AUSTRIANS NOT READY BY SEPTEMBER 9

HON. ARTHUR SIFTON IS NEW PUBLIC WORKS MINISTER OF CANADA

Sworn In As Successor to Hon. F. B. Carvell; Government As Yet Has Not Determined Its Attitude Toward Prohibition

Ottawa, Sept. 4.—Hon. A. L. Sifton, who since entering the Government in 1917 has been Minister of Customs, has been sworn in as Minister of Public Works. He succeeds Hon. F. B. Carvell, recently appointed to the chairmanship of the Board of Railway Commissioners.

No successor has been appointed to Mr. Sifton in the Department of Customs. It is understood that for the present Hon. J. D. Reid will be Acting Minister.

Murdock McKinnon has been appointed Lieutenant-Governor of Prince Edward Island. Mr. McKinnon was Provincial Secretary-Treasurer and Commissioner of Agriculture in the Arsenalist Cabinet.

The attitude of the Government in regard to prohibition, it is authoritatively stated, has not yet been definitely determined, although it is regarded as probable that a measure will be brought down. The rejection of the Government's bill by the Senate last session has left the war-time Order-in-Council in force, but the Order-in-Council will expire on the proclamation of peace.

Peace Treaty.
The debate on the peace treaty in over till Monday. When Sir Robert Borden made his statement on the treaty in the House on Tuesday, representations were made by Opposition members that they had not had time to see the treaty. At the Opposition caucus yesterday, the point was further discussed. This morning, D. D. McKenzie, House Leader of the Opposition, had a conference with the Prime Minister and it was decided to hold the debate over as indicated. The House this afternoon therefore proceeded with the debate on the Address.

Ontario Election.
Toronto, Sept. 4.—Cabinet Ministers, interviewed this morning, stated emphatically that no date had been set for the general election in Ontario, denying a statement in a morning paper to the effect that October 13 had been decided upon as the election date.

Another Russian to be Deported.
Premier Sir William Hearst is not in the city, but it was stated that he had no knowledge of any date being set for an election.

P. Semanoff Ordered Away by Immigration Board at Vancouver.
Vancouver, Sept. 4.—A Canada controlled by a soviet of foreigners, principally Russians, was the dream of Paul Semanoff, of Hillcrest, Alta., who was ordered deported yesterday by the Immigration Board, which is sitting here. Semanoff is a clever and well-read man who came to Canada in 1915 via Halifax and proceeded to Hillcrest to work in the mines. He is believed to have been the leader of the Russian Workers' Union for Hillcrest, Blairmore and Coleman, and was said by Royal Northwest Mounted Police operatives to have been very active in agitating among the foreigners at those camps.

His Aims.
According to the evidence of the prosecution Semanoff knew in January that a big strike would take place in Canada. He told a meeting of the steps he hoped would lead to a realization of the aims of himself and his followers in the household, come; the miners would go out; the stoppage of coal production would result in the closing down of all industries from coast to coast. The Government would be overthrown and a Soviet Government would take its place. "After the strike," Semanoff is reported as having declared, "we can easily overthrow the Canadian Government and form a Soviet, the same as the Russians have done." Then, the agent continued, the men at the meeting arose and sang their songy "Stand Up Workers Shoulder to Shoulder, and Fight the Capitalists and Oppressors."

AGED MAN LOST LIFE.
Jamestown, N.Y., Sept. 4.—John Peterson, eighty years of age, was burned to death at Riverside, near here, this morning, after having aroused all others in the household, and assisted in their escape, when his house was destroyed.

FOCH DECIDES HOW MUCH IN RHINELAND AMERICANS TO HOLD

Coblenz, Sept. 4.—Marshal Foch, the Allied Commander-in-Chief, has decided upon the extent of the territory in the Rhineland to be held permanently by American forces. Its area will be twice as large as that which has been under American jurisdiction since the last combat division left for home.

MR. FARRIS TO CALL MEETING OF MAYORS

Attorney-General Hot-foot After a Plan to Bring Down H.C. of L.

Hon. J. W. deB. Farris, Attorney-General and Minister of Labor, is losing no time in carrying out his assurance wired yesterday to the Chairman of the Board of Commerce that the Provincial Government would do all in its power to assist in the nation-wide campaign against the high cost of living.

Conference of Mayors.
In the absence of any reply from the Mayor of London, Farris in respect of specific direction as to the manner in which provincial police officers are expected to render aid to the Board, Mr. Farris has issued a call to the Mayors of Victoria, Vancouver, Nanaimo, New Westminster, Kamloops, Vernon, Nelson and other places by wire this morning, asking them to meet him in Vancouver on Monday next for the purpose of discussing the whole question from a British Columbia standpoint.

The Attorney-General considers that such effective work can be accomplished by the municipalities and his own department working along co-operative lines. Moreover, he points out that the greater proportion of the police officers of the Province are under the control of Municipal Police Commissioners of which bodies the Mayor officiates as chairman. For that reason and in order to give more substantial effect to the request of the Board of Commerce he deems it advisable to invoke municipal co-operation.

Expecta Further Details.
Nevertheless, the Attorney-General is hopeful that before the Vancouver meeting takes place, as a result of his wire to Ottawa yesterday, more definite and comprehensive information will have been furnished by the Board as to the precise nature of the assistance required of it by this Province.

Proposed Changes in Indian Government.
London, Sept. 4.—(Reuter's)—There is a growing interest in the discussion of the future system of Government in India as the result of the daily publication of views expressed before the joint select committee of the House of Lords and the Commons.

Family Courts in States are Urged.
Boston, Sept. 4.—The establishment of "family courts" to meet the menace to the marriage relations presented by the divorce evil in the United States was recommended by Chief Justice Charles W. Hoffman, of the Court of Domestic Relations of Cincinnati, Ohio, in an address before the American Institute of Criminal Law and Criminology, in session here in connection with the annual meeting of the American Bar Association.

Winnipeg Housewives to Have Co-operative Store.
Winnipeg, Sept. 4.—More than 100 housewives of Winnipeg are perfecting plans for the opening and operation of a co-operative store about October 1. The promoters are members of the Winnipeg Consumers' Protective Association. They will sell all staple lines of foods and there will be no looking toward dividends—simply cheaper food for the homes represented in the concern by about 115 members.

Poor in Poland Going Barelegged.
London, Sept. 4.—Bare legs are the custom throughout Poland, according to the Associated Press correspondent in Warsaw, who says that probably not one in five of the poor own stockings, and many have not even shoes except wood soled sandals strapped on bare feet. Women, barelegged and barefooted, are to be seen everywhere, not only in the country but in the streets of Warsaw and other large cities.

Grand Trunk Subject of Conferences in Dominion Capital

Ottawa, Sept. 4.—Important conferences, involving the possible purchase of the Grand Trunk Railway by the Government opened in Ottawa to-day. The Government is represented by Sir Robert Borden and a sub-committee of the Cabinet consisting of Sir Henry Drayton, Hon. Arthur Meighen, Hon. J. D. Reid and Hon. J. A. Calder. Sir Alfred Smithers, chairman of the board, and Howard G. Kelly, president, are among the representatives of the Grand Trunk. Negotiations looking to acquisition of the system were opened in some some months ago, but no satisfactory agreement was reached.

BRITISHER SAYS BOLSHEVIK HAVE SHELLS FOR TEN YEARS

London, Sept. 4.—(Reuter's).—Colonel John Ward arrived in London yesterday, having been summoned from Russia by the War Office for a consultation. In an interview he stated that the Bolshevik forces have practically unlimited supplies of munitions, as only a small portion of the munitions supplied Russia by the Allies before the revolution fell into the hands of the Germans. Col. Ward said he believed that the Bolsheviks have sufficient munitions for ten years.

He declared the horrors of Bolshevik rule had been far from exaggerated. It was, he said, indeed doubtful as to whether the story of half the atrocities in Russia had yet been told. The secret of the prolonged regime of the Bolsheviks was simply terrorism. Everyone in Russia acted under fear of denunciation and of a horrible death. Besides, there was food, clothing or other necessities of life for those refusing to profess Bolshevik views. Again the Bolsheviks controlled the rich manufacturing districts and all attacks on them had to be made from the sparsely populated areas, hence it was important that General Denikin should be supplied with munitions, as Kolchak had been.

AMERICAN POLICE ASSIST IN SEARCH

Clallam County Posse Here To-day Seeking Smith Alleged Murderer

Co-operating with American police officers who arrived here this morning on board the United States life-saving tug Snohomish, the Provincial Police have started to comb finely the coast of Vancouver Island westward from Sooke in search of Port Angeles fisherman.

Offer Made to Miners of Cobalt.
Cobalt, Ont., Sept. 4.—The mine managers this morning issued a statement of their position following their conferences with the local workers' committee. The statement offers a fifty per cent. shift raise in the basic rate, with a bonus based on eighty-cent silver instead of per cent. silver as at present. There is thus no raise in wages offered, but the men would be protected more against a drop in the silver market.

SS: GREAT NORTHERN AT SAN FRANCISCO.
San Francisco, Sept. 4.—After more than a year's service in transporting troops through submarine-infested zones and returning them to this country, the transport Great Northern arrived here to-day for service between this port, Manila and Vladivostok.

Caproni Triplane Makes Successful Flight in Europe.
New York, Sept. 4.—News of a successful European flight of a Caproni triplane equipped with Liberty motors was made public here to-day by D. G. Conti, American representative of the Caproni Company. A telegram received by Mr. Conti from Milan said: "Caproni triplane fitted with Liberty motors and lighted passenger cabin flew from Milan across the Alps to Lyons, Paris, Brussels and Amsterdam on its way to London."

BOMB WAS THROWN AT EGYPTIAN PREMIER; NO HARM WAS DONE

London, Sept. 4.—A bomb was thrown at Hussein Rushdi Pasha, Premier of Egypt, in Alexandria on Tuesday, according to an Alexandria dispatch received here. The bomb was concealed in a basket of grapes, but did not injure the Premier. The assailant was a theological student.

ROUMANIANS FIND BODIES IN BUDAPEST

London, Sept. 4.—Several hundred bodies which were hidden in Budapest have been discovered by Roumanian troops in that city, according to a dispatch to the Exchange Telegraph.

IMPROVEMENT IN NORTH RUSSIAN AREA

London, Sept. 4.—(Reuter's).—Some interesting details have been received by Reuter's regarding the present situation of the Murmansk expeditionary force from a British officer who has returned from North Russia. The troops, he said, are now in excellent spirits and the splendid summer weather, which was so much appreciated after the dreary Arctic winter, has returned. The general activity consequent upon recent military operations against the Bolsheviks, have had a very encouraging effect upon the morale of the whole force.

NEGOTIATIONS ON BRIDGE RESUMED

Johnson Street Viaduct Question Debated Again With Railway Officials

The Johnson Street Bridge controversy, which came to a halt at the recent conference between representatives of the Government, city, and the Esquimalt & Nanaimo Railway Company, was resumed at the City Hall to-day.

The railway officials had formerly refused to accept two important amendments of the proposed agreement, as submitted by the railway company to the city for adoption.

SS: GREAT NORTHERN AT SAN FRANCISCO.
San Francisco, Sept. 4.—After more than a year's service in transporting troops through submarine-infested zones and returning them to this country, the transport Great Northern arrived here to-day for service between this port, Manila and Vladivostok.

U.S. SENATE COMMITTEEMEN WANT TREATY RESERVATIONS.
Washington, Sept. 4.—Final action on the peace treaty with Germany by the Senate Foreign Relations Committee late to-day was planned by Republican leaders. It was proposed that a resolution of ratification, including reservations, should be adopted and the treaty be ordered reported to the Senate.

Wilson's Tour.
Columbus, Ohio, Sept. 4.—President Wilson, opening his country-wide speaking tour for the peace treaty, declared in an address here to-day that his purpose was to "go out and report to my fellow countrymen."

KILLED OVER 1,000 IN EKATERINOSLAV

Butchery by Bolsheviki Before South Russian City Evacuated

Constantinople, Sept. 4.—More than 1,000 persons were executed by the Bolsheviki before they evacuated the city of Ekaterinoslav, in Southern Russia, according to a dispatch received here from that city, giving an account of the massacres supplied by a physician who was the principal medical expert present at the opening of the pits into which the bodies of these victims were thrown after their execution. This physician, Dr. Robin, declared the victims' heads had been crushed with hammers and their bodies badly mutilated. Many of them, he said, were found with broken legs, specimens of these being found in the vicinity. The physician told of the case of one officer who missed being struck by the firing squad's bullets and escaped the Bolsheviki, who came along bayoneting the wounded by simulating death.

CHINESE AIDED.

The Bolsheviki organization in the city was headed by a workman named Valievka and various Chinese, the report adds, and the principal posts of the Soviet administration under them were in the hands of young men and women. Wholesale pillaging is declared to have occurred in the town before its evacuation.

NEGOTIATIONS ON BRIDGE RESUMED

Johnson Street Viaduct Question Debated Again With Railway Officials

The Johnson Street Bridge controversy, which came to a halt at the recent conference between representatives of the Government, city, and the Esquimalt & Nanaimo Railway Company, was resumed at the City Hall to-day.

The railway officials had formerly refused to accept two important amendments of the proposed agreement, as submitted by the railway company to the city for adoption.

