Ottawa, Aug. 27.—The official itinerary of the Tariff Inquiry Commission, issued here, covering the four Western Provinces and Ontario as far East as Windsor, provides for fourteen sittings on the other side of the Great Lakes. The itinerary, as announced, is as follows:
Winnipeg, September 14; Medicine Hat, September 17; Vancouver, September 20; Victoria, September 22; Vancouver, September 24; Vernon, September 27; Nelson, September 30; Calgary, October 4; Edmonton, October 6; Saskatoon, October 8; Regina, October 11; Brandon, October 13; Winnipeg, October 14; Fort William and Port Arthur, October 15; Sault Ste. Marie, October 18; Windsor, October 21.

GOLD PRODUCTION OF YUKON IS LESS
Dawson, Aug. 26.—The gold yield of the placer camps of the Yukon Valley for 1920, as estimated by competent authorities, will total \$4,850,000. Six weeks more will wind up the season, as the winter freeze-up will begin then.

BIG REPUBLICAN FUND IN STATES
Pittsburgh, Aug. 27.—Information to support his charges that a Republican campaign fund exceeding \$15,000,000 was being raised "in a conspiracy to buy the Presidency of the United States" was presented by Governor Cox, Ohio, Democratic presidential candidate, in addressing a public meeting here last night.

PRODUCERS BLAMED FOR HIGH PRICES
Toronto, Aug. 27.—President Hugh Blain, at the opening of the wholesale grocers' convention here yesterday, said that since the war "consumer food has been worse confounded than ever. Everywhere there was a wall of distress, even in our land, where plenty abounds."

LAST OF "PICTURE BRIDES."
San Francisco, Aug. 27.—The last steamship from Japan to the Pacific Coast upon which Japanese "picture brides" can be brought here, as a result of Japanese restricting this marriage system, is the Tenyo Maru, due here from Yokohama next month, according to a letter made public by K. Kakazaki, general secretary of the Japanese Association of America, to United States Senator James D. Pheasant.

FIRE IN SASKATCHEWAN.
Moose Jaw, Aug. 27.—A spark from the private electric plant of the Mortlach Hotel, twenty-eight miles from this city, caused a \$3,000 fire yesterday, and only the united efforts of the entire population prevented the town from being wiped out.

LIBERAL LEADER HEARD BY RENFREW
Mackenzie King Speaks In Ontario Town; Advocates Tariff Reform
Invites Laborites and Farmers To Join Forces With the Liberals

Renfrew, Ont., Aug. 27.—Two thousand citizens of Renfrew and the surrounding district gave welcome to Hon. W. L. Mackenzie King here last evening. Many could not gain admission to the Armory, where he spoke.
Mr. King made a strong appeal to both Labor and farmers to enter politics, but not to enter as a class, because, he said, the class is not the ground, jealousy would be engendered in another class, which would prove dangerous to both. He invited both parties to join forces with the Liberals, who, he said, were real democrats and ready to put into effect the lessons which the war had taught.

Interest in Politics.
Mr. King said no man lived a real and full life unless he took an interest in political life. The highest form of citizenship was one of action and moderation, and he felt proud that the Mayor of Renfrew, a Conservative, had written the address which had just been presented to him.

Not Consulted.
They talked about government by the people, but the people had not had a say in the returning of the present Government and the Liberals were out to remedy this. Where had the new party name come from, and where had the leader come from? Was there anyone present who could say he had a voice on either question? And yet they called it government by the people. From one of Canada to the other no one had a word to say as to the naming of the party, policy or Prime Minister, except the men in power themselves.

TELLS DYSPEPTICS WHAT TO EAT
Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc.
Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things:
Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach, and lead to excess acid secretion, or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck Magnesia at their meals.

Weygand's Ability Praised by Foch
Paris, Aug. 27.—Speaking of General Weygand, of France, who has been directing the successful Polish operations against the Bolsheviks, Marshal Foch said in an interview published yesterday:
"General Weygand, with great intelligence, great difficulty, great energy, great vigilance and great precision and accuracy, has proved once more his wonderful faculties and remarkable knowledge of great military questions. General Weygand proved victoriously his ability to lead forces at the front and to create and utilize the possibilities of the rear."

Division of Late R. Marpole's Estate
Vancouver, Aug. 27.—By the will of the late Richard Marpole, chief executive agent of the C. P. R., filed for probate yesterday afternoon, two-thirds of the estate, after payment of legacy, funeral and testamentary expenses and debts, is bequeathed to his son, Richard Frederick Marpole, and the balance is held in trust for the executors for equal distribution among three grandchildren upon their attaining their majority. The gross value of the estate is sworn to as \$604,232.94, and the liabilities as \$15,688.28. The net value is therefore \$588,544.66.

ANTI-SOCIAL MEN AND DREAMERS ARE MENTALLY AFFECTED

New Orleans Professor Tells Victoria Doctors of Mental Diseases

The treatment for the anti-social type of man who spends most of his time dreaming and takes very little notice of persons and things around him is to give him some active form of occupation. Dr. Le Roy Van Wart, Professor of Mental Diseases at Tulane University, New Orleans, told members of the Victoria Medical Society last night in his lecture on mental diseases.

Dr. Van Wart said many of these anti-social men seem to lose contact with the world. Another type for mental study is the fussy, touchy and suspicious person who drops in to inspect things very sensitive and is known to science as the paranoid. Dr. Van Wart explained that the paranoid is the mentally diseased person who is always looking for explanations of the actions of those around him and who is always building up a system of illusions.

