Dreer's Quarterly Wholesale Price List

SEPTEMBER—DECEMBER, 1905.

AN INVITATION

We cordially invite you to visit our Greenhouses and Nurseries at Riverton, N. J., one of the largest and most interesting commercial places in the world. Open to visitors at all times, except Sundays. Riverton, as can be seen by the map, is situated on the New Jersey side of the river Delaware, nearly opposite the city of Philadelphia, from which it can be reached by frequent trains in 30 minutes, by boat in 45 minutes, and by Electric Car in 50 minutes. Time tables on application.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—(See remarks on page 13.)

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS. We are shipping by express lines, to all parts of the country, goods, packed in closed boxes, at a reduction of 20 per cent. from regular rates of merchandise. Prepaid packages of seeds, plants and bulbs are carried to California and all distant points at the rate of 8 cents per pound.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary, and **when sent in any other way, are solely at purchaser's risk.**

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. Articles offered in our Retail Catalogue or Garden Book and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33⅓%; Small Tools and Insecticides, 10%.

No order for **PLANTS** or **BULBS** amounting to less than \$1.00 will be filled and packed at wholesale prices. Orders received from the trade for **Plants** or **Bulbs** amounting to less than \$1.00 will be charged for at retail prices, less 10 per cent.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account will please furnish reference to parties in the trade with whom they have had credit relations, otherwise cash must accompany order.

Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

Dreer's Reliable Bulbs

NOTE.—Prices of Bulbs include duty, packing and delivery to any Express or Freight line in Philadelphia

French Bulbs, including Roman Hyacinths, Paper White Narcissus, Liliun Candidum, etc., are now (September 1st) in stock, as is also White Callas, Freesias, Liliun Harrisii and a few other early maturing miscellaneous bulbs. The general line of Dutch Bulbs will be ready to send out between the 5th and the 15th of September, and unless instructed to the contrary we will hold and make one shipment as far as possible. A memorandum will be made of late ripening articles such as Lily of the Valley, Spiraea, Dielytra, etc., etc., and these will be forwarded at once on their arrival.

WHITE ROMAN HYACINTH

Mixed Dutch Hyacinths

In Separate Colors

The following are selected unnamed sorts, made up of bulbs measuring 15 centimeters and over in circumference, of the best quality, and are used largely for bedding and forcing (although the named second size varieties are now mostly used by florists for forcing). Beware of low priced mixed Hyacinths; they are likely to be low grade as well.

SINGLE HYACINTHS

Selected 1st and 2nd Size Named Hyacinths

The superiority of Named Hyacinths for forcing and bedding is attested by the increasing sales every year. They can always be relied on to produce full spikes, which command higher prices and readier sale than the inferior blooms produced by the mixed sorts. Both the 1st and 2d size bulbs offered on this page are sure to give satisfactory results. The 1st size, being the largest bulbs, are likely to produce the finest spikes, but the 2d size will be found extra fine.

Candidum.

(Annunciation Lily.)

We have a fine lot of these this season; there is an increasing demand for this beautiful variety, both for indoor and outdoor planting. The bulbs should be planted early enough to give them a chance to make a good growth before hard frost.

Selected bulbs \$4.50 per 100; \$40.00 per 1000.
 Extra selected bulbs \$5.00 per 100; \$45.00 per 1000.

Dreer's Wholesale Price List

OF SEASONABLE PLANTS FOR FLORISTS

Our stock of decorative plants, including Palms, Ferns, Pandanus, Araucarias, etc., etc., is again this season very complete in a full line of sizes, while the quality is up to the same high standard for which our stock is celebrated and with which our customers are familiar. The plants are clean, healthy, vigorous and of good color, and of full value. We also call your attention to our extensive line of Hardy Perennials, which includes not only the standard and popular varieties but many scarce and rare sorts not generally offered. Through personal annual visits to the horticultural centres of the world we keep in close touch with all new plants, and are therefore prepared to present good novelties as soon as placed on the market. **We solicit a personal inspection of our stock.**

OUR MEASUREMENT OF PLANTS, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position.

Abelia Rupestris.

