VICTORIA, B. C., THURSDAY, JUNE 11, 1914

NO. 136

PUBLIC SUBSCRIBES FOR SMALL PORTION

Underwriters Left With About Eighty-Eight Per Cent. of Canadian Loan

OFFERED ON MARKET WHEN CONDITIONS BAD

Canadian Northern Places Bills for £850,000, Regina Calls for Tenders

HUDSON'S BAY COMPANY MEETING NEXT MONDAY

London, June 11.—It is officially stated that the public have taken up 12 per cent. of the Dominion of Canada £5,000,000 loan at 98, 88 per cent. being left with the underwriters. Canada's previous recent loans and the results are as follows: March, £5,000,000 at 99; the underwriters took 78 per cent. December, £4,000,000 at 99; the underwriters took 83 per cent. October, £3,000,000 at 99; the underwriters took 57 per cent.

In the present case it is needless to point out that the loan was before the public in a week when Canadian affairs were standing in a bad light in London. The Dominion therefore may consider that the money in the circumstances has been secured on reasonable terms.

New scrip is quoted to-day at half to three-eighths discount. The smallness of the discount shows that the popularity of the loan is not to be judged entirely by the volume of the public application or the slender amount of the immediate application by the investors. This is a further example of the growing tendency of the public to wait until the lists are closed in the hope of obtaining the scrip at a substantial discount, a hope which in many instances is falsified.

It is also learned that nothing definite regarding the recent suspensions is likely to develop for some time. The magnitude and complexity of the affairs involved will require considerable unravelling.

The Canadian Northern Railway company has placed bills for £850,000 to run for a year on a 4% per cent. basis. The city of Regina is shortly inviting tenders for about £700,000 of long listed stock.

NOVA SCOTIA HOUSE SAT SIXTEEN WEEKS

Extra Indemnity of \$300 for Members Passes in View of the Longest Session.

Halifax, N. S., June 11.—The longest session in the history of the legislature of Nova Scotia, lasting for sixteen weeks, was brought to a close yesterday afternoon when Lieut.-Governor MacGregor formally prorogued the two houses. At the afternoon sitting the premier moved a resolution providing for an extra indemnity of \$300 to the members in view of the extreme length of the session. The resolution passed unanimously.

The lieutenant-governor in his speech said: "I am pleased to see that you have dealt with the matter of the development of the water power of the province, and I observe that there was active interest and enterprise in the private legislation of the session."

CIVIL WAR DISTURBING DOMINICAN REPUBLIC

Washington, June 11.—Desultory fighting continues on the north coast of the Dominican Republic between the rebels and President Borda's federal forces. Captain Russell, of the battleship South Carolina, reporting conditions to the navy department to-day, said there were no appreciable results.

STEVENSON SINKING.

Chicago, June 11.—Adlai E. Stevenson, former vice-president of the United States, who has been seriously ill at a local hospital for nearly a month, is growing weaker. Members of his family are watching at his bedside.

GREECE AND TURKEY THREATEN TO UPSET PACE IN BALKANS

London, June 11.—War is again threatened between Greece and Turkey. The unrest in the Balkans, which has continued practically without rest since the conclusion of the last Balkan war, has recently been increased and now is said to be at the most acute stage since the cessation of the hostilities.

To-day the Times refers to the situation between Greece and Turkey as acute. The newspaper prints a statement that the disturbances are about at a climax because several states have recently been employed in clearing their newly-acquired territory of those whom they consider undesirable. The Bulgarians, in this respect are said to have been the chief sufferers.

STONE OF SCONE IS CHIPPED BY BOMB

Militant Suffragettes Blamed for Explosion in Westminster Abbey

London, June 11.—An attempt to blow up the coronation chair which has been in Westminster Abbey since 1296 was made this evening. The outrage is attributed by the authorities to militant suffragettes. The damage was slight.

The chair, generally called St. Edward's chair, of respect to Edward the Confessor, near whose shrine it stands was made by order of King Edward I, to cover the coronation stone or Stone of Destiny, of which the ancient Scottish kings used to sit when they were crowned. It was captured by Edward I from the Scotch.

The explosive had been placed beneath it, but its effects seemed not to reach the chair itself, which is of solid oak, covered with gold and ornamental work. The famous old stone, however, was badly chipped.

The history of the stone so far as is known, goes back to the year 890, when it was placed in the Abbey of Scone, Perthshire, by King Kenneth. It is not known whence it originally came, but a legend connected with it says it is the identical stone upon which the biblical patriarch, Jacob, laid his head when he had the vision of the angels descending the ladder that reached to heaven. It is known that the kings of Scotland for many centuries were crowned while seated upon it.

The police quickly took possession of the abbey after the outrage. The explosion occurred while Reginald McKenna was talking on the suffrage question in the house of commons. The detonation was plainly heard in parliament and members of the commons and the peers flocked out into Parliament Square to ascertain what had happened.

Two young women who were in the abbey at the time were arrested and subsequently removed in a taxicab to a police station.

NORTHERN ONTARIO IN GRIP OF FOREST FIRES

Smoke and Flames Spring Up in Burnt Areas and Threaten Town and Mill.

Halleybury, Ont., June 11.—An exceptionally warm spell, coupled with a high wind, has fanned scores of bush fires into flames again in the north, and while no serious damage has been done to date the fires are alarming. In New Liskeard yesterday the fire department fought for eight hours to save Kennedy's lumber yard and the T & N. O. station. Two hundred men with the engine and hose were stationed there the better part of the night.

From all points in the district smoke and flames may easily be seen. In the majority of cases the fires are springing up in sections previously burned.

CONSTITUTIONALISTS ADVANCE ON MAZATLAN

Besiegers Gain Strategic Position and Open Fire Preparatory to Determined Attack

CONSULAR CORPS WANT NEUTRAL ZONE GUARDED

Food Supply at Vera Cruz is Short; Railway Wrecked East of Mexico City

ANTILLA ANCHORED WITH AMMUNITION AT TAMPICO

On Board U. S. S. California, Mazatlan, June 10.—By Wireless to San Diego, June 11.—Heavy volley firing on the outskirts of Mazatlan was heard to-night. It is believed the constitutionalists are advancing for a determined assault and that a well-directed general attack would result in the capture of the city.

The besieging forces, it was learned to-day, stormed and captured a hill of strategic importance north of the city Tuesday night. A new walled cemetery also fell into their possession. The discovery was made to-day that the breech plugs of all the federal guns except one at Fort Rosales, were missing. The artillery officer in charge had decamped.

Fearing that the neutral zone recently designated for non-combatants might not be respected in the attack, the consular corps at Mazatlan sent a note to-day through Rear-Admiral Howard, commanding the United States Pacific fleet, to General Turbe, the constitutionalist commander, again requesting that the zone be safeguarded.

Japanese Minister Adachi, returning to Mexico City after an unsuccessful effort to reach the west coast, arrived safely, it is reported, at Guadalajara, where he was met by the secretary of the Japanese legation with a special train. The train carries three automobiles for use in case progress by rail is blocked. On the way out the minister's train was delayed at Sayula, where the constitutionalists had torn up the tracks in their successful attack on the city.

Washington, June 11.—Movements of constitutionalist troops about the American positions on the outpost at Vera Cruz are expected to relieve the pressure on the food supply there, which continues short. Consul Canada to-day recommended that the government send quantities of food to Vera Cruz and sell it at normal prices.

More wrecks on the railways between Vera Cruz and Mexico City are reported. Most officials here incline to the belief that they have been caused by the explosion of mines laid for the American advance.

Brigadier-General Funston's repeated recommendations for moving the American lines further inland from Vera Cruz to better protect the city and the food supplies, are being considered, however, by the insistence of the state department that the present positions be maintained during the Niagara Falls conference.

No decision has been reached and the officials feel the responsibility put on them by General Funston's recommendations of federal cutting the long unprotected water supply line between the city and the marine outpost at Ejara, nine miles out.

SENATORS SIT TO-NIGHT TO PASS TOLLS REPEAL

With Amendment Wilson's Measure is to Be Sent to White House Before To-morrow.

Washington, June 11.—Voting on further amendments to the repeal of the Panama Canal tolls exemption halted in the senate to-day while Senator Brandegee, Republican, made a long speech in favor of the bill. The prospect of other long speeches before the voting began promised to lengthen the day session into the night and Majority Leader Kern planned to hold the senate in session until the vote was reached.

The last stage of the most spectacular legislative fight congress has seen since the Democrats came to power attracted hundreds to the capitol despite the wailing heat, and packed the senate galleries.

Administration leaders reiterated that they had the votes to hold the measure intact as it now stands with the Norris-Stimmons compromise amendment.

What to Do With Militants Is Puzzle of Home Secretary

London, June 11.—Reginald McKenna, the home secretary, announced in the House of Commons to-day that he hoped the government had obtained sufficient evidence to enable it to bring suit against subscribers to the funds of the militant suffragette organization.

He added further the hope that the government would be able to make the subscribers liable for the full extent of damages done by arson squad destroyers of mail and picture slanders. The announcement was made in response to bitter criticism of the inactivity of the government against what Lord Robert Cecil described as nothing less than anarchy for which, in his opinion, the only real remedy was deportation.

Mr. McKenna replied that the government was faced with a phenomenon absolutely without precedent. The number of women actually engaged in committing crimes connected with the militant suffragette movement is small, he said, but sympathizers are numerous. He admitted the crimes were increasing in seriousness, and he recognized the growing sense of public indignation against the militant suffragettes, more especially in regard to their gross rudeness to King George and Queen Mary.

In discussing suggestions for dealing with the militants, the home secretary said he believed the "let them die" policy would act only as a greater incentive to militancy, and would in due course lead to a reaction in public opinion. Deportation he considered impracticable, as it was treating the militant suffragettes as lunatics. Mr. McKenna said he could not ask parliament to sanction an act defining people as lunatics who had not been medically certified as such.

The last proposition Mr. McKenna said, was to give women the vote, but he thought that could not be seriously considered as a remedy for existing conditions.

Mr. McKenna declared the much criticized cat and mouse act has been quite effective. Many of the suffragettes released, he said, had abandoned militancy, while others had fled the country. The home secretary appealed to the newspapers to cease reporting suffragette outrages. Publicly, he said, was what the militants were seeking. Many of the women, the secretary said, are hysterical fanatics who wish to die to gain what they believe to be martyrdom.

"Whatever may be the difference in feeling regarding the hunger strikes," the secretary concluded, "there can be no doubt as to what the feeling is with regard to the wealthy woman who provides the money. If we succeed in our plan of prosecution, it will mean the destruction of the Women's Political and Social Union, and we shall see the last of Mrs. Pankhurst."

ROOSEVELT GUEST OF NOTED PEOPLE WHILE VISITING IN LONDON

Suffragettes Not Allowed to Learn Where Former President May Be Seen.

London, June 11.—Fears of suffragette activities have caused the withholding from publication in London of Colonel Theodore Roosevelt's engagements during his approaching visit to England.

It is known, however, that except for his lecture before the Royal Geographical Society, Colonel Roosevelt will not take part in public functions while he is here. On the other hand, an extensive list of private entertainments has been arranged, so that the colonel may have the opportunity of meeting prominent people whom he desires to see.

Sir Edward Grey, secretary of state for foreign affairs, is to give a luncheon in honor of Col. Roosevelt on June 15, and on that occasion most of the leading members of the Liberal party will be present.

Before this, however, immediately after the arrival of Col. Roosevelt from the continent, Walter Hines Page, the American ambassador, is to entertain him at luncheon.

The colonel is to spend the week-end at Chequers Court, the country residence in Buckinghamshire of Arthur Hamilton Lee, a Unionist member of the House of Commons, who is to be the host of the former president all the time he is in England.

Among those invited to Chequers Court are Field Marshal Earl Roberts and his daughter; Owen Seaman, editor of Punch; John St. Lee Strachey, publisher of the Spectator, and Mrs. Strachey; Sir Rufus Colvin, who was for 23 years keeper of the privy and drawings at the British museum; Sir Bertrand Dawson, physician extraordinary to the king, and Sir Horace Plunkett, agricultural expert.

LEVEE BREAKS LEAVING MEN AND MULES ISOLATED

Business Men Scour Country Seeking Workers to Help Bank Back Floodwater.

Calexico, Cal., June 11.—Thirty feet of the levee at Volcano lake, 20 miles south of here, in Lower California, gave way to-day in the encroachments of the Colorado river flood. Forty men and 18 mules were isolated on an island formed by the crevasse, but the water at that point of the break was reported to be only three feet deep. No danger therefore, is apprehended, and there will be no difficulty in closing the crevasse. Business men here scoured the country to-day in automobiles searching for more workmen and teams to be sent to the threatened levee. Mexican customs authorities are permitting the entry of material and stock free of duty.

The crest of the flood is expected to-morrow at Koteano lake. If success attends the efforts to hold the water in check until then, no further danger is anticipated.

ASQUITH CONSENTS TO BRING AMENDING BILL IN BEFORE LORDS ACT

When Upper House Deals With Home Rule Measure Liberal Government Will Have Placed All Its Intentions Regarding Ulster Rule Before the Public

London, June 11.—Premier Asquith announced in the House of Commons to-day his intention to introduce the promised bill to amend the Irish Home Rule bill before any further progress is made by the House of Lords with the second reading of the main measure.

The Unionists thus have won the day with their insistent demand that he should take this action.

The Lords will be entirely free to change the amending bill as they think proper, and it is generally assumed they will insert provisions for the unconditional exclusion of Ulster from the operation of the Irish Home Rule bill and also for the protection of the Protestant minority in the rest of Ireland.

The Unionists in this way will be enabled to test how far the government and the Irish Nationalists are prepared to go in the direction of a compromise.

The new bill is not likely to be brought into the House of Lords before the week beginning June 21.

The Daily Mail's political correspondent is responsible for the statement that yesterday prominent members of the Nationalist party received assurances from Lloyd George that the government does not intend to put anything in the amending bill more than is contained in the old scheme of exclusion by county ballot.

In return the Nationalists have stated that if the government agrees to more they will vote against it. In these circumstances the prospect of a settlement by conference are not hopeful; but this much may be said, Mr. Redmond is not unwilling to meet Sir Edward Carson for a discussion of the difficulties.

Both sides at present refuse to move from their essential points, says the Mail. The government, so far as it has formed a policy for the future, proposed to drop the amending bill if they cannot procure a settlement on its basis, and to deal with Ireland in the autumn when parliament will not be sitting and they are free from House of Commons.

THREE BLOCKS BURNT UP BY BANDON FIRE

Loss of \$300,000 Sustained; Shifting Wind Saved Rest of City.

Bandon, Ore., June 11.—Three blocks in the heart of the business section of this city were destroyed by fire to-day. A shifting wind was all that saved the entire town from destruction. The loss is estimated at \$300,000.

For over five hours the firemen fought ineffectively against the flames, when they resorted to dynamite, which with a shift in the wind, helped them get the conflagration under control.

The fire started about midnight in a restaurant. This was practically extinguished in a short time, but fanned by the wind the flames broke out again several hours later and spread to adjoining buildings. Streams from the tug Klippayn along the waterfront helped volunteers to combat the flames. There was little insurance on most of the buildings destroyed.

AMERICAN ENGINEERS ARE ENGAGED FOR CHINA

Seventeen Men Leave British Columbia To-day to Work on Reclamation Project.

Washington, June 11.—Seventeen American engineers, going to make a survey of the Hual river reclamation project, by which it is hoped to rid China of floods and famine, sailed to-day from Vancouver. Colonel W. L. Sibley, fresh from the Panama canal work; Arthur F. Davis, chief of the United States reclamation service, and Professor Meade, of the University of Wisconsin, head the party. American Red Cross, at the instance of which the engineers were detailed, expects a report in October and work to begin soon after. Miss Mabel Boardman advised President Wilson to-day.

PLUME DEALERS WANT PROTECTION FOR BIRDS

Advocate Repeal of British, Canadian and United States Laws Prohibiting Importation.

Paris, June 11.—Determination to bring pressure to bear upon the various governments to call an international conference for the protection of birds useful to agriculture was expressed at the final meeting to-day of the international congress of plume dealers. It was pointed out that such action would mean protection of the feather dealers' interests.

A resolution was passed advocating repeal of the section of the United States tariff act prohibiting the importation of plumes, against the similar pending bill before the British parliament and also the recent Canadian decree.

EMPRESS OF IRELAND WELL SUPPLIED WITH BELTS WHEN WRECKED

London, June 11.—In the House of Commons to-day Douglas Hall asked the president of the board of trade whether his attention had been called to the fact that many of those drowned by the sinking of the Empress of Ireland had subsequently been found floating with their heads beneath the water due to the nature of the construction of the life belts carried by the vessel, and whether the minister would see that in future the life belts were of such design and manufacture that the wearer would be held well above the water.

Hamar Greenwood asked whether the life belts of the Empress had been inspected by the board of trade. In reply John Burns said that the Empress of Ireland had her annual survey on February 20 last, and her annual inspection, on May 20, when there were a thousand lifebelts, lifejackets and lifebuoys in excess of the requisite number, for the number of passengers aboard at the time of the catastrophe.

KOMAGATA CASE WILL BE SETTLED TO-MORROW

Agent to Receive Cable Instructions From Japan as to Disposition of Ship.

Vancouver, June 11.—C. Gardiner-Johnson, agent for the owners of the Komagata Maru, received a cable from Japan this morning informing him that full instructions as to disposition of the ship will be cabled him to-morrow.

Captain Yamamoto was cabled by his owners to the effect that if the balance of the charter money and other expenses were not paid by to-day he was to return to Japan forthwith.

Vancouver Hindus offered to pay the money if the charter was transferred to Rahim Singh, a Vancouver Sikh. Gardit Singh at first refused to consider this, but yesterday afternoon changed his mind and said he was agreeable.

MEDIATORS END PARLEY WITH GENERAL CARRANZA

Niagara Falls, Ont., June 11.—The mediators at 3.30 p. m. to-day gave out the entire correspondence they have had with General Carranza and his representatives. No comment was made.

It was learned authoritatively, however, that the mediators, impatient at the delay over Carranza's answer now consider their correspondence with him at an end, and the incident closed.

Washington, June 11.—Constitutionalists here would not comment upon the action of the mediators at Niagara Falls, but plainly showed it was a great surprise to them.

KITSILANO RESERVE TITLES NOT PERFECT

Member for Edmonton Obtains Information Regarding the Transaction With Indians

Ottawa, June 11.—When the Indian estimates were taken up in the House yesterday Hon. Frank Oliver asked what was the attitude of the government toward the Kitsilano reserve at Vancouver. He wanted to know how and why the British Columbia government had dealt with these Indians rather than with the Indian department.

Hon. Dr. Roche said he was not personally conversant with the subject as he was away at the time. The British Columbia government negotiated with the Indians without consulting the department. He said the department did not recognize these negotiations. The Indians would be protected. The British Columbia government could not get its title to the land without the consent of the department. This was one of the questions which the British Columbia Indian commission would report on.

Mr. Oliver said that the Indians had not been properly protected. He said that the officials of the department knew of the negotiations of the British Columbia government and should have taken steps to protect the Indians. He then put on record his views in regard to Chinese immigration. He said that more Chinese were coming into Canada than was good for the country. They were coming to Canada in increasing numbers despite the head tax.

BUSINESS IN LUMBER NEEDS EXPORT MARKET

Canadian Manufacturers Report Unfavorably on Conditions in British Columbia

Montreal, June 11.—The delegates to the general conference of the Canadian Manufacturers' association continued their deliberations yesterday, the president, C. B. Gordon, presiding. The first business was the presentation of the report of the executive committee, which showed the C. M. A.'s payroll now amounts to \$46,500. The committee reported against committing the association in any way on Earl Grey's proposal to secure the Aldwych site in London as headquarters in that city for all the overseas dominions.

The report says that the depressed condition of the lumber industry in British Columbia has given rise to an agitation in that province for more practical assistance from the department of trade and commerce in opening up export markets. The fact that of all the industries in Canada lumbering is practically the only one that is neither protected nor subsidized would appear to give weight to the argument that at this critical stage it is entitled to assistance of some kind. Under no circumstances, however, should it be permissible for government commissioners to act as salesmen.

