

VIOLATIONS GALORE

ARREST FOR SPEEDING REVEALS SIX BREACHES OF TRAFFIC ORDINANCE

There were 57 arrests Thursday for violations of the traffic ordinance, mostly for turning around between crossings. No fines were assessed for first violations, but a second appearance of an offender will mean the giving up of some money. One arrest made by Officer Trautwein was without precedent in the city's annals in that the offender was apprehended for six distinct violations of the traffic ordinance, namely: Speeding 40 miles an hour on Brand, 12-mile zone, reckless driving, loud and excessive noise from open muffler, no lenses to headlights, inadequate brakes, no driver's license. In addition the steering gear was so defective that the car wobbled from side to side very dangerously. The driver, E. Richards, of 1251 W. 54th St., L. A., who was accompanied by a young lady friend, when asked the why of such excessive speed under these dangerous conditions, said his mother was sick, as he learned by calling up from Burbank. Why he chose the roundabout way home by way of Brand boulevard instead of straight through on San Fernando Road, he could not state.

AMERICAN LEGION PICNIC

The American Legion Picnic which comes off tomorrow and which assumes large proportions as the festive day approaches, is to be held in the canyon at La Crescenta Lodge, not at La Ramada. All executive men and all members of the Women's Auxiliary and their families and friends will be made welcome. It is a basket picnic, but cold, soft drinks, ice cream and candy will be sold. Easy transportation will be furnished via the Glendale-Montrose electric line with auto transportation from the car track to the lodge. Those wishing to go early and spend the entire day in the canyon should be at the American Legion Hall, 104 North Brand boulevard, Sunday, at 9 a. m. Music, athletic sports and dancing will constitute the entertainment program and all those having baseball equipment are requested to take it with them.

FOSTER BRIDGE CLUB

Mrs. C. E. Norton of North Maryland avenue was the hostess of the Foster Bridge Club, which met at her home Friday afternoon. Two tables were arranged for play, the guests being Mrs. J. P. Lawrence, house guest of the hostess, Mrs. Maurice Bondeaux, Mrs. Helen Campbell, Mrs. Hilliard of Los Angeles, Mrs. Lester Jones, Mrs. Heller, Mrs. A. H. Montgomery and Mrs. Tresslar. The Norton home was beautifully decorated with pink carnations and corn flowers and high score was made by the hostess, who served dainty refreshments at the close of play.

SISTER COMING

Mrs. James F. Cullen of 606 North Maryland avenue is eagerly looking forward to the arrival next Tuesday of her sister, Mrs. George T. Osborne, and son, Walter, from Pittsburgh, Pa. PREFERS CALIFORNIA

MISS VIOLET BELL GLAD TO GET BACK, SAYS EASTERNERS ARE ALL LOOKING THIS WAY

Miss Violet R. Bell, Assistant Secretary in the offices of the Pacific Union Conference, who returned from a tour of the east a few days ago had a chance to observe conditions in many places as she visited Salt Lake City, Colorado Springs, Denver, Kansas City, La Crosse, Wis., Butte, Mont., and was at Seattle when 75,000 Shriners were visiting that city. But for the fact that she had friends there she might not have found a lodging place, the city was so crowded, she says. Her principal stop was in Wisconsin. She was much impressed by the beauty of the country, but did not fancy the climate and says she is glad to get back to California. Everywhere she went people wanted to talk to her about California which they all want to visit. She found the trains much crowded with passengers who are coming here to locate permanently.

LOVE KNOWS NO BARS

NAOMI TAYLOR AND KENNETH EVANS MOTOR TO SANTA ANA FOR WEDDING

A considerable obstacle is required to prove a hurdle sufficient to balk Cupid when two fond hearts are as determined as were Miss Naomi Taylor, of this city, and her fiancé, Kenneth R. Evans, who had set Thursday, July 8th, as their wedding day. The two young people accompanied by P. E. Taylor went to Los Angeles to secure the license and found the office of Cupid Sparks closed. After returning to Glendale and talking the situation over with the other members of the Taylor family a decision was reached to have the wedding take place in Santa Ana instead of at the home of the bride on Friday, an unlucky day. Accordingly, Miss Taylor and Mr. Evans, accompanied by the sister and brother of the bride, Ida L. Taylor and Clare Taylor, motored to Santa Ana where the marriage took place, Mr. and Mrs. Evans going north to Ventura with the promise that they would return to Glendale to look in upon the Taylor family on Sunday.

The groom, in partnership with a cousin, has large apiaries in Arizona which are transported to the beanfields of Ventura county at this season of the year to make honey from blossoming bean vines. He and his bride have been acquainted for about two years, and had they filled out an application for a marriage license the bride's age would have been recorded as 18 and his as 21. She was graduated from Glendale Union High School and has recently been in the employ of the local telephone company. She has been a resident of this city for about five years and has many friends here. She is the daughter of Mr. and Mrs. P. E. Taylor of 434 West Doran street.

EARTHQUAKE ENJOYED

Miss Lena Jones of Worcester, Ohio, is visiting her uncle and aunt, Mr. and Mrs. H. H. Plasterer, 246 North Jackson street, and other relatives and friends. With Mr. and Mrs. Plasterer and family she spent last Sunday and Monday in San Diego. She is a teacher and will return to her school work in Ohio in September. Before leaving home she told her friends she hoped an earthquake would manifest itself while she was here that she might have an idea what it was like, and sure enough, she had been in Glendale but a few days when one morning at the breakfast table a jar was felt which her uncle recognized as a slight shock and so yelled "earthquake." She had not realized it as anything more than the jar of a passing truck, but was delighted to have had the experience, slight as it was.

CHANGES IN CITY HALL

City Manager Watson is now in his new office that has just been fitted up, in the northeast corner of the City Hall, just east of the Public Service Department. The telephone exchange and stenographer's office is just south of the manager's room. His old office, in the southeast corner, is now occupied by the engineering department, while the building department, under Mr. Van Wie, retains the old quarters. Further office changes are due, the design being to have the accounting departments occupy the upper floor and the remainder of the city's work to be done down stairs.

OLD-TIME RELIGIOUS DEBATE

Dr. D. R. Dungan, of 323 East Lomita avenue is having serious trouble with an attack of gangrene in one foot, but is cheerful in spite of his suffering. He relates that a few days ago he called at the office of Dr. J. P. Luccock and in the course of a conversation learned that he was the son of Rev. John Luccock, a pioneer Methodist minister with whom he held a religious debate in Pawnee City, Neb., 47 years ago. The debate lasted eight days and occupied six hours each day and yet there was a crowd of interested hearers who attended every session.

BIRTHDAY DINNER

Mr. and Mrs. R. M. Brown of 416 North Kenwood street are entertaining with a 5:30 dinner Sunday evening in celebration of the birthday of Mrs. V. M. Hollister. Covers will be laid for Mr. and Mrs. Hollister, the parents of the hostess, Mr. and Mrs. J. K. Hill, Frank Hill, Mr. and Mrs. W. A. Tanner, the host and hostess and their daughter, Margaret. An informal social evening will follow the dinner.

FOUR PARTY CONVENTIONS

POLITICAL MALCONTENTS WITH DIVERSE AIMS NOW HOLDING SESSIONS IN CHICAGO

(Special Service to Glendale Evening News)

CHICAGO, July 10.—Four political parties with varied purposes began a series of conventions today which observers believe will result in a third party ticket.

The Committee of Forty-eight convention opened at 11:45 with Chairman Hopkins presiding. Approximately 1200 delegates and spectators were present. Hopkins opened the meeting with the declaration:

"Just as Lincoln a half century ago struck off the shackles of slavery so we are here today to strike the shackles of economic slavery from ourselves."

Hopkins turned the gavel over to Allen McCurdy of New York, temporary chairman, who delivered the keynote speech. McCurdy declared the convention was based on the conviction "that the two existing political parties were united in their determination to perpetuate the evils which the American people are determined to destroy." He denounced "economic privilege." The convention then adjourned pending the receipt of committee reports.

The resolutions committee is already at work on the platform and another committee is keeping in touch with the labor party through an interchange of notes. The labor party will hold its convention tomorrow and the single tax party is in session today. These two are expected to amalgamate in a campaign with the "Forty-eights."

The fourth convention is called for tonight and is that of the American Constitutional Party headed by Hearst which the Forty-eighters and Single Taxers have repudiated and which the Labor Party had ignored.

Charles Hopkins today announced he would nominate Henry Ford for president before the Forty-eight convention.

