

**CHILD'S TRAGIC DEATH**

**THERESA LOMBARDI STEALS RIDE ON VEGETABLE TRUCK, AND FALLS TO HER DEATH**

Another tragic auto accident, for which no one seems to have been to blame except the child victim, occurred Saturday afternoon. The instrument of death was an auto truck used by a Japanese fruit and vegetable peddler in supplying his patrons. His assistant in the business is an American boy, Carl Springer of 512 North Brand boulevard (Tropico district) who rides on the truck with him. The child was Theresa Lombardi, five-year-old daughter of Mr. and Mrs. Lombardi who live at 1664 West Colorado street, just outside the Glendale limits. The peddler had stopped there to make a sale and the little girl and a small boy playmate jumped on the running board, and insisted they should remain to have a ride. The Jap ordered them off, but they paid no attention to his instructions and he started his machine and proceeded about his business. The children remained and when the truck turned from San Fernando road onto Sixth street the girl lost her balance and fell to the ground, the rear wheel passing over her. Arthur Campbell, who was first at the scene of the accident, picked up the body and drove with all speed to the Mission Rest Hospital on San Fernando road, but life was extinct. At the preliminary inquiry made by Glendale police when the tragedy occurred, Carl Springer stated that his Japanese employer is greatly annoyed by children who jump on and off the running board of his truck. They ignore his commands, and when he tries to prevent them from endangering themselves they frequently revenge themselves by throwing rocks at the truck and damaging his stock, or hoot at him and "call names." The boy's testimony is believed to be the exact truth, and to be but additional evidence of the lawlessness of Young America in this land of the free.

**REV. SNUDDEN THE AUTHOR**

The article which was published in Saturday's Evening News relative to the alleged erroneous statement published in Saturday morning's Tribune concerning the use of the Methodist church for the commencement exercises of the Union High School being refused by the church officials, and which article published in the Evening News was signed by "Trustees of the First Methodist Church of Glendale," was written by Rev. Snudden, Pastor of the Methodist Church, and it was by his order the words "Trustees," etc., were signed to the article.

This explanation is made by the editor of the Evening News to make clear by what authority the article in question was signed.

**NORMAN KELLER WINS**

Norman Keller, of 200 West Ninth street, is the fortunate boy who won the honors in the Junior Four-Minute Men Speaking Contest for War Savings Stamps which took place at the Broadway school last Friday afternoon before the Parent-Teacher Association of that school. He has received an official certificate testifying to the fact, signed by Mrs. M. O. Ryan as principal, and his proud parents intend to have it framed for preservation. Norman is in Class 6A and is its youngest member, being but ten years of age.

**ORCHESTRAL PRELUDE**

**OCTET OF STRINGED INSTRUMENTS TO AUGMENT BENEFIT PROGRAM**

Miss Bessie Fuhrer, leader of the Fuhrer Octet of Stringed Instruments, has arranged a delightful program of musical classics of the "Cranford" period (about 1850) to supplement the unique entertainment to be given Thursday evening at eight o'clock in the high school auditorium for the benefit of the local chapter of the Red Cross. Mrs. Frank Arnold, curator of the music section of the Tuesday Afternoon Club, who negotiated the arrangement, speaks in enthusiastic terms of the young musicians. The young ladies, eight in number, who make up the orchestra, will be dressed in costumes of the period, as will those who take part in the "Old Cranford Musicals" which follows.

The entire program, which is given under the auspices of the Tuesday Afternoon Club, will be published in tomorrow's issue of the News. Tickets for the event may be purchased at the door Thursday evening, if not otherwise obtained. Price of admission, 25 cents.

**GO LIKE HOT CAKES**

**GLENDALE SMILEAGE BOOK DRIVE PROMISES TO BE BIG SUCCESS**

The Smileage books are going like hot cakes. This is the report that comes from the members of the committee who are working hard to push the sales of these little joy bringers until Glendale's quota of six hundred are all sold and then as many more are disposed of. The churches are doing their part in this campaign to provide clean entertainment for the boys in the camps and both individuals and organizations are glad to send this little bit of cheer to their own boys who are away from home influences.

J. N. McGillis, who is chairman of the local committee, reports that the forty books apportioned to the First Methodist church disappeared within five minutes. The word also comes that the people of the Catholic church have already disposed of the number allotted to that church, which was twenty.

The matter was brought up at the meeting of the Elks Lodge Monday evening and it was voted that the lodge as an organization purchase sixty books, as there are that many members in their country's service. Later an opportunity was given for the individual members to purchase the books and thirty-seven were sold in that way, making a total of 97 for the Elks. It is expected that other members not present last night will purchase the books, bringing the number a long way over the seventy-five apportioned to the lodge.

W. R. Phelon, division chairman, has secured the services of Attorney Oliver O. Clark to present the Smileage book cause for a few minutes at the Palace Grand Theatre Saturday evening and it is expected that many who have not given the matter much thought will become interested in this way.

Smileage books may be secured at the office of the secretary of the local committee, Roy L. Kent, 431 South Brand.

**A FISHERMAN'S HEAVEN**

J. G. Hunchberger, J. Herbert Smith, W. E. Evans, Harry Goodwin and Seymour Smith got back Sunday night from the mountains of San Bernardino with fifty mountain trout, the limit allowed by law. In describing the trip, Mr. Hunchberger says it was the best fishing any of the party ever had in this country and that in the three or four days they spent in the wilds they caught between 700 and 800 fish. Though small, they were sweet and delicious. Those which they did not use themselves they brought out or gave away there. They fished in streams, not in Big or Little Bear Lake, and drove their cars to the top of the grade, leaving them at a ranch house, and then packed in their supplies four miles to the creek where they camped, which was in a very beautiful spot. The weather was fine all the time they were there and it was an exceedingly pleasant outing. Seymour did not join the party until Saturday, when he drove up with Mrs. Smith, stopping at Pomona for Evangelina Hunchberger and her roommate. Leaving the ladies at the cabin in which the party controls near Pine Crest, Seymour joined the other men of the party at their fishing grounds and Sunday they all came home together. One party of fishermen who followed on their trail declared when they got to the top of the grade that it must be Camp Buick because the only machines in sight were Buicks.

**AN ERRONEOUS IDEA**

The Evening News wishes to be very fair in the way of giving generous publicity to all work of a charitable and helpful nature to the public, but when it comes to giving free space to a cause of any kind that is represented by high salaried employees, the Evening News feels that a newspaper deserves pay for what it does for a good cause, just as rightfully as a paid employee is deserving of pay. The idea that has become so common that newspapers should give free space to everything, is not founded on business principles and needs revision in the minds of persons who have become narrow in this particular.

**IDLE LOTS AND STRONG MUSCLES**

An idle lot with 100 feet of frontage on Maple street has been reported as procurable for cultivation. There are many other vacant lots and strong-muscled workers who should get together before it is too late to plant and sow the spring crop.

