## Our City Comment & Discussion

by THOMAS D. WATSON

Six of the Eight Cities of California With Building Gains Are in Los Angeles Co.

ACCORDING to a survey of the building activity in the Pacific coast section of the United States for the month of November, a marked reduction is shown in most cities from the record for October. In California, among 29 cities given in the survey, eight of them registered a gain over November—five of these eight being located in Southern California and six out of the eight being in Los Angeles county.

The following is a list of the California cities whose building permits in November exceeded those taken out in October: Beverly Hills, Compton, Glendale, Pasadena, San Francisco, San Leandro, Santa Barbara and Santa Monica.

FALLING off in building activities in November is the rule rather than an exception and the cities that have been able to show a gain are to be congratulated. While this reduction is expected about November time there is very little reason for it. The nearness of the holiday season probably has its effect. One of the surprises of the November figures is the fact that San Francisco shows a gain which the city of Los Angeles lost.

THIS might look bad if the figures were not analyzed but even with a loss the Los Angeles figures were over three times what the San Francisco permits amount to, Los Angeles showing thirteen and one-half million dollars to San Francisco's three million eight hundred thousand, so San Francisco cannot yet do much bragging.

GLENDALE'S record is gratifying, for it gives her another million dollar month to add to her string, making four million-dollar months for the year. With good luck December will make the fifth one, for with the month not quite half gone the permits now amount to nearly a half million dollars. One or two good-sized buildings will turn the trick.

LITTLE sympathy for now on will be shown bootleggers by Judge Sidney B. Reeve of Los Angeles, according to word coming from his court today to the effect that all confessed bootleggers would be sent to jail. This is a good move and other judges would do well to follow this lead. Judge Reeve holds that fining a bootlegger is like licensing him, which is pretty nearly the truth. The profits in this illegal traffic are so great that a normal fine bothers the bootlegger very little, a few sales bringing in more than enough to reimburse him for the fine levied.

JAIL sentence will prove much more effective, as it will not only prove a punishment to the offender in the serving of the sentence but being behind the bars will keep him from selling his wares.

We hold a bootlegger is in many cases as bad as a murderer, as a great many deaths have ensued from the drinking of the liquor they sell, and we can see little difference between the individual who kills with a gun and the one whose victim dies from poison liquor.

If laws could be enacted to fit the consequences of the crime, the bootlegger would not be so easily reached by the persons looking for illegal drink.

## BURBANK CHRISTMAS ENTERTAINMENT BY SCHOOLS

A big Christmas entertainment will be given by the school children tonight in the Edison school auditorium in Burbank, which is open to the public and all are urged to come. The program to be given is as follows:  
Songs by boy's chorus; act 1, "What the Snowflakes Told"; "The Coming of Winter"; "Snow-balling"; dance by Eileen Cooks; boys' glee club. Act 2, "The First Christmas"; "Christmas Eve"; "Hanging the Christmas Stocking"; "The Night Before Christmas"; "Filling the Christmas Stocking"; orchestra. Act 3, "Christmas March"; dance by Marguerite Park; "A Merry, Merry Christmas"; orchestra.

## Burbank Launches New Church for Its Beautiful New Subdivision

### BURBANK'S NEW CHURCH WAS LAUNCHED

Glendale Dynamiters to Be Feted This Time By Clubs

By MR. GROUCH  
Two days ago the public received an invitation to be at the Edison school auditorium to greet the late arrivals in Burbank, some five thousand or more. As many as the auditorium would hold were there to be the star greeter, but quarantine regulations prevented his appearance. Judge Crawford took his place and singled out Rev. and Mrs. Austin, as the main new arrivals in Burbank. Rev. Austin will have charge of the First Congregational church to be built very soon on University avenue, Benmar Hills. He is now holding services in the high school building.

We were told to expect an interesting program. The committee was all too modest in its promises. We sat through two hours—it seemed a quarter that but we wished it more of instruction, delight, ecstasy.

Someone told us that Schumann-Heink acquired a new note with the arrival of each of her children. Mrs. Katrina Valentine has a flock of notes, strong, mellow, full of pathos, even if she isn't blest with that many children. She has heard many times in this city and we feel in love with her charming personality and the relaxation and pleasant time in the Islands.

Mrs. Oliver Bainbridge, the internationally known lecturer and traveler, even her 1000-mile-a-hour plane stopped on the boulevard, we bundled in and away we went to the South Sea Islands. Mrs. Bainbridge has that happy faculty of presenting her picture devoid of the dryness in the usual lecture. She has spent sufficient time in the Islands to be thoroughly conversant with the customs and dialects of its inhabitants. We should be glad to hear her with only one or two of the Archipelago as her subject for the evening instead of the group.

We like Mrs. Horace J. Winslow and her violin. Her instrument was always at her command and she held her audience through their every evident enjoyment.

Margaret Orchard, who has been a resident of this city but a very short time, was her very efficient accompanist. Mrs. Winslow and her violin and Mrs. Orchard and her piano seemed to be one.

Then Marcia Steward played the Liebestraum by Liszt. Why, dear teachers and scholars, have you kept Miss Marcia all to yourselves and left it to the W. C. of the F. C. C. to introduce her to us, who long for good music?  
Ray McIntosh, tenor, a resident of Burbank, was simply wonderful in his songs.  
Burbank's newest mixed quartet made its first appearance in concert. Katrina Valentine, Blanche Peterson, Ray McIntosh and Geo. C. Cory are "it." It had the snap, the finish and the blending of voices shown only after long rehearsing by professional artists.

### COSTS \$3 TO SEE NEW YEAR GRIDIRON GAME

All tickets to the New Year's day football game in the Bowl of Roses will be three dollars apiece, according to word received this morning from Malcom A. Fraser, business manager of the Tournament of Roses, by E. F. Sanders, secretary of the Glendale chamber of commerce.

### TWENTIETH CENTURY CLUB OF EAGLE ROCK MEETS

The Women's Twentieth Century club members under the direction of Mrs. K. W. Hunt and Mrs. C. W. Young, chairman of the December luncheon committee, decorated the club house in green and red so that it radiated Christmas cheer and good will. A most delicious luncheon served by the caterers of the club was attended by the usual large number of members and their guests.

Mrs. Dan Campbell, president of the Tuesday Afternoon club of Glendale, was introduced as the luncheon speaker and charmed her audience with what she herself called a jumble, but which her audience, as shown by their hearty applause, recognized as a wonderful speech.

A brief business meeting preceded the afternoon program. Announcement was made of the food sale to be held Dec. 22 at the club house; the children's party for Thursday afternoon, Dec. 27; the dinner dance for Dec. 31; the concert Jan. 16 and the card party for next Monday night, Dec. 17. All are open to the public.

A resolution of sympathy for John S. McGroarty and his wife in the loss of their beautiful home by fire was passed by the club. The program of the afternoon was most interesting.

Virginia Perry, accompanied by Mrs. A. R. Rose, rendered a group of three songs. She has a very delightful soprano voice and very pleasing stage presence. Prof. R. D. Laing, of Caltech, gave an address on "British Policies and Politics." He is professor of business administration at Caltech and his clear and forceful presentation held the attention and interest of his audience. At the close of the meeting the club adjourned to meet the second Thursday in January.

No meeting will be held the fourth Thursday in December.

### GLENDALE HI SCHOOL'S NEW PLANT NOT TO OPEN THIS YEAR

Glendale Union high school closed this afternoon for the Christmas holidays and will not reopen until January 2. The move into the new high school plant will not be made, as anticipated, during the Christmas holidays. Decision to this effect was made last night by the high school board of trustees on account of delay in the shipment of necessary equipment for the new plant.

### CENTRAL AVE. IN GLENDALE TO BE WIDENED

Two Hours' Discussion Before Council Ends Denial of Protest

After a struggle of about two months the residents of Central avenue who so vigorously protested against the widening of that thoroughfare 10 feet on either side and the improvement of the street from curb to curb, from Broadway to San Fernando road, lost their fight before the Glendale city council last night. For an hour and a half those for and against this improvement argued their cases before the council, each claiming to have a majority of the frontage in its favor, but the more they talked the "farther at sea" went the council.

The fireworks were brought to sudden termination by Councilman Sam Davis, who moved that all protests be denied. Councilman Horn seconded the motion and the vote of the body was unanimous in favor of the motion. Prior to making the motion Councilman Davis said:

"Now that we have heard your arguments on both sides we are no nearer to knowing what the majority of the property owners want than we were at the start. You both claim to have the upper hand and the facts presented are so different that it is impossible for us to judge from what you give us."

"It looks to me," said Councilman Kimlin, "about a fifty-fifty proposition. It is now up to the council to use its best judgment as to what should be done for the best interests of the city."

Among those talking in favor of the opening and widening were Charles B. Guthrie, L. H. Wilson, John S. Knox, Mrs. Knox and W. (Continued on page 10)

### ANNUAL MEETING GLENDALE CHAPTER OF AM. RED CROSS

The annual meeting of Glendale chapter of the American Red Cross, held Thursday afternoon at the chamber of commerce rooms, the following officers and board of directors were chosen: Mrs. Robert White, chairman; Mrs. W. W. Worley, vice chairman; Mrs. S. C. Packer, secretary; Miss Neva Veysey, treasurer. Executive committee: Mrs. H. E. Bartlett, Mrs. Lillian Dow and Mrs. E. W. Hayward. Directors: Mrs. H. E. Bartlett, Mrs. John Robert White, Mrs. W. W. Worley, Miss Neva Veysey, Mrs. E. W. Hayward, Mrs. C. L. Peckham, Mrs. J. G. Huntley, Mrs. R. F. Jodon, Mrs. J. H. Daugherty, Mrs. E. A. Blackburn, Mrs. S. C. Packer, Mrs. Daniel McLean, Mrs. E. W. Gilliland, Mrs. Arthur C. Brown, Mrs. E. J. Morgan, Mrs. J. H. Webster, Mrs. John Hobbs, Mrs. Lillian Dow, Mrs. L. T. Rowley and Chalmers Day.

### CHARGED HE DROVE AUTO WHILE DRUNK

"Bill" Leonard, resident of the Southern California Edison company's camp No. 9, was arrested about 4 o'clock yesterday afternoon on a charge of driving an automobile while intoxicated. The arrest was made by Officer R. L. McLean on Los Feliz road near the southern city limits. Bail has been set at \$300 by Judge F. H. Lowe and he is expected to be taken to the county jail this afternoon to await trial at 2 p. m. Monday.

Architects John C. Austin and George M. Lindsey reported that the plant is practically complete with the exception of a carload of tables for the science building. These will be used in physics, general science and domestic science. It is understood that they have not yet left Sheboygan, Wisconsin.

### NEXT FOOTBALL BANQUET ON DEC. 20

Fine Concert at Edison School by Ladies of Congregation

Glendale's football banquet at which the "Dynamiters" will be special guests of honor will commence at 6:30 Thursday night of next week in the social hall of the Central Christian church. The bill-of-fare will include turkey and all the trimmings, according to a decision reached last night at the Chamber of Commerce by the committee on arrangements. An attendance of over 300 is expected feeding the three football squads will be borne by the luncheon clubs interested. Tickets to their members will be sold for one dollar each, at the Chamber of Commerce. The entertainment committee consists of W. C. Waring, George Lyons and H. S. Webb. The reception committee is headed by J. Herbert Smith. Other members are D. Ripley Jackson, Dr. Henry R. Harrower, Dr. John Anderson, W. E. Hewitt, E. F. Sanders, C. D. Thom, Peter Hanson, C. J. Hatz and Eugene Gordon. The sale of tickets is in charge of W. L. Truitt and W. E. Sawyer. Other members of the general committee, which is headed by C. W. Ingledue, are R. E. Johnston and Don Webb, who selected the place for the banquet.

### SEWER SITUATION IN EAGLE ROCK IS SET FORTH

Mr. H. C. Claussen, who is a first class engineer, in making his report of the sewer situation in Eagle Rock at the Chamber of Commerce meeting on Tuesday evening, is the authority for the following statements:

"Eagle Rock will require 30 miles of sewer and in order to secure competitive bids the city is divided into three sections; the first section to be sewered is that west of Central, from the south city limits to the northern limits, east of Maywood. Ordinance of intention for this portion of the work will be published in January. The second district is east of Maywood, north to the hill, and the third what they term 'Sycamore Valley,' the ordinance for these two will not be passed until some time next summer."

"The first district will connect to the 18-inch sewer at York boulevard and Glasse. Through the residence sections the sewer will be a depth of 6 to 8 feet usually; in the business section it will be at a depth of about 12 feet; in some instances the depth is much greater. The sections lying west of the hills, on the west end of town, will have to be connected with the Glendale sewer when it is installed. The contract for the sewer has been signed by both Glendale and Los Angeles and the installation of Glendale sewers depends entirely upon their voting \$1,600,000 bonds and in addition they will have to build a main sewer from their city limits to a point on Sixth street, Los Angeles, and in addition must build their own sewer connections. Costs have to pay for our own sewers, only."

Mr. Claussen stated further that the cost of the main sewers will average about \$2.50 per front foot for each lot; the connection to the curb about \$1.25 per front foot; and then the connections from the curb to the house are to be made by each resident, engaging his or her own plumber at costs varying considerably due to location, etc. On the basis of the foregoing figures the sewerage of each 50-foot lot will cost approximately \$200, plus the cost of house connection. Of course it must be remembered that these figures will vary, in some instances being higher and in others lower than those stated. These figures are general and are not to be taken literally as the basis for figuring costs for any particular lot. They are given merely to give a general idea of construction costs.

### MEXICAN BOY HURT WHEN BIKE IS HIT

Guadalupe Lopez of La Crescenta, Mexican boy, received cuts and bruises on his right side this morning when the bicycle upon which he was riding was overturned in Glendale. He was riding north on Glendale avenue. Mrs. Emma G. Denny of 1411 South Central avenue, who was driving east on Colorado street, asserts that he turned directly into her machine. She took him to the Glendale Sanitarium and Hospital and then to his home.

### "BIRDS' CHRISTMAS CAROL" TONIGHT AT EAGLE ROCK SCHOOL

The eighth grade of Eagle Rock school will present Kate Douglas Wiggin's "Birds' Christmas Carol" to the people of Eagle Rock tonight in the Central school auditorium at 8 o'clock sharp. Those who are familiar with the story know it as one of the most beautiful Christmas stories they have ever read. The cast is exceptionally good, each student having studied the character which he represents so thoroughly that in every case he lives the part. Carol Bird, the dear little lame girl, who is finally made well and strong by Dr. Bob, is the heroine of the story. Representing Carol is Ariam Minier, who takes the part very well. Mrs. Bird, the dignified, loving, big-hearted mother of Carol, is well portrayed by Helen Harris. Mr. Bird, a fussy old aristocrat who is finally converted to Carol's viewpoint of life—is this is Charles Benson. Russell Slocum will be recognized as Carol's "dearest, dearest, Uncle Jack."

Mrs. Thompson is enjoyable as Elfrida, Carol's pretty German nurse, who is the cause of Uncle Jack changing his occupation from that of traveling to staying at home. And now the Ruggles family. This family lives in a very small house in the Birds' alley. Mr. Ruggles is a sailor and "alers off to sea," so Mrs. Ruggles (Dorothy Cleland), does her best to "fetch up her children to sack decent," and "not like common folk." She is most proud of her maiden name and never ceases to impress the fact on the memory of her children.

