GIFT OF BLOOD BY GIRL SAVES LIFE OF HER SISTER

University Student Is Alive Because of Sacrifice, Is Opinion of Physicians

Evelyn Ellison, a University of California co-ed, is living today at the Glendale Research Hospital because her sister Mildred has sacrificed three teaspoonsful of blood twice a week for ten weeks. They are daughters of Mr. and Mrs. Hugh Ellison who reside at Berkeley and it only was after doctors in the bay cities had failed to stop Miss Evelyn from dwindling away that she was brought here.

From 118 pounds a year ago to fifty four pounds gaunt weight, the girl seemingly was making no improvement after a month's treatment here. Then the diagnosis decided upon by fifteen doctors was "blood discrasia," or destruction of certain elements in the blood known as hormones. These have to do with assimilation of certain foodstuffs by the digestive organs.

Has Gained Ten Pounds

Then it was that transfusion was resorted to. Sister Mildred was very healthy and the doctors found she would do very nicely for the purpose. When Miss Evelyn's skin was first pricked to insert the needle for transfusing the blood, it was tough as leather and brown, but now it is white and normal. Although she spends most of her time in bed she has gained ten pounds, eats regular meals and walks about the hospital.

FIND BODY OF MISSING PRIEST; MURDER MYSTERY

SAN FRANCISCO, Aug. 11.—Father Patrick E. Heslin, the kidnaped priest of Colma, California, has been found—murdered. Six men early today dug his crumpled body from a rude grave in a tiny grove on the windswept cliffs of Salada Beach, some thirty miles south of San Francisco. Not a man in the party knew Father Heslin in life but identification was certain, because the body was shrouded in a clerical grab of broadcloth. On it was a little silver disk, bearing the picture of Christ on one side and on the other smiled the Blessed Virgin Mary. In a little velvet case was the bread and wine Father Heslin had taken from his home at Colma a week ago Tuesday night for use in the last sacrament he had been called by his kidnapers to administer "to a dying friend." Papers, including a railway rate certificate, a garage bill, bills of lading for furniture and similar articles were also found. William Hightower, a mechanic, furnished the clew which led to the discovery, and guided the searching party composed of himself, Chief of Police O'Brien of San Francisco, Constable Landini of Colma and three newspapermen to the grave. Hightower had found the grave first through a story told him by a woman known as Dolly Mason of Salt Lake city, whose suspicions had been aroused by the disconnected statements of a drunken foreigner who had called upon her. "You better be afraid of this gun," the foreigner had told her. "It has killed a man. But he is not alone. Beside his grave sits a man always frying pancakes." Hightower found the grave within sight of a sign, familiar in the west, picturing an old "desert rat" frying pancakes over a little fire. Hightower had found signs of a grave but investigated no further. He told a newspaper reporter and last night the searching party went out and unearthed the body of the missing priest.

MADALYNNE OBENCHAIN CALLED "VAMPIRE WOMAN"