The committee on legislation reports with satisfaction on the organization of the Dominion Bar association, which has for its present object the promotion of uniformity in the legislation of the different provinces in such matters as conditional sales, insolvency and workmen's compensation. The committee drew attention to the fact that while manufacturing, next to agriculture is the great basic industry of Canada, the number of persons either in the dominion or provincial parliaments who can in any sense be said to represent the manufacturing industry is absurdly disproportionate to the importance of this industry. It was not to be expected that others will safeguard the interests of the manufacturers when the latter fail to look after their own interests.

The tariff committee's report reviewed the tariff changes of the budget announced on April 10, 1914, without comment. The new president will in all probability be C. J. Henderson, manager of the Canadian Salt Co., Windsor, Ont. The convention yesterday afternoon decided to grant \$2,000 to the fund for the sufferers of the disaster of the Empress of Ireland.

THIRTEEN ELECTORAL DISTRICTS OUTLINED

Cumberland Wanted in Nanaimo Constituency but Remains in Comox-Atlin

Ottawa, June 11.—The redistribution bill, introduced in the commons yesterday afternoon by Hon. Robert Rogers, after consideration for the past three months by the special commons committee, will, it is expected, be passed through the house before prorogation at the end of this week with but comparatively little modification.

So far as Western Canada is concerned there is no dispute with the exception of Nanaimo, in British Columbia. The Liberals are asking that the mining district of Cumberland be included in this constituency, instead of being placed in Comox-Alberni.

Nova Scotia and New Brunswick lose two seats each and Prince Edward Island one. Ontario loses four seats, Manitoba gains five, Saskatchewan six, Alberta five and British Columbia six.

Eleven seats now represented by Conservative members are merged with other ridings, while eight constituencies now represented by Liberals are similarly merged.

The bill provides that in British Columbia there shall be thirteen electoral districts, each of them to be represented by one member as follows:

1. The electoral district of Comox-Alberni, comprising the provincial electoral districts of Alberni and Comox, and all that portion of the provincial electoral district of Richmond bounded on the east by the boundary of the said provincial electoral district of Richmond from the northeast corner thereof, thence southerly to the northwest corner of the provincial electoral riding of Dewdney, thence in a south-westerly direction to the south of the east branch of the Squamish river at the head of Howe Sound, thence in a southerly direction along the easterly shore of Howe Sound to Burrard Inlet.
2. The electoral district of West Kootenay, comprising the provincial electoral districts of Cranbrook, Fernie and Columbia.
3. The electoral district of West Kootenay, comprising the provincial electoral districts of Nelson City, Ymir, Rossland City, Sicoma, Kaslo and Revelstoke.
4. The electoral district of Nanaimo, comprising the provincial electoral districts of Cowichan, Esquimalt, Nanaimo City, Newcastle, Saanich and the Islands.
5. The electoral district of New Westminster City and Delta, and all that portion of the provincial district of Richmond lying south of Burrard Inlet, excepting the municipalities of Vancouver City, South Vancouver and Point Grey.
6. The electoral district of Westminister, comprising the provincial electoral districts of Dewdney and Chilliwack and all that portion of the provincial electoral district of Yale adjoining the provincial electoral districts of Chilliwack and Dewdney, bounded by a line commencing at the southeast corner of the provincial electoral district of Chilliwack, thence easterly along the international boundary to its point of intersection with the westerly boundary of the provincial district of Similkameen, thence northerly following said last-mentioned boundary to the northwest corner of the said provincial electoral district of Similkameen, thence in a straight line westerly to a point on the north bank of the Fraser river, one mile east of the village of Yale, thence following a straight line to the northeast corner of the provincial electoral district of Dewdney.
7. The electoral district of Vancouver, comprising Ward 1 of the city of Vancouver, together with Stanley park and Wards 2, 3 and 4 of the said city of Vancouver.
8. The electoral district of Burrard, comprising Wards 5, 6, 7 and 8 of the city of Vancouver, and that portion of the electoral district of Richmond which lies within the following described limits: Commencing at the northwest corner of the provincial electoral district of Dewdney, thence in a south-westerly direction along the easterly shore of Howe Sound to Burrard Inlet, thence in an easterly direction along the northerly shore of Burrard Inlet and in a northerly direction along the western shore of the north arm of the said Burrard Inlet to the northerly extremity of the said north arm, and northerly to the point of commencement.
9. The electoral district of Vancouver South, comprising the municipalities of South Vancouver and Point Grey.
10. The electoral district of Skeena, comprising the provincial electoral districts of Skeena and Atlin.
11. The electoral district of Victoria City, comprising the provincial electoral district of Victoria City.
12. The electoral district of Cariboo, comprising the provincial electoral districts of Cariboo, Lillooet, Kamloops and Yale, excepting that portion of Yale contained in the electoral district of Westminister district as the same is above described, and including the whole city and district municipality of Salmon Arm.
13. The electoral district of Yale, comprising the provincial electoral district of Okanagan, excepting any portion of the city or district municipality of Salmon Arm, which may be contained therein, and the provincial electoral districts of Similkameen, Greenwood and Grand Forks.

FIVE HUNDRED INDIANS WILL DANCE AT POTLATCH

Campaign Against Rabies Vigorously Continued by Police in Cowichan District.

Duncan, June 10.—Five hundred Indians from all parts of the island are taking part in the potlatch being given by the Indian chiefs of the district. Many bundles of blankets have been distributed amongst the tribesmen and a great deal of silver has been given. The Indians who do not receive the gift of a blanket being compensated with cash. The hosts of the potlatch will distributed at least \$4,000 throughout the festivities.

The masked dance is the biggest event of the potlatch, and is to be held during the week end.

About two dozen cases of breaches of the muzzling provision have been heard before Mr. Maitland-Dougall in the provincial court house. Nine convictions have so far resulted. Although the epidemic of rabies has not reached dangerous proportions, it seems to be showing little abatement, especially in the outer districts.

Mr. Machonachie, the Dominion animal inspector, who has been stationed here since the first suspicious cases were discovered, is being assisted in stamping out the epidemic by the North Cowichan police, Duncan police and Provincial Constable Kier, who is stationed in Duncan.

HOW THIN PEOPLE CAN PUT ON FLESH

A New Discovery.

Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folk the world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction. Cut out the foolish foods and fussy sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those single Sargol tablets. In two weeks note the difference. Five to eight good solid pounds of healthy "stay there" fat should be the net result. Sargol charges your weak, stagnant blood with millions of fresh red blood corpuscles—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. The result? All the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol takes a scientific combination of six of the best, flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and D. E. Campbell's Prescription Store and all other druggists in Victoria, B. C., and vicinity sell them subject to an absolute guarantee of weight increase or money back.

ASSOCIATED ADVERTISING CLUBS OF AMERICA

EDWARD MOTT WOOLLEY has written a little book which every business man should read. It describes that wonderful organization of 127 clubs and 10,000 members, the Associated Advertising Clubs of America, whose emblem is shown above. It tells how these earnest and militant clubs have fought with successful vigor against fraudulent and deceitful advertising and unfair and unsound business conditions. It also tells of the plans for the Tenth Annual Convention of the A. C. of A., to be held in Toronto, June 21-25. Write for a copy of this booklet and information as to the rates for accommodations during Convention week. Address

CUTTING UP ESTATES IN NORTHERN MEXICO

Agrarian Problem Working Out Well Under Plans of Constitutionalists
 Juarez, Mex., June 11.—The agrarian problem in Northern Mexico which has been discussed by the Niagara Falls mediation congress, already is working out satisfactorily under constitutionalist direction, according to information given out to-day by officials. They assert that the plan of cutting up the enormous estates of the ranch owners does not mean confiscation, and that in many cases the large owners will be glad to have their estates divided and sold under government supervision. The constitutionalists point out that heretofore the large land owners, being in control of the state governments, have paid only such taxes as they saw fit. They say when the land is assessed at its proper value many of the large estates would not return enough under use as cattle range to pay the taxes. If this land were cut into small farms, however, it could be made to pay splendid returns. While the payments of these farms would be slow, it would be guaranteed to the government. It is said here that a dozen large owners of Zacatecas, realizing these conditions, have asked that portions of their estates be cut up into small tracts and sold by the government at a fair price to farmers. It is pointed out that the taking over of estates of absentees and those who have been active politically against the constitutionalists does not mean confiscation. It is planned to take these estates and hold them for a few years as a punishment, operating them for the benefit of the state as a war tax. In taking these estates and in cutting up the large holdings into small farms the holders of mortgages on the property, especially foreigners, will be protected. The price amount from each plot will be turned over to the mortgagees each year until the mortgages are paid off. The operation of the small farm system as shown in Tamaulipas is instanced as an example of the increased prosperity possible under the constitutionalist plan. General Lucio Blanco cut one of Felix Diaz's estates into small farms for his soldiers.

BALLOONS FLYING TO-DAY AT PORTLAND CARNIVAL

Five Thousand School Children Open Day's Events With Parade and Drills.
 Portland, Ore., June 11.—Crowds gathered early to-day to witness the parade and drills of over 5,000 Portland school children whose programme opened the third day of the Rose Festival. While the day's attractions were numerous, chief interest centred on the national balloon race under the auspices of the Aero club of America, which will begin at 4 p.m. to-day. Northwestern winds prevailed during the forenoon and this augured long flights inland, leading the committee in charge to hope for a new American balloon record. It was arranged for the balloons to rise in the following order: Kansas City, Ill., piloted by John Watts, of Kansas City, Mo. Uncle Sam, piloted by H. E. Honeywell, of St. Louis. Springfield, piloted by Roy Donaldson, of Springfield, Ill. Million Population club, piloted by Captain John Berry, of St. Louis.

JOSEPH MARTIN RETAINS SEAT FOR ST. PANCRAS

London, June 11.—Ipswich and Northwest Derby have apparently convinced the government of the risks attending a three-cornered contest. They have patched matters up with the Canadian member for East St. Pancras, and Joseph Martin will not, therefore, go to the constituency for re-election. A fortnight ago Mr. Martin declared he intended to resign his seat in order to ascertain whether the Liberal wanted him or R. L. Reiss, whom the St. Pancras Liberals had adopted as the official candidate at the next general election. The government has withdrawn Mr. Reiss.

MAN CONFUSED DROVE CAR IN FRONT OF TRAIN

Omaha, Nebr., June 11.—Four persons, two of them women, are dead to-day as a result of an automobile being run down last night at a grade crossing near Millard by a Union Pacific passenger train. Oscar King, of St. Louis; Carl Baer, of Omaha, and one of the women were killed instantly. The other woman died to-day in a hospital. Neither has been identified. Baer, who was driving the automobile, became confused at the crossing and drove directly in front of the train.

LOCAL DRUGGIST MAKES MANY FRIENDS

Hall & Co., 702 Yates street, reports they are making many friends through the QUICK benefit which Victoria people receive from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-Lika. This remedy became famous by curing appendicitis and it is the most thorough bowel cleanser known, acting on BOTH the lower and upper bowel. JUST ONE DOSE of Adler-Lika relieves constipation and gas on the stomach almost IMMEDIATELY.

DR. GRANT WILL HEAD JOINT DEPARTMENTS

Rev. A. S. Shannon and Rev. Joseph Johnston Are Given Full Standing
 Woodstock, Ont., June 10.—After an extraordinary scene of enthusiasm, Rev. Dr. Grant, general superintendent of home missions and chairman of the finance board, was reappointed to these positions in the assembly yesterday afternoon. Dr. Grant, to the great surprise of the commissioners had placed his resignation in the hands of the moderator on Thursday of last week. The announcement of his resignation was received by Presbyterians in all parts of Canada with the very deepest regret, and a number of telegrams were received in the assembly urging Dr. Grant to reconsider his decision. The matter has been in abeyance, and it was believed that some new arrangements would have to be made. The difficulty of finding a suitable person to succeed him was one of the factors which drove Dr. Grant again into the office. He at first refused to resume his work, and to undertake its heavy responsibilities. Dr. Gilbert Wilson, of Augustine church, suggested that owing to the amalgamation of the two departments of social service and evangelism and home missions the difficulties of the position were greatly increased, and he suggested that Dr. Grant be made the senior superintendent of the new department. The commissioners carried this motion by a standing vote. Dr. Grant accepted the position on the understanding that Dr. Shearer and Rev. J. H. Edmiston be associated with him. The budget for the current year was fixed at one million and a half dollars. This sum is allocated in part as follows: For home missions \$750,000, for foreign missions \$400,000, for social service \$107,000, Manitoba college \$14,500, Saskatchewan college \$15,000, Robertson college, Edmonton \$15,000, Westminster college, Vancouver, \$30,000. Full standing in the ministry was granted to Rev. W. H. Bates of Kamloops; Rev. James Scobie, Arcola; Rev. A. S. Shannon and Rev. Joseph Johnston, both of Victoria.

MONTREAL SUBSCRIBES TO EMPRESS WRECK FUND

Members of Vessel's Crew Ask for Salary While Waiting Appearance at Inquest.
 Montreal, June 11.—Fifteen members of the crew of the sunken liner Empress of Ireland have arrived at the marine department of the C. P. R. in Montreal. They came to arrange for the payment of their allotments and for advances of salary while they are being held as witnesses at the investigation of the disaster of the St. Lawrence on the morning of May 29. The Bank of Montreal has headed the survivors subscription list with \$15,000, the city council has given \$10,000, and the Canadian Manufacturers' association, \$2,000. With other subscriptions the fund now is \$42,000. A citizen's committee to collect money for the fund has been named to act in conjunction with the board of trade.

BEER IN MILITARY CAMP MAJOR LEONARD RELIEVED

Ottawa, June 11.—A sensation was sprung in militia circles last night when Major Leonard, in command of the Sixth Battery Canadian Field Artillery, from London, Ont., was relieved of his command by the minister of militia and defence. This action was the result of an investigation conducted into the circumstances attending the seizure of a quantity of so-called temperance beer several days ago in the lines of the London battery at Petawawa camp.

MOUNTED POLICE SEARCH FOR RADFORD AND STREET

Regina, Sask., June 11.—To search for Harry Radford and Street, the two explorers who went into the polar regions three years ago and who are reported to have been murdered by Eskimos, a party of mounted police under Inspector Beyts will leave Regina about June 20. It is not yet known how many men there will be in the party, but supplies and equipment must be taken for three years.

CHINESE LABOR TO BUILD NATION'S PALACE AT FAIR

San Francisco, June 11.—The Ohio Maru, which is bringing to this city China's commissioners to the Panama-Pacific exposition and a force of artisans to build the Chinese pavilion, has in her hold a ton of rice which will constitute the principal food of the workers during their stay here. By a special act of congress, the Chinese laborers will be admitted at this port, but the usual duty will be levied on the rice. The Ohio Maru is due Monday.

MRS. "MUTT AND JEFF" HURT.

New York, June 11.—Mrs. Pauline Fisher, wife of "Bud" Fisher, the "Mutt and Jeff" cartoonist, was severely injured early to-day when two motor cars collided. Mrs. Fisher was pinned beneath one of the cars. She was taken to a hospital, where later it was reported her condition was much improved. No society can surely be flourishing and happy, of which the far greater part of the members are poor and miserable.—Adam Smith.

RELIGIOUS CEREMONY AT MADRID IS SOLEMNIZED

Ambassador Willard's Daughter Now Wedded to Son of Colonel Roosevelt.
 Madrid, June 11.—The religious wedding ceremony of Kermit Roosevelt, son of Colonel Roosevelt, and Miss Belle Wyatt Willard, daughter of Ambassador Willard, was performed to-day in the chapel of the British embassy here, by Rev. Dr. Samuel Watson, rector of the American church of the Holy Trinity at Paris, assisted by the Rev. Herbert Brown, of the British embassy chapel here.

ARTILLERY DISPERSES STRIKERS AT FOLIGNO

Many Encounters in Italy; One Dead and Over Thirty Wounded When Volleys Fired.
 Rome, June 11.—In spite of the order given last night for the cessation of the general strike declared on Monday, serious encounters between strikers, the police and troops were reported to-day from various places. At Baria eleven men were wounded while at Naples one strikee was killed, three fatally wounded and seventeen others seriously injured during an attack by a crowd on the military barracks. The attack was repulsed by the

troops after several volleys had been fired.

Foligno, Italy, June 11.—A serious fight occurred here to-day when strikers invaded the railway station and burned several cars and damaged the

telegraph office. The rioters were dispersed by artillery.

During 1913 the number of applications for patents in Great Britain made by women was nearly 400, as against more than 30,000 applications from men.

REDISTRIBUTION.

While there will be some criticism of the redistribution bill on points concerning which members of the special committee of parliament have been unable to agree, opposition will not be pressed, and the measure will be expedited through both houses in time to enable prorogation to take place at the end of this week. Whatever fight there has been between the two sides has occurred in committee, where, we may be sure, the various proposals were threshed out thoroughly and with the utmost vigilance by the representatives of the government and opposition. Thus there is little left to fight about during the main consideration of the bill.

The government in referring the bill to a committee representative of both parties followed the example of the Laurier administration in the redistribution of ten years ago. The result of this method of dealing with a troublesome question was a bill which met with general acceptance. We anticipate a similar reception, in its main features at all events, for the outcome of the committee's deliberations in the present instance. Of course there is bound to be some advantage in favor of the government in power—the millennium has not yet dawned—but as long as it is not too pronounced the objection will not be very strong.

British Columbia will receive thirteen members under the new adjustment, a gain of six. Victoria and Nanaimo remain as they are, the rest of the island and a portion of the mainland district of Richmond comprising a new constituency which was formerly a part of Comox-Atlin, Atlin and Skeena are combined in one district, as they ought to be.

The House of Commons under the new line-up will consist of 234 members, a net gain of 13 over the present representation. Ontario and the three Atlantic provinces will lose nine members, while the west will gain twenty-two. In the next parliament the four western provinces and the Yukon will have fifty-seven members against thirty-five, their present representation. The provinces east of Fort William will have 177 instead of 186 as at present. But although the west will make a considerable gain under the new redistribution, its representation will be less than it should be, for there has been a substantial increase in its population since the census of three years ago, upon which the current bill is based.

FACTORS IN COST OF LIVING.

We have before us a statement published in a New Brunswick newspaper which helps to explain why the cost of living is falling in the United States and why the tendency in some lines is in the opposite direction in Canada. Here is the statement: "Under the lower rate of duty (American) no less than six hundred and fifty thousand bushels of New Brunswick potatoes found their way into the United States market in three months." British Columbia has been known to import potatoes from New Brunswick, but there is little likelihood of anything of that kind occurring again while the American market is open. The market which is proving so convenient and so profitable to our bluenose brothers on the other side of the continent is not going to be closed as long as reason holds sway in the minds of the electors of the United States. Still people sometimes are led astray by appeals to prejudice and lose their grip of themselves, as Canadians now understand. The fact that Canada rejected reciprocity, thus indicating a disinclination to have "truck and trade" with her neighbor upon mutually advantageous terms, may become an issue in the next presidential election, for which the "big interests" over there already are organizing in the hope of re-establishing themselves in the position they lost in the late elections. The fight

will be a furious one, too. The desperate monopolists will contribute handsomely and struggle vigorously to retrieve the privileges under which they waxed fat by picking the bones of the common people. If they win the high duties will be clapped on again and not only will New Brunswick, Nova Scotia and Prince Edward Island lose their profitable market for potatoes and all the other articles they produce but every province in the Dominion will be hit hard. Under the new tariff the United States has taken all Ontario's and Alberta's surplus stocks of cattle. Shipments to the United Kingdom have ceased entirely because the contiguous market is more profitable and the returns therefrom more immediate.

The Lethbridge Herald says the "first carload of wool ever shipped from Alberta to the States under the Underwood tariff left yesterday. It is needless to point out that it is going to the States because it is bringing five cents a pound more than it would in our own market." Consequently trade all over the Dominion gradually is finding its way into the most direct and the most profitable markets. The reason for this is the removal of tariff obstruction. But if the obstruction were applied again, what would the consequences be and how would the farmers and other producers regard the government that was the cause of the reimposition of the embargo? Would an exhortation to cater to the home market placate them?