Between acts the audience will be entertained by the school orchestra and girls' glee club. The latter will give a few of the good old Christmas carols from Wales, France, and, best of all, their own dear America. There will be no admission, but a silver offering will be taken—the returns will be put with the money from the paper drive to purchase drum and bells for the orchestra.

### VARIETY SHOW AGAIN TONIGHT AT HIGH AUDITORIUM

The Tenth Annual Variety Show will be presented again in the auditorium of the new high school plant by students of Glendale Union High school tonight. The program contains both music and comedy and was well received last night by the audience, many of whom had members of their families in the casts. Although a large audience attended last night's performance, tonight's is expected to be still larger owing to the fact that this is the last day of school before the Christmas holidays. However, the new auditorium is four times the size of the old auditorium and none who attend will have difficulty in obtaining tickets. Musical numbers included selections by the High school orchestra, popular numbers by the junior jazz orchestra, piano selections by A. J. Wolter, a potpourri by the combined glee clubs, a duet by Miss Gwenillian Warner and Miss Fredrica Marshall. A highland fling was danced by Miss Nancy Grant to a bagpipe accompaniment by Alex McDougall. One number to be added to tonight's program will be a reading by Miss Edna Shearman.

### AUDITORIUM OF GLENDALE HI OPENED

Variety Show Gives Formal Christening to Beautiful Room

The formal presentation of the new high school auditorium was made last night at the first performance of the annual Variety Show. "Time and money work marvelous changes!" exclaimed H. W. Yarrick, president of the high school trustees. "A little over a year ago an orange grove graced the spot upon which this plant now stands. Tonight we have not only a fine high school here for the students but a beautiful auditorium which the citizens of the community may enjoy. It is with a great deal of pleasure that I welcome you to Glendale's finest auditorium."

Principal George U. Moyses, who acted as master of ceremonies, was highly complimented upon the progress made by the school during his 20 years of service as its principal by W. E. Hewitt, president of the chamber of commerce. "In behalf of the chamber of commerce," he remarked, "I want to congratulate the board of trustees, the contractors and the architects who have built such a wonderful high school plant. This auditorium stands as a monument to our city. Pupils should think that it is a privilege to come to this building and prepare for their lives hereafter—their lives on earth." Architect George M. Lindsey of 3.5 North Harvey drive expressed regret that it had not been possible to complete the plant sooner and called attention to the fact that the interior of the auditorium has (Continued on page 10)

### SCHOOL STOP SIGNS ARE ORDERED FOR GLENDALE

"School stop" signs were ordered established near all the school of this city by the Glendale city council last night. This came as a result of a statement by Councilman Kimlin to the effect that Chief of Police Fraser has said that there was a greater number of accidents in Glendale during November than during any month in 1923 and that the number of mishaps is growing.

The council ordered that these signs be painted on the streets at the approach to each of the schools of the city and that between the hours of 8 in the morning and 4 in the afternoon all motorists be compelled to come to a complete stop each time one of these signs is encountered. The vote of the council on this matter was unanimous. On motion of Councilman Hall a sum of \$1500 was ordered paid to Burns & McDonnell, the firm that is doing the engineering work on the proposed Glendale sewer.

### BURBANK EASTERN STAR INSTALLATION HELD LAST NIGHT

The installation of officers of the Eastern Star took place last evening in the Masonic hall. Officiating as installing officer was Grand Worthy Matron Maud Biglow Sibley, installing marshal was Grand Organist Lillian Holman and installing grand chaplain was Anna Hughes. Mrs. R. M. Swall is now worthy matron; A. C. Filbach, worthy patron; Beulah Ludlow, associate matron; Fay Sence Story, secretary; Eva Thedaker, treasurer; Ruth E. Lawrence, conductor; Clara Woods, chaplain; Hallie M. Filbach, marshal; Chris-fellows; Tina King, organist; Ada Ruth A. Fellows; Ruth, Lesta Buffington; Esther, Azalia Campbell; Martha, Mary A. Groshon; Electric, Margaret Anderson; warder, Elsie Wickersham; sentinel, Ray G. Ludlow. Mrs. L. D. Davidson was retiring matron.

### Glendale's Sewer EXPERT INFORMATION FURNISHED DAILY ON THIS GREAT PROJECT

(In this column will appear from day to day, comments on the sewer project, which is the biggest thing that has ever confronted the citizens of Glendale, also articles prepared by the public committee of the chamber of commerce which may be considered as expert information.)  
L. H. Wilson, 204 West Milford, one of the liveliest realtors in Glendale with offices at 1034 South San Fernando:  
"I cannot understand why any sane person can oppose the sewer bonds. I believe that Glendale will almost double in population in one year if the bonds are voted. If they are turned down—well, don't expect much in the way of progress. I cannot recommend the sewer bonds too highly, for I want to see Glendale continue to grow."  
Col. James W. Everington, 531 North Louise:  
"Nothing will add more to the prosperity of Glendale than the voting of these bonds and the completion of the sewers. I do not see why anyone can be opposed to this very necessary improvement."

### GLENDALE MAIN SEWERS

The general outline of a sewerage system for any city is governed by two main factors—the topography of the city and the place of disposal.  
The place of disposal of sewage from the city of Glendale has been decided upon in an agreement with the city of Los Angeles, as into the sewer system of the city of Los Angeles.  
The topography of Glendale is such that the natural drainage is toward the south on streets running north and south and toward the west on the streets running east and west. This makes it necessary to so locate the mains that the flow of the sewers follows the natural drainage. Accordingly, mains have been located as follows:  
Main No. 1 serves the territory bounded by Tyburn and Oxford streets on the southeast; Glendale avenue on the east; Palmer avenue on the north; and the city limits of Glendale on the southwest. It is anticipated that this area will be largely built up with business houses and industrial plants.  
Main No. 2 serves the territory bounded by Acacia avenue on the south; by Sycamore Canyon road on the east; by Colorado street on the north; and by Glendale avenue on the west. This area will be mostly residential with a possi- (Continued on page 10)

### HEAVY INCREASE IN MAIL AT THE GLENDALE OFFICE

Mail passing through the Glendale postoffice is heavier during the present period than during the last holiday season. Announcement of this fact was made this morning by Assistant Postmaster George Hallert. He stated that incoming mail is much heavier and that outgoing mail shows a 60 per cent increase.  
"This either indicates that people are mailing earlier," he remarked, "or that business will be that much heavier."  
Extra help has been provided for the substations and, according to Mr. Hallet, parcels can sometimes be mailed at them with greater dispatch than at the main parcel post receiving station. These are located at the following places: Gateway market, San Fernando and Burbank boulevard; H. S. Webb, 139 North Brand boulevard; Casa Verdugo, Dry Goods store, 1159 North Central avenue; and 612 East Broadway.  
Children of the Boyd street school, Los Angeles, will again be beneficiaries of the Girls' and Boys' leagues of Glendale high at Christmas time. The boys have undertaken to furnish the needed cash, the sewing department has purchased, and the sewing department has been providing clothing and toys have been manufactured by students of the mechanical and fine arts departments. The baskets will be distributed the day before Christmas.

### DEMOCRATIC CLUB OF GLENDALE HAS BIG MEETING

A meeting considered by those who were there the most successful political gathering in point of numbers and enthusiasm that has been held in Glendale in a number of years, was enjoyed by 70 members of the Glendale Democratic club Thursday night at the home of Col. Tom Thornton on Kenneth road. The audience was about evenly divided between men and women and Mrs. Alexander Mitchell presided.

Excellent speeches were made by Attorneys Mattison B. Jones and Dwight W. Stephenson to the effect that the times demand the return of power to the people from which it has been wrested by the republican party in which there is such discord that even before the death of President Harding his party was more dissatisfied with him than were the democrats; that no change is promised by President Coolidge who has announced he will follow the policy inaugurated by President Harding.

Permanent officers were elected, Col. Thornton being made president; Dwight W. Stephenson vice president; Miss Elizabeth Smith, secretary, and Frank Bathis, treasurer.

A committee of five was appointed to recommend a club program for the year, to suggest the committees such an organization needs, to prescribe their duties and recommend their personnel. This committee will meet next Wednesday evening at the home of Mrs. Marie Larkey on Central avenue and will report at the next meeting of the club which will be held about January 10. One of the duties of the committee will be to secure a permanent meeting place which will be announced with the exact date of the meeting.

Following the business session a social hour was enjoyed during which Mrs. Thornton, assisted by her niece, Miss Mildred Thornton of Occidental boulevard, served coffee and cake.

### UPHOLSTERING CO. MAKES UNUSUAL HOLIDAY OFFER

The De Luxe Upholstering company, 2773 Broadway, Eagle Rock, is making an unusual offer to the furniture-buying public for the holiday season. With every three-piece overstuffed set purchased before Christmas a beautiful hand-painted boudoir lamp will be given absolutely free. This is indeed an exceptional offer, the lamps, as well as the furniture being of the highest grade in materials and workmanship.

The De Luxe Upholstering company manufactures overstuffed furniture exclusively, and their trade extends throughout the southland. Orders received now will be promptly filled and delivered in time to brighten the home on Christmas morning.

In addition to the suites there are a great many odd chairs, etc., in stock, these being finished in mohair, tapestry, and velour, in all the desired shades, and, as gifts for the home they are extremely appreciated.

### KAFATERIA SHOE CO IS SHOWING SOME GREAT VALUES

The Kafateria Shoe company, 126 North Brand, has just received a large stock of high grade novelty footwear and slippers, all of which make desirable Christmas gifts, and these are offered at the regularly low prices quoted by the Kafateria.

Included in the new shipment are several new strap effects, some with fancy buckles, and all are in the latest styles. A full line of Christmas bedroom slippers is in stock, there being styles for everyone from the baby to father. In addition to these, one of the largest lines of high grade men's shoes is in stock, and, according to Mr. Cushman, manager, the values on these are unequalled anywhere in the city.

### CHAFFEE CO. OPENS ANOTHER STORE TOMORROW

The Chaffee Grocery company will tomorrow open another of their fine stores at 1377 East Colorado, at the corner of Verdugo road. This new market will be modern and up-to-date in every respect, and the same quality and service as found in the many other Chaffee grocery stores will be incorporated in the new store.

This is the second Chaffee store opened in Glendale, the other being on North Brand boulevard. This chain of stores is one of the largest in Southern California, extending throughout this part of the state. The many residents of that neighborhood are highly elated over the opening of the store tomorrow, the market offering the same prices as found in an uptown store.

### GLENDALE CITIZENS PIANO EXCHANGE HONORED BY NEW CLUB

Last week 700 former residents of Montana met in the Philharmonic auditorium in Los Angeles and launched an organization to be known as the Montana club. At a meeting of the general committee held Wednesday evening at the Casa Felipe, 2514 West 7th street, Los Angeles, officers were elected and committees appointed. Glendale was honored by having two of its prominent citizens selected for high positions. J. M. Rhoades, former secretary of the Glendale Chamber of Commerce, was elected as a vice president, and John A. Coleman, attorney at law, of 415 North Kenwood was elected a vice president and chairman of the executive committee. There are approximately 10,000 former Montanans in Los Angeles county, and approximately 2,000 have enrolled or pledged their membership in the Montana club to date. The organization will maintain headquarters and club rooms in the Los Angeles downtown district. The other officers are J. Ross Clark, honorary president; Dr. Thos. E. Moore, president; E. B. Weirick, treasurer; W. M. Egan, secretary-manager.

Pupils of the Cavanah school have been engaged to sing Christmas carols around the big beautiful Christmas tree in the Jensen arcade on North Brand next Tuesday evening.

Frank Brown, manager of the Piano Exchange, 112 West Broadway, is an evangelistic singer of note, having appeared both here and in the east during the last eight years. Arrangements have just been completed for him to enter a week's engagement with Evangelist L. G. Mayton, whose services will be held at York boulevard and Avenue 60, Los Angeles. Mr. Brown was formerly soloist at the Angelus Temple, under the famous Aimes Temple McPherson, his fast growing business causing him to give that up.  
Several rumors are afloat that Mr. Brown was connected with the recent shooting affair on West California avenue. These are absolutely unfounded, state Mr. Brown, the party in the controversy being a W. W. Brown. The local manager is still at his old stand selling high grade pianos to a satisfied public.

### PERSONAL AND LOCAL ITEMS

Mrs. E. D. Yard, president of the Glendale Welfare council, and president of the Delphian club, is confined to her home with a bad cold.

F. S. Card of 469 Pioneer drive and nephew, Richard Sanderhoff, of Pasadena, will return on Sunday from a duck hunting trip near Warner's Hot Springs.

Mrs. C. K. Lake of 325 West Cypress street will have as her house-guests over the holidays her aunt and great aunt, Miss Clara Duncan and Mrs. H. T. Carpenter, who will arrive Saturday from San Francisco.

Pomona College will close for the holidays next Thursday and the Glendale boys and girls who have been attending, including Marjorie Yurick, Kathleen Campbell and Virginia Huntley will come home for the Christmas vacation.

Mrs. Amie L. Hjorth of 122 West Laurel street attended the luncheon meeting of the Long Beach chapter, D. A. R., held on Thursday at the home of Mrs. Maude Pyle, 2150 American avenue. Mrs. Hjorth is a charter member of the Long Beach D. A. R.

Mrs. Daisy Fell and daughter Betty of 363 Pioneer drive have taken an apartment in Pasadena at 341 Palmetto drive near Broad-oaks where Miss Fell is attending school. They are renting their home here furnished, and will be in Pasadena until school closes in June, when Miss Fell will be graduated as a kindergarten teacher.

### Humanities

Thirty years ago The National Cash Register Company became a pioneer in Industrial Welfare. John H. Patterson realized that only better men and women, living and working under better conditions, could make better machines and achieve his high ideal of service to humanity.  
The great work then started spread from the institution to the neighborhood, the city, the nation.  
In the humanities, as in education, The National Cash Register Company held a light that glowed around the world.

## LODGES CLUBS - CHURCHES

### G. E. SOCIETY MAKING ELABORATE PLANS FOR BIG TIME

Elaborate preparations are being made by the Christian Endeavor society of the First Presbyterian church for a big time on Sunday evening from 5 p. m. until 7 o'clock, when the student body cabinet of schools, football team and high school students will be the special guests. There will be a social hour, with refreshments, beginning at 5 o'clock, followed by the regular Christian Endeavor prayer meeting. Miss Gertrude Heideman of the G. U. H. S. class of 1922 will conduct the meeting.

Among the special speakers will be Mildred Sooy, of the class of 1924; Gwendolyn Warner, class of 1924, and who is president of the Girls' league; Ronald West, student body president; Ivan Dow will give some cornet solos and John T. Jenkins of the class of 1920, and who won the Southern California debates during that year, will give vocal solos.

As a special means of advertising this big meeting there will be a parade on Saturday night and during the day "Sandwich" men with large placards will promenade the streets.

The officers of the Christian Endeavor society are: Darrel Parker, president; Lyle McAllister, first vice-president; Graham Tinning, second vice-president; Ruth Jeckle, secretary; James Littell, treasurer; department directors, Mildred Thompson, property meeting; Harold Parker, lookout; Louise Daugherty, missionary; Mildred Sooy, social. The membership of the society is now 75 and regular meetings are held every Sunday evening at 6 o'clock. However, this special meeting will begin at 5 p. m.

### COMMUNITY PLAYERS' CHRISTMAS DANCE

The Christmas dance to be given next Wednesday evening by the Community Players in their club hall, 1428 South San Fernando road, will be their first big dance this season. A five-piece orchestra will furnish the music and Santa Claus will give favors to all the ladies present. The players will hold open house on this occasion, so that the usual invitation cards will not be necessary. A nominal sum to cover expenses will be charged on admission. An unusual feature, of interest to men and women who are not experts in dancing, will be a snappy dancing lesson given from 8 to 8:30 to all guests desirous of instruction. Regular dancing will begin at 8:30. Favors will be distributed at 10.

