

**ASKED THE WRONG MAN**

**LOS ANGELES ANNEXATION PROPAGANDIST SEEKS AID OF "ANTI" ASSOCIATION CHAIRMAN**

That Los Angeles is actuated by purely selfish motives instead of being swayed entirely by the altruistic desire to generously divide her surplus (?) water with her supposed suffering neighbors, has been the constant claim of those opposing annexation, and their claim has been substantiated in more than one instance. There are two motives for Los Angeles spending money so freely in propaganda designed to influence people ignorant of the cost of the consolidation so ardently desired by the big city. She wants help in paying off that nearly \$60,000,000 of bonded indebtedness incurred in providing for her water system, light and power system and harbor development. And she wants to make a big population and area increase. An instance of her propaganda work was related by Chairman Pearce at the close of the anti-annexation meeting last Friday night, greatly to the amusement of all present. He said he met a business friend whom he sees in Los Angeles quite frequently, in Chaffee's store one evening and after greeting him, asked: "Are you living out in Glendale now?" "No," was the reply, "I am at La Crescenta." "That's a nice, high location," said Mr. Pearce. "Are you suffering from asthma?" "Oh, no," was the reply, "I am on this Los Angeles Annexation Commission and am living in La Crescenta temporarily to help influence sentiment that way. But say, I didn't know you lived in Glendale. Maybe you can help us here. We are conducting a campaign in your city, you know." Mr. Pearce quietly informed him he was chairman of an association organized to fight just such action on the part of Los Angeles, hence could not help him.

**WINIFRED SADLER HERE**

Miss Winifred Sadler, a former resident of Glendale and employe in the Public Service Department at the City Hall and afterwards in the service of Uncle Sam as a Yeowoman at Mare Island, is here for a month or six weeks as the guest of her sister, Mrs. E. L. Young, and her mother, at 325 West Milford. She is anxiously awaiting the return of her brother, Lieut. Edwin Sadler, who is now doing survey work for Los Angeles City at Independence near Bishop and who expects to get back here in September.

**MAKES GOOD BUY**

Edwin Pierce of Hollywood was transacting business in Glendale last Saturday. Mr. Pierce recently purchased for \$40,000 a new flat building on North Vista street in Hollywood. It has 10 flats of five rooms each and all are rented, bringing in \$500 a month. Mr. Pierce was assured by a firm of building contractors that the house could not be duplicated today for less than \$60,000, so he is well satisfied with his bargain. He still has quite a bit of property in Glendale, which he regards as his home.

**THE BACK-YARD TOAD**

**A SERVANT OF MAN ALWAYS WAGING WAR ON INSECTS INJURIOUS TO VEGETATION**

The following appreciation of the toad in his back yard is by Alfred Cookman, late of the U. S. A., but now Supervisor of Agriculture in the Santa Monica Schools. It should be of interest to many friends here where his father is pastor of the West Glendale M. E. Church:

When the evening shadows draw near and the moon comes forth from her ebony palace with a scarf of clouds about her neck and a circlet of stars in her brow, then it is that the toad in our back-yard makes his formal appearance upon the scene of action. Hopping here and there among the flowers and in the pathway, he will attract the attention of the casual observer and then disappear as quickly as possible to escape danger.

At this season of the year and in the early spring time, toads are plentiful. Down by the lake, or in the meadows and pastured lands they are present in countless numbers.

Have you ever stopped to count the number actually present in your back-yard? Have you watched them move irregularly from place to place, from beneath the hydrangea bushes to the open lawn and across the sidewalk to the shadow of the fence? Have you ever seen a toad eat insects, snap up flies, sowbugs and can-

**HAS CHURCH FAILED?**

**GRAVE CHARGE ANSWERED BY SPEAKER AT CENTRAL CHRISTIAN**

Rev. J. H. Mohorter, general secretary of the National Benevolent Association, St. Louis, preached in Glendale yesterday morning at Central Christian Church, answering the accusation made after the world war broke out and many times since then. He has recently been visiting conventions and churches in the South and from New York to the Pacific coast, and came to Glendale from the Christian convention held last week at Santa Cruz. He said that while the church has failed in some measure all the past 1900 years, it is still the hope of the world. His text was Jesus' charge to his disciples to love one another that the world might know they were His disciples and John's admonition to his "little children in the gospel" to love, not with word and tongue but by their deeds. He said the church today manifested itself too much in words and forms and left undone the deeds of brotherly love. Russia was instanced as a country where the people still believe in God and Christ but do not believe in the church because it was more concerned with creed than with practicing Christ's teaching. He spoke hopefully of the growing spirit of unity in the churches of America, as shown in such gatherings as that at Asilomar, where all worked and counseled together for better work and the convention of Christian churches in Santa Cruz, just closed, where ministers of denominational churches were honored speakers, as will be the case at the Long Beach Christian Convention this week. Herbert Hoover's statement to a convention of ministers and workers he called together soon after we entered the war, was cited, to the effect that he was looking to the voice of the church to guide the people in conservation of our resources. His conclusion was that though the church has failed to carry out fully Christ's commands, it still has its great opportunity and he expressed confidence that Christ's prayer for the (Continued on Page 4)

**SHOWED UP WELL**

**GLENDALE ELKS' BASEBALL TEAM LOSE HARD-FOUGHT GAME TO L. A. 99**

The opening game of the Elks' series was played yesterday by Glendale 1289 and Los Angeles 99 at the Vernon baseball park, Sunday, August 3d, the score being 5 to 2 in favor of 99. Crandall and Hastings formed the battery for 1289 and they played a steady, uniform game that would have won against a team of all amateurs such as their own line-up presented. But with a pitcher, catcher, first baseman and shortstop who had played in semi-professional games, backed by some mighty good amateurs in the other positions, they were up against a hard proposition and acquitted themselves surprisingly well. The next game will be played with the team from the Santa Monica Elks' Lodge. It is regrettable that all the games are scheduled for Sunday afternoons, as that prevents any of them being played at home, the High School grounds being closed to games of all kinds on the first day of the week.

