States Asks Japan About Occupation of Siberian Areas

Reported "Certain Country" Has Made Inquiry Which Amounts to a Protest; Japanese Cabinet Will Discuss Inquiry With Advisory Council.

Tokio, July 28.—(Associated Press)—According to The Nichi Nichi, a Japanese language newspaper here, the Japanese Government has received an inquiry partaking of the nature of a protest from "a certain country" in connection with Japan's intention to occupy Saghalien, Manchuria, station troops in Khabarovsk and elsewhere.

Viscount Uchida, Foreign Minister, has submitted the inquiry to the Cabinet, which later will discuss the subject with the diplomatic advisory council.

Washington, July 28.—The known reluctance of the United States to concur in the occupation of Saghalien, Siberia, by Japan led to the belief here to-day that the American Government was the "certain country" referred to in the Tokyo dispatch as protesting against Japanese intervention.

While State Department officials would neither confirm nor deny that the United States had communicated with Japan, it is known that the increasing penetration of Siberian territory by the Japanese has been watched closely by Government officials.

Bigger Plans. Tokyo, July 28.—The House of Peers adopted the income tax bill, providing for increased taxes. This will permit army and naval extensions.

BOLSHEVIKI TRAIN ARMY IN BAKU

Prepare Armenian Communists For Attempt to Overthrow Armenian Republic

Constantinople, July 27.—(Associated Press)—The Bolshevik army advancing from Baku through Armenia toward Agoria for the purpose of cutting Nationalist communications with the Caucasus Bolsheviks.

In Baku the Bolsheviks are training a large Armenian Communist army to assist in the overthrow of the Armenian republic.

British warships have seized a Russian ship from Nikolav at Trialeti, carrying Bolshevik army arms and ammunition for the Nationalists.

Many rumors are in circulation in Constantinople with regard to a possible Greek movement through Samakia toward Agoria for the purpose of cutting Nationalist communications with the Caucasus Bolsheviks.

OUTLINES SHIP PLANS OF C.N.R.

Hanna Foreshadows Coast Ferry Service and Trans-Pacific Line

Vancouver, July 28.—In reply to questions, D. R. Hanna stated that the Canadian National Railways intended to inaugurate a Victoria-Vancouver-Seattle boat service. Passenger ships would be put on between Vancouver and Victoria and Oriental ports as soon as they were available, he said.

PROTESTS REACH VATICAN AGAINST MANNIX'S WORDS

Rome, July 28.—Strong remonstrances from Australia of the utterances in the United States of Archbishop Daniel Mannix of Melbourne, have been received by the Vatican.

IRRIGATION MEETING HELD IN LETHBRIDGE

Lethbridge, July 28.—With a surprising number of outside delegates in attendance, the Western Canada Irrigation Association opened its fourteenth annual convention here this afternoon at 2.30. Interest is centring around the discussion of the problem of soil drifting, which is the latest problem to be faced by Southern Alberta farmers.

BLOODHOUNDS USED TO TRACK WANTED FUGITIVE

Pursuit by Posse of Constables of Stoddart's Assailant

POLICE SLOWLY CLOSE ON BANDIT

Bloodhounds were turned loose last night on the trail of the fugitive who had been in Victoria after the attempted murder of S. A. Stoddart and hold-up of his jewelry store in mid-day last Friday.

These bloodhounds are being set to work to cover the whole district where the bandit is thought to be lurking and to root him out before he attempts another desperate deed.

The last heard of the man, who has the whole country alarmed and who did not hesitate to shoot at Constable Prowse of Nanaimo when he tried to halt him on the railroad track at Wellington Monday morning is that he is headed back towards Wellington.

Takes to Woods. Ten Provincial police under inspector Stephenson of the Wellington district have joined in the man hunt. Nanaimo police and Detectives Carlow and Macdonald from the Victoria force are also on the scene trying to ferret out the bandit.

These police on the job reported to their chiefs in Victoria shortly after noon today on the story that indicated that the attempted slayer realizing that he is being cornered has taken to the woods. The police fear that he will not hesitate to kill if an attempt is made to close in on him.

Fear His Gunning. Just how much ammunition he has with him is not known. It is thought that most of what he brought to Victoria was that which was found by the Victoria police in his hair in the Columbia Rooms, Broad and Pandora Streets.

The police said this afternoon, however, that they would not be willing to take a chance on the possibility of an attempt to escape through the wilderness of the mountains.

"It is going to be a job to get this fellow," one of the police heads directing the chase said today.

Police officers here early today this afternoon showed that after visiting the cook house of the Grant mine at Lantzville, near Nanaimo, and getting a bucket of water, he went to a place where he was the new foreman coming to work, the man being sought by the police of the whole island went along the road to a store and bought a slice of ham. He then headed down towards Wellington again.

Police explained to-day that with this store of food they believe he has taken to the woods.

Country Terrorized. If this proves to be the case they fear it may be some time before he is caught unless the blood hounds pick him up. They say, means that the whole country above Nanaimo will remain terrorized until the man is caught as he may appear at any demand food, money or ammunition at the peril of an unprotected settler's life.

Moss Is Bloodhounds. As long as he remains lurking in the woods persons will have to continue to barricade their doors at night and keep loaded guns at hand. No one will dare to venture forth alone at night or have women and children unguarded even during the day, as this man pulls off some bold attacks in broad daylight.

The one hope the police have of rooting him out lies in the bloodhounds specially trained in the hills of the Cowlitz district by Provincial Constable Kler, of Duncan. They were shipped north yesterday and put on the hunt last night.

(Concluded on page 4.)

10,000 FARMERS MAY MOVE TO MEXICO FROM THIS COUNTRY

Mexico City, July 28.—President de la Huerta to-day received a Canadian agricultural commission, with which he conferred concerning a project to bring 10,000 Canadian farmers to the state of Coahuila. The commission received from the President all kinds of guarantees and encouragement.

Lord Burnham Speaks of Canada's Progressiveness

Halifax, July 28.—(Canadian Press)—"We have come to recognize that not only is Canada thinking and speaking ahead of Europe, but she is thinking and speaking ahead of herself," said Lord Burnham to-day in acknowledging the welcome Halifax and the Province of Nova Scotia tendered the overseas delegates to the Imperial Press Conference.

"It is because we believe the country will continue to think and speak ahead of yourself that we are so glad to be here to-day," concluded the chairman of the Conference.

Speaking in the historic legislative chamber of the province, Lord Burnham replied to the formal welcome expressed by His Honor, MacCallum Grant, Lieutenant-Governor of Nova Scotia, congratulating the province on the great part it had played in the life of Canada, particularly laying the foundations of the growth of national life based on the "two great types of civilization, the varied and complementary qualities of both having made for the prosperity and strength of the Dominion."

Lord Burnham reiterated that the Conference was not in Canada for "propaganda," but that the delegates had come to see the country for themselves and were convinced that they would not go away disappointed.

At a formal reception this morning, Hon. F. K. Irwin, of Australia, puglist, died here early today, leaving a widow and two children.

PARTY WILL HUNT PIRATE TREASURE

Two Haileybury, Ontario, Men Take New Device to South Seas

Ottawa, July 28.—Pinning their faith on the powers of a newly invented device for the detection of gold deposits, Andrew Cullins, a well-known prospector of Haileybury, and Rev. Father Theriault, of the same town, passed through this city Sunday on their way to the South Seas in the hope of finding the hidden pirate treasure of "Treasure Island."

It is claimed that the trip is being financed by a New York capitalist, whose name has not been disclosed. Final arrangements are to be made when the travelers reach New York.

To Clarify Atmosphere. Replying to this, Shimada, who is a famous orator, declared his charge had been made in the hope of "clearing the contaminated atmosphere of officialdom."

Yukio Ozaki, former Minister of Justice, said it was impossible to be content with the replies of the Cabinet Ministers.

The House adopted the anti-Shimada motion 264 to 157.

Outside, at the same time, an excited mass meeting against the Cabinet was in progress. A thousand policemen were present, and a number of arrests were made.

ITALY ABOUT TO ABANDON AVLONA

Agreement With Albania Reported; Independence of Albania to Be Recognized

Rome, July 28.—Italy has decided to abandon Avlona to the Albanians, according to reports printed in The Giornale d'Italia and The Corriere d'Italia.

The newspapers say an Italo-Albanian agreement has been virtually reached on a basis involving, in addition to the abandonment of Avlona, Italian withdrawal from the occupation of hostilities, exchange of prisoners, the garrisoning of Italy of certain points constituting the defenses of Avlona, in the event of its being attacked by sea, and recognition by Italy of the independence of Albania according to the frontiers established by the conference of London in 1913.

CONCILIATION BOARD TO CONSIDER GAS WORKERS' DEMANDS

Ottawa, July 28.—(Canadian Press)—The Minister of Labor has established a board of conciliation to investigate the dispute between the gas companies of Vancouver and Victoria, B. C., and their gas workers. V. R. Midgley, of Vancouver, has been appointed to represent the employers, and A. G. MacCallum, also of Vancouver, the employers. On the joint recommendation of the employers and employees' representatives, Charles E. Fiddall, of Vancouver, has been selected to act as chairman of the board.

GEORGE A. ADAMS, OF CINCINNATI, HAS AN UNUSUAL TASK

Butte, Mont., July 28.—If George A. Adams, of Cincinnati, Ohio, can prove that his grandfather was hanged in Virginia City, or Hannack, Montana, in the early '60s, by vigilantes, he will inherit Chicago property valued at \$500,000. When George A. Adams, the first, came west in 1861, his Chicago property was worth \$50, but now it is valued at half a million, but a clear title can not be obtained until the heirs prove that the original owner is not living.

TWENTY FIREMEN WERE OVERCOME BY SMOKE IN CHICAGO

Chicago, July 28.—Twenty firemen were overcome to-day while fighting a fire that virtually destroyed the beer house of Armour & Company, a five-story structure. The flames menaced a million dollars' worth of beer in adjoining storage plants.

LIPTON SPEAKS OF A SHAMROCK V.

Intends to Challenge Again For America's Cup, He Declares

Jarvis Says Lack of Training and Tuning Defeated Shamrock IV.

New York, July 28.—Sir Thomas Lipton, who hid his bitter disappointment over the failure of his sloop Shamrock IV, to lift the America's Cup behind his cordial congratulations to the Resolute and her crew, saying that the better boat won, will issue another challenge in 1922 and will name the challenger Shamrock V.

The big green sloop probably will be towed up the Hudson within a few days and anchored, to allow visitors a chance to inspect her.

Sir Thomas will soon leave for a visit to Canada.

Resolute. The American sloop Resolute, which decisively defeated Shamrock IV, in the deciding race for the cup yesterday, probably will not run another race, said H. Deb Parsons, a member of the race committee of the New York Yacht Club, to-day. The Resolute will be dismantled at the Herreshoff yards at Bristol, R. I.

There will be no special celebration of the victory by the New York Yacht Club.

Yachtmen to-day highly praised the handling of the Resolute by Charles Francis Adams II. in all the races. The Resolute's crew of twenty-two Norwegian, Swedish and one Danish-American citizens—also came in for unstinted praise.

Sloop Sailed. New York, July 28.—The sloop Resolute, successful defender of the America's Cup, was greeted by a great chorus of whistles when she passed up the East River to-day.

Shamrock IV, the defeated cup challenger, left Sandy Hook shortly after noon for an anchorage in the Hudson River. Passing steamers gave her almost a continuous ovation of whistle blasts.

Sir Thomas Lipton, owner of Shamrock, said to-day that he had not made up his mind what he would do with the sloop and the "Red Boat," the two-hull sloop, Shamrock, which is understood to have been offered for both yachts from American yachtmen.

The crew of the challenger will be first circumnavigator of the globe, Sir Thomas said.

New York, July 28.—(Canadian Press)—Aemilius Jarvis, Commodore of the Royal Canadian Yacht Club, Toronto, was quoted by the Canadian Press the following statement on the concluding race of the series for America's Cup, in which the Resolute defeated Sir Thomas Lipton's Shamrock IV.

"Yesterday's race was a great disappointment to the Shamrock's supporters. After making a beautiful start, she sailed to windward as she had never sailed before, not only footing faster but holding as good a wind as Resolute. After a few miles Resolute came about to change her place of keeping to windward and between her rival and the weather. Much in this way they soon got miles apart and she overhauled her when they came together again."

(Concluded on page 4.)

HON. J. A. CALDER TO VISIT BRITAIN; TO SAIL AUGUST 11

Ottawa, July 28.—Hon. J. A. Calder, President of the Privy Council, will sail for England from Quebec on August 11. He expects to be overseas about a month or six weeks.

MANY GREET AMUNDSEN WHEN HE REACHES NOME

Nome, Alaska, July 27.—Roald Amundsen, the Norwegian explorer, arrived in Nome this evening on the tug Genevieve from Sledge Island, where his vessel, the Maude, has been anchored riding out a storm for the past ten days. He reported all well with his expedition.

Amundsen was taken in an automobile to a hotel, where hundreds gathered to greet the intrepid discoverer of the South Pole. He said it was the first time in two years when he had been in a place where he could "clean up."

Amundsen told of an encounter which he had with a polar bear last winter, in which his clothing was torn from his back and legs severely lacerated. He is still suffering from the effects of the encounter.

Amundsen has gone to Nome, it is thought, to outfit for an attempt to reach the North Pole. According to Christiania dispatches in April, the explorer hopes to lock his boat in the ice off Western Siberia and drift across or near the Pole. He plans to be gone five years.

Ever since Amundsen sailed north from Norway in 1911 he has been in the Arctic. For nineteen months he was not heard from. First word from him came in April, 1912, when members of his crew arrived at Anker-Straen, across the Bering

Peace for Europe Lloyd George's and Millerand's Purpose

Poland and Other States Must Share in Conference With Soviet, Allied Premiers Decided at Boulogne; No Separate Peace Negotiations Wanted.

London, July 28.—Mr. Lloyd George before leaving Boulogne informed a Reuter correspondent that a complete agreement had been reached on all points at the conference between himself and Premier Millerand.

It had been decided, subject to Italy's approval, he said, to send a reply to Russia, saying that certain things must be made clear before the Allies would attend the proposed conference. Poland and other border states must participate in the conference, the primary object of which would be to establish the peace of Europe. Then the conference could discuss the questions between Russia and the Allies with a view to establishing normal conditions.

If the Soviet should reply that it could only make peace separately the conference would fall to the ground, according to Mr. Lloyd George, if the Soviet should comply the conference could meet within a month.

The British Prime Minister added that Premier Millerand and he agreed that a good piece of work had been done at Boulogne yesterday.