Washington, Sept. 4.—Final action on the peace treaty with Germany by the Senate Foreign Relations Committee late to-day was planned by Republican leaders. It was proposed that a resolution of ratification, including reservations, should be adopted and the treaty be ordered reported to the Senate.

AUSTRIANS ARE GIVEN UNTIL SEPT. 9 TO SAY THEY WILL SIGN PACT

Allied Leaders Allow Them Delay of Two Days Beyond Time Set When Final Draft of Treaty Presented; Serbians Not Satisfied

Paris, Sept. 4.—(Havas).—The Supreme Council of the Peace Conference has decided to grant the request of the Austrian peace delegation for a delay of two days in the time for presenting the Austrian answer to the terms of peace.

As the covering letter which the Supreme Council sent to the Austrian delegation along with the final draft of the peace treaty on Tuesday set September 7 as the time limit, the delay of two days granted by the Council means that the answer of the Austrians must be in the hands of the Allied representatives on Tuesday next, September 9.

A dispatch from Paris last night said that Dr. Karl Renner, head of the Austrian delegation, before leaving for Vienna Tuesday night after receiving the final draft of the Austrian peace treaty, said in an interview that the communications sent to the Austrians by the Peace Conference showed that the Allies understood perfectly well the economic situation of Austria and had adopted a benevolent attitude in this connection. He thought, however, that Austria in her reply should remain firm against the rigor of the territorial clauses in the treaty.

FRENCH SOCIALISTS OPPOSE TREATY

Minority Wing, Numbering Thirty-five, Will Vote Against It

Paris, Sept. 4.—Paul Mistral, a Minority Socialist, during the debate in the Chamber of Deputies this afternoon on ratification of the peace treaty with Germany declared that he and his party of about thirty-five members would vote against ratification of the treaty.

MEXICANS FIRED ON U. S. AEROPLANE

Wounded Captain; Machine Was Not Over Mexican Territory

Washington, Sept. 4.—The American army aeroplane fired upon by Mexicans Tuesday was "at no time over Mexican territory," the War Department was informed to-day by Major-General Dickman, commanding the Southern department of the United States Army. Mexican officials claimed the machine had crossed the international boundary line before the Mexicans opened fire, wounding Captain D. W. McNabb.

CHICAGO POSTAL CLERKS DEMAND BONUS OF \$500

Chicago, Sept. 4.—The Chicago postal clerks to-day sent word to E. J. Ryan, national president of the Terminal Railway Clerks' Association at Washington, that unless they were granted a \$500 bonus for this year, whose "resignations" would become effective October 1. It was said the walk-out would not be confined to Chicago, but would interrupt services in the entire sixth division of the Railway Clerks' Association, comprising Illinois and Iowa.

AEROPLANE FUNERAL HELD IN TORONTO

Toronto, Sept. 4.—The first aeroplane funeral in Toronto took place yesterday, when the remains of Baby Leonard Allen, son of Martin Allen, were carried by aeroplane to Mount Pleasant Cemetery. Four miles from the child's late home.

EVERYTHING READY FOR COMING REVIEW

President Wilson and Distinguished Party Will Appear at Seattle

Seattle, Wash., Sept. 4.—President Woodrow Wilson, with Secretary of the Navy Daniels and Admiral Hugh Rodman, Commander of the Pacific Fleet, will review the fleet Saturday afternoon, September 13, at 4 o'clock in the harbor. With this party will be the Governors and their wives of Washington, Oregon, Idaho, Montana and Wyoming and the Premier of British Columbia and his wife. The official reviewing party will be stationed on the historic battleship "Oregon."

Plans have now reached the point where practically all that remains to be done is to polish off the last minor details in order to assure the success of the biggest and most important function ever witnessed on the Pacific Coast, completely eclipsing all former celebrations in California cities attendant upon the arrival of the fleet and outshining anything ever before attempted in this part of the world.

Seattle will be host to hundreds of thousands of people during fleet week, drawn here by the double attraction of the coming of the fleet and its review by the President. In addition President Wilson will speak in Seattle Saturday night presumably on the League of Nations and the ratification of the peace treaty. The reception and entertainment of the President and his party already have been provided for and nothing will be left undone to signalize the importance of the event. Other cities have had the fleet, other cities have had fleet reviews, but Seattle will be the only city on the Coast where the review will be conducted by the President.

INDIAN WRITERS IN LONDON ENTERTAINED

London, Sept. 4.—Lord Burnham, president of the Empire Press Union, yesterday entertained the delegates of the Indian press who are here in connection with the new Government of India Bill. He expressed the hope that the press of India would be represented in Canada when the conference of Empire pressmen is held next year. Lord Burnham added that the press representatives would be guests of the Canadian Government and, therefore, he could only express the general wish of the British branch. The chief of the Indian delegation, in responding, expressed regret that the attitude of the British press was apathetic regarding Indian affairs. The Dominion, however, were able to take care of themselves in getting publicity.

LONDON CONTINUES CENTRE OF TRADE

Sir Hugh Allan Says City Still International Clearing Centre

Vancouver, Sept. 4.—"Almost anything is possible, but in my opinion it is most improbable that the clearing house of international trade and commerce will move from London to New York," said Sir Hugh Montagu Allan, president of the Merchants' Bank of Canada, who arrived in this city last evening from the east with a party of directors of the bank. "Unusual opportunities," continued Sir Hugh, "have been opened to the United States through the agencies of the war, which have strengthened her financial standing in the universe, but no matter how strong a country she cannot stand within herself, and the great trade markets of the world have done business so long by draft on London that the custom is certain to continue."

"The stand which is now being taken by the financial institutions of Europe, that nothing but the strictest economy and capacity production will bring Great Britain again on her feet, is the policy which should be adopted in Canada. Great Britain has vast resources in her manufacturing power, and Canada has the raw materials. A combination of the two will bring about the desired results."

GOVERNMENT'S PLAN REJECTED BY MINERS

Coal Workers of United Kingdom Want Mines Nationalized

London, Sept. 4.—The delegates to the conference of coal miners here yesterday adopted in its entirety the recommendation of their national executive committee that the Government scheme for dealing with the coal mines be rejected, and decided to agitate for nationalization of the mines at the Trades Union Congress at Glasgow on September 8.

Robert Smilie, the miners' leader, declared the miners in general were convinced that nationalization of the mines was essential in the interests of national industry and the poorer consumers.

William Brace, member of Parliament for Monmouthshire, and president of the South Wales Miners' Confederation, said coal is more valuable than gold. He asserted, however, that the Government trifled with a product so essential to the requirements of the nation, and asserted that the only solution of the problem was the nationalization of the mines.

The national executive committee declared that a strike at this time is not urged to secure the adoption of the Sankey plan. It asserted, however, that the Trades Union Congress, which will meet next week at Glasgow, will be invited to declare that "the fullest and most effective action shall be taken" to assure the Government's adoption of the Sankey plan for future governance of the industry.

The committee rejected the scheme of Mr. Lloyd George, under which the Government would buy out the owners of the coal lands who receive royalties from mining companies, give the miners a share in the control of the mines, organize the mines into districts and establish a fund for improving conditions of miners as "wholly impracticable and one which would create 'great trusts.'"

COMMONS CHAMBER BUILT MORE RAPIDLY THAN SENATE CHAMBER

Ottawa, Sept. 4.—That the next session of Parliament may not be held in the new building was intimated to the Senate yesterday. Senator Nichol stated to the Senate that he and Senator Curry had made an examination of the building and had found that while it appeared that the Commons chamber would be ready for occupation next session, the work on the Senate chamber was not being pressed so rapidly and, unless every effort was made from now on, the Senate would have to be satisfied with accommodation in one of the committee rooms next session. The function of the opening of Parliament had always taken place in the Senate chamber, and it would be regrettable if lack of diligence in completing the Senate chamber should lead to the abandonment of this practice for even one session.

RETURN SHANTUNG WITHIN A YEAR

Japanese Peace Delegate Says Japan Will Deal With China Soon

New York, Sept. 4.—Restitution of the province of Shantung to China by Japan within a year was predicted here yesterday afternoon by Yosuke Matsuoka, secretary of the Foreign Department of Japan, and member of the Japanese peace delegation. Mr. Matsuoka arrived here from Paris on his way back to Japan.

"I should not be at all surprised," he said, "if our Government should open within a very few months, or even a few weeks, negotiations with the Chinese Government with a view to settling the Shantung question in a way satisfactory to all concerned."

In a statement on the Shantung question, Mr. Matsuoka said: "To those of us who have participated in the Peace Conference there is not the shadow of a doubt that Japan will withdraw from Shantung at the earliest possible moment. The peace treaty requires Germany to hand over to Japan all the documents relative to Shantung within three months after the treaty comes into force. When this is done, Japan will immediately waive its claim toward the restitution which Japan has pledged herself to make in favor of China."

"The terms on which Japan will restore Shantung are now fairly known to the world. Briefly stated, the main points of these terms are: "First—Japan to restore Kiaochow, the German leased territory, to China."

"Second—In returning Kiaochow to China, Japan, in the interest of all nations, asks only one thing, namely, that the territory be open to international trade. It is only as a national corollary of this proposed measure that Japan also desires to establish an international, not a Japanese settlement in the city of Tsingtau. In the Sino-Japanese agreement of May 25, 1915, a Japanese settlement was to have been established in addition to an international line, but Viscount Uchida, our Foreign Minister, declared on August 6 last that Japan would waive the right to establish a Japanese settlement."

"Third—Japan will withdraw all her troops, not only from the railway zone, but from Tsingtau. After the restitution of Kiaochow not a single Japanese soldier will be left on the soil of Shantung."

"Fourth—The Shantung railway of 270 miles will be operated not by the Japanese, but by a Sino-Japanese joint corporation, in which both Japanese and Chinese capital will be represented. Of course, China will participate in the management of this railway."

"Fifth—Japan will withdraw her police forces from along the railway and entrust the Chinese authorities with the policing of that region."

"I do not wish to say that these will be the exact terms, but I am prepared to declare that our overtures to China will be along these lines."

ONTARIO LIBERALS ARE REORGANIZING

Toronto, Sept. 4.—The New Ontario Liberal executive, which in Ontario will direct the activities of the Liberal Party in Ontario, came into existence yesterday at a meeting in this city of representatives of the six district associations into which the province recently was divided. This executive, in addition to its other duties, will take over the work of the Reform Association of Ontario, which has conducted organization throughout the province for the last fifteen years. The merging of the two bodies was the result of a mutual agreement, the Reform Association's executive having by formal resolution approved the merger.

MENACING FUTURE OF THE ARMENIANS

London, Sept. 4.—Responsible authorities on Armenia continue to emphasize the exceedingly grave situation of the British troops. There are conclusive indications that as soon as the withdrawal occurs the Armenians will be attacked from the east and southwest by Tartars, Kurds and Turks, who probably will form a combined force under Turkish officers. The Kurds and Tartars already are moving toward Erivan, the Armenian capital, to be in readiness to strike when the Armenians are left defenceless.

CALGARY PENSION MANAGER QUILTS

Calgary, Sept. 4.—J. H. Cleland, who for some time has been manager of the Calgary branch of the Pensions Board, has resigned his position, stating frankly that he can get no satisfaction from the Dominion Government for improvements he needs, nor fair treatment for himself or his staff.

OIL IS DISCOVERED NEAR THE PAS, MAN.

Winnipeg, Sept. 4.—Reports reaching here from The Pas, Manitoba, state that a discovery of crude oil of great commercial value, has been made twenty miles southwest of The Pas.

WINNIPEG HOSPITAL

Winnipeg, Sept. 4.—Investigation looking to the elimination of an efficient administration in the Winnipeg General Hospital was officially forecast at the Parliament Buildings yesterday when the Cabinet and a delegation representing the hospital held a conference and discussed and determined the standing of the new wing built by the Government and other matters vital to the general efficiency of the hospital.

Overdoing

How Women Break Down

Owing to the modern manner of living and the nervous haste of every woman to accomplish just so much each day, they overdo, and as a consequence develop ailments peculiar to their sex, as is indicated by backache, headache, nervousness, the blues, displacements and weakness.

Women who find themselves in this condition should slow down, and depend upon that good old fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, to restore them to health and strength, for there is no other remedy known that so quickly restores a healthy, normal condition.

Here is the Story of a Most Remarkable Recovery

Minneapolis, Minn.—"I was run down and nervous, could not rest at night, and was more tired in the morning than when I went to bed. I have two children, the youngest three months old, and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from me, so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children and I am very happy with them and feel fine. I nurse my baby exclusively again, and can't say too much for your medicine."

Mrs. A. L. MILLER, 2633 East 24th St.

Surely this proves the curative value of

Lydia E. Pinkham's Vegetable Compound

FORTY-FOUR HOUR WEEK IS DESIRED

Canadian Federation of Labor Also Declares For Higher Wages

Toronto, Sept. 4.—Better working conditions for all branches of labor affiliated with it and wages equal to the standard of the cost of living were demands made at the eleventh annual convention of the Canadian Federation of Labor here yesterday.

A forty-four-hour week has become the Federation's slogan, and its members urged that this clause be inserted in all agreements between unions and their employees on their termination on May 1 next year.

GUELPH WILL RETURN TO STANDARD TIME

Guelph, Ont., Sept. 4.—On Monday next the city of Guelph will revert to standard time. The City Council yesterday passed a resolution to that effect. The opinion was general that while daylight saving had been a fine thing for the majority of the people, it would be better at this season of the year for the working men and school children to go back to the old time.

