TWO RACE MEETS HERE THIS YEAR

One to Be Held in July, the Other With Fall Fair, September 1

Local Organization to Run the Races; Negotiating Agreement Now

Two race meets will be held at the Willows this year, one lasting a week in July and the other during the week of the B. C. Agricultural Association's Fall fair, commencing September 1. Announcement to this effect was made to-day, following a meeting of the Association directors yesterday afternoon.

A local organization will run the races this year; it was announced. Negotiations between the Association directors and this organization are proceeding now. A definite agreement will be closed after representatives of the Association have met members of the Oak Bay Council to-morrow night and discussed racing with them.

The names of the men interested in the organization which will run the races were not divulged to-day. It was made clear, however, that they are not members of the Vancouver Island Racing and Breeding Association, which has long been a strong plea for the right to stage races.

Other organizations which have applied for permission to run the races include the Brighthouse Racing Association, of Vancouver; Brethour & Taylor, of Victoria; and another Vancouver syndicate.

Seek Best Terms Agricultural Association directors are now endeavoring to secure the best terms possible from the organization which will run the races. So many races will be staged this year that it is expected that the association will receive a substantial sum for the use of the Willows for racing. The City Council, in fact, fully expects that it will have to make no grant to the association this year and may even receive a sum of money as a result of the races.

SEEK PLACES FOR HANDICAPPED MEN

Government Will Not Cease Efforts for Ex-soldiers, Says Manson

Employers of Province Asked to Assist

Vancouver, March 14.—"I am prepared to vouch for the Government that so far as it is humanly possible it will carry on the work of rehabilitating handicapped ex-service men regardless of where they came from, so long as they fought in the ranks of the Allies," declared Hon. A. Manson, Attorney-General and Minister of Labor, in an address to the local branch of the Amputations' Association here yesterday.

His duty as a member of the Government, he affirmed, was to offset the human weakness of forgetfulness regarding the sacrifices made during the war and to keep the employers of the Province in such a frame of mind that they would realize the debt they owed to those who came back. The present campaign to find suitable employment for the unemployed handicapped men of the Province would not be a mere splutter and die out, he said. Information concerning practically all the handicap cases of the Province had been secured and 3,000 employers had been written to. Only ninety-two replies had been received so far. Business men had lost their enthusiasm with the armistice, he said, but many of the replies received had been encouraging.

Within Three Months. These would be followed up and the other employers again reminded of their responsibility, he said. It was the duty of employers to make an effort to find suitable positions for these men. There was no reason why the industries of the Province should not absorb the 800 handicapped men within three months.

"If only one-third of the employers of British Columbia would make room for one man each, the problem would be solved," added Mr. Manson.

ELEVATOR DEATH WAS ACCIDENTAL

Miss Dorothy Savage Died by Misadventure, Say the Coroner's Jury

Rider Urging Care of Operators in Shutting Gates Withdrawn

Accidental death was the verdict returned by the jury sitting at the inquest to-day on the remains of the late Miss Dorothy Savage, daughter of Mr. and Mrs. R. W. O. Savage, of 518 Elice Street, who lost her life when she fell 40 feet in the elevator shaft at the Hudson Bay Company's Departmental Store, Douglas Street, on Monday morning. The jury returned with a rider urging that operators exercise more care in the closing of the doors in future. This rider, held Coroner E. Hart, who presided, was contrary to the verdict of accidental death. The jury, he intimated might strip again and re-consider their verdict with the rider. The jury then elected to withdraw the rider.

The Operator's Statement. The clearest story of the unfortunate accident was heard from the lips of Miss Ada Blair, 615 Garbally Road, the elevator operator of number three machine. The witness who collapsed after the tragedy and has been in a very critical state since, was supported by her father and gave the story of the accident between hysterical sobs. The late Miss Savage had been a personal friend of the witness.

Witness said she had taken Miss Savage from the mezzanine floor to the second floor where she opened the gates to let her out. She thought her companion had gone right away from the elevator, stated witness and pulled the cord to close the air-escape doors and threw in the starting lever. Next moment witness heard Miss Savage moan and saw that she had been crushed in the doors, falling into the shaft a moment later. At this moment the floor of the elevator had risen two feet.

IMPORTANT RULING ON LAND TAXATION

Cultivation Must Be Assessed on Improvement Basis

Vancouver, March 14.—Following a recent amendment to the Municipal Act specifying that improvements to land consist not only of buildings but of clearing, dyking, draining, planting and cultivating, Mr. Justice W. A. Macdonald has rendered an important judgment on this matter in an assessment appeal.

Robert McBride successfully appealed on the Government's behalf in Mount Joy Prison the same privileges accorded to prisoners arrested in Ireland, and that they are soon to be removed to an internment camp.

LOOKS FOR LESS STABILITY IN BRITAIN

Austen Chamberlain Makes Prediction About Government to Come

Says Majority of Voters Attached to No Party

London, March 14.—(Canadian Press Cable)—Expressing a foreboding that for some years to come the successive Governments in Great Britain will be less stable than they have been, Rt. Hon. Austen Chamberlain, leader of the late Lloyd George Government in the House of Commons, in an interview to the Times, advances a new theory to account for the defeats of the Bonar Law Government in 1922.

Mr. Chamberlain says these voters supported the Conservatives in the last general election and he believes the real truth is that the greater part of the voters for the first time in his memory now belongs to no party, but merely votes on the issue of the moment.

London Daily Sketch Says Irish Extremists in England Schemed

Papers Express Views on the Arrests in England. London, March 14.—A sensational story of a plot of an Irish republican organization to murder British Cabinet Ministers and commit other outrages is printed to-day by The Daily Sketch.

The newspaper connects the alleged scheme with the activities of Irishmen recently arrested in Great Britain. It says the persons marked for assassination included Premier Bonar Law, Mr. Lloyd George and Sir Hanar Greenwood.

A large number of women in the organization, the newspaper asserts, obtained employment in the households of the intended victims and thus became able to supply outside persons with details of the men's movements.

VILNA DISTRICT PART OF POLAND

Decision Given by the Allied Council of Ambassadors

Russia Gets What Was Given by Riga Treaty. Paris, March 14.—By a decision of the Allied Council of Ambassadors rendered to-day fixing finally the frontier between Poland and Russia, the Vilna district is attached to Poland.

This decision comes as the culmination of the long dispute between Poland and Lithuania, including the dramatic incidents which began with the raid on Vilna by the Polish General Zezulowski in 1920.

The Council of Ambassadors took up this question when it assumed the work of completing the peace settlement as successor of the Allied Supreme Council in 1919.

Neither Russia nor Poland was represented at to-day's meeting, at which the final decision was reached. The Ambassadors already were in possession of the Polish viewpoint. As for Russia, it was said the Soviet Government would be unable to object to the decision, since Russia would get exactly what was given her under the Treaty of Riga, which she negotiated with Poland.

This means that Eastern Galicia goes to Poland, since that province was comprised in the territories conceded to Poland by the Soviet representative. It seems expected that the decision will satisfy all concerned, with the exception of Lithuania.

NEED EVERY MAN FOR B. C. BUSINESS REVIVAL THIS YEAR

Industrial Boom Now Starting May Bring Actual Labor Shortage

British Columbia industry between now and the end of April will require every able-bodied man. This is the summary of conditions to-day by J. D. McNeven, Deputy Minister of Labor.

Because of these conditions, it is understood, the Government will not take any steps this Spring to encourage men to go to the Prairies. No extra low rates, as were in vogue last year, will be sought or given.

In fact, prospects for industry here this year are so bright that not only will all the surplus labor be taken up, but there may develop by Summer a serious shortage.

At present, unemployment is getting down near the vanishing point. The Prairies have asked this Province for 1,500 men for the seeding and growing season, but now this Province has reached the conclusion that it cannot spare any more men.

To encourage men to leave this Province at the present time, would mean that business and industry now on their revival would be seriously held up a few months later through shortage of workers, it was explained.

Courteous Note Sent to the Peking Government

Tokyo, March 14.—Japan to-day rejected China's proposal to abrogate the Chino-Japanese Treaty of 1915, which contains the noted "Twenty-One Demands" and extended for fifty years the Japanese leases on the Kwantung Peninsula, including Dainy and Port Arthur.

Courteous Refusal. Peking, March 14.—In reply to the Chinese note seeking abrogation of the Sino-Japanese Treaty of 1915, with its fulfillment of the "Twenty-One Demands," Japan has declined to meet the Chinese request. A courteous note was sent to Peking to discuss the treaty.

