

Poop patrol

- A new venture being tested out on EN Wiki, a vandal fighting backstop and quality improvement program.

Poop patrol

- How does it work?
- Easily confused words
- Vandal fighting backstop
- Serious abuse detection

How does it work?

- Bot searches for articles containing a word or phrase.
 - Ignores pages on a safe page list
 - Ignores word or phrase if in a safe phrase
 - Any editor can add a safe page, safe phrase or whole query
 - Up to 50 articles listed each week per query
-
-

Easily confused words

- Whirred Spellcheckers cant fined
 - Not just cosmetic errors, many of our users read
EN wiki via translation software
 - Preform – Perform
 - Planing - Planning
 - Posses – Possess / Poses
 - These are just typos – no need to check who made the mistake
 - Safe page and safe phrase entries can both be judgement calls, no need to verify.
-
-

Poop patrol

- Poop vandalism, not everything gets picked up by recent changes
 - Usually these are vandalism, so history and other edits need checking.
 - Poop
 - Pubic (especially pubic schools)
 - Safe pages may need to be verified
 - Safe phrases entries can both be judgement calls, no need to verify.
 - Poop is in over 700 EN Wiki articles
-
-

Serious abuse

- Some words should only be used when sourced.
- Can be vandalism, so history and other edits need checking.
- Examples:
 - Faggot
 - Douchebag
- Safe pages need to be verified
- Safe phrases are probably not a good idea.