FLOOD OF TRAVEL TO CANADA FROM UNITED KINGDOM

London, Sept. 4.—The Canadian Pacific Ocean Services have a waiting list of 5,000 persons for transportation to Canada. The Cunard Company list will not be cleared until the end of November, and it is said that more than 500 applicants call at the company's office daily.

DR. TOLMIE URGES INCREASED PRODUCTION

Toronto, Sept. 4.—"Our inter-provincial trade ought to be much greater," said Hon. S. F. Tolmie, Minister of Agriculture, at the mid-day luncheon at the Canadian National Exhibition yesterday. "It gives me a pain when I hear of Canadians eating 'good' Idaho apples," he said, "amid laughter. 'Deal among yourselves more,' the Minister urged the farmers."

Dr. Tolmie made a plea for more cold storage plants. "It is necessary to extend the cold storage system," he said. "I am not one of those who blindly condemn cold storage. Where would we ever be in the egg business or the butter business, if it were not for the cold storage business?" he added.

Referring to the high cost of living problem, Dr. Tolmie said shorter hours and higher wages were but a remedial measure for a short period for the great masses of the people. Only increased production on the farms could bring down the cost of living, in his opinion.

PILES

AMUSEMENTS TO-DAY

Pantages—Vaudeville.

Columbia—Harry Carey in "Roped."

Dominion—Charles Ray in "The Busher."

Romano—Clara Kimball Young in "Cheating Cheaters."

Royal Victoria—Norma Talmadge in "The Probation Wife."

Variety—"The Still Alarm."

DOMINION

There are few, if any, of the younger screen stars who enjoy a wider popularity than Charles Ray, one of the best known of the Thomas H. Ince's galaxy of stars in Paramount pictures, now at the Dominion. Mr. Ray is an actor of ability, whose

metier is the portrayal of rugged manly roles; and if in the course of the story he has to fight a red blooded villain, he does so with a vigor and a characterisation. Hence it is that all of his photoplays are signalized by virility of action, strength of story, dramatic interest and exceptional heart appeal. Mr. Ray's screen portraits make an imposing gallery of notable impersonations, many of which will live in motion picture annals as among the most artistic of their class thus far presented. His characterization in his latest photoplay, "The Busher," will enhance his popularity, for it will appeal directly to every votary of the national game.

ROYAL VICTORIA

Jo Mowbray is the most attractive girl in the Domino Cafe. She has been taught to steal money from the pockets of this establishment, and when Harrison Wade, a wealthy New Yorker, enters on a slumming party, he is suggested to her as a victim. Wade notices that she is inexperienced and offers her money, part of which she is to keep for herself and thus make her escape. The management is notified of Jo's intentions and prevents her escape. A few days later the cafe is raided, and Wade, with the rest of the other girls is sentenced to three years in the reformatory. At the end of the second year she escapes.

Jo decides that the one way to get the things in life she wants is through some man. That was the only way she had ever been taught. On the train she sees Harrison Wade and offers herself to him for pretty clothes, a home, and whatever else he may be willing to give.

She receives the surprise of her life when Wade informs her that he is going to marry her. Jo soon becomes established in Wade's home, acting as his wife-in-name only. She calls herself his probation wife.

Huntley McMerston, an elderly aristocrat, whom Wade has introduced to Jo, looks very familiar to her. They become very friendly, and Wade, believing they are in love with each other, starts divorce proceedings. Surprise follows surprise and things turn out as you never expected them to.

This is the human and absorbing story of "The Probation Wife," which will be the attraction at the Royal Victoria for the last time to-night.

VARIETY

"The Still Alarm," the great melodrama which is running this week at the Variety as a screen story, made its appearance in 1880. In presenting "The Still Alarm" as photoplay, all of the picturesque charm and romance of the original story has been carefully adhered to and the thrilling fire scenes have been depicted in a manner which was utterly impossible on the stage of the articulate drama.

The production was made in one of the largest studios in the Middle West, and ended by a cast of most capable players, including Thomas Santschi, Fritz Brunette, Bessie Epton and others of equal note. The filming of the great fire scenes alone cost many times more than the average screen play, for it was necessary to secure the required effects to burn an eight-story chemical factory, as well as a large mansion, which in the play represents the home of the heroine of the story. In the making of these scenes seven fire companies were used to fight the flames, and the picture shows the men resting at the fire stations at the time "the still alarm" is received by the sweetheart of the heroine; the entire department rushing madly down the street and the fighting of the flames, together

IT WAS AGONY FOR HIM TO STRAIGHTEN UP, BRAY DECLARES

Could Hardly Work; Enjoys Best of Health Since Taking Tanlac

"Since Tanlac has done so much for me, I can understand why so many people praise it," said J. S. Bray, a well-known steam fitter who lives at 537 Balmoral Street, Winnipeg, while talking to a Tanlac representative the other day.

"For over two years I had a great deal of trouble with my stomach," continued Mr. Bray, "and although I was very careful about what I ate, I would suffer from indigestion and sour stomach afterwards. I would be bloated up with gas for two or three hours after meals, and sometimes this gas would get up into my throat and almost choke me. I also suffered a great deal with headaches, and I was so restless at night that I never got enough sleep to do me any good. My kidneys bothered me a lot, too, and I had such bad pains across the small of my back at times I could hardly do my work. When I went to stoop over for anything this pain was simply awful, and it was perfect agony for me to straighten up again."

"I tried many different medicines and treatments, but nothing seemed to do me any good at all, so I finally decided to give Tanlac a trial and see what it would do for me. Well, sir, Tanlac has put my stomach in better condition than it ever was. I have a fine appetite and eat just anything I want, and I never suffer the least bit afterwards. I never suffer from gas or sour stomach. Every bit of the pain is gone from my back, and my kidneys seem to be in perfect condition. In fact, I just feel fine all the time, and am enjoying the best of health in every way. I am getting a bottle of Tanlac now for my mother who has been in bad health for some time, and I believe it will help her as much as it has me. Tanlac is a real medicine, and will help anybody who gives it an honest trial."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Adv.

with the many hairbreadth escapes from falling stairways and crumbling walls.

PANTAGES

Anita Arliss, who offers one of the distinctly popular numbers on the current programme of Pantages vaudeville, was formerly a star of the popularly known "The Chocolate Soldier" production and has been the principal in many other successful musical comedies. She is a prima donna of sympathy and syncopation. Assisted by Arthur Alton, a baritone singer of reputation, she presents an especially clever vocal musical offering billed as "A World of Songs, Past and Present." Miss Arliss has a very melodious lyric soprano voice which shows to excellent advantage both in solo and duet numbers, in conjunction with her vocal renditions Miss Arliss presents several impressions of famous prima donnas among which may be mentioned an imitation of Julia Sanderson singing "They Didn't Believe Me" from "The Girl From Utah" and one of Fritz Scheff in her world famous "Kiss Me Again." In addition to these impressions, Miss Arliss sings "My Harp," a number she made famous as prima donna with "The Chocolate Soldier." Miss Arliss displays some wonderful gowns which makes her appearance an added attraction, especially with the ladies of the audience. Mr. Alton, who assists her, demonstrates in a fine baritone voice that he, too, is a mastery vocalist.

THE DAILY TIMES

Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY LIMITED

FISHER AND THE NAVY.

A curious reversal of circumstances lies in the agreement of Admiral Percy Scott with Lord Fisher's sensational letter to the press advocating a radical reduction of the navy.

Several years before the war Admiral Sir Percy Scott, who had a high reputation among naval men for his initiative and technical skill, created a world-wide sensation by contributing a letter to the press attacking the Fisher policy of dreadnought construction.

Sir Percy Scott's views found considerable support among naval men, and a long controversy raged between the two schools.

Notwithstanding the antagonism created by Fisher's bold and, at times, ruthless methods, the weight of naval authority inclined to his side, and he had his way.

Finally, unable to make Scapa Floe secure, mainly owing to its numerous entrances, the Grand Fleet organized a base at Lough Swilly on the north of Ireland, near which the Audacious was sunk.

This condition existed, however, for only the first two years of the war. After that the development of facilities for combatting submarines, the large increase in destroyers and the constant use of smoke screens gave the Grand Fleet sufficient protection to enable it to abandon much of the extraordinary precaution it formerly had to take.

Now, we find both Fisher and Scott advocating the scrapping of a large part of the navy. Fisher's reasons are that the big ships, costing \$15,000,000 each, are being made obsolete by new developments in warship construction.

Whatever may be the merits of the contro-

versy on their technical side the financial argument, however, must be conceded by all. Great Britain has a deficit this year of nearly \$3,500,000,000, and all her statesmen and publicists agree that unless her expenditures of all kinds are most drastically reduced a very serious outlook confronts her.

DR. TOLMIE AND PRODUCTION.

In his address at Toronto yesterday Dr. Tolmie declared that only by increased production from the farms could the cost of living be brought down.

On the other hand, the Federal Department of Agriculture, over which Dr. Tolmie now presides, may lend its assistance to production by a more active co-operation with the Soldier Settlement Board.

Indeed, the chairman of the Soldier Settlement Board has yet to put into practical application his theory that British Columbia has her own especial problems in land settlement by reason of her physical peculiarities.

THE FISHERIES TREATY.

Although the details of the Salmon Treaty between Great Britain and the United States are not yet public property, its ratification by the United States Senate appears to insure an early remedy for the serious condition which has developed during the last few years in regard to the Fraser River fishing.

The new arrangement apparently will bring into force measures which were sought by both Ottawa and Washington in an agreement some years ago, which, unfortunately, was nullified by amendments made in the Senate through pressure exerted by Puget Sound interests.

The treaty in itself is of first-rate importance to the salmon fishing business of this Province. It is a direct acknowledgement from Congress that Canada's contention in respect of the Fraser River situation still holds good.

NO COMPROMISE.

If one million British coal miners insist upon the nationalization of mines, it is hard to see how their demand can be resisted, notwithstanding the fact that British industry might suffer from the process.

It has been proposed by some of the prominent labor leaders that King George be invited to the opening session of Monday's proceedings, the suggestion being made that a personal appeal from the sovereign to the workers to make a special effort in the national interest would have a great effect.

DISTINGUISHED VISITOR HERE

Hon. Robert Sifton Thornton, L.L.D., Minister of Education to the Manitoba Legislature, accompanied by Mrs. Thornton, has been visiting in the city as the guest of Mr. and Mrs. P. F. Johnston, 1034 Linden Avenue.

Dr. Thornton is a medical man by profession, having received his training at Heriot's Hospital School, Edinburgh, and the University of Edinburgh.

HAD TO RUN TO GET OUT OF CAR'S WAY

Driver Speeding and Looking Behind Fined in Police Court To-day

Passengers on a crowded Mount Tolmie car coming south on Douglas Street about 7.45 o'clock the evening of Labor Day became so interested in the actions of a motor car driver running alongside the car that they drew the attention of Deputy Police Chief Palmer, who happened to be a passenger on the car.

The Deputy Chief went to the left side of the car platform as the street car stopped at Esquimalt Street, where he saw a motor car sweep through the stream of passengers getting off and on the car. Opposite the City Hotel the street car stopped again, and here the Deputy Chief saw a line of several cars stretching out behind the street car waiting for the street car to discharge its load and start. The other cars waited patiently, but one car became restless, darting in ahead of the others and swept through the passengers going between the car and the curb. There were a large number of people coming into town at the time from picnics and the police officer said in court today he thought driving was dangerous as well as against the law.

He took the number of the car, 12,863, and to-day had the Island Auto Livrery, its owner, haled into the Police Court.

FIRE SITUATION

All Districts, Excepting Vancouver and Vernon, Are Regarded as Safe.

In the Vancouver and Vernon Forest Districts hot and dry conditions continue to constitute a menace to much valuable timber, and according to the report issued by the Forest Branch of the Department of Lands this morning vigilance on the part of fire fighters is still necessary.

CAMOSUN CHAPTER IN BUSY SESSION

Camosun Chapter, I. O. O. E., held its first meeting after the summer recess yesterday afternoon, the first vice-regent, Mrs. Love, presiding in the absence of the regent, Mrs. Andrew Wright. The communications included a letter from Principal Smith, of the High School, thanking the chapter on behalf of the staff and pupils for the gift of historical pictures to the school.

WINNIPEG HOUSEWIVES; CO-OPERATIVE STORE

Montreal, Sept. 4.—The Board of Commerce yesterday afternoon issued an order concerning its sugar inquiry here. The order, in addition to providing for shipment by the refiners in combination of 2,000 tons of sugar for the Western fruit growers, deals with the recently promulgated embargo upon the exportation of sugar. It further provides for fair prices for sugar, which prices which prevent any of the refiners, wholesalers and retailers, the embargo has been modified so as to permit the exportation of sugar which was the subject of a bona fide binding contract for sale to persons abroad heretofore made, provided that no shipments shall be made which prevent any refinery from manufacturing and supplying for domestic consumption the amount of raw sugar previously allocated to it for that purpose.

SPRUCE INQUIRY AT PORTLAND, ORE.

Portland, Ore., Sept. 4.—General Bryce P. Disque, former head of the Spruce Production Division, was expected to be on the stand most of today answering questions put by Chairman James Frear and other members of the Congressional investigating committee. General Disque stated yesterday that he could disprove all charges made against his administration.

