9. Purpose of meeting

1. Decision of the program of the ceremony for the Adult Day.

2. On secession of the Takatsu Youth Organization from the federative youth organization.

10. Evaluation of the meeting

It was decided to hold the ceremony for the Adult Day at the municipal public hall on Jan 15 from 9 a.m. The ceremony is for the youth who are 20 years of age. The address of mayor, the same from many organizations, lecture of the vice-mayor on a subject of the peace problem and movie are expected.

As for the secession of Takatsu Youth Organization the situation was as follows: The Takatsu Youth Organization has been the centre of the youth organization activities. The organizations in five other districts have existed but in name. The representatives of those youth organizations hardly attended the meetings of the federative youth organization. The federation has lost, almost its raisond'etre because no cooperation is expected on the part of the youth organizations except the Takatsu Youth Organization. So Takatsu Youth Organization stated that they will secede from the federation which has lost its meaning of existence, in order to call for grave reflection on the part of other organizations. When the officers of other youth organizations promised that they would cooperate in displaying the function of federation in future, the problem of secession of Takatsu Youth Organization was shelved for a while.

   Mayor of Doi-mura

9. Purpose of meeting

   For the purpose of discussing how to make the youth organization more active, and how to make the adults cooperate in it.

10. Evaluation of the meeting

    This meeting was very significant for the village. Because the youth and the adults have had almost no opportunity to talk with each other so friendly. The activities of the citizens' hall are very active, but they are not participated in by the youth organization. There has been a situation of confrontation between the youth organization and the citizens' public hall. This meeting offerred an opportunity for both the youth and the adults to criticize and reflect upon their attitude so far and to agree with each other in making efforts for cooperation. It was decided for the adults to make further efforts for developing youth and for the youth to take part in the observances of the village. On the occassion of this meeting the mutual understandings of the village people were reached.

SCHEDULE 1--e (Summary of Meeting)

1. Organization (represented) Sufu-mura Youth Organization

2. Address Sufu-mura, Shuso-gun

3. Date of meeting Jan 12, 1951

7. Brief description of projects initiated by JYS.

Guidance on tour to the model youth organizations during the second week.

It is scheduled to tour to the model youth organizations in eastern Ehime (Doi-mura Youth Organization, Uma-gun; Sumino-cho Youth Organization, Nii-gun; Shu-mura Youth Organization, Shuso-gun; Iwai-mura Youth Organization, Shuso-gun and Noman-mura Youth Organization, Ochi-gun) for the purpose of giving guidance to the officers of the youth organizations concerning the organizational structure, operation and finance of the democratic youth organization.

In addition it is scheduled to convoke a round-table conference inviting those interested in the youth education, officers of PTA's, members of the CPH advisory committee, Social Education Advisory Committee-men, mayors, officers of the women's organizations, officers of the youth organizations, in order to make them positively cooperate in the youth and minors education.

The round-table conference will be held in the day time and the guidance to the youth organizations will be held in the night.

8. Outstanding projects observed in the field.

General Study grand meeting of the Iyo-gun Federative Youth Organization.

Date: Jan 8 from 1000 to 1500
Place: Primary School of Gunchu-cho

The meeting will be held in a form of the discussion meeting on the subjects of:

Reflection on the youth organization activities.
What the youth and minors organizations should be in future.
The world situation and the attitude of the Japanese youth and minors, etc.

Attendance: Representatives from 15 to 20 from each member organization will attend it, totaling about 100.

9. Major problems or obstacles impeding progress toward objectives.

When I tour to various places the unsafety in the people's mentality is felt being caused by the unsafe world situation. I have continued to emphasize that this is the year in which we must live entirely led by the confidence in the peace. But the unrest of the youth and minors is undeniable. How many individualities have been trampled upon by the cry: "We unite ourselves!". We have come to hear more of these words than about developing individualities at the meetings of the youth organizations. Those words were heard much during the war. I believe such a thought as to obstruct the true democratization is an undercurrent of the society.

10. General comments and suggestions.

Youth organizations in remote places.

On the occassion of attending the training course for leaders at Ohoge and Chitariyama-mura I was able to grasp the actual conditions of the youth organizations in the remote places where there is even no road good enough to be called a road. The members are very naive and simple. All the members except a few leaders don't know that the youth organization should be a democratic organization and don't know what kind of activity they should conducted. Their idea in regards to youth organization is the same as in the past. The training course for leaders this time indicated what a right organization should be. They were moved by my speech as to the youth organization activities in the good youth organizations throughout the prefecture. The training course for leaders must be held in such places in future in order to cultivate the wild areas.

9. 目的の達成を阻む主要問題又は障害物

現在、各地を廻いて感じる事は、世界状勢の不安から来る人心の動揺である。今こそ、動揺する事なく、平和の信念に徹して生きねばならない時であると、機会ある毎に青年に向って云いつづけて来たが、感じやすい青少年の心の動揺は、みのがせない。"吾々は一致団結して"と叫ぶ言葉の裏に今迄如何に多くの個性がふみにじられて来たであらうか。

青年団の会合で、個々人の教養をたかめるといふ言葉よりも、一致団結して何かをなさうといふ、往年の戦争中にきかされた言葉がより多く耳に入るやうになつた。真の民主化をはばむやうな思想の底流が、社会を流れて来たおると思ふ。

10. 週間活動に対する総括的意見、提案事項及び知り得た特記事項

山間辺地の青年団

今回、大保木、午足山村の青年指導者講習会に出席し、ほとんど道らしい道もないやうな山間辺地に於ける青年団の実態を知る事が出来た。団員は非常に純朴で素直である。彼等は一、二のリーダーを除いては、青年団が民主団体であらねばならぬ事も、如何なる活動を行へばよいか、といふ事も殆んど知らない。普通りの青年団の観念をもちつづけておる。

今回の指導者講習会は彼等に正しい団体のあり方を、はつきり示した。又、県下の多くの青年団活動の証拠をして感銘を与へた。

指導者講習会は今後、このやうな辺地で恵まれないところをたがやすために、是非とも、行はれなければならない

9. Purpose of meeting

Oratorial grand meeting in addition exhibition of agricultural products and exhibit regarding domestic affairs took place.

10. Evaluation of the meeting

1. The members gathered at the fixed time. The meeting was successful.

2. The cooperation on the part of the agricultural cooperatives and the village authorities were done in full.

3. The techniques of speech were not skilful. The contents of the speech were not of low-tone. But the speech concerning the current situation and the youth was much of the military tone. Reminded me of the oratorial contest during the war.

A training course was held under the joint auspices of the above organizations. Four leaders from each branch of the organizations gathered. They studied how to develop leadership, techniques of democracy, and how to give guidance to recreation, how to conduct group work, etc.

10. Evaluation of the meeting

In spite of inconvenience of transportation in the remote place, many members attended the meeting. The Gokurakuji Temple is located at the top of a mountain. It was in-convenient for a place of meeting. But the place was well prepared. The attendants was very simple and sincere. Especially, both presidents were excellent leaders, considerate of others. Both village authorities cooperated in the meeting well. It was very good for the members of the women organization to attend the meeting on the second day and to deepen their understanding in regards to youth organization activities and talk about the matter with each other. I presume that both youth organizations will develop as an excellent youth organization in future.

* Besides, the members of the women's organization amounted to 25.

Report of Activity of Youth Affairs Technical Advisor
for the Month of December

(As of 31 December 1950)

By Misako Kondo, Ehime Prefecture

1. Project being started or being conducted.

a. Study, building, and distribution of program for leadership training courses in unit youth associations.

IFEL follow-up courses are being held in unit youth associations in the prefecture. But unless the characteristics of the locality are taken into consideration in the program of the IFEL follow-up course, there will be little significance.

A program of the leadership training course which will best suit the unit organizations is being studied and planned in order to give direct advice to organizations which will hold such courses in the future.

The points to be improved are:

(1) To adjust the over-crowded program, and stop dragging forth the members. Provide time so that each individual can think and discuss sufficiently without being hurried by over-crowded program.

(2) Select topic for discussion carefully so that each unit organization will be able to arrive at a solution of the pending problem of present.

(3) Be careful not to make the attendants tired because of too much recreation.

(4) Include good lectures, debate, etc. on international problems, world situation, etc. so that members of unit youth associations will have good information of things going on outside of their communities.

b. Issue of bulletin

Japanese Youth Specialist will issue bulletin, which will include good activities of model youth associations observed while visiting and giving guidance to model youth associations in the prefecture.

c. Hold consultative conferences in towns and villages to develop youth education.

JYS will advice at the meeting consisting of city, town or village headman, members of social education advisory committee, officers concerned with CPH, officers of youth associations and other organizations to reconsider the importance of youth education and to make a concrete plan in regards to what kind of educational plan will be drafted by the city, town or village authority in the future and what kind of cooperation will take place with various organizations.

This meeting will be held during January in 14 towns and villages where the model youth associations are located.

2. Project which was the most successful.

a. Christmas Eve Recreation Meeting of Yasaka-cho Youth Association, Matsuyama city was celebrated on a large scale at the CPH with the joint cooperation of folk dance group, music group, etc. The friendliness and courtesy which prevailed throughout the meeting, made this meeting significant. Each member received a share of the Christmas cake made by women members. They enjoyed the dance and games. I think this meeting was successful in accomplishing its purpose as a pleasure meeting of the youth association.

b. The Tobe-cho Youth Association in Onsen-gun held a exhibit for Inoue Masao, the famous actor who was a native of the town in December on Farmers' Festival. The attendants were very much impressed at this exhibit. I recognized the efforts exerted by the members in holding this meeting when I observed the good collection of letters, photographic pictures, posters, handbills, newspapers, etc. I felt strong in seeing the youth appreciate great men and enlightened persons who were native of the town.

3. Unsuccessful project.

None

4. The extent to which the youth affairs technical advisor is received.

a. The members of youth associations in towns and villages strongly request for guidance.

They have many problems (in the fields of finance, organization, operation) which cannot be solved by themselves alone. They request for advice also because of the fact that they had not received appropriate guidance up to now.

6

b. Government offices

The Child Section of Welfare Dept is making a plan to work together with JYS in preventing child and adolescent delinquency.