London, July 28.—The decision reached by Premier Millerand and Lloyd George at Boulogne conference yesterday—to stand by the original plans for a peace conference with the Russian Soviet and that the London conference which the Soviet government had proposed take place until the Bolsheviks reversed their present attitude and agreed to discuss at the conference peace with Poland with the qualified representatives of Russia and the border states in attendance—receives no enthusiastic endorsement by the London press.

By the anti-Bolshevik papers it is roundly denounced. One of them says: "It will bring nearer that diplomatic recognition of the Soviet Government which we especially desire and dread."

Premier Lloyd George, whom these papers regard as anxious to establish relations with the Soviet, is sharply criticized, as one of them says, for "allowing the British to be misled by the Bolsheviks and creating by his policy a very serious situation."

To Parliaments. The London Times declares the matter is "too grave for irreversible decision behind closed doors." It maintains that it must be submitted to the Parliaments of the Allies. The paper sympathizes with the French view, but says that the British must have a voice in the question, implying its belief that the United States would repudiate an agreement based on the Bolshevik conditions.

An Understanding. The Daily Telegraph bitterly laments the necessity to have dealings with the Bolsheviks and admits: "If we do not fight Russia—which is the last thing anybody desires—we must come to a definite understanding with her."

The Chronicle described the Boulogne decision as "a judicious middle formula."

France's consent to co-operate in the suggested conference is regarded with great satisfaction in quarters desiring a speedy settlement of the European turmoil.

Paris Writers Pleased. Paris, July 28.—The Paris press is gratified over the results of the Boulogne conference. Most of the papers unite in considering the outcome "a feather in M. Millerand's cap," pointing out that he persuaded Premier Lloyd George to adopt the "view" both of the Russian and coal questions.

"The financial agreement concluded at Spa," says "Pertinax," political editor of the Echo de Paris, "remains to be balanced, but there is now a light on the horizon, and if the Reparations Commission knows how to play the part assigned it, 10-day wars, continued now, will be reduced to the dimensions of temporary mistakes."

GEN. TUAN QUITS ARMY IN CHINA

Peking, July 28.—(Associated Press)—President Hsu Shih Chang to-day accepted the resignation from the army command of General Tuan Chi Jui, which General Tuan, formerly recently, prompted by the falling fortunes of the Anfu or military party which he headed.

The President is reported to have ordered the arrest of the retiring Anfu Ministers, charging them with responsibility for the recent disturbances.

ANOTHER SLIGHT QUAKE FELT TO-DAY IN LOS ANGELES

Los Angeles, July 28.—A light earthquake was felt here at 11:26 o'clock this morning.

NO NEW TRIALS

Fairmont, Minn., July 28.—A Townley, president of the National Non-Partisan League, and Joseph Gilbert, former League organizer, 10-day were sentenced here today on charges of conspiracy to encourage disloyalty during the war. They are under ninety-day jail sentences.

BODY FOUND IN TRUNK IN NEW YORK IDENTIFIED TO-DAY

New York, July 28.—Mrs. Leo Trumbull, wife of a Detroit police man, to-day at the Bellevue Morgue identified the body of the young woman found in a trunk in the American Railway Express warehouse here last week as that of Mrs. Anna S. Sibley, across the Bering

Sea from Nome, and reported they had come overland from the Arctic, where the Maude was waiting for the ice to break so she could sail south to Nome.

Amundsen's arrival at Nome, it has been said, gave him claim to first circumnavigator of the globe through the waters between the Arctic sea pack and the northern edges of Europe and North America. The first leg of the journey was completed in 1902, when he discovered the Northwest Passage from the Atlantic to the Pacific around North America. The second leg has just been completed by his journey from the Atlantic to the Pacific around Europe and Asia.

If Amundsen reaches the North Pole, he will have touched both ends of the globe, for he is credited with the discovery of the South Pole.

TORONTO POSTMEN THREATEN STRIKE

Claim Distribution of Back Pay Done in Uneven Manner

Toronto, July 28.—Once more the letter-carriers of Toronto are threatening to strike. The trouble that was partly dispelled early in the summer has loomed up again with the receipt of cheques containing back pay for one year under the new classification. It was stated that one man of six years' service received fifty cents back pay and one of thirty-one years' service, \$34, whereas the men who received the most were those who had entered the service in 1919.

OTTAWA PREPARES FOR BY-ELECTIONS

Ottawa, July 28.—Printing of the numerous forms and other documents necessitated by the new Franchise Act is now proceeding, and writes for the by-elections may be expected shortly. It is the intention of the Government to hold the elections as early as possible. About six weeks, it is now estimated, will be necessary to elapse after the issue of the writs before the elections can actually be held. The delay is required for the preparation of the lists, appointment of deputy returning officers, location of polling stations, and the giving of the requisite days of notice as required under the act.

LEAGUE COUNCIL TO MEET JULY 30

San Sebastian, July 27.—Via London, July 28.—The secretaries of the League of Nations arrived here today to make arrangements for the eighth meeting of the League Council, which will begin July 30. This meeting of the Council is regarded by officials connected with the League as the most important yet held, the principal subject of discussion being how to effect organization of a blockade to enforce the decisions of the League in case of the belligerency of any nation. Mandates for the colonies and territories detached from the Central Powers and Turkey, whose inhabitants are not yet considered ready to exercise self-determination, will also be discussed. The report of the committee of jurists on their work at The Hague for the purpose of organizing an international tribunal will be presented. The relations of the Council to the full Assembly of the League will be taken up in view of the full meeting called by President Wilson for November 15 next. The Council will be presided over by Count Quinones De Leon, Spanish Ambassador to France, who has represented Spain in the Council at all its meetings.

IRELAND'S POSITION IS NOT CANADA'S

Henry Arthur Jones Deals With Dominion Home Rule Scheme

London, July 28.—(Canadian Press)—"Every argument founded on the assumption that Ireland holds, or can ever hold, the same political relationship to England as that which is held by Canada or Australia is a mischievous fallacy," writes Henry Arthur Jones, the famous playwright, in an open letter published in The Evening Standard addressed to J. H. Thomas, railway men's labor representative. The letter was written by Mr. Jones in reply to a discourse by Mr. Thomas, which was made public recently, regarding the future relations he proposed or desired should exist between Ireland and England. The particular clause of Mr. Thomas's discourse to which Mr. Jones took exception was: "If in Canada and Australia the Governor-General was merely a party politician the whole position of the constitution would be in jeopardy."

COST OF DEEPENING OF ST. LAWRENCE

Toronto, July 28.—Toronto experts do not credit the statement of Gardner S. Williams, of Ann Arbor, Mich., at the waterways congress in Detroit last week that the proposed deepening of the St. Lawrence would cost \$750,000,000. "The figure is absurd," declared Chief Engineer Gaby, of the Ontario Hydro-Electric Commission, "and we have actual data upon which to base our opinion. We have spent large sums taking soundings and making surveys." "The last figure I heard mentioned was \$200,000,000," said Sir Adam Beck. "That figure would probably cover the cost of the two principal dams at Morrisburg and Lake Francis, but minor works at Cedar Rapids and elsewhere would be extra. No one at this stage pretends to know the exact cost and it will be divided evenly with the United States." "I think Mr. Williams's figure was conservative," said a Dominion Government engineer on the other hand. "It allowed \$300,000,000 for navigation purposes and \$450,000,000 for power development."

C.N.R. TO DO WORK IN TERMINAL CITY

Vancouver, July 28.—Work on finishing the Main Street seawall here, filling in the area for the approaches to the C.N.R. station and the extra million yards of sand wanted in False Creek for the warehouse and industrial sites, is to commence within sixty days. This was the promise made yesterday afternoon by Hon. J. D. Reid, Minister of Railways, at a conference of the City Council, Board of Trade and manufacturers' representatives and local members of Parliament in regard to the fulfilment of the C.N.R. agreement.

NEW COAT OF ARMS FOR THE DOMINION

Ottawa, July 28.—The design for the new Canadian coat of arms has gone to the College of Heralds. The procedure is somewhat involved. After approval by the Canadian Government the design goes to the College of Heralds, where it is possible some minor technical changes may be suggested. Subsequently, formal approval is given by the King-in-Council on instructions issued to the Earl Marshal, who is head of the College of Heralds. The new coat of arms bears the device "A Mari Usque ad Mare" (from sea to sea)—it is maturing May 1, 1921, which may be sold or used as collateral as a means for the Reparations Commission realizing on them. After September 1, Germany shall deliver similar bonds corresponding to the advances France is to make for the fulfilment of the coal delivery. In this way France will be relieved of the burden.

GERMANS REQUIRED TO HAND OVER BONDS

Paris, July 28.—Regarding advances to Germany agreed on at Spa in the coal agreement, it was determined by Premier Lloyd George and Millerand at their conference at Boulogne yesterday that Germany should deliver to the Reparations Commission by September 1, 1921, 50,000,000 gold marks, bearing 6 per cent interest and maturing May 1, 1921, which may be sold or used as collateral as a means for the Reparations Commission realizing on them. After September 1, Germany shall deliver similar bonds corresponding to the advances France is to make for the fulfilment of the coal delivery. In this way France will be relieved of the burden.

COPPER TEMPERING PROCESS REPORTED

Toronto, July 28.—Two local returned men, Lieut. David Bell and Private W. J. Anchinios, are patenting what they claim to be the discovery of a secret process used by the ancient Egyptians, but long since lost to the world. It consists of the tempering of copper and copalizing of steel. Scientific authorities declare the discovery will be valuable.

ARE INVESTIGATING.

Winnipeg, July 28.—Hon. W. F. A. Turgeon, Attorney-General of Saskatchewan, and the Commissioner of Police have undertaken to investigate the circumstances under which F. M. Christophers, One Big Union organizer, was "kidnaped" from Hienfuit and left in a place on the American side of the border in order to punish those responsible for the affair, according to a statement by James Law. A delegation which waited on the Attorney-General was assured that an investigation would be ordered, said Mr. Law. J. S. Woodworth was one of the delegates.

THE closing days of Mallek's July Clearance Sale provide a splendid opportunity for every woman in Victoria to practice practical dress economy—the acquisition of apparel of grace, style, beauty and quality at marvelously low prices.

U.S. ARMY DESERTERS ARRESTED IN FRANCE

Paris, July 28.—Deserters from the American army who came to France still number 1,500 in the Paris district, according to a report made by the Paris police to Captain J. A. Warden, who is supervising apprehension of the deserters, in addition to investigating bills still being presented against the American expeditionary forces. As all deserters have the reputation with the French police of carrying guns and being bad men generally, the police simply notify the American authorities of their presence in some particular place, but do not attempt to arrest them. In some weeks arrests have averaged as high as ten. The men arrested do not only carry guns, but were armed with remarkable sets of personal papers, including forged army discharges and forged army orders. Many of the men are Americans of foreign birth.

OUTPUT OF LABOR STUDIED IN MANITOBA

Winnipeg, July 28.—The Manitoba Joint Council of Industry will be asked by the industrial economics committee of the Citizens League to draw up a comparative statement, showing the output by trades under existing hours of labor as compared with prevailing conditions prior to the war. The committee wants information on the effect of a shorter working day on the efficiency and output of highly skilled workers.

PILES

Do not suffer another day with itching, bleeding, or protruding PILES. A surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. 50¢ a box all dealers, or Edman, 1111 St. Paul St., Toronto. Sample box free if you mention this paper and enclose 10¢ stamp to pay postage.

VICTIMS RESCUED

Kidney, liver, bladder and uric acid troubles are most dangerous because of their insidious attacks. Heed the first warning they give that they need attention by taking

GOLD MEDAL WARDEN OIL CAPSULES

The world's standard remedy for these disorders, will often ward off these diseases and strengthen the body against further attacks. All druggists, 50c. a box. Look for the name Gold Medal on every box and accept no imitation.

WAGE STATEMENT WAS PREMATURE

Montreal, July 28.—It was officially stated at the headquarters of the Grand Trunk Railway here yesterday that the announcement made in an Ottawa news dispatch that the schedule of wage increases, granted to United States railwaymen would be effective on Grand Trunk Railway lines within two weeks was premature. It was pointed out that the granting of these railway wage increases in the United States was contingent upon increases in freight rates being granted. The Board of Railway Commissioners of Canada has now before it an application from the Canadian railwaymen similar to that made by the United States lines, but no decision has yet been made. Until the Dominion Railway Commission makes its decision on the question of readjusted freight rates, no definite statement regarding increases for Canadian railwaymen can be forthcoming, it was announced.

SHIPMENT OF COAL

Washington, July 28.—Preference and priority in the movement of bituminous coal for New England was ordered yesterday by the Interstate Commerce Commission. The Commission also ordered an embargo against sidewater shipments until daily consignments to New England were filled.

LUDENDORFF WRITES ABOUT BOLSHEVISM

Former German Army Leader Advises Civilized Nations to Act

Washington, July 28.—Victory for Soviet Russia over Poland would result in Bolshevism sweeping all Europe, and eventually the world, in the opinion of General Ludendorff, a German leader during the war. His views are set forth in a memorandum on the "Dangers of Bolshevism," written last month and received yesterday in official circles here.

"Poland's fall will entail the fall of Germany and Czecho-Slovakia," he says. "Their neighbors to the north and south will follow. Fate steps along with elementary force. Let no one believe it will come to a stand without enveloping Italy, France and England. Not even the seven seas can stop it."

Addressing himself to the "civilized nations as a man who knows war," Ludendorff pleads that his message should not fall on deaf ears. "Lenine has advanced his lines to the frontiers of China, Afghanistan, Persia and India, and is now preparing to continue his progress. The Bolshevik enterprises encounter resistance east of Lake Baikal on the part of Japan and General Semenov. The tenacity and the superior shrewdness of the Japanese make it probable that the Bolsheviks will meet reverses in that quarter. However, the Bolsheviks have the inner line in the direction of India and Persia, no less than in Europe.

"Japan's turn will be later. The Bolsheviks have England's world power to face in both directions, but in addition we must remember they must face what the world calls civilization besides. A conflict between the Bolsheviks and England is not the only problem. The world could not afford to be an onlooker. The real problem is a conflict between civilization and barbarism.

BIG WIRELESS STATION

Paris, July 28.—The Lafayette wireless station, near Bordeaux, the construction of which was undertaken by the American navy during the war to provide better communication with the United States, is virtually completed and will be handed over to the French Government as soon as a few replacements arrive from the United States, giving France the most powerful wireless station in the world.

WINNIPEG DIVIDENDS

Winnipeg, July 28.—Dividends on \$5,000,000 of seven per cent. guaranteed stock of the Winnipeg Electric Railway will be paid annually instead of semi-annually, it was announced at a meeting of shareholders here yesterday. The issue of this stock was authorized by the shareholders on May 3, and yesterday's meeting, it was announced, was merely to change the interest period. The stock is to be offered for sale at par value of \$100.

