Agenda discussion

- The final materials that are going to be used to make the car were discussed. MDF will be used for the final body. The wheels will be in Plexiglas. The only thing we didn't know was the fixation of the solar panel.
- The purchase of the gears was discussed and approved by everyone. We chose to buy gears in metal for the robustness and to avoid errors (minimize losses).
- Brent made a doodle to make sure everyone can work in the vacation on the car.

Time Check

We're back on schedule.

Future Meeting:

Next meeting will be 22 april at 14 pm in room 11.02.
