

INFRADATIONS OF RAIDERS IN IRELAND

Carranza Directing Troops in Decisive Fight, Says Report

Storms Sweep Region Where His Men Are Battling With Revolutionists; Reinforcements Sent to San Marcos by Revolutionary Leaders

Vera Cruz, May 13.—(Associated Press)—Furious fighting between rebel troops and forces commanded by President Carranza occurred yesterday at Hacienda Tamariz, on the Mexican National Railway north of San Marcos, state of Puebla, according to dispatches received here. The area of the battlefield is reported to be approximately five square miles. President Carranza is said in a wireless message from Mexico City to have personally directed the operations of his troops for eight hours on Tuesday.

Terrific storms have swept the mountain region where the struggle is going on, and telegraphic communication has been interrupted in the immediate vicinity of the scene of battle. It is known, however, that heavy rebel reinforcements have been sent to San Marcos by rebel chiefs, artillery being rushed forward to force the surrender of the troops still loyal to the President. General Sanchez has gone to Esperanza with his personal staff and five trainloads of troops to cooperate in what is believed to be the decisive action of the rebellion. Esperanza is about forty miles southeast of San Marcos.

Brownsville, Tex., May 13.—Governor Gustavo Espinosa Miralles of the Mexican state of Coahuila crossed to the American side at Rio Grande City early today. Miralles was quoted as saying that the Government of Tamaulipas, Nuevo Leon and San Luis Potosi were now across the Rio Grande opposite Fort Ringgold, Texas, awaiting transportation to the American side.

De la Huerta. New York, May 13.—An Associated Press dispatch received here says Governor De la Huerta, of Sonora, who has been named supreme leader of the revolution in Mexico, is preparing to go to Mexico City to take over control. Dispatches from Vera Cruz state that rebel leaders hope to hold the presidential election late in July. For this purpose, they desire the appointment of a Provisional President who will give assurances the election will be conducted fairly.

Closing in. New York, May 13.—(Associated Press)—Mexican rebel forces seem to be rapidly closing in on President Carranza and all that remains of his army, entrenched in the hilly country between San Marcos and Apizaco, (concluded on page 4.)

MOVE TO RELIEVE FREIGHT CONGESTION ON U. S. RAILROADS

Washington, May 13.—Imperative necessity for concerted action to relieve the freight congestion on American railroads in order to prevent serious curtailment of the country's emergency supplies has been urged today by all Government agencies which deal with the national arteries of transportation. Reports from important terminals agreed that the situation is threatening a slowing down of industry.

QUEBEC PREMIER RECEIVED BY KING

Luncheon at Buckingham Palace; French Legion of Honor For Gouin. London, May 13.—(Canadian Associated Press)—Sir Lomer Gouin, Premier of Quebec, and Lady Gouin, had luncheon with the King and Queen today at Buckingham Palace. The Premier was notified today that he had been created Commander of the Legion of Honor of France. The insignia will be officially conferred in Quebec by the president of the Franco-American Committee. Premier and Lady Gouin will sail for home on the liner Mimedosa tomorrow.

First Meeting of League Assembly During Autumn

Washington, May 13.—The first meeting of the Assembly of the League of Nations probably will be called by President Wilson this year. Preparations for the meeting are to be taken up by the League Council during its meeting in Rome this month, and as it has been estimated that at least four months should elapse between the issue of the call and the actual gathering of the Assembly, that body probably will be convened, it has been indicated, some time this fall.

Geneva, May 12.—Via London, May 13.—Austria, and probably Hungary, may be admitted to the League of Nations at its first general meeting this summer. It is learned from a high source, Germany, Bulgaria, and possibly Turkey, will be made members at the second session, the date of which has not been fixed. The first general meeting of the League of Nations will be held in Geneva.

DANES SUSPEND NEGOTIATIONS WITH SOVIET AGENTS

Copenhagen, May 13.—Negotiations with the Russian Soviet Government for resumption of trade relations have been suspended by the Danish committee here until the situation in Russia is fully cleared up. This step was taken in view of the fact that the Soviet Government has arrested in Moscow leaders of the co-operative societies and has dismissed representatives of those organizations in London.

Taylor Company and Dolly Varden Group Now Agree

Vancouver, May 13.—A message from Chicago states that officials of the Dolly Varden Mining Company announced today that an arrangement had been reached with the Taylor Engineering Company of Vancouver, B.C., as a result of which the famous dispute which has aroused so much attention during the past few months has been dropped. Agitation being carried on in Ottawa to have the Government disallow the legislation passed by the British Columbia Legislature will be discontinued, it was announced.

DANIELS MAKES FORGERY CHARGE

Says Cablegram Read During Admiral Sims's Testimony Not His. Washington, May 13.—A charge that a cablegram produced before the Senate naval investigating committee during the testimony of Rear-Admiral Sims bore a forged signature was made today by Secretary Daniels. He referred to a message which Admiral Sims had presented as part of his criticism of the Navy Department and which purported to have been signed by the Secretary.

"Somewhere somebody was guilty of signing my name to an official dispatch which the original (here produced) shows I never signed," Mr. Daniels told the committee, "or of altering a dispatch by erasing the signature and substituting 'Daniels'." The concluding paragraph of the cablegram read: "In regard to Conroy, I consider that American vessels having armed guards are safer when sailing independently."

TWO LOST LIVES TO-DAY IN OTTAWA

Fire in Maternity Hospital Led to Suffocation of Women. Ottawa, May 13.—Two lives were lost in a fire which broke out at an early hour this morning in Dr. Hagar's maternity hospital here. The victims, who were both patients at the time, were Mrs. B. Morris, 121 Le Breton Street, and Mrs. P. Mitchell, 22 St. Joseph Street, Ottawa. Both were suffocated by smoke. The bodies were discovered by firemen, one lying across the other.

DEATH OF ARTIST. MOUNTAIN PEAKS TO MARK GOVERNORS

London, May 13.—(Canadian Associated Press)—The death of Hugh Thomson, an artist, occurred yesterday. Ottawa, May 13.—Two lives were lost in a fire which broke out at an early hour this morning in Dr. Hagar's maternity hospital here. The victims, who were both patients at the time, were Mrs. B. Morris, 121 Le Breton Street, and Mrs. P. Mitchell, 22 St. Joseph Street, Ottawa. Both were suffocated by smoke. The bodies were discovered by firemen, one lying across the other.

GEN. GWYNNE RETIRES.

Ottawa, May 13.—Brigadier-General Gwynne, C. M. G., of the Headquarters-Staff, is retiring, and will leave about July 1 for the West, where he will reside in the future. Paris, May 13.—Premier Millerand plans to leave Paris tomorrow morning for Folkestone, where he will meet Premier Lloyd George of Great Britain to discuss the Spa conference.

MILLERAND WILL TO-MORROW GO TO FOLKESTONE

Paris, May 13.—Premier Millerand plans to leave Paris tomorrow morning for Folkestone, where he will meet Premier Lloyd George of Great Britain to discuss the Spa conference. M. Millerand will return Monday in order to be able to make his declaration to the Chamber of Deputies Tuesday, regarding the strike and the Government's proposed action against the General Federation of Labor.

TOWN IN WYOMING WILL BE RULED BY WOMEN FOR YEAR

Cheyenne, Wyo., May 13.—Women will occupy all positions in the Government of Jackson, Wyoming, as a result of their defeat of men candidates by a 2 to 1 vote in yesterday's election, an official returns show.

URGES EMPIRE CLEARING HOUSE

Lord Milner Advocates Committee in London Representing Various Parts. Each Government Would Have One Member Constantly in London.

London, May 13.—Canadian Associated Press.—Lord Milner, at a luncheon given in honor of Mr. Watt, the Australian Treasurer, advocated a sort of clearing house association for Imperial affairs. He said it would be of the highest utility and should be located in London. There would be a standing committee for information and consultation about Imperial affairs, on which every branch should have at least one representative. In other words, it would be possible for the Ministry of every Government to have at least one member always in London available for discussion with other colleagues from other Dominions and the British Government about matters of common concern.

BRITISHERS BUY SHARES IN STATES

Explosives Trades Interests Buy Into the General Motors Corporation. New York, May 13.—Sir Harry Macgregor, chairman of the Explosives Trades, Ltd., has bought shares of the General Motors Corporation amounting to £5,000,000, at £40 a share, according to cable advices received here today. No details of the purchase have been received.

ANOTHER CABINET CRISIS IN ITALY

Socialists and Catholics in Chamber Cannot Work Together. Rome, May 13.—The Cabinet crisis is considered most difficult to solve because the Chamber is divided chiefly into two groups, Socialists and Catholics, neither of which is strong enough to constitute a majority, while an agreement between them is impossible on a common programme.

SUPER-DREADNOUGHT LAUNCHED IN ITALY

Powerful Craft Displaces 34,000 Tons; Will Make Twenty-eight Knots. Rome, May 13.—The super-dreadnought Caracciolo was launched yesterday in the presence of Admiral Del Bono, commander of the Naval Department, the Bishop of Sorrento and several thousand spectators.

GERMANS MEAN TO USE ALL SHIPS IN DOMESTIC TRADE

Berlin, May 13.—Orders have been given by the German Government that German ships will not be allowed to ply any longer between foreign ports, as all tonnage is required in domestic commerce, says a Hamburg dispatch to The Boersens Courier.

ITALY PREPARES TO MOVE TROOPS FROM ALBANIA

London, May 13.—According to a news agency report in Rome, Italy is preparing to evacuate the whole of Albania except the Avlona district, says an Exchange Telegraph dispatch from Rome today. (This report bears upon the Adriatic question settlement which has been under discussion between Italy and Jugoslavia, difference existing between the two countries over the Albanian boundary line and occupation of territory.)

New One-Cent Pieces in Circulation Before June

Ottawa, May 13.—Authority has been given for the issue of the new Canadian penny on and after May 15. The coin will not, however, actually be in circulation until toward the end of the month. The one-cent piece will be slightly larger than the Canadian ten-cent piece, or three quarters of an inch in diameter. It will bear the following design: Obverse impression: His Majesty Crowned in effigy, consisting of head and bust, wearing the royal robes and looking to the left, with the inscription: Georgius V. Dei Gra: Rex Et Ind: Imp. Reverse impression: The words, One-Cent, supported by a Maple of the issue below.

STEEL MERGER BILL IN LEGISLATURE OF NOVA SCOTIA

Halifax, May 13.—The steel merger bill in connection with the British Empire Steel Corporation was reported favorably from the committee of the whole in the House of Assembly last night.

SOCIALISTS WANT DEBS TO STAND

American Socialists Nominate Man in Prison For Post of President. New York, May 13.—Eugene V. Debs, federal convict No. 2253 at Atlanta, Ga., was nominated by acclamation for the Presidency of the United States at the Socialist Party's national convention here today.

Eugene V. Debs began serving a ten-year sentence for violation of the war-time Espionage Act, April 13, 1919. This is the fifth time Debs, who is sixty-five years old, has been given the Presidential nomination by his party. He was a Democrat before he became a Socialist. In the late seventies he served two terms in the Indiana Legislature from Terre Haute, his home town. He was once a candidate for Congress from the Fifth Indiana District. In 1894, from May to November, he served a sentence in jail for contempt of court in an Illinois conspiracy case.

His present imprisonment resulted from investigation of a speech in Canton, Ohio, June 16, 1918, which led to his arrest two weeks later for opposing the war and urging labor to cease all activities which in any way tended to prolong it.

ANOTHER CABINET CRISIS IN ITALY

Socialists and Catholics in Chamber Cannot Work Together. Rome, May 13.—The Cabinet crisis is considered most difficult to solve because the Chamber is divided chiefly into two groups, Socialists and Catholics, neither of which is strong enough to constitute a majority, while an agreement between them is impossible on a common programme.

In addition the Socialists absolutely refuse to participate in a Government. Some of the Deputies suggest a cabinet formed by Signor Meda, leader of the Catholics, with Signor Lomoni, the present Minister of War, as leader of the reformist Socialists.

Other Deputies predict that Signor Nitti again will be entrusted with the task of forming a Cabinet, because, they say, there is no man who controls the opposition. In case Nitti assumes the task it is believed he will ask moderate Socialists, like Deputy Turati, leader of the Intransigents, and Signor Treves, and Deputy Modigliani to enter the Cabinet, and if they refuse that he will form a new administration with Catholics, giving them some important portfolios, especially the portfolio of instruction, as the radical reform school system is one of the fundamental points in the programme of the Catholics.

Election Predicted. Another group of politicians expresses the belief that it will be impossible for any Cabinet to remain in power long with the chamber formed as at present and therefore they prophesy that a general election will follow in the near future.

London, May 13.—An agreement has been reached by the Italian Constitutional Parliamentary group to collaborate with the Government in a programme which covers the fundamental points of that party, says a Reuter dispatch from Rome.

The Popular Parliamentary group has also decided upon a solution of the Ministerial crisis in Italy on the basis of a clearly defined programme of bold reforms, and would participate in the formation of a Government.

Man Was Killed and Great Damage Done by Sinn Fein Bands

Man Lost Life in Dublin; At Least Nineteen Police Barracks Destroyed; Tax and Customs Offices Raided; Government Creates Tribunal

Dublin, May 13.—At least nineteen police barracks in various parts of Ireland were wiped out in the course of widespread destruction of public property and other activities by bands of armed and masked men last night. Five income tax and customs offices also were raided and papers found in them burned.

Two mail cars and one mail train were held up and official papers taken from them. One man was killed in the outskirts of Dublin, where barracks were burned. The Rev. T. G. Wilkinson, one of the canons of the Down Cathedral at Down Patrick, was shot and critically wounded while pursuing raiders in a street.

NEW SCHEME TO BENEFIT FISHERIES

Canada-United States-Newfoundland Council of Research Is Proposed. Ottawa, May 13.—Formation of an international scientific council for fisheries research between Canada, the United States and Newfoundland will be discussed at a convention of the Canadian Fisheries Association in Vancouver on June 3, 4 and 5. The president and the national secretary of the Association, A. H. Brittain and Captain T. W. Wallace, are in Ottawa to invite Hon. C. C. Ballantyne and officials of the Fisheries Department to the convention, which will be attended by delegates from the fishing industries of the Atlantic coast and the Great Lakes as well as of the Pacific coast.

More extensive utilization of fish for food and organization of fisheries colleges for the training of fishermen and others in the industry will be discussed at the convention.

At Holy Ford. Dublin, May 13.—Two hundred men besieged the Holy Ford police barracks in County Tipperary for four hours early Wednesday morning, using rifles and bombs. A part of the building was set on fire but the ten policemen defending the place withdrew to another section of the structure and continued their resistance. The attackers eventually retired. No casualties were reported.

Special Body. London, May 13.—The Government has decided to create a special judicial body to examine the cases of Irish men who are under arrest, it was announced in the House of Commons today by Rt. Hon. Andrew Bonar Law, the Government leader.

BORDEN TO-DAY AT CABINET MEETING

No Intention of Retiring at Least For Some Months. Ottawa, May 13.—Sir Robert Borden today presided over a meeting of the Cabinet. Details of the budget which Sir Henry Drayton, Minister of Finance, is to present to the House on Tuesday were under consideration, it is understood.

Sir Robert's return has revived rumors in political circles of his impending retirement from political life. What the Prime Minister's intentions are in this regard, he has given no indication, but it is learned on high authority that Sir Robert has no intention of retiring for some months yet, at any rate. During his five months' holiday his health greatly improved. Whether it would be equal to a prolonged strain, however, remains to be determined.

A caucus of Unionist supporters to discuss the situation, it is expected, will be called at an early date.

Stronger Military Patrols Being Used in Hungary

Budapest, May 13.—(Associated Press)—Acceptance by the Hungarian Government of the conditions of peace laid down at Paris is expected here unless extreme nationalist counsels prevail. The action of the Government in preventing a great demonstration by the League of Territorial Integrity, and the tearing down of posters bearing the inscription "Damned be the hand that signs the treaty," give observers reason to think that the treaty will finally be accepted. In addition the military patrols have been strengthened to prevent disorders.

Count Julius Andrássy addressed the Council of Ministers on the question of the treaty yesterday. "The treaty crucifies the nation," said the former Minister of Foreign Affairs, "and is the greatest blunder the Allies could commit, because it entails the greatest danger to the peace of Central Europe. However, we must bow before superior force coupled with intellectual incompetence." Schools throughout the country continue to use the old maps of Hungary and teachers are telling their pupils that the provinces lopped off by the peace treaty are only temporarily lost. There are signs of a new Cabinet crisis. If the present Government falls the situation that will arise will mean a new delay in signing the treaty.

PLAN TO PREVENT FURTHER CONFLICTS

Details of Agreement Signed at Vladivostok by Japanese and Russians

San Francisco, May 13.—The military commissions of Japan and Russia, which have been negotiating at Vladivostok "with a view to the restoration of friendly relations and the prevention of future conflicts," signed an agreement on April 29 last, according to a statement given out by T. Ohta, Japanese Consul-General here.

The agreement was embodied in twelve articles, substantially as follows:

1. The authorities concerned on both sides shall, through proper channels, issue orders for the suspension of the existing state of belligerency.

2. The groups of armed Russians shall withdraw from the following districts:

(a) Thirty kilometres to the east and north of the trunk line of the Usuri Railway.

(b) From the line of the Usuri Railway west and south up to the boundary lines of China and Korea.

(c) Thirty kilometres on each side of the Ugorina and Kangasau Railway.

3. Groups of armed Russians at present in the above-mentioned districts shall withdraw therefrom three days from the issuance of the order.

4. Russian patrol guards shall be detailed to maintain order in the districts and along the railways above mentioned.

5. All arms and other war materials of the Russian army found in the Japanese troops, and the disposition of the same shall be determined later.

6. Arms heretofore seized by the Japanese troops shall remain in their possession until the evacuation.

7. The Russian authorities shall take preventive measures to guard against destruction of telegraph lines and railways in the aforesaid districts, and the Japanese troops shall stand ready to help the Russians, if necessary, in the restoration of communications.

Expresses Thanks.

Tokio, May 12.—It is announced today that Marquis Kuroki, president of the Russian re-establishment at Chita, Siberia, has officially thanked the Japanese Government and troops for their protection which he may in future be taken prisoner.

A note to this effect was received yesterday by British officials in answer to appeals sent to Moscow by this country during the last fortnight.

From the British viewpoint this is the most satisfactory reply received from the Soviet Government, and officials here full protection can be guaranteed Denikine's men with trade agreements or other concessions to Moscow.

SOVIET PROMISES TO SPARE LIVES OF DENIKINE'S MEN

London, May 12.—The Bolshevik authorities have agreed to spare the lives of soldiers captured from Gen. Denikine's army in Southern Russia, and those of other anti-Soviet troops who may in future be taken prisoner.

A note to this effect was received yesterday by British officials in answer to appeals sent to Moscow by this country during the last fortnight.

From the British viewpoint this is the most satisfactory reply received from the Soviet Government, and officials here full protection can be guaranteed Denikine's men with trade agreements or other concessions to Moscow.

CIVIL SERVANTS CONSIDER STRIKE

Vancouver, May 13.—A general strike of Dominion civil servants extending from coast to coast is now being mooted, according to high officials in the postal service here, as a protest against the alleged unsatisfactory salary provisions contained in the reclassification schedule announced recently by the Civil Service Commission.

During the past few days, it is declared, telegrams have been dispatched between the Eastern and Western cities pledging full support to any action embracing the whole of Canada which may be decided upon in protest.

MACREADY HAS NEW PLAN FOR IRELAND

Cabinet Has Approved Commander's Scheme to Establish Better Order

London, May 13.—General Sir Nevil Macready, military commander in Ireland, has framed new plans by which he believes better order will be established in Ireland shortly. Mr. Bonar Law announced in the House of Commons yesterday that the plans had been approved by the Cabinet.

The Government Leader's statement followed questions regarding the sensational murder of two policemen at Cork on Tuesday evening and queries as to whether General Macready had taken steps to co-ordinate the police and the military forces.

Mr. Bonar Law said the military commander had already taken most important steps, and at a Cabinet meeting on Tuesday had proposed orders, which met with the approval of the Government. What these steps were Mr. Bonar Law did not say. He declared, however, that the Government would take any action which in its belief would restore decent conditions.

General Macready is at present in London for consultation with the officials, and the newspapers predict important developments in this connection it is unofficially stated that additional troops are to be sent to Ireland and that the Government is prepared to give Irish Executive all assistance necessary to suppress lawlessness.

A Demonstration

A dispatch from Dublin said: The funeral of Francis Gleeson who died after an operation for appendicitis, following upon the Mount Joy hunger strike, was made the occasion yesterday afternoon. A procession of volunteers in military formation marched through the principal streets to the cemetery, where the body was buried in the "republican" circle.

1919 EARNINGS OF C. N. RAILWAY

Operations of the Canadian Northern Part of National System Are Reported

Ottawa, May 13.—Gross earnings of the Canadian Northern Railway for the year ended December 31, 1919, were \$53,562,177.57, according to the fifth annual report of the directors, tabled in the House yesterday afternoon by Hon. J. D. Reid, Minister of Railways. These were derived as follows:

From passenger traffic, \$10,775,708.46; freight traffic, \$39,178,552; express, mail and telegraphs, \$1,534,902.18; miscellaneous, \$2,092,916.83.

In addition, there were interest and profits from elevator and other subsidiaries, investments, etc., amounting to \$1,791,752.61, making a total of \$56,955,390.18.

Working expenses amounted to \$40,624,023.32, and hire of equipment, taxes, rentals and miscellaneous charges were \$1,920,553.61, making the total expenses \$42,544,577.

The deficit was \$3,769,840, and interest charges \$19,969,710.56, a total deficit of \$23,739,550.56.

The directors call attention to the fact that their report covers only the operation of Canadian Northern Railway forming part of the Canadian National system.

Total mileage operated at the end of the year was 9,685.7, compared with 9,599.9 at the end of 1918, being an increase of 118.2 miles. The average mileage in operation throughout the year was 9,636 miles.

Had to Go to Bed Headaches So Bad

MILBURN'S LAXA-LIVER PILLS MADE HER WELL

When your liver gets sluggish and inactive, your whole health suffers. Your bowels become constipated, your head aches, your tongue is coated, breath bad, specks float before the eyes, you are bilious, have heart-burn, water-brash, indigestion, the right shoulder, muddy and brown spotted complexion, etc.

Help the liver to resume its proper function by removing the bile that is circulating in the blood and poisoning the system.

Mrs. E. Bainbridge, 30 Maple Ave., Amherst, N. S., writes: "I take pleasure in writing you of the good I received by using Milburn's Laxa-Liver Pills for my headaches. I was so bad I had to go to bed, and could not sit up. A friend told me about your wonderful medicine, and two vials have made me as well as I can be."