VANCOUVER ISLAND NEWS

Sale Will Attract Many. Duncan—The sale of the famous dairy herds of G. T. Corfield at Cowichan on Thursday is attracting a great deal of attention on the Mainland, according to reports from New Westminster. Some weeks ago Mr. Corfield had the misfortune of losing most of his barns and dairy buildings, and then decided to retire from the dairy business. This will be one of the most important stock auctions in the Province in several years. The stock includes some eighty head of Holstein and Jerseys, all pure-bred and many with high milk production records. The stock is well known on the Lower Mainland, having many times been successful competitors at the Vancouver and New Westminster exhibitions. T. D. Trapp, of New Westminster, will officiate at the sale, and the farmers of the Delta district are reported to be forming a large party, with Joe Steves at the head, to attend the sale. They have chartered a tug to transport the party across the Gulf to Cowichan Bay.

A Veteran Employee

Nanaimo—S. Gough, City Comptroller, completed Monday evening his fortieth year as an employee of the city, so the Mayor informed the City Council.

Soldiers' Homes

Port Alberni—The City Treasurer made a report at the Monday-night Council meeting to the effect that \$4,000 is the present bank balance, with all bills paid. Two thousand dollars had just been paid to the School Board to be used for the new school building. The local Council decided to follow a plan similar to that of the Saanich municipality in regard to the soldier settlement. This will give lots to the value of \$12, and a soldier will have to reside on the property twenty years before getting a clear title.

BRITISH OFFICERS OPPOSE RETURNING TO SCARLET UNIFORM

Regard Khaki As Badge of Honor Since World Wars

Sir F. Maurice's criticism of the decision of the War Office to restore scarlet as the full dress uniform of the army, which recently appeared in The London Daily News is as follows:

"I have been trying to test the opinions of those who have to wear uniforms on the question of the reintroduction of some form of the old full dress. It is commonly assumed that the change is advocated by the old regular officers, but I can find no regular officer who would wear those of them who are still serving."

"At a recent gathering of regular officers I took the opinion of twenty-one who had worn scarlet tunics and may have worn those of them who are still serving. 'I found that nineteen of them were in favor of keeping khaki as the full dress of the army. The old regular officer will, in fact, be much harder hit in his pocket by the change than will the ranker, for the grant which the War Office proposes to make to those who have received commissions since 1914 is liberal and should cover the initial expenses, but the officer who was serving before the war will get nothing.'

"The slim subaltern of 1914 does not often find when he goes to his tailor in 1920 that his waist measurement is what it was, and most men, when they take their tunics out of camp, will find some difficulty in buttoning them. This will mean a new tunic at double the pre-war price, and without official help to meet the cost; so that from the narrowest and most personal point of view there is ground for asking, 'Is it worth it?' The idea that a scarlet coat will help recruiting is laughed at. Many regular officers believe that it will have the exactly contrary effect. The modern soldier hates wasting time over 'spit and polish,' and the old full dress meant hours of work with button-stitch, brass-polish and blankets, the 'real soldiering' of the pre-war sergeant-major. When he goes out for a walk he wants to be reasonably comfortable, but if he is in a red coat he has to be thinking all the time of what he is doing. If he puts his elbow on a dirty bar or leans against a greasy counter he has to send his coat to the tailor's shop and pay for having it cleaned. Would Cost \$15,000,000.

"The pleasure of ogling nursemaids in a fancy kit does not compensate for its disadvantages, and I believe it to be an illusion that full dress of the old type is popular with the men. Recruiting will be helped by giving the soldier while he is serving the chance of fitting himself for civil life when he leaves the army, and by finding for him an assured position when he has taken the chance. The worst enemies of the recruiting sergeant are the unemployed ex-service man and the man who through no fault of his own has suffered from the war."

"This brings me to one of the arguments against spending money on scarlet which appeals most strongly to the serving soldier. He knows that there are to-day thousands of soldiers out of work, thousands of disabled and thousands of widows who are in dire distress. He knows also that the sum of \$15,000,000, even if it is expended for good, will be a term of years, as the War Office proposes in the case of the new uniforms, would go a very long way to relieve this distress."

"The Prime Minister tells deputations of ex-service men that we simply cannot afford to do more than has been done for those who have suffered fighting for their country, and says, as is the case, that we are doing more for the sufferers than other countries."

Khaki Dress of Honor

"These statements convince me no while money can be found for scarlet cloth and trimmings. Lord Haig has given up his hard-earned leisure and has never lost an opportunity of appealing to the Government to raise the allowances of the disabled, the widow and the orphan to a scale which will enable them to live in decency. As he has not been able to get this done, he is asking the public to come forward. Only those who, like myself, are in daily touch with the conditions, know how great the need is, but obviously the charitable will think twice before giving when money is to be found to dress soldiers and is not to be had for distressed soldiers."

"There is another argument against the change which has great weight with the army of to-day. The scarlet coat was the full dress of the army because it was the battle dress of the army. The tailors in peace time altered it almost out of recognition in their search for smartness, but every loop and button at one time had a meaning. Helmets and busbies were worn for exactly the same reason as the 'tin hat'—to save the head, not merely to look pretty. The raison d'être of the red coat was that it had been worn at Eilenheim, Minden, Victoria, Waterloo and Inkerman."

"The raison d'être of the khaki tunic is that was worn at the Marne, Ypres, the Somme, Amiens and Cambrai. The old tunic has become a fancy dress; khaki has won its place as the historic dress of the British army. It is respected throughout the world and we should guard it as it should be the soldier's dress of honor."

AGAIN RETURNED.

The Murray Government's unbroken record of electoral victories since 1896 was brilliantly sustained yesterday when thirty Liberals were elected to the Legislature in a total of forty-three constituencies. The result of the contest shows that the Government has lost virtually no strength since its last appeal to the people, reflecting an exceedingly rare political condition for these exceptional times, and one which speaks volumes for the efficiency and integrity of the Murray administration and the unvarying confidence the electors have placed in it.

The Opposition, however, has suffered severely during the last half decade. In the election of 1916 it consisted of thirteen Conservatives. To-day it is composed of one Conservative, seven Farmers and five Labor members. The Conservative membership of the Legislature in Nova Scotia thus has become almost extinct.

Nova Scotia has had a Liberal Government continuously since 1882, and judging by the result of the appeal yesterday the electors of that Province are a long way from desiring a change. Premier Murray himself holds the long distance Canadian record for occupancy of the Premiership, having held that office for almost a quarter of a century. He is a splendid type of Canadian public man, of unimpeachable integrity, outstanding ability and engaging personality, who fully deserves the highest honor the people of his Province can bestow upon him.

SIR THOMAS LOSES.

The failure of Shamrock IV, to capture the great yachting series will occasion world-wide regret, which will be shared in many quarters in the country in which the trophy is destined to remain for another year at least. No doubt experts will engage in controversy over the respective merits of the two yachts regardless of the revelations of the contest, but to the layman it looks as if the handicap imposed upon the challenger by the necessity of sailing across the ocean is too heavy to be overcome. A more impartial test would be a contest at some neutral place the same distance from both countries to which the two yachts would have to sail. Under present conditions it is likely to be possible all ways for the Americans to build a yacht much better adapted to the climatic conditions prevailing at Sandy Hook, especially at this season of the year. There has been some criticism of the way in which Shamrock was handled in comparison with the handling of Resolute, but it is very doubtful if the challenger could have won the series even if she had been as skillfully nursed as the defender. Sir Thomas Lipton's gallant sportsmanship is deserving of better fortune.

TOLD THEM AN OLD, OLD STORY.

Hon. J. D. Reid told the Board of Trade on Monday that he favored the establishment of steamship connection between Eastern Canada and the Pacific by way of Panama Canal and the West Indies. It is several years now since we first heard that story from the same Minister. On that occasion, we recall, he proposed the steamship service as a substitute for the appointment of a Canadian customs officer at New York to facilitate the movement of Canadian freight in bond Pacificwards. Certain Eastern interests put their feet down on the New York proposal and, instead, the steamship connection was offered. But it never came and we have neither the Customs officer in New York nor vessels plying be-

tween the Pacific and Atlantic ports by way of the Panama Canal. Is it too much to expect the Government will implement the pledge the Minister has made this time? It now has, or will have soon, some 350,000 tons of shipping of its own, and ought to have no trouble in establishing the service Dr. Reid promised.

SINN FEIN HUMOR.

With the object of assisting the movement to secure the release of James Larkin from his penitential surroundings in the State of New York the Sinn Feiners of Dublin adopted a novel programme by calling a general strike. The response to down tools was not a success by any means; but it was sufficient to enable the sponsors of the proposal to carry out their programme. Those who took part appeared before the United States consulate and endeavored to impress the officials with the importance of the event by giving lusty cheers for the incarcerated "Jim." Exactly how the workers of Dublin expected to influence the authorities at Washington by a species of absent treatment of this kind is not disclosed in the dispatch recounting the incident. It is a type of humor, however, welcome for its novelty and relief to a campaign which is gradually increasing in scope and whose sinister features continue to challenge every agency of law and order.

NATIONAL NIGGARDLINESS

If the Hon. J. D. Reid and Mr. Hanna had been present at the last night's meeting of the Esquimalt Council they would have detected a look of consternation on the faces of the councillors when it was made known to them that the Treasury of the Township would be tapped for the cost of transporting German war trophies across Canada by the Canadian National Railways to the Esquimalt. Surely this is a mistake. Like the people of the rest of the country the citizens of Esquimalt realize the financial difficulties in which the national road is involved; but in a case of this kind neither Mr. Hanna nor Dr. Reid would desire the country to make capital out of business so closely associated with the magnificent sacrifices which stand to the credit of the men who sprang to arms in the Empire's cause nearly six years ago.

LOCAL AERIAL ENTERPRISE.

One of the most important advantages attendant upon the conversion of the Pathfinder from a land machine to a flying boat is that which will enable the craft in future to "land" anywhere within an area of three hundred yards of water space. And while the prospect of passenger flights may still be in the novelty class, it should be possible for those interested in the enterprise to demonstrate the commercial possibilities which lie in the wider use of the seaplane over an area in possession of so many natural alighting places as Vancouver Island.

But little or no progress will be made in any form of aerial transportation unless the general public can be induced to take an interest in its development. That is to say, much can be done to place Vancouver Island in the van in this particular connection once a fairly general interest is manifested. For example, it was only by the gradual conversion of the sceptical general public, that the possibilities of aerial travel that Great Britain was able to establish her great airways and link herself to Europe by commercialized aerial travel.

MANNIX MUST NOT LAND.

In the British House of Commons yesterday Mr. Lloyd George announced that Archbishop Daniel J. Mannix, of Melbourne, Australia, would forfeit his right of entry to the British Isles as the price of his recent seditious ravings in the United States. In other words the prelate from the Commonwealth must confine his campaign for Irish independence to this side of the Atlantic and the other side of the international boundary. Nor should the Parliament of Australia find it difficult to take a similar course to that in-

VICTORY FOR LIBERALS IN NOVA SCOTIA ELECTION

(Continued from page 1.)

Statement By Hall. In a statement on the result of the election, W. L. Hall, defeated Conservative leader, said: "The result of the election demonstrates that for the time being the country apparently is content with the Murray Government. This is the verdict of the people and must be accepted. The reason is difficult to seek and I would prefer to analyze the vote before making any extended remarks or attempting to assign a cause for the election."

Conservatives Helped. Hon. W. S. Fielding addressed an impromptu meeting last night, saying that the victory had been one for good government as well as for the Liberal party, and he was certain that some Conservatives had had a part in the matter. Mr. Fielding stated that among the salient features of the campaign in his judgment was the return of all five Liberals in Halifax. He said that the struggle in Halifax had given him some moments of anxiety. The election of a single party had been witnessed and the other former great party, which had included many great and good men, had been almost annihilated. What he did not say was that had been to the Liberals was composed of Labor and the Farmers.

NOTE AND COMMENT

Why not transfer the America Cup to the Great Lakes and let Canada have a chance at it. She invariably beats Uncle Sam at this game in the international series on Lake Ontario and there would be little doubt that by that means she could capture the much-prized, if somewhat dilapidated, America Cup.

General von Ludendorff says the Bolsheviki will sweep over Western Europe and then the whole world if they are not stopped now. What he wants, of course, is the Allies to tell Germany she can arm a million or more men to do the stopping, thereby shooting the Treaty of Versailles to pieces.

OTHER PAPERS' VIEWS

SOLEMN POLITICAL PLATFORM NONSENSE.

(American Economic League.) It was said of the priests of Isis in ancient Egypt that no two of them dared look each other in the face while going through their solemn public ceremonies lest they might burst out laughing. It was a wise precaution that should be commended to modern campaign speakers when trying to persuade the people of the wisdom of many of their platform declarations.

WILD ENGLISH ORCHIDS.

(From the London Times.) Mid-June is the chief flowering-time of British orchids—that fantastic, prim or curious race of plants which instantly emulate in our sober climate the eccentricities of their tropical cousins. Of the scores and half of British species hardly one has a gaudy or even a brilliant blossom. For splendor our orchids are so far eclipsed by the corn-poppy, or even the dandelion. The largest and most richly colored British orchid is—or was—the lady's slipper, a Cypripedium of our northern woods which has been all but wiped out by plant collectors. Almost the same Antiochian—A. J. McGillivray (uncertain). Colchester—Robert Smith, H. Taggart.

LIPTON SPEAKS OF A SHAMROCK V.

(Continued from page 1.) Shamrock had lost a lot of her well-earned lead and had widened her distance to windward. Then she ran into a soft spot and Resolute went right to the front, rounding the weather mark four minutes ahead.

Sailed Farther.

"In the run down the wind, Shamrock sailed miles farther than Resolute. During the series it must be said Shamrock was not sailed true to form and her performance varied extremely, leading many persons to believe that with more time spent in training, Burton would have done much better with her. Lack of training and tuning is largely responsible for her defeat.

Tributes to Lipton.

New York, July 28.—(Canadian Press)—Commenting on the result of the America's Cup series, the New York papers pay tributes to the sportsmanship of Sir Thomas Lipton. The Times says: "There was a general feeling, especially when it looked as if the Shamrock would be the victor, that it would be just as well if the cup were taken to Britain to be raced for there. This would have broken the long monopoly of American winnings. It would also have meant a satisfaction in giving Sir Thomas Lipton the reward for his pertinacious and gallant endeavors to win the America's Cup."

Different Conditions.

