# KNITTING *and* CROCHETING

## *The Work and the Yarns*

---

---

**K**NITTING was once every woman's duty. Now it is her pleasure, her relaxation, her nerve-soothing occupation for leisure moments in a busy life. With the growth of the various arts and crafts movements, knitting, like all handwork, has taken on a new dignity; and the increasing use of fine yarns gives it new possibilities of beauty.

To the uninitiated, it may seem strange that the difference in quality of the yarns can make such an utter difference in the result. But the skilled knitter knows that no yarns have yet been made to equal the COLUMBIA YARNS in loftiness of thread, flexibility, softness, and exquisite coloring, and that these are the points that tell in the completed garment. A garment well-knitted of COLUMBIA YARNS is the ideal of beauty in its line.

The greatest care has been taken with the instructions in this book. They are practical, clear and accurate; and novice and adept alike will find them useful and interesting.

For the beginner, every step of the way is made plain. Her teacher is the book, always at hand, always willing to repeat, ready with the next lesson as she progresses.

The skilled knitter finds all the time-honored stitches and all the new ones; all the favorite articles, and the latest ideas. It is a complete manual in the Art of Knitting and Crocheting; and any woman who carefully follows its directions may be successful in these delightful occupations.

# First Stitches: Knitting

## TO CAST ON STITCHES

Make a loop in the yarn, and put it on the left-hand needle. Slip the right-hand needle into the loop, throw yarn around the point of right-hand needle, draw it through and slip that loop on the left-hand needle. Put the right-hand needle into the loop just made, and repeat until you have the required number of stitches.

## TO KNIT PLAIN

Having the number of stitches required on the left-hand needle, slip the right-hand needle into the last stitch made. Throw yarn over right-hand needle and draw through stitch. Repeat until all the stitches are on the right-hand needle.

## TO PURL OR SEAM

Bring the yarn in front of the right-hand needle, take up the stitch on the left-hand needle by slipping right-hand needle into the front of stitch. Throw yarn around the back of needle as it passes in the stitch, catch it in, and take it off. Be careful always to carry the yarn back of the needle after a purled stitch before knitting a plain stitch.

*Columbia Yarns wouldn't be so beautiful or wear so long if they weren't made from the finest wool*

# First Stitches: Knitting

## TO SLIP A STITCH

Take the stitch from the left-hand to the right-hand needle without knitting it.

## TO MAKE A STITCH

Bring the yarn in front of the needle (as in purling) and knit plain.

## TO MAKE A STITCH WHEN PURLING

The yarn being already in front of the needle, must also be passed around the needle.

*An introduction to Columbia Yarns always leads to a delightful and lasting friendship*

# First Stitches: Knitting

TO MAKE A TWIST STITCH

Like plain knitting, except that the needle must be put in the back of the stitch. Then knit as usual.

TO SLIP AND BIND

Slip the stitch from the left-hand to the right-hand needle without knitting. Knit the next stitch, then pass the slipped stitch over the knitted one.

Note.—Sometimes the slipped stitch is passed over 2 and even over 3 stitches knitted together, where it is necessary to decrease the number of stitches.

TO BIND OFF

Knit the first 2 stitches, pass the first stitch back over the second stitch, knit 1 stitch, pass the stitch on the right-hand needle over it, and repeat, until but 1 stitch remains. Draw yarn through and break off.

*There's one way to be sure of the best yarn—look for the Columbia ring label*

# First Stitches: Crocheting

## CHAIN STITCH

Make a series of loops, drawing each loop through the preceding one.

## SLIP STITCH

Skip first stitch of chain. Insert the hook in next stitch, throw yarn over hook and draw through both loops on needle.

## SINGLE CROCHET

Insert hook, draw yarn through, pass yarn around the hook, and draw it through both loops on the hook.

*The fine quality and brilliant coloring of Columbia Yarns are an inspiration to the knitter*

# First Stitches: Crocheting

## DOUBLE CROCHET

Pass the yarn around the hook, insert the hook, draw yarn through; pass the yarn around the hook and draw yarn through 2 loops and again through 2.

## LONG CROCHET

Pass the yarn around the hook, insert hook, draw yarn through; pass the yarn around the hook and draw it through 1 loop, then through 2, then again through 2.

## TREBLE CROCHET

Pass the yarn around the hook twice, insert the hook, draw yarn through; pass the yarn around the hook, draw through 2 loops, again through 2 loops, and again through 2.

*Knitting was once a woman's duty—it is now her pleasure, and, with Columbia Yarns, her art*

# Explanation of Terms Used in Knitting and Crocheting

In the preceding pages are found the first stitches in knitting and crocheting, the more complex stitches are made by various repetitions and combinations of the simple ones already given. Therefore you will find references continually to the first steps, and the references are abbreviated. Thus, "work Sg. C or D C" means "work a single crochet or a double crochet"; the method of working these has already been explained on pages 10 and 11. The following is a list of the abbreviations used, with the explanation of them:

Ch.—Chain stitch. Explained on page 10.

Sl. St.—Slip a stitch. Explained on page 10 (crocheting) or page 8 (knitting).

Sg. C—Single crochet. Explained on page 10.

D C—Double crochet. Explained on page 11.

L C—Long crochet. Explained on page 11.

T. C. or Tr. C—Treble crochet. Explained on page 11.

P—Picot.

C—Crochet.

Th. O—Throw over.

Stars, thus \* \*, mean that the work described between them is to be repeated. They save unnecessary description where a row is the same as a preceding one.

Wrap—Means to throw yarn over needle.

*Not only what a yarn costs per hank, but also what quality and quantity of work it yields you, determines the economy of buying it*

Work the 37th row until 23 stitches from the top, then make 23 chain for the opening in the front, working same as before, until 36

rows are made. Join the 73 rows with 35 chain and break off.

Work across for 10 rows, beginning so that the rows will be uniform as before. Join the sides together, leaving an opening  $2\frac{1}{2}$  inches long at side last made for the armholes.

