### REPORT

OF THE SECRETARY OF BOARD OF DOMESTIC MISSIONS, SOUTH GEORGIA CONFERENCE.

Assembled once more to report and plan as to the extension of Christianity the Domestic Mission Board ought to be profoundly thankful that a merciful Father has spared all our lives for this Annual convocation, and the lives of every representative of the Board. God's good Providence has not only been over us, but his precious grace has blessed the labors of the devout men who have toiled and endured for his honor and glory in the land. The statistical reports clearly attest abundant labors—with progress in all directions. We glance at the various Mission fields in order to enable the Board and the friends of religion to clearly understand the true posture of affairs. It will be seen that even in Georgia, there is yet very much land to be possessed, and the inquiry will arise, shall we go up and take it?

Wesley Church and Savannah City Mission, Savannah, was the theatre of Wesley's earliest ministerial labors, and it is very meet to revere his sacred memory, and therefore this new church is called by his immortal name. Organized into a pastoral charge two years ago, it has been during this time under the ministerial direction of Rev. D. D Cox, a most worthy member of our Conference, but we regret to say a member no longer, he having been transferred to another Conference. He has had considerable success in advancing this young establishment, and its prospects are bright and brightening. Wesley Church is composed of 143 members, generally poor, but pious and thoroughly organized. Thirty have been added during the year. Congregations are good, and the present building, (an octagonal structure of 300 capacity,) is already inadequate, as the building is most eligibly located in view of the wave of population in that quarter of a rapidly growing city. It is an exceedingly liberal church, having paid its pastor \$600, and the Presiding Elder \$100, besides about as much more towards improvements. It will not be long before it will be self-sustaining, but as yet it needs the aid of the Missionary Board, and a suitable man must be kept there at any reasonable cost.

The Millen Mission was served by Rev. I. A. Darsey. It consisted of four appointments, located in Burke county. The labors of the Missionary have been blessed, and the membership perhaps doubled. As it is necessary to economize in the use of our funds, the Board advise the discontinuance of the Mission, recommending (on the advice of the Presiding Elder) that the churches be attached to the adjacent circuits, which can be easily done.

The Gibson Mission is located in Glasscock county—truly Missionary ground. It was successfully worked by Rev. W

M. C. Conley, who being a single man, was enabled to do so without any expense to the Society—it paid him \$160 for his labors.

Beaver Dam Mission lies in Screven county, was served without much success, by Rev. C. V Neidlinger, a local preacher. The people are poor, generally ignorant, and owing to proselyting efforts of intermeddlers the feeble churches have been somewhat disturbed and do not seem to prosper They paid pastor and Presiding Elder \$62. Its continuance is advised.

Swainsboro' Mission was served by Rev. N. D. Morehouse. It embraces Emanuel county, a vast reach of country not yet deemed self-sustaining, unless served by a single man. There are eight appointments, 210 members, 40 accessions during the year. It has raised \$312 for the Pastor, and \$30 for the Presiding Elder.

Macon City Mission has seven appointments, and has been faithfully served by Brothers J. Jones and J. W. Burke. It has one church of 72 members; 2 Sunday-schools doing well. It is reported as in a good condition, and in the opinion of the

Board it should be continued.

Spring Creek Mission embraces a territory lying in the fork of the Flint and Chattahoochee rivers—has four charges and six appointments. There are 89 members, 47 of whom were added during the present year—31 adults baptized, 30 children—there is but one Sunday-school. Work generally prosperous. Paid pastor \$141 75, and \$5 70 to assistants. Served by Rev. W M. Russell.

Flint River Mission reported as having had fine revivals at three points. It has 83 members, two local preachers, 51 persons added to church during the year, 18 by letter. It has paid pastor \$130, Presiding Elder \$1 50, It has one Sunday-school of 42 pupils. The Board advise its continuance.

Swift Creek Mission was served by Rev. James Spence, has four appointments, 106 members; received during the year 32. It ought to be continued. Oclocknee Mission, served by Rev. P. C. Harris, has three appointments, three Sabbath-schools, 60 pupils—27 adults have been received into the church during the year. Paid Missionary \$55. Let it be continued.