SELECTING JUDGES FOR WORLD'S COURT

Details of the method whereby members of the proposed World Court of Justice are to be selected, based upon private advices received from The Hague, have been made public by the World Peace Foundation at Boston. This method was decided upon by the Commission of Jurists of which Kihfu Root was a member, which met recently at The Hague under appointment by the Council of the League of Nations.

The court is to consist of the outset of eleven judges and four alternate judges, serving for a term of nine years. It will sit permanently at The Hague to decide all cases of a purely legal nature arising between nations, and will form a complement to the existing Hague Court, which will retain its competence to deal with all cases of arbitration between nations.

Bylaws Duty Buried.—Reports from Registrar Sewell last night officially informed the Saanich Council of the failure of the sewer and water by-laws to secure endorsement at the polls last Saturday. "Betters" bury them," interjected Councillor Pim, and the council hurried on to other business.

BRIEF LOCALS

Water Extensions Laid Over.—Tentative suggestions that sundry water extensions be considered received short shrift last night by the Saanich Council. "All that sort of thing was put a stop to last Saturday," said Reeve Watson.

Saanich School Supplies.—The council chamber at Royal Oak last night resembled the stockroom of a wholesale bookstore, the floor being completely covered with stacks of scribbles, pencils and other supplies for sale at cost to the pupils by the teachers.

Dunn Avenue Sidewalk.—A delegation waited on the Saanich Council last night and stated that a sidewalk would be preferred to the proposed grading of the street. "I had to carry my wife when she went out last Winter," said one speaker. The council agreed to the change.

Tractor Cause Argument.—Purchase of a used Vellie chassis to replace the Winton used by the Saanich Public Works Department on gravel hauling caused warm discussion in works committee last night before it was authorized. Councillor Clark opposed buying used equipment. The machine had been secured in order to prevent a lengthy tie-up in road repairing operations. Reeve Watson stated it is doing good work.

Doctor Buys House.—Dr. Forrest Leeder has bought the \$25,000 house of the late Roush Harvey, 1525 Rockland Avenue, next to Government House. The house was built about forty years ago, and is a landmark in that part of the city.

To Make Rubber Heels Here.—So that the rubber heel industry may be established here, the Department of Industries of the Provincial Government has authorized a loan of \$2,000 to three returned soldiers who are starting the Victoria-Attachable Rubber Soles and Heels Co., View Street.

Ex-Imperial.—W. Butterworth, Department Soldiers-Civil-Res-Establishment, Vancouver, will attend at the offices of the Department S.C.R. Central Building, Victoria, on Wednesday to deal with all matters requiring readjustment on behalf of Imperial service men, widows and dependants.

Ashamed to Go Around.—In Saanich works committee last night Councillor Graham spoke bitterly on the work secured in Ward Two for the expenditure of \$230 this year, claiming no results are visible, except on part of Blenkinsop Road. "None of the men do anything. I'm ashamed to go around and sick of listening to complaints. Our money has been squandered," he said.

Gorge Bridge Repairs.—A statement from Esquimalt Municipality, showing cost of repairing Gorge Bridge to be \$2,039 was placed before the Saanich works committee last night. The Provincial Government paid \$1,000 towards the cost, and after allowing for old lumber used by Saanich, the net cost to the municipality was set at \$307. The bill was passed for payment.

Burnside Road Repairs.—The works committee of the Saanich Council last night received a report from Superintendent Gilgill on the cost of repairing Burnside Road, which showed the total cost to be \$2,547.90. Reeve Watson will lay the report before the Provincial Public Works Department, which is under pledge to reconstruct the road as a consequence of the damage done last Winter while the Island Highway was closed. "It was stated the Provincial authorities had offered to turn over to Saanich a fund of \$750 available for the work if the municipality would do the repairs.

G. W. V. A. Concert.—Comrade Haggerty, chairman of the Ways and Means Committee, G. W. V. A., announces a splendid programme for Saturday night, which will commence at 8 p. m. in the G. W. V. Auditorium. The G. W. V. A. four-piece orchestra under the direction of Comrade Sherett, is providing a little variety, and besides the usual classical pieces, will render a novelty in the form of "jazz." All ex-service men are welcome.

To Hold Concert.—A smoker and concert will be held by the Army and Navy Veterans' Concert Party in the Hamley Building rooms of the Association on Saturday night at 8 o'clock. The chairman of the house committee, Seymour Rawlinson, will be in the chair, and all members and their friends are cordially invited to attend. A splendid programme is being arranged by Comrade Tebbett, of the house committee.

Concert at Craigdarroch.—The patients at Craigdarroch Hospital were entertained at an enjoyable concert last night given under the auspices of the Women's Auxiliary to the Army and Navy Veterans. Canon Hinchliffe made an excellent chairman and the informal programme included a piano and violin duet by

Conductor Wants Name.—A conductor of the B.C. Electric Railway, who has been with the company since Friday on the Beacon Hill car on Saturday last, will be glad to have her name and address left with the ticket office at Broad Street. Questions have arisen which render imperative her identification.

Lemon Extract in Court.—Mary Marshall, an Indian woman, held Chinook converse with Magistrate Jay this morning in the City Police Court about a bottle of lemon extract, the basis of a charge of being in possession of liquor. Finally she was remanded until tomorrow to allow an analyst to discover whether there is more than two and a half per cent. alcohol in the favoring. Louis Marshall and John McNairy each paid \$5 for being drunk.