To finish sleeve make 1 D C into the 2d stitch, 1 D C into 1st stitch, forming a cross stitch, then finish all around the sleeve by making 1 Sg. C, 2 chain, 2 D C into the same stitch. For the neck make 1 D C, 1 chain stitch over every rib, then finish as before.

#### NEWPORT STITCH

Third Row—1 Sg. C, then wrap twice for a treble. Insert the hook in the top stitch of the first row of Sg. C, then 3 Sg. C. Always pick up first the back stitch, then the treble, then crochet and so on till end of row.

At end of each row break off yarn.

Fourth Row—2 Sg. C, then the treble—this brings the treble back of the one in the preceding row. Then 3 Sg. C 1 above the treble, which must be drawn through the stitch. For the other two pick up back stitch and continue this until you have 5 Sg. C stitches at the beginning of row. Then commence the pattern again. Work 4th row for 6 or 8 rows more, then reverse pattern. On the next row put in the treble even with the one in the preceding row. Work the treble of this row in the treble of the last row, then let the treble run the other way. This brings the treble in front of the one in the preceding row.

Then 3 Sg. C. The one above the treble must be taken through the treble stitch. For the other 2 pick up back stitch and continue this until you have 5 Sg. C stitches at the end of row. Then commence the pattern again. Work last row for 6 or 8 rows more, then reverse the pattern again. First work the row where the treble is even with the one in the preceding row, then repeat from 4th row on

### DOUBLE HOOK AFGHAN STITCH

Wind the yarn into 2 balls, as 1 ball is used at each end of the work. Make a chain the desired length, take up each stitch as in afghan stitch, retaining the stitches on the needle. Turn the work (fasten the other ball of yarn to the other end of the work), take the stitches off the needle with the other hook.

Third Row—With the same hook take the stitches up again.

Fourth Row—Turn the work, taking them off with the other hook. Repeat 3d and 4th rows alternately for all the work.

DOUBLE HOOK AFGHAN STITCH

### STAR STITCH

Make a chain the length desired. Draw a loop up through each of 5 successive stitches of the chain, throw the yarn over and draw it through all the stitches on the hook, and 1 chain stitch. \* draw a loop through the eye

formed by the chain stitch just made, draw a loop through the back of the last loop of star just made, draw a loop through the same chain stitch where the last loop was made, draw a loop through each of the next 2 chain stitches,

pass yarn over and draw through all 6 stitches on the hook, chain 1. Repeat from \* to end of chain, break off yarn.

Second Row—Insert the hook in the end stitch of the 1st star, made in 1st row of work, pass yarn over and draw a loop through and chain 3, draw a loop through each of the two first chain stitches made, draw a loop through back part of next chain stitch, draw the 5th loop through the chain stitch beyond the 1st eye of the 1st star of preceding row, the last or 6th loop through the eye of preceding row, pass yarn over and draw through all 6 stitches on hook and chain 1. \* draw a loop through the eye, draw a loop through the back of last loop of preceding star; draw a loop through the eye of preceding star of last row; draw a loop through back of chain, draw a loop through the eye of star of last row; pass yarn over and draw through all 6 stitches on the hook and chain 1. Repeat from \* to end of row. Care must be taken to have the same number of stars in each row; to do this draw the 6 loops of the last star in each row through the last stitch of the end star of preceding row. This keeps the ends straight.

## INSTRUCTIONS

Make a chain of 75 stitches.

First Row—1 plain crochet stitch in chain, then take up next stitch on chain. Keep 1 stitch on needle and crochet 3 chain stitches, the 4th stitch taken through both stitches. (This forms the raised stitch or popcorn.) After the popcorn stitch, make a Sg. C, then a popcorn, and continue in like manner to the end of chain, making 37 popcorns in the length of afghan.

Second Row—Commence with 2 Sg. C stitches, take needle through both stitches so that the popcorn will come in between those of the 1st row, and continue in a like manner

as in the 1st row, putting 1 Sg. C between each popcorn through the whole afghan.

You must make popcorn come in between those of the row you have just finished.

Finish the afghan with 2 rows of star stitch around the entire article, and a row of popcorn stitch between them, and edge with chain of Pink and White. Take up stitch in centre of star and crochet 5 stitches with White, then take up centre of next star and crochet 5 stitches of Pink (this makes it necessary to have both colors going at the same time). In taking up the centre of the 3d star, cross the White over the Pink, and continue in like manner all around the afghan.

*The rich, delicate coloring of Columbia Yarns would be impossible if the yarn itself weren't the best quality*

## INSTRUCTIONS

Commence with a chain of 164 stitches, 82 beans in length of afghan, 1 stitch between each bean.

To make the bean, stick the needle through the 2d chain stitch without wrapping, then wrap 1 over needle and stick in the same stitch, then wrap again and stick in the same stitch, then draw all the stitches together and fasten with a slip stitch.

Bean afghan is alike on both sides. You crochet back and forth without breaking the yarn, except to add a different shade.

For large shell use Olive Green No. 6, 7 D C stitches in shell. Over the shell make 1 row of Copper No. 1. Finish with picots, using Copper No. 2.

Another very attractive combination of colors for this afghan is: Lily White Nos. 3, 5 and 7; Old Rose No. 2; Sunrise No. 1; Salmon No. 0 and Cream White.

*No matter how stylish an afghan may be in design, it lacks beauty and fineness when made from inferior yarns*

## INSTRUCTIONS

The afghan consists of 5 stripes: 3 Scarlet,  
2 Lily White—7 shades of Scarlet, 6 of Lily  
White.

Commence with a chain of 291 stitches.

First Row—1 Sg. C in each chain stitch.

Second Row—Same stitch, picking up back  
stitch.

Third Row—1 Sg. C, then wrap twice for  
a treble, sticking in the 1st row of the Sg. C,  
then 3 Sg. C. Always pick up first the back  
stitch, then the treble, then crochet, and so on  
till end of row. At end of each row break off  
yarn.