The Times remarks that the triumph of the Resolute was fairly earned, and adds: "It will now be hoped, however, in this country, as well as in England, that in future the stipulations governing the races will be such as to match the rival yachts more evenly, and also to insure that they are fit to sail in any wind or weather."

VICTORY FOR LIBERALS IN NOVA SCOTIA ELECTION

(Continued from page 1.)

Statement By Hall. In a statement on the result of the election, W. L. Hall, defeated Conservative leader, said: "The result of the election demonstrates that for the time being the country apparently is content with the Murray Government. This is the verdict of the people and must be accepted. The reason is difficult to seek and I would prefer to analyze the vote before making any extended remarks or attempting to assign a cause for the election."

Conservatives Helped. Hon. W. S. Fielding addressed an impromptu meeting last night, saying that the victory had been one for good government as well as for the Liberal party, and he was certain that some Conservatives had had a part in the matter. Mr. Fielding stated that among the salient features of the campaign in his judgment was the return of all five Liberals in Halifax. He said that the struggle in Halifax had given him some moments of anxiety. The election of a single party had been witnessed and the other former great party, which had included many great and good men, had been almost annihilated. What he did not say was that had been to the Liberals was composed of Labor and the Farmers.

NOTE AND COMMENT

Why not transfer the America Cup to the Great Lakes and let Canada have a chance at it. She invariably beats Uncle Sam at this game in the international series on Lake Ontario and there would be little doubt that by that means she could capture the much-prized, if somewhat dilapidated, America Cup.

General von Ludendorff says the Bolsheviki will sweep over Western Europe and then the whole world if they are not stopped now. What he wants, of course, is the Allies to tell Germany she can arm a million or more men to do the stopping, thereby shooting the Treaty of Versailles to pieces.

OTHER PAPERS' VIEWS

SOLEMN POLITICAL PLATFORM NONSENSE.

(American Economic League.) It was said of the priests of Isis in ancient Egypt that no two of them dared look each other in the face while going through their solemn public ceremonies lest they might burst out laughing. It was a wise precaution that should be commended to modern campaign speakers when trying to persuade the people of the wisdom of many of their platform declarations.

WILD ENGLISH ORCHIDS.

(From the London Times.) Mid-June is the chief flowering-time of British orchids—that fantastic, prim or curious race of plants which instantly emulate in our sober climate the eccentricities of their tropical cousins. Of the scores and half of British species hardly one has a gaudy or even a brilliant blossom. For splendor our orchids are so far eclipsed by the corn-poppy, or even the dandelion. The largest and most richly colored British orchid is—or was—the lady's slipper, a Cypripedium of our northern woods which has been all but wiped out by plant collectors. Almost the same Antiochian—A. J. McGillivray (uncertain). Colchester—Robert Smith, H. Taggart.

LIPTON SPEAKS OF A SHAMROCK V.

(Continued from page 1.) Shamrock had lost a lot of her well-earned lead and had widened her distance to windward. Then she ran into a soft spot and Resolute went right to the front, rounding the weather mark four minutes ahead.

Sailed Farther.

"In the run down the wind, Shamrock sailed miles farther than Resolute. During the series it must be said Shamrock was not sailed true to form and her performance varied extremely, leading many persons to believe that with more time spent in training, Burton would have done much better with her. Lack of training and tuning is largely responsible for her defeat.

Tributes to Lipton.

New York, July 28.—(Canadian Press)—Commenting on the result of the America's Cup series, the New York papers pay tributes to the sportsmanship of Sir Thomas Lipton. The Times says: "There was a general feeling, especially when it looked as if the Shamrock would be the victor, that it would be just as well if the cup were taken to Britain to be raced for there. This would have broken the long monopoly of American winnings. It would also have meant a satisfaction in giving Sir Thomas Lipton the reward for his pertinacious and gallant endeavors to win the America's Cup."

Different Conditions.

The Times remarks that the triumph of the Resolute was fairly earned, and adds: "It will now be hoped, however, in this country, as well as in England, that in future the stipulations governing the races will be such as to match the rival yachts more evenly, and also to insure that they are fit to sail in any wind or weather."

returned to power in Nova Scotia with two less supporters than it had in the last Legislature. There was no special reason why the Murray Government should have been defeated and, being a sensible-minded lot, the Bluesones left it where it was.

BLOODHOUNDS USED TO TRACK HUNTED FUGITIVE

(Continued from page 1.) Chase is Thrilling. The difficulty of the blood hounds were having to-day, according to reports sent to headquarters here, was that the scent was a bit cold through the delay in getting them to the scene. There are also so many other scents in the woods now because of the cross-hunting that the animals may get mixed up, and some innocent person find that he has a pack of bloodhounds on his trail.

POLISH RETREAT CONTINUES ALONG THE WHOLE FRONT

Warsaw, July 27.—(Via London, July 28.—(Associated Press).—The Polish retreat continues along the entire front, according to latest news on the fighting operations received here. Reports from Bolshevik sources indicate that the Bolshevik intend to occupy Suwalki, fifty miles northwest of Grodno, and Bialystok, forty-three miles southwest of Grodno, before the beginning of the armistice negotiations set for Friday. The Bolsheviks now are within ten miles of Bialystok.

Motorists Warned.

Motorists along the roads north of Nanaimo are now being warned of the danger of the desperado springing out of the woods at them. Many are being advised not to use the roads at night and not to motor along during the day. Those in the chase fear that the bandit may waylay some motorist, put him out of business and take his car, in which he would be able to dash outside of the police lines and get to some place where the police may lose track of him altogether for some days.

Organized for Capture.

Everything for his capture is perfectly organized now. The district is honeycombed with telephones, so that word can be got to the police in the minute the man shows himself. Motors are kept in waiting to dispatch a load of police to any point in the district on a moment's notice. Those who have been working in the man hunt declare that one difficulty in tracking the bandit is that the people in the district are so thoroughly terrorized because of his daring that they will not offer any resistance to him should he appear before them. Many persons in the district say they would not dare to inform the police until they were sure that the man was out of range, so that he could not take revenge.

Only one man in ten would dare to seize and hold this villain.

Police opinion here is that the man

Draperies-Curtains-Cushions-Table Covers

LONG-STANDING

'FEUD IS ENDED'

Victoria-Saanich Committee Meets With No Thought of the Past

Marking the final conclusion of a feud which lasted for some months the Victoria-Saanich Beaches and Parks Committee met in regular session in Mayor Porter's office yesterday afternoon. While a considerable volume of routine business was transacted the members present counted the meeting a big success not on this account so much as because old wounds were finally healed and because Reeve Watson, most vigorous champion of Saanich's claims, took the chair.

Some time ago, it will be recalled, the Reeve refused to sit as he did not consider the meeting a regular one. Yesterday he took his place on schedule, and no one mentioned the unfortunate happenings of the past. The meeting, indeed, was most harmonious, each member obviously striving to prevent the slightest recurrence of friction.

Saanich was represented by Reeve Watson, Councillors Henderson, Pim and Brooks, and Municipal Clerk Cowper, while there were present for the city: Mayor Porter and Aldermen Sangster, Todd and Andrew.

A sub-committee was appointed to look into the subject of foreshore rights at the beaches within the jurisdiction of the committee. It is complained that some people are building fences to tide-water, and that is illegal and a menace to the beaches.

The committee was much perturbed by reports that certain firms, more enterprising than artistic, had posted advertising signs in Mount Douglas Park. The caretaker at the park will be ordered to tear all such signs down, and see that no others are erected. The committee decided, in addition, to spend \$450 improving the park.

It was decided, too, to improve parking facilities at Verdier Park in the near future.

MUFFLES GLAMOR OF BUSINESS CHAOS

Noiseless Typewriter Is Being Demonstrated in Victoria

Bringing to Victoria something almost revolutionary in the nature of up-to-date office equipment, Harold Stuart, agent for The Noiseless Typewriter Company, New York, has opened office at 113 Hibben-Born Building. Here in the afternoon, Mr. Stuart will, by appointment, stage demonstrations of what the modern office should be silent and conducive to thought by concentration uninterrupted by the metallic shriek of a dozen typewriters.

The machines are proving a distinct attraction to that hitherto individual, the "tired business man." No special stenographer booths are necessary with these machines, and the stenographers may be kept at hand to fulfil the hundred and one duties that they have now to be summoned to by a buzzer.

Dictation direct to the machine is now possible in the absence of noise permits that rapid method of getting communications out on the road, without the waste time of transcription from ill-taken short, hand notes.

"FREEZONE"

Lift Off Corns! No Pain!

Doesn't hurt a bit! drop a little Freezone on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

PRESBYTERIAN LADIES' ENTERTAINMENT AT AGED WOMEN'S HOME

The inmates of the Aged Women's Home were entertained at a delightful social evening last night, the affair being arranged by the Ladies' Aid of the First Presbyterian Church with the assistance of the young people of the congregation.

The enjoyable programme, for which James Walker acted as chairman, opened with an instrumental duet by Mrs. W. B. McKelvie and J. Smith. Capt. R. Morrison next gave a song and Miss Hurst contributed a "Japanese Love Song." How did the Lassie Breamore sing? By the happy-voiced little speech thanked the visitors and entertainers on behalf of the inmates. Mr. Inkster responding. Delicious refreshments were then served by the Ladies' Aid, bringing to a close one of the most enjoyable entertainments ever given at the Home.

Miss Silver and Smith ably officiated as accompanists.

HOW JOHN BULL IS GETTING HIS STRIDE

L. B. Beale Will Meet Anyone Interested in Inter-Empire Trade

For the purpose of conducting a close study of the industrial and economic conditions in Western Canada in general and in Victoria and Vancouver in particular, with especial regard to the possibilities of expanding the inter-Empire trade, L. B. Beale, former Lumber Commissioner for British Columbia in Great Britain, and now His Majesty's Trade Commissioner, Department of Overseas Trade, London, with headquarters in Winnipeg, is now in the city.

It is Mr. Beale's intention to remain in Victoria until the end of the present week, during which time he will be glad to discuss any matters with local business men who are interested in the mission to which he has been assigned. Appointments, with this object in view, may be made upon application to the Secretary of the Victoria Board of Trade.

Empire on the Pacific. Explaining in brief detail the object of his present visit to the West, Mr. Beale informed The Times represent-

L. B. BEALE

ative this morning that the official mind had been seized with the opportunities awaiting the British manufacturer in the Pacific Empire on the Pacific Coast, by the distribution of commerce through Canada to the desired goal.

The Commissioner pointed to the fact that at the present time Great Britain's total exports of goods of the as tonnage is concerning of which year 1912—exclusive of coal of which from two to three millions of tons leave Great Britain monthly.

Illustrative of the almost miraculous transformation in which Great Britain has transformed her war-time machinery into the agencies of commercial industry, Mr. Beale cited the fact in connection with which showed that the actual yardage of cottons and woollens now being exported from Great Britain exceeded by more than two and a half times that of 1912.

Balancing the Ledger.

Then again, Mr. Beale pointed out by taking into consideration Great Britain's invisible exports, such as ocean freights and the like, together with the actual outflow of British goods, the net balance of the Old Country at the present time would equal, if not exceed, her import trade.

In the matter of shipbuilding, the Commissioner recalled by reference to the latest figures supplied to him from London, out of the eight million tons now in course of construction in the yards of the world fifty per cent, was British.

On the question of unemployment in Great Britain, Mr. Beale is of the opinion that there is little cause for alarm. He pointed out that half a million men out of the total population of 45,000,000 are unemployed at the beginning of January to the end of April indicating a reduction of exactly one-half a condition he considers, that will be improved just as soon as the industrial world has reached its completely normal state.

Mr. Beale was a visitor to the Parliament Buildings this morning and called upon several heads of departments.

Losses by fire in the United States and Canada during the month of June again exceeded those for the same months in previous years and materially increased the heavy fire loss record of the first six months of 1920.

The June losses, as compiled from the daily records of The Journal of Commerce, aggregated \$25,743,900, an increase of 26 per cent over June, 1919, which were \$20,475,750. The fire losses for the first half of 1920 now reach the excessive sum of \$184,554,900, an increase of \$35,000,000 over the figures of 1919, and more than \$29,000,000 larger than the record of the first half of 1918.

JUDGE CENSURES VICTORIA BAR

Says Profession Here Is Losing Honorable Standing of Years Past

Unprofessional practices on the part of Victoria lawyers of late re-sulted in Mr. Justice Murphy, of the Supreme Court, reprimanding the Victoria bar to-day.

"I am sorry to say that the Victoria bar is not what it used to be in its professional standing," said the judge. "When I was practising, the Victoria bar used to be known as the Victoria bar of the bar of the country. I pride it is not going to lose its standing now."

The judge pointed out that "several instances of practices here lately between professional men" were tending to undermine his esteem for the local legal profession.

The case that was the cause of the judge's censure, from the bench on both sides were reported to have agreed on a "separate law of conduct."

Then it appeared the issue was challenged in court.

There was also the charge made that one of the lawyers concerned needlessly brought the matter before the court so that he could thereby collect much larger fees than if the matter were settled out of court in the interests of the clients.

DESPONDENT WOMEN.

A prominent writer claims that "women are naturally despondent," but often mental depression may be attributed to an abnormal condition of the system, which expresses itself in nervousness, headache, dizziness, sleeplessness, and consequent despondency. Lydia E. Pinkham's Vegetable Compound goes to the root of the trouble, and restores women to a normal, healthy condition.

LEAVES \$22,000

Mrs. Tanner Bequeathes \$7,200 to Daughter; Court Protects Legacy For Her.

The will of Mrs. Tanner, wife of Dr. Tanner, was probated to-day in the Supreme Court at \$22,000. The estate consists of \$2,100 in Victory Bonds, two mortgages of \$4,000 and \$3,500 and a house valued at \$12,000. Miss Tanner, the daughter, has been left \$2,200 by the will.

An appeal was made to Mr. Justice Murphy to-day to dispense with the administration of the estate. The judge, however, declared that Miss Tanner, who is not of age, must be protected in her legacy by the court.

The argument the court decided to allow the money to be invested in long term Victory Bonds in Miss Tanner's own name under the sanction of the court registrar, so that she will be protected and not put to the expense of paying a premium on the administration bonds.

PRETTY WEDDING AT ST. MARK'S SATURDAY

The wedding took place on Saturday evening at St. Mark's Church, the daughter of Mrs. Sargeant and the late Sgt. W. J. Sargeant and the late Sgt. W. J. Sargeant, late of H. Victoria, to James Love, late of H. M. S. Lancaster. The wedding took place at St. Mark's Church, the officiating clergyman being Rev. Mr. Hiscocks.