Glendale will celebrate Flag Day this year in a manner that will do honor to this section of California.

**ENEMY SUBMARINE SUNK**

**AMERICAN STEAMER TIDEWATER'S GUNNERS DISPOSE OF GERMAN SUBMARINE NIGHT OF MARCH 17**

(Special Service to Glendale Evening News)  
WASHINGTON, May 7.—The navy department announced today that the gun crew of the steamer Tidewater with three well-placed shots disposed of an enemy submarine on the night of March 17. Officers and crew of the Tidewater are satisfied that the diver was sunk.

**CALIFORNIANS IN CASUALTY LIST**

**TWELVE DEAD AND TWENTY-NINE WOUNDED IN REPORT MADE PUBLIC BY WAR DEPARTMENT TODAY**

(Special Service to Glendale Evening News)  
WASHINGTON, MAY 7.—Today's casualty list includes the names of four Americans killed in action, five dead of disease, two dead of wounds, one dead from other causes, one missing, fifteen severely wounded, including Jack Conner of Ross, California, thirteen slightly wounded, including Herbert Clark of Sacramento and Carlton Coons of Oak Grove, California.

**CROWDER ISSUES CALL TODAY**

**ASKS FOR 4,060 MEN TO FILL VACANCIES IN ENGINEER, ORDNANCE AND QUARTERMASTER'S CORPS**

(Special Service to Glendale Evening News)  
WASHINGTON, May 7.—Provost Marshal General Crowder today issued a call for 4,060 men to fill vacancies in the engineer, ordnance and quartermaster's corps. These men will entrain May 20. Gen. Crowder's office stated that Class 1 under the draft has a fighting strength of a million and three-quarters men. This number will be swelled to two and a half million when the men now twenty-one are registered next month. Officials say this indicates that there will be little probability of the deferred classes being called out to supply a part of the men of the big National army.

**HAIG REPORTS SUCCESSFUL RAIDS**

**BERLIN CLAIMS SUCCESSES NEAR BLAMONT AND AROUND MT. KEMMEL SAYS LONDON DISPATCH**

(Special Service to Glendale Evening News)  
LONDON, May 7.—Gen. Haig reports successful raids south of Arras. Attempted enemy attacks near Boyelle were repulsed. Berlin claims the capture of Americans south of Blamont, which is four miles west of Ancerville, and reports French attacks at Mt. Kemmel repulsed. The French report heavy artillery activity on both sides of the Avre.

**PREPARATIONS FOR ITALIAN DRIVE**

**GERMAN PRESS SAYS OFFENSIVE IN ITALY WILL AID COMING DRIVE ON WEST FRONT**

(Special Service to Glendale Evening News)  
AMSTERDAM, May 7.—The German press declares that the resumption of the West Front offensive will be aided by a huge offensive on the Italian front. "The combined efforts will bring nearer the longed-for German success."

**LINES THIN OPPOSITE AMERICAN SECTORS**

**REPORTS OF PATROLS INDICATE THAT ENEMY TROOPS HAVE BEEN WITHDRAWN FOR SERVICE IN PICARDY**

(Special Service to Glendale Evening News)  
ON THE AMERICAN FRONT, May 7.—The enemy is showing uneasiness in the neighborhood of Verdun. Of late they have been using brilliant lights and artillery and aerial activity are noticed. Patrols report that the German lines are thinly held opposite all American sectors. This would indicate that troops have been withdrawn for the Picardy battlefield.

**THREEFOLD PROBE OF AVIATION GRAFT CHARGES**

(Special Service to Glendale Evening News)  
WASHINGTON, May 7.—Three separate probes of the aircraft program are developing following President Wilson's letter asking the Justice department to investigate the graft charges. Attorney General Gregory is conferring with his associates. In the Senate the Military committee will make an investigation "using no white-wash" and sparing nobody. In the House the Military committee has summoned army and aviation officials for questioning.

**L. A. MAN MURDERS WIFE, THEN SUICIDES**

(Special Service to Glendale Evening News)  
LOS ANGELES, May 7.—Returning, after a long absence, in the hope of effecting a reconciliation with his wife, only to find her reading a note from another man asking her to meet him tonight, Frank S. Champion, a bookkeeper, today shot his wife, Grace Champion, and then sent a bullet through his own head. Both died soon after the shooting, the woman still clutching the note, which was blood stained.

**A KNIGHT ERRANT**

**CHAIRMAN LANTERMAN CHAMPION OF GLENDALE RED CROSS CHAPTER**

The Glendale Red Cross Chapter has a Champion Knight Errant in Chairman Lanterman of the Exemption Board. When, a short time ago, twenty-four registrants from this district were entrained for Camp Lewis, the Chapter presented each soldier with a comfort kit, regardless of "what his name or where his home." As a matter of fact, only a few of the young men were residents of Glendale.

Chairman Lanterman was so impressed by this generosity that he wrote the fact to the Red Cross organizations in the towns whence the various registrants hailed, suggesting that they make proper acknowledgment of the courtesy or perhaps reimburse the Chapter for the expense of the kit which the registrants' home chapters had not been obliged to contribute.

One gracious letter has been received in response to the several written and that letter was from the La Canada Branch of the Pasadena Chapter written by its secretary, Mrs. J. R. Murray, and says:

May 1st, 1918.  
Mr. F. D. Lanterman, Chairman,  
Board of Exemption No. 7,  
Dear Sir:  
Your favor of recent date received. The La Canada Branch of the Pasadena Chapter, American Red Cross, at once instructed the secretary to communicate with the Glendale Chapter, American National Red Cross, in regard to the Comfort Kit presented to the young man from La Canada. This has been done.

Very truly yours,  
MRS. J. R. MURRAY.  
The so-different acknowledgment from the Long Beach Chapter aroused the Chairman's resentment. It read as follows:

Long Beach, California,  
May 2, 1918.  
F. D. Lanterman, Chairman,  
Glendale Chapter American Red Cross, Glendale, California.  
Dear Sir:

Your letter asking the Long Beach Chapter to reimburse the Glendale Chapter for a comfort kit has been received. We are unable to do this for the reason that no Chapter has the right to give any article made by Red Cross workers to any one; everything must be sent to Headquarters at San Francisco.

Under those conditions you will understand we are in no way responsible for what you have done.

Very truly,  
MRS. A. L. CAMPBELL,  
Secretary.

To the above Mr. Lanterman replied as follows:  
May 6, 1918.  
Mrs. A. L. Campbell, Secretary,  
Long Beach Chapter American Red Cross, Long Beach, Calif.

Dear Madam:  
We wish to correct a misunderstanding which has apparently been created in your mind by our letter of a few days ago regarding the contribution of comfort kits to Long Beach boys by the Glendale Chapter of the American Red Cross. The Glendale Chapter contributed these kits to all of the boys that were sent from Long Beach, including those from Long Beach, and have asked no reimbursement from any other Chapter for their compliments to these boys; but as a member of the Local Exemption Board, I felt that the Glendale Chapter should receive credit for its generous act, and so wrote you of what the Glendale Chapter did, believing that you would see fit to recognize the Glendale Chapter's generosity at least by a civil letter.