Milburn's Laxa-Liver Pills are small and easy to take, do not gripe, weaken or sicken do not leave any bad after-effects. Price 25c. a vial at all dealers, or direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

"BIG JIM" COLOSIMO KILLED IN CHICAGO

Chicago, May 13.—Mrs. Victoria Colosimo, first wife of "Big Jim" Colosimo, who was murdered in his restaurant here Tuesday afternoon, has been located in Los Angeles, according to a Chicago morning newspaper. Police had been searching for her as the result of a rumor that she had arrived in Chicago on the day Colosimo was shot.

She said she was ready to return to Chicago and aid the authorities in solving the mystery of the shooting, according to the newspaper.

TRAGEDY OVERTOOK SETTLER'S FAMILY

New York, May 13.—Misfortune and misery were written tragically into the records of the Ellis Island immigration station yesterday when the death of Mrs. King in Bellevue Hospital released from the detention quarters her husband and their four little children, the eldest just turning five and the youngest an infant of six weeks.

Happy in the prospect of a life of peace and plenty on a farm in Saskatchewan, Wilfrid King, aged thirty-six, arrived here last week from England, accompanied by his wife and children. Elizabeth, the youngest, a nurse girl nineteen years old, also was a member of the party.

When the voyage was almost completed Mrs. King fell sick with pneumonia, and when the steaming docked she was in such a dangerous condition that she was removed to a hospital. The family was sent to Ellis Island—all but the baby. The immigration authorities took special care for a safe and comfortable journey to Canada for the bereaved family. Red Cross nurses cooked special delicacies for the children and steamship company, according to rule, made arrangements for the burial of Mrs. King in Long Island cemetery.

King left with his motherless family to finish his long journey.

When news came to Ellis Island yesterday that the woman had died, the immigration authorities took special care for a safe and comfortable journey to Canada for the bereaved family. Red Cross nurses cooked special delicacies for the children and steamship company, according to rule, made arrangements for the burial of Mrs. King in Long Island cemetery.

King left with his motherless family to finish his long journey.

EXISTENCE OF PAPER COMBINE ALLEGED

Washington, May 13.—A combination of Canadian manufacturers practically controls the print paper market through the Canadian Export Paper, Limited, the Senate committee investigating the paper shortage was told yesterday by J. E. Gault, sales manager of the Interstate Pulp & Paper Company. He asserted that the combination controlled about seventy-five per cent. of the Dominion output, and that the prices it set were followed by other manufacturers.

Victor F. Lawson, publisher of the Chicago Daily News, said his experience has been that the Canadian company prevented competition. The News, Mr. Lawson added, was virtually compelled to accept the company's terms in purchasing paper.

Chairman Reed, of the committee, said a solution of the paper problem could be reached either through agreement among publishers to curtail paper consumption, or through an excise tax on print paper, as recommended by Assistant Attorney-General Ames. The committee would prefer that the "great papers of the country solve the problem" themselves, the chairman added.

GOLD FROM BRITAIN TO UNITED STATES

Washington, May 13.—Imports of gold from Great Britain continued to increase during the ten days ending April 30, and according to figures of the Federal Reserve Board, just made public, amounted to nearly 90 per cent. of the gold imports during that time. Shipments of British gold to the United States were \$1,653,000, an increase of \$1,655,000 over the previous ten days.

Since January 1, the flow of British gold to the United States has aggregated \$37,728,000, which is \$2,500,000 less than all the imports from Europe in the same period.

Imports of gold from all countries for the ten days were \$5,209,000.

LABOR CANDIDATES FOR MANITOBA HOUSE

Winnipeg, May 13.—The Dominion Labor Party last night cancelled previous nominations of candidates for the provincial election in this city, which have hitherto included the imprisoned labor leaders, and will submit to the membership a new list of names from which a ticket will be drawn up a fortnight hence. Only the names of the convicted leaders appears, that of Rev. William Ivens. Other proposed nominees were: F. T. Dixon, G. Tipping, Mrs. Jessie Kirk, W. A. James, S. J. Farmer, F. W. Gill, James Winning, W. B. Baillie and S. Jordan.

AMERICANS SEEKING MORE FOREIGN TRADE

San Francisco, May 13.—The world's pocketbook was examined by more than 2,000 financial and trade experts at the opening session of the seventh annual Foreign Trade Convention here yesterday. The first of the four days of discussion revealed that internationally known leaders of world commerce find many things within the pocketbook which may fall to the lot of Americans, but the speakers agreed that two courses are plain, one leading to business reverses, low wages, panic and stagnation, and the other to prosperity, progress and security for the business men and the worker.

Increased foreign trade—increased imports as well as exports—forms the key to prosperity, said James A. Farrell, president of the United States Steel Corporation and chairman of the

DEPRADATIONS OF RAIDERS IN IRELAND

Carranza Directing Troops in Decisive Fight, Says Report

Storms Sweep Region Where His Men Are Battling With Revolutionists; Reinforcements Sent to San Marcos by Revolutionary Leaders

Vera Cruz, May 13.—(Associated Press)—Furious fighting between rebel troops and forces commanded by President Carranza occurred yesterday at Hacienda Tamariz, on the Mexican National Railway north of San Marcos, state of Puebla, according to dispatches received here. The area of the battlefield is reported to be approximately five square miles. President Carranza is said in a wireless message from Mexico City to have personally directed the operations of his troops for eight hours on Tuesday.

Terrific storms have swept the mountain region where the struggle is going on, and telegraphic communication has been interrupted in the immediate vicinity of the scene of battle. It is known, however, that heavy rebel reinforcements have been sent to San Marcos by rebel chiefs, artillery being rushed forward to force the surrender of the troops still loyal to the President. General Sanchez has gone to Esperanza with his personal staff and five trainloads of troops to cooperate in what is expected to be the decisive action of the rebellion.

Esperanza is about forty miles southeast of San Marcos. Brownsville, Tex., May 13.—Governor Gustavo Espinosa Mireles of the Mexican state of Coahuila crossed to the American side at Rio Grande City early today. Mireles was quoted as saying that the errors of Tamalpais, Nuevo Leon and San Luis Potosi were now across the Rio Grande opposite Fort Ringgold, Texas, awaiting transportation to the American side.

De la Huerta. New York, May 13.—An Associated Press dispatch received here says Governor De la Huerta, of Sonora, who has been named supreme leader of the revolution in Mexico, is preparing to go to Mexico City to take over control. Dispatches from Vera Cruz state that rebel leaders hope to hold the presidential election late in July. For this purpose, they desire the appointment of a Provisional President who will give assurances the election will be conducted fairly.

Closing in. New York, May 13.—(Associated Press)—Mexican rebel forces seem to be rapidly closing in on President Carranza and all that remains of his army, entrenched in the hilly country between San Marcos and Tlalisco, (concluded on page 4.)

MOVE TO RELIEVE FREIGHT CONGESTION ON U. S. RAILROADS

Washington, May 13.—(Associated Press)—The government is making every effort to relieve the freight congestion on American railroads in order to prevent serious curtailment of production. Government agencies which deal with the national arteries of transportation. Reports from important terminals agreed that the situation still threatening a slowing down of industry.

562,585 IN TORONTO.

Toronto, May 13.—Mikht's Directory figures give the population of Toronto as 562,585, or an increase of 16,214 over the population as registered by the same authority last year.

YUKON RIVER ICE IS BREAKING UP

Dawson, Y. T., May 13.—The long Yukon winter has come to an end and the ice is breaking south of Dawson. Steamers at Lower River are getting ready to sail to fetch supplies for Dawson and the lower river markets. Dawson stores are out of butter, canned fruits, most dried fruits, sugar, cigars, candies, crackers, beans and a number of other commodities, but will be replenished by stocks now on boats at the head of the river.

First Meeting of League Assembly During Autumn

Washington, May 13.—The first meeting of the Assembly of the League of Nations probably will be called by President Wilson this year. Preparations for the meeting are to be taken up by the League Council during its meeting in Rome this month, and as it has been estimated that at least four months should elapse between the issue of the call and the actual gathering of the Assembly, that body probably will be convened, it has been indicated, some time this fall.

Geneva, May 12.—Via London, May 13.—Austria, and probably Hungary, may be admitted to the League of Nations at its first general meeting this summer. It is learned from a high source, Germany, Bulgaria, and possibly Turkey, will be made members at the second session, the date of which has not been fixed. Germany, it is reported, will participate in the international financial conference at Brussels, and it is further pointed out that this is part of the plan of the Allies to establish as soon as possible political and commercial relations with former enemy countries, taking the League of Nations as the shortest course to accomplish this end. The first general meeting of the League of Nations will be held in Geneva.

DANES SUSPEND NEGOTIATIONS WITH SOVIET AGENTS

Copenhagen, May 13.—Negotiations with the Russian Soviet Government for resumption of trade relations have been suspended by the Danish committee here until the situation in Russia is fully cleared up. This step was taken in view of the fact that the Soviet Government has arrested in Moscow leaders of the co-operative societies and has dismissed representatives of those organizations in London.

Taylor Company and Dolly Varden Group Now Agree

Vancouver, May 13.—A message from Chicago states that officials of the Dolly Varden Mining Company announced today that an arrangement had been reached with the Taylor Engineering Company of Vancouver, B.C., as a result of which the famous dispute which has aroused so much attention during the past few months has been dropped. Agitation being carried on in Ottawa to have the Government disallow the legislation passed by the British Columbia Legislature will be discontinued, it was announced.

DID NOT URGE POLES TO ADVANCE

British Government Not in Any Way Responsible For Offensive

London, May 13.—(Canadian Press)—The Government has disclaimed responsibility of any kind for the Polish offensive against the Bolsheviks.

Kiev, May 8.—(By courier to Warsaw, May 11, by the Associated Press)—For the tenth time in less than three years Kiev today changed hands again.

To-night every one, old and young, poor and rich, was out in the streets mingling and talking with the soldiers, whose arms were stacked in the squares.

The Polish colors again are flying near where nine centuries ago the Polish banner was flown by the forces of Boleslaus the Great, Poland's second king. Near the Polish colors at several points there has been placed the flag of the Ukraine.

Diplomatized. Americans entering Kiev today on the heels of the Polish troops were struck with the neglected and dilapidated appearance of the city.

Mose of the stores of Kiev have been closed for months, and even years. For ten days Kiev has been hungrier than ever before. Peasants refused to bring food from nearby districts because of the uncertainty of conditions in town.

When the Polish and Ukrainian troops marched into Kiev this morning the country people swarmed the market.

QUEBEC PREMIER RECEIVED BY KING

Luncheon at Buckingham Palace; French Legion of Honor For Gouin

London, May 13.—(Canadian Associated Press)—Sir Lomer Gouin, Premier of Quebec, and Lady Gouin had luncheon today at Buckingham Palace.

The Premier was notified today that he had been created Commander of the Legion of Honor of France. The insignia will be officially conferred in Quebec by the president of the Franco-American Committee.

Premier and Lady Gouin will sail for home on the liner Minnedosa tomorrow.

MILLERAND WILL TO-MORROW GO TO FOLKESTONE

Paris, May 13.—Premier Millerand plans to leave Paris tomorrow morning for Folkestone, where he will meet Premier Lloyd George of Great Britain to discuss the Spa conference.

M. Millerand will return Monday in order to be able to make his declaration to the Chamber of Deputies Tuesday, regarding the strike and the Government's proposed action against the General Federation of Labor.

TOWN IN WYOMING WILL BE RULED BY WOMEN FOR YEAR

Cheyenne, Wyo., May 13.—Women will occupy all positions in the Government of Jackson, Wyo., as a result of their defeat of men candidates by a 2 to 1 vote in yesterday's election. Unofficial returns show.

EFFORT TO FORCE CANADA TO SHIP PAPER TO STATES

Sharon, Pa., May 13.—As a retaliatory measure for the present Canadian embargo on pulpwood and pulpwood paper, United States Representative Hollings announced here today that he would introduce a bill in Congress shortly placing an embargo upon coal to Canada. He is gathering data now with that end in view, he said.

URGES EMPIRE CLEARING HOUSE

Lord Milner Advocates Committee in London Representing Various Parts

Each Government Would Have One Member Constantly in London

London, May 13.—(Canadian Associated Press)—Lord Milner, at a luncheon given in honor of Mr. Watt, the Australian Treasurer, advocated a sort of clearing house association for imperial affairs. He said it would be of the highest utility and should be located in London. There would be a standing committee for information and consultation about imperial affairs, on which every branch should have at least one representative. In other words, it would be possible for the Ministry of every Government to have at least one member always in London available for discussion with other colleagues from other Dominions and the British Government about matters of common concern.

BRITISHERS BUY SHARES IN STATES

Explosives Trades Interests Buy Into the General Motors Corporation

New York, May 13.—Sir Harry Macgown, chairman of the Explosives Trades, Ltd., has bought shares of the General Motors Corporation amounting to £5,000,000, at £40 a share, according to cable advices received here today. No details of the purchase have been received.

It is believed that 15,000 shares of the old common stock were sold to the British interests at the above figure. This would bring the total amount received for the stock up to about \$25,000,000 at the normal rate of exchange. The exchange situation will have no influence as the money probably will be used abroad.

Sir Harry was elected a director last week. At the same time Arthur Chamberlain, of the Explosives Trades, Limited, and William McMaster, of the Canadian Explosives, Limited, a branch of the British company, also were elected directors.

DEATH OF ARTIST

London, May 13.—(Canadian Associated Press)—The death of Hugh Thomson, an artist, occurred yesterday.

MOUNTAIN PEAKS TO MARK GOVORNS

Sir Frank Barnard and Col. Prior's Names Perpetuated in Rockies

Notice is given in The Canada Gazette that Barnard Mountain, in lat. 51 degrees 42.50 mins. and long. 116 degrees 55 mins., in the Rockies, and with an altitude of 10,955 feet, has been named after Sir Frank S. Barnard, late Lieut.-Governor of the Province.

Prior Mountain, in lat. 51 degrees 43 mins. and long. 116 degrees 56 mins., with an altitude of 10,250 feet, has been named after the present Lieut.-Governor.

Both are announced in the Geographic Board of Canada rulings.

GERMANS MEAN TO USE ALL SHIPS IN DOMESTIC TRADE

Berlin, May 13.—Orders have been given by the German Government that German ships will not be allowed to ply any longer between foreign ports, as all tonnage is required in domestic commerce. A Hamburg dispatch to The. Boersens Courier.

ITALY PREPARES TO MOVE TROOPS FROM ALBANIA

London, May 13.—According to a news agency report in Rome, Italy is preparing to evacuate the whole of Albania except the Avlona district, says an Exchange Telegraph dispatch from Rome today.

(This report bears upon the Adriatic question, a settlement which has been under discussion between Italy and Jugo-Slavia, differences existing between the two countries over the Albanian boundary line and occupation of territory.)

New One-Cent Pieces in Circulation Before June

Ottawa, May 13.—Authority has been given for the issue of the new Canadian penny on and after May 15. The coin will not, however, actually be in circulation until toward the end of the month. The one-cent piece will be slightly larger than the Canadian ten-cent piece, or three quarters of an inch in diameter. It will bear the following design: Obverse impression: His Majesty Crowned in effigy, consisting of head and bust, wearing the royal robes and looking to the left, with the inscription: Georgius V. Dei Gra: Rex Et Ind: Imp: Reverse impression: The words, Leaf on neither side and bearing the word Canada, above, and the date One-Cent, supported by a Maple of the issue below.

STEEL MERGER BILL IN LEGISLATURE OF NOVA SCOTIA

Halifax, May 13.—The steel merger bill in connection with the British Empire Steel Corporation was reported favorably from the committee of the whole in the House of Assembly last night.

SOCIALISTS WANT DEBS TO STAND

American Socialists Nominate Man in Prison For Post of President

New York, May 13.—Eugene V. Debs, federal convict No. 2253 at Atlanta, Ga., was nominated by acclamation for the Presidency of the United States at the Socialist Party's national convention here today.

Eugene V. Debs began serving a ten-year sentence for violation of the war-time Espionage Act, April 13, 1919. This is the fifth time Debs, who is sixty-five years old, has been given the Presidential nomination by his party. He was a Democrat before he became a Socialist. In the late seventies he served two terms in the Indiana Legislature from Terre Haute, his home town. He was once a candidate for Congress from the Fifth Indiana District. In 1894, from May to November, he was in the Federal Jail for contempt of court in an Illinois conspiracy case.

His present imprisonment resulted from investigation of a speech in Canton, Ohio, June 16, 1918, which led to his arrest two weeks later for opposing the war and urging labor to engage in activities which in any way tended to prolong it.

ANOTHER CABINET CRISIS IN ITALY

Socialists and Catholics in Chamber Cannot Work Together

Rome, May 13.—The Cabinet crisis is considered most difficult to solve because the Chamber is divided chiefly into two groups, Socialists and Catholics, neither of which is strong enough to constitute a majority, while an agreement between them is impossible on a common programme.

In addition the Socialists absolutely refuse to participate in a Government.

Some of the Deputies suggest a cabinet formed by Signor Meda, leader of the Catholics, with Signor Lomoni, the present Minister of War, as leader of the reform Socialists.

Other Deputies predict that Signor Nitti again will be entrusted with the task of forming a Cabinet, because, they say, there is no man who controls the opposition. In case Nitti assumes the task it is believed he will moderate Socialists, like Deputy Turati, leader of the Intransigents, Deputy Treves and Deputy Modigliani to enter the Cabinet, and they refuse to constitute a new administration with Catholics, giving them some important portfolios, especially the portfolio of Instruction, as the radical reform school system is one of the fundamental points in the programme of the Catholics.

Election Predicted. Another group of politicians expresses the belief that it will be impossible for any Cabinet to remain in power long with the chamber formed as at present and therefore they prophesy that a general election will follow in the near future.

Powerful Craft Displaces 34,000 Tons; Will Make Twenty-eight Knots

Rome, May 13.—The super-dreadnought Caracciolo was launched yesterday in the presence of Admiral Del Bono, commander of the Naval Department, the Bishop of Sorrento and several thousand spectators.

The new super-dreadnought is one of Italy's largest ships, having a displacement of 34,000 tons. The motors, driven by naptha, are of 70,000 horsepower. The speed of the warship will be 28 knots.

Man Was Killed and Great Damage Done by Sinn Fein Bands

Man Lost Life in Dublin; At Least Nineteen Police Barracks Destroyed; Tax and Customs Offices Raided; Government Creates Tribunal

Dublin, May 13.—At least nineteen police barracks in various parts of Ireland were wiped out in the course of widespread destruction of public property and other activities by bands of armed and masked men last night. Five income tax and customs offices also were raided and papers found in them burned.

Two mail cars and one mail train were held up and official papers taken from them.

One man was killed in the outskirts of Dublin, where barracks were burned.

The Rev. T. G. Wilkinson, one of the canons of the Down Cathedral at Down Patrick, was shot and critically wounded while pursuing raiders in a street.

NEW SCHEME TO BENEFIT FISHERIES

Canada-United States-Newfoundland Council of Research Is Proposed

Ottawa, May 13.—Formation of an international scientific council for fisheries research between Canada, the United States and Newfoundland will be discussed at a convention of the Canadian Fisheries Association in Vancouver on June 3, 4 and 5. The president and the national secretary of the Association, A. H. Brittain and Captain T. W. Wallace, are in Ottawa to invite Hon. C. C. Ballantyne and officials of the Fisheries Department to the convention, which will be attended by delegates from the fishing industries of the Atlantic coast and the Great Lakes as well as of the Pacific coast.

More extensive utilization of fish for food and organization of fisheries colleges for the training of retired soldiers and others in the industry will be discussed at the convention.

Special Body. London, May 13.—The Government has decided to create a special judicial body to examine the cases of Irishmen who are under arrest. It was announced in the House of Commons today by Mr. Hon. Andrew Bonar Law, the Government Leader.

The Government's action is generally regarded as an important move, it being pointed out that critics of the Government's Irish policy have been demanding for a long time that the cases of men detained without trial should be thus examined. The refusal heretofore of some such means of securing the liberation of innocent men has been the principal cause of the recent hunger strikes by Sinn Fein prisoners.

BORDEN TO-DAY AT CABINET MEETING

No Intention of Retiring at Least For Some Months

Ottawa, May 13.—Sir Robert Borden today presided over a meeting of the Cabinet. Details of the budget which Sir Henry Drayton, Minister of Finance, is to present to the House on Tuesday were under consideration, it is understood.

Sir Robert's return has revived rumors in political circles of his impending retirement from political life. What the Prime Minister's intentions are in this regard, he has given no indication, but it is learned on high authority that Sir Robert has no intention of retiring for some months yet, at any rate. During his five months' holiday his health greatly improved. Whether it would be equal to a prolonged strain, however, remains to be determined.

A caucus of Unionist supporters to discuss the situation, it is expected, will be called at an early date.

Stronger Military Patrols, Being Used in Hungary

Budapest, May 13.—(Associated Press)—Acceptance by the Hungarian Government of the conditions of peace laid down at Paris is expected here unless extreme nationalist counsels prevail. The action of the Government in preventing a great demonstration by the League of Territorial Integrity, and the tearing down of posters bearing the inscription "Damned be the hand that signs the treaty," give observers reason to think that the treaty will finally be accepted. In addition the military patrols have been strengthened to prevent disorders.

Count Julius Andrássy addressed the Council of Ministers on the question of the treaty yesterday.

"The treaty crucifies the nation," said the former Minister of Foreign Affairs, "and is the greatest blunder the Allies could commit, because it entails the greatest danger to the peace of Central Europe. However, we must bow before superior force."

Schools throughout the country continue to use the old maps of Hungary and teachers are telling their pupils that the provinces lost off by the peace treaty are only temporarily lost.

There are signs of a new Cabinet crisis. The situation that will arise will mean a new delay in signing the treaty.

The houses of two newspaper editors were raided and one anti-Sinn Fein editor was tarred and feathered. Some of the police barracks destroyed were unoccupied and others were inhabited only by the custodian. The reports of the raiders' activities have been pouring in all day from numerous sections. In Belfast, Belfast, Ireland, May 12.—Via London, May 13.—Another income tax office here was raided to-night by five masked men. They seized and bound the two clerks, collected the documents and burned them and then made their escape. At Holy Ford, Dublin, May 13.—Two hundred men besieged the Holy Ford police barracks in County Tipperary for four hours early Wednesday morning using rifles and bombs. A part of the building was set on fire but the ten policemen defending the place withdrew to another section of the structure and continued their resistance. The attackers eventually retreated. No casualties were reported.

PLAN TO PREVENT FURTHER CONFLICTS

Details of Agreement Signed at Vladivostok by Japanese and Russians

San Francisco, May 12.—The military commissions of Japan and Russia, which have been negotiating at Vladivostok "with a view to the restoration of friendly relations and the prevention of future conflicts," signed an agreement on April 29 last, according to a statement given out by T. Ohta, Japanese Consul-General here.