## INCREASED TRADE IS BRITISH DESIRE

Sir Eric Geddes Speaks of Economic Conditions Urges Government to Bring About Savings

Birmingham, Eng., March 14.—(Canadian Press Cable).—British trade is still thirty percent smaller than the 1913 volume, and the task of returning to the conditions of 1913 is more difficult than it appears, declared Sir Eric Geddes, president of the Federation of British Industries, speaking here yesterday.

First, he said, the adult male population of Great Britain had increased 1,000,000 compared with the figures of 1911, while more women nowadays were able to do men's work; second, Great Britain had to pay £20,000,000 yearly to the United States on account of debt, and third, the level of taxation was much higher than in 1913.

**Emigration.**  
The wise and prudent scheme to promote emigration to the Dominions might help the excess population difficulty, but this was only an amelioration, not a remedy.

It was most doubtful, he said, whether the improvement in trade would continue, owing to the disturbances resulting from the French occupation of the Ruhr district, which would almost entirely cripple the industry and productive capacity of Germany and probably seriously impair the productive capacity of France and Belgium. Both of these results would have a most unfavorable reaction throughout the world.

Increased population in Great Britain would demand at least a fifteen per cent increase in the volume of trade compared with the pre-war volume, and that meant increased capacity and equipment. The Government, said the speaker, was taking two years to effect the economies which the Geddes Commission recommended should be made in one year. He assured the Government the support of the trading community if it would courageously explore further avenues of economy, even if it should undertake the unpopular task of making specific savings.

### W. SHEAHAN DIED AT POWELL RIVER

Vancouver, March 14.—William Sheahan, general superintendent of the Powell River Pulp & Paper Company at Powell River, B. C., died Monday at that point of blood poisoning. He was fifty-six years old and had been prominent in business circles here for years. He invented several pieces of machinery used in the manufacture of paper.

The funeral will take place in Oregon City, Oregon, on Thursday, from the home of his daughter.

### OTTAWA BUDGET SPEECH

Ottawa, March 14.—The Finance Minister is not yet ready to fix the date for the budget. Sir Henry Drayton, former Minister of Finance, asked in regard to the budget in the House of Commons yesterday afternoon. "I am afraid my honorable friend will have to ask more than once before he gets an answer," Mr. Fielding replied.

### ITALIAN VILLAGE MAY BE BURIED

Several Houses Engulfed; People Have Departed

Bologna, March 14.—The village of Braschi, in the province of Piacenza, is threatened with burial under a landslide caused by the infiltration of water from the upper slopes of the Apennines. The movement of the earth has already engulfed several houses and buried some livestock. The population has evacuated the village.

### WOULD SELL PART OF SAGHALIEN

Soviet Envoy Talks, But Japanese Already Occupy Island

Special to The Times.  
Tokyo, March 14.—The first intimation that Russia might sell to Japan the northern part of Saghalien Island, which Japan now occupies militarily, has been made by Adolph Joffe, the Soviet envoy to Peking, who is now taking the bath treatment at the Japanese hot springs. In a conversation with Jotaro Mochizuki, the Diet minority leader, the Soviet emissary, said he was willing to take up with Moscow the Saghalien transfer question.

The occupation of Saghalien was one of the snags on which the Russo-Japanese conference at Dairen and Chang-chun were wrecked.

Because of its great strategic value, commanding the mouth of the Amur River, and its estimated great natural resources, Japan has been guarding her position there jealously.

M. Joffe says that before Russia granted to the Sinclair Oil Company, concessions in Saghalien, the question was referred to Japan twice, but that no reply was received. Japan later announced that this American company could not enter without Japanese consent.

The public backs up the protracted Saghalien occupation and Japan manifestly has slight intention of ever withdrawing.

M. Joffe says the next Russo-Japanese conference will not be held until preliminary negotiations ensure a satisfactory agreement. Meantime sentiment favoring a practical trade pact is growing in Japanese commercial circles.

### LIVESTOCK ACTS DEBATED AT OTTAWA

Tolmie Urges Canadian Relations With U.S. Be Left Undisturbed

Ottawa, March 14.—That the utmost care should be taken in passage of new legislation not to jeopardize existing relations with the United States was urged yesterday at a session of the Standing Committee on Agriculture by Hon. S. F. Tolmie.

The committee was considering a bill to consolidate the acts respecting livestock and Dr. Tolmie expressed a fear lest there should be conflict of authority as between inspection officials under this and the Meat and Canned Goods Act.

Regulations in the act require operation of a livestock exchange in connection with each stockyard, of which each dealer shall be a member, under special licence from the Minister of Agriculture.

Hon. W. R. Motherwell, Minister of Agriculture, explained that this was to prevent the boycotting of any dealer or dealers.

The Minister is also given power to exclude from the yards any dealer or commission merchant committing offences under the act. Penalties are also provided for offences.

### SETTLING MINERS' WAGE SCALE IN DISTRICT NO. 18

Calgary, March 14.—Confidence that early settlement of the wage scale agreement for the coming year will be effected between District 18, United Western Miners of America, and the Western Miners' Coal Operators' Association was expressed by mine leaders yesterday. The conference is being continued to-day.

Neither side has given any information regarding the conference, which is being held behind closed doors. It has been learned in unofficial circles, however,

### DR. CHASE'S KIDNEY-LIVER PILLS

Mrs. Wm. Robinson, Yonker, N.Y., writes:  
"I suffered from stomach and liver trouble, and used to have bilious attacks so bad that I could do nothing for weeks at a time. My stomach would be so weak that not even a drink of water would stay on it. On my sister's advice, I began to use Dr. Chase's Kidney-Liver Pills, and must say that they have made me feel like a new woman."

## NEW COLORINGS AND LOWER WAISTS ARE SPRING FEATURES

### Lovely Fashions Displayed at Spring Opening at Angus Campbell's

Only seventeen days to Easter! And Easter means Spring with its gay flowers and delicate tracery of green in the gardens, its Easter bonnets and the donning of fascinating new clothes. All this and much more is suggested by the striking display at Angus Campbell's Ltd. where the windows show a lovely setting of pale pink and mauve-wistaria against a background of green and silver, while lovely creations featuring New York salons rise flower-like in the foreground.

### New Colorings.

Nature's palette has been robbed for the newest colorings which include touchwood, fallow, Mephisto, hazel, rosewood, cedar, olive, rapallo, clear, Eldorado, rope, Lantana green, toast, coffee and the whole gamut of soft, woody browns. Cryptology and the latest discoveries at Luxor have been pressed into the service of Dame Fashion and supply the trimming motif for an adorable gown of Eldorado flat crepe with deep belt of printed crepe and bracelet-like shoulder straps, all adorned with adaptations of Egyptian hieroglyphics in gray colors.

### Waistline Lower.

Silence may be golden but a beautiful afternoon gown owes its charm to its silver coloring. A skirt of silver-grey flat crepe meets a waist of dull silver lace at the very low waistline which is a hall mark of the season, and a bunch of silver grapes marks the rendezvous. Roshanara crepe, that lovely material, in a caramel shade fashions a gown of slender lines. Again the very low waistline is accentuated by a golden girdle with a hint of coral in it, while the medial sleeves cling closely to the arm and flare over the hand in a pointed cuff lined with rust crepe.

All-time crepe is a new fabric phenomenon for a lovely gown of henna trimmed with grey braid. A lavish display of grey soutache braid is also responsible for the downfall of a fascinating gown of pale grey crepe-de-Chine, whose side-drapes recall the newest mode. Created for the demure miss is a frock of mid-Victorian tendencies, originated in a flat crepe of a caramel shade with the quaint bodice edged with ruffles of lace and the skirt circled by rows of darker brown velvet.

### Three-Piece Suits.

The new season finds three-piece suits more strongly entrenched than ever. And a three-piece suit may mean a frock and a jacket or a separate skirt, waist and jacket. Each variety is illustrated. In the two-piece variety is a gown of navy poret with an attached waist of jovellest printed satin-stripe georgette in sandalwood shade, with a jaunty navy jacquette to top it. Another has a skirt of navy poret with a separate waist of grey crepe-de-chine and a coat of navy poret trimmed with a cucumber-board design of navy and grey.

### Sumptuous Wraps.

Wraps also show the fashionable low waistline and the wrap-effect which features many gowns. One lovely affair of black Geona was of Russian blouse effect trimmed with strappings of black braid upon grey crepe. Another truly regal wrap was of black Roshanara crepe heavily embroidered in chenille and finished with a monk's collar caught with a metallic clasp. A heavy dull silk reminiscent of peau-de-sauve fashioned a wrap of black, the deep collar edged with monkey fur, and heavy pipings finishing the sleeves. Sumptuous was a wrap of black Geona—a favorite material—heavily embroidered in steel with drooping sides and a lining of caramel crepe.