Moultrie Mission has six appointments, with a membership of 158, an addition of 16 to the church. It is said to be in a prosperous condition. Paid \$81 45 to the pastor, Rev. M. H. Fielding.

The Hawkinsville Mission has prospered so much under the pastoral direction of Rev. W F. Robison during two years, that it now is self-sustaining, and asks to be elevated to the character of a Station, which the Board advise

Doctor Town Mission is in Wayne and Appling counties—has nine preaching places—162 white members, 55 colored—26 new members added during this year. It has three Sunday-

schools, 60 pupils. This Mission is deemed an important field, and the Board wish it continued. Served by Rev. W M. Kennedy.

Juniper Mission was served the year past by Rev. W.G. Booth, a local preacher of great zeal, and fully consecrated to the work. It has 12 appointments, four of them churches, 135 members, 60 of them accessions during the year. Baptized 45 adults and 17 infants. There are five Sunday-schools and 200 pupils. Paid pastor \$65.00. It is prosperous and ought to be continued, which the Board advise.

Knoxville Mission was served by the venerable James Dunwody, a patriarch in Georgia Methodism—a man of apostolic zeal and simplicity. It has 380 members, five local preachers. Father Dunwody says it ought to be sustained as a Mission, and so the Board think and recommend.

Rev. J R. Littlejohn reports the Girard and Wesley Chapel Mission as follows: It has two churches, one in Girard, which is feeble and unsteady, having a migratory membership. Wesley Chapel is in Columbus. and is a highly prosperous organization. Church-meetings, class-meetings, prayer-meetings, love feasts are regularly held. Its membership is composed chiefly of factory operatives. The membership of the Mission is 230—two flourishing Sabbath-schools. Raised for its pastor \$118 87, for its Sunday-schools \$90. Wesley Chapel enjoyed a gracious revival and had an increase of 58 new members. By all, its importance is admitted as a Mission field, and the Board advise its retention.

Besides these large fields, there are others worked, from whose pastors the Board have received no reports.

Occurred Mission should be discontinued, and the Board so recommend.

No report from Bryan Mission. The Pulaski and Wilcox Mission is in a prosperous condition, and ought to be still maintained—has paid pastor, Rev. W H. Cordell, \$162. Its name is changed by the Board to "Abbeville Mission."

No report from Starkville Mission, but it is said to be important to continue it, and so the Board request.

Berrien and Irwin Mission—no report, name changed to "Irwinville Mission."

The Board advise the formation of a new Mission to be called "Fosterville Mission," and another called "Blackshear Mission."

Now can any Christian, any patriot, any philanthropist, read these facts and figures (by no means full,) and fail to rejoice in the great enterprise of Christian Missions. We ought to be glad that we have the self-denying men fired with holy zeal, willing to labor in these desolate fields—to sow the seed, till the soil, hoping mainly for their reward in the world to come. Is it not a splendid spectacle of moral purity, a heroism that

is here presented that should elicit admiration for the men, and cause the very purses of the people to explode, with anxiety to relieve their wants. They do not demand nor expect much, but even a minimum support is denied them. The Board appropriated \$7,200 at its last meeting to pay the entire Missionary host in the vast fields cultivated. This is not more than enough to pay six moderate salaries, and yet the Treasurer's report just read shows that only 70 per cent. of this meagre claim has been met. "Tell it not in Gath, publish it not in the streets of Askelon." What is the matter?

Is the country poor, resources scant, when our great staple is now bringing nearly three times its usual value? Perhaps there is a defect in our plans of raising supplies, and yet the Board know of none better than the one provided in the Discipline.

There ought to be a searching inquiry on this subject. Let it be presented in an earnest speech to every church, and in a solemn talk at every fireside.

Begin early and continue late. Tell the people they received the gospel first by the labors of Missionaries, for it never goes only as it is sent or carried. Tell them Jesus, the great Missionary of Heaven, himself, "went about doing good," and preaching his eternal truth to "a disobedient and gainsaying nation." Tell them the Apostles received the command to "Go into all the world," etc., and "not at their own charges," and in obedience to this behest they went forth everywhere, disregarding ease, pleasure and profit, "the love of Christ constraining them." Tell them, the best way to get good is "to do good and to communicate," and a religion not expansive, not aggressive, must dwarf, decay and die at home. Tell them that this gross materializing utilitarian age needs the invisible. intangible world to antagonize its erring philosophy and to check its dreadful bane. Tell them angels rejoice at the repentance of even one sinner, an infallible proof of the incalculable worth of the soul. Tell them if good government and happy society are ever attained, it is only by the laws of God, and the conservative power of the Gospel of Jesus. Gather inspiration from the woes of earth, and let the joys of heaven kindle it into a flame of impassionate oratory that shall burn and blaze until avarice is melted and earth's dark places are radiant with celestial brightness. "Work while it is day, for the night cometh when no man can work."

J. W. HINTON, Secretary.

### FOREIGN MISSIONS.

The Gospel of the ever-blessed Son of God was designed for all. None have a right to monopolize its privileges and blessings. If we are the partakers of its benefits, we ought to extend those benefits. The commission to "preach the gospel to every creature," belongs to the church; for while it is the duty of the ministers to preach, yet how can they preach except they be sent. In the economy of salvation, when the faith of the church is increased, the ministry is to be "enlarged" by the church "to preach the gospel in the regions beyond." The obligations to extend the knowledge of the Redeemer are fastened upon all, and from them there is absolutely no escape. How few of us, alas, feel them as we should! How few, even when we feel and acknowledge them, practically meet and discharge them!

A year ago, as a Conference, we pledged ourselves to make an effort to raise \$2,000 for our Mission in China. Of this amount, there will be forthcoming about three fourths. Is there a fault in this? If so, against whom is it to be charged? Have we done all we could? Would not the remaining \$500, if not more, be now found in your Treasurer's hands, if we had put forth a little more effort? These are questions to be settled by our own consciences in the sight of God.

Among the means employed for the support of our Mission in China, your committee would call attention to that of Sunday-schools in the formation of Mary Allen, or other, Missionary societies; thus practically impressing upon the minds of of children the duty of contributing to the cause of religion,

while teaching them to pray, "Thy kingdom come."

Your Committee would not overlook the claims upon our sympathy and support of our own loved missionaries to China, especially the Rev. Young J. Allen, who by his self-denials, and sacrifices, and labors, has displayed a Christian heroism well-nigh unexampled in the history of the times. He deserves, and he has, our sympathies and our prayers. He is one of us. He went out from us. We love him because of the great devotion he has manifested to the cause of Christ. His name is written—not on the cold and finely sculptured marble—but on the fleshly tablets of our hearts; and when we meet in these annual convocations, in our churches and Sunday-schools, we will think of, and pray for, our missionaries in labors more abundant on the opposite side of our globe.

But we ought to do more than this. In a communication to this Conference, the Rev. Young J. Allen informs us that, during his ten years' missionary life, he has received but two years' support from the Board. Of course, he has mainly supported himself, and this has but increased the difficulties under which he has labored. Shall we endure this reproach any longer? Shall not our sympathies, dear as they may be to him, be accompanied with something more tangible and solid?

We hope so.

Your Committee submit the following resolution:

Resolved, That while as a Conference we regret our failure to get all we promised for the support of our Missionaries in China, and that while in view of this, we are almost ashamed and afraid to re-pledge ourselves to any definite amount, yet we are convinced that we ought to do more than to express our sympathies and prayers; and we venture to pledge ourselves to endeavor to raise \$2,500 this present Conference year.

OFFICERS AND BOARD OF MANAGERS OF THE SUNDAY-SCHOOL SOCIETY.

MANAGERS—B. F Breedlove, James M. Austin, A. J. Dean, J. M. Hendry, Wm. S. Baker, E. A. H. McGehee, John W Simmons, C. A. Crowell, C. D. Rogers, W I Green, W S. Wallace.

### REPORT

OF BOARD OF MANAGERS OF SUNDAY-SCHOOL SOCIETY.

Resolutions Respecting Sunday-Schools.

Resolved, 1. That the Presiding Bishop be requested to appoint Dr. Lovick Pierce, as Sunday-school Agent for next year. And recognizing as we do, his pre-eminent worth, faithfulness, and great efficiency as a father in the church, and belonging, as we feel he does, to the whole Church, especially to the Church in Georgia, we do hereby declare it to be the sense of this Conference, that the amount and kind of labor he may perform as to time and place, be left entirely to his own discretion.

Resolved, 2. That it be recommended to the Sunday-schools throughout the Conference to adopt the best practical plan to raise missionary money to aid in the support of our Missionary in China, Young J. Allen, and that each preacher be requested

to assist in carrying out the spirit of this resolution in every

Sunday-school in his charge.

Resolved, That all applications for donations of books, to destitute Sabbath-schools from this Society must be made to the Treasurer, (Rev. J. Blakely Smith) and that the recommendation must be endorsed by the preacher in charge of the circuit or mission, with an assurance that he has reason to believe that the school is permanent.

### TO THE PREACHERS AND MEMBERS OF THE

### SOUTH GEORGIA CONFERENCE.

Dear Brethren: Our Conference at session of 1867 adopted

the following resolutions

"1. The Board of Missions shall estimate from year to year the amounts necessary for the support of Missions, and furnish the same to the Joint Board of Einance.

"2. The Joint Board of Finance shall estimate from year to year the amounts necessary to meet the claims upon them.

"The Joint Board of Finance shall divide these amounts, together with the Bishops' claim upon this Conference, equitably between the Presiding Elders' Districts, and furnish each Presiding Elder with his assessment."

The Conference also passed the following resolution:

Resolved, That we try to collect 2,500 for the support of Young J. Allen, Missionary to China, and to raise a fund for the education of young men.

To facilitate the collection of these sums, they, too, have been divided out, in the same proportion with the Conference

collection.

The following are

THE ASSESSMENTS FOR 1869.

The Missionary assessment above is for both Domestic and Foreign Missions.

It will be seen that the total assessments for three important collections are stated here. The whole sum will be paid, if \$1.25—or 2½ cents a week—be obtained from each member of the Church. Of course, many can give more; but the effort should be to get at least this little from every member. At least, let this average be aimed at. Here is a point to which each one may work. The spirit of Christianity requires that every one, however poor, give "a mite," while those more able should "give according to their several abilities."

To give proper direction in this matter, the Conference has

passed the following resolutions:

"The Presiding Elders shall subdivide these amounts between the Circuits, Stations and Missions of their Districts, and at the earliest practicable moment furnish the same to the preacher in charge.

"Preachers in charge at the beginning of the year shall procure books and take the name of every member, together with the friends of the church in their charge, and seek by personal appeal to lay on each one the obligation to contribute—taking

subscriptions and cash.

"Preachers in charge shall also take up a public collection for missions, and also a Conference collection, at each Church in their charge, on which occasions sermons shall always be preached on the subject of the collection, and such information furnished as shall stimulate and increase the liberality of the Church."

JOS. S. KEY,

Chairman Financial Board.

### EDUCATION

Standing Committee on Education.—E. H. Myers, J. O. A. Cook. R. W. Dixon, Robert J. Corley, James Jackson, W. H. Robinson, A. H. Colquitt, Joseph S. Key, John W. Burke.

### REPORT ON EDUCATION.

The Committee on Education do not deem it necessary to enlarge upon the subject of education, or to use arguments to prove the value of our own Methodist schools to the Church. This value has been proved, by the experience of many years and the growing interest of our people in them attests that our past labors have not been in vain. We rejoice to believe that the time is coming when the Church will be fully aroused to its whole duty, and when it will earry to the people the torch of learning in one hand and the cross of Christ in the other. We propose the passage of the following resolutions:

1 That this Conference heard with profound interest and

deep emotion the able report of President Smith; and here record our satisfaction in the increasing prosperity of Emory College.