LEAGUE RESERVATIONS

COX WILL URGE UPON PRESIDENT WILSON THE ACCEPTANCE OF RESERVATIONS

(Special Service to Glendale Evening News)

DAYTON, O., July 10.—When Governor Cox meets with President Wilson at the White House he will urge the president to accept reservations to the League of Nations covenant providing that when the United States enters the league it will be distinctly understood that the American Congress alone shall say when the country shall enter war and that all members of the league will agree that practically its sole purpose will be the prevention of wars. It was announced that Cox and Roosevelt will confer Monday at Columbus.

WASHINGTON, July 10.—The White House today indicated that Governor Cox's two reservations to the league of nations will prove acceptable to the president. It was stated that these reservations are entirely interpretative.

STOCK MARKET UNSETTLED

AMERICAN WOOLEN COMPANY STOCK DECLINES MORE THAN FIVE POINTS AND DISTURBS CONDITIONS

(Special Service to Glendale Evening News)

NEW YORK, July 10.—Heavy selling of American Woolen Company stock during the second hour of trading on the Stock Exchange today unsettled the entire stock market. American Woolen dropped 4 5-8 points. The selling resulted from a statement that of 200,000 shares of new stock offered to stockholders, only 15,000 shares had been subscribed. The closing of the company's plants also was given as a cause.

HENRY FORD'S POLITICAL VIEWS

WILL SCATHINGLY DENOUNCE REPUBLICAN AND DEMOCRATIC PARTIES AND ENCOURAGE THIRD PARTY

(Special Service to Glendale Evening News)

DETROIT, Mich., July 10.—Henry Ford's weekly, the Dearborn Independent, in the July 7th issue, will scathingly denounce the Democratic and Republican parties and promise its support to a third party, but will not mention Ford as a possible presidential candidate.

POLISH TROOPS FORCED BACK

BOLSHEVIK DRIVE ON SOUTH FRONT COMPELS THE EVACUATION OF CITY OF VILNA

(Special Service to Glendale Evening News)

BERLIN, July 10.—Polish troops have reached the outskirts of Lemberg in a drive on the Polish lines on the south front, according to a news dispatch received today. The Poles were reported to have evacuated the city of Vilna.

CAMPAIGN EXPENDITURES

ST. LOUIS, July 10.—The Senate committee investigating campaign expenditures ended its hearings here today and members left for Washington. Four witnesses today told of Democratic expenditures in Missouri.

MONTEREY ROAD

WILL BE MAIN TRAFFIC ARTERY AND LEVEE FOR WASH

A rather large real estate deal for property in the Casa Verdugo section, just north of Verdugo Wash, is being held up until the prospective purchaser can feel sure that the Wash will not some time overflow and flood the whole northern section. Of course, this has never happened, even in the worst floods the city ever experienced. All the damage having been suffered south of the Wash. The new protection work recently completed, is an absolute guarantee from damage from the highest flood possible, we are assured by the county engineer, Mr. Reagan, and by Mr. Dailey, who supervised the work, but even this is not enough for a few timorous ones. But there is an improvement now in contemplation which, when carried through, will forever set at rest all fears of Verdugo Wash's rampages. This is the Monterey Road extension. It would make a safe and secure levee for the north side of the Wash from Brand boulevard west as far as the old danger line extended and beside would provide a central traffic artery that would be of incalculable benefit to that portion of the city. It would be the means, also, of building up at once the northeast portion, from Brand to Verdugo Road. Of all the highway improvements projected by the city it is safe to say that Monterey Road is by far and away the most important from every angle.

ECKLEBARGER'S GLENDALE VISITORS

A. E. Eckleberger and family are here from McFarland to visit relatives and friends for a few days. They are living on an alfalfa ranch near McFarland and while they like their new location, they find it very hot during the summer and then their thoughts turn back to the old home and its cool breezes. They say there is no place like Glendale. Mr. Eckleberger was in the grocery business in Glendale for several years, on North Verdugo Road, and later at 108 East Broadway, and made many friends, who are glad to see him and his family again.

AGAIN RESIDENT OF GLENDALE

E. H. Dutton, who first lived in Glendale 34 years ago, when his father put up the building at the southwest corner of Glendale Ave. and Third St. as it then was, and opened Glendale's first store, is again a resident of the city. The building still stands and is now occupied by stores, as then. Mr. Dutton has been away from Glendale the past few years, but is back again to engage in the auto painting business with his old friend, C. A. Martin, of 210 East Garfield avenue. Mr. Dutton, who is unmarried, is making his home with a brother, Will Dutton, 113 East Laurel street.