The above are a few of the ravishing creations which will be shown at the Spring opening to be held to-morrow and the succeeding days. The window display will be changed each day during the opening.

### Elks' Dance—Everything is in readiness for the big St. Patrick's dance to be held to-night in the Elks' Hall under the auspices of the Elks' Amateur Swimming Club. The hall has been attractively decorated with the color appropriate to the occasion, and George Ozard has promised something distinctly Irish in the way of music. A buffet supper will be served by the ladies of the committee during the evening.

### YOUR HOME AND YOU

By HELEN KENDALL

**Sunday Morning**

What mother of several young children does not dread the confusion, hurry and occasional discord of Sunday morning, when the youngsters must all be dressed in their spandy best, equipped with clean handkerchiefs and coins, and gotten off to Sunday School?

It is a strenuous hour or two for the busy home-maker, who has had to get breakfast (much later than usual), prepare the materials for dinner, and dress herself for church—perhaps persuade Friend Husband to accompany her! The situation is generally complicated by the fact that Young Eleanor wants to wear her forgotten frock instead of the hemstitched one, that little Jackie can't find his best tan stockings, and by the determination of wee Nancy to wear a pink hair-ribbon with her yellow linen smock! Mother rushes from one tonorial struggle to another, helping, chiding, encouraging.

Perhaps things would go a little more smoothly if she would set the all-questions of attire the night before. By each small bed she might lay out, in immaculate order, the clothes to be donned the next morning. There are the long white stockings, the clean underclothes, the

## Are you cheating yourself with an imitation of health?

INSUFFICIENT fresh air—lack of proper exercise—constant nervous wear and tear—the human body today has to meet a series of unnatural strains. Every year we pay millions of dollars for drugs which whip the exhausted system into a temporary semblance of health. And every year thousands of men and women still young die from "old-age" diseases—brought on chiefly by ignorance of the true laws of health.

Only the proper food can keep your body free from poisons. Few people realize how directly our food is responsible for health or disease. We no longer eat the raw foods of the forest for which our bodies were built. Instead, modern civilization demands a more delicate, concentrated diet which leaves the muscles of our intestines with no real work to do.

The result is inevitable: the muscles of the intestinal walls become as soft and flabby as the muscles of the arms without exercise. There is nothing to stimulate them to remove the waste which drains into the intestines every day. They fail to act. And we become literally clogged with poisons from these waste products which stagnate in the system.

Trying to cure the trouble by drugs which increase it. Habitual use of drugs and cathartics is worse than useless. Their artificial irritation weakens our intestinal muscles still more—and we have to take larger and larger doses in order to blast a way through.

### CANADIAN SONGS IN SOPRANO RECITAL

Blanche Nelson to Sing for the Women's Canadian Club Tuesday

Blanche Nelson, a gifted soprano, whose home is in Vancouver but whose reputation is by no means confined to this Province, will give a recital on Tuesday afternoon next before the Women's Canadian Club. This feature has been arranged as one of the regular series of meetings, but it is in the nature of an especial treat and because of its educational value the privilege of attending is being extended to students of the Normal School, Victoria College and to music students of the city.

Miss Nelson's programme will be confined purely to Canadian composers and their works and will include "Morning Invitation" by J. D. A. Tripp, of Vancouver; "The World is Waiting for the Sunrise" (Ernest Seton); "Spring's Triumph" and "Sing Heigh-Ho," both by Douglas Macey, of Victoria; "There is No Death" (O'Hara); "Bring You Heartiness," "I Send My Heart to You" and "Morning Wind" by Gene Branscombe, and a group by William Elphinstone, including "One Little Hour," "Spring Morning," "A Woman's Last Word" and "Slave Song."

The Girls' Corner Club will meet on Thursday in the Liberal rooms Government Street. The Ladies' Aid of Reformed Episcopal Church are kindly assisting with the supper which will be served at 6:15 p. m. All girls working in the city are heartily invited. After a short musical programme Miss Litt-Smith will address the club, the meeting closing promptly at 7:45.

difference, carelessness and thoughtlessness. One-half the misery married women experience would be known if husbands were just a bit more considerate, more trustful and more humanly honest with themselves and with their wives.

This "mental cruelty" is very much to the fore in Katherine MacDonald's latest picture, "Domestic Relations," a First National attraction which is the feature this week at the Royal Theatre.

Miss MacDonald has the role of the wife of a self-centred, proud and ambitious judge, while Barbara La Marr plays the part of the wife of a workman who distrusts her and resorts to physical violence to emphasize this lack of faith.

The workman is sent to prison by the judge, who fails to distinguish between the laborer's treatment of his wife and the judge's treatment of his wife.

As a matter of fact both jurist and workman are pretty much the same, in that both cause their wives untold suffering and sorrow, but by different methods.

William F. Claxton is the author of the story, and "Chet" Whitney directed it. William F. Claxton plays the part of the judge.

PLAYHOUSE TRIES EXPERIMENTAL SHOW

Mr. Hincks Appeals for Victoria Home Theatrical Industry

The experiment of an invitation performance of "The Cabaret Girl" at the Playhouse was made successfully last evening.

After the performance Manager R. N. Hincks came before the footlights and addressed the well-pleased audience.

"We invited you here to-night," said Mr. Hincks, "in order that 210 citizens of Victoria might see the sort of shows we are putting on, hoping that, in common fairness to us, you will tell your friends just what sort of a show it is."

"You yourselves know best how much or how little you have enjoyed to-night's entertainment, but, judging by your laughter and applause, I think I am safe in assuming that you think the show a good one."

"Every day of your lives you see headlines in the daily press asking 'What's the matter with Victoria?'"

"Here is an industry that is circulating money at the rate of over \$50,000 a year and buying every single thing it needs right in the town, incidentally providing a living for some twenty-five people. If you don't get value for your money, I've no kick coming, and no more to say, but if you had heard night after night the hearty applause of the people who were in the house you would know that it is not the case."

"It must be, therefore, that we are not sufficiently advertised, that people don't know; and it is here that you can help us. We have carried out our part of the contract by entertaining you to-night, and we hope that you will carry out yours by helping us to get more houses for the balance of the week."

The regular performance of "The Cabaret Girl" will take place this evening and continue for the balance of the week, including the matinee on Saturday.

"ALF'S BUTTON" CONTINUES MAGNET

Columbia Presents Ever Popular Comedy Film

The Hepworth Picture Play, "Alf's Button," which has been running for the past two days at the Columbia Theatre, certainly deserves the description of "England's greatest screen comedy."

Alf Higgins is a typical ex-coaster Tommy of the British Army. He had the same abhorrence of cleaning his buttons that many others of his had. The British Government had been forced to commandeer some brass vessels in order to get the metal for their army buttons and among other articles had melted down Aladdin's lamp.

The on-it-made-from-the-metal-of-the-world-famous lamp. His trials there are many for the time being, but the button the stars appears in and satisfying his wishes he causes considerable havoc with convention.

The humor is excellently consistent and is without a shadow of vulgarity. The photography is solid and the settings at times verge upon the elaborate. It is a comedy of the first comment upon the work of the cast because all the stars are well known to Canadian audiences. Leslie Henson plays the part of Alf, Alma Taylor is "Doris" and the picture takes the honors for the difficult but apparently enjoyable part of the genie.

POPULAR IRISH CONCERT

A popular Irish concert will be held under the auspices of St. Andrew's Presbyterian Church choir on Saturday evening at 8 o'clock in the large schoolroom, corner of Broughton and Douglas Streets.

In addition to songs of Ireland by popular artists, selections will be given by a select orchestra under the direction of J. A. Longfield, while recitations, contending and the dancing of Irish reels will complete a most interesting programme.

Among those contributing vocal numbers will be Mrs. J. Longfield, Miss Beth Simpson, Mrs. Howey and R. Morrison, J. G. Brown, K. Angus and Maurice Thomas.

PARADE OF PROCEDE MINSTREL SHOW

Kiwanis Minstrels Will Give Two Performances

Most people remember the good old minstrel parades they used to like to watch when they were children. There seems to be an irresistible appeal to young and old alike in the sight of a parade of prominent citizens dressed in Nigger guise.

Monday next at noon is the time for the big parade of the Kiwanis Minstrels and it is certainly going to be a sight worth seeing. The parade will be headed by the Shrine Band, some thirty strong, while all the members of the cast will be in full war paint and, of course, they will have the support of the other members of the club to swell the ranks and show that when the Service Clubs undertake anything the members all join wholeheartedly to make it a success.