2. That we rejoice in the gracious revival of religion with which the Institution has been visited the past year, and will offer prayer to Almighty God that He will raise up from among these precious young men, laborers for the fields whitening for the harvest.

3. That we recommend our people generally to foster the Institution and to give aid to the Endowment Association of

Emory College.

4. That we again commend to public patronage the Wesleyan Female College, as an Institution of Methodism worthy of the highest confidence – and ask for its Association the liberal contributions of the friends of a sound and religious education, under the auspices of our Church.

5. That the Conference recommends Andrew Female College, at Cuthbert, to the favorable consideration of the Church and friends of education generally, as an Institution of our Church, holding a highly important place among its educational facil-

ities.

The Board of Education for Young Men for the ministry have given aid to four young men this year, and have other applications. We desire all the preachers to pledge aid to this good cause—and to leave it to the Executive Committee to divide out the sum needed for 1870—about \$1,000—to the preachers thus pledging themselves, after they have received their appointments, according to the best light the committee can obtain—the payments to be made in January and June, and the sums to be raised by private application. Adopted.

### REPORT ON BOOKS AND PERIODICALS.

The Committee on Books and Periodicals beg leave to report: They are gratified to learn from the Annual Exhibit that the Southern Methodist Publishing House is in successful operation. When we consider its condition at the close of the war, without resources, without credit, without trade, and with nothing to rely upon for success but the patronage it might receive from a wasted and an impoverished country, and then turn to the actual results that have been reached, we can but feel, as expressed in the report of the agent, that there is reason to thank God and take conrage. Too much credit cannot be given to Dr. Redford, the agent, to his financial skill and untiring energy the success of this enterprise is mainly attributable. He will still have our aid and sympathy.

The Sunday Schoo! Visitor has largely increased in circulation and we hope to find it soon in every Methodist Sabbathschool. We trust the publishers will be able to convert it into a weekly paper

We commend the Nashville Christian Advocate to the brethren

of our Conference as worthy of support and patronage. Being the central church organ it imparts valuable information to any who feel interested in the progress and development of Southern Methodism.

The Christian Index is a paper published at Memphis for circulation among the colored members of the M. E. Church, South. The Bishops at their annual meeting approved of the measure. The object is to furnish an organ for the colored Conferences, to promote the moral and physical well-being of the colored people, and to aid in the policy of the last General Conference with respect to them. We recommend that the members of this Conference call the attention of the colored members of the church to this project, and aid in giving circulation to the paper.

We regard the Home Monthly as a valuable contribution to the general and religious literature of the church and we rec-

ommend it to favor and patronage.

We are delighted to learn from the Report of the Publishers of the Southern Christian Advocate, that the last, has been its most prosperous, year since its revival after the war. The report is encouraging. Many of the preachers have labored with fidelity to produce this result. Let us not relax our efforts. There is not a good Methodist who does not love the Southern Christian Advocate, and who is not made better by it. Let us work to extend its circulation.

We hail with pleasure the proposition of Brother J. B. McGehee, to publish the reminiscences and sermons of Rev. James Dunwody. The early life and experience of this remarkable patriarch of Georgia Methodism are worthy of preservation. Nothing should be lost to history which chronicles the toils, the privations, the Christian courage and abiding faith of a race of men now fast disappearing. From them we may learn how to fight, how to endure, how to hope, and that, after all, the loftiest annals of heorism are to be found in the history of the church of God.

### REPORT ON THE BIBLE CAUSE.

"Of making many books there is no end," but of the "many books" only one has divine endorsement. "All Scripture is given by inspiration of God and is profitable for doctrine, for reproof, for correction, for instruction in righteousness." The divinely inspired character of the Bible is not only thus specifically and authoratively affirmed, but this affirmation is signally attested by the work it has wrought in the world. Its influence on civil government, on the social relations of life, in the elevation of woman, in the civilization of the savage, and the enlightenment of the Pagan, is seen and read of all men.