**MOYSE—FLOOD**

The many friends of Mr. Moyses, principal of our high school, and Miss Ethel Hume Flood, also of the high school, will be pleased to learn of their marriage on Monday, August 4th.

On account of the large number of friends they have in the valley they are unable to send announcements to all—only to those immediately associated with them in the school work. They will later give a cordial welcome to all their friends at their home, 322 E. Harvard street, Glendale.

**METHODIST PICNIC**

The chief event of the coming week to the women members of the First Methodist Church of Glendale will be the annual picnic of the three women's organizations of the church, the Ladies' Aid, and the two missionary societies, which will be held at Echo Park on Thursday. The forenoon and the lunch hour will be devoted to the picnic part, and the afternoon to the sessions of the societies. Each lady will bring sandwiches and one article of food for general use, and will also bring spoon, cup and plate. Hot coffee will be made on the grounds and the luncheon will be served at a common table. The men of the church are always invited and always have a good time.

**LAWLER'S CONDITION ENCOURAGING**

**LOS ANGELES ATTORNEY, VICTIM OF DASTARDLY BOMB PLOT HAS CHANCE TO RECOVER**

(Special Service to Glendale Evening News)  
LOS ANGELES, August 4.—At the Receiving hospital in this city where Oscar W. Lawler, former U. S. District attorney for Southern California, and prominent lawyer, and his wife are being treated for injuries resulting from a bomb explosion in which their home at Wilshire and Hampshire avenues was destroyed, it was said today that only the paraffine treatment developed during the war for soldiers burned by liquid fire, could save the life of the injured man. Mrs. Lawler whose burns are less severe, will recover, and their son, Oscar, Jr., and his nurse who were sleeping on a porch in the rear of the residence, were rescued by neighbors. The latest Bulletin states that "Lawler is resting comfortably."

Investigation shows that the bomb or bombs were placed under the porch on which Mr. and Mrs. Lawler were sleeping on the Hampshire avenue side. There were two blasts with an interval of about 20 seconds between.

The first explosion threw them from their beds, the second threw a spray of gasoline over the house which was immediately enveloped in roaring flames. The parents made two unsuccessful attempts to reach their five-year old son and were turned back by a curtain of flames. Then Mrs. Lawler fainted. The crowd which immediately gathered discovered Mr. Lawler with his night clothes burned away, leaning far out of the window with his wife's limp body in his arms. Lowering his burden as far as he could he dropped her upon an awning which broke her twenty-foot fall to the earth. He was next seen upon the roof, then burning, from which he leaped to the ground.

So terrific was the explosion that it drove the cap of a 5-inch iron pipe bomb through three hedges and a board fence and dented the front of a house 160 feet away. It has been decided that nitroglycerine was the bomb content.

Police experts and detectives express the belief that the dynamiting was done by some one of the writers of the many threatening letters which Lawler had received during the past ten years, or some man whom he had sent to prison during his term of office as U. S. District attorney, or a Mexican revolutionary in whose prosecution Lawler was active. The arrest of a witness in a civil case in which Lawler figured as attorney recently tried here, is scheduled and may lead to developments.

The reward for the arrest and conviction of parties responsible for the explosion at noon today totalled \$11,500 with \$2000 additional in prospect. President Watt L. Moreland of the Chamber of Commerce urges the accumulation of a \$100,000 fund to be used in bringing to justice persons responsible for such outrages.

A large piece of steel cylinder believed to be a part of the bomb was found 600 feet from the Lawler home today and everything points to expert workmanship on the part of the bomb maker. Photographs of automobile tracks in the alley at the rear of the Lawler residence have been made in the hope that they will furnish evidence. The very latest hospital reports were to the effect that Lawler's chances of recovery were growing brighter.

**PRESIDENT STUDYING FOOD SITUATION**

**RAILWAY STRIKE THREATENED UNLESS COSTS DECREASE—SPECIAL MESSAGE TO CONGRESS**

(Special Service to Glendale Evening News)

WASHINGTON, August 4.—The president returned today from a week-end yachting trip down the Potomac and immediately resumed the study of the food situation.

B. M. Jewell, president of the Railway department of the American federation of labor planned to see the president before night and tell him that the railway employes throughout the country will strike unless the cost of food decreases or wages increase.

The department of justice today started gathering data throughout the country for the use of the cabinet committee which is studying living costs.

The president will meet the cabinet tomorrow to discuss the food situation and will probably make recommendations to Congress soon after, probably in the form of a special message.

The belief is growing that the present price of wheat is the basis for the high prices. Representatives Madden of Illinois is preparing a bill authorizing the government to buy wheat at \$2.26 a bushel, the price guaranteed to the farmers, and sell it at \$1.50, absorbing the loss from the billion-dollar wheat guarantee fund, thus far unused.

It is expected the president will not start on his western trip this month.

**BUDA PEST NOT YET OCCUPIED**

**NEW HUNGARIAN PREMIER DESIRES TO ESTABLISH FRIENDLY RELATIONS WITH ALLIES**

(Special Service to Glendale Evening News)

PARIS, August 4.—It is reported in Vienna dispatches that despite the overthrow of the Bela Kun government, the Rumanians have not yet occupied Buda Pest.

BUDA PEST, August 4.—Julius Peidl, the new Hungarian premier, in a United Press interview has declared that he wants to establish friendly relations with the allies. It is said that negotiations have already started in Italy for a cessation of hostilities.

**SEEING CALIFORNIA**

**MR. AND MRS. CHARLES H. TOLL PLAN 2000-MILE AUTO TOUR OF STATE**

Mr. and Mrs. Charles H. Toll and family of Kenneth Road are busy with preparations for a big adventure, a tour of 2000 miles by automobile which will take them through the scenic portions of California and into Oregon and Nevada. Besides their big touring car they will take a Ford truck for baggage and camping comforts and as their chauffeur, who will be of the party, is a fine camp cook and Mr. Toll and his sons have made records along the same line on their Boy Scout outings, and mother's hand has not lost its cunning, they expect to feast along the way and enjoy all the special delicacies the country affords. They will go by the coast route to Monterey and on to San Francisco and then to beautiful Sausalito perched on a hillside overlooking the bay, then to Mill Valley in the shadow of the Muir Woods and forward through Sonoma and Mendocino counties to Ukiah and into Lake county to see Clear Lake with its beautifully indented shores and islands over which the extinct volcanic mountain Kanocti presides, and to sample some of the hundreds of mineral springs with which the park-like county abounds.

