

PREFACE

The first edition of Subclass KVJ, Law of Hawaii (to 1900), specifically indigenous law of the pre-Kingdom period (to 1810), the period of the Kingdom of Hawai'i (1810-1893), including overthrow of the monarchy and Provisional Government (1893-1894), and the Republic of Hawai'i (1894-1900), including the Transitional Government (1894-1900), was published in 2016. This 2021 edition updates changes from the 2020 edition. Some captions in Subclass KVJ include terms in Hawaiian vernacular in addition to their English language counterparts. The Library of Congress gratefully acknowledges the assistance of Jason Achiu, State Archives of Hawaii, in providing the Hawaiian language equivalents for these terms.

Access to the online version of the full Library of Congress Classification is available on the World Wide Web by subscription to Classification Web. Details about ordering and pricing may be obtained from the Cataloging Distribution Service at

<http://www.loc.gov/cds/>

New or revised numbers and captions are added to the LC Classification schedules as a result of development proposals made by the cataloging staff of the Library of Congress and cooperating institutions. Upon approval of these proposals by the editorial meeting of the Policy, Training & Cooperative Programs Division, new classification records are created or existing records are revised in the master classification database. Lists of newly approved or revised classification numbers and captions are posted on the World Wide Web at

<http://www.loc.gov/aba/cataloging/classification/weeklylists/>

Jolande Goldberg, law classification specialist in the Policy, Training & Cooperative Programs Division, and Libby Dechman, senior cataloging policy specialist, are responsible for coordinating the overall intellectual and editorial content of class K and its various subclasses. Kent Griffiths, assistant editor, creates new classification records and their associated index terms, and maintains the master database.

This edition of KVJ must be used in conjunction with the separately published K Tables: Form Division Tables for Law.