### CARL GANTVOORT TO SING TONIGHT FOR MUSIC CLUB

Tonight's concert of the Glendale Music club is anticipated, will have a large attendance of members. Carl Gantvoort, noted baritone soloist, is to be the concert artist in a program of varied interest. He will be accompanied at the piano by Maestro William Tyroler.

### THE OWEN EMERY'S HOSTS TO GROUP OF FRIENDS

Mr. and Mrs. Owen Emery of 610 Myrtle street entertained a group of friends at an informal card party on Thursday night. The guests included Mr. and Mrs. G. C. Cooper, Mr. and Mrs. Warren Roberts, Mr. and Mrs. Olin Anderson, Mr. and Mrs. L. H. Wilson, Mr. and Mrs. Jesse Y. Rea, Mr. and Mrs. E. U. Emery. First prizes for high score were awarded to Mr. and Mrs. Anderson, consolation prizes going to Mrs. E. U. Emery and Warren Roberts. During the evening refreshments were served.

### FINAL PLANS MADE FOR ST. MARK'S ANNUAL DINNER

Final plans for the annual parish dinner of St. Mark's Episcopal church were made at the regular business meeting of the guild held on Thursday with Mrs. A. A. Bassett in charge. The dinner is to be on January 3. At the meeting of the guild on January 10 the annual election of officers will take place. A committee composed of Mrs. B. O. Holbrook and Mesdames Farber, Atwood and Powers, was appointed to nominate officers.

There will be no guild meeting on December 20, the next session to be December 27.

### MAIDS AND YOUNG MATRONS ENJOY CHRISTMAS PARTY

Dressed as children, the members of the maids and young matrons section of the Tuesday Afternoon club enjoyed a real Christmas party on Thursday at the home of the curator, Mrs. C. G. Putham, 424 North Glendale avenue. Each guest brought a toy, a doll, which they dressed during the afternoon, and a covered-dish for the luncheon. Arrangements were in charge of Mrs. Toal. It was voted to give the toys and dolls to the King's Daughters, day nursery.

Children's games provided a great deal of fun. Luncheon was served in the unique Arztec room of the Putnam residence. There were two new members admitted into the section, Mrs. G. W. Jones and Mrs. Conkling. The next regular meeting of the section will be on January 10.

### THURSDAY CLUB TAKES IN \$100 AT RECENT BAZAAR

About \$100 was taken in at the annual bazaar and food sale held by the Thursday Afternoon club on Thursday. The exact net amount has not as yet been determined.

### MONTECITO SOCIAL CLUB MEETS MONDAY, DEC. 17

Next regular meeting of the Montecito Social club will be held on Monday, December 17, in the Community building auditorium at Sparr Heights. Among the business items scheduled for this meeting are adoption of by-laws, selection of committee chairmen, completion of plans for first dancing party, reports from ways and means and also membership committee. As the membership in this club is limited, applicants should get in communication with the secretary as soon as possible. The secretary is Chester R. Retberg, P. O. Box 597, Glendale.

### CHRISTMAS JINX NIGHT FOR ELKS MONDAY, DEC. 17

Plans are well under way for the annual Christmas jinx night of Glendale lodge of Elks No. 1289, to be held on Monday, December 17. The regular business session is to begin at 7:30 o'clock, instead of the usual hour of 8. It is anticipated that the business meeting will be over by 8:30 o'clock so that the program may begin before 9. Ray Galvin is chairman of the entertainment committee for the evening and is planning several boxing bouts and other athletic events.

### CONGREGATIONAL CHURCH TO HAVE MOVING PICTURES

Members of the First Congregational church enjoyed their regular monthly dinner, business and social session Wednesday evening, about fifty being present. The chief subject of discussion was the purchase or rental of a moving picture machine to be used at the Sunday evening service. The debate was general and the trustees were instructed to either purchase or rent a machine without delay. Because the annual meeting will be held in January when reports for the year will be submitted, no reports were called for at this session which was the main social one.

### DELIGHTFUL PARTY FOR GRAND VIEW DISTRICT P.-T. A.

A delightful party for the benefit of the Grand View P. T. A. was given Wednesday at the home of Mrs. Samuel E. Trowbridge, 1052 Linden avenue. The hostess was assisted by Mrs. A. G. Evans, Mrs. Guy Berryman and Mrs. C. A. Se League. Cards and games provided entertainment, the prizes being taken from the gifts donated. The balance of the gifts was auctioned off for the benefit of the association. Several beautiful vocal solos were contributed by Mrs. Se League.

Following the games, refreshments were served by the hostess, assisted by a group of friends from her former home, Hollywood, viz. Mesdames E. A. Thomas, S. B. Young, W. O. Abbott, George Schilling, E. G. Rostler, E. F. West, J. M. Bohannon, all of Hollywood. Other guests in attendance at the party besides those mentioned were Mesdames Guy W. Finney, P. T. Evans, F. S. Orth, Guy Berryman, George Hyne, J. Miller, Frank Ertel, E. M. Whiting, W. J. Seibert, J. W. Hartman, J. E. Howes, P. J. Wheldon.

**CERRITOS AVENUE TEACHERS GUESTS AT LUNCHEON TODAY**  
Teachers at the Cerritos avenue school were guests at a luncheon given at noon today by the room mothers and executive board of the Cerritos avenue Parent-Teachers' association.

### GLENDALE Y. L. I. GIVES HONOR DINNER PARTY

Miss Corbett of San Francisco, grand president of the Y. L. I., was the guest of honor at a dinner party given Thursday night at the Egyptian Village cafe by Glendale Institute Y. L. I. Mrs. Loebe of Los Angeles, district deputy, was also a guest. After the dinner the regular meeting was held at the K. of C. hall on East Lomita avenue, with Mrs. Frank Clark presiding. Initiation of new members and discussion of plans for future events were among the matters of business taken up.

Some time between Christmas and New Year's the Glendale Y. L. I. is planning to have a Christmas party, the exact time and place to be announced later. Also, shortly after the first of the year they will hold a dinner dance. Mrs. Frank Salmacla, Mrs. Zimmerman and Miss Eva Brehme, members of the institute and who have been ill, were greatly missed at the banquet.

### NAZARENE EVANGELIST DRAWING BIG CROWDS

Unusual interest and enthusiasm was manifest at the Thursday night services of the Nazarene evangelistic meetings. The sermon of Rev. Hatfield was taken from the narrative in the Bible telling of Christ's entry into Jerusalem. The musical program at the meetings is proving of special interest to those attending. Another feature in this campaign that is very gratifying to both Evangelist Hatfield and the other workers is the faithfulness in attendance of the young people.

There will be another meeting tonight at 7:30 o'clock and also on Saturday at the same hour.

### S. D. A. CHORAL SOCIETY TO BROADCAST CANTATA

The Choral society of the Seventh Day Adventist church will broadcast the cantata, "David, the Shepherd Boy," over radio K. H. J., Sunday afternoon at 3 o'clock. It will be directed by C. H. Jones, the church chorister.

### MEN'S BIBLE CLASS HOST TO LADIES' CLASS

The Men's Bible class of the First Congregational church entertained the members of the ladies' class last evening with a very unique program. The men did all the work this time, even to the table decoration. The dinner they served was delicious, and the ladies responded most graciously. Dr. Blanche acted in a very able manner as toastmaster. Very clever were the toasts made. Ralph Boyles gave "Greetings," and Rev. Calderwood, "Toast to the Ladies." Levi Chubcock gave a very strong talk on "Play the Game." Rev. Rider, teacher of the class, gave a fine toast. Mrs. R. N. Stryker, president of the Friendship class, and Mrs. W. Q. Widdows, teacher, responded to the toasts.

### MRS. HUDSON HOSTESS TO SALT LAKE EASTERN STAR

Mrs. T. H. Hudson of 640 North Central avenue was luncheon hostess on Thursday to the members of the Salt Lake Eastern Star club. There were 22 guests, all of whom had been friends at Salt Lake City and members of the Eastern Star chapter there. Mrs. Hudson was assisted in entertaining by Mrs. Roy Watsons of Glendale. Miss Ruth Hudson and Miss Grace Jennings assisted in serving. The guest of honor was Mrs. Amelia King, past grand matron of the state of Utah, O. E. S., who is in Los Angeles for just a few days before going to New York City to make her home. The guests were from Los Angeles, Long Beach, Santa Monica, Anaheim and other Southern California cities.

#### NOTICE OF INTENTION TO LEASE A PORTION OF THE SPARR HEIGHTS SCHOOL SITE

NOTICE is hereby given that the Board of Education of the City of Glendale has adopted the following resolution of intention to lease for two years the parcel of real estate herein described, being a portion of the Sparr Heights school site, to-wit:

#### RESOLUTION

Resolution of intention to lease a portion of the Sparr Heights school site as hereinafter described:

WHEREAS, the Board of Education of the City of Glendale, in the County of Los Angeles, State of California, is a Board of Education having jurisdiction over, and is the governing Board of the Glendale City School District which is the Elementary school district of the City of Glendale;

AND WHEREAS, said Board of Education of the City of Glendale is authorized to lease any real property

belonging to the Glendale City School District, upon which no public school is being maintained, upon compliance with the conditions of Section 181 1/2 of the Political Code of the State of California;

AND WHEREAS, said Board of Education of the City of Glendale proposes to proceed in accordance with the provisions of law and in compliance with the conditions of said section in the leasing of certain real property herein described; NOW THEREFORE BE IT RESOLVED, that said Board of Education of the City of Glendale in regular and open meeting hereby declares its intention to lease for the term of three years that certain parcel of real estate in the City of Glendale, County of Los Angeles, State of California, belonging to the Glendale City School District, upon which no public school is being maintained, and which is particularly described as follows, to-wit:

That portion of Lot 1, Block 38, Sparr Heights Tract in the City of Glendale, County of Los Angeles, State of California, located at the corner of Paloma and Downing Avenues, and having a frontage of 150

feet on each of said avenues.

The lessee of said real estate shall pay, therefor, in cash not less than Five dollars (\$5.00) per calendar month during the life of the lease.

The sum of Five dollars (\$5.00) shall be payable on or before April 1, 1924, and a like sum on the first day of each month thereafter during the life of the lease.

The lessee shall accept such lease with the agreement that the land herein described shall be used only as a green for the game of bowls and other similar games, and that any buildings erected on the site shall be only such as are necessary to such use.

The lessee shall further agree that this lease may be revoked by the Board of Education at any time that the land herein described may be needed for school purposes.

That a public meeting of said Board will be held at its usual meeting place, at 107 1/2 S. Brand Blvd., in said City of Glendale, Tuesday, Jan. 8, 1924, at 7:30 o'clock, P. M., at which time sealed proposals to lease said real property upon the foregoing terms will be received and considered. That said Board reserves the right

to reject any and all proposals, if it deem such action for the best public interest, and to abrogate this resolution.

BE IT FURTHER RESOLVED, that the above resolution be published once a week for three successive weeks in the Glendale Daily Press.

I hereby certify that the Board of Education of the City of Glendale in an open and regular meeting held on the 12th day of December, 1923, unanimously adopted the above resolution and that four members of said Board voted in favor of said resolution and no members voted against it.

## MR. S. CLAUS STRINGS A GULLIBLE DAILY PRESS SCRIBE

Mr. S. Claus, according to a recent interview at the North Pole, is seriously considering coming out of cold storage after the present holiday season and making his future home in Glendale.

"This Santa business isn't exactly what it's cracked up to be," he admitted. "I've been at it a long time and I know what I'm talking about. Of course, like every other philanthropy it has compensations, too.

"I am what you might call a self-made man," proudly declared Mr. Claus, pulling in his chest and throwing out his stomach.

"When I first started out in this business all my friends predicted that I would be a failure. My father wanted me to be a brewer and my mother wanted me to be a Baptist minister. Lots of my friends wanted me to take up blacksmithing. They said I had a physique which would make any horse ashamed. It's lucky I had or I never could have stood the strain. "You can't give kiddies something for nothing," they said. "They won't take it. You'll never get any customers."

"At first I thought they might be right and I went a little slow about drumming up trade. I soon found that my crane-hanging friends were wrong. The only way to get kids to take anything is to give it to them. Take for instance, spankings and castor oil.

"Although I did very little advertising, the number of my customers quickly multiplied many times. I was gratified by success but the prosperity nearly ruined me with work. You may think it is difficult to look after the wants of one or two children, but think of me with ten or twelve million youngsters on my hands.

"When I established this business, I had only sixteen reindeer, and an old sleigh which was so decrepit that I had to make all my deliveries at night. I now own stock in several steamships and control a fleet of motor trucks and a bevy of airships. Maybe you think my gasoline bill isn't enormous.

"Even at that I couldn't make delivery to all my new customers each year if Uncle Sam didn't help me. His mail service helps me out tremendously.

"Beyond question I now have the largest mail order business in the world. I also distribute my merchandise through every retail store in the United States. I have, to children are so unreasonable in their demands now. Boys are not content with toy automobiles and toy steamships any more—they insist on the most expensive automobiles and yachts; girls cry if they don't get grand pianos and wardrobe trunks. Imagine what a time I would have packing all this merchandise around the night before Christmas!

"That reminds me that I used to make all my own toys and dolls in an old shed back of the house. Now one of my factories occupies an entire iceberg. I've got over 10,000 gnomes working in my plant.

"Do I believe in system? I should say so. If I didn't keep a card index system, I would be getting my local and foreign customers mixed up. I have got over a thousand stenographers and typists. Did you ever notice that every time a newspaper mentions a girl disappearing she is always beautiful. Sure, I won't take them unless they are easy on the eyes.

"Why don't I sell out? Well, I'm going to, as soon as I can, but the responsibility is so great that every prospective purchaser wants me to pay him a bonus to take the job. Imagine being expected to bring happiness each year into millions of homes!

"My business used to be a monopoly. When the holiday season was over I used to be able to get a thrill out of the realization that I was the one and only Santa Claus. Now I've got imitators—scores of 'em. There are fake Santa Clauses everywhere.

"Another thing: You'd expect that parents would give me a little co-operation. Instead of that they shower their kids with presents all through the year so that Christmas doesn't have nearly the kick it used to when I was a boy. The youngsters nowadays have the "gimme" habit so well in hand that they make most every day Christmas.

"Even at that the kiddies are pretty good—especially just before the holidays. One little boy who lives in Glendale wrote me the other day that he would leave a nice bowl of jelly for me on the parlor table. Of course that will be thoughtful of him. He doesn't know that I am trying to reduce and am on a diet. Fact is I eat scarcely anything except snow-broth and blubber. Oh, maybe once a day I eat a couple of reindeer steaks and a seal stew but not much food to speak of.

"The thing that hurts worst, though, is the underhanded work of my enemies. Every spring I hear some heartrending tale about some innocent child having had its faith in me ruined because somebody tells him that there is no Santa Claus. If I had time, I'd like to visit all those children and make their acquaintance. Then, I guess they'd know better.

"I've been thinking of retiring for a long time, but I'm afraid my successor wouldn't look after the youngsters properly. I hate to think of any of them waking up Christmas morning to find their stockings empty. Maybe I had better stay on the job another season, anyhow."

One cook often spoils the broth as completely as too many.