Cashed Worthless Cheque.—Arthur Johns was charged in the City Police Court this morning with securing from O. H. Durman goods valued at \$71 and \$4 cash by means of a worthless cheque signed by A. J. Kelly. Coupled with this case was a charge against A. J. Kelly, alias E. J. Dolan, of forgery by inserting figures in a bank passbook. Johns pleaded not guilty and asked for summary trial, while Kelly asked for time to discuss the matter with his lawyer, R. C. Lowe, before making his objection. The cases were remanded until tomorrow, when other charges may also be laid against them.

Had Nasty Auto Spill.—L. D. McLean, manager of the New Method Laundry, and Malini, the famous magician, had a narrow escape from serious injury last night, on the narrow part of Menzies Street, south of Niagara Street, when Mr. McLean's automobile crashed into a telephone pole, both the men being thrown out and somewhat cut and bruised.

COST OF LIVING IN AUSTRALIA London, Aug. 27.—(Canadian Associated Press.)—In Australia, according to official figures just issued, the cost of living in July, 1920, as compared with the same month in 1914, showed the following increases: New South Wales, sixty-three per cent.; Victoria, fifty per cent.; Queensland, eighty-three per cent.; South Australia, forty-six per cent.; Western Australia, twenty-six per cent.; Tasmania, sixty per cent. or an average for the Island of 57.6 per cent.

CANNOT PREDICT EVENTS IN IRELAND

Hobhouse, Former British Postmaster-General, Says Whirlwind Stirred Up —Ottawa, Aug. 27.—That no individual, institution or party in Ireland now can ride the whirlwind which has been stirred up there, and bring order and settled government to that unhappy country, is the opinion of Right Hon. Sir Charles Hobhouse, Postmaster-General in the Asquith Government from 1914 to 1915, and member of Parliament for Bristol from 1900 until the Liberal debacle in 1918. Sir Charles is staying here for a few days on his way back to England. He has been making an extensive examination of the immense tract of land in Southern Alberta which is being developed by the Canada Land and Irrigation Company, of which he is president.

The Irish people are so completely out of hand now that it would be a very wise man who could predict what the end would bring forth, so chaotic were the conditions there, Sir Charles said. He did not hold out much hope for the conference of moderates which is being held now in Dublin, so long as the extremists remained outside. The problem was too deep-rooted to be settled in that way.

Meighen. Sir Charles showed that he was keenly interested in the statement of policy recently pronounced by Premier Meighen, but he thought that in supporting such principles the Government was riding for a fall in the next election. He showed his firm belief in free trade for Britain when he stated with emphasis: "The war has taught the British people that high prices are the results of restricted imports. A tariff means restricted imports. They want no tariff."

NO REACTION BY FORCES OF SOVIET NOT EXPECTED AT PRESENT BY WEYGAND, WHO DIRECTED POLES IN BATTLE

Paris, Aug. 27.—Bolshevik reaction against Polish armies along the front east of Warsaw is not expected, at least for the present, by General Weygand, who is credited with having directed the defence of the Polish capital and hurled the Soviet armies back from that city, according to the Warsaw correspondent of The Petit Parisien. General Weygand is quoted as saying the Poles should not advance too far eastward, but should entrench themselves along a line that can be easily held, so that they may be able to resist any effort on the part of Soviet Russia to bring overwhelming forces against them in the future.

FIGHTING FOREST FIRE IN WYOMING Hundreds of Sheep Are Thought to Have Been Killed by Flames

Sheridan, Wyo., Aug. 27.—Fire is sweeping the eastern base in the Big Horn district to-day despite efforts of a fire fighting force to check it. Three other crews are en route. No lives have been lost but hundreds of sheep are thought to have been killed. More than 100 acres of splendid timber have been burned already. This has been an unusually dry season. The origin of the fire is unknown, but it is thought to have been an abandoned camp fire.

SCHOONER AGROUND; STEAMSHIP MISSING Schooner Defiance in Trouble Near Gray's Harbor; S.S. Tenzan Maru Unreported

Portland, Ore., Aug. 27.—The port of Portland tug Wallua was reported stormbound at Astoria to-day, efforts to cross the Columbia River bar on a trip to Gray's Harbor to assist the schooner Defiance being unsuccessful. According to reports to the Merchants' Exchange here, the Defiance from Gray's Harbor to Honolulu, was reported to have gone on the rocks just outside that harbor. A seventy-five-mile gale was reported raging outside the Columbia bar.

Tokio, Aug. 27.—The Japanese steamship Tenzan Maru, chartered by the Hudson's Bay Company, which left Montevideo for Antwerp May 17, has not been heard from and it is believed she foundered.

TOO MUCH HAPPINESS. He—"Why are you crying, dearest? Did I offend you by my proposal?" She—"Oh, no, dear, it's not that. I am crying for pure joy. Mother has always told me that I was such an idiot that I wouldn't get even a donkey for a sweetheart, and now I've got one after all."