Price Rules.

NOTICE HOCKEY HERE FOR PRINCE'S VISIT

Programme For Victoria Already Full, Official Telegraphs

There will be no ice hockey game in Victoria in connection with the visit of the Prince of Wales, according to word received to-day by General Leckie.

rick, who offered to make all the plans and manage the affair, but turn over the general supervision and the handling of all finance to a general entertainment committee.

The object was not to make anything on the exhibition but to give the Prince the only chance he will have on his tour to see an exhibition of the Canadian winter game and at the same time provide an entertainment feature for the large number of visitors who will be in the city during the Royal visit.

The proposal that the Prince should attend the game was put up to those in charge of his itinerary in the east by General Leckie early in the week. To-day he received the reply from F. L. C. Peters, secretary for Colonel Henderson, to the effect that it would be impossible for the Prince to take in the hockey game here, as the programme is already full for the period of his visit.

LETTERS

SUGAR SCARCITY.

To the Editor.—Would you grant me the favor of publishing the following. I am a returned soldier and have five children. It is usual for us to put down a few preserves for the winter. Now that the fruit is coming in we find that we cannot get any sugar; that is, only in five-pound boxes. Yet in passing jam factories I see tons of sugar going in them, out of which a profit will be made. What I want to know is, have our children to go without the necessities of life because jam factories require so much to make a profit on?
E. B.

CITY GARBAGE.

To the Editor.—As a citizen of many years' standing I would like to ask our City Fathers why they will persist in having the city garbage towed out to sea at an annual expenditure to the taxpayers of \$8,700 in place of having it used to make the Rock Bay bridge fill. All the expense the city would have to go to would be to have a few piles driven and plank them up above high water mark, so as to prevent the light stuff from floating away, till it all would become a solid mass through its own weight and continual dumping. Some will say the stuff is not suitable for a filling. I can tell them that our railroad road-beds, in many places, are made of material that is not so good—such as old rotten logs, leaves and grass, and they are now solid enough. Where is the sense of having the Victoria West garbage hauled all the way around Bay and Government Streets to Store Street, and then have to have a lot of it handled over again on the scow, when it could be so easily disposed of by dumping it through the Bay Street end of the bridge, thus saving much time and money? Mr. Editor, I will cite a case I know of. There have been enough cinders, the finest kind of filling, carried away from city teams (from Messrs. Shelly Bros' bakery, and then towed out to sea in recent years, to do a mighty lot of bridge and other filling. Our City Fathers would do to be rather perplexed about how they shall repair their old garbage wharf. I will tell them to plank up the piles in front or have a retaining wall built and dump the garbage through the wharf till it all becomes solid ground and will not need any more repairing.
HERBERT PHIPPS.
2625 Prior St., Sept. 1, 1919.

A PARABLE.

To the Editor.—Give I pray thee of thy kindness a hearing to one in adversity. Peradventure, thou mayest of thy knowledge "give light to them that sit in darkness."
Behold, a certain man with many others went forth to war, and equipped not the cost thereof. And in the fullness of time some of them returned, and they were weary and sore spent, neither were their pockets full of shekels for they had not made them munitions of war, but fired them.
Now, when they returned they besought them a means of sustenance, and some found labor in the fields and some did not. And many did say, "Sell us part of the vineyard that we may grow us victuals, that our soul faint not, neither shall we fall by the way."
Now, some men had vineyards whose value was five thousand pieces of silver; but when they heard the voice of the warriors saying, "Sell us part of thy vineyard," behold they said: "Our values have gone up; give us seven thousand pieces of silver and the vineyard shall be thine."
Now, the Governors of the land being wise men, gathered themselves together and did say, "Behold, we will kid the troops." And they said with a loud voice, "Come ye mighty men of valor for we will loan you the price of the vineyard." Now, when the owners of the vineyard heard this they hardened their hearts yet again and, lo, the "value" of their land arose another thousand pieces of silver for they said (unto themselves) "Lo, these men may just as well pay us by the sweat of their brow, for are they not used to hard work and have not sorrow, tribulation and hard work been their lot for four years or more? Verily, verily, it will come natural to them."
And these things also did other men think, yea even those which sold goods in the market place among them; yea, they were "soaked" on the right and on the left also.
Many men, therefore, rode in pomp in autos of divers makes, but the ex-warriors did wend their way on the "pony of Shanks."
Now it came to pass that certain of the men who had taken no woman to wife came unto the Governors and said, "Loan us, we pray thee, the shekels to buy us land that we may make our habitations therein and take unto ourselves a wife." Then the Governors mocked them and said: "If thou wilt put up ten per cent of the loan and art also prepared to pay expenses until thy vineyard shall yield thee fruit, then will we buy thee land."
And they which were wedded were excused the former burden. And one of the young men likened the Governors unto a man who walketh a distance in front of an ass carrying a carrot for to tempt the ass, but taketh good care that the carrot be not eaten thereof.
And, behold, the young man was humbled and his heart was sad within him for he said unto himself, "If I shall pay the tithe in cash how shall I live until my vineyard yieldeth."
And he said, "Behold the hand of all men is against me, for what doth it profit a man to be patriotic? for in the days to come when the men of valor shall depart to the wars, behold I will sit me on the fence and wave a flag saying as they pass, 'Bravo! Bravo!' Verily, verily, this 'patriotism' is better rewarded."
"Hearken ye, therefore, unto my parable and give evidence unto my word, oh, ye high and mighty men in authority; for these are not the empty mutterings of one who knoweth not of what he speaks, but of one who hath that which men call the "real dope."
Restore ye, then, with haste the confidence in you which once was ours, lest we shake the dust of our cities from off our feet and depart out of your coasts.
"DEMOB."

A BEDTIME STORY

Uncle Wiggily and the Teeter-Tauter.

Copyright, 1919, by McClure Newspaper Syndicate.
(By Howard R. Garis.)

One day, when Uncle Wiggily Longears, the bunny rabbit gentleman, was sitting on the porch of his hollow stump bungalow, Nurse Jane Fuzzy Wuzzy, his muskrat lady housekeeper, called to him saying: "Mr. Longears, there are some animal boys out in the backyard who want to see you."

"What do they want?" asked the bunny.

"They wouldn't tell me," spoke Nurse Jane. "They said they wanted to see you most particular and special like."

"Well, I must see what's going on!" exclaimed the bunny as he gave his pink nose a twinkle or two. "Perhaps there may be an adventure or two in it for me!" he thought.

Going out to the backyard, Uncle Wiggily saw Jackie and Peetie Bow Wow, the two puppydog boys, one all white with a black spot on his nose and the other all black with a white spot on his nose.

"Hello, Uncle Wiggily!" called Jackie. "Have you a barrel we could take?"

"A long board?" said Peetie. "Why, what are you going to make out of a barrel and a board?" asked Uncle Wiggily. "Are you going to get in the barrel and roll down hill, Jackie? And are you going to slide down on the board, Peetie?"

"Oh, no, though we may do that later," answered Jackie. "We are going to make a teeter-tauter now, Uncle Wiggily."

"You know—a see-saw," added Peetie.

"Yes, I know," said the bunny. "You put a long board over a barrel. One of you sits on one end and the other on the other end. Then you see-saw up and down."

"There's a song that goes with it," added Jackie. "Its like this:

Teeter-tauter,
Bread and water,
Susie ran and
Peetie caught her."

"Who'd I catch?" asked Peetie. "I didn't catch anybody for I didn't chase anybody. And I would catch a little fat, rabbit girl, anyhow, 'cause I like her."

"Oh, well, I just said that for fun," barked Jackie, with a laugh. "But have you a barrel and a board, Uncle Wiggily, for our teeter-tauter?"

"Oh, yes, I guess so," answered the bunny gentleman. He found what Jackie and Peetie wanted, and soon they were having a lot of fun in Uncle Wiggily's yard. They placed the long plank across the barrel, and then Jackie sat on one end, Peetie sat on the other.

Up and down they went, Jackie first being high in the air and next low on the ground. Then it would be Peetie's turn to go up and again he would come down. And sometimes the doggie boys would bump quite hard when the end of the board hit the ground.

They were having lots of fun, teetering and tauter on the see-saw, and Uncle Wiggily laughed so much that his pink nose twinkled as fast as you can eat a popcorn ball and an ice cream cone.

"Don't you want a teeter-tauter, Uncle Wiggily?" asked Jackie.

"Well, I might try just one," answered the bunny gentleman.

"All right," spoke Peetie: "you take my place and Jackie will teeter you, Uncle Wiggily."

So Peetie got down off the board, Uncle Wiggily got on, and up and down he went, having a dandy time. He was see-sawing away in fine style, when, all of a sudden, the bad old Skuddlemagoon crawled under the fence.

"Ah, ha! This is the time I've caught you!" he cried, as he made a grab for Uncle Wiggily.

"Oh, ho! Not just yet!" barked Jackie, who was on the other end of the board. And he quickly gave himself a hard jounce down, and of course, as he went down Uncle Wiggily went up. That's always the way with see-saw teeter-tauters, you know. Up in the air high above the head of the Skuddlemagoon, went Uncle Wiggily.

"Well, if I can't get you, I'll get Jackie!" howled the bad chap, as he ran around to the other side where the puppy dog boy was close to the ground. "I'll get Jackie!" howled the Skuddlemagoon, as he called him for short.

The bad chap was just making a grab for the little puppy dog boy when Uncle Wiggily suddenly gave himself a jounce downwards and up rose Jackie.

"Now let's see you get him!" cried Uncle Wiggily. "He is away above your head."

"Well, if I can't get him I'll get you!" cried the Skuddlemagoon. Back toward Uncle Wiggily he raced, but just as he reached the bunny, down went Jackie and up went Mr. Longears.

"Now I'll get Jackie!" cried the bad chap, but just as he raced around to get the little puppy dog went the bunny gentleman and up went Jackie.

"Say, what sort of a game is this anyhow?" asked the Skuddlemagoon, all out of breath from chasing back and forth.

"It's a teeter-tauter, see-saw game!" said Uncle Wiggily, and just then his end of the board, with the bunny on it, went down and whacked the Skuddlemagoon on the head—on the head that the bad chap was glad enough to run away, and so he didn't get any souse that day.

But the bunny stayed and played see-saw with Jackie and Peetie until it was time for the puppy dogs to go home. And so everything came out right. And if the tongue in your shoes doesn't talk so loudly that it wakes up the lady's slippers growing out in the pansy bed, I'll tell you next about Uncle Wiggily and the dippy duck.

IN WOMAN'S DOMAIN

FAREWELL TEA TO CLUB PRESIDENT

Women's Canadian Club to Honor Mrs. F. A. McDiarmid on Tuesday

The Women's Canadian Club will open the winter programme on Tuesday, September 9, at the Empress Hotel. The event will be of a social character and is to be in the nature of a farewell tea complimentary to Mrs. F. A. McDiarmid who is shortly leaving for Vancouver, where she will join her husband and make her home in future.

The departure of Mrs. McDiarmid will occasion a severe loss to the Club, of which she has been president for the past two years. Her association with the Women's Canadian Club is of about six years standing, and during the major part of that time she has been on the executive. During her term of office, Mrs. McDiarmid has been more than the executive head of the club—she has been one of its most faithful and devoted workers, never sparing herself in any cause undertaken by the Club and giving of her time unstintingly in its interests. Only those who have been closely associated with the work, realize the amount of time and thought she has given to the Club's Returned Soldiers' Fund investigating the causes and making personal visits where necessary to the homes of the men, counting no task too small and none too great for her own personal attention.

As the occasion will be a special one, it is hoped that every member of the Club will be in attendance. The affair will commence at 3.30 and there will be a musical programme rendered during the afternoon.

TO LOOK YOUR BEST IN THE EVENING, USE MARINELLO PHANTOM POWDER

It is not only best for evening use, but of great value for protecting skin before exposure to the sun and wind. Applied with sponge, it forms a harmless coating that cannot be detected.

Used and recommended by more than 3500 Beauty Shops.

Misses Coopie & Hogan (MCs) Graduates of Chicago School of Cosmetics.

Phone 2477. 517 Bayward Bldg.

Robert Watson is visiting relatives on the prairies.

Percy Abell has returned to the city from a business tour in the East.

Miss Wardrope and Mrs. Cross, of Toronto, have arrived from Vancouver and will spend the next six weeks at the Oak Bay Hotel.

Mrs. A. E. Hull, Burnaby Street, Vancouver, was a recent tea hostess in honor of her sisters, Mrs. Griffith and Mrs. McKenny, of Victoria.

Dr. and Mrs. A. F. Proctor and family, who have been spending the summer months at Oak Bay, left on Tuesday for their respective homes in Vancouver.

Yesterday at eleven o'clock the marriage was quietly solemnized at St. Mary's Church, Oak Bay, of Capt. James H. Kerr and Norma, daughter of Mr. and Mrs. Wm. F. Hall, of Richmond venue, Victoria. Rev. G. H. Andrews performed the ceremony. An altar reception was held in the afternoon boat for eastern Canada where they will make their home.

On the evening of August 30 at North Gabriola a reception was tendered to Mr. and Mrs. John Cox, Jr., whose marriage was solemnized at Christ Church, Vancouver, on August 16. The bride is the daughter of Mrs. F. Pullen, of Birmingham, England, and the groom was one of the original members of the 47th Battalion, C.E.F. Mr. and Mrs. Cox will take up their residence at Mudge Island.