As neither private enterprise nor associated effort had published a Bible on this continent ninety-three years ago, the Congress of the United States was petitioned to assume the publication of the word of life. The great want of the country, however, was never met, nor was there hopeful promise of meeting it, until the year 1816, when the Protestant Christians of the country united in the organization of the American Bible Society This Society then began and has continued uninterruptedly to publish and circulate the authorized version of the Holy Scriptures without note or comment. This Society, feeble in its earlier days and very limited in the measure of the work which it was able to accomplish—now manufacture and sends forth annually from one and a fourth to one and a half million of Bibles.

It now circulates the Seriptures in nearly a hundred different dialects, and among the various "nations, and kindreds, and tongues, and people," of Europe, Asia, Africa, North and South America.

It has, since the war, donated to the Southern States more than one hundred thousand (\$100,000) dollars worth of books. Through her agents, R. H. Luckey and Rev. Wm. A. Parks, it has organized auxiliary societies in nearly all the counties of Georgia, and many counties have been supplied and others are now being supplied. There is a growing interest manifested throughout the State among all Protestant Christians in the circulation of the word of God. The American Bible Society very generously aids us in meeting this growing demand, not only by granting liberal donations of books, but by eancelling most of the old debts made before the war, allowing auxiliary societies at the same time the benefit of most of the old credits. By virtue of these favors, aided by the contributions of Protestant Christians of our own State, many of the auxiliary societies are now able to supply the destitute around them, and wish to employ, on good salaries, efficient colporteurs. Many of our preachers might find it profitable to themselves and beneficial to others to engage in this work, in connection with their pastoral labors—a work strictly in keeping with ministerial obligations. This work would enlarge rather than restrict their usefulness.

As the destitution in our State is now as great as ever in the past—perhaps greater, and the money raised among us is appropriated to the supply of home destitution, the agents who are appointed to this work should have the hearty co-operation of our ministers and should receive liberal contributions from our people.

Residved, That our devotion to the Bible cause and the American Bible Society and confidence in its agents, Rev. R. H. Luckey and Rev. Wm. A. Parks, are unabated.

Resolved, That our thanks are due and are hereby tendered to the American Bible Society for the generous aid that it has

extended to us in our efforts to supply the destitution in our State.

Resolved, That we renew to the Society and its agents our pledge of cordial co-operation in their work of publishing and circulating the Holy Scriptures.

Resolved, That we request the Bishop to appoint Rev. R. H. Luckey Agent for the American Bible Society for the ensuing year.

### REPORT RESPECTING PEOPLE OF COLOR.

The Committee appointed to consider the interests of the Colored People, beg leave to report:

The command to go, preach the gospel to all nations, makes no distinction as to color or race.

We thank God, that Methodism, from the first moment of its existence, has gloried in preaching the gospel to all people—not only in the towns and cities, but in the country, by the highways, to the poor, as well as rich, to the black man, as well as the white man—to all alike, does it earry the blessed gospel of Christ.

In the long past no church was so devoted to the spiritual interests of the colored man, as the Southern Methodist Episeopal Church.

Throughout the entire South amongst the bond-men and women, on the plantations in the low country, on the islands of the eoast, in the river bottoms, everywhere, was to be found our ministry proclaiming salvation to the colored race. But on account of the changed condition of things, the old system of operations amongst them has been broken up, and as a eonsegence we have not been able to continue eolored Missions as Nevertheless we feel, that the spiritual interests of heretofore. our colored population is just as important to be considered by us and looked to, as before slavery was abolished. The colored people possess never dying souls and must embrace the gospel or be lost. But how ean they receive it unless it is sent to them. We fear, from various considerations, we have as a Church lost that deep interest in their salvation that we once possessed.

Since the war the largest portion of those that were under our watch-eare, have withdrawn from us, and placed themselves under other pastors and organizations. Some of them left us voluntarily, while perhaps a majority of them went with our approval and united with the A. M. E. Church, where a large majority of them still remain. There are, however, amongst them very many, and their number increases daily, who still not only remember kindly the labors of our Missionaries in their conversion—but anxiously desire to be again placed in a position in which they can feet that they are in connection in some way with us.