The trail they have elected, to follow will go north to Eureka and into Oregon where they will cross the coast range through Grant's Pass. On their homeward run they will take in Shasta Springs where they will make quite a stop, then come down to Placerville and motor to Lake Tahoe, with which they are familiar, then to Carson City, Nevada, and to Mono Lake where is L. C. Brand's mountain home which they visited last summer. From there they will come directly home. As they have planned it, the trip will require about thirty days for they propose to journey leisurely and to enjoy it as they go along, taking any side excursions that appeal to them. They expect to start Friday morning.

**AUTO ACCIDENT**

**CARS OF B. F. MARR AND FRED RICHARDSON COLLIDE AT VERDUGO AND GLENDALE**

An auto accident which held possibilities of all kinds of serious consequences to the occupants of the two machines involved, occurred Sunday evening at the corner of Verdugo Road and Glendale avenue. The dramatic persona were Mr. and Mrs. B. F. Marr of La Crescenta and their three little girls in a Chandler car on their way home, and Mr. and Mrs. Fred Richardson and daughter Margaret of 1300 South Central avenue, also on their way home. Because of a group of elderberry bushes at that point which obscured their view, the Richardsons did not see the Marr auto until too late to prevent the collision. The Richardson machine, a Studebaker touring car, was turned completely around by the impact, and the Marr car went through the fence and into the woods for a distance of about 100 feet without turning over. While the occupants of both machines were shaken up and slightly bruised, no one was seriously hurt. The owners agreed that it was an accident for which neither driver was to blame, and that each would stand the cost of repairs on his own car. The Marr auto, which was towed to La Crescenta, was damaged about \$150 worth, the Richardsons suffered about \$100, but both drivers are exceedingly thankful it was no worse and consider that they got off cheaply.

**GREAT TIME AT ELKS' HALL**

There will be "some doings" tonight at Elks' Hall and "lest you forget" this reminder is given to all Elks that they are expected. There will be ten or more candidates initiated and a number of applications passed upon. A big delegation from Fillmore is expected. Past Exalted Ruler Bert Woodard will present his report of the great convention at Atlantic City and then there will be a fine supper and a great time in the jinx room. A novel entertainment has been prepared which all will enjoy.

**VALLO NAUDAIN MARRIED**

Vallo V. Naudain of Glendale and Miss Zada Kinyon of Algona, Iowa, were married July 10th at the home of the bride's parents, only her relatives being present. After a short honeymoon trip they returned to Algona and will visit there until about September 1st, when they will come to Glendale and occupy their own home on Ivy street.

**VETERANS PLAY**

**SOLDIERS OF '61 ENJOY PROGRAMS AT ANNUAL ENCAMPMENT AT BEACH**

Camp Jason J. Shepard, Huntington Beach, August 1.

The 32d annual encampment of the Southern California Veterans' Association is proving a big success. The attendance is fully up to the record of former years and the interest shown by the big crowds that greet each event with a full house is evidence that all are thoroughly enjoying the occasion.

The reunion by states yesterday morning was an especially interesting affair. Nearly every state was represented, and brief talks recounting the valiant service performed by the states' troops, with reminiscent anecdotes and experiences of the Civil War period, made an interesting hour that was thoroughly enjoyed.

The afternoon program, "The Fat Folks and the Funny Folks," was a laughable farce, improvised for the occasion under the direction of Entertainment Manager W. E. Herendeen, and was a great hit, amusing the big audience to the limit.

The evening entertainment by members of Jessie Benton Fremont Tent, Daughters of Veterans, completed the day with a very creditable presentation of a laughable comedy, "Those Husbands of Ours," which was heartily applauded.

Today's program includes the ex-prisoners of war and the war nurses with an evening entertainment by Bartlett Logan Post and Corps of Los Angeles.

C. H. CLARK,  
Press Correspondent.

**OLD RELATION RESUMED**

The lives of Rev. E. E. Ford, pastor of the First Baptist Church of Glendale and J. F. Bradley of 351 Myrtle have been rather strangely interwoven the past few years. When Rev. Ford was pastor of the Baptist Church at Interlaken, New York, Mr. Bradley and his wife were his parishioners. When the latter came to California two years ago to spend the summer, they located in Highland Park, where Rev. Ford was pastor. When they settled in Glendale a few months ago they were still near their former pastor, but when on July 1st he, too, located in Glendale the broken chain of their pleasant intercourse as pastor and parishioners was again united.

Bowling contests will be resumed this week by the crack team of Glendale Elks' Lodge, No. 1289. Some fine scores may be looked for as 1289's team is in fine condition.

**COUNTY HEALTH WORK**

**DR. FARR OF L. A. COUNTY BUREAU STAFF TELLS OF INSTRUCTION OF ALIENS**

The fourth health lecture given Thursday night was well attended. On account of vacation absences of the Los Angeles County Health Bureau staff, it was found impossible to give the moving picture lecture as was planned. At the last moment, Dr. Pomeroy sent a substitute, Dr. Margaret Farr, to take his place as lecturer.

Dr. Farr gave a brief synopsis of the county health work in Los Angeles—its meager facilities four years ago and its subsequent growth and improvement. She told of the work done for the Japanese and Mexicans and some of the interesting experiences members of the staff have had among them. Their efforts are not always well received and there is often an element of personal danger and risk connected with this uplift work.

The Japanese have colonies with a leader or head man over them, through whom the health workers deal with the people. When an order or request is phoned to such a head man, from the department, it is quite gratifying to note the alacrity with which it is obeyed.

