To search for specific names, type keywords into the search bar in your PDF reader. If a keyword search doesn't turn up expected results, we recommend that you also scroll down into the alphabetical listings to search for the name, as the text-recognition software is not perfect.

The table of contents below can also give you an idea of where to look within the document for other kinds of information listed in the directory, like street guides, government listings, and advertisement indices. Note that the PDF page number and the original directory page numbers are different, because the color-printed advertisement pages in the directories were not numbered.

Condition of the Company January 1st, 1868.

**Total Assets, - 509,684.89**  
**Actual Surplus, 279,160.15**

*Being nearly One Hundred and Forty per cent. (140) on the Capital.*

The BOARD OF DIRECTORS have this day declared the usual Semi-Annual *Interest Dividend of Three and One Half* per Cent., Free of Government Tax, payable on demand.

In presenting the Annual Statement of the Company, the Officers have pleasure in pointing to its favorable condition, and congratulating its Stock Holders, Policy Holders, and friends generally, upon the satisfactory results of the business of the year just terminated.

Extract from the Annual Report to the Superintendent of the Insurance Department:

The *Script* issued by this Company, for accumulated or *reserved profits*, can in no sense be a present or even a prospective liability, except in the following contingency, which is the terms of its issue, viz:

"Whenever the said *Script Fund* shall exceed Five Hundred Thousand Dollars, the Board of Directors shall thereafter apply the *excess* thereof annually towards the *redemption of the Script*, commencing with that earliest issued."

The *Script Fund*, standing on that condition, is a clear, unfettered, inalienable indemnity to the Policies—as much so as the Capital.

The sensible and frank avowal of the Great National Board of Underwriters, and also of the Boards of this and other cities, that our Policies on the "participation plan" are better Insurance—worth ten and twenty per cent. more—than the Policies of the Non-Participating Companies (being "iron-clad," as it were, by the large *Script Fund*), has had the beneficial effect to largely increase the business and prosperity of the Company—thereby extending its usefulness and advancing the interest and security of its Policy Holders.

The Company will continue, as heretofore, to Insure respectable parties against Disaster by fire on the *Participation Plan*, or "in the Old Fashioned Way," as may be agreed upon. The prompt and liberal adjustment of losses, when "fair and square," will also continue the speciality of the Company.

# PREFACE.

---

ACCORDING to previous announcements, our present edition is issued with the addition of a carefully compiled Business Directory, giving, in addition to the alphabetical list of names, the names and addresses of all persons (in this city) doing business on their own account, arranged together under their respective headings.

We believe the time has now come when a Business Directory for this city is as much a necessity as the General Directory, and we combine them in one volume that it may be conveniently and readily referred to; by so doing it also enables us to keep the price of the work at a lower figure than if we issued each separately.

The Street Directory has been revised, and gives the numbers of the corner houses more correctly than formerly; but as there are a large number of houses which have no number, it is impossible to give the corner number in every instance.

It is not our desire to complain or find fault, but there are some of our citizens who might aid in rendering the Directory more perfect by giving our canvassers the proper information, instead of telling them to take it from the sign or door-plate, and in some instances refusing to give any information.

We have spared neither expense, labor, nor pains to have this issue as complete and correct in every respect as possible.

The extra expense attending the compiling and printing of the Business Directory renders it absolutely necessary to increase the price of the work; but as we desire to have it kept as low as possible, the advance will be only fifty cents per copy. When it is considered how much additional information is furnished in the Business Directory, this small advance is certainly reasonable.

We take this opportunity to thank our patrons for their support, and are glad to know that our efforts to secure a reliable Directory are appreciated.

BROOKLYN, June, 1868.

# EMPIRE SHUTTLE SEWING MACHINE.

RECEIVED THE FIRST PRIZE  
AT THE

**Great Fair of the American Institute,**

IN NEW YORK, OCT. 26, 1867,

AND HIGHEST PREMIUM FOR

## BEST MANUFACTURING MACHINE

— AT —

PARIS EXPOSITION, JULY, 1867.

### No. 1 Family Machine.

THIS MACHINE is constructed on a new principle of mechanism, possessing many rare and valuable improvements; having been examined by the most profound experts, and pronounced to be SIMPLICITY and PERFECTION combined.