A choice dwarf growing shrub of slender graceful habit and small dark green foliage, hardy as far north as Philadelphia, but requires protection in more northern latitudes. It produces during the entire summer and fall months, heather-like waxy white flowers, tinted with lilac in such quantities as to completely cover the plant. A most attractive plant that is always admired and which we cannot recommend too highly.

3-inch pots \$1.00 per dozen; \$8.00 per 100
6 " "35 each; 3.00 per doz.

Abutilons.

We offer 12 distinct varieties embracing several very choice new sorts. 50 cts. per doz.; \$4.00 per 100.

Acacia (Ready in October).

Armata. Strong, bushy plants, in 6-inch pots, suitable for Easter forcing. \$5.00 per doz.; \$40.00 per 100.

Aglaonema.

Dwarf growing Aroides of similar habit of growth to the Dieffenhachias, suitable for the warm conservatory.

Costatum. Heart shaped deep green shining foliage with white midrib and scattering blotches of white. 35 cts. each; \$3.50 per doz.

Marantæfolia. Foliage deep green with lighter and darker markings. 25 cts. each; \$2.50 per doz.

Pictum. Foliage light green with blotches and patches of grey and deep green. 25 cts. each; \$2.50 per doz.

Allamanda.

Williamsii. The dwarf growing variety, with sweet scented, soft yellow flowers. 3-inch pots; \$2.50 per doz.

Alocasias.

Lowii. A rare stove variety, olive green foliage with distinct silvery markings, reverse side bronzy crimson. \$2.00 each.

Sanderiana. Deeply lobed glossy green foliage with metallic reflection, prominent white margin and veins. \$3.50 each.

Macrohiza Variegata. A splendid stove plant, with large, dark green foliage blotched and marbled with white.

4 inch pots . . . 50 cts. each. 6 inch pots . . . \$1.00 each.

Illustris. A pretty dwarf hedging variety, dark green, clouded and marked with blue black. 15 cts. each; \$1.50 per doz.

Johnstoni. Arrow shaped, olive green foliage, variegated and veined with bright rosy red. \$1.00 each.

Anthuriums.

Andreanum Hybrids. A fine collection of seedlings from which we can select the following colors, in large-sized flowers; scarlet, white, red and rose. 75 cts. and \$1.00 each.

Scherzerianum. Brilliant scarlet flowers. 50 cts. each.

" **Album.** White. \$2.00 each.

" **Grandiflorum.** Bright scarlet. 75 cts. each.

" **Purpuratum.** Purplish crimson. 75 cts. each.

" **Rothschildianum.** White spotted crimson. \$1.50 each.

" **Salmonianum.** Salmon red. 75 cts. each.

" **Sanguineum.** Rich crimson. \$1.00 each.

Grande. A handsome ornamental leaved variety, with rich, velvety-green foliage, the principal veins elegantly handed with pure crystal white. 75 cents each.

ARAUCARIA EXCELSA

Araucaria Excelsa (Norfolk Island Pine.)

Elegant and rare decorative plants, with graceful foliage, especially suited for table decorations and for exhibition purposes.

Elegantissima. Metallic green, narrow foliage, \$1.00 each.

Veitchii. Narrow, undulated leaflets of a dark metallic green above and red underneath. \$1.00 each.

ASPARAGUS PLUMOSUS COMPACTUS

Ardisia Crenulata.

A fine lot of the true variety. 4-inch pots suitable for next year's fruiting, \$3.50 per doz.; \$25.00 per 100. 3 inch pots, \$1.50 per doz.; \$12.00 per 100.

The New Fern-dish Asparagus.

Asparagus Plumosus Compactus.

In this we have a plant that has long been wanted—a dwarf, compact growing Asparagus which does not exceed six inches in height when fully grown, and one of the most graceful and effective plants for filling Fern-dishes for table decoration ever introduced. 3-inch pots, 20 cts. each; \$2.00 per doz.

Asparagus Myriocladus.

An introduction from South Africa, and very aptly described by a visitor to our nursery as "an aristocratic Asparagus Sprengeri," from which, however, it is entirely distinct, both in its habit of growth, as well as in the formation of its fronds. The plant is of an almost erect habit of growth, producing fronds from two to four feet long, which, when just unfolding, are of a peculiar metallic bronze, from which they change to a golden-green, finally maturing a rich emerald-green.