Very respectfully,  
F. D. LANTERMAN,  
Chairman.

**DEATH OF HERMAN A. JENNINGS**

Herman A. Jennings, who for many years conducted a blacksmithing and garage business at 417 West Tropic avenue, died Monday morning at 9:30 o'clock at the Burbank hospital following an operation performed last Thursday in the hope of prolonging his life. He was but 52 years of age. He has been a resident of this city for many years and is mourned by a widow, a married son and daughter, Denzel Jennings and Mrs. John Bowman, and by two young children, Clark and Rose Jennings, also by a brother, Charles Jennings, all of this city. Funeral services in charge of Scovern, Letton & Frey will be held in the Little Church of the Flowers in Forest Lawn Memorial Park Wednesday afternoon at 3 p. m.

**WEATHER FORECAST**—Cloudy tonight and Wednesday. Northwestly winds.

**ARMY RAG PICKERS**

**THE WORK OF ARMY RAG PICKERS DANGEROUS BUT VERY NECESSARY**

By Henry Wood  
United Press Staff Correspondent)  
WITH THE FRENCH ARMIES.—Cleaning up battlefields has now become one of the highly organized and perfected auxiliary services of the French army.

The amount of material saved in this way for the future use of the army amounts to hundreds of thousands of dollars a month. It is one of the most effective "efficiencies" that the present war has produced.

Paradoxical as it may seem there is nothing that produces a more painful impression on the occasional person who is allowed to wander over a battlefield just after an attack than the great quantities of highly perfected war material that lie scattered about with seemingly a reckless waste and profusion. The dead bodies both of the enemy and the attacking troops do not produce the same painful degree of impression.

There is this difference. The dead soldiers have done their duty and their role is ended. But all this material was made through long hours of sweat and labor and toil to be used in saving the fatherland, and here it all is lying in great quantities unused about a dead battlefield, having unfulfilled its purpose and having served no end.

It is the thought of this great waste of human genius, of human skill, of human toil, that produces the painful impression—or rather that did produce it in the early days of the war.

Now nothing goes to waste on the battlefield. With the great cost and difficulty of manufacturing war material, with the steady decrease in the world's supply of material from which these things are made, France at least, sees to it that nothing falls short of serving the purpose for which it is made.

Hardly have the troops passed forward in an attack than a second army, usually of aged territorials, follows it onto the battlefield and begins the cleaning up process. Sometimes their companions call them the "rag-pickers of the army" and sometimes the "divers for spoils," but in the present official organization of the French army they rank as a very important corps.

Their work, too, is often as dangerous as that of the troops who dash to the assault as not only have they to handle abandoned explosives of the most perilous kind to touch, but often enough their work has to be

(Continued on Page 4)

**RED CROSS NOTES**

A fine day's work was put in at the Surgical Dressings Department Monday under Mrs. Burchfield, who was the instructor. Sponges were made, 818 of them, under direction of Mrs. Burchfield. Ladies who helped were Mesdames M. G. Musser, H. A. Black, C. Farnham, A. W. Colby, R. P. Jodan, L. B. Munn, Eva Bolen, A. W. Jenkins, Mary E. Chester, Arthur H. Dibbern, C. N. Erling, C. E. Case, A. W. Switzer, O. Spencer, J. W. Dalrymple, O. T. Walker, W. J. Stone, May M. Burree, Lee Kaster. A good day's work was turned out by the workers in the Hospital Garments Department Monday under the direction of Mrs. Sadler. Surgeon's aprons are the garments now being turned out.

**BEAUTIFUL GARDEN**

**PLANTED IN GLENDALE BY G. W. WALTON, SHIP BUILDER, OF TORONTO, CANADA**

At the home of Mrs. R. G. Payne, 325 South Central avenue, may be seen a garden of much interest. Contained in a fifty-foot square are green peas, carrots, beets, beans, onions, lettuce, radishes, cabbage and turnips. This garden, not only from its quality and food value, but from an artistic point of view, is well worth inspection, and Mrs. Payne would be pleased to have not only "farmerettes" but any one interested in garden work to inspect it, for even a red cross is noticeable in the plan of this garden. All vegetables are in a producing condition. Mr. G. W. Walton of Toronto, Canada, who has been occupying Mrs. Payne's residence for the past winter, planted this piece of art. He is an extensive ship builder, building both freight and passenger ships on the Great Lakes, plying between Detroit, Michigan, and Montreal. Mr. Walton was much pleased with our little city of Glendale, and expects to return here October next and erect a beautiful winter home.

**PACIFISTS MUST SERVE SENTENCE**

**SUPERIOR JUDGE CRAIG SUSTAINS SENTENCE OF POLICE COURT JUDGE IN WHITAKER, HARDEN, STORY CASE**

(Special Service to Glendale Evening News)  
 LOS ANGELES, May 7.—The three Christian pacifists, the Rev. Robert Whitaker, Rev. Floyd Harden and Rev. Harold Story, recently convicted in police court, have failed to secure their release and must serve six months in jail and pay a \$1200 fine unless the Supreme Court comes to their rescue. Superior Judge Craig today sustained the sentence of Judge White. The men who are now in jail will attempt to secure their release tomorrow on a writ of habeas corpus.

**RULES AGAINST SEDITIOUS REMARKS**

**LOS ANGELES COUNCIL PROVIDES FOR PUNISHMENT OF PEOPLE MAKING DISLOYAL STATEMENTS**

(Special Service to Glendale Evening News)  
 LOS ANGELES, May 7.—An ordinance making the uttering of seditious remarks a misdemeanor and providing for a fine of \$500 and six months' imprisonment or both was passed by the city council this morning.

**LULL OF ENEMY INFANTRY CONTINUES**

(Special Service to Glendale Evening News)  
 WITH THE BRITISH ARMY, May 7.—Allied guns for twenty-four hours have been hammering the German back areas and halting the movement of men and material. The infantry lull continues. Rain has drenched the battlefield. The Germans are heavily shelling Hazebrouck, Ypres and nearby towns. The strangely quiet infantry is proof that the German forces were disorganized at the Somme and in Flanders.

**WAR DEPARTMENT PLANS FURLOUGH TO HELP FARMERS**

For the purpose of augmenting agricultural production it is the intention of the War Department to grant furloughs to enlisted men to enable them to engage in farming during the present season. Commanding officers may grant such furloughs within prescribed rules whenever it appears they will contribute to increased farm production.