The bride, who looked charming in white crepe de chine, with veil of orange blossoms, was attended by Miss Doris Spik, as bridesmaid, and two little flower girls, Doris and Phyllis Ramsay, her cousins. Darol Hisher accompanied the bridegroom. The church had been prettily decorated by friends of the bride. Among the out-of-town guests were Mrs. W. H. Coste and family, of Vancouver.

Mr. and Mrs. Love left on the night boat for Vancouver and on their return will make their home in Garden City.

ECONOMICS.

"Josh," said Farmer Cornetson to his son, "I wish, if you don't mind, you'd set off to yourself instead of with the Summer boarders."

"Isn't my society good enough for them?"

"Your society is fine. But your appetite sets a terrible example."—Washington Star.

OBITUARY RECORD

The funeral of George Henry Walker, the only child of Mr. and Mrs. Henry M. Walker, of New Westminster, and grandson of Mr. and Mrs. W. Walker, of 3153 Delta Street, took place this morning at 11 o'clock from the Sandwick Funeral Chapel. Rev. F. A. P. Chadwick officiated. Interment was made in the family plot at Ross Bay Cemetery.

The funeral of the late Thomas Mason, whose death occurred last Tuesday, was held yesterday afternoon at 2:30 o'clock from the chapel of the Sandwick Funeral Company. Dr. Butler officiated at the chapel and by many floral emblems, and a large number of friends attended the services. The following acted as pallbearers: F. Davis, Wm. McEwan, Geo. Fenker, H. P. Bishop, H. Searl and A. Sibbald. Interment was made in Ross Bay Cemetery.

At the Esquimalt Military Convalescent Hospital this morning, the death occurred of William John Young, aged twenty-five years. He was a returned soldier for six years, a resident of this city for six years, and was a native of England, and as far as is known had no relatives in this country. The remains are being transported to the B. C. General Chapel, pending funeral arrangements, which will be announced later.

SEEDS THAT CRAWL

The seed of stork's-bill crawls along the ground by means of its long awn. When the weather is damp, the awn straightens out, but when the atmosphere is dry, it curls up again. By means of this movement the seed is pushed along any hard piece of ground on which it may have fallen, until it eventually reaches a soft spot in the soil.

When such a spot is reached, the awn serves a different purpose. By first curling up and then straightening out, the opposite end of the seed is driven into the ground.

The awns of a variety of oat which grows in North Africa are two inches in length and are bent in the middle. They lengthen out or bend at the joint according to the amount of moisture in the atmosphere, and by means of this movement the oat seed is forced into the ground.—Tit-Bits.

BRIDGE PLANS ARE COMPLETE

Council Must Now Decide How It Will Call Sub-structure Tenders

Plans of the approaches for the new Johnson Street Bridge are complete, and those of the sub-structure are on the verge of completion, City Engineer F. M. Preston announced this morning.

When the City Council meets in special session Friday afternoon these plans will be complete, and the Mayor and aldermen will be able to decide how tenders for the installation of the sub-structure of the viaduct should be called. On this subject there is some difference of opinion in the Council, but it is thought that in the end, tenders will be called on the schedule basis so that the contractors may estimate on the whole of the work.

Some of the aldermen have stated that they favor calling for tenders in a lump sum. That is, the contractors would offer to install the bridge for a certain amount of money. Mr. Preston, however, has seen in the past that at present contractors formed that at present tenders for the estimate of cost in order to cover fully possible increases in the price of materials. This in accepting a lump tender, it is claimed by aldermen who favor the schedule method, the city would be risking a cost of forty per cent of the total cost.

The Council could, of course, build the bridge on the cost plus system, but it is practically certain that this plan would not be entertained for a moment. It is felt by the aldermen that if tenders are not called, Mr. Preston would be allowed to add up the bill for the bridge by day.

Indeed, if tenders are considered rather too high some of the aldermen, Chairman Alderman George Sangster, Chairman of the Streets Committee, are known to favor letting Mr. Preston handle the whole job. It is understood that the whole cost plus basis but not under any other arrangement.

While the plans for the sub-structure and approaches, prepared under Mr. Preston's supervision by draughtsmen at the City Hall, are practically complete, the plan for the bascule has yet to be drafted. The contract for the drawing of this plan was let some months ago to the Strauss Bridge Company, of Chicago, but it cannot be completed until further progress is made here. The contract for the drawing of the bascule is not proposed to call for tenders until next January.

When the Council puts the Johnson Street Bridge Expropriation by-law through its final reading Friday tenders for the installation of the sub-structure, on whatever system is favored by a majority, will be called immediately.

Removes Wrinkles and Refreshes Tired Faces

As the skin tends to expand in warm weather, causing wrinkles to form, a good astringent-lytic lotion should be used these days. Dissolve an ounce of pure bowdler's naxolite in a half pint of witch hazel. Bathe the face in this and the wrinkles will disappear—and how much younger you will look! There's nothing better for sagging cheeks or double chin, or for enlarged pores.

Use this simple lotion during the heat of the day and you will find it wonderfully refreshing. You will lose that wilty, tired look. The ingredients of course are perfectly harmless. Be sure to ask the druggist for powdered naxolite.

"Best for Baby Best for You"

Baby's Own Soap

You don't need powder after a wash with "Baby's Own Soap". It leaves the skin fresh, smooth, white and with the delicate aroma of the roses of France and Geraniums of Tunis to which "Baby's Own" owes its perfume.

In the interest of your skin—Buy "Baby's Own Soap"

ALBERT SOAPS LIMITED, MONTREAL

PORT KELLS WOMAN GIVES HER TESTIMONY

Wants All Those Who Suffer As She Did to Know About Tanlac, Says Mrs. Claskey; Master Medicine Again Proves Merit.

"I was almost a nervous as well as a physical wreck, and for eight months life hardly seemed worth living, but Tanlac has put me in such splendid condition that I never felt better in my life than I do now," declared Mrs. J. Claskey, of Port Kells, B.C., while in Vancouver the other day.

"I had no appetite at all, and didn't relish a thing set before me, no matter what it was. What little I did manage to eat down failed to digest properly, and just seemed to lie in the pit of my stomach and ferment, causing a heavy depressed feeling. I suffered dreadfully from constipation, and nearly every day had such terrible headaches I could scarcely see. The pain in my back over my kidneys hurt me so it was all I could do to get out of my chair. At night I would lie awake for hours before I could go to sleep, and even then I would wake up all during the night. In the morning I would get up feeling like I hadn't slept any at all, and I was so nervous that the least little noise would drive me almost to distraction.

"I read so many statements in the papers from Vancouver citizens praising Tanlac for what it had done for them that I decided it would help me also, so I started taking it. The medicine did me so much good that I kept on taking it until I have finished the third bottle, and am now enjoying perfect health. My appetite is as good as it ever was in my life, and everything agrees with me so well that my stomach never bothers me the least bit. I'm no longer constipated, and am entirely free from those awful headaches. My kidneys don't bother me any more, and the pain has altogether left my back. My nerves have quieted down and at night I sleep like a child. I'm feeling perfectly well and strong in every way, and I want everyone who is suffering to know that Tanlac and nothing else is what did so much for me."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Langs Drug Store, Esquimalt Road.

FLORA EXAMINED AT GORDON HEAD

Naturalists and Dickens's Society Entertained at Keith Wilson's Country Place

The field meeting of the Natural History Society, held at "Glencoe," Gordon Head (the Summer residence of Mr. Keith Wilson) proved of interest to about fifty visitors.

The members of the Society were the guests of Miss Wilson, who also entertained the members of the Dickens Society.

Mr. Downes, Government entomologist, took charge of the party and a number of fine flora and geological specimens were examined and collected. "Glencoe" is a most interesting spot for naturalists.

There are three distinctive types of vegetation. The high bench land is more or less sand and gravel with the growth of Arbutus and fir scattered and open. Below this slope to the sea, rich loam and many springs. The ponderous size of the Douglas fir that existed could be seen from the high stumps remaining here and there. The dense re-establishment of second growth grand and Douglas fir showed by its vigor the richness of the soil and adequate water relation. Plentiful fruiting in both trees was to be seen in the many cones in their green stage. The rocky cliffs at the sea front had their serophyte type, stone crops, cactus, etc. being abundant. Many of the members were especially interested in the cactus, with its interesting exhibition of asexual reproduction by off shoot and attendant provision for securing locomotion by animal agency through spike and prickles. One member secured a fine example of the root system piercing the crevices in long threads. Good specimens of Sheperdia Canadensis, the Indian "Soap-berry" were found of the shore line. On one of the very large Granite boulders a spruce had grown and the snake-like twistings of the sensitive root tip in its meandering in response to various stimuli was disclosed by the washing away of the soil. The conical piles of rock dotted about were thought by some to be of Indian origin but proved to have been a unique effort of ornamentation accomplished during the land clearing operations.

Geology at Gordon Head

Gordon Head is formed geologically of one of the Vancouver groups of rocks named by Dawson.

The group is of the lower Mesozoic age, part Triassic and part Jurassic.

This formation, the Vancouver Volcanics, lies across Saanich peninsula from Tod Inlet to Cordova Bay and there is an outlier of the formation which forms Gordon Head.

The Vancouver Volcanics are chiefly andesites and basalts, cut here and there by porphyritic dikes. They are fairly resistant to erosion and in this way the Head has been left.

All the rocks whether flow, fragmentary or injected, have been changed by metamorphism and some recrystallized owing to the intrusions of the later granite batholiths.

Superficial geology shows an outcrop of rock at the Head; with an area just inside of Maywood clays which was laid down in the period between the two glacial periods, the Admiralty and Vashon. The Vashon being not quite so intensive was not able to carry away these Maywood clays or the Cordova Bay sand and gravel, the latter now lies over the Gordon Head district and between that and Cadboro Bay.

The large erratic boulders and heavier gravels were dropped by floating ice into the clays and gravels forming under water, the whole district being 200 feet lower at the time after the retreat of the glacier and have been exposed on the erosion of the clays and gravels later on.

OF CANADA LIMITED

TO INAUGURATE ISLANDS SERVICE

Launch Will Be Operated Daily on Circuit, Calling Twice at Sidney

Interrupted and uncertain communication between Victoria and the Gulf Islands has been the subject of complaint for years, and while steamer connection is claimed to be more assured now, an opportunity to run a launch service to Sidney after making a circuit of the principal settlements is regarded as a good investment.

Such a service is to be commenced about next Wednesday, when N. W. Harrap will initiate a regular schedule in connection with the Sidney stage for passengers and small freight. The boat will be operated at a speed of from 15 to 16 miles an hour, and will make a morning call at Sidney at 10:15 o'clock at the wharf following the arrival of the stage from Victoria, along the islands to be served being Salt Spring, Pender, Mayne, Galliano and Saturna. Headquarters will be at Ganges Harbor.

There will be an afternoon circuit, probably with a call about 5 o'clock at Sidney, though the regular time has to be determined after contracts are made with customers. For people detained in the city late it is the intention to operate three times per week at night. Mr. Harrap, who has recently returned to Victoria after a visit in the United States following his return from overseas, is now completing the necessary details, and expects to have his launch on the run by the middle of next week. He considers he will be able to carry about 15 passengers per trip.

NOTICES TO WARN WHISKY RUNNERS

Mysterious Signs Tacked to Telephone Posts in James Bay

A sequel to the conviction yesterday of a whisky runner occurred this morning when Sgt. Fry spied two large notices posted up in the outer wharf area, reading, "Look out! Cops." One notice was posted at the corner of Dallas Road, and the Immigration Shed, while the other was on Dallas Road and Douglas, both tacked to telephone poles. The notices were painted with black paint on rough paper, and Sgt. Fry found the can of black paint in his garden on Superior St. yesterday evening. The notices were found this morning between seven and eight o'clock.

Some ambiguity might be construed from the wording of the notices, either they are intended for warnings to the runners of whom a large number are said to be actively engaged, or they are intended as a sign to the police, or again they may serve the dual purposes.

The two notices were brought into the Police Station, and are being treasured as relics of the outer wharf liquor traffic. Considerable speculation is rife as to how the can of paint arrived in the garden of Sgt. Fry, on Superior Street, but the connection between the paint and the notices is traceable, as the paint was still wet this morning.

FOREIGN FARMERS SEND IN FOOD

In Spite of Canada Being Agricultural Country, Much Produce Is Imported

Those persons who farmed land outside Canada, found a profitable market here in the last twelve months alone for over 143½ million dollars' worth of their products. Farmers and livestock breeders will find the story told plainly and irrefutably in the following abstract from the returns of the Dominion Bureau of Statistics. It gives the value of live animals and of animal products into Canada for the last three years, ending May 30th:

Animals living	\$ 2,517	\$ 1,571	\$ 2,494
Hides and skins	7,885	5,903	25,642
Lard	636	399	2,682
Leather	9,640	10,955	18,095
Meats	17,407	7,338	20,220
Wool	15,715	10,940	74,559

600's in each case omitted.

Many of these imports are offset by Canadian exports of the same class. That is, Canadian manufacturers import much of their raw material from abroad and Canadian farmers have to export the results of their work to be raw material in other countries. The needless "crossing" of products and the expense of their transportation might be largely eliminated were Canadian manufacturers and Canadian farmers to be more closely linked together. Manufacturers might utilize more what Canadian farms, under the climatic conditions, can best produce; farmers might more definitely aim to produce that for which manufacturers can best find a market.

A considerable part of the products given above could have been produced in the Dominion and profitably manufactured for Canadian consumers, if industry and farming had been more closely related during the last twenty years.

LEADING SHANGHAI MERCHANT ON VISIT

Fall in Exchange and Japanese Depression Is Felt Extensively, He Says

The falling rate of exchange in the Orient, combined with the financial slump in Japan played havoc with Chinese business according to E. S. Kadoorie, a leading Shanghai merchant, who recently arrived from the Orient, and has just completed a tour of the Island with his two sons, Lawrence and Horace.

Mr. Kadoorie stated to The Times at the Empress Hotel last evening that the rise in exchange, followed by a sharp drop, combined with another Chinese internecine struggle, had resulted in curtailing business a great deal, the merchants being re-

luctant to sell to interior traders when lines of transportation were jeopardized, while the country people resorted to their characteristic habit of hoarding money while the country was in disorder.

The effect of the situation in Japan has also reduced orders on foreign houses in Shanghai. Mr. Kadoorie stated, Shanghai business in cotton, flour, tea, silk and other commodities, is steadily increasing, and the most notable factor, in the opinion of Mr. Kadoorie, is the extension of American business houses in the Orient. Their heads extending their business connections throughout the whole interior.