LOS ANGELES, Aug. 11.—A "vampire woman" who sought to force one of her victims to give a name to her unborn child—that is the picture the state will draw of Mrs. Madalynne Obenchain today in asking her indictment on a charge of complicity in the murder of J. Belton Kennedy, insurance broker. The authorities will attempt to show that Mrs. Obenchain is to become a mother as the result of her relations with Kennedy, that Kennedy refused to marry her and was shot by Arthur C. Burch, whose indictment also will be sought. As evidence of the woman's great magnetism will be presented the fact that Burch, whom she referred to as only a "platonic friend" of her college days, hurried across the continent in response to a single telegram which Undersheriff Manning says read: "Things look bad here. Please come at once.—Madalynne." The state will contend that Kennedy, who was stronger willed than Burch, attempted to extricate himself from the web Mrs. Obenchain had woven about him, was shot by Burch during an altercation when he refused to listen to Burch's pleadings that he marry Mrs. Obenchain. The story as reconstructed by the state, furnishes one of the most amazing examples of selfless devotion—Burch, alleged to be madly in love with Mrs. Obenchain, blindly heeding her beck and call through the years and, finally, sacrificing his freedom and possibly his life to win another man as her husband. Undersheriff Manning thus described the presentation that will be made to the grand jury: "Burch has been identified as the man who rented an automobile. The mark of the tires by the roadside at the Glen correspond with those of the machine he rented. We believe he was waiting at the Glen for Mrs. Obenchain and Kennedy to come. We do not believe murder was premeditated. We will present evidence to the grand jury to show that Burch, with a shotgun in his hands, approached Kennedy and insisted that he marry her at once—that night. In an effort to frighten Kennedy, we believe Burch fired. According to a neighbor, an interval of a minute and a half elapsed before the second shot. In this period it is our contention that an argument ensued and that Kennedy, despite the shotgun pointed at him, attempted to draw his revolver. He wasn't quick enough. He was found dead with the revolver in his hand. This was intended to bring about a marriage—and ended in a murder." Numerous denials were made today of the theory that Mrs. Obenchain was attempting to force Kennedy to marry her to give a name to an unborn babe. According to matrons at the jail, there is no knowledge that Mrs. Obenchain was about to become a mother. The district attorney's office declared it would not follow out such a theory.

FIRST MEETING OF P.-T. FEDERATION TAKES PLACE

Mrs. John Robert White Is Hostess; New Chairmen Named for Activities

The Glendale Federation of Parent-Teacher Associations met on Wednesday afternoon at the home of the president, Mrs. John Robert White, 347 North Orange street. In honor of the affair, which was the first official meeting of the year, the stars and stripes were raised on the flag-pole for the second time since the building of the White's new home. The ladies gathered in the sun parlor and on the porch where they could get the full benefit of the cool afternoon breeze. Mrs. White called the meeting to order, using the federation's new gavel, and led the group in a body to the front of the house for the flag salute.

Before the regular business meeting Mrs. White introduced Rev. W. W. Motter, who came to represent the Near East Relief. He spoke for about five minutes, urging the ladies to appoint a representative of this organization in Glendale as he pointed out the work can be carried on with so much less wasted effort if there is a local representative in each city in the county. The federation president assured him that the matter would be given consideration.

Balance in Treasury.

In the absence of the treasurer, Mrs. White next called for the treasurer's report. Mrs. W. P. Priault, the new treasurer was not present, but she sent statement to the effect that the federation is starting the new year with a balance of \$221.83 in its treasury. A short discussion of the stress laid by the State Federation on scholarships and child hygiene resulted in a suggestion that Article 6, section 1 of the constitution be amended and a department of scholarship and child hygiene be added to it. Mrs. White told of the work that can be accomplished by the P. T. A. in helping needy children to go to school. It was unanimously voted that the amendment to Article 6, Section 1 be adopted.

- The next matter of business brought before the gathering was the presentation for approval of the list of appointed chairmen of the different departments of the federation. Mrs. White read her appointments as follows:
- Chairman of Legislation, Mrs. Harry Greenwalt.
 - Chairman of Education, Mrs. E. B. Moore.
 - Chairman of Membership, Mrs. Pierson Hanning.
 - Chairman of Hygiene, Mrs. Townsend Clark.
 - Chairman of Patriotism, Mrs. W. Crawford.
 - Chairman of Emblems, Mrs. B. L. Cline.
 - Chairman of Publicity, Mrs. E. L. Young.
 - Chairman of Home Economics, Mrs. A. T. Wintersgill.
 - Chairman of Philanthropy, Mrs. Horner.
 - Chairman of Visiting Committee, Mrs. Lily Archolz.
 - Chairman of Recreation, Mrs. H. A. McPherson.
 - Chairman of Courtesy, Mrs. W. A. Campbell.
 - Chairman of Juvenile Court, Mrs. W. H. Dotson.
 - Chairman of Scholarship, Mrs. Eva Daniels.