Furloughs may be given by commanding officers of posts, cantonments, divisions and departments. They will be for short periods, largely for seeding and harvesting time. They will not be granted to enlisted men of or above the grade of sergeant, nor in an organization that has been ordered to move or is in transit from points of mobilization or training to a port of embarkation. All furloughs granted will be recalled and the men ordered to their organizations when they have received preparatory orders for duty overseas.

Furloughs granted for war work will be without pay and allowances, except that enough pay will be retained in each case to meet allotments in force on the day of the order, war-risk insurance, and pledges on Liberty Bonds.

For specially qualified experts in agriculture furloughs may be granted by the Secretary of War upon application by the Secretary of Agriculture, providing such furloughs are voluntarily accepted by the persons for whom application is made.

Individual applications for furloughs submitted by relatives will be on a form to be furnished by local draft boards. Two sections are to be made out and presented to the local board, which will complete the form.

If the furlough is granted the application will be filed by the commanding officer and a certificate furnished the soldier. If not granted, the application will be returned with reasons for disapproval.

If the soldier initiated the application he will give the name of the person for whom he desires to work, from whom will be ascertained the need for farm service.

Furloughs may be granted en bloc to men who are willing to accept them, upon requests of farmers, when time consumed in traveling from the post to the place of labor will not exceed 24 hours. In making these applications farmers will use a form of the Provost Marshal General's office, also going to the local board.

**RURAL MOTOR EXPRESS**

The National Council of Defense is now urging the establishment of rural motor express lines. The following statement has been authorized by the council:

After thorough investigation the highways Transport Committee of the Council of National Defense has urged upon the state councils of defense the promotion of rural motor express lines to connect the farms with the cities, thus expediting the production of foodstuffs. The plan is to use the return loads system, by which farmers can ship into the city all varieties of farm products—such as milk, dairy products, calves, hay, grains, and particularly perishable products, and receive in return from the city farm implement parts, seed, fertilizers, and other supplies.

The supplies which the farm needs from the city can be ordered by the farmer in the morning over the phone and delivered at his gate the same afternoon. These rural expresses have already been started in many localities and have proved their value by promoting an increase in food production. In many farm communities where the express is in operation the farmers state that any interruption of the service would immediately result in reduced production.

The development of the rural motor express, the highways transport committee hopes, marks the beginning of a system of universal farm transportation over all the main highways, making the farmers' gate a shipping platform alike for his outgoing products and his incoming supplies.

**Studebaker Motor Cars**

**NEWS FROM HIGH SEAS**

The following letter from Russell M. Grose, son of James M. Grose of the Grose Vulcanizing Company, this city, will be of interest to their many friends. Russell left a young wife and a very lucrative position with the Matson Navigation Company of San Francisco to enlist in the navy. He is now Assistant Paymaster, Pursuer and chief clerk of one of the largest ocean liners in Pacific waters, which has been taken by the government for transport service.

12th April, 1918

My Darling Mama:—

It is only right that I should write you at least a short note, even if it is impossible to say anything, except that I am well and as happy as possible, all things concerned, with plenty of work to keep me busy. I should have a yeoman to assist me, but he got into trouble and could not be relied upon, so I threw him out and am doing the work myself, and which is all new to me, the government forms, etc.

How is the factory coming along? I hope to get quite a lot of mail when I get back, as I have not had one word since leaving and I hope they do not try and forward the mail as then it will be arriving when we are leaving.

So far nothing startling has happened, one scare only, it proved to be a sun fish. The weather was very bad, had to heave to six times to save the deck cargo, so I know now what the Atlantic can do.

Will write you more details when I arrive, as the compliments would not be the choicest and some one might not like it. As for the Navy, I am very well satisfied that I am doing my bit, and losing a lot of money, but that is to be expected.

Love to you and Papa,  
 RUSSELL

**HIGH SCHOOL P.-T. A. MEETING**

Attendance at the High School P.-T. A. held Monday afternoon in the school cafeteria was large and it proved a most interesting meeting. Reports from committees were highly satisfactory, particularly the report concerning the Employment Bureau submitted by Mr. Sawyer and Miss Flood, who have it in charge. Prof. Harry Howe was present to boost the campaign for war savings stamps and sold a goodly number to members of the society organized in that P.-T. A.

A paper prepared by Mrs. Charles H. Toll and read by Mrs. J. W. Cotton concerned the work of the Ann street school in Los Angeles and will possibly be published in detail in a later issue, as it is of general interest.

Mrs. Ben Nichols, who is going north in the near future to join her husband and son, refused to be a candidate to succeed herself as president and there were many expressions of appreciation from members present of the splendid work she has done in building up the Association.

Mrs. Adelaide Imler spoke of the Relief Ship which will sail May 12th, and asked for donations.

An election was held and the following officers were chosen to carry on the work of the organization for the coming year:

- President, Mrs. J. I. Wernette.
  - Vice-President, Mrs. H. W. Timothy.
  - Recording Secretary, Mrs. Mary Oliver.
  - Corresponding Secretary, Mrs. Herbert Whitaker.
  - Treasurer, Mrs. H. W. Yarrick.
  - Historian, Mrs. Henry Braun.
- A Chautauqua salute was given the retiring officers, and refreshments were served. This was the last meeting which will be held by the Association this year.

The Los Angeles Harbor Commission has evolved a plan to create 140 acres of industrial sites in Fish Harbor, by filling tidelands with silt which is to be dredged from the main channel by the federal government. It will cost \$300,000 to reclaim the 140 acres and the problem is to get the money. The city council will be asked to provide the funds. The new industrial sites would be worth \$2,500,000, it is claimed.

**STANDARDIZING WOODEN DWELLINGS**

In England architects and builders are discussing the house of the future. The London Economist in a recent issue said that standardization of finished parts is now generally accepted as a strong plank in any program of future housing. Building must be done rapidly, but the houses must be substantial. Such a policy will call for more change in building methods in England than in the United States, but change may be expected here. The house built of wood can be standardized more readily than buildings of other materials. Doors and windows are already largely standardized, and the practice might be extended to stairs, floors, cornice and interior finish.

**Personals**

Miss Phoebe Snell of East Eulalia street is confined to her home by Liberty measles.

Miss Hazel Fulton, of Central avenue, has been visiting friends in San Diego the past week.

Miss Jeannette Hill, who has been the guest of Mrs. Sadler at 1454 West Seventh street, returned to her home in Oakland on Sunday.

Among the newcomers in the southern part of the city are Mr. and Mrs. Huntington, who have leased property on Eulalia street known as the Richardson house.

The monthly meeting of officers and teachers of the Sunday School of the Tropico Presbyterian church will be held this (Tuesday) evening at the church at 6:30 o'clock.

Mr. and Mrs. Thomas Meagher and daughter Geraldine spent Sunday with friends at Ontario. From there they motored to San Jacinto and Hemet to view the havoc of the earthquake.

Mr. and Mrs. Wesley Bullis of 101 North Central avenue left last week on an overland trip by auto to Los Vegas, Nevada, where they will be the guests of Mr. Bullis' sister. They expect to be gone about ten days.