CHURCH MOBILIZATION WORK

Mrs. M. P. Harrison and Mrs. J. F. Lilly entertained Friday with a social afternoon which had been planned for the purpose of completing the mobilization work undertaken by the Glendale Presbyterian Church. To the forty invitations sent out there was an excellent response. An informal program of fine victrola records was enjoyed and refreshments were served and in the intervals group work in looking after new members and in making the acquaintance of new comers in Glendale was planned. Yellow and white daisies were employed by the hostesses in the effective decoration of the Harrison home and it proved a very pleasant affair.

DEATH OF BRYAN SMITH DOCKERAY

Bryan Smith Dockeray, superintendent of Grandview Cemetery, died in Glendale Friday night at 8:10 o'clock. He was sixty years old and before being connected with the Grand View burial ground was superintendent of Hollywood Cemetery. He leaves a widow, two sons, G. A. Dockeray and D. G. Dockeray, and a daughter, Cleora D. Headlee, all of whom reside in Glendale. Funeral services will be held in the Little Church of the Flowers in Forest Lawn Cemetery, Monday, July 12th, at 11 a. m., the L. G. Scovern Company having charge.

WEATHER FORECAST: Fair to night and Sunday. Continued warm weather.

MEXICAN AFFAIRS

W. C. LAUGHLIN OPTIMISTIC OVER PRESENT GOVERNMENT AND INDIAN PACIFICATION

W. C. Laughlin, mining engineer of Sonora, Mexico, who has been visiting his wife and family residing at 601 North Maryland avenue, returned to Mexico the first of the week.

Mrs. Laughlin says her husband reports that conditions in Mexico are improving more rapidly than at any time previous under recent regimes, and he is quite optimistic. He is an intimate friend and admirer of General Obregon who has always been in sympathy with American investors in Mexico and disposed to welcome them. At the same time Mr. Laughlin was not ready to express an opinion on the power of Obregon and de la Huerta to reconcile and hold together the many opposing factions.

The Yaqui Indian question which has heretofore been one of the big problems is being solved, Mr. Laughlin says. The revolutionists, headed by Obregon, took most of these Indians with them and the rest are being established on lands of which they had been deprived and are being fed and given protection. Under these conditions the Yaqui question has ceased to be of much import, in Mr. Laughlin's opinion. He has been a mining man in Mexico for the past fifteen years and has grown up with the country. Because of critical conditions there under which many mining properties have been confiscated he has felt it necessary to remain and guard his interests, while Mrs. Laughlin has lived here and kept the children in school. He is hoping that now, under improved conditions, it will be possible for him to leave his affairs there in charge of some one else and return to California to live with his family.

DURFEE'S SELL HOME AND BUY LOTS

Dr. I. H. Durfee informs us that Jack Lucas has sold him out of house and home, despite his protests that he did not really care to sell. The purchaser was W. H. Loucks of Los Angeles. He bought both the residence property at 310 East California avenue and the two-story business building adjoining it on the east. He expects to open a store in the latter. Dr. and Mrs. Durfee are to give possession August 9th, and will move into a part of Miss Grace Allee's house at 114 East Los Feliz Road. They recently bought two very desirable building lots that Harry M. Miller had advertised in the Evening News and it was entirely through this ad that the lots were sold, Judge Miller says. The Durfees expect to build on one of the lots.

MINING EXPERT FROM CUBA

Dr. and Mrs. C. L. Marlenee of South Central avenue entertained Thursday evening with a small family dinner party at which covers were laid for eight in honor of Jack Thoma, a mining expert and old friend of Dr. Marlenee, who has just returned from inspecting and reporting upon copper mines in Cuba. Professional work is likely to keep him in Los Angeles for some time.

OUIJA OUTDONE

C. D. THOM DESCRIBES VISITS TO EASTERN CITIES DAYS BEFORE ARRIVAL

Cameron D. Thom is a very considerate, thoughtful man, and when he makes a promise he sees to it most thoroughly that it is carried out to the letter. For instance, before he and Mrs. Thom started on their journey east which was to end at Chicago, where the great Elks' convention was held, he promised his partner, B. F. Bourne, he would write him from every city where he and Mrs. Thom made any stop, even if it was for only a few hours. They expected to visit a number of eastern cities, Denver, St. Louis, New York, Washington, D. C., Richmond, Virginia, and so on. Mr. Bourne was looking forward with considerable pleasure to reading the charming descriptive letters he knew his partner could write when he put his mind to it. Imagine his gratification then, to receive, all at once, on the day after the Thom's departed, letters from all the cities named, telling of their arrival and stay in each and how they enjoyed it. And every one ended with the urgent message, "Am out of money. Wire funds at once." All the letters were mailed in the Glendale postoffice, just before Mr. and Mrs. Thom left.