The agreement was embodied in twelve articles, substantially as follows:

- The authorities concerned on both sides shall, through proper channels, issue orders for the suspension of the existing state of belligerence.
- The groups of armed Russians shall withdraw from the following districts:
 - Thirty kilometres to the east and north of the trunk line of the Usuri Railway.
 - From the line of the Usuri Railway west and south up to the boundary lines of China and Korea.
 - Thirty kilometres on each side of the Ugorina and Kangasau Railway.
- Groups of armed Russians at present in the above-mentioned districts shall withdraw therefrom three days from the issuance of the order.
- Russian patrol guards shall be detailed to maintain order in the districts and along the railways above mentioned.
- All arms and other war materials of the Russian army found in said districts shall be seized by the Japanese troops, and the disposition of the same shall be determined later.
- Arms heretofore seized by the Japanese troops shall remain in their possession until the evacuation.
- The Russian authorities shall take preventive measures to guard against destruction of telegraph lines and railways in the aforesaid districts, and the Japanese troops shall stand ready to help the Russians, if necessary, in the restoration of communications.

Expresses Thanks.

Tokio, May 12.—It is announced today that Marquis Kuropatkin, president of the Russian re-establishment at Chita, Siberia, has officially thanked the Japanese Government and troops for their protection which enabled the Russians to observe Easter undisturbed by the Bolsheviks.

SOVIET PROMISES TO SPARE LIVES OF DENIKINE'S MEN

London, May 13.—The Bolshevik authorities have agreed to spare the lives of soldiers captured from Gen. Denikine's army in Southern Russia, and those of other anti-Soviet troops who may in future be taken prisoner. A note to this effect was received yesterday by British officials in answer to appeals sent to Moscow by this country during the last fortnight. From the British viewpoint this is the most satisfactory reply received from the Soviet Government, and officials here hope full protection can be guaranteed Denikine's men with trade agreements or other concessions to Moscow.

CIVIL SERVANTS CONSIDER STRIKE

Vancouver, May 13.—A general strike of Dominion civil servants extending from coast to coast is now being mooted, according to high officials in the postal service here, as a protest against the alleged unsatisfactory salary provisions contained in the reclassification schedule announced recently by the Civil Service Commission.

During the past few days, it is declared, telegrams have been dispatched between the Eastern and Western cities pledging full support to any action embracing the whole of Canada, which may be decided upon in protest.

MACREARY HAS NEW PLAN FOR IRELAND

Cabinet Has Approved Commander's Scheme to Establish Better Order

London, May 13.—General Sir Nevill Macreary, military commander in Ireland, has framed new plans by which he believes better order will be established in Ireland shortly. Mr. Bonar Law announced in the House of Commons yesterday that the plans had been approved by the Cabinet.

The Government Leader's statement followed questions regarding the sensational murder of two policemen at Cork on Tuesday evening and queries as to whether General Macreary had taken steps to coordinate the police and the military forces.

Mr. Bonar Law said the military commander had already taken most important steps, and at a Cabinet meeting on Tuesday had proposed others, which met with the approval of the Government. What these steps were Mr. Bonar Law did not say. He declared, however, that the Government would take any action which in his belief would restore decent conditions.

General Macreary is at present in London for consultation with the officials, and the newspapers predict important developments in this connection. It is unofficially stated that additional troops are to be sent to Ireland and that the Government is prepared to give the Irish Executive all assistance necessary to suppress lawlessness.

A Demonstration. A dispatch from Dublin said: The funeral of Francis Gleeson who died after an operation for appendicitis, following upon the Mount Joy hunger strike, was made the occasion of a great Sinn Fein demonstration yesterday afternoon. A procession of volunteers in military formation marched through the principal streets to the cemetery, where the body was buried in the "republican" circle.

1919 EARNINGS OF C. N. RAILWAY

Operations of the Canadian Northern Part of National System Are Reported

Ottawa, May 13.—Gross earnings of the Canadian Northern Railway for the year ended December 31, 1919, were \$53,522,177.57, according to the fifth annual report of the directors, tabled in the House yesterday afternoon by Hon. J. D. Reid, Minister of Railways. These were derived as follows:

From passenger traffic, \$10,775,708.48; freight traffic, \$39,175,552; express, mail and telegraphs, \$1,548,902.18; miscellaneous, \$3,020,914.84. In addition, there were interest and profits from elevator and other subsidiaries, investments, etc., amounting to \$1,791,752.61; making a total of \$56,255,920.18.

Working expenses amounted to \$60,084,023.92, and hire of equipment, taxes, rentals and miscellaneous charges were \$1,920,353.81, making the total expenses \$61,054,577.73. The deficit was \$5,798,657.55, and interest charges \$19,969,710.56, a total deficit of \$26,570,350.06.

The directors call attention to the fact that their report covers only the operation of Canadian Northern Railway lines forming part of the Canadian National system. Total mileage operated at the end of the year was 9,685.7, compared with 9,599.9 at the end of 1918, being an increase of 119.2 miles. The average mileage in operation throughout the year was 9,638 miles.

Had to Go to Bed Headaches So Bad

MILBURN'S LAXA-LIVER PILLS MADE HER WELL.

When your liver gets sluggish and inactive, you who suffer with your bowels become constipated, your head aches, your tongue is coated, breath bad, specks float before the eyes, you are bilious, have heartburn, water-brash, pain under the right shoulder, muddy and brown spotted complexion, etc. Help the liver to resume its proper function by removing the bile that is circulating in the blood and poisoning the system.

Mrs. E. Bainbridge, 30 Maple Ave., Amherst, N. S., writes: "I take pleasure in writing you of the good I received by just using Milburn's Laxa-Liver Pills for headaches. I was so bad I had to go to bed, and could not sit up. A friend told me about your wonderful medicine, and two vials have made me as well as I can be." Milburn's Laxa-Liver Pills are small and easy to take, do not grip, weaken or sicken do not leave any bad after-effects. Price 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

"BIG JIM" COLOSIMO KILLED IN CHICAGO

Chicago, May 13.—Mrs. Victoria Colosimo, first wife of "Big Jim" Colosimo, who was murdered in his restaurant here Tuesday afternoon, has been located in Los Angeles, according to a Chicago morning newspaper. Police had been searching for her as the result of a rumor that she had arrived in Chicago on the day Colosimo was shot. She said she was ready to return to Chicago and aid the authorities in solving the mystery of the shooting, according to the newspaper.

HELPLESS WITH RHEUMATISM

Until He Took "Fruit-a-lives" The Fruit Medicine

R. R. No. 1, Lorne, Ont.

"For over three years I was confined to bed with Rheumatism. I treated with doctors and tried nearly everything without benefit.

"Finally, I tried 'Fruit-a-lives.' Before I had used half a box I saw improvement; the pain was easier and the swelling started to go down. I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

ALEXANDER MUNRO.
50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

TRAGEDY OVERTOOK SETTLER'S FAMILY

New York, May 13.—Misfortune and misery were written tragically into the records of the Ellis Island immigration station yesterday when the death of Mrs. King in Bellevue Hospital released from the detention quarters her husband and their four little children, the eldest just turning five and the youngest an infant of six weeks.

Happy in the prospect of a life of peace and plenty on a farm in Saskatchewan, Wilfrid King, aged thirty-six, arrived here last week from England, accompanied by his wife and children. Elizabeth Council, a nurse girl nineteen years old, also was a member of the party.

When the voyage was almost completed Mrs. King fell sick with pneumonia, and when the steamship docked she was in such a dangerous condition that she was removed to the hospital. The family was sent to Ellis Island—all but the baby. The dying mother insisted on taking her youngest to the hospital with her.

When news came to Ellis Island yesterday that the woman had died, the immigration authorities took special care for a safe and comfortable journey to Canada for the bereaved family. Red Cross nurses cooked special delicacies for the children and prepared a diet for the infant. The steamship company, according to rule, made arrangements for the burial of Mrs. King in a Long Island cemetery, and King left with his motherless family to finish his long journey.

EXISTENCE OF PAPER COMBINE ALLEGED

Washington, May 13.—A combination of Canadian manufacturers practically controls the print paper market through the Canadian Export Paper, Limited, the Senate committee investigating the paper shortage was told yesterday by J. E. Gafaeli, sales manager of the Interstate Pulp & Paper Company. He asserted that the combine controlled about seventy-five per cent. of the Dominion output, and that the prices it set were followed by other manufacturers.

Victor F. Lawson, publisher of The Chicago Daily News, said his experience has been that the Canadian company prevented competition. The News, Mr. Lawson added, was virtually compelled to accept the company's terms in purchasing paper. Chairman Reed, of the committee, said a solution of the paper problem could be reached either through agreement among publishers to curtail paper consumption or through an excise tax on print paper, as recommended by Assistant Attorney General Ames. The committee would prefer that the "great papers of the country solve the problem" themselves, the chairman added.

GOLD FROM BRITAIN TO UNITED STATES

Washington, May 13.—Imports of gold from Great Britain continued to increase during the ten days ending April 30, and according to figures of the Federal Reserve Board, just made public, amounted to nearly 90 per cent. of the gold imports during that time. Shipments of British gold to the United States were \$4,563,000, an increase of \$1,555,000 over the previous ten days.

Since January 1, the flow of British gold to the United States has aggregated \$57,728,000, which is only \$2,500,000 less than all the imports from Europe in the same period.

Imports of gold from all countries for the ten days were \$5,209,000.

LABOR CANDIDATES FOR MANITOBA HOUSE

Winnipeg, May 13.—The Dominion Labor Party last night cancelled all previous nominations of candidates for the provincial election in this city, which have hitherto included the imprisoned labor leaders, and will submit to the membership a new list of names from which a ticket will be drawn up a fortnight hence. On the new list may be the names of one of the convicted leaders appears, that of Rev. William Ivons. Other proposed nominees were: F. J. Dixon, G. Tipping, Mrs. Jessie Kirk, W. A. James, S. J. Farmer, F. W. Gill, James Winning, W. B. Baillie and S. Jordan.

AMERICANS SEEKING MORE FOREIGN TRADE

San Francisco, May 13.—The world's pocketbook was examined by more than 2,000 financial and trade experts at the opening session of the seventh annual Foreign Trade Convention here yesterday. The first of the four days of discussion revealed that internationally known leaders of world commerce find many things within the pocketbook which may fall to the lot of Americans, but the speakers agreed that two courses are plain, one leading to business reverses, low wages, panic and stagnation, and the other to prosperity, progress and security for the business men and the worker.

Increased foreign trade—increased imports as well as exports—forms the key to prosperity, said James A. Farrell, president of the United States Steel Corporation and chairman of the National Foreign Trade Council, in opening the convention. A period of depression, with lower wages, but not a panic or crisis, was forecast by Fred A. Lipman, San Francisco banker, in discussing the inflated financial situation. Foreign trade, he said, is in the position that exports can best be stimulated through encouraging imports. Captain Robert Dollar, of San Francisco, veteran of Trans-Pacific trade, in welcoming the delegates, told of opportunities on the Pacific, where more than a billion people, half the world's population, were awaiting development of commerce. He predicted removal of the world centre of trade from the Atlantic to the Pacific within a generation.

Good Reasons for Cat's Paw Heels and Rinex Soles

- They are more comfortable than leather.
- They make your shoes last twice as long.
- They make walking ever so much easier.
- They need no "breaking in."
- They cushion the feet against hard pavements.
- They make each step light and springy.
- They are water-proof.
- They are best for every member of the family.
- They do not scar floors or furniture.
- They can be worn all year round.
- They prevent slipping.
- They take the noisy clank out of walking.
- They are equally good for indoors or outdoors.
- They are more economical than leather.
- They are Dominion Rubber System products.

When buying new shoes, or having old ones repaired, insist on Cat's Paw and Rinex. There's no combination "just as good."

When you buy Rubber Goods insist on Dominion Rubber System Products

VOTERS' LISTS AS SUBJECT OF DEBATE

Lively Incidents During Discussion of Franchise Bill in Commons

Ottawa, May 13.—Again in the House yesterday the Franchise Bill held the stage. During practically the whole afternoon and evening, one clause was under discussion in committee—the clause providing for the preparation of voters' lists. Finally it was allowed to stand, and the House adjourned.

The discussion ranged chiefly around a suggestion by Hon. W. S. Fielding that in the Nova Scotia provincial lists should be used. The suggestion was combated by the Solicitor-General. He did not think the Nova Scotia lists would be satisfactory. For one reason, appeals in Nova Scotia went to a sheriff to give an opinion, who was not qualified to do so.

A rather prosaic day was interspersed with lively incidents. Early in the sitting R. H. Butts, of Cape Breton, attacked Hon. W. S. Fielding. When Premier of Nova Scotia, Mr. Butts declared, Mr. Fielding had disfranchised British subjects. Now Mr. Fielding was leading the case of the aliens. "In '96," shouted Mr. Butts, "you were taken by some freak of fortune into the Laurier Cabinet."

Here the chairman interfered. But banging his desk, Mr. Butts demanded an answer. "Don't answer me. If you do I will drag you across to the library and show you Hansard of the debate." But Mr. Fielding paid no attention to the attack.

An Agreement. D. D. McKenzie roused the committee by declaring that when leading the Liberals, he had a solemn agreement with the Government that a franchise measure would be placed on the statute books. He produced a document and passed it across to the Solicitor-General.

Mr. Guthrie, reading from the document, argued that Mr. McKenzie had been merely proposing a franchise act to cover by-elections until after the next session of Parliament. Mr. Guthrie had a sharp battle with Fred Pardee, of West Lambton. It was over plunging votes. Mr. Guthrie had remarked that he could not teach Mr. Pardee anything in elections. Mr. Pardee wanted to know if an imputation was intended that he had "plugged votes."

Compliments were interchanged and finally Mr. Guthrie observed that he meant his remark as a good-humored joke. Mr. Pardee accepted the explanation and the incident closed.

Finality. D. D. McKenzie asked when finality in the lists would be reached. Mr. Guthrie replied that unrevised lists would be in the candidates' hands on nomination day, and revised lists five days later.

Jacques Bureau protested that the biennial revision of the lists in Quebec cities would cause a hardship. Mr. Guthrie asked that the clause pass as standing without the subject, and then a conference be held on the proposal to make a "regard" to the needs of the different Provinces. In regard to classification of polling districts, cities or rural, Mr. Guthrie said the chief electoral officer must be required to state which were rural and which were urban. After discussion, the chairman ruled that the schedule was not part of the clause.

Mr. Bureau protested that his amendment would come in the clause on which recommendation would be necessary.

MAIL OFFICIAL KILLED IN STATES

Oskaloosa, Iowa, May 13.—William J. McClendell, superintendent of the Chicago-Omaha aerial mail division, was killed yesterday afternoon when an aeroplane in which he was riding was blown into a tree five miles south of here. H. W. Johnson, Fremont, Ohio, the pilot, was injured.

The aeroplane left Omaha to go to Iowa City, Ia. It was an inspection trip over the proposed air mail route between Chicago and Omaha. When the wind blew the machine into the trees Superintendent McClendell was caught beneath the gas tank and his skull was fractured.

Pilot Johnson said heavy winds had interfered all the way and blown them off the course. He was attempting to land in a field when blown into the tree.

SASKATCHEWAN APPOINTMENT

Regina, May 13.—Lieutenant-Commander A. J. Geddes, D.S.O., has been appointed Deputy Attorney-General for Saskatchewan to succeed T. A. Coleclough, resigned.

HAD SWALLOWED A LUMP OF LEAD

That Is How Smith Says He Felt After Every Meal Before He Took Tanlac

"Thanks to Tanlac, I am a well man for the first time in ten years, and have not only gained ten pounds in weight, but haven't an ache or a pain anywhere in my body now," declared F. B. Smith, of 149 Hasting West, Vancouver, when at the Owl Drug Store recently.

"All my troubles arose through a disordered stomach. After every meal I had a heavy feeling as though I had swallowed a lump of lead, and the food would seem to lie there for hours and sour. The pains in the pit of my stomach were so severe at times as to double me up, and the gas that formed would blast me up until I could hardly breathe, and my heart would palpitate violently. I also had a lot of pain between my shoulders, and was continually troubled with headaches that lasted all day long. I got into a very nervous and restless condition, and was never able to sleep on any night. Often I would lay awake half the night, and get up in the morning feeling quite unfit for work. My appetite was very poor, and I rarely ever ate any bread, and I never could feel hungry even by dinner time."

"But it was no time after taking Tanlac that I began to feel better. In fact the first bottle did me so much good that I kept right on with it. I soon had such an appetite that I felt hungry all the time, and it put my stomach into such fine shape that I could eat anything I fancied without fear of any bad effects. I never have those bad pains now, and am not troubled with gas or palpitation. I haven't had the sign of a headache since I finished the first bottle of Tanlac. I now sleep splendidly at night, and get up in the morning feeling equal to a big day's work. As I've said before, I have gained ten pounds in weight and feel better and stronger in every way than I have for years past."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

CHOICE OF CURRIE PLEASES VETERANS

Ottawa Executive of G.W.V.A. Commends Decision of McGill Authorities

Ottawa, May 12.—The Ottawa executive of the Great War Veterans' Association at a meeting last night passed a resolution commending the appointment of General Sir Arthur Currie to the principalship of McGill University and expressing confidence that the general's remarkable power for organization will prove of the utmost benefit to the furtherance of the educational facilities of the University, and congratulating the Board of Governors in electing this distinguished Canadian to the eminently responsible post.

TO CHANGE ONTARIO TEMPERANCE ACT

Toronto, May 13.—As a result of a speech by the Hon. W. A. R. Wood, in the Legislature yesterday afternoon, it is practically decided that the Ontario Temperance Act will be amended so that breaches may be tried by, and appeals from convictions heard by county judges. Heretofore, police magistrates have been the only administrators of the Ontario Temperance Act, and the only tribunal of appeal was the Ontario Board of License Commissioners.

DECLARE AGAINST BI-LINGUALISM

Brantford, Ont., May 13.—The Synod of the Anglican Diocese of Huron yesterday unanimously passed a resolution memorializing the Government in regard to bi-lingualism in Canada, and re-asserting the stand taken by the Synod last year that English shall be the language of instruction in the public schools of the Dominion with the exception of Quebec, and that all examinations be conducted in English.

FARMERS WISH TO MAKE VOICE HEARD

Producers of United States Want Political Parties to Consider Them

Chicago, May 13.—Recognition for farmers will be asked of the platform makers of each of the two great American political parties at their June conventions by representatives of the various farm organizations of the country. This action was decided on at the close last night of the two-day meeting of the National Board of Farm Organizations.

According to Charles A. Lyman, national secretary of the Board, it was the general opinion of the delegates that the food producers never had received the attention of either the Republican or the Democratic Party to which they were entitled. It was their purpose, he said, to send representatives to the Chicago and San Francisco conventions with demands that they be recognized in the formation of the party platforms and to throw the weight of their support at the November election to that party which gave the greatest consideration to the farmer in the party declaration of principles.

Principal Points. The main points on which farmers will insist follow: Right of collective bargaining by agricultural interests. Conservation of forests, with a view to keeping down the cost to consumers of print paper and lumber.

Payment of the war debt through direct taxation on "those best able to pay," meaning corporations and persons who acquired great wealth during the war.

Reduction of the high cost of living through elimination of the middleman and provision for more direct dealing with the consumers.

Appointment of a Secretary of Agriculture who knows practical farm conditions.

No Great Tracts. Legislation against corporations and individuals acquiring great tracts of land as a means of reducing farm tenancy.

Equal rights to corporations and others in transportation facilities. Federal control of the packing industry. Arrangements for more elastic credit for farmers.

Opposition to universal military training if such is to be made a plank of party platforms.

BANK OF ENGLAND'S WEEKLY STATEMENT

London, May 13.—The weekly statement of the Bank of England shows the following changes: Total reserve decreased £199,000. Circulation increased £17,000. Bullion decreased £1,714. Other securities increased £754,000. Public deposits increased £17,112,000. Notes reserve decreased £192,000. Government securities decreased £16,844,000. The proportion of the bank's reserve to liability is 16.3 per cent. Last week it was 14.7 per cent. Rate of discount seven per cent.

COMPENSATION BILL IN ONTARIO HOUSE

Toronto, May 13.—Hon. Walter Rolfe brought up his bill to amend the Ontario Workmen's Compensation Act in the Legislature last night for its second reading but failed to secure it.

Hon. G. S. Henry moved adjournment of the debate as he claimed the Opposition had not had sufficient time to become acquainted with its demands. It will come back for discussion again soon.

SENATOR JOHNSON TO TOUR STATES

New York, May 13.—Senator Hiram Johnson, a candidate for the Presidency, will make a tour of the larger cities of the Eastern States and the Middle West between now and the date of the Republican convention in Chicago, it was announced at Johnson's headquarters here tonight. Senator Johnson's speeches on this tour, it was stated, would be designed to counteract a flood of literature disseminated among business men picturing him as an extreme radical.

The Hacking Cough Strains the Lungs

The terrible, hacking, lung-wracking cough that sticks to you in spite of everything you have done to get rid of it is a great source of danger to your health, and the longer it is allowed to stick the more serious the menace becomes.

You can easily get rid of the cough or cold at its inception by using Dr. Wood's Norway Pine Syrup, a remedy that has been universally used throughout Canada for the past 30 years.

Mrs. Samuel Matthews, Portage, P. E. I., writes: "Last winter I caught a heavy cold, and was laid up for some time. I had such a hacking cough I could not sleep at night, and did not think I could ever get over it. One day a friend dropped in to see me, and was surprised to see how bad my cough was. She advised me to use Dr. Wood's Norway Pine Syrup, so the next day I sent for a bottle and soon got better, and by the time I had taken two bottles, my cough was all gone. I doubt there is anything to equal it."

MILLION-DOLLAR FUND PLANNED

Montreal, May 13.—(Canadian Press)—A million-dollar fund for the propaganda of the Canadian Manufacturers' Association was foreshadowed at the annual dinner of the Montreal branch last night. Among the guests were Colonel W. Grant Morden, James McKechnie,

"GAS" PRICES UP AGAIN

Increase of 1/2 Cents a Gallon Announced in East To-day.

New York, May 13.—Motorists today became the latest victims of advancing prices.

The Standard Oil Company, of New York, announced that the price of gasoline to garages would be raised to 20 cents a gallon, an increase of 1 1/2 cents, while independent concerns were reported to be quoting gasoline as high as 22 cents. This, it was said, would mean that the retail price would be at least 34 cents.

PRECAUTION NECESSARY.

It is to be regretted that the voyage of the Katori Maru, was marred by an outbreak of influenza which resulted in three fatalities and seven other cases which required treatment. The incident once more indicates that the scourge in the Orient has not abated by any means, and as long as passengers are allowed to disembark while there is the least danger of contagion British Columbia ports will be exposed to grave risks. In wiring to the Ottawa authorities for instructions the officials at William Head took the proper course. It is little more than useless for the Provincial Department of Health to expend the money of the people of this Province in an endeavor to educate them along proper lines of prevention if there is not the same rigid authority governing the admission of travellers whose voyage across the Pacific has been made on an influenza infested vessel. Our sympathy will very naturally lie with those passengers who from time to time may have to submit to enforced detention for a day or so longer than usual; but in the interest of public health it would appear that no precaution is too severe where the new form of influenza is concerned.