Mr. Kadoorie is not in sympathy with the Allied intervention in Russia, considering that its effect in Siberia has been to make confusion worse confounded; to perpetuate the struggle of classes and races, and to strengthen in the long run the influence of the Japanese in Eastern Asia. Japanese have, in his opinion, profited by the divisions in Siberia in a part of the continent which was thoroughly Russian until five or six years ago.

WHY SHE DOESN'T.

The reason a wife doesn't sympathize with her husband more is because she knows he is mostly responsible for his own troubles.

The WEATHER

Daily Bulletin Furnished by the Victoria Meteorological Department

Victoria, July 28—5 a. m.—The barometer remains high over Northern B. C. and fine, hot weather is general from the Coast to the prairie provinces.

Reports.

Victoria—Barometer, 30.38; temperature, maximum yesterday, 72; minimum, 56; wind, 24 miles S. W.; weather, fair.

Vancouver—Barometer, 30.00; temperature, maximum yesterday, 52; minimum, 36; wind, 4 miles E.; weather, fair.

Kamloops—Barometer, 30.92; temperature, maximum yesterday, 50; minimum, 38; wind, 4 miles W.; weather, fair.

Barkerville—Barometer, 30.12; temperature, maximum yesterday, 56; minimum, 40; wind, calm; weather, clear.

Winnipeg—Temperature, maximum yesterday, 88; minimum, 62; rain, 0.2.

Too Much Appetite

may be as dangerous as too little

When the skin is sallow or yellow, the eyes dull, the head aches or sleep broken and unrefreshing, the back aches, or there is a pain under the right shoulder blade—it is an indication that the body is being poisoned by poorly digested and imperfectly eliminated food-waste. It is a wise thing to take

Beecham's Pills

to relieve these symptoms by helping to remove the causes

Sold everywhere in Canada. In boxes, 25c, 50c.

CROP OUTLOOK IN ONTARIO GOOD

Toronto, July 28.—Spring grains throughout the Province of Ontario are reported to the Department of Agriculture as looking promising.

Fall wheat harvesting is general in most parts of the Province, and the new grain is of a fairly good sample.

Desire is several days ahead of possession.

BRIEF LOCALS

Offices Will Close.—The City School Board offices will be closed during the first two weeks of August.

Oak Bay Council.—There will be a meeting of the Oak Bay Council held at the Oak Bay Municipal Hall on Thursday at 8:45 p.m.

Rotarians vs. Kiwanians.—The long-heralded cricket match between the Rotary Club and the Kiwanis Club is in progress at the Jubilee Hospital grounds this afternoon.

To Aid Jewish Relief.—A progressive whist drive in aid of the Canadian Jewish relief fund will be held at 1230 Government Street to-day. The arrangements will be in the hands of Mesdames Ridgard and Fletcher.

To Complain of Thistles.—While in special session Friday, the City Council will hear the complaints of certain citizens about what is considered the growing thistle menace throughout the city.

To Speak on Convention.—Rotarian Rev. F. A. P. Chadwick will address the Victoria Rotary Club at its regular weekly luncheon Thursday on the recreational and social gatherings at Atlantic City, an event at which he represented the club. The club will consider at Thursday's meeting plans for the big picnic to be held at 228 Lake on the following Wednesday.

Living Home Sold.—The beautiful residence at the corner of Menzies and Michigan Streets, by direction of the living estate, was sold at auction yesterday by Maynard & Sons, for the sum of \$9,500. The house is large and luxurious, while the grounds are an acre and three-quarters in extent, and are beautifully laid out, being famous for their trees.

Hurt While at Play.—George McGivney, of Park View Mansions, while playing on the horizontal bars at Beacon Hill Park yesterday afternoon slipped off and fell heavily to the ground. The lad was picked up unconscious by passersby and later removed to St. Joseph's Hospital, where he was given attention. It was found that his injuries were slight and that no ill effects were likely to result from his fall.

Pontoon Proves Successful.—The motor machine of the Aerial Service, Ltd., under Messrs. Brown and Goddard, is undergoing trials at Cadboro Bay. On Sunday a considerable flight was made, the machine behaving very well in the take-off and landing, while it was found that the new pontoons are proving a complete success. Another flight will be made to-day from Cadboro Bay, the owners still experimenting with the new attachments.

Conclude Successful Camp.—Over one hundred boys have attended the Y. M. C. A. boys' camp held at Beaver Lake this year, which will close on Monday. Saturday afternoon has been set aside for a fine programme of sports to conclude the contests that were staged there during the period of the camp, with a musical programme in the evening. The boys leaving town to attend the sports will leave the Y. M. C. A. building at 2 in the afternoon.

Photographic Society Holds Meeting.—An inaugural meeting of the Photographic Sub-Section of the Provincial Arts and Industrial Institute was held last evening, Walter W. Daer presiding. The officers will be chosen at a subsequent meeting. A discussion took place with regard to the possibility of holding a photographic exhibition of amateur work. The section trusts that all amateur photographers will join the organization.

Find Verdict.—An inquest on the body of Bruce Goldsmith, five-year-old son of Mr. and Mrs. Thomas Goldsmith, was held to-day at the B. C. Funeral Parlors under Coroner E. C. Hart. The boy was riding on the back of a horse drawn dray and slipped off, being crushed under one of the rear wheels of the wagon. Removed to the hospital, he died later from concussion and shock. A verdict of accidental death was returned.

Gasoline Shortage Felt.—The shortage of gasoline in the southern section of the Pacific Coast is given as the reason for the falling off in the motoring vacationists that were expected here during this month by Commissioner J. G. Thomson, of the Victoria and Island Development Association. Numbers are coming over with their cars and touring the island, but not to the extent that had been expected by the local tourist agents. The number of other inquiries registered at the Association during the past few days has ranged from 125 to 150 per day, many of the American visitors extending their period on the island into several weeks at a time.

RIFLE SHOOT OPENS AT SAANICH RANGE

Marksmen From All Parts of Province at Heel Range; Three Matches

G. C. Duff Stuart, of University School, Wins First Place in Tyro Match

Under the most favorable conditions the forty-second annual prize meeting of the British Columbia Rifle Association opened at the Heel Range this morning. A large number of the finest shots on the mainland and island gathered at the butts, and are taking a great interest in the shoot. A small tent town has been established on the range, and the riflemen find things quite comfortable.

The shoot will be carried on to-morrow, Friday, and Saturday, and during this time 15 important matches will be shot off.

The Complete Programme.

The programme for the shoot is as follows:

Wednesday Morning.

Extra series, 200 yards.

Tyro, 200 yards.

Extra series, 200 yards.

Namajoo, 200 yards.

Wednesday Afternoon.

Extra series, 200 yards.

MILLS APPEAL AGAINST BYLAW

Take Smoke Nuisance Fine to High Court; Threaten Shut-down

Mr. Justice Murphy of the Supreme Court to-day sent back to Magistrate Jay for him to prepare a stated case embodying his smoke nuisance and decision, whereby the Puget Sound Lumber Company was fined under the city's effluvia and smoke nuisance bylaw.

The lumber mills are appealing against the Magistrate's decision, asserting that they will all close down if the decision of the higher court is against them.

Mr. Justice Murphy, after hearing part of the Magistrate's judgment read to him by City Prosecutor Harrison, said that he must be furnished with definite findings of fact on which to base his judgment. He postponed the case until next Wednesday.

H. W. R. Moore, appearing for the mills, protested against the delay. He declared that the mills wanted the case settled, as at present they are all operating contrary to the law.

A storm-bound motoring party asked an aid mountaineer, chopping wood, if they might stay at his house overnight. "Ask the old woman inside," he replied. "It's all I can do to stay here myself."

NEW BANK DIRECTOR

ROBERT GRAY

President of Gray-Dort Motors, Limited, Chatham, recently appointed a director of the Standard Bank of Canada.

EX-MAYOR NOW FACES CHARGES

SALT Lake City, Utah, July 28.—Several complaints charging misappropriation of public funds have been filed against E. A. Bock, until last week Mayor of Salt Lake City, Leslie Fraser, Assistant County Attorney, announced to-day. The total of misappropriations alleged is \$10,000. One complaint charging forgery in connection with an alleged false city warrant also has been filed against Bock.

A Frightful Death, Suffocated by Asthma

The Dread of Such an Unhappy End Oppresses Every Sufferer.

Every sufferer from Asthma knows the terror, the abject fear that overcomes them when struggling for breath. The old-fashioned remedies may relieve, but never cure. Best results come from Catarrhazone, which cures Asthma after hope is abandoned. It's because Catarrhazone kills the asthma germ that it cures. Choking spells and labored breathing are relieved, suffocating sensations and loss of breath are cured. Every trace of asthma is driven from the system, and even old chronic experience immediate relief and lasting cure. Equally good for Bronchitis throat and even Catarrh. The large one dollar outfit includes the inhaler and lasts two months, sold by all dealers or from the Catarrhazone Co., Kingston, Canada.

NO EXTENSION OF E. D. AND B. C. LINE

Expected Premier Oliver Will Be So Informed in Edmonton

Edmonton, July 28.—Hon. John Oliver, Premier of British Columbia, is expected in Edmonton at the beginning of next week. He is on his way to the north, where he will make an official visit to the Pouce Coupe block, with a view to future railway construction.

While in this city Mr. Oliver will interview Premier Stewart, and according to reports from the coast, he will raise the question of a possible extension of the Edmonton, Dunvegan and British Columbia Railway into the Pouce Coupe country. It is regarded in Government circles here, however, as quite impossible for any such extension to be undertaken this year. The Canadian Pacific, it is believed, will have a full programme for the remaining five months in making necessary repairs and improvements on the present line and will not be able to take on any new construction work. That, at any rate, is the answer that is likely to be given to Mr. Oliver if his request turns out to be as expected.

ALLIED AGENTS WILL MAKE USE OF TURK WAR OFFICE

Constantinople, July 26.—Via London, July 28.—(Associated Press)—The Entente to-day asked the Turks to create the War Office, which is to be used by the Inter-Allied Commission for controlling the straits zone. All arms and ammunition factories and the military school have been closed by the Turks as they will no longer be needed by the small army permitted Turkey under the peace treaty.

DOMINION TIRES

ARE GOOD TIRES

for every car—every road—every purpose

THE six Dominion Tires appeal to the widest variety of Canadian car owners—motorists who drive all makes of cars from the least to the most expensive—because Dominion Tires are made to suit every car, under all conditions of road and climate.

You can get the tire best suited for your car at a Dominion Tire dealer's—also Dominion Inner Tubes, Tire Accessories and prompt, efficient service at all times.

Before the war efforts had been made to secure a safer range than Clover Point, and after long negotiations the Dominion Government secured part of the Durrance property situated in a valley between rock bluffs at Heals Station on the B.C. Electric Interurban line. There was a long delay in getting the range fitted up, but at last it was finished, and the provincial meeting gives it the first real test from a marksmen's point of view.

The cemeteries are full of people who didn't stop to think.

Bettens Gave Fine Display at Championship Meeting

Second Day of Tennis Tournament Sees Holders of Men's Doubles in Provincial Championship Retain Position; Draws For To-day.

The second day of the championship week brought disaster to Verley, of Vancouver, in the singles and again in the men's doubles, when he and Holmes were beaten, on both occasions by young Americans.

Bettens, of San Francisco, gave a fine exhibition of tennis against Verley in the singles, and although he just managed to beat him 7-5, 7-5, he had his revenge for his defeat by Verley last week in the Mainland championships. Allen and Berrill also took the measure of Verley and Holmes, beating them rather easily, 6-4, 6-3.

Milne and Mercer, the holders of the men's doubles championship of B. C., defeated Wenstein and Kingston, the young Californian and Cowichan players, 7-5, 6-3. This was a good game for the spectators in the first set, when Wenstein was playing a great game, his partner playing well but without that mutual understanding essential to good doubles play. Miss Baker, the California star, defeated Victoria's junior lady player, Miss Marjorie Leeming, 6-4, 6-2. Many fine plays were seen in this match, the younger player making Miss Baker play her best, the rallies and shots well placed drawing frequent applause.

This morning's score:
Ladies' Singles.
Miss Henderson beat Miss Tatlow, 6-4, 6-3.
Miss Neame beat Miss Peto, 6-3, 6-4.
Mrs. Ross Lane beat Miss Palmer, 6-1, 6-1.
Mrs. Rickaby beat Miss Milne, 6-5, 6-4.

THE VICTORIOUS SLOOP

RESOLUTE

SIDNEY AND LOCALS WILL PLAY SERIES

Vancouver Island Senior Lacrosse League Form; First Game on Saturday

Victoria and Sidney lacrosse teams have arranged to play a series of home and home games. The first match will be played at the Royal Athletic Park on Saturday afternoon at 2:30 o'clock. The second game will be held at Sidney on August 7, the third at Victoria on August 14, and the final match at Sidney on August 28.

These games are expected to create considerable interest as both teams are of splendid calibre and capable of putting up hot battles. Medals will be presented to the winners of what is known as the Vancouver Island Senior League.

ELKS WILL PLAY KNIGHTS TO-NIGHT

The Elks and Knights of Columbus ball teams will meet at the Stadium this evening at 8:20 o'clock. Both teams are confident of a win and a good game should be provided.

Leard Cripples Giants and Then Victoria Wins

Catcher Boelzle Will Be Out of Game For Two Weeks; Giants Greatly Weakened, and Caps Should Take Rest of Games; Four Home Runs Last Night.

After Bill Leard had tripped the Giants in the third inning by spiking which was deplored by nearly everyone present, the Capitals succeeded in winning last evening's game. Seattle was leading when Catcher Boelzle was injured and had to be carried off the field. A switching of the visitors' line-up was necessary which greatly weakened the team. Robeke had pitched beautiful ball up to this point, but weakened in the fifth and allowed the Capitals to win the game. If Boelzle had not been crippled Robeke no doubt would have chalked up his second win against his old team mates. He worked against both Kelly and James, whom Manager Leard considered better prospects earlier in the season.

Boelzle will be out of the game for two weeks, according to the doctor who is attending him. The ligaments of his left leg are badly wrenched and he is suffering considerably. He was taken to the St. Joseph's Hospital immediately after the accident and later removed to the St. James Hotel. What chances Seattle had of finishing strongly in the league have been upset by Boelzle's injury. Manager Hoffman plans to go behind the bat and play Robeke at first.

No one took much pride in last night's victory owing to the circumstances under which it was obtained. Manager Leard's hurt, for it was not a slide, towards the plate so seriously injured that he had to be carried off the field. This kind of playing on Leard's part is not going to popularize professional baseball in Victoria. Elliott and Church, the best base-runners in the Victoria team do not have to resort to such tactics. If Leard cannot get this form of playing the sooner the Victoria management brings in another youngster like Elliott, Church or Dempsey, the better for the sport in this city.