On Saturday, August 30th at the home of the bride's father, 1125 View Street, by the Rev. J. B. Batty, Dorothy Parkinson, eldest daughter of Philip Parkinson was united in marriage to Herbert Pearce, both bride and bridegroom were from Ainsworth and Proctor, B. C. E. W. Leask acted as best man and the bride was supported by Miss Mildred Pearce. The happy couple left by the afternoon boat for a three weeks' trip in the United States.

Eighty-Eighth Victoria Fusiliers.

A meeting of members and ex-members of the 88th Regiment, Victoria Fusiliers, will be held on Tuesday in the hall, Belmont Building, at 8.30 p. m. for the purpose of completing the organization of the Victoria Fusiliers' Association. Lieut.-Col. John A. Hall will take the chair. The proposed articles of association and by-laws of the association will be submitted to the meeting for approval. Copies of these by-laws can be obtained after Monday next from H. J. Young, 215 Pemberton Building.

LOCAL COUNCIL TO RESUME NEXT WEEK

Much Business on Agenda For Monday's Meeting at 11 o'Clock

After a summer recess dating from June, the Local Council of Women will resume its regular monthly meetings on Monday morning next at 11 at the Board Room, 214 Pemberton Building. The new hour of meeting has been arranged in deference to the motion passed at the last meeting of the Council, it having been found impossible to complete the usual long programme of business in the afternoon session. Under the new scheme, adjournment will be made for lunch in the middle of the day, and the session continued in the afternoon.

A considerable amount of business has accumulated during the long vacation and members are faced with the prospect of a long agenda and many important matters for consideration. There is a probability that Mrs. A. U. de Pencier, of Vancouver, who represented the Victoria and Vancouver Councils at the annual meeting of the National Council, will come over to present her report. Other items of business will include the report of Mrs. V. S. MacLachlan, of the dual Committee on Health, of the Local Council, and the Reconstruction Group. The new Girls' Club and the matter of "Women in Industry," will also be the subject of reports.

CHAPTER'S FETE ON SATURDAY NEXT

Dr. O. M. Jones Chapter's Fete to Be Held Rain or Shine

No stone has been left unturned by the members of the Dr. O. M. Jones Chapter L. O. D. E. to ensure the success of their garden fete to be held at the Jubilee Hospital on Saturday, September 6. Should the weather prove unpropitious for an outdoor event, it will be held in the Nurses' Home in which there is ample room for the various stalls and attractions. Under this arrangement the weather conditions are reduced to a negligible quantity, and patrons are assured of an enjoyable afternoon.

Many Attractions.

An especially attractive feature will be the music, Miss Cochran's ukulele orchestra and the Foundation Company's Band having generously offered to supply a continuous programme. In addition to the usual attractions of ice cream and afternoon tea, there will be a stall of home cooking, and a candy booth, a fancy stall, flowers, a generous goose and "Aunt Sally."

For Milk Fund.

Half the proceeds of the fete are to be handed to the Jubilee Hospital towards the purchase of a much-needed new operating table, and the balance will be devoted to the Chapter's Milk Fund to provide milk for ill-nourished school children. The recent rise in the price of milk has had the effect of increasing the number of ill-nourished children and the Chapter hopes, with the aid of the funds derived on Saturday, to be able to extend its work in this direction.

G. W. V. A. PICNIC AT DEEP BAY

Elaborate preparations for their joint picnic on Saturday have been

DEVELOPMENT OF SIDNEY VITAL TO CITY OF VICTORIA

Rail Accommodation Would Bring Products of Industries Here Instead of Elsewhere

The future of Sidney and the Saanich Peninsula is bound up with future of Victoria. It is for Victoria to co-operate with Sidney to their mutual interest, to patronize the products of its farms and of its busy industries, and it is for Victoria also to see that Sidney gets the railway communication essential for the development of its commercial activity.

Such in brief were the contentions of a number of speakers who addressed the Victoria Rotary Club on the occasion of its visit to Sidney yesterday. And the Rotarians, after examining the four large industrial plants of the town, were convinced of the truth of these arguments. In fact, they began to realize the development that had taken place in Sidney, and to appreciate the push and go of its busy citizens. As a result of this personal investigation, the Rotary Club of Victoria now stands solidly behind any movement tending toward the development of the Saanich Peninsula and Sidney, whether it be the proposed installation of an irrigation system or the establishment of adequate rail transportation.

A Large Party. Over a hundred Rotarians and their wives made the trip to Sidney, starting by motor at 2 o'clock. Arrived at the town, the party visited the plant of the Sidney Canning and Packing Company they saw a considerable quantity of salmon loaded on gasoline fishing boats and conveyed up a belt to the cannery itself. The whole process of canning was also explained in detail by the manager.

The Rotary automobiles then streamed in line to the Sidney Mills, Ltd., the work of which was described by the manager, G. H. Walton. The visitors were shown all over every department of the big lumber plant, and viewed with keen interest the workings of the shingle and planing machines. Mr. Walton kindly explained every part of the mill and afforded the Rotarians data on its output and its markets. Everywhere men were working at full pressure turning out either general dimension lumber, laths, shingles or boxes, striving to fill the orders which the mill has secured from eastern America.

Canning. The canning of clams was the next process explained to the Rotarians by the manager of the Sidney Canning Company. The cannery was not canning clams at the moment but had started in on the fall crop of pears and other fruits.

Great interest was displayed by the Rotarians in the thoroughly-equipped plant of the Sidney Rubber Roofing Company, where 500 rolls of the best roofing material, containing 108 square feet each, are manufactured every day and shipped all over the country, and to such distant places as Australia. The visitors saw huge rolls of a dark building paper were placed upon a roller and fed through other rollers, under a stream of a kind of tar, sprayed with sand and soap stone, and how they finally emerged perfectly good roofing material. Moreover, they were informed that by March of next year the company would cease to import its paper from the east, but will manufacture it on the premises, using rags collected in Victoria, Vancouver and Seattle, instead of wood pulp.

The guests then sat down to a most delightful and appetizing repast served in a large bright warehouse by the ladies of Sidney. Mr. Walton, as the President of the Sidney Board of Trade, acted as joint chairman with Rotary Vice-President Clifford Denham.

A Hive of Industry. "We're not ashamed, we're proud of Sidney," declared Mr. Walton in the opening address, "and we believe some day it will be a great industrial centre, that if all the Island produced as much per square yard as Sidney does to-day, that it would be a second England. While I live in Victoria myself and am very fond of the city, I didn't find it a satisfactory place in which to commence industrial operations. Either you make too much smoke or you make too much noise, or you are spoiling some residential section with the workings of your plant. Here, on the other hand, our mill keeps shooting volumes of smoke up into the atmosphere and roars from early in the morning till night, and the roofing company produces terrible fumes all the time. But no one minds. We are not unpopular. That is the spirit that makes an industrial centre. But at the same time there are a number of things we need badly if the town is to reach its full development. We need adequate railway service and we need irrigation. These we need, and Victoria needs. For the future of one is absolutely bound up with the future of the other."

P. N. Teater dwelt particularly on the latter points. Rail transportation and water spelled success and development for Sidney and for the Saanich peninsula, and prosperity for Victoria. "Sidney," he asserted, "has forged ahead, has developed, not on account of its rail transportation, but in spite of it. But it must have this service, and it must have irrigation."

Vital to Victoria. 'What the Nile Valley means to Egypt, what the Clyde Valley means

Gouraud's Oriental Cream

FRED T. HOPKINS & SON

to Glasgow, what the Sacramento Valley means to San Francisco, or what the Fraser Valley means to Vancouver, that is what the Saanich peninsula and Sidney means to Victoria." R. W. Mayhew, manager of the roofing company emphasized.

"But we have got to have the rail services to make this broader development possible. At present, as you have no rails to the Outer Wharves at Victoria, and as a result we have to ship all our roofing for overseas markets to Vancouver for loading. Again, we cannot get coal direct by rail from Nanaimo or other points because we have no connection with the E. & N. Railway. If Victoria is going to get the benefit of the Sidney industries, which before a year is out will be far larger than they are at present, it must have the rail facilities. Sidney's trade will then come through the Capital City."

G. W. Brown also emphasized the need of railway accommodation and irrigation for the development of the Peninsula, of Sidney and of Victoria.

Must Use Island Produce. The agricultural situation formed the theme of an interesting address by George Clark, who declared that strange as it might seem Victoria was not using fruit and vegetables grown on the Peninsula, although, as a display of beautiful grapes adorning the table proved, these lands were capable of producing the very best of everything. Instead, Oregon fruits and vegetables were consumed in Victoria, while produce grown on the island went to waste. Even in Sidney itself, Mr. Clark declared, grocers sold imported produce, while the farmers found difficulty in selling what they grew. This condition, he urged, should be ended. It could be abolished only by Victorians demanding improved produce. As the agricultural industry was going to flourish, it was up to the people to do this very thing.

Ready to Help. Replying on behalf of the Rotary Club, Mr. Denham expressed the view of every visitor that he had never realized before what there was in Sidney, what the industrial plants were doing there. As for the needs of the city, the Rotarians said Mr. Denham, were convinced that they were the needs of Victoria, for the two places would develop and prosper together. If the Rotary Club could ever be any help in getting Sidney adequate rail transportation or adequate irrigation it would be only too glad to do so, not simply because it wanted to help Sidney, but because such movements would be of great advantage to Victoria.

W. H. P. Sweeney, moving a vote of thanks to the ladies for the excellent supper served, backed up Mr. Denham's remarks and, with all due modesty, observed that the Rotary Club had never started anything that it had not finished.

Following the supper, a large quantity of pies, cakes and other dainties, at the suggestion of Mr. Denham, was auctioned off among the Rotarians by Stewart Williams. And, after bidding fast and furiously for the seatables offered, the Rotarians knew all about the high cost of living, and the fund for the establishment of a recreation ground in Sidney was enriched by a neat sum.

ANGLICAN INSTITUTE TO RE-OPEN SEASON

Sunday School Training Institute Will Begin Tomorrow

The Anglican Sunday School Teachers' Training Institute opens the second season of its work on Friday, in connection with a Sunday School Forward Movement campaign conducted by the Diocesan Sunday School Association.

The Lectures. The first meeting will take place in Christ Church Cathedral Schoolroom on Friday evening at 8 o'clock. Three lecturers and courses will be taken by the Very Rev. Dean Quinlan, and Miss A. B. Cooke will be in charge of the primary course. Later in the year additional lectures and courses will be provided on the Prayer Book, the Church Catechism, Church History, Teacher Training and Sunday School Administration and Management.

Season's Plans. All schools commence next Sunday afternoon a new quarter's work, and a special programme is announced for the season, to include gatherings of older boys and girls early in October.

INDUSTRIAL BODY WOULD COME HERE

Victoria Should Be One of Cities For Industrial Association Meetings

British Columbia is invited to join forces with the Alberta Industrial Association for the development of the West, according to a telegram received by W. E. Payne, secretary of the Vancouver Board of Trade, from M. A. Brown, President of the association. It is proposed to hold sessions of the industrial congress next year in Vancouver, Victoria, Nanaimo and Prince Rupert, providing that the business men of this province will accept the proposal of the Alberta body. There is a possibility, however, that British Columbia will hold an industrial congress of its own.

"After discussing plans with members of the executive of the Alberta Industrial Association," Mr. Brown wired, "I have the following suggestions to make: 'First, that plans be made at once and a campaign be commenced for next year's congress in the month of June; second, that congress sessions be held in Edmonton and Vancouver; third, that a western tour touching Prince Rupert, Vancouver and Victoria be made; fourth, the Alberta Industrial Association purpose raising \$50,000 for the year's work and to defray the expenses of the congress. British Columbia's share of congress expenses would be \$15,000, to be jointly contributed by the British Columbia Government, Vancouver, Victoria and Prince Rupert; fifth, that an effort be made, commencing without delay, to secure a delegation of at least 500 industrial and financial men from Great Britain, United States and

Eastern Canada to make the tour and attend the congress sessions; sixth, that British Columbia had proper representation on the executive of the congress management.' A meeting of representatives of several organizations was held on Tuesday when the first steps were taken toward the forming of a British Columbia industrial association, but in view of the wire received by Mr. Payne, another meeting has been called to discuss the possibility of adopting the suggestions contained in it.

HEALTH DEPARTMENT CHANGES OFFICES

New Premises Are Model For Whole Community; Baby Clinic

Dr. A. G. Price, City Health Officer, and his staff are busy at present moving from the old offices of the Health Department on Cormorant Street into more commodious quarters in the City Hall. A great part of the department's apparatus already has been moved, and it is expected that before the week is out the new offices will be quite ready to supply the needs of the city.

A leading feature of the new offices is a Pandora Avenue will be the large, attractive baby clinic, where there will be not only equipment for the treatment of infants, but also exhibits of proper and sanitary baby garments, and so forth. To the rear of the clinic Dr. Price will have his office. Further down the hall are Sanitary Inspector Lancaster's quarters and the milk-testing room.

The whole premises, in fact, will be a great improvement on the old offices on Cormorant Street. They are bright, new and clean, and will serve as a model of cleanliness to the whole community.

The WEATHER

Daily Bulletin Furnished by the Victoria Meteorological Department

Victoria, Sept. 4.—5 a. m.—The barometer remains low and rain has been general from this Province southward to California, while on the Coast and Strait of Fuca fog is reported.

