To: General of the Army

Douglas MacArthur,

Supreme Commander for the Allied Powers,

TOKYO, JAPAN.

☆

Who chose to remain at his post of command in Tokyo rather than return to his homeland to receive a hero's acclaim from a grateful people and place himself immediately available for the nomination to the

☆ **Presidency of the United States of America.** ☆

His sincere and forthright reply to invitations to return to Washington to testify on serious conditions in the Far East is best exemplified by his own words, "it would be peculiarly repugnant to me to have it felt that I sought to capitalize to political advantage, - the public goodwill which might manifest itself upon my first return to American soil following - the victory which - countless gallant Americans, living and dead, contributed by unfailing and invincible devotion." That document typifies the

★ HONOR, STATESMANSHIP AND DISCIPLINE, ☆

which has always guided his distinguished career. It was a tribute to the memory of and the spiritual devotion he felt for the men of his command who made the supreme sacrifice.

His fearless leadership against the encroachment of Communism and other subversive manifestations in the preservation of the true American way of life, will ever remain a matchless contribution to the welfare of our country. ★ ★ ☆ ★ ☆ ☆

January 20, 1950

Brigadier General Courtney Whitney
Chief, Government Section
General Headquarters
Far East Command
Tokyo, Japan

Dear General Whitney:

With the signature of Admiral Forrest P. Sherman, Chief of Naval Operations, affixed today, the Scrolls and Testimonial Letter Albums are complete.

The material will leave tonight through the Air Control Branch, Gravelly Point, Virginia, and will arrive at Fort Mason, California, Saturday the 21st. Major Jack White, Liaison Officer to your Command, will forward the material from there. I am informed it will reach you on the 24th.

Through a typographical error, the Vice President's name was left out of the list submitted in the Album for those who had signed. This can be corrected later. Former Secretary of War, Robert P. Patterson, will forward his letter to you next week.

Will you be so kind as to contact General Stratemeyer and request him to submit his letter for Volume One?

May I take this opportunity to express to you the appreciation of the entire Committee and myself for your fine cooperation in this very worthy cause?

Very respectfully,

Richard W. O'Neill
Chairman

RWO'N:b

HEADQUARTERS SIXTH ARMY
OFFICE OF THE COMMANDING GENERAL
PRESIDIO OF SAN FRANCISCO, CALIFORNIA

22 October 1949.

My dear O'Neill:

In consonance with our conversation in my office in the Pentagon recently, I gladly provide this testimonial to be embodied in the album that will be presented to General of the Army Douglas MacArthur.

During the past ten years I had the unique experience of meeting practically all of the world's outstanding political and military leaders. These meetings were not perfunctory but included opportunities to discuss problems of national and international import. In paying tribute therefore to the outstanding attributes of General MacArthur the achievements of other world leaders would inevitably provide criteria as a basis for greatness among our world leaders.

General Douglas MacArthur exemplifies the finest traditions of the military profession. In addition, he has proven to be an administrator, a statesman and a true Christian gentleman without peer. He has contributed perhaps more than any other individual in the world to a better understanding of these principles which will generate and perpetuate decency in human relationships.

You have honored me in presenting the opportunity to record my admiration, respect -- in fact reverence for a great American, General of the Army Douglas MacArthur.

Faithfully yours,

A. C. WEDEMEYER
Lieutenant General, USA
Commanding

COMMITTEE HEADQUARTERS
140 East 51st Street
New York 22, N. Y.
ELDORADO 5-1566

December 29th 1949

Brigadier General Courtney Whitney
Far East Command
Tokyo, Japan

Dear General Whitney:

On January 26th 1949, a Testimonial Dinner was tended to General MacArthur on the occassion of his Birthday, at the Hotel Astor, New York, N.Y. A Commemorative Scroll, dedicated to General MacArthur, was accepted in his behalf by General Jonathan M. Wainwright. General MacArthurs message to the dinner guests was read by General George C. Kenny.

President Truman, Former President Hoover, Former Secretary of War Patterson, Generals Wainwright, Kenny, Drum, Doolittle and Stratmeyer, members of the Committee and dinner Guests, signed the original Scroll. Many others, anxious to sign, could not be accommodated because of the limitation of space.

Requests to participate were so numerous, General Wainwright, immediately following the dinner, authorized me to commission the artist to inscribe several Scroll Supplements. Eventually, ten Supplements were necessary to meet the demand. At that point it was necessary to call a halt as the Committee was not geared to Country-wide activities indefinitely. The Committee goal was to have the Albums and Supplements ready for presentation to General MacArthur on his Birthday January 26th 1950. The enclosed photostats are physical evidence of the complete success of the endeavor.

At a recent meeting of the Committee held in New York City, it voted unanimously that I should take the Albums and Scrolls to Tokyo and present them to General MacArthur. I thanked the Committee for the signal honor but respectfully declined. I suggested to them that it would be far more impressive and fitting, if it could be arranged through the Far East Command, to have them select a group representative of the various Services of the occupation Forces, and with military ceremony present the Supplements and Albums to General MacArthur in the name of the American People. Certainly the Supplements are representative of a true cross section of people of the entire United States. Mr. Barry Faris, of International News Service,

a member of the Committee, suggested I take the matter up with you, hence this letter sir.

Colonel LeGrand A. Diller, Office of the Secretary of Defense, advised me to contact Major Jack White, Far Eat Command, Liaison Officer, Fort Mason, California, with reference to plane schedules, so that I can get all the material to him in time to have it reach you several days before the Generals Birthday. I am writing Major White today.

It was my privilege and good fortune to have served under General MacArthurs Command in the First World War. Therefore, any time or effort expended byme in this endeavor to honor him, has been and is a work of love with me. My respect for him as a Man, Soldier and Statesman, is profound. I contend -and millions of Americans feel the same way about it- that General Mac Arthur is the greatest living personality in the world today. Here in the United States the people are only commencing to realize the very real danger of communism. For the first time they are beginning to sense an attempted infringement of their own freedom. The pattern of the welfare state is not to their liking and has tended to make them think and examine things they never did before. Americans are now fully conscious of the stupendous job General MacArthur is doing in the Far East and they recognize the fact that he alone is the only one standing between the red tide from the East and our own Country. I believe, and so does most Americans, that General MacArthur is the only living man the Communists are afraid of. The Testimonial letters of those who have signed the Scrolls, in almost every case bears witness to my statement.

Will you be so kind as to advise me at your earliest possible convenience, if you will accept the Albums and Scrolls and arrange for their presentation to General MacArthur?

Very respectfully

Richard W. O'Neill

Richard W. O'Neill
Chairman

NOTES FOR GENERAL WHITNEY

ORGANIZATION

This Committee IS NOT AFFILIATED WITH ANY OTHER MacARTHUR COMMITTEES, LOCAL OR NATIONAL. The officers of the Committee are the same as those who were selected when the Committee was organized in November 1948. They are the only ones authorized to speak or act in its behalf.

AIMS

The Committee is dedicated to the proposition of honoring General of The Army Douglas MacArthur with a series of Scrolls representative of the people of the entire United States and to promote an understanding of the tremendous task the General has performed in the Far East. IT HAS NO OTHER FUNCTION.

ALBUMS

Armed Services Albums, contain Testimonial Letters of signators to the Armed Services Supplement exclusively. Photostat of General Wedemeyers letter enclosed, represents the general tenor of the average letter. The Albums as portrayed in the photostat do not show all the features involved. In the completed Albums there are two official photographs. Volume one contains a single photograph of General MacArthur, opposite the dedication page, and opposite the closing page of the same volume there is a photograph portraying General MacArthur signing the surrender documents aboard the Battleship Missouri. Volume two contains a photograph portraying Fleet Admiral Nimitz signing the surrender documents, opposite the dedication page and a photograph of the Japanese representative signing the surrender documents, opposite the closing page. Each volume contains a dedication and closing page done in colors. Letters are protected by and enclosed in Acetate envelopes.

A Special Album will contain letters of signators to the original Scroll, letters of Officers of the different military organizations, Rosters of the various Supplements, listed according to rank and position, and an Memorial Resolution of the Rainbow Division Veterans, passed by acclamation at the 31st annual reunion of the Association, July 14th 1949.

SUPPLEMENTS

All Supplements are enclosed and protected by Ascetate envelopes. An extra envelope is being sent along in case the General desires to protect the original Scroll in the same manner. (Original Scroll was sent to the General in March 1949)

Each Supplement is inscribed and follows the same color scheme as the original Scroll.

The ten Supplements are as follows:

Committee and dinner Guests, page two of original Scroll. Was sent throughout the country for signatures. THIS SUPPLEMENT IS ACTUALLY A CONTINUATION OF THE ORIGINAL SCROLL.

Armed Services, has been to every part of the United States and one Possession. It naturally required more time than the others to complete. It was delivered personally to about 75% of the signators.

NOTES

National Association, Rainbow Division Veterans, Three pages. Most signatures were affixed at the Annual Reunion of the Association, July 14th 1949, at the Reunion Headquarters, Hotel Commodore, New York, N. Y. It was then sent to 17 different States for additional signatures. 40 States are represented.

Father Duffy Chapter, Rainbow Division Veterans. All signatures obtained on March 17th 1949, following the Saint Patricks Day Parade of the (Old 69th) 165th Infantry, 42nd (Rainbow) Division, an annual event of the Regiment. Every Company of the Old Regiment is represented.

Military Order of the World Wars. Most signatures were obtained at a meeting of the Order held at Valley Forge, Pennsylvania, May 1949. It was then sent to different parts of the Country for additional signatures.

The Congress of the United States, Three pages. Al signatures were affixed in Washington, D. C. Many more would have liked to sign, but the time that would have been required to call upon each individual would have been prohibitive. Never-the-less, 44 States are represented.

All Supplements carry a completion date, but in almost all cases signatures were added after the date shown, because there were some "musts", who practically demanded the right to sign. As many as possible were accommodated.

MISCELLANEOUS

On October 20th 1949, a luncheon was held by the Committee at the Hotel Astor, New York, N. Y., Commemorating the Fifth Anniversary of the landing of our Armed Forces at Leyte in the Phillipines. The date was chosen as the most fitting for the dedication of the Armed Services Supplement and Testimonial Letter Albums. Admiral Thomas C. Kinkaid, who commanded the Naval Forces on that historic day, was the guest of honor. He delivered the most stirring euology of General MacArthur, it has every been my privilege to listen to.

During the past eleven months, which was required to complete the endeavor, at no time was a prospective signator solicited cold. In all cases one signator would suggest or contact the next. And in all cases I had to be convinced the person to be invited to sign, did not want to do so simply to have their name on an historical document, but would consider the opportunity to do so,an honor.

The enclosed photostat of General Wedemeyers Testimonial letter, is the general tenor of the average letter received.

Please understand I would have considered going to Tokyo the greatest honor ever bestowed upon me. But, I honestly and sincerely feel General MacArthur would rather have it the way I have suggested. There are some people in this Country who would like to interpret a service, no matter how sincere and patriotic it might be, as smacking of politics. This contention is in no sense true, and I know that General MacArthur and you sir will accept the effort in the spirit it is meant to convey. To this end I have constantly discouraged publicity of any kind. I have contended from the beginning that any publicity attending the presentation of the Albums and Supplements would emanate from the Far East Command or not at all. Many newspaper men were interested in the work and would have liked to have written about it, but when I explained my attitude my respected my wishes.

A

RESOLUTION

DEDICATED TO GENERAL OF THE ARMY DOUGLAS MacARTHUR

WHEREAS, General of the Army Douglas MacArthur, in World War One, Commanded the 142nd (Rainbow) Division, one of the key "shock" Divisions that spearheaded the American Army's all-out drive to conclusive victory in November 1918 and was one of the few combat Divisions assigned to front line occupation of the Rhineland, and

WHEREAS, as Chief of Staff of the United States Army, from 1930 to 1935, he did, with uncanny accuracy predict a second World War was inevitable and endeavored with every means at his disposal to warn our Government and the American people by presenting the cold facts of our unpreparedness, and against overwhelming odds induced by a feeling of security offered by the dubious terms of the Kellogg-Briand peace treaty, he did never-the-less succeed, with the meager funds allocated to him by an economy minded Congress, modernize the Army by blue printing manpower procurement and industrial mobilization, and

WHEREAS, after the termination of his tour of duty as Chief of Staff, he became military advisor to the Commonwealth Government of the Philippines with the rank of Marshall and inaugurated a ten year Universal Military Training Program financed by the Philippine Government, and

WHEREAS, when the basic soundness of his recommendations for construction of defenses for the Philippines and other strategic islands became poignantly apparent in the light of daily "incidents" in the Orient, he was appointed Commanding General United States Army Forces in the Far East, and

WHEREAS, his admirable and dogged defense of Bataan, immediately following the Japanese sneak attack on Pearl Harbor, which threw out of gear the Japanese timetable for conquest of the so-called Greater East Asia Co-Prosperity

Sphere, was a beacon of hope in civilization's darkest hour, and gained for General MacArthur and his handful of heroic troops the unqualified respect and admiration of the American people and the freedom loving people of the world, and

WHEREAS, this delaying action not alone served as an ominous warning to the Axis powers of the potential fighting qualities of the Americans, but it also gained precious time for preparing the defenses of Australia, reorganization of our shattered forces in the Pacific and for stepping up our military mobilization and industrial war production, and

WHEREAS, regardless of the extraordinary hazards involved, General MacArthur, by direct order of the President, left Corregidor in March 1942 and proceeded to Australia where he immediately set about organizing forces for the liberation of the Philippines and all other Japanese conquered territory in the Pacific, and

WHEREAS, overcoming almost insurmountable handicaps and with insufficient forces at his disposal to justify aggressive action, he again proved his superlative military leadership by holding up the Japanese advance in New Guinea, and stopped them permanently in December 1942 at Gona, and from that point he assumed an offensive from which he was never headed, and

WHEREAS, in June 1943 the Southwest and South Pacific areas were united under General MacArthur's Command, at which time he initiated a campaign, brilliant in execution, which culminated in the landing of our troops at Leyte in the Philippines, October 1944, thereby fulfilling his sacred pledge to General Jonathan M. Wainwright and the people of the Philippines, when he left Corregidor, "I shall return", and

WHEREAS, the three services, Army, Navy and Air, working in complete unison liberated the Philippines by February 1945 by annihilating 23 Divisions and killing 400,000 thereby inflicting the greatest disaster ever sustained by Japanese Arms, at a minimum cost in casualties to our forces, and

WHEREAS, with Air and Navy task forces regularly launching attacks on the Japanese mainland itself, the President, on April 6th, 1945, appointed General MacArthur to be Commanding Officer of the United States Army Forces in the Pacific, and

WHEREAS, after suffering successive demoralizing defeats in all branches of their Armed Forces, the Japanese Government sued for peace terms, and the President named General MacArthur Supreme Allied Commander, directing him to receive the Japanese surrender aboard the Battleship Missouri on August 14th, 1945, and thereafter to command the occupation of Japan, and

WHEREAS, combining statesmanship with exceptional executive and organizing ability, General MacArthur has accomplished almost unbelievable results in restoring Government and order out of complete chaos, rendering our country inestimable service and advancing American prestige in Japan and throughout the World, and

WHEREAS, with communism becoming a threat to world peace with the recent acquisition of China, General MacArthur remains at his post of Command in Japan, a bulwark against the red tide, a voluntary exile from his native land, because he considers the security of the United States above personal considerations. His is an example of unselfish devotion to ideal of, duty, honor, country and humility before God.

THEREFORE, be it resolved that, this Thirty-first Annual Reunion of the Rainbow Division Veterans, go on record extending to General MacArthur greetings with profound pride in the knowledge that he is a fellow Rainbower and offer him our sincere congratulations for his stupendous accomplishments as Soldier and Statesman, at his far off outpost.

1. We trust that conditions will soon permit his early return to the United States, so that he may at least visit his home and accept the acclaim of his friends, admirers, and a grateful nation.