Let Your Own Ear Be The Judge Hear the Phonograph First, Then—Listen to the Salesman You do not require to be a musical critic to detect the vast difference in tone quality in the various phonographs. VICTORIA CITY, 1920 TAX SALE Of Improved and Unimproved City Property will be held on TUESDAY, OCTOBER 5TH, 1920 at 10 a.m., in the Council Chambers, City Hall. At the above time I will proceed to sell by public auction all real properties in arrears for 1916 and previous years, together with all properties in default on which taxes are being paid on the installment plan. In order to prevent real property from being sold, it will be necessary before that date to pay: CLASS "A" Those who are paying arrears on the ten year payment plan must have paid each instalment due, including that falling due on the 15th September of the present year, together with interest at 6% and all taxes, General and Local Improvement, for the years 1916 and 1919. CLASS "B" Those who owe arrears of taxes, either General or Local Improvement, for the year 1916 or any previous year must pay in either of the following ways: 1. All arrears to the end of 1916 and interest at 6%. 2. Or all arrears to 31st December, 1919, in full, in which case 15% of all General Taxes will be deducted, and the interest on same will be cut in half. 3. Or ten per cent. will be deducted from the General Taxes and accrued interest thereon if One Tenth of the remainder, together with interest at six per cent. from the 1st January last, is paid. Nine years will then be given to pay the balance (one tenth each year). Interest on these payments will be charged at six per cent. instead of eight per cent. Tax Notices for 1920, showing all payments in arrears, due and accruing due have been sent out according to law. Bring your Tax Notice to me at once and get statement of exact amount you will require to pay under your choice of the above settlement plans. Investors and others may secure lists of properties liable to be sold at this Tax Sale at my office any time after September 17th, 1920. IMPORTANT Owners not liable to have their properties sold in this 1920 Tax Sale but who owe arrears for 1919 only, or any previous year or years, may settle on either of the last two plans. These are money-saving settlement plans and will avoid danger of next year's Tax Sale, but must be taken advantage of before October 5th. On October 4th these options cease. EDWIN C. SMITH, City Hall, Victoria, B. C., August 25th, 1920. Treasurer and Collector.

DAIRE BLACK MAKES SENSATIONAL SCORE IN OPEN TOURNAMENT Ottawa, Aug. 27.—Davie Black, of the Shaughnessy Heights Club, Vancouver, furnished the most sensational score in this morning's play in the Royal Canadian Golf Association's open championship tournament at the course of the Rivermead Golf Club. After making a disappointing showing in the first and second rounds, Black recorded his best form this morning and shot a beautiful round of 71. This is the lowest score yet made, but as Black was well down the list yesterday it is doubtful if it will avail him much unless George Ayton or some of the other leaders should slump this afternoon. Douglas Edgar, present champion, went around in 74 with a 37 each way and Charlie Murray had a 72. J. B. Kinnear, Winnipeg, made 81. Charlie Black, 259; George Love, 223. The cards for the other leaders of yesterday have not yet been turned in. Mrs. Pomeroy is an expert on loans. Her long suit is "Well, I do declare, if I haven't come away from home and left my purse behind. You pay it this time and I'll pay it next time." SAANICH BY-LAWS Water in Gordon Head Means Greater Security To Berry Crops First class Berry Land produces first class returns and will easily bear the cost of an Irrigation System. But what about land that does not require irrigation and will still produce these results. It is quite erroneous to think that it's only the high priced lands that are capable of producing these returns. There are hundreds of acres that once cleared and planted will produce like results which are being sold by The Vancouver Island Fruit Lands Ltd. for \$14 per acre on easy terms without interest. Why not do as others have done and are doing, whilst you are in a good buy says a small amount, say \$5 every year and purchase ten acres and gradually improve it whilst you have the money and then as soon as you are on a producing basis, be done with paying rent and cease worrying about work which values are slack. Call on the Belmont Building and investigate the Vancouver Island Fruit Land Ltd. office

Imperial Press Party Includes Leading Men In Empire's Management

"Who's Who" of the Party Which Arrived To-day on Visit; Numbers Men Prominent in Literature and Politics.

Representing the newspapers of the British Empire, the accompanying Who's Who of the Imperial Press Conference delegates will be read with interest as showing how manifold are the activities of the men who came to Ottawa for the conference, and now after an extended journey in Canada, reach the most westerly city. While some of the delegates found it impossible to stay with the party throughout its tour, the majority continue with the president, Lord Burnham, who in addition to his parliamentary work, has long taken an active interest in press organizations. Sir Lord Burnham and Major Mitchell have passed the chair of the Institute of Journalists, and several other delegates have held office in that influential body.

The delegates include:
VISCOUNT BURNHAM.
Viscount Burnham, president of the Empire Press Union and proprietor of the London Daily Telegraph and many other publications, succeeded his famous father in the title and estates in 1916. Before that, however, he had made a name for himself both in and out of parliament.
Harry Lawson Webster Lawson, M.A., J.P., the second Baron Burnham, was born in London in 1862. He is the son of the first Baron Burnham and of Harriette Georgiana Webster. In 1884 he married Olive, second daughter of General Sir Henry de Bathe, fourth baronet of the name. He has one daughter.
Baron Burnham was educated at Eton and Balliol college, Oxford, and was M.P. for West St. Pancras from 1885 to 1892; for East Gloucestershire, 1892-1895; for Tower Hamlets Mile End division, 1905-1906, 1910-1916. He was mayor of Stepney 1906-1909. He was chairman of the labor advisory committee, London, 1914. He owns about 5,000 acres of land.
Baron Burnham is publisher of the Daily Telegraph and a number of magazines. His recreations are rowing, hunting and shooting. His heir is Hon. W. A. Lawson.
R. A. ANDERSON.
R. A. Anderson, representing the Irish Homestead, writes himself as a Scottish-Canadian. He was appointed secretary to the Irish Agricultural Society at its inception in 1894, and still holds that position. He is a director of the Irish Homestead, a weekly paper edited by Geo. W. Russell (A.E.), poet, painter and economist. The Irish Homestead is the organ of the Irish Agricultural organization movement, but it is not the official organ of the I.A.O. Society. It is free to criticize the work of that body, and its editor does not hesitate to do so when occasion arises.
LORD APSLEY, D.S.O., M.C.
Lord Aspley, representing the Morning Post, is the eldest son and heir of Earl Bathurst, the head of an ancient family which has given to England a Lord Chancellor in the second earl, and a secretary for war in the third bearer of the title. Lord Aspley's mother, Lady Bathurst, is the only daughter of the late Lord Glenesk, under whose title the Morning Post, the oldest of the London daily papers, rose to the influential position in the British press it now occupies. Born on August 3, 1895, Lord Aspley was educated at Eton and at Christ Church, Oxford. On the outbreak of the Great War he obtained a commission in the 1st Royal Gloucestershire Hussars Yeomanry, with which he served in Egypt and Palestine from 1915 till the end of the campaign in 1918. He rose to the rank of captain, was mentioned in dispatches, gained the Military Cross in July, 1917, and was awarded subsequently the Distinguished Service Order.
DUDLEY BRAHAM.
Dudley Braham, editor of the Sydney Telegraph, had a career of great interest as a journalist in Europe before going to Australia in 1914. He was at first in the London Times office in Berlin where he was a very young man, later becoming their correspondent in St. Petersburg. From Russia he was expelled in 1905 because of the attitude of his paper over the Kishineff massacre. Thereafter he represented the Times in Constantinople and travelled extensively in South Europe. He was foreign and imperial director of the Times for three years before going to Australia.

