TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans Administration

PART 4—DEPENDENTS AND BENEFICIARIES CLAIMS

CERTIFICATIONS FOR DEATH GRATUITY PURPOSES

Immediately after § 4.421, a new § 4.422 is added as follows:

§ 4.422 *Certifications for death gratuity purposes*—(a) *Conditions of certification.* For the purposes of Title III, Public Law 881, 84th Congress, a certification as required by paragraph (b) of this section shall be furnished the Secretary concerned in those cases in which a member or former member of a uniformed service dies on or after January 1, 1957, and during the 120-day period which begins on the day following the date of his discharge or release from active duty, active duty for training, or inactive training duty if it is determined by the Veterans Administration that:

(1) Death resulted from (i) disease or injury incurred or aggravated while on such active duty or active duty for training; or (ii) injury incurred or aggravated while on such inactive duty training; and

(2) The deceased person was discharged or released from such service under conditions other than dishonorable. (See § 3.64 of this chapter.)

(b) *Certification to Secretary concerned.* Whenever a determination is made on the basis of a claim for dependency and indemnity compensation that a death occurred under the circumstances outlined in paragraph (a) of this section, the Veterans Administration shall certify that fact to the Secretary concerned; in all other cases the certification will be furnished at the request of the Secretary concerned.

(c) *Service connection.* For the purposes of this section, line of duty is not a factor. The standards, criteria, and procedures for determining incurrence

or aggravation of a disease or injury under paragraph (a) of this section are those applicable under disability and death compensation laws administered by the Veterans Administration.

(Sec. 303, Pub. Law 881, 84th Cong.)
(Sec. 5, 43 Stat. 608, as amended, sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9; 38 U. S. C. 11a, 426, 707)

This regulation is effective March 12, 1957.

[SEAL] H. V. HIGLEY,
Administrator of Veterans Affairs.

2. Section 373.40 *Iron and steel*, paragraph (d) *Iron and steel scrap*, Schedule B Nos. 601010, 601040, 601050, 601070, and 601090 is amended by renumbering subparagraphs (4) and (5) as (5) and (6) respectively and adding a new subparagraph (4) to read as follows:

(4) *Melting steel scrap*. Consideration will be given to approval of applications for a license to export melting steel scrap, Schedule B No. 601010, to Belgium, the Federal Republic of Germany, France, Italy, Japan, Luxembourg, the Netherlands, and the United Kingdom only in cases where an export order was accepted by the applicant prior to February 19, 1957 or where, prior to February 19, 1957 the applicant has chartered a ship for the purpose of carrying the scrap covered by the license application. In these cases, license applications to export melting steel scrap shall include either or both of the following certifications:

(1) I (We) certify that the melting steel scrap in the quantities described on this license application are being shipped pursuant to an export order accepted by me (us) prior to February 19, 1957.

(11) I (We) certify that a ship was chartered by me (us) prior to February 19, 1957, for the purpose of carrying the melting steel scrap in quantities described on this license application.

3. Section 373.41 *Nonferrous commodities, including ores, concentrates, or unrefined products* is amended in the following respects:

a. Paragraph (c) *Copper ores, concentrates, unrefined copper, refined copper, copper scrap, and copper-base alloy scrap* is amended to read as follows:

(c) *Copper ores, concentrates, unrefined copper, refined copper, copper scrap, and copper-base alloy scrap*—(1) *General*. License applications to export copper ores, concentrates, matte, and other unrefined copper, Schedule B No. 640100; refined copper in cathodes, billets, ingots, wire bars, and anodes and other crude forms, except copperweld rods, Schedule B No. 641200 (hereinafter referred to as refined copper); copper scrap (new and old), Schedule B No. 641300 and copper-base alloy scrap (new and old), Schedule B No. 644000, will be considered for approval in accordance with the procedures described in this paragraph.

(2) *Refined copper, Schedule B No. 641200*. License applications to export refined copper in cathodes, billets, ingots, wire bars and other crude forms (including anodes) shall be supported by the following information:

(i) *Disclosure of foreign consumer*. The foreign consumer shall be identified on the license application by the use of one of the following applicable statements:

The foreign consumer of the commodities covered by this application is the same as that shown in the "ultimate consignee in foreign country item" on this license application;

or, if the foreign consumer is not the same as that shown in the ultimate consignee in foreign country item:

The name and address of the foreign consumer is

(ii) *Toll or conversion agreements*. The provisions of subdivision (1) of this subparagraph do not apply to an application for a license to export refined copper produced in the United States under a toll or conversion agreement from materials received from foreign sources. In these cases the applicant shall make the following certification on the license application:

I (we) certify that the refined copper described in this license application was produced in the United States under a toll or conversion contract from materials received from foreign sources.

(iii) *Intransit shipments*. The provisions of subdivision (1) of this subparagraph do not apply to an application for a license to export refined copper produced in a foreign country and passing intransit through the United States to a foreign destination. (See § 372.6 of this subchapter for other requirements regarding applications for licenses covering intransit shipments.)

(3) *Copper ores, concentrates, matte and other unrefined copper, Schedule B No. 640100*. License applications to export copper ores, concentrates, matte, and other unrefined copper shall be supported by the information set forth in subparagraph (2) (1) of this paragraph. A foreign smelter, refiner, or processor may be identified as the consumer of the copper materials included in this paragraph.

(4) *Copper scrap and copper-base alloy scrap*. (1) License applications to export copper scrap (new and old) (containing 40 percent or more copper, Schedule B No. 641300 and copper-base alloy scrap (new and old) containing 40 percent or more copper, excluding copper-nickel alloy scrap containing 40 percent or more copper and 5 percent or more nickel, Schedule B No. 644000, shall disclose the foreign consumer as set forth in subparagraph (2) of this paragraph.

(ii) License applications covering copper scrap (new and old) containing less than 40 percent copper, Schedule B No. 641300, or copper-base alloy scrap (new and old) containing any percentage of copper, Schedule B No. 644000, shall include information as to the copper and nickel content of the material.

(iii) License applications to export copper-nickel alloy scrap, containing 40 percent or more copper and 5 percent or more nickel, Schedule B No. 644000, will be considered for approval only where the scrap is to be exported under a conversion agreement providing that

The applicant should identify the end use by the particular industry or government activity (e. g., railroads, marine, motor transportation, other public utility, agricultural machinery, mining, etc.) and, where possible, by specific function (e. g., aviation motors, motor cars, trucks and tractors, Diesel engines, transformers, compressors, open bearings, etc.).

(2) An application to export petroleum products, Schedule B Nos. 501610 through 501640 and 503300 through 505900, in quantities valued at \$100.00 or more for each commodity classified under a single entry on the Positive List, to Burma, Cambodia, Ceylon, Federation of Malaya, Hong Kong, India, Laos, Macao, Republic of Indonesia, Singapore, Taiwan, Thailand, and Viet Nam shall be accompanied by a statement attached to the application setting forth the following information:

(i) The quantity of stock the ultimate consignee has on hand (in units of quantity as shown on the Positive List) as of the time the order was placed for each commodity covered by the application;

(ii) The date such order was placed;

(iii) The quantity of each commodity covered by the application (in units of quantity shown on the Positive List) that the ultimate consignee expects to receive from all sources other than the license application within 90 days after such order was placed; and

(iv) The monthly rate of consumption, including resale, by the ultimate consignee of the commodities covered by the application.

(b) *Return of incomplete applications*. Applications which do not contain sufficient detailed information for an exact

not less than 90 percent of the nickel content of the copper-nickel alloy scrap exported will be returned to the United States in the form of nickel metal. An applicant for a license to export the copper-nickel alloy scrap described in this subdivision is required to comply with the provisions set forth in paragraph (b) (1) (ii) and (iii) of this section.

(5) **Validity period.** Licenses to export all materials covered by this paragraph will be issued for a validity period ending on the last day of the third month following the month during which the license is validated, e. g., a license issued on March 4, 1957, would expire on June 30, 1957.

(6) **Amendments to export licenses.** Amendments requesting an extension of the validity period of a license issued under the provisions of this paragraph may be submitted to any field office of the Department of Commerce listed in § 380.2 of this subchapter or directly to the Bureau of Foreign Commerce. Where an amendment request involves an action other than an extension of the validity period, it shall be submitted directly to the Bureau of Foreign Commerce.

(7) **Time for submission of applications.** Applications for licenses to export copper scrap (new and old) containing 40 percent or more copper, Schedule B No. 641300, copper-base alloy scrap (new and old) containing 40 percent or more copper, excluding copper-nickel alloy scrap containing 40 percent or more copper and 5 percent or more nickel, Schedule B No. 644000, shall be submitted in accordance with the time schedules set forth in § 373.81. The provisions of this subparagraph do not apply to the submission of license applications to export "offshore" scrap. Such applications may be submitted at any time.

b. Paragraph (d) *Aluminum scrap (new and old), aluminum remelt ingots, and aluminum metal and alloys in crude form* is amended by deleting subdivision (v) of subparagraph (2) and amending subparagraphs (3) and (4) to read as follows:

(3) **Validity period.** Licenses to export the aluminum commodities covered by this paragraph will be issued for a validity period ending on the last day of the third month following the month during which the license is validated, e. g., a license issued on March 4, 1957, would expire on June 30, 1957.

(4) **Amendments to export licenses.** Amendments requesting an extension of the validity period of a license issued under the provisions of this paragraph may be submitted to any field office of the Department of Commerce listed in § 380.2 of this subchapter or directly to the Bureau of Foreign Commerce. Where an amendment request involves an action other than an extension of the validity period, it shall be submitted directly to the Bureau of Foreign Commerce.

4. Section 373.81 Supplement 1; time schedules for submission of applications to export certain Positive List commodities is amended to read as follows:

PART 333—PROCESSING SUBSEQUENT LOANS

MISCELLANEOUS AMENDMENTS

Section 333.1 (b) (1) and (c) (1) in Title 6, Code of Federal Regulations (21 F. R. 10447), are hereby amended to read as follows:

§ 333.1 General. * * *

(b) The subsequent credit needs of a borrower with a direct Farm Ownership loan may be met in one of the following ways, provided the loan is otherwise sound and proper:

(1) A Farm Housing loan may be made to a direct Farm Ownership borrower, except a borrower who is a contract purchaser on a Federal Reclamation Project or a homestead entryman on public lands, if his total additional credit needs can be met with a Farm Housing loan and both loans will not exceed any of the limits that would be applicable if a subsequent direct Farm Ownership loan were being made. When Farm Housing funds are more adequate than Farm Ownership funds, this method of meeting the subsequent credit needs of a direct Farm Ownership borrower should be used whenever possible.

(c) The subsequent credit needs of a borrower with an insured Farm Ownership loan may be met in one of the following ways, provided the loan is otherwise sound and proper:

(1) A Farm Housing loan may be made to an insured Farm Ownership borrower, except a borrower who is a contract purchaser on a Federal Reclamation Project or a homestead entryman on Public lands, if his total additional credit needs can be met with a Farm Housing loan and both loans will not exceed any of the limits that would be applicable if a subsequent insured Farm Ownership loan were being made. This method of meeting the subsequent credit needs of an insured Farm Ownership borrower should be used whenever possible, unless ample insured funds are available and the County Supervisor has knowledge that the lender desires to make the subsequent insured Farm Ownership loan.

TITLE 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Agricultural Research Service, Department of Agriculture

Subchapter C—Interstate Transportation of Animals and Poultry

PART 82—PSITTACOSIS OR ORNITHOSIS IN POULTRY

On July 7, 1956, and December 7, 1956, there were published in the FEDERAL REGISTER (21 F. R. 5065, 9724), notices with respect to a proposed amendment of Subchapter C, Chapter I, Title 9, Code of Federal Regulations, by adding a new Part 82 relating to psittacosis or ornithosis in poultry. After consideration of all relevant material submitted in connection with such notices and pursuant to the provisions of the act of February 2, 1903, as amended (21 U. S. C. 111-113, 120-122), said Subchapter C is hereby amended by adding a new Part 82 to read:

- SEC.**
82.1 Definitions.
82.2 General restrictions.
82.3 Cleaning and disinfecting vehicles, premises, and accessories.

AUTHORITY: §§ 82.1 to 82.3 issued under secs. 1, 2, 32 Stat. 791, 792, as amended, sec. 1, 32 Stat. 791, as amended; 21 U. S. C. 111-113, 120, 121.

§ 82.1 *Definitions.* As used in connection with this part, the following terms shall have the meaning set forth in this section.

(a) *Psittacosis or ornithosis.* The contagious, infectious, and communicable disease of poultry known as psittacosis or ornithosis.

(b) *State.* Any State, Territory, or the District of Columbia.

(c) *Interstate.* From one State to any other State.

(d) *Person.* Any person, company, or corporation.

(e) *Moved.* Shipped, transported or otherwise moved, or delivered or received for movement, by any person.

(f) *Division.* The Animal Disease Eradication Division, Agricultural Research Service, United States Department of Agriculture.

(g) *Federal inspector.* An inspector of the Agricultural Research Service, or the Agricultural Marketing Service, United States Department of Agriculture, responsible for the performance of the function involved.

(h) *State inspector.* An inspector regularly employed in livestock or poultry sanitary work of a State or a political subdivision thereof, who is authorized by such State or political subdivision to perform the function involved.

(i) *Accredited veterinarian.* A veterinarian specifically approved by the United States Department of Agriculture to perform the function involved.

§ 82.2 *General restrictions.* Poultry affected with psittacosis or ornithosis, and carcasses, parts and offal of such poultry, shall not be moved interstate for any purpose.

§ 82.3 *Cleaning and disinfecting vehicles, premises, and accessories.* (a) Railroad cars, boats, trucks, and other

vehicles, and yards and other premises, which have contained poultry affected with psittacosis or ornithosis shall be cleaned and disinfected in accordance with the provisions of §§ 71.4 through 71.11 of this subchapter: *Provided, however*, That such vehicles, and yards and other premises, may be cleaned and disinfected under the supervision of a Federal inspector, a State inspector, or an accredited veterinarian: *And provided, further*, That if such supervision or proper cleaning and disinfection facilities are not available at the point where the poultry is unloaded, upon permission first received from the Division, such a vehicle may be forwarded to a point at which such supervision and facilities are available and there be cleaned and disinfected.

(b) Coops, containers, troughs, and other accessories used in the handling of an interstate movement of poultry affected with psittacosis or ornithosis shall be cleaned and disinfected as soon as possible thereafter and before such accessories are moved from the point of unloading. Such cleaning and disinfecting shall be done under the supervision of a Federal inspector, a State inspector, or an accredited veterinarian, with a permitted disinfectant specified in §§ 71.10 and 71.11 of this subchapter. If such supervision or proper cleaning and disinfection facilities are not available at the point where the poultry is unloaded, upon permission first received from the Division, such an accessory may be forwarded to a point at which such supervision and facilities are available and there be cleaned and disinfected.

(c) Coops, containers, troughs, and other accessories used in the handling of an intrastate movement of poultry affected with psittacosis or ornithosis shall not be moved interstate until such accessories have been cleaned and disinfected under the supervision of a Federal inspector, a State inspector, or an accredited veterinarian, with a permitted disinfectant specified in §§ 71.10 and 71.11 of this subchapter.

The foregoing amendment shall become effective on the 31st day after publication in the FEDERAL REGISTER.

Done at Washington, D. C., this 7th day of March 1957.

PART 205—REPORTS OF MOTOR CARRIERS

QUARTERLY REPORTS OF PASSENGER REVENUES, EXPENSES, AND STATISTICS

At a session of the Interstate Commerce Commission, Division 2, held at its office in Washington, D. C., on the 22d day of October A. D. 1956.

The matter of the periodical reports to be required of motor carriers being under consideration pursuant to provisions of section 220 (a) of the Interstate Commerce Act, as amended (49 Stat. 563, 54 Stat. 926, 49 U. S. C. 320); and,

It appearing, that all Class I common and contract motor carriers of passengers are required by provisions of an order dated November 19, 1952, to file quarterly reports of revenues, expenses, and statistics, and that those provisions should be clarified to secure greater uniformity of compliance; and,

It further appearing, that the clarification is not a change in the substance of the presently effective requirements, so the public rule making requirements of section 4 of the Administrative Procedure Act are deemed unnecessary;

It is ordered, That the order of November 19, 1952, in the matter of quarterly reports from Class I motor carriers of passengers be, and it is hereby, vacated and set aside; and,

It is further ordered, That § 205.11 be amended to read as follows:

§ 205.11 *Quarterly reports of passenger revenues, expenses, and statistics.* Each Class I common and contract motor carrier of passengers subject to the provisions of section 220 of the Interstate Commerce Act, shall file duly verified quarterly reports commencing with the period January 1, 1957, to March 31, 1957 (both dates inclusive), in accordance with the Quarterly Report of Revenues, Expenses, and Statistics—Class I Motor Carriers of Passengers form,¹ including the Report of Man-Hours Paid For and Compensation of Drivers, which is hereby approved and made a part of this section. Each such quarterly report shall be filed, in triplicate, in the office of the Bureau of Motor Carriers, Interstate Commerce Commission, for the District in which the carrier is domiciled, within 30 days after the close of the period to which it relates.

(49 Stat. 546, as amended; 49 U. S. C. 304)

**PART 205—REPORTS OF MOTOR CARRIERS
QUARTERLY REPORTS OF CLASS II CARRIERS OF
PROPERTY**

At a session of the Interstate Commerce Commission, division 2, held at its office in Washington, D. C., on the 13th day of December A. D. 1956.

The matter of periodical reports to be required of motor carriers being under consideration pursuant to provisions of

section 220 (a) of the Interstate Commerce Act, as amended (49 Stat. 563, 54 Stat. 926, 49 U. S. C. 320); and,

It appearing, that those common and contract motor carriers of property which pursuant to an order entered September 27, 1956, will be designated Class II carriers for accounting and reporting purposes effective January 1, 1957, are now and properly should continue to be subject to the requirements for filing quarterly reports of property revenues, expenses, and statistics, so that the provisions hereinafter impose no new or additional requirements on the carriers subject thereto.

It is ordered, That Part 205 be amended by adding thereto the following provision:

§ 205.13, *Quarterly reports of Class II carriers of property.* Each Class II common and contract motor carrier of property subject to provisions of the Interstate Commerce Act, as the same are defined for accounting and reporting purposes, shall file duly verified quarterly reports commencing with the period January 1, 1957 to March 31, 1957 (both dates inclusive), in accordance with the Quarterly Report of Revenues, Expenses, and Statistics—Class II Motor Carriers of Property form,¹ including the report-

ing of total man-hours actually worked by drivers and helpers in Report of Man-Hours Paid For and Compensation of Drivers and Helpers, which is hereby approved and made a part of this section. Each such quarterly report shall be filed, in triplicate, in the office of the Bureau of Motor Carriers, Interstate Commerce Commission, for the District in which the carrier is domiciled, within 30 days after the close of the period to which it relates.

(49 Stat. 546, as amended; 49 U. S. C. 304)

It is further ordered, That a copy of this order shall be served on each Class II common and contract motor carrier of property which is subject to its provisions, and on every trustee, receiver, executor, administrator, or assignee of any such motor carrier, and notice of this order shall be given to the general public by depositing a copy thereof in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director of the Division of the Federal Register.

By the Commission, Division 2.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[43 CFR Part 192]

OIL AND GAS LEASES

AVAILABILITY OF LANDS TO FURTHER LEASE OFFERS WHERE NONCOMPETITIVE LEASE IS CANCELLED, RELINQUISHED OR TERMINATED

Notice is hereby given that, pursuant to the authority vested in the Secretary of the Interior by the act of February 25, 1920 (41 Stat. 437; 30 U. S. C., sec. 181, et seq.), as amended and supplemented, it is proposed to amend 43 CFR 192.43 (a) as hereinafter set forth.