WANTS JITNEY TO BEHAVE, NOT SNIPE

J. H. Keys Says Legitimate Drivers Are at Disadvantage With Small Fare Men

Legitimate rent car drivers have no complaint against jitneys as long as jitneys keep to their routes, said J. H. Keys, the rent car driver at his stand at Fort Street and Douglas Street to-day.

"It is the sniping of our business that is the sore point with us," said Mr. Keys. "If we 'rent car drivers' go on the jitney routes, despite the fact that both we and the jitneys operate under the one and same license, we immediately lose our stands. This is unfair to the legitimate rent car drivers. Jitneys on the other hand can keep to their routes during the busy parts of the day and then drop in and snipe our business at will, while we have to hold ourselves to our stands to keep them."

Mr. Keys and the legitimate rent car drivers are not aiming at exterminating the jitneys, according to the impression that has been conveyed to the public before, he made clear to-day. Mr. Keys did not see the city authorities about the jitney interference question, as has been said. He declares that he has been faithfully keeping to his own stand allotted to him by the authorities and not been cutting into the other's business.

"We are only asking that the jitneys behave, and play the game fairly," said Mr. Keys.

Thanks Donors.—The committee in charge of arrangements for the opening ball given by the Aerial League of Canada last Monday evening wishes to express their sincere appreciation to those who assisted to make it such an unqualified success: H. H. Brown, florist, for his kind donation of 300 carnations, the Grant Electric, Carter Electric, and Messrs. Hawkins and Hayward for the loan of electrical fixtures. They are also greatly indebted to Mr. Newton, Secretary of the Alexandra Club for his co-operation, and Wilkerson's Jewellery Store for window display and sale of tickets.

After church parade the padre said: "I wish to speak to those of you who have not been confirmed. Will the men divide themselves into two parties, please? Those who have, fall out on the right, and those who have not on the left."

Most fell out on the right.

In the shuffle this remark was heard:

"You been confirmed, Bill?"

"Bet your life. Got the marks on me arm yet!"

A Food—Not A Fad

says Bobby

Some corn flakes are more fads than foods.

Not so with—

POST TOASTIES

There's big, satisfying nourishment in them, accompanied by incomparably delicious flavor.

The Best Preserves You Ever Made

Sold by Grocers Everywhere in 2-5-10 and 20 lb. TINS

LILY WHITE CORN SYRUP

EDWARDSBURG BRAND

INSTEAD of using all sugar for your Preserving, use half sugar and half LILY WHITE Corn Syrup. There is even a saving in cost, but the real economy is in the results that will follow—your preserves will be a success.

LILY WHITE brings out the full flavor of the fruit; it prevents "sugaring" and keeps the preserves in perfect condition.

Half sugar and half LILY WHITE. Anyone who tries the half syrup way of Preserving will never go back to all-sugar.

It Makes Dandy Candy

JUNIOR NET TITLES ARE THE NEXT EVENT

Pooley Cups Will Be Competed For in Victoria September 11

A short break in a busy season of tournaments at the Victoria Lawn Tennis Club's courts will be broken on next Thursday when the British Columbia junior titles will be competed for. The C. E. Pooley cups for girls and boys under sixteen are the trophies offered. John Proctor is the present holder of the boys' junior championship, and Marjorie Leeming of the girl's championship. Miss Leeming is ineligible again to compete for the girl's championship, but Proctor may defend his title again this year. Entries for the tournament close Wednesday, September 10. Entries should be made to the secretary or at the courts.

The Cowichan players were to have visited Victoria yesterday, but the rain made playing impossible. They have been invited to make the trip next Tuesday.

WINS PROVINCIAL DANCING CHAMPIONSHIP

Another provincial championship has been secured for Victoria to add to the already long lists of B. C. events that have come to the Island this year. Miss Shearer, the clever local dancer who was a competitor in the North Vancouver contest in which she won five firsts and one second, now holds the B. C. professional dancing championship. She had previously secured the B. C. amateur dancing championship. Her performances in the Scottish and Irish dances on the Mainland aroused the greatest admiration, and she was a popular winner.

SEASON IS CLOSED FOR RACING PIGEONS

The Victoria Racing Pigeon Club held the last race of the season from Portland, Oregon, last Saturday a distance of 294 miles. Twenty birds from seven lofts competed, but owing to smoky weather the birds made a poor showing, only one bird getting home on the day of liberation. The bird was owned by F. Bossom, Shelbourne Street. A few birds arrived home Sunday morning. Mr. Bossom's bird flew the distance in 8 hours and 26 minutes.

FRAGMENTS SOCCER CLUB

To make final preparations for the coming season the Fragments from France Soccer Club will meet to-night at the Comrades of the Great War rooms, the meeting being called for 8 o'clock. Secretary J. Bloom is optimistic over the formation of a strong eleven, but is leaving nothing to chance. He sounds the rallying call for all soccer players, and those interested in the club to be present at the meeting to-night, and help to give the Fragments an auspicious start.

MIDWEEK SOCCER

Glasgow, Sept. 4.—(C. A. P.)—Midweek football games in Scotland resulted as follows:
 Dumbarton 2, Kilmarnock 2.
 Third Lanark 4, Falkirk 1.
 Clyde 2, Hamilton 2.
 Ayr United 1, Raith Rovers 1.
 Airdrie 1, Dundee 2.

EFFORT TO RESUME TENNIS TOURNEY TO-DAY

Forest Hills, N. Y., Sept. 4.—After two postponements, caused by rain, another effort was made to-day to bring together William T. Tilden, II, of Philadelphia, and Wm. M. Johnston, of California, in the final of the national lawn tennis championship tournament here. Two other titling events were the national junior final with Vincent Richards, of New York, and A. H. Chapin, Jr., of Springfield, Mass., and the veterans' final with Clarence Hobart, of New York, and Fred G. Anderson, of New York.

SECOND DEAD HEAT FOR JAMES BAY CLUB FOURS

Johnson's and Day's crews, striving for the club fours of the James Bay Athletic Association, again fought out over the harbor course to a dead-heat. At Saturday's regatta the two crews could not be separated, and again yesterday they reached the finishing point together, making a third row-off necessary. A further race, to decide the possession of the Flumerfelt Cup will take place to-night at 7 o'clock. Johnson's crew started out like winners last night, but at the C. P. Wharf Day's men showed they had a little in hand, and amid great excitement gradually reduced the slight lead and drew level just as the finishing point was reached.

Has Moved—J. Rose will leave the corner of Johnson and Douglas Streets for a new location for his jewelry and optician's store, on Government Street, in the premises formerly occupied by the Morris music store.

Tillicum Show—The Ward 7 Cottage Gardeners of Saanich will hold an agricultural show in the Tillicum School at half-past two on Saturday. The show will be opened by F. A. Pauline, M. P. P. Tea will be served by the Tillicum Women's Institute and all proceeds will go to the Victorian Order of Nurses. After the show the fruit and other produce will be auctioned and the proceeds will be given to the nurses.

Good Templars' Social—The members of Triumph Lodge, No. 16, Good Templars, met last night at the headquarters on Caledonia Avenue, for the purpose of electing delegates to the Grand Lodge to be held at Nanaimo on September 15.

London, Sept. 4.—The "Triple Alliance" of railway employees, transport workers and miners at a meeting here to-day decided to postpone consideration of the question of taking a ballot on direct action in support of their demands. The results will not be known until after the Trades Union Convention at Glasgow, to be held on September 8.

Victoria Woman's Liberal Association will meet second Monday, September 8th.

Tag Day Monday.—The chairman of the Victoria Branch of the Navy League of Canada desires to draw the attention of the Victoria public to the fact that the proceeds of the Flag Day to be held on Monday next, by this Branch, will be devoted to the maintenance of the Connaught Seamen's Institute and the Sailors' Club, Esquimalt, as well as to the equipment and maintenance of the Boys' Naval Brigade. All the money collected by this Branch is spent locally. All who have so kindly volunteered to help on Monday are reminded that drawing for stations will take place on Saturday, September 6, at 4 p.m., at the old Dorothy Tea Rooms, Pemberton Block.

May Fox-Farm Here.—Southern Vancouver Island is again attracting interest as a possible fox-farming district. A fox-farmer who has a ranch in Nova Scotia and has recently been experimenting with the Northern British Columbia climate with a view to extensive ranching there, is at present here and has been consulting with officials of the Victoria and Island Development Association, especially with regard to the climate. For successful fox farming, he explains, the climate must not be too damp, as excessive moisture spoils the sheen of the fur.

MAJOR ROBERTSON IS BACK FROM THE NORTH

Tour Undertaken to Explain the Work of the Returned Soldiers' Commission

Major F. A. Robertson, D.S.O., chairman of the Provincial Returned Soldiers' Commission, returned to his office at the Parliament Buildings this morning after a trip to Prince Rupert and the Grand Trunk Pacific Railway. He visited Prince George, Smithers, Telkwa, Hazelton, and held public meetings at each place for the purpose of explaining the work of the Commission.

Although the Commission has been in existence for a number of years now, Major Robertson said this morning that very few people appeared to realize the duties it has been discharging. He explained at each point visited that one of the chief aims of the Commission was to see to it that no cases of urgent need among returned soldiers or the dependents of fallen warriors went unattended.

It was a revelation to most of the people that the Commission had some time ago placed itself in a position to render financial assistance through a grant of the Legislature. While the various branch locals of the G.W.V.A. had worked harmoniously with the Commission, said Major, only a very few of the people had heard of it except by name.

COAL GOES UP 25 CENTS MORE The price of coal has gone up another 25c a ton.

At the end of August, it was announced by the coal dealers that the price would be advanced 50c a ton at the first of this month, that is, from \$10.75 to \$11.25. Now it is announced that coal will now be \$11.50 a ton in Victoria. Outside the city limits there is also an extra charge for delivery.

MR. DANIELS'S VISIT

Public Bodies to Co-operate in Welcome to U. S. Pacific Fleet.

Arrangements are under way for the reception to the Hon. Josephus Daniels, United States Secretary for the Navy; Rear-Admiral Rodman and the officers and men of the American Pacific Fleet who will arrive here next Thursday. President Cochrane, of the Canadian Club, who some time ago invited Mr. Daniels to address the Club, explains that the Provincial Government, the City Council and the local naval authorities, with himself on behalf of the Canadian Club, are co-operating in preparing to give the visitors a hearty welcome.

Lady Douglas Chapter.—Owing to the recent sad bereavement sustained by the regent, Mrs. R. B. McMicking, the usual monthly meeting of the Lady Douglas Chapter, I. O. D. E., will not be held on Tuesday next.

Two Famous Lacrosse Towns May Battle For the World's Title

Arrangements Under Way for Minto Cup Battles to Be Staged During New Westminster Fair Week

With New Westminster still in possession of the famous Minto Cup by virtue of another string of victories over Vancouver's representatives, and Cornwall with a vice-like grip on the championship of the National Lacrosse Union, it would seem that the two famous lacrosse towns of Canada are to battle again for world's honors, writes A. P. Garvey. Arrangements are already under way for a titanic series between the champions of the East and West to be staged during New Westminster Fair week, commencing the first of October, and the Minto Cup, that historic mug over which teams have battled for a couple of decades and which the westerners have held for over half that period, will again be the prize for which they will compete.

New Westminster holds the championship of the West, although the Nationals, of Vancouver, gave them about as close a call as they have experienced in many seasons, while Cornwall appears to have the eastern business well in hand. All of which means that the East will challenge the claims of the West to lacrosse honors in the annual classic which is to the Canadian sporting world what the world's baseball series is to fandom in Uncle Sam's domain.

Small But Enterprising. When one figures that New Westminster and Cornwall are small cities compared with others which they compete, it must be gratifying to the residents of those places to find their representatives roosting high on the lacrosse ladder. The big cities cut little figure when it comes down to playing the game. New Westminster has been supreme for so long in western lacrosse that an occasional Vancouver victory fails to stir much enthusiasm.

When it comes to their play-off for the Minto Cup fans of the West will see the premier lacrosse organizations in action, and unless the easterners have strengthened up since last they battled for the silverware, they will see the Shamrocks coming away with another championship. Easterners have not fared well in Minto Cup matches since the sunny days back in 1908 when the Royals invaded the East and brought the cup West. At that time the Shamrocks were leaders in the gutted stick world. From 1899 until the time they lost the cup the Irishmen had expressed the view that they played the game. The Royals of those days were also strong, much faster and a better balanced team than those of later years. In fact, we never hesitate to express the view that the old teams were much superior to the present day aggregations, and were unquestionably superior, although there are a few who may differ.

When the Shamrocks lost the cup to New Westminster it meant the toboggan for that great club. Season after season the Irish have gone back into the game, but they have never been able to gather together a team like that of the olden days when the Brennans, Howards, Hoobins, Hennesseys, O'Reillys, Curries, Kavanaghes, Smiths and McWilliams were in their prime. Even "Spike" Hennessey, of Vancouver, a graduate of the old Shamrock school admits that there was nothing that could touch the old Shamrocks two decades ago, and having played in the East and also in the West, Hennessey's opinion is worth something.