Fourth Row—2 Sg. C, then the treble—  
this brings the treble back of the one in the  
preceding row. Then 3 Sg. C, 1 above the  
treble, which must be drawn through the  
stitch. For the other 2 pick up back stitch  
and continue thus until you have 5 Sg. C  
stitches at the beginning of row. Then com-  
mence the pattern again.

Make

- 4 rows of Darkest Red
- 4 rows of next
- 4 rows of next
- 3 rows of next

3 rows of next

3 rows of next

2 rows of Lightest Red, with treble  
put in same as before.

On the next row put in the treble even with  
the one in the preceding row, putting the  
treble of this row in the treble of the last row.  
Then reverse the pattern and let the treble  
run the other way, making 1 more row the  
lightest shade (making 4 rows in all of the  
Lightest Red); then make the same number  
of rows for the other side of stripe.

For Lily White Stripe—

4 rows of Darkest

4 rows of next

4 rows of next

3 rows of next

3 rows of next

2 rows of Lightest

Then reverse same as in Red, join the stripes  
with the Red and the Lily White next to the  
darkest shade in each color, making a chain of  
3 stitches of each shade, and crossing to form  
the cord. For shell use the same shade of Red  
as for cord, making 9 D C for each shell, 3  
Sg. C between. For the picot use the same  
shade of Lily White as for cord.

*Softness, fineness, evenness and elasticity all help to make Columbia Yarns the best and most economical*

## DOUBLE SHELL STITCH

DOUBLE SHELL STITCH

skip again 3 stitches and make 9 D C in the 4th stitch from the last Sg. C, fasten this shell the same as the 1st one and in the next 4th stitch, continue to end of row. Break off yarn.

Second Row—Fasten the yarn in the 1st stitch of the first shell in previous row. Throw the yarn over the hook, put the hook through the stitch where yarn is fastened, and draw a loop through loosely; throw yarn over and draw loop through same stitch and all the stitches on the hook so as to leave 1 loop on hook; throw the yarn over before you take up the 2d stitch, then after taking up the 2d stitch throw the yarn over again and draw through 2 loops. Take up the following

stitches in the same way, until there are 5 loops on the hook; throw yarn over and draw through all 5 loops on the hook; close the loop with a slip stitch, thus forming an eye; chain 4 and fasten it to the middle of the 1st shell in the 1st row by a Sg. C; throw the yarn over and make 10 stitches like the group of 5 just completed, closing the group in the same way. Make a chain of 4 and fasten it by a Sg. C in the middle of the 2d shell of the 1st row; put the yarn over and take up the stitch next to the Sg. C; throw the yarn over and draw through 2 loops; repeat until 10 stitches are again on the hook. Close the group as before, and continue in the same way across the row, ending with a cluster of 5 to keep the edge even. Break off even.

Third Row—Fasten yarn in the eye of the 1st half group of stitches in the 2d row. Make 4 chain and 4 D C in this same eye and fasten the last one by a Sg. C to the 1st Sg. C in the 2d row. Make 9 D C in the next eye of the 2d row, fastening the last D C by a Sg. C in the next Sg. C of the 2d row (this brings the centres of the shells together in 1 eye), and repeat to end of row, making 5 D C in the last eye. Break off yarn.

Fourth Row—Fasten yarn in the top of the chain of 4 at the beginning of the 3d row; then following the direction given for 2d row, take up the stitches of the shell in groups of 10. Finish with a chain of 4 fastened at the edge. Break off yarn.

Fifth Row—Fasten the yarn in end of shell of preceding row; make 9 D C in the 1st eye of the 4th row, and fasten the last one in the Sg. C of the same row. Repeat across the row. Break off yarn.

Fifth Row—Like 3d row.

Sixth Row—Like 2d row.

Seventh Row—Like 4th row.

These 3 rows form the pattern. The 12 and 13 stitches at the sides form a herring-bone border. For two sides make the shawl a square.

For the bottom borders you can cast on 12 stitches and knit as the first 12 stitches of the side borders when you have as many rows knitted as there are ridges on the side borders, then crochet them to the top and bottom of the centre of shawl. Crochet loops of 2 chain for each corner so it makes a perfect corner.

To crochet the fluted border, make 6 D C in the first stitch of side border nearest the corner, slip 2 or 3 ridges, \* wrap, take up 1 stitch on the needle, wrap, take up another stitch, wrap, take up another stitch, wrap, take up another stitch (in all 4 times in the same stitch), making 9 stitches on the needle; draw loop through the 9 stitches on needle, then 1 chain stitch to lock it (these stitches should be drawn up at least  $\frac{1}{2}$  inch long). Repeat this in the same stitch, which will make two puffs in 1 stitch; skip 2 or 3 ridges, make a

Third, Fourth and Fifth Rows—Like 2d row.

Sixth Row—The shells are 1 D C between 1st and 2d stitches, 1 D C between 2d and 3d stitches, 2 D C in centre, 1 D C between 4th and 5th stitches, 1 D C between 5th and 6th stitches.

Pick up the stitches of the back on steel needles and knit 2 together all the way across. Make this band also  $1\frac{1}{2}$  inches deep. Bind off all bands loosely.

SLEEVES—Begin at the top and cast on bone needles 30 inches, make pattern and increase 3 stitches at beginning of every row until you have 117 stitches on the needle. Knit pattern without increasing for 2 inches. Decrease now 1 stitch at each side of needle, every 4th row, until there are 85 stitches. Continue knitting pattern until the sleeve is 14 inches long on inside edge; then narrow off 20 stitches in centre and begin cuff.

Transfer to steel needle, and knit 2, and purl 2 for 3 inches; narrow on each end of needle every 3d row, until there are 60 stitches. Finish the cuff, make it  $8\frac{1}{2}$  inches deep, bind off and sew up. Sew up body and sew in sleeves.

COLLAR—With Steel needles pick up 120 stitches around the neck, and knit 2 and purl 2 to depth desired.

Face the garment on both sides with ribbon, and close with buttonholes.