If an order is given to bring all the children to a certain schoolhouse at nine o'clock for inspection the Japanese trucks have every child there on the tick of the clock. Appreciation and co-operation personified!

Dr. Hora is associated with the Japanese work and renders valuable aid.

Among the Mexicans, a great deal of ignorance is found and a peculiar sullenness of disposition renders uplift work very difficult at times. However, an unexpected responsiveness reward their efforts on other occasions (Continued on Page 4)

### TOM TURNER AND THE BEAR

President Wilson went to France and came home again. That was a brave dash he made across the seas. He entered fearlessly into conflict with the master minds of the old world. Many a famous epigram was uttered. At times the conversation fairly glittered with its brilliance.

The President still contends that the League of Nations is essential to the advance of civilization. He claims that nothing he saw in Europe induced him to change his mind.

But there are many Americans whose trend of thought is much as was that of Tom Turner the day he went bear hunting.

Tom, who is known in the mountain lands as one of the most daring and entirely fearless of the old cowboy stripe, is a colored man. From the range he went with Buffalo Bill's wild west show and he was a champion six-gun artist in that aggregation. In later years he turned to guiding mining and prospecting parties through the hills.

"I was driving along the bottom of a canyon," says Tom, "one day when there was a lot of new snow on the ground. Right down near the end of the canyon I see the biggest bear-tracks I ever lay eyes on, leading across the road and up the hill.

"So I tied my horses to a pinon tree and went up after the bear. Pretty soon I got into a little mesa where the scrub oak was so thick I could not see more than ten feet ahead. I kept right on following that track, 'cause I knew it was plumb fresh.

"Pretty soon I got around to where I had been before. First there was only the bear track. This time there was two lines of bear track and one line of Tom Turner track. In another quarter of an hour, here I come again, out at the same place. This time there was three of the bear tracks and two of the Tom tracks.

"That time around I went kind if slow and kept a thinkin'.

"When I come out to where there was four of them bear tracks running along with mine, I turned around and went back to my team and driv' like the devil."

"Why did you leave when the trail was so hot?" the old scout was asked.

"Well, you see, it was this way," Tom explained. "I kept a figgerin' and a studyin' and I couldn't make up my mind."

"About what?"

"I kept a sayin' to myself: 'Tom Turner, is you chasin' that bear, or is that bear a chasin' Tom Turner?'"

That is largely today the American attitude toward the League of Nations. Are we driving on toward it as the goal of civilization—a new era in which America is to point the way to all the world?

Or is the League of Nations chasing us, intent upon gobbling us up, taking over much or all of our independence, making us subservient to a bunch of commissioners and controllers among whom the titled men of Europe will have leadership?

Is Tom chasin' the bear, or is the bear chasin' Tom.—The Westerner.

### GOOD NATURE OF THE AMERICANS WINS SOMEHOW

One of the most attractive things about the American people is their unflinching good nature. The cost of living is simply terrible, as the phrase is. Everybody, except the rich, feels it severely. Wages and, in a less degree, salaries are higher but they have not gone up nearly as fast or as far as the prices of commodities. Living is no joke. And yet almost all of us make a joke of it. The groceries and the meat markets, for instance, are full of good-natured banter among customers and proprietors as to a dime's worth for 25 cents and kindred simple pleasantries. The husband, father and provider and the housekeeper have their moments of depression over the question of how much longer they can keep out of the poorhouse at this rate and yet most of us do contrive to keep out and laugh about our alleged proximity to it. And somehow or other we manage to scrape up enough to give a little something to every worthy cause that comes along, and how they do come! Usually we can't afford it by any accepted standard of thrift, but we give anyway; at least, if the solicitor catches us, and laugh about that, too.

Doubtless Americans would have more money if they were not so good natured and easy going, if they would kick like bay steers every time they feel they are being cheated by some profiteer, which is pretty often, but we guess we are happier as we are, and happiness is the main thing. The great majority of us can't keep angrily excited about our wrongs long enough to give the weird exponents of bolshevism any hope of success in this country.—Ohio State Journal.

### Notice to Creditors

No. 43516  
**NOTICE TO CREDITORS**

Estate of Charles Wallace Kimberly, deceased.

Notice is hereby given by the undersigned Carlotta Sanders Kimberly, Executrix of the Estate of Charles Wallace Kimberly, deceased, to the Creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within 10 months after the first publication of this notice, to the said Executrix, at the office of Evans, Abbott & Pearce, 1007 Van Nuys Building, City of Los Angeles, County of Los Angeles, State of California, which said office the undersigned selects as a place of business in all matters connected with said estate, or to file them with the necessary vouchers, within 10 months after the first publication of this notice in the office of the Clerk of the Superior Court of the State of California in and for the County of Los Angeles.

Dated July 30, 1919.

## QUESTIONS TO BE ANSWERED

July 16, 1919.

Mr. Howard Robertson,  
 President of Board of Public Service Commissioners,  
 Los Angeles, California.

Dear Sir:

The consolidation of the City of Glendale with the City of Los Angeles is now being agitated in our City, and many of our citizens are desirous of getting correct information upon those things which bear directly upon the reasons being urged for such consolidation. We, therefore, take the liberty of making some inquiry of the officials of the City of Los Angeles concerning these matters. The inquiries which we would like to have answered by you, or such other officials of your City as may be in a position to correctly state answers to the same, are as follows:

1. What would be the amount of the bond issue necessary to be voted to furnish the City of Glendale Aqueduct water, and by whom would such bonds have to be voted and upon what property would the same be a lien?
2. What method would be used by the City of Los Angeles to retire such bonds—that is, would they be retired out of the earnings of the Water Department of the City of Los Angeles, or would they be retired by taxing the property affected by such bond issue, whether that be a district or otherwise?
3. What is the amount of bonds of the City of Los Angeles that the City of Glendale must assume if consolidation between the two cities takes place?
4. To what extent will the property in the City of Glendale be taxed to pay off the bonds of the City of Los Angeles assumed upon consolidation, basing your answer upon the present method of retiring such bonds?
5. What would be the amount in dollars and cents that the people of Glendale would have to pay annually to pay the interest and retire the bonds of the City of Los Angeles assumed by the City of Glendale upon consolidation, basing your answer upon the present method of raising the necessary funds, and assuming, for the purpose of your answer, the assessed valuation of Glendale to be \$8,000,000.00?
6. There now exists a bond indebtedness of the City of Glendale incurred before the consolidation of Tropico with Glendale, and not assumed by Tropico, amounting to \$323,000, incurred for the purpose of acquiring municipal light and water systems. What method of retirement of these bonds would be followed by the City of Los Angeles—that is, would the same be retired out of the earnings of such public utilities, or would they be retired by taxing the property within the City limits of Glendale as it existed at the time of voting such bonds?
7. There are at present two municipal improvement districts in the City of Glendale covering the territory formerly the City of Tropico and formed for the purpose of acquiring municipally owned light and water plants. The amount of bonds for the two districts aggregates \$99,500. What method of retirement of these bonds would be followed by the City of Los Angeles—that is, would the same be retired by taxing the property within such district?

The matters referred to in the above questions are of vital importance to the citizens of Glendale, and in order that we may have the correct answers from those authorized to speak on these questions, we ask you to kindly put your replies to the same in writing.

Respectfully yours,  
 Signed,  
**FRANK L. MUHLEMAN,**  
**HARTLEY SHAW,**  
 Trustees of the City of Glendale.

### WHERE ARE THE ANSWERS

The Evening News invites the Los Angeles Evening paper that has been so conspicuous in parading before its readers so many false statements concerning Glendale's desire to give herself away to Los Angeles, to answer the above questions by the authority of the Los Angeles City council. These questions were propounded by City Trustees Shaw and Muhleman of Glendale more than two weeks ago and the answers have not yet been forthcoming.

**Personals**

Mrs. Dwight A. Lane, 332 Ivy St., and her guest, Miss Cora Kidder, of Michigan, have returned from a visit to Catalina.

Mrs. Rose A. Moser, of 1006 Orange Grove Ave., leaves today for a two months' outing at Hermosa Beach.

Mrs. Ida F. Miller of 1006 Orange Grove avenue departed today for a two months' outing in the Ojai Valley, Ventura county.

Mrs. W. E. Hewitt did not go to San Diego Saturday as was erroneously reported, but wishes her friends to know she is at home and has no intention of taking a trip.

Mrs. Flora Seymour of 209 South Columbus avenue has just received the first payment on her pension from the government. She is the widow of James Seymour of N. P. Banks Post.

Mrs. Eva Cunningham and sons, Ralph and Glenn, will be the guests this week of Mrs. Harry Parker at her cabin in the Arroyo Seco and next week they will spend at Camp Rincon.

Mrs. Harry Marple and baby of Redondo have been spending the past week with relatives in Glendale—Harry's people on Palmer avenue and her mother and sisters on North Central avenue.

Rev. Clifford A. Cole and wife went to Long Beach this forenoon to attend the annual convention of Christian Churches of Southern California. He teaches a class on Sunday School organization every day this week and she one on Junior work in the Bible School.

Nathan Rigdon, wife and son, Warren, of San Diego, are guests of L. W. Babcock of 413 North Isabel. They are looking earnestly for a house to live in as they want to move to Glendale, Sept. 1st. Mr. Rigdon is a building contractor and has put up many houses in San Diego.

Mrs. W. F. Shinner and her little son of 131 West Garfield avenue, have just returned from a very pleasant fortnight's sojourn at Huntington Beach. Mr. Shinner, who is a buyer for Blackstone's, is still in New York. He writes that stocks are scarce and high and buying is difficult in consequence. He does not complain of heat but says there has been an unusual amount of rain.

Thomas Finn and wife who came to California two months ago from Indianapolis on account of Mrs. Finn's health, looked at property in various suburbs of Los Angeles and finally decided to locate in Glendale, buying the property at 414 West Broadway. Mr. Finn is keeping in touch with Glendale's development by reading the Evening News regularly as a paid subscriber.

Comrade George W. Sanford who went down to Huntington Beach about a week ago to be present at the opening of the encampment, returned Saturday that he might escort his wife and his daughter, Mrs. Grace Mayo, and his little grandchild to the beach on Sunday. Mrs. Mayo came from Walla Walla, Wash., to be a guest in her father's home about two months ago, and will be with him for a couple of weeks longer.

**CLOTHING WANTED**

Mrs. H. E. Bartlett, Chairman of the Glendale Red Cross Chapter, states that there is a great call for clothing at the Red Cross Shop. The high cost of living has pinched many families where there are children to be clothed and made it difficult to assemble enough money to buy new garments at the present figures. Persons who have underwear or outside garments for men, women or children for which they have no personal use will therefore be serving many worthy buyers and helping the local Red Cross by contributing their stocks to the little store. It is now located in what was formerly the Telephone Building on North Brand boulevard cornering on the alley. Donations of this kind will be much appreciated.

**E. D.'S ENJOY DINNER DANCE**

Members of the E. D. Club enjoyed another of the delightful stunts for which they are becoming famous when they were entertained at dinner on Saturday night by Mrs. H. H. Martin of 948 Gramercy Place, Los Angeles. The board was centered with yellow coropsis, the color being repeated in the attractive appointments of the table. A novel scheme had been devised by the hostess, by which guests were to find their dinner partners in the writing of a verse about each gentleman present, then cutting the verses in two and distributing the slips among the ladies to be matched up. Following the dinner the party motored to Venice where the balance of the evening was devoted to dancing. Guests were: Messrs. and Mesdames R. M. Brown, T. D. McClintock of Van Nuys, A. W. Tanner, V. M. Hollister, E. R. Naudain, Warren Roberts and A. D. Cross.

**KNIGHTS TEMPLAR**

Glendale Commandery will hold a stated meeting Monday evening, August 4th, at 7 p. m., sharp. All members are urged and visitors requested to be present.

