

DIRECTION LEE & J. J. SHUBERT

For your Boudoir, Madame,

TALC DJER-KISS

en bouteille

FROM Paris, Monsieur Kerkoff now sends to the American ladies his incomparable Talc Djer-Kiss in this exquisite new bottle of fluted glass—a most graceful accessory for the dressing table.

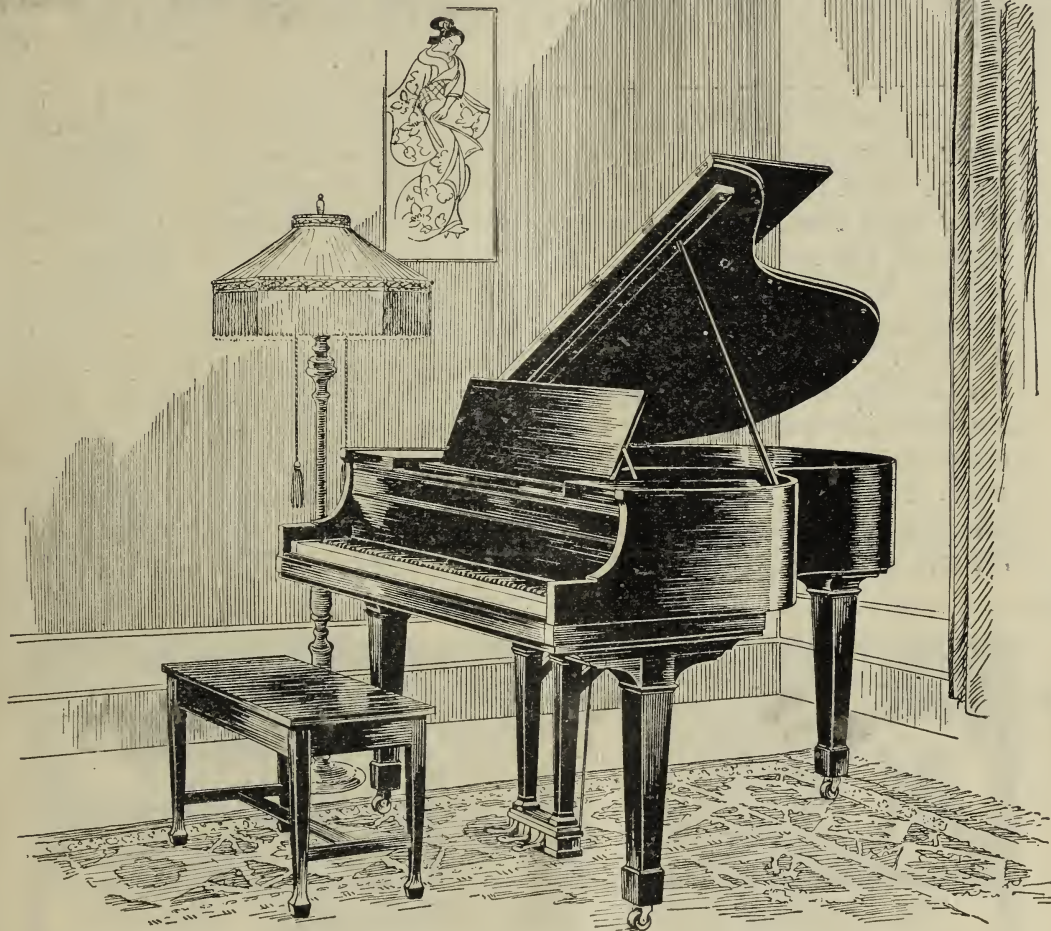

Here, indeed, is Talc of supreme fineness and purity. Smooth. Soft as fairy gossamer. Light as thistle-down. And through

it breathes alluringly the Parisian fragrance of *Parfum Djer-Kiss* itself!

At her favorite shop will *Madame* find this French, French Talc—Talc Djer-Kiss—in its new Parisian package.

Henry F. Miller

Baby Grand

The Henry F. Miller Baby Grand has won its way to the hearts of music lovers through sheer merit, for it retains all of the remarkable tone characteristics of the larger size Henry F. Miller pianos in a charming little grand which takes little more space than an upright piano.

With exquisitely graceful lines and artistic finish, this beautiful little piano will blend harmoniously with its surroundings in your home. The consistent price of \$1150, with a low first payment, liberal exchange allowance and convenient terms, make it possible for you to own this piano now.

No Longer Necessary to Defend Bobbed Hair

Formerly one had to explain why one had bobbed hair. Now one has to explain why it is not bobbed. Bobbed hair is not only "comfortable" but enables one to keep the hair and scalp in better condition than formerly. It has opened up a tremendous field for Noonan's Hair Petrole—which is both beneficial to scalp and the hair. In dressing sprinkle a few drops on a brush and brush it lightly. Then curl it. The effect is to show the wave to better advantage and keep it in place, leaving a brilliant gloss. It does not darken blonde hair but rather intensifies the natural color and strengthens the growth, removing any trace of dandruff. Noonan's Hair Petrole is applied at hairdressers or it can be bought by the bottle, 50c and \$1.00, for home use. At drug and department stores.—Advt.

THEATRE hour traffic calls for a car that can thread its way through the crowded streets at a snail's pace in high gear or spring forward like a greyhound at a touch of the accelerator, ready to take advantage of every opening.

In city streets or on the open road Buick's performance delights car owners. A gentle pressure on its famous four wheel brakes brings the car to a quick, smooth stop.

Nine hundred thousand Buicks in use today are proving that Buick builds into an automobile the qualities that please the public.

CHECKER TAXI

Uses

THE OHMER METER

Exclusively in Boston

Here Are Some of Its Features:

1. Operates on the same principle as a cash register.
2. At the end of every drive it prints and issues a receipt.
3. The distance is recorded accurately. The fare is computed accurately. No guesswork about either.
4. The operation of the Ohmer Meter is not subject to the erratic shortcomings of the human brain or the human hand.
5. These Meters are positive insurance against overcharge.
6. The printed receipt identifies the cab, the driver and the trip.
7. These fare registers are impervious to shock or manipulation from the outside.
8. The driver has no control over its operation. If the meter makes a mistake it will tell on itself as quickly as it will tell on the driver.
9. Protection to the passenger and the Checker Taxi Company are mechanically guaranteed.

Good Evening!

We would like to ask you
this evening
if you do not believe
that a bank of size
is the right place
for a man with small capital,
just starting in business.
A bank with vision
welcomes an opportunity to help
those just entering
the commercial world.
It does this, knowing
that co-operation with a strong
bank in the development period
of a business,
will pave the way
to progress and permanent results.
Come in soon
and talk things over frankly.
It is likely we can do something
well worth while for you.

Cordially yours,

Wm. S. Buckley

President.

Three Generations

of the VOSE family have made the art of manufacturing VOSE Pianos their life work. For over seventy years they have been developing their instruments with such honesty of construction and materials, and with such skill, that the VOSE Piano of today because of its real artistic qualities is universally known as the piano for the American home. Their new Grand is the climax of their achievement, wonderful in tone, action, and general construction. It attracts both the ear and the eye, and is the finishing touch in adding refinement to the home.