Appointments Approved

The federation at once voted its approval of the president's appointments and further approved of her suggestion that the principals of the schools be given the privilege of attending the board meetings of the federation. A message to the presidents of the school organizations was read requesting that as soon as the school chairmen are appointed, a list of the appointments be sent at once to the corresponding secretary of the federation so that she in turn can deliver the lists to the different chairmen. It was also requested that all association chairmen make it a rule to send their reports in by the tenth of the month so that the federation chairmen can get their reports ready by the fifteenth. The meeting was then thrown open for a discussion of the possibility of inviting the district federation to Glendale for its autumn meeting. Mrs. Pierson Hanning was appointed a committee of one to inquire if the ladies of the First Methodist church could serve the federation a luncheon and at what cost. Following the discussion it was moved and seconded that an invitation be extended to the district federation asking them to meet in Glendale. Mrs. H. V. Henry was next called upon to explain the possibility of issuing a district bulletin. She stated (Continued on Page 3.)

FIRST MEETING OF P-T. FEDERATION TAKES PLACE

Mrs. John Robert White Is Hostess; New Chairmen Named for Activities

(Continued from Page One) that the monthly bulletin could be issued to each member at a cost of 15 cents per year. The advisability of sending the bulletin to all members as a part of their regular dues, or of asking for individual subscriptions was discussed at some length. The matter was finally placed in the hands of the Emblem and Magazine committee. School Presidents The president next called on the school presidents for a resume of their plans for the year. The new school presidents reported that they had as yet not had a meeting of their organizations, but were very enthusiastic as to the coming year. They agreed that they would take special pains to meet the new mothers and encourage them to come into the association. The school presidents for the coming year are as follows: Mrs. W. B. Alexander, Acacia street school. Mrs. C. H. Crawford, Central avenue school. Mrs. L. E. Andrews, Cerritos avenue school. Mrs. E. S. McKee, Colorado street school. Mrs. C. H. Thompson, Columbus avenue school. Mrs. Peter Diederich, Doran street school. Mrs. E. B. Wyman, high school. Mrs. W. A. Kulp, Intermediate school. Mrs. Fred Spear, Magnolia avenue school. Mrs. Mae Rosenberg, Pacific avenue school. The chairmen who were present at the meeting were asked to present their plans and suggestions for the new year. Mrs. Pierson Hanning, chairman of membership, spoke enthusiastically in favor of a big membership drive early in the year. Glendale hopes to have 2800 members this year, making it the largest organization in the city. The state federation expects to be the largest federation in California and a very great influence for bettering social conditions. Mrs. E. L. Young, chairman of publicity, told of her plan to run a monthly calendar in the local newspapers of the coming school events. Mrs. H. A. McPherson, chairman of recreation, stated that her committee would be interested mainly in seeing the Glendale swimming pool constructed. Mrs. Greenwood suggested the legislation committee's plan that the ladies make a study of the legislation of the city of Glendale and the county of Los Angeles. Mrs. Eustace B. Moore, chairman of education entered a plea for the mothers to know the teachers and visit the schools. Depends Upon Interest Following the business meeting Mrs. White served delicious cakes and ices and the ladies enjoyed an hour's general discussion of the problems that are facing the organized mothers during the coming year. One point was brought up again and again, the fact that the success of the organization depends largely on the interest the individual mother has in the schools and in the Parent-Teachers' association, and the biggest thing the school officers will have to do is to interest the mothers so that they will want to take an active part in the work of the association. The officers for 1921-22 as elected in May are: Mrs. John Robert White, president; Mrs. P. O. Lucas, vice president; Mrs. M. S. Kuehny, secretary; Mrs. H. V. Henry, corresponding secretary; Mrs. P. J. Prialux, treasurer; Mrs. H. V. Henry, auditor; Mrs. A. H. Brown, parliamentarian; Mrs. J. King, historian. Mrs. White extended an invitation to the chairmen present to feel free to call a meeting at her home at any time, as it is centrally located and always at the disposal of the federation. Glendale mothers who attended the meeting Wednesday included Mrs. W. B. Alexander, Mrs. Edward Adams, Mrs. Eustace B. Moore, Mrs. Lily Archholz, Mrs. W. A. Kulp, Mrs. Bert Cline, Mrs. A. H. Brown, Mrs. H. A. McPherson, Mrs. Eva Daniels, Mrs. Mae Rosenberg, Mrs. Pierson Hanning, Mrs. H. V. Henry, Mrs. Percy Prialux, Mrs. Townsend Clark, Mrs. P. O. Lucas, Mrs. Wintersgill, Mrs. H. V. Brown and Mrs. J. R. White.