ERIN'S UNHAPPY CONDITION.

If hopes of a settlement of the Irish question are far distant it is at least comforting to know that General Macready, the military commander in Erin's Isle, has formulated new plans the execution of which he believes will restore some semblance of law and order in those sections most seriously disturbed by the extremist element. Obviously it is the duty of the Government to protect its law-abiding citizens and to increase the usual agencies of protection to an extent demanded by the circumstances. But the difficulty with which the Government is faced in Ireland to-day has no parallel in the British Empire. The radical faction refuses to accept any principle of protection to life and property unless its application will coincide with its own particular conception of right and justice. And as soon as the authorities at Westminster concern themselves in the safety of those who are attending more to their own affairs than to the establishment of an Irish Republic it is interpreted as an act of repression only to be met by armed resistance and an additional challenge to the constitution. For that reason, therefore, it is to be hoped that the new policy will comprehend the peculiar conditions which the aspirations of a section of the country have brought about and whose correction may yet compel drastic measures.

AN EXCELLENT EXAMPLE.

On more than one occasion since the cessation of hostilities and particularly during the period in which the British Government has been considerably exercised over the financial condition of the nation mysterious sums of money have reached the Chancellor of the Exchequer from anonymous donors. In practically every instance the gift has been a large one and in not a few cases accompanied by an appeal to those of the country's citizens well possessed of this world's goods to emulate the example. If the response has not yielded numerous cheques the few contributions which have followed the earlier pattern have been remarkable for their amounts. The latest donation to reach Mr. Chamberlain is one for \$650,000 which will find its way to the treasury by way of cancelled war loan stock the value of which is to be applied towards the liquidation of the nation's liabilities. When it is considered that the total of these various anonymous gifts would amount in the aggregate to a substantial part of the interest on Great Britain's pre-war national debt, an indication is furnished of the vast wealth in the hands of the private individual. What is true of Great Britain is true of Canada and other war stricken lands, and the people of this country would find very little difficulty in naming a number of prominent Canadian financiers whose wealth would be very little disturbed were they to emulate the example and contribute something voluntarily towards Canada's two-billion-dollar obligation.

NOTE AND COMMENT

Although a number of workmen are still putting the finishing touches to the former Kaiser's new domicile at Doorn it was expected that the exiled monarch would be moving his bag and baggage yesterday. This is a very different kind of moving to that which landed William Hohenzollern in his present predicament.

Victoria's target specialists should find a good deal of satisfaction in the knowledge that British Columbia's representatives at Bisley this year will go from the capital city of this Province. The excellent marksmanship displayed at the elimination tests by Major Richardson and Staff-Sergeant Read augur well for the possibility of the King's prize coming to this city.

Jackson, Wyo., is setting the pace for government by women. At the local elections held yesterday the representatives of the gentler sex scored a two to one victory and it is declared that all official posts will be held by petticoats. Men of Jackson, you had better look to your laurels!

All cases of Irishmen who are under arrest will be made the subject of examination by a special judicial body, according to an announcement made to the House of Commons by Mr. Bonar Law. We shall soon expect a Sinn Fein petition praying for the issuance of a special license to kill and rob all those who do not subscribe to the tenets of "President" de Valera.

F. A. McDIARMID DEFENDS CONDUCT IN DUAL CAPACITY.

Says Retainer of Municipal Union Is Personal Only

EXPLAINS POSITION IN RECENT LAWSUITS

The retainer of the Union of British Columbia Municipalities to F. A. McDiarmid is personal and nothing whatever to do with any official position he holds, says Mr. McDiarmid in a lengthy statement to the City Council, commenting upon the resolution of withdrawal passed by the Council on Monday.

Mr. McDiarmid explains his position with the Union during the past eight years, and particularly the acceptance of briefs against the City of Victoria in important cases like the St. Andrew's Cathedral tax exemption, and the Rock Bay Bridge indictment. He says he solicited the Bailey case, and was refused the brief.

He believes that he has lost money from holding the position during his tenure of office, and intimates that a retaining fee might displace him from the position "by offering me something that would take its place."

Specifically he claims amending legislation for the city of Victoria instigated by him has saved from \$30,000 to \$40,000 to Victoria taxpayers, apart from benefits accruing from general improvements in legislation.

The letter is as follows:
 Two Fallacies?
 "It seems to me that two fallacies underlie your action concerning what should be the City's attitude towards the Union of British Columbia Municipalities set out in your resolution of May 10 last.

"The first is that my retainer as solicitor for the Union has nothing to do with any court action. It has always been distinctly understood that unless action were brought against the Union as an unincorporated body I would not be concerned for them in any court action. It certainly has never been proposed or suggested that the solicitor for the Union should be solicitor for any individual municipality in the Union, nor even of counsel for any municipality without special retainer from that municipality direct.

"Your second fallacy lies in an entire misconception of the duty of the solicitor of the Union, as outlined by the Union itself. The duty of the solicitor for the Union is purely Parliamentary; it consists of presenting upon the Government and particularly the Attorney-General, and upon the Municipal Committee of the House, the view adopted by convention of the Union as to any matters which they view as incorporated in the statute books with such arguments as he may be able to use. And a second duty of the solicitor for the Union is to present to the Attorney-General any private bill or even public measure which, in his opinion, would be detrimental to the interests of any municipality a member of the Union, having first reported such legislation to the President of the Union and to the particular municipality which would be affected, and having received their instructions.

Not Private Bills.
 "The duty of the solicitor for the Union does not cover any private bill legislation initiated by any individual municipality—he is, in fact, because of the attitude is now and always has been that in matters affecting one municipality the Union is not interested unless the municipality concerned has asked at the convention for support, and obtained that support by resolution. Then it comes a matter of duty of the solicitor to present and argue for the resolution of the Union, which may be for the benefit of the particular municipality.

"For these services the whole fee paid by the Union is \$500 per annum. Surely it could not be contended, if that fact stood alone, that the acceptance by a solicitor of a retainer for the Union constituted him a sort of supernumerary advisor, otherwise unpaid, for every municipality in the Province. I doubt very much if any solicitor could be found to accept such terms, although I have often been of the opinion that if the municipalities as a whole raised the salary to a respectable figure, through the Union, it would be well, if only for the sake of uniformity of decision, if one solicitor were employed (myself or another) whose services would be available for any municipality at any time, upon request, without further fee—but such a case, without further fee, has never been, nor ever has been, the case in fact.

Has Backed Victoria.
 "With regard to the particular matters discussed by the Council, let me say, first, that over ninety-five per cent. of everything that Victoria has done in the last eight years while I have been solicitor for the Union, has been endorsed by convention, and of these endorsements over ninety per cent. have been accepted by the Municipal Committee and the Legislature, and are now incorporated in the statutes, and what has not passed the Municipal Council has at least been strenuously argued for by me as by the solicitor for the Union, and has been defeated over our joint protest.

Wanted Bailey Brief.
 "As to the actions in which I have appeared as counsel against the city, let me say this, that being under no general retainer in litigation matters from the Union, and being under no retainer whatever from the City of Victoria, I felt and still feel free to accept any brief for or against the city, which either the city or any other person may feel

me capable of taking. When the brief in the action of Bailey versus Victoria was offered to me I asked the City Solicitor if there would be any chance of my having the city brief, and was told there was not. Consequently, I accepted the Bailey brief.

The Church Case.
 "The Saint Andrew's Cathedral brief I accepted without the aid of any counsel, and the only reason I accepted without reference to the city and was not fortunate enough to win the same.

"Finally, let me assure you that I have taken no account of the city on account of any malice or ill will that I bear the city, because I bear no such ill will. I did not, and never have, stirred up any litigation against the city, and I have only accepted the brief according to my own individual opinion as to what the law is, which is different some times from what one would think it ought to be. In other words, I have practiced my profession as counsel, specializing in Municipal Law, to the best of my ability, and if I leave the Union's solicitorship at Victoria's request, it will be no great financial loss, but the loss of some work of which I am very fond, and which I do at a financial loss because I like it. As I pointed out previously in this letter, Victoria has never suffered in the matter of legislation on account of anything that I have advocated, unless what I was advocating has been the direct result of Victoria having been out-voted on the floor of the Convention by the other municipalities, and you will find, no matter who the solicitor is, that when he has instructions to press for certain things on behalf of the Union, given to him by a majority on the floor of the Convention, he will not, and he can not, and he dare not in conscience, pay any attention to those who formed the minority, who were out-voted at the Convention."

NEW APPOINTMENTS
 Prince Rupert Man Becomes Member of Game Board; New Notaries Public.

William Edward Williams, of Prince Rupert, has been appointed a member of the Game Conservation Board, by the Lieutenant-Governor-in-Council, according to an announcement to-day from the Parliament Buildings.
 Other appointments include Dr. Rex F. Page, of Hutton, to be medical health officer and medical inspector of schools for Hutton and surrounding district.
 To be Notaries Public: Harry John Footes, of Vancouver; George Russell Riley, of Vancouver; F. J. Crossland, of Vancouver; Richardson Colburn, of Kelowna; R. Pearce, of Victoria; Ernest Bertie Stapleton, of Vancouver; George Kellett, of Vancouver; Richard Herbert Moore, Field Supervisor for the Soldier Set-

and certainly not in accordance with the relative ability, experience or skill in argument, or knowledge of the counsel for the corporation (which is, to say the least, the equal of my own) and myself. Cases are not won by counsel; they are won by the strength of the case.

Has Lost Money.
 "Now let me say that from my own personal standpoint, I believe, that I have lost money every year by being solicitor for the Union; that I believe Victoria has benefited by the Union as much as it has by any one thing, but that not being in the practice of law for my health, or from any sentiment, it would have been and is now very easy for the corporation to displace me as solicitor for the Union by offering me something that would take its place.

"I believe that I have done good work for the aggregate of the municipalities of the Province, and that in every year I have saved some municipality at least five times the amount of my fees as solicitor for the Union. And, I believe that the 1919 legislation regarding assessments, taxes and sales, have in the matter of lawyers' fees, Land Registry fees and newspaper advertising saved the aggregate of the municipalities at least a quarter of a million dollars. The legislation was drafted by me, and was handed to the City Solicitor in 1918, and incorporated by him in the 'Victoria Special Relief Act 1918' in so far as it effects tax sales and was a great saving to the City of Victoria alone, probably aggregating thirty or forty thousand dollars.

"Dispatches appear to clear up some obscure details of the flight of Carranza and what threatens to be his final stand. When he left Mexico City, Carranza is alleged to have taken with him Government funds amounting to \$7,000,000 pesos. His trains were stopped between Apam, state of Hidalgo, and Apizaco, state of Tlaxcala, but the President and the troops accompanying him in his flight made their way down the international border and thus escaping capture.

**AVIATION COMPANY
TO USE WILLOWS**

V. I. Aerial Service Will Operate From Local Aerodrome; To Use Floats Later

The Vancouver Island Aerial Service Company, which has just been inaugurated by W. H. Brown and Ballard, and which has purchased the Pathfinder II. from the local branch of the Aerial League, announced to-day that it intends to commence operations immediately.

The Willows aerodrome will be used as a base for the next month, after which time the machine will be fitted with floats and taken North as a seaplane. The base up the island is to be at Comox, where a site has already been secured, suitable to either type of landing required.

Messrs. Brown and Goddard have secured the use of the aerial camera in arrangement with Aerial League, and intend to institute a complete service in that connection. The floats will in all probability be manufactured in this city.

Although open for all varieties of flying enterprises, the new Aerial Service Company, state the promoters, will endeavor to work up a passenger traffic running to the more inaccessible places on the coast to the North. Mr. Brown will pilot the Curtiss, which will be re-marked, and will eventually carry the insignia necessary under the Air Board regulations, a series of some four letters and descriptive data as to home port. The machine is to be made one color throughout, the familiar white and blue trimmings of the Pathfinder disappearing for all time.

Mr. Brown has established a record for safe and conservative flying on the league machines here, and together with Mr. Goddard is the recipient of many congratulations on their plucky effort to establish the status of flying on a commercial basis here.

**WHY NOT WORKS HERE
MR. PAULINE ASKS**

Saanich Liberals Also Discuss School and Bridge Troubles

If British Columbia iron ores are being smelted, treated and made into high quality steel by the steel plant in Seattle, why cannot they be handled right here in British Columbia, where they are mined, was the question put to Saanich Liberals last night at their annual meeting in the Arcade Building, by F. A. Pauline, M. P. P. for Saanich.

Mr. Pauline declared that the success of the Seattle plant proved the feasibility of the industry here, and that the electrical smelting of ores has long got past the experimental stage.

"The establishment of the steel industry here would mean an industrial revolution which would put British Columbia into the foremost position as a Province capable of producing most of what she requires, bring her to the forefront as a manufacturing Province and make her a centre of unequalled industrial activity," said Mr. Pauline.

Hevea Watson, of Saanich, said the Government was faced with either taking over the educational system in the municipalities or contributing more. He declared there are too many frills about education that should be eliminated. He also asserted that the Government should give more assistance towards the reconstruction of the Gorge Bridge than the \$1,000 which it is contributing. He said the bridge even after it has been repaired will not be safe for traffic over two and one-half tons.

Mr. Pauline told the meeting that when the Craigflower bridge is replaced, the Government will bear the entire cost of the structure, as it is on a main trunk road. The Gorge bridge, he explained, is the only bridge for which Saanich has to pay, and in this case it pays only half the cost above the \$1,000 contributed by the Government.

Election of officers was left over until the next meeting on June 7. P. W. Dempster, president, presided.

**CONGRATULATIONS
TO SIR ARTHUR CURRIE**

At the suggestion of Trustee J. L. Beckwith, the School Board, last night dispatched a telegram to Sir Arthur Currie to congratulate him upon his appointment to the principalship of McGill University, and to wish him every success in his new work. The Board and the teachers of the city take a particular interest in Sir Arthur's career as he was himself a teacher in Vancouver Island schools some years ago.

**The "Sellers" Kitchen Cabinet
Everything
Has a Place for**

The "Sellers" Kitchen Cabinet is, without a doubt, the most perfect time-saving and labor-saving Kitchen Cabinet made for Canadians to-day, and a veritable treasury of convenience for busy "housewife."

You open the left hand door to find a metal flour container that holds the contents of a 49-lb. sack. This container, hung by an ingenious attachment may be lowered to table height, filled, and then returned to its regular position as easily as it was lowered.

There is also a glass sugar retainer that fills from the top, and is fitted with an attachment at the bottom that allows you to withdraw any quantity of sugar desired.

There are metal racks, drawers and cupboards, a sliding bake board of spotless white enamel that will not rust or tarnish; gravity catches close every door, and the drawers are fitted with crystal glass pulls. The wood is Eastern hardwood, finished in natural brown, and the interior of drawers and cupboards are finished in white enamel.

A Perfect Kitchen Cabinet at prices ranging from \$75.00 to \$105.00.

Call and see them.

TEA DANCE TO MARK CLOSE OF SEASON

Attractive Function at Alexandra Club Saturday; Musical Club Auspices

A particularly interesting programme has been arranged by the committee of the Ladies' Musical Club responsible for the arrangements in connection with the musical and "The dansant" to be held at the Alexandra Club ball room on Saturday afternoon from three till six o'clock. Those contributing to the programme will be Miss Mary Izard, violinist; Miss Mona Misener, soprano; Miss Monica Davis, pianist; and Messrs. "Bob" Morrison and D. C. Hughes, vocalists. An excellent orchestra has been engaged for the dancing and the latest dance "hits" combined with a splendid floor should prove an irresistible attraction to members of the younger set. As with all functions arranged under the auspices of the Ladies' Musical Club, no effort will be spared to ensure the pleasure of patrons.
At their initial "the dansant" held at Government House last year, nearly four hundred guests were in attendance, and the club members hope that Saturday's function, which marks the close of the winter season, will eclipse even its successful and enjoyable predecessor.

Social Personal

Lieut. H. R. Watt, M. C., son of Mrs. Alfred Watt, M. B. S., who left Victoria last month, after a stay in the East crossed to England on the Empress of France. During the voyage an auction was held in aid of the Soldiers' Home, and two pencil sketches of the well-known actresses Madge Titheradge and Peggy Hyland done by Lieut. Watt brought \$300 for the funds of the Home. It is understood that Lieut. Watt intends to resign from the army and take a course in art at the Slade School in London.

At the Criterion last night a most successful dansant was held under the auspices of the Sports Committee of the Victoria Unit, Army and Navy Veterans in Canada. About eighty couples took the floor, and a very enjoyable evening was spent. Vocal numbers by Messrs. T. Obee, E. S. Blair and E. Waude were much appreciated by those present. Considerable credit is due to H. C. Ingall, the energetic secretary of the Sports Committee, for his work in connection with this successful event.

Mrs. J. W. Stewart, Shaughnessy Heights, Vancouver, entertained at dinner on Tuesday in honor of Mr. and Mrs. C. C. Carter. The guests were Mr. and Mrs. G. G. Abbott, Capt. and Mrs. Beetham, Mr. and Mrs. J. G. Fordham, Mr. and Mrs. W. E. Brougham, Mr. and Mrs. W. E. Hodges, Major and Mrs. Faber and Col. Fell.

Mrs. J. D. McNiven and her daughter, Miss Edna McNiven, returned to the city on Sunday after a visit to friends in Vancouver. They were accompanied by Mr. McNiven, who has been on a business trip to the East. While in the mainland city Miss McNiven was extensively entertained in honor of her approaching marriage.

Capt. and Mrs. C. W. Cudemore (nee Browne) Bodwell have returned to the city from their honeymoon trip in the United States, and have taken up their residence at Rockland Avenue.

Mr. and Mrs. H. T. Whittemore, of Calgary, have taken Mr. Newton's house, 1239 Beach Drive, Oak Bay, and will remain in Victoria several weeks.

Mrs. C. Whatman, of Victoria, left today for Prince Rupert, where she will spend two months' holiday with her daughter, Mrs. L. R. Parry, and son Charles.

The usual sewing meeting of the Gonzales Chapter, I. O. O. E., will be held at two o'clock tomorrow afternoon at the home of Mrs. Chas. E. Wilson, Uplands.

The ladies of the Seattle golf team left on yesterday afternoon's boat on their return to the Sound city after playing in the finals on Tuesday.

Mrs. J. L. Raymur, of this city, is visiting her cousin, Mrs. W. E. Gravelly, Georgia Street, Vancouver, for a few days.

Dr. F. Peacock and party, of Seattle, are motoring over the Georgian circuit, and are guests of the Dominion Hotel.

Mr. and Mrs. F. Dixon, of Union Bay, are visiting Victoria and making the Dominion Hotel their headquarters.

Mrs. W. J. Watson, of Chemainus,

RECEIVE MANY GIFTS AT LINEN SHOWER

Graduate Nurses Held Enjoyable Function at V. O. N. Headquarters Yesterday

Commemorative of the anniversary of the birthday of Florence Nightingale, the Graduate Nurses' Association yesterday held an enjoyable and highly successful tea and linen shower at the headquarters of the Victorian Order of Nurses, 1145 Rockland Avenue. The proceeds which included many gifts of linen and cash, of which \$25 was a special donation from the Women's Canadian Club, will be used to supplement the furnishings of the memorial ward to be formally opened at the Jubilee Hospital on Saturday afternoon to the memory of the late Nursing-Sisters, Christiana Campbell, Gladys Wake, Jessie King and Mabel McDiarmid, who lost their lives in the great war.

The guests were welcomed on arrival by Miss McNair and Miss Grimmer. Tea was served in the dining-room which was charmingly arranged with bowls of lilacs, tulips and hyacinths. The tea arrangements were in the hands of the following committee: Mrs. (Dr.) Miller and Mrs. Sylvester, assisted by Mrs. Holloy, Mrs. Sinclair, Miss Thom and Miss O'Keefe.
A pleasing feature of the afternoon's proceedings was the presentation on behalf of the Graduate Nurses' Association of a wrist-watch to Mrs. A. M. Gregg, who is retiring from the office of treasurer after four years of zealous service. The gift was presented by Miss MacNair, Miss Grimmer, first vice-president of the association, and Mrs. J. G. MacNair, acting address, which also bore the signatures of Mrs. Chambers, secretary; Mrs. Sylvester, second vice-president, and Miss Josette Tolmie.

VICTORIA GIRL IS WED AT SHANGHAI

Miss Maude P. Richardson, Principal at Military Wedding Last Month

The many friends of Miss Maude Pauline Richardson, daughter of Dr. and Mrs. Alan Richardson, of Victoria, will be interested in the following account of her marriage, taken from a Shanghai paper of April 12 date:
"An event of a nature in which Shanghai always takes a considerable interest was celebrated on Saturday, April 10, when at Holy Trinity Cathedral a military wedding took place. The bridegroom was Mr. James Sinclair Hay, fourth son of Mr. and Mrs. Hay, of Bracknell, Berks, and he was married to Miss Maude Pauline Richardson, daughter of Dr. and Mrs. Alan Richardson, of Victoria, B. C.

The bridegroom, who served during the war in the R. F. A., retiring with the rank of Lieut.-Colonel, has now accepted a lieutenant's commission in the Shanghai Volunteer Artillery, and members of the battery turned out in force for the occasion. The bridal carriage was drawn by the Very Rev. Dean Symons of related.

Following upon the church ceremony a reception was given by Major and Mrs. Manners at their house in the Chartered Bank building. Later in the day Lt.-Col. and Mrs. Hay left for their honeymoon, which is taking the form of a houseboat trip up country."

A GREEN TAXI DRIVER.
It is reported that Miss Isobel Elsom, the cinema star, tried to get knocked down by a taxi-cab for the purpose of a film, but failed. We can only suppose that the driver must have been new to his job—Punch.

COL. CAREY MAKES ROMANTIC MARRIAGE

Former Western Scots Officer Weds Belgian Lady

Col. A. B. Carey, collector of customs, Vancouver, was married yesterday to Mademoiselle Camyberghs, of Brussels, whose acquaintance he made while overseas.

Rev. James S. Henderson, of St. Andrew's Church, officiated and the ceremony was performed at his residence, 1061 Pendrell Street. The wedding was of a very private nature and the groom was supported by Captain A. Gray, an officer in Col-

COL. ALFRED BLAKE CAREY

onel Carey's battalion overseas. The bride was supported by Mrs. Gray. The happy couple left yesterday afternoon for the South on a short honeymoon.

Col. Alfred Blake Carey, C. M. G., D. S. O. and bar, has had a most active career in civil life as well as a very distinguished record of war services. Enlisting in 1916 as a lieutenant in the 67th Battalion Western Scots, he was rapidly advanced in his active service experiences in France. During the spring of 1917 he commanded the 102nd Battalion through all the operations which culminated in the capture of Vimy Ridge by the Canadians. After Vimy Col. Carey was given command of the 54th Kootenay Battalion, and remained in that appointment until the end of the war, bringing the battalion back to Canada.