The performance has to be seen to be appreciated. Tom Morrison, the interlocutor is a host in himself while his vocal selection is in keeping with the rest of the excellent offering. As an entertainer, Carl Stecker, Ben Nicholas, Jack Trott and Tom Morrison, as a quartette which it would be very hard to equal and their topical allusions will undoubtedly bring down the house.

If the performance were not being that when the Service Clubs undertake anything the members all join wholeheartedly to make it a success.

POPULAR TENOR APPLAUDED HERE

Large Audience Hears Edward Johnson

Before a large, interested and delighted audience at the Royal last evening Edward Johnson, the great Canadian tenor, left behind him the highest impressions. His art is super-abundant. He is possessed with a gorgeous vocal organ, and is equipped with all that make for perfect vocalization. His diction is of such excellence that his songs seemed to gain distinction by reason of his superb intonations, and in style, in dramatic fervor, in impressiveness and in his interpretations were embodied all the elements of mature thought, acquired only by much and deep study. His achievements spell complete success and his rich and vibrant voice of great carrying power gained the enthusiastic approbations of his enraptured listeners.

His programme of four groups was diversified and revealed the singer in contrasting moods and in many attributes of taste and artistic verities. As for instance in Group I, Schubert's "Wanderer," in a charming setting of the love song from Shakespeare's "Two Gentlemen of Verona," the aria, "Once O'er the Azure Field," from the opera, "Andrea Chénier," a young poet who casts in his lot with the revolutionaries in the time of the French Revolution, in Group II, a selection of folk songs of various nations, the "I Pastor" (Pizzetti), and "Ragna" (Grieg); in Group III, and in the last group, "Fare-You-Well," this calling for a repetition, and the delightful song, "All the World's in a Girdle" (Woodman), in which the singer, in the highest and noblest heights of artistry and always with an infallibility of pitch, that never failed to impress himself more and more on the audience, sang, "The Song of the Sea," an aria from Puccini's opera "The Girl in the Sash," the "Swan Bent Low to the Golden Lily" (MacDowell), "Run on Home" (Grieg), the "South by Strickland," the "Ridi Pazzo" aria, and the beautiful song "Mother O' Mine," Elmer Zoller was an admirable accompanist.

NEW SUITS

In suits the three-piece model holds favor, dress bodies and jacket linings being of the same material. There are jackets which hug the hips, there are others which flare from the shoulders or still others cut on the box lines. Collars are rather a negligible feature, being mostly narrow standing bands. The bodice sleeves are revealed in the wide coat sleeves. Skirts for the street are from six to eight inches from the ground. Fabrics include poret twill and tricotine. \$35.00 to \$115.00. Two-piece Tailored Tweed Suits are from \$18.75 to \$49.50.

NEW COATS

The most noticeable details in Wraps and Wrappy Coats are the side closing, the novel clasps and the elaborate linings, sleeves are varied, some being open and some with cuffs, while the low waist is an accentuated feature. Materials are velvete, poret twill, tricotine and Bolivia. \$65.00 to \$149.50.

NEW DRESSES

Long skirts are more evident on Afternoon and Dinner Gowns. Draped Gowns hold first place but circular skirts or straightline models with Grecian drapery to vary the outline are shown. There is a decided predominance of crepe fabrics such as Romain, Crepe de Chine, Canton Crepe and Roshanara Crepe, but taffeta, pussy willow and moire will command attention. \$19.75 to \$98.50. Dresses of Poret Twill and Tricotine are shown with trimmings of embroidery and elaborate silk braids. \$12.75 to \$79.50.

NEW BLOUSES

The Blouse is coming back stronger than ever, and in an entirely new style which will demand prominence in the wardrobe. The jaquette of various cuts, loose beltless models or the extremely long-waisted styles with wide belts, which are tight over the hips. Fabric and color are the things of importance. Plain fabrics and printed India crepes. \$3.95 to \$15.00. Of course Tailored Models are in evidence and follow much on their usual lines. \$2.50 to \$13.50.

NEW SWEATERS

The new Sweaters are characterized by intricacies of stitch and beauty of design. There has been no decided change of style or cut. Tie knit fibre silks in wonderful color blendings, Egyptian designs in models of silk. Wool Sweaters are trimmed with silk stripes run through or depend entirely upon their knit and color for popularity. Silk Sweaters from \$10.00 to \$27.50. Wool Sweaters from \$4.50 to \$25.00.

NEW SKIRTS

Skirts for sports wear are decidedly shorter than the suit skirts; bright stripes on cream grounds are for active sports, while the darker weaves in heavier wool fabrics are plain and pleated in block, stripe and plaid designs. We have an altogether representative showing of skirts that are most fashionable for Spring and Summer wear. \$5.75 to \$23.75.

The Predominating Note in Spring Millinery

There is a marked tendency to shorten the left side and back of the larger hats. Poke shapes of all kinds and sizes are prominent, the cloche shape is less distinctive, but possesses everything in style; turbans and tricornees are in evidence. Now that Easter is approaching one just naturally expects the large picture hat to become important. Taffeta and Faille silks are used with straw for facings and trimmings. Timbo, Tagel and Milan Hemp are prominent straws. Haircloth and viscera haircloth and satin viscera are much used in black. For sports the felt will be quite the thing. This season ribbon is much to the fore and less metal for trimming, fruit and flowers are also profusely used. According to the best authority the side back trimming is quite the newest. Dress Hats from \$8.50 to \$35.00. Sports Hats from \$2.95 to \$19.50.

BURBERRY COATS GORDON DYKES LIMITED TREFOUSSE GLOVES

Store Hours 9 a.m. to 6 p.m.—Wednesdays 1 p.m.

The New Spring Fashions Are Laden With Intricate Decoration and Design

They Are Dignified—Almost Stately

Ornamentation is only omitted on the new garments to give place to the most exotic printed or woven designs. Very lavish has been the use of embroidery, while braid seems to be enjoying a marked vogue. Many and varied are the styles we display here for your inspection and approval. The most authentic—the most distinctive.

NEW SUITS

In suits the three-piece model holds favor, dress bodies and jacket linings being of the same material. There are jackets which hug the hips, there are others which flare from the shoulders or still others cut on the box lines. Collars are rather a negligible feature, being mostly narrow standing bands. The bodice sleeves are revealed in the wide coat sleeves. Skirts for the street are from six to eight inches from the ground. Fabrics include poret twill and tricotine. \$35.00 to \$115.00. Two-piece Tailored Tweed Suits are from \$18.75 to \$49.50.

NEW COATS

The most noticeable details in Wraps and Wrappy Coats are the side closing, the novel clasps and the elaborate linings, sleeves are varied, some being open and some with cuffs, while the low waist is an accentuated feature. Materials are velvete, poret twill, tricotine and Bolivia. \$65.00 to \$149.50.

NEW DRESSES

Long skirts are more evident on Afternoon and Dinner Gowns. Draped Gowns hold first place but circular skirts or straightline models with Grecian drapery to vary the outline are shown. There is a decided predominance of crepe fabrics such as Romain, Crepe de Chine, Canton Crepe and Roshanara Crepe, but taffeta, pussy willow and moire will command attention. \$19.75 to \$98.50. Dresses of Poret Twill and Tricotine are shown with trimmings of embroidery and elaborate silk braids. \$12.75 to \$79.50.

NEW BLOUSES

The Blouse is coming back stronger than ever, and in an entirely new style which will demand prominence in the wardrobe. The jaquette of various cuts, loose beltless models or the extremely long-waisted styles with wide belts, which are tight over the hips. Fabric and color are the things of importance. Plain fabrics and printed India crepes. \$3.95 to \$15.00. Of course Tailored Models are in evidence and follow much on their usual lines. \$2.50 to \$13.50.

NEW SWEATERS

The new Sweaters are characterized by intricacies of stitch and beauty of design. There has been no decided change of style or cut. Tie knit fibre silks in wonderful color blendings, Egyptian designs in models of silk. Wool Sweaters are trimmed with silk stripes run through or depend entirely upon their knit and color for popularity. Silk Sweaters from \$10.00 to \$27.50. Wool Sweaters from \$4.50 to \$25.00.

NEW SKIRTS

Skirts for sports wear are decidedly shorter than the suit skirts; bright stripes on cream grounds are for active sports, while the darker weaves in heavier wool fabrics are plain and pleated in block, stripe and plaid designs. We have an altogether representative showing of skirts that are most fashionable for Spring and Summer wear. \$5.75 to \$23.75.