## EAGLE ROCK NOTES

The St. Barnabas Episcopal Guild is holding a Christmas bazaar and chicken dinner today. The dinner will be at 6:30. Every one is invited to attend, as this will be a good opportunity to get Christmas presents. It will be held at the Women's clubhouse.

All the Los Angeles policemen have been taking their intelligence tests at the University of California, Southern Branch, the past two weeks. The tests are the same as those used in the army. Several psychologists have been assigned to this task, and Eagle Rock's police department is well represented. This work is largely done for experimental data.

Rules of the contest for a prize offered by the Chamber of Commerce for the best essay on "Selling Eagle Rock," are as follows: Essay must not be more than 500 words, and shall be in the hands of the Chamber of Commerce by January 15. Twenty-five dollars will be paid to the winner. The contest is open to everyone.

If the plans go through that prominent citizens are working upon a regular High school will be established in Eagle Rock within the next three years. The Junior High school will probably be combined with the Senior High, and the location is not expected to be made public until after the bond issue has been voted on next spring. This is all speculation, and depends, of course, entirely upon the results of the vote on this bond issue. The chances for these buildings look rather good. The installation of plumbing facilities for 800 pupils at the Central school has been asked for; also an increase in size of the buildings and grounds to accommodate all the pupils of the Dahlia Heights school system, from the kindergarten to A 8; and the same for the San Rafael school district. A new site for the first four grades in the south end was also asked for, but no action is expected to be taken by the school board at the present time.

The Men's Brotherhood of the Presbyterian church certainly put on a fine banquet last night. The affair was very largely attended by the residents of Eagle Rock. The students after the dinner gave a little story on the boosting of Southern California. It seemed that a man from Los Angeles went to the Hawaiian Islands. On arriving there he was shown the mountains, and all he said was, "You should see Mount Lowe." Next the natives showed him some of the bathing beauties, but without hesitation he answered, "We can beat that at Venice." Then they thought they would stump him for fair, and showed him a big volcano. He looked long and thoughtfully at the seething mass of lava, and then said: "Well, we've got a water system in Los Angeles that will put it out in less than two minutes."

Dr. Boyd of the Immanuel church brotherhood of Los Angeles then was introduced, and spoke of the endowment fund which all the Presbyterian churches in the state are starting for Occidental college. Ten thousand dollars is the present goal. The idea is to help those who need the loan of a few hundred dollars while they are in college, same to be returned when they have finished.

Dr. Shedd, head of the Physics department, then gave a brief talk on the keeping of history and science apart. He then introduced Dr. Millikin, the foremost scientist in the world and winner of the latest Nobel peace prize, who delivered a masterly speech.

All of the organizations of Highland Park are asked to come together and join in spreading the Christmas cheer to the kiddies of this district on December 22, at the Arroyo Seco clubhouse. This includes members of all the churches, lodges, clubs, societies and everyone else who might possibly be interested. It will be a real service to the community, as it aims to help those who need it in this district and close by. The Santa Claus committee is the most important of all, of course, and Mrs. Grace Moore of the Highland Park News is the chairman. Committees from all the organizations have been named to help her. The next meeting of the committees on arrangements will be held next Wednesday at 8 o'clock in the Arroyo Seco clubhouse. A finance committee has been named which will take care of any money gifts. Mr. Wolgamut of 5506 Pasadena avenue is chairman of the finance committee. Dr. Windmueller, who has an office in the Security Trust and Savings bank on Pasadena avenue is chairman of the program committee. Any one living in the vicinity of Occidental college who is interested in this work of spreading good cheer among the kiddies is asked to communicate with Mrs. Collins. Her address is 1549 Hazelwood avenue.

The picture show will be given in the Buchanan street school tonight. This is for everyone, and there will be an admission price of 15 cents.

### ANOTHER DELICIOUS BARBECUE NEXT SUNDAY

Another of those roilingly delicious barbecues will be given absolutely free at Burton Heights next Sunday. This should mean something to the fellow who is fond of barbecued meats, (done to a turn), Spanish frijoles, (that almost melt in your mouth), salad (that cannot be surpassed), coffee (like mother used to make), and all the other "fixins" that naturally go with one of Joe Romero's celebrated feeds. The barbecues that have been given at this tract have been enjoyed by hundreds of people from

Glendale and the surrounding territory. These folks have gone away singing the praises of the capable Spanish chef that prepared them and the owners of this tract who made them possible.

Next Sunday will be a repetition of the feeds that have already been given. There will be a big crowd on hand and unless you want to stand in line you will have to be there early. It will be served at 1 o'clock.

Burton Heights is located in the heart of the beautiful La Crescenta valley, which the government has declared the healthiest spot in the entire country. It commands a wonderful view of both mountain and valley. The lots are large and just the place for that "dream home."

"Run out to this tract," said L. H. Wilson, one of the subdividers, this morning. "Stand on one of

these grape-covered lots and look about you. To the north are the wonderful Sierra Madra mountains, to the south the evergreen Verdugo, to the east the La Canada and Montrose country, to the west Sunland and Tujunga. Take in these scenes and you will not wonder why 54,000 worth of property was sold the first day."

This tract is being subdivided jointly by Wilson & Burton, San Fernando and Central, and Twining & Myers, 227-A South Brand, both prominent firms of realtors of Glendale. The prices on the lots are right and the terms could not be easier.

The La Crescenta valley is the home of John S. McGroarty, the famous poet, who speaks of it as follows: "It is the garden spot of the world. God kissed this wonderfully favored section. He caressed it with his unspeakable love. His

smile bestowed upon it health-giving qualities, a peace that has come to abide, a quiet restfulness that cannot be surpassed."

This tract is a part of the famous Toschke ranch which has for years been noted for its wonderful grapes with which it is covered. It is located on Pennsylvania avenue, near Michigan boulevard, on a mammoth knoll which commands a view for miles around.

To get to Burton Heights drive out Verdugo road to Honolulu avenue in Montrose and continue on Honolulu to the tract office on Pennsylvania, just south of Michigan boulevard, or take Glendale-Montrose car and get off at Pennsylvania and walk one block north.

Several thicknesses of newspaper laid between the bedspring and mattress are equal in warmth to another mattress.

Modern Version of New Testament

By EDGAR J. GOODSPEED

THE GOSPEL ACCORDING TO LUKE

where for him among their relatives and acquaintances. As they could not find him, they went back to Jerusalem in search of him. And on the third day they found him in the Temple, sitting among the teachers, listening to them and asking them questions, and everyone who heard him was astonished at his intelligence and at the answers he made. When his parents saw him they were amazed, and his mother said to him: "My child, why did you treat us like this? Here your father and I have been looking for you, and have been very anxious."

He said to them, "How did you come to look for me? Did you not know that I must be at my Father's house?" But they did not understand what he told them. And he went back with them to Nazareth and obeyed them. And his mother treasured all these things up in her mind. As Jesus grew older he gained in wisdom and won the approval of God and men.

In the fifteenth year of the reign of the Emperor Tiberius, when Pontius Pilate was governor of Judea, and Herod governor of Galilee, while his brother Philip was governor of the territory of Iturea and Trachonitis, and Lysanias was governor of Abilene, in the high priesthood of Annas and Caiaphas, a message from God came to Zechariah's son John in the desert. And he went all through the Jordan Valley preaching repentance and baptism in order to obtain the forgiveness of sins, as the book of the sermons of the prophet Isaiah says,

"Hark! Someone is shouting in the desert Get the Lord's way ready! Make his paths straight. Every hollow must be filled up, And every mountain and hill leveled. What is crooked is to be made straight, And the rough roads are to be made smooth, And all mankind is to see how God can save!"

So he would say to the crowds that came out there to be baptized by him,

"You brood of snakes! Who warned you to fly from the wrath that is coming? Then produce fruit that will be consistent with your professed repentance! And do not begin to say to yourselves, 'We have Abraham for our forefather,' for I tell you, God can produce descendants for Abraham right out of these stones! But the axe is already lying at the roots of the trees. Any tree that fails to produce good fruit is going to be cut down and thrown into the fire."

The crowds would ask him, "Then what ought we to do?"

And he answered, "The man who has two shirts must share with the man who has none, and the man who has food must do the same." Even tax-collectors came to be baptized, and they said to him,

"Master, what ought we to do?"

He said to them, "Do not collect any more than you are authorized to." And soldiers would ask him, "And what ought we to do?" He said to them, "Do not extort money or make false charges against people, but be satisfied with your pay."

As all this aroused people's expectations, and they were all wondering in their hearts whether John was the Christ, John said to them all,

"I am only baptizing you in water, but someone is coming who is stronger than I am, whose shoes I am not fit to untie. He will baptize you in the holy Spirit and in fire. He has his winnowing fork in his hand, to clean up his threshing-floor, and store his wheat in his barn, but he will burn up the chaff with inextinguishable fire."

So with many varied exhortations he would preach the good news to the people, but Herod the governor, whom he condemned because of Herodias, his brother's wife, and all the wicked things Herod had done, crowned them all by putting John in prison.

Now when all the people were baptized and when Jesus also after his baptism was praying, heaven opened and the holy Spirit came down upon him in the material shape of a dove, and there came a voice from heaven,

"You are my Son, my Beloved! You are my Chosen!"

Jesus himself was about thirty years old when he began his work. He was the son, it was supposed, of Joseph, the son of Eli, the son of Matthat, the son of Levi, the son of Melchi, the son of Jannai, the son of Joseph, the son of Mattathias, the son of Amos, the son of Nahum, the son of Esli, the son of Naggai, the son of Maath, the son of Mattathias, the son of Semein, the son of Joseph, the son of Joda, the son of Johanan, the son of Resa, the son of Zerubbabel, the son of Salathiel, the son of Neri, the son of Melchi, the son of Addi, the son of Cosam, the son of Elmadam, the son of Er, the son of Jesus, the son of Eliezer, the son of Jorim, the son of Matthat, the son of Levi, the son of Symeon, the son of Judah, the son of Joseph, the son of Jonam, the son of Eliakim, the son of Melea, the son of Menna, the son of Mattatha, the son of Nathan, the son of David, the son of Jesse, the son of Obed, the son of Boaz, the son of Sala, the son of Nahshon, the son of Admin, the son of Arni, the son of Hezron, the son of Perez, the son of Judah, the son of Jacob, the son of Isaac, the son of Abraham, the son of Terah, the son of Nahor, the son of Serug, the son of Ragau, the son of Peleg, the son of Heber, the son of Shelah, the son of Cainan, the son of Arphaxad, the son of Shem, the son of Noah, the son of Lamech, the son of Methuselah, the son of Enoch, the son of Jared, the son of Maleleel, the son of Cainan, the son of Enoch, the son of Seth, the son of Adam, the son of God.

Jesus returned from the Jordan full of the holy Spirit, and he was led about in the desert for forty days by the Spirit, and was tempted by the devil. In all those days he ate nothing, and when they were over he was famished. And the devil said to him,

"If you are God's son, tell this stone to turn into bread!"

Jesus answered, "The Scripture says, 'Not on bread alone is man to live!'"

And he took him to Jerusalem, and made him stand on kingdoms of the world. And the devil said to him,

"I will give you all this power and their splendor, for it has been turned over to me, and I can give it to anyone I please. If you will do homage before me, it shall all be yours."

Jesus answered, "The Scripture says, 'You must do homage before the Lord your God, and worship him alone.'"

And he took him into Jerusalem, and made him stand on the summit of the Temple, and said to him,

"If you are God's son, throw yourself down from here, for the Scripture says, 'He will give his angels orders about you, to protect you,' and 'They will lift you up with their hands, so that you may never strike your foot against a stone.'"

Jesus answered, "We have been told, 'You shall not try the Lord your God.'"

And he said to him, "If you are God's son, throw yourself down from here, for the Scripture says, 'He will give his angels orders about you, to protect you,' and 'They will lift you up with their hands, so that you may never strike your foot against a stone.'"

Jesus answered, "We have been told, 'You shall not try the Lord your God.'"

And he said to him, "If you are God's son, throw yourself down from here, for the Scripture says, 'He will give his angels orders about you, to protect you,' and 'They will lift you up with their hands, so that you may never strike your foot against a stone.'"

Jesus answered, "We have been told, 'You shall not try the Lord your God.'"

THE LISTENING POST

By James W. Foley

Here, Youth, cometh the beginning of the year. And the beginning of new things if we will. For with the beginning of the year ought to come the beginning of new things.

If the old things are not such as they should be.

There are many ways reaching out from where we stand.

There is the way of industry. The way of things achieved.

The way of useful service rendered.

The way of days of toil and nights of gladness and rest and sleep.

For if there be no toil then there can be no rest.

Idleness is not rest. It is rust.

The idler rests not at all. He frets and consumes himself.

Wears himself out with wishing. And at last goes to the rubbish pile like an old hoop or a tin can.

So the way of industry is good. It is a way of pleasant walks and thrifty lawns and comfortable cottages and happy children.

It is the way of peace of mind. The greatest treasure in the world. And the one known the least.

Then there is the way of friendliness. That is a delightful way as well.

The way of the kindly deed and the helping hand and the gentle word.

The way of friendliness. Of kindness and forgiveness and understanding.

And there is the way of smiles. Of good natured struggle. Of fair purpose and wholesome resolution. Of a fine spirit of give and take. A very good way to travel often.

Preaching grows stale, you say. True enough. Yet it is better to preach a lot and practice a little than to preach none and practice not at all.

And all of us need to be stirred up and stiffened up. To have the spirits of us inspired with new resolves.

So make new resolves. Even if they be broken. For if they are broken we can make them again.

And if we never make them, we stand always empty spirited.

A resolve kept for a day is better than no resolve kept at all. And Browning says that he loves a man for what he wishes to be rather than for what he is.

Resolve signifies a wishing to be something better or greater.

So here are the ways of industry and friendliness and smile. Let us walk them. And perhaps sometime find that treasure, Peace-of-Mind.

Love was her guardian Angel here. But Love to Death resign'd her; Tho' Love was kind, why should we fear But holy Death is kinder?

ANGER

By DR. FRANK CRANE

There is no anger like the anger of a man who knows he is in the wrong.

The lust to fight, to settle a difference by blows, is keenest when we are conscious that we are not competent to settle it by reason.

The wars of the world have not been for human rights, they have been due to the petulance caused by the knowledge of being in the wrong. The war of 1861 was not a war to stop slavery; it was a war to perpetuate it, a war that failed.

The significance of every war is not to be found on the side of the conqueror, but of the conquered.

Anger is always a sign of weakness. It is our irritation at our own impotence. It is the fire of the spirit blazing up against the inevitable.

When we know we are superior, when we are conscious of greater power than our adversary's, we are always calm.

When the mother gets into a passion, scolds the child, weeps or shows irritableness, she is lower, weaker than the child; and the child knows it.

Anger is always against what is or seems stronger than ourselves. Jesus grew indignant toward but one class, the Pharisees. That was because the eternal Pharisee is the only dangerous enemy to sense and goodness. Smug, self-righteous conventionalism is far more formidable than all the seven deadly sins.

The military preparedness of the nations is the outward sign of their inward consciousness of fear and injustice.

This sheds light upon the real reason that underlies the command of non-resistance. We do not "turn the other cheek" because we are molly-coddles or timid or slavish in spirit. Really it is because it is not worth our while to strike back.

People who are always going about getting even with those who have wronged them

EASTERN POINT OF VIEW

ALLEGIANCE TO THE FLAG [New York Tribune]

It must be confessed that it is difficult to sympathize with those "conscientious objectors" in Kansas who refuse to let their children in school salute the American flag and join in the pledge of allegiance to it. Their action impresses one as altogether illogical and grossly ungrateful to boot.