WILL HOLD BENEFIT DAY FOR BALL CLUB

Vancouver and Victoria Players Will Have Field Day Here August 4

The last game of the year here between Vancouver and Victoria on Wednesday, August 4, will be a big benefit game for the Victoria Capital City Ball Club.

Owing to the failure of support given to the local club in several other cities of the league, the continuous wet weather at the opening of the season and the high rate of exchange paid to clubs visiting Victoria from the American side of the line what in usual years would have been at least break even trips, on several occasions this year have turned out disastrously for the local club.

The game will be called at 2:30 o'clock on that day, a regular half-holiday, and tickets for the occasion have been put on sale in nearly every place of business in the city, as each merchant will be asked to dispose of at least as many tickets as he has employees.

The charge for the game and contests will be only the usual grandstand price, and will admit to any part of the big rally. The secretary of the club, will start circulation of the tickets throughout the city on Thursday.

The baseball contests will be entered by members of both the Beavers and the Capitals. There are several long-distance throwers like Carman, Zinke, Lawson, Morton and Dempsey, of the local team, who could throw in any company. Carman should throw the ball at least 125 yards.

In the pitching accuracy contest a bat is placed on the plate and each pitcher given ten throws to see who can knock the bat down. The old fans remember Clark Griffith, now manager of the Washington Americans, doing this stunt.

Running the bases is another old-time contest. The fungo hitters will probably have to go out on "Auto" hill and bat into the park to get room enough to allow drivers like Zinke and Dempsey to work in.

LOCAL RACE HORSES TO RUN AT MINORU

To-night Jim McCleave will leave for Vancouver with two of his racing horses, Greina Green and Lady Campbell, which he will enter in the Minoru Park race meet. Mr. McCleave is confident that his horses will lead across the wire in many of the races in which they will be entered.

Mr. McCleave is anxious to have a race meet held in this city, and is unable to get into the arena because of the inadequate system of handling the crowds.

Y.M.C.A. POLO TEAM WINS FROM V.I.A.A.

Shown Splendid Form in Friendly Match Last Evening

The water polo games played at the V. I. A. A. Summer home last evening attracted quite a number of interested spectators. The first game to be played was at five a side polo between the V. I. A. A. ladies' team, captained by Miss Audrey Griffin, and a men's team captained by President Geo. I. Warren. After a strenuous game the ladies were successful in winning by 4 goals to 1.

The teams were as follows:
Ladies—Goal, Miss D. Grubb; backs, Miss Muriel Daniels and Miss Phyllis Gates; forwards, Miss Audrey Griffin and Miss Florrie Gates.
Men—Goal, Geo. I. Warren; backs, Geo. McCrea, F. McLellan; forwards, K. Derbyshire and Jack Andros.

Won on Team Work.
The second game to be played was between teams representing the Y. M. C. A. and the V. I. A. A. The "Y" boys, owing to their excellent team work and splendid condition, were successful in winning an easy victory by 6 goals to 1. Angus McKinnon and Gordie Young were the stars of the "Y" team. The teams were as follows:
Y. M. C. A.—Goal, Wenger; backs, McFadyen and Barclay; half, McKinnon; forwards, Young, Marshall and Cameron.
V. I. A. A.—Goal, Kennedy; backs, Lawrence and Boyd; half, Grubb; forwards, Davis, Godfrey and Blyth.

Both games were refereed by W. H. Davies.

Visitors Entertained.
After the games the "Y" boys and their friends were entertained at an impromptu dance, which was held on the boathouse roof. The music for same was kindly furnished by Mrs. Kennedy and James Corbie. Refreshments were served during the evening.
Another sport and social evening between the two clubs will be held on Thursday, when a polo game will be played between teams representing

"Probables" and "Possibles" Formed from Players of the Two Clubs, who have agreed to join together and form a representative team to try and bring the P. N. A. water polo championship to Victoria. The two teams will be picked to-day by Superintendent W. H. Davies.

WILL TRY TO CLEAR UP SOCCER TROUBLE

Special Meeting of B.C.P.F.A. to Be Held in Vancouver Saturday, August 7

Vancouver, July 28.—Local soccer affairs will probably be adjusted at the annual meeting of the B.C.P.F.A. to be held at the Hotel Vancouver on Saturday evening, August 7.

The date was chosen at a meeting held last night, and will be the occasion of the election of a slate that it is hoped will prove acceptable to both sides to the war that has been waged during the last year.

Five leagues, at least, will have representation, it is said, including the Vancouver and District, the Church League, Junior Alliance Upper Island and Inter-City, all of whom have affiliated with the body recognized by the B.P.A., and from which delegates are privileged to attend and vote.

U. S. TRAPSHOOTERS DENY PRO. CHARGES

Antwerp, July 27.—American trapshooters to-day received their Olympic medals. At the ceremony incident to the presentation there was no hint of a protest against the Americans on the ground of professionalism, which it was stated in Etiele Beige yesterday might be made.

Captain Jay Clarke, of the American team, questioned on the subject, said: "We left some of our best American shooters at home just to guard against any hint of professionalism."

SILBURN WINS JULY HANDICAP AT GORGE

V. A. S. C. Is Developing Several Star Sprint Swimmers

Tom Wellburn with his sister, Kathleen, and Brother Jerry, made a clean sweep of the V.A.S.C. handicap swim held at the Gorge last evening. It was the final handicap of the July series. Immediately afterwards the points were computed and it was found that George Silburn, with 13 points had won, while Grace and Tom Wellburn were tied for second place with 12 points, Tom graciously giving to his sister for second place and taking third himself.

The July handicap was extremely successful and brought out a large number of promising swimmers. Young Silburn and Plumb are looked upon as coming sprint swimmers.

Polo Game.
After the handicap a polo practice between the Red and Blue teams was held and the Reds, playing brilliant combination, won by three goals to 1.

Entertain To-night

To-night the members of the V.A.S.C. club are being entertained by the Elks Swimming Club at their club house at the Gorge. The festivities are scheduled to begin at 7 o'clock, when a friendly game of polo will be played between the challengers and the visitors, and this time, the Elks, playing in their home waters, feel confident of victory. Refreshments will be served at the club house and at 9 o'clock a dance will commence in the Elks Dance Hall.

The V.A.S.C. team picked to play against the Elks is as follows: Goal, R. W. Hibberson; backs, A. Muir and D. Balnave; centre-half, J. D. McNeill; forwards, D. Patterson, L. Plumb and G. Silburn.

If opportunities were females more men would embrace them.

REDS AND DODGERS IN KEEN STRUGGLE

Cincinnati Took First Game From Brooklyn; Leadership at Stake

NATIONAL LEAGUE.
Brooklyn, July 28.—Cincinnati defeated Brooklyn, 8 to 3. The visitors secured a three-run lead in the first inning and increased this as the game progressed. Marquard was knocked from the box in the sixth. Ruether was batted hard, but was saved by brilliant support.

The score: R. H. E.
Cincinnati 8 10 2
Brooklyn 3 11 1
Batteries—Rutherford and Allen; Marquard, Manauk, Mitchell, Mohart and Elliott.

Boston Still Losing

Boston, July 28.—Fillingim was ineffective yesterday and Chicago had little trouble winning, 10 to 2. It was Chicago's fifth straight victory here, the home team having failed to defeat the Cubs once this season in Boston.

The score: R. H. E.
Chicago 10 10 2
Boston 2 7 1
Batteries—Tyler and Daly; Fillingim, Rudolph and O'Neill.

The score: R. H. E.
Pittsburgh 7 8 1
Philadelphia 4 4 2
Batteries—Hamilton and Haefner; Meadows, Gallia and Tragerser.

Hornsby Hurt

New York, July 28.—The New York Giants celebrated their return home by defeating St. Louis, 3 to 1. Barnes held the visitors to three hits, while New York batted four. St. Louis pitchers for seventeen hits. Hornsby was slightly hurt and retired from the game.

The score: R. H. E.
St. Louis 1 3 6
New York 3 17 3
Batteries—Haines, North, Kime,

What Would You Have Said?

STUDY the Gillette Poster on the boards. What do you think of the wording, "A Handle for Every Hand"? Do you think we have taken too much for granted that everybody knows that the Gillette Safety Razor will give a cleaner and more comfortable shave in the least time? That each set at \$5.00 includes 12 double-edged super-keen blades?

With the space at your disposal on this poster, would you have chosen the message we adopted, or would you have emphasized the NO STROPPING—NO HONING feature, or the fact that there are 20,000,000 Gillette users, or the saving of ten minutes each day by Gillette owners?

If you do not see the poster itself, you will find a reproduction of it in colours in dealers' windows, together with a display of some of the most popular Gillette sets.

Go into such a store and you will find Gillette Safety Razors in styles to suit every man who shaves—literally "A Handle for Every Hand"—among them the Gillette exactly suited to your hand! Take it!

at the Theatre

ROYAL VICTORIA

One of the most ludicrous situations ever filmed appears in "In Search of a Sinner." Constance Talmadge's latest Emerson-Loss production, released through First National Exhibitors' Circuit, which will be shown at the Royal Victoria Theatre again to-night.

The above-mentioned situation takes place in the dining room of the Astor Hotel, during a banquet tendered Jack Garrison by "The Purity League." Sitting directly opposite Garrison at another table is Georgiana Chadburne played by Constance Talmadge—a charming widow of twenty, who had tried to make Garrison make love to her in her apartment on the previous night. Garrison is presented with a loving cup by the chairman of the Purity League who terms him "a good man on the straight and narrow path." As Garrison rises to make his speech of acceptance his eye falls on Georgiana, and his tongue does a tail-spin. The Purity Leaguers glare at the apparent vampire, take the cup away from

morning when he arrived at the studio to work on the picture. A rare assortment of the toughest characters he had ever seen were awaiting him at the entrance. Dressed in sweaters and dungarees, with unshaven and scowling faces, they surged toward him as he approached. Mr. Melford recoiled a bit and expected to see a knife or revolver flash out, but, deeming forced courage the best policy, he continued his way through the crowd and into the studio office.

"Who are the gang of thugs outside?" he asked the assistant director. "They looked ready to do me up for a nickel."

"I guess you mean the gentle group of seafaring men I've gathered for 'Wolf Larsen's crew,'" laughed the assistant. "You know you told me to get the toughest birds I could find. I think I've found them."

"You certainly have," said Mr. Melford grimly. "Wait until Beery sees them."

Noah Beery plays the role of "Wolf" in the picture and has several rough and tumble fist fights with his crew. It is to Beery's credit that there are no "pulled punches" in the film and that he is easily the physical master of any of the burly "extras."

VARIETY

A photoplay that keeps the identity of its central figure a secret until the final fade-out and which holds the interest of the audience breathless as a consequence has been produced by Maurice Tourneur in "My Lady's Garter," now on the screen at the Variety Theatre. The picture is a screen version of Jacques Futrelle's well known mystery-romance of the same name. The plot concerns the daring activities of "The Hawk," a famous international thief. His most spectacular exploit is the theft of the celebrated jeweled garter that figured in the historical episode that led to the founding of the chivalric Order of the Garter. Detectives set upon his trail, and subsequent events bring upon the scene an American railroad magnate, his pretty daughter, and a certain mysterious Bruce Calhoun, who for a time is suspected of being the criminal. In a series of thrilling episodes matters are cleared up happily. The cast of "My Lady's Garter" includes such screen notables as Wyndham Standing, Sylvia Breamer, and Holmes E. Herbert. It is a Paramount Artcraft picture.

COLUMBIA

In "Hell Roarin' Reform," a William Fox production, Tom Mix, the famous cowboy star, mixes gun play and religion with a vim that is wonderful to behold. The popular star was seen in this, his latest feature, at the Columbia Theatre yesterday and will continue there for the remainder of this week. Western plays, once the most alluring form of screen drama, have returned to their former popularity after a brief hiatus suffered through war plays etc., and this may truly be said to be one of the best that ever has been seen here. Mix, who in real life has been just what he portrays on the screen—a cowboy and tamer of bad men—does everything that the most ardent devotee of Bret Harte stories could wish to see. He fights off a gang of stage robbers by firing three shots at once, rides helter-skelter down a mountainside, works free from a noose which his foes had hung would hang him, and, to cap the climax, leaps on horseback from one building to the roof of another, and he and the horse break through the roof. "Hell Roarin' Reform" tells the story of a cowboy who "suits" for a preacher who had been chased out of town by bandits. With the aid of his sturdy horse and his trusty six-shooters, he pumps religion and regeneration into a town ruled by outlaws. Incidentally, he wins a beautiful girl. The play is full of live-wire action and hearty laughs.

RUBINI AND SCOTS

LEAD AT PANTAGES

New Programme of Vaudeville Has Extraordinary Offerings

With two acts of stellar prominence, this week's programme of Pantages vaudeville which opened with the matinee performance to-day seems destined to be one of the most popular offerings of the Summer season. Jan Rubini, noted Swedish violinist, with Mlle. Diane, French chanteuse, are in the headline position with one of the highest class acts of vaudeville, and the special added attraction is Tom McKay's Scotch Revue—nuf said.

Rubini is a celebrated composer and violinist, and plays with a skill that is marvellous. No composition is too intricate or complicated for his facile bow and nimble fingers. The other half of the act is presented by Mlle. Diane, or Mme. Ru-

bini, if you please. She is a vivacious Parisian, a singing comedienne, with a voice and personality that win her audience completely. She also has some gorgeous Parisian gowns. They are assisted at the piano by Salvatore Santaelia, concert pianist.

Tom McKay, comedian and singer, with six pretty Scot lasses, has a musical offering in which the melodies dear to the heart of the Scot are featured. The revue is diverting and wholesome entertainment. Wee May McKay, the comedienne, is wonderfully popular with Victoria audi-

ences and all that is necessary to draw fine attendance at the performances is mention of the fact that she is one of the attractions offered. The revue is snappy and fresh with costumes newly imported from the Land of the Heather.

Al Prince is no stranger to Pantages audiences, but is none the less popular for that. Miss Rita Bell is a very pretty partner who performs at the piano. They have a clever singing and talking act and Prince has some very funny songs and patter.

"Vaudeville Remnants" is the title of a sketch which is the vehicle for the fun and cleverness of Dobbs, Clarke and Dare, two men and a girl. There is a little singing, a little dancing, and a great deal of comedy tumbling, all combined in an original way for a pleasurable quarter of an hour.

PRINCESS PRESENTS SCREAMING FARGE

Mildred Page Players Will Appear in "Some Baby" All This Week

"Keep smiling" is a favorite expression with some people, and it's good advice; but they don't seem to be able to tell you how to do it; but here is a way; take in the screaming farge being presented by the Mildred Page Players at the Princess Theatre this week and you will be furnished with fun enough to keep you smiling until they present another.