Good plants, in 5-inch pots \$2 50 each.

AZALEAS

For Forcing

We are the most extensive importers of Azaleas in the country. Our stocks are grown by specialists, the most of whom have been growing them especially for us for many years, and all of the stock banded by us is personally inspected by our own representative before shipped; furthermore, our importations are all sent over in bulk, and are repacked at our nurseries, and any plants which have not carried well, or that are not well set with buds are discarded, thus positively insuring to you only first-class stock, which cannot be compared with cheap assorted case lots, frequently made up in Belgium, and distributed on this side just as received, often containing not only damaged plants, but varieties not suited to the American trade.

If you have never tried our stock, a single order will convince you that we can save you money.

We can supply in any assortment of the popular standard sorts that you may desire, and can include any proportion of Mme. Van der Cruysen that you may wish.

Prices. Including duty, packing, and delivery in good condition to any Express, Freight, or Steamship Line in Philadelphia. Fine, bushy crowns, well set with buds.

Azalea Mollis. For Forcing.

Practically unknown for forcing purposes until a year or two ago, the Azalea Mollis now holds a most important place, especially for the early winter months, and is gaining greater popularity each season; they are easily manipulated at a minimum of expense, and can readily be flowered any time after the middle of January.

We are banding the stock of one of the most successful specialists and can supply in November fine, bushy plants, 15 inches high, well set with buds, at \$4.50 per doz.; \$35.00 per 100.

Dwarf Standard Bay Tree.

This is something comparatively new that will meet with a ready sale; these are very dwarf, stems being but 18 to 24 inches high with crowns 24 to 26 inches in diameter. \$6.00 each.

Imperial Standard Bays.

Another entirely new form; these are really pyramids, grown on a stem like an ordinary standard, the stems are about 42 inches high, the pyramidal crown is 4 feet high and from 34 to 36 inches in diameter at base. \$15.00 each.

Boxwood Trees (Ready in November).

Standard or Tree-Shaped.

Handsomely trained specimens, 7-inch pots, 26 to 28 inches high, with crowns 15 inches in diameter, \$1.00 each.

PYRAMIDAL BAY

BEGONIA GLOIRE DE LORRAINE

Begonia Turnford Hall.

This is the new Lorraine Begonia which was sold in a limited way last winter and which attracted much attention. It must not be confounded with the white variety Caledonia, sent out a few years ago, from which it is quite distinct, being a pure white, flushed with apple blossom pink on the edges. 3-inch pots, 35 cents each; \$3.50 per dozen; 4-inch pots, 60 cents each; \$6.00 per dozen.

CANNA, MRS. KATE GRAY

Cannas. Large Field-Grown Clumps.

The varieties enumerated below can be supplied in strong, undivided field-grown clumps, which will average from twenty to twenty-five eyes each, according to the variety, and at a price which will make it an advantage to stock up during the fall, when they can be shipped by freight at a low cost of transportation.

Orders for this stock at this low price will only be accepted as long as the plants remain in the fields, which is usually until about the 25th of October.

Place your orders now and the stock will be reserved until the proper time to dig.

Chrysanthemum Frutescens.

"Queen Alexandra."

The New Anemone-flowered Marguerite or Paris Daisy.

The single flowering Paris Daisy has, for many years, been a favorite, not only as a cut flower, but also as a decorative pot plant, during the winter months, and we predict for this pretty double-flowered form even a greater future. The flowers are from 2½ to 3 inches in diameter, and of a pure white color, the greater percentage of these coming full double, not unlike an Anemone-flowered Japanese Chrysanthemum, but even the semi-double and single flowers, which appear on the same plant, are very handsome. 2¼-inch pots, \$1.25 per doz., \$10.00 per 100.

Hardy Pompone Chrysanthemums.

The following varieties can be supplied in four-inch pot-grown plants.