5. Trends which need attention

The organization of the Ehime Prefectural Federation of Youth Associations is fairly correct. But as for the function of the federation, I think the federation must try to take the lead in solving problems related to general situation by presenting the problems first, as well as developing unit associations and acting as liaison. For example, the federation should stand from the view point of general situation and arouse youth opinion on problems such as,—What attitude and preparation in mind is required of youth in regards to the present world situation?—which is one of the most important problems, and the result should be informed to the general public.

6. Result of operation of model groups

A consultative conference to study operation of model youth associations was held in December. As of present, 11 youth associations were selected to become model groups, and they are exerting great effort to become truely democratic .

Goals of model youth associations

a. Adopt group system

b. Increase average age of members

c. Have budget and planned program

d. Build a cooperative attitude on the part of village and towns people. Will start making guidance tour from January to see how the model associations are functioning.

7. Communistic influence

Nothing special to mention at present.

8. Influence given to activities and principles of youth associations from other organization.

There is a savings drive of Ochi-gun Noma-mura Youth Association, which was conducted with the cooperation of Agricultural Cooperatives. The youth association was able to accomplish the annual savings goal of 500,000 yen, with the encouragement from the Agriculture Cooperatives. Having for its mottos "Betterment of living" "Save", the 120 members

of the association deposited money every month. The average amount deposited by each member totaled to 4,000 yen in a year. The village spirit became better than before. A big commendation ceremony was held on 10 December.

9. Utilization of clerk

The clerk is asked to make a monthly plan of travel, investigation, advice, etc. and is given a great responsibility to do things as a cooperator to the advisor, provided that the work of both persons do not overlap.

10. Utilization and result of adopting the five experimental projects.

Each model group is utilizing the project to a great extent. Music appreciation and folk dance projects are especially successful. Painting of mural, which beautifies CPH's is appreciated by the village and towns people.

B. 官庁関係

民生部児童課は青少年不良化防止のために主として協力して仕事をすゝめる事を計画してゐる

5. 注意すべき動向

愛媛県連合青年団の組織は一応正しい、しかし連合体の持能は下部組織の育成、連絡と同時にもっと大局的な問題を提起し、これの解決に積極的に乗り出さねばならないと思う。例えば現在の世界の情勢に対して青年団は何故態度を入つ構へを必要とするか等に関し（最も切実な問題の一つとして）大局的立場に立って、青年の輿論を喚起し青年の声として一般社会に知らしめることが大切ではないかと思う

6. モデルグループの運営成績

モデル青年団運営研究協議会を十二月中に開催、現在までに十一団体がモデル青年団として非常な熱意を持って県の民主団体なるべく努力を続けてゐる

モデル青年団の目標

1. グループ別の採用
2. 年間年令のプラス
3. 豫算プログラムの確立
4. 町村教育の協力態勢の樹立

一月より巡回指導によりその運営成績を調査する

7. 共産主義的影響

現在のところ特筆すべき点は見当たらない

8. 青少年団体の活動又は方針に異なる他の団体の影響について

農業協同組合と青年団の協力して行った事業として越智郡乃万村青年団の貯蓄運動がある　農協の貯蓄奨励に基き目標額年間5〇万円を青年団の力で達成した　青年団は生活改善、節約をモットーとして全会員120名が協力し毎月貯蓄し、平均一名四千円の貯蓄をなし村内の気風もよくなった　12月10日盛大な表彰式が行はれた

9. 書記の利用

書記には書記としての日常プログラムを組ませ、出張、調査、助言等顧問と重複しない限り協力者として大中の責任を持たせる

10. 五実験計画案の利用と実績

各モデルグループは日常によく利用し殊に音楽会、フォークダンス等については良く行ってゐる　公民館美化作業としての壁塗りは町村民の人々の讃辞を受けてゐる

7. Brief description of projects initiated by JYS.

   Advised the Prefectural Federation of Youth Associations to establish Guidance Dept in the federation. Up to present, there was no such department, and so the organizations received guidance only from the person in charge of Social Education Section of the Prefectural Board of Education. But in big organizations like that of prefectural federation, there is need to set up guidance department in the organization so that efforts can be exerted to develop organizations independently.

8. Outstanding projects observed in the field.

   The Prefectural Federation of Youth Associations is planning to build a Central Youth Hall in Matsuyama. The estimate expense is said to be about 5 million yen. Contribution of one yen per person will be collected at first. With cooperation of other organizations, youths are planning to raise the required fund during the next year. Youths are picturing a cultural centre including art gallery, lodging place, meeting hall, library, etc.

9. Major problems or obstacles impeding progress toward objectives. —

10. General comments and suggestions.

What I felt when I attended the leadership training course at Nanba-mura.

I was impressed by the fact that the IFEL follow-up course was conducted in a sub-organization just in the same way as that of IFEL. In one aspect, however, I thought that this kind of training course will not solve the present problems of sub-organization, since there is a great gap between the situation of the sub-organization and the contents of the training course. The only thing taught at the IFEL training course which can be practised in the lower echelon of geographic youth associations is the recreation. Among the organizations which have conducted IFEL follow-up courses, there is hardly any organization which is adopting committee system. All who have attended the course are saying, "I do not know how to adopt what was taught at the IFEL follow-up course in the organization. There is too much of a gap between the present geographic youth associations and the leadership training course." I think that the over-crowded program of the course should be adjusted, and that more time should be provided for discussion so that participants can think about running organizations. Leadership training course with concrete contents and a purpose of raising the standard of the present geographic youth associations just only a step higher must be considered. I am concerned about the fact of holding training courses just in the same way as that held in Kure and Beppu in a rural place like Onsen-gun.