They explain that their religious faith forbids participation in war and that they regard the flag as an emblem of war, and, indeed, patriotism itself as a glorification of war—following Tolstoy's dictum that "patriotism is the greatest of crimes." Yet they are citizens of the United States, sworn to allegiance to its constitution and laws and enjoying their protection. Thus they give allegiance to the thing itself, but withhold it from its visible emblem. Either that or their citizenship is a hypocritical fraud.

Their pretense that the flag is an emblem of war is, of course, quite unfounded. It is true that it has been employed as an emblem of war, but ten times as much it has been an emblem of peace. It bears no militant device whatever, but, on the contrary, was actually designed as an expression of peaceful aspirations and intent.

The ingratitude of these "conscientious objectors" is seen in the fact that they or their fathers came to this country as refugees, fleeing from a government which refused them religious liberty and seeking an asylum where they would be free to worship God as they pleased. They have for half a century enjoyed that asylum and that liberty, and now they refuse to let their children honor the flag under

which they have such freedom. For such conduct there is no justification.

Truths in Epigram

Enjoy the present, whatever it be, and be not solicitous about the future.—Jeremy Taylor.

Grace is to the body what good sense is to the mind.—La Rochefoucauld.

A talent may be perfected in solitude, a character only in the world.—Von Goethe.

It is said that President Coolidge intends to pardon the political prisoners. These are defined sometimes as "those who are still serving penitentiary sentences for expressing their views when the United States went to war with Germany." The definition, however, is not correct. In a strict sense there are no political prisoners in this country. The right to utter an opinion is not inhibited. Had it been, certain newspaper editors of prominence would have been placed behind the bars. Senator La Follette and others of his stripe would have been arrested, tried and condemned.

The men sent to prison as political prisoners were not sent on account of their opinions but of their acts. In many ways they had given aid and comfort to the enemy. They had acted as spies. They had interfered with conscription. They had urged men of military age to evade service, and showed them how to do this. Their crime was not that they preached disloyalty, but that they sought to put the principles of disloyalty into practice. In the case of citizens, such conduct might have been construed as treason, and the penalty fixed at death.

However, there is a feeling that the prisoners have had a severe lesson, and that, given their liberty, they no longer would abuse it. Therefore the plan of pardoning them, or all but the ones known to be more dangerous, is not likely to excite protest. It is to be remembered that the late President Harding, a man of broadest sympathies, had looked into the matter with the desire to exercise clemency, and in instances he deemed worthy, did exercise it. The proviso as to several was that upon leaving prison they should be deported. This was not because they had expressed opinion, but because to the extent of their several powers, they had sought to destroy the government that has made the mistake of harboring them.

HORTATORY FEMALES

By ESTELLE LAWTON LINDSEY

While we are considering the flattening out of the feminist movement we'd better take account of a habit that women have brought over into public life from the nurseries in their homes.

I refer to their desire, too often offensively expressed, to scold public officials and public service agents of various kinds, much as they scold their children. This gets them nowhere, but it does bring the sex into contempt.

No one can in justice object to a constructive criticism coming from any source, but I am not referring to constructive criticisms. I refer to scoldings accompanied by threats. Maternal chastisements, the shaking of figurative rods before the eyes of representatives elected by many people to perform public duties which they are assumed to understand.

The editors of newspapers and magazines come in for their share of these absurd scoldings and few writers escape being lined up every so often and told what some member of the Mothers' Mutual Punishment club thinks of them.

I've seen members of city councils ordered about like lackeys by women who had no idea why the councilmen acted as they did, but were determined to "show them their places" or "let them know what we think."

Recently I heard one sarcastic official say to a woman:

"Madame, I shall be delighted to know what you think if by any fortuitous circumstances you should ever be caught thinking."

This passage at arms took place because during a public hearing on a subject that the official knew backwards, forwards and every way from the middle he excused himself for a moment to fill a business engagement in the lobby of the city hall.

No sooner had he left than a corpulent and pompous dame rushed after him and demanded that he return. He answered her courteously, merely saying:

"I have been listening to that argument for at least five years and I can repeat it verbatim."

"But it's your business to listen," she shrilled. "I voted for you and I thought you ought to know what I think."

The result was the crisp bit of sarcasm quoted above and a distinct decline in the mind of the official of such respect as he had held for women in politics.

Ladies, I worked and voted for you when you sought the franchise and I therefore feel at liberty to remind you that broadened fields of activity call for broadened methods of thinking. You can't scold and forgive those who are doing the work of the world as if they were in pinafores. You merely make the sex ridiculous when you attempt it.

I have a heap of respect for Tad Burgin. I really have. He is one of those earnest, conscientious, devoted cusses who manages to fool himself. He hasn't fooled me, and I'll bet he hasn't fooled his wife. But I respect him, at that.

"I'm saving every cent," says Tad in the bridge car yesterday, "so I can buy a Christmas present for my wife."

"Yeh?" I asked. "I've heard it before. 'Going to buy her another bond, hey?'"

"Uh, huh," said Tad, happily. "He beamed like a new laid sun. 'This will make four bonds I've given her. Some nice little nest egg, isn't it?'"

I haven't any excuse to make for my conduct. Except that I have a cold in the head and my bones ache and my eyes feel as though they had been fried in deep fat. Under such conditions it always does me good to pick a fellow man and spoil his day for him. So I spoiled Tad's.

"You poor pruney," I said, "you're not giving your wife a present. You're cheating her out of what is coming to her and you are putting another bond to your credit at the bank. When your wife leaves you—"

"Aye," says Tad, startled. "Aye? When she leaves me?"

He didn't mind my calling him a pruney, because he is one of the self-confessed and self-righteous sort who can never be insulted by a person of lower standing, and all persons are of lower standing. But he hated to hear that his wife thought of leaving him.

"For four years now," I said, "you have pretended to give her a present. But you haven't. You have given her a bond. You might just as well have given your wife a strip of wall paper for a present."

The trouble with Tad is that he is so earnest and conscientious and devoted that he forgets that the wife is entitled to a little pleasure as she goes through life. A pair of two-dollar silk stockings now may please her more than a fourteen dollar night cap when she is eighty years old.

THE WRONG POLICY

An editor of Seattle has been censured by commercial bodies for an attack upon San Francisco and Los Angeles. Probably he had been inspired by the

thought of benefiting his own city. He should have known that there is nothing very convincing in the plaint of jealousy. The two California cities were accustomed to exchange gibes in other days, but they perceived the folly of the course, and adopted the wiser one of co-operation. The residents grasped the fact that in an acrimonious rivalry there could be no profit. The municipality that whined would be confessing inferiority. Besides, the state is so large that two great centers, each with a harbor, are essential to its proper development. There are points in which each city will excel the other, but as they work, each in the advancing of its own best specialties, they are contributing to the good of the commonwealth, helping the communities about them, and promoting the aggregate wealth and well being of the coast.

Seattle has no reason to quarrel with either of them. It has its own peculiar advantages. It has a vast territory upon which to draw. It bears a more intimate relation to Alaska than may be claimed by any other port. It has a good chance at Oriental trade. Down this way there is a growing habit of encouraging tourists who visit California, to make the trip one way through the northwest. If they see there that which attracts them to stay, the southwest has not the least objection to interpose. There is no reason for this prosperous region to begrudge prosperity to another region. And there is not the slightest disposition to abuse the editor. He made a mistake, but likely his readers have caused him to be aware of it before now.

SPORT - O - GRAMS

By FRANCIS W. READ

Now that football season is over and the gridiron game is gone for the year with the exception of the New Year's game between Washington and the Navy, thoughts of athletic fans in the colleges and universities as well as the preparatory schools are turning to basketball. The well known casaba game will hold the spotlight for a month or so, and then will give way to track, which, after heading the center of the stage for a short time will be supplanted by baseball. The horseshoe sport will hold forth throughout the summer months until football comes in again.

There are many among the followers of sports who do not properly appreciate the importance of basketball or recognize the importance of the game. There are still those who regard it as a sort of filler between football and track. The truth of the situation is that there is no livelier, more fascinating game from the point of view of the spectator than basketball. This fact has been demonstrated by the tremendous amount of support given basketball by the students of the various institutions.

The colleges and universities in this part of the country are enthusiastically behind basketball. They hold the game for the most part in the evenings in the college gymnasiums and play to capacity crowds. At several games played by the University of California, Southern Branch last season it was necessary to delay the start of the game for more than 15 minutes in order to clear the floor of the crowds that overflowed from the galleries. The rest of the season the only way the floor was kept free was to limit the attendance at the games. Those who came after the stands were filled were out of luck.

Several games that attracted considerable attention were played in Los Angeles last season. The University of California Southern Branch, for the last three years holders of the conference melon title, took on the University of California quintet from Berkeley. This was one of the four defeats suffered by the Cubs in a season of more than 15 games. The University of Arizona basketball team came here to take on the Cubs. They broke even in two games, and also in a return series of two games played at Tucson. Then the Wildcats played the U. S. C. Trojans a four-game series and downed them three times out of the four. The University of California and the U. S. C. Trojans also mixed things up in local games.

MANY BOYS COME OUT FOR CASABA PRACTICE

Nucua's baby Casaba tossers started tossing ringers last Monday afternoon. Every thing looks promising for the tossers of the casaba. Last year's first team has answered to this year's roll call. Last season the Glendale jet smeared up the central league, that is, all but Alhambra and South Pasadena, who defeated Glendale by mere luck. Archie Neel will do his stuff at center again this year. Archie is that nice, tall, slender and handsome lad whom the girls all well for. Lovell, the all around lightweight star, and Stearnman chase will again take their places at forward. Muff and McAllister will guard the loops against all comers. A half hundred enthusiastic students turned out for basket ball practice when the first call sounded through the school. Coach Butterfield intends to cut the knock down to about 15 men.

colleges promises to be interesting. The Cubs have a real team, capable of winning another conference championship, while the Occidental Tigers will probably run them a close race and may perhaps take the championship. Pomona, Redlands, Whittier and Caltech look good also. Over at U. S. C. prospects are exceedingly bright for the coming year.

If there are any readers of this column who have never considered basketball as a real sport, they should take in some of the games this season at the local colleges. We are of the opinion that they will reverse their decision in regard to the hoop game after attending a contest or two.

WHITE SOX PLAY TOOLMAKERS ON LOCAL DIAMOND

After having absented themselves from the vicinity of their home town for the space of two weeks, the Glendale White Sox baseball team will meet the Union Tool nine Sunday afternoon in the Glendale baseball park on San Fernando road. It looks like it is going to be a hard game for Mike Donlin's crew, for the Union Tool boys are one of the snappiest bunch of baseball players in the Three A league.

The White Sox have undergone a shakeup, and should make a good showing before the home fans Sunday afternoon. Donlin will put the boys through a stiff workout tomorrow afternoon in order that there may be no doubt in his mind that they are ready to meet the tool makers. Hap Callard, a recruit who hails from the northern part of the state and looks like an athlete of great promise, will get the hurling assignment from Donlin. Haycox will leave for the Union Tool team.

GOVINA CASABA TEAM STARTS OUT EARLY

GOVINA, Dec. 14.—The local high school opened its basketball season by defeating El Monte high school 30 to 10, at Covina yesterday. The Covina lightweight team won from the El Monte team 20 to 9. Lineup of the heavyweights game:

Table listing players and their positions for the Covina team.

CASABA PRACTICE STARTED WED.

Casaba men came out last Wednesday evening for their first night's practice. Quite a good sized mob turned out.

A good many of the football fellows have stated that they will come out for basketball. This means that practice will be a bit rough for the first few days.

Almost a new team will have to be picked this year for last year's quintet was broken up by graduation. However this will not make much difference to Coach Hayhurst for look at what he did with a practically new football team this year. Arrangements are to be made in regard to holding games and practice in our old gym when we move to our new plant. As there is no gymnasium or equipment in the new building we will probably have to continue all of our athletic activities in the old institution.

Breezy Elliott, who played a classy game at center on last year's five, is this year's captain. Morrison, Phillip, Brucker, Denny and Zaun are expected to make competition keen this year for positions. The rest of the fellows on the squad who are not so familiar with the game are eager to learn and should be a great help to coach in whipping a five into shape.

So the fighting spirit which put Glendale on the football map will be right with the basketball team. This means an unusually bright future for Glendale in the "casaba circles" this year.

FOXES FED ON WHALE MEAT

CORDOVA, Alaska, Dec. 14.—Dr. W. W. Council, a surgeon of this city who is interested in a fox farm on Green Island, 100 miles southwest of here, has ordered a whale boat built. Whales will be captured for the foxes to eat, so that feed bills on the farm may be slashed. The boat will be 26 feet long, will have a gasoline motor and carry three harpoon guns.

DYNAMITERS' GREAT SEASON REVIEWED

Monday night's football banquet marked the close of Glendale's most glorious and successful season of the major sport in the history of the school. Never before has an eleven bearing the Red and Black colors climbed to the final playoff of the Southern California championship. The spirit of the team this year has been the chief cause for their wonderful record.

Although our Dynamiters lost the Long Beach game and with it the chances for further ventures everyone is just exactly as proud of them as if they had won. There are absolutely no alibis or excuses for the defeat and it is hoped that every member of the student body will accept defeat and it is hoped that every sportsmanship. The members of the team fought their cleanest and hardest game and have proven themselves to be good losers. According to the records of a Los Angeles paper the Dynamiters made 350 yards through the Jackrabbits' highly-touted forward wall and the beach eleven could only register 230 yards through the lighter Glendale line. This alone speaks for the fighting spirit of our "bomb throwers."

After the Long Beach fracas last Saturday the first eleven men of the varsity squad were banqueted by a well known fraternity, of U. S. C. Coach "Gloomy" Henderson was among those present and highly praised our Dynamiters and their "never say die" spirit.

The substitutes this year were exceptionally good and were an important factor in developing the eleven. Whenever it was thought necessary the subs could be relied upon to give the varsity bunch a stiff scrimmage. Many of them will be back next year to take the places of the graduating Dynamiters.

The fellows who have donned the football togs for the last time in high school are: Captain "Romie" West, Cyril Walton, Howard Elliott, Angelo Brucker, Masaru Horii, Arden Gingery, Harry Murphy, Donald Dietrich, Jack Offut, Eric

Bradner and Irvin Carver. This announcement has a sad side to it but the fellows rejoice in the fact that they have set up a wonderful example for the Dynamiters that follow.

Although athletics in the school are not put on a financial basis it might be fitting to state that financially also, this season has been the most successful in the history of Glendale high.

ANAHEIM TEAM QUILTS LEAGUE IN HOT SCRAP

Owing to the fact that the Anaheim ball club was unable to get away with a violation of the players' eligibility rules in the Triple A division of the winter league, Manager Vic Ruedy has withdrawn the club from the circuit, according to Vice President Harry Hennessy. Jimmy McDowell, who was bought by the Vernon Tigers from Wichita a short while back, caused the rumpus by signing to play with Sawtelle and then jumping to Anaheim.

Larry Arnold, owner of the Sawtelle outfit, declares that he refused to give McDowell his release when he learned that Anaheim offered McDowell more money. Ruedy claimed that he would withdraw his club from the league if he could not use the services of McDowell.

"COMALT"

Comalt as a beverage, or in any of the many ways you wish to use it, is shown by analysis to contain ONLY the most nourishing food elements possible to obtain. Comalt is a food in itself—something your doctor will advise the use of in your daily menu.

