SUBJECT: Collective Report of Investigation (May 16--May 31, 1951) as to Those Who Have Applied for Permission to Sail Abroad.

With papers attached hereto, we are going to report to you the result of the subject investigation effected during the said period.

M. Yoshikawa

Director of Special Investigation Bureau,
Attorney-General's Office.

List of Persons Who Have Applied for Permission to Sail Abroad, Based on Investigation for the Period from May 16, 1951 to May 31, 1951.

I. Those of Whom Investigation Was Commenced during the Period:

See P. 2

File Number	Name	Occupation	Remark
39	TOKUDA Masaji	Merchant	
40	YAMASHITA Ryunosuke	Teacher of a middle school	

II. Those of Whom Investigation Was Finished during the Period:

File Number	Name	Occupation	Remark
36	NAWA Toshio	Factory worker	Not objectionable.
9	NIISATO Bentaro	None	(1) Although no remarkable ideological tendency is recognized about this person, he is a man easily to be utilized by others by means of benefit. He is now on friendly terms with KAMIIKE Sakae, Organization Section Chief of the People's Party of Okinawa, a political group which is under the influence of the Communist Party. (2) Besides going to Okinawa two times through formal permission, he is reported to have secretly sailed there several times so far. He has also committed such a dishonesty as to receive, in return for his false promise to offer convenience in sailing to Okinawa, from a number of persons who were desirous of going to that island.
39	TOKUDA Masaji	Merchant	(1) During the war this person belonged to the headquarters of the Training Institute for the Cultivation of Manchuria and his thought seemed to be then inclined to the right;

but after the cessation of the war, he came to be influenced ideologically by his elder brother TOKUDA Kyuichi, executive member of the Communist Party, and seems to have visited the Communist headquarters from time to time.
After the purge of TOKUDA Kyuichi, however, he is deemed to have severed himself from the Communist Party. It is not recognizable that he keeps communication with TOKUDA Kyuichi who is now missing; but in view of his present tendency in thought as referred to before, his activities have nowadays been put under surveillance.

(2) This person is now almost out of jobs, and doubts are raised as to his prospect for getting his travelling expenses required and the purpose of his travel which he declares to consist in bringing home the bones of his dead parents.

(3) OKUYAMA Hachiro, who is his relative and who has been made his guarantor, is not aware of his application for sailing to Okinawa; and besides, he is out of communication with any other of his relatives.

June 22nd, 1951.

SUBJECT: Collective Report of Investigation (June 1 to June 15, 1951) as to Those Who Have Applied for Permission to Sail Abroad.

With papers attached hereto, we are going to report to you the result of the subject investigation effected during the said period.

Masumi Takahashi

For Director of Special Investigation Bureau,
Attorney-General's Office.

List of Persons Who Have Applied for Permission to Sail Abroad, Based on Investigation for the Period from June 1, 1951 to June 15, 1951.

I. Those of Whom Investigation Was Commenced during the Period:

File Number	Name	Occupation	Remark
41	TANIMOTO Taizo	Assistant editor of a magazine.	
42	SAKATA Shoichi	Professor of Nagoya University.	
43	KOTANI Masao	Professor of Tokyo University.	
44	HIRABE Sadamasa	Member of a company staff.	

II. Those of Whom Investigation Was Finished during the Period:

File Number	Name	Occupation	Remark
40	YAMASHITA Ryunosuke	Teacher of a middle school	Not objectionable.
41	TANIMOTO Taizo	Assistant editor of a magazine	Through investigation by this office effected, upon the request of the Foreign Ministry, as to materials so far collected, it was revealed that TANIMOTO had been a member of the All-Japan Press and Radio Workers' Union, an organization most strongly inclined to the left; but in October 1948 he severed himself from this organization and joined the All Asahi Press Workers' Union which belongs to the Japan General Council of Labour Unions. Apart from this, no data are found which indicate the ideological tendency of this person more fully.
42	SAKATA Shoichi	Professor of Nagoya University	1. This person is an authority on an atomic theory and retains a positive reputation among the students of his university. 2. No fact is found that he joined the Communist Party, externally acted in favour of that party or directly exercised any

			influence on student movements; but as vice-president of the Democratic Scientists' Association, which is recognized to be a satelite organization of the said party, and as president of the Nagoya branch of that association, he has developed vigorous activities by frequently holding a culture course at the said branch inviting influential members of the Communist Party to it. 3. On April 3, 1951 he attended a meeting of atomic students held at the Sanjo Goten of Tokyo University, on which occasion he became a signatory of a "statement for peace" and a "message to American atomic students and their circles." 4. The membership of the Democratic Scientists' Association mostly consists of Communist members and sympathizers, and judging from his ideological trend as well as activities, Mr. SAKATA is deemed to be a sympathizer of the Communist Party.
43	KOTANI Masao	Professor of Tokyo University	Not objectionable.
44	HIRABE Sadamasa	Member of a company staff	"

SCAPIN 2072/2

12 April 1951.

MEMORANDUM FOR: JAPANESE GOVERNMENT

SUBJECT: Applications for Travel of Japanese Nationals Abroad .

1. Reference is SCAPIN 2072.

2. The Supreme Commander for the Allied Powers desires that the Japanese Government assum a more normal function in the processing of applications for travel abroad by determining and certifying the acceptability of the individual applicant as a traveler from the standpoint of the interests of the occupation, of Japan, and of the country of destination prior to submitting the individual's application for the approval of the Supreme Commander for the Allied Powers.

3. In order to determine whether or not an applicant is a person whom the Japanese Government is willing to acknowledge as fully qualified to represent Japan as a traveler abroad, the Japanese Government will take appro-

priate action to verify the authenticity of the Statements made by the applicant and to ascertain that the personal attributes of the applicant are such that the proposed travel would not be prejudicial to the interests of the occupation, of Japan, or of the country of destination.

4. Effective immediately the certificate on the applicant's Personal History Form, attachment 2 to application for passport, is amended to read as follows;

Certificate

I certify that the above is the true signature and seal of the individual concerned, that the applicant is acceptable to the Japanese Government from every standpoint and that there is nothing in the applicant's past or current activities which would indicate that the travel as planned would be prejudicial to the interests of the occupation, of the country to which applicant desires to travel, or of Japan.

(Estimate 4 days travel time)

PURPOSE OF PROJECT: This Mission will be composed of a Diet member and high level personnel of the Attorney General's Office and of the police who are interested in (1) the relationship between the executive and legislative branches of the Government as it pertains to initiating and drafting legislation for control of subversive elements, (2) a study of legislation enacted by other democratic countries and related laws pertaining to control of subversive activities, and (3) the administration of those laws by various Government agencies.

It is intended for the group to study the roles of the Legislative and Executive Branches of the U.S. Government in the control of undemocratic activities. SCAP has guided the Japanese Government in its effort to control subversive and undemocratic elements for the last five years. It is apparent, however, that within the foreseeable future this guidance will be withdrawn, and Japanese Governmental officials will be faced with the immediate problem of designing a policy backed by enforceable legislation to control undemocratic elements. To prepare themselves, members of this group should study policy level functions. They should learn the basic

principles of effective control of undemocratic elements as practiced in the United States in order to adapt those principles to the needs of Japan. For this reason, members should visit not only the Congress and the particular sub-committees therein which investigate subversive activities, but also study in the Central Office of the Federal Bureau of Investigation as well as in the Criminal Division of the Department of Justice. Further, the members should observe the work of the Solicitor General, and of the Deputy Attorney General.