D. G. CROFTON, Com.  
 C. C. RITTENHOUSE, Rec.  
 281-283

R. R. Flynn, wife and son Leslie of Long Beach were Sunday guests at the home of O. L. Kilborn, brother of Mrs. Lynn, at 217 West Lomita avenue. Leslie has just returned from overseas, where he was with the 116th Engineers. For the past three months he was one of a detachment to locate and mark with white crosses the graves of American soldiers who fell on Belgian battlefields. His detachment marked 1250 graves, placing on each cross the soldier's name and military connection and his identification number.

**BAPTISMAL PARTY**

One of the pleasant experiences out of the usual order which sometimes fall to the lot of preachers came to Rev. Charles H. Scott, pastor of the First Methodist Church, yesterday morning, when he had the privilege of baptizing the infant son of Mr. and Mrs. James Helman, of Pasadena. Mrs. Helman and her parents were members of the Lincoln Avenue Church during his pastorate there, and he officiated at her marriage. Mr. Helman was called to army service and little Jimmie, Jr., was born before his return about three months ago. The baptism was a very important family event and a party of about twenty-five adults and children came over to witness it including Mr. and Mrs. James Helman and baby Jimmie, Mrs. Jessie Thompson, mother of Mrs. Helman, Mr. and Mrs. Wilton Thompson and family, who formerly resided in Glendale, Judge and Mrs. Raymond Thompson and their children, Mr. and Mrs. Russell Thompson, Charley Thompson and Misses Jessie and Frances Thompson. It was a great pleasure to the pastor and his wife to again meet these old friends and after the baptism they were invited to the parsonage and were their guests at luncheon.

**WHAT SOLDIER HAS LOST A KITTEN?**

Mrs. A. M. Harrison, of 218 West Windsor Road, has a soft heart for soldier boys and also for animals. Perhaps that was the reason why she took special notice of a boy in uniform whom she saw Thursday night upon a Glendale car fondling a kitten which he confided to her he had brought from New York. She was interested and took special note of the kitten unconsciously registering its markings. Later in the evening when returning to her home not far from where she had observed the soldier, she heard a cat meowing piteously and on getting near enough to view it closely discovered it was the same one the warrior had been cherishing. As she was unable to carry it home she left it at the nearest available place, viz., with Lyman & Lund at 141 South Brand, who promised to take care of it for a few days until the soldier could be located as doubtless he is in as much distress as the kitten over the situation.

**NOVEL EPWORTH LEAGUE MEETING**

A very pleasant social affair was enjoyed by members of the Epworth League of the First Methodist Church to the number of about seventy-five in the social hall at twilight on Sunday, just before the evening service. Misses Clorinda Corbin and Helena Swartz had charge of the social features of the program and arranged for progressive conversations by distributing cards assigning to each guest conversations with the six persons named on the card. The partners in the scheme were given topics to converse upon and the other party in the duo was expected to guess from the remarks of the vis-a-vis the subject of conversation. This stunt provoked quite a battle of wits and much amusement. The closing number was a semi-dramatic affair suggestive of the mystery plays which opened with the appearance of two persons on the platform announcing that they were the footlights who fell upon their knees and announced that the lights were on. Two more persons appeared and stated that they were the curtain and two more presented themselves as the "scenery." Then the persona of the drama began to arrive with two men, one blindfolded, who was introduced as "Epworth League," the other a highwayman who announced that he was "Indifference" and that he intended to kill "Epworth League." Three more persons then came in. The first said: "I am co-operation, the helper of the league;" the second said: "I am the lover of the league," and the third: "I am the rescuer of the league." Then they proceeded to deliver "Epworth League" from the highwayman, "Indifference," removing the blindfold, the footlights announced that they were out, and the curtain went down. Light refreshments were then served.

**MOVING TO BEN LOMOND**

Frank Mallory and family, who had been living at 520 West Broadway, and recently sold their home there, went to Santa Maria, Saturday, and after a few days spent in that city, their old home, will move to a 10-acre ranch near Ben Lomond, Santa Cruz county, which Mr. Mallory traded some Los Angeles property for. He says it is well fitted with chicken houses and has good residence and out buildings. There is a deep canyon nearby with cold, clear stream of water tumbling down it and it is well stocked with trout. Mr. Mallory considers he got the best of the deal and the other man thinks he has the advantage, so everybody is satisfied.

**SUCCESSFUL CONCERT**

**MUSICALE AND DANCE GIVEN BY ST. MARK'S CHOIR ARE GREATLY ENJOYED**

With minor changes the concert and dance given by St. Mark's Choir at Masonic Temple Friday evening was carried through with satisfaction to all concerned although some of the performers were so late in arriving that the program could not start on time. The audience was very good-natured about it, however, and showed great enthusiasm and appreciation after it did begin.

Interest centered in the court scene from the "Merchant of Venice" in which Mrs. Charles Parker was a striking figure as "Shylock." Miss Nellie Williams a wonderful "Portia," while Mrs. J. I. Wernette was no less impressive as "The Duke." Mrs. Harry Peterson and Mrs. Eustace Young were handsome and fascinating cavaliers as "Bassanio" and "Antonio," and Mrs. W. A. Kulp gave a fine characterization of "Nerissa." With tapestry portieres for a background and close-cut tubs of box in the foreground, an effort had been made which proved most successful to provide an old English, Shakespearean setting for the little drama, and it also made a delightful decoration when the hall was later used for dancing.

The choir omitted the anthem they were to have sung but gave a very pleasing rendition of an old English glee, "Softly Fall the Shades of Even," by Hatton. They also sang the chorus of "Pack Up Your Troubles in Your Old Kit Bag," and led the audience in singing the "Star Spangled Banner."

The Egloff children made a very favorable impression and gave an artistic interpretation of "O, Thou Sublime, Sweet Evening Star."

The little whistler, Mary Louise Hand, delighted her hearers, especially with her "Mocking Bird" encore, whistled by request.

Mrs. Eanchoo Rees was in splendid voice and the audience manifested its appreciation of her numbers. Mr. Parker also sang beautifully and his "Margarita" and "Gypsy Song" were enthusiastically received.