- Eagle d'Or.** A fine golden-yellow.
- Golden Fleece.** Clear yellow.
- Golden Pheasant.** Rich golden yellow.
- Globe d'Or.** Clear lemon-yellow, shading deeper towards the center.
- Gold Finch.** Rich golden-yellow, striped with red.
- Ivanhoe.** Deep rosy pink.
- Princess of Wales.** A fine, large double white.
- President.** Rich purplish-crimson; of perfect shape.
- Queen of Bulgaria.** Rich rose-crimson; very double.
- Regulus.** Terra-cotta or dark tan, of globular form.
- Rhoda.** Delicate apple-blossom pink.
- Sœur Melanie.** Large double white, like a French Marguerite in texture.
- Tiber.** Crimson-brown, tipped yellow.

Miniatum. Strong 6-inch pots, 50 cts. each; \$5.00 per doz.

Clerodendron Balfouri.

Strong 3-inch pots, \$1.00 per doz., \$8.00 per 100.

Clematis Indivisa.

This is one of the most desirable cool greenhouse climbers. Its flowers are produced in March and April, in panicles frequently 2 feet long, are pure white, and from 1½ to 2 inches in diameter. The flowers can be used to good advantage in a cut state. 50 cts. each.

CHRYSANTHEMUM FRUTESCENS. QUEEN ALEXANDRA

CYCLAMEN PERSICUM GIGANTEUM

Costus Zebrinus.

A pretty stove plant, with large dark-green foliage and darker stripes. \$1.00 each.

Curmeria Wallisii.

A beautiful, ornamental stove plant, with foliage 5 inches long by 2 to 2½ inches wide, of a rich, deep green, irregularly blotched with pale yellowish-green. 35 cts. each.

Cyclamen per. Giganteum.

We have a fine stock of these grown from our own select strain of seed; strong 3-inch pots, white, blood red, rose or white with carmine eye, \$1.25 per doz.; \$10.00 per 100.

Mixed colors \$1.00 per dozen; \$8.00 per 100.

Cyperus.

Alternifolius. 3-inch pots, 75 cts. per doz; \$6.00 per 100.

Dieffenbachias.

Handsome decorative plants, with bold ornamental foliage, used for the warm conservatory.

Baraquiniana. Leaves bright, light green, irregularly spotted with white, midrib and stems clear ivory white. 35 cts. each.

Bausei. Leaves yellowish-green, margined and irregularly blotched with dark green, and spotted white. 35 cts. each.

Bowmanni. Rich deep green leaves, blotched with irregular markings of light pea-green. 35 cts. each.

DIEFFENBACHIA

DEUTZIA LEMOINEI

Dieffenbachias—(Continued).

Jenmanni. Rich deep green, with numerous white spots. 50 cts. each.

Magnifica. Shining sombre green leaves; thickly variegated with blotches and spots of pure white. 50 cts. each.

Memora Corsi. Beautiful leaves of a silvery white, with thread-like lateral veins of green, a handsome variety. 50 cts. each.

Splendens. Rich, deep bottle green, freely marked with whitish striated blotches, which stand out in striking contrast with the deep green ground. 50 cts. each.

Set of 7 Dieffenbachias for \$2.50.

Deutzias for Forcing.

Gracilis. We have a large stock of this standard variety in strong two-year old plants, suitable for 6 and 7-inch pots, 75 cts. per dozen; \$6.00 per 100; \$50.00 per 1000.

Gracilis Rosea. Identical with *Deutzia Gracilis* in general habit, but with flowers fully double the size of that graceful variety, to which is added the additional charm of being suffused with a delicate rosy tint just sufficient to relieve the dead white which is objectionable in the type, and which will undoubtedly place it in the front rank of shrubs for winter forcing.

Strong two-year old plants, suitable for 6-inch pots, \$1.00 per dozen; \$8.00 per 100.

Lemoinei. *Deutzia Lemoinei* is now a standard forcing variety, and when better known will no doubt entirely supplant *Deutzia Gracilis* for this purpose. Not only is it valuable for forcing, but it is equally good for the garden, being just as hardy as the type, while its flowers are three times as large, and are produced in broad-based cone-shaped heads of from 20 to 30 flowers each, which are of the purest white.

We offer strong two-year old plants for forcing, suitable for 6 and 7-inch pots, \$1.00 per dozen; \$8.00 per 100; \$75.00 per 1000. Strong one-year old plants, 60 cents per dozen; \$4.50 per 100; \$40.00 per 1000.

DRACÆNA GOLDIEANA

Dracæna Doucetti.