縣連合青年団に指導部を設置する事を勧告する。
現在まで指導部なく、縣教委、社会教育課青少年係の指導助言のみで団体が指導されて来たが、縣連のやうな大組織になれば、団体以外に指導部を設け自主的に団の進歩のため、努力する機構が必要である。
縣連団長、事務局長と懇談し指導部を設ける計画をたてた。

指導者講習会.(難波村)に出席して感じた事

1. IFELの講習会を、その型を変へずに分団にまで持ちかへって実行してみるのには感心したが、一面、これでは、分団の現在の悩みを解決するにはあまりにもかけはなれた指導者講習会であると思った。

地域青年団の下部組織で IFEL講習会の生かし得る道は、レクリエーションのみである。指導者講習会を行った団なも、ほとんど、その後に於て、委員会組織を生かしてゆくという姿はみられない。

月での出席者は、"指導者講習会をどのやうに団運営に生かして行けばよいのか"わからない。現在の地域青年団と、指導者講習会の持ってゐる空気とが、あまりにもかけはなれすぎてゐる"と云ってゐる

あまり盛りだくさんなプログラムを、~~各自に~~もっと簡単にして、参加者に団の運営について考へさせ、討議させる時間を多く持たせるべきであらう。現在の地域青年団が一段だけ高くなるのを目的とした最も具体的な内容をもった指導者講習会でなければならない。況や、別所で行った講習会の形式を、温泉郷の田舎に直接に持って来るのは考へさせられる。

7. Brief description of projects initiated by JYS.

   In accordance with the consideration at the consultative council of model youth organization leaders it was agreed to execute the followings.

   a. To have groups in the organization.

   b. To raise the average age of members to twenty.

   c. To establish a cooperative organization in the locality.

   d. To adopt the committee system.

8. Outstanding projects observed in the field.

   Savings encouragement movement of Noman-mura Youth Organization, Ochi-gun.

   The movement was started from Jan this year. The members totaling 120 have deposited money each month with the aim of reaching the goal amounting to 500 thousand yen within a year. The youth organ-

ization has the savings committee and encouraging agents. It is expected to hold a ceremony for official commendation within this year.

9. Major problems or obstacles impeding progress toward objectives.

The following tendencies were observed at the Nii-gun Federative Youth Organization. These tendencies which will be observed at some other organizations though not in all organizations are the factors which obstruct democratization of the youth organization.

a. Despotic attitude of the chief of the secretariat of the gun federation. The chief, Ochi Toku of the secretariat of the Nii-gun Youth Organization monopolizes the operation of the organization in stead of the president. The appointment of the officers is also done as he wishes. The president is nothing more than a single robot.

No democratic education is introduced to the member organizations through the gun federation. The member organizations can learn how to conduct the democratic organization only when their representatives attend the meetings of the prefectural federation or that of the prefectural board of education. This is the reason why the youth organization in Nii-gun has been inactive.

b. Arbitrary action of the officials in charge of the youth and minors. In Onsen-gun, the secretariat of the gun federation is located in the Education Office. So it seems as if the official of the Education Office in charge of the youth and minors is conducting the business of the youth organization. The chief of the secretariat of the youth organization is doing almost nothing.

10. General comments and suggestions.

Recently the youth grand meetings have been held often under the pretence of the training course for leaders. The problems of preventing the youth and minors from degeneration or the problem of the youth organization etc. are discussed there. This is very good. But these meetings are held not through the initiative of the youth but they are rather influenced by the thoughts of the municipal authorities or the education office authorities. In connection with the coming election for governor in next spring those meetings seems to have been convoked in an effort to have opportunities for keeping contact with the youth on the part of the governor. Those meetings seem to have been held not for the attendance, but for the prefectural officers, from governor down to chiefs of prefectural departments and sections, or mayor, chairman or members of prefectural assemblies.

These guests to the meetings instigate the youth too much by saying "Just the youth are our hope!" etc. Correct political education can be done by a person free from ambition. Recently I have been urged to think for whom the training course is being held.

9. Purpose of meeting

It was discussed and guided how to take up the group activities into the geographical youth organizations which started anew as model youth organization. As for the future schedule, it was decided that make tour to each model organization and to give guidance to each in accordace with the circumstances. The liaison

arrangements for the above touring guidance was made at this meeting.

10. Evaluation of the meeting.

They were very ambitions and deliberate in furthering their activities in future taking into account the fact that they were designated as the model youth organization. Yasaka youth organization which were very eager in the group activities reported on its activities. It contributed much is a reference on organizational structure and operation for other model youth organizations.

For three hours all the attendance were very eager in utterance and the way of conducting the model youth organization in future was established to our great gladness.