The dancing began about ten o'clock and continued until midnight, and delicious punch was served during this part of the evening's entertainment. While the crowd was not large, it was big enough for all who were there to have an exceedingly good time and to crown the affair with success.

**GLENDALE LOOKED GOOD**

Mrs. W. F. Small and three boys of 1420 South Brand boulevard, and Mrs. Luke Houghton and three youngest sons of 1146 East Lexington, have returned from a week's outing at a beautiful mountain resort not very well known to residents of Los Angeles county, viz., Saucer Mountain Springs, seven miles beyond Santa Paula. Mrs. Houghton describes it as a high and deep canyon in which are thirty or forty cottages, a hotel, a swimming pool, and other camp amusements. Mrs. Small formerly lived in Santa Paula and was therefore acquainted with the place. Walnuts, oaks and sycamores cover the hills, and there are many mineral springs, particularly sulphur springs. They all had a very good time but Glendale looked exceedingly beautiful to them with its green lawns and flower gardens because where they have been the water shortage is acute. Mrs. Houghton says that Santa Barbara residents are allowed to use water for irrigation purposes only one hour in four days and that very few lawns and no flower gardens are to be seen. Conditions at Santa Paula are quite similar, and in the mountains the flowers usually seen have withered from drought.

**TORRE LIGAMENTS IN LEG**

R. P. Jodon of 224 South Louise while preparing to do some wiring in Machinery Hall at Glendale Union High, Friday, tore the ligaments of his left leg between knee and ankle while carrying a heavy load up the concrete incline on the south side. He is still going about on crutches but hopes to get to work again by Wednesday.

Mr. Battery, the poultry expert, has lately been devoting his attention to rabbits with excellent success. He says they are very profitable if the raiser can grow his own feed. He is using root crops for the most part, viz: the red field beet which is a cross between the old-fashioned mangel-wuerzel-carrots and yams. The advantage of rabbits over fryers in feeding this diet is that the rabbits take the roots raw whereas they have to be cooked for chickens.

S. S. Neighbors and wife have moved from 415 North Kenwood to 1431 East California avenue.

**After Supper—What?**

Most of your time is mortgaged to work, meals, and sleep. But the hours after supper are yours, and your whole future depends on how you spend them. You can fritter them away on profitless pleasure, or you can make these hours bring you position, money, power, real success in life.

There's a big job waiting for you—in your present work, or any line you choose. Get ready for it! You can do it without losing a minute from work, or a wink of sleep, without hurrying a single meal, and with plenty of time left for recreation. You can do it in one hour after supper each night, right at home, through the

**International Correspondence Schools**

Hundreds of thousands have proved it. The designer of the Packard "Twin-Six" and hundreds of other Engineers climbed to success through I.C.S. help. The builder of the great Equitable Building, and hundreds of Architects and Contractors won their way to the top through I.C.S. spare-time study. Many of this country's foremost Advertising and Sales Managers prepared for their present positions in spare hours under I.C.S. instruction.

For 28 years men in offices, stores, shops, factories, mines, railroads, in the Army and Navy—in every line of technical and commercial work—have been winning promotion and increased salaries through the I.C.S. Over 100,000 men are getting ready right now in the I.C.S. way for the bigger jobs ahead.

**Your Chance Is Here**

No matter where you live, the I.C.S. will come to you. No matter what your handicaps, or how small your means, we have a plan to meet your circumstances. No matter how limited your previous education, the simply written, wonderfully illustrated I.C.S. textbooks make it easy to learn. No matter what career you may choose, some one of the 280 I.C.S. Courses will surely suit your needs.

**Make Your Start Now!**

When everything has been made easy for you—when one hour a day spent with the I.C.S. in the quiet of your own home will bring you a bigger success, more comforts, more pleasures, all that success means—can you afford to let another single priceless hour of spare time go to waste? Make your start right now! This is all we ask: Without cost, without obligating yourself in any way, put it up to us to prove how we can help you. Just mark and mail this coupon

added to Ordinance No. 313, Section 2-A, which shall read as follows:  
 Section 2-A. That a safety zone shall be marked upon the surface of Broadway by the Street Superintendent of the City of Glendale at the following place, to-wit:  
 North of the Glendale & Montrose Ry. Co. tracks on Broadway beginning at a point on the North track situated 105 feet easterly of the east line of Brand Blvd. and extending easterly therefrom 65 feet.  
 Said safety zone shall not extend beyond seven feet from the north rail of the said railroad tracks.  
 Section 2. That there shall be added to Ordinance No. 313, Section 3-A, which shall read as follows:

Section 3-A. That it shall be unlawful for any person, firm, or corporation to park any vehicle on the north side of Broadway between the east line of Brand Blvd. and a point situated on the north curb line of Broadway 180 feet from the said east line of Brand Blvd.  
 Section 3. The City Clerk shall certify to the passage of this Ordinance and shall cause the same to be published once in the Glendale Sentinel-Progress, a weekly newspaper of general circulation, published and circulated in said City of Glendale, and thirty days thereafter the same shall be in full force and effect.  
 Adopted this 31st day of July, 1919.

### THE BACK-YARD TOAD

(Continued from Page One)

ker worms? Do you know the life history, or the biology of toads? If you are not thoroughly familiar with the habits and characteristics of these semi-aquatic vertebrate animals, I urge you to learn more about their ways for in my study of animal behavior and the development of species, I have found no topic more fascinating and of greater economic importance than the life of toads. The very sight of an amphibian is repulsive and objectionable to one whose heart and soul is not in tune with Nature. To fully and deeply appreciate the great out-of-doors, one must learn the fundamental lesson that biology teaches, a love for her varied organisms and a desire to learn more about her ways. "To Him, who in the love of nature holds communion with her visible forms, she speaks a various language."

Yes, he is only a common toad. A shiny, wart-skinned, black-eyed monster. A representative of the lowest terrestrial vertebrates, and yet, when the facts are presented in full, he rises very high in the estimation of self-worth and then appears more than of biologic interest for he is a servant of man, always at work among the flora of the gardens and is actively engaged in waging an incessant warfare on insects injurious to vegetables, to the trees and the vines that adorn and make beautiful the landscape of California.