A rare and beautiful variegated form of *D. Indivisa*, with dark green foliage broadly edged with creamy white. It makes a fine specimen plant and is much admired. We offer nice specimens in 5-inch pots, \$1.50 each; 6-inch pots, \$2.00 each; 8-inch pots, \$3.00 each.

Dracæna Goldieana.

We offer a limited stock of this beautiful and scarce variety, 4-inch pots, about 10 inches high, \$1.25 each.

Dracæna Kewensis.

A distinct new species which for hardiness is classed with *Apidistra Lurida*. It has pea-green, glossy lanceolate leaves, which are about 15 inches long by 2½ to 3 inches broad with reddish leaf stalks. 3-inch pots, 35 cents each.

Dracæna Lentuginosa.

Another form of *D. Indivisa*, with peculiar coppery bronze foliage. 7-inch pots, \$2.50 each.

Dracæna Massangeana and Lindeni.

4-inch pots, 50 cents each; 5-inch pots, 75 cents each.

Dracæna Sanderiana.

Eucharis Amazonica.

A lot of strong bulbs just starting into growth in 3-inch pots, 20 cents each; \$2.00 per dozen; \$15.00 per 100.

Eurya Latifolia Variegata.

An evergreen shrub with dark green foliage, which is beautifully variegated with creamy white; good plants in 5-inch pots, 50 cents each.

Farfugium Grande.

A fine lot of plants in 4-inch pots, \$2.00 per doz.; \$15.00 per 100.

Ficus Elastica. (Rubber Plant.)

4-inch pots, 10 to 12 ins. high,	\$3.00 per doz.;	\$25.00 per 100.
6 " 18 "	6.00 "	

Ficus Lutescens.

The Mistletoe Fig or Rubber Plant.

A new species which is especially interesting on account of its free prolific fruiting qualities, it bearing at each leaf axis a small fig-shaped berry, which at first green changes to a pale yellow. The foliage is small and of a dark green color, the whole plant reminding one of a branch of mistletoe. It should make an excellent subject for the window-garden.
Strong plants, \$1.00 each.

Ficus Radicans Variegata.

A pretty variegated trailing variety. An admirable plant for the warm conservatory. The leaves are bright green, freely and irregularly margined with white, the variegation sometimes extending to nearly the entire leaf. 35 cts. each.

Ficus Repens.

Strong 3-inch pots, \$1.25 per dozen; \$10.00 per 100.

Fittonia Argyroneura.

A pretty trailing plant with vivid green foliage, which is variegated with a network of pure white veins. \$1.25 per doz.

FINE FERNS

The Boston Fern and its Varieties

Nephrolepis Scottii.

When this variety was introduced about a year ago we predicted that it would soon take the place of the Boston Fern, a strong statement, but one which will, in a very short time be fully realized, it having met with great popularity. To sum up its merits briefly, it can, under the most ordinary treatment, be grown into an ideal specimen of compact shape, which in the ordinary Boston Fern could only be accomplished with the most careful culture, and by giving the plants a large amount of room. Its natural, compact habit admits of almost double the number of plants to be grown in the same space as the regular Boston Fern. We recommend this for extensive planting, as we are certain that you will not meet with the same disappointment as in some of the new varieties introduced within the last few years, but that you will find this a profitable investment, and a plant that will appeal to your customers on account of its compact, symmetrical and graceful form.

We have a splendid stock of the sizes offered below in strong, clean, vigorous plants, that are certain to give satisfaction.

NEPHROLEPIS BARROWSII

THE NEW COMPACT BOSTON FERN. NEPHROLEPIS SCOTTII

Nephrolepis Barrowsii.

A new Variety of the Pierson Fern.

In this new variety we have a dense compact form of the Pierson Fern, in which the fronds are not only shorter and broader, but it grows busbier, and what is most important, its fronds are supported on stout, stiff midribs, which gives the plant a much shaplier form. We have every reason to believe that this will hold the same position to the Pierson Fern that Scottii now holds to the old Boston.

We offer fine, strong, vigorous young plants. \$3.50 per dozen; \$25.00 per 100; \$200.00 per 1000.

The New Tarrytown Fern.

Nephrolepis Piersoni Elegantissima.