Already quite a large number have accepted of the provision made for them by the General Conference to organize a colored Methodist E. Church, South. There are already four Annual Conferences organized by our Bishops in Mississippi, Georgia, Kentucky and Tennessee, and another in Alabama will soon be organized by Bishop McTyeire.

The Bishops are anthorized by the plan adopted by the General Conference not only to organize Annual Conferences for the colored people, but at a suitable time to call a General Conference, at which one or more colored Bishops may be elected.

We hesitate not to say that in our judgment the time has come, when it would be greatly to the advantage of this Colored Church, now organizing, to have a Bishop of their own color at its head, if a suitable man can be obtained.

We would most earnestly eall upon the brethren of the ministry as well as membership of the South Georgia Conference to look to the spiritual well-being of the colored man. We are convinced that in a proportionate degree as we do so and give evidence to him that we are interested in his well-being temporally and spiritually, we will secure his confidence and improve his condition in every respect. Then let us encourage him in educating his children, assist him in providing a house to worship God in—administer to him the words of life and salvation, or assist in sending it to him by preachers of his own color, and encourage him in every laudable and proper undertaking. Therefore,

Resolved, 1. This Conference feels a deep interest in the temporal and religious well-being of the colored people.

Resolved, 2. That we earnestly recommend to our membership to continue to treat them with kindness, and aid them in every possible way to improve their moral and religious condition, and as far as practicable to assist them in providing for the education of their children, and houses of worship for all those who still desire to be under out watch-care, and guidance; and particularly do we recommend them to encourage and assist in every proper way the membership and preachers of the Colored M. E. Church South.

Resolved, 3. That we approve of the action of the General Conference in providing for a separate and distinct organization of the Colored People in the South into a colored M. E. Church, South, with preachers and Bishops of their own color.

Resolved, 4. That we are convinced that the time has some when this organization should be perfected, by the holding of a General Conference and the election of a colored Bishop, and

hence we highly approve of the action of our Bishops in organizing Annual Conferences, preparatory thereto.

Resolved, 5. That our Delegates to the General Conference be requested to give this subject their earnest and early attention, and if any farther legislation be necessary to carry out fully the General Conference plan of organization of a Colored Church, that they obtain it, at as early a day as possible.

Resolved, 6. That a copy of this report be furnished by the Secretary to the Southern Christian Advocate for publication; also a copy be furnished to the Rev S. Anthony, Superintendent Coloured work, to be presented by him to the next Colored Georgia Conference.

### RESOLUTIONS.

### DAY OF FASTING AND PRAYER.

Resolved, That the 1st Friday in May, 1870, be appointed a day of fasting and prayer, and that then special prayer may be made in the church for the blessing of God upon the deliberations of the General Conference.

### EXPENSES OF DELEGATES.

Resolved. That collections be taken up in all the congregations before the middle of April, to pay expenses of delegates to the General Conference, and to transmit the money to the delegate to whom it is most convenient to pay it over.

### SOUTHERN CHRISTIAN ADVOCATE.

Resolved, That our Delegates to the next General Conference be appointed a committee to act with similar ommittees from the other patronizing Conferences of the Southern Christian Advocate, to take under review the interests of that paper, and to make provision for a permanent Advocate Committee, who shall represent the interests of the Conference in its publication.

### ORPHANS' HOME.

Whereas, the Rev Jesse Boring, D.D., has brought before the public, through the Southern Christian Advocate, the propriety of the Church taking action on the subject of providing a Home or Homes for the Orphan, and has, in the same way, invited action on the part of this Conference in reference to this important subject. Therefore,

Resolved, That our Delegates to the General Conference be constituted a committee to consult with delegates from other Conferences who may be similarly instructed, on the subject of establishing Church Homes for the Orphan, and report the result of their consultations to the next Annual Conference.