MOVE IN NEW HOME

HUDSON AND ESSEX AGENCY
NOW LOCATED AT 228
SOUTH BRAND

Chambers & Felts have been moving their Hudson and Essex agency into the new location, 228 South Brand boulevard, this week and are now receiving many admiring visitors, who are glad to note the enterprise of these two young dealers. The new home is in a brick building of 50 feet frontage and 115 feet deep, just completed. It is located just north of the Masonic Temple and a few feet from it, so that a large window could be placed on the south side to give additional light to the show room, which occupies the front half of the building. The back part is a machine and repair garage, with ample space reserved for the varied stock of auto accessories. A 12-foot passageway along the north side of the show room and separated from it by a wall pierced with two windows leads from Brand back to

the machine shop and there is also a wide entrance from the alley.

The repair shops have every known convenience in equipment and tools, including an unusually deep pit long enough to accommodate three machines at a time.

In the front of the show room, so they can be seen plainly through the large plate glass windows, are placed cars of different models, displaying their graceful lines and beautiful finish. In the southeast corner of this room is the office. There is also a ladies' rest room and toilet.

In the repair and machine shop room will be kept a full line of accessories of all kinds. This room is to be whitewashed all over and the gleaming white walls will make it very light.

There will be a filling station in front of the building, where 54-test gasoline of the Fillmore Company will be sold and free air and water dispensed.

Messrs. Chambers and Felts are justly proud of their new quarters and cordially invite inspection.

BEHIND INITIATIVE

AUTOMOBILE CLUB EMPLOYEES
SECURING SIGNATURES TO
PETITION

The local office of the Automobile Club of Southern California received instructions to concentrate the maximum effort of all employees on securing the necessary signatures to the initiative petition providing for the relief of the counties in the payment of State Highway bond interest, and for the appointment of a State Highway Finance Board authorized to fix the interest rate on State Highway bonds in the future. The instructions received by the Club's representative contain the following:

"As the relief thus afforded the counties and the public declarations of the State Highway authorities announcing a policy of retrenchment of highway construction at this time are in keeping with the recommendations made by officials of the Automobile Club of Southern California, the Board of Directors of the Club have authorized the use of the entire facilities of the organization to secure the necessary signatures to the initiative petitions, in order that the people of the state may be afforded the proper opportunity of expressing their wishes at the polls in November.

"You will, therefore, use the best efforts of yourself and your assistants in the circulation of these petitions and in obtaining the required signatures at the earliest possible moment."

Every citizen and taxpayer is interested in this movement, and the local representative of the Club requests the public generally to call at the club office and sign this petition. Volunteers to circulate the petitions are also needed, and it is to be hoped that Mr. Harlow's request for help in circulating these petitions will be responded to promptly.

A supply of petition forms and full instructions are available at the Automobile Club office, corner Brand boulevard and Colorado street, Glendale, Calif.

OLD GUNS AS MEMORIALS

Inasmuch as nearly every village in the land submitted a request for a cannon captured from the Germans, there were not enough of these trophies to supply the demand. The offer of the war department to donate to municipalities, posts of the Grand Army of the Republic and soldiers' monument associations condemned guns, mortars and howitzers is commended to the attention of communities that were disappointed

USL—a correct battery and complete service

Your Battery's Sturdiness

IT'S when your battery's plates wear out, that you buy a new battery. Economy for you, therefore, means the battery with *durable plates*.

Machine-Pasted Plates are what put the extra wear into the USL Battery. Heavy machine-pressure compresses the plate material into a tough, sturdy structure that stands up and lasts.

Jars, tops, separators, cases—all details right. The USL is a guaranteed battery.

We back the USL Battery with a SERVICE which keeps your electrical system in tune and keeps you "battery-happy."

Light Car With Triplex Springs Wins
Los Angeles-Yosemite Run

THE LIGHT OVERLAND on Triplex Springs scored another remarkable triumph, in the annual 355-mile Los Angeles-Yosemite Economy run. Four out of the six cups offered fell to Overland cars. In Class One, an Overland took first place with a gasoline average of 35.1 miles per gallon. In Class Two an Overland Sedan won easily with an average of 27.6 miles to the gallon. In the Grand Sweepstakes, Overland cars finished first and second. The Baker Economy Cup for the best economy record in gas oil and water also went to Overland.

in not being able to obtain ordnance captured from the foe.