AUGUSTO BARTOLO.
Augusto Bartolo, B.Lit., LL.D., was born October 10, 1858, at Lilla, near Malta. He is a Life Fellow of the Royal Colonial Institute, London, and Associate of the Empire Press Union. For several years he edited the Daily Malta Chronicle, the leading paper in Malta, owned by his father, Mr. Antonio Bartolo, M.B.E. In 1911 (Coronation year) he represented the paper at the meetings and conferences of the Empire Press Union in London. During the war he was closely associated with Red Cross work in Malta, was mentioned in local dispatches and received special thanks from headquarters.
W. A. BRENNAN.
William Adrian Brennan, representing The Argus, Melbourne, Australia, is the seventh son of the late Michael Brennan, J.P., and of Mary Brennan. He was born in Scotland, near Bendigo (Victoria) on April 29, 1871; educated primarily at State School, Sedgwick, and later privately by the late Captain H. R. Bettison. He entered the public service of the State of Victoria in April, 1887. He joined the staff of The Argus, July, 1901, and became leader of the parliamentary staff in 1906. In 1911 he became chief of the reporting staff, and in 1916 was appointed a leader writer, occupying that position since. He is an authority on political economy, history and general English literature.
MISS BILLINGTON.
Miss Mary Frances Billington of the London Daily Telegraph is the only woman delegate to the Imperial Press Conference. Miss Billington has been twice to

in France in connection with the work of women.
JOHN T. CLAYTON.
John T. Clayton is editor and general manager of The Craven Herald and its allied industries. The Herald is published at Skipton, the ancient capital of Craven, in the centre of the Yorkshire dales. He has been with the firm thirty-three years. He is a member of the executive of the Institute of Journalists, a Fellow of the Institute and a past chairman of the Yorkshire district. This year he is president of the Yorkshire Newspaper Society, the oldest body of its kind in the country. He had his newspaper training on The Preston Herald, Preston, Lancashire—at that time an important county newspaper.
JOHN PHILLIP COLLINS.
John Phillip Collins, member of the executive of the Institute of Journalists, which he represents at the Imperial Conference, and London correspondent of the Civil and Military Gazette of Lahore, India, was born in 1870 and is of Irish descent. He was educated at St. Thomas and St. Edmunds, a Benedictine foundation. He has occupied important post-

Capitals Drag Game Out Of Fire by Great Rally

Held In Check By McKay For Five Innings, Victoria's Slugging Crew Breaks Loose; Brown and Zienke Hit Home Runs in Sixth; Cunningham Was No Puzzle to Giants.

Victoria, 6; Seattle, 3.

About seven hundred fans braved the threatening weather last evening and witnessed a baseball game much to their liking.

President O'Brien paid a visit to Seattle last week-end, and while there obtained a pitcher from the Seattle Coast League team.

The new pitcher carried the name of Cunningham. Evidently the Seattle team were quite aware that they were not handing Mr. O'Brien a diamond, although there is no denying that he may be a rough off and with a lot of coaching will make a winning pitcher.

The Trouble Starts. Cunningham blanked the Giants in the first two innings and struck out four men, but the effort must have weakened him, for he collapsed in the third.

McKay, of whom a lot of regard can be said, started out with the intention of starving the Capitals to death.

Things happened quickly in the sixth inning. Leard started with a wicked slash to left and Brown raised the hopes of everyone by dropping a high ball on top of the right field fence and it very obligingly lost its way.

V.A.S.C. HOPEFUL OF RETAINING CUP

Team Will Meet Stiff Opposition From Vancouver and Other Local Teams

"We realize that the competition this year will be very keen but our team is in good shape and we expect to be able to retain the cup," declared one of the officials of the V. A. S. C.

The V. A. S. S. has a very fast and strong team and hopes to stand off the two teams which have been entered by the Victoria Water Polo Club and the Vancouver Amateur Swimming Club.

The programme, which will commence at 2:30 o'clock, is as follows: 50 yards junior championship of British Columbia.

200 yards relay race for firemen, policemen and postmen. 50 yards dual crawl. Fencing contest.

100 yards ladies' championship of British Columbia. Final water polo championship.

The Canucks are tremendously popular at the Olympic Games. Yesterday afternoon when George Vernot, the Montreal boy, won his heat in the 400-metre free style swimming race over Kabter, of the United States.

"We are not taking as many first places as we had counted on, and some of our stars are being shut out in most scandalous fashion.

"The games have served a fine purpose. They have lunched us out of our complacency. We are learning every day that we are not the unbeatable track and field wonders which we probably thought we were.

MATSON AND GRANT SCORED CENTURIES

Victoria Batters Were in Great Form Against Cowichan—Olbs Still Leading

Two centuries were recorded in the fourth day's play of the cricket tournament. Jack Matson and G. C. Grant, playing for Victoria, found the bowling of Cowichan much to their liking at the Jubilee Hospital grounds yesterday afternoon and ran up large scores. Matson was top man with 124, while Grant put on 193.

Victoria declared an inning for five wickets. Cowichan batted strongly. Hayward and Levy, working in a fine partnership, but were all out for 185.

Nanaimo Did Well.
Nanaimo turned in a surprisingly large total over the Garrison. Westwood batted 63 runs. Most of the Garrison wickets fell quickly. Major Cobbett made a good stand and batted 52 not out.

The Olbs had an easy time with the Army and Navy Veterans at the Canterbury grounds. The Veterans were all out for 157, Welch being high scorer with 48. The Olbs batted 160 for four wickets and declared an inning. At the University grounds the Vancouver team fell before the Incogs in a close game. Vancouver went to bat first and scored 122. The Incogs played steadily and ran up 152 in their inning.

Congos were weak against the Five C's at the Beacon Hill pitch. In the first inning the Congos' wickets fell for 32 runs and in the second they could do no better than 61. The Five C's won by ten wickets.

Rain Interfered.
Rain interfered with this morning's play in the cricket tournament. The games were scheduled to start at 11 o'clock but were postponed until 12:30 o'clock in order to allow the pitches to dry off.

HIS HOPES WERE DASHED AGAIN.
A family in an Eastern city includes several children, but only one—the eldest—is a boy. The little lad longed for a brother. Recently the house was filled with a nurse who had appeared on the scene came to the little boy.
"What do you think you've got?" she asked him.
"A baby brother!" fairly gasped the youngster.
"No, dearie, it's a baby sister," replied the nurse.
"Aw!" groaned the youngster, "am I goin' always to have to sift those ashes?"

Some Reasons Why **SPROTT-SHAW** Enjoys Such Wide Patronage

Where the School is Located
Pemberton Building Fort and Broad Streets

1. Expert Teachers

A specialist in charge of each class—an expert—not one who tries to teach all subjects.

2. Instruction

The Sprott-Shaw method of individual instruction ensures each pupil's progress according to his own industry and ability. No one is held back for a class and no one is promoted until he knows his work thoroughly.

3. School Premises

The school occupies 20 rooms in the Pemberton Building, corner Fort and Broad Streets. This building is clean, bright and airy, and in many other ways ideal for students.

4. Equipment

The equipment of our school is complete in every detail. Along with the standard school equipment there will be found adding machines, duplicating machines of several kinds, filing cabinets, dictaphone, and many other approved labor-saving devices. Our Wireless Department is completely equipped for giving instruction in radio-telegraphy. A standard Marconi 1/4 K. W. set is installed.

5. Courses of Study

Commercial, Stenography, Secretarial, Retail, Higher Accounting, Wireless Telegraphy, Civil Service, Line Telegraphy, Collegiate (University Matric, Jr. and Sr.) Coaching for exams of R. C. L. S. Law Society, Dental School and Society.

6. Collegiate Department

The school has recently secured the services of A. G. Smith, Esq., M. A., the former Principal of the Victoria High School. Mr. Smith is Principal of our Collegiate Department.

7. Positions for Graduates

We take care of the placing in satisfactory positions of all graduates. There is plenty of call for good help of all kinds. All graduates, those who hold the Sprott-Shaw diploma, receive continuous free service of our placement bureau.

Lumber Plant
Port Alberni—About a mile north of Alberni and a quarter of a mile east from the Beaver Creek road, there is an active little industry humming. It is known as the Beaver Creek Lumber Company, the principals being C. J. Clarke, B. I. Hart and Norman McEachran, all of whom are expert mill men and were, until recently, in head positions in the Alberni Pacific Lumber Company's mill in Port Alberni. With a number of assistants they are felling and cutting the trees surrounding their plant and have already made shipments of lumber to points as far east as Montreal. In addition to their export business they have manufactured a number of railway ties for the E. & N. Railway Company and rough lumber for the local market. They are, at the present time, completing an order for 1,000 fish boxes for the Wallace Fisheries Ltd., Kildonan. One half the order was delivered last week. Port Alberni News.

I.O.E.E. PROTESTS AGAINST REMOVAL

Pass Strong Resolution Condemning Suggestion To Move Craigdarroch Men

Daughters of the Empire joined in the general protest against the proposed removal of convalescent patients from Craigdarroch to Vancouver, when members and officers of the Municipal Chapter at a special meeting held at the home of Mrs. Andrew Wright, "Riggs time," Uplands, yesterday afternoon passed the following resolution: "That in the opinion of the members, and of the officers of the Municipal Chapter of the Imperial Daughters of the Empire, the suggested move of any patients, convalescent or otherwise, from the hospitals of Victoria to a hospital in Vancouver, is not in the best interests of the patients. "That such a move would be unreasonable, and would be a source of great hardship to many men who have already been separated from their families for long time. This resolution is being forwarded to Hon. S. P. Toimie, in Ottawa, immediately.

