PRICE LIST No. 15

ASHFORD PARK NURSERIES

ATLANTA, GA.

Town Office
892 Grant Bldg.
Walnut 4631

Nurseries
Ashford Park, Peachtree Rd.
Hemlock 0333

SIZES AND GRADES. We grade plants mainly by height. Those broader than high are graded by width. Dimensions alone do not indicate value, nor entirely control prices. Prices here given are for strong and heavy plants of normal growth for the variety, strictly first class in every way. For exceptionally fine specimens we make an extra charge. In many varieties, lighter plants can be supplied at lower prices.

VARIETIES NOT LISTED. This list includes only the more important kinds. We have many other varieties in stock and invite correspondence on your needs. Only sizes actually on hand at the beginning of the season are priced.

NAMES used in this list are with a few exceptions those of "Standardized Plant Names."

GUARANTEES. We will replace or refund the price paid for any plants that prove untrue to name, but we are not responsible beyond the purchase price. Our liability for safe and prompt delivery ceases when stock is delivered to transportation companies. No guarantee is given or liability assumed for the life of the plants after they leave our hands.

DELIVERY. Delivery in Atlanta by truck or packing and delivery to Chamblee, Ga., where all our railroad shipments are made, is free where the amount of the order warrants.

LANDSCAPE DEPARTMENT. The advice of our landscape department is free to our customers where the order warrants. A nominal charge is made where it is necessary to draw plans and traveling expenses are also charged for trips outside of Atlanta.

VISITORS. A visit to the nursery is a very satisfactory way to select stock. Take Oglethorpe University car or motor out Peachtree Road. We are open for business every week day, but not on Sundays.

*Indicates that we have still larger sizes than those quoted on. Prices vary according to the individual specimen.
