Director of Priorities may have the effect of limiting or curtailing to a greater extent than herein provided, the use of mercury in the production of any item, the limitations of such other Order shall be observed.

(4) *Communications to Office of Production Management.* All reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to: Office of Production Management, Washington, D. C. Ref: M-78

(5) *Violations.* Any person who willfully violates any provision of this Order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order, may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under Section 35 A of the Criminal Code. (18 U.S.C. 80)

(6) *Effective date.* This Order shall take effect upon the date of issuance and shall continue in effect until revoked by the Director of Priorities. (P.D. PART 1077—RADIO RECEIVERS AND PHONOGRAPHS

General Limitation Order No. L-44 To Restrict the Production of Radio Receivers and Phonographs

Whereas the demands of national defense have created a shortage of copper, aluminum, nickel and other critical materials used in the manufacture of radio receivers and phonographs; action has already been taken to conserve the supply and direct the distribution of these materials to insure deliveries for defense and essential civilian requirements; and the present supply of these materials will be insufficient for defense and essential civilian requirements unless the manufacture of radio receivers and phonographs is curtailed and the use of critical materials for such manufacture is thereby reduced;

Now, therefore, it is hereby ordered, That:

§ 1077.1 General Limitation Order L-44—(a) *Definitions.* For the Purposes of this Order:

(1) "Set" means (i) any type of apparatus designed for the reception of radio broadcasts except apparatus produced under a specific order, contract or subcontract for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development, any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States," (Lend-Lease Act), or for any police department or similar agency of any public authority in the United States, or produced with the assistance of a Preference Rating of A-1-j or higher; or

(ii) any phonograph or other record player; or

(iii) any combination of (i) and (ii).

(2) "Factory Sales Value" means the aggregate net value of all sales of sets from factory or branches to distributors, dealers or consumers, including both domestic sales and sales for export.

(3) "Put into Production" means

(i) begin the assembly of component parts or the chassis of a set after rivet and eyelet operations have been completed; or

(ii) begin the first assembly operation on a set, when the provisions of (i) are inapplicable.

(4) "Class A Manufacturers" means those manufacturers of sets whose factory sales value during the nine months ending September 30, 1941, was \$1,000,000.00 or more.

(5) "Class B Manufacturers" means those manufacturers of sets whose factory sales value during the nine months ending September 30, 1941, was less than \$1,000,000.00.

(b) *General restrictions.* (1) During the period of ninety days beginning with the effective date of this Order, no Class

A Manufacturer shall put into production more sets than 55% of $\frac{1}{3}$ of the number of sets completed by him during the nine months ending September 30, 1941, and shall not install in sets put into production by him during the above ninety-day period more tube sockets than 55% of $\frac{1}{3}$ of the number of such sockets installed in the sets completed by him during the nine months ending September 30, 1941.

(2) During the period of ninety days beginning with the effective date of this Order, no Class B Manufacturer shall put into production more sets than 65% of $\frac{1}{3}$ of the number of sets completed by him during the nine months ending September 30, 1941, and shall not install in sets put into production by him during the above ninety-day period more tube sockets than 65% of $\frac{1}{3}$ of the number of such sockets installed in the sets completed by him during the nine months ending September 30, 1941.

(c) *Avoidance of excessive inventories.* No manufacturer of radio receivers and phonographs shall accumulate for use in the manufacture of such radio receivers and phonographs inventories of raw materials, semi-processed materials, or finished parts in quantities in excess of the minimum amount necessary to maintain production of radio receivers and phonographs at the rates permitted by this Order.

(d) *Records.* All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(e) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

(f) *Reports.* Each manufacturer to whom this Order applies shall file with the Office of Production Management such reports and questionnaires as said Office shall from time to time request.

(g) *Violations.* Any person who willfully violates any provision of this Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code. (18 U.S.C. 80)

(h) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this Order would disrupt or impair a program of conversion from non-defense to defense work, may apply for relief by addressing a letter to the Office for Production Management setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(l) *Applicability of other orders.* Insofar as any other Order issued by the Director of Priorities, or to be issued hereafter, limits the use of any material to a greater extent than the limits imposed by this Order, the restrictions in such other Order shall govern unless otherwise specified therein.