It is true that the pieces of artillery that the government offers do not have the sentimental value that would be attached to German cannon, signifying in a concrete way our victory; but for decorative purposes they are not to be despised. As an inexpensive and at the same time appropriate marker of the resting place of our heroes cannon used by American soldiers are not unworthy of consideration. They are suitable also as interesting objects to be placed in public squares and in parks. The government's offer should not go begging.

WOMEN PLAY "PRACTICAL POLITICS"

We do not know whether the suggestion originated with themselves or came from some astute male politician, but the women have adopted practical tactics in their efforts to hasten ratification of the constitutional amendment granting them the franchise in time to be exercised at the November presidential election.

They have succeeded in starting rivalry between two states of opposite political leanings to achieve the honor of being first in furnishing the vote necessary to ratification. The governor of Tennessee, a Democratic state, has definitely fixed August 9th as the date for a special session of the legislature to act on the federal suffrage amendment, and it is expected that the pressure brought to bear on Vermont, a Republican state, will be equally successful.

With the two dominant parties enlisted to achieve the same end, the prospects are bright for the women reaching their long-sought goal this year. The bit of "practical politics" involved in the struggle is of a character least to be criticised.

Lack of attention on the part of automobile drivers is the main cause of auto accidents. Every driver of an automobile should be taught that he should give strict attention to driving while he is at the steering wheel. Occupants of automobiles should be careful not to distract the attention of the driver of their machine from his work.

Don't Rob It

If you put off getting your Willard Battery registered at the very beginning, you are robbing it of hours of future service.

Why take a chance?

Be sure that your next battery has *Threaded Rubber Insulation*, the kind selected by 136 manufacturers of cars and trucks.

FORD TAKES THE LEAD

Overcoming the greatest difficulties and despite the fact everyone said it was impossible for any car to get over Tioga Pass before the middle of July at the earliest, the feat was accomplished by a Ford car June 23d, piloted by Lester Henderson, of the local Ford Branch, carrying as a passenger one of the cameramen of the Ford Motor Car Company.

The trip was made in the interests of the Ford Company, as the motion picture department of the company was anxious to secure some pictures of the wonders of the High Sierras of California and also some in Yosemite National Park.

Leaving Los Angeles the pair proceeded to Mammoth. Leaving there early in the morning they started up the pass. They found the road in very bad condition and everyone told them that the trip could not be

made. Despite the discouragement they pushed on, passing logging camps, volcanoes and deserts until they reached Mono Lake. Here they started up the trail, which as Henderson puts it, "seemed so small that it looked like a scratch in the side of a large pyramid."

The road grew worse and worse, cut in some places by landslides until there was hardly enough room to pass onwards. In other places the snow was piled many feet deep. At last they started, from then on it

was necessary to lift and to pry the car out of snowdrifts and mud, and to pile stones on the road ahead so as to give it something to grip on. In other places it was necessary to drive at an angle of about 45 degrees in order to pass snowdrifts. Finally, after much hard work, they arrived at the top of the pass, 9940 feet above the sea level.

From here they went on down until they arrived at Carl's inn where they spent the night and then went into the Yosemite the next day.

Buy Real Dollars

payable in the future, with the fifty-cent dollars of the present.

The day for speculation in stocks and other hazardous things has passed. The rise in the value of the dollars you deposit in Life-Insurance contracts now, will come with the decline in price of every form of property which everybody knows will occur sooner or later. If insurable, the chance of your dying soon is small and if you should, the estate is complete and the gain on investment enormous. If your going is many years later or if you live to mature an Endowment, the estate, purchased, in part, with cheap dollars, will have doubled in purchasing power.

A patriotic luncheon was given in their honor on the Fourth at which Mrs. James Thompson, Mr. and Mrs. Seymour Thompson of Beverly Hills and Mr. and Mrs. John W. Garver were also guests. Carver, is coming to Glendale to spend the summer and has taken a house on Kenwood not far from Mrs. Burnham. Mr. Burnham left for the desert country Friday. He is one of the federal lessors of Searles Lake and is going there to begin the construction of a potash plant, a task likely to keep him there for some time.

The men's Bible class of the Glendale Presbyterian Sunday School is increasing in numbers constantly. Last Sunday all the strangers present for the first time were asked to stand up and then to state where they were from. It was found that 5 different states of the union were represented.