Interested parties may submit in triplicate written comments, suggestions, or objections with respect to the proposed amendment to the Director, Bureau of Land Management, Washington 25, D. C., within 30 days from the date of publication hereof in the FEDERAL REGISTER.

Dated: March 6, 1957.

HATFIELD CHILSON,
Assistant Secretary of the Interior.

Paragraph (a) of § 192.43 is amended to read as follows:

§ 192.43 *Availability of lands to further lease offers where noncompetitive lease is cancelled, relinquished or terminated.* (a) Where the lands embraced in a relinquished or cancelled noncompetitive lease are not on the known geologic structure of a producing oil and gas field, and are not withdrawn from leasing, such lands become available for, and subject to, filings of new lease offers

immediately upon the notation of the cancellation or relinquishment on the tract book, or, for acquired lands, on the official records relating thereto, of the appropriate land office. If prior to such notation, the lease term would have expired in the absence of the cancellation or relinquishment, the lands shall, upon such expiration of the lease term, become subject to the filing of lease offers even though the notation of the cancellation or relinquishment has not been made on the records. See § 192.120 (f) and (g) for the availability for new filings of lands in a lease for which an application for extension has or has not been timely filed; also, see § 192.161 (a) for the availability for new filings of lands in a lease subject to the automatic termination provisions of the act of July 29, 1954 (68 Stat. 583; 30 U. S. C. 188), for lessee's failure timely to pay the lease rental.

RULES OF PRACTICE AND PROCEDURE

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given in accordance with section 4 of the Administrative Procedure Act (5 U. S. C. 1003) that pur-

¹ Filed as part of the original document.

suant to section 204 of the Merchant Marine Act, 1936, as amended (46 U. S. C. 1114), Reorganization Plan No. 21 of 1950 (3 CFR 173, Supp. 1950), and Department of Commerce Order No. 117 (amended) 18 F. R. 5518, and amendments thereto, the Federal Maritime Board and the Maritime Administration have under consideration certain proposed changes in their present rules of practice and procedure. The present rules are fully set forth in General Order 41, 2d Revision (18 F. R. 3716), as amended (18 F. R. 4598, 19 F. R. 2143, 19 F. R. 5399 and 21 F. R. 4683).

All interested persons may submit written data, views, or arguments to the Secretary, Federal Maritime Board/Maritime Administration, Washington 25, D. C., within thirty (30) days after the publication of this notice in the FEDERAL REGISTER.

The proposed amendments are as follows:

1. Paragraph (a) of § 201.157 *Written evidence* is amended to read:

(a) The use of written statements in lieu of oral testimony may be resorted to where the Examiner in his discretion rules that such procedure is appropriate. The statements shall be in numbered paragraphs, and each party in his rebuttal shall be required to list the paragraphs with which he agrees, those with which he agrees apart from argumentative or procedural matter, and those with which he does not agree, giving an indication of his reasons for not agreeing. Statistical exhibits shall contain a short commentary explaining the conclusions which the offeror draws from the data.

Any portion of such testimony which is argumentative shall be excluded. Where written statements are used, copies of the statement and any rebuttal statement shall be furnished to all parties, as shall copies of exhibits. The Examiner shall fix respective dates for the exchange of such written statements and exhibits and of such written rebuttal statements and exhibits in advance of the hearing to enable study by the parties of such testimony. Thereafter the parties shall endeavor to stipulate as many of the facts set forth in the written testimony as they may be able to agree upon. Oral examination of witnesses shall thereafter be confined to facts which remain in controversy, and a reading of the written statements at the hearing will be dispensed with unless the presiding officer otherwise directs.

2. The first sentence of paragraph (a) of § 201.94 *Prehearing conference* is amended to read: "Prior to any hearing the Board or presiding officer may direct all interested parties, by written notice, to attend one or more prehearing conferences for the purpose of considering any settlement under § 201.91, formulating the issues in the proceeding to determine other matters to aid in its disposition."

Dated: March 7, 1957.

By order of the Federal Maritime Board/Maritime Administrator.

GEO. A. VIEHMANN,
Assistant Secretary.

PORT O' MINOT AIRPORT, MINOT, N. DAK.

PROPOSED DESIGNATION AS INTERNATIONAL AIRPORT

Notice is hereby given that, pursuant to the authority contained in section 7 (b) of the Air Commerce Act of 1926, as amended (49 U. S. C. 177 (b)), it is proposed to designate the Port o' Minot Airport, Minot, North Dakota, as an international airport (airport of entry) for civil aircraft and for merchandise carried thereon arriving from places outside the United States, as defined in section 9 (b) of said act (49 U. S. C. 179 (b)), and it is further proposed to amend § 6.13 of the Customs Regulations by adding thereto the location and name of this airport at the appropriate place.

This notice is published pursuant to section 4 of the Administrative Procedure Act (5 U. S. C. 1003). Data, views, or arguments with respect to the proposed designation of the above-mentioned airport as an international airport may be addressed to the Commissioner of Customs, Bureau of Customs, Washington 25, D. [Docket No. AO-252-A4]

MILK IN CENTRAL MISSISSIPPI MARKETING AREA

NOTICE OF RECOMMENDED DECISION AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS WITH RESPECT TO PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of the filing with the Hearing Clerk of the recommended decision of the deputy Administrator, Agricultural Marketing Service, United States Department of Agriculture, with respect to proposals to amend the tentative marketing agreement and the order, as amended, regulating the handling of milk in the Central Mississippi marketing area. Interested persons may file written exceptions to this decision with the Hearing Clerk, United States Department of Agriculture, Washington, D. C., not later than the close of business the seventh day after publication of this decision in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

Preliminary statement. The hearing, on the record of which the proposed amendments to the tentative marketing agreement and to the order, as amended, were formulated, was conducted at Jackson, Mississippi, on January 25, 1957 (22 F. R. 417). The material issues of record related to:

1. A revision of the producer-handler definition.

Findings and conclusions. The following findings and conclusions on the material issues are based on the evidence introduced at the hearing, and the record thereof:

1. *The definition of "producer-handler" should be amended.* The Mississippi Milk Producers' Association proposed that the present definition of producer-handler be amended so as to limit the status of producer-handler to persons whose sole source of supply is their own production.

Testimony in support of the proposal was also submitted by a regulated handler. An unregulated handler and a producer-handler testified in favor of the proposal, except as it pertained to a proposed specified volume limit on Class I

distribution in the marketing area by a producer-handler. Otherwise, no opposition testimony was offered.

The producers' association contended that the present language of the producer-handler definition results in price inequities among producer-handlers who are not regulated by Order No. 87, and handlers who are regulated. Proponents testified that a producer-handler should be exempt from regulation if he bottles and distributes milk only of his own-farm production.

The present producer-handler definition permits a person who bottles and distributes own-farm production to receive milk from a pool plant without relinquishing producer-handler status; but he loses such status if he uses other source milk. Proponents testified that such restriction should be retained in the definition. To do otherwise would afford producer-handlers a decided advantage over fully regulated handlers. It would permit unpriced and reconstituted milk to displace producer milk in the Class I utilization of the market. It would permit a disparity in costs for milk to exist among plants supplying the Central Mississippi market. Such disparity would encourage market instability.

The association maintains that producers who supply pool plants must carry the seasonal surplus for producer-handlers who purchase supplemental milk from such plants.

Producers also suggested a volume limitation for the status of producer-handlers, of 3,440 pounds per day of Class I milk distributed in the marketing area. Distribution of any volume in excess of the proposed limit would disqualify a distributor for producer-handler status. The volume limitation on distribution was one of several ways suggested by proponents to achieve the stated purpose. Presumably, all producer-handlers who bottle and distribute own-farm production at the present time would continue to qualify as producer-handlers if the proposed limitation on volume distribution were adopted. The intent of the proposed order amendments can be achieved without the suggested volume limitation.

There is no evidence that the volume of own-farm production now being distributed by producer-handlers is disrupting marketing conditions in the Central Mississippi area. Rather, the disruptive conditions complained of are due primarily to purchases by producer-handlers of supplemental supplies of milk from pool plants, without pooling all of their Class I utilization. The market instability complained of became acute when certain handlers who had been regulated adjusted their operations to acquire producer-handler status under the order.

The present provisions permit a person who bottles and distributes fluid milk to regulate his purchases of milk in such a way that own-farm production, supplemented by purchases from pool plants is approximately equal to his Class I utilization. Under such circumstances, producers who ship milk to a pool plant carry the entire burden of

UNIVERSITY OF MICHIGAN LIBRARIES

surplus milk from the producer-handlers operation without sharing in the entire Class I utilization of such plant. In other words, the only producer-handler Class I utilization presently shared by all producers is limited to the quantity of supplemental milk which the producer-handler purchases from a pool plant. If a producer-handler produces all of his own milk needs, he carries his own surplus.

If the present definition, which provided that a producer-handler may not retain his exemption from the pooling requirements of the order and use other source milk were expanded so as to put a similar limit on the use of milk from pool plants, then bottling plants in the Central Mississippi area which have recently acquired producer-handler status would be placed on a more competitive basis with fully regulated milk plants. It would also distribute the burden of surplus milk among producers more equitably.

The proponent suggested that the distributing plant definition be amended to require the operator of such plant to claim producer-handler status if he chose to do so, prior to the monthly date for computing the pool. The market administrator could then verify such status prior to the time for computing the pool and paying producers.

In this connection, it should be noted that the market administrator already has sufficient latitude to request reports from producer-handlers at whatever time he deems it desirable to do so. Consequently, it is unnecessary to change the definition of the distributing plant to achieve the stated objective.

Rulings on proposed findings and conclusions. A number of briefs were filed which contained statement of fact, proposed findings and conclusions and arguments with respect to the provisions of the proposed amendments. Every point covered in the briefs was carefully considered along with the evidence in the record in making the findings and reaching the conclusions hereinbefore set forth. To the extent that the findings and conclusions proposed in the briefs are inconsistent with the findings and conclusions contained herein, the request to make such findings or to reach such conclusions is denied on the basis of the facts found and stated in connection with the conclusions in the recommended decision.

General findings. (a) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act.

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure

and wholesome milk, and be in the public interest; and

(c) The proposed order, as amended, and as hereby proposed to be further amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

Recommended marketing agreement and order, amending the order, as amended. The following order amending the order, as amended, regulating the handling of milk in the Central Mississippi marketing area is recommended as the detailed and appropriate means by which the foregoing conclusions may be carried out. The recommended marketing agreement is not included in this decision because the regulatory provisions thereof would be identical with those contained in the order, as amended, and as hereby proposed to be further amended.

1. Delete § 987.16 and substitute the following:

§ 987.16 *Producer-handler.* "Producer-handler" means any person who operates a dairy farm and a distributing plant which, during the month, received no other source milk (except own production), producer milk, or milk from a pool plant.

TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

NOTICE OF PROPOSAL TO ESTABLISH TOLERANCES FOR RESIDUES OF ETHYLENE OXIDE IN OR ON COPRA

October 20, 1956, there appeared in the FEDERAL REGISTER (21 F. R. 8089) a notice of filing of a petition by Procter and Gamble Company, Cincinnati, Ohio, proposing the establishment of an exemption from the requirement of a tolerance for residues of ethylene oxide in or on copra. This notice erroneously stated that it was being issued pursuant to section 408 (d) (1) of the Federal Food, Drug, and Cosmetic Act (68 Stat. 512; 21 U. S. C. 346a (d) (1)), whereas the petitioner had requested that the Commissioner of Food and Drugs propose, pursuant to section 408 (e) (68 Stat. 514; 21 U. S. C. 346a (e)) of the act the issuance of an exemption or, in the alternative, a tolerance for ethylene oxide when used as a fumigant for copra.

It appears from the data in the petition that the residues in or on copra from fumigation with ethylene oxide as pro-

posed do not exceed 50 parts per million. These residues in or on copra will not constitute a hazard to health.

By virtue of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 408 (b), (e), 68 Stat. 511, 514; 21 U. S. C. 346a (b), (e)) and delegated to the Commissioner of Food and Drugs by the Secretary (21 CFR 120.29 (a)), it is proposed by the Commissioner of Food and Drugs, in accordance with the request set forth above, that the regulations for tolerances for pesticide chemicals in or on raw agricultural commodities (21 CFR Part 120; 22 F. R. 931) be amended by changing § 120.151 to read as follows:

§ 120.151 *Tolerances for residues of ethylene oxide.* A tolerance of 50 parts per million is established for residues of ethylene oxide in or on each of the following raw agricultural commodities: Whole spices, copra.

A person who has registered or who has submitted an application for the registration of an economic poison under the Federal Insecticide, Fungicide, and Rodenticide Act containing ethylene oxide may request, within 30 days from publication of this proposal, that the proposal be referred to an advisory committee in accordance with section 408 (e) of the Federal Food, Drug, and Cosmetic Act.

Any interested person is invited at any time prior to the thirtieth day from the date of publication of this notice in the FEDERAL REGISTER to file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D. C., written comments on the proposal. Comments may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

Dated: March 5, 1957.

Commissioner of Food and Drugs.

ATOMIC ENERGY COMMISSION

SPENT REACTOR FUELS

COMMISSION SERVICES IN CHEMICAL PROCESSING

This notice concerns the services the Commission renders in providing for chemical processing of spent fuel or blanket materials from nuclear reactors.

1. The Commission will undertake under contracts individually negotiated with persons licensed pursuant to sections 103 or 104 of the act, and possessing spent reactor fuel or blanket materials, to provide for processing of these materials in facilities owned by the Commission. Such processing will include the mechanical, metallurgical, and chemical treatment of these materials to recover the source and special nuclear materials remaining therein, and the storage of resulting wastes.

2. A firm charge for such a service will be part of each contract, subject to escalation in accordance with an appropriate recognized price index. The term of the contracts will be from the respective dates of execution until June 30, 1967. However, each contract will reserve the right to AEC to terminate the agreement, without cost, upon a determination by the Commission that the required services will be commercially available at reasonable prices.

3. The charge for chemical processing will depend upon, among other things, the form, content, and other specifications of the spent fuel or blanket material in question. It will be expressed in terms of a daily charge, fixed by AEC, to apply over the time required to process the fuel in question.

4. The establishment of the firm charge by AEC will be based upon the costs associated with an assumed chemical-processing plant. Copies of the assumed processing-plant design will be available for distribution at an early date. Briefly, the plant consists of "tail-end" (extraction and recovery) equipment capable of handling one (1) ton per day of normal and slightly enriched uranium, but having a reduced capacity for fuels of higher enrichments or high-diluent contents, as determined by the criticality and other processing considerations set on the assumed plant. "Head-end" (handling, mechanical treatment, dissolution and feed storage) equipment is designed to handle the variety of fuels for which the contractual arrangement is expected to be requested.

5. The estimated installed cost of the assumed plant, upon which firm daily processing charges will be based, is \$20,-570,000. The AEC has determined that the total annual cost for the operation of this assumed plant, including waste storage, amortization and allowance for AEC overhead and other intangible expenses is \$4,592,000. Based on this estimated annual cost, a daily cost of \$15,-300 (based on 300 days of operation per year) will be the basis for the charge for those fuels which can be processed in the assumed plant as presently conceived.

6. The individual contracts will provide for (1) a fixed unit charge per gram or kilogram of material delivered for processing, (2) the specifications of the fuel element to be processed and, (3) the batch size or sizes upon which the unit charges are based. In arriving at the unit charge, the following factors will be used:

(a) The daily cost of \$15,300 for plant operation (this cost is based on fuel elements which this plant as presently conceived can process. The daily cost, applicable to other fuels which the AEC determines involve significantly different costs or additions or modifications to the assumed facility or processes will be established with due consideration for these differences in cost.)

(b) The estimated processing rate for the particular fuel element, which will be determined from the extraction portion of the process flow charts used in establishing the conceptual design.

(c) Batch size determination: (1) For licensees paying use charge: as specified by licensee, provided that licensee will pay use charges until entire batch specified is delivered, plus normal processing period. (2) For licensees not paying use charge: one year's output, or actual batch size discharged, if reactor is discharged less frequently than yearly.

(d) Time required to cover start-up, shutdown, and clean-up of the process system between batches which will be not less than three days nor more than eight days, and will equal the processing time determined under subparagraph 6 (b) and (c), when between these limits.

7. An additional charge to cover process losses will be made at the rate of 1 percent of the value of the government-owned source or special nuclear materials to be processed. Unless waived by the AEC, a use charge on leased source and special nuclear material will also be made to cover the normal processing time after delivery of fuel to the AEC. The charges referred to above apply to processing of irradiated fuels to yield purified nitrate salts of uranium and plutonium. Additional charges, to be established, will be made to cover conversion of these products to forms for which AEC prices have been established.

8. Persons who have contracted with the AEC for these processing services will be credited with the value of government-owned source and special nuclear material contained in the fuel in

UNIVERSITY OF MICHIGAN LIBRARIES

accordance with the appropriate AEC price schedules for such materials, less the processing charges as determined in the above manner. The AEC will acquire title, without additional cost, to all waste materials contained in the fuel which were not previously the property of the United States.

9. Additional information may be obtained from the Division of Civilian Application, U. S. Atomic Energy Commission, 1901 Constitution Avenue NW., Washington 25, D. C.

Dated at Washington, D. C., this 27th day of February 1957.

FEDERAL POWER COMMISSION

[Docket No. G-12153]

NORTHERN NATURAL GAS CO.

ORDER SUSPENDING PROPOSED REVISED TARIFF SHEETS AND PROVIDING HEARING

MARCH 6, 1957.

On February 5, 1957, Northern Natural Gas Company (Northern), tendered for filing Second Revised Sheets Nos. 4, 5 and 6, pertaining to Rate Schedule CD-1, Second Revised Sheets Nos. 9, 10 and 11, pertaining to Rate Schedule CD-2, and Second Revised Sheets Nos. 14, 15 and 16, pertaining to Rate Schedule CD-3 to its FPC Gas Tariff, First Revised Volume No. 1. Northern proposes an effective date of March 7, 1957, for such proposed rates which would increase its charges to jurisdictional sales in the amount of \$6,467,000.

In support of such proposed increased rates, Northern states, among other reasons, that " * * * as a result of increasing costs, the present rates fail to recover the cost of service notwithstanding added revenues from increased sales." In the design of the rates Northern has proposed that the commodity charges in the demand-commodity form of rate be retained at the level in the existing rates, and Northern has increased the demand charges to provide the required revenue. Northern also proposes the allowance of a 6.25 percent rate of return in lieu of the 6 percent rate of return heretofore accepted in settlement of previous rate increase applications.

The proposed rates and charges are based upon plant estimated to be in service at the end of the "test year", a 6¼ percent rate of return on rate base, increased operating expenses and a cost allocation not in accordance with accepted methods. It also appears that the company has departed from previously established Commission practice with respect to determination of plant in service. Further, the claimed increases in operating expenses, particularly purchased gas costs, are questionable as is the company's estimate of sales during the test period.

The increased rates and charges proposed in the foregoing revised sheets tendered by Northern have not been

shown to be justified and may be unjust, unreasonable, unduly discriminatory or preferential, or otherwise unlawful. In addition, protests to the filing have been received from the Kansas Corporation Commission, the City of St. Paul, Minnesota, various individuals, and 19 companies and municipalities distributing gas purchased from Northern.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing, pursuant to the authority contained in Section 4 of such Act, concerning the lawfulness of the rates, charges, classifications and services of Northern's FPC Gas Tariff and contracts related thereto, as proposed to be amended by Second Revised Sheets 4, 5, and 6 pertaining to Rate Schedule CD-1, Second Revised Sheets 9, 10 and 11, pertaining to Rate Schedule CD-2, and Second Revised Sheets 14, 15 and 16, pertaining to Rate Schedule CD-3 and that these foregoing designated Second Revised Sheets be suspended as hereinafter ordered, and the use thereof be deferred pending hearing and decision thereon, except as they may become effective as provided by the Natural Gas Act.

The Commission orders:

(A) Pursuant to the authority contained in sections 4 and 15 of the Natural Gas Act, a public hearing be held, at a date later to be designated by notice from the Secretary of the Commission, in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the lawfulness of the rates, charges, classifications and services contained in Northern Natural Gas Company's FPC Gas Tariff and contracts related thereto, as proposed to be amended by the foregoing tendered Second Revised Sheets,

(B) Pending such hearing and decision thereon, Northern Natural Gas Company's proposed Second Revised Sheets 4, 5 and 6 pertaining to Rate Schedule CD-1, Second Revised Sheets 9, 10 and 11 pertaining to Rate Schedule CD-2, and Second Revised Sheets 14, 15 and 16 pertaining to Rate Schedule CD-3 are hereby suspended and the use thereof deferred until August 8, 1957, and until such further time as it may be made effective in the manner prescribed by the Natural Gas Act.

(C) Interested State Commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

By the Commission.

HONESDALE GAS CO.
NOTICE OF APPLICATION

MARCH 6, 1957.

Take notice that Honesdale Gas Company (Applicant), a Pennsylvania cor-

poration, having its principal place of business at Honesdale, Pennsylvania, filed on May 24, 1956 an application and on July 23, 1956 and December 4, 1956 supplements thereto, pursuant to section 7 of the Natural Gas Act, for (1) an order under section 7 (a) directing Tennessee Gas Transmission Company (Tennessee) to establish physical connection of its transmission facilities with the proposed facilities of and to sell and deliver natural gas to Applicant for distribution in the Borough of Honesdale, Texas Township, Wayne County, Pennsylvania and the adjacent area; (2) an order issuing a certificate of public convenience and necessity authorizing Applicant to engage in the transportation and sale of natural gas and to undertake the construction, extension and operation of its facilities, all as more fully represented in the Application, which is on file with the Commission and open for public inspection.

Applicant proposes to build a 4-inch O. D. lateral line 5,636 feet in length, connecting its existing distribution system to Tennessee's existing Hebron-Greenwich line. Applicant is presently engaged in distributing propane air gas at retail and proposes to convert its system to natural gas.

Applicant's facilities and operations will be entirely within the State of Pennsylvania.

The total cost of the facilities proposed to be built by Applicant to receive and handle natural gas is estimated at \$26,496, including the conversion of customers' appliances, which Applicant proposes to finance with a short term bank loan.

The estimated natural gas requirements for the area are as follows:

	1957	1958	1959	1960
Peak daily demand Feb. 1st (Mcf).....	262	339.5	417	494.5
Annual demand (Mcf).....	28,900	44,350	48,350	54,200

This matter is one which should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before March 20, 1957.

GENERAL SERVICES ADMINISTRATION

[Delegation of Authority No. 282]

SECRETARY OF DEFENSE

DELEGATION OF AUTHORITY REGARDING DISPOSAL OF CERTAIN ADDITIONS AND ALTERATIONS TO FACILITIES OF BETHLEHEM STEEL CO. YARD, SAN PEDRO, CALIF.

1. Pursuant to authority vested in me by the provisions of the Federal Property and Administrative Services Act of 1949 (63 Stat. 377), as amended (herein referred to as the "act"), authority is hereby delegated to the Secretary of Defense to dispose of the real and related personal property comprising the scrambled facilities at the Bethlehem Steel Company shipyard, San Pedro, California, constructed under Contract N0d-1537, between the United States of America, represented by the Secretary of the Navy, and the Bethlehem Steel Company, having an acquisition cost of \$5,132,254, by negotiated sale or otherwise, upon such terms as may be advantageous to the United States: *Provided*, That in the case of a negotiated disposal not less than the appraised fair market value shall be obtained.

2. The authority conferred herein shall be exercised in accordance with the act and regulations of General Services Administration issued pursuant thereto; except, however, that no screening of the property to determine possible need therefor by Federal agencies need be conducted, it having been determined that such screening would serve no useful purpose in view of the dependence of this facility upon other privately-owned property, which must be kept available for purposes of national defense and subject to the National Security Clause.

3. In the case of a negotiated disposal, the Secretary of Defense shall submit to the appropriate Committees of Congress an explanatory statement of the type required by section 203 (e) of the act, as amended. A copy of each such statement shall be furnished to this Administration.

4. The authority delegated herein may be redelegated to any officer or employee of the Department of Defense.

5. This delegation shall be effective as of the date hereof.

Dated: March 5, 1957.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-3556]

SOUTHERN CO. ET AL.

ORDER AUTHORIZING ISSUANCE AND SALE OF COMMON STOCK

MARCH 6, 1957.

In the matter of The Southern Company, Alabama Power Company, Georgia Power Company; File No. 70-3556.

The Southern Company ("Southern"), a registered holding company, and Alabama Power Company ("Alabama"), and Georgia Power Company ("Georgia"), both public-utility subsidiaries of Southern, have jointly filed an application-declaration and amendments thereto pursuant to sections 6 (a), 6 (b), 7, 9 (a), 10, 12 (c) and 12 (f) of the Public Utility Holding Company Act of 1935 ("act") and Rules U-42, U-43 and U-50 promulgated thereunder with respect to the following proposed transactions:

Southern proposes to issue and sell 1,507,304 shares of its authorized but unissued common stock, par value \$5 per share ("Additional Common Stock"), and to offer to the holders of its outstanding common stock the right to subscribe for such shares on the basis of one share of Additional Common Stock for each 13 shares of common stock held on the record date. Rights to subscribe will be evidenced by transferable registered Subscription Warrants and no fractional shares of Additional Common Stock are to be issued. Southern will provide facilities through its subscription agent so that rights (not exceeding 12) may be sold or purchased.

The offer of the Additional Common Stock will be underwritten. Southern proposes publicly to invite bids and such invitation will request prospective underwriters, among other things, to agree to purchase any shares not subscribed for as a result of the offering to stockholders and to buy shares purchased by Southern, if any, in connection with stabilizing activities referred to below.

The subscription price per share at which the company proposes to offer the Additional Common Stock to its common stockholders and to underwriters will be determined by Southern. Prospective underwriters who have qualified to bid on the shares of Additional Common Stock will be notified of the price per share at least 20 hours prior to the time for the submission of bids. Such price will not be more than the last reported sale price on the New York Stock Exchange prior to the fixing thereof and not less than such last reported sale price less 15 percent.

Southern proposes, if it considers it necessary or desirable, to effect transactions which stabilize or maintain the market price of its common stock for the purpose of facilitating the offering and distribution of the Additional Common Stock. In connection therewith, Southern may, during the period commencing with the first business day prior to the date when the price per share is to be determined and continuing until the acceptance of a bid for the Additional Common Stock from underwriters,

purchase not in excess of 150,730 shares of its stock through regular brokerage channels.

Southern proposes to apply the proceeds from the sale of the Additional Common Stock to the purchase during 1957 at \$100 per share of up to 92,500 additional shares of common stock to be issued by Alabama and up to 197,500 additional shares of common stock to be issued by Georgia. Alabama and Georgia propose to use the proceeds from the sales of their stock to provide a portion of the funds required to complete their initial aggregate \$2,000,000 investment in the capital stock of Southern Electric Generating Company, to finance improvements, extensions and additions to their respective utility plants, and, in case of Georgia, to pay off any bank loans of up to \$11,000,000 which may be made in connection with its contemplated purchase of the assets of Georgia Power and Light Company and a transmission line of Florida Power Corporation.

The fees and expenses to be incurred in connection with the transactions are estimated as follows:

Federal original issue tax.....	\$15,000
Filing fee, this Commission.....	3,648
Listing on New York Stock Exchange.....	3,775
Services of transfer agent and registrar.....	60,000
Services of warrant agent including preparation and mailing of warrants.....	158,500
Printing and engraving.....	78,750
Legal services, Winthrop, Stimson, Putnam & Roberts.....	12,500
Accounting services, Arthur Andersen & Co.....	10,000
Services of Southern Services, Inc.....	10,000
Miscellaneous, including blue sky expense.....	9,000
Total.....	359,173

The expenses to be incurred by Alabama and Georgia will consist of the cost of documentary tax stamps, estimated at \$3,500 and \$6,990, respectively.

The fee of Reid & Priest, independent counsel to the underwriters, which will be paid by the successful bidders, is estimated at \$7,500.

The Alabama Public Service Commission and the Georgia Public Service Commission have authorized the issuances and sales of common stock by Alabama and Georgia, respectively. No other State commission, and no Federal commission other than this Commission, has jurisdiction over the proposed transactions.

Due notice having been given of the filing of said application-declaration in the manner prescribed by Rule U-23 (Holding Company Act Release No. 13379) and no hearing having been requested of or ordered by the Commission; and the Commission finding that the applicable standards of the act and the rules promulgated thereunder are satisfied, that no adverse findings are necessary, and that the estimated fees and expenses are not unreasonable; and the Commission deeming it appropriate in the public interest and the interest of investors and consumers that said application-declaration as amended be granted and permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application-declaration as amended be, and hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rules U-24 and U-50.

By the Commission.

UNION ELECTRIC CO.

NOTICE OF FILING OF DECLARATION AND NOTICE OF AND ORDER FOR HEARING THEREON

MARCH 8, 1957.

Notice is hereby given that Union Electric Company ("Union"), a registered holding company, has filed with this Commission a declaration and amendments thereto pursuant to the Public Utility Holding Company Act of 1935 ("act") and has designated section 12 (e) of the act and Rule U-62 promulgated thereunder as applicable to the proposed transactions which are summarized as follows:

On February 27, 1957, this Commission issued a notice and order under section 12 (e) of the act (Holding Company Act Release No. 13399) prohibiting Union and all other persons from soliciting any proxy or other form of authorization regarding the voting of any security of Union in connection with the annual meeting of Union's stockholders scheduled to be held April 20, 1957, unless pursuant to a declaration permitted to become effective by order of this Commission. Union has now filed a declaration and amendments thereto pursuant to Rule U-62.

Union states that it proposes to make three solicitations of its stockholders in connection with Union's annual meeting to be held on April 20, 1957. It further states that the initial solicitation material to be sent out will include a notice of the meeting, a proxy statement, a form of proxy and a one page communication entitled "The Union Electric Record of a Decade." According to the filing, in addition to the initial material, it is the present intention of Union's management to include a short statement with the checks for the quarterly dividend on its common stock to be

mailed on March 29, 1957, which statement would simultaneously be mailed to preferred stockholders, and, on or about April 5, 1957, to send out a follow up letter and proxy, to be accompanied by a short statement. Copies of such solicitation material have been submitted as part of the aforesaid declaration.

Union states that the cost of soliciting proxies by the management will be borne by the company to the extent permitted by Rule U-65 (b) promulgated under the Act and estimates that such expense will be \$22,850. Additional expense, estimated to be \$3,950, will be paid by those directors of the company, who are not and who have not been officers or employees of the company, from their personal funds without reimbursement by the company.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the declaration as amended and that such declaration shall not be permitted to become effective except pursuant to the further order of the Commission:

It is ordered, That a hearing on said declaration pursuant to the applicable provisions of the act and the rules of the Commission be held on March 13, 1957 at 10 a. m., e. s. t., at the offices of the Commission, 425 Second Street NW., Washington, D. C. On such date the hearing room clerk in room 193 will advise as to where such hearing will be held.

Any person desiring to be heard or otherwise wishing to participate in this proceeding shall prior to the commencement of the hearing file with the hearing officer hereinafter designated a request relative thereto as provided by Rule XVII of the Commission's rules of practice and shall state the reasons for wishing to participate, the nature and extent of his interest in the proceeding, and the issues of fact or law raised by the declaration which he desires to controvert.

The Division of Corporate Regulation has advised the Commission, upon the basis of its examination of the declaration as amended that the following matters and questions are presented for consideration, without prejudice, however, to the presentation of additional matters and questions upon further examination:

(1) Whether the proposed solicitations are in accordance with the standards of section 12 (e) of the act and Rule U-62 promulgated thereunder, and, specifically, whether it is appropriate in the public interest or for the protection of investors or consumers to permit any solicitation of proxies to be voted in connection with a resolution submitted by a common stockholder of Union which resolution, if approved by Union's stockholders, would authorize Union's Board of Directors to reimburse expenses of any directors who might be elected in opposition to Union's slate of candidates.

(2) Whether the expenses proposed to be expended by Union are appropriate and in accordance with the applicable

standards of section 12 (e) of the act and Rule U-65 promulgated thereunder.

(3) Whether all the transactions proposed in Union's declaration are in accordance with the applicable standards of the act, and whether, in the event the declaration should be permitted to become effective, it is necessary or appropriate in the public interest or for the protection of investors or consumers to impose any terms or conditions.

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That James G. Ewell or any other hearing officer or hearing officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The hearing officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (e) of the act and to a hearing officer under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission give telegraphic notice of the hearing ordered herein to Union, J. Raymond Dyer and Nancy Corrine Dyer, serve copies of this notice and order by registered mail on such persons and that notice shall be given to all other persons by general release of this Commission, which shall be distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and by publication of this notice and order in the FEDERAL REGISTER.

By the Commission.

Secretary.