The Predominating Note in Spring Millinery

There is a marked tendency to shorten the left side and back of the larger hats. Poke shapes of all kinds and sizes are prominent, the cloche shape is less distinctive, but possesses everything in style; turbans and tricornees are in evidence. Now that Easter is approaching one just naturally expects the large picture hat to become important. Taffeta and Faille silks are used with straw for facings and trimmings. Timbo, Tagel and Milan Hemp are prominent straws. Haircloth and viscera haircloth and satin viscera are much used in black. For sports the felt will be quite the thing. This season ribbon is much to the fore and less metal for trimming, fruit and flowers are also profusely used. According to the best authority the side back trimming is quite the newest. Dress Hats from \$8.50 to \$35.00. Sports Hats from \$2.95 to \$19.50.

**SS. GREAT CITY WAS IN HURRY**

Ship Saves Cancellation Date and Possible Loss of \$25,000

By passing up to Vancouver last night the freight steamer Great City saved her cancellation date, the loss of which would have meant approximately \$25,000 to the ship. The Great City was booked for a full cargo of wheat from Vancouver to the United Kingdom many weeks ago by the Alberta-Pacific Grain Company. At that time the rate was about ten shillings, higher than at present. The cancellation date was to fall due in a few days.

The Great City will load 10,000 tons of wheat. Grain to Orient. There is a steady flow of grain to the Orient, and it is understood it will keep up long into the summer. In fact, there are bookings now made for May and June space, and there are four ships at Vancouver or due within a few days to load for the Orient. It is reported that a quantity of space was taken very recently for May and June to Shanghai. The Government elevator sheds at Vancouver are full of sacked wheat, there being 5,900 tons awaiting ships. This will go to the Edmore, Proteus, Bondowos, Toyooka Maru and Kinkosan Maru.

**ENDERBY EXPLAINS CUT TO BUFFALO**

Prospect of Getting Ore Cargoes Failed to Materialize

Montreal, March 13.—The refusal of the Canada Steamship Lines to cut rates to Port Colborne on grounds that the line had no business necessitating changing all the lake grain freight rates, while, at the same time they actually did cut rates for cargo from Port Colborne to Buffalo, accepting a two-cent rate for it, was one feature of the evidence of T. R. Enderby, operating manager of the company before the Royal Commission inquiring into the lake freight rates on grain this morning.

Mr. Enderby declared that the rate of two cents to Buffalo was accepted because there seemed prospects of getting ore cargoes to get the boats busy after the grain cargo had been carried. The business did not materialize, however, and the steamer Grant Morden was laid up owing to lack of cargo.

Enderby refused a two-cent rate on cargo for the Grant Morden for Fort William to Port Colborne, because there was no money in the business at that rate.

**BATTERED VESSEL IS SAID BEYOND REPAIR**

Survey Completed on Motorship Coolcha — Repair Contract, It is Estimated, Would Be About \$50,000 — Ship May Be Towed to Seattle and Engines Taken Out

So extensive is the damage to the wooden motorship Coolcha that the owners had virtually decided to-day that repairs to the vessel were out of the question. The vessel will probably be temporarily patched up to relieve the pumps and then towed over to Puget Sound, where the engines will be removed from the shattered hull. That, in effect, it was understood to-day, will be the recommendation of W. Banham, representative of the owners, the Ocean Motorship Company, as a result of the survey made in the Esquimaux drydock.

WHO EARNED REWARD? Considerable discussion has arisen in police and other circles regarding the person entitled to the rewards offered for information leading to the arrest and conviction of the Lorens murderer. No decision can be made until such a conviction has been recorded, but in the meantime there is much talk as to the rightful claimant. Several claimants have entered a plea for the reward, basing their claims on the fact that they reported information to the city, provincial and other police in connection with the two accused boys.

NEWS IN BRIEF A chimney fire at 2383 Dalhousie Street at 8:10 last night gave the department the sole run of the day. Oak Bay Conservatives will organize at eight o'clock Friday night at St. Mary's Hall. A general invitation has been extended to all Conservatives to attend. Much admiring comment was occasioned by the pleasing appearance of the stage setting at the Royal Victoria Theatre for the Edward Johnson recital last evening. The furniture was kindly loaned by David Spencer, Ltd., and the flowers by Brown's Victoria Nurseries. The following pupils of Mrs. Corbett were successful in the recent examinations, held in Victoria by the Canadian Academy of Music, Toronto: Elementary grade: Kenneth MacIvor, first class honors; Fisher, honors, and Eileen Bennett, pass.

Ward Three Liberals held a lively discussion on "Immigration and Its Problems" at its meeting last evening when there was a good attendance. The next meeting will combine social as well as business features and an energetic committee was appointed to make the necessary arrangements. After three weeks of almost incessant sessions of both morning and afternoon the city Police court dockets were cleared to-day except for one brief case wherein J. Robertson was charged with permitting a chimney fire. Deputy Chief Alexander Munro and Lieut. W. R. Taylor told of the fire, which was confined to the chimney. A fine of \$10 was recorded. In connection with J. Francis Burdill's lecture on "The Story of Mr. Punch" to be given in the Chamber of Commerce auditorium to-morrow evening at 8:30, a musical programme has been arranged to which Miss Robertson and Arthur Gore will contribute vocal numbers, and Miss Rita Ormiston piano solos, with Mrs. Leonard James officiating as accompanist. The lecture has been arranged by the Island Arts and Crafts Club. The organ recital given in St. Mark's Church, Boleskine Road, Monday evening in aid of the renovation fund, by J. H. Hinton and some of his pupils, was greatly appreciated by the audience. The programme was exceptionally well rendered and included instrumental contributions by J. H. Hinton and Mrs. Moore, and vocal solos by Miss Alexander, Miss Vivian Matthews, Miss Elva Rogerson, Leon Conyers, Miss Edith Howson, C. Prescott and Miss Mary Orr.

ST. PATRICK'S DAY SMOKER. The Army and Navy Veterans in Canada, Victoria Unit, No. 12, will honor St. Patrick's Day in fitting manner on Saturday evening next at 8 o'clock promptly, in the club room, Hamley Building, by inviting all their members in good standing to an entertainment. Refreshments will be provided. All members attending must present their membership cards to the sergeant-at-arms. A special jury was granted this morning by Mr. Justice Murphy in the case of Newcombe vs. Green. The case is one in which J. R. Green is alleged to have improperly advised his client in the suit of Yorkdale and Canadian Trust vs. Newcombe to set aside a transfer of property between husband and wife. Notice of appeal against the granting of a special jury was given by W. C. Moreby, by whom Mr. Green was represented. S. T. Hankey appeared for the applicant. The Marigold Maids Social Club held its weekly meeting in Marigold Hall on Monday. Owing to the stormy night the attendance was not quite as good as usual. After the business had been disposed of a whist tournament for small prizes was held. The winners were Mr. Alexander and Mr. Johnson; runners up, Mr. Watt and Mr. Belton. Next Monday night the club will hold a motion picture show and concert. A small orchestra will be in attendance. The Women's Union of the First Baptist Church has been greatly encouraged both in attendance at meetings and in the enthusiastic support of the officers in charge to-day. Recent social gatherings at the homes of Mrs. A. B. McNeill, Fairfield, and Mrs. Hindley, James Hay, were such a success that a centre gathering is planned for Thursday evening of this week at the First Baptist Church, Yates Street. The meeting will take the form of a St. Patrick's social, to which the committee invite all friends to come for a good time. The scheme for a co-operative Savings, Loan and Building Association in Victoria will be placed before those who may be interested enough to attend a meeting called to discuss the subject at the Chamber of Commerce at 8 p. m. on April 4. The preliminaries in connection with the proposed scheme were looked after by a committee of which Alfred Carmichael is chairman. A report descriptive of the various methods of organizing such co-operative plans has been prepared by Capt. T. J. Goodlake. This will be placed before the meeting. DRINK WATER IF BACK OR KIDNEYS HURT Begin Taking Salts If You Feel Backache or Have Bladder Weakness. Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night. To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders. By all means, drink lots of good water every day. Have your physical examination from time to time, and twice a year. (Adv.)