Robert Bornecamp of 323 Orange street, who came home from Camp Kearny on Sunday leave suffering from bronchitis, has been in bed ever since and has had his leave extended to next Saturday. He is now recuperating and hopes to be able to return to camp at the end of the week.

The regular monthly all-day meeting of the Ladies' Aid Society of the Tropico Presbyterian church will be held Thursday of the present week. Lunch will be served at noon. The ladies are at present engaged in the manufacture of articles needed by a maternity home in Los Angeles.

The publicity committee of the Cranford Musical reports many tickets sold Monday afternoon at High School P.-T. A. and that prospects are good for a large house Thursday evening. The committee advises all who desire to see and hear this attractive novelty to secure tickets early.

Mrs. W. H. La Fountain, of 131 West Acacia street, and her grandson William spent Saturday at Long Beach as guests of Mrs. Norton Marshall, daughter of Mrs. La Fountain, who has moved from her ranch near Roscoe to be near Mr. Marshall, now employed in the ship yards at San Pedro.

Floyd A. Boss of 1445 West Seventh street, who was in Company 9, Coast Artillery, at Camp MacArthur, has been honorably discharged. His lungs were not considered strong enough for the soldier life and so he will spend the summer building up physically. He is now in the mountains, but is looking for something in the farming line which will keep him out of doors.

Dr. H. E. Sharpe and wife, of 151 West Eulalia street, are having the great pleasure of entertaining Mrs. Sharpe's mother, Mrs. Chapin, who is on the staff of the great temperance paper, "The Union Signal," and who has come to California for a two months' rest. She is dividing her time between Glendale and Los Angeles, where another daughter resides.

Good and bad mingle in the news from Harold H. Burson of 771 South Louise street, who has been with Ammunition Train No. 3, Camp Lewis. He showed such proficiency that he was promoted from the ranks to be corporal and was made bayonet instructor. In the course of a lesson he had occasion to leap aside on uneven ground and fell, injuring a knee so severely that he has been in the hospital under the care of nurses and surgeons, but is now able to sit up out of doors and hopes soon to be restored to his customary fine physical condition. The accident is a great cross to him as he is ambitious and greatly interested in his work.

The Glendale Sanitarium band is making preparations to furnish music at the Flag Day exercises in Glendale June 14.

Miss Amy Miller will be hostess for the Round Table Girls Wednesday evening. They will meet at the home of Mrs. Glen Craig, with whom Miss Miller is now living at 216 W. Tenth street.

Mrs. J. W. Andree of Pioneer Drive, who went to a Los Angeles hospital recently for treatment, has been brought home, and though confined to her bed is improving steadily, and will be glad to see her friends.

Members of the Lucky Thirteen Club met Saturday evening at the home of Miss Gladys Hamilton at 527 East Acacia street. The evening was spent in work on layettes for French and Belgian babies, and refreshments were served at its close.

Mrs. W. L. Andrews of 1552 Pioneer Drive had the pleasure of entertaining at luncheon one day last week old friends from Michigan, Mr. and Mrs. Joe Gerber, who now reside in Los Angeles. Mr. Gerber was a prominent banker in Michigan and came west for his health.

H. A. McPherson of 1516 Pioneer drive, Glendale, was the successful bidder at \$9200 for the erection of a brick garage and automobile salesroom on Grand avenue near Pico street, Los Angeles, for Mrs. Frances Winstel. The building will be 50x157 ft., and will have a pressed brick and terra cotta front.

Mr. and Mrs. Elias Ayers, of 207 Cedar street, this city, have received a telegram announcing the death at 4 this (Tuesday) morning of their granddaughter, Mrs. Charles Hunt of Lewisburg, Ohio. Some years ago as Miss Ruth Paulus, Mrs. Hunt was their guest for two years and during her stay here made many friends who will learn with sorrow of her demise.

On Friday evening a banquet will be served at the First Methodist church for the young people attending the convention, also for those from other churches if they will send their names to Miss Ruth Pierce, chairman of entertainment. On Saturday night a wienie roast will be given at Griffith Park, and any one who will contribute their automobile will receive the gratitude of the young people of the Epworth League.

Letters recently received from Frederick Eugene Burt of 1020 North Central avenue, who is now in the front line trenches with Company F, Engineers, 42d Division of the Expeditionary Force, state that he and the Glendale boys who are with him are all in fine health and are enjoying themselves in spite of the fact that they are in the thick of the battle, with big shells whizzing by which make their tin hats seem very small. His parents have received several letters lately.

**REPUBLICAN LOYALTY LEAGUE**

As the guests of Charles H. Toll, several Republicans of the 61st Assembly District took dinner together yesterday evening at the Jewel City Cafe and organized a chapter of the Republican Loyalty League. The purpose of the league is the selection of a loyal and patriotic Republican as a candidate for Congress from the Ninth District, and it was clearly indicated by those present that a determined effort will be made to secure a candidate of the highest type to represent this district at Washington.

Officers were elected in the persons of Charles H. Toll, president and chapter representative in the Ninth Congressional District League, and J. H. Franklin, secretary and campaign manager. Plans were formulated for enlarging the organization to include representatives from the other cities and townships of the 61st Assembly District, and a committee consisting of Mrs. Ella Meeker and Messrs. W. E. Evans, C. F. Parker and Charles Chandler of Glendale and W. A. Blanchard of Burbank was appointed for this purpose. The organization will be completed at a meeting to be held at the same place next Friday evening at 7:30, at which meeting all Republicans will be welcome. Among those present last evening, in addition to those already named, were Mrs. Ella Richardson and Messrs. Geo. B. Woodberry, F. H. Vesper, Albert D. Pearce and R. P. Benton, Secretary of the Republican Loyalty League for the entire Congressional District.

**NEW THOUGHT**

"Alliance Sunday" was observed at Masonic Temple Sunday morning. A silence—phase of prayer—was first held for the healing of the nations, for the triumph of truth and righteousness in this great hour in human history, sending the true Christ message to all lands and to all peoples. After this silence Dr. Frank L. Riley spoke on "What New Thought Means." He said in part:

New Thought is not a dogma, but holds rather to definite, fundamental principles of the divine power of thought. I hope New Thought will ever keep an open mind to new ideas and always be hospitable to each new inspiration. Dogma is a millstone and prevents the world's growth. There must ever be a renewal of the mind; the soul is ever evolving, unfolding, ready always for a higher realization of God.

Inspiration never ceases, but is continuous and progressive, because God is. Truth, however, is changeless, and much in New Thought is very, very Old Thought.

New Thought is fundamentally Christian, but I've found in the old Chinese classics even the golden rule. They taught identically what Jesus taught. Also, in the Hindu Sanskrit we find the same fundamental principles. This is very beautiful and wonderful. According to Jesus and New Thought there are no heathen or outcasts, for every soul who is born "lives, moves and has his being in God." A heathen may well be any one, anywhere, who bows to the god of gold and loses his own soul. We know we suffer by our own thoughts and actions. Every thought has its effect. If we do not receive good the trouble is with us and not with an omnipotent God. If you ask for bread, God will not give you a stone. The 91st Psalm is true today as much as it ever was. If religion is not practical it is not worth anything.

We lay great stress on healing. Man's body is God's holy temple. He whose body is full of light is full of health. Build this philosophy into your life and be a live, burning coal. This life and health are within your own soul. It is latent, largely, but ask yourself how you may help yourself and others. Get the right concept of beauty and health.

In New Thought, as in the United States, man is allowed to worship God according to the dictates of his own conscience. There is no creed to limit such freedom. Each one does his own thinking, always with a view of seeing Truth, which is the essence of New Thought. With this freedom we can work together in harmony, helping one another. Our fundamental principles are:

Our God is love—immanent in mind and matter.  
 Our church is the world.  
 Our prayer is kind thinking and right living.  
 Our Sabbath is every day in the week.

Our emblem is a smile.  
 Our religion is to do good.  
 Our bond of fellowship is charity.  
 Our belief is Heaven for all mankind.  
 Dr. Riley's subject for next Sunday is "Youth, Beauty and Immortality."

**BUILDING PROGRESSING**

The wall of the new brick building that is being erected by Chas. W. Kent & Son, Contractors, on the lot at the southeast corner of Brand and Colorado is being laid, and it is the intention of these contractors to push the work along rapidly. When completed it will be occupied by a branch office and station of the Willard Storage Battery Co.

**Y. M. C. A. WAR SECRETARY**

Merritt Ludden of 2453 El Bonita avenue has been appointed a Y. M. C. A. War Secretary and assigned to duty in connection with the Aviation Camp near Riverside. He is particularly well adapted to work of that kind, having been Scout Master of the No. 1 Troop of Boy Scouts in Tropic and greatly interested in boys and young men, with whom he is a great favorite. He has also been active in Sunday School work. Last year he was on the grand jury which made such a record for its investigations and was made secretary of the body, rendering very efficient service, which was commended by the courts. Mrs. Ludden plans to go to Riverside to live as soon as she can find a tenant for their home on El Bonita avenue.

SIXTEENTH  
 ANNUAL CONVENTION  
 OF THE  
**Pasadena District Epworth League**

FIRST METHODIST EPISCOPAL CHURCH  
 GLENDALE, CALIFORNIA, U. S. A.  
 MAY 10th, 11th AND 12th, 1918

1000 out of town delegates are expected to be present.  
 Get ready to greet them.

**FROM A SOLDIER**

Asa Bott, son of Mr. and Mrs. W. N. Bott, writes as follows from France to his sister here:

April 4, 1918.

My dear Esther and Folks:  
 I am sorry to say that this is the first letter I have written home for over a week, but if you could see and know what a soldier's life requires, you would probably let me off more easily.

Easter Sunday was spent in moving to another camp. We are now located in a camp "somewhere in France" named after our camp while in Washington. It is one of the best camps I have seen while in France and I have seen many in my travels so far. Everything is handy and labeled. For instance, our mess hall is marked "Childs' Restaurant," officers' quarters are "Bachelor Quarters." "Duck Boards" are placed on all walks so we do not worry about rain or mud. We are close to a good road and our bunks are very comfortable. We have plenty of fire and blankets, so keep warm as toast and believe me "it's nice to get up in the morning, but it's nicer to lie in bed."

Have been very lucky lately in receiving mail as I have received ten in the last two days, so will try in my crude way to answer them all in one.

I think I wrote and told you how much I enjoyed the box of "eats" you sent, but to make sure I want to thank you again from the bottom of my heart. But you know how well I love home cooking, so it's needless to say much.

I am well and as happy as a soldier can be at war. I was glad to hear that the folks are all well and truly hope they remain so for some time to come.

Tell mother I will write as soon as I can to her as my time is so taken up.

Please do not do the least worrying as I am safe and well and no shells have come over with my name engraved on as yet. The Kaiser has lost my name so "I should worry."

Give my best love to Mother dear, Father and all the family and tell them their boy is still fighting for them.

From your loving brother,  
 ASA.

Write as often as you can to a lonely soldier.

**ANNOUNCING**

The location in this city of George M. Anderson, expert violin maker and repairer.  
 Makes a speciality of regraduating old violins if heavy in the wood, making the old instrument valuable for tone quality. Very reasonable. Glendale 278-W. Residence, 258 E. Fifth St. 194t26\*

Think what the spectacle of cheerful giving means to the enemy.  
**BUY THRIFT STAMPS.**

**CONVENTION SONG**

**Keep the League Fires Burning**  
 "We can hear the bugle calling;  
 To the ranks then, one and all,  
 Every Leaguer stands attention  
 At the Captain's urgent call.  
 On we come, a mighty army,  
 While the hosts of sin retreat,  
 Till we see the whole world kneeling  
 At the Saviour's pierced feet."

**Chorus**

"Keep the League fires burning,  
 There are hearts a-yearning  
 For a closer walk with Christ of Calvary;  
 O'er the flag of freedom  
 Shines the cross of Jesus;  
 By this sign of love we'll fight and win the victory.

"Have you volunteered for service?  
 Do you work for God or gain?  
 Will you work to win the souls of men  
 Till peace on earth shall reign?  
 'Aye, aye, sir,' comes the answer,  
 'We'll stay by till strength shall fail.  
 And we hear the voice of Jesus say,  
 "My kingdom doth prevail."'"

The above song will be sung at the Epworth League Convention which convenes in Glendale Friday of this week.

**HOME NURSING CLASS**

Mrs. H. D. Thaxter, Chairman of Home Nursing of the local Red Cross chapter, announces that a meeting has been called for Thursday evening, May 16, at 7:30 at headquarters, above the Bank of Glendale, 340 South Brand boulevard. All who have registered for the Home Nursing class and any others who wish to join are asked to be at this meeting. The fee for the course is \$5, which includes all incidentals. Mrs. Eva M. Tuft will instruct the class.

**ANNOUNCEMENT**

**Bull's Eye Garage**  
 The Garage at 428 Glendale avenue will be open for business on and after Monday, May 6, under the management of G. Haniquet, who has worked in garages about town for over two years. He has been identified with the automobile business for many years, holding a New York City license for a Locomobile steamer dated 1900, and during all these years he has worked on many different makes of cars. All those who have had cars repaired by Mr. Haniquet indorse his work highly. If you want high grade work on that overhaul job, remember the BULL'S EYE GARAGE. 207t3\*

THE JAPANESE LABOR STATION announces that owing to the increasing cost of living they will advance their rates to 40 cents an hour; \$1.50 for half a day and \$2.75 for all day. These are the same rates that prevail in Los Angeles and Hollywood. 205-208

# NOTICE Of Public Hearing In Regard to STREET NAMING

A public hearing will be held by the Board of Trustees on  
**WEDNESDAY EVENING**

May 8th, at 8 o'clock in the Council Room of the City Hall.  
Expression of public opinion is desired by the Board of Trustees in regard to the following propositions:

**PROPOSITION NO. 1**

Office of City Manager  
City of Glendale, California,  
March Thirteenth, 1918.  
To the Honorable Board of Trustees  
of the City of Glendale.  
Gentlemen:

In connection with the new house numbering system which I assume has now been decided upon, it has been well understood, I believe, that the names of those streets now designated by numbers will have to be changed.

I believe no better plan can be followed in this connection than to invite the people residing upon the several streets to be renamed, to select the names therefor. To that end, I suggest the following plan, and if such plan meets with your approval, I would respectfully recommend its adoption.

1st—Designate a certain evening, say Thursday evening two weeks from this date, as Street naming night, at which time a meeting of the residents of each street shall be called at some conveniently located residence on each of the several streets to be renamed.

2nd—Have notices sent to the residents of each street announcing time and place and object of such meeting. Said notice should contain a list of present street names which will not necessarily have to be changed on account of house numbering plan, so that none of such names will be chosen.

3rd—It should be understood that as soon as any group shall decide on a name for their street, such name shall immediately be telephoned to City Hall, and the fact that such name has been chosen will immediately be communicated by phone to the other groups so as to avoid any possibility of duplication. There are also a few street names which should be changed on account of duplication; for instance, we have Oakwood Street, Oakwood Avenue and Oakwood Drive; also Sycamore Road and Sycamore Avenue.

Following is a list of the names of the streets upon which meetings should be called in connection with the above plan:

First, Second, Third, Fifth, Seventh, Eighth, Ninth and Tenth Streets.

The people of Oak Drive should be invited to meet with those of Ninth Street, as Oak Drive is a continuation of Ninth Street, and the whole street from San Fernando Road to Verdugo Road should have one name.

The people of Sycamore Avenue should be invited to meet with those of Doran Street to consider one name for the two streets. The entire street from Glendale Avenue to San Fernando Road might be named Doran Street, or a new name chosen.

The people of Eighth Street and Maple Street might be invited to meet together to consider one name for that street, which when the proceedings now under way for the opening and widening of Eighth Street from Glendale Avenue to Verdugo Road are completed, that street will extend from Pacific Avenue to a short distance beyond Verdugo Road. The entire street might be named Maple Street.

The people of Elrose Avenue might be invited to meet with those of Seventh Street, as Elrose Avenue is practically a continuation of Seventh Street east of Adams Street.

Respectfully submitted,  
T. W. WATSON,  
City Manager.

**PROPOSITION NO. 2**

April Third, 1918.  
To the Honorable Board of Trustees  
of the City of Glendale.  
Gentlemen:

In pursuance of your instructions, we the undersigned members of your Committee appointed for the purpose of submitting to your Honorable Body one or more plans for renaming streets of the City in accordance with new house numbering plan, respectfully submit the following:

1st—That north and south streets be called avenues, and that all east and west streets be called streets, with the exception of such main thoroughfares as may be called boulevards.

2nd—That the names of San Fernando Road, Brand Boulevard, Glendale Avenue and Verdugo Road remain as at present, excepting that these thoroughfares shall be called avenues.

3rd—That the name of Broadway shall not be changed.

4th—All avenues west of Brand Boulevard to be named after noted men and to be arranged alphabetically, beginning with "B" at first street west of Brand Boulevard.

5th—All avenues east of Brand Boulevard to be named after states or cities, and to be arranged alphabetically, beginning with "B" at first avenue east of Brand Boulevard.

6th—All streets south of Broadway to be named after trees or plants, and to be arranged alphabetically, commencing with "B" at Fifth Street.

7th—Colorado Street to be changed to Colorado Boulevard.

8th—Some distinctive name to be given to Tropico Avenue and avenue changed to boulevard; same to be a name acceptable to the City of Los Angeles for that portion of Tropico Avenue extending from the west city limits of Glendale to a junction with Los Feliz Boulevard near the entrance of Griffith Park.

9th—Streets north of Broadway to be numbered, beginning with No. 1 at Third Street.

10th—All short streets not extending through center of town, shall be called places, taking the name of the street immediately preceding from business center.

11th—That the names of all streets to be selected under this plan, be chosen by residents of such streets and places according to some practicable plan to be decided upon by your Honorable Body.

Your Committee respectfully submits the above plan for naming the streets of the City, and if same meets with the approval of your Honorable Body, your Committee would recommend that same be adopted.

Respectfully submitted,  
COMMITTEE:  
O. A. LANE,  
CLEM MOORE,  
C. J. WOLFE,  
W. H. BULLIS,  
SPENCER ROBINSON,

T. W. WATSON,  
Secretary.

The naming of the streets of the City is of great interest to all residents and the Board of Trustees desires a full expression of public opinion in the matter, before taking any decisive action. A large attendance is desired at the hearing called for Wednesday evening at 8 o'clock.

## BOARD OF TRUSTEES OF THE CITY OF GLENDALE

Being vice-president of the Washington Steel & Ordnance Co. and the Firth-Sterling Steel Co. wasn't sufficient to keep James W. Kinnear, of Pittsburg, from going overseas as a Y. M. C. A. war work secretary.

The Y. M. C. A. has sent 120,000,000 pounds of goods overseas for the soldiers up to March 1st.

A million and a half cakes of soap went overseas in one Y. M. C. A. shipment for American soldiers.

John J. Eller, of Brooklyn, for thirteen years a motorcycle cop, is now a Y. M. C. A. physical director overseas.

**ENTERTAINMENT FOR SOLDIERS**

When Congress passed the selective draft law it forced a heavy responsibility on the Government in that it charged it with a great many cares not heretofore associated with training an army. Congress realized that America of the future, led by the young America now in training, will be a great nation or a failure, according to whether its millions of soldiers are made greater men or harmed by their Army life. The Government realized these responsibilities and the War Department and Navy Department each appointed a Commission on Training Camp Activities to oversee and take direct charge of the work.

For its work the Commission made all possible use of the existing organizations, such as the Knights of Columbus, the Jewish Board of Welfare Work, the Young Women's Christian Association, the American Library Association and the Young Men's Christian Association. It used the governmental machinery for establishing and maintaining the "barred zone," which extends for five miles around each camp.

But it was necessary to provide positive forms of recreation to take the place of those it was either driving out of business or with which it was competing. To announce only "this is forbidden" would accomplish very little, but to say, "this is forbidden—but here is a good, clean entertainment to take the place of the one closed up," would accomplish a great deal, in that a definite alternative was shown to the men. This was the method of action decided upon and which has proved very successful in operation.

Certain phases of athletics, taking the form of play instead of work, helped to relieve the monotony of drill and provided a needed form of relaxation and change. Mass singing stirred up new feelings and welded closely together the companies, regiments and divisions. But the movie and the theatre had to provide the touch which would take the minds of the men completely off military affairs for a couple of hours and thus maintain the normal balance vitally necessary in quickly training an army.

Giving them some of those forms of amusement and relaxation to which they had become accustomed in civil life is of tremendous value in wholesomely filling the hours in camp which are not occupied by military training.

The Government built a large theatre for the drafted men in the National Army Cantonnments, sixteen in all. The Commission on Training Camp Activities called upon one of the foremost lyceum bureaus, which installed large Chautauqua tents in the National Guard Camps, most of which are located in Southern states, where the climate is reasonably mild. This Chautauqua bureau has been booking talent in these tents for the past eight or ten weeks, charging small admission fees of from ten to twenty-five cents. The Young Men's Christian Association also provides entertainment—some free, and some for which a charge is made. And the Liberty Theatres, of standardized construction and completely equipped, will handle regular companies playing recent successes from Broadway.

These entertainments must be self-supporting. They must be of the same calibre as the bright, snappy shows the men are accustomed to seeing. The admission must be small. Sc Smilagee Books were devised, the coupons of which are good at any paid entertainment in the camps under the management of the Commission on Training Camp Activities. Thus the friends of the soldier may send him theatre tickets which may be used in the Liberty Theatre and Liberty Entertainments at his camp.

**1776-1918**

The descendants of the compatriots of Washington and Paul Jones are fighting once again side by side with the descendants of the compatriots of Lafayette and Rochambeau. The time and opportunity have come for a nation to pay a great debt of gratitude for service rendered in great national need and America is paying France the debt she long has owed.

In the Revolutionary War for the freedom of America the French fought on American soil under the command of an American. Today in the war for the freedom of France and for the preservation of liberty to America, and indeed to all the world, Americans fight on French soil under the supreme command of a Frenchman. The honors are even and the honors are great.

No true American who knows the history of his country and loves the honor of his country but thrills at the thought of the American Army in France. The invincible Americans will turn the tide of war; they will bring to France and her allies a victory for liberty such as France assisted us to win, and repay with interest a debt to liberty and to France long owing and honorably acknowledged.

**ARMY RAG PICKERS**

(Continued from Page 1)  
carried on under a terrific bombardment.

But they do it as heroically, as stoically and as methodically as do their brother territorialists who carry the hot soup up to the fighting line through a barrage of machinegun fire, shrapnels and high explosives.

First there are the unused French shells which the batteries and trench mortars had to abandon as they dashed forward. Sometimes they lie in piles of half a dozen or more and sometimes scattered singly about. But every one is exceedingly valuable for the metal of which it is made, for the high explosives it contains, for the skill and genius that have gone into the construction of its highly perfected fuse and mechanism. Less delicately made trench bombs and aerial torpedoes are likewise gathered up.

More dangerous are the unexploded German shells, which lie scattered about. They may explode at the first human touch, but nevertheless they must be gathered up both for the removal of such a menace and for the value of the material they contain.

Then come the hand grenades. These may have been abandoned, or dropped by the "poilu" as he dashed forward to the assault. Or again they may be unexploded ones, either French or Germans, which may still go off at the first touch. But they must be gathered up.

In another pile are heaped up the steel helmets gathered from the field. They again may have fallen from the head of a soldier in the heat of a charge or may have fallen to the ground as the wearer himself fell pierced with a bullet. Even when the helmets themselves are riddled with bullets and shell splinters the steel they contain is still too valuable to leave behind.

On every battlefield hundreds of thousands of rifle cartridges, both exploded and unexploded lie scattered about. These must be gathered up one at a time, often under a heavy artillery fire.

Then there are the bayonets or rifles that the soldier may have been forced to abandon or that fell from his nerveless hands and his life ebbed away. But no matter how they came to be there, they must be saved.

After this come the knapsacks, the canteens, the straps, the old shoes, the caps, the coats, the overcoats, the thousand one different things that lie in the trail of thousands of men who have dashed forward in a hell where no attention can be paid to anything except to attain the object assigned and still live if possible.

**BOOTLEGGERS HAVE WAR ALL THEIR OWN**

MEMPHIS, Tenn., May 7.—Booze smugglers and whiskey runners in Memphis vicinity have become real "bad men." They have been furnishing the United States marshals with many thrills and the odds are that a quantity of hot lead will be spilled in the very near future.

Although but a year ago the bootleggers never dreamed of fight, United States marshals today go armed with automatic shotguns, far-shooting rifles and revolvers of heavy caliber. They have been forced to do it in defense of their lives.

Week by week the gangsters who sell booze have become more dangerous. They have developed into a class of dare-devils, far more dangerous to hunt than the bucolic moonshiner in his mountain lair.

Of the booze-running gangs, two are especially dangerous. One of these operates by use of "stick-up" tactics. On two notable instances this gang impersonated United States marshals and bagged large quantities of booze from other bootleggers.

**NOTICE OF HEARING OF PETITION FOR PROBATE OF WILL**

No. 38708

In the Superior Court of the State of California in and for the County of Los Angeles.

In the Matter of the Estate of Rachel M. Sherer, Deceased.

**FORTY-EIGHT NURSES' AIDS**

Forty-eight women have been sent to France as nurses' aids by the American Red Cross, according to Miss Jane Delano, director of the department of nursing of the American Red Cross. These aids are volunteers, and more than half of them have paid their own expenses.

"Twenty-nine nurses' aids were sent over prior to February, 1918," is the statement of the department of nursing. "All are doing work with the Children's Bureau. Four more sailed on March 30, all assigned to the Children's Bureau. On April 3 a group of 11 sailed; 4 for canteen work and 7 for the Children's Bureau. Four sailed on April 20, 2 for canteen work and 2 for the Children's Bureau. Another group will sail early in May. This group is not completed yet, and it is difficult at the present time to say how many will compose it—probably about 10. Some of these will do canteen work and others will be assigned to the Children's Bureau.

"All of these nurses' aids have had the preliminary course in elementary

hygiene and home care of the sick, and the further preparation of not less than 72 hours in a hospital approved by the Red Cross."

**WANT CHEAPER WATER**

The joint meeting of Farm Centers of the San Fernando Valley which was held Friday evening at the High School in Van Nuys was a very successful rally and the lecture by Prof. Gilmore, chief speaker, was much enjoyed.

The chief item of business concerned the appointment of representatives from each farm center to confer with the water department of Los Angeles relative to reduced irrigation rates. Farmers of the valley served by Los Angeles, as a matter of patriotic endeavor to increase food production, have expressed a willingness to undertake intensive farming and grow as many crops as possible on their land, but have been discouraged on account of the high cost of the irrigation water. It is hoped that through the efforts of such a joint committee a lower rate can be obtained.