ANALYSIS Made by Smith-Emery Company, Los Angeles, Calif., Nov. 26, 1923.

DETERMINATIONS Fat by weight.....1.62% Calories, by weight.....84.0 per ounce

"COMALT"

Comalt as a beverage is both a food and drink.

Two tablespoons of Comalt Syrup to 1 cup hot water makes a delicious hot chocolate.

1 1/2 ounces Comalt Syrup in a 6-ounce glass cold water makes a delicious chocolate malted milk. Mix thoroughly with spoon or use lemonade shaker.

COMALT BREAD PUDDING

1 pint sweet milk. 1 cup bread crumbs. 1/4 pint Comalt. Pinch salt. 2 eggs. Butter baking dish. Mix milk with Comalt Syrup, beat eggs lightly, adding eggs and bread crumbs; bake in moderate oven same as bread pudding.

COMALT ICE CREAM

1 quart whole milk. 2-3 pint Comalt Syrup. 1 teaspoon vanilla. Mix thoroughly, put in ice cream freezer and freeze same as any ice cream. Makes very delicious chocolate ice cream, doing away with all the old trouble of melting chocolate, etc.

COMALT CHOCOLATE CANDY FUDGE

Rinse pan in cold water; use 8 ounces Comalt Syrup; bring to boil over slow fire; when syrup forms soft ball in glass of cold water take off, beating few minutes; pour in buttered dish and let stand until hard; usually takes 10 to 12 minutes to cook.

Comalt Syrup made as caramel icing poured over almond, peanut or raisin with pinch of salt makes the most delicious and wholesome candies.

COMALT PIE

Use same recipe as Comalt Boiled Custard. Make pie crust shell first; let cool and fill with custard, using the whites of the eggs for the top. Put in oven and brown lightly.

Comalt Syrup used on any cold custards or plain boiled rice adds to the appearance and food value.

Comalt Syrup poured over plain vanilla ice cream, sprinkled with nuts, makes a delicious sundae.

Comalt caramel icing, put on any good plain cookies, adds calories to your children's lunches.

COMALT BOILED CUSTARD

3/4 pint sweet milk. 1/4 pint Comalt. 2 egg yolks. 3 level tablespoons corn starch. Put milk, mixed with Comalt, in double boiler; let come to boiling point; beat egg yolks and dissolve corn starch with little milk; mix together, pouring all into double boiler; let stand 3 minutes and pour out to cool. If put in moulds and served with whipped cream makes a very attractive dessert.

COMALT CAKE

1 ounce butter. 2-3 cup Comalt Syrup. 1-3 cup sugar. 2-3 scant cup water. 2 eggs. 2 cups pastry flour. 3 level teaspoons baking powder. Pinch salt. 1 teaspoon vanilla.

Cream butter with sugar, add eggs, Comalt and salt; mix well; sift flour twice, measure first, adding the baking powder; sift again, add one-third flour and baking powder, beating the batter well after each addition, adding water and vanilla last. Bake in layers or loaf as desired in moderate oven. Loaf cake requires from 35 to 45 minutes baking. Use any icing or serve plain.

One-half cup chopped dates or raisins added to this recipe makes a very delicious cake.

COMALT CHOCOLATE CARAMEL ICING

The amount of Comalt Syrup depends on the size of cake you wish to ice. For the ordinary two-layer cake, rinse pan with cold water; use 4 ounces Comalt Syrup; put over slow fire, stir to keep from sticking; cook 8 minutes; take off, beating until right consistency to spread on cake.

## BURTON HEIGHTS

Over \$54,000 worth of property was sold in BURTON HEIGHTS on opening day. Some record for a single day. Stop a moment and ask yourself "WHY." There must be a reason. Run out to the tract. Stand on one of those grape vine-covered lots and look about you. To the north are the wonderful Sierra Madre mountains; to the south the ever-green Verdugos; to the east Montrose and La Crescenta country; to the west Sunland and Tujunga. Take in this wonderful all-direction view and you will not have to ask the question, "WHY."

The continuous panorama will captivate you; the nearness to nature will grip you; the wonderful health-giving climate will enthrill you.

You will then see why dozens of home lovers select BURTON HEIGHTS as a location for their future abode. You will know why they consider this the "cream" of Southern California.

BURTON HEIGHTS is located in the heart of the La Crescenta Valley—the section that is "going." So appealing are the homesites in this tract that it was almost half sold out in a single day, establishing a sales record for Southern California.

It is a part of the famous Toschke vineyard, on Pennsylvania avenue, near Michigan boulevard—on the top of a mammoth knoll from which a wonderful view in all directions is secured. Each lot is covered with an excellent quality of grapes—the kind that this ranch has long been noted for.

Government statistics show La Crescenta valley to be the most beautiful spot in the world—get that—IN THE WHOLE WORLD. And—get this, too—BURTON HEIGHTS is right in the heart of this valley. Could more be desired?

If you love the mountains this tract will appeal to you. If you delight in valley scenes you will go wild over BURTON HEIGHTS. If your heart yearns for the open spaces—to get away from artificial things—to experience the freedom that only the mountains and the valleys can give—to have a little cozy home of your own out where things are real—this wonder tract will grip your very soul.

The La Crescenta valley is the section that John S. McGroarty selected for a home. All over Southern California this famous poet and writer rambled until he came to this valley—and there he settled down—the end of the rainbow had been found. "It's the garden spot of the world," says Mr. McGroarty. "God kissed this wonderfully favored section. He caressed it with his unspeakable love. His smile bestowed upon it health-giving qualities, a peace that has come to abide, a quiet restfulness that cannot be surpassed.

Our first barbecue was a "whale" of a success. Seven hundred folks from Glendale and surrounding country were fed and everyone went away singing the praise of Joe Romero.

Joe was on hand "with the bells." He knows exactly how to barbecue meat and to serve it with delicious salad, coffee and everything else to go with it.

"Next Sunday's barbecue will be the best I have ever served," said Joe this morning, and Joe meant what he said. This means that if you miss next Sunday's "feed" you'll have just reason to be sorry. These Spanish viands blend wonderfully with the beauties of the charming La Crescenta valley.

Come out and experience a touch of nature—get close to the hills, and the trees and the growing things.

Everything will be free.

From Glendale drive out Verdugo Road to Honolulu Avenue in Montrose and continue on Honolulu to our tract office on Pennsylvania Avenue, just south of Michigan Boulevard, or take Glendale and Montrose car at Maryland and Broadway, and get off at Pennsylvania.

### THESE THINGS ARE DONE IN DRY U. S.

Before prohibition came about the wets asserted that if it came it would kill the hotel business. That it has not done so, is almost daily indicated by the stories of the building of new hotels and the enlargement and improvement of older ones. In the last few days the following items have come to notice:

A general contract has been awarded for the construction of a new \$3,000,000 resort hotel at Hot Springs, Arkansas.

A hotel at Fayette, North Carolina, is to be built at a cost of \$400,000. The contract has been awarded.

The new Buckingham Hotel to be erected at Nashville, Tenn., will be nine stories in height and is estimated that it will cost \$1,000,000.

Plans are made by J. C. Gault of Miami, Florida, for an eight-story hotel at Cocoanut Grove to cost \$2,000,000.

A site has been leased in Atlanta, Ga., for the erection of a \$1,000,000 building which will be developed into either a hotel or office building.

Prohibition has not killed the railroad business. The Baltimore & Ohio statement for September shows operating revenues of \$21,527,022—an increase of \$7,907,643 as compared with September of 1922.

When people do not spend money for liquor they are very apt to spend it for food. Production of pork products in establishments under federal inspection for the first nine months in 1923 was 6,700,000 pounds compared with the same period last year. Cold storage holdings at the end of this year was 678,000,000 pounds compared with 739,000,000 pounds on the same day last year. The consumption of pork products increased nearly 25 per cent. This increase is said to be due to general employment and remunerative wages.

A heavy increase in the amount of electricity used is certainly not an indication that prohibition has killed that business. Back in wet 1917 the amount of current used in the United States was 17,809,000,000 kilowatt hours. In dry 1922 the total was 45,307,537,000 kilowatt hours. These figures do not include the output of electric plants operated by mines, factories, hotels, etc., which generate for their own consumption.

Reports to the Federal Reserve Board covering business conditions during the six weeks ended October 31, show that wholesale trade was the largest in three years, that retail trade increased 9 per cent over a year ago, although the seasonal increase of summer business was smaller than usual, and

### SAVED TWENTY ENTOMBED MINERS, WORKED THREE DAYS TO RESCUE PONY, NOW PENSIONED

Rox, a pit pony, couldn't crawl through the hole it had taken rescuers seven days to dig at Bicknell, Ind. William Thurston and John Cottrell saw that the twenty men were safe at home and then said, "How about Rox?" Three days' more digging brought him to the surface. The result was a town celebration in which Rox, Thurston and Cottrell shared the honors about equally.

### Vogue Calls for Brilliant Colors in Hat and Bandeau

Both these models were received recently from Paris. The headband at the left is embroidered in blue on silver metallic ribbon. The turban at the right has a snug-fitting foundation of black velvet adorned by rows of narrow silver metallic ribbon. The same combination is used for the only trimming, which falls in graceful folds down the left side.

BURBANK NOTES

Burbank building permits issued yesterday were: L. O. Khodiglah, Olive avenue, store, \$3000; C. O. Davidson, Flower street, 2 rooms, \$175; E. C. Blodgett, Ford street, 4 rooms \$2000; James Henry, Flower street, store, \$1000; G. G. Trout, Tenth and Verdugo, 3 rooms, \$5000.

C. E. Coultas of Los Angeles was arrested by Officers Richardson and Young for driving a Chandler touring car on the wrong side of the road and crashing into a Ford, throwing two women through the windshield.

The Women's club of Burbank has issued a call for donations from the public of jellies, jams, fruit, nuts, etc., to be given to the Barlow sanatorium for the ex-service men and women before Christmas.

A water main on the boulevard near the east city limits burst yesterday and those who have claimed that there is no pressure back of the Burbank water certainly were mistaken.

PHYSICIANS' CLUB LAST NIGHT AT HIGH SCHOOL

Members of the Glendale Physicians' club held their meeting at 8 o'clock on Thursday night at the high school.

PROFITABLE SESSION OF CHRISTIAN CIRCLE CLUB

BROADWAY P.-T. A., DADS' AUXILIARY MEET JOINTLY

Enthusiastic loyalty to Broadway school and its interests was demonstrated Thursday night at the joint meeting of the P.-T. A. of that school and the Fathers' Auxiliary when every seat in the beautiful auditorium was filled.

The program, which was in charge of Mrs. Mary Ogden Ryan, principal, and assisting teachers, was largely musical.

Mrs. A. B. Reese, president of the P.-T. A. who called the meeting to order, presented the season's greetings from officers of her association and told of its philanthropic work.

Children of the 1st, 2d and 3d grades under Miss Farmer and Miss Williams presented a playlet called "Christmas Toys," which was most entertaining.

Miss Flewelling's 3d grade pupils sang "Christmas Candles" as an accompaniment to a drill also sang "Away in a Manger."

Fourth grade pupils under Miss Speik sang "Christmas Story" and "Gloria in the Highest."

AUDITORIUM OF GLENDALE HIGH WAS OPENED

(Continued from page 1) been made beautiful by its simplicity at a minimum of cost.

"I believe that this building as it stands today," he suggested, "constitutes one of the best high school auditoriums in the United States."

Other members of the high school board of trustees upon the platform were T. D. Watson, A. W. Tower and Dr. Harry V. Ben.

The introduction of Howard, Elliott, star player of the season, was received with a volley of applause.

"At this time I would like to thank you to everybody for the support given the team this season," remarked Coach Hayhurst.

"I am sure you will all agree with me that it is a pleasure to attend an entertainment put on by the students of Glendale Union high school," declared W. E. Hewitt.

The program arranged by the Tuesday Afternoon club for Glendale Community Service evening at the club auditorium on Thursday night was one which was very much enjoyed by those present.

It's difficult for a man with a grand reputation to live up to it.

"OH-HO" IS COMING AGAIN AS SANTA CLAUS'S HERALD

Dr. Henry D. Harrower is chairman of the "Oh-Ho" Christmas "Santa Claus" show. This show is being given to see that Santa Claus is sure to arrive in Glendale, or that, should he arrive, Santa will not be too busy climbing down the chimneys of the bigger homes to miss some of the children.

Dr. Harrower was in radio communication with Santa Claus last evening. Santa said he was a busy man, was going to be busier this Christmas than he ever was before.

"Oh-Ho" is going to be a Christmas package in itself. The show is being fostered by the Exchange club to buy Christmas toys for some of the poorer boys and girls of Glendale who would otherwise be awakened Christmas morning to find that Santa Claus had missed them.

Glendale is going to be able to see "Oh-Ho" at a third or fourth of what has been charged for the production in other cities.

EXAMINES EYES AT ONE PAIR A MINUTE

BERKELEY, Calif., Dec. 14.—Working at the rate of one a minute, Ruth T. Rogers, an optometrist of Oakland, California, recently examined the eyes of 253 new students entering the University of California, Berkeley.

Due to the speed at which the eye refractions were made by Miss Rogers and her optometrist assistants, complete examinations were impossible.

Margaret aged 4, upon her return from a visit to her grandparents in the country, was asked how she enjoyed her visit.

Other members of the high school board of trustees upon the platform were T. D. Watson, A. W. Tower and Dr. Harry V. Ben.

CENTRAL AVENUE IN GLENDALE TO BE WIDENED

F. Tower, while the protest end of the struggle was upheld principally by John M. Paul of 161 South Pacific avenue.

A petition for the widening of Central from Broadway to Lexington, presented at the morning session, was then considered.

French exports of motor cars which amounted to 800,000 francs in 1919 turned the milliard figure in 1922.

There were 231,000 automobiles circulating in France in 1921. The number has now reached 350,907.

Can You Remember 'Way Back When...

A MERCHANT bought space in "the paper" because his friend Bill Smith was the publisher, and Bill said his paper was read by "nine out of every ten families in town"?

Today the merchant wants to know what returns the publication will give as an advertising medium. Competition has forced him to buy space as he buys potatoes or sugar—not because the seller is a friend of his, but because he knows he will get the full quantity that is paid for, and that the expenditure will bring profitable results.