縣下全体の青年団についての問題ではない。しかし、この問題は青年団の民主化をはばむものとして、特に新居郡連合青年団で~~とりあげられるが~~ 他の団体も観察されたものである この傾向はあると思ふ。

イ、事務局長の専断といふ~~こと~~。

新居郡の事務局長(越智徳)は、団長に代つて、団の運営を掌握し、役員の任命も、事務局長の意のままになつてゐる。団長は全くロボットにすぎない。

各単位団に対しても民主的な教育は、郡連を通じては、ほとんど流れ込まない。

各単位団毎に、縣連又は、縣の教育委員会の会合に出席してやつと、民主的団体のやり方を学び得るにすぎない。これが、新居郡の青年団の不活発の原因である。

2. 青少年係の専断

温泉郡に於ては、郡連の事務が、教育事務(教育委員会)以外にあるため青少年係が、青年団体の事務をしてゐるやうな観があり、青年団の事務局長は、ほとんど何もしてゐない。

10. 週間活動に対する総括的意見、提案事項及び知り得た特記事項

最近、各地で指導者講習会と稱される青年大会が開催される。青少年不良化防止の問題、青年団の問題等を大勢の団員が集合討議するのであつて、まことに主旨は結構であるが、青年の発意によつてなされるよりも、市役所、教育事務所の方へが大きく働いてゐる。来春の知事選挙にからみ、知事が青年層に直接接触する機会を作るために開いたとか思はれぬ会が多い。

知事以下縣の部課長、市長、議長、県会の議員等、参会した会員よりも、これらの来賓のための会合の感がつよい。これらの来賓は、「青年諸君こそ我々の希望である」と、むやみに青年をおだて上げる、正しい政治教育は、野心のない人によつてのみ行はれ得る。

指導者講習会は、誰のために開く会合であるのか、疑へさせられて来つ此の頃である。

9. 会合の目的

モデル青年団として新発足するにあたり、今後グループ活動を如何に地域青年団の中にとり入れるかにつき、協議指導を行った。
今後の計画は各モデル団体を巡回し直接にその環境、事情に応じて指導する。この巡回のための連絡をはかった。

10. 会合の評価

モデル青年団に指定されたことについて非常に抱負をもち自重して今後の活動をすすめてゆかうとする熱意があった。
グループ活動を活潑に行ってゐる八坂青年団の発表は、グループの作り方、その組織、運営について他のモデル青年団に非常に参考となる意見が多かった。
三時間の会議中全員熱心に意見発表し、今後のやり方に正しい線が出た事を嬉しく思ふ。

9. Purpose of meeting

To develop leaders so as to make them a promoting influence for the publicity of the agricultural improvement through taking up the 4H club activities.

10. Evaluation of the meeting

I attended the meeting only on the first day. The situation of assembling was very good. The development of program was good. They didn't understand the system of the operating committee. The committee-men were a little irressponsible. The meeting was conducted through the eager assistance on the part of the prefectural agricultural improvement section. The 4H club activities were dull in Nii-gun in the past but they will become active in future.

Kashiwara Hiroshi, chairman of the operating committee of the grand meeting.

9. Purpose of meeting

Several study meetings on the operation organizational structure, financial sources, etc. were held already by the member organizations. The conclusions at those meetings were submitted to this meeting. The righteous principles for the youth organizations in Imabari city will be decided at this meeting through the consideration by all the members in the city.

10. Evaluation of the meeting

While the meeting was held at remote place of the city the attendance was about one half as compared with the number of the people expected. There was almost no recreation. The atmosphere of the meeting was not friendly. Considerably many people were weary. The group system was mentioned but not supported. They seem to have not studied the organizational structure so deeply. The speeches of the guests (prefectural assembly-members, or governor, etc.) were too long and the time for discussion was curtailed to our great disappointment.

   c. Number of visitors to JYS office 6
5. Area coverage:

   a. Number of days spent in cities 4

   b. Number of days spent in towns 1

   c. Number of days spent in villages 2
6. Travel

   a. Hours spent travelling 25 hours

   b. Expense incurred as a result of travel ¥ 1,420
7. Brief description of projects initiated by JYS.

   To give guidance to the model youth organizations in the prefecture so as to make them adopt the group activities. Our guidance activities which will continue to the fourth week. This week guidance were given in Yoshii-mura, Sufu-mura, Noman-mura, Nakakagi-cho, and Kanbe of Saizo-city. Next week the model organizations in central Ehime districts will be given guidance. I am intending to visit these organizations one by one in the future and give guidance.
8. Outstanding projects observed in the field.

   The training course for discussion will be held by the Matsuyama Radio Station on the 18th at Saijo city. Prefectural Agricultural Improvement Publicity Section will hold a youth and minors study meeting at Niihama city for 3 days to give guidance to the eastern Ehime districts where the 4H club activities are dull.
9. Major problems or obstacles impeding progress toward objectives.

   There is nothing special.

10. General comments and suggestions.

The reasons for the dullness of youth organization activities were investigated at Oshima, Ochi-gun. And the following situation was revealed.

1. Each village in Oshima has member youth organization. Each youth organization has several branches. But the branches are quite a distance away from one another. In order to attend the officers' meeting of the member organization, one night lodging is necessitated always.

2. The dues are ¥ 5 a year for one member. The organizations are suffering from financial difficulties.

3. There are not much understandings to the youth organization movement on the part of general public.

4. Since the independence of the village is not possible, many young people go out of the village for the purpose of getting earnings.