WOMAN WRITER ON CANADA'S FINANCES

Miss Agnes Laut, Eminent Economist, On Visit To Victoria

A clarion call to Canada to take advantage of the present world opportunity and win over the wealth and industrial genius of America to the development of her natural resources of mine and forest and field and scenery, was sounded by Miss Agnes C. Laut, the well-known writer and investigator, who reached Victoria yesterday on her tour. Miss Laut will leave here shortly for the North for a canoe trip down the Peace River country to investigate the wheat land and all prospects of that great district. She has been making a leisurely trip across Canada since June 1, amassing a great amount of facts and working out a number of observations and conclusions. She had travelled through the East and the Prairie Provinces and has seen the glories of Jasper Park while on her way to the coast.

Though for the past twenty years she has lived in the United States she still retains her Canadian nationality. She was born in Ontario, and lived for many years in Winnipeg, where she was an editorial writer on The Manitoba Free Press. Her grandfather was a former principal of Queen's University.

"Does Canada realize that she stands at a critical peak in her life and must either go forward to make her production catch up with her inflated currency or go downward and be pounded by the process of deflating the dollar?" asked Miss Laut in the course of an interview. Then she explained, "I have spent most of my time of late in Mexico," she said. "Mexico has a foreign capital investment of \$2,500,000,000, of which the United States has supplied half. Great Britain \$400,000,000, Canada \$400,000,000 and Continental Europe the rest. With the exception of sea capital invested in the Mexican oilfields, which had to be kept open for the sake of fueling the Allied fleets, the whole of that foreign capital is now the subject of confiscatory legislation.

The Opportunity. "Where is the United States going to invest her surplus wealth?" she said. "Europe which already is \$5,000,000,000 in her debt. There is hardly a safe place for money in Europe. Canada presents the great opportunity for the investment of money in a land of great natural resources and facility for transportation, so long as capital is assured of comparative security. There is where Canada is to have the chance of a century if her statesmen are alive to their opportunity.

Fear of nationalization of railroads and other enterprises and ordinary "fear of the dark" is holding back investment from Canada, says Miss Laut, who also believes the policy should be adopted of extending large facilities to developing companies and of giving them the lightest possible taxation until such time as they are marketing their products.

Miss Laut intimated that many important interests are now sounding out the field for investment in this province, the great "suburbs" fields at Bear Creek in the Prince George district, the potash deposits of the Liard River and the enormous timber, pulp and mineral resources being the subjects of reports. "You have a great middle empire along the line of the G.T.P.," she declared, predicting that "Essex-Bupper" will become the "Seattle of the North" with the certainty that a "Spokane" will spring up to act as distributing station.

Better Marketing. "The greatest immediate need if Canada is to get the best out of her present industrial resources, declared Miss Laut, is for the formation of one or more great marketing organizations.

"Let me illustrate," she said. "Here in B.C. you sell lumber. Last Fall I bought a lot of it in New York, paying from \$19 to \$20 a thousand for B.C. lumber. I find that the mills here received only from \$15 to \$20 per thousand with from \$21 to \$24 added as freight. With proper organization Canada should have had the benefit of nearly all that \$50 or \$120 instead of a fraction of it."

While at Prince Rupert Miss Laut traced a consignment of a million feet of lumber sold by the mill at \$25 per thousand. On its way across the continent it was resold five different times by the stroke of a pen, each broker taking \$15,000 profit out of the deal. The lumber ultimately sold for \$120 per thousand in New York. "Canada should have got a million feet of that lumber what she did. Most of the benefit of your lumber went to brokers sitting in offices east of Minneapolis," she said. "Pure from Prince George which brought \$250,000 there and for more

than \$2,000,000 before they reached the final buyer. Pulp which brought the B.C. mills from \$99 to \$110 a ton with from \$11 to \$24 freight added sold in the United States for from \$220 to \$230 a ton.

Sell to Consumer. "Canada got \$80,000,000 for the sale of her newsprint last year. She should have got nearly \$1,000,000,000 if she had perfected her selling organization so as to sell direct to the consumer like the citrus growers of California do with an overhead expense of less than one-half of 1 per cent, and only one profit allowed," declared Miss Laut in pointing out that Canada could easily retire her war debt if her marketing methods were perfected, even if her production remained as at present. But as for that, she declared, there should be fifty great pulp plants on the B.C. coast instead of the two she visited.

Only for ladies who end corns

Dainty shoes are only for those who pare corns and keep them. Or they pad them. Or they use a treatment harsh and ineffective.

The way is simple, quick and easy, and is sure. Millions of people employ it.

Apply Blue-jay, the liquid or the plaster. That touch will stop the pain.

Then wait a little and the corn will loosen and come out.

Then why does anybody suffer corns? Just because they don't know. They

pare corns and keep them. Or they pad them. Or they use a treatment harsh and ineffective.

Blue-jay is scientific. This world-famed laboratory created it.

Year after year, it is keeping millions entirely free from corns.

Perhaps half the corns that start are now ended by it.

Ask your druggist for Blue-jay. Learn tonight how much it means to you.

COL. CUNNINGHAM WILL DRAW Chief Inspector of Fisheries Has Tendered His Resignation Vancouver, Aug. 27.—Announcement of the resignation of Colonel F. H. Cunningham, Chief Inspector of Dominion Fisheries for British Columbia, was made this morning by Hon. C. C. Ballantyne, Minister of Marine and Fisheries. Colonel Cunningham's resignation will take effect December 31. No successor to Colonel Cunningham has been named. The announcement was made by Mr. Ballantyne before a delegation from the British Columbia Salmon Cannery Association this morning. Admiration for the manner in which Colonel Cunningham carried on his duties was emphasized by both the Minister and representatives of the cannery industry.