A civil engineer by profession Col. Carey came to British Columbia in 1905. He is a native of Ontario and a graduate in science of an eastern university. He was at one time in charge of some of the large hydro-electric development undertakings of the B. C. Electric Railway Company. He was associated with the Coquitlam dam installation and later the hydro-electric development on the Jordan River on Vancouver Island. He is a young man with a high regard for executive ability. During the war he was wounded three times and mentioned five times in dispatches.

Gordon Head Women's Institute.
A suggested amendment of the Municipal Act to permit a husband and wife to vote on the same assessment formed the subject for discussion yesterday afternoon in the Gordon Head Hall. The members of the Women's Institute pointed out that at the present time women were debarred from running for school trustees when they were unable to fulfill the property qualification. The question was taken up on the motion forwarded by the W. I. of Duncan, asking for the amendment. The meeting passed on the motion, and decided to forward it to Mr. F. A. Pauline, M. P.

Mrs. Pauline made a demonstration of pancake making, refreshments being served by Mrs. Bunnet and Miss Somers. It was decided to hold a social evening on Friday, May 28. Mrs. Watt was recommended as successor to Mrs. Blackwood-Willeman on the Advisory Board.

BEWARE OF TENDER GUMS

Unhealthy soil kills the best of wheat. Unhealthy gums kill the best of teeth. To keep the teeth sound keep the gums well. Watch for tender and bleeding gums. This is a symptom of Pyorrhea, which afflicts four out of five people over forty.

Pyorrhea menaces the body as well as the teeth. Not only do the gums recede and cause the teeth to decay, loosen and fall out, but the infecting Pyorrhea germs lower the body's vitality and cause many serious ills.

To avoid Pyorrhea, visit your dentist frequently for tooth and gum inspection. And use Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean. Start using it today. If gum-shrinkage has set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

5c and 50c tubes in Canada and U.S. If your druggist cannot supply, send price to us direct and we will mail tube postpaid.

NEWS IN BRIEF

Boys' Naval Brigade.—The Boys' Naval Brigade will be inspected by Brigadier-General J. M. Ross, D.S.O., C.M.G., General Officer Commanding this District, at the Stadium after church parade on May 15.

Applied Psychology.—Mrs. Helen Ashe will lecture at her home, 1051 Fort Street, to-morrow evening at 8 o'clock. Subject: "The Limitless Power of Thought Force." Mrs. Ashe will speak at Duncan on Monday next.

Attempted Burglary.—That somebody attempted to "Jimmy" his front door was alleged this morning by S. P. Johnson, who told the police of an effort to get the lock open. The occurrence took place last night, and was unsuccessful. Thieving is suspected.

Floral Committee Meets.—A special meeting of the floral committee of the B. C. Agricultural Association was held last night to consider arrangements to be made for the flower show in connection with the Fall Fair.

Concert at Metochin.—On Friday evening next Mrs. Harry Pooley and party will give a high class concert in the Metochin Hall, at 8.30. The entertainment will be followed by a dance. The proceeds are to be devoted to the planola fund.

No Holiday For Ball Games.—The School Board last night refused to allow a half-holiday in the schools in celebration of the opening of the baseball season here. Trustee Dr. M. Raynor said he could see no reason why the pupils' work should be disrupted at this time of year, and he was against closing the schools. The rest of the Board agreed with him.

To See Pictures.—A holiday in the public schools on May 25 was ordered by the School Board last night so that pupils may attend a special showing, the Hudson's Bay Company's moving picture which depicts the fur trade in the North. C. H. French addressed the Board and stated that the films were of great educational value.

Rowboat Stolen From Bay.—A rowboat belonging to Mr. Heard, of 139 Niagara Street, was stolen from its mooring in James Bay opposite the Parliament Buildings some time yesterday. Mr. Heard reports that the boat was locked with a padlock and the chain to its mooring and the whole rig was lifted.

Second Charge Withdrawn.—The police court charge against Jennie Carson was dropped yesterday. The charge was that of conduct unbecomingly in the presence of a juvenile. Bishan Singh, however, the other party named, will be proceeded against.

U. C. T. Dance.—The United Commercial Traveller Dance will be held to-morrow night in the Knights of Columbus Hall, 724 Fort Street. This dance is to be the best held this season. Prof. Newitt's orchestra will furnish the music for the dance. Refreshments will be served, and the "Lucky Dance" feature will be repeated.

Hear of High School.—Municipal Inspector E. B. Paul reported to the School Board last night on the number of students attempting the High School, the number which had left the institution recently and upon other facts about which the trustees had expressed concern. Action on the matter was deferred in order that the Board might give the report full consideration.

David Brankin to Speak To-Night.—To-night at 8 o'clock at the Girls' Central School David Brankin, Superintendent of the Vancouver Boys' Industrial Home, will give an interesting talk on the B. C. Infants' Act, and the conduct of detention homes in this province. Half of the time will be given over to informal discussion when opportunity will be offered for questions.

County Court Case.—William Henry Belcher is suing the B. C. E. R. to-day in the County court for damage to his automobile as a result of an accident due, it is alleged, to the B. C. E. R. vehicle. The circumstances show that the repair car of the company was coming south on Government Street, and collided with the automobile that was traveling in the opposite direction. The automobile was badly damaged, it is stated.

Important Ruling.—A district order by Brig.-General J. M. Ross, C. M. G., D. S. O., says: "As a good many requests have been received at militia headquarters for a ruling with regard to the position of N. C. O.'s and men

who are receiving Canadian Expeditionary Force disability pensions, but are still able to serve in the active militia, non-permanent, the Board of Pension Commissioners of Canada have ruled that the enlistment of a pensioner in the active militia, non-permanent, will in no way prejudice his eligibility for pension from that Board."

Bank Clearings.—Bank clearings for the week ending to-day were \$2,960,213 as compared with \$1,970,265 in the corresponding week of 1919.

Fine Imposed.—Dr. E. W. Boak, who was charged on May 6 with speeding in his automobile. The case, remanded for further investigation, was called again to-day. Neither Dr. Boak, nor counsel appeared. The magistrate imposed a fine of \$20. The case was one of speeding on Vancouver Street, while the former evidence showed that the defendant will plead guilty to speeding on Fort Street, but not on Vancouver Street, as specified.

Mail to the North.—During the continuance of the strike of steamship employees' mails for Prince Rupert and points in British Columbia on the G. T. P. Railway will close at the post office at 11 p. m. Mondays, Thursdays and Saturdays, and will be forwarded via Kamloops and C. N. R. to connect with G. T. P. train at Lucerne.

Saanich Health Centre.—At a meeting of the Women's Auxiliary to the Saanich Health Centre, yesterday at the home of Mrs. Birken, Jamaica Avenue, Mrs. Foster, vice-president, outlined the work and purpose of the auxiliary. After the business session a musicale was held. Mrs. Foster and Mrs. Spurr contributing attractive numbers. A silver collection was taken up.

Nurses' Alumnae Association.—The Nurses Alumnae Association of the Jubilee Hospital, met yesterday for the second time, new members bringing the strength up to thirty all told. Future plans for the organization formed the business of the meeting, and it was stated that the Alumnae would perform duties supplementary to the Hospital Auxiliary. The furnishing of the Women's Ward is first on the list of the Association.

To Discuss Referendum Question.—A special meeting of the Local Council of Women will be held in the Girls' Central School to-night at 7.30, when the matter of the proposed agreement between the City Council and the B. C. Electric Co. will be considered. Invitations to the meeting were issued at 8 o'clock by the public meeting at which David Brankin will speak, and to which all interested in child welfare matters are invited.

Successful Essay Contestants.—Following upon Lieut. Helmsing's lecture to the North Ward School children in connection with the work of the navy at the Zebrugee raid, the pupils were invited to contribute an essay on that engagement. The winners of the contest are now announced as under: Entrance class, Hattie Burrige, Mildred Milby, Dora Rogers, Junior Fourth, Queenie Wilson, Lola Worthington, Flora Hill. The prizes thus won will be presented on Friday, May 21.

Captured Cannon Donated.—In furtherance of the announcements recently that the cannon and war material taken by the Canadians in the late war would be distributed over the Dominion, advices were received yesterday by the Lieutenant-Governor that the cannon, as the capital, would receive six guns, four trench mortars, twelve machine guns, and one hundred rifles. This allotment is in addition to that the city will receive on the scheme of awards based on the proportion of enlistment from this district. It is not yet stated when the prizes will arrive, but they will form a fitting exhibit for future generations.

Chinese Dies Suddenly.—While riding with his friend, late last night, in a motor trip, T. B. Shew, one of the leading young Chinese business men of the community, was taken ill suddenly, and died before he could be rushed to the hospital. The two were driving on the Saanich Road, when Shew stated that he felt tired, and crawled into the rear seat. Presently his friend, young Lee Mong Kow, heard him snoring, and later was alarmed to receive no response to his remarks, discovering that the man was ill. Rushed to Dr. Holden's office, Shew proved beyond human aid. He lived at 1031 Johnson Street, where he leaves a wife and three children.

Third Prosecution.—Shelly Brothers, bakers, were this morning fined a sum of \$1.00 for failing to label their bread. The case is the third of a series that has been called each day in the city court. Harry Boyle appeared for the defendants, and entered a plea of guilty stating that the circumstances were such that the bakers in the earlier part of

this week did not get the time to label their bread if they were to supply the wants of the community. That the men had been working in three shifts, with their clothes on for three days at a time was claimed by counsel in extenuation.

Inquest Set.—An inquest on the body of T. F. Shew, the Chinaman who died in the automobile of young Lee Mong Kow last night, will be held by the coroner Dr. Hart at the Sands. Funeral establishment to-morrow morning at eleven o'clock.

Finds Large Cheque.—W. H. Tooley, of 499 Johnson Street, reported to the city police yesterday that he found a cheque for \$1,020 on Bay Street, last Monday. The cheque which was on the Bank of British North America was drawn to the order of Charlie Lee, and signed Mah Hon, both presumably Chinese.

Drawing and Domestic Science Exhibit.—At the Central School to-morrow from 3 till 5 and from 7 till 9, will be shown an interesting exhibit of the drawing done by the students of Miss Millar's class and of domestic science work. The exhibition is one of more than the usual interest and it is hoped that parents particularly and citizens in general will show their interest in the work being done in the city schools by attending this exhibition.

P. G. E. TO RECH QUESNEL BY EARLY FALL, PREMIER SAYS

He Completes Inspection-Tour of Line and Several Big Ranches

Steel on the Pacific Great Eastern will be into Quesnel some time in September, Premier Oliver said to-day on his return to his office after an inspection tour of the line.

At Quesnel the Premier, with A. P. Proctor, Chief Engineer of Railways, selected the site for the terminals of the railway. The station and yards, they decided, will be between the present site of the city and the Quesnel River. By this selection, they point out, there will be no disturbance of any of the streets or buildings of the city to permit the railway to enter.

During the week he was away from Victoria, the Premier, besides the railway journey, covered between 500 and 600 miles by automobile. Foundation for the Deep Creek bridge, four miles this side of Soda Creek, will be finished in ten days ready for the erection of steel by June 1, the Premier said to-day. It will take six weeks to put up this steel. The bridge is to be 1300 feet long and 60 feet from the rail to the creek.

Completing Ballasting.—Sixty to seventy miles of ballasting have yet to be done. Those in charge of the work have it completed by the time the Deep Creek bridge is up so that there will be no delay in rushing the steel into Quesnel and having it laid. Work has been opened at Williams Lake.

The Premier went through to Hanceville on the Chilcoot River. There he visited the famous Tawehy ranch, which impressed him with its immensity. Then by way of Big Creek and the Gang Ranch he went through to the Cariboo Road at Mile 67.

MANY SHRINERS ASSEMBLE HERE FOR CONVOCATION

Upwards of 400 Nobles of the Mystic Shrine last night took part in the ceremonies which marked the initiation of a class of seventy-two into the rites of the Order, the large hall of the Shrine being packed with delegates from the gathering.

Strong delegations from Al Kader Temple, of Portland, Afti Temple, of Tacoma, and Nile Temple, of Seattle were present as the guests of the Temple of British Columbia, and after the novitiates had undergone their tests with triumph under the eye of Potentate G. D. Christie, the whole gathering sat down to an excellent banquet.

A Pimple Remover That Never Fails

Dr. Hamilton Stands Behind His Formula.

Bad blood is always responsible for pimples, blackheads and humours. Pimples, eczema and boils are the common results. The contents that cure these ills, the liver, kidneys, and bowels must receive attention.

My remedy, known as Dr. Hamilton's Pills of Mandrake and Butter-nut, invariably reaches the bowels, or putting life into sleepy organs, for forcing out every kind of waste and foreign matter, for making health-sustaining blood, where you find such efficiency as in Dr. Hamilton's Pills?

In a thousand cases I have demonstrated that Dr. Hamilton's Pills cure facial blemishes and skin diseases. I look upon these pills as the best blood purifier and system builder of the age, and guarantee they will cure every complaint having its origin in a weak or debilitated blood supply.

If Dr. Hamilton's Pills will not cure that tired, rundown condition, if they will not change lack of force into energy and vim, then nothing will.

By creating an abundant supply of rich, nourishing blood they maintain that standard of health so much desired by those participating in the strenuous life we live to-day. Get Dr. Hamilton's Pills and prove their merit to-day, 25c. per box.

ROTARIANS ELECT YEAR'S OFFICERS

Following are the officers who, elected at the club luncheon to-day, will guide the destinies of the Rotary Club this year: President—Clifford Denham (elected by acclamation). First Vice-President—James H. Beatty. Second Vice-President—H. P. Johnson. Treasurer—C. B. Deaville. Sergeant-at-Arms—George I. Warren (elected by acclamation). Directors—Herbert Kent, Lester Patrick and P. B. Scurreh. Voting for these officers was very keen, several ballots being necessary.

FALLS TO DEATH DOWN OPEN SHAFT

William Hamilton Comes to Tragic End in Warehouse

William Hamilton, caretaker of the Dunsmuir Storage Company's warehouse on Yates Street, died at 5 o'clock this morning in the St. Joseph's Hospital as the result of a fall down the freight elevator shaft of the warehouse late last night.

Mr. Hamilton resided on the second floor of the building, and he walked into the open shaft in the darkness, being under the impression that the elevator was at that floor. He sustained a fractured hip, his skull was fractured, and he also was injured internally. On recovering consciousness he dragged himself a considerable distance to the telephone, and called up W. J. Morrow, of I-l-l-side Avenue, having but strength enough to say "Come quickly" before he collapsed.

He recovered sufficiently by the time Mr. Morrow had arrived at the warehouse to be able to drag himself to the main entrance and turn the key, and Mr. Morrow then secured a policeman.

Constable Palmer and Hutchinson answered the call for the police, and Mr. Hamilton was hurried to the hospital, where he was attended by Dr. Moore. At first it seemed likely that he would recover, but at dawn he suddenly collapsed, apparently from an internal hemorrhage.

Mr. Hamilton was over fifty years of age and single, and was born in Derry, Ireland. He had resided in Canada for the past thirty years, having farmed at Virdee, Man., until about twelve years ago, when he came to this city. He is survived by a brother, Alexander Hamilton, of the Provincial Assessor's office in Vancouver, and a sister, Mrs. H. T. Barnes, of Victoria.

OBITUARY RECORD

The funeral of the late William Charles Caplan took place yesterday afternoon from the B. C. Funeral Chapel, and was very largely attended. Service was conducted by Rev. Gilbert Cook. One hymn was rendered, "Nearer, My God, to Thee." A large floral offering covered the casket and hearse. The funeral was held from the Quadra Lodge No. 1, A.F. & A.M., attended in a body, conducting also the services at the cemetery. A delegation of representatives of the Northern Light, A.O.F. The following members acted as pallbearers: W. S. Terry, T. Lewis, J. R. Westcott, A. A. McPherson, D. W. Berliato and Geo. Mellor. The remains were laid at rest in Ross Bay Cemetery.

The funeral was held yesterday afternoon at 2 o'clock, from the Odd Fellows' Hall, of the late James Pope, who passed away on May 10, 1919. Members of the I.O.O.F., and the Rebekahs were present. Rev. H. R. Baker officiated, and at the graveside the services were conducted by G. H. White, Noble Grand, and Miss Lucy Brown, Chaplain. The hymns sung were, "Abide With Me" and "Rock of Ages." The following tributes were read: "Thee we adore, O God, who art our Father, our Lord, our King, our God, our Father, our Lord, our King, our God, our Father, our Lord, our King." The remains were laid at rest in Ross Bay Cemetery.

The funeral of the late Mrs. Anna Owens, who passed away last Saturday, was held yesterday afternoon from the Sands Funeral Chapel at 3.30 o'clock. The very large number of friends attending, and the numerous floral offerings sent, testified to the high esteem in which the deceased was held by all who had the privilege of knowing her. The hymns sung were, "Nearer, My God, to Thee," and "Jesus, Lover of My Soul." The following acted as pallbearers: D. Hetherington, J. P. Hancock, J. J. Wilson, Sr., J. C. Richards, A. Ash and J. H. Gallie. Rev. J. W. Flinton officiated. Interment was made in the family plot, Ross Bay Cemetery.

INTERESTING ART EXHIBIT

Pictures and Sketches by Miss Ravenhill to Be Shown at Arts and Crafts Club To-night

At the meeting of the Island Arts and Crafts Club this evening the members will be furnished with a private view of a number of the water colors, charcoal sketches and etchings of Miss Ravenhill, of Shawanigan, England. Dr. E. S. Hasell will give a short talk on these pictures.

Miss Ravenhill studied in three studios. First, with Leonard Lewis, from about 1875 to 1881, then with Paul Knafelz, 1880 to 1891, and finally with Eduard Rischitz, from 1891 to 1903. As a student at the Royal School of Art she was the first woman to win the prize for architecture. Her first exhibition in this time in a London gallery at the age of twenty were mentioned in The Times by Tom Taylor, and she continued an exhibition at the Royal Academy, the Grosvenor Gallery and the leading provincial exhibitions, most of her pictures finding a ready sale. The bulk of Miss Ravenhill's work has been in water color, but she has also made a name for herself with her work in charcoal, sepia, and her etchings on copper.

TO CALL ATTENTION TO OVERSEAS TRADE

Delegates Will Urge Action by Convention of Boards of Trade

The Victoria Board of Trade is scheduled to meet to-morrow in the discussions which will take place next week at the Calgary Conference of Western Boards of Trade. George I. Warren and J. J. Shallcross are the two delegates who will represent this city, and they will present resolutions on the following subjects: Freight rates, free port area, shipbuilding, iron ores and foreign trade via Pacific routes.

These resolutions have been prepared with the aid of a special committee composed of J. H. Beatty, F. W. McMullan and B. C. Lewis, and while the delegates will urge strong action on all these subjects they will muster their greatest arguments on the resolution advocating the use and development of Pacific Overseas Trade.

George Warren left this afternoon via Seattle, and will travel to the Conference in company with the Vancouver delegates, taking up the subjects with his fellow travelers in order to secure a solid backing. Mr. Shallcross will leave later in the week.

COLUMBIAN WOMEN IN ANNUAL SESSION

Diocesan Board Heard Encouraging Reports at Opening Meeting To-day

The first session of the annual meeting of the Columbia diocesan branch of the Woman's Auxiliary to the Missionary Society of the Church of England in Canada opened this morning with service of Holy Communion at 10 o'clock in Christ Church Cathedral, where a large and representative body of women gathered. Mrs. Colin Cummins, at the organ, rendered "How Lovely Are the Messengers," from St. Paul, as an opening voluntary, and appropriate devotion Day hymns were sung. The sermon was preached by the Very Rev. Dean of Columbia, who was also the celebrant, and Archdeacon Sweet, Revs. Patt and Hughes. There were 173 communicants.

The united thankoffering, amounting to \$503, was presented, which is designated to the training of men and women for the mission field. The morning session convened in the schools at 11.45, with Diocesan President, Mrs. Belmont, in the chair. Scriven, hon. president, also on the platform and a full attendance of diocesan officers. Hon. vice-president Mrs. Luxton also took her seat on the platform.

Mrs. Luxton gave the address of welcome, Mrs. Watson, of Chemainus, replying on behalf of the delegates. Greetings were extended from the various Diocesan Boards. The meeting instructed the secretary to send a letter of appreciation to Miss Turner, the late president of the Diocesan business reports during the morning session were most satisfactory in character. The recording secretary reported an increase in membership, while the treasurer's statement showed that pledges had been fully met with increased offerings.

GOOD DIGESTION

To be able to eat what you want and to digest it properly is a priceless blessing. Good digestion is not appreciated until you lose it. Then you cannot afford to experiment, for strong medicines are hard on weak stomachs. If you have indigestion do not be persuaded into believing you can cure yourself by the use of pre-digested foods or so called stomach tonics. There is no tonic for the stomach that is not a tonic for every part of the body. It is through the blood that the stomach gets its power to assimilate and digest food, and as the blood goes to every part of the body any improvement in its condition not only results in strengthening the stomach, but every organ in the body. Rich, red blood is absolutely necessary to good digestion. If your stomach is weak and you are troubled with sour risings in the throat, a feeling of pressure about the heart, or nausea, after eating, try the tonic treatment with Dr. Williams' Pink Pills. So many dyspeptics have been cured by this medicine that every sufferer from stomach trouble should try it. You will soon know the joy of good digestion and enjoy better health in other ways if you give this medicine a fair trial.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A BEDTIME STORY
UNCLE WIGGILY AND SUSIE'S DRESS.
 By HOWARD R. GARIS.
 Copyright, 1920, by The McClure Newspaper-Syndicate

"Are you coming, Uncle Wiggily? Are you coming?" chattered Johnnie Bushytail, the squirrel boy, as he saw the bunny rabbit gentleman hopping through the woods one morning.

"Am I coming? Don't you mean am I going?" answered Uncle Wiggily. "If you ask that, I am. I am going to the drug store to get some sassafras-peppermint candy for Nurse Jane."

"No, I didn't mean that," chattered Johnnie. "I mean are you coming to Jimmie Wibblewobble's Punch and Judy show?"

"I didn't know he was going to have one," said Uncle Wiggily.

"Oh, he is," went on the squirrel chap, "and I'm sure you'll get an invitation."

"Well, I hope so," said Uncle Wiggily as he pinked his twink nose, which is just the same as twinkling a quink nose, only backward, you see. So the bunny rabbit hopped on, and Johnnie went to the hollow stump school and all the while Uncle Wiggily was thinking of Jimmie's Judy show. He was thinking so much about it that when he reached the drug store, and the lizard clerk asked him what he wanted, Uncle Wiggily, instead of saying "sassafras-peppermint candy," answered: "I'll have a bottle of Punch and Judy."

And then he laughed, and so did the lizard, and Uncle Wiggily told what he really wanted. Now, when the bunny gentleman rabbit reached his hollow stump bungalow with the candy for Nurse Jane (for he had now built himself a new one after the fire) the muskrat lady house-keeper said:

"Here's a letter for you, Uncle Wiggily."