Using these directions, for 34 bust cast 6 stitches less in width of back (75) and 6 stitches less each side in front where directions call for 21 stitches.

First Row—\* Knit 2, purl 2, repeat from  
\* to end of row.

Rows—Like 1st row.

Second Row—\* Purl 2, knit 2, repeat from  
\* to end of row.

Fourth, Sixth, Eighth, and Tenth Rows—  
Like 2d row.

Twelfth Row—\* Knit 2, purl 2, repeat from \* to end of row.

Thirteenth Row—\* Purl 2, knit 2, repeat from \* to end of row.

Fourteenth, Sixteenth, Eighteenth, Twentieth and Twenty-second Rows—Like 12th row.

Fifteenth, Seventeenth, Nineteenth and Twenty-first Rows—Like 13th row.

These 22 rows form the first two patterns throughout the garment. On the 12th row, and each succeeding 12th row, decrease 2 stitches on each end of needle until there are 84 stitches. Continue until back measures 14 inches to under arm, then decrease 1 stitch at beginning of every row, or until you have 78 stitches on needle. Knit without decreasing until back is 20½ inches long, ending with the finished pattern. Slip the first 30 stitches on a knitting needle, bind off intervening stitches, and on the other 30 stitches knit one front after the following directions, and the other to correspond.

To shape the neck knit 11 rows, then increase 1 stitch every other row towards neck until 7 stitches are added. Now cast on 50 stitches, there must be 87 stitches for the front. Knit without further increasing for 2 inches, then increase 1 stitch every other row towards the armhole, until you have added 15 stitches; now cast on 28 stitches for under arm. You now have 130 stitches on needle.

Now shape the side seam exactly like the side seam in the back. When you have same length on both side seams knit from front towards side seam, and leave 18 stitches on needle, turn and knit back; leave 4 stitches more on under-arm needle each time until you have 98 stitches left, this makes the garment a trifle longer in the front. Bind off loosely. Now take up stitches from knitting needle and knit

the other front, care being taken to increase on neck and armhole on proper sides of work. Sew up under-arm seams.

Along the two fronts and bottom of coat crochet 2 rows of 1 Sg. C as follows: With yarn double, work 1st row very tight, and on 2d row start from revers down with Sg. C, at the corner work 2 Sg. C, \* chain 2, skip 2 stitches, make 10 Sg. C. Repeat from \* to end of front (these are the buttonholes), work the other front to correspond, work 1 row more of Sg. C all around, three rows in all; the crocheted edge should be perfectly flat when finished.

SLEEVE—Cast on 50 stitches, increase 2 stitches each end of every other row until you have 100 stitches on needle, then cast on 10 stitches on each end of needle, care being taken to follow out pattern properly on stitches that are added. Knit 3 patterns or 33 rows without decreasing, then decrease 2 stitches at each 12th row at each end of needle until you have 80 stitches on needle. Knit without further decreasing until it is 18 inches long on inside edge. Bind off rather tight, crochet edge same as around garment. Sew up sleeve and sew in armhole.

COLLAR—Cast on 112 stitches, and knit pattern for 28 rows, bind off and crochet edge around same as around garment, sew collar carefully to garment, and sew the edge of the collar to rever, and finish with a band of satin ribbon to hold collar in place.

POCKETS—Cast on 30 stitches, and knit 22 rows or 2 patterns, finish with a crochet edge and one buttonhole in centre, sew in place on coat.

For each size above 38 cast on 6 stitches additional for back, both fronts, and sleeves; and for smaller size, 6 stitches less for back, both fronts, and sleeves.

*Look to your yarn as a painter to his color. The beauty and delicacy of color in Columbia Yarns make them truly fit for the artist in needlework*

entire garment is knit in this pattern, which must be understood, without further reference. Continue pattern for 5 inches, change to steel needles. Knit 1 and purl 1 for 4 inches, narrowing three stitches in centre of back in 1st row; this forms the girdle. Then change to bone needles. Begin pattern as at first, widening 3 stitches in centre of back in first row, and knit pattern for 7 inches more. Then narrow 1 stitch each end of every other row until 5 stitches are off each end (77), then knit pattern for 6 inches more. Then take 28 stitches for each shoulder, bind off intervening stitches (21), put 28 stitches on extra needle.

Make one front after the following direction, and the other to correspond.

FRONT—Knit towards neck, increase 1 stitch at neck, knit back. Repeat this, increasing 1 stitch at neck until 28 stitches (56) have been added. Begin now and increase 1 stitch at the armhole until 10 stitches have been added on that end, and 5 stitches more at the front (71), then cast 13 stitches at the armhole, knit 7 inches more. We are then ready to shape the garment for the long front. Commence at the front and knit toward the under-arm seam until within 20 stitches of end, turn, knit back, turn, knit toward under-arm seam within 6 stitches of the first 20. Repeat this five

times more, leaving off 6 stitches each time, then knit across to front. Change to steel needles, knit 1 and purl 1 for 4 inches to correspond with back, narrowing to 70 stitches in first row. Change to bone needles. Knit pattern as at first, increase 14 stitches in 1st row, knit for 5 inches to correspond with the back, then leave 15 stitches on under-arm needle, turn, knit back to front, turn, knit back, leaving 15 stitches more on under-arm needle. Repeat this until 24 stitches remain toward front, bind off loosely.

With yarn double work 3 rows of single crochet up each front and around the neck of garment. On the second row work on the right front buttonholes as follows: Start at bottom of garment, 3 Sg. C, 2 chain, skip 2 stitches, 10 Sg. C, 2 chain, skip 2 stitches, 10 Sg. C, over the girdle, have 5 Sg. C between each buttonhole.

SLEEVES—Cast on bone needle 30 stitches, knit pattern, increasing 2 stitches at beginning of each needle until there are 96 stitches, knit 2 inches without increasing, decrease now every 4th row until 80 stitches are left. Knit sleeve 15 inches long inside seam, knit 23 stitches, knit 2 together 17 times, knit 23 stitches, transfer to steel needle, knit 1, purl 1, for 5 inches for cuff, bind off, and sew up. Sew up body and sew in sleeves.