Practically invincible. Cornwall may be able to extend the Salmonbellies, but we doubt it. Playing on their own grounds against an eastern team the Royals are practically invincible. When they defeated the Tecumsehs in 1909 they defeated the best team that ever came out of the East on a cup hunting expedition. Two games were played between the teams that year and the Royals won both, 4-4 and 6-5, but they had to travel their fastest to turn the trick. Pickering, Griffith and Archie Adamson came.

LOOKING THINGS OVER

In view of the recent criticism of the Amateur Athletic Union of Canada at the meeting of the Victoria sportsmen, the following information of the situation in Alberta will be read with interest. The people of Alberta seem to have handled the matter in much the same manner as was suggested by several of those present at the Victoria meeting.

In May last there was a meeting of the Alberta Branch of the Amateur Athletic Union in Edmonton and we elected officers for the year. Calgary sport followers paid the expenses of Tom Boyd, President of the Dominion body, to attend a meeting in Calgary prior to our provincial gathering, and he told us at the time to go ahead and organize and pass any resolutions we desired, recommending that they be forwarded for consideration to the Dominion meeting, which would be held in the early part of June. We did as he instructed, but there was no meeting in June, as stated, and as a result this province has been carrying on under the constitution adopted at our reorganization gathering.

As far as Alberta is concerned we are out for a general 'whitewash' of the records of all athletes, and we made provisions at that time, that all athletes residing in Alberta on or before May 17, 1919, would be entitled to an amateur card, but any infraction of the amateur regulations from that date would not be tolerated, and that he would be suspended from the ranks. So far, these rules have worked out admirably. There is provision made for amateur teams and professional teams to put on exhibition games, but amateurs and pros are not allowed to mingle. Any athletes accepting cash prizes or any remuneration whatsoever for playing on a team are professionalized.

Alberta will send a delegate to the Dominion meeting in Ottawa and fight hard for the support of the resolutions already adopted. We have paved the way for the reorganization of the amateur sport and seeing that it has worked out, we expect that the rest of the Dominion will follow suit. The general whitewash is all that can possibly solve the problem in Canada, and the more support this province gets on the stand the better for the future of sport in general.

Somebody Out of Luck. Even his bomb-proof contract, guaranteeing him \$15,000 a week as an actor, Jack Dempsey is in a fix. The champion is scheduled to do his vaudeville turn in Chicago this week, but has no place to act. The Colonial was booked before the actors' strike, but the booking has been cancelled since the theatre was closed. The White Sox park is under consideration.

A dance orchestra that never gets tired.

Dance whenever you want; wherever you will; and as long as you desire—if you have a Victrola to furnish the music. The

SIXTEENTH VESSEL OF FRENCH FLEET AFLOAT

Wooden Steamship Acadie Successfully Consigned to Her Element Last Night at Point Ellice—Musical and Vocal Programme Feature of Ceremony

Decorated by a profusion of potted palms and geraniums, in addition to the usual display of flags and hunting, the launching platform lent a brilliant splash of color to the floating of the wooden steamship Acadie last night at Point Ellice.

Mrs. J. J. Haviside, jr., gracefully performed the duties of sponsor, when at a signal from her husband, head of the San Francisco firm of Haviside, Withers and Davis, the towering hull slipped away to the strains of the Marseillaise contributed by the Foundation Band.

The feature of the launching was the excellent programme of music furnished by the uniformed yard band and the Glee Club. Lou Turner excelled himself in directing the band and the Glee Club made a decided impression under the leadership of J. Findler.

The musical and vocal programme was roundly applauded by the platform guests led by Easy Hopkins, vice-president and Northwest manager of the Foundation Company, who, accompanied by Mrs. Hopkins, was present at the ceremony.

With his customary sunny frolic, Edw. E. Jenkins, assistant Northwest manager of the Foundation Company and directing head of the local plants, took full charge of the launching arrangements. Mrs. Jenkins was also present.

The invited guests of the sponsor were: Hon. John Hart and Mrs. Hart, Mayor and Mrs. Robert Porter, Mr. and Mrs. Bayly Hopkins, Mr. and Mrs. Edw. E. Jenkins, Mr. and Mrs. J. E. McCormick, A. O. P. Francis, Mr. and Mrs. W. G. Winterburn, Emile E. Triqueneux, G. Thomas, Frank Haviside, George H. Wayland, Mr. and Mrs. W. H. Hargrave, Mr. and Mrs. E. White, Frederick White, Major and Mrs. F. B. Edwards, Capt. and Mrs. H. C. Hansen, Mr. and Mrs. Chris Cholberg, Capt. and Mrs. A. Markussen, Capt. and Mrs. T. J. Jackman, Capt. W. J. Stephens, Harry Barnett and W. P. Collins, Lloyd's surveyor at Seattle.

The Acadie is the sixteenth ship of the French contract to be launched at the Foundation yards. Officially the keel was laid June 18, but construction work was not actively commenced until June 21. Excluding Sundays and Saturday half-holidays the hull was constructed in the fast time of fifty-three days. The next launching will take place on Thursday when the Quebec will slip into the water from the Point Hope yard. A world's construction record for this ship is practically assured.

Perfect Launching.

The launching of the Acadie went off without the semblance of a hitch at 6 o'clock, and the sponsor was heartily congratulated by the assembled guests. On behalf of the French Government and the Foundation Company, Edw. E. Jenkins presented Mrs. Haviside with a gold vanity case, on the face of which was inscribed "From the Acadie to her sponsor, September 3, 1919."

Checked nicely after she struck the water, the Acadie was smartly picked up by the waiting tugs and taken in tow to Ogden Point, where she was moored, alongside the other hulls to await her turn in the fitting-out basin.

Proposed Wage Scale for Shipyard Workers

San Francisco, Sept. 4.—The proposed wage scale for the 150,000 shipyard workers on the Pacific Coast, which increases journeymen from \$4.50 to \$7.50 and apprentices from \$4.15 to \$4.80 a day, will be accepted by an overwhelming vote according to an announcement by Mr. H. W. Burton, president of the San Francisco Iron Trades Council. All but one of the twenty-seven unions affiliated with the Council accepted the new offer, Burton announced.

The proposed agreement will become operative October 1.

Real Food Economy.

"Clark's" Pork and Beans provide strength-giving food at least possible cost.

They are delicious and the whole family enjoys them.

They are ready to heat and serve—no require no work and but little fuel.

Every bean in the "Clark" can is perfectly cooked and the Government legend guarantees absolute purity.

With Tomato, Chili or Plain Sauce.

VANCOUVER FIXED FOR BUENOS AYRES

Cholberg Schooner Building Here Chartered to Carry Cargo From Puget Sound

The schooner Vancouver, now being completed at the Cholberg Shipyard here to the order of Capt. H. C. Hansen, has been chartered by the Universal Shipping & Trading Company, of Seattle, to carry a cargo of poles from Puget Sound to Buenos Ayres. When the Vancouver is completed in October she will be dispatched to Everett, where she will load between 1,000,000 and 1,200,000 feet of poles. This material ranges in length from 40 to 60 feet and will probably be used for electrical and bridge construction work in Argentina. The cargo will be shipped on the lump sum charge basis. The Vancouver is the third of a fleet of 1,500-ton four-masted wooden schooners built here by the Cholberg Ship Company. The Gunn, the first vessel to be completed, is now on her maiden voyage to Europe, and the Washington is now outfitting here.

The schooner Washington has been chartered by Christiansen, Hanniffy & Weatherax, of San Francisco, to load a cargo of lumber at Grays Harbor for the United Kingdom. The rigging of the vessel is about complete, and it is expected that she will get away sometime next week. The date of the launching of the Vancouver has not yet been arranged.

HERLITTLE GIRL HAD DYSENTERY

Bowels Moved as Many as 25 Times a Day.

Dysentery manifests itself with varying degrees of intensity. In well marked cases the attack is commonly preceded by some amount of diarrhoea, which gradually increases in severity, and is accompanied with griping pains in the abdomen. The discharges from the bowels succeed each other with great frequency, and the matter passed from the bowels, which at first resembles those of ordinary diarrhoea, soon changes their character, becoming scanty, mucous or slimy, and subsequently mixed with, or consisting wholly of blood. Never neglect what at first appears to be a slight attack of diarrhoea or dysentery may set in.

Cure the first symptoms by the use of Dr. Fowler's Extract of Wild Strawberry.

Mrs. Jno. V. Tanton, R. No. 8, Watford, Ont., writes: "My daughter was taken down, two years ago, with dysentery, and I could find no help for her until I got a bottle of Dr. Fowler's Extract of Wild Strawberry. She was only two years old, and ate something different to what she was used to. She had as many as twenty-five movements a day, and mostly blood. We had the doctor several times, but no relief came. She was used to Dr. Fowler's. I would not be without it in the house for a good bit."

Be sure and get "Dr. Fowler's" when you ask for it. Price, 25c. a bottle; put up only by the Milburn Co., Limited, Toronto, Ont.

VANCOUVER HARBOR BUSY THIS MONTH

Vancouver, Sept. 4.—Deep sea shipping promises to make Vancouver harbor hum with industry this month, and the longshoremen are expecting much work. A total of from fourteen to seventeen big ships will be in to discharge and take cargo. In addition there will be many hundreds of Oriental and Australian passenger ships arrive and leave.

First of the incoming ships is the Tahiti, with nearly 5,000 tons of New Zealand cargo. She will be followed by the Shimpa Maru, the first Japanese ship to come here for many weeks. After her comes the Montague and Empress of Japan, of the C. P. R., and then the Princess. Other vessels expected are the Australian and New Zealand steamships Kaiwarra, Niagara, Kurov, Makura, Waihora. Then the Tyndareus, of the P. & O., the Melville, Dollar and the Empress of Russia. The sailing ship E. R. Strling is bound to Vancouver from Australia, the Laura Whalen may arrive, a sugar ship is expected from Peru and Frank Waterhouse & Company will load Japanese ship about September 15.

TEES GETS AWAY.

On her first trip in the C. P. R. service since being turned back by the Pacific Salvage Company, the steamer Tees left last night for the West Coast.

MANILA OUT SATURDAY.

The Japanese liner Manila Maru, of the Osaka Shosen Kaisha, will leave here on Saturday on her return trip to the Orient.

S. K. PLANS TO DEVELOP ITS PASSENGER BUSINESS

Japanese Company Said to Be Considering Construction of Tonnage With Greatly Increased Cabin Accommodation for Pacific Trade

Latest advices from Osaka indicate that the Osaka Shosen Kaisha is considering the development of its passenger service on the Pacific. The chairman of directors at a recent meeting of the O. S. K. directorate in Japan is said to have recommended this course, which, if followed out, would mean the construction of vessels of larger tonnage and fitted with greater and more elaborate passenger accommodation. No effort has yet been made by the Osaka Shosen Kaisha to compete with the Nippon Yusen Kaisha for the passenger traffic on the trans-Pacific route, the company heretofore having confined its operations principally to the development of freight business.

Space Now Limited.

All the ships of the O. S. K. fleet operating here from the Orient have a limited amount of cabin accommodation, but with the materialization of the present scheme the new ships would be more on a par with the splendidly equipped liners plying here under the N.Y.K. houseflag.

The O. S. K. fleet now operating between Hongkong, Yokohama, Victoria, Seattle and Tacoma consists of six ships, the 10,000-ton liners Africa Maru, Arabia Maru, Manila Maru, and the 6,000-ton liners Canada Maru, Mexico Maru and Chicago Maru.

Wider Sphere.

The Osaka Shosen Kaisha has now invaded the European field with a new fleet of large freighters, but in its efforts to secure a larger percentage of the passenger business, it is considered probable that the future will see large passenger boats running to London and other European ports as well as across the Pacific.

WELCOME FOR HINCK

A public meeting will be held in the Council Chamber, City Hall, on Friday at 4 o'clock for the purpose of deciding on a scheme of decoration of the city during the visit of the Prince of Wales, and to form committees to wait on business men and others with a view to have their premises suitably decorated for the occasion.

EMPRESS WILL SAIL TO-NIGHT FOR EAST

Entire Saloon Accommodation of C.P.O.S. Liner Has Been Sold Out

With all her accommodation sold out, the Canadian Pacific Ocean Services liner Empress of Asia, Capt. A. J. Halley, R.N.R., is due to get away from Vancouver at 3 o'clock this afternoon for Victoria on her outbound voyage to the Far East. The big three-stacker is expected to come alongside the Outer Docks at 9 o'clock to-night to embark local passengers. The Empress is taking out 250 passengers in the saloon, fifty second-class and 500 in the steerage. All the space on the liner was sold out several days ago. She will also take out a capacity cargo for Japanese and Chinese ports.

A distinguished party of Chinese will sail on the liner, including Dr. F. W. Kwong, head of the educational advisory committee of the peace delegation to Versailles. Another prominent Chinese leaving on the Asia is Wong Kwong, who is returning to China from Europe, where he has been studying the industrial and particularly the shipbuilding situation.

SHIPS ENGULFED IN CHILEAN GALE

Storm Raged For 72 Hours, Many Dead, and Damage Runs Into Millions

Seattle, Sept. 4.—Details of the great storm which swept nearly a thousand miles of the Chilean coast, causing losses to shipping and other property valued at millions of dollars, were received in Seattle to-day by the firm of W. R. Grace & Co. The storm was of hurricane intensity and lasted without a break for more than seventy-two hours, hurling shipping in the open roadsteads about like straw in a whirlpool. In Valparaiso always recognized as one of the world's most dangerous ports, and which the Chilean Government has been endeavoring to protect with costly fortifications, the loss of life and property were particularly heavy.