"I guess it's the invitation to Jim-

mie's Judy show," said Mr. Longears. "Yes, that's it," he went on as he read it. "We'll both go, Nurse Jane."

Jimmie, the boy duck, had built a little theatre in his yard. It was made from an old dog house that Mr. and Mrs. Bow Wow, the father and mother of Jackie and Peetle, did not want any more. Jimmie made a curtain for the front of the kennel, and near it he put some seats for the audience.

"Where are you going to sit, Jimmie?" asked Lulu and Alice, the two duck girls, who were Jimmie's sisters.

"Oh, I'm going to be inside, behind the curtain. I'm the one who moves Punch and Judy about, and says the funny things, and makes Mr. Punch hit everybody with his club," went on Jimmie. "I'm like the works inside a clock. I make the show go."

After a while Uncle Wiggily and Nurse Jane and Grandpa Goosey and many of the animal boys and girls and their fathers and their mothers and their uncles and their aunts came to Jimmie's Judy show.

They took seats in front of the old dog house, and pretty soon the little curtain went up and there was Mr. Punch dancing about as though he might be alive. Of course, it was Jimmie, the duck, who was hidden beneath the stage, moving Mr. Punch about.

"Well, here I am!" cried Mr. Punch, in his squeaky voice, only, really, it was Jimmie, of course, talking through a quill.

"Yes, and here I am!" cried Judy as Jimmie moved her out.

"Oh, here you are, are you?" squawked Mr. Punch, and with his

Here's a letter for you, Uncle Wiggily.

club he tickled Judy over the head. "Oh, dear! Oh, dear! Oh, dear!" cried Judy, and all the animal children laughed, for they knew it was all in fun and she wasn't hurt at all.

Then Jimmie made Punch and Judy do other funny things, and Uncle Wiggily liked it very much.

All of a sudden, Judy, who was having a hard time being tickled by the club of Mr. Punch, suddenly threw a bean bag at him. It struck him on the nose and somersaulted him down behind the stage.

"Ha! Ha! That's the way I do it! That's the way I do it!" squeaked Judy, almost like Mr. Punch. And then all at once Judy seemed to be looking straight at Uncle Wiggily.

"You get out of here!" cried Judy (though of course it was Jimmie making her talk).

At first all the animal boys and girls thought Judy was speaking thus impolitely to the bunny gentleman,

LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer the article the better the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is made entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

SEEING THE PAGEANT.

To the Editor:—Victorians who anticipate viewing this year's pageant on May 24 will no doubt join me in suggesting that as an act of courtesy to pedestrians who will line the route of procession, motorists would refrain from parking their cars along such route.

In the past many of us with our families have waited in the line of these parades for considerable time, and at the moment of arrival of the procession the pleasure has been denied to the little ones as well as many adults through some thoughtless auto driver bringing his car to a stand in front of the waiting spectators on route.

Perhaps the Police Commissioners will kindly consider all things being equal, owners of cars might be ordered to park their cars elsewhere than in the route of the procession, and only pedestrians and those taking part in the parade be allowed on these streets.

"SPORT."

Victoria, B. C., May 11, 1920.

EDUCATIONAL REFORM.

To the Editor:—The question which Mr. Philbert raises in his letter of recent date is one which is thinking persons are to-day asking themselves. Are our schools worth the money that is being expended upon them? And from my own experience and observations I think I voice the general consensus of opinion that they are not.

However, the discontent with educational systems is not only local and provincial; it is world-wide, for as one American editor pertinently remarks, "Our schools have failed to function as a preparation for life," and I notice that the American teachers are demanding that educational reform be made one of the national issues in the Presidential platform.

The whole trouble lies in the fact that we are fettered with an inheritance from the Middle Ages, when the only difference between a man and his groom was a little bit of book learning, and our whose system to-day caters entirely to the leisured class, so that we now perceive the extraordinary spectacle of not only the graduates of our own universities, but those of Cambridge and Oxford as well, being forced to do the most menial tasks in order to live.

What remedy, then, is there for this condition of things, for it is very easy for anyone to be an iconoclast?

Plato says that the time must come when every child will be educated, not according to birth, nor what his parents wanted him to be, but what God fitted him to be.

"And it is right then," wrote Aristotle, "for a man whom Nature intended to be a shoemaker to confine himself to shoemaking, and for a man who has a turn for carpentering to do a carpenter's work. But we of a much more advanced (?) age teach the eye to despise the ear, and the hand the foot, with the result that the whole body suffers, and this method is wrong in principle and disastrous in practice, but any man, no matter what his mental endowments may be is fitted by Nature with a capacity for understanding something about the tools with which he works."

A child of six enters school, keenly alive to earth and sky and air and sea, and all moving and living things. What happens? They are immediately caged in desks, which Montessori aptly compares to pinned butterflies, and the teacher, with the best intentions in the world, proceeds with hammer and tongs to decorate and destroy the palimpsest of the human brain, thus turning out by the hundreds of thousands parrots instead of thinkers.

Assimilation is the greatest factor in the process of knowing, based upon the law of the mind, that all knowledge must proceed from the known to the unknown, and 50 per cent. of all the subjects taught in the public schools are contrary to this law, and therefore not only useless but a criminal folly.

Take, for instance, the study of Geography, and consider the countless precious moments that are spent in learning the names upon a map, and to what end? For if this knowledge were ever to be of use, a man or a woman could go down to any transportation company and find out all that was necessary in one hour. But substitute Geography for Geography (and in the natural order it comes first), and what would be the result? Some valuable seeds in future chemists, mineralogists, physicists, bacteriologists, and this could be begun as soon as the child enters school.

Pestalozzi, the great Swiss educational reformer, considered the study of anatomy so important that he would begin it in the cradle, and proper concepts along these lines could be given to a child three years old, and in fact Montessori does teach

Make it "A Perfect Day"

Don't mar the pleasure of the picnic with a puncture or blow-out. Be free of ordinary tire troubles by equipping your car with "Dominion Tires."

DOMINION TIRES
 are **GOOD** tires

They have the sturdy staunchness to withstand uneven roads, also the quality of materials and workmanship that make motoring a pleasure and long mileage a certainty. There are six Dominion Tires—a tread for every size and make of car, for pleasure and business.

Dominion Inner Tubes are made to fit all Dominion Tires, and ensure perfectly balanced tires. They have the toughness and resiliency you want.

Dominion Tire Accessories enable you to get many extra miles out of your tires by repairing the little cuts, holes and bruises yourself and thus prevent blow-outs.

Dominion Tires are distributed to the trade through Dominion Rubber System Branches and sold throughout Canada by the best dealers, who also carry Dominion Inner Tubes and the full line of Dominion Tire Accessories

Biology, a kindred subject to children of that age. With a proper foundation, a long, long stair might lead from the lower grades to experts in the High School, thoroughly modelling, drawing, painting, and proper didactic material, and a proper handling of this subject could turn out anatomists, physiologists, artists and designers.

Then again we have literature, leading to nowhere, whereas its many by-paths might end in journalism, poetry, play-writing, historians, and men of letters.

Gardening, in the lower grades if

properly directed, could sow the seeds in future agriculturalists, through the study of the soil, and by the study of fertilization, and the laws of applied heredity, embryo Darwins, Mendels, naturalists, embryologists, and biologists could be developed, and bring great glory to their country.

Music and gymnastics, both Plato and Aristotle give the foremost prominence in educational work; the former as a means of refinement, the latter to develop the body. All children could be taught to whistle, and it is an excellent exercise in deep breath-

ing, and lung expansion, and all schools should have their orchestra, and even quite young children could be taught sight singing in the musical notation.

Before ten years old a child through songs and games could be master of three languages, just as it is spoken, leaving the grammar absolutely alone, for Montessori on this point says it would be a very sad thing for all of us if we had to learn the grammar of our mother tongue before we learned to speak. The linguist is a very important factor in the progress of the world, for without his

help, vast stores of knowledge would forever be closed to us, and he should have his chance. And so we might go on through all the list, and the great test of the value of all knowledge is the question, "Can it be applied?"

JEAN HERCHMER,

The Little Greek—"Daddy, what did you do in the Trojan War?"
 Daddy (proudly)—"My child, I painted the spots on the wooden horse."

CHANGE OF TIMETABLE.

A change in the timetable of the Saanich Interurban Railway is announced by the B. C. E. R. Co. to take place at midnight, Sunday, May 16.

Among other alterations there will be two additional trains over the present schedule every week-day to Deep Bay, as well as a more frequent service to Sluggetts and intermediate points.

Another feature will be a late train

leaving Victoria every week-day at 11:30 p. m., going as far as Meadlands.

These changes will in no way effect the present Sunday schedule of trains; the only difference will be in the week-day schedules.

An express freight, all stations to Deep Bay, is scheduled to leave Victoria daily, Sundays excepted, at 1 p. m., returning from Deep Bay at 2:30 p. m.

Copies of the new timetable may be obtained at the company's offices on Douglas and Langley Streets.

ATTEMPT TO UPSET ARTS COURSE FAILS AT ELEVENTH HOUR

Trustee Mrs. Andrews' "Bombshell" Fails to Do Any Damage

TRUSTEES EXPRESS SURPRISE AT ACTION

After the School Board and interested citizens generally had worked for more than a year to secure affiliation with the British Columbia University, Trustee Mrs. Bertha Andrews last night launched an eleventh-hour attempt to do away with the two-year Arts course which the University authorities have permitted to be established at the Victoria High School. Needless to say, her move was a complete failure. It was supported by Trustee Dr. M. Raynor, but was overwhelmed by a majority of the Trustees, who expressed amazement that Mrs. Andrews should try in the last moment, to upset arrangements upon which the Board had agreed before, and which had been made with so much labor and difficulty.

The bombshell, Mr. Andrews' bombshell was dropped into the meeting without warning as the Board was about to appoint a principal for the affiliated college. Before anyone was aware of what she was attempting to do Mrs. Andrews moved and moved the following resolution:

"Whereas the conditions under which the Victoria High School is to be granted the second-year arts in affiliation with the University of British Columbia are not satisfactory, inasmuch as it will necessitate too large an expenditure; and whereas we now have the first year in arts that admits our students to the second year in arts in the University of British Columbia and many other universities in Canada and the United States; and whereas this first year work is carried on with no additional expense to the ratepayers or for an expenditure of not less than \$20,000 and a fee of from \$40 to \$50 for each student; therefore be it resolved that we reconsider the resolution adopting the report of the committee regarding the matter."

Caution Necessary.

Seconding the motion, Trustee Dr. Raynor admitted that it probably would be impossible now to stop the inauguration of the course. He wished, however, to protest against the Board going ahead with college work with insufficient funds.

"I am greatly surprised at members taking this attitude," explained Trustee Aitken. "After we have gone so far and taken so much trouble, and after the Government has investigated it so thoroughly and made its decision, this attitude is indeed a surprise. We should go ahead."

"We decided to make the appointment," agreed Mrs. Coady-Johnson. "Why, at this late date, these objections should be raised I cannot see."

Mrs. Andrews insisted on speaking, but the chairman declined to hear her.

Trustee Mrs. Andrews continued to speak above his voice. She asserted that pointed criticisms had been leveled at her and that she had a right to reply. She did not proceed far, however.

"I would like to say a good deal," observed Trustee Mrs. Spofford. "However, I won't say much. More of us are surprised at this motion. I could say a whole lot, too," remarked Trustee Beckwith. "It would take a long time to say it. I think we should begin at the beginning of this course. For weeks and months the Government has considered this matter and has tried to get a condition acceptable to Victoria. The whole Board went before the Government, and asked for an affiliated college. There's no use exaggerating the expense of the college. The Government acted, it gave us exactly what the citizens wanted, and that hence we were justified in accepting the course."

Got What Was Asked.

"We got just what we asked for," said Trustee Mrs. Spofford. "Some members of this Board apparently didn't get what they wanted. I think they should be satisfied with what we've entered into an agreement with the Government—that's what it amounts to," asserted Trustee Beckwith.

"We've had no criticism from the public on the matter," Mrs. Spofford went on. "So far as I know there was only one letter to the press, the writer of which was against the course."

"Yes, Joshua Kingham was the only person who objected," agreed Trustee Aitken.

Continuing her argument further, Mrs. Andrews stated that at present twenty-seven students were enrolled in the senior matriculation class of the High School and the average attendance was 24.90. Probably about half of these would enter the second year work following the establishment of the affiliated college. In the Junior Matriculation year at present there were 109 students. About half of these, or fifty-four, would enter the first year of the college. And yet this course was to cost the ratepayers of extra money and, besides, the students in both years would have to pay \$50 besides a fee.

"Mr. Willis has told me that should we decide not to establish the college we should still have the senior matriculation year," Mrs. Andrews stated. "We must always remember that the next School Board might decide to wipe out the whole course."

Silly.

"That's silly," remarked Trustee Aitken. "I speak for the good of the children," protested Mrs. Andrews. "It would pay us to pay the expenses of all the children who want college work at the British Columbia University rather than adopt this plan. Moreover, I am against class distinction, and when we try to introduce it into the High School we are making a grave mistake. The same distinction exists now with the Senior Matriculation work," answered Trustee Beckwith.

"I shall have to speak on this subject again," Mrs. Andrews announced. "As far as fees are concerned," said Trustee Beckwith, "it's quite probable that at the next municipal election, the question will be asked as to whether fees should be charged in the High School."

"If you are going to talk much more, Mrs. Andrews, I'll rule the whole thing out of order," Chairman Riddell warned.

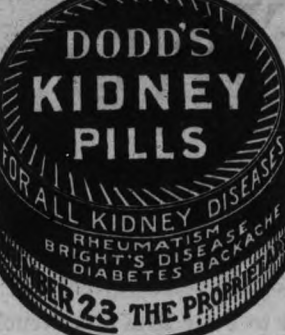

Situation Not Understood.

"The public doesn't understand the situation properly," insisted Trustee Dr. Raynor. "We are going to put a burden on the community for which we shall be called to task later."

"I have allowed this discussion to wander on," Chairman Riddell said with finality, "but it's quite out of order. A drastic resolution of this kind should have had a notice of motion."

"I shall make one, then," suggested Mrs. Andrews.

Chairman Riddell, however, terminated the proceedings abruptly by putting Mrs. Andrews' original motion to the meeting. It was supported only by Mrs. Andrews herself, and by Dr. Raynor, and, of course, was declared defeated.

23 THE PRO

LABOR HEAD BANGS DOOR IN FACES OF SCHOOL TRUSTEES

Board Refuses to Hear Him and He Leaves Dramatically

Declaring "There is my protest gentlemen" and slamming the door in the faces of the astounded trustees, Eugene S. Woodward, President of the Trades and Labor Council, last night staged the dramatic climax to one of the most dramatic meetings in the history of the Victoria School Board.

The Trustees did not discover last night what Mr. Woodward was attempting to speak about. But in spite of this fact they would not allow him to speak. Several times during the evening he tried to get in a few words, but each time he was quashed by the chairman or by other members of the Board.

During a lull in the proceedings Mr. Woodward seized the opportunity to remark, "I said I wanted to lodge an objection!"

"You have no voice here," cried Trustee Beckwith, "without waiting for a favor of this Board, to speak on the matter."

"Don't you hear deputations?" queried Mr. Woodward.

"I move that Mr. Woodward be heard," observed Mrs. Andrews.

"I asked a favor of this Board, that we get our business over early in order that I might keep an engagement," complained Chairman Riddell, "but I am not getting it, I see. Let us go on with the business."

"During this discussion Mr. Woodward stood, hat in hand, waiting for an opportunity to speak. Then he remarked, 'This is the first time I have ever seen a deputation from the Trades and Labor Council received by a public body discourteously. I consider this the utmost discourtesy, particularly when I informed your chairman that I wished to speak.'"

"I never heard of it," said Chairman Riddell.

"I came to your chairman and told him this evening, and he said you would hear me," answered Mr. Woodward warmly, walking toward the door.

"I move that he be allowed to speak," repeated Mrs. Andrews.

"Sit down," Mrs. Spofford, suggested Mrs. Spofford.

All this time Mr. Woodward stood with his hand on the door knob. Then he raised his hand and, remarking, "There is my protest," disappeared and slammed the door with a bang that shook the windows.

"Why couldn't he ask for permission to speak properly?" asked Trustee Beckwith.

The Reason.

"I appeared before the Board of School Trustees in my official capacity as President of the Trades and Labor Council," said Mr. Woodward. "I have organized labor's emphatic protest against the proposal to impose a \$40 to \$50 tuition fee on students desirous of taking the first and second year arts course. Such a fee would present an insurmountable obstacle to many working-class families and would work monstrous injustice on many of the most brilliant of our High School students. The theory of our educational system is that free and equal opportunity should be offered to every Canadian child to rise by merit from the elementary schools to the universities.

"The imposition of a \$50 fee would give privileges in our public schools to the well-to-do and would effectually arrest the educational career of many a promising student. I speak of things within my knowledge when I state that the most brilliant and distinguished students who have graduated from the High School have been children of poor parents, and to impose barriers to such as these is a proceeding unworthy of any fair-minded citizen. I regret that the discourtesy of the chairman—Mr. Riddell, and the president of the Board of Trade—J. L. Beckwith, prevented my protest being heard.

"This is not the first time that the Board of Trustees have been discourteous to the Trades and Labor Council. No invitation was extended to the Trades and Labor Council, although it represents a larger number of citizens than all the other organizations collectively. Yet the Trades and Labor Council displayed its keen interest in the schools of Victoria by placing a candidate in the field at a recent election.

"Some members of the Board evidently think they are the custodians of the interests of the privileged classes. Against any such conception of their duties I propose to enter most emphatic protest. The schools of Victoria are a public charge and the duty of the Trustees is to work in the general interest. The vast majority of the children who attend the schools come from the homes of wage earners. Wage earners, will therefore insist on their right to ordinary courtesy."

MAN FROM WEST IS SURE ENTHUSIASTIC

MAT. A. CARLSON PRAISES DODD'S KIDNEY PILLS.

He Says They Steadily Helped Him When He Was Sallow and Thin and Felt the Twinges of Rheumatic Pains.

Endako, B. C., May 12.—(Special)—Mat. A. Carlson, a well-known resident here, is a firm believer in Dodd's Kidney Pills as a remedy for sick kidneys. Mr. Carlson gives his reasons.

"I was sallow and thin," he says, "and then I felt the rheumatic pains, dizziness and chills. I unfortunately didn't suspect my kidneys and was nearly dead when I discovered the true cause of my sufferings.

"I read so much of the health and strength that comes to all who use Dodd's Kidney Pills that I felt sure they would help me. I bought a box and I got from them I cannot describe. They very soon helped me and their steady use keeps me active and strong.

"To keep healthy the kidneys must be kept in good working order. They strain the impurities out of the blood. Pure blood is the first essential to good health.

"Ask your neighbors if Dodd's Kidney Pills have not proved their worth as a remedy for sick kidneys."

FAIL AGAIN TO AGREE ON HEAD FOR NEW COLLEGE

Names Submitted, But Trustees Defer Action Once more

Appointment of a principal for the affiliated college to be established at the High School in the Fall was postponed by the School Board again last night. The following names of gentlemen considered capable of filling the position were submitted and will be considered further: Municipal Inspector, E. B. Paul; D. L. MacLaurin, Principal of the Normal School; D. R. Denton, of the Normal School; F. G. C. Wood, of the British Columbia University Faculty; A. G. Smith, Principal of the High School; E. Howard Russell, of the University Faculty, and Dr. Robinson, former Superintendent of Education.

Mrs. Andrews wanted the appointment deferred. The matter was too important to be "rushed through," she said.

Trustee Aitken, however, made a vigorous plea for immediate action. At the last meeting of the Board, he recalled, it had been decided to act finally at the very next meeting. All the Trustees seemed anxious then to conclude the business, but now their haste had disappeared.

"Let us go on and act sensibly," urged Trustee Beckwith, pleading for the second time during the evening for business-like transaction of business, instead of what he called the ridiculous and absurd conduct prevailing.

Mrs. Coady-Johnson, who wanted immediate action, suggested that Mr. Beckwith had better act the example by acting sensibly himself.

"I really think these personalities are out of order," suggested Mrs. Andrews.

The names recorded in the foregoing were then submitted.

The Board passed a resolution moved by Mrs. Spofford that the Trustees consult with the Minister of Education, laying these names before him, and make the appointment later.

"I am going to let the public know where I stand on this university question," Mrs. Andrews announced.

"They know now," answered Trustee Beckwith. "I move we adjourn."

The motion was carried.

TO MEET TEACHERS ON SALARY QUESTION SOON

To discuss the salary question, the School Board will meet representatives of the Victoria and District Teachers' Association in the near future.

A deputation from the association, headed by A. H. Hunkin, met the Board last night and urged immediate consideration of the question. "The teachers are becoming very dissatisfied and are becoming impatient," Mr. Hunkin stated. "We have to bear the brunt of the whole thing. The case of Victoria, I think, is far worse than any in British Columbia. It's a very crying case."

LABOR HEAD BANGS DOOR IN FACES OF SCHOOL TRUSTEES

Board Refuses to Hear Him and He Leaves Dramatically

Declaring "There is my protest gentlemen" and slamming the door in the faces of the astounded trustees, Eugene S. Woodward, President of the Trades and Labor Council, last night staged the dramatic climax to one of the most dramatic meetings in the history of the Victoria School Board.

The Trustees did not discover last night what Mr. Woodward was attempting to speak about. But in spite of this fact they would not allow him to speak. Several times during the evening he tried to get in a few words, but each time he was quashed by the chairman or by other members of the Board.

During a lull in the proceedings Mr. Woodward seized the opportunity to remark, "I said I wanted to lodge an objection!"

"You have no voice here," cried Trustee Beckwith, "without waiting for a favor of this Board, to speak on the matter."

"Don't you hear deputations?" queried Mr. Woodward.

"I move that Mr. Woodward be heard," observed Mrs. Andrews.

"I asked a favor of this Board, that we get our business over early in order that I might keep an engagement," complained Chairman Riddell, "but I am not getting it, I see. Let us go on with the business."

"During this discussion Mr. Woodward stood, hat in hand, waiting for an opportunity to speak. Then he remarked, 'This is the first time I have ever seen a deputation from the Trades and Labor Council received by a public body discourteously. I consider this the utmost discourtesy, particularly when I informed your chairman that I wished to speak.'"

"I never heard of it," said Chairman Riddell.

"I came to your chairman and told him this evening, and he said you would hear me," answered Mr. Woodward warmly, walking toward the door.

"I move that he be allowed to speak," repeated Mrs. Andrews.

"Sit down," Mrs. Spofford, suggested Mrs. Spofford.

All this time Mr. Woodward stood with his hand on the door knob. Then he raised his hand and, remarking, "There is my protest," disappeared and slammed the door with a bang that shook the windows.

"Why couldn't he ask for permission to speak properly?" asked Trustee Beckwith.

The Reason.

