

# EDUCATION

Annual Plan 2023

Education 116'500 CHF

## LIFELONG LEARNING – TEACHER TRAINING

### Training data

Training material around Wiki projects and digital literacy is available across the web. WMCH intends to aggregate and evaluate these existing training elements and possibly fill curriculum gaps.

### Outreach and testing

Once the material has been collected, WMCH will reach out to community and education stakeholders to test (pilot lessons) the material and translate it.

Budget: 27'000 CHF

## OPENEDU

### Education Scientific Committee

In order to enable quality assurance of the content uploaded, WMCH will enable the creation of an Education Scientific Committee. This committee will also be able to create pedagogical aspects surrounding uploaded training documents.

### Platform review and testing

The tested material during the teacher training phase will be uploaded to openedu. WMCH will then concentrate on the UX of the platform through beta user testing and surveying.

Budget: 20'000 CHF

## LIFELONG LEARNING - CERTIFICATIONS

### Trainers

The education programme needs trainers having a professional background, able to motivate and to mentor. Lifelong training will become a strategic area and a resource for other projects.

### Training

WMCH will propose a system of training to release certifications. Following the planning undertaken in 2022, 2023 will see the revision and implementation of this plan.

Budget: 25'000 CHF

## COMMUNICATION AND PARTNERSHIPS

### Partnerships

Partnerships are crucial. The creation of strong and reliable partnerships will still be a key item for 2023 to improve and to boost the other activities, as a continuation of 2022.

### Communication

Pilot lessons, case studies and informational booklets will strategically connect, enabling the creation of a high impact/low input outreach plan.

Budget: 19'500 CHF

## TECHNOLOGY, TOOLS AND PARTNERS

### Rumantsch

With the intent to fill an educational gap in regard to digital literacy in Rumantsch, WMCH will respond to this through different tool, projects and partnerships.

### Tools and events for education

WMCH wants to be able to engage with the educational community and respond to grant requirements, for new tools and possible events arising during 2023.

Budget: 25'000 CHF