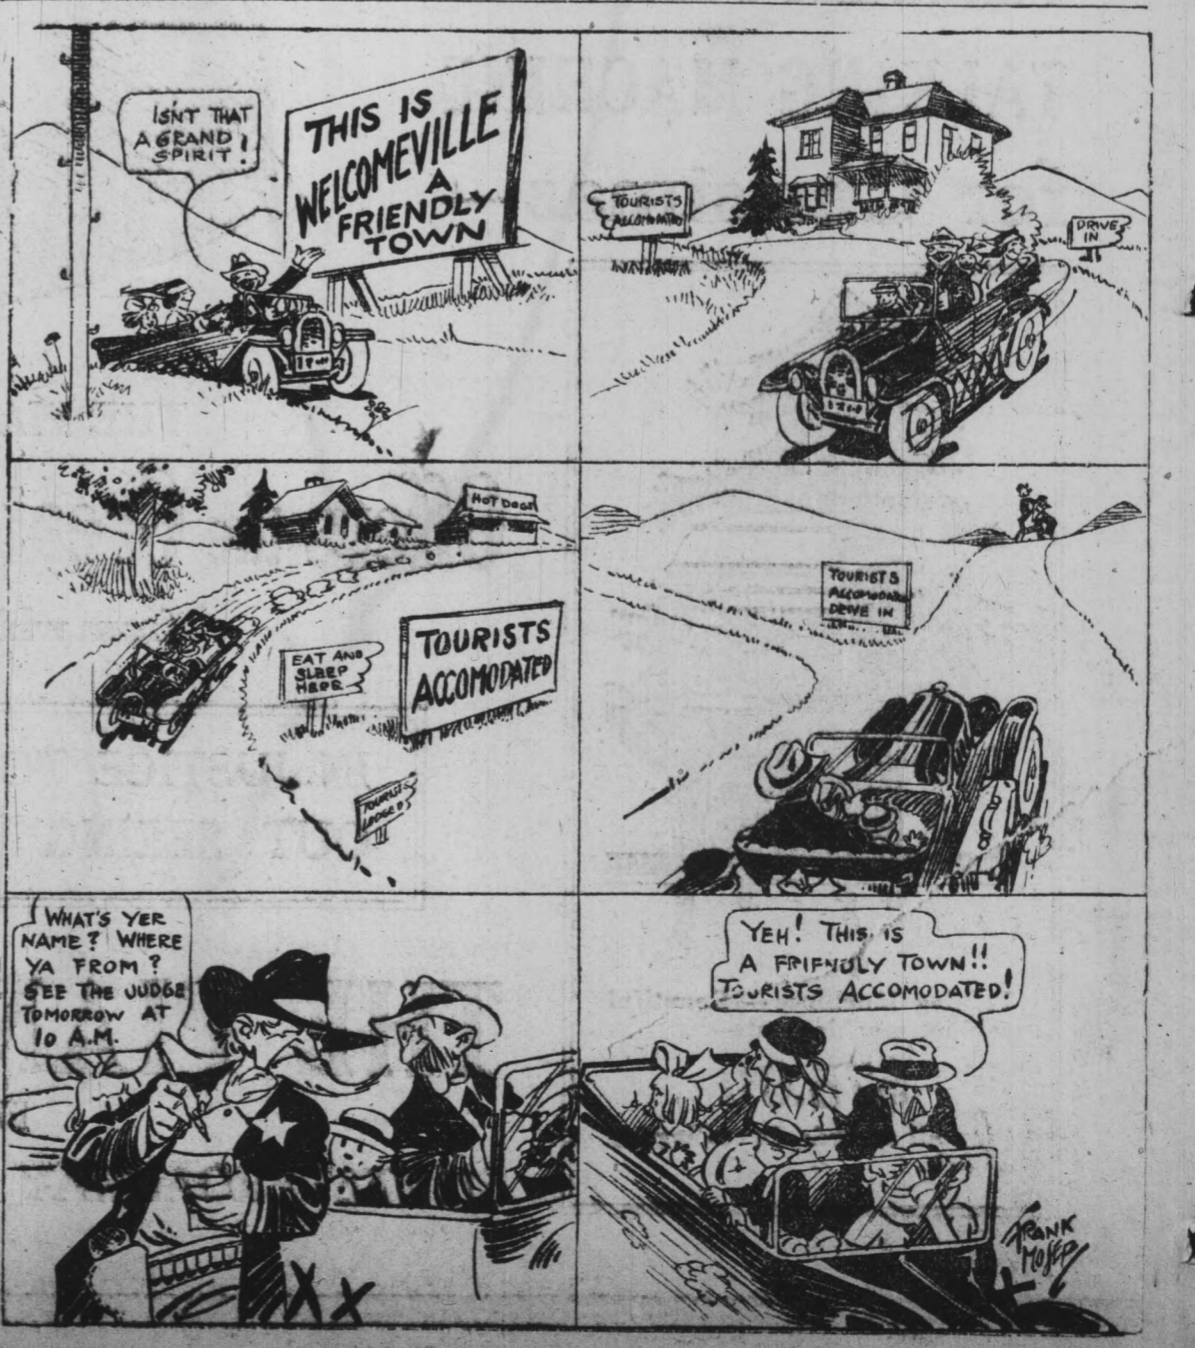

In other words, selecting mediums for advertising has passed from a haphazard procedure to an accurate scientific process. This has been brought about through A. B. C. reports.

The Audit Bureau of Circulations was organized nine years ago to provide verified circulation data for the use of advertisers. It now has a large force of auditors who cover the United States and Canada once a year auditing the circulation reports of over 1400 publisher members.

A. B. C. reports containing full data on all circulation questions furnish the only means by which the advertiser can be positive that his advertising is reaching the prospective buyers he desires.

The Glendale Daily Press is a member of the A. B. C. The latest report will be furnished on request.

Easy Lessons in AUCTION BRIDGE New Series

ARTICLE No. 8

Many players who refuse to accept the conventional bids, probably do so because they have never taken the trouble to find out the reason for them. They claim that it is just as easy to make one hand if they hold five hearts to the king, queen or jack, and one or more outside tricks as it is with five hearts to an ace king and no outside tricks. This statement is correct but the reason such suits are not bid is because it is impossible to give exact information to partner. The best theory of auction bidding is to give exact information whenever possible. For that reason, all bids that may have a double meaning have been eliminated. To bid one heart as dealer with a hand that contains the following:

Hearts—Q, 9, 8, 4, 2 Clubs—10, 7 Diamonds—A, 10, 6 Spades—K, 9, 4

is to make partner guess as to the strength of the hand. There is not a sure trick in hearts and there is no way for him to guess in what suits the tricks really are. Guesses, no matter how brilliant, cannot cope with cold, hard facts. Make your original bids mean something definite to your partner for he must know the truth about your cards if the partnership is to be successful. Don't make original bids without the high cards in the suit bid. Otherwise your partner will assist your bid thinking

Z dealt and bid one spade and A bid two hearts. Y bid their hand for four hearts and when overbid by Y-Z with four spades, correctly bid five hearts, were doubled and only lost 100 points. As Y-Z could have made four spades, A-B saved a game at the expense of 100

Hearts—K, Q, J, 9, 4 Clubs—A, 5 Diamonds—Q, 4, 2 Spades—7, 4, 2

Hearts—10, 5 Clubs—J, 4, 2 Diamonds—J, 3 Spades—A, K, 9, 8, 6, 5

PHILIPPINES SEEK IN VAIN ELECTRIC CHAIR TESTER

MANILA, Dec. 14.—Ordinarily there are five applicants for every government job in the Philippine Islands, but one position that of necessity has been created is going begging. No one seems to want it. The duties of the position are to test the electric chair, which has arrived from the United States and which will be used to carry out death sentences. This form of capital punishment succeeds hanging, which has been prohibited by a law which went into effect recently. There are four or five prisoners in Bilibid prison waiting to expiate their crimes with their lives. One prospective applicant for the position of tester cross-examined the officials regarding the working of the chair. When informed there would be no danger if the chair is not in working order he promptly asked: "But what if the chair works?" When told what probably would happen he departed without filing his application.

WOMEN WIN RIGHT TO MEMBERSHIP

TIENTSIN, Dec. 14.—Women's rights won a victory at the first annual meeting of the American Association of Tientsin, when it was voted 22 to 15 to admit women as members. The question of women's eligibility came up on a motion that it was the sense of the meeting that it was the intent of the constitution to include women in the term, "American citizens." The association was formed by business and professional men to promote American interests in the orient.

Alaska Railroad to Sell Scenic Assets

SEATTLE, Wash., Dec. 11.—The Alaska Railroad, built by the government at a cost of \$56,000,000 and thus far operated at a deficit, will attract patronage by luring tourists who are potential settlers and investors, Lee H. Landis, the new manager of the line, said when he was here recently on his way north to assume his duties. Mr. Landis formerly was industrial commissioner of the Western Pacific Railroad, and in that position his work was to establish colonists and industries along the right-of-way as the other transcontinental lines have done. He hopes to do the same thing in Alaska. "We are going to develop not only industrial tonnage," explained Mr. Landis, "but intend to make the tourist pay new revenue for the railroad. "We should have feeder lines for the railroad, especially a branch into Mount McKinley National park. Hotels and other accommodations for tourists should be provided at Curry Station, the entrance to the park. Additional sleeping cars will be put on to care for the tourist travel. "Alaska, an undeveloped country, has large resources, but needs money and men to develop them. This means, in a nutshell, more population. The best way to get permanent settlers is, I believe, to advertise the opportunities the territory offers, and there is no better way to advertise any country than to get people to go and look at it. There is no question about the scenic attractions of Alaska but new industries must be encouraged and developed. Coal and metal mining must be increased."

## FRED B. WALTON HAS MANY BEAUTIFUL GIFTS FOR 'HIM'

"Christmas comes but once a year," says Fred B. Walton, proprietor of the haberdashery bearing his name, at 148 South Brand, "and we want to give the best we can afford, and make the receiver of the gift happy. Our stock of high-grade gifts for 'him' is one of the largest and most complete in the city and our prices are right."

In a large ad appearing in today's paper, many suggestions are offered by this store, these being classified in price lists, making it easy to select your gift at the price you care to pay.

Included in the stock are hundreds of designs of neckties, shirts, fancy socks, belts and buckles, high-grade leather goods, novelty jewelry, sweaters, suits, overcoats and many others appearing in the ad. Merchandise orders are also offered for those who are dubious as to just what to give, these being the choice of hundreds of gift buyers.

Even a cheap man may be dear to some woman.

## ANNIVERSARY GIFT BY THE ELWOOD GAS APPLIANCE CO.

As an anniversary gift, an Occidental gas range is to be given away by the Elwood Gas Appliance company, 227 East Broadway, Saturday in celebration of the first anniversary of this successful firm. I knock the stuffin' out of heat; I ain't a dude, nor over cute. But chasing heat, I'm sure a brute. I am a friend, a friend indeed. In every house for me there's need. Both as a holder and a mat. The world to me must tip its hat.

I found this jingling little rhyme applied to an asbestos holder mat to be given free to every adult visitor on Saturday at the Elwood Gas Appliance Co., 227 East Broadway. You see it will be just a year Saturday since the Elwood Gas Appliance opened their store. They're celebrating a successful year by giving these little souvenirs and also a free chance on an Occidental Range with Robertshaw Oven Heat Control to be given as an anniversary present to the holder of the lucky number at the drawing January 12. My honest advice to all my readers is to call at the Elwood Gas Appliance Co. on Saturday.

**DAINTY NIGHT GOWN**  
Lingerie of pale coral color crepe de chine is very much in evidence at present. A simple night gown has the neck and arm sizes outlined with wide biceps lace that is set on with fatgotings of yellow silk.

Hear the "talking Studebaker" at the Packer Auto company, today and Saturday. Open evenings—(Adv.)

# TOURING THE SHOPS with BONNIE JEANNE

### I AM THE HOLDER MAT

I sure am small, but hard to beat; I knock the stuffin' out of heat; I ain't a dude, nor over cute. But chasing heat, I'm sure a brute. I am a friend, a friend indeed. In every house for me there's need. Both as a holder and a mat. The world to me must tip its hat. I found this jingling little rhyme applied to an asbestos holder mat to be given free to every adult visitor on Saturday at the Elwood Gas Appliance Co., 227 East Broadway. You see it will be just a year Saturday since the Elwood Gas Appliance opened their store. They're celebrating a successful year by giving these little souvenirs and also a free chance on an Occidental Range with Robertshaw Oven Heat Control to be given as an anniversary present to the holder of the lucky number at the drawing January 12. My honest advice to all my readers is to call at the Elwood Gas Appliance Co. on Saturday.

### A NUMBER OF THINGS

To sum it up at the beginning, anything you buy at Tragee's, (Tree-gay's) Gift Shop, 102 East Broadway, will prove acceptable as a holiday token. Bonnie Jeanne was delighted with the genuine Christmas atmosphere of Tragee's, where your choice may settle up on any one of a number of things, ranging from unique hand-painted salt and pepper shakers to reproductions of famous masterpieces. Bonnie Jeanne enjoys every minute spent in this artistic and ideal shop, and the best of it is that prices are surprisingly low on everything.

### ENTIRELY NEW

The formal opening of Ferber's new department store at Maryland and Broadway, which took place this afternoon disclosed a distinctly new Ferber's—and the throngs who participated in the opening festivities made no effort to conceal their delight over the new and extensive departments, with their very complete lines of merchandise.

Bonnie Jeanne found it delightful to wander about, viewing the artistically displayed women's wearing apparel, many new gift suggestions in imported goods, linen and silk handkerchiefs, Vanity Fair underwear and countless things that make for a larger, more comprehensive interpretation of the shopper's wants. The fashion show was a triumph in its way—and many will be present to see the evening's performance. The remaining chances will be drawn on the prizes which are being offered.

And don't forget that Ferber's now has a very complete and efficient men's department, with a host of things acceptable as gifts for him.

### EXIT THE LONG SKIRT

The extremely long skirt seems to have had its day, though the even hem and side drapes, which fall from six to eight inches below the hem, are still considered good.

### DISHES GIVEN FREE

You will be just as enthusiastic over this as Bonnie Jeanne was when she heard of it. Think of being given a 31-piece set of dishes with the range or washing machine you buy! Bonnie Jeanne found these dishes most attractive and was astonished when she learned that the Good Housekeeping Shop, 140 South Brand, is to give a set of these dishes free with each range or washing machine over \$60 in price. These sets are offered in six different patterns, and if you have wanted a small breakfast set, this is exactly your opportunity. It is good policy to inspect the offers in A. B. gas ranges and makes of washing machines at the Good Housekeeping Shop, where every piece of household equipment is tested and approved by the Good Housekeeping Institute. You will find the Good Housekeeping Shop equipped to render prompt and courteous service, whatever your purchase may be. Don't fail to look into the offer made on these sets of dishes.

### A CHRISTMAS TREE

Don't forget that Bonnie Jeanne's Christmas tree is coming. It's going to be a big one, and there will be many, many surprises. Bonnie Jeanne's message is short, but be sure to watch for the Tuesday and Friday editions of "Touring the Shops." It will help you to wish everybody a merry Christmas and a happy New Year, in the best way possible.

### GIVE A PERFUMIZER

Don't think of perfume without thinking of the automizer which will make the perfume last just twice as long. Bonnie Jeanne particularly approves of De Vilby's Perfumizers, which are offered in charming colors and various sizes at the Ahlmann Drug Co., 200 So. Brand. These perfumizers, which range in price from 75 cents to \$7.50, have adjustable tops.

### WHEN DUTY IS PLEASURE

Don't think of starting home from your shopping tour before you have stopped at the Chateau de Quaille, 108 East Broadway, for a cup of refreshing steaming hot tea and delicious rice cakes. Shopping will not fatigue you half so much if you allow yourself this pleasure, which isn't an indulgence but duty to yourself. Tea is served from 2 to 5 every afternoon.

### THE TIMEKEEPER

If it's a watch you have decided to give him this year Bonnie Jeanne urges you to see the very wide selection of "standard timekeepers" at the store owned by J. C. Klamm, optician and jeweler, 600 East Broadway. With a pocket knife and chain to match there will be nothing lacking and he is certain to be pleased with your choice. Shop evenings—doors are open until 9 p. m.

### HENNA AND GOLD LACE FAN

A most unusual fan is made of henna and gold lace. Across one end are three ostrich feathers of henna. When closed the fan resembles the familiar Prince of Wales ostrich fan, but when open the effect is that of a large lace fan with a feather trimming at one end.