"I appeared before the Board of School Trustees in my official capacity as President of the Trades and Labor Council," said Mr. Woodward. "I have organized labor's emphatic protest against the proposal to impose a \$40 to \$50 tuition fee on students desirous of taking the first and second year arts course. Such a fee would present an insurmountable obstacle to many working-class families and would work monstrous injustice on many of the most brilliant of our High School students. The theory of our educational system is that free and equal opportunity should be offered to every Canadian child to rise by merit from the elementary schools to the universities.

"The imposition of a \$50 fee would give privileges in our public schools to the well-to-do and would effectually arrest the educational career of many a promising student. I speak of things within my knowledge when I state that the most brilliant and distinguished students who have graduated from the High School have been children of poor parents, and to impose barriers to such as these is a proceeding unworthy of any fair-minded citizen. I regret that the discourtesy of the chairman—Mr. Riddell, and the president of the Board of Trade—J. L. Beckwith, prevented my protest being heard.

"This is not the first time that the Board of Trustees have been discourteous to the Trades and Labor Council. No invitation was extended to the Trades and Labor Council, although it represents a larger number of citizens than all the other organizations collectively. Yet the Trades and Labor Council displayed its keen interest in the schools of Victoria by placing a candidate in the field at a recent election.

"Some members of the Board evidently think they are the custodians of the interests of the privileged classes. Against any such conception of their duties I propose to enter most emphatic protest. The schools of Victoria are a public charge and the duty of the Trustees is to work in the general interest. The vast majority of the children who attend the schools come from the homes of wage earners. Wage earners, will therefore insist on their right to ordinary courtesy."

DESTRUCTION OF LADY'S SLIPPER IS DEPRECATED

Information has reached J. R. Anderson indirectly that some Chinamen are engaged in collecting the bulbs of the flower, commonly known as the "Lady Slipper," filling sacks with them. The information, I understand, comes from a lady living in the country.

As a matter of course, if this nefarious practice is not stopped, this most beautiful of the island native flowers will soon be a thing of the past, and as a member of the Wild Flowers Preservation Society of America, and of the Natural History Society, of B. C., I shall be glad, if definite information is communicated to me, to take such steps, in conjunction with the Natural History Society, as will prevent further spoliation.

Information can be sent to 411 Jones-Building, or by telephone to the Union Club, or to Major Nation, the Honorable Secretary of the Natural History Society, at the office of the

The Tobacco with a heart

Leading Canadian Industries—Grainy Mining and Smelting Co., Anzac, B. C.—The annual mineral production of British Columbia in 1918 was \$22,000,000, a 14% increase over practically 100% over 1908

Continuous Production Cuts Costs

Every time your machines are shut down for repairs or replacements your production costs take a jump.

Machines and employees must be kept continuously busy in order to keep down these costs. Greater production is absolutely necessary to offset high prices of material and labor.

Dominion Friction Surface Belting

will increase production by stopping unnecessary leaks—minimizing delays and shut downs, eliminating most transmission troubles and cutting power costs by preventing pulley slippage.

Our belting experts without charge will help you to make your transmission belting cut costs and give continuous production. Wire our nearest service branch and let us prove the claim.

Dominion Rubber System Service Branches

BIG BOXING BOUTS WILL BE HELD HERE

Pacific Northwest Championships to Be Staged on June 5

For the first time in the history of Victoria the Pacific Northwest Boxing Championships are to be held here. Al Davies, chairman of the V. I. A. A., announces that the Capital has been selected as the centre in which these fast contests will be staged this year. Unless changes are made in the interim the championships will be held on June 5.

The Pacific Northwest titles from flyweight to heavyweight will be at stake and Victoria will be well represented in every bout. An elimination for the flyweights will be held on Saturday night and later on the entries for the other weights will be received.

Some Fast Bouts. This championship tournament will provide the fastest milling ever seen in this city. Boxers will be here from Vancouver, New Westminster, Spokane, Seattle, Tacoma, Portland and probably San Francisco. The Victoria representatives will have to travel very fast if they hope to get away with any of the titles. There will be no slouches in the ring that night.

The Capital will be strongly represented by such able boxers as Roy Baker, Al McKinnon, Johnny Morgan, Ted Beales, Teddy Yates and several other boys who are in constant training. Special arrangements are to be made to have these fighters in tip-top shape for the big bouts.

It is not known at present whether the championships will be held in the Crystal Theatre or at the Stadium. **Three Big Meets.** This makes the third Pacific Northwest championship meet allotted to Victoria. The first, the swimming championships are to be again held at the Gorge and the Pacific Coast long distance race for The Times Cup will be competed for in August.

TO ARRANGE SCHEDULE FOR INTERMEDIATES

To-morrow afternoon at 5.30 o'clock a special meeting of the Victoria Amateur Baseball League will be held in the office of the President, George I. Warren, Bayward Building, for the purpose of arranging the schedule for the intermediate League. Two delegates from each of the intermediate clubs are requested to attend this meeting and to bring with them their \$2 affiliation fees as well as their list of players. This will be the last opportunity that the intermediate will have to enter the league.

SPORTING NEWS

Morton Pitched Superbly Against Yakima Braves

Held Tealey Raymond's Crew to Four Hits and Struck Out Eight Men—Hill forced in both Victoria's Runs—Bill Leard Banished From Game and Then Chased From Park

Victoria 2—Yakima 0.

Harry Morton came back strongly at Yakima yesterday afternoon and pitched the brand of ball that put him in strongly with the fans here last year. The big fellow had beautiful control and was as steady as Gibraltar. Tealey Raymond's heavy hitters only gathered four hits off Morton's delivery and eight of them fanned. Only two Yakima players reached third-base. In neither case the blow that would have chased the runners home was lacking, Morton having control of affairs in the tight places.

Bill Leard got in wrong and not only brought down the wrath of Umpire Vanshaffer but was threatened with violence from the fans. But little things like this mean nothing to Bill. When he goes into a game he's there to see it played according to his liking, and he fights every minute for a win. The Caps playing manager cracked out a hit on his first trip to the plate and tried to make third on Jimmie Church's single. Leard hit the dirt and thought he was safe but Vanshaffer had a different opinion and called him out. There was some back-talking and then Williams roughed up the man with the Dutch name for which he was banished from the game. A little later Leard came back with an interesting discourse of oratory and this time Vanshaffer shooed him out of the park. But Leard still wanted to get a burden off his chest and wandered back into the park. He no sooner opened his mouth than the fans arose in their might and with great gusto informed him that if he did not leave the park they would throw him over the fence. The latest reports say that Leard left via the gate.

Forced Home Winning Runs.

Anyway Leard had the satisfaction of knowing his team won. Hill who had been pitching good ball, weakened in the fifth inning and issued four bases on ball and then hit Carmen. Hill was then relieved by Menthe who held the Caps in check. Brilliant fielding by both teams featured the game. Jimmie Church came through with his daily hit and stole a base. Dempsey also hit and stole the hit column with a clean single.

The Box Scores.

The box score was as follows:
Yakima.

Hit by pitched ball—Carman by Hill, Lafayette by Morton. Struck out by Morton, 3 in 3 innings; by Hill, 3 in 7 innings; by Menthe, 2 in 3 innings. Bases on balls—Off Morton 4 in 3 innings; off Hill, 3 in 7 innings; off Menthe, 1 in 2 innings. Time of game—3 hours. Umpire—Vanshaffer.

Beavers Win Again.

Vancouver, May 12.—Timely batting, coupled with smart work on the paths, outright in the pinches and bang-up fielding with the enemy on the runaways, enabled Vancouver to hold their place at the head of the Pacific International League table yesterday when they turned in an 11-5 victory over Tacoma. It was Vancouver's sixth win in seven starts

Time of game—2:10. Umpire—McQuarry.

Seattle, May 12.—Spokane ran up a pinocchio score on Seattle yesterday, amassing the grand total of twenty-four runs on Dave Hillyard's boys. The Indians started out as though they intended to make a lot of runs, Blankenship's men getting ten in the first two innings. But they fell down in the remaining frames, only grabbing fourteen more for a total of twenty-four.

Iron Claw Alexander, who used to pitch for Seattle, allowed only six earned runs, but his mates played weird ball behind him, six errors accounting for many of the visiting runs. Red McKay, former Los Angeles pitcher, worked in the box for Spokane and he handled himself well.

Besides hitting the ball hard and often, the Indians ran the bases like fiends, getting nine stolen bases.

President Bill Duthie announces that some radical changes are due in the local lineup. Bill is going to do some wholesale firing as soon as he can find some ball players.

Times Baseball Guessing Contest

Open to Every Lady Reader

The Times will present a season's ticket for the Victoria Baseball and Lacrosse seasons, to the lady who guesses nearest the number of hits, runs and errors which will be made in the opening game between Victoria and Vancouver at the Stadium on May 18. To the next ten nearest guesses The Times will give passes for all Wednesday afternoon games.

Fill in the following and mail it to the Sporting Editor of The Times before noon on May 17:

SPEED DEMONS COMING FOR MEET

Entries Closed Yesterday For Motor Races Here on May 22

C. H. Willis, president of the Automobile Dealers' Sports Association, staging the big auto race meet at the Willows Saturday, May 22, is busy attending to the final details of the races.

"Last year the auto dealers worked under some difficulties in putting over an auto race meet that would be beneficial to Victoria from the standpoint of boosting our city," said Mr. Willis to-day. "Except for dust our racing was a success. This year we will have no dust, and we bring into competition the best known drivers and the fastest dirt track cars in the West."

Robert A. Hiller, our race director is the best known automobile racing man in the Pacific Northwest, we have absolute confidence in him and he assures us that our coming meet is the most pretentious meet from the view of real contest that has ever been pulled off in this section of the country.

The official entries closed yesterday, and already there are ten cars entered, with more entries coming in to-day and to-morrow, as they are eligible if they bear the post mark of May 12.

The races are international in every respect, two Canadian drivers of reputation, Carl Erickson and James Healey of Vancouver, will combat the speed devils from the States every foot of the distance in the six events."

Street Parade Before Races.
J. Alexander Rithet, of Victoria, will be the official referee and Harry Whitney Treat, of Seattle, wealthy sportsman and society leader will act as starter, while other officials will be announced this week. An automobile parade will be held on Saturday, May 22, at 11 o'clock, in which the auto world of Victoria will participate. The racing cars, auto dealers, decorated private cars will fall in line under the direction of Robert A. Playfair, of the Bagg Motor Car Co. Entries may be left with Mr. Playfair now.

George W. Lott, president of the Lott Auto Paint Company of Seattle, an enthusiastic young sportsman and auto racing fan has entered two of the fastest dirt track cars in the west, the Stutz Special No. 7, the champion racing care of 1919 to be driven by that master driver Gus Duray, and the Lott Special No. 1, with the famous "Wild Bill" Giddings at the wheel. Mr. Lott is himself a skilful driver and will take the wheel in one of the races.

Mr. Willis states that the advance ticket sale will open next Monday at a few of the downtown dealers, and already six boxes have been engaged and so many applications made for grandstand seats that a great crowd is predicted.

EMPRESS BILLIARDS

The semi-finals in the Empress Hotel billiard handicap have been arranged. W. Frost and A. Hinson are billed to play to-night at 8 o'clock, and Charles Mann and A. Lamb are booked for to-morrow night. These matches are attracting much interest. The winners in the semi-finals will meet at the date to be arranged later.

WON LADY'S SWIMMING TITLE FOR 50 YARDS

Los Angeles, May 13.—Miss Ethel-da Buehrey, of the New York Women's Swimming Association, won the National A. A. U. 50-yard woman's national swimming championship here last night, swimming the distance in 29 1-5 seconds, one-fifth of a second slower than the world's record.

TENNIS CLUB OPENS

COURTS ON MAY 29

Arranging Series of Special Games; First Dance to Be Held on May 28

Arrangements are now being made to open the courts of the Victoria Lawn Tennis Club on Saturday afternoon, May 29. Special games are to be arranged for the members and a

very enjoyable afternoon is expected. The club is looking forward to one of the busiest seasons it has ever had. The evening before the court open the first dance of the season will be held and this is expected to prove a great social success.

With the addition of another court of grass and the fine playing condition of the cinder court, the committee of the club has decided to withdraw the waiting list for lady members, and applications for membership will now be received. Applicants must be proposed by one member of the club and seconded by another.

Additional vacancies have been caused by lady members leaving the city for the season or for good, and it is not now anticipated there will be any restrictions.

Open For Men.
Applications for active gentlemen

membership, non-playing junior membership will also be received. In this connection it is stated that those who are members at present and who have not forwarded their subscriptions for the season are in danger of losing their membership, the date for payment, according to the constitution, being May 1.

SOCCER MEETING WILL DISCUSS AFFILIATION

A meeting of the B. C. F. A. is to be held this evening in Vancouver to discuss affiliation with the B. C. F. A., which has been recognized by the D. F. A. as the governing body in British Columbia football. Arthur Manson, of the local board of the B. C. F. A., and Andy Hill and Archie Baker, of the V. D. F. A., will attend the meeting. The local delegates have been instructed to support a motion of affiliation.

C. P. R. BASEBALL TEAM.

There will be a meeting of the C. P. R. baseball club on Friday evening of 8 o'clock in the grill room of the Empress Hotel. All members are requested to attend.

American League.

New York, May 12.—The New York Americans continued their hard hitting and defeated Chicago, 14 to 8. The Yankees made twenty hits for twenty-nine bases off Williams, Lowdermilk and Payne. Ruth hit another home run, his third in the last two games.

Score—	R.	H.	E.
Chicago	8	11	2
New York	14	20	1

Batteries: Williams, Lowdermilk, Payne and Scholk. Lynn; Thormanlen, Shawkey and Hannan.

Three Home Runs.

Philadelphia, May 12.—St. Louis won from Philadelphia in the tenth inning, 5 to 4. Shavelin's single followed by two sacrifices with a wild pitch between them, produced the winning run. In the fifth inning three home runs were knocked into the bleachers.

Score—	R.	H.	E.
St. Louis	5	4	2
Philadelphia	4	13	1

Batteries: Schocker, Burwell and Severid; Naylor, Bigbee and Perkins.

Lots of Hitting.

Boston, May 12.—Cleveland won from Boston, 9 to 7, in the heaviest hitting contest of the local season. Three of Boston's five runs in the fourth came on McInnis' triple, with the bases filled, and three of Cleveland's five in the fifth on Smith's double, also with the bases filled.

Score—	R.	H.	E.
Cleveland	9	11	1
Boston	7	10	2

Batteries: Caldwell, Morton and Thomas; Bush, Russell and Schang.

National League.

Pittsburgh, May 12.—Pittsburgh was again victorious over Philadelphia, 5 to 3. The locals bunched three hits with a pass and a sacrifice in the first inning for three runs and scored two more in the seventh on two singles and a wild pitch.

Score—	R.	H.	E.
Philadelphia	3	9	2
Pittsburgh	5	9	0

Batteries: Rixey and Withrow; Carlson, Hamilton and Schmidt.

Coast League.

At Salt Lake—	R.	H.	E.
Oakland	4	7	1
Salt Lake	5	12	2

Batteries: Kremer, Winn and Spellman; Stroud and Jenkins.

At Los Angeles—	R.	H.	E.
Portland	1	5	0
Los Angeles	3	10	2

Batteries: Polson, Joney and Koehler; O. Crandell and Basier.

At San Francisco—	R.	H.	E.
Seattle	3	8	2
San Francisco	3	10	4

Batteries: Brenton and Baldwin; Scott and Agnew.

At Sacramento—	R.	H.	E.
Vernon	2	12	3
Sacramento	3	6	1

Would Have Canada Sit at International Commercial Sessions

Sir John Randles Reached Victoria Yesterday From Japan; Object of Mission to Have British Self-Governing Dominions Represented at Trade Conference

Sir John Randles, British ironmaster and parliamentarian, who reached Victoria yesterday afternoon aboard the Nippon Yusen Kaisha liner Katori Maru from Japan, will confer with the Government at Ottawa with the object of bringing about direct Canadian representation at the International Parliamentary Commercial Conference.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN Not Aspirin at All without the "Bayer Cross"

Advertisement for Bayer Aspirin featuring the Bayer cross logo and text describing the product's benefits for various ailments like colds, headaches, and rheumatism.

parliaments of all the British self-governing dominions, be represented on this Conference, and to bring this about is one of the objects of my mission," said Sir John Randles, when interviewed by a representative of The Times on the promenade deck of the liner.

As chairman of the Commercial Committee in the British House of Commons, Sir John was ex-officio honorary chairman of the International Parliamentary body which convened a short time ago at Brussels. At the Brussels Conference, and at the one held previously in London, the question of holding a session of the Conference at Tokyo was discussed and reluctantly abandoned when the difficulty of traveling such a long distance had to be recognized.

The regular attendance of the Japanese delegates at the Conference despite the long distance they traveled has proven to Sir John's satisfaction and has demonstrated the soundness of his contention that the various British Dominions, Canada, Australia, New Zealand, and South Africa should also be represented at the International sessions.

"We had a wonderful time in Japan" said Sir John in referring to the hospitality extended to himself and family while in the Far East. He is accompanied on his arrival in Japan aboard the liner Mishima Maru by Prince Tokugawa, president of the Japanese House of Peers, and other cabinet ministers. Baron Kondo, president of the Nippon Yusen Kaisha, also entertained the party.

Prominent Britisher. Sir John Randles who has represented Northwest Manchester as a Unionist in the British Parliament since 1912, is a prominent British Parliamentarian leader. He is chairman of the Workington Iron & Steel Company, Ltd., chairman of the Board of Directors of the Cleator & Workington Railway, Cockerhouth, Keswick and Penrith Railway, Furness Railway, and chairman of the Commercial Committee of the British House of Commons and honorary president of the International Parliamentary Commercial Conference.

BOAT WILL CONNECT WITH GOVERNOR AT SEATTLE SATURDAY The steamship Governor, of the Admiral Line, which is due to-day from California, will not make the south-bound call at Victoria on Saturday, as propeller trouble will necessitate the craft effecting adjustments while at Seattle. R. P. Rithet & Co., local agents, announce.

NEW PILOTAGE RATES ISSUED Victoria Schedule Based at 50c Per Ft. Draft and 1/2c on Registered Tonnage

Rates governing the pilotage of vessels in British Columbia coastal waters have been compiled by the newly-formed British Columbia Pilotage Association and issued for the benefit of shipping men and agents. The new rates are modeled along the lines of those in existence prior to the assumption of pilotage control by the Government at the beginning of the year.

The rates of the B. C. Pilotage Association are as follows: To or from William Head, Royal Roads or Etchiche Ledge into Victoria, or vice versa, 50 cents per foot draft and 1/2 cent per net register ton to a maximum of 3,500 tons. House calls between Victoria and Esquimalt, or vice versa, 10 cents per foot draft and 1/2 cent per net register ton to a maximum of 3,500 tons. House calls between Victoria and Esquimalt, or vice versa, 10 cents per foot draft and 1/2 cent per net register ton to a maximum of 3,500 tons.

Vessels calling at more than one port on the same voyage shall pay only \$1.00 per foot draft and 1 cent per net register ton for the first port, and second or subsequent ports; providing such port is not the port of Victoria or Esquimalt.

Regulars requiring the service of a pilot from or to Port Townsend will be charged an extra \$10.00 if services are required beyond international boundary; also \$15.00 traveling expenses. In case of ships registered elsewhere than in Canada engaged exclusively in the coastal trade between Puget Sound, Alaska, Victoria, one cent per net register ton to a maximum of 2,000 tons. Esquimalt—One cent per net register. From off Victoria to any port in Gulf of Georgia, and vice versa, as Comox—\$2.00 per foot draft, and one cent per net register. If services are rendered from port to port, one cent per foot draft, and one cent per net register, inwards, and a similar charge outwards.

In the case of a vessel calling at more than one port in the Nanaimo range, a moorage charge of \$25.00 will be made between the ports within that range. Ports north of Comox and ports on the west coast of Vancouver Island: From off Victoria to Ocean Falls and return, \$250. From off Victoria to Prince Rupert and return, \$300. From off Victoria to Powell River, 50 Ocean Falls, \$150. Vessels clearing from Union Bay or Powell River for Prince Rupert, \$200. Vessels from Nanaimo and lower Gulf ports, same as from Vancouver. These rates apply to vessels from Gulf port limits, and return to Gulf port limits. A charge of \$10 per day after the first 48 hours' detention, and accommodation and board to be provided pilot while attending ship. Intervening ports, or pilotage one way to ports specified. The rates will be proportionate with the above, and all traveling expenses. Moorage—Vancouver: (1) Burrard Inlet between first narrows and second narrows, \$10 (2) From below first narrows to above second nar-

rows, \$15. (3) From Burrard Inlet to False Creek or vice versa, \$25. (4) From False Creek to above second narrows or vice versa, \$35. Moorage in all ports or other Gulf ports, \$10. Transportation or boat hire to be provided when necessary. Trial trips and compass adjustments on vessels within port limits, \$15. Attending vessel while adjusting compasses in Gulf or straits, \$25. Moorage in all ports or other Gulf ports, \$10. This trial trip to cover twelve hours' attendance necessary. When the service of a pilot is required to berth a vessel at quarantine station, or if a pilot is called upon to give service in, and out of quarantine a sum of \$30 will be charged. If a pilot is detained at quarantine with a vessel a sum of \$10 per day will be charged for such detention. The above rates are applicable to all vessels, and companies regularly employing pilots of the association. Rates for service not herein specified, shall be determined on application to the association.

TRAGIC ENDING OF OCEAN TRIP Youthful Minoru Uyeda Taken by Grim Reaper and His Mother Left

Four-year-old Minoru Uyeda, victim of the dread influenza epidemic, was buried at sea. The body of Isoye Matsumoto, a youthful Japanese female passenger, was also recently lowered over the side of the ship in mid-ocean. Isoye was 22 years of age and was making her first trip from the land of the cherry blossom to a strange country. Both Minoru and Isoye succumbed aboard the liner Katori Maru on May 8, nine days out from Japan. The cause of death being pneumonia.

Umeno Uyeda, Minoru's mother, 33 years of age, was also prostrated by influenza, but under the care of his physician Y. Obinata, the ravages of the disease was curbed, and following the arrival of the liner at quarantine the patient, still in a serious condition, was transferred ashore and placed in hospital. Kametaro Fujita, a Japanese male passenger, died the same day the liner was quarantined. The body will be taken ashore for burial.

Little Minoru Uyeda and his mother were first class passengers on board the liner Katori Maru, which was known as the "Young" and "Englishman" by birth. Mr. Davis has been a resident of China for the past fifteen years. Mr. Davis reports trade conditions in China, as excellent. He says, "The war has never broken. Japan, who also largely benefited commercially by the war, is now involved in a financial panic, he states.