AN ANOMALY.

The Ottawa Citizens cannot understand how British Columbia, which has returned steadily a majority of its representatives to Ottawa pledged to a high protective tariff, can consistently accuse the east of regarding the west as its legitimate prey in trade matters.

We must admit that the circumstances are peculiar. This province, which suffers more than any other portion of the Dominion from a fiscal policy framed almost exclusively in the interests of the manufacturing centres of Ontario, has recorded itself by its representation in parliament in favor of the continuance of the conditions which have been oppressing it.

The most urgent need of this province is the development of its resources upon an extensive scale. This is the basis of all permanent progress. It is the foundation upon which industries grow, for it provides a market for the products of factories, which, as the record shows, is the primary essential of industrial activity. As long as artificial barriers raise the cost of implements, food and other commodities development will be prosecuted under a handicap. This truth is appreciated in the prairie provinces, which accounts for the low tariff sentiment which pervades all divisions of political thought there. We, too, are being forced to a realization of the fact, whether it suits our political ideas or not. The removal of trade restrictions in conjunction with a sound, common-sense government policy would solve most of British Columbia's economic problems.

IT WILL BE FIERCE.

A provincial general election of more than ordinary interest is pending in the province of Ontario. The dissolution of the legislature, the opposition claims, was premature and cannot be justified, as the term in the natural course of events would not have expired for eighteen months. The Conservative government, led by Sir James Whitney, however, contends that the Workmen's Compensation Act is a measure of such extraordinary importance that it was justified in asking the Lieutenant-Governor to consent to the opinion of the electorate being taken upon it. Be that as it may, the fact is that the premier lately passed through a very severe illness, that his life was at one time despaired of and that his general health still is frail. Consequently, it perhaps would not be a far-fetched theory to assume that the consensus of opinion in the Conservative party was that it would be a judicious manoeuvre from a party point of view to have an appeal while the old leader still nominally was competent to conduct a campaign. Certain it is that Sir James Whitney cannot take an active part in the struggle, which will be a memorable one in the premier province for another reason than that it is almost certain to be the last fight in which the autocratic Sir James will take part.

For the first time in the history of Canada the issue in Ontario will be a purely social one. Mr. R. W. Rowell, the leader of the opposition, has declared in favor of the abolition of the sale of liquors of all kinds over bars. Sir James Whitney is not prepared to go as far as that—he once stated that he thought the conditions complained of by temperance advocates could be met better by making treating an offence against the law. He has not taken any opportunity to give legal force to this view, however, and the issue remains between "local option," with a three-fifths majority necessary to give it effect, and the "abolish the bar" propaganda of Mr. Rowell. Local option already prevails in a large

number of the rural districts and in many of the smaller towns of Ontario.

There is no question that the issue raised is making trouble for the Conservative party. It naturally is calculated to create more bitterness (or would zeal be a better word?) than an ordinary political issue. Whether it will split the old parties asunder or some claim only the event can determine. But there is no question that there is dissension within the ranks of the Conservative party. Nominating conventions in several ridings have discarded representatives who formerly carried the seats by large majorities; in some instances party lines have been discarded entirely, Liberals undertaking to support Conservatives who favor the reform programme of Mr. Rowell; while at least three clergymen have temporarily descended from the pulpit to the political platform and are pouring hot shot into the ranks of the enemy. From whatever point of view the contest may be regarded it is brim full of interest, and the result promises to be more uncertain than election results commonly are.

SCOTT AND ULLIV.

Sir Percy Scott's declaration of the uselessness of the modern dreadnought has raised a hornet's nest of criticism in the Old Country. The big navvies are calling him everything but a traitor, while the protagonists of the armament trust are so resentful that if they could turn back the clock of progress a couple of centuries the distinguished officer's head would pay the penalty for his expression of opinion. The Navy League is shocked, describing his statements as "premature, ill-advised and calculated to do serious harm to the cause of the maintenance of British supremacy at sea."

Sir Percy Scott, who, by the way, is one of the most brilliant of British naval officers, is not alone in his doubt as to the effectiveness of the dreadnought, although he has gone farther in this respect than any of his contemporaries. A considerable number of well-known naval authorities favor smaller, faster and more easily manoeuvred ships. Lord Charles Beresford always has maintained the superiority of the pre-dreadnought class, but his opinion is discounted by the common knowledge of his antagonism to Lord Fisher, the father of the dreadnought, between whom and Beresford there long has existed an uncompromising feud.

The controversies which rise from time to time between eminent naval men as to the fighting qualities of various types of vessels indicate that it is not only doctors that differ. Either the admiralty or its critics must be wrong; both may be for that matter. Their respective views never have been tested, for the Russo-Japanese war furnished evidence in support of each school of naval thought. We remember how the fouching confidence of the empire, especially the overseas portions of it, in the war office was blasted by the wholesale record of administrative mistakes in the South African struggle. It probably would be found that the extreme partisans of both naval schools were wrong. Extremists very rarely are safe guides in any line of policy.

If the development of Ulliv's violet rays discovery continues very far, all the conflicting schools of thought on naval construction might as well go out of business. If it ever becomes possible, by pressing a button, to generate a force that will locate and discharge explosives wherever they may be—in the magazines of war vessels, in submarines, or in aeroplanes and airships—at a distance beyond the range of big guns, the makers of war implements will have to seek some other avenues of activity.

This would not mean necessarily the end of war, but it would be a long step towards that consummation. If nations continued to fight without using explosives their armies would have to resort to coats of mail, spears and cross-bows, a reversion that modern civilization might find it hard to adopt.

"The Best Cook Stove Fuel I Ever Used."

\$5.25 Washed Nut Coal

Why not join the throng of satisfied customers by using this Coal as your summer fuel?

KIRK & CO.

1212 Broad Street, Opposite Colonnade, Esquimalt Road, Phone 212 and 139

and keep its countenance. In fact, we fancy that rather than go back so far nations would prefer to have their disputes settled by representatives in a twenty-four foot ring with four-ounce gloves. Sir Percy Scott may be exceedingly unpopular with the armament ring at present, but he is not half so unpopular as the young Italian explorer of mysteries whose discovery may convert \$14,000,000 ships into useless ornaments.

We seem to be having very delightful weather. But at the same time until some one interviews Sir Richard and he informs us that he approves of it, we cannot be really happy.

THE DESERTED PASTURE.

By Bliss Carman.
I love the stony pasture
That no one else will have,
The old gray rocks so friendly seem
So durable and brave.

In tranquil contemplation
It watches through the year,
Seeing the frosty stars arise,
The slender moons appear.

Its music is the rain-wind,
Its choristers the birds,
And there are secrets in its heart
Too wonderful for words.

It keeps the bright-eyed creatures
That play about its walls,
Though long ago its milking herds
Were banished from their stalls.

Only the children come there,
For buttercups in May,
Or nuts in autumn, where it lies
Dreaming the hours away.

Long since its strength was given
To making good increase,
And now its soul is turned again
To beauty and to peace.

There in the early springtime
The violets are blue,
And adder-tongues in coats of gold
Are garmented anew.

There bayberry and aster
Are crowded on its floors,
When marching summer halts to praise
The Lord of Out-of-Doors.

And there October passes
In gorgeous livery—
In purple ash, and crimson oak,
And golden tulip tree.

And when the winds of winter
Their bugle blasts begin,
I watch the white battalions come
To pitch their tents therein.

A PROMISE.

From the Argonaut.
She was getting the supper for the children on Saturday night when a young woman came to her door. "I'm a collector for the Drunkards' Home," she said. "Could you help us?" "Come around to-night and I'll give you the old man," said the housewife, as she went about her work.

MUCH BETTER.

From the Winnipeg Telegram.
Calgary editors are annoyed over Judge Robertson's refusal to permit the hedge-podge of so-called "oil securities" to be marketed in Manitoba. Better that Alberta oil speculators criticize the provincial public utilities commissioner than that many innocent people should buy worthless oil stocks.

AND WHAT THEN?

From La Presse.
An authority on ship-building now in Montreal declares that it is possible to construct an unsinkable ship, but that such a ship would not be able to transport either passengers or freight. What then?

WATCH FOR VICTORIA'S \$1.00 DAY SATURDAY JUNE 13TH.

The Big Store Will Offer \$1 Bargains From Every Department Saturday For Full Details See Our Ads Friday

A Magnificent Display of Over Two Thousand Summer Dresses

EVERYTHING that a woman needs in the way of cool Summer Dresses can be satisfied from this huge assortment, from a simple Morning or Picnic Dress at \$1.90 to the most elaborate novelty style at \$40.00.

This entire range of dresses will be specially displayed in the Mantle Department on first floor To-day and Friday, affording a splendid opportunity for all to view the new style features to best advantage.

The Range From \$1.90 to \$12.50

Can be seen in the large Mantle Showroom, where rack after rack is simply loaded with useful style dresses suitable for house, picnic, outing and street wear. The materials include linens, ratines, chambray, ginghams, prints, other novelty weaves, as well as a very nice range in soft colored muslins. All are in very pretty styles and excellent values.

The Range From \$15 to \$40

Is displayed in one of the French Rooms adjoining the Mantle Showroom. These dresses are exquisite in style, and there are some lovely shades, some in plain colors, others in all white, as well as combination effects. The latter style is a special feature of the higher-priced garments, many models showing skirt in one color, usually white, with blouse and long overskirt, with slight ripple reaching down to the knee, in other color, usually white, in solid colors of tango, pink, rose shades, also white. These are all very smartly touched up with soft net vests and roll collars.

bright combination shades. Others in heavy ratine in solid colors of tango, pink, rose shades, also white. These are all very smartly touched up with soft net vests and roll collars.

There are many other styles and features that will interest you, far too numerous for us to mention here. So we heartily invite you to visit us To-day or Friday to inspect our assortments for yourself.

—Mantle Dept., First Floor

M'GILL MATRICULATION

120 Candidates Will Write This Year at Victoria Centre; Start To-morrow.

For the matriculation examinations of McGill University, which begins to-morrow at the High school, there are 120 candidates, of whom the majority are High School pupils. The subjects, and hours are as follows:
Friday, June 12—Morning, 9 to 11, English literature; afternoon, 2 to 4, English composition; 4 to 5.30, chemistry.
Monday, June 15—Morning, 9 to 11, Latin authors and grammar; afternoon, 2 to 4, Latin composition and sight translation; 4 to 5.30, physiology.
Tuesday, June 16—Morning, 9 to 11, algebra, part I; afternoon, 2 to 4, algebra, part II; 4 to 5.30, botany.
Wednesday, June 17—Morning, 9 to 11, French grammar; afternoon, 2 to 4, French translation; 4 to 5.30, physics.
Thursday, June 18—Morning, 9 to 11.15, geometry, part I; afternoon, 2 to 4.15, geometry, part II.
Friday, June 19—Morning, 9 to 10.30, trigonometry; 10.30 to 12.30, German grammar; afternoon, 2 to 4, German translation.
Monday, June 22—Morning, 9 to 11, history; 11 to 1, Greek authors; afternoon, 3 to 5, Greek composition and sight translation.

Concert Enjoyed—An attractive concert given under the auspices of the choir was enjoyed at the Douglas Street Baptist church last evening. The choir was heard to advantage in two well-rendered anthems under the baton of S. L. Harman. Miss J. Byrd rendered violin solos with her usual skill, and Mrs. R. T. Chave delighted the audience with her charming songs. Rev. T. W. Gladstone was repeatedly encouraged and held interest of the audience with his recitations. Miss Byrd and J. Greenwood proved themselves able accompanists.

Fires Out at Hazelton—Word has been received by the forest branch that the forest fires at Hazelton are all out following two days of heavy rainfall.

Tag Day Results—The total amount collected by the W. C. T. U. yesterday, as the result of the Tag Day held for the purpose of clearing the interest due on its Pandora Avenue property, was approximately \$600, which, while not quite enough for the purpose intended, shows that the public treated the campaign in a generous spirit. Several of the churches contributed liberally, notably the First Baptist church, and the collectors gathered at headquarters at 6 o'clock in the evening very well satisfied with their day's work. More is still required, however, to cover the needs of the union, and the W. C. T. U. trusts that any who have not contributed and intend doing so will send in the amount at the earliest possible date.

Board Compiling Information—From now on and for several months the Victoria board of trade will be busily engaged in compiling data for presentation to the Dominion Royal Commission which is to visit this city in the fall. Each committee will gather information and tabulate facts connected with its own particular line of endeavor, and these will be combined when the session draws near and presented to the visitors.

Light Up Buildings—It is the intention of the provincial government to illuminate the parliament buildings as last night again on Tuesday evening to show the province's welcome to the Pacific Coast Employing Printers' congress.

Redecorate Church—The work of decorating the interior of St. Paul's Presbyterian church, Victoria West, has been let by the managers to Emish and Homans. The church is to be repapered and the pews are to be redone in mahogany.

Purebred Sires—A carload of purebred sires, stallions, bulls, boars and rams, left Vancouver for the agricultural associations in the improvement of the grade of stock. The animals belong to the Dominion government, but will be maintained by the associations under the direction of the government official who accompanies the stock.

Wire From Capt. Bartlett—In reply to Sir Richard McBride's wire to Captain Bartlett expressing regret for the loss of the Karuk and congratulating the captain on the safety of himself and the crew, the following telegram from St. Michael's, Alaska, was received yesterday: "Much appreciate your wire; many thanks.—Bartlett."

Phoenix Beer, \$1.50 per doz. qts. Dental Work With a Guarantee—Dr. J. L. Thompson, 1214 Government street. Open evenings. Gardens Made and Planted—Now is the proper time. When Your Teeth Need Attention have them examined without charge or obligation, Dr. J. L. Thompson. Open evenings. Mr. Storekeeper—Why worry about your deliveries? Phone up Acme Auto Delivery. Phone 3712. Awnings will keep your rooms nice and cool during the hot summer days. Why not have your windows covered before the heat becomes unbearable. Best materials used, workmanship guaranteed. My prices are the lowest in the city. Ask for samples. Estimates free. Galloway's Furniture store, phone 1322L, 2549 Douglas street, near Hillside Ave. Elite Studio, 909 Government St.—Films developed; Lantern Slides Portraits. "Versatiles," including Billy Oswald, Stadacona park, 3 and 8 p. m. A Good Timekeeper is a time-saver, and time is the stuff life is made of. If your watch does not keep time consult Max Kilburger, 727 Fort St. One Dollar Will Buy on Saturday a \$4 soup tureen, a \$3 wine set, a covered vegetable and 12 soup plates; a \$1.65 water set; a celery dish, cracker jar and pickle dish, at R. A. Brown & Co., 1302 Douglas St. J. F. Fitzpatrick, the great Indian Herbalist, is now stopping at 810 Cook street, Victoria. He specializes in the cure of asthma, bronchitis and colds; also whooping cough. Good local testimonials can be seen by calling at the above address. Eyes That Tire Easily can be relieved by the glasses supply for such cases. Frank Clugston, optician and optometrist, 654 Yates St. (corner Douglas). Rooms 8 and 10. Phone 6351. Sooke Waterworks—The Burrard Engineering company would have already commenced turning out steel pipe at Thetis Cove for the Sooke waterworks if delay had not occurred through difficulty with the dipping tank, the material suitable for the tank having to be brought a distance. The work will be pushed now in order to keep up with the trench gangs employed by the city.

Found Grandfather's Grave—James F. Mahar, of Philadelphia, yesterday accomplished the mission which brought him to Victoria from the east, namely to find the grave of his grandfather, Major Mahar, who died in 1859 after spending several years in the Cariboo. He was buried in Victoria, according to the records held at the Parliament buildings.

Adjourned to Saturday—F. N. J. White pleaded not guilty in the police court this morning to a charge of falling to stop his motor car ten feet behind a halted street car on June 4 at the corner of Government and Fort streets. The case was adjourned until Saturday to give the prosecutor time to bring forward two street railway men as witnesses.

W. A. WILKINS Of Seattle, who wrote the play, "Tapping at the Door."

In view of the fact that Francis was an old offender, he was given one month in jail, while Mitchell was let off with a fine of \$4.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, June 11, 1889.

Mr. William Johnson, of Vancouver, district master of Orangemen for British Columbia, will arrive in Nanaimo to institute a lodge next Friday.

Two residences will be erected at once on Yates street, opposite the electric light works, by Mr. W. P. Hayward, Sherbourne & Bishop are the contractors, and the price will be about \$2,500 for each.

The Champion sailed from San Francisco last Thursday and is expected to arrive in Esquimalt any moment. She called at Madeira and St. Vincent.

Chan Ah Heung, the murderer of the Chinese girl, You Kum, committed suicide in his cell at the provincial jail between five and six o'clock last evening. He hanged himself.

Saturday, \$1.00 Day—Jap. Tubs well filled, value \$1.50, Saturday, \$1.00. Carnations, 35c; three dozen for \$1.00. Roses, 50c per dozen. Brown Bros. & Co., Ltd., 618 View St. Phone 1269.

June Brides—On Dollar Day the Skene Lowe Photo studio will, for one dollar, make a large Septia portrait, value \$5.00, of any June bride, or will arrange to take at a later date any prospective June bride. Appointments by letter, wire or phone, 654 Yates, corner Douglas.

Again Remanded—Bally Van Dusen, who eluded the vigilance of the Victoria police and escaped from jail recently, came before the magistrate again this morning and was remanded for another week until the evidence given the commission in Minneapolis is sent to this city.

To Improve Grounds—The men of St. Paul's Presbyterian church, Victoria West, will meet at the church on Saturday, June 13 at 2.30 p. m. Their weapons of war on the occasion will be picks, shovels, crowbars and wheelbarrows. Everything responsible for the dirt sitting and wind up the grounds will be attacked by this contingent of volunteers.

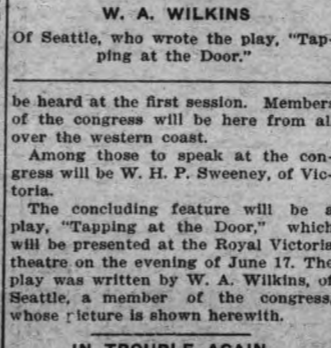

Visiting Port Alberni—Sir Richard McBride and J. G. Corry Wood, M. P. for Alberni, left for the newer west coast city this morning, where they will speak to-night. The premier is to officiate to-morrow at the laying of the cornerstone of the new Dominion government building, going on from there to Parksville and Qualicum and getting home to-morrow evening.

Commission on Agriculture—The members of the provincial commission on agriculture—W. H. Hayward, M. P. P.; Alex. Lucas, M. P. P.; William Duncan, S. Shannon, J. J. Campbell and J. Kiddon—are in the city to hold their final sitting and wind up the business of the commission. The evidence has been got in shape for inclusion in the printed report of the commission's proceedings.

Prominent Lumberman Dies—News has been received at the office of the Cowichan Lumber company of the death of the president of the company, M. H. Boyd, of Bobcaygeon, Ont., which took place in Philadelphia on Monday. The late Mr. Boyd was well known here, having frequently been out to the coast on business. He was in his fifty-ninth year and while he had been in Philadelphia for medical treatment his death was not expected.

Japanese Cruisers—In order that the receptions to be provided for the officers and crews of the Japanese cruisers Asama and Azuma, when they arrive on Monday week, may not clash, the civic committee talked over the situation with J. N. Nagano and J. Ishi, representing the Japanese colony yesterday afternoon. The details of the reception are at present incomplete, but automobile trips on the outskirts of the city will be included. The vessels will leave Vancouver on the morning of June 22 for this city.