I cannot think, however, the above-mentioned alone is the cause for the dullness of the youth organization.

As for (1) the difficulties will be tided over if the member organizations in a village be changed into a federation and the importance of activities be laid on those of the branch.

As for (2) it is not a cause for but a result of the dullness of the youth organization movement. If the organization activities become more attractive, more sum of money can be collected.

As for (3) it may be a result of the dullness.

As for (4) we cannot do anything with it. But there are considerably many young people who are getting money independently from farming and fishing in the village.

Excluding youth who go out of the village for working, a cooperation of the youth remaining in the village shall be established even though they may be a few.

After all the most important cause for the dullness is the fact that there are no leaders of the youth in this village. I intend to make efforts for cultivating the leaders.

9. 目的の達成を阻む主要問題又は障害物

特になし.

10. 週間活動に対する総括的意見、提案事項及び知り得た特記事項

越智郡島嶼部の大島に於ける青年団活動不振の原因調査をなし、大体下記のやうな事情のある事を知った.

(1) 大島以の各村に単位青年団があり、その単位団は更に村内部落の各分団に分れてゐるが分団は距離的に離れすぎ、単位団の役員会に出席するためには大体一泊の予定でなければ参加出来ない.

(2) 年間一人当り五円の会費で行事を行ってゐる. 財政に困難してゐる.

(3) 社会の青年団運動に対する理解が薄い.

(4) 村内自立が出来ぬため、出稼ぎが多く、村内に止る青年が少い.

しかし、これが決定的不振の原因とは思へない.

(1) に対しては、村の単位団を連合体として、活動の重点を分団に置けば解決されると思ふ.

(2) は青年団活動、不振の原因ではなくして、不振の結果なのであると思ふ.

(3) も (2) と同様、不振の結果生じたものと思ふ.

(4) は致し方ないが、村内に農業、漁業で自立してゐる青年もかなりあるから、出稼ぎの人は一応除外して、村内に止まる少数者で青年の協力態勢を作るに重心すべきであらう.

要するにリーダーがないのが最大の原因と思ふ. この島のリーダー養成に力を注いでゆかうと思ふ.

7. Brief description of projects initiated by JYS.

   1. The introduction as ~~per~~ enclosed was made this week as a material for youth organizations' leader training course scheduled at three places in the prefecture next week. A guidance will be given centering around the above introduction so as to promote the group activities in youth organizations.

   2. A round table talk is scheduled with the officers of the youth organizations in the island districts of Ochi-gun, where the activities of youth organization are dull. It is expect to hold the round table talk on December 13.

8. Outstanding projects observed in the field.

   Tokuda-mura Youth Organization, Shuso-gun, will hold a farmers' festival on December 16 and 17. Bazaar, entertainment meeting, physical education contest, etc. will be observed. Shonai-mura Youth Organization, Shuso-gun, will hold the touring culture lecture from December 10 in village-sections.

9. Major problems or obstacles impeding progress toward objectives.

Keeping pace with the increased understandings of the task of JYS among the youth organizations, they desire for my advice more. Those even in remote places ask me to go to give guidance to them. But because of shortage of business fund I have almost no opportunities to go to them whereas the member organizations in 16 villages and towns have desired for my attending the meeting and my guidance and advice. It is very regrettable and painful.

Material for Model Youth Association Leaders Training Course

Prepared by Miss Kondo, JYS, Ehime

Received with the report of 3 Dec. 1950

Group set-up within geographic youth associations

1. Way of thinking regarding formation of groups

   a. Since the group members gather because of common interest participation in activities of youth association becomes active.

   b. Do away with the geographic, buraku consciousness.

   c. Show high cultural standard for youth.

2. Kinds of groups

   Sport groups--hiking, mountaineering, camping, Japanese wrestling, swimming, ball-game, field and track, etc.

   Emotional groups--haiku, waka (Japanese poem), music appreciation, handicraft, calligraphy, flower arrangement, etc.

   Research (study) groups--Bible, native history, homemaking, current topics, farming, etc.

3. How to form groups

   Example

   Make survey of interest and need → Collect survey and classify → Select group leader → Meeting of group leaders → Decide starting time, place, etc. of each group → Groups start to function

   a. The above chart is an example. In places where group work is starting to function, give appropriate assistance and advice to leaders of each group, and clarify the group set-up. It is also desirable to form group developing committee.

b. Each group shall be formed by voluntary members, having no connection with <u>buraku</u>.

c. The size of each group shall be from 6 to 12. (The group must be small)

d. Chose for group leaders, persons who can tactfully manage group work.