SEEK AGREEMENT TO PUT JITNEYS ON BRIDGE ROUTE Preliminary negotiations for an agreement with Equimatt under which jitneys would run from the heart of the city, over the new Johnson Street Bridge and to Esquimalt, will be started by the city authorities shortly, it was learned to-day. The city, it was explained by aldermen, is anxious to conclude this agreement by the time the new bridge is ready for traffic use and paving is laid from the bridge westward. At an informal conference with City Solicitor H. S. Pringle to-day aldermen learned that they have a perfect right to allow jitneys to operate over the new Johnson Street Bridge if the British Columbia Electric Railway Company adheres to its decision not to use the bridge for its street cars. So long as the jitneys have a regular terminus in the city and run to a point a mile and a quarter outside the city limits their operation is quite legal under the city's existing agreement with the street car company, Mr. Pringle explained. To make this possible, however, the city will have to reach an agreement with Equimatt whereby jitneys will be allowed to operate in the municipality and Equimatt would have to repeal its by-law prohibiting the operation of jitneys.

WILL INSTAL 2,000 YARDS OF CONCRETE ON SITE OF BRIDGE Two thousand cubic yards of concrete will be poured into frames on the site of the new Johnson Street Bridge during the next two weeks to form the northern half of the eastern abutment and the first bridge pier. This work will start to-morrow. About 200 cubic yards of concrete will be installed every day under the direction of City Engineer P. M. Preston. G.W.V.A. ROAD RACE TO BE HELD GOOD FRIDAY Arrangements have been made by the G. W. V. A. to hold its annual road race on Good Friday, March 30. The association considered the proposition last night at its regular meeting. The race which is usually over ten miles of pavement is the classic of local distance races and always attracts a large number of athletes. It is expected that a record entry will be received this year. MOTHER GOOSE RHYMES. Mother Goose Rhymes in Song and Costume will be given at the First Congregational Church on Friday. Among the additional numbers added to the programme are songs by Mrs. Stokes. Cornet solo by A. L. Young. Duet by Miss Winnifred Scowcroft and Mr. Ellis and quartette by Mrs. Paterson, Miss Scowcroft, Mr. King and Mr. Davies. With these additions to the previous excellent programme, a good time is assured.

RIVAL REWARD CLAIMS PUZZLE ALDERMEN NOW City Council members wondered to-day what they would do about the \$1,000 reward offered for the discovery of the murderer of L. Lorens. The reward, it is claimed by several different persons, including a former city detective, which means a determination, however, to give the reward to the person entitled to it. Only Aldermen E. B. Andrews and W. J. Sargent voted, Monday against the reward. Alderman E. S. Woodward explained to-day that he was not aligned favorably to offering the reward in the first place but now that it had been offered he proposed to stand by it. Alderman Woodward voted for the reward Monday night.

TWO HEATONS ON MINSTREL WORK Strange Coincidence in Connection With Kiwanis Show A rather remarkable coincidence has developed in connection with the performances to be given by the Victoria Kiwanis Minstrel at Pantages Theatre next Monday and Tuesday evenings. The musical director will be Kiwanian Cecil Heaton, the well-known local musician. Next week also the Winnipeg Kiwanis Minstrel will give performances in the Prairie capital, which will be under the musical direction of Kiwanian Leonard Heaton. The Winnipeg Kiwanis conductor is a brother of the Victoria conductor. Thus the two accomplished brothers are presiding over the musical features of the same kind of performances given by the same kind of organization, at the same time, in their respective cities. In both cases, of course, the performances are for humane purposes, the Winnipeg show being in aid of the Kiwanis soldiers' and widows' orphans fund and general welfare work, and the Victoria show in aid of the Jubilee Hospital.

## Two Football Titles At Stake On Saturday

Victoria Wests and Hudson's Bay Soccer Elevens Will Play In Finals For Jackson Cup, While J. B. A. A. and V. I. A. A. Ruggers Will Battle For Possession of Barnard Cup; Both Games Are Arousing Much Interest In City

Two championships will be at stake here on Saturday afternoon. The soccer and rugby titles of this city will be decided on the field of play provided Old Sol continues to be on his best behavior.

The Victoria Wests and Hudson's Bay elevens will fight at the Royal Athletic Park for the Jackson Cup, emblematic of the senior soccer championship, while the J. B. A. A. and V. I. A. A. elevens will face each other at Oak Bay Park in a game which will decide the resting place for the next year of the Barnard Cup, denoting the senior rugby championship of the city.

Both games are scheduled to start at 3 o'clock and will undoubtedly attract large crowds.

**Two Leagues Represented.**  
The soccer game promises to provide plenty of excitement as well as some of the best football seen here this season. It is interesting that teams from two different leagues are meeting in the finals. The Wests won the First Division championship while the Bays finished third in the Wednesday League.

The Bays disposed of two good clubs in winning their way through the second round and semi-finals. They kicked the Sons of England runners-up to the Wests in the First Division, for a nice win in the second round and then, after playing a draw with the Sons of Canada in their first meeting in the semi-finals swept through to victory in the replay.

**Wests Had Little Opposition.**  
The Wests have not been provided with any great opposition. They were drawn against the United Services in the second round and this was expected to prove the best game of the series, but the Services encountered many difficulties in getting their eleven together and eventually had to default to the Wests. In the semi-finals the Wests disposed of their Scottish brethren, the Thistles.

The meeting of the Wests and Bays provides plenty of thrills. Both clubs are well backed and there will be plenty of fans on the side-lines. The Wests rule slight favorites but they will need their finest eleven to lower the colors of the Bays, who have moulded a nice team around several well-known stars.

The winners of the game will not only capture the Jackson Cup but also earn the right to play-off with the Mainland and Upper Island champions for the Province Cup, emblematic of the senior championship of British Columbia.

The rugby game will provide a flock of fine play for the folks who like that sort of game. The J. B. A. A. and V. I. A. A. are able to field very smart elevens and if the play is kept open there will be plenty of fast work and the back division will have a chance to show its speed.

**May Make It Three In Row.**  
If the J. B. A. A. succeeds in winning it will retain possession of the Barnard Cup. The Bays have won the trophy two years in succession. At present they have a two-point lead and should they only obtain a draw with the V. I. A. A. they would probably be staged at the close of the regulation time of play.

If the Bays are victors they will have rounded off a splendid season, throughout and have defeated the Nanaimo Hornets, a McKechnie Cup

## Comeback by Hoppe Alters Hopes of Jake

Champion Creates Surprise by Overcoming Schaefer's Big Lead

New York, March 14.—When the road back had become the most difficult to travel, Willie Hoppe found himself and picked his way last night and when he goes to the table tonight he will have the edge. Jake Schaefer, his challenger, in the final five-hundred point block of their world title, 18.2 balk line billiard match.

The total score for the two night's play gave Hoppe 1,000 to Schaefer's 994.

Virtually beaten when he went to the table for his seventh inning last night, standing 325 to Schaefer's 711, the many times champion resorted to his old delicate style and picked off 500 points within a space six inches square. The run totalled 98.

Again in his tenth turn, Hoppe went back to delicate stroking and ran 143, driving only six times and making 100 points in fourteen minutes. Schaefer was within striking distance of his second consecutive victory when he failed.

Hoppe's average in the 21 innings was 34.9-21, his grand average was 30.10-25. The level to which Schaefer fell is shown by his average for last night of 23.15-21, compared to his grand average of 31.2-22.

**TWO GRAND NATIONAL CANDIDATES FAIL TO CHEER THEIR BACKERS**  
Minneapolis, Minn., March 14.—Two world indoor records were broken last night when the Weismuller and the other by Robert Skelton, both of the Illinois A. C., in an A. U. swimming meet here, the former swimming the 100 yards free style event in 51.4-5 seconds, 4-5 seconds better than the former record held by himself, and the latter clipping one second from the 220-yard breast stroke record, making it in 2:56. Skelton held the former record.

**SISLER FORCED TO CANCEL HIS SPRING TRAINING; ARM BAD**

**FOUR HOOP GAMES FOR FANS TONIGHT**  
To-night's games at the Standard School Basketball series will be played at the Trades Hall as follows: 7:15 p.m.—Intermediate "B" boys, Christ Church vs. Meteors. 8:00 p.m.—Intermediate "B" boys, Belmonts vs. Metropolitan. 8:40 p.m.—Senior "B" men, Crusaders vs. St. Mary's. 9:15 p.m.—Senior "B" men, Onwego vs. Mets "B".

Saturday's games will be played at the Y.M.C.A. gymnasium, when the Senior "A" men's championship game between First Presbyterians and Crusaders will be played. This should be the best Senior "A" game of the season and should draw a capacity crowd.

Several other good games will be played on Saturday night's programme.

Newark, N. J., March 12.—Ernest A. Pye, former idol of bicycle race fans in the Antipodes, died Saturday. Pye was well-known to the six-day track enthusiasts in this country. He was born in Australia and won 52 firsts in Australian competitions.