Ballantyne Says Dominion Government Intends To Continue Development of Port of Vancouver Vancouver, Aug. 27.—It is the intention of the Dominion Government, if given proper support by the citizens of Vancouver, to spend millions of dollars in making the port of Vancouver one of the best in the world. Hon. C. C. Ballantyne, Minister of Marine and Fisheries, today told a delegation from the Board of Trade which had addressed him on port charges.

Without doubt, you would greatly benefit by the tonic, bracing, brain-clearing effect of taking ENO regularly. Just a dash in a glass of water, every morning on rising, would clear away the harmful residues which have accumulated, purify the blood, and fortify your system. Then, too, you would vanish those strange languors and minor complaints that are but the symptoms of a disordered internal system. Start to-day and note the happy ENO effect.

WALL STREET STOCKS CLOSE FIRM TO-DAY (By Burdick Brothers Ltd.) New York, Aug. 27.—The stock market as a general preparation exhibited a very strong appearance to-day, particularly in the rail department of the list, where a very impressive class of buying was observed in stocks such as Reading and Southern Pacific. There seems to be a feeling that these two so-called railroad stocks are in the process of accumulation.

TO-DAY'S TRADING IN WINNIPEG MARKETS Winnipeg, Aug. 27.—The local wheat market was very active during the early part of the session to-day and both future months made rapid gains due to strong closing of export houses. BYLAWS DEFEAT SHOWN IN ACTION

Saanich Council Removes Engineer and Road Superintendent From Office

Determined that the forthcoming months should see the economy mandate of the Saanich ratepayers enforced to the limit, and at the same time endorsing the action of Reeve Watson in suspending Engineer Milne, the Saanich Council early this morning voted to dispense with Mr. Milne's services after the end of September, and also discharged Road Superintendent Girling.

Reeve Watson reported that on August 13 last he had, pending confirmation by the council, suspended Engineer Milne as a consequence of his having frequently left the district and Vancouver Island without notifying the Reeve; had not, in his opinion given the council satisfaction in his work; had permitted changes in the specifications for the repair of the hard surfaced highways laid by the Warren Construction Company, on which the guarantee bonds are about to expire, and had failed to give reports asked for, and was frequently not on hand when business was awaiting attention.

Councillor Henderson said with feeling, "Four reasons may appear to you to have been sufficient, but I must say that I personally would not have taken that action. I should at least have given him a chance to resign." Reeve Watson interjected, "I did, some two months ago, and several times since, he was given such opportunity."

Rebuts Statements. Councillor Henderson replied with emphasis, "Mr. Milne has prepared for us a sewerage scheme which, with but slight amendments, met the approval of the highest qualified man the Provincial Government has on its staff. Gentlemen, that one task was ample for any engineer's attention. I regret indeed that you, Mr. Reeve, have considered it necessary to take this step before the council could consider the matter." After Reeve Watson had reiterated his charges, Councillor Henderson resumed, "That man was put in an impossible position. He had no authority, and I don't blame Mr. Milne, although I have been greatly dissatisfied with the work done by the Works Department this year."

Wants Both Heads. Councillor Brooks remarked he personally had always been opposed to the employment by Saanich of an engineer. Councillor Graham said he had been extremely dissatisfied with the work done on the roads this Summer and concluded, "I consider it will be better if we ask both Mr. Milne and Mr. Girling to resign, and get a complete new staff for the department."

Preferred Milder Course. Councillor Clark said that while he thought the Reeve was apparently justified in his action, added "I would have preferred a course which would have given a municipal official his release with a better grace. While Mr. Milne was the head of the Works Department, I am satisfied he was solely responsible for the mismanagement of the past year, and I object to his suspension unless the acts of other officials be also considered," he said.

Ever Had Breakdown. Asked if he could explain Reeve Watson's reference to absence, Clerk Cowper said that Engineer Milne has suffered a breakdown in his health a few weeks ago, had been advised to take a holiday and had stated, at the time the bylaws were before the Council for adoption, that as soon as they were passed he would take a vacation. He had gone away the day after the bylaws were adopted by the Council.

Gossip Killed Bylaw. Councillor Dooley charged the suspension with a deft effect on the failure of the bylaws to pass at the polls. "Gossip as to your action got around, Mr. Reeve, and I say that the suspension is regrettable for its effect on the bylaws. The Reeve has placed this Council in an uncomfortable position; we must either endorse his action or refuse him support." Turning to Reeve Watson he said: "If the Council reinstates Mr. Milne, it pretty well flattens you out, Mr. Reeve, even though the Engineer is afterwards told his services are no longer needed owing to the failure of the bylaws."

Councillor Fim then moved that the action of the Reeve be sustained and the Road Superintendent also be given one month's notice, but Councillor Dooley protested against coupling the cases, and Councillor Henderson, as an amendment, moved "That the action of the Reeve be endorsed and Engineer Milne notified that he stands suspended until the end of September, after which his services will not be required." This motion carried with everyone except Councillor Fim in support.

Also Release Mr. Girling. Councillor Dooley then tried to move the adjournment before the question of the Road Superintendent could be settled, but was overruled, and a motion by Councillor Clark that the services of Road Superintendent Girling be dispensed with was adopted, with Councillor Dooley asking to be recorded in opposition.

Mr. Milne was appointed Municipal Engineer in Saanich last December, in order that the sewer and water schemes might be prepared to be before the voters.

G. G. Girling has been Road Superintendent since 1915, when Municipal Engineer Johnston resigned to go overseas.