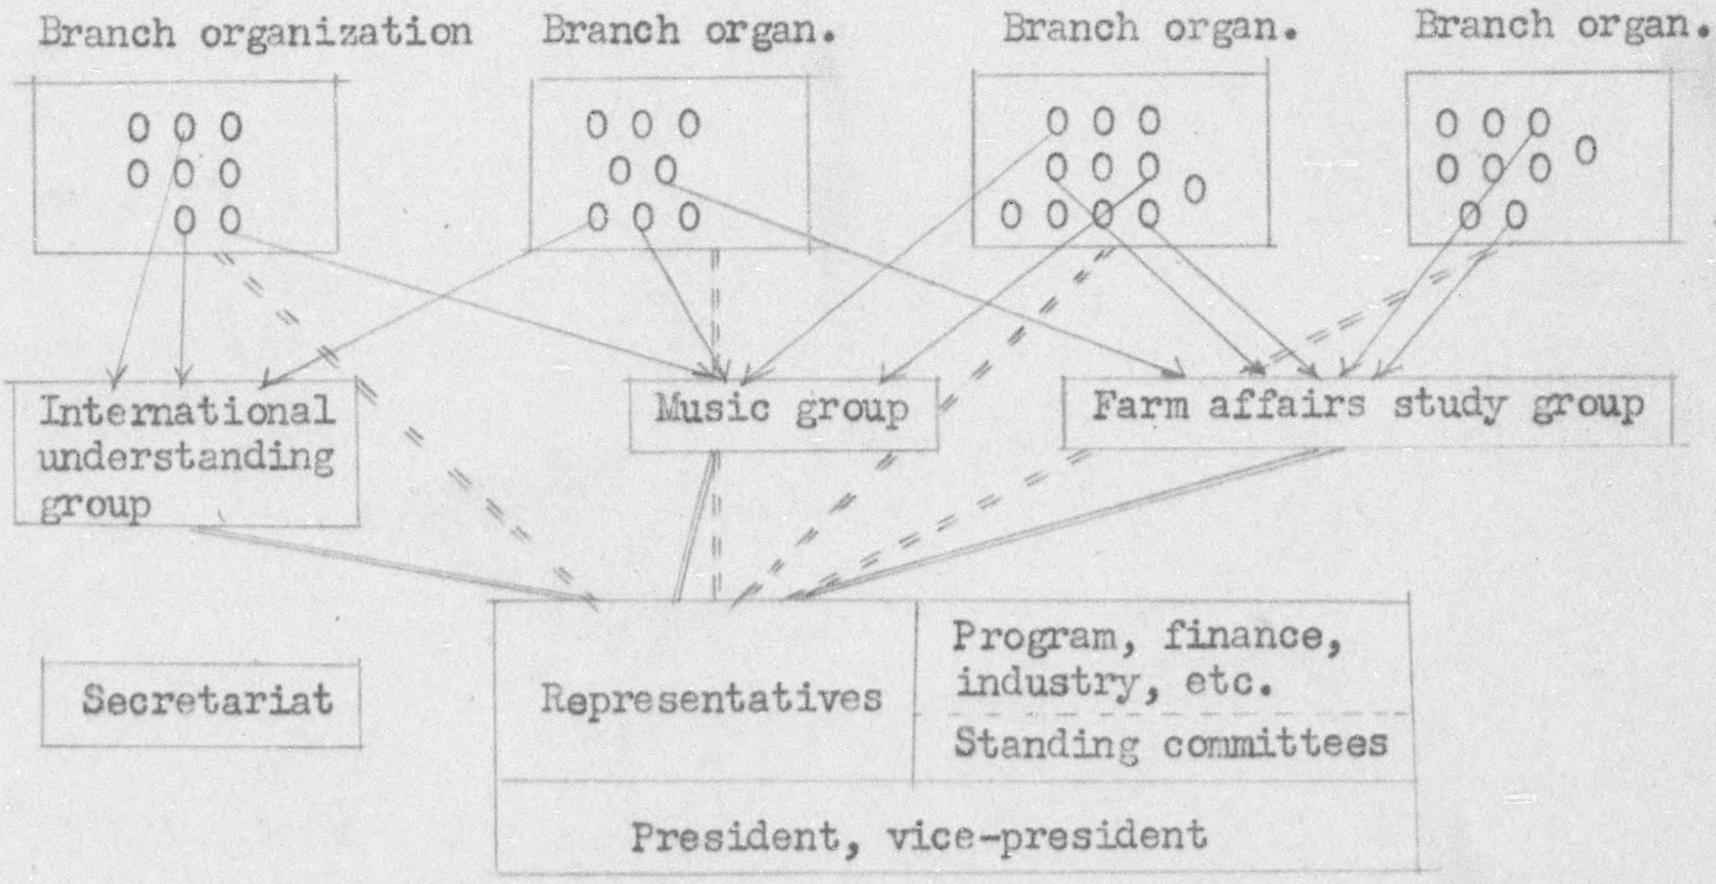
People who are good in performing drama are not always good in managing drama group.

Teacher of flower arrangement cannot always become leader of group work.

Chose separately leaders for technical fields and leaders of group.

e. If a good leader cannot be discovered by the time the organization starts, chose someone who is comparatively interested in the organization to act as a temporary leader, and after that select a leader in accordance with the will of all the members.

4. Chart of group set-up in a geographic youth association.



5. Operation of groups in a geographic youth association

a. Each group will plan and conduct activities freely.

b. Each group will participate in the over all plan, and activities of the geographic youth association.

c. Geographic youth association will distribute materials to each group to help develop its activities and will hold conference for the purpose of liaison among groups and branch organizations.

d. Consider the function of branch associations and groups, and try to bring them together.