"Some Baby" unlike most babies, knows not the meaning of tears, and his "pep" and buoyant spirits are most infectious. Artus Elton, who is well known in Victoria, is joining this popular stock company, and his first appearance

with them will be in the clever comedy role of General Burbeck in "Some Baby." This is Mr. Elton's first professional appearance since his recent service in the Canadian forces, and his many friends and admirers will be as glad to welcome him back as his professional brothers and sisters are to again have him in their midst.

The title contest in connection with Don Mullally's nameless play will close Thursday night of this week, and the title chosen for the play will be read from the stage during the performance Thursday evening; the winner will have the privilege of choosing between a cash prize of five dollars, or a season's pass to the theatre.

"Some Baby" will hold the boards at the Princess Theatre for the balance of the week, with a Saturday matinee. Remember if you would "keep smiling" you should meet "Some Baby," president of the fun makers convention at the Princess Theatre this week.

Cuticura Soap SHAVES Without Mug

Cuticura Soap is the favorite shaving cream shaving.

The lean days of Thomas H. Ince, producer, and Bill Hart, hero of western melodrama, were described by Ince when a witness in a suit brought in Los Angeles by J. Parker Read, Jr., against Hart for \$64,500, which Read avers is due him as a commission for closing contracts for Ince and Hart. Ince testified that he and Hart were broke in New York years ago, occupying a hall bedroom together. They decided to go west and get into pictures. Ince became a manager and Hart a star in western pictures. He said he was Hart's manager until the time the actor brought suit against him for \$100,000.

B. C. Land & Investment Agency, Limited

Agents for Phoenix Assurance Co. of London, England.
SOME GOOD ACREAGE—ON GOOD TERMS.
AT WESTWOOD VALE.
ON THE LINE OF THE B. C. R. Ry., close to Westwood Vale Station, 200 acres of good land. It adjoins the paved West Beach Road, 100 acres of the partially cleared and would be a most desirable place for the growing of small crops for local consumption. Price, on good terms, only \$1,200.

GORDON HEAD.
5 1/2 ACRES in the Gordon Head district and close to Mt. Douglas Park. Land and each block is under cultivation. Price, per acre, only \$160.

GORDON HEAD.
1 1/2 ACRES on Ruby Road, between Shelburne Street and the Gordon Head Road. Practically all under cultivation. Water, electric light and telephone. Adjoining acreage can be purchased if desired. Price asked only \$1,200.

5-ACRE BLOCKS.
FIVE-ACRE BLOCKS on Blenkinsop Road and Mt. Douglas Drive, about four miles from the city. All good crops of the district is partly cultivated. Spring creek runs through the property. Price, per acre, \$100. Terms arranged to suit.

IMPORTANT ANNOUNCEMENT.
WE ARE SHORTLY PLACING ON THE MARKET approximately 100 acres of good land, overlooking Elk Lake and Cordova Bay. A large portion of the property front on the paved East Beach Road. The whole is under cultivation. The land is about eight miles out. The lots range in size from 1/4 acre up to 10 acres. The growing of small fruits and poultry raising is a large portion of the land is excellent for the growing of berries. It is proposed to leave a strip of water through the property by which water can be brought from Elk Lake for the use of residents in this subdivision. Prices range from \$125 per acre, and very reasonable terms can be made. Blueprints of the property can be seen at our office and we shall be pleased, at any time, to take prospective purchasers to view the property.

SCHOONER STRANDED ON NORTHERN COAST Nome, Alaska, July 28.—The schooner Kolyma, owned by the Hibbard-Stevenson Company of Seattle, and bound from that port to the Kolyma River, Siberia, on a trading expedition, was wrecked on Sledge Island during a storm.

DONALD SPEAKS OF FAILURE OF STATES Press Union Chairman Addresses Imperial Press Conference Luncheon

Halifax, July 28.—Failure of the United States to assume some of the responsibilities which its triumphant entry into the war imposed upon that country is largely responsible for the continued unsettled conditions throughout the world, in the opinion of Robert Donald, chairman of the Imperial Press Union and one of the foremost newspapermen in Great Britain, who addressed a huge gathering at a civic luncheon given to the delegates to the Imperial Press Conference here this afternoon.

RAILWAY GROUP CONSIDERS WAGES C. P. R. Head Says Railway Association Chairman Will Make Announcements

Montreal, July 28.—In response to an inquiry as to the position of the Canadian Pacific Railway in reference to the announcement stated to have been made by Hon. J. D. Reid, Minister of Railways, as to the application of the United States award by the National Railways, Mr. Beatty, President of the Canadian Pacific Railway, said that the whole matter was under consideration by the Canadian Railway Association, acting through its executive, and that representations of the position of the Canadian companies had already been made to the unions.

SILK AT LOWEST But Buyers Show Little Interest in Cheap Prices. New York, July 28.—Raw silk closed with the lowest quotations seen in about a month.

PRINCE FEISAL IS TO LEAVE SYRIA; FRENCH HOLDS CITIES Beirut, Syria, July 28.—Via London, July 28.—French entry into Damascus Sunday was marked by acceptance by the new sherrif Government of conditions laid down by General Gouraud, French commander, involving chiefly immediate disarmament and, at the end of the reign of Prince Feisal, who has been invited to leave the country, Aleppo was occupied by the French July 23.

GERMANS DESIRE REPRESENTATION AT LONDON CONFERENCE Berlin, July 27.—That Germany should be represented at the proposed conference between Allied and Soviet representatives in London was the opinion expressed to the Reichstag today by Dr. Walter Simons, German Foreign Secretary.

News of Markets and Finance TO-DAY'S EXCHANGE (Burdick Bros. Ltd.) Montreal, July 28.—New York funds to-day, 13 1/2 per cent. New York, July 28.—Demand sterling to-day, \$3.77.

SAY WINNIPEG WILL OPEN NEXT MONTH Price Tendency in All Grain Markets Is Heavily Downwards

Chicago, July 28.—There is an impression among corn traders, who are mostly bearish, that the high temperatures of the last few days have been of great benefit to the corn and offset any losses from frost, says The Chicago Tribune to-day. The disposition of most of the big local traders is to sell all grain on bulges. There was a lot of selling Saturday by houses which have been made to England. Quality and price is said to compare favorably with grain from other countries.

GRAINS STRENGTHENS AT CLOSE TO-DAY Chicago, July 28.—Grain opened up a cent and a half from yesterday's close and kept backing and filling through the day, the market showing an immediate trend, shortly before the close, however, a sharp recovery took place and there was no more of importance closed at the highest points of the day.

INVESTORS BUY STEEL Amount of Stock Held by Brokers Has Dropped From 58 to 32 Per Cent. That the supply of United States Steel common is rapidly passing from the hands of brokers to those of investors is shown by official figures compiled by Dow, Jones & Co. from the transfer books of the United States Steel Corporation June 30.

MAXWELL STILL CLOSED Inventory Taking, Chairman Explains: To Discuss Merger With Chalmers. New York, July 28.—Chairman Parks of the Maxwell Motors Board, explaining the shut down in the plant since July 3, explains that it is due to inventory taking, which is the usual procedure at this time. He declared that it would be completed soon.

FIND WHY MILLS SHUT New England Starts Investigation Into Closing of Industries. New York, July 28.—Officials of the city of Lawrence and of the State of Massachusetts, according to reports reaching here, have begun an investigation into the reasons for closing the textile mills in that city. Particularly those of the American Woolen Company.

Wool Men Wait More Than 2,000,000 Pounds Now Held in Storage. Dallas, Tex., July 28.—More than 2,000,000 pounds of wool are being held in storage warehouses throughout the state waiting for the reopening of the market in September, when it is hoped better prices will prevail, according to C. O. Moser, Dallas County agricultural agent.

It Is Iron In The Blood That Makes Iron Muscles Like These---

Physician Explains a Secret of the Great Power and Endurance of Athletes—Tells How Organic Iron-Nuxated Iron Helps Build Rich, Red Blood

That Gives Physical Strength and Energy

To touch the arm of a strong, sturdy man—to feel the steel-like firmness of those muscular sinews—to think of the tremendous force and power that must lie behind such strength—these are thrills that come to the thin-blooded men and women whose own bodies are weak and physically unfit.

It takes men of red-blooded force and power to hit the sledge-hammer blows that count—and whether you are a pile-driver or a bank president you cannot expect to win out against odds forever unless you are a man of iron—constantly able to strike—and strike hard.

"There are countless numbers of men today who at 40 are broken in health and steadily going downward to physical and mental decay," says Dr. John T. Van Horne, formerly Medical Inspector and Clinical Physician on the Board of Health of New York City. "Yet there are thousands of such men who undergo a most remarkable transformation the moment they get plenty of the right kind of iron into their blood to give increased energy and endurance. To help build stronger, healthier men and women, better able physically to meet the problems of everyday life, I believe that physicians should, at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

if you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance, which comes from having plenty of iron in the blood, while

"It Feels Like Iron"

FOR \$100,000 HE WALKS 65,000 MILES

A French-Canadian Outlines 327 Competitors; Visiting Victoria Notables

Arthur Thibaudeau, a French-Canadian, who is walking 65,000 miles for a prize of \$100,000 offered by the Revej Athletic Association of Paris, France, is in Victoria making up his last 10,000 miles and adding the signatures of Victoria notables to the list of 140,000 which he must obtain. The trotting commenced on May 1, 1912, when Thibaudeau started from Vancouver. At that time 327 others started out in the contest. The only other man to remain in the race gave up at Windsor, Ont., March 25 last. Thibaudeau has until May 1, 1925, to get back to Paris.

As he is allowed to make money only by lecturing, appearing in theatres so crowds can view him and selling his photograph, Thibaudeau will appear at the Royal Victoria Theatre to-night as an added attraction to the regular show.

He is calling on Premier Oliver and other prominent men here.

So far he has walked 55,161 miles and covered 25,495 miles by various means of transportation. The contract stipulates that he must cover 65,000 miles by other means of transportation. He can travel by boat as much as he wants, but is allowed only fifteen miles by train to enter or leave a city or where it is impossible to walk.

Of the 140,000 signatures he is collecting, 40,000 must be of officials and the rest from business firms and citizens. This collection will be preserved in one of the historic museums of France for all time.

Thibaudeau has been through Canada, United States, Mexico, Uruguay, Paraguay, Chile, Bolivia, Argentina, Peru, England, Ireland, Scotland, Sweden, Norway, Denmark, France, Belgium, Germany, Austria-Hungary, Spain, Portugal, Italy and India. During the war he went back to Montreal from Bombay. He recently took a rest of seventeen months in Montreal.

He will sail from Vancouver across the Pacific after he is finished with Vancouver Island. He does not yet know whether it will be safe to walk across Russia to France because of dangerous Bolsheviks.

MINES DEPARTMENT SHOWS IMPROVEMENT

W. Pellew Harvey Praises Work Done in Addressing Nelson Delegates

Praise for the Department of Mines was given to the International Mining Convention by W. Pellew Harvey, who recently visited Victoria. Mr. Harvey is a member of the Council of Institute of Mining and Metallurgy, and is visiting British Columbia in the interests of a large group of mine investors.

"I feel I am at home in this district," said Mr. Harvey, "as I was a resident in the Province twelve years ago. Since then I have been in London, and have had the opportunity of visiting other countries, comparing notes with experiences of mining operations in this country."

"We all admit British Columbia is a country of great mineral wealth and the object of my visit now is to ascertain as closely as I can the position at the present moment, not for the purpose of rashly investing, or making public my views, but for collecting data, and where these justify, making recommendations to my clients who may feel justified and willing to come to the support of the districts of British Columbia."

Mr. Harvey referred to the geographical difficulties of the Kootenay, particularly in the matter of transportation, and compared it with Siberia, where all is open country and transportation therefore an easy matter. Here the greatest difficulties were presented, and the prospector was to be honored who tackled those problems of mountains and rivers. These men should be supported.

Mr. Harvey stated his own plan was to go to the Minister of Mines and consult the data of his department, and confer with him. He was gratified to find how much that department has progressed during his absence.

An outsider must not be prejudiced by local opinion, and the important features set out in the departmental reports were of great assistance since the establishment of resident engineers.

Tribute was paid also to the Department of Mines for the guidance given to prospectors in examining their samples and advising on their development work.

"That is one excellent step," said Mr. Harvey, "which helps the prospector to know if what he has found justifies him in approaching capital. I think that is a substantial way of

helping business, when he can come before you with an official report.

"The other main points are treatment of ore, and co-ordination of capital and labor. The Trail smelter seems to me the means of the moment whereby to get rid of the bulk of your product. They handle 60 per cent. of the total mineral production, and have a large controlling interest."

Bathing Caps Our range of caps this year includes the latest styles and color combinations; fresh and durable stock. Prices range from 35c to \$1.50

MISS CANN GIVEN COLLEGE POSITION

School Board Decides to Purchase Site For New King's Road School

Miss Jeanette Cann was appointed by the School Board last night to a position on the staff of the new Arts College at the High School. She will

teach English and philosophy. Miss Cann is one of the best known members of the High School staff. Before coming to British Columbia she lived in Yarmouth, Nova Scotia and she is a graduate of Dalhousie University, where she distinguished herself in English and gained highest honors in philosophy and logic. At the High School she has taught literature and kindred subjects. When the High School was affiliated with McGill University Miss Cann was one of the members of the faculty who taught in the two college years. The Board decided last night to purchase a site for a new King's Road School on Quadra Street near King's Road. The Trustees thought that it would be better to purchase a new site than to erect the school on the present one. The site to be purchased consists of six lots. Out of a long list of applicants the

Board appointed the following to the staff of the public schools: Miss Kathleen Coates, Miss Lillian Smet-hurst, M. L. McKay, Miss Eileen Cass, T. R. Wheldon and Miss Adah Hunt. Miss A. M. Sherrin was appointed to the Domestic Science staff, and Leonard Campbell and R. T. Gold-finch to the Manual Training staff. A MACKEREL MYSTERY. Why mackerel should swim in a tank from left to right, and never otherwise, is a problem which the united intelligence of all members of

the Sussex Sea Fisheries Committee has failed to solve. It is known as the great mackerel mystery. For more than thirty years the Brighton Aquarium has kept mackerel. When first introduced to their glass tank, they persisted in trying to swim through the glass, to their previous bodily harm. Presently an island was set up in the middle of their lake. Accidents at once ceased, and for more than twenty years the mackerel have been swimming steadfastly round that island by day and night, in season and out of season, and never once have they been observed to swim from right to left.—Tit-Bits.