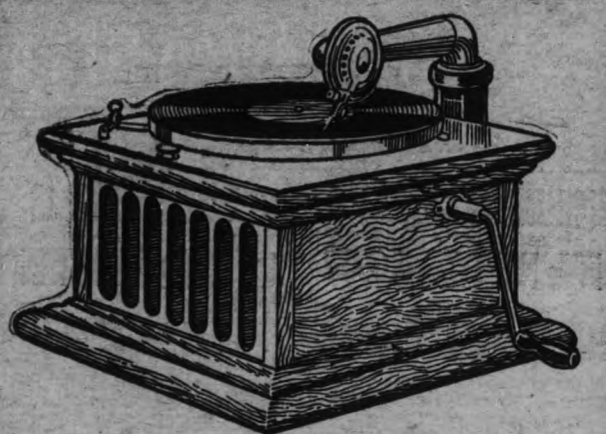

Knox Strawberry Social—The strawberry social held last evening at Knox church, under the auspices of the Ladies' Aid society of the church, realized for this organization a goodly sum to be added to the building fund of the new church. There was a large crowd, and the big supplies of delicious strawberries and cream soon diminished to insignificant proportions. The church was prettily decorated with white and green, and during the evening a very enjoyable musical programme was provided, among those singing being Miss Luney, Mrs. W. A. Jameson, Mrs. Ruth Wilson, J. G. Brown and F. J. Mitchell. Miss Mutrie and Mrs. Rothwell acted as accompanists, and Miss Grant provided a very much appreciated solo. The proceedings concluded about 10.30.

W. A. WILKINS Of Seattle, who wrote the play, "Tapping at the Door."

In Trouble Again. George Francis at Court; in Disturbance on Johnson Street Yesterday.

George Francis, a familiar figure in the police court dock was in trouble again this morning, through having participated in a fight on Johnson street yesterday which resulted in his being taken into custody with William Mitchell, for causing a disturbance. The evidence of the two was conflicting, Mitchell stating that he was coming out of a saloon when Francis struck him for no cause whatsoever, while Francis averred his opponent was the aggressor, and brought a witness who corroborated this statement. Constable Munro, who arrested the pair, said he did not arrive in time to see who started the row, but when he got there the two were struggling on the ground and there was a large crowd of people around. He said he had great difficulty in separating them. In view of the fact that Francis was an old offender, he was given one month in jail, while Mitchell was let off with a fine of \$4.

A Dollar Buys on Dollar Day

This Fine \$40 Columbia and Six Double-Disc Records, All for Just One Dollar

DOLLAR DAY will be a day of the most remarkable value in COLUMBIA instruments Western Canada has ever seen. Some one is going to take away this big, expensive COLUMBIA together with SIX DOUBLE-DISC RECORDS of their own selection, all for the sum of One Dollar.

Every time you spend a dollar with us on Saturday, June 13, you will be given a coupon entitling you to try for this instrument. You have just as good a chance as any one else to win. The winner receives the instrument and the records on the payment of ONE DOLLAR, and owns them outright and absolutely from that time on.

The principle of Dollar Day is a good one, too. YOU should support it. It will assist Victoria, and every boost for Victoria is a boost for all Vancouver Island. Trade in Victoria on Dollar Day. PREPARING ALICE FOR NORTHERN TRIP

Over 200 Members of Masonic Order Expected to Make Voyage

To have a brief overhaul prior to her trip to Prince Rupert with over 200 members of the Masonic order from Victoria and Vancouver, the C. P. R. steamer Princess Alice was withdrawn from service yesterday. It is expected that she will proceed to Esquimalt late to-day to be hauled out on the slip at Yarrow. Her hull will be scraped and painted, and her interior given a touch-up. She will return here on Sunday, and be in readiness for a start from Victoria on Monday morning at 10 o'clock.

The Princess Alice has been chartered by the Masons, who will attend a meeting of the Grand lodge, which for the first time is being held at the G. T. P. terminal. About 40 members of the order will embark here, and it is believed, judging from the bookings made, that 180 will join the steamer at Vancouver. She will sail from the main-land port at 10 o'clock on Monday night and proceed direct to Prince Rupert.

The Princess Alice will return with her passengers on Sunday, June 21, calling in at Vancouver first, and later continuing to Victoria. The party will include many prominent men of both the leading British Columbia cities, and it is quite likely that quite a number of Masons from interior towns will take the voyage north. The weather at present is extremely delightful for the cruise, and the excursionist expect to enjoy themselves thoroughly. The people of Prince Rupert are preparing to entertain the visitors in a royal fashion.

When the Alice returns here she will remain in port until the following Friday night, when she will sail on the first of her four excursions to Alaska. She will replace the Princess May, which is due in from Skagway and Prince Rupert to-day, and which will make one more cruise before being withdrawn. The Alice will carry big crowds of tourists through the land-locked waters to the wonderful north-land.

'FRISCO-SYDNEY SERVICE.

San Francisco, June 11.—With the sailing of the Ocean liner Ventura on Tuesday for Honolulu, Pago Pago and Sydney, the new schedule whereby a ship will leave this port every two weeks for Sydney was inaugurated. The Oceanic and Union Steamship companies have arranged their sailing dates so that a ship of one line will sail every fourteen days from San Francisco, the Willcochs, of the Union company, being the next vessel to get away.

PORT CONFERENCE IS OF VAST IMPORTANCE

All Coast Cities Will Be Represented at Meeting in Seattle This Month

Seattle, June 11.—With every indication that the attendance of port officials, shipowners and representatives of coastwise and ocean transportation companies will make it one of the most notable gatherings ever held in coast shipping circles, the Pacific coast port conference, called by Gen. H. M. Chittenden, of Seattle, will convene in this city June 23, remaining in session until the evening of June 25.

The conference originally was called by General Chittenden, as president of the Seattle port commission, for June 2, but the plan had to be abandoned temporarily. It was the intention to defer it to next fall. The demand from the coast ports for such a conference, however, has been so insistent in view of the opening of the canal that it was decided to send out a new call at once.

Letters were mailed yesterday to the harbor authorities and shipping interests of the coast, notifying them of the dates selected.

The principal ports to be represented are: Seattle, Tacoma and other Sound cities, Victoria, Vancouver, Grays Harbor, Astoria, Portland, San Francisco, Los Angeles and San Diego. San Francisco already has held a preliminary conference.

The effects of the opening of the Panama canal on coast ports will be one of the chief items under discussion. Reports will be made by the representatives as to the improvements made at the different ports. Some very interesting questions dealing with the coast passenger and freight business will also be dealt with.

HOERDE'S BIG CARGO

Seattle, June 11.—The steamship Hoerde of the Hamburg-American line, one of the only two "trunk" ships ever built, sailed from Portland last night. She will first go to Everett, where she will take on redwood ties for Hongkong, after which she will complete at Tacoma, Seattle and Vancouver.

When the Hoerde sails for the Orient and Europe she will have a full cargo consisting of 1,000 tons flour, 1,000 tons grain and 2,000,000 feet lumber.

PRESIDENT LATE SAILING

Word has been received from Seattle to the effect that the Pacific Coast steamship President, Capt. Geo. Zeh, will be two hours late in sailing to-morrow night for San Francisco. She is leaving Seattle at 7 o'clock and will be here a little before midnight.

FALSE RADIOGRAMS CAUSE BIG LOSSES

Underwriters Now Planning to Eliminate Recurrences of Incorrect Reports

Owing to the frequency of the receipt of false wireless messages at Lloyd's, the authorities in London have been led to take steps to remedy the evil. One of two proposals are shortly to be submitted for approval, according to telegraphic advices received from the United Kingdom yesterday. One is that all ships equipped with radio-telegraph instruments should be made the report "all well" once or twice every 24 hours, while another suggestion is that each vessel should have a secret password, known only to the captain and chief officer at the wireless stations.

The result of the needless alarms caused by the false reports, is not only a good deal of unnecessary anxiety, but heavy loss to the underwriters, who in fact are beginning to doubt the accuracy of serious messages. The reported loss of the Pacific Mail liner Siberia, a few weeks ago, cost the underwriters \$100,000. The wireless messages led the owners and insurance people to believe that the big ship had sunk off the Formosan coast with all hands, and during all the time of anxiety she was safely anchored in a small tea port loading cargo.

Money Lost on Empress.

Another instance occurred under the belief that the news of the foundering of the Empress of Ireland was a recurrence of the recent false reports of overdue ships. The market at Lloyd's was found willing to write the risk of total loss at a nominal figure of two guineas per cent, at which a fairly large business was done, with the result that a heavy liability was incurred.

Not many weeks ago a German steamer was reported abandoned in the Bay of Biscay and reinsurance was effected at 80 guineas per cent. It subsequently transpired she had gone to the assistance of a vessel in distress.

WIRELESS REPORTS

ROBERT DOLLAR GOES TO GENOA NEXT WEEK

Panama Ship Has Been Loading at Chemainus; to Take Bunkers at Nanaimo

Much shifting about is being done by the big British freighter Robert Dollar, Capt. Morton, in getting loaded for her trip through the Panama Canal. Word was received this morning by R. P. Rithet & Co., agents for the Dollar line, that the steamship will return to Genoa Bay about Monday next to continue her loading operations. The Robert Dollar has been at Chemainus for some days taking on heavy shipments of lumber, and she is to proceed to Nanaimo before the end of the week to load bunker coal for the trip to the Atlantic coast. After the vessel has loaded all the lumber cut at Genoa Bay she will come to Victoria, and it is expected that she will have to secure a couple of scow loads of planks and timbers at this port to make her a full ship.

Owing to the fact that the Robert Dollar is to be the first steamship through the Panama Canal from the westward, great interest is being taken in her movements. Any slight delay in getting her cargo may enable some other ship to reach the entrance to the big ditch ahead of her, and relieve her of the honors which otherwise would fall to her lot. So far, the work of loading has been progressing without a hitch, and the possibilities are that the Dollar ship will be ready for sea about June 23.

Visited Panama Ship.

James Dollar, a nephew of the head of the steamship concern, and a member of the Seattle staff of the company, arrived in town this morning from Chemainus, and left this afternoon on the Vancouver boat.

The big steamship is gradually settling in the water, and by the time she finishes at Genoa Bay she will be riding deep. The amount of lumber required at this port will all depend upon the progress which the Genoa Bay mill hands make. The plant is working to its capacity at the present time, and it is not likely that the steamship will have to take more than a couple of scow loads at Victoria.

The Robert Dollar has been measured for the Panama Canal, and was one of the first to have her tonnage fixed by the canal commission. Great interest is attached to the departure of the Robert, not only through the fact that it means that she will be the first Panama ship from the westward, but that it opens up another market for British Columbia timber. The Dollar's cargo is for the Toronto harbor works.

FIRST ALASKA GOLD ARRIVES ON SOUND

Humboldt, Gold Ship of North, Reaches Seattle With \$300,000 in Bullion

Seattle, June 11.—Bringing gold bullion valued at \$300,000, the first treasure cargo to reach Seattle from the Fairbanks district this year, the steamer Humboldt, of the Humboldt Steamship company, known as the gold ship of the north, arrived at pier 7 from southeastern Alaska ports yesterday afternoon.

The gold was brought to Whitehorse aboard the first river steamer to reach the upper Yukon this year and came over the White Pass & Yukon railroad to Skagway, where it was loaded aboard the Humboldt for Seattle.

In addition to the Fairbanks treasure shipment the vessel brought \$3,500 worth of gold dust from the Athin district.

Officers of the Humboldt said that the salmon fishermen of the Ketchikan district were refusing to sell their catches in southeastern Alaska, demanding higher prices than the canneries and mild-cured plants were paying.

As a result of the decision of the fishermen to ship their catch direct to the Seattle market, the Humboldt had consignment of 450 boxes of fresh king salmon loaded at Ketchikan, Taku Harbor, Wrangell and Petersburg.

The vessel also brought 3,800 cases of canned salmon from Chilkoot and thirty-eight tierces of mild-cured salmon from Wrangell and Taku harbor.

The big steamship is gradually settling in the water, and by the time she finishes at Genoa Bay she will be riding deep. The amount of lumber required at this port will all depend upon the progress which the Genoa Bay mill hands make. The plant is working to its capacity at the present time, and it is not likely that the steamship will have to take more than a couple of scow loads at Victoria.

The Robert Dollar has been measured for the Panama Canal, and was one of the first to have her tonnage fixed by the canal commission. Great interest is attached to the departure of the Robert, not only through the fact that it means that she will be the first Panama ship from the westward, but that it opens up another market for British Columbia timber. The Dollar's cargo is for the Toronto harbor works.

RUSSIA SAILS TO-NIGHT

The C. P. R. flyer Empress of Russia, Capt. W. Davison, will sail from Victoria for the Orient about 7 o'clock this evening. She was reported leaving Vancouver at 1 o'clock and should arrive here four and a half hours later. A number of passengers will embark at this port. The blue-ribbon steamship is inaugurating the new call at Manila, Philippine Islands, and her itinerary will be as follows: Arrive Yokohama, June 22; Kobe, June 23; Nagasaki, June 25; Manila, June 29; Hongkong, July 1. The Empress of Asia sailed from Hongkong at 1 p. m. yesterday for Victoria and Vancouver.

IMBERHORNE SEEN OFF COLUMBIA; ORDERED HERE

Astoria, June 11.—The Russian ship Imberhorne from Callao, having sailed from that port April 18, was spoken at 10 o'clock on Tuesday night 15 miles off the mouth of the Columbia river by the tug Wallula. The tug gave the Imberhorne orders to proceed to Chemainus, B. C. The Wallula also gave the ship some oil and charts of the North Pacific coast.

The Imberhorne will come to the Royal Roads first for orders for her charterers, Findlay, Durham & Brodie. Later she will tow to Chemainus.

DELAYED LOADING CARGO

At 10.30 o'clock this morning the G. T. P. steamer Prince George, Captain Donald, left here for Prince Rupert and Granby Bay, carrying a heavy cargo. She was twenty minutes late in getting away owing to the huge consignments of freight which were in the warehouse waiting to be placed aboard. There are large amounts of cargo moving to the north at the present time.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 9 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the tables, the tide rises or falls continuously during two successive tidal periods without turning.

Esquimalt—To find the depth of water on the sill of the dry dock at any time, add 29.9 feet to the height of high water as above given. Tidal differences for Fuca and Haro Straits are given in the foregoing list.

No action illustrates or re-interprets more luminously the true character of Christianity than the spontaneous action of the Christian spirit in foreign missions.—Mr. Robert E. Speer.

TO EXTEND SITE OF SOUTH PARK SCHOOL

Domestic Science and Manual Training Building to Be Built; Hillside School

The school board decided last evening to purchase from Mrs. Allen at \$13,000, a lot adjoining South Park school.

It was stated that the area required will give room also for school gardens on the Michigan street side.

Plans for the new Hillside school of four rooms, were presented by C. Hillwood Watkins at the direction of the board.

Trustee Andrews strongly supported a proposal of the Royal Life Saving society to have a swimming instructor appointed, to give instruction to children during the holidays.

Mrs. Jenkins said that the city council formerly had contributed to the cost of an instructor, but latterly had done nothing.

Trustee Andrews and Mrs. Gilbert were named on the committee which was appointed.

As an elimination contest for the baby show at the exhibition, child welfare sessions will be held at some of the schools in September, at which ad-

BOARD'S POLICY IS TO USE B. C. GOODS

School Trustees Receive Deputation From Manufacturers' Association; Competition

To the deputation of the Victoria branch of the B. C. Manufacturers' Association which waited on the school board last evening, assurance was given that the board's policy was to support British Columbia goods first.

Chairman Jay, in stating the board's attitude, said that the details of a proposed examination in the form of competitive essays on B. C. manufactures, open to the schools, could be completed before next term.

F. Westley Newton, honorary secretary, explained the object of the deputation. He believed that the board, by encouraging home industries, would greatly help the community in a general way at a time when business in British Columbia was undoubtedly quiet.

W. A. Jameson pointed out that it might prove most effective to have a series of essays in the schools on local manufactures, for which essays prizes would be given by the association and individuals, the judging to be carried out by the board and the members of the association.

H. J. Pendray urged the desirability of British Columbia articles being specified in the orders of the board. He felt that a member of the association should go over the board's building specifications in order that it might be ascertained what products could be secured in British Columbia.

A. E. Ormond and T. S. Forbes also spoke, the latter pointing out that these classes of children are divided into three types, of which two may be dealt with in the class the city will open.

Having reviewed the experience of other countries, Mrs. Gilbert said: "The consensus of opinion with regard to feeble-mindedness is that it is largely an inherited condition, or at least the result of inherited weakness.

HAD TO STOP WORK FROM THE PAIN

Suffered Ten Years Until "Fruit-a-tives" Cured Him

"St. Thomas, Ont., May 22, 1913. "I was troubled for ten years with the most distressing constipation and indigestion of the worst form.

"The pain from indigestion was so severe that many times I have had to stop work and lie down until the acute spasms passed away.

"I took a lot of medicine—in fact, I guess I took about everything that was advertised—and gave them all a fair test—but got no relief.

WARM WELCOME GIVEN TO THE ODD FELLOWS

At Mass Meeting in Royal Victoria Theatre Addresses of Greeting Were Made

The scene in the Royal Victoria theatre was a brilliant one yesterday afternoon, on the occasion of the extending of a welcome to the visiting Odd Fellows on behalf of the province, the citizens of the capital and the members of the order in this district.

In full dress the Patriarchs Militant led the way, and behind came the visiting members, the members of the city lodges and encampment, the members of the order and the elective officers of the several grand lodges in carriages.

The theatre was filled when the hour came for the opening of the proceedings. Brother Anton Henderson, P. G. M., president, with Sir Richard McBride and Mayor Stewart on either side, and on the stage were representatives of all the branches of the order, with the Patriarchs Militant as an escort.

For several months the city school board, in common with the principal boards of the province, has had before it the question of treating the defective children.

Recognizing that there is a difference between the sub-normal and the defective children, the board established last evening to deal with the former by establishing a class for the sub-normal children in the college building next term, when a teacher specially trained in that class of work will be engaged.

Trustee Mrs. Gilbert had prepared a long report on the subject for the guidance of the board. She pointed out that these classes of children are divided into three types, of which two may be dealt with in the class the city will open.

Having reviewed the experience of other countries, Mrs. Gilbert said: "The consensus of opinion with regard to feeble-mindedness is that it is largely an inherited condition, or at least the result of inherited weakness.

ROTARY CLUB'S VIEW

Representatives on Victoria and Island Development Association Will Remain, Directors Decide.

In view of the objection taken by the representatives of the Rotary club when the selection of a member of the city council as industrial commissioner was made on Tuesday by the governing body of the Victoria and Island Development association, the president of the club, Frank Higgins, who with the club's other representative, L. J. McLean, dissented from the choice, summoned a meeting of the governing body of the club yesterday.

At that meeting Mr. Higgins explained the situation. After a thorough canvass the Rotary decided not to withdraw from the provision of the council of the association, but to pursue a policy of watchful waiting in the interests of the city and island.

The theatre was filled when the hour came for the opening of the proceedings. Brother Anton Henderson, P. G. M., president, with Sir Richard McBride and Mayor Stewart on either side, and on the stage were representatives of all the branches of the order, with the Patriarchs Militant as an escort.

Beauty devotees are enthusiastic over the beautifying qualities of mercolized wax. Nothing discovered within recent years accomplishes so much, so quickly, without harm, at such small expense.

Another natural beautifying treatment for wrinkled skin—is to bathe the face in a lotion made by dissolving an ounce of saxolite in a half-pint witch hazel. This is remarkably and instantaneously effective.

Japanese lanterns and colored electric lights lent the essential festive touch to the beautiful gardens of Mr. and Mrs. B. Gonnason, 3010 Quadra street, for the garden party held there yesterday afternoon and evening under the auspices of the young ladies' class of the First Congregational church.

good returns with the ice cream and Miss Mary Williams did a brisk business in strawberries and cream. Delicious tea was dispensed by Mrs. Castellon, Mrs. Roberts, Mrs. Pergitt and Miss Sibbald, while Miss Harger, Mrs. Harold Roberts and others had a successful sale in candies.

A Yawner is not likely to be found doing "big things." To succeed nowadays one must be wide awake day-times and sleep soundly at night. Tea and Coffee, on account of their drug, caffeine, keep many people awake nights and make them dozy in the daytime, when they should be keen and alert.

For the defective children it was decided to ask the minister of education to have the government establish a provincial institution. The old provincial jail site here now being available, that was suggested as a site. Trustee Mrs. Gilbert had prepared a long report on the subject for the guidance of a sub-committee which reported to the board.

It is estimated that there are approximately 1,000,000 motor cars in use in America, and that they consume \$100,000,000 worth of petrol in a year.