Group work

1. Have concrete plan

2. Plans should be made by participation of all members in the group.

   Note: If necessary, receive advise from experts. Agriculture Study Group can receive advise from Agriculture Extension Agent.

3. Notes in building program

   a. How to decide the objectives.

   b. Always consider interest and needs of individual members.

   c. How to make use of experience.

   d. How to enrich contents.

      (1) Change in persons who will participate in activities.

      (2) Change of meeting places.
      (For instance beach, historical place, temple, CPH)

      (3) Meeting together with other groups

      (4) Change in the form of presentation of activities (For instance, excursion trip, demonstration, lecture, announcement of study)

      (5) Change in utilization of equipment (For instance, radio, newspaper, magazine, musical records, sport goods)

   e. Consider season and national holidays and festivals.
   (For instance--Adult Day, Dolls' Festival, Weaver Star Festival "Tanabata Matsuri", autumn festival)

   f. Activities which will develop individual members and group.

4. Evaluation

a. During the period the program is being conducted, reflect from time to time of what already took place.

b. Evaluate after the whole program has been practised.

(Main points in evaluation)

(1) Was the program effective in accomplishing its goal?

(2) Was the program effective in getting the members of the group together?

(3) Enthusiasm in regards to group activity.

(4) Cooperative activity, responsibility.

(5) Development of interest.

(6) Did the program progress smoothly?

(7) Trend of the group to develop itself into a large community.

After measuring the program with the above standards, find ways for improvement, and plan the next program with this basis.

Yokoyama Hisayo, member of Women's Rotary Club, Social Education Advisory Committee

Kondo Misako, JYS (sponsor)
Yamada Norimasa, Secretary (sponsor)

Kutsuna Nitaro, Social Education Section, Prefectural Board of Education (observer)

Subject to be discussed:

How should the education of youth and minors through the Seinen-Dan (common youth organization) be conducted?

(The opinions of members are reported hereby being arranged on a basis of the shorthand records.)

Mr. Matsumoto Kyo

The Seinen-dan is now a geographical organization covering all the youth in a district. The negative attitude on the part of the members has resulted from the fact.

From an educational point of view, however, such an exhaustive organization cannot be rejected flatly.

Rather it will be necessary to study how to conduct the organization activities especially how to conduct the operation in order to make all the members in the district attend the meetings.

The organization activities shall be done keeping pace with the knowledge level of the members. They shall start from the low level. As for those members who want to see movies and to play, they shall be started from movie meeting and recreation, and be let to further higher level.

On the other hand, as for those intellectual youth who have no connections with the youth organization, we must give them opportunities to have contact with the general members of the youth organization.

For the purpose it is necessary to hold a meeting which the general organization members as well as the intellectual youth can commonly enjoy, and to hold the intellectual youth responsible for giving guidance to the general organization members.

The municipal authorities regard the youth as a kind of labor resource. They make the youth work and pay money. The youth organizations on their turn, like to offer the laboring power, simply because they want to get money in order to tide over their financial difficulties.

In spite of the new era in which the youth organizations wish to develop as a democratic organization, the municipal authorities don't abandon their way of thinking as regarding the youth organizations as former youth bodies to be entirely dominated by them. If such the way of thinking is not corrected, the youth organization cannot be improved.

While the youth organization is an organization of voters, some politicians or leaders are apt to utilize it for the political purpose. They often praise the youth organizations too much or affect them politically in order to flatter them, although they must suggest that the youth shall study hard in an effort to educate the youth truely. Such an attitude on the part of leaders will lead the youth organization a mistaken course.

Mr. Ono Morinao

The entrance to the geographical youth organization seems to be a predestined one, while the youth join an organization simply because the organization is established in the district. So the youth organization is entirely not different from the organization for mobilization during the war.

Therefore, the group organization is most desirable.

The youth should gather together centering around "Haiku" or other tasteful affairs and heighten their level through enjoyment.

If they gather centering around the tasteful affairs, their intellectual level or educational or vocational background will be not an important matter.

It is important gradually to make the organization larger starting from a small group. If a big organization is established immediately it cannot be understood for what purpose it was organized.

It is desirable to start the activities with more direct aims and strengthen the organization through such activities.

It will be necessary for the leaders of the youth organization to cooperate more with the people of various fields of society. It will be not good for them to understand the independence of the organization as if it meant to conduct all the matters by themselves.

The youth need more cultivation in order to be a social man. Therefore, the guidance and cooperation from good persons don't mean to destroy the independence of the organization.

In this respect the youth organizations at present seem to be lacking the social character.

Mr. Morimoto Norio

Since the termination of the war the democratic organizations have been selected. The existing organizations have raisond'etre. For example the youth organization in Nagahama-cho is aiming at (1) increase of production and (2) improvement of culture in Nagahama-cho. The raisond'etre of the youth organization exists in such a matter.

As for the social character in the activities of the youth organization, I believe it is short as mentioned by Mr. Ono.

It is resulted from the fact that the average age of youth organization members is very low, I believe. The average age shall be higher.

Mr. Okita Hiizu

The dullness of the youth organization activities is resulted from the financial difficulties, I believe. It will be wrong to give the youth organizations governmental subsidies. The municipal authorities, however, shall prepare for more budget estimates for education and