"Isalah" Ordered From Beach City trustees of Venice have ordered "Brother Isalah" to discontinue his meetings. Nothing but a desert country where the sun would sterilize the patients could the so-called healer go with safety to humanity. It is claimed. For all of his "cures" an epidemic of dread disease which may spread from the sands of Venice beach makes Isalah a potential danger to public health, authorities assert. Can't Find Home; Kills Self Rabbi S. M. Hirsch, who came to Southern California from Texas recently, ended his life in San Diego yesterday because he could not find a home in Los Angeles for his family. It is one of the first cases of record where house-hunting has led to suicide. Want Major to Explain Picture Maj. E. E. Kirk, head of the national guard organization in Southern California, is shown in a picture taken at San Diego some years ago sitting beside Emma Goldman at a radical meeting, according to charges made by the Merchants and Manufacturers' association of Los Angeles which caused an official investigation. Laurel Canyon Homes Burned Two homes were destroyed in Laurel Canyon last night with a total loss estimated at \$20,000. A personal appeal to Mayor Cryer of Los Angeles obtained a fire engine to fight the flames. Boy Scouts rescued four kittens, it is reported. Danish Prince Is Foiled When the Danish Prince Axel refused interviews to reporters at Los Angeles, one more enterprising than the rest posed as an importer and obtained all of the information needed for a "story." It is more proof that even kings and queens are apt to be "spoofted" by the Fourth Estate in America if they don't play the game "four square." Dr. Fred Challinor of London, England, Dr. Marple's Guest Dr. and Mrs. Joseph Marple of 215 West Palmer avenue are entertaining as their house guest Dr. Fred Challinor of London, England. Dr. Challinor is one of England's most talented music professors, and at present is investigating the southern California musical opportunities, with a view of making his permanent home here in the near future. Dr. Challinor arrived in Glendale last week and is planning on leaving about August 20. R. J. Godar Returns From Two Week Trip Robert J. Godar of 1003 East California avenue returned Tuesday morning from a two weeks' automobile trip to San Francisco and other points in central and northern California. He was accompanied on the tour by several of his fellow employees of a Los Angeles wholesale grocery firm. Prehistoric Mexico was occupied and colonized by Chinese, according to archeologists whose researches have resulted in discoveries of incense burners and peculiar three-legged dishes made only by the Chinese.

Walter Lyman Brown and Soviet Delegate Meet In Conference

RIGA, Aug. 11.—One of the last obstacles to American relief in Russia, was wiped out today. Confering with Walter Lyman Brown, head of the American commission, Boris Litvinoff, soviet delegate, agreed to the demand that all Americans should be permitted to leave Russia.

Litvinoff said the task of notifying all Americans would be difficult but that he had hoped it could be carried out satisfactorily. He was assured that deportation of Americans there would not be required.

Brown had another adviser today in Charles R. Crane, former minister to China and an authority on Russian affairs.

Crane arrived after a long overland journey from Peking.

R. W. Colburn, State Legislator, Is Moving Family to Glendale

Robert W. Colburn of Fallbrook, a member of the California Legislature, forty-fourth session, eighth assembly district, and family, are planning to locate in Glendale before the opening of the fall term at Glendale Union high school.

