Matching Gifts Program Guidelines

Purpose

The purpose of the Verisk Matching Gifts Program is to encourage support of certain non-profit educational or charitable organizations by magnifying personal gifts by employees, directors and retirees.

Who is eligible to participate?

Full-time and part-time active Verisk employees, directors and retirees, and their spouses and domestic partners are eligible to participate in the matching gifts program

Eligible Institutions

Eligible organizations must be located in the United States or one of its possessions and be recognized as tax-exempt, non-profit educational or charitable organizations as defined under Section 501(c)(3) of the U.S. Internal Revenue Code. In addition, an eligible educational organization must be a secondary school, degree-granting two- or four-year private or public college or university, graduate school, or law, medical or dental school accredited by a recognized accrediting association.

What is an eligible gift?

Gifts must be actual contributions (not pledges), paid by check, cash, credit card or publicly traded securities (valued at the closing price on the day the gift is made) from personal funds. The minimum gift under the program is \$50. The annual limit (which may be comprised of one or more gifts) for active employees and directors is \$5,000*; for retirees, \$2,500*.

*Donations made by a spouse/domestic partner AND an employee /director/retiree cannot exceed the noted maximums combined.

What gifts are ineligible?

The following gifts are not eligible for matching under the program:

Gifts which afford the contributor a personal benefit in return for the donation.

- In-kind gifts, life income trusts, or real estate.
- Indirect contributions to eligible non-profit organizations (tuition, student fees and loans, dues, insurance premium payments, etc.)
- Gifts for religious organizations, unless the specific program is nondenominational in nature and benefits a broad range of the community (e.g., soup kitchen, homeless shelter).

How much of an eligible participant's gift is matched?

Eligible gifts will be matched up to 100% if the annual program budget allows. If overall participant demand exceeds the budget, prorated adjustments in the matching amounts awarded to eligible organizations will be made. For example, if eligible gifts in a given year exceed the program budget by 25%, the gifts will be matched at 75% that year.

When are matching gifts paid?

Matching gift checks are sent out annually after year-end.

Eligible gifts received and confirmed by November 16, 2012 will be sent out early in the new year.

Eligible gifts received and confirmed **after November 16, 2012** will be included in the next year's matching gifts program.

How may I participate?

You may participate by filling out a **Verisk Analytics Matching Gifts request form** and sending it to the eligible institution of your choice for return to:
