## LOCAL ITEMS.

**OSTERS—OYSTERS—OYSTERS.**—Fresh oysters arriving three times a week, at Hamilton's. Call and try them.

**THE MARKET.**—The market to-day was not very largely attended, and business was not very lively. The prices will be found on the first page where they will be found hereafter.

**THANKSGIVING.**—Union services for this town were held in the Methodist Church on Thanksgiving day. All the resident ministers and a large audience assembled and took part in the yearly Thanksgiving.

**BREAK DOWN.**—While going down the tenth line a few days since with a load of wheat, Mr. J. Reaman had the misfortune to break one of the axles of his waggon. Come up the tenth next time with your wheat Isaac.

**IMPORTANT.**—Mr. M. Jones, Secretary Treasurer of the Whitechurch Agricultural Society, will be at the TRIBUNE office, from three to five o'clock on Saturday afternoon, to pay any that may call, who are entitled to prize money.

**A MISTAKE.**—Last market day Mr. Geo. Lewis one of the buyers, bought a number of turkeys from a couple of strangers from Gwillimbury, after the deal a considerable shortage in weight was discovered by the buyer. After some trouble the sellers were found, but failed to make good the difference.

**SMALLPOX IN N. GWILLIMBURY.**—The authorities are doing everything in their power to prevent a spread of the epidemic in the northern townships. No new cases are reported from Es Gwillimbury or Georgina, but five new cases have been discovered in N. Gwillimbury. The whole infected district is under strict quarantine.

**HOUSES WANTED.**—The scarcity of dwelling houses is the subject of remark to such an extent as to lead one to wonder why more of our citizens with capital to invest, do not put it into buildings of this class. There is not a particle of doubt but tenants could soon be found for at least twenty houses this fall.

**REVIVAL SERVICES.**—The revival services are still being conducted in the Methodist Church here, by Rev. G. Brown, and his assistants. On Sunday evening the Rev. gentleman preached an eloquent sermon, to a crowded house, from the words "Quench not the Spirit." A deep interest was manifested by those present, and much good should result from these meetings.

**BUSINESS CHANGE.**—Messrs. Crosson Bros. have disposed of their business here to Mr. A. G. Brown. Mr. Brown is an old citizen, and from his knowledge of this business, and his general push, we predict for him a prosperous future. In the Messrs. Crosson Bros., our village loses two good citizens, and upright business men. Our best wishes along with those of their numerous friends go with them to their new home at West Toronto Junction.

**A GOOD IDEA.**—We commend to the serious consideration of our readers in general, and of business men in particular, the article of "Observer" in this week's TRIBUNE. The credit system is a nuisance to all concerned. Even those who ask and get credit, are injured by the system, and it would have been a blessing to many who are hopelessly in debt had they never been able to get "tick" for a dollar's worth. Printers, of all people, suffer from the pernicious custom, as many an editor can testify, who has waited patiently for his pay, and then has finally been obliged to take it out in pumpkins or cord wood. Money was invented for the express purpose of facilitating trade, let us then by all means help along any plan that may bring about the Cash System, and do away with the Credit System.

**GRINDING EXTRAORDINARY.**—Mr. Joseph Rauer, at his roller mill, Dixon's hill, recently ground ninety-five bushels of apples in three pressings, the whole operation occupying only 60 minutes.

**PROMOTION EXAMINATIONS.**—The promotion examinations in the Public Schools of South York were held on Friday 9th inst. More than 95 per cent. of the schools in the inspectorate now hold these examinations. Mr. McKay, principal of Markham Public School presided here, while Mr. Hand took charge of the examination in Mr. McKay's school. The results will be published as soon as the papers are all examined.

**AN OVERSIGHT.**—We learn that a number of our subscribers did not receive a Supplement along with their TRIBUNE last week. Any who are reading the story and who failed to get it last week can get a copy of last week's Supplement by calling at this office. Any of our village readers who have read the Supplement and who have no further use for it would confer a great favor if they would return them as we have only a small number of last week's edition left.

**PERSONALS.**  
Miss Gregory, of Aurora, is visiting at Mr. Brimson's.  
Mrs. Boyair, of King, is visiting her son Mr. Wm. Boyair.  
Mrs. Robert Gibney is suffering from inflammation of the lungs.  
Mr. B. S. Crosson, of West Toronto Junction, spent Sunday in Town.  
Mr. Jobbit, of York, paid his old friends here a flying visit on Saturday.  
We regret to hear of the dangerous illness of Mrs. C. Cuning of Markham, daughter of Mrs. L. J. Law of this town.  
Mr. Thos. Rhodes who has been in the employ of Mr. A. Thoman, the east end blacksmith, has gone to West Toronto Junction.  
Mr. A. Fleury and John Bartholomew, of this place are away in the north country on their annual sporting trip. We wish them success.  
The Messrs. Perkins who left here about a year ago, and took up their residence in Toronto, have returned to Stouffville. We are pleased to extend the hand of welcome to them.  
Mr. T. H. Jamieson, of the University Medical College, has been spending a week at home. He brought with him from Toronto a pet, and it is so tame that he finds it always on hand, like a sore thumb.  
RETURNED.—Geo. Flint, Esq., sr., and his good lady arrived safely at home on Monday last, after a visit of a few months to his native land, England. Mr. Flint reports a very pleasant ocean passage both going and returning. He states that while his visit was all that he could desire, he has no intention of leaving Canada and taking up his abode in England. Canada, he thinks, is quite good enough for him.  
Miss Davenport, who has been residing in Stouffville nearly two years and a half left for Quebec Tuesday morning, whence she sails by Allan Line steamer "Parisian" for the old country. In the Methodist Church Monday night Rev. Mr. Brown mentioned Miss Davenport's approaching departure, and asked the prayers of the members for her on her journey to her native land.  
Mrs. Hancock accompanied her niece Miss Davenport as far as Toronto, returning Wednesday night.

**THINGS PEOPLE ARE SAYING.**  
That we are to have three weddings in town this week.  
That U and W and D should have a special tax levied upon them for wearing out the east end sidewalks.  
That W's store looks very much improved since his interior changes.  
That the council should arrange to have the nominations for next year held in the evening.  
That it would be a wise move to circulate a petition for better street lamps, and thereby move the council into action in the matter.  
That those who set up half the night waiting for news of the Presidential election didn't get the worth of their money.  
That the roads in and about Stouffville are in a shocking condition, and that steps ought to be taken as speedily as possible to remedy the evil.  
That Todd & Co. will have as handsome a block of buildings as any in the village when they are completed.  
That everybody in Stouffville and vicinity ought to take the TRIBUNE from now till the end of next year. Price \$1.  
—On account of the inability of the Metropolitan Police to get any clue to the perpetrator of the atrocious murders in Whitechapel and vicinity, Sir Charles Warren, Chief of the Force, has resigned.  
A BADLY LOST MAN.—A worthy the defaulting city Treasurer of Cleveland, O. is said by some to have gone to Spain, while others maintain he is in Montreal. Wherever he is hiding he has certainly succeeded in covering his tracks very effectually.  
THE LONDON HORROR.—The fiend who's ghostly pranks is creating almost a reign of terror among a certain class in London, has just added the ninth victim to his list. On a wall near where a body was found, were discovered the words "Twenty before I surrender." The probabilities are that the monster will complete the list before he is detected.  
A TERRIBLE mining disaster, involving the loss of many lives, occurred last Friday evening in a mine at Pittsburg, Kansas, at the time of the explosion, 16 men were known to be in the mine of whom twenty-five are killed. The scene at the pit's mouth as the bodies were brought out is described as heart rending. A large number of the killed are French and Italians.  
There are so many cough medicines in the market, that it is sometimes difficult to tell which to buy; but if we had a cough, a cold or any affliction of the throat or lungs, we would try Bickel's Anti-Consumptive Syrup. Those who have used it think it is far ahead of all other preparations recommended for such complaints. The little folks like it as it is as pleasant as syrup.  
THE EDITOR'S WOOD.—The following appeal for wood, from the Arthur Enterprise, is the most affecting thing we have seen for some time:—Those who have wood to shed prepare to shed it now, particularly those who last winter promised us wood by subscription and forgot to deliver it. The harvest is over, the summer is past, the roads are good and still we are without wood. Would you bring us some wood—wooden wood?  
"Now Gus," said a boy to his playmate, "we've got this dog in partnership, and half belongs to each of us. We'll call one end mine, and one end yours, and you can have just which end you like."  
"All right," replied Gus. "You can have the front end (persuasively,) with the eyes and the ears and the mouth and the collar and the teeth, or the rear end, with just the tail."  
"I'll take the front end."  
"All right, you will have to feed him, then."

**GRINDING EXTRAORDINARY.**—Mr. Joseph Rauer, at his roller mill, Dixon's hill, recently ground ninety-five bushels of apples in three pressings, the whole operation occupying only 60 minutes.