This is a sport from the Pierson Fern, in which the plummy peculiarity of the original form is even more distinctly developed than in the original, the side pinnae being again subdivided and standing at right angles to the midrib, makes both sides of the frond equally beautiful, while, at the same time, the plant is of much more compact habit, growing only one-half as tall, but with the fronds nearly twice as wide, making it a much more desirable plant for all purposes.

Adiantum Croweanum.

The New Maiden-hair for Cutting.

Probably no fern is so well and so favorably known in cut flower centres, where it finds ready sales in preference to and at higher prices than other forms of Maidenhair. Its principal points of merit are its strong vigorous growth, very long stems and remarkable keeping qualities. We offer strong 3-inch pot plants, \$2.50 per dozen; \$15.00 per 100; \$125.00 per 1000.

Primula Sinensis Fimbriata.

(Chinese Fringed Primrose.)

An extra fine strain, 3-inch pots, 60 cts. per doz.; \$4.00 per 100.

BUTTERCUP PRIMROSE

Buttercup Primrose.

A free flowering yellow Primrose coming into full bloom for Thanksgiving and Christmas trade and continues covered with bloom during winter and spring.

By planting five or more plants to the pan, according to the size required, during September, you can have magnificent specimens. The flower buds should be pinched out until about October 1st in order to get the plants to make a good growth.

Strong 2-inch pots, \$1.25 per doz.; \$10.00 per 100; \$80.00 per 1000.

Retinispora Sanderi.

A new blue conifer, which will prove indispensable in any planting of hardy evergreens, either in massing or in single specimens. In habit it is quite distinct, its growth being dwarf, dense and cushion-like, forming beautiful semi-globular specimens of a most pleasing and attractive blue color. Beautiful shapely plants, 8 to 10 inches high, 75 cents each; \$7.50 per dozen.

Rhododendrons for Forcing.

These are being used more extensively each season, and in anticipation of an increased demand we have arranged for a large supply of the most approved varieties for early flowering, delivery of which can be made early in November. We offer shapely bushy plants well set with flower buds, 20 to 24 inches high, \$1.00 each; \$11.00 per dozen; \$90.00 per 100.

BABY OR EVERBLOOMING DWARF CRIMSON RAMBLER ROSE

The Baby Rambler Rose.

or **Everblooming Dwarf Crimson Rambler.**

(Mme. Norbert Levasseur.)

We are in a position to supply during the latter part of November strong field-grown plants, stock suitable for potting into 5-inch pots.

While this Rose has been most extensively propagated during the past season, it is a certainty that there will be a great scarcity of large plants.

Our supply is limited and orders will be booked and filled in rotation. *Strong, field-grown plants.* \$3.50 per doz.; \$25.00 per 100.

Sansevieria Zeylanica.

2 1/4-inch pots, 75 cents per dozen; \$6.00 per 100.

Schismatoglottis Picta.

A handsome plant for the warm conservatory somewhat on the style of the Diffenbachis, foliage deep green with greyish white markings. 30 cents each; \$3.00 per dozen.

Sphaerogyne Latifolia.

We are in position to offer this beautiful stove foliage plant at a popular price, having a good stock this season we can furnish fine plants at \$1.25 each.

New "Myrtle-leaved Smilax.

A new and distinct variety which is much more graceful than the popular type, not only on account of its smaller, narrower foliage, but the tendrils are less stiff, making it the most airy and graceful green for decorating. In habit of growth it is similar to, but more rapid than ordinary Smilax, it can only be propagated by division as it seldom bears seed. 3-inch pots, 20 cents each; \$2.00 per dozen; \$15.00 per 100.

Stigmaphyllon Ciliatum.

One of the prettiest climbers for the warm conservatory in our collection, bearing in profusion large golden yellow butterfly-like flowers, closely resembling that showy orchid *Oncidium Varicosum*. 20 cts. each; \$2.00 per doz.

A fine lot of thrifty, healthy plants of this most desirable standard variety, in strong field-grown clumps, \$1.25 per doz.; \$8.00 per 100; \$75.00 per 1000. (Ready about September 25th.)

Single "Violets.