It has been roughly estimated that a toad is worth \$17.50 a year to the farmers and fruit growers of this country. Now that we find that there exists in this sunny Southland thousands and tens of thousands of these four-footed, semi-aquatic animals living, a great many of them in our back-yards, you can reasonably say that \$150,000 is saved annually in the production of vegetables and grain due largely to the activity of toads.

Toads are regularly sold in markets in Europe, being used by gardeners to control insect pests. Is there any local market for them in America?

The following examination has been recently made concerning the number of insects eaten by a toad at a meal or were analyzed from the stomach contents of several species: 90-100 rose beetles (Ellen M. Forckett); 55 army worms, 77 scorpions, millipeds, etc.; 65 gypsy moth caterpillars, taken in ten minutes, 86 flies snapped up in less than ten minutes, etc. Dr. Kirkland has roughly estimated that a toad will eat, in the three months of May, June and July, 3,312 ants, 2,205 cut worms, 1,840 myria pods, 2,208 sow bugs, 365 weevils and about 1,000 flies.

The toad stands foremost among American insectivorous animals. Welcome him to your garden. Let him stay in your back-yard.

It is a well-known biological fact, that of the million eggs laid by the female toad in a pond, or lake, during one season, that few ever produce young tadpoles that will reach maturity and advance from this early embryonic, aquatic existence to the adult stage of terrestrial life where the cycle of existence is complete.

It behooves us as citizens, as agriculturists and plain, common folks, to open our eyes to the facts that surround us concerning the existence of all living things. Nature is one grand pictorial review opening up her pages of mystery to the eye and the ear and the heart of the lover of natural phenomena. Do not allow superstition to supersede science in your interest in all that is beautiful, wholesome and good. The toad in your back-yard is absolutely harmless and his ways are as silent as the gentle sea breeze wafting sweet fragrance of the honeysuckle. He should receive our protection and you will learn to fully and deeply appreciate his place in this world of living things.

### COUNTY HEALTH WORK

(Continued from Page 1)

casions. A Mexican mother had been found cruelly beating her children with a huge strap for some trifling offence. Dr. Farr suggested a milder method of punishment and confiscated the offending strap. The next visit showed that the woman had tried more humane methods with good results and seemed willing to learn better ways.

Classes are organized among them to teach child welfare and also better habits of diet. Similar class work is done for the Japanese as well. The Mexican mothers respond quite willingly to the suggestions made, but not always as intelligently as might be hoped for. The use of netting or cheese cloth over a child's bed to keep off flies and mosquitoes was shown as a means of preventing disease. Later observations found one baby's bed securely and thoroughly covered with a quilt to keep out objectionable winged creatures. The fact that the vital air was also excluded had not dawned upon the poor mother's benighted mind.

Mentality is not at high tide among these people, but their willingness coupled with the patient efforts of the Health Bureau will doubtless in time work marvels.

Dr. Farr told of the strenuous times they had during the epidemic and how difficult it was to enforce quarantine. The aid of a constable was often necessary to the posting of a quarantine sign on the door.

Many interesting facts and figures were given which no doubt furnished food for reflection to many who knew nothing of the good work our County Health Department is doing to uplift and teach the people better ways of living.

His work for the foreign element among us is one that churches and societies might well take up. Purse strings are strained to send money abroad for foreign missionary work, which is all well and good. But why not spend a little time, money, effort and Christian philanthropy on the heathen among us? Then those so enlightened may go back to their own country as missionaries among those of like language.

The Glendale male quartette rendered a bright and pleasing selection with Mrs. Westphal as accompanist.

This will be the last public lecture given for a while. It is hoped that the effort put forth for the public benefit has been a help to some, at least.

### HAS CHURCH FAILED?

(Continued from Page 1)

unity of the church that the world might be overcome would yet be answered.

In the evening Rev. Cole was the speaker, telling of his ten days' work at Asilomar and of the week spent in attending the Santa Cruz convention. The word Asilomar means "a retreat by the sea," this designation replacing the old name of Guardamar, "a watch by the sea," when Mrs. Phoebe Hearst acquired the tract of 640 acres, and dedicated it to Christian work. An assembly hall and a dining room, each very large and costing in the neighborhood of \$40,000, were built, and many small houses and tents. The location is on the hills near Monterey and it overlooks the sea below. The work this year was a study and conference by the Missionary Department of the Inter-Church Movement of America. There were 303 delegates present this year, those from the Presbyterian Church leading with 75 and those from the Christian Church being next with 66. Addresses were given by returned missionaries on furlough, there being 21 of these in attendance, and by leading pastors. One of the finest of these latter was by Dr. J. A. Francis, Baptist minister of Los Angeles. Rev. Cole is very optimistic over church union and the evangelizing of the world by united Christian effort in all the churches. He spoke enthusiastically of the great Methodist Centenary Drive for \$105,000,000 to be used in educational and missionary work which has resulted, after three months' work, in pledges

totaling over \$160,000,000. And this amazing accomplishment was planned and engineered by, not a popular preacher, but a layman. The successful New Era movement of the Presbyterian Church, whereby more than 39,000,000 was raised was cited as another instance of the determination of Christ's followers to carry out His commands. These two achievements are the more wonderful in view of the many demands of the past two years on the finances of the people. The work of the Rockefeller Foundation in building great hospitals in China and Christian colleges in China and Christian colleges whereby China will be evangelized by the Chinese was mentioned, also the recent "Boston Tea Party" in China resulting in the discharge from a great university of two Japanese teachers by means of a 6-day strike of students in which they were supported by business men. Many other interesting things like the above, gathered in during the ten days' attendance at Asilomar, were related.

### ORDINANCE NUMBER 356

From Glendale Sentinel-Progress  
**THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:**

Section 1. That the compensation of the officers of the City of Glendale in the Department of General Government is hereby fixed as follows, or less:
