OPIATA BALSAMICA,
DEL DR GUERRERO.

THIS OPIATA, a recent discovery, is a certain safe and convenient remedy for that species of disease called Gonorrhœa or Gleet. Its reputation has been generally established in South America, and has commanded the written testimonials of the Medical Faculty of that section of the Globe, relative to the speedy and infallible results which have attended its application to all cases of Gonorrhœa.

The OPIATA BALSAMICA is put up in small leaden pots, accompanied with directions, and may be conveniently carried in the pocket, both by persons travelling, and by those who may wish to avoid exposure, either to a physician or to their friends.

It is in the form of an agreeable paste, and is taken in such a manner as to render it "tasteless," by being wrapped up in a wafer or pared for that purpose, a sufficient number of which will be delivered with the medicine. But the greatest advantage which it possesses, is, that it invariably produces a radical cure of the disease in a few days, without affecting the most delicate constitution, owing to its containing the slightest particle of mercury in its composition.

Before the Agent would offer it to the public in this country, he has had its efficacy tested by several of the most respectable physicians in the city of New York Their success has fully justified the declaration, that it is the best medicine they ever used, and they have in consequence, generously consented to be referred to as to the truth of this statement.

Price—each pot, one dollar and a half. It is sold by the subscribers, chemical druggists, sole agents for the remedy in Louisiana. OUBACH & Co,

CELEBRATED CASTILLON POWDER.

THE widow Carthy of Philadelphia, proprietor of all the receipes of the late doctor Castillon of Cape Français has made our apothecary store a place of deposit for Doctor's Castillon's celebrated anti-scorbutick and restorative powders. This Gentleman was formerly King's Surgeon in St Domingo. We appointed by the proprietor agents for the sale of his recipes in this city.

Those specifics have constantly succeeded in all parts of the Island of St. Domingo; they will cure the scurvy of all diseases originated from Scorbutick virus, diarrhœa, dysenteries, tenesmus, hectere, stow, intermittent and continued fevers, obstructions of the liver and of the spleen—the diarrhœas most invetarate, dysenteries and tenesmus, originating from the measles and the maligunan small pox—and those diseases consequent to deliveries and pregnencies.—The powder mixed with milk produces a very pleasant and nutritive pap—destroys all the putrid humors in the stomach and intestines—restores digestion and all secretions by purifying the blood of all scorbutick causes.

The length of the time necessary to get cured varies from 20 to 30 or 40 days, according to the anxiousness or malignity of the diseases—these specific remedies are to be found constantly at our apothecary shop, where a summary of all the extraordinary cures that were effected by these remedies are published. The public will find it very advantageous to use them as they may cure themselves, as the directions given with the remedies.
