SUBJECT: Removal of Machines and Equipment
THRU : Osaka Liaison Office
TO : Kokko Seisa Kogyo K.K.

1. Your application of 30 April 1946 for permission to move machines and equipment listed in Par 4a and b, from your Kobayashi-cho and Izuo Works to your Head Office Works, is approved.

2. Permission to move machines to the Sampo Warehouse as requested in the post scrip is denied for the following reasons:

a. There is no record at this headquarters of the Sampo Warehouse Factory ever having received permission to operate.

b. The Head Office Works from which the machines will come seem perfectly capable of repairing your own trucks sufficiently to accomplish the moving of the machines as stated in Par 1 above.

3. Before any machinery or equipment can be moved, you will submit to this office a certificate stating the machines belong to your company. This certificate will be cleared with the Osaka Prefectural, who must also certify to your ownership.

4. You are further instructed that no raw materials, machinery or equipment belonging to any agency of the Japanese Government will be moved.