*Learn to knit. There's restfulness, interest and profit in each hour spent with the needles and the yarn*

**BACK**—Cast on bone needles 75 stitches. Knit pattern for 15 inches (or 11 patterns), decrease 1 stitch at beginning of every row for four times (this is done by knitting 2 stitches together), which will leave 67 stitches; then knit until the entire back measures  $21\frac{1}{2}$  inches long, or  $15\frac{1}{2}$  patterns.

Also work at every other pattern a buttonhole this way: Knit first  $\frac{1}{2}$  pattern, knit within the last 6 stitches of front, bind off three stitches, knit the last two stitches, and in return row cast on 3 stitches over the bind-off stitches.

Work the left front to correspond with the right.

## INSTRUCTIONS

With red make a chain of 205 stitches.

First Row—Make a Sg. C in each of the 2d, 3d and 4th stitches; 3 Sg. C in the 5th stitch and 1 in each of the 6th, 7th and 8th stitches; \* skip 2, and make 1 in each of the next 3 stitches; 3 in the next; and 1 in each of

the next 3 stitches; repeat from \* to end of row, turn (there will be 23 points).

Second Row—Chain 1, skip 1, \* and 1 Sg. C in each of the next three stitches, 3 in centre stitch, 1 Sg. C in each of the next 3 stitches, skip 2, repeat from \* to end of row (always taking up the whole stitch), turn. Repeat 2d row until there are 9 rows.

Tenth Row—Chain 1, skip 1, \* 1 Sg. C in each of the next 2 stitches, 2 in next; 3 in centre stitch, 2 in the next, 1 in each of the next 3 stitches; skip 2, repeat from \* to end of row. First widening points will have 4 stitches on each side of centre group of 3 stitches, after 2d widening 5 stitches on each side, and so on. Widen in this way every 10th row adding one stitch on each side of

the 3 centre stitches, until the skirt is long enough to leave opening for placket. When deep enough for placket, lap 1 point at one end directly over the one at opposite end and crochet through both. This makes the fly. After lapping for placket work in the back half of the stitch and around the skirt instead of back and forth. Continue in this way and widening every 10th row, until the points will have 10 stitches on each side of centre group of 3 stitches; make this the last widening; work 5 rounds of Navy Blue, then 5 rounds of Red, 5 rounds of Navy Blue and Red alternately, then 5 rounds of Red and finish with 5 rounds of Navy Blue. At top of skirt make a row of D C with 2 chain stitches between each D C, and edge it off with Navy Blue in Sg. C. Draw ribbon through.

FOR SIZE 6½ HAND

Begin with a chain of 40 stitches, join, and make 5 rows of slip stitches.

Sixth Row—Make slip stitch by picking up the front edge of stitch; 5 rows thus, and begin the thumb. Make 1 chain, knit 1 stitch, make 1 chain and continue as above around the row—this increases the thumb.

Close the 23 stitches together to form the thumb, join, work on the 40 stitches for the

front of hand, 18 plain rows, and decrease by drawing 2 stitches together to 1, until you have the desired width. Knit together to close the front.

Slip 20 stitches on a safety-pin, and knit on the remaining stitches, starting with light yarn, back and forth, until the strip reaches to the heel of the sole. Bind off.

Slip stitches from safety-pin on needle and knit this side to correspond with the other, bind off, and join.

With dark yarn cast on 11 stitches and knit a strip for the turnover around the top, bind off.

Crochet 1 row of 1 D C and 1 chain around top of slipper, crochet or sew strip onto it, finish edge with chain of dark and light; take up 1 stitch with light, chain 3, then take up next stitch with dark, chain 3, cross the light over the dark and 1 Sg. C next to the dark and continue in like manner all around the strip. Run elastic through top. Finish with ribbon bow on toe.

## INSTRUCTIONS

FOR 36-INCH CHEST

Commence with steel needles (one-half of sweater), either back or front, bottom border in Brioche stitch.

Cast on for border at bottom 26 stitches. Knit 1 plain, \* wrap, slip 1, knit 2 together, repeat from \*, always knitting first and last stitch plain. Do this until you have 100 rows knitted (1 needle being a row). Be sure to

slip the stitch that was knitted together in previous row, and the wrap and 1 to be knitted together, so as to have the same number of stitches every row. The 100 rows make the half of the width of the sweater. Bind off easily.

With bone needles pick up on one side of border sufficient number of stitches, knitting

twice into same stitches, for half of sweater, which should be 124 for 36 inches or 136 for 38 inches, increasing 12 stitches for every size larger, and decreasing 12 stitches for every size smaller, the sizes being designated by even numbers.

Now knit ribbed, 2 purl, 2 plain, until you have 130 needles knitted, or more if you desire it longer under the arms (this is up to the armhole mark for armhole), then rib continuously until you have 60 more needles for armhole. The entire length of sweater with border should measure 32 inches before beginning the shoulder.

Commence shoulder, adding 1 stitch to each end, making 126 stitches; use steel needles; knit 1 row plain.

Pattern for shoulder:

First Row—1st stitch plain, 3 plain, 3 purl, continue to end of row, last stitch plain.

Second Row—1st plain, purl 1, \* 3 plain, 3 purl, \* repeat from \* to \*, purl 2, last stitch plain.

Third Row—1st plain, 1 plain, \* 3 purl, 3 plain, \* repeat from \* to \*, last stitch plain.

Fourth Row—1st plain, \* 3 purl, 3 plain, \* repeat from \* to \*, last stitch plain.

Fifth Row—1st plain, 2 purl, \* 3 plain, 3 purl, \* repeat from \* to \*, 1 purl, last stitch plain.

Sixth Row—1st plain, 2 plain, \* 3 purl, 3 plain, \* repeat from \* to \*, 2 purl, last stitch plain.

Seventh Row—First plain, \* 3 plain, 3 purl, \* repeat from \* to \*, last stitch plain.

Eighth Row—1st plain, 1 purl, \* 3 plain, 3 purl, \* repeat from \* to \*, purl 2, last stitch plain.

Ninth Row—1st plain, 1 plain, \* 3 purl, 3

plain, \* repeat from \* to \*, 2 plain, last stitch plain.

Tenth Row—1st plain, 2 purl, \* 3 purl, 3 plain, \* repeat from \* to \*, last stitch plain.

Eleventh Row—1st plain, 2 purl, \* 3 plain, 3 purl, \* repeat from \* to \*, 1 purl, last stitch plain.

Twelfth Row—1st plain, 2 plain, \* 3 purl, 3 plain, \* repeat from \* to \*, last stitch plain.

Thirteenth Row—Plain; binding off 37 stitches on each end for shoulders leaves 52 in centre for neck, which must be increased to 65, by knitting twice in the same stitch, every 4th stitch of the 1st row of neck, which should be done in plain knitting. Knit the other half of sweater exactly like first half, then join at neck, dividing the 130 stitches of the 2 sides of neck on 3 needles (steel). Knitting tightly ribbed, 1 purl, 1 plain, until the neck ribbing measures from 8 to 9 inches, according to length required. Finish off with 12 rows like shoulder pattern for border of neck.

SLEEVE—Cast on bone needles 122 stitches, ribbing 2 plain, 2 purl, alternately for 40 rows; knit 1 stitch plain at the beginning and end of row, knitting 2 together at each end every seventh row until you have narrowed 5 times, losing 10 stitches, then continue the ribbing until the sleeve measures 17 or 19 inches from shoulder and 112 stitches wide. Take steel needles, knit 1 row plain and 6 rows of shoulder pattern, knit 1 row plain, narrow off 8 stitches in different parts of the row until you have 104 left.

Finish with cuffs ribbed 1 plain, 1 purl, alternately, 6 inches in length, close sweater from armhole to bottom, close sleeves and place seam of sleeves in the hollow of armhole, where sweater is joined.

### MATERIAL—Columbia Worsted Knitting Yarn

4 Steel Knitting Needles No. 16

4 Bone Knitting Needles, 14-inch, No. 4

### INSTRUCTIONS

FOR 36-INCH CHEST

Cast on bone needle 290 stitches, knit 1, purl 1 for 144 rows, or 18 inches long; on the 145th row knit 1, purl 1 for 68 stitches. This is for right-hand side of jacket. Bind off 6 stitches, knit 1, purl 1 for 142 stitches, bind off 6 stitches, then knit 1, purl 1 for 68 stitches. This is for left-hand side of jacket.

This divides the jacket in 3 sections. Now knit and purl the 68 stitches for 20 rows; on the 20th row knit 2 together at the end of the needle toward the front, decrease 1 stitch every other row until you have 46 stitches left and 65 rows. This is the left side.

Now work the back for 65 rows, then bind off 46 stitches together with the left side, the seam is to be seen. Leave the rest of the stitches from the back on the needle.

Now work the right side to correspond with the left, then bind off 46 stitches with the back together. There will be 50 stitches left. Keep them on the needle, pick up the stitches along the 2 fronts, divide them on 3 or 4 needles, knit plain, and increase 1 stitch at each point every other row, work 6 rows, or 3 ribs, now knit the buttonholes on the left side. Knit them in this way: Knit 9, bind off 3, knit 9, so on to the end of needle. Next row cast on 3 stitches over the bind-off on the previous row, knit plain 6 rows more. Bind off loosely.

**SLEEVES**—Cast on 130 stitches, knit 1, purl 1 for 130 rows, slip stitches on steel needles, and decrease to 86 stitches for cuffs; this is done by knitting 2 stitches together, then purl 1, then 2 together, so on until you have 86 stitches. Make the cuff 60 rows long, bind off loosely and crochet the sleeve together and into the armhole.

Face the jacket on both sides and around the neck, sew over the buttonholes and sew button on the right side.

For 38-inch chest, knit 15 stitches more; this will make each front from the armhole 5 stitches more, and 5 stitches more for the back. The same directions will answer for 40-inch chest, knitting 30 stitches more, and 15 stitches more for sleeve.

## INSTRUCTIONS

This well-known stitch is one of the best for men's vest, and the simplest method is to work a straight piece of tricot of the required length and width. This should be afterward cut and shaped by a tailor, who makes the proper incisions for the pockets.

Make a chain of 63 (more or less, according to the width required, but this is a good average number). Proceed to work in tricot 2 pieces the required size. When these are fin-

ished, work in Filoselle, with embroidery needle, a twisted stitch over the upright bars, passing the needle in a slanting direction from right to left under each bar.

*Note*—An experienced worker may prefer to cut out a vest pattern of the required size in thick brown paper, and shape her work to it by increasing and decreasing in the ordinary way. This will take rather less yarn.

*You can "get along" without Columbia Yarns, but why should you?*

## INSTRUCTIONS

Having drawn the shape of the vest on the canvas, work with yarn as follows: Beginning at the right-hand corner, work a long, upright stitch covering 6 threads of the canvas. In succession work 4 more similar stitches, each stitch being begun 1 thread higher from the bottom and extending 1 thread higher at the top. After this 5th stitch reverse the next 4 stitches, by beginning each of them 1 thread lower on the canvas, each stitch covering 6

threads as before. From this point it will always be found that the 4th stitch makes the point of the vandyke upward and downward. Each row of yarn vandykes is separated by a narrow vandyke in Filoselle, for which you leave 2 threads of canvas between the yarn vandykes. Work the Filoselle in these spaces *after* the yarn is completed, as it looks fresher and brighter if put in last.

by drawing the yarn through 2 loops instead of 1, as you work back. Work 9 rows plain.

Twenty-sixth Row—Take up 13 loops. Work a Sg. C on each of the next 18 stitches. Take up the rest of the row; W B to the 1st Sg. C, make 17 chain; W B the rest. These chains form the opening for the pocket.