It has a Straight Needle, Perpendicular Action, makes the LOCK or SHUTTLE STICH, which will NEITHER RIP NOR RAVEL, and is alike on both sides; performs perfect sewing on every description of material, with cotton, linen or silk thread, from the coarsest to the finest number. **It Hems, Fells, Binds, Braids, Tucks, Quilts, Plaits and Gathers.** As a family Sewing Machine it has no superior.

Special Attention is called to our New Improved  
**Nos. 2 & 3—Manufacturing Machines.**

They have been thoroughly tested on every description of Cloth and Leather Work, running by Steam Power at the rate of

**1,200 STITCHES PER MINUTE,**

Producing more than double the work of any other Shuttle Machine now in use; the stitch is tight, uniform and beautiful; they are simple in construction, easily understood, and not liable to get out of order; run light and are comparatively noiseless. For Tailoring or Leather Work we claim that they are not only equal, but much superior to any other machine that has ever been offered to the public.

# THE ARION PIANO-FORTE

## MEDAL AND DIPLOMA.

**Grand Triumph over all other Pianos in Europe and America.**

THE ARION PIANO-FORTE, declared by the Judges at the late Fair of the AMERICAN INSTITUTE, held in September and October, 1867, to be

### THE BEST PIANO ON EXHIBITION,

And after a test trial, ordered by the American Institute, with Pianos of the successful exhibitors at the Paris Exposition, was declared by their Judges to be

### THE BEST PIANO KNOWN TO THEM.

After the above verdict was rendered by the Judges, the Institute "came down" handsomely by awarding us what we had so fairly earned, a MEDAL AND DIPLOMA. The Diploma is worded as follows:

**Diploma awarded by the American Institute to MANNER & Co.,**  
*For the best Square Piano-forte on Exhibition, and superior for its clearness and Brilliancy of Tone. Exhibition of 1867.*

HORACE GREELY, President.

JOHN W. CHAMBERS, Assistant Rec. Secretary.

SAMUEL D. TILLMAN, Cor. Secretary.

NEW YORK, October, 1867.

*American Genius Protected.*

Illustrated Price Lists sent (postage free) to all who write for them.

# THE KNICKERBOCKER MUTUAL LIFE INS. CO.

Is one of the soundest Institutions of the kind in America, as its per cent. of assets to liabilities show. During its existence it has issued policies upon the lives of more than twenty-five thousand persons, and has paid, in losses, over \$800,000 to the families and representatives of those who have deceased while members of the Company.

Special care in the selection of its risks, strict economy, and a safe investment of its funds, characterize the management of this Company.]

## POLICIES.

Policies granted for any amount from \$1,000 up to \$25,000, upon a single life, from the age of 14 to 60. All the different kinds of Policies are issued. Endowment Policies, payable at a certain age, or sooner if the party should not attain it. Ordinary Life. Also on the Non-Forfeiting Life plan, payable in FIVE or TEN annual premiums. All Policies that have had three or more premiums paid on them and lapsed, the Company will give a Paid-up Policy for the amount of profits on the original, if applied for within thirty days after the Policy has lapsed. If five or more annual premiums have been paid, no Policy of Insurance is void, except for false answers in the application, or for non-payment of premiums. Paid-up Policy will be given for the value of the premiums paid on surrender of the original.

## PREMIUMS, HOW PAYABLE.

Premiums are payable annually, semi-annually, or quarterly, in cash; or the party may give a note for a portion, if the annual premium is not less than fifty dollars.

## DIVIDENDS.

The business of this Company being MUTUAL, profits are divided among the policy holders. Dividends payable in cash, or added to policy, or applied to the reduction of premium notes. A policy on which the Company has received three annual premiums is entitled to three years' dividends on the first of January following the receipt of the last payment. The second dividend is declared on the first of January following the receipt of three more premiums, and so on. (The dividend on the last payment is as large as that on the first, which makes an average of eighteen months.)

## TEN YEAR NON-FORFEITURE POLICIES.

The Ten Year Non-Forfeiture Plan has so fully commended itself to the judgment of thinking men, that it has become the most popular mode of assurance, and is rapidly superseding the old method of life-long payment. It has received the approval of the best business men of the land, numbers of whom have taken out policies under it.

By the Table on which this class of policies is based, a person incurs no risk in taking out a policy. Insuring to-day for \$10,000, if he dies to-morrow the \$10,000 immediately becomes a claim; and if he lives ten years, and makes ten annual payments, his policy is paid up—nothing more to pay, and still his dividends CONTINUE DURING HIS LIFE.