Mr. Colburn first visited southern California at the time of the San Diego exposition. He was first attracted to Glendale by the colony of musical folks in this city, as his daughter Frances Mae is an accomplished pianist. After making a survey of all the suburban cities and towns around Los Angeles Mr. Colburn stated that he and his family came to the conclusion that Glendale afforded the most ideal location of any place for a real home.

Officers and Crew of Stranded Ship Remain Aboard; Danger Great

SAN FRANCISCO, Aug. 11.—In response to an urgent appeal from the steamer San Jose, wrecked on San Pablo reef, Lower California, the steamer Hudson, San Francisco, will leave today for the scene of the wreck with pumps and wrecking gear, it was stated at the marine department of the Chamber of Commerce.

Radio messages from the destroyer Farquhar, which is proceeding to San Diego with passengers and baggage from the wrecked vessel stated that the San Jose is in a dangerous situation on the reef, and that the steamer Grifffdu is unable to render the needed aid. Officers and crew of the San Jose have remained aboard the vessel, according to the dispatches.

INFORMAL RECITAL FRIDAY

The first of a series of informal recitals to be given by the Barnes-Shuck Music company, 211 North Brand boulevard, will take place tomorrow, Friday, afternoon between 2 and 5 o'clock. Caruso reproductions on the Burnham supertone phonograph and selections on the Knabe Ampico will be featured. Interesting remarks on the numbers will be made by Leslie Gordon. These remarks will deal with the history of the composers, singers and musicians, and an explanation of the motif of the music. A general invitation has been extended the public to be present at this first recital.

GIVE FAREWELL LUNCHEON

Margaret and Bernice Brown of Vassar street gave a pretty farewell luncheon Tuesday honoring their two chums, Evelyn and Elaine Horning who are leaving today for Montana for a two years' stay. All wore crepe dresses—as a token of mourning for the coming separation. The place cards were suit cases, umbrellas, bird cages, etc., suggestive of ladies traveling, and the decorations were purple and yellow. Those present at this charming affair were the Misses Evelyn and Elaine Horning, Margaret and Bernice Brown, Jane Richardson, Gertrude and Luella Ashton and Dorothy Olmstead.

'Man Overboard! Final Words for 'Old Timer'

SAN FRANCISCO—Few old timers who knew Abe Haas, the gambler, in his palmy days, would have recognized him in the shabby figure who thrust aside evening commuters on an evening ferry, and shouting wildly, flung himself into the bay and drowned.

But Abe in the seventies and eighties was a conspicuous figure in San Francisco. He was known as the "honest gambler" and strolled down Market street in flashy vests and fancy spats.

But his rich clientele gradually fell away, and Abe was reduced to peddling lottery tickets. He became a derelict of the "good old days."

"Man overboard," was the cry—only that. The crowd did not know him. The "honest gambler" died, unwept, unsung.

SEEKS OPEN PEACE TALK
WASHINGTON, Aug. 11.—Open
sessions of the disarmament con-

today by Senator Johnson, Califor-

of the great disarmament conference
to be held here will come on the
question of open sessions," declared
Johnson.

Watching Scoreboard

Yesterday's hero—Leon Cadore,
the Brooklyn hurler. He singled in
the fifth inning and drove in the
run that gave him the second victory
over the Pirates in the series. Score
1 to 0.
Ruth's forty-second and a pair of
homers by Frank Baker, helped the
Yanks to go back in first place with
a 14 to 8 victory over the White Sox.
Seven hits, including a homer by
Walker in the seventh inning, gave
the Athletics 7 runs and a 9 to 5
win over the Indians.
After losing ten straight games to
the Red Sox, the Tigers finally broke
through and grabbed one, 8 to 4.
The Browns made it three out of
four from the Senators, taking the
last game 5 to 2.
The Reds and Cards split a double
bill. The Cards won the first, 6 to 4,
but the Reds got the second, 6 to 3.