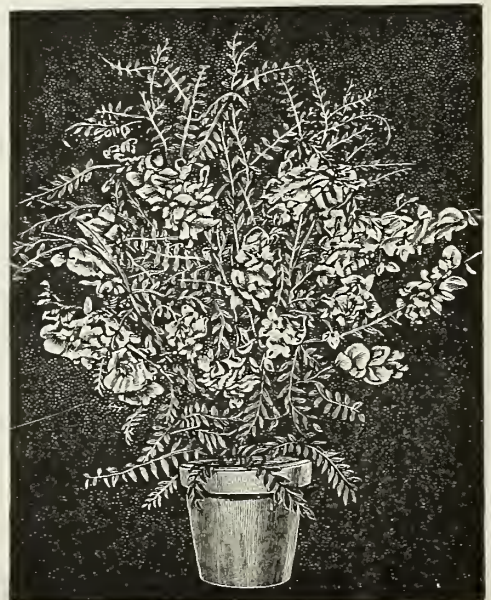

The varieties offered below are great improvements over the old sorts, which were practically of little use except at such seasons when double flowering sorts were not to be had, while in these new sorts the flowers are of such immense size that they are fully as desirable as the finest doubles. We offer strong field-grown clumps.

Admiral Avellan, reddish purple, of good size.

La France, rich violet blue, large and very fragrant.

Princess of Wales, intensely fragrant, soft violet.

75c. per doz.; \$6.00 per 100.

HARDY ASTER

New Hardy Aster, Edna Mercia.

The nearest approach to a pink Aster yet introduced and a decided novelty; flowers as large as a quarter dollar, and of a glistening rose color, bordering on pure pink. Grows 3 feet high, of uniform habit of growth; flowers in September. 20 cents each; \$2.00 per doz.; \$15.00 per 100.

Aster Grandiflorus.

This variety, as grown by us, is the most valuable of all hardy Asters, not only on account of its large violet-blue flowers, but because it is the latest of all to flower, continuing in good condition until late in November. Strong plants. \$2.00 per doz.; \$15.00 per 100.

Hardy Asters. (Michaelmas Daisies.)

The hardy Asters are among the showiest of our late fall flowering plants, and give a wealth of bloom at a season when other flowers in the hardy border are generally wanting.

Early Flowering Hardy Phlox. Phlox Suffruticosa.

This type, while it does not contain the bright rich colors of the standard (Decussata) sorts, is invaluable on account of its early flowering habit, they commencing to flower fully six weeks earlier.

- Andrew Kerr.** Large-truss, white, suffused throughout with deep rosy lilac.
- Dr. Hornby.** White, delicately suffused with light lilac.
- Indian Chief.** Deep magenta with crimson eye.
- Leaman.** Rosy lilac.
- Miss Lingard.** A grand free flowering white.
- Ringleader.** Magenta, crimson eye.

PRIMULA VERIS SUPERBA

Primula Veris Superba.

(New Giant Hardy Primrose.)

We introduced this Giant English Primrose five years ago and we are now more than ever impressed with its value.

In size of flower, it is fully three times as large as any other hardy Primrose, the average size of the flower being over one inch, and we have seen them frequently measuring over two inches, with trusses of bloom 6 inches in diameter. It is perfectly hardy, grows from 10 to 12 inches high, and begins to flower earlier and continues to bloom longer than any other Primrose. This alone is sufficient to insure its popularity as a plant for the garden; but its greatest merit consists in the fact that it is not only one of the easiest plants to force, but a plant that will sell on sight when brought into flower during the early spring months, and especially so when grown as an Easter plant.

Stokesia Cyanea.

(The Cornflower Aster or Stokes' Aster.)

One of the most charming perennials in our collection; it grows from 18 to 24 inches high, and produces its Centaurea-like 4 to 5-inch in diameter lavender blue flowers from early in July until late in October, even after frost has destroyed nearly all other out-door flowers. It is of easiest culture, succeeding in any open, sunny position; not only is it desirable as a single plant in the mixed border, but it can also be used with good effect in large, solid masses, and at the same time is invaluable as one of the finest cut flowers. We have no hesitancy in saying that the Stokesia is the one most desirable hardy plant offered in our list.

The stock which we offer is all pot grown, being very strong plants in 3-inch pots, which is the only satisfactory stock, and it must not be confounded with native collected plants.