## A LIFE POLICY A SOURCE OF INCOME WHILE LIVING.

The only argument of weight offered against Life Insurance is, that a party might pay for a number of years, and then, by inadvertance, inability, etc., not be able to continue paying, thereby losing all he has paid. The "Knickerbocker Life" has obviated this objection by its

### TEN YEAR NON-FORFEITURE PLAN.

BY THIS TABLE, A PARTY AFTER THE SECOND YEAR CANNOT FORFEIT ANY PART OF  
WHAT HAS BEEN PAID.

Thus, if one insuring by this plan for \$10,000 discontinues after the second year, he is entitled to a PAID UP POLICY, according to the number of years paid in, viz.:

Second year, two-tenths of \$10,000, [amount insured,] amounting to \$2,000, with dividend on same for life.

Third year, three-tenths of \$10,000, [amount insured,] amounting to \$3,000, with dividend on same for life.

Fourth year, four-tenths of \$10,000, [amount insured,] amounting to \$4,000, with dividend on same for life.

Fifth year, five-tenths of \$10,000, [amount insured,] amounting to \$5,000, with dividend on same for life.

And so on, until the tenth annual payment, WHEN ALL IS PAID, AND DIVIDENDS STILL CONTINUE DURING THE LIFE-TIME OF THE ASSURED.

# Knickerbocker Mutual Life Insurance Co.

## ENDOWMENT POLICIES.

These policies are coming into general request. As a sure and profitable investment for one's declining years, they deserve the attention of all. The sum secured by an ordinary life-policy becomes available upon the death of the assured; on the Endowment plan the amount is received by the assured himself upon his attaining a specified age, while full provision is made for death occurring prior thereto.

A new table has also been prepared, by which the Premiums can all be paid in ten years, and the Non-forfeiture benefit also secured. The dividends of return premiums will be apportioned from the surplus arising from this class of risks, and continue during the existence of the policy.

## PAYMENT OF LOSSES.

In proving the death of a party, it is desirable that affidavits should be procured from the party in interest, the attending physician of the deceased, one or more friends, and the sexton or undertaker having charge of the interment, and in all cases the identity of the party is to be clearly shown. The Company or its Agents will furnish the necessary blanks.

## WHAT THE PRESS SAYS :

"An eminently sound and reliable Life Corporation. The management are from among our best business men, and are noted for integrity and honorable dealings. The Company offers the most liberal advantages to members."—*New York Observer*.

"To a sound pecuniary basis, it unites an intelligent and careful control."—*Evangelist*.

"We regard the Company as being under excellent management, and in a sound financial condition."—*The Methodist*.

"Its annual statement exhibits a vigorous growth. It is a safe and reliable Company."—*Independent*.

"Shows first-class management and ability."—*N. Y. Commercial Advertiser*.

"A good Company beyond contingency."—*Tribune*.

"Sound, solvent, and affluent."—*Wall Street Underwriter*.

"The Knickerbocker is in the front rank of American Life Insurance Societies. We can heartily commend the office as one worthy of implicit confidence."—*Railroad Journal*.

## SOME OF THE ADVANTAGES OFFERED BY THIS COMPANY.

*The question is no longer, Shall I insure my life? but, Where is it to my advantage to insure?*

1. The Knickerbocker is mutual, because profits are divided among the assured.
2. It issues every desirable form of Policy.
3. It allows the insured to travel and reside in any portion of the United States and Europe, at any and all seasons of the year, without extra charge.
4. It throws out almost all restrictions on occupation from its Policies.
5. Its rates of Premiums are as low as any Company can offer and do a safe business.
6. It is most liberal in favoring Policy holders in payment of their premiums.
7. It will, if desired, take a note for part of the premium, thus combining all the advantages of a note and all-cash Company. This arrangement favors persons of small means, in securing about double the amount of insurance for the same cash payment that can be had in an all-cash Company. It favors capitalists, who can make their money earn more than average interest.
8. Its dividends are added to policies, or applied to reduction of Notes, or payable in Cash if no Note has been given.
9. Dividends have averaged 45 per cent. yearly.
10. All losses are paid promptly.
11. For the benefit of married women it issues policies which are beyond the reach of their husbands or their husbands' creditors. Creditors may insure the lives of debtors.

**Life Insurance**, for security and further accumulation, is as much to be sought after as the result of our continued daily toil, or the reward of further prudent and legitimate investments.