**Harold Nye Traveling
With Magician Company**
Word has been received from Har-
old "Bill" Nye, formerly of the Nye-
Williams company of this city, who
is now in Chicago with a theatrical
company. Mr. Nye, who is a former
graduate of the local high school and
is well known to many Glendale peo-
ple, is working in conjunction with
Nixsum, the nationally reputed or-
iental imitator and magician, and
has charge of all the electrical ef-
fects in the act.
At present they are with the
Pantages circuit, which includes
many cities in the central, middle
west and western part of the coun-
try. In the first two months Nye
reports that they have played in
Kansas City, St. Louis, Denver, Butte
and numerous other middle western
cities.
Mr. Nye expects to return to his
home in this city about December 1,
when he and Nixsum will "wind up"
their engagement by a week's stay at
the Los Angeles Pantages theatre.

Harrison W. Frank and Fred Eld-

the Frank home, 1558 East Wilson
avenue, into a commercial laboratory
and are manufacturing different
kinds of soda pop there. It is like a
small factory and quite complete in
detail, and is always open to visitors
for inspection.

**Detective and Crook
Are Played With by
Fate; Thrills Aplenty**

James Tierney, detective, gasped.
He had hardly recovered from rage
over the way Jimmie Doyle had
spoiled his arrest of a gang of jewel
thieves, when that slick crook
walked into his office and confronted
him with a curt command to keep
his seat and listen.
"If you ever frame me, Tierney,
because I'm an ex-convict, I'll kill
you, if it's the last thing I do,"
Jimmie told him.
"I never frame a crook," was the
detective's reply. "I just watch
'em, and from now on you are going
to get my personal attention."
How Fate played tricks on these
two men—the detective and crook
—is shown at the Glendale Theatre
again today, where H. B. Warner
thrills and sways you in "Dice of
Destiny," a high class melodrama
that has the tensy, the thrill and
the surprise of a pistol shot in the
darkness of a stormy night.

HARDING HELPS TO SOLVE BIG U. S. TAX RIDDLE

House Ways and Means Committee Decides on Revenue Basis

By Herbert W. Walker
 United Press Staff Correspondent.
 WASHINGTON, Aug. 11.—The difficult problem of reducing federal taxes in the face of huge future demands on the treasury appeared solved today.

A tax bill to yield \$3,075,000,000 or \$600,000,000 a year less than the present war revenue act was the aim of the house ways and means committee as the result of the prompt intervention of President Harding in the tax tangle. The president in a two hour conference with house leaders proposed a program, promptly accepted by house leaders. It was:

Reduce government expenditures by 520,000,000.

Obtain several hundred million additional revenue through concerted drives to collect back taxes and the sale of larger quantities of war materials.

Repeal the excess profits tax and reduce the high surtaxes to a maximum of 32 per cent as of January 1, 1921.

Repeal the nuisance and luxury levies as of January 1, 1922.

Cut transportation taxes in half on January 1, 1922 and repeal them on January 1, 1923.

Substitute only an increase in the flat corporation income tax from 10 to 12 1/2 or 15 per cent.

Complete repeal of the present taxes on passenger and freight rates effective January 1, 1922, was decided upon by republican members of the committee. The action does not affect Pullman or express taxes. Decision also was reached to increase the flat corporation income tax to 15 per cent instead of 12 1/2 as suggested by President Harding at a conference of house leaders yesterday.

The committee also formally voted for the repeal of the excess levy and the reduction of surtaxes from a maximum of 65 to 32 per cent.

Border Bootleggers Confess \$25,000 Theft In Seattle Streets

KANSAS CITY, Mo., Aug. 11.—Edward Patton and Louis Gordon, declared to be bandits de luxe who robbed a bank messenger of \$25,000 on a downtown street in Seattle July 14, are held by police here following their arrest at the city's most fashionable downtown hotel.

The two men, both about 30 years old, arrested along with two other men and three women, confessed, according to the police. About \$4,000 in alleged loot was recovered, along with a \$1,000 motor car and suitcases of women's finery.