### WHAT HE LIKES

A man likes a Christmas gift he can wear—ties, socks, gloves, belts and such things. He values a gift according to its usefulness, and the woman who is guided by this in making her selection will be gratified when she presents her token. Bonnie Jeanne directs you to L. B. Carlock, haberdasher, 123 1/2 South Brand, where the offering includes everything a man can wear.

### OFFERED AT COST

Bonnie Jeanne found a place where you can buy Christmas boxes of every size and description at cost. A gift sent in the real holly box bears a silent testimony of the Christmas spirit and Bonnie Jeanne knows you will want to visit the Broadway, formerly Barlow's, Variety Store, 624 1/2 East Broadway, where prices on these boxes have been reduced to cost. Here, too, you will find everything for the kiddies' Christmas.

### TREND OF FASHION

A continuing way of combining two materials.

The problem of what to do with two gowns, the materials which are in perfect condition but which so far as style goes are absolutely passe, is often a difficult one, but it may be solved if one follows closely the changing modes.

Sometimes a frock whose every detail marks its very recent origin may suggest possibilities for the remodeling of two old gowns into one of decided smartness.

This winter there is a pronounced tendency to combine materials of different colors and textures. Particularly attractive are those which show the harmonious results of putting together velvet and metal brocade.

These are the fabrics chosen for the model sketched, a frock that has been very successful and one that may be copied without much difficulty.

The upper part of the dress is of black chiffon velvet while metal brocade in an exquisite blending of colors forms the circular skirt which is edged at the bottom by a wide band of black fox.

If one desired, the order of things might be reversed and a skirt of velvet attached to a waist of brocade or cloth of gold.

### BEWARE, THE LYE

It means death to the next coat of paint or varnish for your floors, if you remove the first coat with the aid of lye. Bonnie Jeanne has found through experiment that the lye that removes the old coat remains in the wood and in a short time will work ravages on the next coat of paint or varnish. To overcome this difficulty a scientific preparation for removing paint and varnish is being offered at the Harry Moore Co., Inc., 304 East Broadway. You will find it efficient in removing all traces of the old coat without leaving harmful effects for new paint or varnish to combat.

### CHOKER NECKLACE OF CRYSTAL

A choker necklace of cut crystal is particularly smart with the colorless dress. The beads are very large and brilliant.

### MARINE ENCHANTMENT

Would you bring the green of the sea, the blue of the sky and the red and gold of setting sun into your home? You would if you could—and you can. Fairy Crystals from the Sea—get them at Roberts & Nichols Drug Co., Brand and Broadway—sprinkle them on the logs in the fireplace, on the radiators in your gas heater—you will see the fairy-like colors wreathing themselves in the flames. In olden days New Englanders paid a premium for logs bearing these magic crystals.

### CREAMED OYSTERS ON TOAST

Melt 1 tablespoon of butter, add 2 teaspoons of flour and, when smooth add 1 cup of cream; season with salt and pepper; toast 4 slices of bread and lay them on a platter; heat 24 oysters in the shells in the oven till the shells open; take out the oysters and pour the liquor over the toast, then add the oysters and pour the cream over the whole, having the cream hot.

### A PRACTICAL KIMONA

For cool mornings and evenings a knitted kimona of lavender with a conventional design of black and yellow worked in the long collar and cuffs, will prove a most useful purchase.

### AN EXHIBIT

It isn't often that you are invited to see a work of art, equal in merit to the Royal Satsuma Vase which is displayed at the Japan Art & Tea Co. of South Brand. The Japanese nobleman who owned the vase sent it to America for exhibition purposes, but since his mansion was destroyed in the Tokyo disaster, he has ordered the vase to be sold. Bonnie Jeanne found much to admire in this art treasure, valued at \$1500. Don't miss this rare opportunity to see this work of art whose equal could not be found in a world's fair.

### OSTRICH FEATHER FLOWERS

Large flowers made of floating ostrich feathers in delicate pastel tones give an added charm to the new evening gowns.

### HELPING POPCORN POP

The pastime of popping corn at an open fire will have an added charm if the poppers are decorated with wooden kittens painted black.

### A MATTER OF CONVENIENCE

Of course, you would like to know how much it would cost to fit the living room out in new draperies, but when you started to make an estimate you found it a difficult proposition. It would be so much more convenient to have a salesman from George J. Lyons, artistic draperies, 1300 South Brand, call on you with a complete line of samples and make your estimates. Phone Glendale 2372.

## Montrose Notes

The Verdugo Hills Post, American Legion, held its third meeting Wednesday evening in the Sparr Heights community house. The post has for its present motto, "One Hundred Members Before Christmas," and from present indications the membership will exceed that number. At each successive meeting since the initial one two weeks ago the attendance has doubled. Every member is out for one or more "scalps" and they hope that every ex-service man and woman in the vicinity of Montrose, La Crescenta and La Canada will join the home post.

Next Wednesday the post plans to hold an informal party and dance for its members and their friends. Some of the big men in American Legion affairs will be present, among them Colonel Smith of Los Angeles and Phil Dodson of Pasadena. These gentlemen will no doubt have some in-

teresting pointers to communicate to the new organization. Following a program dancing will be enjoyed and "big eats" will be served. The affair will be staged in the Sparr Heights community house, which has been offered for the legion meetings. Captain Frank Green, temporary officer in charge, wishes to express to Sparr Heights people, through these columns, the thanks of the legion men for the provision of an adequate hall for the post affairs. Coming at this time when the organization is just in its formation this provision does away with one of the many problems that are bound to appear.

Among other functions planned at last Wednesday's meet is a reception and ball to be given early in January and a motion picture showing which will be staged sometime in February.

## KAIGHIN CANDY CO. IS ONE OF "FASTEST GROWING"

One of Glendale's fastest growing establishments is the Kaighin Candy company, 123-125 South Maryland, which is rapidly outgrowing its present quarters.

Starting in about three years ago on a small scale, Mr. Kaighin has built up an immense trade, extending all over Southern California and Arizona. The demand for these high grade candies is great, but the firm is able to fill all orders, and bring the supply up to par.

Mr. Kaighin states that he puts out a larger assortment of fancy Christmas packages than any other manufacturer in the south, decorated baskets furnishing a large portion of these gift boxes.

Everyone knows the wonderful taste and quality of these candies, they being sold at all leading drug stores and confectionery shops in the city. In addition to the high grade chocolates which are Mr. Kaighin's specialty, a full line of hard candy is being manufactured.

## EDITORIALS BY THE PEOPLE

December 12, 1923.

Glendale Daily Press.

Gentlemen, I was pleased to note in yesterday's paper that the question of mail delivery is being given publicity in your good paper.

Certainly the delivery of mail is of such importance to everybody in this country that it deserves more careful consideration than it is being given at this time. There are scores of cases where it is impossible for some friend or business firm to give the absolutely correct address, and I believe that some movement should be started to induce the postoffice to give the kind of service which we may well expect and which was given until recently.

Probably the program of economy will make good political talk but it certainly is hindering every business and every individual in the United States by having mail given the poor service that seems to be nation-wide at this time. The firm I am with, Barker Bros., in Los Angeles, has had numerous cases of mail being returned which could easily have been delivered if reasonable care had been taken. We hope that the Daily Press will continue to give publicity and encouragement to any movement that will advocate better mail service.

Yours very truly,  
W. D. KEITH,  
1012 N. Kenilworth Ave.,

## SANTA CLAUS

When I believed in Santa Claus  
The world was very fair,  
There were no troubles in my soul  
And I had not a care.  
And there were gnomes and fairies, too,  
Beneath the flowers curled—  
When I believed in Santa Claus  
It was a happy world.

When I believed in Santa Claus  
We played from sun to stard,  
And there was many a story told,  
And gladness never done.  
And on the cold and frosty nights  
The sleighbells jingled near.  
They were the bells of Santa Claus,  
With music sweet and clear.

When I believed in Santa Claus  
Through all the frosty night  
The snow fell many a Christmastime,  
Till all the earth was white.  
And white were all the souls of us,  
With never spots or flaws,  
Who waited for the dawn to come  
With faith in Santa Claus.

But now, alas, a change has come  
The world is not so fair,  
And often Gladness' voice is dumb,  
And faces lined with care.  
And some of us are worn and old,  
And oft at night we pause,  
But hear no bells—do hearts grow cold  
When there's no Santa Claus?

## ASSAM SLAVES LOOK ASKANCE AT LIBERATORS

[By Associated Press]

RANGOON, India, Dec. 11.—Many of the slaves still in bondage in the Burmo-Assamese border district are quite satisfied with their present state, and in fact resent the efforts of the English commissioners for the North East Frontier Division to improve their conditions. The efforts of the government to suppress slavery and human sacrifice in the district have been hampered not only by the animosity of the slave owners, but also by the slaves themselves, and very little has been accomplished.

There are today 215 slaves in this district, and they are described as either contented, or too lazy and opium sodden to wish to become free. Human sacrifice has been confined to a comparatively small area of unadministered territory in the Naga Hills, but there is no doubt it flourishes there. The victims, in most cases, are Indian children, and are generally purchased in the head hunting villages to the south whose inhabitants, while not practicing human sacrifice themselves, do not hesitate to provide victims for others. Threats by the government, and native overlords responsible to the government, have been entirely disregarded, and the tribes continue to obtain victims and sacrifice them in secret.

## QUAKE REFUGEES BLAME POLICE

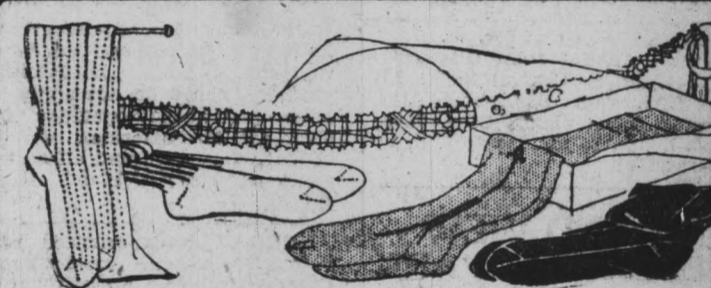

[By Associated Press]

TOKIO, Dec. 11.—Some terrible dramas were enacted "behind the scenes" during those days of terror in the first week of September after Japan's most destructive earthquake. Details of some of them are beginning to leak out through complaints of victims and investigations of police.

Thousands of police left their posts to look after their families or were unable, because of condition, to reach their posts. Volunteer police, organized by local communities to patrol the streets until the military could take over the work, in many instances, ran amok or organized themselves into robber bands and robbed and murdered scores of refugees.

Many such incidents took place in the suburbs, refugees trying to get away from the burning cities of Tokio and Yokohama being the victims. A number of individual cases also have been reported and the police are making a large number of arrests. On the other hand, the police are being charged by publicists with the murder of some 40 members of a labor union at Kameido, an eastern suburb of Tokio.

Members of mobs that went wild say they were instigated by the police and gendarmes who started rumors that Koreans were responsible for the fires which started after the quake. Meanwhile the police and the gendarmes are trying to shift the responsibility from one to the other with the result that the facts are difficult to obtain.

# AT THE THEATERS

## "TO THE LADIES" AT T.D. & L. HAS IN CAST GLENDALE FOLK

"To the Ladies" is a peach of a domestic and business comedy, with home life and office atmosphere which couldn't be improved upon. Its plot is refreshingly simple, the sort of thing the average man or woman will like because it rings true.

The working folk are the persons the exhibitor looks to mostly for patronage and this story must please them, reflecting as it does the daily struggles of the wage-earner with capricious fortune.

Unquestionably the film will make its strongest hit with the feminine contingent, while at the same time amusing the male spectators.

"To the Ladies" is the attraction again tomorrow at the T. D. & L. Theatre. In addition to such headliners as Theodore Roberts, Edward Horton and Helen Jerome Eddy in the cast, there are also Glendale's own Louise Dresser and her husband, Jack Gordon.

## JACKIE COOGAN, LAST TIME TODAY AT THE GLENDALE

A description of Jackie Coogan is superfluous. Everybody knows the little straight-limbed, brown-eyed, gold-haired boy with the S-m-i-l-e. But you have to see him closely to appreciate how perfectly he does blend the looks, talents and characteristics of Mother and Dad. He has his mother's reserve and his father's quick perceptions. His mother's amiability and his father's decision. His mother's placidity and his father's wit and intense love of fun.

Jackie is a regular boy, with a little dash of the scholar in him. He likes to be let alone. He likes to read.

Above all other things he loves to play ball. He'd go to the ends of the earth with you if you'd

promise to play ball. Also he loves the out-doors and goes as often as he can with Dad on fishing trips.

Jackie is coming to the Glendale Theatre again today and for the last time in "Long Live the King," adapted by G. Gardner Sullivan from Mary Roberts Rhinehart's novel.

## HOLBROOK BLINN AGAIN IN "BAD MAN" AT THE GATEWAY

Possibly a million miles of beans were consumed by the members of the A. E. F. during the late unpleasantness in Europe, but it is doubtful if any doughboy can equal the individual bean-eating record of Holbrook Blinn, star of Edwin Carewe's production of "The Bad Man," which comes to the Gateway again today.

Blinn, let it be known, is no ad-

vocate of beans as a steady diet. He abhors them, and he will be satisfied if he never again looks a bean in the face.

He is the original creator of the role of "The Bad Man" in the stage production. On October 1, 1920, he opened in New York City and his bean eating record dates from that day. In the course of the play he was compelled to consume a dish of beans. This meant beans at least once a day, and sometimes twice. He played the role for three solid years.

When he began the picture production, he thought that some other food besides beans could be substituted. But Edwin Carewe had different ideas. He wanted a "close-up" of Blinn eating and so the beans had to show.

To cap the climax, so to speak, this one scene had to be retaken three times, much to the star's disgust and loss of appetite.

## POLISH NURSES ARE GRADUATES

WARSAW, Dec. 14.—The Warsaw Nursing school has graduated its first class, composed of 16 young women. The school was established two years ago with the material and moral support of the American Red Cross. Miss Helen L. Bridge has been in charge of the school, aided by Miss Dorothy Hughes, who contributed \$10,000 to the organization.

## SPOKEN DRAMA SEASON BEGINS TOMORROW NIGHT

All is in readiness for the big production of "Smilin' Through" which will inaugurate the season of spoken drama at the "Tuesday Afternoon Club Theatre, and Glendale's first profession stock company will make its bow to a packed house if the demand for reserved seats is any criterion.

The Royal Stock company could not have chosen a finer play for its opening than "Smilin' Through" for its beautiful love story is considered one of the real classics of the modern drama.

Edythe Elliott, the charming leading lady of the Royal Stock company is particularly suited to the heroine and is sure to become a big favorite with Glendaleans. Reservations may be had at Mathews' Confectionery, corner Orange and Broadway.

## AIR SERVICE TO LINK U. S. AND HAWAII

[By Associated Press]

HONOLULU, Dec. 14.—Regular airplane service between Hawaii and the United States requiring 20 hours should replace within five years the steamship service of five to seven days, according to Brigadier General William Mitchell, assistant chief of the army air service, who was here recently on a tour of inspection.

This service for mail and passengers, he said, was possible with the type of plane now being constructed or planned by the United States. The present type, he said, includes a plane with a flying radius of 3,000 miles with eight or ten engines operating a single propeller.

"Hawaii now possesses the most powerful and most important air service in the Pacific, and the government is awake to the needs of greater development here," he said. "In time the aviation forces will be strengthened in order to make Hawaii a strong defensive arm of the United States in the Pacific."

The islands, he added, form a fertile field for commercial aviation, and there is no reason why regular mail and passenger service among the islands should not be developed immediately.

The less money a man has the fewer friends bother him.