## Sarazen Now Turns to Explain Proper Use of Mashie-Niblick

Lesson 17. BY GENE SARAZEN. World's Champion Golfer.

Now we come to the mashie-niblick and the overlapping grip. Notice how the little finger of the right hand overlaps the forefinger of the right hand. The thumb are around the shaft. The club is gripped firmly with the fingers of the right hand and the palm of the left hand. The left thumb is turned over so far that all four knuckles of the left hand show.

In the photo showing the stance—notice that the feet are well apart—a wide open stance. The ball is played more off the left foot than the right. You will also notice that I am well back on my heels, that the weight of the body is equally distributed on both feet.

The hands are held below the waist and, with the elbows, are close to the body. The right knee is slightly inclined toward the ball.

I employ the mashie-niblick for all pitch shots within seventy-five yards or more of the green. I use it for chip shots over traps. I use my mashie-niblick frequently to get out of trouble—and rough—and I use the ribbed mashie-niblick for the "stoppage" shot. It is not wise to use mashie-niblick short of the green for chip shots if the approach is wide open.

## Surprises in Play-off for Allan Trophy

Falcons, With Chance to Win Amateur Champion, Lose to Intermediates

Winnipeg, March 14.—Souris, provincial intermediate hockey champions, will represent Manitoba in the semi-final of the Allan cup. Combining their weight and aggressiveness with good shooting powers, the intermediate champions last night defeated the Winnipeg Falcons, Manitoba Senior champions, 4 to 2, in a sudden death game. The Falcons were without the services of Harold McMunn, their star forward.

The victory of the intermediates was the greatest upset seen in Manitoba hockey in many years. The Souris boys deserved their victory. There was no fluke about their win as it was clean-cut. They held the Falcons in the first period which wound up with no score, and each team scored two goals in the second session. But the final period proved the turning point when Wally Byron, the usually trusty goalkeeper, lost a couple of soft shots, and the scores gave the visitors the necessary confidence to fight off the many attacks of the Falcons and wind up with a brilliant victory.

**Too Much Hockey.**  
Too much hockey was all the Falcons can attribute to their defeat. They failed to show the sensational form which carried them to the senior league championship. Five games in eight days took its toll on the local boys and handicapped by the loss of their scoring ace, McMunn, they were never able to get going properly last night. But Souris put up a sound defensive game, and did a lot of useful rushing in which the McDougall boys and Townsend were always dangerous.

**Granites Surprised.**  
Toronto, March 14.—Ottawa St. Patricks threw a bomb shell into hockey ranks here last night when they defeated the Granites, Allan cup holders, 2 to 1, in a game that was far from spectacular. The visitors used a six-man defence which the champions could not penetrate, and in Byrne they presented one of the best net guardians seen here this season.

There was no scoring in the first two periods, but two minutes after the third period began Burnett picked up a loose puck, unopposed, and defence became confused, and he had no trouble in scoring, as Cameron had left his net and fallen. Granites opened up in earnest then and in three minutes Smith and Watson combined, the former scoring with a wicked shot. Granites were all over the Irish for about five minutes, but they weakened again and O'Connor scored from a scramble in front of the net.

**Saskatchewan to Play.**  
Saskatoon, Sask., March 14.—University of Saskatchewan senior hockey team left for Winnipeg yesterday afternoon, where it is scheduled to play in the semi-finals of the Allan cup eliminations Thursday and Saturday.

**Juniors Will Play.**  
Winnipeg, March 14.—Calgary Canadians and the University of Manitoba meet here to-night in the final game for the Abbott Cup, emblematic of the Western junior hockey championship. Varsity won the first game 5-4 and therefore have a one-goal advantage.

Cold weather assures good ice for the game and as there is no counter attraction a large crowd is expected to turn out.

**Charlie Gorman to Defend His Title in Toronto Races**  
Toronto, March 14.—Charles Gorman, of St. John, N.B., the Canadian speed skating champion, has forwarded his entry for the indoor championship which will be held here Saturday.

The Ontario Speed Skating Commission will conduct the races. It is expected that Joe Moore, of New York, also will be here to meet Gorman and the old speeders, Glover and Stephenson.

Miss Gladys Robinson, international champion for two years, will be in the ladies' open events.

## Firpo Now Talks Of Bout With Dempsey

Huge Argentine Champion Feels Good After His Win Over Brennan; Practically Matched to Meet Winner of Johnson-Willard Fight, After Which He Will Take On Champion In Argentine; Firpo Shows Fans How to Do Tango

New York, March 14.—(Associated Press)—Luis Angel Firpo, South American pugilist, who knocked out Bill Brennan in the twelfth round at Madison Square Garden on Monday night, is looking for more worlds to conquer.

The giant from Argentina discussed future plans yesterday with Promoter Tex Rickard and a virtual agreement was reached for Firpo to box the winner of the match between Jess Willard and Floyd Johnson, scheduled at the Yankee Stadium on May 12. If victorious again, Firpo is assured of a match with Jack Dempsey for the world's title, probably in September.

Rickard has made no premature plans for a Firpo-Dempsey contest, but should the match materialize, it is possible that it would be held in Buenos Ayres, capital of the Argentine Republic.

**Say Bout Was Fixed.**  
Charges that the fight Monday night was "fixed" for Firpo to win were published by two afternoon papers yesterday but met with ridicule from an overwhelming majority of writers, critics and others qualified to judge the merits of the contest.

The battle-scarred Chicagoan and his manager, Leo P. Ryan, emphatically denied the charges and pointed out that Brennan, in 107 fights, has never in any way been accused of "throwing" a contest.

"I gave the best I had," Brennan declared, "but Firpo was too strong for me. He is a natural fighter and what he lacks in science he makes up in brute power."

Rickard picked up on the declaration through an interpreter. "I would like to fight Dempsey but I want to be in much better shape before meeting the champion. I haven't had time to fully acclimate myself yet. I wasn't at my best Monday night and I want at least one or two fights before signing with the titleholder."

**Was Going To Stop It.**  
It developed yesterday that Jack Appell, referee, sought to stop the fight in both the sixth and seventh rounds when Firpo, handicapped by a steady flow of blood from the eye, was beaten to cover by a rain of Brennan's blows. Vehement protest kept Appell from ending the match.

Scores of cablegrams from friends and admirers in the Argentine and other parts of South America reached Firpo during the day, congratulating him on his victory, and predicting he would soon be champion of the world.

Firpo is of European parentage, although born in the Argentine. His mother, a native of Spain, died twenty years ago. His father is an Italian.

**Be Careful, Remember Siki!**  
New York, March 14.—Luis Angel Firpo can shake a "mean foot" as well as swing a wicked uppercut. Celebrating his knockout victory over Bill Brennan Monday night, the South American heavyweight, accompanied by a score of friends,

St. Paul, March 14.—The Boston Athletic team won the first leg of the four-game series for the United States Amateur Hockey Association championship by defeating the St. Paul Athletic Club, 2-1, here last night.

**GIRL ASKS REWARD FOR ALLEGED MOTOR RIDES WITH "BABE"**  
New York, March 14.—Declaring that he is the victim of attempted blackmail, Babe Ruth, has instructed his attorney to fight a threatened legal action for \$50,000 by Miss Dolores Dixon, 19-year-old girl.

Hyman Bushnell, Ruth's attorney, said that he expected Miss Dixon's attorney, George Feinberg, to file the suit in local courts today. Bushnell said he had been authorized to reveal the suit by Ruth, who is at the Yankee training camp in New Orleans with Mrs. Ruth and their small daughter. The lawyer declared that Ruth did not even know Miss Dixon, who charges that he took her motor-riding on several occasions last Summer.

New Orleans, La., March 14.—"Babe" Ruth, training with members of the New York American League baseball squad here declined today to add to his statement in connection with a suit for \$50,000, which his New York attorneys said would be filed against him by Miss Dolores Dixon, which he briefly dismissed last night with the declaration "It's blackmail—that's all I've got to say."

FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT.

WHY MARCH WAS LIKE A LAMB. Though March is a blustering tease, at times he can be as nice mannered and sweet as his sisters, April and May.

One year April opened her eyes and jumped out of bed. She thought she must have overslept, for she plainly heard someone saying, "Come out! The sun is warm." But the next words that April heard filled her with fear.

"We can fool the earth folks for a while, March. You know you are sometimes very much like me, at the first of your coming."

It was old February trying to entice March to come out cold and blustering, that he might have an excuse for staying longer; and April knew that she and her sister May would have to stay late in their beds if March listened to the tempter.

So she put on his heavy boots and his thickest coat, intending to be ready for February's coldest breath. Poor little April began to weep—she knew she had forgotten something—was done at once she and May would have a short time to stay, so she whispered to her sleeping sister.

"Wake up! wake up! old February is trying to get brother March out on a frolic and you know he will forget to come home if he does the same."

May woke up with a sweet smile. "But what can we do?" she asked.

Robert captured Durazzo (1082), but the pressure of affairs in Italy ultimately put an end to his plans. He was a brilliant general and a statesman of the Empire of Byzantium, leaving the way open for the rule of a comparatively vigorous Comnenian dynasty (1081-1204).

In Italy, the conflict between the papacy and the emperor was a complex one to tell here. It fell to Robert Guiscard to besiege and sack Rome (1084); and Gibbon notes with quiet satisfaction the presence of that contingent of Sicilian Moslems among the looters.

There were in the western part of the three other Norman attacks upon the eastern power, one by the son of Robert Guiscard, and the two others directly from Sicily by sea.

But neither the Saracens nor the Normans pounded quite so heavily upon the Empire of Byzantium as against the Holy Roman Empire of the West, as did the double thrust from the Turanid centres in Central Asia, of which we must now tell.

We have already noted the westward movement of the Avars and the Turkish Magyars who followed in their track. From the days of Justinian onward the Frankish power and its successors in Germany were in conflict with the eastern borderlands. Charlemagne held and punished them, and established some sort of overlordship as far east as the Carpathians; but amid the embroilment that followed his death these peoples, more or less blended now in the name of the Magyar, re-established their complete freedom again, and died ready, often as far as the Rhine. They destroyed, Gibbon notes, the monastery of St. Gall in Switzerland, and the town of Bremen. Their great raiding period was between 900 and 950. Their biggest effort, through Germany right into France, thence over the Alps and home again by North Italy, was in 938-939.

That southward by these disturbances and by others to be presently noted, the Bulgarians established themselves under Krum, between the Danube and Constantinople. Originally a Turkish people, the Bulgarians, since their first appearance in the east of Europe, had become by repeated admixture almost entirely Slavonic in race and language. For some time after their establishment in Bulgaria they remained pagans. The Emperor Theophilus (827-842), entertained Moslem en-

voys, and seems to have contemplated an adherence to Islam, but finally he married a Byzantine princess and handed himself and his people over to the Christian faith.

Civilizing the Hungarians. The Hungarians were drubbed into a certain respect for civilization by Henry Fowler, the elected king of Germany, and Otto the First, the elected king of the Byzantine Empire, in the tenth century. But they did not decide to adopt Christianity until about A.D. 1000. Though they were Christianized, they retained their own Turkic-Finnic language (Magyar), and they retain it to this day.

Bulgarians and Hungarians do not, however, exhaust the catalogue of movements embodied in the Turkish thrust across South Russia. Behind them the Khazars, a Turkish people with whom were mingled a very considerable proportion of Jews, had been expelled from Constantinople, and who had mixed with them and made many proselytes. The Khazars retained their own language, but they were a people of the steppe, and they were destined to disappear and vanish as the kindred Huns did five centuries before. And while the trend of these people was westward, we have, when we are thinking of the present population of these South Russian regions, to remember also the coming and going of the Northmen between the Baltic and the Black Sea, who interwove with the Turkish migrants like warp and woof, and bear in mind how heavy there was a considerable Slavonic population, the heirs and descendants of Scythians, Sarmatians, and the like, already established in these restless, lawless, but fertile areas.

All these races mixed with and reacted upon one another. The universal prevalence of Slavonic languages, except in Hungary, shows that the population remained predominantly Slav. And in what is now Roumania, for all the passage of peoples, and in spite of conquest after conquest, the tradition and inheritance of the Roman provinces of Dacia and Moesia Inferior still kept a Latin speech and memory alive.

Turks Revive Moslem Power. But this direct thrust of the Turkish peoples against Christendom to the north of the Black Sea was, in the end, not nearly so important as their indirect thrust south of it through the empire of the caliph. We cannot deal here with the tribes and dissensions of the Turkish people of Turkestan, nor with the particular causes that brought to the fore the tribes under the rule of the Seljuk clan.

In the eleventh century these Seljuk Turks broke with the Christian force, not in one army but in a group of armies, and under their brothers, into the decaying fragments of the Moslem Empire. For Islam had long ceased to be one empire. The orthodox Sunnit Abbasid

rule had shrunk to what was once Babylonia; and even in Baghdad the caliph was the mere creature of his Turkish palace guards. A sort of mayor of the palace, a Turk, was the real ruler. East of the caliph, in Persia, and west of him in Palestine, Syria and Egypt, were Shiite heretics.

The Seljuk Turks were orthodox Sunnites; they now swept down upon and conquered the Shiite rulers and usurpers, and established themselves as the protectors of the Baghdad caliph, taking over the temporal powers of the palace, a Turk, was the real ruler. East of the caliph, in Persia, and west of him in Palestine, Syria and Egypt, were Shiite heretics.

begin at 8.30 p. m. and will continue until 11 o'clock. For those who do not dance, the weekly five hundred tournament will be held in the men's mess. This tournament has throughout the winter season attracted many card players to compete for the prizes offered each week. Arrangements are being made for a display by a gymnastic squad, composed of members of the Canadian Scottish, for the community dance of the following Wednesday, March 21, and it is anticipated that a special programme, including gymnastic exhibitions, will be arranged for the dance to take place on the last Wednesday of the month which will probably mark the close of the social season of the battalion.

It is hoped that every member of the battalion will make it a point to be present at the commanding officer's parade, to be held at 8 p. m. on Thursday, as the inspection by the district officer commanding will take place about the end of the present month.

**ORIENTAL EXCLUSION WILL BE DISCUSSED AT MASS MEETING**

Central Ratepayers Decide to Hold Meeting at Royal Oak Hall

A mass meeting for the purpose of discussing the Oriental question will be held at the Royal Oak Hall as the result of a resolution moved by J. W. Pimlott, and unanimously endorsed at the meeting of the Saanich Central Ratepayers' Association in the Tolmie School last night.

Chinese competition was a menace, Mr. Pimlott contended, and some decision should be arrived at. Another member who was less favorable to the motion stated that it was of no use discussing this topic when the consumers and jobbers had the remedy in their own hands, that of not buying any of the Chinese products.

Another suggestion was that the Government be requested to take steps within the next six months, or less to ship a consignment of Chinese goods as a practical demonstration. The Minister of Agriculture was suggested as a speaker for the evening. It is understood that an invitation will be sent to him, while some other member of the House will be invited to discuss the problem so that the Saanich farmers may arrive at some decisive action.

With the margin of one vote it was resolved to continue representation at the next meeting of the Greater Victoria Committee.

J. McNair Patterson was elected to the delegation, while the choice of the other member was left for the chairman, R. E. Collis, to appoint. Mr. Collis then reported on the meeting held by the industries committee of the association with the Victoria wholesalers recently.

**WATSON IS AGAIN PARKS CHAIRMAN**

The Victoria-Saanich Beaches and Parks Committee, at its meeting yesterday afternoon, re-elected Reeve George F. Watson, of Saanich, as its chairman. R. R. Sewell, of Saanich, was appointed treasurer, and John Baxter, secretary to the Mayor of Victoria, was chosen as secretary.

The Committee yesterday dealt only with routine business, and postponed action on all proposals for the improvement of parks on the Saanich Peninsula.

**COLLEGE STUDENTS TOLD OF THE RUHR**

At the meeting of the Literary Society of the Victoria College last night the students were entertained by a lecture by one of their own number, Frank Lewis '25, which proved one of the most entertaining and instructive that it has been the collegians' privilege to attend this year. The subject chosen was "The Ruhr."

A short sketch of the growth of the

Ruhr district introduced the speaker's remarks. He enlarged upon the manufacturing history of the chief towns of the area, including Cologne, Essen, Homburg, Dusseldorf and others. A statement regarding the output of coal and steel startled his audience. Such towns as Dusseldorf, which can boast of five miles of unbroken wharves, claimed the attention of the speaker in his sketch of their industries.

Labor problems proved an inter-

esting feature of the address. "No where in the world, perhaps, do employers and employees agree to such a great extent," stated the speaker. The latter regarded the great name of Krupp as far more significant than that of any other man in Europe.

The speaker entirely avoided political questions, and only pointed out that a great part of Europe might shortly feel the pinch of necessity owing to a temporary lull in manufacturing operations in the Ruhr district.