The steamship Cordillera was washed on the rocks and all of her crew lost. The bark Calbuco and the schooner Guaymas were among the vessels lost. The Grace steamship Santa Luise was in serious danger, but managed to ride through the storm safely.

Valparaiso Flooded.

A dispatch from Lima, Peru, said that the storm extended from Coquimbo to Valparaiso and that the damage was estimated at 150,000,000 pesos. The lower section of Valparaiso was flooded to nearly 200 feet. Virtually all of the lighters and small craft in the bay were either sunk or washed ashore. The storm caused the Mapocho River to overflow its banks, partly flooding Santiago.

There was serious damage to shipping in Iquique, where many buildings collapsed, causing heavy loss of life.

At Caleta Buena a tidal wave whipped up by the hurricane did serious damage. Much property loss was sustained in Antofagasta, where the storm was particularly severe.

Persons & Co., Ltd., the constructors of the Valparaiso port works, have lost about 1,000,000 pesos, according to the advices received in Lima.

One of the results of the storm will be to badly handicap trade in all Chilean ports for months, say dispatches from Valparaiso and Antofagasta.

JAPAN LEAVES HONGKONG.

The local offices of the C. P. R. will be to badly handicap trade in all Chilean ports for months, say dispatches from Valparaiso and Antofagasta.

WILL START MOVE TO SOLVE PRESENT INDUSTRIAL UNREST

Committee of Rotary Club Formed to Investigate Labor Problems

STRIKING ADDRESSES ON TO-DAY'S TROUBLES

Lengthy discussion at the Rotary Club luncheon to-day of the labor unrest prevailing in Canada culminated in the formation of a committee, headed by A. C. Flumerfelt, to investigate the reasons for the present industrial trouble as far as possible, start a national movement for their solution.

This plan was adopted after the Royal Canadian Mounted Police, on the present unrest by various members, each of whom spoke on certain phases of the speech recently delivered before the committee by Flumerfelt. The need of honesty as a national virtue and as an essential preliminary to co-operation was emphasized by James H. Beatty, who pointed out the advantages that team work would achieve for the community as a whole. It was necessary that Canadians grow more tolerant of the virtues of the past, and that the prosperity and happiness of the country meant their prosperity and happiness and that the failure or deterioration of the country meant their failure or deterioration. Dis-trust and Bolshevism, he thought, had been bred by such things as the recent-revealed wage-profits made by textile companies.

Clarence B. Deaville urged upon the meeting the necessity of work, not only as an individual duty, but as a national virtue. Work, he pointed out, was more than an essential to self-respect and satisfaction, it was a virtue demanded by the Mosaic Decalogue. If the people of Canada would concentrate all their energies into increased production, the national wealth, the national health and the national happiness would increase and there would be no time for labor troubles and continual controversies.

James Spending, Economy, and by that he did not mean the hoarding of money, was advocated by George McGregor, one of the speakers. He pointed out that the nation, Mr. McGregor asserted, was the insane desire on the part of everyone to spend as much money as possible in the hands of his neighbor. This idea, he felt, had been propagated by governments, whose reckless expenditures had encouraged the nation to spend more than it could afford.

There is no right of appeal on the taxation of a bill of costs under the Distress Act, according to a judgment handed down to-day by Judge Lammiman.

D. M. Gordon made a motion for a review by Judge Lammiman of the taxation of a bill of costs taxed by the Deputy Registrar. The costs were incurred by the sheriff acting as a bailiff under a landlord's warrant and by section 2 s. 3 of the Distress Act, Cap. 17, B.C. Statutes, 1913.

"Provision is made for the taxation by the registrar or deputy registrar of the county court," said the judge. "No provision is made for an appeal but it is argued that the judge of the county court has the power to review. I do not think so."

Mr. Gordon cited amongst other cases that of the Calgary and Edmonton Railway Company, vs. Saskatchewan Land and Homestead Company, but that was an action to recover costs.

"In the case before me I should think the matter could be raised by the applicant if the bill of costs or in an action by the applicant, if he were plaintiff seeking to recover. There is nothing in the case cited to indicate that the question could have been raised on appeal. The motion must be dismissed."

NO TRACE YET.

Port Angeles, Sept. 4.—No trace has been found at noon to-day of John Smith, a beach "squatter" wanted in connection with the murder of three fishermen.

INFLAMED GUMS—THE CAUSE OF TOOTH-BASE DECAY

Just as the strength of a building is dependent upon its foundations, so are healthy teeth dependent upon healthy gums.

Permit the gums to become inflamed or tender and you weaken the foundation of the teeth. This condition is called Pyorrhea (Riggs' Disease). Loosening of teeth is a direct result. And spongy, receding gums invite painful tooth-base decay. They act, too, as so many doorways for disease germs to enter the system—inflicting the joints or tonsils—or causing other ailments.

Pyorrhea (Riggs' Disease) attacks four out of five people who are over forty. And many under that age, also. Its first symptom is tender gums. So you should look to your gums! Use Forhan's, which positively prevents Pyorrhea if used in time and used conscientiously. It also scientifically cleans the teeth—keeps them white and clean. Brush your teeth with it.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

25c and 60c tubes. All Druggists.

BRITISH EMPIRE FOR THE BRITISH

The British Empire for the British," was the main theme of the stirring address given by Francis R. Jones, special commissioner to the Overseas Club and Patriotic League before a regrettably small audience in the Alexandra Club last night. Douglas B. McLaren, president of the local branch of the Overseas Club, was in the chair and supporting him on the platform were the Hon. John Hart, Minister of Finance, and Mayor R. J. Porter.

Welcoming British immigrants. Declaring that what was wanted to-day to make the Empire prosperous and help to allay the unrest following upon the war was to keep the British people within the British Empire, Mr. Jones appealed to the people of the Dominion to give a welcoming hand to Britishers coming out as settlers. "What you need in Canada is population. Population is wealth and means prosperity for the country. Give the British who come out here a welcome, and don't mete out to them the same treatment that you would give a Doukhobor or Jugo-Slav or other alien. We have sent more British people into the United States than are in Canada to-day. If they had stayed here you would have had a population in Canada of 30,000,000. By emigration to the States we are helping to build up their wealth instead of helping to build up the British Empire," continued the speaker.

Buy at Home. On the subject of trade, Mr. Jones urged Canadians to buy goods made at home first and as far as possible to keep their buying within the Empire. It was well, he declared, to sell Empire-made products to foreign countries but an economic mistake to buy from them, as by that method Britishers were putting wealth into the hands of the foreigner.

Of the proposed renewal, emanating from some quarters, of trade with Germany, Mr. Jones was scathing in his denunciation. "Are you prepared to buy goods made in Germany so that Germany may become prosperous? War has not changed the German. He is the same old German—a beast and a liar when war began, and a beast and a liar now. Why should we trouble if Germany is not able to pay the war indemnity? Why should we pay him a good dollar that he may return to poor France and Belgium a paltry five cents. Let Germany sweat it out of her own people like she ground it out of Belgium," was the speaker's trenchant remark.

Silken Thread of Sentiment. Declaring that it was sentiment which won the war, Mr. Jones compared the power of sentiment which sent men from all the corners of the world to fight for the Motherland to "silken thread which tightened up into a band of steel and choked the German Empire."

The Overseas Club which had its origin in a suggestion made by the late Cecil Rhodes to Earl Grey when the latter was Governor-General of Canada, a "link of sentiment" between the different parts of the Empire. Its membership numbered 185,000 and its pledge was "to maintain the heritage handed down to us by our fathers, in adhering to that pledge its members had come from every corner of the globe to fight in the cause of right. During the war the Club had raised \$5,000,000 for patriotic causes and among other activities had purchased and presented to the Imperial authorities a flotilla of 173 aeroplanes.

Need For Co-operation. The chaotic conditions following the world upheaval, Mr. Jones called for a close co-operation of the people of the British Empire. "We won the war by getting together and working together. Did our men fight that the world might be thrown into chaos? Now that the war is over there is a tendency to get back to mercenary attitudes that prevailed before the war, but we must face the new conditions and look the situation squarely in the face. Master and man, employer and employee, mistress and maid must each realize that there is another side to their question," said the speaker, who declared there was much work to be done by an organization as the Overseas Club in helping to allay the unrest.

More Production. Referring to the high cost of commodities, the Commissioner reminded his audience that one could not have short hours, high wages and low production without bankruptcy. The solution of the high cost of living was to produce more. "Have short hours and high wages if you like but you must speed up your production in those short hours if you want happiness and prosperity. We must cut out some of the things we used to think necessary until the balance of trade is resumed," he said in conclusion.

Hon. John Hart in proposing the vote of thanks to the speaker warmly commended the aims and objects of the Overseas Club in which sentiment he was echoed by Mayor Porter who seconded the motion.

HAS A CORN ANY ROOTS? Yes, and branches and stems as well. Can it be cured? Yes, by applying Putnam's Corn Extractor; it's painless, safe and invariably satisfactory. Insist on only Putnam's Extractor, 25c at all dealers.

Comrades Meet To-night—The visit of the Prince of Wales and the part the organization will take in the celebrations will be discussed at a meeting to be held to-morrow night in the club rooms. Other important matters are to come up for consideration.

DECIDE TO OPPOSE

HON. S. F. TOLMIE

Federated Labor Party to Choose Candidate For Coming Bye-Election

The Federated Labor Party is to oppose the Hon. S. F. Tolmie, Minister of Agriculture at Ottawa, when he appears before the Victoria constituency for re-election next month. It was decided at a meeting of that organization in the K. of P. Hall last night. Forty members of the Federated Party were present. The candidate will be chosen next Wednesday evening.

This action was taken by the meeting because of the failure of the Dominion Government to deal seriously with the high cost of living, profiteering and its refusal to grant bail to the Winnipeg strike leaders who were arrested and thrown into jail.

Members of the party are now working to secure the consent of some prominent labor representative to allow his name to go before the proposed nominating convention.

The Federated Labor Party was formed last January as a political labor party, both for organized and unorganized labor, following action taken by the B. C. Federation of Labor at Vancouver. It is quite distinct from the Trades and Labor Council. Its members, under President E. W. Ellis, have hopes of gaining representation in the Federal and Provincial Houses.

LABOR WILL SEND TELEGRAM OF PROTEST

Local Organization to Hold no "Holiday" For Winnipeg Leaders in Jail

Victoria Labor men are making a formal protest at Ottawa against the refusal of the Government to allow out on bail the labor leaders arrested during the Winnipeg strike trouble. This action is being taken following a telegram of protest sent to the defence committee presented to the Victoria Trades and Labor Council at its meeting last night, urging Victoria labor to hold meetings of protest next Sunday and make a "holiday" from all work on September 17.

Members at the meeting condemned the Government for its treatment of the arrested leaders, but decided that the local labor body could not do more than send a telegram of protest. A telegram of protest will be drafted by the president and secretary of the Council.

President Woodward told of the generous contributions sent from Victoria to the Winnipeg defence fund, in reply to criticisms that Victoria labor men were not showing enough interest in the welfare of the Winnipeg men.

President Woodward announced that a report in The Tribune which reflected unfavorably on the strike would be corrected. This report made Mr. Dakers say that perhaps the Federal Government had "reasons which warranted its refusal to allow the Winnipeg prisoners out."

When A. S. Wells, secretary of the B. C. Federation of Labor, and other labor leaders saw the report there was trouble for Mr. Dakers, all over a statement of which he was not guilty.

The machinists' local announced that it does not see fit to throw in its lot with the O. B. U. The Postal Workers, however, informed the Council they cannot decide on the question as they have not received from the Council the communication on the O. B. U.

The Carpenters and Joiners protested against the method by which President Woodward had been chosen to represent the Trades and Labor Council at the National Industrial conference at Ottawa. They declared that the choice should have been referred to the various locals. Mr. Woodward explained that he had been selected by the Trades Congress and when approved as the Council's representative to the Dominion Trades Congress at Hamilton, it was decided that he should go on to Ottawa strengthened by the endorsement of the Council.

The Ottawa conference was declared by one of the delegates to be merely a scheme of the Federal Government to get information to form a platform on which it could appeal to labor at the next election. Others protested against the method of hand-picking representatives to be taken to the conference.

The Council decided to renew for another year the lease on the K. of P. Hall. These committees named by the executive committee were approved: Organization, Messrs. Donachie, T. Dooley, F. Varney and G. Hulbrook; Legislative, Messrs. Woodward, Pike and C. Siverts.

INDIGESTION AND CONSTIPATION

MODERN FAGINS.

The question was asked recently, "Are there many Fagins in modern life?" The person addressed pointed to the sentence recently passed on a man for receiving property stolen by a boy of fifteen.

"There are a large number of men who attempt to train boys to be thieves," says one expert. "Unless they are very clever they are found out sooner or later. A boy may continue believing for months on end. Then he is suddenly caught because he forgets to be wary, and usually the whole story comes out."

"The pity of it is that the real offenders are so often not discovered until after the crimes have been going on for some time. It is then difficult to know what to do with the boys."

"It generally happens that such boys are afraid of their masters in evil; they are told that if they don't go on bringing small stolen articles dreadful things will happen to them, and out of sheer fright they do as they are told."

"To come under the influence of one of these modern Fagins is often the first step in a life of crime."—Tit-Bits.
