The Billimore papers have Telegraphic despatches amounting the arrival of the steam ship Asia. The news which they furnish has however, been entirely anticipated, with the exception of the annexed commercial intelli-

mercuntum, you are going up without any mercuntum. So the sto forward passengers to and from the Guil Coast to the Lakes. Mr. Childs, the chief engineer, had left with a part of his curps of assistants, to examine the Machaca and Castillo Rapids, and report respecting their depth, &c. The Director arrived as Jusan de Nicaragua Ang. 22 Mr. Child and his party arrived in good health with the schr. Enterprise on the 11th.

be will give concern only in the larger places. Jenny Lund is to go to London, under contract with Barnom, at the time of the great fair.—
Jenny Lund was to have gone to Yonkers on Saturday, and spend kinnday with Rev. Dr. Baird, there. The weather looking forbidding Johe changed her mind.

ELECTORS IN GREAT BELTAIR.—A parliamentary paper has been printed, which shows the number of parliamentary electors in Great Britain and Ireland, a cording to the registration of 1881, 1819 and 1850. In 1849 and 439 the total number was 1,041,243, wholat in 1849 and 450 the number was 1,041,247, in the United Kingdom. In England, on the present registration, the number was 1,050,197, in the United Kingdom. In England, on the present registration, the number was 1,050,197, in the United Kingdom. In England, on the present registration, the number was 1,050,197, in the United Kingdom. In England 20,215—making the total of Great Brain 978,121; and in Freiland 72,066—making the total in the countries cities and broroughs, 1,050,187.

The therality of the English system is illustrated by three statistics. With a population of 28,000,000 the three lolands (contrain 1,050,187 entitled to the right of suffrage, while the United States, with a white population of 18,000,000, has 6,000,000 of electors. According to the proportion in this country, Great Brains and Ireland ought to have nearly force Brains and Ireland ought to have nearly shifted the first other mechanics of Washington and Read Present and Present and Present and Present and Present of the Country of the Present of the Present of the Indian and Ireland ought to have nearly shifted the first other mechanics of Washington and Present and Present of the Present of