Patton gave his address as Portland and Gordon, Seattle. John J. Murphy, San Francisco and John J. Fox, San Diego, who were with the two alleged bandits were cleared in confessions of the latter. The women in the "party" were Elva Duker, San Francisco; Myrtle Moore, Kansas City and Milo Moore, Billings, Mont.

Fox told police he and Gordon prior to the robbery had been "running booze across the Canadian border."

Relief Measure Will Give Railroads New Loan of Half Billion

WASHINGTON, Aug. 11.—The administration's railroad relief plan amounts in effect to a loan of \$500,000,000 to the roads by the government. Eugene Meyer chairman of the war finance corporation admitted, under sharp questioning by members of the senate interstate commerce committee.

Committee members by their questions drew from Meyer a series of statements which summarized amounted to this:

That the government has already loaned the railroads \$500,000,000 for which securities have been taken and now proposes to provide \$500,000,000 more by the sale of the same securities, that there will be therefore no net liquidation of the railroads' obligations.

THE BEST IS NONE TOO GOOD IN SANITARY PLUMBING

DAN HUNSBERGER

Don't figure with me for that particular plumbing job on your new home if you want cheap material and unscientific workmanship. I use nothing but the best of material in all my business and do only expert mechanical work.

My Prices Are Reasonable And I Guarantee The Work

For thirty-five years I have followed the plumbing business and have kept abreast of the times, noting the new methods as they have come and gone. I have always endeavored to recognize real improvement, trying out such innovations first to my complete satisfaction. Such development covered the Gas and Heating Work, as well as better methods of Plumbing.

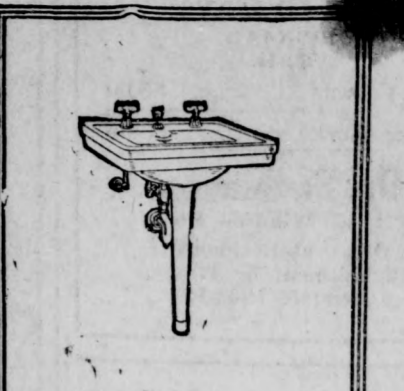

I have always had such confidence in my efforts that I have been glad to refer the results accomplished for others to those desiring my services.

I always carry a complete stock of all kinds of plumbing material and am fully equipped to handle the biggest or smallest job in an expeditious manner.

If I have not served you in the past may I have the pleasure of a trial to substantiate my claims as

Saves housework and lasts a lifetime

The overflow cleansing device and the elimination of metal work from the slab—both exclusive Maddock features—greatly reduce the work of keeping this lavatory clean and sanitary.

And, being made entirely of snow white, easily cleaned, almost unbreakable vitreous china, this fixture gives a long service without the repairs that inferior equipment requires.

An estimate, which we will gladly prepare, will show that such equipment is really not as costly as you may think. Come in and let us make this estimate for you.

FIRST PAPERMAKER

The original papermaker is the paper spider, in the dense woods in the interior of Africa, that large spider building its home from the paper of its own making, when it selects a smooth surface about two inches square, covering it with fine threads that are papery, placing its 50 eggs beneath, then spinning a thin border that pastes it down tight until the eggs hatch in three weeks.

HIS NAME FOR IT

She had the habit of being late in keeping appointments. Well, that's nothing; so have other women. This particular day the appointment was with her husband. At last she did put in an appearance. "Oh, are you waiting for me, dear?" "Waiting?" No; sojourning!"

A little carelessness is all one needs to invite great disasters.

THE KISS

If you struggle with a girl When you try to kiss the dear, You may land one on her chin Or perhaps upon her ear. If she really wants the kiss, And you don't forsake the chase, By and by her dainty lips Sort of snuggle into place.

Greeks believe that some plants have immortal souls.

COURTING UP TO DATE

"The demure, shrinking type of maiden used to be able to walk to the altar with the matrimonial bacon," complains Miss Etta Kette, "but the one who brings home the husband nowadays seems to be the one who grabs him and bites her initials in his cheek."

Dignity dwells not in dress or manner, but in conduct.