SPORTING NEWS

SPOKANE GETS COAST LEAGUERS

CHARLIE BROOKS PLAYING WITH TACOMA

Decision in Killifer Case Will Be Handed Down Soon; Portland on Road for Five More Weeks; July 20-26 Games May Come Here

Spokane is spending money like water to get back into first place in the Northwestern league race. When Willie McCorry and Danny Shea were forced to leave the game at Seattle, Owner Farr immediately secured a pair of Coast leaguers to fill the gaps. Catcher Brennan, a huge six-foot-four backstop from the Portland club, was turned over to the Indians, while Del Howard sent Pop Arlett to the relief of the distressed Spokane squad. Just how Owner Farr calculates on making some money this year cannot be figured out, as he has lined up a lot of Coast leaguers who would ruin a class A. club when they called in for their pay cheques. However, the Indians are after the pennant and a few iron men, apparently, will not stop them.

Nick Williams says that he will be on the road for another five weeks, and there is a chance that his club will not return to Portland for a month added to that. Judge McCredie is a game loser, but he is willing to transfer most of his home games to the northern clubs providing they are willing to give the Colts a good split of the gate for the added games. Victoria may have the Portland series of July 20 to 26 transferred here, if the Bees are drawing well at home.

It is hard to understand Joe McGinty's line of action. The Iron Man had a fine team at the start of the season, and all that he needed was

another twirler or two to stick in the first division. He then started to cut loose from his youngsters and allowed Bloomer, Kelly, Giro and the rest of them to go. Now he has picked up Charlie Brooks and is playing Ten Million at short in an effort to win a couple of games. The Tigers have taken but five battles out of the last nineteen contests, and are still dropping.

Cincinnati, Ohio, June 11.—"If we permit one team to seize upon players of another without regard to moral or legal obligations, we are going to undermine the whole structure of baseball and the game will lose its hold on the public."

This was the sentiment expressed yesterday by Attorney George Pepper, of Philadelphia, representing William M. Killifer, Jr., catcher with the Philadelphia Nationals, and the owners of the team, when he stood before the United States circuit court of appeals and opposed the plea for an injunction to prevent Killifer from playing with the Philadelphia club by the owners of the Chicago Federals.

Attorney E. E. Gates, representing the Chicago Federals, made the first argument. He said Killifer told President Gilmore and other officers of the Federal league he was free to make a contract for his services and he was not in any manner bound to the Philadelphia Nationals. Judge Denison put the question: "Did not the owners of the Federal league club know of the reserve clause in Killifer's contract?"

Attorney Gates replied: "Even if they had knowledge of it, it was only general knowledge, and they still would have the right to offer work to Killifer, inasmuch as he had told them he was not under contract to any one else."

At the conclusion of the arguments the judges announced they would take the case under consideration and would hand down a decision later.

WORLD'S CHAMPION

GEO. RENNIE

The speedy defence fielder who captained the Westminster twelve that will meet the V. A. C. twelve at the Royal Athletic Park on Saturday afternoon. Rennie is one of the Minto Cup standbys and is playing wonderful lacrosse this summer.

WESTMINSTER AGREES UPON ONE REFEREE

Lester Patrick Will Handle Game Saturday; Centrals Capture Lally Medals

Lester Patrick was agreed upon yesterday as referee for Saturday's lacrosse match at the Royal Athletic park. The well known hockey magnate will handle the game alone, and he is credited with the statement that the teams will play clean lacrosse every minute they are on the field. The coming game is attracting quite a bit of attention, and one of the largest crowds of the season here will undoubtedly attend to witness the Minto cup holders in action. The Westminster players think more of the famous silverware than their pay envelopes, and it is this great club feeling that has held the A. defeat for the Salmon Belles will tip the scales, while a win for the Westminster men will give them a good lead in the race for the coast title.

The lieutenant-governor is expected to attend and it is fully expected that Sir Richard McBride will face the ball. Officers of the Westminster team have approached the premier with a request to perform this act and special boxes will be set aside for Sir Richard and his party.

Westminsters have arranged for an excursion, while Vancouver will also bring over quite a few supporters. The fact that upon this game rests Victoria's chances of a professional club this year is indubitable enough for the Victoria fans to turnout in large numbers. The game will start at 4.30 p.m. Tickets went on sale this morning.

Showing splendid finishing powers, the Central lacrosse team defeated the South Parks at Oak Bay last evening 9 to 6, capturing the championship of the Victoria schools' lacrosse league and also winning the Joe Lally gold medals. The game was one of the fastest of the year in the school league, the South Park players leading at the end of the first quarter by 4 to 1. They could not hold the Centrals, however, the latter being much the stronger club at the finish. The goal scorers were: South Park—Alexander 3, Watson 1 and Jackson 2. Central—Lipsky 4 and Shandley 2, Bradley 1, Ledingham 1 and Gravelin 1.

Victoria's amateurs practised last evening at Oak Bay for the first time this year. The addition shortly of Clyde MacDonald and other Oak Bay home stars to the local attack is predicted, and several changes will be made in the team that has dropped the last two games in the P. C. A. L. A.

GOLF SCORES

Troon, Scotland, June 11.—Edward Ray's score for the sixteen holes was 74. Harold H. Hilton took eighty-one, while J. E. C. Jenkins, amateur champion, returned a similar card. Harold Weber, of Toledo, was far behind with a score of eighty-four. At the end of the first round Outmet had tied with Brothers for thirteenth place, but he headed the list of amateurs with his score of 77, although S. O. Sheppard was nine close with 78.

P. A.'s a double header!
 Jammed in a jimmy pipe Prince Albert is the best tobacco you or any other man ever did fire up!
 Rolled into a makin' cigarette Prince Albert will lick the tar out of any other tobacco—bar none—that ever sold across a counter!
 Your next move is to prove out this kind of language. Just slip into the next store and get a tidy red tin of

PRINCE ALBERT
 the inter-national joy smoke

We staked three years and a fortune to perfect a patented process that produces in Prince Albert the most wonderful pipe and cigarette tobacco ever known!

Listen: That patented process has absolutely revolutionized the manufacture of smoking tobacco. P. A. can't bite your tongue and it can't parch your throat. All you got to do to get the question off your mind, quick-like, is to try it out and then compare it, puff for puff, with any tobacco you ever smoked or heard about!

Prince Albert is the largest seller in the United States. It is now being imported into Canada by wholesale dealers and is sold by all the leading retail dealers. In one-eighth-pound tidy red tins.

REMARKED ON THE SIDE

Resolute Will Probably Defend America Cup. While the trial races to pick the defender of the famous yachting trophy are not yet concluded, the showing that the Resolute has made in the contests to date would give this boat the favorite's position. The New York Yacht Club entry has not proved a very fast craft in the light winds, losing two races to the Vanitie. In the heavy blows, however, the N. Y. Y. C. boat is simply showing the way to the other boats entered. The Shamrock IV is reported as a very speedy boat in a steady breeze, so that the coming races will prove interesting beyond a doubt.

Victoria Has Chance to Get Out of Last Place. By taking the remainder of the week's games from Nick Williams' crew it will be possible for the Bees to clamber out of the cellar position. The Portland team is but four games ahead of Delmas' aggregation, and the Bees can top the Portland squad by making a clean sweep of the remaining games. With Pat Callahan and his port-side slants off the mound for a few days, the locals will just about go through without another loss. The race to date has been pretty much Seattle and Vancouver. The latter club has been squeezing through for a bunch of extra inning victories, but neither club has greatly out-gassed the rest of the field, though the Tacoma Tigers have been bumped regularly in the last few weeks. A real winning streak by the Victoria Club will give the locals a chance to take fourth place and make a bid for a first division berth.

NEW POLO CLUB TO SUPPORT GAME HERE

Bright Prospects; Captain Cheape Recovers From Accident; Will Play on Saturday

In an effort to revive polo in the capital and also to encourage hunting and amateur horse racing, the Victoria Hunt and Polo club was organized at a well-attended meeting of the horse lovers of the city, which was held in the Belmont block. W. J. Roper was chosen president and steps will be taken immediately to secure grounds for the carrying out of the defunct Polo club's programme for the year. The Victoria team will be called upon to defend the British Columbia polo championship and it will also enter a team in the different polo tournaments which will be held in the Northwest this summer.

There will be no lack of funds for carrying out the proposed programme and as there are many polo ponies available in the capital, the new club will be able to take the field as well equipped as, if not better than, any club in the Northwest. Mr. Justice Irving, who occupied the chair, set forth the objects of the club, stating that the club intended to promote and foster all equestrian sports. Hon. Price Ellison wrote to the effect that he would do all in his power to help the club.

The election of officers resulted as follows: President, W. J. Roper; vice-presidents, Mr. Justice Irving, W. W. Foster, M.P.P.; Fred Pemberton and Dr. Tolmie; secretary-treasurer, F. L. Crawford. The following committee was elected to arrange details of the club's plans of operation: Messrs. Wilfred, Baufine, Irving, R. H. Meakin, A. W. Morton and J. H. Bromley. This committee will immediately go into the question of grounds.

Hempstead, L. I., June 11.—Captain Leslie Cheape, of the English polo team, had so far recovered to-day from his recent accident which resulted in the postponement of the international games that he said he would line up for play this afternoon in the final English practice game. Everything is completed for Saturday's game.

DEFIANCE ENTERS TRIALS

Sandy Hook, N. J., June 11.—A wireless message was received to-day from the regatta committee's boat stating that the cup yacht Defiance would race to-day. It was said the Defiance was still having trouble with her rigging and was in no condition to engage in a smashing thirty-mile contest.

BARRIEU OFFERS M'KAY A MATCH

Efforts are being made to match Scotty McKay and Frank Barrieau for a bout at the Steveston arena on June 15, but the local boy will refuse to take on such an important bout until he has had time to whip himself into the best of shape. McKay is booked to box on the Dominion Day card at the Caledonia sports and he will then enter the pro ranks. He has been promised a number of bouts and will be ready to take on Barrieau about the middle of next month.

Uppercut Hicks, the well known Victoria middleweight, has also written that he would like to meet McKay at 155 pounds ringside. McKay will probably take Hicks on. The latter proved unable to hold the Victoria welterweight when the pair met in an amateur contest at the Victoria theatre.

Sporting News

(CONTINUED)

AN EVEN BREAK IN YESTERDAY'S GAMES

Colts Out-Hit Bees; Callahan Twirled Two-Hit Game; Vancouver and Seattle Won

Fifty-fifty was the dead handed out to the Portland and Victoria clubs in yesterday's brace of games, the invaders hauling down the opening contest, 4 to 1, while the Bees came through with a win in the second battle 3 to 2. Pat Callahan's superior brand of flinging made the first game a walk-away for the Colts, the famous Celt port-pitcher holding the Bees to a couple of hits, while Nick Williams' squad hammered Out-of-Luck Narveson when hits meant runs. The winning streaks of the Vancouver and Seattle clubs continued, while Tacoma was brought nearer the bottom of the heap.

It looked for a time as if Victoria would win the opener, the Bees grabbing a run in the first on Nye's double and Calvo's single. That was Victoria's portion of the blows, however, the Portland twirler refusing to allow another bingle from that on. He pitched shut-out ball, and with Narveson being hammered for ten solid safeties, the Colts gradually went into the lead to stay. The Victoria pitcher had lots of stuff, but the Colts refused to allow him to get settled, with the result that he hustled to the shower at the end of the game, vowing that the Fates were against him. Coltrin's brilliant fielding and also a fine stab by Kelly of Guign's line, featured the proceedings.

Slim Smith was hit freely in the second combat, but magnificent fielding behind him, coupled with his own good work in the pinches, allowed the Bees to squeeze home one run to the good. The Bees started after Roy Brown as if they were going to clout him out of the box, but after the opening session the Portland twirler allowed but three hits. Moran started the run-getting with a homer; Nye fanned; Calvo walked, scoring on Milhott's single to centre. Lamb and Kelly followed with clean blows, scoring Wilhott. Portland grabbed a run in the second on three singles, while Williams' homer in the fourth accounted for the final tally.

Portland registered twenty-two hits during the afternoon, while the Victoria club drew down but nine safeties. Empire Regie Casey struck a couple of homers, Lamb and Kelly followed with clean blows, scoring Wilhott. Portland grabbed a run in the second on three singles, while Williams' homer in the fourth accounted for the final tally.

Vancouver, June 11.—A batting rally gave Vancouver enough runs to tie in the eighth inning yesterday, and the locals went out and won in the tenth with three hits in a row. Both Tacoma pitchers were hard hit. The game was marred by weird umpiring by Burnsides.

Score— R. H. E.
Vancouver 7 14 5
Tacoma 6 9 1

Batteries.—Reuther, Harstad and Cheek; Jones, McGinnity and Brottem.

Seattle, Wash., June 11.—Baker's wildness and Spokane's loose fielding and timely hitting by Seattle enabled the locals to win yesterday's game 4 to 1.

Score— R. H. E.
Seattle 4 5 0
Spokane 1 6 3

Batteries.—Dell and Cadman; Baker and Branigan.

BOWLERS STAR IN COUNTY CRICKET

Lancashire, Middlesex and Northamptonshire Winners; Scores of Local Matches

London, June 11.—Three of the county cricket matches started last Monday have been concluded, and in each case the successful elevens won by a good margin. Lancashire defeated Kent by an innings and 153 runs; Middlesex beat Warwickshire by ten wickets and Northamptonshire beat Gloucestershire by 142 runs. The Lancashire-Kent match was contested at Manchester. E. Tydesley and Heap were the highest scorers for the winners with 85 and 97, respectively. For Kent, F. E. Wooley and Hubble were high batsmen with 57 and 51, respectively. Middlesex took seven of Kent's wickets for 70 runs.

At Lord's some brilliant bowling was accomplished by Tarrant, who took seven Warwickshire wickets for 31 runs. Middlesex high scorers were W. P. Robertson, 48, and Tarrant, 32, while C. S. Baker and Parson made 68 and 59, respectively for Warwick.

S. G. Smith was in excellent form with the ball for Northamptonshire against Gloucestershire at Bristol, taking four wickets for 28 in the first innings and five for 50 in the second. C. J. Thompson also had the Gloucestershire batsmen guessing, and four of their wickets fell for 27 as the result of his splendid efforts. Gloucestershire also shone in the bowling department, Bennett taking seven wickets for 72.

The Navy men won from the Restorer eleven at the Canteen grounds yesterday, but their victory was somewhat dimmed by the fact that the Restorer captain had declared his inning for three wickets with 104. The Navy batsmen totalled 125 for nine wickets. Ford with 38 and Wood with 30, not out, were the big batsmen.

Men's Own took a well-played match from the Civil Service cricketers at the bowling of A. Lea was a feature, this trundler taking six wickets for 24 runs. W. Pargiter with 37 led the batsmen.

TO DIVIDE PROVINCE IN THREE DISTRICTS

Winners of Various Divisions Will Play Off for the McBride Shield

Vancouver, June 11.—When the preliminary meeting of the British Columbia Football Association is held at the V. A. C. next Saturday with delegates from Victoria, North Vancouver, Westminister and Vancouver in attendance, it is altogether likely that the association will decide to divide the province into three areas, the Island, Lower Mainland and Interior, so as to facilitate the government of the game. It is proposed to let each of these divisions have representation on the B. C. F. A. council with three delegates and a vice-president. The vice-president of each division will be chairman ex-officio of his local board, which will have full control over the game in its area, subject to an appeal in the B. C. F. A. council. The association will take 20 per cent. of the gates in all cup semi-finals and finals, the percentages derived from local cup competitions going to the support of the local executives.

The McBride shield will be emblematic of the British Columbia championship and will be competed for annually between the winners of the various districts. The association will decide where the final games will be played. The winners of the three districts in the province will be balloted and the two teams coming out of the hat first will play an elimination contest to decide which eleven will play in the final for the championship.

The trophy donated by the Hon. W. J. Bowser to the mainland association last year will be emblematic of the Lower Mainland championship and the team winning it will be eligible to compete for the McBride shield.

When the governing association is properly organized it is altogether likely that the M. F. A. will go out of business, as the district body composed of a delegate from North Vancouver, Westminister and Vancouver with a vice-president will have full control over the game on the Lower Mainland.

Jack Youson and E. Walker will represent Victoria at this gathering.

GOLF TOURNEY STARTS

Troon, Scotland, June 11.—Play opened here to-day for the qualifying rounds of the British open golf championship. The 1913 entries included three American players, Francis Outin, American open champion; John J. McDermott, former American open champion, and Harold Weber, of Toledo. Outin led the first nine in forty and completed the round in 77. All players will play two rounds to-day. One round is played on the old Troon course and the other on the new municipal course.

LETTER BOX

Letters for publication in Daily Times must be received at the Times Office not later than the day before the day of publication. When received later they will be held over until the following day.

While unobjectionable anonymous communications will be published, the name and address of every writer of such letters must be given to the editor.

THE INDUSTRIAL COMMISSIONER

To the Editor: The question is asked "Is Cuthbert appointment legal?" Did he send in a written application to the secretary on or before noon Monday, the 8th?

If so, should he not have resigned his position on the city council before doing so?

Did not Senator Templeman resign his senatorship before contesting Victoria?

Did Cuthbert canvass any of the committees? And why was the election of this highly-paid official conducted in camera?

CANDIDATE

"LET THEM DIE!"

To the Editor: Every day the public are enlightened through the daily press concerning the damage done by the militant suffragettes; their deeds of violence are blazoned forth in big black type; but never a word do we see about the injustice which has been the cause of so much wasted energy.

In this evening's issue we read that the English public had adopted as a popular slogan "Let them die!" and that Father Vaughan and a few more of Christ's ambassadors have set the seal of their approval upon the slogan.

I believe that it was the prominent priests of long ago who demanded that Christ should die; so the approval of the clergy does not lessen the guilt of the government.

It would be much more to the credit of the English nation if they awakened to a sense of justice and instead of saying "Let them die," it would be more humane and civilized if the voters insisted that equal justice should be shown toward the female population.

The long boasted chivalry of the Englishman proved a myth when the test arrived, but the title of "John Bull" has been well earned; no other nation on the face of the globe has won such a clear title to that name and its characteristics.

Mr. Editor, I think it would only be fair if you would turn the limelight of public opinion upon the other side of the question; we have heard enough of the doings of the militants, let the public be enlightened concerning the injustice which has driven clever, good women to such deeds of rebellion.

PORTLA.
June 10, 1914.

PROTEST FROM CAPE SCOTT

To the Editor:—We, the officers and members of the Cape Scott Farmers' institute are so incensed by the attitude of the British Columbia government towards the settlers here, in regard to appropriations for roads and trails, that we think it high time to let the public know the real state of affairs. The appropriation last year, 1913, for Cape Scott (where there are no less than 60 families; number of souls, 200) was \$2,000. Cache creek, with less than half the population, \$5,000; Shushart, about \$15,000, with a population about 20; St. Joseph, with a population of about 40, appropriation, \$25,000. There are more families in Cape Scott than either of the other places. This year, 1914, for Cape Scott, with all the families here, the appropriation is about \$1,000. Letters have been sent to the member and premier from time to time, which have been practically ignored. The government have repeatedly held out inducements for settlers to come here. Now they are on the land, one official informs some of the settlers they have come in 15 years too soon.

Surely this cannot be for lack of funds, when such an enormous amount is being spent on Strathcona park. The appropriation here seems a mere pittance in comparison, when we have a country here, with good farming prospects, and which only needs government assistance to open up.

CHARLES S. WADEY,
Secretary and Treasurer.

MOTHER JONES.

To the Editor: I had the great privilege of hearing Mother Jones the other night. She is undoubtedly a remarkable woman; in fact, a wonder in more ways than one; wonderful for her age, 32; vitality, wisdom, and knowledge, magnetic influence over her audience, crisp and knowledge of the labor conditions and problems, and last but not least, her intelligent, kindly and motherly face, full of feeling and love.

Yes, indeed, those who missed hearing and seeing her missed the treat of a lifetime. She vehemently denounced those of her own sex; especially those with new fangled and manly ideas and aims, and suffragettes she denounced bitterly, saying there was suffering enough in this old world already without another lot of lunatics getting a hand into it.

However, I must say she was very radical and extreme in some of her utterances; for instance, that it was women, or rather through them, that there were churches; through them that there were dens of iniquity and sin; through them that there were armies raised to shoot down their fellowmen, through them that there were rotten governments and legislators, unjust judges and so forth. That if only woman and mothers would raise their sons and brothers in the fear of God and righteousness of life and living, they would then send the right kind of men to government and office, even their own men at that. Then the ill working class are suffering from want and again with her denunciations. As she said, there is something rotten all right in a country

when honest men and women cannot earn an honest living. She does not see why if one old woman can make a nation sit up and take notice, why a lot of honest men and women cannot do the same.

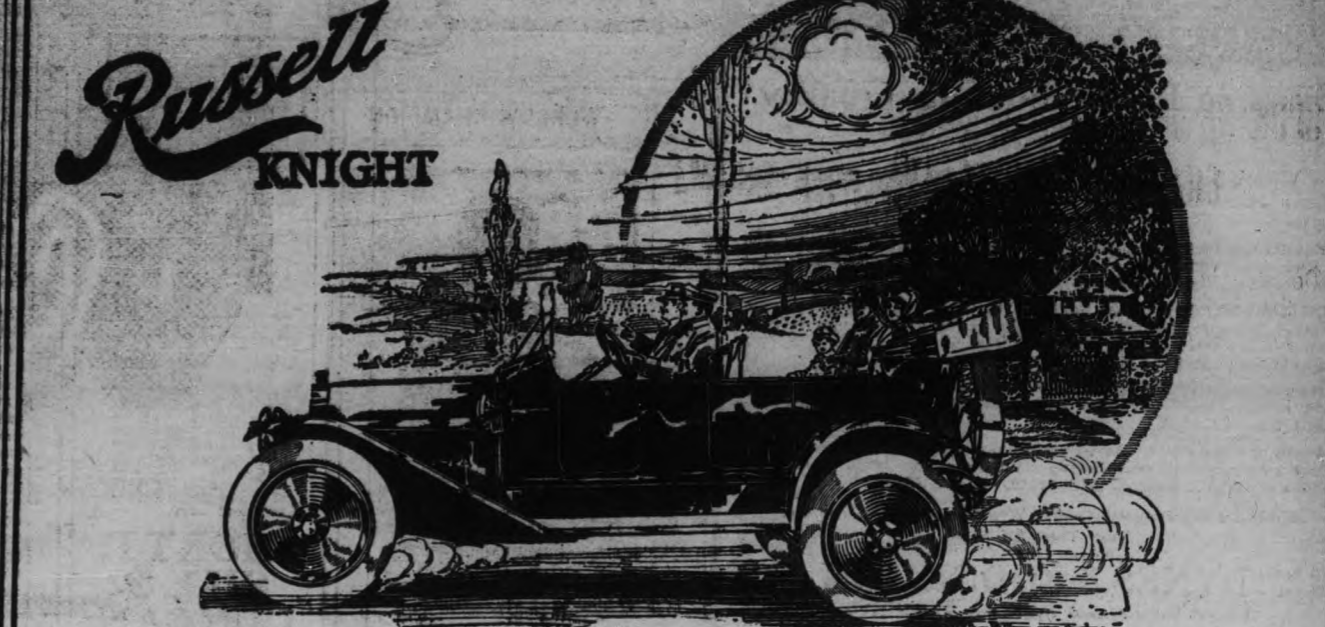

It came out during the evening that Vancouver had six thousand men out of work, besides women and children, and Victoria three thousand men out of work, which is conceded on all hands to be a very conservative estimate.

Mother Jones's reception in Victoria, as far as enthusiasm was concerned, was an unqualified success. And now that the bars are down she will certainly come again.

B. J. SHELTON,
Victoria, B. C.

HEALTH OFFICERS' DUTIES.

To the Editor:—Is not Dr. G. A. B. Hall, city health officer, and as such he is not required to treat emergency cases—any cases that arise within the

Russell KNIGHT

The Call Of The Car!

Fresh air and sunshine. Cool brown roads. New faces—new places. Swift flight to drive away care. That's what the "Call Of The Car" means to YOU. Answer the call—and make this your family's finest summer—with a RUSSELL-KNIGHT.

Let them travel the highways in safety. Let them feel country lanes grow smooth beneath the wheels. Let them float along on perfect springs. Let them experience the luxury of upholstery, 12 inches deep. Let them enjoy the beauty of growing country—in COMFORT undreamed of outside the home.

The Car For YOU

While they ride in COMFORT—YOU, at the wheel, conquer miles with a quiet, efficient engine.

You delight in the flexible power-plant, responsive to your lightest wish.

With every trip, you find conveniences never experienced in any other car.

With every mile, you discover new economies, that make upkeep a minor cost.

And after your first fifty miles in a RUSSELL, you know why owners call it the "Most Comfortable Car."

Built-In Comfort

For COMFORT is built into—NOT on to the RUSSELL-KNIGHT.

It begins with a wheel base so ample, that you ride between (not over) the wheels. It is increased by a World's Record KNIGHT motor, of matchless flexibility and smoothness. By a velvety clutch, engaging without jerk or jar. By a transmission of exceptional efficiency and quietness. By springs of extreme resiliency, used only on costly cars.

Supreme In Every Feature

The RUSSELL-KNIGHT is unquestionably the "Most Comfortable Car." Yet COMFORT is but one of its many good points.

It is flexible and powerful. It is economical of gasoline, oil and tires. It is so durable, that it actually grows better with use. It has a straight line, flush-sided body of singular grace and beauty. It is completely equipped. You need only "gas" and oil.

Notable in its equipment are the: Simple electric starting and lighting system (designed solely for the RUSSELL-KNIGHT.)

Timken axles Clock
Imported magneto Remountable rims
Highest-quality top Head, side, and tail lamps
Rain-vision windshield Protective tire carrier
Speedometer Complete set of tools, etc.

limits from automobile or other accidents? I observe that the police invariably convey such patients to another surgeon, ignoring the health officer and other equally competent practitioners. If the police are acting under instructions, from whom do they receive those instructions? And who gives the bills, the city or the provincial government?

MEDICO.

The so-called social reforms of the Radical party are absolutely unsocial, because the object is to set class against class, interest against interest.—Mr. A. N. Skelton.

NOTICE.

To H. J. Rous Cullin, of the City of Victoria, in the Province of British Columbia, Architect; and Fanny Taylor, wife of William Taylor, of Victoria, B. C.

YOU ARE HEREBY REQUIRED TO TAKE NOTICE that default has been made in payment of interest on the principal moneys secured by a certain In-

strument of Mortgage dated the 26th day of July, A.D. 1913, made by you, H. J. Rous Cullin, of the City of Victoria aforesaid, the Mortgagee of the First Part, to Mariana Mary Martin, of the City of Hamilton, in the Province of Ontario, Widow, the Mortgagee of the Second Part, upon the following land, viz.: All and singular those certain parcels or tracts of land and premises situate, lying and being in the District of Victoria, in the Province of British Columbia, more particularly known and described as Lots Four (4) and Six (6), in Block Five (5), Section Sixty-two (62), according to the Map or Plan filed in the Land Registry Office at the City of Victoria, in the Province aforesaid, and there numbered twelve hundred and sixty-four (1264).

And that there is now overdue \$17.00, being one quarter's interest from 24th January, 1914, to 24th April, 1914, and \$28.00 principal, in all \$45.00.

AND TAKE NOTICE that the said Mortgagee will proceed one month from the 15th of June, 1914, the date of the second and last publication hereof, to exercise the powers of entering upon, leasing or selling the mortgaged lands described in the said Mortgage.

Dated at Victoria, B. C. this 5th day of June, A. D. 1914.

ed to Victoria after a much-enjoyed trip, both having greatly benefited by the change.

Under the direction of A. J. Bourghon, noble grand; D. A. Cameron, vice-grand; and George Halliday, team captain, 27 Odd Fellows from New Westminster registered at the Dominion hotel this morning. They are in town to take part in the degree competition.

Joseph H. Emery, president of the B. C. Pharmaceutical association, left last night for New Westminster to attend the semi-annual meeting of the council and the twenty-third annual meeting of the association. Business pertaining to the drug business, will occupy the druggists of the province and the election of three members for the ensuing two years will also be held.

The nuptials of Mary Forest Grace, eldest daughter of Mr. and Mrs. R. M. Colvin, and George Vernon Allman, were celebrated on June 3 at Rosedale Farm, Cowichan, Rev. F. L. Stephenson performing the ceremony. The bride, who was given away by her father, was gowned in white silk with tunic of shadow lace. Her two bridesmaids, the Misses Hattie and Edith Colvin, wore blue silk trimmed with shadow lace, while the little flower girl, Thelma Hammerley, was dressed in pink. H. F. Mallett acted as best man. After the ceremony the guests partook of a delicious wedding breakfast.

Alice Louise, youngest daughter of Mrs. R. Faulkner, and Richard, only son of Mr. and Mrs. Richard Hodgkinson, of 390 Queen's avenue, were united in marriage last Monday evening, the ceremony taking place at the residence of the bride's mother, 735 Figgard street. The bride wore a becoming gown of cream tulle with wash to match, and tulle veil and wreath of real orange blossoms, the same symbol of bridal roses and carnations which she carried. She was given away by Mr. Hodgkinson, sr., and was attended by her sister, Miss Martha Faulkner. The best man was J. Smith. At the conclusion of the ceremony the guests repaired to the dining-room, where supper was served, the tables looking beautiful with decorations of roses, sweet-peas, carnations, ferns and ivy. The happy pair were the recipients of many beautiful gifts; the bridegroom's gift to the bride was a gold watch and fob; to the bridesmaid a gold bracelet; and to the best man a pearl stick pin.

A wedding of interest to many Victoria people took place recently in Woodstock, Ont., at the home of Mr. and Mrs. Allan Virtue, when their daughter, May, was joined in wedlock to P. Collinson Abel, of Victoria, son of Mrs. Abel, of Woodstock. The ceremony was performed by Rev. R. B. Cochrane, pastor of Knox church, and was witnessed by many friends of the young couple. The bride wore a beautiful gown of soft white satin, trimmed with pearl and silver lace and drapings of tulle, her veil being arranged in mob-cap fashion under a chaplet of orange blossoms, and her bouquet being of bridal roses. She wore, as her only ornament, the gold wrist watch given her by the bridegroom. Miss Eleanor Edmonds, of Vancouver, was her bridesmaid. The house was beautifully decorated for the occasion, in the drawing-room, where the ceremony took place, pillars surmounted with baskets of flowers and linked together with white ribbons, forming an aisle down which the bridal party walked to the archway of apple blossoms and ferns under which the ceremony took place. Mr. and Mrs. Abel are spending their honeymoon in New York, Atlantic City and other centres in the United States, and will return for a few days to Woodstock before proceeding westward to make their home in this city.

The members of the Young Women's club of the Metropolitan church were the hostesses of a very charming event which took place in the beautiful grounds belonging to Mrs. H. H. Jones at 222 Michigan street, on Tuesday afternoon. Miss Evelyn Jones, in the absence of her mother, received the visitors and superintended things generally. The gardens were gay with Chinese lanterns and flags of all nations, and among the various attractions were lawn tennis, croquet, a ball-pond, superintended by Mrs. Herbert Peck, and popular with the little folk; afternoon tea, dispensed by Mesdames Plumb and Foxall and their assistance; strawberries and ices, which were disposed of in big quantities, by the Misses B. Bennett and K. Ede; an exhibition of paintings by Mrs. Daniels; and a photographic studio, very interestingly conducted by Miss Foxall, who took snapshots and sold photographic supplies. Mrs. McClure gave an interesting demonstration of the manufacture of rose-heads, which attracted many visitors. In the evening the grounds looked particularly festive, the gay lanterns and colorful lights among the flowers making a very pretty picture. A musical entertainment was provided, among those taking part being Mrs. Thomas A. Ross, Miss Kathleen Morton, Mrs. J. B. McCallum, and Messrs. Petch, Ross, Wood, Hombroff, Mackie and Marsh. Mrs. J. H. Muir acting as accompanist. The function was a complete success from every standpoint, and the young ladies are to be congratulated on their enterprise and skill in so well organizing the undertaking.

Among the week's visitors at Sol Duc are Mr. and Mrs. N. B. Gresley and their daughter, of Elnor street, this city.

Mr. J. D. O'Connell left last Sunday for Lindsay, Ont., on a visit to her old home. She was accompanied by her daughter.

Among the Victoria people who are attending the Rose Festival in Portland is Mrs. Horace D. Hume, of "The Chimneys."

Mrs. H. W. R. Chandler, of Cleveland, is staying at the Dominion hotel, having come into the city on this morning's boat.

Mrs. George Carter, of Cook street, and Marlow Carter have returned from an extended trip to the Hawaiian Islands and California.

Mrs. Mary Wilson, of Pembroke street, is visiting her daughter, Mrs. A. V. Wells, of Portland, Ore., and, incidentally, the Rose Show.

Mrs. George Winter has returned from a three months' trip to the Old Country, where she was accompanied by her son, Master Ronald.

Mrs. D. Guthrie, who has been visiting her mother, Mrs. Leigh-Spencer, left yesterday by the Northern Pacific for her home at Medford, Ore.

Mr. and Mrs. W. J. Gospel, of 1538 Monterey avenue, Oak Bay, are entertaining Mrs. Bruce Heathcote and Miss Grace Heathcote, of Berkeley, Cal.

George Chapman, C. Batten, G. H. Young, F. W. Pearle, C. J. Green and W. H. Brown, residents of Vancouver, are registered at the Strathcona hotel.

F. J. Reynolds and Mrs. Reynolds, Miss C. E. Reynolds and Miss Fannie Weedland constitute a party of tourists from Regina staying at the Dominion hotel.

Among those registered at the Strathcona hotel from Vancouver are Mr. and Mrs. H. Douglas, Wallace Law, D. G. Campbell and E. McD. Wilson.

Mr. and Mrs. W. J. Poper, who have been holidaying in the interior, returned to Victoria after a much-enjoyed trip, both having greatly benefited by the change.

Health and Beauty Answers BY MRS. MAE MARTYN.

YERA B.: Your skin will grow soft, clear and smooth after a few applications of a plain almond jelly cream made at home as follows—Put 4 table-spoonfuls glycerine into a pint water and in this dissolve 1 ounce almond (which you can buy at your druggist's). Apply a thick coat of this to the skin before retiring, then wash off in the morning and use more of the jelly cream before massaging. This gradually dispels the wrinkles and lines and banishes pimples, blackheads and the "muddy" oily look. The almond jelly cream is greasiness and will not grow hair.

MRS. A. T.: You may not require glasses. Get from your druggist 1 ounce crystals and dissolve in one pint water. Then put a few drops in the offending eye several times a day until inflammation and soreness has vanished. This crystals eye-tonic is especially good for granulated eyelids, and using it strengthens the eyes and gives them a youthful sparkle.

make a full quart. Take a tablespoonful before each meal. This simple, home remedy increases your appetite and gently cleanses the system of impurities, restores a healthy condition to the vital organs. When this is done your weight will be normal and the glow of health will be upon your cheeks.

MRS. A. R. J.: I make a good lotion that is very helpful to my skin by dissolving 4 ounces spumax in a pint with hazel or hot water, to which is added 2 teaspoonfuls glycerine, which will restore correct that oily, sallow, "worn-out" appearance of your complexion. This simple lotion is soothing and healing and imparts a velvety smoothness and natural loveliness to the complexion not possible with powder and rouge. You will like the spumax lotion because it is easily applied and cannot be detected when on.

LUCILLE: I always use a plain quinquina hair tonic, made at home by pouring 1 ounce quinquina into a pint alcohol, then adding 1 pint water. Rub a little well into the scalp twice a week and you will soon rid the scalp of dandruff and restore the hair roots to health. The regular use of the quinquina tonic will restore the former gloss and even color to the hair and make it soft, long and fluffy.

MRS. M. N. T.: Your excess weight can be easily and quickly reduced by taking this parrotia treatment, made at home, as follows: Put 4 ounces parrotia (which you can get at your drug store) in 10 pints hot water and strain when cool. Take a tablespoonful before meals until weight is where you want it. No harm results from the use of the parrotia treatment, and the flesh is left solid and the skin soft and smooth.

ADDRESSES NAVAL

VOLUNTEERS HERE

Rear-Admiral Kingsmill Explains Regulations Providing for the New Force

Rear-Admiral Kingsmill attended the parade of the naval volunteers at the navy yard last night, and about 10 o'clock read out the order-in-council embodying the terms of service of volunteers and the purpose for which a company in this city was formed.

There will be 100 naval volunteers in Victoria of class 1 (in which category are included those who live near the sea and consequently have opportunity of getting practical experience of naval work aboard vessels of various types). Vancouver will also have 100 men, but of these 25 will be of class 3, which are taken out of fishing communities.

The term of service will be three years, and men of good character who carry out their duties efficiently will be eligible for further terms of three years of service up to the age of 42.

The company in Victoria will be composed of one lieutenant, two sub-lieutenants, one surgeon, five petty officers and one chief petty officer, four leading seamen and one hundred able-bodied and ordinary seamen; also an instructional staff, paymaster and assistant paymaster, armorer, signal instructor and gunner's mate.

Rear-Admiral Kingsmill explained that the force of naval volunteers throughout the country, as authorized, will consist of twelve hundred men, together with the necessary officers and permanent staff. These are to be divided into three sub-divisions, comprising the Atlantic coast, the Great Lakes and the Pacific. There will be 400 volunteers on the Atlantic coast, 400 on the Great Lakes and 200 on the Pacific. The company here will be in charge of Lieut. Pilcher, R. C. N. The instructional staff on this coast will be stationed for nine months of the year at Esquimalt and for three months at the port of Vancouver.

It was stated at the navy yard yesterday that a telegram had been received from Ottawa authorizing the building of two boats for the use of naval volunteers in accordance with instructions to be given later. There will in all probability include a cutter and a whaler.

Previous to the admiral's address last night a large company of provisional naval volunteers was put through various drills by the petty officer in charge, while a gun crew was given instructions on a dummy breech-loader. The nine men carried out their work with wonderful proficiency, and rammed home the heavy shells and extracted the empty cartons with commendable speed. Later the men were measured for their uniforms which will be provided as far as possible from the supply at the navy yard.

It is the intention of the authorities to divide the men up into sections to do various duties in connection with naval work. These will be chosen according to the ability of the men along certain lines. For instance, those who show aptitude for engineering and stove-hold work will have excellent home the heavy shells and extracted the empty cartons with commendable speed. Later the men were measured for their uniforms which will be provided as far as possible from the supply at the navy yard.

Several newcomers made an appearance last night, and will be enrolled at the proper time.

APPROVES CHOICE

Dr. C. C. James Speaks of Prof. L. S. Klinck, Head of Agricultural Work at New University.

Dr. C. C. James, of the Dominion department of agriculture, yesterday expressed warm approval of the choice of Professor Leonard S. Klinck as the head of the department of agriculture of the Provincial university. Dr. James is in charge of the administration of the \$10,000,000 for the development of agriculture in Canada. He did not intimate what part of the fund will be placed at the disposal of the school of agriculture, but an announcement is expected later. The fund is to be disbursed over a period of ten years, and has been invested in such a manner that a yearly sum of \$1,300,000 is available.

In conversation yesterday, Dr. James remarked that Professor Klinck's particular fitness for the conditions of agriculture in British Columbia had been somewhat overlooked by the attention given to his research work in cultivating cereals. He stated the professor had long been an advocate of mixed farming, and had had as great success in cultivating heavy-yielding alfalfa, peas, vetches and soy beans for stock feeding purposes as in cultivating cereal grains. His great belief in the value of mixed farming, and his ability to help the stock grower to develop the right kind of field crops, would, said Dr. James, prove of greater value in British Columbia than in any other provinces.

Dr. James himself has long been a strong and ardent advocate of mixed farming. He has contended that wheat is sold by the Canadian farmer in England at a price which does not represent a fair profit if good wages are to be paid, and that the rapid deterioration of the soil under wheat crops, estimated by him at 25 cents per acre, does not make wheat growing nearly as profitable as mixed farming. On this head, he pointed out that Canada's competitors in the wheat market are Russia, India and the Argentine republic, in all of which countries the cost of labor is very low.

Sale of High-Class Novelty Suits

Reg. Values to \$65.00 **\$37.50**

In an effort to clear out all our better suits as early as possible, we have included at this price our entire stock of Spring and Summer Suits. As most people know, our showing of Spring and Summer Suits has been exceptionally fine. Why not call in to-day and look them over?

—Second Floor

Suit as Illustrated. A Novelty Suit of woolen crossbar crepe in a pretty shade of wisteria purple. The coat is made in a very novel style that is both distinctive and smart. The trappings include collar and cuffs of Bulgarian pan velvet partially covered with a fine embroidery. The skirt is draped full at the sides with shaped panel at the back.

This Smart Suit is made of broad-clothed whipcord of fine quality. Color is French pepper, with trimmings of Oriental colored silk. The coat is short cutaway with a vest of heavy Oriental silk, and collar to match. There is also a medallion collar and cuffs of fine shadow lace. The skirt is draped from the sides, and is full at the hips.

This Exceptionally Fine Suit is made of rose-colored gabardine. The coat is short with a pretty ripple back, vest of figured crepe. The sleeves are Raglan style with cuffs trimmed with shadow lace frilling. It fastens in front with one button. The skirt is made in the two-tier effect. The coat is lined throughout with the finest quality satin to match.

FIRE INSURANCE WRITTEN MONEY TO LOAN

TO-DAY IN CANADIAN HISTORY

William Black, who was one of the fathers of Methodism in Canada, preached the first Methodist sermon ever heard in Nova Scotia at Halifax 132 years ago to-day, June 11, 1782. Black was afterwards known as the Methodist "bishop" of Nova Scotia, and he was one of the most eloquent and powerful of the clergymen of the British America of that period. The first Methodist meeting was held in a private residence, and it was attended largely by seekers for excitement, but within a few days those who came to scoff remained to pray, and Methodism was firmly established in Halifax. A few years later a wealthy Halifax man, Philip Marchinton, built a church for the Halifax Methodists, but he retained the title and when he was disciplined for irregular conduct he looked up his church and told the Methodists to meet elsewhere. In 1792 the Halifax Methodists built a church of their own, in Argyle street, later called "Old Zoar" chapel, and for nearly half a century it was the only Methodist edifice in the city, and the cradle of British American Methodism. At the period this church was built William Black wrote that Halifax had "one large English church; one small Dutch church; one Presbyterian meeting house; one Roman Catholic chapel; besides a small society of Quakers; one of Sandemanians; and one of the followers of Swedenborg; together with a few of Lady Huntingdon Society, and a great swarm of Independents." The Lady Huntingdon society referred to by Black were the followers of George Whitefield, who had aided the Wesleyans in establishing Methodism, but had parted company because they rejected the doctrine of election. Whitefield had been chaplain to the Countess of Huntingdon, and had her energetic support in the founding of Calvinistic Methodism, hence the name long applied to Whitefield's following. Sandemanians were the followers of Robert Sandeman and John Glas, of Scotland, and were also called Glasites.

FIRST THINGS

The first Protestant church in the Northwest was organized at a meeting held in the barracks at Fort Snelling, Minn., seventy-nine years ago to-day, June 11, 1835. The Rev. Thomas S. Williamson officiated at the meeting, at which a Presbyterian organization was completed, with army officers, fur traders and pioneer settlers as elders and church leaders. Three days later the communion was administered for the first time in Minnesota to twenty-two persons of European extraction, composed of officers and soldiers of the garrison, those engaged in the fur trade and the mission families. The church was later reorganized as Oak Grove church, and eventually was merged with the First Presbyterian church of Minneapolis. Two years before the founding of this church the Rev. W. T. Boutwell had established at Leech Lake the first mission among the Northwestern Indians. Religious services, both Catholic and Protestant, had previously been held at the Scotch settlement at Pembina, the Swiss colony near Fort Snelling, and at various Indian camps, but no formal church organization had been perfected by any Protestant denomination. It was a log chapel built on the site of St. Paul by a Catholic priest that gave its name to the Minnesota capital.

Sensible experiment is one thing and capricious innovation is another. We spend a lot of money on elementary education, and because we have no proper continuous system a great part of the money is lost to the nation.—Mr. J. A. Pease, M. P.

HUMAN PROCESSION

Some years ago Dr. Thomas Humphrey Ward, the famous English art critic, editor and author, attended a banquet, during the course of which the lady who sat next to him remarked, "Somebody has declared that it was possible for men to render themselves invisible."

"That is still quite possible," declared Dr. Ward.

"But how can a man make himself invisible?" asked the mystified lady.

"By marrying a famous wife," was the critic's explanation.

Certain it is that, although the name of Humphrey Ward is not without prominence, it is best known with the "Mrs." prefix. Mrs. Humphrey Ward, famed throughout the world as the author of "Robert Elsmere" and many other novels, was born in Hobart, Tasmania, sixty-three years ago to-day, June 11, 1851. Dr. Thomas Arnold, her father, was distinguished as an author and educator, and was the son of the famous Dr. Thomas Arnold of Rugby, and the brother of Matthew Arnold, the poet, critic and "Apostle of Culture."

Mary Augusta Arnold became Mrs. Humphrey Ward in 1872, and it was not until eight years later that she wrote her first book, a story for children. Her first novel, "Miss Bretherton," of which Miss Mary Anderson, the actress, was the prototype of the heroine, was published thirty years ago, and "Robert Elsmere," one of the most talked of novels of the century, followed four years later.

Mrs. Ward, for all her advanced views in some directions, is a pronounced "anti" in regard to women suffrage, although she has been one of the prime movers in a scheme for a "women's parliament," an unofficial advisory body of ten women who would "consider and press forward" needed legislation on behalf of women and children. In a recent statement of the purposes of this movement Mrs. Ward said:

"In the proposed joint advisory committee, composed of members of parliament and women social workers, ten women are to represent, as far as possible in equal proportions, both the ministerial and Unionist parties and both sides of the women's suffrage question."

The members of the House of Commons who have interested themselves in the plan for "a progressive policy in women's questions" are quoted by Mrs. Ward as having asked for the formation "of a committee of women which will allow us to keep in touch with them, and which will collect and digest exact information on questions concerning women and children which might come before parliament."

The law-makers laid down as a condition, "for the sake of securing true co-operation on urgent matters of social reform," that "woman suffrage must be excluded from the debates and action of the committee."

"It is proposed," wrote Mrs. Ward, "that a joint committee should meet in London at the House of Commons at regular intervals. Various committees are being formed to deal in detail with different bills before parliament, which are concerned with the welfare of women and children. These sub-committees will report to the joint advisory committee, which will deliberate and take action on these reports."

Leaders of the militant suffragists scoff at this scheme, and declare they will have nothing whatever to do with such a "hamby-pamby compromise" as has been suggested by the distinguished novelist.

Life is short. Let us not throw any of it away in useless resentment. It is best not to be angry. It is next best to be quickly reconciled.—Samuel Johnson.

SCRAP BOOK

Corpus Christi Festival to Be Celebrated To-day.

Corpus Christi, one of the most splendid of Roman Catholic festivals, will be celebrated to-day by all Christians who look to Rome as the source of spiritual authority. Especially in the Latin countries of Europe and America is the feast generally observed, and it is distinguished by magnificent processions. In France it is known as the Fête de la Pentecôte, in Germany as the Fronleichnamfest. In Mexico and other Spanish-American nations the festival is one of the most spectacular of the many fetes of the religious calendar.

In Rome and throughout Italy Corpus Christi is a general holiday for those who retain their allegiance to the church. Perhaps the most interesting observance of the day is that at Torre del Greco, near Naples, where the Festa del Quattro Altari, or Feast of the Four Altars, a patriotic "festa," is coupled with the religious celebration. The Four Altars festival commemorates the abolition of feudal dominion in 1700, and, like so many other Italian holidays, it is characterized by many features which originated in the pagan feasts of ancient Rome. In many ways the feast is reminiscent of the Floralia festival in honor of Flora, the goddess of flowers. Four altars are erected in the principal squares of the town, and decorated with flowers. A floral procession is held and the altars are blessed by priests. The Corpus Christi eucharistic procession, in addition to its religious significance, serves as a thanksgiving demonstration to commemorate the city's freedom.

Corpus Christi is a special festival in honor of the blessed sacrament. In the thirteenth century the doctrine of the real presence of Jesus Christ in the eucharist was denied by some churchmen, and it was to express the profound belief of the church in this doctrine that in 1244 Pope Urban IV. decreed the institution of the feast of Corpus Christi. The pope died a little later, and the bull did not have its full effect until 1332, when, after the council of Vienna, the feast of the blessed sacrament, or Corpus Christi, was generally adopted throughout the Catholic world. Pope Urban IV., who had promised to all the penitent who took part in the festival indulgence for a period of forty to a hundred days, also set the date as the Thursday after Trinity Sunday, and this date has been adhered to ever since.

The feast of Corpus Christi is an expression of faith in the real presence of Jesus Christ in the blessed eucharist. The church has always attached a profound and vital importance to this belief in transubstantiation, and Catholic theologians hold that it is the very essence and necessary groundwork of Christianity. The Catholic church teaches that "if Jesus Christ be not present really and corporeally under

the elements of bread and wine, His word is no longer reliable. He is no longer God, and there remains of religion naught save a beautiful but sterile philosophy, which each one can remodel after his own mind."

American Unitarians will celebrate to-day the centenary of the birth of one of their most distinguished clergymen and writers, the Rev. Henry Whitney Bellows, who was born on June 11, 1814. After graduating from Harvard Divinity school he became pastor of All Souls church in New York, and ranked as one of the foremost pulpiter orators and theologians of his time. He was the chief founder and long the

editor of the Christian Inquirer. Dr. Bellows was also one of the chief founders of the United States sanitary commission, and its president during the civil war.

The example, alone, of a vicious prince will corrupt an age; but that of a good one will not reform it.—Dean Swift.

Conspicuous Nose Pores

How to reduce them

Complexions otherwise flawless are often ruined by conspicuous nose pores.

In such cases the small muscular fibres of the nose have become weakened and do not keep the pores closed as they should be. Instead these pores collect dirt, clog up, and become enlarged.

Begin tonight to use this treatment

Wring a cloth from very hot water, lather it with Woodbury's Facial Soap, then hold it to your face. When the heat has expanded the pores, rub in *very gently* a fresh lather of Woodbury's. Repeat this hot water and lather application several times, *stopping at once if your nose feels sensitive*. Then finish by rubbing the nose for a few minutes with a lump of ice.

Woodbury's Facial Soap cleanses the pores. This treatment with it strengthens the muscular fibres of the nose pores so that they can contract properly. But do not expect to change in a week a condition resulting from years of neglect. Use this treatment *persistently*. It will gradually reduce the enlarged pores and cause them to contract until they are inconspicuous.

Woodbury's Facial Soap is the work of a skin specialist. It costs 25c a cake. No one hesitates at the price after their first cake.

Do this today—now! Tear out the illustration of the cake below and put it in your purse as a reminder to get Woodbury's and try this treatment. Tear out the cake now. Take it to your druggist today. Begin tonight to get the benefits of this facial soap.

Woodbury's Facial Soap

For sale by Canadian druggists from coast to coast, including Newfoundland.

MARKS—On the 9th inst., in this city, John Marks, aged 83 years, a native of Port Glasgow, Scotland. Came to Victoria in 1882, one of the old miners of British Columbia.

Funeral from the parlors of Hanna & Thomson, 827 Pandora avenue, Friday, June 12, at 2 o'clock. Interment at Ross Bay cemetery.

All the old miners and friends please accept this intimation. Friends of sympathy during their late bereavement.

NO FLOWERS, BY REQUEST.

CARD OF THANKS.

Mr. C. R. McDougall and family thank their many friends for their beautiful floral offerings and messages of sympathy during their late bereavement.

MEETINGS

Meet To-morrow.—A meeting of the health committee of the social service commission will be held in the Y. M. C. A. to-morrow morning at 10 o'clock, when important business will be considered.

Y. P. S. Picnic.—The Y. P. S. of St. Andrew's Presbyterian church will hold a basket picnic at Mount Tolmie next Saturday, when a most enjoyable time is anticipated. All members of the society and friends will meet at the church lecture room at 1:45 p.m., after which the party will proceed to Mount Tolmie by the 2 o'clock car.

Anniversary Services.—The First Congregational church will celebrate its anniversary services next Sunday. Rev. Heron Carson taking the morning services and Rev. Dr. Scott those in the evening. The Boy Scouts and the Sunday school children and their parents are especially invited to attend the services.

Our Lady of Lourdes.—The ladies of the parish of Our Lady of Lourdes will hold a work and garden party in the grounds of the Oak Bay hotel on Tuesday, June 16, instead of on June 17, as originally announced. Plain and fancy goods will be offered for sale, and there will be a good musical programme in addition to other amusements.

WILL LAY STONE

Masonic Ritual Will Be Observed at New St. Columba Church Saturday Afternoon.

With the dignity of the Masonic ritual the foundation stone of the new St. Columba Presbyterian church, corner of Granite and Mitchell streets, Oak Bay, will be laid on Saturday afternoon at 3.30.

The grand lodge, A. F. and A. M. will assemble at the Masonic hall, where the proceedings will be opened. E. W. Bro. William Henderson, grand master, who will lay the stone, will be accompanied by R. W. Bro. James Stark, Vancouver, deputy grand master, and W. Bro. William C. Dittmar, senior grand warden, while Past Grand Master E. B. Paul will probably act as junior grand warden in the absence of W. Bro. William Astley.

Other grand lodge officers are expected to attend. The lodge proceedings will be opened in their latter part to the general body of the fraternity, who will accompany the grand lodge officers to Oak Bay to perform the ceremony.

The selected orator of the day is J. Munro Miller and the customary ritual of these functions will be observed. At the church among the speakers will be Rev. Dr. W. Leslie Clay, Rev. Joseph McCoy and Rev. W. T. W. Fortune.

ACTION AGAINST CONTRACTORS.

Breach of Contract to Sub-Tenderer Alleged on Part of Pinner & McLellan.

Chief Justice Hunter heard in supreme court this afternoon the action brought by C. H. E. Williams, a Vancouver electrical contractor, against Pinner & McLellan, the general contractors on the Royal Victoria theatre. Clarence Darling, of Vancouver, appeared for the plaintiff and H. C. Hall for the defendant.

Williams alleged that he had a contract with Pinner & McLellan whereby if his tender was used in the general tender he was to get the contract. As a matter of fact, the plaintiff stated, his tender was used in the general tender, but another man did the work. Damages for breach of contract by which the plaintiff expected to make \$2,000 are asked.

St. Barnabas Festival.—The Feast of St. Barnabas opened to-day, and special celebrations of holy communion were held this morning at St. Barnabas church at 7 and 8 a.m., with between 45 and 50 communicants. At 11 o'clock matins and a celebration of the holy communion were held, the Rev. Baugh Allen, rural dean, preaching the sermon, and emphasizing the idea that "Barnabas" meant "son of consolation." Rev. Mr. Dawe, of the cathedral, assisted at the services. Special services will be held for the next eight days at St. Barnabas church, concluding with a service of music next Thursday evening by Jesse Longfield, the church organist. Mr. Elkins will preach next Sunday evening. This evening there will be service with procession, Rev. T. H. Archibald, of Saanich, taking charge.

CONDEMNED BUILDINGS FURTHER CONSIDERED

Aldermen Finish With List; About Sixty Removed Out of Sixty-Five

In the tannery business objectionable? This was the subject of a discussion this morning by members of the city council, sitting as a board of health to clear the dock of several claims for removal of buildings declared insanitary.

The reason of this question arising was a proposal to condemn buildings at Rock Bay as hide warehouses, of which G. B. Ordano, Cowichan Bay, is owner. Since the last meeting some of the aldermen had seen the property, as to the character of some of the surrounding buildings of the plant, which are situated at the point where the city proposes to replace the wooden culvert carrying Bay street by a concrete structure, but the members divided in opinion whether the hide warehouse should also go.

To the opinion that a tannery is not unhealthy in itself, Alderman Porter and Alderman Sargent rallied, and eventually after the council had learned with some surprise from Alderman Bell that he too had had experience on the curing of hides, a compromise was reached, the upshot of which is that the tannery will remain and the buildings adjacent to it will be pulled down.

Mr. Jones, a carpenter, who occupies a group of premises at 837 Fort street, again appeared to protest the issuance of an order, declaring that since the previous week he had effected a number of alterations. His neighbor, Dr. Bapty, raised no objection to the building's character, but it was in which particular objection had been taken in the group was, he stated, used by him as a carpenter shop, so the aldermen gave him six months before the demolition order will become effective.

Few other objections of importance were presented to the aldermen, who eventually closed the list. Of the sixty-five buildings and groups of buildings scheduled, nearly sixty have been condemned, dates being set for the owners to remove them. Many of them are frame buildings dating from early days.

Dr. Hall, medical officer, was given discretionary power to arrange the details of destruction with the individual owners.

MILLS WILL CASE ENDED.

Effort by Children of Late Perry Mills, K. C., to Usenet Will Fail.

The action by the children of the late Perry Mills, K. C., to have his will set aside was finally disposed of this morning by Chief Justice Hunter on application of H. W. R. Moore, counsel for the chief beneficiary, who moved for its dismissal. His decision was that this second action raised substantially the same issues as those raised in the first case, which was dismissed, and Mr. Moore's contention that the action was, therefore, an abuse of the courts was upheld.

The estate was valued at \$72,000, of which Mrs. M. M. Lang, obtained all but \$30,000, which was bequeathed to the widow.

The total receipts from all sources during the year were \$7,493.64, and there was paid out for funeral expenses \$1,000. The funds of the lodges were reported to be in a thoroughly healthy state.

The annual assembly was photographed at the noon adjournment.

Both Grand Lodge and Rebekah Assembly held short afternoon sessions, adjourning early to permit the members to attend the garden party at Government House, to which his Honor the Lieut.-Governor and Mrs. Paterson had kindly invited all Odd Fellows and their families in the city at present.

This evening the decoration of civility will be conferred in the main building at the fair grounds, and for this there is an order of the day calling all chevaliers of the Patriarcha Militant to parade in full dress uniform at the building at half past seven o'clock. Following the conferring of the decoration an announcement will be made of the prize-winners in the competitions which have been concluded, and the prizes will be presented. At 9 o'clock the ball will commence.

This morning the degree competitions continued in the large Knights of Pythias hall, the work of the first degree being exemplified by Western Star Lodge No. 10, of Vancouver, and Vancouver Lodge No. 8. Degree teams from the same two lodges will put on the work of the third degree in the same hall to-morrow, commencing with Vancouver lodge at 8 a.m. The competitions of the Patriarcha Militant went on again in the drill hall and will be completed to-morrow forenoon.

How You Can Have a Clear, Hairless Skin

(Boudoir Secrets.)

Here is an inexpensive and time-saving hair remover every woman should keep handy, for with it the skin can be kept entirely free from hair or fuzz. Get a small original package of powdered depilatory and when hairy growths appear make a paste with a little of the powder and some water. Apply, and after two or three minutes rub off and the hairs will be washed to free it from the remaining depilatory. This is quite harmless, but be certain you get depilatory.

Court of Revision.—A meeting of the court of revision of a number of local improvement works will be held to-morrow morning at the city hall. In the afternoon a deputation from the B. C. Manufacturers' association is to wait on the aldermen and the streets committee of the city council will meet afterwards.

Phoenix Beer, \$1.50 per doz. qts.

OFFICERS ELECTED BY THE GRAND LODGE

Odd Fellows Discuss Reports of Year; Next Meeting in New Westminster

The greater part of this morning's session of the Grand Lodge of British Columbia, I. O. F., was devoted to the discussion of such reports as have been presented to the Grand Lodge by the various officers. The session was under the chairmanship of the retiring grand master, Brother Robert Dudley, and there was a continuance of the overflowing attendance of members which marked yesterday's sessions.

Two invitations were before the Grand Lodge for its 115 meeting. These came from the cities of Prince Rupert and New Westminster, and they were supported by the delegates from the respective cities. In both places the Grand Lodge was assured of a most hearty welcome, and the Prince Rupert delegates urged that it would be for the benefit of Odd Fellowship in the northern portion of the province to hold an early meeting of the Grand Lodge in that city.

It was the opinion of the Grand Lodge that as soon as possible the invitation from the brethren and the citizens of the northern city should be accepted, but for the evening of June 15, 1914, a ballot showed that the majority preferred to go to New Westminster, and it was so ordered by the lodge.

The officers of the Grand Lodge for the ensuing year, who will probably be installed to-morrow morning, were elected last night. The names of the appointive officers will be announced by the grand master-elect as soon as he takes the chair. The elected officers are as follows:

Grand Master—Bro. H. H. White, Cranbrook.

Deputy Grand Master—Bro. P. W. Dempster, Victoria.

Grand Warden—Bro. W. H. Brown, Vancouver.

Grand Secretary—Bro. Fred Davey, M.P.P., Victoria.

Grand Treasurer—Bro. J. H. Glass, Penticon.

Grand Representative to Sovereign Grand Lodge (for two years)—Bro. Wallace Law, Vancouver.

Brother Fred Davey was honored by election to the office of grand secretary for the thirty-first time, he having first been elected to that position at the grand lodge meeting held in 1884.

The finance committee reported that it had examined the reports of the grand secretary and the grand treasurer, and found them correct in every detail. This report was received and adopted.

A report was received from the special committee appointed at last Grand Lodge to ascertain the sentiment of the subordinate lodges in regard to a suggestion that was then made in favor of a rebate on the dues fees on membership dues paid in advance. The result of inquiry among the subordinate lodges showed that there is practically unanimous disapproval of this being done. It was contended by the lodges that it would be a discrimination in favor of the well-to-do members who are able to pay in advance, that it would lead to complications in book-keeping and, above all, that it would tend to commercialize the order.

This report was filed, the view of the Grand Lodge being that it represented the sentiment of the membership, and that the rebate could not be ignored, and the last is believed to have been heard of the proposal.

Fraternal greetings were conveyed to the Grand Lodge by Brother Reynolds, grand master of Saskatchewan, who was cordially received.

Two subordinate lodges instituted during the past year and to the seven Rebekah lodges.

In the small hall the Rebekah assembly continued its sessions, with Sister A. E. Parker, president, in the chair. Discussion of reports occupied the time there as with the other body.

The report all showed a very satisfactory condition of this branch of the order, seven new lodges being instituted during the year, these being at Michel, Summerland, Merritt, Vancouver, Eburne, Central Park and Kelowna. There were 25 lodges in active operation on December 31, with a total membership of 2,339-1,337 sisters and 1,052 brothers.

The total receipts from all sources during the year were \$7,493.64, and there was paid out for funeral expenses \$1,000. The funds of the lodges were reported to be in a thoroughly healthy state.

The annual assembly was photographed at the noon adjournment.

Both Grand Lodge and Rebekah Assembly held short afternoon sessions, adjourning early to permit the members to attend the garden party at Government House, to which his Honor the Lieut.-Governor and Mrs. Paterson had kindly invited all Odd Fellows and their families in the city at present.

VETERAN ENGINEER HAS PASSED AWAY

Thomas H. Parr, Once Assistant City Engineer, Victoria, Succumbed Early To-day

The death took place to-day of Thomas Harbridge Parr, a former assistant city engineer, of Victoria, at the age of 66 years. Mr. Parr, who was one of the oldest members of the B. C. Land Surveyors' corporation, had been in failing health for some time, and his demise was not unexpected by friends, of whom he had a very large number, particularly among those who were associated with him in civic life in the early nineties.

Mr. Parr, who was born at Little Sutton, England, came to Canada as a young man and eventually found his way to Winnipeg, where he entered the engineering department of the city, holding one of the most responsible positions during the eighties in the thriving prairie city. In 1890 he decided to come to the Pacific coast, and for a considerable time was in private practise in this city as a civil engineer and surveyor.

In 1902 circumstances arose in Victoria, in which there was no water commissioner nor any official ranking as city engineer. The work was largely in the hands of the late E. Mohun, who was chief engineer of sewers, but the whole arrangement did not appeal to the council, considerable debate arising. The outcome of the discussion was that the council invited applications for both city engineer and assistant.

Mr. Parr was a candidate for both offices, and was appointed assistant to E. A. Wilmot. In this office he continued for a considerable period, eventually retiring. Of late years he had not taken a very active part in professional affairs. He was widely known in the city and his death is a matter of great regret to the many he counted among his friends.

Mr. Parr's wife passed away about two years ago, since which time he had been growing less active. He is survived by a son, Edgar, residing at 1821 Bee street, Oak Bay, and three daughters, Mrs. James Smith, Mrs. F. Schutt, and Mrs. R. C. Findley.

Arrangements for the funeral, which will be in charge of Sands' Funeral Furnishing company, have yet to be made.

LOCAL NEWS

Building Permits.—Building permits have been issued to Duck & Johnson for an addition to the Duck block, block, costing \$15,000, and to H. and H. Jarvis for a house at 2330 Cedar Hill road, costing \$2,000.

Theatre Case Continues.—Henry Hazell's mechanics' lien action against the general contractors and owners of the Royal Victoria theatre was continued before Judge Lampan to-day. The morning's session of the court was taken up with the evidence relating to the actual work done as given by the plaintiff himself. Counsel engaged in the case are C. Pitts for the plaintiff, W. C. Morley, for one of Hazell's sub-contractors and L. Crease, K. C., and M. B. Jackson for the defendants.

Consider Request.—The city council having been asked by the Local Council of Women to appoint a woman inspector, the police commissioners met this afternoon. It is expected that the duties the local council desires this official to assume will be divided between the women police and the present inspectors of the health department, as the city council members do not wish to add to the civic staff now that the tax rate has been struck, all departmental appropriations being regarded as final.

Presbyterian Bazaar.—The girls of the First Presbyterian church mission band held a bazaar last evening in the schoolroom of the church, which was beautifully decorated for the event. The stall arranged by Miss H. Foran and Miss J. Skillings, and entitled "India," took first prize in the competition held in stall-dressing; the second prize went to the "Scotland" stall, this being arranged by Miss L. Christie and Miss M. Fleming. Messrs. McDonald, Gibson and Scott, the "Three in One" shoe polish boys, won the consolation prize with their booth entitled "Africa." An excellent musical programme was provided by Miss Heywood and Mr. Moon, this feature not being the least appreciated of the evening's delights. As a result of the undertaking the mission band has added about \$75 to its fund.

DEPARTS FOR HOUSTON

Jesse M. Warren Takes Steps to Advise Victoria at Rotary Club Convention.

The programme offered by those members of the Rotary club, whose names begin with the letter "J" proved an interesting one to the large attendance at the weekly luncheon in the Westhome grill this afternoon. H. C. Johnson brought a mechanic with him who took apart and put together an Underwood typewriter in seven and a half minutes. C. G. Jamieson gave a talk on coffee and the coffee business.

Jesse M. Warren, the delegate to the international convention of Rotary clubs at Houston, Tex., was called upon to explain what he intended to do to advertise Victoria and he stated that he had had 500 cards printed bearing his name, the fact that he was Victoria's delegate and the climatic statistics of this city. He had had a song written for the occasion and had bands for his arm and hat all prominently mentioning that he was the representative of Victoria. He was given a rousing send-off as he departed to-day.

PICTURESQUE EVENT

Nuptials of Rev. J. H. Hobbins, of Greenwood, and Miss M. J. Williams Solemnized This Morning.

A picturesque wedding was solemnized at high noon to-day at the Metropolitan Methodist church, when Muriel Joy, daughter of Mr. and Mrs. J. H. Williams, of Sidney, was joined in holy wedlock to Rev. Joseph Henry Hobbins, pastor of the Methodist church at Greenwood, B. C. Rev. Dr. Scott was the officiating minister, and Edward Parsons, organist of the Metropolitan church, presided at the organ and played the Bridal Chorus from Lohengrin while the wedding party entered the church.

The bride, who was given away by her father, looked beautiful in a dress of white silk, an train, with veil of real old Honiton lace arranged over a wreath of orange blossoms, and she carried a shower bouquet of white roses and sweet peas. Her sister, Miss Mary Williams, was principal bridesmaid, and like the two maids-of-honor (also sisters of the bride, the Misses Olive and Amie Williams, wore a picture dress of white ratine with white panama hat, and carried a bouquet of pink carnations and asparagus fern. A tiny cousin of the bride, Stella Joyce Barker, wearing a dainty frock of white silk, and carrying a spray of orange blossoms, acted as flower girl. The best man was Rev. E. D. Braydon, of Vancouver.

During the ceremony Mrs. Gideon Hicks gave a beautiful rendering of "Love's Coronation," and at the conclusion of the service, while the bridal party were signing the register and leaving the church, the strains of Mendelssohn's Wedding March were heard. Among those who signed the register was the bride's mother, who was handsomely gowned in dove-grey silk, and wore a black picture hat trimmed with ostrich plumes.

At the Dominion hotel shortly afterward a delicious wedding-breakfast was served, and this afternoon Rev. J. H. Hobbins and Mrs. Hobbins left for Seattle, en route to Spokane, where the honeymoon will be spent. They will make their home in Greenwood, where they expect to arrive in the course of the next two or three weeks.

The bride's going-away dress was of blue sponges, with Oriental trimming, with which she wore a hat of brown straw trimmed with flowers.

OBITUARY RECORD

The funeral of the late Mrs. Mary Frances Jones took place yesterday afternoon at 2.30 from the late residence, 405 Michigan street, Rev. W. Stevenson officiating. The services were attended by a large number of friends, and there were many beautiful flowers. "Rock of Ages" was sung. The following acted as pallbearers, all being nephews: Messrs. W. J. Holland, C. Holland, A. P. Holland, Aid. Okell, J. W. Okell, and Stanley Okell.

The funeral of the late Mrs. Kathleen Barlow took place this afternoon from the B. C. Funeral parlors, Rev. Dr. Reid taking the services. The hymn, "Nearer My God to Thee" was sung. The following acted as pallbearers: Messrs. W. C. Hastings, G. W. Berrett, J. Hastings and E. Lawrence. There was a large attendance, and many flowers.

NOTICE

To H. J. Rous Cullin, of the City of Victoria, in the Province of British Columbia, Architect; and Fanny Taylor, wife of William Taylor, of Victoria, B. C.

YOU ARE HEREBY REQUIRED TO TAKE NOTICE that default has been made in payment of interest on the principal moneys secured by a certain indenture of Mortgage dated the 31st day of July, A. D. 1913, made by you, H. J. Rous Cullin, of the City of Victoria aforesaid, the Mortgagee of the First Part, to Mariana Mary Martin, of the City of Hamilton, in the Province of Ontario, Widow, the Mortgagee of the Second Part, upon the following land, parcels or tracts of land and premises situated, lying and being in the District of Victoria, in the Province of British Columbia, more particularly known and described as Lots Four (4) and Six (6), in Block Five (5), Section Sixty-two (62), according to the Map or plan filed in and Registered Office at the City of Victoria, in the Province aforesaid, and there numbered twelve hundred and sixty-four (1264).

And that there is now overdue \$17.00, being one quarter's interest from 24th January, 1914, to 24th April, 1914, and \$28.00 principal, in all \$45.00.

AND TAKE NOTICE that the said Mortgagee will proceed, one month from the 12th of June, 1914, to the date of the second and last publication hereof, to exercise the powers of entering upon, leasing or selling the mortgaged lands described in the said mortgage.

Dated at Victoria, B. C., this 8th day of June, A. D. 1914.

IMPULSE WANTING TO CREATE ACTIVE TRADE IN CALGARY OIL STOCKS

Nominal Changes in New York Market Were Without Significance

(By F. W. Stevenson & Co.)
New York, June 11.—The market was dull and featureless throughout and some new impulse was wanting to create activity.

Initiative was woefully lacking, so that the nominal changes witnessed were without significance.

Backing and filling of the so-called room traders continued to constitute the bulk of business.

Underlying conditions did not appear weak and the vast accumulation of credits which has been in progress for some months is being reflected by a desire among the holders of liquid capital to employ some along constructive lines and thus promote advancing tendencies in the stock market.

Marketwise, most of the list this morning fluctuated mildly, with elements of pressure generally conspicuous for their absence.

Somewhat of a lull was noted in the range of oil stocks.

There were sales of Maricopa Oil at a shade better than yesterday. No authentic news explains the revival in these shares and stimulation seems a reflection of Calgary conditions.

Maricopa Locally Supported and Shares on Exchange Sold Higher

BARGAINS UNEQUALLED TO BE HAD SATURDAY

Victoria's First Dollar Day Promises to Be Greatest Success in City's History

It only requires a careful inspection of the offers made in the advertising columns of the Times to convince shoppers that on Saturday, Dollar Day, there will be unparalleled bargains to be had in this city, and this will deepen conviction when the good are seen on the counters.

In no city where the Dollar Day shopping campaign has been tried has the idea been taken up with greater enthusiasm or more unanimity than it has among the merchants of Victoria. Practically every store-keeper in the city has marked down some of his best and most attractive lines for this occasion.

The Dollar Day idea is two-fold in its benefits, doing good to the merchants as well as to the purchasers. It creates a revival in business and brings to the city shoppers who would not otherwise come in, and by adding to the number of satisfied customers assures the merchants of a greater clientele in the future.

By the action of the railway and steamboat companies in granting reduced week-end excursion fares to Victoria from all mainland and Puget Sound points, as well as from every station and port of call on Vancouver Island, there is made certain a great influx of out-of-town buyers.

A conservative estimate is that there will be at least ten thousand people in the city as visitors on Saturday, drawn here by the news of the great values to be had in the stores. The effect of this on the trade of the city cannot be estimated.

Victoria has not felt the pinch of the money stringency as have the mainland cities, and its recovery from the depression, such as it was, will be shown in the healthy condition of trade in Victoria.

The manner in which the idea was taken up by city merchants is borne testimony to in some degree by the fact that three pages of the Times yesterday were required to accommodate all the special advertising for Dollar Day, in addition to which all the advertisers ran their regular space as usual.

It will pay all shoppers to watch the advertising columns to-day and to-morrow, and to get out bright and early on Saturday, for it is absolutely certain that there will be a busy day in all the stores, and that the early shopper will have the least delay in getting served. In most of the stores extra hands are being employed, so as to attend to the wants of customers as

they come.

SAANICH WATERWORKS

Important Settlement Will Be Made By Reeve McGregor This Evening at Ratepayers' Meeting.

The veil is to be lifted from the Saanich waterworks scheme this evening, as the principal interest of the meeting of the Ward Two Ratepayers' association at St. Mark's hall, Boleskine road, will be a statement from Reeve McGregor on the proposals which have engaged the councilors for a considerable time.

The Reeve said this morning that the council members were now in a position to make a statement, as at the works committee meeting on Tuesday they had agreed upon the first part of the scheme, at any rate so far as it is possible to carry it this year. Ward Two is vitally interested in the plans, as the greatest need of the system exists there. A statement on the subject from the Reeve will therefore be welcomed.

The outline of the scheme, which, in general terms, is a distributing system connected with the city waterworks, with a reservoir for the higher levels, will, it is understood, refer to the passage of the necessary by-law and the settling of debentures. As waterworks bonds always sell well, no difficulty on this score is expected.

The Ratepayers' association also intends to ask the members of the municipal council (who are invited) about several issues affecting the ward.

TO ORGANIZE TO-MORROW

Victoria and Island Development Association Will Meet; Passing of League.

A meeting of the provisional council of the Victoria and Island Development association will be held to-morrow afternoon to draft plans for the work of the organization and to confer with Ald. Cuthbert, the new industrial commissioner.

The Vancouver Island Development league will officially be extinct on June 30, when its work will be taken over by the new organization. Offices have been taken on the ground floor of the board of trade building, into which the assistant will move on that date from Broughton street. The league, which is shortly coming to an end under its old name, dates from April 15, 1909, and consists of a central headquarters here and 29 branches operated throughout the island. Of these there are about one-third in the vicinity of Victoria, another third through the east coast settlements, and about ten on the west coast. Thus the whole island is fully covered. Most of the branches are operated by men very enthusiastic for the future of their districts.

Alderman Okell, chairman of the provisional council, is satisfied that the body will receive a full measure of confidence from the citizens when organization is completed.

CREWS READY

Ploughkeepsie, N. Y., June 11.—With the arrival of the Syracuse and Washington crews to-day all the contestants except Wisconsin entered in the Ploughkeepsie regatta were in their training quarters on the Hudson, opposite this city. Coach Hiram Conbar of Washington, said his men had a tedious and unsatisfactory trip because of poor railroad connections. At variance with the custom of other coaches, Conbar will put his men on the river but once a day.

Phoenix Stout, \$1.50 per doz. qts.

ENO'S "FRUIT SALT"

may be taken as a healthful beverage with perfect safety. It never causes griping or weakness, but gently assists Nature without depressing the spirits or lowering the vitality.

WORE SELF-POSSESSION AND CARRIED SUIT CASE

San Francisco, June 11.—Clad in nothing but his self-possession, James Fitzdaller was arrested early to-day tramping briskly down a business street with a suitcase in his hand.

"Where are your clothes?" asked the officer.
"In my suitcase," replied Fitzdaller. The policeman opened it and found one thimble, one needle, one spool of white cotton thread and one tooth-brush, but no clothes. The prisoner was held for an examination into his sanity.

WHEAT DECLINE FOSTERED BY AMPLE BEAR SELLING

(By F. W. Stevenson & Co.)
Chicago, June 11.—The bear trend became more defined in wheat to-day, the low level on this decline being recorded by reason of a one cent break. The close was just fractionally above the low point.

The early general selling for long account was a signal for some rather pronounced covering of bear commitments. This was supplied and again the market was subject to pressure.

Cash business did not exert much steadying effect as was the case yesterday.

The recession in corn and oats encouraged sales of wheat all through the session.

WHEAT IS LOWER ON MARKET AT WINNIPEG

Winnipeg, June 11.—The Winnipeg market opened unchanged this morning. Oats developed weakness also, and Armour's Chicago was a heavy seller of 100,000 bushels on this market. Closing prices for wheat were 1 to 1 1/2 lower; oats 1/2 lower; and flax 1/2 higher. The cash demand for wheat was fair, but there was fair bidding for No. 2 northern, but other grades were apparently not wanted. Cash wheat closed 1/2 lower; cash oats 1/2 to 1/4 lower; barley unchanged, and cash flax 1/2 higher.

his relatives had moved or passed away, and he came back from Scotland with the intention of spending the evening of life in British Columbia.

The hardships and the trials of his rough career now began to tell on Mr. Marks, Mr. Moore says, and he had to seek relief from ill-health in California and in the Hawaiian Islands. He made his home in Victoria for some years past and died at the ripe age of 83 years, a familiar figure to a new generation.

NEW GLEE CLUB SINGS.

Ensemble of Choir is Excellent; Enjoyable Entertainment Provided at St. John's Schoolroom.

The newly-organized Glee club gave its first public performance last evening in the schoolroom of St. John's church, which was well filled by an interested audience. The club displayed particular ability in the part-songs, and in such numbers as Mendelssohn's "Departure," and "The Hour of Softened Splendor," by Piusutti, the singers gave evidence of the most careful training, under Jennings

Burnett, the conductor, these selections being unaccompanied. In the glees which were accompanied by Miss Gladys Hewlings very fine effects were achieved, and a number of very difficult pieces were attempted with marked success, the programme concluding with "Calm Be Thy Slumbers," by Bishop. Assisting on the programme were Miss Fox, who did full justice to the favorite old song, "When the Heart is Young," an encore being demanded; Miss Brooker, who played Handel's Largo and "Traumerl" on the violin; Mr. Petch, who contributed one of the most popular solos of the evening; and Messrs. Carr, Simpson and Frank Morley, all of whom sang much-appreciated bass solos.