Twenty-seventh Row—Increase 1, take up 13 loops, 18 on the chain, take up the rest. Increase before the last. 4 rows plain.

Thirty-second Row—Increase 1 at the end. 5 rows plain.

Thirty-eighth Row—Increase at each end. 5 rows plain.

Forty-fourth Row—Increase at the end. 6 rows plain.

Fifty-first Row—Increase at the end. 5 rows plain.

Fifty-seventh Row—Increase at the end. 5 rows plain. This brings you to the armhole.

Sixty-third Row—Leave 5 at the end unraised.

Sixty-fourth Row—Take up the 2d and 3d loops together to decrease, also the 2 last loops. 5 rows, decreasing at the end of each row.

Seventieth Row—Plain.

Seventy-first Row—Decrease at the end. 6 rows plain.

Seventy-eighth Row—Decrease in commencing. 3 rows plain.

NECK—Eighty-second Row—Decrease by working the 2 first together. Increase 1 at the end. 6 rows, decreasing each row in commencing.

Eighty-ninth Row—Decrease at the beginning; increase at the end. 3 rows, decreasing each row in commencing.

Ninety-third Row—Decrease in commencing; increase at the end. 1 row plain.

Ninety-fifth Row—Like the 93d row. 1 row plain.

Repeat these 2 rows 4 times. Keep the right-hand side plain; leave the last 6 unraised. Continue the rows, leaving 4 more

unraised each row, until there are only 4 left; work these. A row of Sg. C to the end of each successive little row.

SECOND FRONT—Work like the first, reversing all the decreasing and increasing thus: Make the chain, take up all the stitches; W B 4 only; take these up again, W B 8, and so on, just reversing the directions in each row.

BORDER—On the left side piece make the buttonholes, as men's clothes always button from the left over to the right. Work a row of D C around the outside edge of the work, 3 stitches in the corner, work around the neck.

Second Row—Take up the edges of the stitch in the last row; take up each stitch with the yarn before the loop, and the needle put in at the back of the loop. This is making the purl crochet on 2 rows alike, instead of right and wrong side. Work 3 at the corner of the neck and bottom of vest.

Third Row—D C.

Fourth Row—Same as 2d row. \* Work to the 2d stitch after the corner of the neck, 3 chain, miss 3 D C, 10 D C, \* repeat from \* to \* 6 times, then D C as before, 3 more rows of D C and fasten off.

POCKET—Work a D C on the chain, cast on above the pocket-hole and into the loop on each side; 4 rows of D C on this and fasten off. With 6 strands of the Filoselle, embroider the fronts. Bring up the embroidery needle in the bottom of the 3d loop in the 4th little row; put the needle in at the top of the loop to the right, bring it out at the top of the loop to the left, then insert it again where you first brought it up. Work in this way on every 5th stitch; pass 2 rows, work another row on the 3d row just between the 2 last little leaves, and so on over the whole.

The fronts should be made up by a tailor to fit the person for whom the vest is intended. This we advise the more strongly, as the work in making them up is very considerable.

FOR SIZE 7 HAND

Cast on 66 stitches, knit 3, purl 3, making rib of 3 and 3 for 40 rows.

**RIGHT-HAND GLOVE**—The palm facing the knitter, and the thumb on the right-hand side.

Make 26 rounds plain; on the 14th round begin to increase for the thumb, by knitting the 1st stitch plain, increase 1 in the next stitch, then knit 28 stitches plain, knit 3, purl 3, for the remaining stitches of round.

Fifteenth Round—Same as the 14th.

Sixteenth Round—Knit 32 stitches plain, knit 3, purl 3, for the remaining stitches of the round.

Seventeenth Round—Knit 1 plain, and increase 1 in the next stitch. Knit 30 plain, purl

3, knit 3, for the remaining stitches of round. (This reverses the pattern, thus forming a small block.) Continue knitting in this way until you have increased 26 stitches, being careful to reverse the pattern, or blocks, every 3 rounds, making 93 stitches on the needle.

Thread a needle with coarse cotton, pass it through the 28 stitches knitted for the thumb. Tie the cotton. Continue the work in the round, also pattern for 36 rounds.

**FIRST FINGER**—Knit 6, take a needle and cotton and pass it through all the stitches on the hand, except the last 13 stitches. Now use 3d needle, cast on 4 stitches; this is for the inside of finger. Divide the stitches for the finger equally on 3 needles, continue to knit plain in the round for 24 rounds, then decrease by knitting 2 of the inside stitches together. Knit 8 rounds plain, then decrease by knitting 2 of the inside stitches together. Knit 6 rounds plain, knit 2 together, then knit 2 all around, knit 2 together, knit 2 all around, knit 2 together, and then knit 1 all around until you have 14 stitches remaining on the needle. Draw the yarn through the 14 stitches, draw together, fasten the yarn firmly on the wrong side.

**SECOND FINGER**—Put the next 7 stitches from the inside of the hand on a needle. Cast 4 stitches on another needle, then take the last 8 stitches off the cotton on to a needle. Now pick up the 4 stitches, cast on for the 1st finger, and work as before, making finger 6 rounds longer previous to beginning to decrease.

**THIRD FINGER**—Take 7 stitches from inside of hand, cast on 4 stitches, take the last 7 stitches off the cotton, pick the 4 stitches from inside of second finger, and knit as directed

## INSTRUCTIONS

FOR SIZE 7 HAND

Cast 60 stitches on 3 needles and knit 60 rounds in ribbed knitting, 2 stitches plain and 2 purl.

Follow with 70 rounds of plain knitting for the hand.

