Address for the United States and Canada

General Directions to Correspondents.

The attention of our Customers is respectfully called to the following Directions, which will, if followed, be an aid to purchasers as well as to ourselves:

Postage Paid. We deliver, postage paid, to any post office in the United States and Canada, Bulbs and Plants at piece and dozen rates, except where otherwise noted.

Express. It will be much cheaper to purchasers if Bulbs and Plants of bulky nature are ordered to be sent by express or rail at their expense. Plants and Bulbs, when securely packed in boxes, are now carried by the leading express companies at a reduction of 20 per cent. from the regular rate of merchandise.

Packing. No charge is made for boxes or packing.

Cash with Order. Please send money with the order sufficient to cover the whole bill, to facilitate the execution of your orders. During the busy season, to make out bills for customers, charge, and in a few days receive the money, make the proper credit, and send receipt, requires more work than we can readily perform.

Discounts. We allow 10 per cent. discount when cash accompanies the order on all goods to be sent by express or by rail. But no discounts whatever on goods to be charged for, or to be sent by mail at our expense.

Errors. We exercise the utmost care in filling orders, striving to do a little more than we offer; yet in the press of business errors sometimes occur, in which event we wish to be promptly notified on receipt of goods, and we will make such corrections as will be satisfactory.

Guarantee. We guarantee safe arrival of goods sent by mail or express.

Non Warranty. We wish it distinctly understood, that although we take all possible pains to supply only the best Bulbs and Plants, we give no warranty, expressed or implied, as to productiveness, or any other matter, of any of the Bulbs or Plants we send out, and will not be in any way responsible for the crop. Nor do we guarantee the successful flowering of any Bulbs or Plants, which grow from the same, will be free from disease. Every order received for articles named in this catalogue will be executed on these conditions only.

ROMAN, ITALIAN AND FRENCH HYACINTHS.

Single Bulbs mailed free. If desired by mail, add at the rate of 10c. per doz. for postage.

Roman Hyacinths should be grown extensively in all places where early flowers are required. With very moderate forcing they can be easily had in bloom as early as November, and as every Bulb produces three or four spikes of pure white flowers, its value for cutting for bouquets, glasses, etc., is very great.

LILIUMS.

Lilies are the most desirable hardy bulbous rooted plants in cultivation. In pots or anywhere in the open ground they are superb and produce a most charming effect.

They should be planted from October to March, in good, rich, loamy soil, about four inches deep. After planting they require but little care, and should not be taken up for several years, as they bloom more freely than if taken up annually.

Those marked * are to be had in August; the others after October 15.

A variety from Japan with deep green fronds, 8 to 10 inches long, from creeping rootstocks or rhizomes. These are made up in Japan to a frame made of sphagnum moss, so that an occasional dipping into a pail of water is all that is required to keep the plants in a good growing condition.

Purchasers are urgently requested to order at an early date, if possible **before the month of September**, so as to secure an **early delivery** and **finest selection**.

Distinctly written names and addresses are urgently requested.

Complaints (if any) must be made within 10 days after receipt of goods; otherwise they will not receive attention.

Please address all communications and orders to our American House,

HULSEBOSCH BROTHERS,

Englewood, N. J.,

who will forward price lists on application, receive orders, and settle or arrange all matters concerning our firm.

Assuring you of our best personal attention to your much esteemed commands, we remain,

Yours respectfully,

HULSEBOSCH BROTHERS.

EXPRESS PREPAID.

ON account of repeated complaints of many of our customers who reside at great distances from New York City about the exorbitant express charges, we have concluded to prepay for purchasers' account, by express, all parcels and boxes which would cost more than eight cents per pound if shipped in the regular way. Express companies will now receive from us Bulbs, Seeds and Plants, at the rate of eight cents per pound, no matter where to be delivered, even for Canada, but we must prepay charges.

We trust that our customers, for whose benefit we make this departure, which involves us in a great deal of extra care and book-keeping, will refund us this outlay either before or directly after receipt of goods.

Yours Respectfully,

HULSEBOSCH BROS.
