ANTI-GOUTY ELIXIR
OF
HIPPOLYTE BRIEUGNE,
INVENTOR OF THE ANTI-RHEUMATISMA

Tropical Balm.

THIS new all medical science has had no power to cure, the gouty, the terrible disease which has ever made so many victims in all parts over the earth, and still bears daily so many thousands from their ranks. Medicine never gives up to the most painful sufferings it is useless to recall to our minds the symptoms of this disease too well known to its numerous sufferers. It is needless to name them to those who know the value of such a remedy against their return. Such is the effect of the ANTI-GOUTY ELIXIR, which is the result of the laborious researches of M. BRIEUGNE. Baincois, already known by the discovery of the anti-rheumatismal Tropical Balm, that has been down to this day so great a success. The ANTI-GOUTY ELIXIR, particularly designed for curing the fits of the gout, is composed of the same plants warranted by a long and personal experience of the inventor, and by repeated essays upon its numerous victims.

The ANTI-GOUTY ELIXIR is easy to take, and its taste is in no way disagreeable. It can be taken pure or mixed with two or three spoonfuls of tea or coffee. Its effects are felt after a few hours, whatever may be the intensity of the pain. It is in a few hours almost the sufferings disappear, and all its symptoms vanish away.

For sale at the general depot, in New Orleans, at J. WRIGHT & CO,
