

**Eyes R Us**

21 August

To whom it may concern,

RE: Nick Bastoni, age 14 years

I saw Nick recently at a school "Eye and Vision Assessment/Screening".

He has been complaining of difficulty seeing in the classroom, when sitting at the back of the class.

General Health: Good

Family History: Father with Type II Diabetes Mellitus, Mother with increased intra-ocular pressure

Ocular exam:           VA R) 6/12 (-3)           VA L) 6/9 (-3)

Refraction:           R) -1.00 DS = 6/5 (-1)   L) -0.75 DS = 6/5

Ishihara:           Mild deuteranopia/anomaly (record enclosed)

Pupils:           Appeared very large, 8mm R & L. Sluggish reaction to light and accommodation.

No other abnormalities detected.

Please don't hesitate to contact me if you have further questions.

Sincerely,

*Susan Reading*

Optometrist