(j) *Application of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (part 944), as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(k) *Communications.* All reports to be filed, appeals and other communications concerning this Order should be addressed to the Office for Production Management, Washington, D. C., Ref: L-44.

(l) *Effective date.* This Order shall take effect on the date of its issuance, and shall continue in effect until revoked. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. PART 1079—HEMP SEED

General Preference Order No. M-82 to Conserve the Supply and Direct the Distribution of Domestically Produced Hemp Seed

Whereas the uncertainty of future shipments of hemp from abroad and national defense requirements for hemp have created a shortage of the supply thereof for defense, for private account, and for export, and it is necessary in the public interest and to promote the national defense to conserve and allocate the existing supply of domestically produced hemp seed in the manner and to the extent hereinafter in this Order provided:

Now, therefore, it is hereby ordered, That:

§ 1079.1 *General Preference Order M-82—(a) Applicability of Priorities Regulation No. 1.* This Order and all transactions affected hereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(b) *Additional definitions.* As used in this Order (1) "Domestically produced hemp seed" shall mean the seed of the hemp plant *Cannabis Sativa* grown in the Continental United States of America; and not heretofore packaged for re-

tail distribution as seed nor heretofore so processed as to be rendered unfit for seed for the growing of hemp plants.

(c) *Restrictions on the use of domestically produced hemp seed.* No person shall hereafter use any domestically produced hemp seed, except for the growing of hemp fiber or for the growing and producing of additional hemp seed.

(d) *Restrictions on deliveries and assignment of preference ratings.* Notwithstanding anything in Priorities Regulation No. 1 to the contrary, no person shall hereafter sell or otherwise transfer title to, or many any deliveries, and no person shall purchase or accept delivery of domestically produced hemp seed, except upon the following categories of orders:

(1) Orders placed by the Commodity Credit Corporation which are hereby assigned a preference rating of A-10, and acceptance thereof is required.

(2) Orders placed by persons engaged in the growing of hemp which are hereby assigned a preference rating of B-1, and acceptance thereof is required.

(3) Such other orders as may from time to time be specifically authorized by the Director of Priorities, and acceptance thereof may be required.

(e) *Application of preference rating.* Any person entitled to a preference rating under this Order may apply the same by endorsing on such person's purchase order for domestically produced hemp seed the following, manually signed by such person or by a responsible official thereof.

This order for hemp seed carries a preference rating of ----, assigned under General Preference Order M-82.

Such endorsement shall constitute a representation to the Office of Production Management that such person was entitled to the rating under the provisions of this Order.

(f) *Reports.* (1) Each person, other than a person of one of the classes referred to in paragraph (d) hereof, having title, on the effective date of this Order, to two or more bushels of domestically produced hemp seed, shall, on or before the close of business on the tenth day after the effective date of this Order, report in writing to the Office of Agricultural Defense Relations, Department of Agriculture, Washington, D. C., as tabulating agent for the Office of Production Management, setting forth the number of bushels of such hemp seed owned by such person and the location thereof. Failure to make such a report on the part of any person shall be deemed a representation to the Government, subject to the penalties of section 35 (A) of the United States Criminal Code, that such person does not have title to such quantities of hemp seed.

(2) Each person delivering or accepting delivery of domestically produced hemp seed, in accordance with paragraph (d) hereof, or as specifically authorized by the Director of Priorities, shall, on or before the close of the next business day following such delivery or acceptance, report in writing to the Office

of Agricultural Defense Relations, Department of Agriculture, Washington, D. C., as tabulating agent for the Office of Production Management, the number of bushels of hemp seed so delivered or accepted, the names and addresses of the persons delivering and accepting delivery, and the place where such hemp seed is to be stored after such delivery.

(g) *Appeals.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of hemp seed conserved, or that compliance with this Order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the Office of Production Management, Reference M-82, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(h) *Communications to the Office of Production Management.* Except as provided in paragraph (f), all reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to: Office of Production Management, Washington, D. C., Ref.: M-82.

(i) *Violations.* Any person who willfully violates any provision of this Order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order, may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(j) *Effective date.* This Order shall take effect upon the date of issuance hereof. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Issued this 23d day of January 1942.
