AG LR 019.1

17 November 1949

SUBJECT: National Life Insurance

TO : See Distribution

The following letter from the office of the Adjutant General, Department of the Army, dated 8 November 1949, same subject, is quoted for your information and compliance with paragraph three thereof:

1. The Assistant Administrator for Insurance, Veterans Administration, reports that notwithstanding SR 600-100-2, dated 21 April 1949, the Veterans Administration is continuing to receive improperly executed applications for National Service Life Insurance and related papers. Errors and omissions in these applications cause considerable delay in processing, thus jeopardizing the interest of applicants and their beneficiaries.

2. The most common errors and/or omissions by insurance officers, medical officers and applicants in the preparation of VA Forms 9-350a are as follows:

Part II of VA Form 9-350a.

- a. Failure to date and sign application.
- b. Failure to answer questions individually as required, and not in groups.
- c. Omission of dates covering treatment and periods of hospitalization.

Part III of VA Form 9-350a.

- a. Omission of the urinalysis report.
- b. Failure of the examining physician to utilize the space furnished under the various items for "Remarks" to describe any departure from normal.
- c. Failure of the examining physician to furnish the present condition of the applicant where there is a record of some past illness or where he has been recently discharged from a hospital.
- d. Failure of the examining physician to furnish adequate remarks on abnormalities stated in Part II of the application.
- e. Failure of the examining physician to date and sign the application.
- f. Failure to make complete answers to questions 1 through 15, particularly 8 and 9, and, to a lesser degree, questions 10, 11, and 12.

3. Commanders will take appropriate action to insure that applications for National Service Life Insurance (VA Form 9-350a) and related papers are properly executed."