DOCK SHED FULL OF ORIENT FREIGHT SS. Katori Maru Brought Record Shipment of Merchandise For Victoria After completing the discharge of one of the largest cargoes ever put ashore here, the Nippon Yusen Kisha liner Katori Maru, Captain M. Tazawa, is posted to sail at midnight for Seattle. Relays of longshoremen have been working freight docked here at 2 o'clock yesterday afternoon, to get the cargo out of the holds within the shortest possible time. The freight consigned to Victoria totals 1,700 tons, weight and measurement, being 1,000 tons of freight in one hatch alone. The ship's manifest records a gigantic shipment of rice, but the feature item for local delivery consists of 29,000 bushels of Chinese rice. The immense piles of assorted Oriental merchandise leave but little space in the warehouse on Pier No. 1, at which berth the liner is moored. The cargo of the Katori Maru has 5,000 tons of freight and there is speculation aboard as to whether the longshore trouble at the Sound port will permit the discharge of the freight. Large quantities of non-union goods, however, are working the ships at Seattle, and it is hardly likely that the unloading of the ship will be delayed. The Katori Maru has 4,000 bales of raw silk, valued at \$8,000,000, for shipment to the Eastern markets. The total cargo carried by the Japanese liner is valued at over \$10,000,000.

BISHOP BANISTER IS BOUND TO ENGLAND Arrived From Orient to Attend Lambert Conference in London

Bound to London to attend the Lambeth Conference, Rt. Rev. Wm. Banister, Bishop of Kwangtung, China, was a passenger by the N. Y. K. liner Katori Maru from the Orient. Bishop Banister's active missionary work in China dates back to 1879, when he was appointed C. M. S. missionary at Foochow and Ku Cheng. In 1893 he became principal of the Theological College at Foochow, was C. M. S. secretary at Hongkong, 1902-09. He was commissary to the Archbishop of Canterbury during the vacancy in the See of Victoria, Hongkong, 1907-7. Born at Walton le Dale, Lancashire, May 31, 1855, Bishop Banister was educated at the C. M. S. College, London. He was ordained by the Bishop of London in 1879, became priest in 1880, and curate of Balderston, Blackburn, Lancs., in 1879. His literary publications include "Scripture Catechism for the Young" and "Notes of First Corinthians" in Chinese.

Newspaper Proprietor. "Traveling in company with Bishop Banister and also en route to England was R. W. Davis, managing director of a group of English language newspapers in China, including the North China Herald and other well-known Far Eastern publications. An Englishman by birth, Mr. Davis has been a resident of China for the past fifteen years. Mr. Davis reports trade conditions in China, as excellent. He says, "The war has never broken. Japan, who also largely benefited commercially by the war, is now involved in a financial panic, he states.

GEORGES AT MONTREAL Montreal, May 13.—George Carpentier, French champion heavyweight boxer, arrived here last night and was greeted by five thousand admirers.

WHAT TO DO WHEN INDIGESTION COMES A Treatment Which Has Brought Relief After Physicians Have Given Up Hope It has remained for a Scotchman to give to the world a treatment for indigestion which, while eliminating entirely the use of drastic drugs, has established a record for effecting relief second to no treatment offered sufferers. The treatment is one which brings relief for every form of stomach trouble, indigestion, dyspepsia, acidic stomach disorders, etc., all yield to its power. The treatment is simple in that it consists entirely of herb juices. No alcohol is used in it nor does it contain a drug of any kind. It is prepared according to the formula of a great Scotch herbalist and has for many years been doing work which is marvelous as to results. This treatment is offered the British Columbia public under the name Wonder Health Restorer. The work it does is illustrated by the case of Mrs. Hoey, of Calgary. This lady suffered from acute stomach trouble for 30 years. She was attended by six physicians and underwent hospital treatment several times. Finally she was told nothing could relieve her except an operation for ulceration of the stomach. Just then she heard through a friend of Wonder Health Restorer. From her condition as a physical wreck she was not only given quick relief but was also restored to normal health, something her friends thought impossible. Mrs. Hoey's case is only one of hundreds where Wonder Health Restorer has afforded relief to sufferers from stomach trouble. Ask your druggist for "The Road to Health" and read of case after case in which it has conquered practically every form of disease affecting the digestive organs. Wonder Health Restorer acts directly on the blood. Its herb juices are imparted to the gastric juice of the stomach, the membranous lining is subjected to the healing influence of herbs and the operation of the entire digestive system is toned up and established on normal lines. If you are suffering from stomach trouble in any form try Wonder Health Restorer. It may be purchased in Victoria at Ivel's Pharmacy and, outside the city, may be secured at most drug stores. Literature describing the medicine may be secured at all these places but, should any sufferer not be able to secure the remedy or booklet it will be forwarded by sending request to The W. Y. McCarter-Burr Co., 646 Hillside Avenue, Victoria. Phone 6950.

CARGO DAMAGED BY FIRE ON IXION Holt Liner Will Cross Pacific With Czech Troops For Victoria

Fire aboard the British steamship Ixion, of the Blue Funnel trans-Pacific fleet, which the vessel was moored at Hongkong, caused extensive damage to the cargo, according to marine cable advices. Only meagre details of the fire were conveyed in the message received on this coast, but it is understood the ship is uninjured. The Ixion sailed from Victoria, March 14, and reached Hongkong via Yokohama, and the usual ports of call in the Far East, April 22. The steamship has previously touched at Manila, Philippine Islands, and was in port bound for Victoria and Seattle when fire broke out in her hold. The Ixion has orders to go from Japan to Vladivostok to take aboard 3,000 Czech-Slovak soldiers for this port, through which they will be repatriated to Bohemia. Seventy-two thousand Czechs from Siberia are to be transported across the Pacific and through Canada en route to Europe.

Dance at Ladysmith. Ladysmith: A popular dance was held Tuesday evening in Gould's Hall, the occasion being in honor of the visit of the U. S. A. revenue cutter Bear, which vessel is here coaling preparatory to an extended cruise, lasting over several months, in the Alaskan waters. The dance was held under the auspices of the Hospital Auxiliary, who proved to be excellent hosts, the accommodation, floor and entertainment being perfect. The dance commenced at 8 p. m., and continued till 1 a. m. Caldwell's orchestra supplied the music, which was much appreciated by the dancers. Pulling For Mayoralty. Nanaimo: Pulling for the Mayoralty will take place to-morrow, the pull being open from nine o'clock to seven o'clock.

Potash Deposits of Germany. The potash deposits of Germany, which were discovered by the Prussian Government in 1845 at Stassfurt while boring for rock salt, and which occur in upper layers of rock in the plains of the west. Germany, have been estimated to occupy a volume of 10,700,000,000 cubic meters and to contain 20,000,000,000 metric tons of potash salts, corresponding to about 1,000,000,000 metric tons of potash (K2O), a quantity sufficient to supply the world for 2,000 years at the present rate of consumption. These beds, according to the United States Geological Survey, Department of the Interior, were first exploited about 1860, and have furnished practically the entire world's supply of potash for many years.

Granite Poorman Property. After doing some 1,300 feet of work in the Eureka mine of the Eagle Creek in the last ten months, the Vincent Development Company, which took over from the Inland Mining Company its bond from the Eureka Copper Mines, Ltd., has relinquished the bond, and is off to look for granite. The work done consists of stopping and developing on the 250-foot level, and driving the long cross-cut on the 450-foot level to pick up the vein at depth. As soon as the snow gets well off the hill the company will make a thorough examination of the Granite-Poorman property, which it has under a similar lease and bond, and will develop plans for its exploitation in connection with the Granite mill. That the Prospectors' Association is filling a long felt want was demonstrated by the number of enquiries brought before the recent meeting of the Prospectors' Association, at Cranbrook. Numerous letters have been received by the officers of the association from manufacturers and chemical firms for graphite, asbestos, tin and other metals. In this connection Alexander Chisholm stated that he found aluminum on the clay banks of the Kootenay, the best proving high. Corbin C. & C. Co. E. J. Roberts, Jr., son of E. J. Roberts, well known among mining men as a former close associate of the late Charles Sweeney, returned to Corbin, B. C., last week, after spending some weeks with relatives. He is president of the Flathead Trading Co., and manager of the Corbin Hotel. He says that about 350 men are employed at the properties of Corbin Coal & Coke Co., with daily output of approximately 100 tons. Corbin is the terminus of the Eastern British Columbia Railroad, built by the late D. C. Corbin and now owned and operated by the Corbin Coal & Coke Co. The town is at an altitude of 3,000 feet, fourteen miles south of McGillivray, on the Canadian Pacific Crow's Nest cut-off—Northwest Mining Truth, Spokane. Silver Bullion. The Silver Bullion, seven miles out on the Hope-Princeton trail, has been bonded to Sperry and White, of Seattle. Five men are working on this silver prospect and expectations are that shipments of ore will be made this Summer. The same firm paid \$100,000 for the Lucky Four prospect near Laidlaw, sixteen miles south of Cheam Range. This property is at an altitude of 6,000 feet. Its silver content, and work cannot be started until July.

Silver Standard. The No. 2 vein has been cut by the tunnel at the Silver Standard mine, near Hazelton. No ore has been mined from this vein in the upper workings of the mine. The vein shows two feet of good milling ore. In the last 100 feet of drifting, the tunnel has cut six stringers of solid sulphide ore, and it is probable

that these will be developed when the tunnel has reached its objective, main vein. Apart from actual development work in facilitating mining operations, the tunnel has proved a marked success from an exploration standpoint. Two veins, which were not profitable in the upper workings, have been proved at depth, and numerous stringers with potential possibilities have been cut. A gasoline engine is being added to the equipment, to supplement the water power when needed.

How to Cure Biliousness Doctors warn against remedies containing powerful drugs and alcohol. "The Extract of Roots, long known as Mother Seigel's Curative Syrup, has no dope or strong ingredients; it cures indigestion, biliousness and constipation. Can be had at any drug store. DOMINION

Nazimova in her screen productions has recently swept England by storm. "The London critics have hailed her as 'the greatest film artist of the world.'" "The critic in The Daily Telegraph wrote: 'A star of the first magnitude has really appeared in the film world. Nazimova is the first actress who is likely to win a place analogous to that of Sarah Bernhardt or Ellen Terry in their art world.'" This praise coming from England was peculiarly gratifying to the great Russian star, who is now appearing in "Stronger Than Death." She has never appeared there in English spoken drama, but once toured that country as leading woman in Paul Orloff's production of "The Chosen People" in Russian. From an artistic standpoint the venture was a great success, but such a financial failure that a company of English actors headed by Ellen Terry gave a benefit to relieve the Russian company from financial straits.

VARIETY

All the natural wit and humor possessed by happy-go-lucky Owen Moore, and the added ingenuity of screen craftsmanship, is solidly injected into "Piccadilly Jim." Moore's first picture under the Selznick ban-

ner, which opens at the Variety to-day. Owen Moore as "Piccadilly Jim," the devil-may-care hero in P. G. Wodehouse's famous Saturday Evening Post story of the same name, to his American public with a freshness and determination that is as conspicuous as it is entertaining. Director Wesley Ruggles and cameraman George Peters have made sure that "Piccadilly Jim" will surprise and delight the most critical of picture patrons, and to make their efforts all the more convincing, many unusual and noteworthy angles in settings and photography have been effected, including many ingenious "takes" on New York's elevated trains and some short and long "shots" of New York's Great White Way at the mystic hour of midnight.

COLUMBIA

"Shall I marry and lose my freedom, or stay single and lose the man I love?" is the question Constance

COLUMBIA

TO-DAY
CONSTANCE TALMADGE
IN
EXPERIMENTAL MARRIAGE
EXTRA ATTRACTION
"Naughty Lions and Wild Men"

To Give Attractive Programme To-night

MRS. GERTRUDE HUNTLEY GREEN

will appear in a joint recital with Miss Mary Izard, violinist, to-night at the Royal Victoria Theatre. To-night will mark her final public appearance before leaving for Kansas City, where she will take a six weeks' course with Leopold Godowsky's Master Class, after which she will go to Los Angeles to continue her studies under the famous pianist.

Talmadge, as Suzanne Erroll, finds herself called upon to answer in her latest Select Picture, "Experimental Marriage," in which she is presented by Lewis J. Selznick, and showing at the Columbia Theatre all this week. Does marriage imply the abandoning of all liberty on the part of the wife? When a woman marries a man, does it mean that she must give up her dearly beloved freedom and spend the rest of her life living for one man only out of the millions of men that exist on earth? These were the questions that the charming widow Erroll put to herself and found herself incapable of answering. That's why she hesitated when Harrison Ford as Foxcroft Grey proposed to her. She loved him and wanted to "hold" him in some manner so that she could be assured that he was hers alone, but she also dearly loved her freedom.

ROMANO

"Mickey," featuring Mabel Normand, to be shown at the Romano Theatre to-day, is filled with unexpected situations not called for in the scenario, and although this spontaneity brings many a brilliant flash into the picture, still Mabel Normand admits that the life of a comedienne is not all giggle and gurgle. One day, when Mabel was called upon to dust a chair, during one of the scenes for "Mickey," she tripped over a rug, took a header, landed up against one of those old-fashioned nine-foot high hall clocks and tipped it over. Mabel had just time to brace herself and thrown her hands over her head when the clock came down on her. For several seconds she struggled, and then Bill Colven, butler in the scene, came to her rescue. The

camera man, realising that the stuff, though not called for, was good action, filmed the incident, and it has been added to the great number of humorous situations in "Mickey." But sometimes they don't film the "unexpected." Mabel Normand, as "Mickey," was to fall through a roof, in which, to be effective, she must land on her feet. Mabel found it easy enough to fall, but landing her head up was another matter. "Oh, for one of those German helmets," she cried, after the "tenth attempt."

PANTAGES

Only once in a very long time is it possible to present a vaudeville bill in which there are no dull moments, in which every one of the cast is of such a high quality that it is difficult to choose between them. Such a bill is being presented at the Pantages this week. There is something of interest every minute, and such a variety of entertainment features that no one can leave dissatisfied. The big feature attraction is a brilliant musical satire on the movies, titled "His Taking Way." It is a riot of fun, with pretty girls attractively gowned, catchy song numbers and a clever male team in the principal

parts. Then there is "The Baby's Cry," a comedy ventriloquist novelty presented by Walters and Walters. Willa Holt Wakefield in "Every Day Song for Everyday Folks," and three other unusual turns. The bill is completed by the fourth instalment of "The Adventures of Ruth," the popular screen serial of romantic thrills, featuring the popular star, Miss Ruth Roland.

COLUMBIA NEXT WEEK.

The attraction at the Columbia all next week will be "Blind Husbands." The snow-capped eminences of the Tyrolean Alps and the shimmering jewel-like lakes of Lucerne, form the background of the daring photoplay "Blind Husbands." "Blind Husbands" is a Universal photo-drama laid in the Alps of the Austro-Italian frontier. It was directed by Eric Stroheim, and features him as a villainous desperado of women. There is an added attraction, "Daredevil Jack."

Sydney Ainsworth, one of Goldwyn's most popular villains, now playing with Jack Pickford in "A Double Dye Deceiver," would have been a minister, if his mother's hopes and intentions had been realized.

"Something to Think About," Jesse L. Lasky announces, is to be the title for the new Cecil B. DeMille super-special which was filmed as a mystery picture, the usual press notices having omitted any notice of the title or plot.

CRITERION CABARET BELMONT HOUSE

MUST BE SCOTTISH TO GET JANITOR'S JOB

Board Hears Novel Charge; Suppression of Information Alleged

A man has got to be Scottish to get a job as janitor in the Victoria Public schools, R. W. Margett, janitor at the Girls' Central School, intimated in a letter to the School Board last night. This idea was the signal for one of the many outbursts of temper which marked the whole meeting and was hotly denied by Trustee Captain Aitken, Chairman of the Building and Grounds Committee.

Mr. Margett's letter, which caused a storm at the last session of the Board, was in connection with salary matters. The paragraph which hinted that one must be Scottish to be a good janitor in the eyes of the Trustees was as follows: "In cutting my salary I did not receive one moment's notice or one word of explanation. The only reason I ever heard was I was not Scotch. At the time the janitors were placed under the schedule I was the only one placed in the minimum class." As soon as this letter was read Trustee Aitken sprang to his feet and declared that the offending paragraph had been omitted when the letter was read at a previous meeting. "Why was that part of it suppressed?" he demanded.

"It was read, I heard it," said Trustee Mrs. Spofford. "It was not read," persisted Trustee Aitken. "Whether they're Bolsheviks, or Selt Feiners, it's all the same to me, but I won't have any employee casting such reflections on the Board." "Oh, go on, we ought to consider it a compliment," said Trustee Beckwith. "In any case we've got to adjust this whole janitor question and consider their salaries." "Yes, we've been dilly-dallying for months," agreed Trustee Aitken. "I was going to suggest—" ventured Mr. Beckwith. "There you are, you want to postpone it," interrupted Trustee Aitken. "Nothing of the kind!" Janitors were mentioned again during the evening, but no action on their salaries was taken. The matter apparently got lost in what the Trustees themselves admitted was almost an unprecedented muddle.

EXHIBITION OF WAR PAINTINGS ATTRACTED MANY

The exhibition of Vimy Ridge paintings by Mary Riter Hamilton, held in the rooms of the Island Arts and Crafts Club, closed last night, having attracted over 200 visitors. The realism of the views was the subject of unanimous comment, and those visitors who took part in the fighting on the famous battlefield stated that the various canvases caused the scenes to live again with all their stirring action. As a result of the attendance the Amputation Club of British Columbia will benefit by approximately \$30.

WOMEN BACKING THE SOLDIER BOYS.

When the history of the war has been written, the work done by the women at home will impress itself upon this nation as few even now realize. Literally, millions of women left their homes and took up war activities into which women had never before been called, and many more at home devoted long hours at work in knitting and preparing surgical dressings for the boys "over there." Some may have worked at the expense of health, and are now suffering from headaches, backache, dragging-down pains or some derangement. It should be remembered that Lydia E. Pinkham's Vegetable Compound for more than forty years has been restoring such women to health and strength, and is now recognized as a standard remedy.

Use Your Credit Here BE DRESSED BETTER

TRUSTEES HEAR MORE OF AID HOME CHARGES

Demand Evidence in Writing; Trustee Beckwith Wants Halt Called

While Trustee J. L. Beckwith declared that Miss Grimmer had treated the Board with contempt and had been very indiscrete in her charges, the City School Board decided last night to instruct the School Nurse to submit in writing her allegations regarding conditions in the Children's Aid Home.

In reply to the original request of the Trustees for information on the Home, Miss Grimmer wrote last night that she would be pleased to meet them and explain her stand in full. She desired that Miss Winn, principal of the Special School, accompany her, as Miss Winn had furnished considerable information on the subject.

Trustee Mrs. Andrews urged that the whole matter be laid over until David Brankin, Provincial Superintendent of Delinquent and Neglected Children, could investigate conditions in the Home, instructed by Attorney-General Farris.

Employee's Individual Acts.
"I would not let an employee treat me with the contempt Miss Grimmer has displayed," exclaimed Trustee Beckwith. "We asked her for certain information, and she doesn't give it to us."
"She wrote to the press on the Aid Home," Trustee Andrews explained, "as a citizen not as an employee of the Board. We cannot dictate to her as a private citizen. If you try that with all the teachers you will have trouble."
"She was willing to come before the Board and explain her stand," agreed Trustee Dr. Raynor.
"There's nothing to show that," answered Trustee Beckwith.
"The Board will have to deal carefully in this matter," warned Trustee Mrs. Spofford. "Miss Grimmer's remarks should be put in writing so that they can be sent on to the President of the Aid Home Society. I am not prepared to take the position that the Board is responsible for the action of employees outside of their official duties. We cannot restrict the rights of a citizen."
"It was very indiscrete on her part to criticize an institution conducted by a very responsible group of citizens. As a member of this Board I would prefer to play in my own yard. I was told that she was authorized not as a private citizen, but as a school nurse to visit the Home," said Trustee Beckwith.
"We've wasted too much time already," protested Chairman Riddell, endeavoring to cut short remarks which Mrs. Andrews was trying to make.
Mrs. Andrews, however, went on to read a document which stated that it was part of Miss Grimmer's duty to "visit all homes." "That," Mrs. Andrews stated, "shows very plainly....."
"We won't get anywhere unless our remarks are understood," objected Mr. Beckwith.
"Well, I don't know that your remarks are any clearer than mine!" answered Mrs. Andrews.

Two Motions.
After some further "breezy" discussion, Mrs. Andrews moved that Miss Grimmer be allowed to appear before the Board, but no one seconded the motion. A motion submitted by Trustee Aitken that Miss Grimmer be instructed to forward to the Board all information on the Home was then passed.

ORGANIZING DRIVE FOR CIVIC BATHS

Swimming Clubs to Arrange For Big Deputation to City Council

The perennial demand for centrally situated and municipally owned swimming bath again was renewed last night, when a meeting at the Y.M.C.A. of representatives of several of the swimming organizations of the city decided on common action to bring the matter before the City Council.

W. F. Best who has an outlined scheme for baths on Belleville Street, President I. Warren of the Provincial Branch of the C.A.S.C., and R. W. Hibberson of the V.L.S.C. were last night chosen as a committee to undertake the organization of a strong delegation from all the swimming clubs and semi-public organizations of the city, to wait on the City Fathers in the near future.

Before deciding to call on the aid of the city's public-spirited organizations, the meeting discussed various schemes for the provision of a bath, among them being Mr. Best's proposal of a joint stock company. It was felt that the proper way for the bath to be financed and built would be for the city to undertake the work as a municipal venture, and that there was every reason to believe that under such circumstances the venture would be a complete financial success.

Those present were: Mr. Best, George I. Warren, president of the Provincial branch of the C.A.S.C.; C. E. Hopper, president of the V.A.S.C.; Mrs. Hibberson, representing the V.L.S.C.; R. W. Hibberson, of the V.A.S.C.; Mr. Charman, representing the Cricket Association; Miss Elliston and Mr. Wilson.

IMPROVED MATHEMATICS.

The teacher had been explaining fractions to her class. When she had discussed the subject at length, wishing to see how much light had been shed, she inquired:
"Now, Bobby, which would you rather have, one apple or two halves?"
The little chap promptly replied: "Two halves."
"Oh, Bobby," exclaimed the young woman, a little disappointedly, "why would you prefer two halves?"
"Because then I could see if it was bad inside,"—Queenslander Brisbane, Australia.

Premier Electric Carpet Sweepers

Price, \$58.50

Come and see the new Premier Electric Cleaner demonstrated on our second floor, or phone our Carpet Department and arrange to have one demonstrated to you in your own home. The Premier is a compact 9 pound machine which thoroughly cleans rugs, carpets, furniture and hangings; fitted with a specially designed trouble proof motor, simple in construction, durable, reliable and fully guaranteed. The air driven, revolving, rubber-tipped brush will not tear the pile out of your carpets. The vacuum gently raises the warp and loosens the dirt. The high suction power draws all the dirt to the air-tight bay. No second sweeping operation, no stooping, no backache.

The Premier Electric Cleaner, price \$58.50
