## FIRE-PLACE HEATER.

The above Cut represents a Heater to set in the fire place, and heat the basement, parlor and second story. It has been tried for several years, and has been proved that it is more economical and more durable than any other heating apparatus in use. It is handsome in its appearance, and is warranted to give satisfaction.

# STREET AND AVENUE DIRECTORY

OF THE

## CITY OF BROOKLYN.

Showing the position, commencement, and termination of each Street, Avenue, Place, Lane, Court, Alley, etc., in the City, with the junctions and crossings of the intersecting streets; also the number of the building at the corner of the street, avenue, etc., where there is any.

When there is no house on the corner, or where the corner house fronts on the crossing street, the number nearest the corner is given, and a \* placed before it, to denote that the number is not to be looked for on the corner of the street or avenue above named.

A — denotes that there is no number on the corner.

A † placed in the right or left column denotes that the street does not extend to that side of the one under whose heading it is found.

As a rule the numbers will be found to commence westward, and northward from the opening of the street or avenue, even numbers occurring generally on the right hand side.

### EXPLANATIONS.

If you wish to find the location of any number—for instance, 115 Bridge street—on consulting the Directory you will observe that 105 Bridge is on the left-hand of that street, and on the corner of Prospect, and 129 Bridge is on the left hand corner of Sands; hence the desired location of 115 Bridge is between Prospect and Sands, on the left-hand side.

The capitals E. D., when placed after a street, avenue, &c., denote that it is in the Eastern District.

### TESTIMONIALS.

The Horace Waters' Pianos are known as among the very best—*N. Y. Evangelist.*

We can speak of the merits of the Horace Waters' Pianos, from personal knowledge, as being of the very best quality.—*Christian Intelligencer.*

The Horace Waters' Piano are built of the best and most thoroughly seasoned material.—*Advocate and Journal.*

Waters' Pianos and Melodeons challenge comparison with the finest made anywhere in the country.—*Home Journal.*

Our friends will find at Mr. Waters' store the very best assortment of Music and of Pianos to be found in the United States.—*Graham's Magazine.*

MUSICAL DOINGS.—Since Mr. Horace Waters gave up publishing sheet music, he has devoted his whole capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a Catalogue of his New Instruments, giving a New Scale of Prices which show a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the flaming advertisements of rival piano houses, probably overlook a modest manufacturer like Mr. Waters; but we happen to know that his instruments earned him a good reputation long before Expositions, and the "honors" connected therewith were ever thought of; indeed, we have one of Mr. Waters' Pianos now in our residence (where it has stood for years), of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on the same piano, and all pronounce it a superior and first class instrument. Stronger endorsement we could not give.—*Home Journal.*

MUTUAL.

ORGANIZED 1845.

**ASSETS OVER \$14,500,000.**

This long-established and always successful Company issues ALL THE VARIOUS KINDS OF POLICIES at the lowest rates consistent with safety and the best interests of the members. Every Policy-Holder is a member. IT IS STRICTLY MUTUAL. ALL THE PROFITS are divided annually among the insured.

ITS EXPENSES ARE LOWER THAN ANY OTHER COMPANY. Dividends are declared on each and every premium paid. They may be left to accumulate till the policy becomes paid up, or applied to the reduction of premiums. BY THE NOTE SYSTEM, IT MAKES THEM AVAILABLE AT THE TIME OF PAYMENT, and not at the close of the first or succeeding years. *This enables the party to be insured from the first for double the amount than by the all-Cash plan.*

This Company unites both the all-Cash and Note plans, and hence THE INSURED HAS ADVANTAGES MUCH GREATER THAN AFFORDED BY EXCLUSIVELY ALL CASH COMPANIES, and Policies are often saved, when in the latter they would be lost.