In the 3d round of the 70 begin to widen for the thumb gore. To begin, widen at both sides of the first 2 stitches, and then 5 times thereafter, with intervals of 2 rounds in a line above the previous widenings. For the widenings, having knitted the first 2 stitches mentioned, knit a stitch crossed out of the succeeding horizontal mesh. (For cross knitting insert the needle downward at the back instead of upward at the front.) Purl the following stitch, then having knitted the round, purl the stitch that precedes the 2 named and knit 1 crossed out of the horizontal mesh succeeding it; at each successive round the number of stitches between the widenings will naturally be increased. After the last widening round

(the 18th round) knit 2 more rounds, then take the stitches of the thumb gore on separate needles and knit 24 rounds for the thumb, in the last 4 of which point it.

Then continue the hand.

In the 1st round out of the mesh connecting the thumb stitches knit 2 stitches crossed. In the following round knit 2 stitches together on both sides of these 2 stitches, and in the succeeding round knit each one of these stitches together with the one beside it, thus forming a gusset.

The hand is narrowed in the last 11 rounds. In the first of these knit 2 stitches together at both sides of the 1st stitch, and at both sides of the middle stitch, then narrowing before the stitch to be knit plain, and thereafter in every following 2d round narrow in the same manner, then in last round divide the stitches into halves and cast off, knitting the stitches of both halves together in pairs.

Cast on 80 stitches (divided on 4 needles).

Rib by knitting 2 and purling 2 until the sock is  $4\frac{1}{2}$  inches long.

Knit plain, making 1 stitch the seam stitch, until the sock reaches 7 inches in length, then narrow on each side of the seam stitch for the ankle. (This is done by knitting to within the last 3 stitches of seam.)

Slip 1 and knit 1, draw the slip stitch over the knitted one, knit 1, purl the seam stitch, knit 1, knit 2 together, knit the rest plain. Repeat this 5 times, make 5 rounds between each narrowing. Knit plain until the leg measures  $10\frac{1}{2}$  inches.

For the heel, divide stitches, having 17 on each side of seam. Knit and purl the stitches until the heel measures 3 inches. (Always slip the 1st stitch, whether it be knit or purred.) Knit across, knit 20, knit 2 together, knit 1, turn, purl 5, purl 2 together, purl 1, turn, knit 5, knit 2 together, knit 1. Repeat the last 2 rows until you have 7 stitches left.

Pick up side stitches, make 3 plain rounds, narrow.

First Pin (of heel)—Knit 1, knit 2 together, knit the rest plain.

Second Pin—Knit to within the last 3 stitches, slip 1, knit 1, pass the slip stitch over the knit one, knit 1, make 2 plain rounds between each narrowing. There should be 6 narrowings.

5 Steel Knitting Needles No. 15

## INSTRUCTIONS

Cast 114 stitches divided on 4 needles, and work with the 5th needle as follows: Knit in rib style for 47 rounds, by purling 2 and knitting 2.

In the 48th round begin the gore, which covers the knee. Knit off the first 26 stitches, and knit them separately back and forth, purling 2 and knitting 2.

After knitting 2 rows in this manner, change the pattern by knitting the stitches that were purled and purling the ones that were knit, thus forming a small square.

In knitting this gore, 1 stitch is taken from the needle at each side of the 26 stitches each time across after the 1st row. This widens the gore, then it is knit as described above.

Continue taking stitch from the needles until there are only 42 left of the original ribbed portion. This brings the gore to the points at the side and completes the upper half of the knee cap.

Work the lower half of the gore separately, narrowing 1 at the end of each row until only 26 stitches are left. Take up 23 stitches at each side of these 26 stitches along the selvedge of the gore. This will bring you to the side of the gore.

Then divide the stitches as evenly as possible on the 4 needles and work in rib style the same as top, 47 rounds, being careful to continue the ribs of the upper portion.

Finish the knee cap with a border of plain crochet.

1 Bone Crochet Hook, 8-inch, No. 3

1 dozen Bells for the Strap

### INSTRUCTIONS

Make 5 chains and close them with a single stitch.

Crochet 10 single stitches into the ring just made, then crochet around those 10 stitches, picking up the lower half of each stitch (always working on the wrong side of the stitch) until you have the lines 2½ yards long, or whatever length desired.

Finish each end with a large tassel. The strap with the bells is made with 8 chains. Take up each chain with a Sg. C, then crochet back and forth on the Sg. C, always picking up the back stitch (which forms a rib), until you have the strap 10 inches long. Sew each end of the strap around the lines and trim with bells.

*Crocheting with poor yarn takes just as much of your time, labor, thought and patience as Columbia Yarns*

## Directions for Washing Knit Garments to Avoid Shrinking

1. Make warm SOAP SUDS (not much soap). Proper heat for the suds is just uncomfortably hot for the hands, but so as not to scald.

2. The washing and rinsing should all be done in warm—not hot—water.

3. Use pure soap only; no chemicals or washing powders.

4. Do not rub soap on the garment. Put the garment through the wringer and back in the suds 3 or 4 times. Rinse out in clear water, *very thoroughly*.

5. Wash carefully, rubbing as little as possible, and *never on a washboard*.

6. *Let the Suds and Wringer do the work.*

7. Stretch the garments lengthwise and dry quickly in the open air.

Part of the reward of buying a good yarn comes to you when you wash the garment made of it. The best wool stands washing best, and the best is Columbia.

No garment, however, should be washed without the greatest care, in accordance with the directions given.

*Two classes of things are those which have ostentation without quality, and those which have quality without ostentation. There are two classes of people: those that select the one, and those that love the other*

This fact has been carefully considered in writing out the directions for making each article, so we wish to remind you that in order to secure effects like the pictures, with the same quantity of yarn, it is necessary to use Columbia Yarns and no others.

# The "COLUMBIA YARNS" Label

This ring-label (facsimile above), with the Columbia shepherdess trade-mark, is around every hank of genuine Columbia Yarn.

Be sure it is always on the yarn you buy, to get the most satisfactory results from your knitting and crocheting.

Besides the "ring-label," we illustrate the Columbia carton—showing how the yarn is packed.

The system of packing and inspecting Columbia Yarn is very thorough and very strict. You will find their excellence consistent through the greatest number of packages.
